DEMOCRATIC CALL.

Notice is hereby given and proclamation made that a precinct convention will be held in each voting precinct in Mills county on the first Saturday in May, 1920, the same being the first day of said month, for the purpose of selecting delegates to the county convention, which will in turn send delegates to the state convention to select delegates to the national convention. Said precinct conventions will be held at 2 o'clock p. m. at the usual voting place in said precinct and the Democratic chairman of said precinct shall preside. In case the precinct chairman should not be present or for any other cause should fail to serve the assembled voters are authorized to select a chairman for the meeting. None but qualified Democratic voters in the primary elections shall participate in said conventions and the chairman is required to make or have made a list of all persons participating in the convention, which list, together with names of delegates selected to the county convention, shall be forwarded to me.

A county convention is hereby called to convene in the court house in Goldthwaite on Tuesday, May 4, at 2 o'clock p. m., to select delegates to the state convention which will select delegates to the national Democratic convention. The county convention shall be composed of delegates from the precinct conventions of the county and shall be authorized to transact all business properly coming before the body, as well as select delegates to the state convention.

It is my desire that the ladies participate in these precinct conventions and the county convention and that they be given their just share of delegates to all conventions named. They are quali-

fied voters in primary elections and are, therefore, fully authorized to take part in the party's conventions and they should be especially interested in political affairs at this time.

JNO. W. ROBERTS,
Chairman Dem. Ex. Com., Mills County.

AMERICAN LEGION PLANS ARE PROGRESSING NICELY

The plans for establishing a local post of the American Legion here are rapidly assuming shape. A charter has been applied for, and almost every ex-soldier has expressed his willingness to join. The boys intend setting a date for a mass meeting in the near future, probably Saturday, the 24th of April, at the court house in the district court room if possible. At that time everything will be in readiness for organization. It is to the interest of every soldier who intends joining this worthy organization to be at this meeting and enter his name as a charter member. The American Legion will go down in history as one of the main factors in the steadying of peace conditions and about the only group of men who are at present standing steadfast for the rights of every class of people—the inviolate rights given American citizens by the United States Constitution.

The American Legion was not organized for political purposes, and never has mixed in politics—but it stands for right and fair play on several of the problems which have come before the United States people and has always done a great deal towards swinging the balance in the right direction.

The Eagle will be able to give the exact date of the proposed meeting and some other interesting information in its next issue.

KEEP IT UP.

One step won't take you very far,

One word won't tell folks who you are

You've got to keep on talking;

One inch won't make you very tall,

You've got to keep on growing;

One little "ad" won't do it all,

You've got to keep 'em going.

REPUBLICAN CALL.

Notice is hereby given and proclamation made that Republican Precinct conventions are to be held in each voting precinct of Mills county on the first Saturday in May, same being first day of May, for the purpose of electing delegates to the county convention, which is to be held in the court house at Goldthwaite on Tuesday, May fourth. At the county convention we will select delegates to the state convention and we wish to have all Republicans present at the precinct convention as well as all of those who wish to see a two-party election in the state of Texas.

None but Republican voters who have the principles of the Republican Party at heart can participate in these conventions, but we request all of those who are dissatisfied with the present administration and wish to see cleaner politics and more efficient officers elected, to be present and vote their sentiments.

The precinct conventions may be held at any time between the hours of 10 a. m. and 9 p. m. We respectfully request your attendance at the precinct primary.

R. F. McDERMOTT,
Chairman Republican Ex. Com., Mills County.

CHANCES FOR OIL AS SEEN FROM A DISINTERESTED VIEWPOINT

Goldthwaite is, in the estimation of nearly all its citizenship and a great many outsiders, the coming oil center of Texas. However, the facts upon which our people base their judgment are very slight indeed. That is, the absolutely established facts are. A reporter for the Eagle while rambling around the streets, picked up the following information—confidentially, however, just as that we published last week was confidential. Here we might state that the information we gave the people last week for what it was worth has proven true in so far as the fact that an oil well—with oil in it—was really brought in near Lometa.

As we were saying, while rambling around the streets, the reporter heard something like the following from four different individuals:

"There may not be oil in any other well in Mills county, but I am sure—have absolute proof that the well at Priddy has struck the pay sand."

"The big companies are only waiting until they can gobble all the land up and the darned government removes the income tax to open this field."

"It's a cinch we have oil here, and I wouldn't believe different if they sunk a well clear to China, and then reported a dry hole."

"That Wesson well on the Bayou sure has oil in it—take it from one who knows. I had a friend working there and he told me that they sure struck oil in paying quantities."

"If they strike oil in this county they will have to drill on the spot I am telling you about. Those geologists don't know any more about it than I do. They always pick the places where

there is no oil. The big companies have them bought off."

"Way back in '93 there was a well dug close to town here for water. And now I can prove this by a dozen men—they struck so much oil that they had to plug the well and drill another."

"Fellows, I know there is oil here—for this county is bound to be good for something."

It seems to be the general opinion, practically the universal opinion, that it is only a matter of time until this will be a producing field. The developments at present are practically at a standstill on account of various causes peculiar to the drilling of wildcat wells. But the indications for striking oil are pretty good, better than those of many a producing field today.

The Eagle will have a detailed report next issue of all the wells, to be drilled, drilling, and drilled, in the county, giving the probable reasons for abandoning, etc. We think there must be oil here, for we are like Abraham Lincoln in this particular: "You can fool all the people some of the time and some of the people all the time, but you can't fool all the people all the time."

BIG VALLEY.

(Intended for last week.)

Editor Eagle:

Since our last writing the Eagle has passed into other hands and we wish for it the success it has had for so long.

Health of this community is good at present.

A large crowd attended the Easter egg hunt and basket ball game at this place last Friday afternoon. A short program was rendered by the pupils of the school, after which Judge Weaver made an interesting talk. By this time all were eager for the egg hunt and the basket ball game. The school boys played the boys of the community. The score was 9 to 10 in favor of the outside boys. Interest was maintained throughout the entire program and the visitors expressed themselves as being well entertained.

Mr. and Mrs. W. S. Miller left Wednesday night for Brownwood, where they will visit Aaron Moore and family for a few days.

Mrs. J. L. Ratekin and son, Ewing, returned one day last week from a visit to relatives at Dallas.

The entertainment at the residence of Prof. Jesse Lee was enjoyed by many of the young people of this community last Friday evening.

Miss Myrtle Evans of Goldthwaite visited Miss Katie Bell Forehand last Friday and they attended the school entertainment at this place.

A number of the folks of this community attended the box supper at Rock Springs last Saturday night.

W. H. Roberts and wife of Mt. Olive visited Prof. L. H. Abdredge and family Sunday.

Mr. and Mrs. Joe Richie visited Robert Long and family Friday and attended the school entertainment.

Mrs. Eula Nichols, Mrs. J. W. Edlin and Miss Bessie Hutchings were among those who visited the school Friday.

Mr. and Mrs. Fay Reed are the proud parents of a fine son, Wallace Melvin, who arrived at their home last Friday.

The young folks of this community enjoyed the entertainment given at the home of Mr. R. M. Johnson last Saturday evening.

Mr. and Mrs. Dick Miller of Oregon are here for a visit to his mother and other relatives and friends, after an absence of thirty-one years.

Mrs. Harper of near Star is visiting her daughter, Mrs. Fannie Long, and family.

A. D. Baker has added his name to the Eagle's subscription list.

Mebane Cotton Seed for sale at my place in Goldthwaite, \$2 per bushel.--J. C. Fulton.

Edward Geeslin favored the Eagle with a renewal the first of the week.

Order bread, meat and sausage from the Meat Market and you will be pleased. (adv)

Dow Hudson came in from Temple Saturday night for a visit to relatives and friends.

Oscar Burns of Clifton was here the first of the week, visiting homefolks and friends.

If you have not used Cotton Cotton White.--Archer Grocery Company.

Miss Laura Street left Sunday night for Fort Worth to resume her studies at C. I. A., after a short visit here to homefolks.

We have connections allowing the outside price for cream. Let us prove it.--A. T. Clardy.

Will the man who last borrowed the buggy from the Jones Bros. gin return it at once? Another neighbor needs it.--D. D. Kemper.

White Leghorn eggs for setting 5c each, any quantity. Have incubator lots ready.--E. A. Obenhaus.

O. B. Caldwell of Temple was here the first of the week visiting his sister, Mrs. W. H. Trent, and meeting with his friends.

Good Ford For Sale--1917 model; everything in good shape. Cash or terms.--C. E. Strickland.

J. D. Nix, who lives in the North Brown community, made the Eagle a pleasant call the first of the week and had his name added to the subscription list. Mr. Nix says the roads in his community are in mighty good shape, better than they have been for many years.

TEACHERS OF TEXAS QUITTING FOR OTHER LINES OF WORK

A news dispatch from Austin last Saturday says: The general education committee met today in the office of Miss Annie Webb Blanton, State Superintendent of Public Instruction, and received reports from three sub-committees appointed at the last meeting of the main body. These reports were adopted. With reference to conditions at the University of Texas, it is stated that this year, even with the aid of a deficiency appropriation of \$61,000, the University was forced to spend from its income, which should be used for building purposes, \$183,139. "If it is to be run next year with fair efficiency," the committee reported, "an additional appropriation of \$220,000 will be necessary." The A. and M. College and its branches report that approximately 20 per cent of the employees have resigned since June 1, 1919. The percentage of enrollment at A. and M. has increased about 50 per cent over that of last year. The College of Industrial Arts at Denton reports that for the present session it has been forced to deny admission to 300 girls. The elementary public schools and high schools report even more trying conditions than are found in the colleges. Reports from 229 counties show a shortage of 754 teachers in rural districts. "At least 50,000 children of Texas have this year had no teacher at all. Complete reports would probably show an actual shortage of at least 2,000 teachers." Reports as to probable conditions for next year are still more alarming, it is said. Many teachers have already accepted positions in other lines of work, and others have expressed the intention of doing so at the close of the present session.

GOODYEAR TIRE AND RUBBER CO. OPERATE RIM AND WHEEL PLANT

In line with its policy of expansion, the Goodyear Tire and Rubber Company has started construction of a rim and wheel plant at Akron, to have a capacity of 10,000 rims and wheels a day. The new factory will be a one-story brick and steel structure 250 feet wide and 600 feet long and will accommodate 500 workmen. Steel for the structure is arriving daily and a large part of the rim making machinery, for which contracts were let some months ago, has arrived on the ground. The new plant will be built on a portion of 200 acres located on the Baltimore & Ohio Railway, so that it will have ample railroad transportation facilities.

It is expected that the new rim factory will be completed about July 1st, at which time the present rim department of 600 daily capacity, will move into the new building.

The remainder of the 200 acres will be used for storage warehouses and for the erection of large cantonment buildings, similar to those used by the United States Government at Camp Sherman, Chillicothe, Ohio, for the training of soldiers. Twelve cantonment buildings will be used as sleeping quarters, each building to accommodate 80 men. Other buildings will be used as kitchens, dining rooms and recreation halls. It is expected that these cantonments, built to house 1,000 men, will be ready for occupancy June 1st.

The new rim plant and cantonments will be of the latest type of construction and when completed will give Goodyear one of the most modern rim plants in the country.

ENTERTAINED.

Monday afternoon, March 29, Mrs. T. A. Lampton entertained the Woman's Missionary Society of the Presbyterian church and a few other guests. Our hostess had prepared several contests that were instructive and highly appreciated by all. Thelma Linkenhoger proved to be the best artist in the drawing contest.

Dainty and delicious refreshments were served.

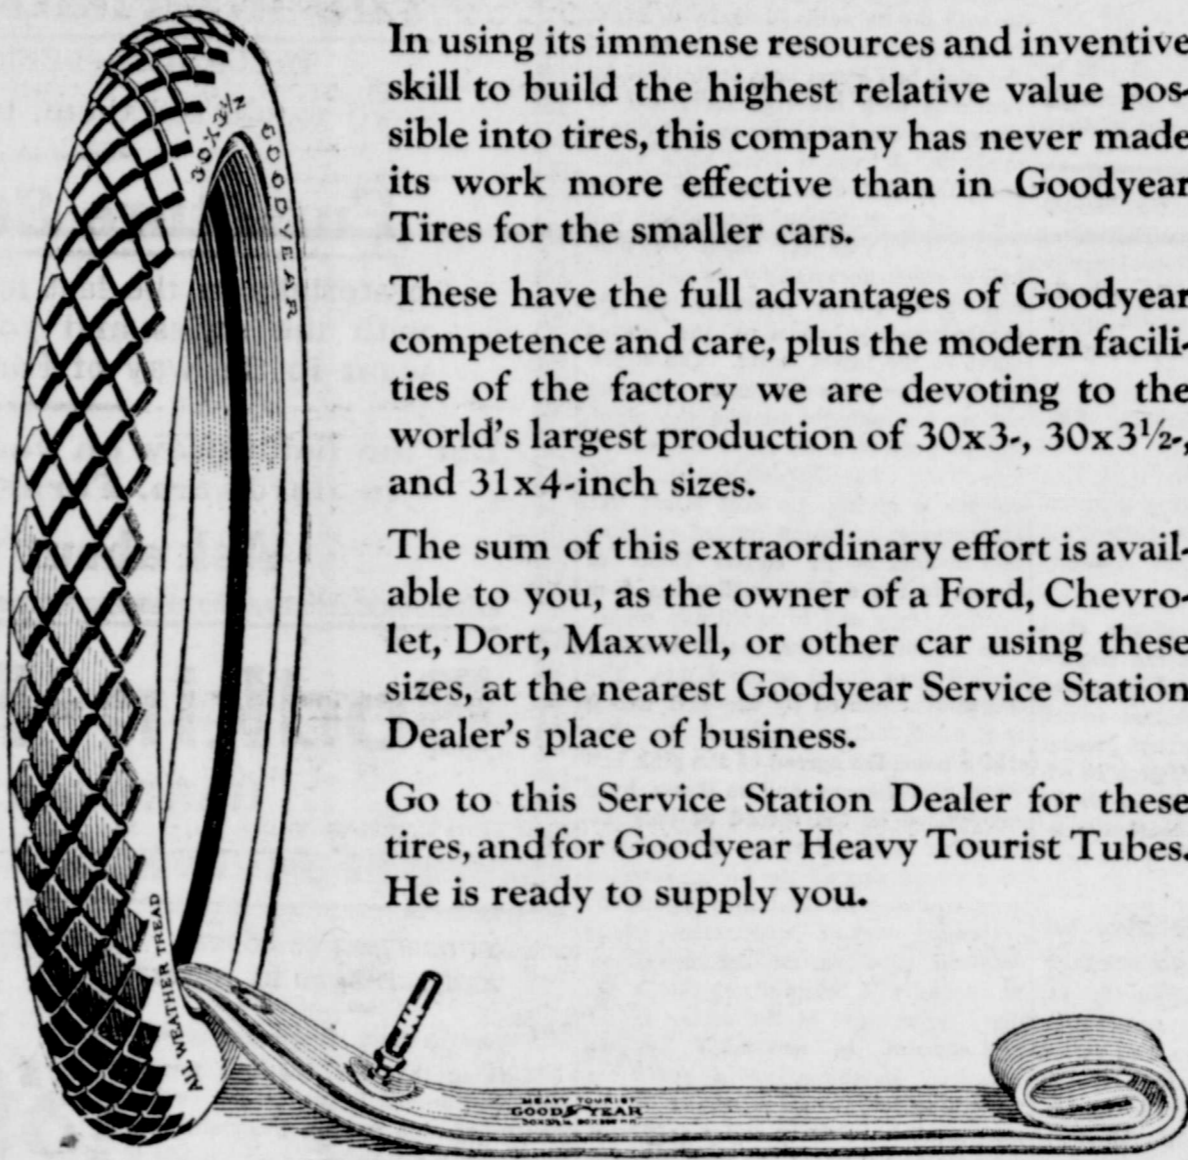

So noble and so grand was our entertainer that it was hard for us to take our departure when the time came to say good-bye.

Each of us hope that it will not be long before we can have the pleasure of again enjoying this same hospitality.

Those present were: Mesdames McClain, McGirk, Steen, Drennon, Harrison, Henderson, Hudson, Jones, Linkenhoger and Johnston; Misses Lillian and Lucile Henderson, Rosa and Mattie Johnston, Thelma Linkenhoger, Roxie Jones and Joy Puckett. XXXX.

Tires for the Smaller Cars— Built With Goodyear Methods

In using its immense resources and inventive skill to build the highest relative value possible into tires, this company has never made its work more effective than in Goodyear Tires for the smaller cars.

These have the full advantages of Goodyear competence and care, plus the modern facilities of the factory we are devoting to the world's largest production of 30x3-, 30x3½-, and 31x4-inch sizes.

The sum of this extraordinary effort is available to you, as the owner of a Ford, Chevrolet, Dort, Maxwell, or other car using these sizes, at the nearest Goodyear Service Station Dealer's place of business.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He is ready to supply you.

30x 3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50
30x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x 3½ size in water- proof bag \$4.50

CITATION

The State of Texas
To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to summon C. Rowlett, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the first Monday in May, A. D. 1920, the same being the third day of May, A. D. 1920, then and there to answer a petition filed in said Court on the 25th day of March, A. D. 1920, in a suit numbered on the docket of said Court No. 1908, wherein Letha Rowlett is plaintiff, and C. Rowlett is defendant and said petition alleging substantially as follows:

Plaintiff represents to the Court that she is a bona fide inhabitant of the State of Texas, and has resided in the County of Mills for at least six months next preceding the filing of this suit, and has resided in the State of Texas, more than twelve months next preceding the filing of this suit; that on or about the 21st day of April, 1918, in the County of Mills and State of Texas, plaintiff was lawfully married to defendant, then a single man by name of C. Rowlett, that they continued to live together as husband and wife until on or about 14th day of July, 1919, when by reason of the cruel and harsh treatment and improper conduct of defendant towards plaintiff, she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and wife. Plaintiff alleges that on or about May 30th, 1919, defendant began to pay his respects to other women and to meet with other women and to dine with them at public cafes and hotels and was guilty of acts of infidelity towards his then said wife, the plaintiff herein, and that when this plaintiff remonstrated with her said husband, he said he would live with any woman he saw fit to choose and said he never expected to live true to any woman. Plaintiff alleges that defendant's actions and conduct towards her generally are of such nature as to

render their further living together as husband and wife insupportable, wherefore, premises considered, plaintiff prays the Court that defendant be cited by publication as is required by law to appear and answer herein and for judgment dissolving said marriage relations, for cost of suit and for such other and further relief, special and general as she may justly be entitled to in law and equity.

Herein Fail Not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you executed the same.

Witness, Etta Keel, Clerk of the District Court of Mills County.

Given under my hand and the seal of said Court, at office in Goldthwaite, Texas, this the 25th day of March, A. D. 1920.
(Seal) ETTA KEEL,
Clerk District Court, Mills County Texas.

CITATION

The State of Texas
To the Sheriff or any Constable of Mills County, Greeting:

Oath having been made as required by law, you are hereby commanded to summon B. A. Williams, A. M. Williams and Homer Malone by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in the town of Goldthwaite, on the ninth Monday after the first Monday in March, the same being the 3rd day of May, A. D. 1920, then and there to answer a petition filed in said court on the 23rd day of March, A. D. 1920, in a suit numbered on the docket of said Court No. 1906 wherein John Williams, Henry Williams, Ben Williams, Jas. R. Williams, Mrs. Ollie Cryer and husband, T. W. Cryer, Luther Williams and M. H. Malone are plaintiffs, and Marion Williams, B. A. Williams, A. M. Williams, Homer Malone, Walter Malone, Mrs. Mittie Myers and husband, W. B.

Myers, Beulah Malone, Viola Malone, Georgia James, Monroe James, Winifred James and Alva James are defendants, and said petition alleging substantially as follows to-wit:

Plaintiffs allege that the plaintiffs and defendants are the owners in fee simple of 100 acres of land out of the north part of the R. G. Armstrong 369 acre survey in Mills County, Texas, and the west one-half (1-2) of the W. C. Blair survey of 320 acres Patent No. 146, Vol. 8, dated June 12, 1871 in Mills County, Texas, and the H. M. McEndree 160 acre survey in Mills County, Texas, patented to H. M. McEndree by patent No. 601, Vol. 19, dated June 24, 1887; that the said land is not susceptible of a fair and equitable partition in kind. Wherefore, they pray that the defendants be cited to appear and answer this petition, and that on trial hereof they have judgment partitioning and dividing the said land between the plaintiffs and the defendants as their interests may appear, and if the court finds that the said land is not susceptible of an equitable partition in kind, that a receiver be appointed to sell the said land at private sale for the best price and terms he can obtain therefor, and report his action to the court for ratification and confirmation, etc.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.

Witness: Etta Keel, Clerk of the District Court of Mills County,

Given under my hand and the seal of said Court at office in Goldthwaite, this the 23rd day of March, A. D. 1920.

The State Board of Education has authorized the issuance during the present scholastic year of an additional apportionment of \$1 to the public schools. This makes the total per capita apportionment for the year \$8.50, the highest in the history of the state.

A dispatch from Birmingham, Ala., says: While Birmingham's "overall club," organized to combat the high cost of clothing, was working overtime today listing new members, dealers advanced the price of overall trousers from \$2 to \$6 a pair.

The United States Bituminous Coal Commission, which settled the dispute between soft coal miners and operators, declared in a formal statement issued at Washington this week that present prices of bituminous coal "were in excess of" and "out of all relation to the increase in the cost of production caused by higher wages granted by the commission."

The State of Sonora, Mexico, last Saturday night severed relations with the Mexican Federal Government, according to official telegrams. The State authorities of Sonora had called upon President Carranza to halt the mobilization of federal troops within Sonora. They charged the Mexican President with plotting to establish a military dictatorship in the state and take over the state government. It had been openly charged this was a plot against the presidential candidacy of General Obregon. Carranza answered the state authorities that he had no such intention, but that the troops were being ordered to Sonora for the general welfare of the country. The State Congress at Hermosillo, Sonora, in a secret session which lasted all night voted to resist with armed forces any attempt of the Carranza government of Mexico to send troops into the state.

Texas is essentially an agricultural state. The farmer needs capital and the banker needs customers. The Banker-Farmer meeting to be held at College Station, Texas, April 20 and 21, is a movement inaugurated by the Texas Bankers' Association for the purpose of taking their farmer friends to the State Agricultural College with the intent of learning something of what improved agricultural methods mean to any community, as well as impressing upon the banker the advisability of financing the farmers so that they will be enabled to adopt the practices most valuable in each section, thus promoting prosperity. Prosperous farmers means prosperous bankers. An interesting and instructive program has been prepared, while rates of one and one-half round trip fares have been provided. Talk to your banker or county agent about the trip. You can not afford to miss this opportunity.

During these times of high prices every citizen of Mills county should read carefully every advertisement in the Eagle each week. Ninety per cent of the ladies read the advertising news in papers regularly, but only thirty per cent of the men read them unless they contemplate purchases, it has been ascertained by advertising clubs in Texas. Goldthwaite merchants are keeping the prices down on all lines of merchandise as much as is possible. Goldthwaite has long been one of the best markets in this part of Texas for all kinds of farm products. Prices of the necessities of life are cheaper now in Goldthwaite than in many other sections of the state. Goldthwaite merchants pay for their advertisements in the Eagle in order to give their customers the benefit of all the store news. All thrifty persons should read the advertisements carefully, particularly at this time. They will constantly find in the advertising columns lines of goods which merchants are selling at relatively low prices in order to keep their stocks cleaned up.

A statement concerning the pink boll worm situation in Texas issued by Governor Hobby says: "A federal quarantine against Texas cotton and cotton products has been averted and the damaging results of such a quarantine, not only to the cotton interests but to the general business interests of Texas, could have been calculated only in millions. Several states, whose purchases of cotton from Texas are small, have established quarantines, but the danger to the commerce of Texas from action as applied by other states has been removed, in view of the agreement the Federal Horticultural Board entered into with me to work jointly with Texas in a vigorous effort to stamp out the pink boll worm pest, instead of interfering with the free movement of the cotton crop of Texas and all cotton products. I have received some assurance, too, that even the few states which have established quarantines will take steps to withdraw them. The pink boll worm is accepted by entomologists and by the public generally as the greatest enemy known to the cotton plant in the insect world. The slightest infection calls for most vigorous action, not only to protect the plant, but to prevent a tie-up of the state's commerce. The Department of Agriculture is giving the best talent and the greatest attention toward resisting this invader in the cotton fields of Texas, to the end of eradicating it in its incipiency and to avoid any repetition of ravages like the boll weevil visited upon Texas cotton fields. The destruction caused by the boll weevil is a small matter compared to that which a smaller spread of the pink boll worm would cause, and as shown by a comparison of the spread of both infestation in cotton areas. A noncotton zone, comprising all the known infested area, and zone of five miles beyond the outermost point of infestation, where cotton may be grown under such observation as will bring about the immediate destruction of the cotton if the bug appears, is considered by the Board of Entomologists a sufficient protection to prevent a spread of the pest to other territory and a sufficient measure to eradicate the pest in territory where it has appeared."

Nearly two-thirds of our export boom is in the products of farm, field, and forest and the cream of the European business has come to America because we are able to supply capital and credits. Because of this abnormal foreign demand, visible supplies of farm products were so reduced here as to send prices skyrocketing. So great has been the rise in price that although the aggregate quality of our crops will hardly be larger than before the war, the aggregate value will be about 16,000,000 as compared with 5,000,000 before the war. As if Divine Providence created good luck just to give it to the farmer, the business went to him while the other fellow supplied the capital. Our government got money to advance to Europe for the purchase of supplies here through imposing war loans and taxes upon our people, and the farmers paid less than ten per cent of these loans and taxes. Of the increase in export trade, however, they are getting the benefit of about 61.5 per cent.—Exchange.

The Eagle has, on account of the scarcity of print paper, been forced to set its news matter in smaller type recently than has formerly been the policy of the paper. The Eagle has been forced to do this in order to get its news in the least number of pages possible. The price of paper is over five times as high as a few years ago, but even at this price it can not be had. Newspapers all over the country have been forced to suspend publication for several issues on account of not having sufficient paper. We ordered five kinds of paper and a barrel of printers' ink from a jobber last week. We wrote them a letter yesterday thanking them for the ink.

Heavy and constantly increasing demands for Mexican laborers have absorbed the previously existing surplus in border counties and created a near shortage, according to information obtained by the agricultural department of the Texas Chamber of Commerce. More than 1,000 Mexicans have been ordered by members of the chamber, it is announced. The Texas Chamber of Commerce is acting as a clearing house in this situation.

The Congress of Salvador has adopted a decree proposing the creation of a Latin-American court of arbitration with the United States excluded, says a press dispatch. This came about after a study of the State Department's interpretation of the Monroe doctrine, sent several weeks ago. Copies of the decree have been sent to the Central and South American republics.

COTTON GROWERS OF SOUTH ARE DEFENDED BY ASWELL

A dispatch from Washington says: Warning that the Southern farmer will not consent longer to toil twelve months of each year in the production of cotton for which he can not get a fair price was given today by Representative Aswell of Louisiana, speaking in the House.

"If he is not permitted to grow cotton at a profit," Mr. Aswell said, "the world problem of the future will not be how to get cheap cotton, but the question of the cotton mills and the consumer will be how to get cotton at any price."

For fifty years, Mr. Aswell said, the Southern farmer has received less than one-half the actual cost of producing cotton, with the result that his family have been "slaves," his children toiling in the fields when they should have been at school. And yet it has been charged by the press of New England and of Europe, the speaker continued, that the cotton land owners were making excessive profits, as shown by the tremendous increase of deposits in Southern banks.

"These critics," Mr. Aswell said, are evidently ignorant of the fact that, owing to the rich and versatile soils of the South, with its wealth of sunshine and climate, the cotton crops produced last year only one-fifth of the \$10,000,000,000 of revenues derived from the Southern farms. If the South, deprived of its timber, oil and minerals, under the cost and scarcity of labor, were today compelled to grow cotton exclusively, even at prices that now prevail, its bank deposits would disappear and bankruptcy would inevitably follow."

Mr. Aswell quoted the department of agriculture to show that the average cost of producing cotton in 1918 was 35.5c per pound as compared with a price of \$28.75. Production costs in 1919 increased, he said, to at least 44c, while the price went up to only 31.2c. He quoted prices paid by mills to show that the cost of the staple to the spinners was \$220,600,000 more than received by the farmers and declared the cotton producer received a smaller share of the profits from his work than any other farmer in the world.

Mr. Aswell gave instances of price increases in other commodities to show that the price of cotton had advanced much less proportionately as compared with potash, leather and tin plate, and called attention particularly to a recent stock dividend of 100 per cent by a New England cotton mill. He charged English mills with making enormous profits out of American cotton and with disseminating propaganda, like the mills of New England, intended to stampede the Southern farmers into accepting a lower price for his staple.

**SON OF FORMER GOLDTHWAITE
CITIZEN KILLED AT KILLEEN**

Killeen, Texas, April 12.—Floyd Cannon, 21, of this city was shot and killed here about noon today. Mont Ray, 48, formerly of Killeen but now of Archer City is in a Temple surgical institution where he was rushed following a pistol duel between the two men on the main street of the town.

Three years ago this month, April 4, 1917, W. Cannon, father of the victim of today's affray, was killed in a shooting on the streets of Killeen and John Blair, city marshal, died soon afterward from wounds accidentally received then. Mont Ray was acquitted in connection with this double killing.

Ray is said to have arrived from Archer City, his present home, yesterday afternoon and the two men met today shortly after the noon hour in front of the First State Bank building. Cannon died before witnesses reached him. He received three wounds, one in the abdomen, another in the mouth, penetrating his brain and the other splintering his right arm. Ray was hit in the abdomen and right lung. He was taken to Temple for medical attention immediately following the accident.

The mother of Cannon and the wife of Ray have both been in a Temple surgical institution for some time and Ray is now in the same institution.

Reports from the bedside of Mont Ray at a local surgical institution last night were that he had a chance to survive though in a critical condition. A bullet was removed from his chest and the intestinal wound dressed. Ray was conscious when brought to the hospital and was able to talk last night. —Temple Telegram.

W. Cannon, who was killed at Killeen on April 4, 1917, at the time City Marshal Blair was killed, formerly lived in Mills county. He moved from here when Floyd Cannon was a small boy. They are both kindly remembered by many Mills county citizens, who deplore their tragic death. The mother has our heartfelt sympathy in her trying condition.

Mr. Lansford recently returned from California, where he visited his niece, Mrs. Ella Scroggins, who is in the grocery business at Los Angeles. He also visited his nephew, Clyde Miny, at Long Beach, a city of 100,000 population. Mr. Lansford spoke in high praise of the people of California and of the state in general.

B. L. Leonard of Big Valley made the Eagle a call Tuesday. Mr. Leonard says prospects are good for the coming crop year, although the Easter freeze did some damage to the fruit crop, the extent of which can not now be determined. He said Commissioner J. T. Bledsoe has been doing some good road work on the Goldthwaite-Big Valley road recently, putting in drainage and filling up the low places which were almost impassable the last winter. The Big Valley road now is in good condition, Mr. Leonard said. He set the date of his subscription to the Eagle up a year while here.

**FLORIDA WOMAN TELLS
WHAT ENDED HER FIVE
YEARS OF SUFFERING**

Mrs. Marietta Wooten Had Tried All Kinds of Treatments Without Deriving the Least Benefit.

"After suffering for five years and trying all sorts of treatments and medicines, Tanlac is the only thing that ever did me any good," said Mrs. Marietta Wooten, 1024 Fifteenth street, Tampa, Fla.

For the past five years I had been troubled with a severe pain in my left side. My food disagreed with me, and gas would form on my stomach, causing the pain in my side to get a great deal worse, which often was so severe I was compelled to remain in bed for days at a time. Finally I got so I just dreaded to eat, and ate as little as possible, on account of the extreme suffering and pain it always caused me. I was so nervous I could get but little sleep and always got up in the mornings feeling deathly sick and so weak I would tremble like a leaf and hardly able to move.

"My attention was called to Tanlac by statements of people I knew right here in Tampa, who said they had been greatly benefited by it, and I decided to try it myself. I realized after taking the first few doses I had at last found the right medicine for my troubles. So I continued taking it and continued to improve until now I am entirely free of that terrible pain in my side. I eat heartily, can eat anything I want and never have a sign of gas or any other trouble afterward. My nerves are in good condition, I sleep well and always get up feeling greatly rested. I can stand on my feet as long I please without its tiring me and can do my housework with the greatest ease. After what Tanlac has done for me it is a real pleasure for me to recommend it to others."

Tanlac is sold in all leading drug stores. (Adv.)

BAILEY CRITICIZES ACTS OF THE TEXAS LEGISLATURE

Palestine, April 10.—An audience of 100 in the auditorium at the Lincoln Park this afternoon heard Senator Bailey speak. He was introduced by Attorney Johnson, a leading member of the Legislature. Bailey spoke for more than an hour to the crowd of 100, among whom were many of the women of the city. He took a vote on whether the Legislature should adapt woman suffrage after the people had voted on it, one of the resolutions of the Legislature more than 100 were raised against it. Mr. Bailey said the vote of 1906 against woman suffrage. He also declared that when the senatorial campaign begins he will what he has done in the years of his two years in Congress. He said that in his two years in Congress he could not find one vote of that was not in accordance with the principles of democracy. The senator arrived here this morning on the same train that brought President Marshall, who broke here, but the two did not travel together. Mr. Bailey was a guest in the home of Mayor Bowers and the day held an informal reception meeting many old personal friends. He was very mild in his speech, only mentioning the name of Governor Campbell, who is opposing him, one time, saying the senator was supporting "Billie Bryan" President and appeared to be about only one who was. He was severe in his criticism of Woodrow Wilson, calling him a "chick-a-do." He goes to Houston tomorrow where he will speak Monday.

Montgomery, Alabama, Advertiser, commenting on the candidacy of Senator Bailey says: "A conspicuous weakness in the program is that it calls bluntly for the repudiation of the Democrats of the Wilson administration. If Texas party delegates will stand in a block against the administration at San Francisco could mean a split in the party; it will place the party in an impossible position. It would be most unfortunate if just for the party to 'repudiate' the administration, and it has no intention of doing so."

Good friend, Miss Waker, of the community wrote me a long letter this week saying his political mind is general, together some terse statements about Texas. It was a personal letter or he might publish it. We guessed Miss might not want it to get out that he had quit the administration and joined the "American Party," we refrained from writing him, although we were glad to do so. Watch out or next week we might "let the cat out of the bag." Miss smoothed things over by writing for Mills County's big so we let him off this time.

U. S. SENATOR CULBERSON ENDORSES ADMINISTRATION

Dallas, Texas, April 10.—United States Senator Charles A. Culberson of Texas strongly endorses the National Democratic administration and says a favorable delegation to the party's convention in San Francisco should be elected.

Writing from Washington under date of April 6, to Chairman Clyde A. Sweeton of the Democratic Administration Executive committee, the Senator said: "I believe the conduct of the National Democratic Administration should be approved and delegates to the San Francisco convention from Texas favorable to such action should be selected."

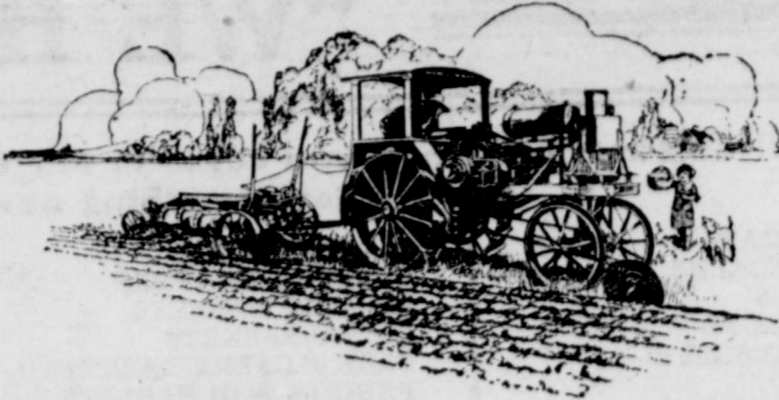

"At the Baltimore convention of 1912 Woodrow Wilson was nominated for president largely through the influence and efforts of the Texas delegation to that convention, and the democracy of the state feels a natural and just pride in his election and the splendid achievements of the government under his leadership. The course of his first administration was not only approved by the democracy of Texas, but he was unanimously renominated at St. Louis in 1916 by the National Democracy. He is the only man born and reared in the South who has been elected president since Zachary Taylor, and the only Democrat from whatever section of the Union who has been successively elected president for two terms since Andrew Jackson.

"Aside from these considerations, when we turn to the accomplishments of his administration, our duty as Democrats to endorse him is plain. Among the most notable of these governmental achievements are the downward revision of the tariff, and income tax law, the Clayton Anti-Trust Act, the Federal Trade Commission Act, the Farm Loan Act, the Federal Reserve Act, the Eight Hour Law, and the Good Roads Law. In truth, in great constructive legislation his administration challenges comparison with any in our history.

"His conduct of the recent war with Germany was masterful. With consummate ability and skill he organized the material resources and man power of the nation in the greatest war known to mankind, and at the peace conference in Paris, which concluded the great victory, he stood the foremost man in all the world."

The Roscoe Times asks: "What kind of a 'Democratic' gathering is it that would feel insulted by a shout of approval of the great head of the Democratic party?" And the Snyder Signal answers: "Just the Bailey kind."

Says the Gainesville Daily Hesperian of March 28 in commenting on the pro administration mass meeting there: "It was a Wilson crowd from start to finish, and judging from the enthusiasm of the crowd it looks like Wilson will get the endorsement of Cooke County in the May primaries by an overwhelming majority."

Makes Motor Farming a Success on 50 Acres or Less

Here is the Tractor that makes motor farming a success on any size farm—the AVERY 5-10 H. P. Model B Tractor. We also sell the larger sizes.

"It's one of the handiest things I have on my farm," said one Avery owner, and he went on to say, "for it takes the place of a couple of my teams and does the work quicker, cheaper and better."

Sells at a very low price—in fact is the lowest priced Tractor built. Though low in price it's high in quality. Just the little Tractor you need for doing the plowing, discing, harrowing, etc., on a small farm of 50 acres or less or the lighter work on large farms. Equipped with a first-class belt pulley at a slight additional expense it will drive a small silo, feed grinder, pump, saw mill, etc.

Come in and let us show you this sturdy little Avery that makes power farming a success even on the smallest farm. Ask for circular on the Avery 5-10 H. P. Model B Tractor.

Plaintiff prays for partition and division of said land, in such manner and in such portions, as the respective parties may show themselves entitled to, and for general and special relief.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

THE GOLDTHWAITE EAGLE

SATURDAY, APRIL 17, 1920.

If you have a news item give it to the Eagle—it is screaming for news.

Good work shirts at \$1.25.—Yarborough's Cash Store.

The Primrose Cream Separator positively gets out 99 per cent of the butter fat.—Bodkin-Fairman Co.

E. M. Page, who lives in the Live Oak community, made the Eagle an appreciated call last Saturday. Mr. Page said some farmers in his community were busy this week replanting corn.

Prepare now to own a home. Barnes & McCullough sell everything to build anything. (adv)

Order bread, meat and sausage from the Meat Market and you will be pleased. (adv)

Ollie White, who was formerly one of the owners of the White Bros. garage here, was in town Monday on his way to San Saba. Mr. White and his uncle are establishing a new garage at that place.

Don't forget to tell the grocer to bring you a nice roast from the Market. (adv)

The cream station on the west side of the square is paying the top price for cream.—A. T. Clardy.

Ben Long of the Big Valley community made the Eagle a call Saturday. Mr. Long says the Big Valley roads are a great deal better and that the commissioners are rapidly putting them in first class condition.

We buy, raise and sell fur-bearing rabbits, and other fur-bearing animals. List what you have with us, stating your lowest prices on large lot shipments. The Fur and Specialty Farming Co., 515-517 N. P. Ave., Fargo, N. Dak. 4-24

W. M. Sparkman of the North Brown community, one of the county's prosperous farmers, was a caller at the Eagle office last Saturday. Mr. Sparkman says the roads in his community are getting in good shape again.

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Sold by R. E. Clements.—Adv.

NEWS PRINT SCARCITY SERIOUS OVER COUNTRY

(Dallas News.)

The size of last Sunday's News was about twenty-five pages less than it should have been to accommodate available news matter and advertising. Yesterday morning's News consisted of ten pages. Due consideration to the same factors in newspaper making would have been about eighteen pages.

The reason for this sharp reduction in size is the acute shortage of news print paper supplies. These supplies are short, primarily, because of strikes which have tied up transportation lines or slowed them down very materially. It is extremely difficult to get deliveries. Until some time as conditions improve the News will be forced, very much against its desire, to materially reduce the size of its issues.

Conditions are the same in all parts of the United States. Everywhere they are forced to leave out both news items and advertisements. Last Sunday's News contained a dispatch announcing that the New York Sun, one of the great afternoon papers of the country, had decided to cut its issues to twelve pages, as against a normal of eighteen to forty pages.

Last Sunday the Kansas City Star published this notice: "Due to the switchmen's strike at Kansas City and at other railroad points and the resulting shortage of white paper, it has been necessary for the Star to reduce the size of its Sunday paper today. Until the situation ceases not more than three columns of advertising can be allotted any advertiser, and while it continues the Star asks its advertising patrons to reduce their demands to the minimum."

BANKER-FARMER MEETING.

A bulletin from College Station says: The Banker-Farmer meeting will be held at College Station April 20 and 21, with the object of the bankers and farmers making a study of improved agriculture and learning how advanced cultural methods and better livestock and feeding may be used most effectively in each community. In this manner it is hoped that the banker may learn the advantages of such practices and encourage same by financing the farmers so that they may put them into practice, while the farmer may learn something of what is lacking in his system of farm management, and by the assistance which the banker can lend him be induced to adopt such changes as may prove beneficial in his particular circumstances. It is a co-operative movement for bringing the farmer and banker closer together for mutual assistance in improved agriculture since all wealth comes from the soil. The banker needs the farmer and the farmer needs the banker and this furnishes an opportunity for both to learn how co-operation may result in improving agriculture and thereby improving the community. The program for the two days has been made exceptionally interesting and instructive to all concerned and should prove exceedingly valuable to any group of bankers and farmers in community upbuilding. Talk to your banker or county agent about it. You can not afford to miss the opportunity. Cheap rates have been provided.

Will trade stock in oil companies for oil leases anywhere in Mills county, paying \$2 for lease and \$1 per acre rental. See me for particulars or phone.—J. V. Cockrum.

T. E. HAMILTON SAYS STAR TRADE IS GOING ELSEWHERE

T. E. Hamilton, a leading business man of Star, added his name to the Eagle's growing list Wednesday while in town. Mr. Hamilton says the roads between this place and Star are passable at present, but let it come a rainy spell—well. He thinks that the time to build roads is right now, while they are dry and so that they will be in condition to carry the heavy traffic this fall. Mr. Hamilton says he personally spent over two hundred dollars last fall repairing the roads, and lost several hundred dollars on account of his staff spoiling before he could get it to the railroad. He is for good roads any way we can get them. He suggests that if the county would vote a \$200,000 road bond issue for forty years the Federal and State aid would give us \$375,000 to spend on the roads of the county. In that way Mills county, with the best road-building material in Texas, could have roads—real roads. Furthermore, he says that the greater percentage of the Star and vicinity trade is going to other places because the other places have roads. Star community is one of the richest portions of the county and Goldthwaite is losing out by letting this trade get away from them.

Mr. and Mrs. Bedford Renfro of near Shaw Bend left for Temple last Saturday night, taking their little boy about twelve years old to a sanitarium, perhaps to be operated on for appendicitis.

J. W. Edwards of the Commercial Hotel returned Wednesday from a four-day trip to Lampasas somewhat despondent and our solicitude as to the cause revealed the fact that he is forced to sit around and watch his patrons enjoy the freedom of a loaded table while he will have to confine himself to mush, soup, milk, etc., etc. He is going through the evolution necessary to "cutting" that third set of teeth.

If you wish to know the attitude of enjoyment of those who attended the convention singers song service at the Baptist church Monday night just ask little Geretta Little, for we know that the "Sand Man's" efforts would have been in vain as long as the singing continued. We enjoyed it, too, Geretta.

Our mind flits back to the front of the Olympic Theatre in New York and "Patti on the stage" when we try to pass along the downtown streets. They have the latest improved "Upright Grand" in the phonograph kingdom. The names? Well, just go around and hear them and you will go back and get the wheel barrow—they will certainly relieve daughter of the drudgery of piano lessons and she will become more beautiful every day. That sweet, relaxing and soothing influence of the most delightful music can not be excelled by the—fix on the name, it's stem-winder, fully adjusted and guaranteed.

It's go and come—come and go; yet we have not seen anything brought back on the fish line except the pole—some do not get back with it. Too busy to fish.

Our service car men say business is getting so dull that they are afraid one of them will go into matrimony.

Goldthwaite people showed their appreciation of music by a full house Monday night at the Baptist church.

W. O. Bernard, the genial floor manager and Genl. Supt. of the Evans Mattress Mfg. Co., was a flying business visitor to Lampasas late Monday.

Pleasing news reaches us that Mrs. Nettie Paine, (near Star), who has been death's door almost for the past two months, is recovering and is able to stir around a little. Her many friends will be pleased to hear this. Mrs. John Hunt, a daughter, who has been with her during her illness, has returned to her home.

We know Mrs. Oltroggie has recovered from that painful attack of rheumatism by the "good meal" smile on her boarders' faces.

SOME COUNTY LIBRARY TO GET 1,000 BOOKS FREE

The first county in Texas having no city with an excess of 20,000 population to organize a county library and provide at least 1,000 books for itself will be given outright 1000 books by the State Librarian.

The law authorizes the county commissioners to establish a library on its own initiative. If you have a good book or books which you would like to donate to the county library, phone Judge Weaver of Mrs. Walter Fairman, District Chairman of Library Extension.

There is not a home in the county which hasn't a few books that would be good for this library and which are of no use to the owners. The county needs a library and needs it badly. Let every one take it on himself, immediately, to gather these books and either bring them in or phone the proper parties. If you are in doubt as to whether the books you have are useful for this purpose, phone Mrs. Walter Fairman or Judge Weaver.

About two hours were spent in merry chat and needle work, after which we were served with delicious ice cream and home baked white and yellow cakes. We welcome as new members with us Mesdames McKinley and McCullough. Club adjourned to meet Friday, April 23, with Mrs. J. C. Faulkner. REPORTER.

News received from Des Moines, New Mexico, by the Eagle this week states Mr. and Mrs. J. W. Hill arrived in Des Moines early Monday morning on the heels of a big snow storm. Mr. and Mrs. Hill left Goldthwaite last Saturday night for New Mexico and will return here to spend the winter. The report received by the Eagle states the farmers around the Des Moines section of New Mexico are expecting a bumper wheat crop this year.

If you have a news item give it to the Eagle—it is screaming for news.

DR. HARDY DELIVERED ADDRESS AT BAPTIST CHURCH ON SUNDAY

Dr. Hardy, president of Baylor Female College, delivered two very interesting addresses at the Baptist church here Sunday and Sunday night. At both times the church auditorium was packed to capacity and the speeches were well received.

Mrs. W. M. Johnston returned from Temple Wednesday night, where she had been attending her daughter, Miss Mattie Johnston, who recently underwent an operation for appendicitis in a Temple sanitarium. Miss Mattie desires her friends to know she is doing nicely and having a good time in the sanitarium, but says she would rather be in the clerk's office in Goldthwaite.

CITY FEDERATION MEETING.

The City Federation of Women's Clubs met at the court house Wednesday afternoon. Mrs. Monroe Fletcher was elected recording secretary. Mrs. Henry Morris was elected corresponding secretary. Constitution and by-laws adopted.

JUNIOR EPWORTH LEAGUE.

Last Sunday afternoon there was organized at the Methodist church a Junior Epworth League, with an encouraging membership for a beginning. The following were elected officers: Clyde Hearne, pres.; Kate Hearne, 1st vice pres.; Helen Fletcher, 2nd vice pres.; Henry Taff, secy.; Clyde Bayley, treas.; Virgie Morris, reporter.

Membership in the League is open to young people between the ages of ten and sixteen and it is hoped that all the young folks within these years will "join up." The League meets every Sunday afternoon in the church at 3:30. X X.

BAPTIST RALLY AT STAR.

Beginning Friday, April 9, and extending over the week-end, there was a Baptist rally at Star. During the entire time there were good crowds at the meeting.

The pastors conducting the rally were:

SHERIFF'S NOTICE OF ELECTION.

The State of Texas—County of Mills. Notice is hereby given that an election will be held on the 11th day of May, 1920, at Ebony School House in Common School District No. 53 of this county as established by order of the Commissioners Court of date May 16th, 1913, and recorded in Book 4, page 173, of the minutes of said court, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding 50 cents on the \$100 valuation of taxable property in said district for said purpose.

R. M. Haynes has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same, and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property tax payers in said district shall be entitled to vote at said election and all voters who favor taxation for school purposes shall have printed on their ballots the words:

"For School Tax." And those opposed to such taxation shall have printed on their ballots the words:

"Against School Tax." Said election was ordered by the County Judge of this county by order made on the 15th day of April, 1920, and this notice is given in pursuance of said order.

Dated the 15th day of April, 1920. J. EVERETT EVANS, Sheriff, Mills County, Texas.

BAPTIST LADIES AUXILIARY.

The Baptist Ladies' Auxiliary was very royally entertained in the home of Mrs. Joe Frizzell Monday, March 29, Circle No. 4 being hostess.

Mrs. Frizzell, in her gracious manner, greeted the guests at the door and Mrs. Luther Rudd ushered them into the dining room where we were served a delicious salad course with cake and tea.

We were all seated in the parlor and the following program on the different phases of the work was rendered: Mrs. Atkinson charmingly presiding.

Devotional—Mrs. Luther Rudd.

Paper, True Experience of a Missionary—Mrs. P. Huteherson.

Solo—Miss Norma Frizzell.

Talk—Benefits of Our Social and Missionary Meetings—Each of our four Circle leaders.

Piano Solo—Mrs. Lanford.

Echoes From Our District Meeting—Mrs. O. C. Weatherly.

Y. W. A.—Mrs. Darby.

Much merriment and curiosity were aroused when the capsule game was announced.

Each one wrote her name and date of birth on a slip of paper which were collected and placed in capsules.

Then Mrs. Atkinson explained the game, saying we were to draw a capsule, keeping the name enclosed a profound secret.

We were to do every possible kindness to our "Capsule Charge" throughout the year, at the end of which we are to reveal the name.

Guests of the afternoon were Mrs. Nichols and Mrs. Roberts of Rock Springs and Mrs. McWhorter of Miller Grove. We were also glad to have several of our young ladies present.

The free will offering of the afternoon, which amounted to \$21.50, went to the Eloise Anderson Memorial Fund.

After nearly a week's occupation of the Ruhr district in Germany, the French appear to be settling down for a protracted stay. They have taken over numerous offices there and are fitting them up carefully with requisitioned furniture and have also taken over a handsome villa, formerly occupied by a banker, according to news dispatches this week.

Prof. Ralph McKee of Columbia University, New York, explained before the American Chemical Society now in session at St. Louis that an alcohol almost identical with grain alcohol obtained from the sugar in waste from the manufacture of pulp mixed with kerosene and benzol forms a substitute for gasoline which does not form carbon in automobile cylinders and is said to be more economical.

In the elections held in Hico last Tuesday the \$50,000 bond issue for the improvement of the schools of the Hico Independent school district, carried by approximately a vote of seven for to one against. There were 252 votes polled in this election and of this number only thirty-two ballots were cast "against the bond and the tax." The women and children of Hico worked zealously for the bonds. All Texas is aroused over the school situation and many schools over the state have recently raised the salaries of the teachers.

CEDAR KNOB.

The box supper and program at Cedar Knob was a great success. The teachers and pupils were highly praised for the nice program rendered. It was said by all present to be one of the best programs ever gotten up by a small school. There were twenty-seven large well-filled boxes which sold for \$84.60.

Private news from San Angelo states that "Uncle Jack" Burns was shot at that place last Saturday night. Two Mexicans were trying to open the safe in Sam Grayson's store when Mr. Burns, who is night watchman, saw them and went in and arrested them. While they were walking out one of the Mexicans tripped him while the other one snatched Mr. Burns' gun. Mr. Burns jumped up and the Mexican shot him through the right lung, the bullet coming out through the left side. He was carried to the sanitarium and was reported to be resting easy at last report. Mr. and Mrs. Monroe Simms arrived in San Angelo from Sweetwater Sunday night and are with him. Mrs. Simms is a daughter of Mr. Burns. Mr. Burns has visited relatives in this city on several occasions. The Eagle extends sympathy and wishes for his speedy recovery. CITY COUNCIL HOLDS TWO MEETINGS LAST WEEK

Hon. Will H. Trent, Mayor; Aldermen L. B. Walters, R. L. Steen, C. M. Burch, R. E. Clements, City Recorder L. R. Conro, City Secretary F. P. Bowman were present at the regular April term, on Monday, April 4, of the City Council.

Mayor Trent reported that as a result of the good fire record for 1919, he had received news from the State Fire Department that the fire rate for 1920 had been reduced fifteen per cent.

Special Term April 9.

A special term was held April 9 for the purpose of canvassing the votes and declaring the results of the city election held on April 6. Present: Hon. Will H. Trent, Mayor; Aldermen R. L. Steen, M. E. Archer, L. B. Walters, C. M. Burch, R. E. Clements; City Recorder L. R. Conro and City Secretary F. P. Bowman.

Present by invitation: W. L. Jones, J. H. Burnett, J. A. Curtis and A. E. Evans.

The report of Jas. Rahl, presiding judge of the election on April 6th, was examined carefully and it appeared therefrom that the following persons were elected to office:

- W. L. Jones, Mayor.
- J. H. Burnett, Alderman.
- J. A. Curtis, Alderman.
- A. E. Evans, Alderman.

The complete list of the city officials now is:

- W. L. Jones, Mayor, new.
- Alderman J. H. Burnett, new.
- Alderman J. A. Curtis, new.
- Alderman A. E. Evans, new.
- Alderman C. M. Burch, old.
- Alderman R. E. Clements, old.
- City Recorder L. R. Conro.
- City Secretary F. P. Bowman.

NEED FOR TRANSPORTATION AND THE AUTOMOBILE

"The automobile is the result of a world-wide need for transportation," says Kelly Saylor, local dealer in Chevrolet passenger and commercial cars.

"Twenty years ago an unlimited market waited for an improved means of transportation. But it took constant and untiring effort to prove to the public that the automobile was the right vehicle to supply this demand.

"Now every one knows what the motor car has accomplished. They know how it benefits the individual and the country.

"They know how it eliminates distance. They have experienced the direct and convenient communication it affords between widely separated points. The demand for this improved transportation is greater than ever.

"The number of people who feel the need for automobiles is increasing every day. In addition to this actual need, almost every one has a personal desire to own a car.

"Today it is no longer a question of whether an automobile will benefit its owner. It is a matter of how the most satisfactory motor transportation can be secured for the least cost.

"This question is being solved for the great majority by the medium car of today—the product of experience.

"Mechanically dependable, completely equipped, and as economical to maintain as to buy, it is efficiently serving the need for which it was created." (Adv.)

For a Severe Cold.

"Chamberlain's Cough Remedy cured my daughter Anna of a severe cold and cough a few years ago and ever since then I have never missed an opportunity to recommend this medicine to anyone suffering from throat or lung troubles. I cannot speak too highly in praise of it," writes Mrs. D. J. Shelley, Earlville, N. Y. Chamberlain's Cough Remedy contains no narcotic and can be given to children with perfect confidence. It is a pleasant syrup so they do not object to taking it.—Adv.

Clean Up--Paint Up--Build SWAT THE FLY

"BRIGHTEN THE CORNER WHERE YOU ARE"

Goldthwaite in Need of a General Clean-up and Paint-up!

GOLDTHWAITE, ONE OF THE MOST PICTURESQUE LITTLE CITIES OF TEXAS, IS HARDLY LIVING UP TO HER STANDARD FOR CLEANLINESS AND PRETTINESS AT PRESENT. ON ACCOUNT OF THE HIGH PRICES FOR LABOR AND THE SCARCITY OF BUILDING MATERIALS, THERE HAVE BEEN VERY FEW NEW RESIDENCES ADDED IN THE LAST YEAR OR TWO. MOROVER, THE CITIZENS HAVE ALLOWED THEIR HOUSES AND OUTBUILDINGS TO GO UNREPAIRED AND UNPAINTED, THROUGH NEGLIGENCE, UNTIL THE CITY IS BECOMING SADLY DEPRECIATED. IN CONNECTION WITH THE MAYOR OF THE CITY, THE FEDERATION OF WOMAN'S CLUBS, AND SOME OF THE MOST INFLUENTIAL CITIZENS, THE EAGLE IS STARTING A CLEAN-UP, PAINT-UP, BUILD CAMPAIGN, WHICH HAS FOR ITS PURPOSE THE ADVANCEMENT OF SANITARY CONDITIONS AND THE BEAUTIFYING OF THE CITY. THE MAYOR HAS PROCLAIMED THAT MAY 10, SHALL BE INSPECTION DAY. ON THIS DAY THE RESIDENCES AND PREMISES OF THE TOWN WILL BE INSPECTED WITH REGARD TO CLEANLINESS AND PRETTINESS. LET EVERY-ONE, BETWEEN NOW AND THAT TIME, REPAIR THAT OLD SHACK, PAINT THE HOUSE AND CLEAN THE PREMISES. LET'S MAKE GOLDTHWAITE A MODEL TOWN.

BELOW ARE COPIES OF THE PROCLAMATION BY THE MAYOR, MR. LEE JONES, THE FEDERATION OF WOMAN'S CLUBS AND DR. J. M. CAMPBELL, HEALTH OFFICER.

Don't Wait--Brighten Up Now

The Eagle does not say the price of things will not come down, but the Eagle does say that the town that waits throughout the years for things to come down is going to wake up some day to find itself surrounded by thriving cities that had citizens who did not wait for anything. Some towns will sit back and wait for things to come down while other towns with live chambers of commerce and civic leagues are growing into cities. Every new house that is built in a town and every old house that is painted adds its share not only to its own, but to the property value of every house in town. Every dollar invested for paint for an old house adds two dollars to the value of that house; every dollar spent to build a house on a vacant lot adds two dollars to the value of that lot.

of improvements can most economically be made. I. W. L. Jones, as Mayor of the city of Goldthwaite, in connection with the Federation of Woman's Clubs, the County Health Officer and others, do proclaim the time beginning the 17th day of April and lasting one month, as Clean-up, Paint-up, Build month.

The direct increase in value derived from repairing and cleaning your premises will amply repay you for the money expended, and the addition to the beauty and healthfulness of the city by cleaning, disinfecting and painting is of infinite value to the contentment and welfare of the civic life.

I will greatly appreciate the support of all citizens in this campaign.

W. L. JONES,
Mayor of City of Goldthwaite.

The Federation of Woman's Clubs heartily endorses the Clean-up, Paint-up, Build campaign. We are cognizant of the fact that the city has been allowed to depreciate in the last few years, on account of the scarcity of labor. Instead of making them more beautiful, the citizens have

SWAT THE FLY.

The people of the city and county, as a whole, are not mindful enough of the almost insupportable menace the common house fly is to their health during the summer months. It is an acknowledged fact that 75 per cent of the typhoid, para-typhoid and other diseases are carried by this insect, and directly attributable to its presence in the homes of the land. A little foresight and preparedness at this time will save many lives during the warmer season.

A few simple precautionary measures:

Swat the fly before he hatches. Clean and disinfect every portion of the house thoroughly.

Remove all waste, stable scrapings and rubbish from your premises.

Make periodical rounds of out-buildings, cleaning and disinfecting.

Put screens on every door and window and see that they fit tightly and remain closed.

When you see a fly in the

house, as the fly will travel from home to home, and the results of the good work done by one household will thus be reduced by the negligence of another.

The expense and trouble are very little and the results will be great. Don't be the indirect cause of the death of a relative or friend. Clean up.

DR. J. M. CAMPBELL,
County Health Officer.

CITY TO CLEAN UP--SWAT THE FLY--AND STAY CLEAN

Mayor Jones has proclaimed the rest of this month as "Clean-Up" month. The ladies of the Civic League of Goldthwaite have set the rest of the month aside for the purpose of cleaning up and beautifying the city. Dr. J. M. Campbell, county health officer, has proclaimed the rest of this month as "swat-the-fly" month; and they all request the people of the city to clean up the town in every way and then to keep it clean. The best time to clean up the town is now. The best time to swat the fly is before he gets here. Paint the old house, tear down or replace the old fence and put screens on the doors and windows now.

costs are excessively high, but this expert insists that nothing is to be gained by waiting unless one is prepared to wait five years or more. As Mr. Beals reminds us in a signed article on the financial page of the New York American, "after the Civil War thirteen years elapsed before the price of building materials reverted to prewar levels." Even though the price peak of materials may be reached in less time than that, it seems to this authority on the building market that there will be a high price level either at or about the present prices which will be maintained for a long time. So the best thing for the builder to do is to start his plans at once instead of waiting until next spring and finding that prices are still higher. The builder need not expect a speedy job. Up to the present the lack of labor has been interfering with the completion of work, but Mr. Beals believes that from "this time forth the retarding factor will concern itself to the ability of getting materials as they are needed." But there are things that are decidedly in the builder's favor; we are told: "The present market price for building material will not suddenly recede; he will be assured of high returns upon his enterprise for at least two years after prices return to normal.

STAR ITEMS.

Editor Eagle:
March slipped in and surprised April by a cold norther and ice, much to our regret, as it trespassed on our fruit trees, gardens and everything that it could blacken and kill. However, our old live oaks are left and it is early enough to replant everything else, save the fruit, and that will be a great loss.

Grover Stanley has moved from the Sudeth farm to Star. He now occupies the house recently vacated by Mr. Jeter. Mr. Varnell moved to the house which Mr. Stanley vacated.

Mesdames P. H. Hamilton and Wayne of San Antonio have been visiting Mrs. T. J. Hamilton for the past week. They expect to return to Goldthwaite for a visit to Mr. and Mrs. H. Y. Morris, at an early date.

J. H. Goodnight sold his pretty farm to Mr. Henderson of Caradan, our commissioner. Mr. Goodnight will not leave us before fall and by that time we are hoping he will decide to locate among old friends again at Star.

Mr. Tom McKinley and family of Hamilton motored over and spent Sunday with Mrs. McKinley's sister, Mrs. John Fifer.

Mr. and Mrs. Carl Teague are happy over the arrival of a wee daughter.

Chris Manning Jr. came home Thursday for a visit to home people.

John Bradley of Arizona made Frank Soules a flying visit. He came to see his father, Mr. Jim Bradley, but arrived a week too late for Mr. Bradley's 89th birthday, which was celebrated at Mr. Lee's, the home of a daughter. A large crowd of children and grandchildren enjoyed the occasion. Mesdames Street and Swartz and Burl Bradley of West, Texas, were present and many friends are wishing Mr. Bradley a repetition of pleasant birthdays.

Mrs. Walter Sterns has been quite sick for the past few days. We are hoping for a speedy recovery.

Dr. W. A. Snodgrass removed an eye for Barton Henry, doing a splendid piece of surgery. Barton is doing nicely and we hope to see him well again in a few days.

Henry Soules bought the Sudeth place (better known as Jim Soule's place) adjoining Mr. Garrett's. We are expecting Henry to build a residence and move in our midst at an early date. This is an ideal location and plenty of room. Come up into our neighborhood, Henry, you and your good family.

Will Waddill is painting these days. Recently painted R. H. Patterson's home, D. Slaughter's and Van McGilvey's, also O. E. Hamilton's, all white. It is needless to say that there has been quite an improvement in the general appearance. Paint will also save the lumber for a long while. Mr. Waddill has gone down to paint the Fairview school house this week and will return next week and continue to paint and beautify our homes.

Mr. Gent of Moody has been out spending a few days with his son, Will, and family. Antry was expecting to go to Floydada with his grandfather.

Star and Moline schools had an interesting ball game Friday, both boys and girls winning for Star. XXX.

WOODMEN CIRCLE WILL ENTERTAIN FRIDAY NIGHT

The Goldthwaite Woodmen Circle will entertain at Woodmen hall Friday night, April 23. The entertainment will be in the form of a tacky party. Refreshments will be served. Admission 10 cents if "tacky," 25 cents if not. The object is to raise funds to finish paying for Graphaxola. Everybody invited.

AMERICANS IN BERLIN ASK RED CROSS AID

The American and British missions in Berlin are attempting to arrange with the International Red Cross for a train to remove American and British citizens from the city, according to advices received recently at the Southwestern Divisional Headquarters of the Red Cross at St. Louis. German officials have been quoted as saying that they could not guarantee safe passage.

A large number of Americans, mostly business men, who went to Leipzig to attend a commercial fair, are reported panic stricken as a result of the street fighting in that city. So far none has been injured, but they are reported to be making efforts to leave the city by automobile and airplane.

The Red Cross has sent funds to the Red Cross representatives in Berlin and is preparing to rush truck loads of food if actual famine is threatened.

AT CHURCH OF CHRIST.

Rev. W. M. Speck announces that he will preach at the Church of Christ on Sunday at 11 a. m. and 7:30 p. m. Everybody invited. This church will hold a protracted meeting the first and second Sundays in August. It is to be announced later who will have charge of the song service. Rev. Speck will do the preaching.

Hobart Priddy was here from Priddy Wednesday.

J. R. Ivy, wife and daughter, of Ridge were in Goldthwaite on Tuesday. W. D. Perkins, who lives in the Priddy community, was in the city trading Wednesday.

J. E. Peck of Star wrote the Eagle this week to advance his subscription to the indispensable paper.

Rev. W. M. Speck, pastor of the Church of Christ in this city, was a pleasant caller at the Eagle office Thursday morning.

A. Lorenz, one of the Eagle's good friends who is justice of the peace at Priddy, this week renewed his subscription to the paper for a year.

Jesse Lowe called at the Eagle office Wednesday. Mr. Lowe said the recent freeze had apparently done no damage to his fine fruit and vegetable crop and that the prospects were promising if Mills county gets a good rain soon. He renewed his subscription to the Eagle.

Newell Atkinson believes in progressiveness. The first of the week he installed a very neat labor-saving device in his blacksmith shop, an electrically-driven forge. This saves him the trouble of driving the bellows of the forge by hand and assures a steady and adequate amount of air for the necessary amount of heat.

LOWER HOUSE OF CONGRESS DECLARES WAR IS ENDING

Last week the lower house of Congress passed a bill declaring the United States at peace with Germany. It now goes to the Senate, and if passed by them, it goes to the President for his approval. The world is guessing as to his attitude on the subject. But from past declarations it is almost certain that he will not approve it, as he is devoted to the Versailles peace pact and an outside declaration of peace is considered detrimental to the final ratification of the peace treaty.

The present uncertain condition is working against the Southern cotton farmer.

BIRTHDAY PARTY.

On April 10, 1920, in Goldthwaite, Texas, at the home of Mr. and Mrs. Henry Martin there occurred the most unique and interesting occasion which has occurred for many a day in old Mills county.

The occasion was the celebration of the birthdays of Mrs. Sophia Schwieng and her son Ernest, who became a member of her happy family on her thirtieth birthday forty-seven years ago.

The unusual feature of this occasion was the presence of all of Grandmother Schwieng's children, this being the first birthday mother and son had had the privilege of celebrating together for a period of twenty-four years.

Grandmother had thirteen children, of whom ten are living. She is favored with thirty-one grandchildren and has the honor of being a great grandmother of five tiny tots.

Her children had planned this gathering to be a complete surprise and great was the joy as each slipped in with their cats, such as fruits, cakes, chickens, hams, butter, eggs, etc.

Those present were Mr. and Mrs. Ernest Schwieng and children, Walter and Irene, recently of Corvallis, Oregon, but now making their home in Goldthwaite; Fred Schwieng of Fredericksburg, Texas; Mrs. Emil Zuhke of San Antonio, Texas; Mrs. Otto Brockman of Kerrville, Texas; Mr. and Mrs. W. F. Hiller of Shive, Texas; Alfred Schwieng of Sonora, Texas; Mrs. Otto Thiers and daughter Donie of Roosevelt, Texas; Mrs. T. A. Lange of Mason, Texas; Mr. and Mrs. Adolph Lange and little Mary Juanita of Kempner, Texas; George Schwieng and son Edwin of Aalters, Okla.; Mr. and Mrs. Fred Martin and two ladies and Henry Martin and family.

At noon grandmother was seated at a long table with all of her children the first time in thirty-three years. It did not seem like she was celebrating her seventy-seventh birthday for she was all smiles and acted much younger than her years.

In the center of the table was a huge bouquet of cut flowers, roses and ferns.

A bounteous repast was spread, which was enjoyed to the utmost by all present.

In the afternoon punch and cake were served to the happy crowd.

Older members of the family enjoyed talking over old times while the younger ones spent the time kodaking and in other means of pleasant pastime.

They separated feeling that it had been a happy reunion, both pleasant and profitable, hoping to experience many like occasions and desiring that as the ties that bind them here are severed and as they, one by one, fall from the walk of life they might be reunited in a fairer, better world where loved ones never part and birthdays never end. UNIVERSAL TRAINING RECEIVES ITS DEATH BLOW IN CONGRESS

Congress last week gave the universal training bill, which has so long been before the people, what is believed to be its death blow by passing a substitute bill permitting voluntary training for four months in any one year. This was understood to be in keeping with American manhood and Democratic ideals.

It would have been mockery for a nation like the United States to have put into effect universal military training while at the same time crying peace.

The world has just had a dose of the universal training drug dished out by Germany. The way of universal peace is always blocked by militarism. And, to keep history from repeating itself and the world plunging into another bloody war, let America set the example of a peace loving nation, that will give no cause for offense—but once offended its remedy is quick and effective retribution.

They Speak Well of It.

T. E. HAMILTON WILL BE NEW CASHIER OF STAR STATE BANK

Bert Patterson of Star, cashier of
the Star State bank, has sold his interest
in the bank to T. E. Hamilton of
Star.

Mr. Hamilton has been vice president
of the Star State bank since its organi-
zation on April 29, 1910, and will now
be the new cashier. He is thoroughly
familiar with the banking business and
the needs of the Star country. He has
recently sold his interest in the Star gin
to T. L. Adams of Star, and will now
give his entire attention to the banking
business.

Mr. Patterson has been cashier of the
Star State Bank since its organization
ten years ago, and has established a
reputation and made many friends in
Mills county. He has announced he
will leave Star, but does not know at
the present time where he will locate.
He is a business man and has had thir-
teen years' banking experience. His
many friends are hoping he will locate
in Mills county.

STRIKE SITUATION.

The strike situation is somewhat
abated as we go to press, although it
assumed enormous proportions during
the past week and the elevator opera-
tors of the country are threatening to
strike and have called a meeting to de-
cide the matter.

Attorney General Palmer created a
sensation in the cabinet Thursday when
he asserted he had evidence that the
strike was the result of Russian Bol-
shevik plots to overthrow the govern-
ment of America. After the presenta-
tion of the evidence the President or-
dered the strong-arm move and the
making public of the evidence of the
attorney general. It was disclosed that
M. J. the first was set by the radicals
for another strike on a still wider field.
