Many of the farmers are not
yet through picking cotton and

fortune to sprain her ankle badly
the early part of the week and
for several days she suffered
greatly.

Eagle's former employes whose
friendship is appreciated, has

The citizen who fails to sub-
scribe for his county paper loses
more than the publisher loses,
for the publisher is only short
the few cents profit on the busi-
ness, while the citizen is short on
all the information the paper is
able to give out regarding pub-
lic affairs and the movements of
private individuals.

NOTICE W. O. W.

Suit has been entered by the
Legal Committee enjoining the
Head Camp from collecting the
increased rates. At a regular
meeting Monday night, Jan. 12,
1920, Goldthwaite Camp No. 230,
decided to continue paying the
old rates until further notice
from the committee.

It was also decided that we
subscribe for 300 copies of the
paper to be published at Sedalia,
Mo., which is to cost 25c per
member. Further the Camp
authorized the Clerk to notify
the Executive Committee that
this Camp would help to finance
the fight that is being made
against the increased rates.

The Clerk will continue to
collect the monthly installments
as he has been doing unless
otherwise notified.

Sterling P. Clark, Fort Worth,
Texas, is Chairman of the Execu-
tive Committee.

PAY POLL TAX

Most of the voters know that
it is necessary to secure a receipt
from the county tax collector for
their poll tax before the close of
the present month if they are to
vote in the primary or any other
election this year. Many people,
knowing this fact full well,
neglect it or forget it until it is
too late and they are disfran-
chised for a year. There are a
number of reasons that should
actuate the voters, both men and
women, to pay poll tax this year.
It is the time for selecting county
officers as well as state and
national candidates. Then, too,
the greater portion of the money
goes to the school fund. Don't
forget. Don't neglect. Don't
fail to pay your poll tax in
January.

R. C. Scott and wife returned
Monday morning from a short
visit to Waco.

Elder Speck and wife have
been at Bend this week, visiting
relatives and friends.

Mrs. T. L. Rahl has gone to
Kansas City to spend a few days
looking after her financial in-
terests.

E. M. Geeslin, one of the lead-
ing men of the Caradan section,
was a business visitor to the city
Monday.

W. T. Little of Hamilton was
here the first of the week visit-
ing relatives and looking after busi-
ness matters.

D. R. Yates of Caradan was
one of the good farmers who
looked after business matters in
the metropolis the first of the
week.

Mrs. L. B. Walters went to
Mullin Monday to visit her grand-
daughter who arrived in the
home of Mr. and Mrs. J. A.
Hester Sunday night.

Miss Ruby Webb has accepted
a position as stenographer for
the Oil-Field Review at Dallas
and is delighted with her work.
Her friends here are pleased to
know she is so nicely located
and hope for her continued
success and happiness.

W. T. Forehand and wife and
Otto Sykes and wife returned to
their homes at Knickerbocker
Monday, after having been here
on the sad mission of attending
at the bedside and later the
funeral of Miss Velma Reed.

D. L. Wheeler, who has a
number of teams in the works at
Desdemona and is otherwise
financially interested in business
at that place, came home for a
short visit the first of the week
and reported everything moving
along nicely at the big oil town.

BETTER SEED

Many important details for
good farming will suggest them-
selves to us when we complete
our plans for prosperous farming
in 1920. There are some essen-
tials more important than others,
but surely no one will question
the need of better planting seed
to insure good stands of plants
and better plants for yield and
quality of crops.

Without a good stand, farmers
will be handicapped as to ex-
pense and trouble in cultivation
and in yield when the crops are
finally harvested. There is still
another reason why every planter
wants a stand. It is almost im-
possible to do satisfactory work
with suitable, labor-saving farm
implements when the stand is
poor. This is especially true
with cotton. The plants are
tender, easily injured in cultiva-
tion and yield is always more or
less dependent upon a satisfactory
stand. There are now cotton
choppers on the market and
these save very expensive
and unsatisfactory labor. But no
chopper will do satisfactory work
without a good stand of cotton
plants. Other row crops are
quite similar to cotton in this
respect.

Farmers who do not have a
supply of planting seed suitable
for their needs this year will be
wise to buy as early as possible.
Those who have more good seed
than will be needed on their
farms will confer a favor on
their neighbors by advertising so
the surplus may reach apprecia-
ed buyers. The cost of ex-
and the net income from
in the Southwest this year
largely will depend on the
kind, quality and quantity of
seeds planted.—Farr

Mogul Producing and Refining Co.

Main Office: 801-802 Scanlan Bldg.

[INCORPORATED]

HOUSTON, TEXAS

The Difference Between the "Mogul" and a Majority of Others

LEGALITY OF CORPORATION

The Mogul Producing and Refining Company was incorporated and organized under the supervision of Hutcheson, Bryan & Dyess, attorneys, of Houston, Texas. The titles to the leases were passed upon by the same firm.

THE Mogul Producing and Refining Company is incorporated under the laws of the State of Texas and is operating under a charter which authorizes it to engage in all branches of the petroleum industry.

CAPITALIZATION

The total authorized capital of the company is One Million Dollars (\$1,000,000.00). The par value of the shares is One Dollar (\$1.00) each. The stock is all common and non-assessable, share and share alike.

Before making an investment in independent oil securities, bear in mind that the greatest profits are not made by purchasing stocks that have already practically reached the top, but in acquiring the shares of the newly, well-organized, capably managed oil companies. It is such stocks that should figure prominently in the big advances, in as much as they have yet to reflect in the market their intrinsic worth.

Invest to Gain! Every man at some time in his life has faced the Big Opportunity

Every Failure might have been a Success had he Acted at the Right Time!

FORTUNES are not made by the SWEAT OF THE BROW, but by INVESTMENTS. You can earn SOMETHING more than a living, but to gain FORTUNE you must INVEST. The first investment seems hard to make, but it is surprising how fast money grows and accumulates. Be an investor and get your share of the good things of life.

What the Mogul Producing and Refining Company Now Owns

OUR VALUABLE LEASES.—In addition to our One Thousand Three Hundred and Five acres at West Columbia, which represents a value of One Million Dollars, we have four tracts in Erath County, totalling Two Hundred and Forty-Three acres; three tracts in Taylor County, totalling Two

Hundred and Twenty-Five acres; also Twenty acres which we own in fee in Harris County in the famous Humble field, on which we now have Four Producing Wells and where drilling operations will be steadily carried on until drilled up. We also own other leases in oil producing sections.

The possibilities of profits from the increased value of these tracts alone, would make an investment worth while. The probability of a dividend to be paid in the near future will warrant an advance in the price of stock—now selling at par (\$1.00).

CENTER CITY

Editor Eagle: Bradley Lee and Webb Karns left Monday for the oil fields of Oklahoma.

We are still on the map as we had church Sunday morning and evening, with a large crowd present.

Singing was very much enjoyed at the home of Mr. C. M. Head Sunday night.

Ed. Reeves left Tuesday night for a short trip to Brownwood.

Quite a number of our folks have been on the move. Willie Langford and wife have moved to their new home, which was formerly known as the Homer Brown place.

Mr. Beck and family have moved out from town on their farm. They have a hearty welcome home.

Harvey Morris and wife have also moved. They now live about 1 1/4 miles south of Center City. Mr. and Mrs. A. E. Garrett

are the proud parents of a fine baby girl. But we regret they are going to take her near Star to live. We hope they visit here quite often.

The following are proud parents of baby boys; Mr. and Mrs. C. D. Langford, Mr. and Mrs. Lewis Karnes and Mr. and Mrs. Bob Muse.

Mrs. Sears and children of Fort Worth are visiting relatives here.

Mr. and Mrs. Willie Langford went to town one day this week on business.

Joe Langford's little son, Al, has been quite sick, but is improving fast.

One feature of special enjoyment last week was a party given by Mr. and Mrs. Roy Eudies at their home. Those present were: Misses Odell Coffman, Johnnie Reid, Mollie, May and Iva McMillian, Amber and Beatrice Langford, Lela Karnes, Mattie Harrison, May Moore, Pauline Singleton, Ida and Mamie Lingleit, Pearl, Gladys and Ora Casbeer. The boys present were Messrs. At a late hour good-bys were said, after a very enjoyable time. A few married couples were present which were: Messrs. and Mesdames Geo. Beck, Ercher McCasland, Chas. Beck, Ray Knight and Mrs. Moore. They also reported a real enjoyable time.

Guess I had better go before "Billy the goat" gets this. CENTER CITY SUNSHINE

WOMAN SPEAKER TELLS OF CONDITIONS IN SOUTH AMERICA

MRS. IDA CLYDE CLARKE, TRAVELER OF WIDE EXPERIENCE, FINDS EXCEPTIONAL FIELD FOR WORK AMONG WOMEN.

By Mary Corner Raymond

With contagious humor and in picturesque descriptive style, Mrs. Ida Clyde Clarke, newspaper woman, traveler, magazine writer, author and contributing editor to Pictorial Review, held a delighted audience in smiles and wrapt attention at the evening session of the Southwestern field conference of the Y. W. C. A. at Dallas while she related her experiences and observations during a six months' trip in South America. Her subject was "The Challenge of South America to the Y. W. C. A."

True to her newspaper training and the characteristic temperament of the newspaper writer—ready for any emergency, from a fire to a sudden trip to South America—Mrs. Clarke picked up her hat and handbags on short notice and went to South America last January with a commission of three other women sent by the national board of the Y. W. C. A. to study the conditions and needs of women and girls in the Southern continent. Many appeals had come to the national board to send Y. W. C. A. workers to South America. As it is the policy of the association never to send workers anywhere for permanent work without first making an investigation as to the practicability of the enterprise, Mrs. Clarke, because of her experience as a traveler, was asked to be a member of this survey commission.

On the principal that a newspaper woman may go anywhere or do anything within the law, no matter what the traditions or customs of a country may be, Mrs. Clarke met presidents and diplomats, women of high and low degrees; made trips into countries where she was told women travelers never went alone, and everywhere, she said, she was treated with characteristic Latin courtesy. In every country she was struck with the immense wealth and culture of the higher classes, a universal eagerness for the progressive methods of North America, a universal desire for social and welfare work among women, and with it all she marveled at the vast resources of the country—forests of mahogany untouched by the ax and territory visited by no commercial enterprise except packers.

Social work among girls and women is as undeveloped as many of the natural resources of the country, she said, and the much-abused packers are doing in some places for their girl and women employes Y. W. C. A. work—not in the name of the Y. W. C. A., to be sure, for there is no organization there; but the heads of packing industries are trying to meet some of the needs the Y. W. C. A. meets with employed girls in the United States. The Y. W. C. A., she said, is also doing as far as it can Y. W. C. A. work because there is so much need of work for women.

The efforts of the men to provide opportunities for girls such as they have in North America were humorously illustrated by an enterprise undertaken in Brazil. A young President of one of the States of Brazil visited the United States and was greatly impressed with advantages afforded girls here. Like a regular Ad Clubber or Rotarian, he went back to his home city, interested all the other progressive young business men and they built a school for girls. It was elaborately equipped for teaching domestic science, thinking that first of all girls should be trained to be homemakers. Courses were announced for "graduate wifehood and motherhood." The school, plenty of money to conduct it, pupils—everything but teachers were found. Again they turned to the United States and got a faculty of young women about 21 years of age to teach wifehood and motherhood. The school is now closed and the "faculty" have sought more suitable vocations.

At Rio Janeiro, a city of 1,000,000 population, she said, were 20,000 employed women and not a building where such a woman might have lunch, while every third door is a coffee house for men. "When eating in your scientific cafeterias and in the lunch-rooms provided by factories and department stores for women employes, think of the girls of Rio Janeiro, eating a sandwich and a banana wherever they can find a spot to stand or sit.

The one thing the matter with the woman movement in South America," Mrs. Clarke said, "is that it has no self-starter.

"If I were free to do so, I should go to South America tomorrow to help do the social and welfare work among girls and women.

A PESSIMISTIC VIEW

Correctly speaking, the American eye is slowly closing to the path of honor, right and justice. To the one of greed, it is a flaming magnet which seeks to draw everything of value within its grasping folds.

The insane desire to get rich quickly has deadened the pulse of the nation, until civic and commercial virtue possesses about the potency of a long dead jelly fish.

This is especially true since the country plunged headlong into a sea of wild speculating and profiteering following our entry into the world war.

Time was when we acknowledged that all men had rights which were to be considered and respected.

But today most men accord them only such as do not interfere with their own selfish ends.

The craving for gold and its resultant power is destroying the refined sensibilities of mankind until the whole country is becoming debauched by the curse of the yellow metal.

But some day our eyes will be opened—suddenly, rudely and relentlessly.

If the trend continues downward, the soul of American manhood will be wallowing in a mire of insatiate greed and debauchery from which only the most courageous will ever emerge in any semblance of honor and purity in this life.—Exchange.

MALLORY B. BLAIR FOR DISTRICT JUDGE

The Journal is authorized to announce the candidacy of Mallory B. Blair for District Judge of the Twenty-seventh Judicial District composed of Bell, Lampasas and Mills counties.

Mallory needs no introduction to the voters of Bell county, as he has served the people as county judge for the past four years and has made a most enviable record. His tireless labor as county manager of war work during the many Liberty Bond and other war work campaigns of which he had charge, brought him closer to the hearts of the county. His friends are sure that the people of the county will agree with them that Mallory B. Blair did more war work and devoted more of his time in the war work than any other citizen of the county. He had at all times, but one object in view—the winning of the war.

His record of county judge is an open book, and we venture to say that never was there a man who held a public office of whose public life there was as little criticism.

Mr. Blair was born in Killeen, Bell county, thirty three years ago. He is young, progressive, enthusiastic and energetic, and has a grasp of affairs judicial and a sound judgment but found in statesmen of more mature years.

He is a self made man, having worked his way thru the University of Texas, graduating and receiving his degree in 1913. He is also a graduate of the old Wedemeyer Academy, and later served as an instructor in that institution for some time after his graduation.

There is not a probable candidate in any of the other counties of the district for this office. Give his claims your earnest consideration.—Belton Journal.

Judge Blair has visited Mills county several times and was one of the principal speakers at the

CLUB NOTES

Mrs. J. H. Randolph and Mrs. L. E. Miller were hostesses at a very charming party, Thursday evening of last week, at the Randolph home, the guests being the Merry Wives Club, their husbands and a few friends of the hostesses.

Flowers in the club colors, yellow and white—were effectively placed in baskets and vases throughout the attractive home. The dining room was especially pretty with its adornment of flowers and streamers in the chosen colors. A miniature lake was given the central position on the beautifully decorated table and in it were tiny fish, with flowers, butterflies and birds close by to give it a natural appearance. We were given fishing poles and instructed to go fishing, the ladies to fish for the white fish and the men for the gold fish. This proved jolly and when the fish were all "hooked" they were found to be numbered and was a pleasant innovation for securing partners for the games of the evening.

Eight tables were placed for the always enjoyable game "42" and dainty score pads, prettily hand painted in the club colors and bearing the club flower were passed.

At the close of the games Mrs. L. R. Conro held highest score among the guests and was presented with a pretty dress hanger made in the club colors. Mrs. O. H. Yarborough was luckiest among the club ladies and received a beautiful bouquet of yellow jonquils. To Mr. S. P. Sullivan went the high score prize for the gentlemen guests, a lovely box of homemade candy, while Mr. J. A. Gillespie was given the prize for club husbands, a pocket ivory comb and Mrs. R. M. Thompson drew a cute little Kewpie.

Strains of sweet music and the serving of a delicious salad course made the evening's pleasures complete. The plate favors were pretty little yellow and white baskets holding mints and sugared nuts.

This was one of the prettiest of the winter parties and one long to be remembered by those lucky enough to be among those present. A CLUB MEMBER.

A Word to Farmers!

Much depends upon a right beginning—and in nothing is this fact more apparent than in FARMING. If the year's work is commenced with poor implements, requiring extra labor by the teams and workmen and performing the work in an unsatisfactory way, the result can not be all that could be desired. But, on the other hand, if the best implements are employed, if

are used, then the full benefit of the draft is secured, the work is made light on the team and the result is—SATISFACTION. Mr. Farmer, do YOU intend to get maximum results this year?

We carry a full line of Farm Implements, as well as everything in the way of Shelf and Heavy Hardware, Vehicles, Furniture, House Furnishings, Coffins, Undertakers' Supplies, Etc.

If you fail to pay your poll tax before the end of this month you will be in the same class with the Chinaman, as far as the voting privilege is concerned.

While influenza is reported in several sections of the country and some serious cases have developed in some localities, the disease is not nearly so severe or so wide spread as it was a year ago.

The inspector of weights and measures in Fort Worth requires of the owners of gasoline filling stations that they test their pumps each day to ascertain if the full measure is carried.

The various departments and institutions that have been burdening the mails with deadhead advertisements may as well desist, as far as the Eagle is concerned, for we don't use any of their stuff.

According to reports from Washington, some of the coal mines in the west have produced so much coal since the strike that a shut down has become necessary because of the lack of orders.

The testimony given the congressional committee relative to the conditions in Mexico has been decidedly sensational at times and all proves beyond a doubt that old Carranza and his crowd are in most of the devilry, if not all of it.

Validity of the federal prohibition constitutional amendment is to be determined by the supreme court of the United States, which has granted the state of Rhode Island the right to institute original proceedings and enjoy its enforcement in that state.

A large body of well armed Texas rangers passed thru Fort Worth this week en route to the disputed oil territory on the Red River, between Texas and Oklahoma. The territory is claimed by both states and courts in the States have issued orders regarding the ownership and oil rights.

While much of the newsprint paper used in this country is imported from Canada, the publishers there appear to be in a more serious plight than those in the United States. In some cities newspapers have ceased publication and news bulletins are posted in front of the postoffices and other public buildings.

A press report from Brussels says: "Deep emotion has been caused in Holland by the allied demand for the extradition of the former emperor, William of Germany, according to a dispatch. Belief is expressed at the Hague that measures will be taken with view to inducing him to voluntarily place himself at the disposal of the allies."

Senator Fall and his committee from congress, sitting in San Antonio for an investigation of conditions in Mexico, received an invitation from the Carranza gang to come into Mexico and view the situation at close range, but the committee already knew enough about the methods of the greasers in kidnapping Americans and demanding large sums for their release and very properly declined the offer to walk into the trap. It would have been a good thing for the greaser government to have gotten hold of a congressional committee, for the hostage would have been demanded of the federal treasury and it would have been a fat one. This, too, is a hopeful sign that Americans from San Antonio south have learned to keep out of the way of Mexicans and thereby avoid being kidnaped.

Goodyear Leadership— and Tires for Small Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

CARD OF THANKS

Mr. and Mrs. T. P. Reed and members of their family desire to extend their heartfelt thanks to the good people of Big Valley, Goldthwaite and elsewhere for the great kindness shown them and the care given their daughter, Miss Velma, during her long illness, as well as for the thoughtful assistance and sympathy extended the family after her death and the beautiful flowers provided for the funeral and banked upon the grave. These acts were all helpful to the bereaved and proved to them again and again that there are no better people on the face of the earth than the kind-hearted and sympathetic people of Mills county.

Here is the Tractor that makes motor farming a success on any size farm—the AVERY 5-10 H. P. Model B Tractor. We also sell the larger sizes.

"It's one of the handiest things I have on my farm," said one Avery owner, and he went on to say, "for it takes the place of a couple of my teams and does the work quicker, cheaper and better."

Sells at a very low price—in fact is the lowest priced Tractor built. Though low in price it's high in quality. Just the little Tractor you need for doing the plowing, discing, harrowing, etc., on a small farm of 50 acres or less or the lighter work on large farms. Equipped with a first-class belt pulley at a slight additional expense, it will drive a small silo, feed grinder, pump, saw mill, etc.

Come in and let us show you this sturdy little Avery that makes power farming a success even on the smallest farm. Ask for circular on the Avery 5-10 H. P. Model B Tractor.

Old Friends are True Friends

The man, who loves a dog and a pipe, has two staunch friends that never fail him in good luck or in bad. They give all and ask nothing in return. Day by day they become nearer and dearer to him. The man who has not a dog and a pipe has missed two of the greatest things this good old world can give.

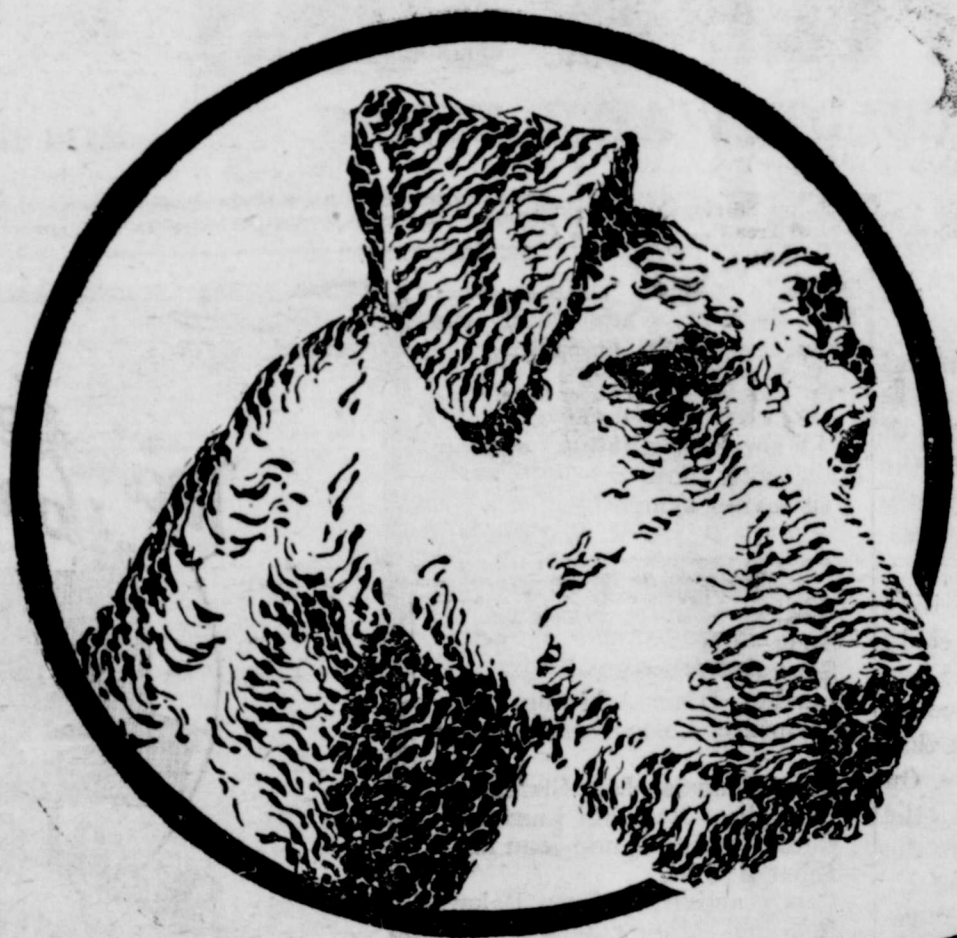

Every man who loves his pipe should know Velvet, the one tobacco that brings out all of a pipe's best and sweetest qualities. Your pipe takes on an added friendliness from Velvet's choice Kentucky leaf aged in the wood to a mellowness that's rich and smooth as cream.

Your pipe takes on a mild sweetness that is Velvet's natural tobacco sweetness. And around you hovers the real tobacco fragrance that all good pipe smokers love.

Never did Velvet Joe say a wiser, truer thing than this:

"Folks say you can't buy friendship. You can buy a dog and a pipe and good old Velvet—and I reckon no man ever had three better friends."

THE PASSING OF VELMA REED

After a lingering illness of several months duration, Miss Velma Reed, beloved daughter of Brother and Sister Reed of the Big Valley community, quietly passed into the immediate presence of Christ, our Savior.

All that loving parents, kind friends and medical skill could do to save her life was done, but human effort could not successfully cope with the disease that had fastened itself upon her. On the 15th of the month, in the family home, she yielded to the ravages of the "white plague" and her disembodied spirit returned to God who gave it.

Miss Velma was born Sept. 18, 1898, she was, therefore, twenty-one years, three months and twenty-seven days old at the time of her death.

The funeral was conducted by the writer and her body was tenderly laid away in the Big Valley cemetery. The large number of people attending the funeral and the profuse and beautiful floral offerings bore loving testimony to the esteem and affection in which she was held by the people among whom she lived.

As a daughter, Miss Velma was beautifully affectionate and obedient; as a friend, she was faithful and companionable; as a student, she was capable and ambitious; as a Christian, she was devout, consistent and useful.

She is gone, but not forgotten. She will be remembered for her congenial, cheerful disposition, for her beautiful life and faithfulness to every trust. She will be sadly missed by her many friends, the Big Valley Baptist Church of which she was an honored and useful member, but most of all by the home from which she was taken. But let us find comfort in the truth that the separation is only temporary.

Death is not an endless sleep. The dead in Christ shall rise.

"God's purposes will ripen fast, Unfolding every hour; The bud may have a bitter taste, But sweet will be the flower."
"Wherefore comfort one another with these words."
In loving sympathy,

COMMUNITY SINGING

A singing people is a happy people, a harmonious united people. Song is the highest expression of a kind heart and a cheerful being. It is a mark of courage, of optimism, of fortitude. It is a natural expression of childhood and youth.

The teachers of the singing school at the rural school house have been a greater factor in the civilization of this country than any of them knew. How many young people have been inspired to leadership in the country by association and song at the rural church or school house will never be known, but it is safe to say that the community has been united, the characters of men and women made stronger and better by the rural singing class.

There is no better inducement to attendance at the country church than congregational singing. Rural pastors generally realize this and are successful largely in proportion to the interest young people take in music, especially singing. Our soldier boys were taught and encouraged to sing in the camps and barracks to relieve monotony and inspire courage and determination. Thus the home ties and neighborhood associations were revived to inspire those who went to the front to save our country.

Singing should be revived in every rural community, not for sentiment and entertainment only, but for solidarity and for character building. There is no more sacred nor worshipful expression and no better protection to home and government than community singing.—Farm and Ranch.

A Change---Yet Not A Change!

WHILE the firm name of MCKINLEY BROS. & JONES has now been changed to W. L. JONES, the manner of conducting the business will not be changed. I came to Goldthwaite six years ago the first day of this month—a stranger—but now I am not a stranger. I feel that I have many substantial friends in Mills county and surrounding territory and to them I want to say that I have come to stay. What I have is here and this is my home. I want to thank each and every one for past patronage and I extend a cordial invitation to you to make my store your headquarters. You will at all times find a hearty welcome and I will do my best to keep what you want (the best is none too good for customers).

I am expecting at any time a car of PETER SCHUTTLER WAGONS, a car of J. I. CASE IMPLEMENTS, and you will find each department—DRY GOODS, GROCERIES, HARDWARE and LEATHER GOODS fully complete. The New Spring Goods are arriving daily. Call and see if we have not what you want. If not, make your wants known—we will be in the markets about Feb. 1 and will be only too glad to do our best for you.

Let us pull together and make 1920 the greatest year of our lives. Wishing you every success, I am,

Yours for everything better,

W. L. JONES.

DEATH'S VISIT

He was carried to Brownwood for an operation, but was beyond the surgeon's help when he reached that place. He leaves a wife and one child and other relatives, all of whom have the sympathy of all who know of their bereavement.

GOLDTHWAITE TESTIMONY

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Goldthwaite resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Goldthwaite recommendation! Then insist on having Doan's. You will know what you are getting:

W. M. Doggett, farmer, Goldthwaite, says: "I have used Doan's Kidney Pills off and on for a good many years. My back would cause me a lot of pain and the kidney secretions would be too free in passage at night. I think the trouble has always been brought on by too much bending over, for I do a lot of farming. I have derived wonderful benefit from Doan's Kidney Pills, which I get at Miller & Son's Drug Store."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Doggett had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (adv)
