CUSTOMER OR DEPOSITOR?

EVERY PERSON who does business with The Trent State Bank is a customer and is accorded a cheerful, helpful service at all times.

In according accommodation to every customer, we regard it as a privilege rather than a mere duty or favor. We believe in business being conducted on a friendly basis—certainly the business of banking, where so many seek helpful counsel in the conduct of their monetary affairs.

Perhaps that is one of the principal reasons for the success of this bank. It is one of the reasons why we would like the opportunity of explaining our service at greater length to you. Drop in some time and ask us about it.

R. C. Davis, one of the prosperous young farmers of the Rock Springs community, called Tuesday and ordered his name enrolled as a regular reader of his county paper. However, he has been an Eagle reader all of his life, but since he has left the parental roof for a home of his own he finds it necessary to enter his name.

Many of the careful students of political economy, and those who are actuated by motives which seek the greatest good to the public are strenuously opposing the amendment to be voted on next Tuesday allowing the issuance of seventy-five million dollars in bonds, realizing that the funds thus raised are not matured, and that a great part of the money will be used as the present road funds are used. Every plan submitted in the name of "good roads" is not necessarily meritorious. Everybody favors good roads, but the Eagle believes this monster bond issue is one good way to defeat good roads.

One of the latest outrages by the Mexicans in Mexico, if not in fact the Mexican government, was the capture of American Consular Agent Jenkins, who was held for a ransom of \$150,000. It has also been discovered or rather proved that the Mexicans murdered two aviators who lost their way on the California coast and landed by mistake in Lower California. There must be a good reason for our government allowing all of these outrages, now that the European war is over and the country is in position to give prompt attention and swift punishment to the outlaws of the tarantular breeding republic, but the uninformed laity—must be content with the knowledge that there is a good reason for our government's action, else some very drastic measures would be adopted.

MOLINE NEWS

(By E. M. A.)
 Editor Eagle:
 We are all too busy at work to write or do anything else but work. The rainy weather is bad on the cotton. The ground don't much more than get dry enough for us to work until the rain comes again.

Threshers are still running. Some of the farmers around here have not yet threshed their grain. If they don't get it threshed soon they will have to move it off the ground so they can break the stubble for another crop.

Hands are scarce now, as there is so much work to do—cotton to pick, corn to be gathered, stubble to be broke. Cotton picking is \$2.25 per 100 now, so Mr. Editor ought to come out and try his hand at picking.

Joe Fox and Talbert Patterson attended the Dallas fair as representatives of our community, having been elected by our Agricultural club to go.

Glad to report little J. C. Adams much improved, after a sick spell.

A little boy arrived at the home of Mr. and Mrs. Dolph Carrigan on the 8th and will make his home there.

The Moline gin is running, which makes it much more convenient for our farmers than to haul their cotton elsewhere for ginning.

Our school will open sometime in November and there will be a lot of glad hearts.

Sunday school is getting along well, notwithstanding the continued rains, and bad weather.

THE BIG DRIVE

Revs. Darby and Bynum and Mr. Kemper visited Lower Big Valley Sunday, in the interest of the seventy-five million drive and report finding the people down there enthusiastic in favor of the drive.

Elder W. M. Speck and wife visited relatives at Bend this week.

A. T. Sellers of Big Valley was one of the good men who transacted business in the big town Monday.

G. B. Stark of Richland Springs was a passenger on Monday morning's train en route home from a visit to relatives at Brownwood.

Joe Cherkas of Sealy came up the early part of the week to visit his nephew, Louis Etman and look after business conditions.

Rev. W. G. Callihan and family left Monday for their new home at Runge, carrying with them the good wishes of a host of friends in this city and county.

Mrs. M. A. Bridgforth returned Monday morning from Forest City, Ark., where she had been to meet her son who had just returned from France.

Rev. R. W. Bynum, the newly selected missionary for Mills County Baptist association, has accepted the work and enters upon his duties with enthusiasm. He was a pleasant caller at the Eagle office Monday and informed us that the Ladies Aid Society of Priddy had pledged \$100 in the seventy-five million campaign and had already raised \$75 of it.

Rev. J. T. Weems, pastor of the Methodist church of Mullin, filled the pulpit in the Methodist church here Sunday night and after preaching an excellent sermon laid the matter of Mullin's needs for a new Methodist church building before the congregation, but took no collection at this time. It will be remembered that the Mullin church was destroyed by a cyclone in the spring and it is the purpose of the congregation at that place to build a modern house of worship that will be large enough for a long time to come. The new building will cost \$8000 or more.

TEXAS GAME LAWS

The following information regarding the various dates on hunting and killing game include the latest enactments of the Texas Legislature.

Deer may be killed from Nov. 1 to Dec. 31, the limit being 3 for the season. The hunter may kill either bucks or does, but only three in all.

The open season for quail is Dec. 1 to Jan. 31, with a limit of 15 birds. The limit on doves is also 15 and these may be killed from Sept. 1 to Dec. 15.

The open season for wild turkey gobblers has been changed from December and January to March and April and only three gobblers may be killed. There is no open season for turkey hens.

Ducks, geese and brants may be killed from Oct. 16 to Dec. 15. Not more than 8 geese or 8 brants can be killed in a day and 15 plover, and the limit on duck and shore birds is 25 in one day. In other words, if you have bagged the limit on quail or dove, you can only kill waterfowl up to the limit of 25, or only 10 more than you have already taken.

No license is required for hunting in one's own county and out side the county of residence you must pay a license of \$2. This is issued by the county clerk, game commissioner or his deputy. Non-residents of the state must pay a license of \$15.

Possession of all game permitted during open season and for ten days thereafter is allowed by law, but sale of all protected game is absolutely prohibited.

Shipping of all game is prohibited, except non-resident license may ship game to his own home for own use under affidavit that it was lawfully killed and will not be bartered or sold, provided that not more than two days' limit of migratory birds may be shipped in any one calendar week.

HALLOWE'EN PARTY

On Thursday evening the members of the Wesley Workers class of the Methodist Sunday School were entertained by the teacher of the class, Mrs. W. H. Trent, at her pretty new home.

Upon arrival the guests were ushered into the dining room, where delicious pineapple punch was served from a punch bowl made from a huge pumpkin and surrounded by chrysanthemums.

A pin contest caused much merriment until all the guests had arrived, after which tables were placed and dainty score cards passed for the game of progressive "Jenkins".

During the game the refreshing punch was again served.

As the game drew to a close a knock was heard at the door and when answered there stood a gypsy proclaiming "Fortunes, Fortunes." Of course every one was anxious to have their fortune told by a gypsy on Hallowe'en Eve. After the fortunes had all been told the gypsy left saying the sound of "wedding bells" was deafening her.

Delectable ice cream and cake were served by the hostess assisted by Mesdames Gillespie and Thompson.

A most pleasant evening was spent and the members of the class highly appreciated the courtesy shown them by their teacher and hope to have the pleasure of meeting in her home again soon. A MEMBER.

CENSUS ENUMERATORS

The U. S. Census will be taken next January and any one desiring to become an enumerator for this county should make application to Mr. A. W. Sledge, Ballinger, Texas, at once for appointment. Any one desiring information relative to the work may communicate with Mr. Sledge direct or the application blanks and information sheets can be secured at my office.

CENTER CITY

Editor Eagle:

Mrs. Charley Evans spent Tuesday afternoon with Mrs. Joe Langford.

Misses Mollye and Iva McMullan are spending the week in the Colorado river section.

Ben Johnson and family returned Tuesday from Santa Anna, where he has been at work.

Bro. Watson of western Texas preached here Sunday morning.

T. A. Gardner and family are moving to Lometa this week.

Grover Dixon and Alton Northcutt of the Plainview community gathered pecans in this section Wednesday.

Joe Langford left last week for Marlin Wells for the benefit of his health. Hope he will improve while there.

Mr. Dave Morris of Mullin was a pleasant visitor in this community last Saturday and Sunday.

Rev. J. T. Weems of Mullin announces that he will preach here Sunday morning at 11:00 o'clock and at Star in the afternoon.

MRS. NOBLE DEAD

The sad news of the death of Mrs. Elton Noble, nee Vallie Applewhite, reached Goldthwaite Wednesday and was a distressing shock to her host of friends here. Her home was in San Saba and she was visiting her sister, Mrs. Peak, in Lampasas when her death came suddenly, as a result of an attack of asthma, according to information received in this city.

Mrs. Noble was a daughter of Mr. and Mrs. J. B. Applewhite of Mullin and was reared in Goldthwaite and no more popular young lady ever lived here and no death could have caused more universal regret among her friends. She leaves a husband and small son, besides her parents, two brothers, two sisters and other relatives who have the sympathy of all who knew her and have learned of her death.

Dolls! We will have them.---Racket Store.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Belgium.

Hunger, disease and exposure were not all that Belgian children were subjected to, for enemy shells constantly dropped into what little of their country the invader did not hold. In this picture Red Cross nurses are seen taking some of the fifty babies from the American Red Cross nursery at La Panne into a bomb-proof structure as the Germans opened fire from the sea.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In the Arctic Circle.

Wherever American soldiers went during the war and after, there also went the American Red Cross. This policy carried Red Cross workers to far corners of the globe and here they are seen near the rim of everlasting ice and snow in North Russia. Automobiles were used whenever possible but on many journeys the reindeer pictured here proved most effective.

A NASTY COLD

EASED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

Wanted—100 hats to clean and reblock.—Stephens & Walker.

Rev. T. A. Lampton and wife arrived from Arkansas Sunday morning and are now comfortably domiciled in the Presbyterian manse.

Posted—My pasture, known as the Gatlin land in Rock Springs community, is posted against pecan threshing and other depredation. This applies to all.—Andy Weston.

We are expecting a bunch of prospectors from Eastland and Stephens counties to arrive here next any day. List your land with us if you want to sell.—Charles-McClellan-Abstract Co.

Regulate the bowels when they fail to move properly. Herbine is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Sold by R. E. Clements. (adv)

For Sale—A 16-acre tract, with house, well, windmill and 60-bbl. tank, located within two blocks of Goldthwaite High school. Price \$2,500.00, \$1,500.00 cash, balance terms. Address—N. S. Edens, 133 Third St., Port Arthur, Texas. (adv)

There are so many drives and campaigns inaugurated these days that the public will have to look carefully into the merits of each cause before giving it endorsement or financial assistance. The plan, which was worked successfully and properly during the war for the Red Cross and other deserving causes has deteriorated into a money-grabbing plan and it has actually gotten to be a profession with many to promote these "drives" for a per cent of the proceeds.

CLUB RECEPTION

One of the most delightful occasions of the season was an entertainment given at the home of Mrs. Will H. Trent Friday afternoon by the Merry Wives, honoring Mrs. W. G. Callihan, who was to leave in a few days for her new home at Runge, Texas.

The home environment was beautiful amid ferns and cut flowers. The main diversion of the afternoon was the usual game of "42", in which Mrs. L. E. Miller scored high.

A unique and beautiful hand-painted book containing the club creed, the names and kodak pictures of the club members and kodak pictures of the most prominent buildings of Goldthwaite was a special gift to the honoree, Mrs. W. G. Callihan. On the first cover of the book was painted the club flower, the sunflower, which was apparently pinned on with the club pin.

After delicious refreshments, consisting of cake and cream, were served the climax of the afternoon's entertainment and pleasure was reached in the beautiful music rendered by Mrs. Trent on her lovely new Edison.

Those present besides the club members were Mesdames R. M. Thompson, J. M. Arnold and the honoree, Mrs. W. G. Callihan.

Mrs. Eli Fairman announces a meeting of the Cemetery Association in the rest room of the court house Monday afternoon at 4:30 o'clock.

J. M. Hancock, who has made his home at Drumright, Okla., for some time, visited relatives in the Payne community for a few days, en route to Brundage.

H. D. Barrow was summoned to Ozan, Ark., Monday night by a message announcing the serious condition of his brother, who was injured in a railroad accident some days ago. His brother was en route to Goldthwaite and had reached Clarksville when the accident occurred. He came on as far as Fort Worth, but his condition became so serious he returned home.

Hugh McCullough left this week for Sipe Springs to take the management of a large lumber business for Barnes & McCullough, which is being installed there. Mrs. McCullough will remain here a few days with relatives, while he is getting the home in order. These young folks have many good friends here who regret their departure, but wish for them happiness and unlimited prosperity.

Any Texan who wants more rain at present is a water hog. He ought to be ducked in a goose pond. Still, a drouth lasting until next April would become unpopular before February. What we all want is not too much rain, nor yet too little. There ought to be some way whereby the weather could be controlled. It isn't right that farmers, and all of us depending on them, should be subjected to the tyrannies of the weather. It isn't right for the weather to act like a capitalist—oppressing those whose arms are short. It seems unjust that the sun should shine in one State and frown on another. Aren't we all brethren? If Old Sol continues to decline to share with us the management of the weather, why shouldn't we unite to overthrow him? Why shouldn't we promulgate weather rules of our own, with a view to bettering our working conditions, and if Old Sol doesn't want to join us in joint management, hit him on the nose!—Dallas News.

**You Can Buy Cheap Merchandise From Us, But---
We Prefer to Sell you Better Goods and Give you Your Money's Worth**

CHEAP merchandise is made for people who can not or will not pay more, who are forced to get or are getting along the best or cheapest way they can. The people who buy merchandise in this way invariably pay out more in the end by having paid

less in the beginning. The real value of an article is not in the price you pay, but in the use you get. Today the true value of things is based on the services rendered and not on the price paid.

THE MORAL IS: We sell high-

HIGH COST OF LIVING

Editor Eagle:

There is now no question more prominent before the people than the high cost of living.

Our national congress has taken the matter in hand, trying to properly adjust it and it becomes the duty of every loyal citizen to help correct these evils wherever found. Legitimate profits should be allowed to every laudable calling or profession.

We have often thought of a custom that exists in our towns. It is this: Our grocery stores generally have delivery wagons or cars. City customers order daily supplies over the phone. The order is taken down, charged and delivered. Their country customers come in, call for the goods, pay the spot cash and take them out. The merchant claims that delivery costs him 10 per cent of his profits, yet the price to the country customer is the same as to the city customer, whose goods cost 10 per cent of the profits to deliver. Answer the question: Is this right? You will see clearly that the merchant is making the farmer help to pay for delivering the goods to his city trade. We are not antagonizing the city customers. They have a right to the custom, while the question comes squarely to you: Is it right? Is the farm getting justice or not? Answer the question.

We claim that agricultural prosperity is the basis of all other callings or professions. And if its interests suffer all other interests suffer and if its interests are building up all other interests are enhanced.

The agricultural family is the largest class of American citizens. They are a laboring class. Capital can only be created by labor. All creatures should be subservient to their creators. Hence labor has the right to say to capital that we are your creators and that we will not yield ourselves as subject slaves to your tyrannical dictates or oppressive exactions. The laboring man or woman makes all and pays for all and he should control all instead of being controlled by all. We are glad to see such a grand man as Frank P. Holland of Farm and Ranch and hundreds of others coming boldly to the rescue of the laboring man. Capital rule has exploded. The rule of labor and rule of the creator is coming because it is right.

CARD OF THANKS

Mr. S. T. Weathers and family desire the Eagle to express to their neighbors and other friends their sincere and heartfelt thanks for the careful and kind attention given his daughter, Miss Ruth, during her illness and the sympathetic assistance given the family after her death. The kindness of the Mills county people in time of trouble can not be surpassed and this family feels that no words of thanks can convey the deep feeling of gratitude they have for the thoughtfulness and care bestowed upon them in their time of dark and overshadowing sorrow.

CLUB MEETING

Mrs. C. M. Bureh, assisted by Mrs. J. M. Arnold, received the Merry Wives on Thursday of last week.

"42" was the diversion of the afternoon and Mrs. J. A. Gillespie scored high.

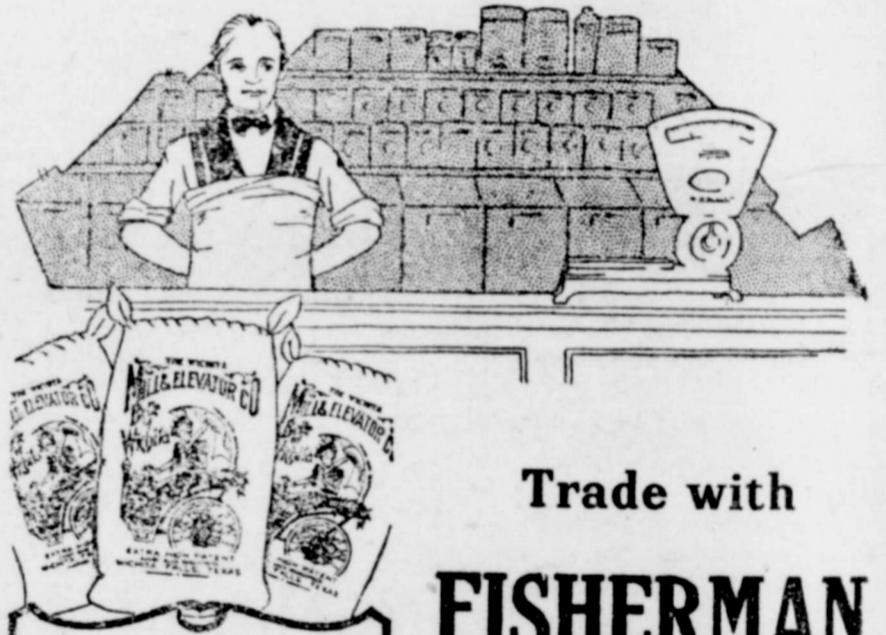

After refreshments were served the club went kodaking preparatory to making a book, later to be presented to Mrs. W. G. Callihan.

Despite the bad weather there was a full attendance and all bade their president good-bye declaring they had spent a delightful afternoon. REPORTER.

STAR SIFTINGS

By Our Regular Correspondent.

Persistent precipitation probably permeating predial presents provokingly prevents pleasurable perambulation and "Tucke Boley" Smith, one of the best mail drivers alive, (to our knowledge), says if you want to have a "female night horse" during your slumbers just drive his mail route a day or two.

Charming Miss Irene McDonald is the guest of Miss Katherine Barney, also meeting some of her childhood friends. She will leave Sunday for Comanche, where she will teach school this coming term.

It is up to the school board or some inventor to get rid of a full colony of bees that have pre-empted the school house entrance for a 1920 domicile.

Mrs. Luther Garrett of Moline, who went to Temple and underwent two surgical operations, will soon return home. This is most pleasing to her many friends and everybody.

J. H. Goodnight, not to be outdone by tender hands and tough task appendages of his wet corn, conceived an idea that he could deliver it—No report on how the deliverer worked.

Mr. and Mrs. W. V. McGilvray's little girl, who was operated on to reunite some finger muscles and nerves that were severed by a broken bottle, will regain the use of her fingers. This was a delicate and tedious operation, requiring about an hour to perform. Another score for Star's good doctors, good school, good people and goodness knows what all.

We are glad to have Mr. J. W. Bradley with us again. He is not being so well.

Dr. Snodgrass came very busy making a success of a sick spell last week—bad cold on the gripe order.

Mrs. Barton Henry (nee "Flo" Hamilton) is recovering from a serious attack of fever.

At the special meeting of the telephone subscribers the service rates were increased to seventy cents per month and the salary for the exchange operator was most creditably increased also. The following directors were elected: O. N. Hamilton, president; Frank Sheldon, pole climber; W. V. McGilvray, trouble shooter and Frank Soules, trouble shooter.

With the enormous yield of pecans it appears that the harvesters uniting to advertise and parcel post sell some of our pecans would be a Good Samaritan act and give thousands of people a chance to enjoy these fine nuts at a reasonable price. The proposition can be made a success.

A near riot was caused in the Star Cash Store Saturday by somebody foolishly asking aloud, "Do you want this pound of butter?" No one hurt but the butter.

If the bad weather had delayed itself a month or so a guess as to bank deposits would be out of

the question almost. Deposits for the Star State Bank last week were \$93,000.00. A sign of small debts and general prosperity.

We have forgotten for the third time to say that we appreciate the visits of C. C. Bufkin, one of McGirk's esteemed and progressive farmers.

Six or seven days of "banked up" second and third class mail came in Monday from Goldthwaite and gave Miss Frances Brooking a metropolitan taste of postmastering that caused her to exclaim, "Whoo-ee!" with the proper accent.

Mrs. Zula Livingston has accepted and is the efficient and pleasing bookkeeper at the Star Cash Store.

Bradley Lee of Plainview was a visitor last week with an inclination, we believe, to make this his home.

Joe Peck was a business tripper to Dallas and failed to report it. Jim Witty is fretting over the weather because of that new tractor. The right step in the right direction.

Grandpa Rossen and Mrs. Will Rossen came over from Shive Saturday. Speed limit two and one-half miles per hour.

"Prof." Huekaby Kinehloe, McGirk, should not make it so long between visits—business visitor Saturday.

Fredda and May Baker brought their papa Fred to town Monday and had a fine time greeting their little friends.

Clyde Reister of Cottonwood does show up occasionally to show us he is still alive and well.

Miss Lola Henry's illness is causing uneasiness to family and friends. She has been sick for about fifteen days—serious attack of tonsillitis with complications of possibly pneumonia and typhoid. With the best of medical attention and a trained nurse from Brownwood, we hope for her early recovery.

Mr. Higgins' family on lower Bennett, also a child of Mr. John Ising, are reported on the sick list—doing nicely.

Herbert Waddill, Clyde Manning and Tull Wright tell it on each other that the enormous onion crop caused them to return home from a cotton picking cruise to Williamson county. New excuse.

Mrs. Frank Gummelt, another of Star's good teachers, has secured the school at Lookout.

A few pecan trees of the farm of Wales Sheldon have been marketed and inflated his bank account nearly two hundred dollars.

A standing vote gives undivided honors to Archie Adams and Lloyd Waddill as the champion broncho riders.—(mud every where) they had to stay on.

Luther Teague and little daughter Bulah, are recovering from a siege of the gripe.

Dorris Cook of Moline was a trader Saturday finding well selected stocks of merchandise.

S. N. Childre has returned from a visit with his daughter Mrs. D. M. Simpson in Hamilton County and we wonder how he got home.

Rev. W. A. Allen of Frankston has been appointed the local minister for the Methodist church and will move here at an early date.

William Johnson has purchased from Riley Lee fifty two head of steers and will pasture them.

Prof. Ira Neighbors secured the Fairview school for the coming session.

Herbert Childre braved the mule market and came home with

a fine span to make sure of a good crop next year.

Milford Lee has sold his farm and is undecided as to future location. We sincerely hope he will not leave the Star community.

Mrs. Lizzie Garrett is at the home of Mr. and Mrs. Willis Hill and we know he is the finest grandson any one could wish for. He was born the 17th inst.

Cyrus Fields culled the Fort Worth stockyards and shipped in a car of fine three-year-olds for his fine farm this winter.

Mrs. Knowles will move to the Winters' property, vacating the parsonage for the Methodist minister.

A letter brings the sad news of the death of young B. S. Cox of Sweetwater. Hopes were entertained for his recovery from a diving accident which paralyzed his body. A bad cold during this condition caused his death. His relatives here and his family are extended the sympathy of the entire community.

Tom Roe from Gorman is with home folks enjoying a mud vacation.

J. C. Wells has rented the E. W. Peck place and will move when the "mud clears up."

L. W. Lee and family, who moved to Yuma, Arizona, some three years ago, decided that "Yuma home" old Mills county. He will rent part of the Mead Saddle farm. Also Billie Mason, a four-year prodigal, makes the same decision and returns from Mexico.

M. N. Clifton and wife of Leonard are most enjoyable guests, at the home of his brother, J. H. Clifton. Mrs. Clifton returned home the early part of the week, leaving M. N. to make it a "finished" visit.

Mrs. Waggoner of Ranger has bought the Milford Lee farm and will occupy the Star home place of Mrs. Lula Lee until Mr. Lee can vacate.

Charles Hunter of Oxford, Miss., is the guest of Dr. Snodgrass and wife. He is Mrs. Snodgrass' brother and will make Texas his home. Mills county is a "mighty good" place, Charles.

"I am right here to stay and I know I am welcome" and Mr. and Mrs. E. E. E. Newton of McGirk acknowledge the fact. He came the night of the 17th. Hard to think of a name good enough for him.

Say! Who are those ladies? Why, that is Mrs. John Waddill and the other is Mrs. Will Gent. Both live in Star, but do you know it has been nearly a year since Mrs. Waddill was up town and I think Mrs. Gent came about six months ago—Home strangers.

This is the way they tell it—P. O. Harper found a fellowman stuck hard and fast with his Ford in the mud, water soaked and cold, took him into his hospitable home, took him pecan hunting and the fellowman was so grateful he just gave him his ear—couldn't keep from it. The question is: Has P. O. got the ear out of the mud yet?

The remains of Mr. Ben Beach, an early day citizen, are expected to arrive from Wellington, Texas, Friday and will be interred in the Kingsbury cemetery. He was about 70 years old.

Mesdames J. H. Goodnight and T. E. Hamilton left yesterday for Hamilton to be with their sister, Mrs. West Hamoek, in her sad bereavement in the death of her 5-year-old daughter.

Mrs. Texia Knowles has bought the Fred Baker home and will not move to the Winters' property.

Will Stephan has sold his interest in the garage to his partner, O. N. Hamilton, and will try Arizona for a home. We cer-

tainly regret the removal of this good family, for they will be missed in the community.

Our Regular Correspondent's Farewell

To the Eagle Readers: I bequeath the Star Siftings to those of Star who possess a community pride that would build up and make your little town better, happier and more prosperous and I believe someone here will keep Star represented in the Eagle. A person's value to a community is not always measured by money.

His character, morals and the good he can do toward his fellowmen are the main factors of his worth. Since making my home here, whatever I have done I have tried to do it right and have given you the very best of my ability and I regret leaving here, for regrettable circumstances force me to move and at a time when good crops and prosperity brightens my future here after three years of a drouth fight to stay here. I am leaving quite a number of people whom I think a great deal of, but have not had the chance to show it. As to friends, I have never made any "acid tests" and can not know how many friends I am leaving and if you are sorry over my departure I accept it as a compliment and appreciate it beyond your conception and offer you any consolation within my power to allay such a miserable feeling.

Concluding, I wish to thank those who complimented the Siftings, for sometimes I tried to compliment the Siftings myself in order to stay on the job for you. And to Mr. Tacmpson, the editor, a man I admire because of his ideals and keen discernings as to right, (of course many other reasons), I want to thank and assure him of my appreciation for the biggest bouquet I ever had handed me since my sweetheart said, "yes."

To the Star people—friends, foes, or neutrals—I wish you the very best that life can bring and hope that each "best" may lead upward and onward to a better and nobler life.

EDUCATIONAL AND INSPIRATIONAL RALLIES

Beginning Saturday night, Nov. 1, we hope to reach every Baptist church in Mills county with one or more educational and inspirational service. Interest in the seventy-five million dollar campaign is growing and we urge the churches in our county to make special effort to attend services now being planned.

Rev. I. W. Archer of Oklahoma, now in the employ of the General Baptist Convention of Texas, will, perhaps, be with us several weeks to assist in the campaign. Brethren Archer, C. H. Miles and our county missionary, R. W. Bynum, will conduct services at Center City and Star Saturday night, Sunday and Sunday night.

The women of the Goldthwaite church will render programs at Center City and Big Valley No. 1 Sunday afternoon.

Prof. Tom Taylor, dean of Howard Payne college, will speak for us at Goldthwaite Sunday morning and night and the writer will speak at Big Valley No. 1 Sunday afternoon. M. A. DARBY, County Organizer.

MARKET SALE

Circle No. 4 of the Ladies' Aid society will conduct a Market Sale on Saturday evening, Nov. 8, at D. L. Lanford's grocery store. All kinds of good cats for sale and special orders for cakes, pies, meats and bread will receive attention by notifying the chairman, Mrs. Jo H. Frizzell, not later than Thursday at noon.

A general patronage is solicited.

An oil pipe line is being laid from Shreveport, La., to the Houston ship channel.

The president of the American Cotton association is enthusiastic over the outlook for the cotton prices, which he says he believes will reach 50 cents in a very short time.

The terms of the will of the late Col. Roosevelt have been made known. His estate is valued at approximately \$800,000 and is left in the entirety to his widow to be distributed to the children as she deems advisable and right.

The rejection by the senate of the Johnson amendment to the peace treaty this week is another indication that when the final test comes the treaty and the articles of agreement of the League of Nations will be adopted without amendment or reservation.

A representative of the Lone Star trail, a proposed highway from Florida to California, addressed a fair sized audience in the court house last Friday night on the importance of securing the highway thru this section. He was soliciting membership in the association promoting the plan and secured several members at Mullin and this place.

One satisfaction for the free space grafter is that he does not know that his "dope" is consigned to the waste basket at this office. If the Eagle should attempt to publish even a portion of the stuff that comes from publicity headquarters of drives for every imaginary purpose, to say nothing of the vast amount of other free advertising desired, the paper would have to be doubled in size.

Organized labor, by its arbitrary action which has become absolutely insolent toward the public and the government, has lost caste rapidly the past few years and the time will come at no far distant day when legislators, both national and state, will be found with courage to enact statutes governing these organizations and providing protection for the public in case of a decision by a gang of men to go on a strike for more pay and shorter hours, no matter how exorbitant the wages already being received and how unreasonably short the work day. The public has rights the same as the members of some organizations that choose to bring about a disruption of public and private affairs. Any man has a right to quit his job when he feels like quitting, but he has no right to combine with others to destroy property and murder or maim those who would take the place.

If all of the tax measures are adopted that were proposed by the last legislature and are to be voted on by the people the tax rate will be about 9 per cent of the taxable values, or to be exact \$8.70 on the \$100 valuation. Amendments to be voted on next Tuesday permit an increase of tax for road and bridge purposes from 15c to 30c; for county and city purposes from 25c to 35c; for city improvement from 25c to 50c; special tax for public roads from 15c to 60c; together with 20c for the necessary interest and sinking fund for the \$75,000,000 bond issue. Next year other amendments are to be voted on that will, if adopted, allow an increase of \$1.75 on the \$100 property values. These added to the present average for state, county and city taxes, to say nothing of special school taxes, will make the total tax levy permitted exceed the average interest rate received or the average returns for rental of property.

Plaintiff alleges that on to-wit: the 1st day of October, A. D. 1919, he was and now is lawfully seized and possessed of the three tracts of land hereinafter described, holding the same in fee simple, and described as follows:

1. A part of the Thomas Utley 640 acre survey in Mills county, Texas, patented to him by Patent No. 363, Vol. 1, dated March 17, 1852, and described as follows, to-wit: Beginning at the original S. E. cor. of the said Thomas Utley survey; thence N. 390 vrs. to a st md for cor in E. line of said survey; thence S. 71 W 1750 vrs to corner; thence S 19 E 390 vrs. to corner in S line of said survey; thence N 71 E 1750 vrs to the place of beginning.
2. The Southern Pacific Railway Company survey No. one (1), Certificate No. 16-88, Abstract No. 749, patented to John T Smith by Patent No. 296, Vol. 34, dated Aug. 23, 1887, for 619 8-10 acres of land.
3. The William Dunbar 640 acre survey patented to him by Patent No. 756, Vol. 8, dated Jan. 17, 1855, less 35 34-100 acres out of the southeast corner of said survey conveyed by J S Livingston to R W Barr by deed dated Feb. 8, 1908, recorded in Vol. 38, page 336, of the deed records of Mills county, Texas, to which deed and the record thereof reference is here made for more particular description of said land herein excepted, and that on the day and year first aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiff therefrom and still unlawfully withhold from him the possession thereof to his damage in the sum of two thousand (\$2000.00) dollars.

Plaintiff further alleges that he and those whose estate he has, claiming to have good and perfect title to the above described tracts of land now has and has had peaceable the land claimed, and open, notorious and adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the defendants cause of action accrued, and before the commencement of this suit, and of this he is ready to verify.

And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming the same under deeds duly registered in the office of the county clerk of Mills county, have had peaceable, continuous and adverse possession of the land and tenements claimed and described herein, cultivating, using and enjoying the same, and paying all taxes thereon for a period of more than five years next after the defendants cause of action accrued, if any, and before the commencement of this

WORDS FROM HOME

Statements That May Be Investi-
gated—Testimony of Gold-
thwaite Citizens.

When a Goldthwaite citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Goldthwaite resident. No stronger proof of merit can be had.

D. D. McBride, carpenter, Goldthwaite, says: "I used Doan's Kidney Pills about two years ago, for I was troubled with my bladder. I had to arise very often at night, as the kidney secretions were too free in passage. I heard of Doan's Kidney Pills and got some at Clements' Drug Store. I am glad to say Doan's relieved me considerably. Whenever I have a slight touch of the trouble now, a few doses of Doan's fix me up right."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McBride had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

ONLY A COLD

Are you ill? is often answered— "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off. (Adv.)

ONE HUNDRED MILLION WOMEN VOTERS

Seventeen states have now ratified the federal women's suffrage amendment and nineteen more are to come, according to the National American Women's association, which says that the cause is almost half way through to its final end. This news may interest the followers of Joseph and James away down here in Texas. There are approximately 100,000,000 women voters in the world today, according to statistics compiled by the National Woman Suffrage association. Of these, 15,000,000 in twenty-nine of the states of this country have the right to vote for the next President. Seventeen countries of the world have now granted their women full suffrage. They are: New Zealand, Australia, Finland, Norway, Iceland, Denmark, Russia, Great Britain, Austria, Canada, Tzecho-Slovakia, Hungary, Poland, Sweden, Germany, Holland and very recently Italy. In all but the first four this reform has been brought about since the outbreak of the war. A bill for equal suffrage has passed one house in France since the war ended and French women say that their complete enfranchisement cannot be long delayed. Italian women expect to cast their first votes in 1920, when, it is hoped, all women in the United States will have equal political rights with men.

Even the despised Hun has given the women of Germany complete suffrage. This reminds The Record that Alabama lawmakers rejected the suffrage amendment. There are southern lawmakers in other states who are in accord with their slow moving brothers of the yellow hammer state. Equal suffrage is almost here. And the women of America are certain to hold the balance of power in 1920.—Fort Worth Record.

LARGE PORTION OF BAPTIST FUNDS FOR TEXAS SCHOOLS

PRESIDENT OF THE BAPTIST GENERAL CONVENTION OF TEXAS OUTLINES HOW MORE THAN \$2,000,000 WILL BE EXPENDED IN TEXAS.

Dallas.—Texas will share more largely in the Southern Baptist 75 Million Campaign than any other of the eighteen states participating, according to M. H. Wolfe, prominent layman of Dallas, president of the Baptist General Convention of Texas. The Texas quota, \$15,000,000, is more than twice that of any other state. Of the amount to be raised in Texas, \$7,340,000 will be devoted to foreign missions, missions in the Southern States, Panama, Cuba, to ministerial relief, and South-side institutions. What will be done with the \$8,660,000 to be expended in

M. H. WOLFE

Texas is sketched by Mr. Wolfe in the following interview:

"The first concern of the Baptists of Texas is for education. Since the precipitation of the Great War by Germany, whose schools, denominated by German Kultur, were responsible for the Kaiser's reprobate national ideals, the matter of Christian education has assumed an entirely new importance. State education is vitally defective because Christianity is neglected. We cannot neglect Christian education without peril to all of society.

Twelve Schools—6000 Students.

"We have twelve big schools in Texas, headed by Baylor University, with an annual enrollment of over 6000 students. Baylor has a small endowment, as has also the Southwestern Theological Seminary at Fort Worth, and possibly Simmons College at Abilene. Baylor College for women at Belton, Howard Payne at Brownwood, Burleson College at Greenville, Wayland College at Plainview, Decatur College, Marshall College, Rusk Junior College, San Marcos Academy and the Baylor Medical College at Dallas, have none. The five-year program provides for debts, deficits, student aid, equipment and endowment for these twelve institutions, the total sum of a little over \$5,000,000 or about \$1,000,000 a year.

"This amount, of course, is far too small to meet the actual need for such an educational expansion and program, but it will greatly strengthen. This, with the auxiliary campaigns which citizens have launched among non-Baptists in the vicinity of each institution, with a view of supplementing the amount coming from the 75 Million Campaign to these vigorous institutions, highly valued in each locality where situated, makes the future look much brighter.

To Evangelize Foreigners

"Along with their schools Texas Baptists are equally interested in the thorough Christianizing of their State through the instrumentality of State Missions. They have allotted \$1,750,000 to this object for the five-year period. By means of this fund they will seek to evangelize the foreigners in their midst, help negroes to a stronger church life, plant hundreds of new churches in spiritually destitute communities, assist struggling churches in strategical centers, carry forward the vast training activities of the Sunday Schools, young people's societies, women's organizations, and seek to win thousands to Christianity by organized evangelism.

"Another field of service which Texas Baptists have improved is that of healing through the agency of hospitals. The great Texas Baptist Memorial Sanitarium at Dallas is now a million dollar plant, caring for more than eleven thousand patients last year. The first Texas Baptist hospital was the Houston Baptist Sanitarium, doing a marvelous work. The Central Texas Sanitarium of Waco is just now opening with splendid promise. Other sanitariums have been projected at San Antonio, Abilene and Brownsville. For these six institutions there has been allotted the total sum of \$1,500,000. In a State where such ministry is so badly needed the Baptists long to serve humanity in the name of Christ.

\$300,000 For Buckner Home

"Furthermore, an institution dear to the hearts of Texas Baptists, is Buckner Orphans Home. For it has been set aside \$300,000 for permanent equipment. The Home cares for more than 600 orphan children annually. No investment the Baptists of Texas has ever made has brought them more gratification than the money they have put into this noble institution.

"Will Texas Baptists win in this big campaign? We have many anxieties about it. Much depends upon thorough organization and full information. More depends upon the spirit of sacrifice. We are standing on the threshold of a new civilization around the world, and Christianity is the only hope of humanity. The Nations have wandered away from God and will not come back until drawn by Christianity in its purest simplicity. The Baptist message has the simple charm for which the world is hungering. Will we meet the test of steel and answer God's Call?"

FAREWELL SHOWER

On last Saturday afternoon the Art and Civic Club entertained at the home of Mrs. Edward Geeslin in honor of Mrs. W. G. Callihan, who was preparing to move to Runge, where Bro. Callihan will be stationed for the coming year.

The diversion for the afternoon was the popular game of forty-two, the scores being kept on dainty cards hand decorated with pink carnations.

After the game the scores were counted and the honoree was found to be among the holders of high score, so she was presented with a spool of thread which was unwound and was requested to follow the thread which led from place to place over the house and at intervals it was tied to packages which were all collected and when opened proved to be gifts of handkerchiefs, fancy-work and cut glass, all bearing the name of some member of the party and good wishes for Mrs. Callihan.

After the gifts had all been admired the hostess served delicious hot chocolate, angel-food cake and bon-bons.

Only the members of the club with a few of the honoree's special friends were present.

The club members regret very much that Mrs. Callihan will not be a guest with them again soon, but hope to have the pleasure of entertaining her at some later time when she visits Goldthwaite.

**SOUTH IS TURNING
AGAINST CALOMEL**

**Mr. Dodson, the "Liver Tone"
Man, Responsible for Change
for the Better.**

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.
"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.
Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.

LIGHT, ARIZONA

Dear Friends At Goldthwaite:
Much as I love dear old Texas and my home in Goldthwaite who would have thought the year 1919 would have found me again at Light, Arizona, teaching school, but here I am again.

Your dear old Bird, the Eagle, has just flown over these hundreds of miles to me and told me much of the Goldthwaite news, which made me right homesick to see you and to be back in my good Texas home.

Many and many times have I thought of you since I've been here and I intended to write to you as soon as I had completed my long journey the last of September, but when I got here I found my sister had just taken with a severe spell of pneumonia. She was very low and for a time we thought we would lose her and I had to see her fully on the road to recovery before I had the heart and spirit to write.

My journey was not especially interesting this time, but rather tiresome because I was delayed so long in El Paso that I was a day later getting here than I had planned. I did meet some right interesting people on the way. One was a soldier, a foreigner who had had all kinds of blood-curdling experiences in the late war and was just recovering from a serious wound he had received. He was coming to Bisbee to live. I also met a young couple on their way to Bisbee who had just left England the first of September. They looked as if they were wonderfully relieved to get away from that war-stricken country and to be where they saw no signs of destruction and privations caused by the struggle.

The lady told me that food conditions there were still very grave, people being limited to the amounts of certain food products they used. For instance, one person in England is allowed to have only an ounce and a half of butter in one week and a limited portion of meat and even bread. Arizona is in much better condition than when I was here before. You can no more see the bones of the ranch cattle through their hides, but they are rolling fat and there are abundant crops everywhere. I have been enjoying fresh fruit from my niece's orchard, where I am boarding, ever since I came—just the biggest, finest peaches and apples with the most delicious flavor one can imagine. The vegetables are lovely, too, but the frost will soon get most of them.

I hear that you are still having rain in Texas till the crops can not be gathered. Well, I hope it stops in time for the farmers to get a good part of the crops anyway. It is some relief to be in a land of sunshine after having been in the rain so long. We have had only one rainy day here since I came. The extreme brightness of the sun, the deep, deep blue of the sky, such as is rarely if ever, seen in Texas, the contrast of a few straying clouds of silvery white against the deep blue of the sky, is conducive to lifting your drooping spirits and inspiring hope and courage within you in spite of yourself sometimes.

Your friend,
MRS. S. A. LOWRIE.

MR. WHEAT DEAD

Mr. J. F. Wheat died at his home in South Bennett community last Saturday, after long suffering, and his remains were interred in the cemetery in that community Sunday. Mr. Wheat had been a citizen of this county a long time and was universally recognized as a man of integrity and industry, worthy of every confidence. He leaves a wife and a number of children to mourn his loss and in their bereavement they have the sympathy of all who know of their sorrow.

Items of Interest Culled From The Local Papers COMANCHE

Mary Louise Bond, the two-year-old daughter of Mr. and Mrs. James Victor Bond of this city, died at her home here Wednesday, October 22.

At a mass meeting last Monday afternoon at the courthouse plans were made whereby the proposed railroad from Eastland to Comanche will become a certainty and the work of the details is now under way.

The fall term of the district court was convened in Comanche last Monday, Judge J. H. Arnold presiding. This week has been devoted to the non-jury civil docket. Next week will be the jury week for the civil docket and the criminal docket will be taken up following that.

In the school bond election held in Comanche last Wednesday thirty-six votes were cast for the improvement bonds and only four against them, only one vote in ten being cast in opposition to the measure. The amount of bonds to be issued is \$5000 and the fund will be used for improvements and equipment in the city schools.

A horse ridden by Jim McCollum of this city was instantly killed last Wednesday evening at 7:30 o'clock when it stepped into a shallow pool of mud and water that had become charged with electricity, supposedly from a ground wire, at the northwest corner of the public square. Mr. McCollum fell forward from his horse on to the concrete paving and received an electric shock, but not of sufficient force to prevent him from making his way to safe ground without further difficulty. The horse of B. Cardwell, who was riding along with Mr. McCollum, received at the same time a shock which brought it to its knees.—Chief.

M. Y. Stokes, Jr., received his long-lost trunk Friday. He and the trunk left England last July and by some hook or crook he beat the trunk home something like four months.

A petition was circulated Wednesday morning among the business men in regard to the closing hour of the business houses. The petition met with practically no opposition by the business men and beginning Monday, Oct. 27, the business houses have agreed to close at 6 o'clock in the evening on all work days, excepting Saturday and on that day they will remain open until 7 o'clock.

The regular Wednesday luncheon was held at the Wachendorf Hotel and was well attended by the business men of the city. The only business that was brought before the meeting was the gin question which was discussed at a previous meeting. The committee appointed made its report on the cost of installing a modern gin capable of handling the cotton in this territory and recommended that the citizens try to get a practical gin man to install such a gin here rather than for the business men and farmers to undertake to operate same.—Leader.

ANOTHER CONFERENCE

The idea of mapping out a new industrial program through the deliberations of a conference is too valuable to be set aside because of one failure.

It represents not only a good way, but probably the best way, to begin.

The chief defect in the recent conference was its separation into groups.

That was by far too clearly identified with the soviet theory to work well in a country like ours.

We have been educated to the possibility of all men getting together, not to the necessity of getting them apart.

The manifest purpose of democracy is to reconcile differences.

This can not be accomplished by accentuating them at the outset.

Any industrial conference should consist of capitalists, laborers, farmers, investors, etc., of course, but it should sit as a single body, not as a collection of consciously distinct units.

It should be big enough and broad enough to include all interests, but sufficiently cohesive not to be thrown out of gear by any.—Houston Chronicle.

A FAIR TEST

It is important, of course, to get a fair test of your Cream, but it is also a good idea to TEST THE DEALER—see that you get all that your Cream is worth in the market. That is the kind of test we like. We represent

They are two of Mills county's prominent young teachers who have made a fine record in their profession.

MULLIN

Cotton sold here for \$38.60 Tuesday—the highest price paid this year. The cold snap put a quietus on picking. Cotton opened nicely Sunday and Monday.

Mullin is getting to be quite a peccan market. One man came in with a wagon load and before selling phoned to the next largest town for prices, then sold at Mullin. We do not mean to insinuate that one load was all we had offered.

Rev. J. T. Weems landed another auto Tuesday. If you are in the market for a second hand car, make your wants known unto him.

Mr. Harvey purchased Rev. Bradley's home in Mullin. Consideration \$1600.00 cash.

R. S. Crane sold his farm near Mullin last week to Mr. Rannels from Gonzales county. Consideration \$7200.00.

How much more harm would there be in gathering corn Sunday than gathering peccans? We have neither to gather, but merely asking for information. We can't always sometimes guess.

Is it right for church members, who are able to go, to absent themselves constantly from the church services on Sunday? If it is wrong we are taught that all wrong is sin and the wages of sin is death and the death of sin is eternal banishment from God. Where will this thing of wrong end?

Is it any more harm for a boy to smoke cigarettes than for his daddy to smoke a pipe? If it is wrong to smoke the cigarette who will tell the boy? Dad can't for he smokes the same kind of tobacco in his pipe and he knows that the boy knows it. The Book says, "Shun the very appearance of evil." If some of the stinking old pipes in this country haven't the appearance of evil they smell like it. We are not talking about the Christian man's pipe, but just those that smell like evil. Wonder if these kind of men's wives ever kiss them? We watched once over a year and failed to see a kiss pass. Poor fellow! Don't you suppose he feels lonesome and evilly inclined when he is too filthy for his other half to kiss him? The poor woman can't help living with him and smelling his filthy breath, but she can keep from kissing him. That may be why some of them are accused of kissing other men. Not knowing we can't say. A billy goat, an old green worm and human beings are the only specimens of creation which or what eats tobacco. Just chew, smoke and dip on, Mike. You are coming to a place where you will have to quit, so make good use of the time while you can, but don't fail to look behind you at that army of cigarette fiends hard on your trail.

Mr. and Mrs. Randolph Whitley, who were in the Gulf storm, have sought higher ground by coming to Mills county. The winds and the waves sometimes change our opinions. We gladly welcome them back. We don't know how Uncle Randolph felt,

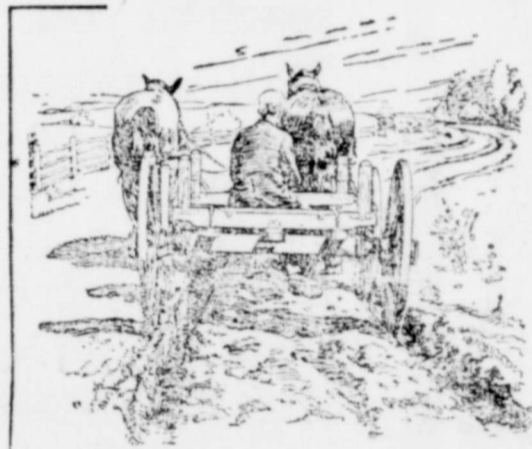

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

Which Wagon?—

The One that Fits the Road—or the One that Rides the Ridge

Recommended by the Government. The standardized wagon fits the prevailing track made by automobiles and is the wagon you will want to buy.

This Wagon is Out of Date. This 60" wide track wagon no longer fits the roads when they are muddy and soft.

THE WESTERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

THE EASTERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

WOULDN'T you rather buy the style of wagon recommended by your Government, especially when it is designed to pull easier, ride smoother, and last longer—the wagon that fits the roads and does not ride the ridge?

The Standardized Weber "Auto-track" Wagon saves wear on itself, other wagons, automobiles, and rubber tires.

The Weber fifth wheel and swivel coupling wagon is either sold at a price much too low or most other wagons are sold at prices much too high, quality considered. Compare and draw your own conclusion. To date the leading wagon manufacturers of America have sold at the most conservative estimate 100,000 standardized auto-track wagons. From this introduction it is but a step to universal use of this type of wagon. Wouldn't you rather be identified with progress and recognized as an up-to-date farmer by doing your hauling with such a wagon than to be classed as an unprogressive "back number" by buying a 60-inch wide-track wagon, thereby helping some manufacturer and dealer to "unload" an obsolete type? Think it over—and then come and see us about a standardized auto-track Weber.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

In Siberia.

Possibly the most important Red Cross work in Siberia, and one which most demands the continuance of operations there, is the campaign against typhus. Over a stretch of 4,000 miles the American Red Cross has fought the scourge. Here is seen "The Great White Train," an anti-typhus institution which, with its crew of doctors and nurses and cargoes of drugs, food and cleansing apparatus, has saved the lives of thousands.

INSPECT FLUES

Now that the winter season is coming on it is important that careful attention be given the flues for the heating stoves before fire is built in the stoves. A large per cent of fires are caused by defective flues and most of them could be prevented by a careful inspection. You could not have a fire developed in the roof of your house that would not cost you a great deal more than to have the flue inspected and renewed if necessary. Attend to this matter today. It is important and may save your home from burning.

A GOOD COUGH MEDICINE FOR CHILDREN

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold. (adv)
