CAREFUL STUDY OF THE ADS IN THIS PAPER -THRIFT

UNOFFICIAL RETURNS INDICATE SPECIAL ROAD LAW PASSED BY ABOUT SIXTY MAJORITY

The returns from the special road law election held over Mills county last Saturday to get the sentiment of the people of the county on the special road law, indicate that the measure carried by a majority of between fifty and seventy-five votes.

It is the policy of the Eagle not to take sides in controversies of this nature, but to print both sides impartially and let the people judge. In this matter this paper has rigidly upheld this policy. But now that the law is a settled fact, it behooves every person in the county to pull for it in order to make it a success.

No matter what your opinion has been concerning this law, and that there was a diversity of opinion is evidenced by the closeness of the vote cast, it will be poor judgment now to pull against the carrying out of this law.

Should the special road law prove to be not satisfactory, as some of its opponents were of the opinion, it is always in the power of the people to repeal it.

But should it prove to be a success, as its adherents believe, there is no doubt that we can get better and cheaper roads under the plan.

We are sure that there is not a man in the county (or woman either—we almost left them out) who will not agree that the plan is an ideal one should it prove practicable.

So, let's all get together—let the best sleep peacefully—and pull together for the betterment of the county, not only in the matter of good roads, but in every other way.

There can be no possible good come from keeping the special road law issue up any longer, but concerted action of every citizen will enable us to have our roads in pretty good shape to bring in the bumper crops this fall. We have no more time for issues—what we need now is action, concentrated action.

MILLS COUNTY FARM DEMONSTRATOR BEGINS HIS WORK

W. P. Weaver, the new farm demonstrator for Mills county, is now entering on his duties. Mr. Weaver will have articles of interest appearing in the columns of the Eagle from time to time and is at the command of every farmer in the county for help in his line.

Mr. Weaver came to Mills county from Kendall county and his wife will move here a little later on. We welcome him as a permanent resident of the county.

He spoke for the benefit of the pupils of Mullin Friday afternoon at the high school there. He will have other engagements over the county in the near future and we are sure he will be of great direct benefit to every farmer or stockman in the county.

REPRESENTATIVE DARROCH HERE FROM STATE CAPITAL

Representative J. C. Darroch came in Wednesday from Austin, where the legislature is in session.

No bill of any importance has come before the legislature up to the present. However, the legislature is now considering an appropriation for the benefit of the public schools and have a joint committee investigating the pink boll worm situation, both of which questions will come before the house again.

Mr. Darroch will return to Austin Sunday.

PRESBYTERIAN CHURCH.

There will be no services at the Presbyterian church here Sunday. Rev. Lampton will preach at Star Saturday night, Sunday morning and Sunday night.

A PARTIAL LIST OF THE CONTRIBUTORS TO CITY FEDERATION SCHOLARSHIP FUND

The following list of subscribers to the City Federation Scholarship Fund was inadvertently omitted by the Eagle force from the list appearing elsewhere in this paper.

The Federation of Woman's Clubs is doing some very good work in the interest of the school and will receive the thanks of the entire community for their endeavors along this line:

The Art and Civic Club offers a gold medal to the student in the Goldthwaite Public school who makes the highest general average in the seventh grade for the term 1920-21.

DEMOCRATIC STATE CONVENTION HELD IN DALLAS FIRST OF WEEK

The Democratic state convention adjourned in Dallas early Wednesday morning. Resolutions were unanimously adopted praising Woodrow Wilson and his administration and the Hobby administration. An un instructed delegation will be sent to the national convention at San Francisco, but a resolution was adopted commending Mr. McAdoo highly to the convention. A resolution was adopted which recommended to the Texas legislature the enactment of a statute permitting women to vote in the coming primaries, whether they have paid their poll tax or not, in the event the thirty-sixth state ratifies the national woman suffrage amendment. By an unanimous vote the convention declared for an unpaired League of Nations, and instructed the delegates to the national convention to vote against any candidate or platform favoring light wines or beer.

The Mills county delegates who attended the convention are Mrs. J. T. Weems, Judge Robert Weaver, Prof. T. L. Price and Representative J. C. Darroch.

HOW MUCH ARE YOU WORTH?

How much, commercially speaking, is the human body worth?

The answer is: "about \$8"; and the calculation is not difficult.

The human body, it is figured, including skin, bones, nerves, flesh, blood, fat and cartilage, is reducible by analysis to iron, salt, sugar, lime, phosphorus, magnesia, albumen, fatty substances and residue that can be used.

If this body weighs 150 pounds, an average weight, there would be enough by-products to make an ordinary iron nail, sugar to fill a small sugar bowl, enough lime to whitewash a chicken coop, enough phosphorus to make a dozen matches, enough magnesia to afford one dose, medicinally speaking. The albumenoids obtained could be used by a tricky baker to replace the whites of a hundred eggs and there would be enough fat to fill a ten pound pot.

Eight dollars, then, is a man's real worth to commerce, and there are many undersized and ill-nourished persons who would fall far short of the mark.—New York Herald.

WORLD'S NEWS IN BRIEF.

President Veto.—President Wilson vetoed the Republican peace resolution Thursday.

Mammoth Park.—Mammoth Park, Kentucky's contribution to the wonders of the world, may soon be purchased and transformed into an extensive national park.

Profiteering.—The American Woolen Company of New York and Boston was charged with profiteering in an indictment returned Wednesday by the federal grand jury.

Outlaw.—General Francisco Villa has again become an outlaw among his own people, and the de facto government of Mexico has placed a price of 100,000 pesos on his head.

\$5 Wheat.—Five-dollar wheat may be expected before the 1921 crop is harvested, Louis W. Hill, chairman of the board of directors of the Great Northern Railroad, has predicted.

Beer Finish.—Beer, light wines and prohibition will not be mentioned in the Republican national convention if present plans of party leaders are carried out, it has been learned.

Takes Issue.—William J. Bryan has taken flat issue with President Wilson on the question of an American mandate over Armenia, declaring in a statement that "any mandate is impossible."

Fifty-Five.—France is to receive 50 per cent of Germany's indemnity. Great Britain will get 25 per cent and the remainder is to be divided between Belgium, Italy and Serbia, according to Premier Millerand of France.

Didn't Do It.—No fact of extraordinary expenditures was added at the opening Tuesday of the senate's investigation into presidential re-election campaign expenses and contributions, according to press dispatches.

Ownership.—Events of the next few months, or weeks, will determine whether government ownership of railroads will come again—despite popular opposition.—Frederick Strauss of New York has warned the Interstate Commerce Commission.

Makes Fourth.—All four rulers of Mexico within the present generation have died tragic deaths. Diaz died an exile in Europe. Madero was assassinated in Mexico City. Huerta died in an American prison. Carranza was killed in battle.

Freight Rate.—The \$1,047,000,000 additional revenue which the railroads are seeking through increased freight rates does not take into account any increase in wages which the railroad labor board may grant the 2,000,000 railway employees.

Works Passage.—Bishop Frank W. Warne of India had to work his way across the Atlantic ocean as a common laborer in order to get to Des Moines for the general conference of the Methodist Episcopal church. The Bishop arrived a week late.

Money on Cattle.—Governor Harding of the Federal Reserve Board has informed Senator Sheppard and Congressman Huisiph that the Federal Reserve Bank has issued instructions that cattle paper be accepted and discounted by banks, and that every facility be extended cattlemen.

Record Broken.—The world's record for an altitude flight with an airplane carrying three passengers and pilot was broken Tuesday at San Antonio by Lieut. Harry Wedding, who took three inflated men up 20,081 feet in one and 25 minutes of steady climbing. The return trip was made in 15 minutes.

Orient Stop?—September 1 of this year the Orient railroad, which serves a territory 800 miles from Wichita, Kan., to Alpine, Texas, will have to close down unless the Interstate Commerce Commission gives this road aid from the \$200,000,000 revolving fund made available by the recent railroad legislation, according to news dispatches from San Angelo this week.

REVIVAL AT BAPTIST TABERNACLE IS WELL ATTENDED; CREATING MUCH INTEREST

The revival meeting which was begun at the Baptist tabernacle here last Sunday, has been well attended at both the day and night services and the interest is growing every day. Services will continue through next Sunday and possibly longer.

Rev. L. L. F. Parker is doing the preaching for the meeting and Prof. H. Virgil Reynolds, a master musician, is directing the music.

A cordial invitation is extended to every one to come out to these services and help with the meeting. The hours of worship are 10 a. m. and 8 p. m.

SUNBEAM PROGRAM.

For Sunday, May 30, 2 p. m. Subject—Going to School. Chalk Talk—Estelle Ogilvie. Opening Song, No. 265—By Band. Bible Lesson—Deut. 6:6-9; Psalms 119:105—Clara Jarrett.

Prayer—Anna Lee Ashley. Readings—Lillie Harrison, Billy Stephens, Juanita Davis, Lawrence Lanford, Kiddo Ashley.

Report from Personal Service captains. Trio—Mary Helen Coekrum, Mildred Stephens and Flora Brim—No. 304. Business. Offering.

Closing Prayer—Mary Florence McCullough.

The membership of the Sunbeam Band is rapidly increasing. The interest is great and inspiring. The band meets every Sunday at the Baptist church at 2 p. m. Every one is invited to come and bring some one with them. The co-operation of the parents is especially desired by all, leaders and Sunbeams. Anywhere you meet a Sunbeam see if they are not shining.

TEXAS BANKERS MEETING.

Galveston, Texas, May 27.—San Antonio was selected as the city for the next meeting place at the thirty-sixth annual convention of the Texas Bankers association here today.

The officers elected for the coming year are Eldred McKennon, Austin, president; Melvin Rouns, Houston, treasurer.

Besides Mr. McKennon three other candidates were in the race for president. They were W. C. Dew, Goldthwaite, P. A. Murray, Victoria and Gus F. Taylor, Tyler. Mr. Dew came within six votes of being elected.

ENTERTAINMENT AT CROWN TUESDAY NIGHT SEASON'S BEST

The universal opinion of those who attended the Pio's Native Hawaiian Singers entertainment at the Crown Tuesday night was that this program was the best that has been here this season.

The troupe put on two shows, one at seven and the other at nine, and the house was packed at both performances. The singing, playing and dancing was of the best, well up to the advance announcements of the company.

Mr. Brown, the popular manager of the Crown, has the thanks of the entire audience on this night for bringing the high-class vaudeville to this town.

CITIZENS OF GOLDTHWAITE MUST OBSERVE FIRE REGULATIONS OR PAY HEAVY FINE

Thursday night a fire alarm was turned in to the fire department from T. Pribble's residence on North Fisher street. Very good time was made by the volunteer company to the fire until they came to Fisher street. Then the street was blocked with automobiles and men, women and children until the truck was compelled to stop five times making the two blocks and could not, when they reached the vicinity of the fire, get to the fire plug to connect the water. Had the fire not been put out by the quick work of Mr. Pribble, it is very probable that the house and possibly surrounding residences would have burned. The fire truck would have been at the place in time to have saved the house, had the street not been blocked.

There are regulations governing these emergencies which must hereafter be observed by the people. The substance of these are as follows:

Do not be on any street, between the fire station and the fire, which the crew will be likely to take.

When you hear the fire whistle, watch for the truck and be sure to be out of the way.

Should you desire to go to a fire in a motor vehicle, either take a back street or wait until the fire truck has passed.

Do not pass the fire truck on the same street, either direction.

If you don't belong to the fire company, don't get on the truck.

Do not stop a motor vehicle within one block of the fire.

If on foot do not get between the fire plug and the fire.

Do not run over the fire hose—there is a fine of fifty dollars for this offense. Any one running over the fire hose and cutting it in two will be fined the limit.

Keep out of the way at all times. Women and children especially should keep off the streets after hearing the fire whistle.

There is a fine attached to violating any one of the simple precautions and Fire Marshal Conro will not fail to enforce payment. Not long ago there was a \$300,000 fire at Dallas, due to the fact that the fire fighting force could not get to the fire—the street being blocked by people. Let this instance be an example and train yourself to follow these directions.

W. L. JONES, Mayor. L. R. CONRO, Fire Marshal.

TO THE FARMERS OF MILLS COUNTY

I take this method of suggesting some lines of work that we might successfully undertake, notwithstanding the season is far advanced.

The organization of communities for the purpose of improving educational and social conditions and securing better markets for farm products.

The organization of boys and girls clubs.

The terracing of sloping fields and conservation of the fertility of the soil.

As to the production of crops, the farmer needs little assistance. He has long been efficient in raising crops but has left the marketing of his supplies largely to others.

This is your busy season, but we believe we can very profitably take some time to plan for closer co-operation. Therefore, I am calling a meeting of farmers, farm women, boys and girls, at the court house Saturday, June 5, at 3 p. m., for the purpose of organizing a Boys' and Girls' Pig Club and Poultry Club, and also considering the advisability of organizing a Mills County Livestock Association. We hope to meet a large delegation from community in the county.

Respectfully, W. P. Wagant, Co.

IT ISN'T THE TOWN--IT'S YOU

If you want to live in the kind of a town like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike. You'll only find what you left behind. For there's nothing that's really new; It's a knock at yourself when you knock your town.—It isn't the town—it's you.

Real towns are not made by men afraid Lest somebody else gets ahead. When every one works, and nobody shirks, You can raise a town from the dead. And while you make your personal stake, Your neighbor can make one, too; Your town will be what you want to see—It isn't the town—it's you.

\$4,000,000 TO BE SPENT ON TUBERCULOSIS EDUCATION

Austin, Texas, May 25.—Forty times as much anti-tuberculosis work is being done in the United States in 1920 as was done fifteen years ago. This is the declaration of the Texas Public Health Association, basing the statement on the amount of money spent in eliminating tuberculosis. The results show that in the past fifteen years the death toll from the white plague in this country has been reduced from 200,000 to 150,000 yearly.

In 1905, when the National Tuberculosis Association, the first widely-organized volunteer anti-tuberculosis agency, held its first meeting in Washington, D. C., the total budgets of the organizations which fought the white plague amounted to not more than \$100,000. In 1920, the amount which will be spent by the National Tuberculosis Association and its 1000 affiliated organizations is over \$4,000,000 for education on prevention and cure of tuberculosis and other communicable diseases, open air schools, clinics, preventoria for children, sanatoria, summer camps, dispensaries, tuberculosis nurses, relief work, etc.

Over \$2,500,000 was spent on anti-tuberculosis work in 1919. In Texas more than \$66,000 was spent, in the activities mentioned, by the Texas Public Health Association and its local affiliations in various cities and counties of the state. Fifteen years ago there were only five states making active efforts to cope with the ravages of tuberculosis; today every one of the forty-eight states has an anti-tuberculosis association, and so also have Porto Rico, Hawaii, and the Philippines. In addition there are nearly 1,000 other local associations and societies engaged in the work of stamping out the white plague.

Miller's Sew Worm Killer will get them all quickly. You will say so when you use it. Get it at Miller's Drug Store. (Adv)

"WHICH SHALL IT BE?"

Season's fine,
Crops are growing
Farmers busy
Ploughing, hoeing.

Farmer Green
Meets Farmer Brown—
Winks his eye,
Points to town:

"Taint no use
Tempting fate—
Bought my policy
Fore it's too late!"

"What you mean, Si?"
Brown inquires.
"I've insured 'gainst hail
As well as fires."

Brown just chuckles—
"Green you're crazy—
Insurance man's done
Talked you hazy!"

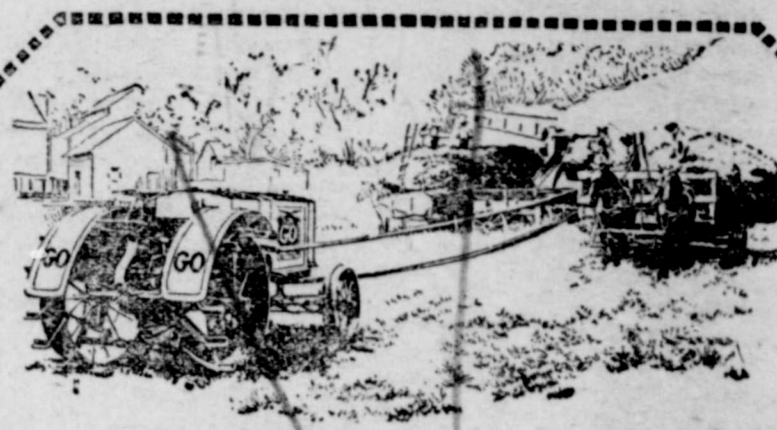

Spring rolls on;
Fine crops in sight;
Green starts thinking
Brown was right.

Sky grows gloomy,
Tinged with green;
Kind we Texans
Oft have seen!

I Picked the G-O Tractor Because It Has Made Good For Eight Years—On the Farm

No farmer around here wants to invest his money in a tractor that is an experiment. He wants a tractor that has already proved its ability to other farmers—proved dependability for heavy work, and low cost for upkeep.

A boy or hired man can operate the G-O and keep it on the job. It has fewer parts—less to get out of order. It gives six speeds, forward or reverse, without transmission gears. No gears to strip. And there isn't an exposed gear throughout the tractor—all enclosed and running in oil. No gears or chains on the rear wheels.

I picked the G-O out of all the tractors I inspected because it has an eight-year record for lowering the cost of farming for farmers all over the country.

It has shown them that it is built right. Four wheels, four cylinders—14-28 H. P.—on gasoline or kerosene, with endurance built into all its parts for years of service.

The General Ordnance Company stands behind every farmer buying a G-O Tractor. It gives him an absolute guarantee that every part of his tractor will stay on the job.

Drop in and see the G-O, or write me for more information.

Want to Feel Just Right?

Take an NR Tonight

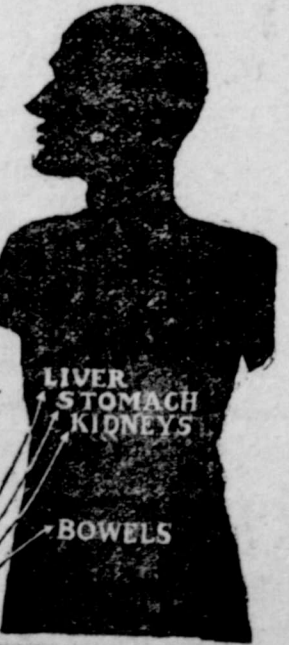

JUST TRY IT AND SEE how much better you feel in the morning. That "loggy," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, busier every way. If habitually or especially constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

THANKS.

The City Federation wishes to ex-
press thanks to the citizens of Gold-
thwaite for helping financially in
their contributions to create a City Fed-
eration Scholarship Fund.

The Senior in the High School who
makes the highest general average grade
during the coming school year of 1920-
21 will receive the City Federation
Scholarship Fund of \$100.00. Each stu-
dent in the Senior class is eligible for
the honor. It is the purpose of the City
Federation to make the Scholarship
Fund perpetual.

For the next scholastic year of 1920-
21, Mr. W. E. Miller offers a gold medal
to any Senior in the Goldthwaite High
school who makes the highest general
average grade and Mr. J. N. Weatherby
offers a gold medal to the Senior who
makes the second highest general aver-
age grade. Dr. J. L. Williamson offers
a gold medal to any pupil in the Gold-
thwaite public schools who makes the
highest general average grade in math-
ematics, for which we thank these gen-
tlemen.

Sincere appreciation and thanks are
also extended to the following named

TEXAS PECAN GROWERS FORM
ORGANIZATION AT BROWNWOOD

On Thursday and Friday of last week
more than one hundred pecan growers
met at Brownwood and completed the
Texas Pecan Growers Association. A
constitution and by-laws was adopted
and the following board of directors
chosen: W. R. Baxter, San Saba coun-
ty; Will H. Mayes, Travis; J. W.
White, Mason; W. D. McCully, Brown;
J. H. Burkett, Callahan; W. M. Capps,
Tarrant; Ike T. Pryor, Bexar; W. D.
Bunting, Uvalde; A. C. Ellis, Travis; E.
W. Kirkpatrick, Collin; E. C. Butter-
field, Smith; John Lee, Tom Green.

The board of directors will meet in
Austin on the 31st of this month and
elect a president and secretary. One of
the resolutions recommends that mem-
bers drop the habit of giving half the
pecans to have the crop gathered.
Another resolution calls on the state to
establish two pecan experiment sta-
tions, one in East Texas and one in
West Texas. Plans were adopted to
guard against the sale of sorry grade
pecans in large quantities.

The main object of the organization
is to secure better prices for the grow-
ers. This will necessitate a better sys-
tem of grading. The association will
encourage top working of native trees
and the planting of suitable lands to
pecans.

The pecan growers of Mills county
have been top working and grafting
for years until now the crop is worth
thousands of dollars every year. When
The object of the Texas Pecan Grow-
ers Association are attained the value
of the Mills county crop will be greatly
enhanced.

The delegation from this county was
composed of Rev. D. I. Haralson, W. H.

\$4,000,000 TO BE SPENT ON TUBERCULOSIS EDUCATION

Austin, Texas, May 25.—Forty times as much anti-tuberculosis work is being done in the United States in 1920 as was done fifteen years ago. This is the declaration of the Texas Public Health Association, basing the statement on the amount of money spent in eliminating tuberculosis. The results show that in the past fifteen years the death toll from the white plague in this country has been reduced from 200,000 to 150,000 yearly.

In 1905, when the National Tuberculosis Association, the first widely-organized volunteer anti-tuberculosis agency, held its first meeting in Washington, D. C., the total budgets of the organizations which fought the white plague amounted to not more than \$100,000. In 1920, the amount which will be spent by the National Tuberculosis Association and its 1000 affiliated organizations is over \$4,000,000 for education on prevention and cure of tuberculosis and other communicable diseases, open air schools, clinics, preventoria for children, sanatoria, summer camps, dispensaries, tuberculosis nurses, relief work, etc.

Over \$2,500,000 was spent on anti-tuberculosis work in 1919. In Texas more than \$66,000 was spent, in the activities mentioned, by the Texas Public Health Association and its local affiliations in various cities and counties of the state. Fifteen years ago there were only five states making active efforts to cope with the ravages of tuberculosis; today every one of the forty-eight states has an anti-tuberculosis association, and so also have Porto Rico, Hawaii, and the Philippines. In addition there are nearly 1,000 other local associations and societies engaged in the work of stamping out the white plague.

Miller's Screw Worm Killer will get them all quickly. You will say so when you use it. Get it at Miller's Drug Store. (Adv)

"WHICH SHALL IT BE?"

Season's fine,
Crops are growing
Farmers busy
Ploughing, hoeing.

Farmer Green
Meets Farmer Brown—
Winks his eye,
Points to town:

"Taint no use
Tempting fate—
Bought my policy
'Fore it's too late!"
"What you mean, Si?"
Brown inquires.
'I've insured 'gainst hail
As well as fires."

Brown just chuckles—
'Green you're crazy—
Insurance man's done
Talked you hazy!"

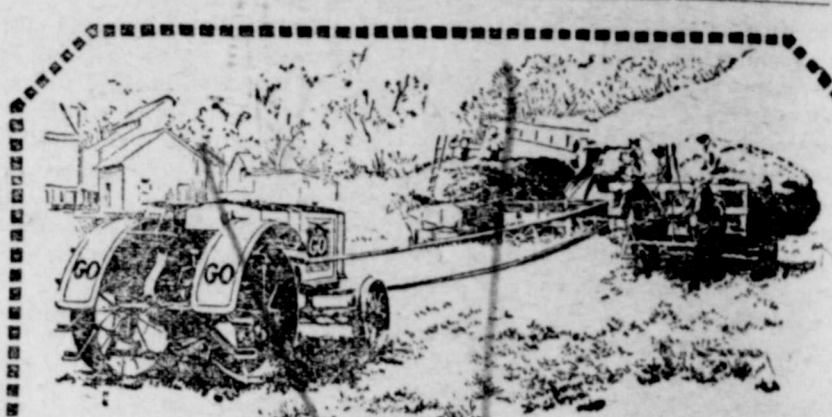

Spring rolls on;
Fine crops in sight;
Green starts thinking
Brown was right.

Sky grows gloomy,
Tinged with green;
Kind we Texans
Oft have seen!

With a roar
That makes folks quail,
Down it comes—
THAT DREADED HAIL!

Poor Farmer Brown
Is ruined quite,
And bemoans the day
He was so "right."

I Picked the G-O Tractor Because It Has Made Good For Eight Years—On the Farm

No farmer around here wants to invest his money in a tractor that is an experiment. He wants a tractor that has already proved its ability to other farmers—proved dependability for heavy work, and low cost for upkeep.

A boy or hired man can operate the G-O and keep it on the job. It has fewer parts—less to get out of order. It gives six speeds, forward or reverse, without transmission gears. No gears to strip. And there isn't an exposed gear throughout the tractor—all enclosed and running in oil. No gears or chains on the rear wheels.

I picked the G-O out of all the tractors I inspected because it has an eight-year record for lowering the cost of farming for farmers all over the country.

It has shown them that it is built right. Four wheels, four cylinders—14-28 H. P.—on gasoline or kerosene, with endurance built into all its parts for years of service.

The General Ordnance Company stands behind every farmer buying a G-O Tractor. It gives him an absolute guarantee that every part of his tractor will stay on the job.

Drop in and see the G-O, or write me for more information.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "lousy" headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

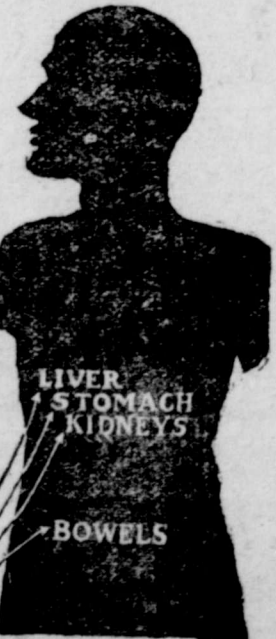

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or sickly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

THANKS.

The City Federation wishes to ex-
 press thanks to the citizens of Gold-
 thwaite for helping us financially in
 their contributions to create a City Fed-
 eration Scholarship Fund.

The Senior in the High School who
 makes the highest general average grade
 during the coming school year of 1920-
 21 will receive the City Federation
 Scholarship Fund of \$100.00. Each stu-
 dent in the Senior class is eligible for
 the honor. It is the purpose of the City
 Federation to make the Scholarship Fund
 perpetual.

For the next scholastic year of 1920-
 21, Mr. W. E. Miller offers a gold medal
 to any Senior in the Goldthwaite High
 school who makes the highest general
 average grade and Mr. J. N. Weatherby
 offers a gold medal to the Senior who
 makes the second highest general aver-
 age grade. Dr. J. L. Williamson offers
 a gold medal to any pupil in the Gold-

SHERIFF'S NOTICE OF ELECTION.

The State of Texas—County of Mills. Notice is hereby given that an election will be held on the 26th day of June, 1920, at Cedar Knob School House in Common School District No. 16 of this county as established by order of the county board of trustees of date the 29th day of August, 1917, which is of record in book designated "Record of School Districts" on page 7, to determine whether a majority of the legally qualified property tax-paying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of 30 cents on the \$100 valuation of taxable property in said district for said purpose. Said rate to be an increase of 15 cents above the 15 cents on the \$100 valuation as now levied.

O. A. Carothers has been appointed presiding officer for said election and he shall select suitable clerks to assist him in holding the same, and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor the increase of taxation for school purposes shall have written or printed on their ballots the words: "For increase of School Tax." And those opposed to such increase of taxation shall have written or printed on their ballots the words: "Against increase of School Tax."

Said election was ordered by the County Judge of this county by order made on the 26th day of May, 1920, and this notice is given in pursuance of said order.

Dated the 26th day of May, 1920.
J. EVERETT EVANS,
Sheriff, Mills County, Texas.

MAN DEFIES DEATH.
Lieut. Ralph A. Miller will perform in Goldthwaite Miller will escape from a straight-jacket while suspended from the courthouse roof head first downward. Miller has baffled the entire police forces of the United States with his wonderful and death defying escapes. Miller will perform here under the management of the Crown Theatre and his exhibition is entirely free. Don't forget the date, Saturday, June 5, in front of the courthouse, afternoon and night.

Republicans.—Republicans held two state conventions at San Antonio Tuesday, after the Green-McCarthy faction, composed largely of negroes, bolted the regularly organized meeting. The "regulars" passed a resolution favoring light wines and beer sold elsewhere than in a saloon. Delegates of both convention go to Chicago un-instructed.

Texas Prisoner.—The American consul at Chihuahua City, Mexico, has been advised by the American Refining Company of the seizure by Mexicans of two Americans. One is believed to be a McDonald of Vernon, Texas.

French President.—Paul Deschanel, president of France, fell from a window of a moving French train Monday night, and walked a mile and a quarter for assistance. No serious injury resulted.

Another "War."—The de facto authorities of Mexico has served an ultimatum on Francisco Villa giving him until May 25 to decide whether he is to be at peace or at war with the new government.
