GO TO CHURCH ON EASTER SUNDAY EVERYBODY CORDIALLY INVITED

METHODIST REVIVAL IS TO BEGIN IN CHURCH HERE MAY TWENTY-SECOND

Revival meeting will begin at Methodist church in this city May 22, or the fourth Sunday May. Rev. L. D. Patterson of Argie, a strong and forceful speaker who is at present a missionary to China here on furlough, will conduct the revival. He will be accompanied by his own singing. The revival will last at least ten days. Further announcements will appear in the Eagle from time to time.

RE MONDAY AT SPARKMAN BROS. SHOE SHOP ON WEST SIDE OF SQUARE

Monday morning about seven o'clock fire was discovered at the Sparkman Bros. Shoe shop on the west side of the square. The fire was in a pile of wool stored in the back of the building. The alarm was quickly rung in and through the quick efforts of the central girls and the boys, the fire was quickly extinguished. A great deal of credit is due the central girls for their promptness in notifying the fire department, for the entire west side was in danger.

Damage to the shoe shop was estimated at about \$75.00, which is covered by insurance. Some damage was done to the building and the water damaged the wool. However, all concerned are mighty lucky that the loss was not total.

The origin of the fire is not known, but it is thought that possibly a rat ignited a match and caught the trash.

SPECTERS ARE FOR EXCELLENT CROPS THIS SEASON

The prospects, according to leaders of the county, have never been so good. Plenty of rain has fallen, a warm weather and sunshine have made conditions the best for any crop. Much of the grain is planted in grain this year and all small grain is looking well and growing rapidly. Business along all lines is gradually picking up. All chances for a boom have passed and a sense of good business and confidence is looked upon.

County will raise a good crop this year, if the weather can withstand the long the Goldthwaite county was killed in this county by a freeze on April 5.

CLING GARAGE OPENS A GARAGE ON EAST SIDE

Cling this week opened a garage on the building situated on South Fisher street. Mr. Cling has installed a garage man. He is an expert work. He is a Dodge cars but can work on any make.

- 10. We Come to Thee—Trio—Mesdames Sullivan, Hudson, and Miss Lawrence Thompson.
- 11. We Shall Behold Him—Mr. J. R. Nelson.
- 12. Hear Us Father—Finale—Trio—Mesdames McMeans, Sullivan and Hudson, Choir.

MARRIAGE LICENSES

County Clerk Clyde D. Lane has issued the following marriage licenses since our last report. Jack Israel and Miss Bessie Townsend, March 18. Joe Roberts and Miss Earline Nichols, March 19. C. C. Plippen and Miss Edra Beech, March 21. Hubert K. Jones and Miss Annie Laurie Daniel, March 23.

TODAY IS \$\$\$\$\$\$ DAY.

Today is the day when people think in terms of 1 dollar. The merchants have arranged this day each month on which they give some very special bargains on some lines of goods. Dollar Day is not a catch-penny proposition, for the purpose of running up goods and then marking them down especially on that day, but close observers of the ads in this paper will readily see that real bona fide bargains are being offered today. Most every family can save dollars by taking advantage of the offerings today. For a list of the very special bargains see the Dollar Day pages in last week's Eagle.

MRS. P. H. McCORMACK DEAD.

Word was received here Friday morning of the death of Mrs. P. H. McCormack, who died at her home at El Dorado, Texas. She had been in very bad health for quite a while, but was resting well and it was thought she was out of danger just before the time of her death.

Mrs. McCormack was a resident of the Blue Hole community several years ago and was a sister of Mrs. S. C. Littlepage and of Mrs. Henry Avery.

Interment was at Eldorado Friday afternoon.

Mrs. S. C. Littlepage had been at her bedside until the first of this week, when she was pronounced out of danger. She returned to her home at Lampasas Tuesday morning.

MARCH.

(Sent in by a "raving, rambling rambunctuous man.")

There are an awful lot of marches. Did you ever stop to think about it? There is Sousa's March, it is very nice if you like it; some people like it and some don't—mostly don't. There is the Grand March too. It is all right to look at but that is about all.

Now Military Marches are simply awful and everybody knows it. Yet some people like presidents and governors and generals and the like, like them. Perhaps it is because they don't have to do anything except just watch them. The next most awful march, or maybe it is even worse than the Military March, is the Wedding march. The reason it is so awful is because it never ends like it begins. They generally begin with rings and orange blossoms and end with plates and rolling pins all going in the same direction, e. g., the direction you are going.

The most notable march of all the little marches is the month of March. And that is because it comes around so regularly. It comes around once every year whether we have our new spring hats or not. March is very notable from the very beginning. Think of it! Only four days pass until some one is made president. Just any one will do. It seems like it doesn't make any difference, and it doesn't, I guess. I remember once my school teacher told me I might be president some day.

The next important event in March is the seventeenth, commonly known to the populace as St. Patrick's Day. You can always tell when it comes without looking at the calendar because every one is wearing green neckties and clover leaves and everything. Just a week after then, that's the twenty-first, our mothers start our spring tonic. Gee woo, but spring tonics and pills are the worst things in the world. Why once I remember my mother gave me—no, I don't; I don't remember it well enough to tell it.

Sunday the twenty-seventh is Easter this year but how sad the poor girls will not get to show off their new spring hats then as they have here-to-fore, cause the factories got balled up and sent them out in January and all the girls got spring hats in February.

Well, summing it all up for good and for bad, let us all give thanks that the most wonderful of all marches is about gone and April will soon be here.

EASTER EGG HUNT.

There will be an Easter egg hunt Saturday afternoon by the young ladies' class of the Christian Sunday school.

HEALTH HINTS.

Austin, Texas, March 25.—"No cure for tuberculosis has as yet been discovered," says Dr. Charles J. Hatfield, managing director of the National Tuberculosis Association, in an interview given out in Austin.

"Ever since the year 1882, when Robert Koch discovered the tubercle bacillus as the specific cause of tuberculosis, men and women all over the world have endeavored to find a cure for this disease," says Dr. Hatfield. "So far as I know no specific remedy or cure for the disease has been found."

"There have been many honest investigators who have spent their lives in search for this remedy. There have been others who, through mistaken judgment, have thought that they had discovered a cure for tuberculosis. There have been still others who have deliberately set out to play upon the victims of tuberculosis by offering them as a 'cure' what is in no sense a specific remedy for the disease. In condemnation of this last group, too much cannot be said. They not only cheat the consumptive out of his money, but in most instances they cheat him out of a chance to live."

"The only known cure for the disease consists in hygienic living; that is, rest, fresh air, good food, combined with good medical treatment, and a proper mental attitude on the part of the patient. Thousands of men and women are today walking our streets and doing their normal work in life who have been cured of tuberculosis by this method."

"To cure tuberculosis by any other means requires first of all, that the tubercle bacilli embedded in the tissues of the body be killed in the body, or that they be made innocuous; and second, that in accomplishing these ends, the tissues of the body must remain uninjured and the lesions caused by the tubercle bacilli be healed."

"No serum, vaccine, drug, gas, inhalant, electrical or other method of treatment has yet been devised that will accomplish these ends. I sincerely hope that some day some such specific method may be found."

"A very marked increase in interest has been noted through communications and calls received from various sections of the state," according to Dr. Manton M. Carrick, state health officer, "in the eradication and control of flies and mosquitoes. As pests and distributors of diseases the sentiment is growing that they can and must be destroyed."

Following are some of the methods:

- Screen the home thoroughly with 16 mesh wire screen.
- Swat, trap and poison all adult flies and mosquitoes in the house.
- Do not overlook the screening of the outdoor privy.
- For special application to the fly: Use a metal garbage can with tight-fitting cover. Haul off or destroy contents at least twice per week.
- Keep all food covered.
- Haul off and scatter all collections of manure once per week.
- Where this cannot be accomplished provide covered or screened manure bins, or treat the manure with powdered borax or hellebore.

EAGLE WILL FURNISH BULLETINS GIVING THE ENTIRE HORNSBY TRIAL

The Eagle printed a limited number of extra copies of each of its bulletins of the Hornsby murder trial, including the one which was issued before the change of venue at Brownwood. These will be bound together in one book containing 56 large size pages and can be procured from this office for seventy cents per book, while the supply lasts. This was done in order that some who failed to receive their bulletins daily on account of no mail service can get them in one book.

Bulletin Number Seven, winding up the trial and giving the rest of the questions and answers which were crowded out of former bulletins, is now ready but will not be sent out to subscribers. It was thought that some would not care for this bulletin, therefore they were not mailed. Those wanting it to complete their record of the trial can get it at this office at ten cents.

HORNSBY GIVEN DEATH PENALTY AT BELTON

George H. Hornsby, alias G. H. Scott, was given the death penalty for the murder of Norman Weatherly at Brownwood the 18th day of October last year by a Bell county jury at Belton late last Saturday afternoon. The details of the trial appeared in daily bulletins issued by this paper. Only one ballot was cast by the jury.

Hornsby's lawyers have filed a petition for a new trial. Nothing has been done about it yet, according to the best information procurable by this paper.

TAKING SCHOOL CENSUS.

Prof. I. H. Hughes, superintendent of the Goldthwaite city schools has been engaged in taking the school census of the Goldthwaite independent school district, and requests that any one having been overlooked by him immediately notify him of the child's name and day, month and year of birth. Prof. Hughes will be at the school building all day today (Saturday), and requests that he be notified at the earliest possible moment, as the census will have to be completed early next week.

Last year the school census for this district was exactly four hundred, and Prof. Hughes says there will be more than this number for next year's school. The figures will be made public in the near future.

SELF CULTURE CLUB WILL PUT MEMORIAL IN COURT HOUSE IN HONOR OF DEAD

The ladies of the Self Culture Club are now busy raising the necessary funds for placing a bronze memorial 22 by 24 inches in the rotunda of the court house. On this memorial will be placed the names of the soldiers who made the supreme sacrifice for their country in the late world war. The memorial will cost around \$200. About \$100 has already been pledged by members of the club. Through the courtesy of the manager of the Dixie Theatre here, Mrs. Hill DeWolfe, twenty-five per cent of the proceeds of the show Tuesday night, featuring "Eyes of Mystery," will go to this fund. The ladies will gladly receive donations from any one wishing to subscribe to this worthy cause.

CLUBS AND SOCIETY

HONORING MISS DANIEL.

A Heart Party and miscellaneous shower was given Tuesday afternoon by Mrs. R. M. Thompson and daughter, Miss Lawrence, in compliment to Miss Annie Laurie Daniel, a bride-elect of the month. The home decoration was most attractive in ferns, Easter lilies and dainty pink roses clustered in baskets, tied with tulle. On the library table in the main reception room a lovely kewpie dressed as a bride, with a cavalier bridesmaid, flower girl and train bearers won the admiration of all.

The diversion was the popular game of hearts, at which Miss Daniel has proved herself so lucky. The shower feature was effected by little Miss Doris Thompson who came into the room drawing a huge Easter lily. Pausing in front of the honoree she said, "Miss Annie Laurie Daniel scored high today. So we'll show our love in this Easter way."

Miss Annie Laurie opened the lily and disclosed to our admiring gaze the many gifts of value and beauty contained therein.

Ice cream in Easter lily and heart-shaped cakes with the initials of the bridal pair were served at a late hour.

The personnel included the Sunday school classes of the hostesses and the teachers of the Methodist Sunday School, of which Miss Daniel is a member. GUEST.

TEACHERS ENTERTAINED.

Mr. and Mrs. Floyd Mullan entertained the teachers, their wives and husbands of the Methodist Sunday School with a delightful party Friday night of last week.

Guests were met at the door by Mr. and Mrs. Mullan and assured of a welcome they already felt.

In the dining room a punch bowl in a bed of lovely ferns and early spring flowers was presided over by Mrs. Edith Dickerson. Mrs. Bodkin assisted her in serving the guests with delightful grape punch on their arrival.

Interesting Bible games, Civil War romances and musical games was the diversion, and in a very difficult Bible contest Mesdames R. M. Thompson and Harry Porter won and were presented with a scriptural calendar by the hostess.

Punch was served again during the games, and at the close of the evening a delightful ice course was served. Plate favors were book marks with the Apostles' creed on them.

We were loath to leave and assured Mr. and Mrs. Mullan that "a good time was had by all." A GUEST.

SUNDAY SCHOOL CLASS.

Mrs. Monroe Geeslin's Sunday school class of young ladies rendered an instructive missionary program at the Methodist church at Center City on March 13.

Leader—Mrs. Monroe Geeslin. Opening Song—The Tide Is Rolling High.

Prayer Especially for Life Service—By Pastor, Rev. W. A. Allen.

Scripture Lesson by Class. Leader: "Who Were the First Foreign Missionaries of the Early Church?"—Miss Amber Langford.

Leader: "Who Were the First Foreign Missionaries of North America?"—Mrs. Corda Head.

Leader: "Who Were the First Missionaries M. A. C. S.?"—Miss Amber Langford.

Leader: "What Types of Work Are Now Being Carried On in Mission Countries?"—Misses Ima Collier, Laura Lee, Beatrice Langford, Mattie Harrison.

Leader: "What Kind of Young People Do We Need on Foreign Fields?"—Mrs. A. A. Cook.

Leader: "Are Volunteers Needed Now?"—Mrs. Barton Head.

Closing Song: Spread the News. The program was followed by an excellent missionary sermon by Rev. W. A. Allen.

REPORTER.

SOCIAL EVENING.

On Friday evening, March 11, Mr. and Mrs. Floyd Mullan opened their lovely bungalow home to the officers and teachers of the Methodist Sunday school and a few friends.

The charmingly tasteful note of the interior decoration makes this home appear to be in festal array without any added touches. However, a breath of Springtime from the outdoors was given the whole reception suite by the touch of color from the hyacinth, primrose, Fleur-de-Lis deftly arranged with trailing ferns. No more pleasing effect could have been obtained. With this setting, is it any wonder that the cheer was imparted to each arrival until there was assembled a most humorous and jovial crowd.

The first feature of entertainment was a contest, which resulted in some very laughable answers. Partners for this were found by a unique manner. Next came a "musical romance" with Mrs. Harry Porter giving the cues for answers from the piano.

Then partners were changed and new ones found by matching parts of Bible verses. This proved to be the real test of the evening, each one being asked to give verse and chapter of twenty-one different scripture quotations.

In this Mrs. R. M. Thompson and Mrs. Harry Porter as partners gave the greatest number of correct answers, and were awarded very appropriate scripture calendars.

When the refreshment plate was passed there were many expressions of pleasure over the plate favors, which were dainty little ivory bookmarks decorated with violets and bearing the Apostles' creed. The delicious ice cream topped with cherries was accompanied by squares of white and pink cake.

The guests were indeed pleased to have been extended this courtesy, which proved so delightful. A GUEST.

CLUB MEETING.

The Central Embroidery Club met Friday afternoon at the home of Mrs. W. B. Jackson in regular business and social session.

The club voted to offer a prize through the Civic League, in the City Beautiful Contest, the prize and object to be announced later.

During the pleasant social hour which followed, the hostess, assisted by Mrs. Cockrum, served delicious ice cream and angel cake.

The reception rooms of the Jackson home were lovely with a profusion of purple iris and ferns.

Mrs. I. O. Harvey will be hostess April 1. REPORTER.

SOME SNAKES!

From fifteen to thirty men and
boys of the Chappell Hill com-
munity have been carrying on a
systematic snake killing in that
community for the past ten days.
They succeeded in killing over
100 large snakes, most of them
rattlers. Dynamite was used to
blast the rocks from their dens
and snakes not torn up by the
dynamite were then killed with
guns and garden hoses. In some
dens the hunters succeeded in get-
ting every snake.

ROBERTS-NICHOLS.

Last Sunday afternoon at about
four o'clock, at the home of the
bride's mother, about three miles
east of town, there was performed
the ceremony which united in the
holy bonds of matrimony Joe Rob-
erts and Miss Earline Nichols,
Rev. R. W. Bynum performing the
ceremony. Only the family and a
few close friends witnessed this
happy occasion.

Mrs. Roberts is the beautiful
and accomplished daughter of
Mrs. Tom Nichols, and was rear-
ed in this community. Her sweet
disposition and many beautiful
traits of character have made for
her a host of friends. Since fin-
ishing school she has been engaged
as teacher and at the time of her
marriage was teaching school at
Cedar Knob.

Mr. Roberts is a son of Hon. J.
W. Roberts, manager of the Rural
Telephone Company here. He was
reared in the Rock Springs com-
munity and is well liked for his
straight-forwardness and business
ability. At present he is lineman
under his father for the Rural Tel-
ephone company, and one of the
promising young business men of
the city.

The happy young couple will
reside in town here and Mr. Rob-
erts will retain his present po-
sition. The best wishes of the Eagle
will be joined with those of a
host of friends for a happy and
prosperous wedded life.

CITY ELECTION.

The State of Texas—County of Mills:
Notice is hereby given and proclamation made: That an election shall be, and hereby is ordered to be held within and for the City of Goldthwaite, Texas, on the first Tuesday in April, being the 5th day of April, 1921, at the recorder's office in the court house, in the City of Goldthwaite, Texas, at which election there shall be elected the following city officers:
Two Aldermen, (to succeed R. E. Clements, resigned, and C. M. Bureh.
Jas. Rahl is hereby appointed presiding judge of said election and he will select an assistant judge and two clerks to assist him in holding same. Said election shall be held according to the provisions of the general election laws of the State of Texas.
Witness my hand at Goldthwaite, Texas, this the 25th day of March, 1921. W. L. JONES, Mayor of Goldthwaite.

IT'S SURPRISING.

That So Many Goldthwaite People Fail to Recognize Kidney Weakness.

Are you a bad back victim Suffer twinges, headaches, dizzy spells?
Go to bed tired—get up tired? It's surprising how few suspect the kidneys.
It's surprising how few know what to do.
Kidney trouble needs kidney treatment.
Doan's Kidney Pills are for the kidneys only.
Have convinced Goldthwaite people of their merit.
Here's a Goldthwaite case; Goldthwaite testimony.
Kidney sufferers hereabouts should read it.
Mrs. L. C. Stephens says: "I can highly recommend Doan's Kidney Pills, as they have brought me a great deal of relief when my back has been sore and lame and my kidneys have been sluggish. I have bought this medicine at Miller & Son's Drug Store, and can highly recommend it to sufferers of kidney trouble."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stephens had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 4-2

MAN RUNS AMUCK AND SHOOT TWO AT PRESCOTT

Prescott.—W. S. Kirby, night policeman of Jerome, and Emil Kovacovich, Jerome merchant, were wounded by shots fired by Kosta Kotich. The shooting took place in the city hall of Jerome, following a heated argument between Katich and Kovacovich. Katich drew his gun and fired at Kovacovich and Kirby was wounded when he stepped in to take the gun from Katich, a .38 Colts police special.
A suit has been filed against Katich by Kovacovich for \$1,000 for collection of alleged bills. Rangel, a Mexican, had been given a \$500 check by Katich which was worthless and the Mexican had a warrant issued for the arrest of Katich. Deputy Sheriff Sauer had one warrant in his pocket at the time of the shooting, ready to serve it. Katich heard of the warrant and thinking it was made out by Kovacovich, went to him about the matter and the dispute followed.
Senator C. H. Rutherford of Jerome says he was trying a bootleg case as United States commissioner in his office, which is on a level with the city hall, about 25 feet away. Chief of Police Crowley and Deputies Sauer and Hughes went in his office as witnesses in the trial when they heard three shots fired in close succession. The officers left immediately to see what the trouble was and found Kirby and Kovacovich wounded. They arrested Katich and took him to jail, while Kirby was taken to the hospital

A. Hamilton, who has been inspector of cattle in Mills county for the United States Sanitary Commission, left Monday night for Bandera, Texas, 45 miles northwest of San Antonio, where he will have charge of cattle inspection. Mr. Hamilton says he is well pleased with the co-operation received from most of the cattlemen of the county. The dipping work here being nearly over, the work from now on will be under the supervision of the Lampasas county inspector. Mr. Hamilton is going into a section of the country where there are more cattle and where the work is not as far advanced as it is in Mills.

Mr. and Mrs. U. D. Miller returned the first of this week from an automobile trip to Ranger and other points in the Texas oil fields.

T. A. LAMPTON'S LAST MESSAGE AT PRESBYTERIAN CHURCH HERE SUNDAY

Text at 11 a. m. "What shall I do for thee before I go? I pray thee that a double portion of thy spirit may be upon me."

The text for 7:30 p. m. "That He would grant you, according to the riches of his glory, to be strengthened with might by his spirit in the inner man."

I trust that all who can will hear the last two messages that I shall give you here. I hope that they may be a blessing to all.

It is with deep regret on our part, and protest on the part of the church that we give up the work here, to accept a call to Hubbard, Texas. We believe that it is a greater field of usefulness for us.

We appreciate our friends as much as anybody in the world can and shall always hold you in sweet memory at a throne of grace.

T. A. LAMPTON, Pastor.

The Pneumonia Month.

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly. Sold by L. E. Miller & Son.—Adv.

Several Seniors were compared last Tuesday morning to that order of High school usually connected with ideas of verdure and "obstreprouness." This comparison was due to "over-loquaciousness" by said several. However, according to their ideas, it was entirely incompatible with the dignity of Seniors.

QUITE A COINCIDENCE.

Last Thursday night when Shirley Mason was here in her late picture "Wing Toy," a large car drove up to the Dixie and inquired the way to Austin (rather its occupants made the inquiry, but the car was loud enough to scream most anything.) One of the men noticed the paper up on the picture that was showing and went in to see if he was really right in a statement he had made to one of his party that he was the photographer who had taken the picture which was being shown that night.

He saw that it was really the picture he had made less than five months before and was astounded that so small a show was showing so late a picture as he knew it had not yet made the rounds of cities.

The party was on their way to Austin and other points where they go to make pictures for the news reels of three companies.

ABOUT COTTON.

The world has now on hand more low grade cotton than it can use, said County Agent W. P. Weaver. For this reason, farmers should plant better varieties the coming year. Less quantity and more quality should be the slogan. Because of the enormous surplus, it is imperative that cotton acreage be reduced. Otherwise the grower will not realize the cost of production on the next crop. On many farms in Mills county bales of cotton are lying flat on the ground, exposed to the weather. Such careless handling will result in a loss of several dollars a bale. Why waste last year's crop and plant another big crop the coming season?

"Eyes of Mystery" is an unusual picture starring Evelyn Nesbit Thaw. It has plenty of humor, a lot of gun play and thrills enough for all. Don't miss it Tuesday night.—Dixie.

ROCK SPRINGS.

(Intended for last week.)
Editor Eagle:
I will send the latest happenings.

We have had two nice rains the last two weeks.

Everything is looking fresh and makes us feel good that Spring has come.

The literary school is doing fine; also the Sunday school.

Mr. and Mrs. P. H. Clements spent the week with Mrs. Nichols.

Mr. Fred Blankenship was in our midst Sunday.

There will be church here the fourth Saturday and Sunday.

The annual cemetery working and egg hunt for the kiddies; also dinner on the ground. March 26, at Rock Springs. Everybody bring dinner.

MOLINE NEWS.

(By Sunshine.)

I have not seen any news from this part of the country, so I thought I would write a few items.

Spring is here again and most all the farmers have their corn planted and are preparing their cottonland.

All the pupils are preparing for the track meet that will be at Lampasas Friday and Saturday. The pupils will take part in several events, as spelling, declaiming, running and several other things.

Miss Nellie Cook, of Adamsville, spent Sunday with Miss Bessie Oneal.

Ernest Oneal spent Sunday evening with Elmer Poe.

Nolan Horton had the misfortune of getting his left arm broken last week, when he and some of the smaller boys were playing.

REV. JAMES HENDERSON CALLED TO PASTORATE

Rev. James Henderson of McGregor has been called to the pastorate here, and it is hoped he will accept. He is a fine young minister with a young wife. A man of ability and varied experience.

He will not leave until about April the 8th.

CENTER CITY.

(Intended for last week.)

The Parent-Teachers' Association met at the school building March 10, at 4 p. m., with sixteen members present. The meeting was called to order by our president, Mrs. J. M. Geeslin, with a few earnest words about work.

A short program was rendered by the pupils and others.

Those present voted unanimously to affiliate with the National Congress of Mothers.

We have enrolled 31 members and expect to do much in the future. Our next meeting will be on Thursday, March 24, 1921, at 3:45 p. m. All those who are interested in their community's welfare are urgently requested to be present. REPORTER.

China and made the beginning for opening up work in the new fields of Spain, Hungary, Roumania, Jugoslavia, and the Ukraine in Russia; strengthened its work in Syria and Palestine, made a beginning in Eastern Siberia, added 100 new workers to its force of American missionaries in foreign lands, provided new houses of worship, hospitals, schools, publishing plants and other institutions needed in the prosecution of missionary work. What is of even more importance, in the estimation of Secretary Love, is the completion of many institutions and undertakings that had been held up for lack of funds.

Home Missions Doubles Budget

By reason of the larger receipts from the campaign, the Home Mission Board has been enabled to practically double its annual budget for its work of evangelism, church building, work among the foreigners, Indians and negroes, mountain mission schools, enlistment, and general mission work in Cuba and Panama. The appropriations to evangelism have been practically doubled, those to church building increased between 500 and 600 per cent, those to the mountain schools, forty in number, 100 per cent, and those to the work of enlisting undeveloped churches, 300 per cent.

In the realm of state missions, which embodies such work as providing missionaries and other special workers for needy fields within the states and aiding weak congregations in the building of houses of worship, the advance made possible by the campaign ranges from 25 to 100 per cent in the eighteen states of the conservation territory.

Returns to the Conservation Commission by forty-five of the Baptist institutions of learning which are sharing in the returns from the campaign, show that they have received \$2,713,756 so far. Of this sum, \$1,640,000 has been expended on improvements, \$400,000 has gone to endowment, several hundred thousand dollars in old debts have been wiped out and other improvements are under way.

Ten New Hospitals Provided

Southern Baptists were operating fourteen hospitals when the campaign began, and as a result of the new interest in this work aroused by the campaign ten additional hospitals have been launched. These hospitals have received \$1,111,439.45 from the campaign so far, while local communities in which the hospitals are located have subscribed approximately

\$2,000,000 additional. The hospitals have practically \$1,000,000 in improvements under way. The seventeen Baptist orphanages have likewise come in for much larger support as a result of the campaign, their receipts from this source being \$1,018,798.67. As a result of this income the orphanages have been enabled to make improvements valued at \$325,000.

The work of adding aged preachers is a new one among Southern Baptists as a whole, but as a result of the campaign the Relief and Annuity Board has received \$408,148.82 from that source and \$300,000 from Mr. Rockefeller, Sr.

Mr. Egger, of this city, who has charge of keeping the cemetery, has recently built a nice walk for the school children to pass over on their way to school, which helps to keep them out of the mud and also lessens the danger from passing automobiles. CLUBS AND SOCIETY

JONES DANIEL.

One of the most beautiful and impressive ceremonies ever witnessed in Goldthwaite was that which united in the holy bonds of matrimony Hubert Kelly Jones and Miss Annie Laurie Daniel at the Methodist church here last Wednesday evening at eight o'clock.

At the conclusion of the weekly prayer meeting and just before the stroke of eight, Miss Lawrence Thompson in a soft, sweet, melodious tone, sang "Because I Love You Truly," accompanied on the piano by Miss Nora Hooks. At the conclusion of this beautiful air, the piano, played by Miss Nora Hooks in her own impressive way, took up softly "Mendelssohn's Wedding March," while the bride and groom entered through the right main door and slowly advanced to the altar.

Floral decorations were beautiful arches and bells of green vines and Easter lilies. The bride was dressed in a neat and becoming dark blue tailored tricot suit with accessories to match and wore a bouquet of roses and sweet peas.

A most beautiful and impressive ring ceremony spoken by the father of the bride, Rev. M. F. Daniel, followed the entrance, at the conclusion of which the united couple knelt at the altar for prayer and benediction, the audience standing. During the ceremony Miss Hooks gently played "Humoresque."

Mrs. Jones is the beautiful and only daughter of Rev. and Mrs. M. F. Daniel, much beloved and respected pastor and wife of the Methodist church here. She is a young lady whose gentle spirit and cultured refinement, as well as her beauty, have made for her hosts of friends and admirers during her residence here. She was reared under the influence and in the atmosphere of high religious morals and practical goodness, as she traveled from place to place with her father and mother, as they went where duty called them. For the last three years she has been a student of S. M. U. at Dallas.

Mr. Jones is a son of H. H. Jones of Dallas, and is a young man whose merits and business ability is known and respected by almost every one in this county. He has held the position of pharmacist with the firm of L. E. Miller & Son here for several years, with the exception of the time he spent at college and when his country called him during the world war. His friends here are numbered by his acquaintances.

The very happy and most fortunate young couple will reside temporarily with Rev. and Mrs. Daniel, possibly until the first of April. After that time they will be at home to their friends at Lytle, Texas, a city about twenty-five miles from San Antonio, where Mr. Jones has accepted a very remunerative position as pharmacist.

Friends will lose the pleasure and Goldthwaite the benefit of a potential couple when they bid us farewell and move away. However, the heartiest and most sincere wishes for success and happiness throughout life will follow them from the friends they leave behind.

THE SELF CULTURE CLUB.

The Self Culture Club met in regular session at the club room on Thursday, March 24, with the president in the chair.

Quite an interesting business session ensued. The club urged all members and others in the city to remember the perriwinkle when planting flowers this season, as it is such a splendid bloomer and so well adapted to this warm dry climate.

The chairman of the memorial committee announced that arrangements had been made with Mrs. DeWolfe, manager of the Dixie Theatre, to allow the Self Culture Club part of the proceeds from the motion picture, "The Eyes of Mystery," to be shown next Tuesday night, March 29. The proceeds of this show will be used for the bronze memorial tablet. Candy will also be sold there.

HAPPY HEARTS.

Jack Israel and Miss Bessie Townsend, both of the North Brown community, were united in marriage last Friday afternoon at the Methodist parsonage in this city, Rev. M. F. Daniel, pastor of the church, performing the ceremony.

Mr. Israel is not well known in this county, only having come here the first of this year from Oklahoma and has been residing since with his nephews, Mr. and Mrs. Will Smith, in the North Brown community. During his stay he has made many friends in that community.

Mrs. Israel is the beautiful and accomplished daughter of Mrs. L. A. Townsend, and has been living in the North Brown community with her mother since the first of the year. She was raised to womanhood in and near Mullin, and has many friends in Mullin and Goldthwaite, as well as in her home community.

The happy couple visited Mullin for a few days after their marriage, and it is thought they will make their home in the North Brown community.

The Eagle joins the host of friends of these young people in wishing them a long and happy married life.

A Good Job of Planting is Certain

The combined cotton and corn planters that we have in stock are just as accurate as though the seed were picked out and dropped by hand. We want to show you the one-row riding planter that, with other conditions being right, will get for you the biggest crop your land will sustain. At the same time saves seed, and that is no longer a small item.

JOHN DEERE

No. 107 COTTON, CORN AND PEANUT PLANTER

This planter has a steel picker wheel with teeth shaped like the teeth of a gin saw. This wheel separates the fuzzy, fattest seeds without injury, and drops them one at a time. It is the one big improvement in cotton-planter construction.

It does its work consistently, whether the hopper is full or nearly empty, because lint and trash are carried out with the cotton and not left to accumulate in the hopper. The spider and stirrer in the hopper keep the seed feeding uniformly to the picker wheel. No clogging or choking. You control the drop by a thumb-screw adjustment. You regulate the flow of seed to suit the field you are planting.

Using one of these planters may be the means of putting more money in your pocket this season. Come in and personally inspect them. That is the best way to decide.

ADVERTISEMENTS IN THE EAGLE—AND SAVE

SCHOOL NOTES.

Friday, March 11, the Parent-Teachers' Association held one of the most delightful meetings of the year. No business affairs were considered, the meeting being, for the first time, purely social. Members of the Center City organization, which was recently organized, were present as appreciated visitors.

The auditorium was pleasingly decorated in ferns, spring blossoms and H. S. colors, which made the program seem even more enjoyable.

The Freshman Latin class began the program, and incidentally displayed their Latin ability in a 16th century student song, "Flevit Lepus Parulus." The song has to do with a rabbit's complaint as to his treatment by man, and is still interesting in this day of "drives" and rabbit extermination.

Miss Maggie Webb, with her usual ability, gave a beautiful reading "Traumerei," and Miss Mildred Street represented the Spanish class in a Spanish representation of "Juanita." Julian Evans made a decided "hit" in his clever impersonation of a bored Englishman with his monocle and recurring "Don't y' know." The piano solos of Miss Emily Anderson and Miss Lela Strickland were greatly enjoyed, as was also the duet by Miss Janie Archer and Miss Rose Gross. Miss Caddy Mayberry and Miss Kate Hearne in Highland plaids and kilts were a decided hit as Scotch "Lassies." They gave "Blue Bells of Scotland," with steps from an old Highland dance.

Mrs. DeWolfe's reading of three of her poems was greatly appreciated, especially as she gave the history of each.

As this completed the program, minutes were read and several short talks made.

Upon counting votes, it was found that the sixth grade room in grammar school and the eighth grade room in high school had most mothers present.

The association expressed its appreciation of the visit of the Center City ladies, and cordially invited them to attend again.

A social hour was then enjoyed in which every one had time and opportunity to get acquainted and "visit" over "punch cups."

Everyone is cordially invited to attend the next meeting, which is the last of the year. This meeting will be of unusual interest, as there will be an exhibit of work done in all branches of high school. Special preparation is being made for the exhibit, and parents are requested to come and see specimens of work done by our students. There will also be an election of officers for next year. All members are particularly requested to attend for this reason. Don't fail! You men, get a move on you and come up and take a peep.

The Freshmen and Sophomore English classes wrote autobiographies recently and Miss Hollmig learned some interesting facts concerning the pupils' and teachers' past. The following expressions were, perhaps, most general: "I didn't pass that year,—the teacher was no good." "A lot of our class failed that year—the teacher didn't know how to explain things clearly," or "The teacher was always storming around and couldn't keep her temper—I just couldn't learn anything under her," etc. These were usually preceded or followed by statements of this variety, "I made good grades in my 6th year the teacher was just fine," "Most of our class passed this year—the teacher explained things so clearly. She certainly was a good teacher." And so it goes!

The baseball boys were very busy the first of the week moving the diamond and putting it in "tip-top" shape. They have also been working over the team with the result that any member who is not passing in three courses and making a creditable showing in another is not eligible.

LABOR RULE COSTS MANY MILLIONS.

Railways Asking Labor Board to Abrogate Wasteful Agreements Made Under Federal Control.

"The entire country, its consumers, its farmers, its workmen, and even the railway employees themselves, are directly interested with the railroads in cutting down railway operating expenses."

This is the keynote of the case presented by the railroads to the United States Railroad Labor Board, now in session in Chicago.

The railroads have submitted evidence to the board to show why the National Agreements affecting railway shop labor should be abrogated, believing that this is a vitally important step in the process of reducing operating expenses.

This step is not only necessary to insure adequate earning power to the railroads, but will make possible an ultimate reduction in rates.

The agreements were made by the Railroad Administration just before the end of Federal control. The sum total of the rules and working conditions provided by the National Agreements have increased the operating expenses of the railroads by hundreds of millions, and have decreased the efficiency and output of the employees in other ways resulting in losses which cannot be calculated in dollars and cents.

For several weeks the railroads have been multiplying instances of the absurd and extravagant results of the labor rules fastened upon them by the National Agreements.

In one case cited before the board a machinist was paid 16 1/2 hours' wages for work all performed within eight hours. This case illustrated the effect of the rule that for each "call" the worker is to be paid five hours' wages even if he works only ten minutes.

The case of a car repairer on the Virginian Railway, who was recently paid over \$1,000 for services which were never rendered, and in addition the same amount of overtime was made by his gang, was another example.

In connection with the rule that one but mechanics or apprentices shall do mechanics' work, the following was cited to indicate its unfairness:

Five Hours' Pay for 30 Minutes' Work

"The El Paso & Southwestern Railroad recently had an engine set out at Douglas, and about the time it was ready to go to its train it developed that a window light was broken in the cab. It was necessary for the foreman to call a carpenter to do the work that he could have performed himself in a few minutes. The train was delayed one hour and 30 minutes, and the employee called to do the work was paid five hours for work requiring 30 minutes."

The inefficiency created in inflexible application of the rules contained in the agreements in question was illustrated in the following actual case which recently occurred on the Baltimore & Ohio Railroad:

"An engine was placed in the shops for certain repairs. Because of the provisions of the National Agreement, it was necessary that members of five crafts perform parts of this work; formerly, the entire operation was performed by the members of but two crafts."

\$6,500,000 for Work Not Performed

How the railroads of the country were compelled to pay almost \$6,500,000 in the first six months of 1920 for service not rendered because of the effects of but one of the 182 rules included in the Shop Crafts National Agreement was shown in the testimony.

This punitive payment for work never performed was required by a clause in the National Agreement, which provides that when employees are required to check in and out on their own time they will be paid one hour extra at the close of each week.

The rigid classifications of labor, when taken in connection with the rule that requires that a man must have four years' experience before being employed to perform any of the work listed in them, result in paying rates applicable to men who are supposed to be fully qualified for work which does not require men of four years' experience.

To illustrate how the inflexibilities of many of the rules now enforced operate to mulct the railroads of large sums for services which in the absence of these rules could be obtained for relatively moderate sums, evidence was laid before the Labor Board showing that three men who were employed at a small pumping station in Michigan, performing unskilled work, would, when classified under the rules, receive an excess of pay amounting more than the value of all the work done and current generated at

BAPTIST 75 MILLION CAMPAIGN MAKING GOOD PROGRESS, COMMISSION REPORTS.

CASH ROUND-UP IN SPRING

Effort Will Be Made During March and April to Secure Cash on All Pledges Due to May 1, 1921.

DR. J. B. GAMBRELL
President Southern Baptist Convention, who will tour the South.

Up to December 1, 1920, Southern Baptists had paid \$16,851,100.68 in cash on their subscriptions to the 75 Million Campaign, according to an announcement issued by the Conservation Commission, which is looking after all the general interests of the campaign. This sum has been apportioned among foreign missions, home missions, state missions, Christian education, hospitals, orphanages and ministerial relief, in accordance with the original campaign program.

While the receipts from the campaign have enabled all the agencies of the denomination to greatly enlarge their work the returns have not been as large as the best interests of the work demand, it is said, and the local churches throughout the South are asked to join in a movement to bring up the payments on all subscriptions due by May 1, in order that the delegates can go to the Southern Baptist Convention at Chattanooga, May 12, with a clean slate and all the general work adequately provided for.

Will Hold Day of Prayer.

Inaugurating this spring cash round-up campaign, February 27-March 6 has been designated as intercession week by the Baptist women of the South, while the entire membership of the Baptist churches is asked to join in spending Wednesday, March 2, as a day of prayer for God's blessings and guidance in the further campaign work.

After this special period of prayer the remainder of March will be given over to enlisting all the members of all the Baptist churches in the South in the matter of completing the campaign program by paying that portion of the subscriptions due by that time, and in bringing the members to see their obligation to support God's work through the dissemination of the doctrine of stewardship. April has been designated as loyalty month and during that time effort will be made throughout the South to bring Baptists to realize that their loyalty to God and His work demands the payment, where at all possible, of their pledges to the campaign.

Southwide Tour Is Planned.

In order that the subscribers to the campaign may be fully informed on what has been accomplished with the money they have contributed so far, and as to the needs for the completion of the campaign program, a series of informational and inspirational meetings that will reach into every state in the South has been planned for March and April. These meetings will be featured by addresses by Dr. J. B. Gambrell, president of the Southern Baptist Convention, and Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary, who have just returned from a six months' tour of the mission fields of Europe, and who will tell of conditions they found there; Dr. L. R. Scarborough, general director of the campaign, and other persons of prominence. These meetings will be held at central points in the various states, and from these central meetings associational and district rallies will be formed in the hope of taking the campaign message to all the people.

Fat Stock Show.

The Fat Stock Show and judging will be on Saturday, May 14, and will be one of the biggest events on the program. Entries for the show are coming in every day, and consist of as fine a lot of cattle, hogs, sheep and goats as you will see at any of the larger stock shows. Prize-winning stock from some of the larger stock shows will be shown here. If you are a lover of good stock you will certainly enjoy this show.

One of the reasons this show is being held is to create a larger interest in better livestock. If you are running a scrub bull with your cattle, come and see the purebred bulls in the Fat Stock Show and you will be convinced that it will pay you to use a purebred instead of a scrub.

There will be some good purebred bulls for sale at this show.

After the livestock judging is completed, there will be a baseball game between Goldthwaite and Lometa and a free-for-all horse race with nothing barred. The purses in all events will be liberal.

Come prepared to spend both days.

Rules of Entry.

The following rules and regulations as to the entry of livestock in the forthcoming show the 14th of May were adopted:

All animals entered for prizes (with the exception of the best cow of the dairy breeds and the steer class) must be registered or subject to registration.

There will be an entry charge of \$2.00 for each head of cattle entered for a premium, and a charge of \$1.00 for each head of sheep, goats and hogs so entered.

All stock must be on show ground and in their respective places by 9 o'clock on the morning of May the 14th.

Nanny, 1 year and under 2, first \$5.00, second \$2.50.

Better cattle, sheep, hogs and better stock of all kinds is the greatest need of Mills county. There is no more practical and profitable business for men fortunately situated to turn their attention to than the breeding of purebred stock. There should be on most farms in Mills county at least a purebred sire at the head of the herd. It is the aim of the Mills County

BIG INTEREST IN MEETING TO DISCUSS DAIRY PROBLEMS ON TUESDAY, MAY 10

"Make the Cow Your Partner." That is the popular slogan of the day in this community.

The indications are that a big crowd will attend the community meeting to be held at the Dixie Theatre here next Tuesday afternoon at 2 o'clock, May 10, for the purpose of discussing the ways and means of making this one of the leading dairy communities of the South.

Farmers and business men alike realize that dairy communities the country over are always prosperous communities and all are determined that Texas shall play its part in the great dairy movement now sweeping the South.

H. S. Mobley, who will be sent here by the Agricultural Extension Department of the International Harvester Company to assist in conducting the meeting, is, perhaps, the one man in this country best qualified to discuss this matter with us because he has had years of experience as a successful southern dairy farmer who is familiar with Southern conditions and who sees the South's great opportunities.

Mr. Mobley was national chairman at Washington of the Farmers Organizations' Legislative Committee during the discussion and adoption of such laws as the farm loan bank, parcel post, Smith-Lever bill, etc.; he is a practical Southern farmer of many years' experience who sees things from the farmer's viewpoint. He knows dairying and dairy cattle. He operates a dairy farm, has 30 head of fine dairy cattle, and markets his products at a profit 200 miles from home.

Illustrated lecture charts, demonstration material and moving pictures will be used in conducting the community meeting at the Dixie Theatre Tuesday, according to the local committee on arrangements.

The program will be interesting to both town and country people. The schools are being invited to co-operate and women and children will be especially invited to attend.

Mr. Mobley is an able lecturer and will do all in his power by talks and demonstrations to be of service to the farmers in explaining to them how and why dairy cattle make farming profitable, why Texas is peculiarly fitted for a great dairy state, and how easy it is to get a start in dairy farming.

Everything will be free. No admission will be charged and everybody will be welcome.

PICNIC AT LOWER BIG VALLEY.

Lower Big Valley school closed April 29. The teacher, Mrs. Halcolm, and the patrons of the school had planned and carried out one of the most enjoyable picnics we ever attended.

The site chosen was a beautiful grove in Mrs. Bickham's pasture on the Colorado river, a short distance from the school house.

Every one had been invited, and at an early hour the people began to arrive; by eleven, almost the entire community, as well as a number from Upper Big Valley, San Saba, Goldthwaite and other communities, had reached the appointed place and the fun began. For several days the men had been fishing, and when we saw pans upon pans of fish, we knew their labors had been blessed with success.

Nothing had been forgotten or overlooked. They even had a cook stove placed under a great shade tree and as soon as the men dressed the fish the ladies fried them.

The table was then spread with a bountiful feast of fried chicken, boiled ham, salads, sandwiches, pickles, cakes, pies and many other things, besides the hot fish and coffee. After every one had eaten just every bit of fish he could, there was enough left for each one to carry some home.

We thought surely we had had enough eats for one day, but no; after sitting around an hour or so enjoying ourselves in various ways, we looked, and behold! the ladies were spreading the cloths again. This time the call was to come eat ice cream. Every one was not only invited but urged to come and partake.

No one seemed to be the least bit bashful, but readily accepted the invitation. As our bowls were emptied the waiters immediately refilled them. There were fifteen gallons of ice cream, and the children and older people alike enjoyed this treat.

The people were then seated and Mr. Weaver gave an interesting and instructive talk on the Farm Bureau question.

We learned that a number of amusements had been planned, such as races, high jumping and a ball game, but the programme was entirely too "full" for that.

It seemed that every one present was in just the mood for a jolly good time and needed no set form of amusement. The affair showed a spirit of genuine hospitality and good will.

We were glad to see the love and affection the children had for their teacher, Mrs. Halcolm, who had labored and worked so faithfully with them. She is held in esteem and good will by the entire community.

We who are not of that com-

BIG VALLEY SCHOOLS CLOSED LAST FRIDAY

The last of the three schools taught in Big Valley during the past year closed last Friday, April 29. This school was taught in the building constructed and used for a consolidated three-teacher school in 1919-20. The term began in September and ran eight months, which gives Big Valley the distinction of having the longest school term of any county district in the county.

The expenses of this school, which amounted to over \$1200, were paid by private subscription to the patrons, with the exception of \$90 of free school money. The available school funds for the consolidated district were used by the trustees, G. A. Knowles, W. H. Nelson, and F. L. Hartman, to support a six-months' term in Upper Big Valley and a five-months term in Lower Big Valley. All teachers received a salary of \$150 per month, making a total of \$2850 spent in the employment of teachers alone in the Big Valley community during the term of 1920-21. The three teachers were Mrs. Zora Sellars, Miss Mary Bledsoe and Mrs. Lillian Halcombs.

Telephone Service

The West Texas Telephone Company has nothing but service to sell.

To make this service mechanically efficient we have built up the physical structure of our property with the greatest degree of permanency that first class material and engineering knowledge will permit. To make this service reliable and trustworthy we have built up the personnel of our organization with young men and women who are eager to serve the public with courtesy and efficiency every hour in the day and 365 days in the year. They are ever at your beck and call.

Now we cannot do all this for nothing. The man who is connected to the system must pay for the service rendered. Some use the telephone more than others. But whether it is used or not, the fact that the connection is there and ready for use at any time of day or night is in itself a service of great value and is not generally given the thought and credit it deserves.

SATURDAY, MAY 7, 1921.

TAG DAY, MAY 14.

One enquirer, whom I spoke to this week about the famine that existed in China, brought forth a very forceful query, and one which is worthy of an answer from an abler hand than mine.

In effect he said that if famine raged in the lands of North China, why was it that so many Chinese eggs were shipped from China to this country. In other words, why cannot the volume of these eggs, instead of being imported to this country by the Chinese, be diverted to the famine areas of their own country and thereby give the needed support? This is quite a reasonable query to come from the mind of an interested Occidental, but we of the Occident can never understand the foreign ways of the Orient. As Rudyard Kipling has truly written:

"For East is East, and West is West, and never the twain shall meet."

The great gulf of difference existing between us of the West and those of the East is mainly caused by the great difference in religious beliefs. Christianity has placed a high value upon human life, whereas the polyglot religions of the East like Mohammedanism, Buddhism, Shintoism, Confucianism and the ancestral worship, have always extolled a false philosophy of fatalism that has cheapened human life in the eyes of its followers.

Consequently, devout occidentalism hits against a great wall of indifference and appalling philosophy of fatalism when it seeks to lend a helping hand to our Oriental brothers. Besides, if the Yartars of E. China were fully alive to the dread situation that exists among the Manchus of the north, primitive transportation as well as ancient grudges would place an unsurmountable wall around them to hinder rescue work.

John Stewart Mill, in his authoritative book on political economy, "The Wealth of Nations," enounces this fact. He argues, in substance, that if a nation, enjoying the fruit of Christian civilization, hears the calls for help from an unfortunate neighboring nation, it is the bounden duty for that nation to go to the rescue of its unfortunate neighbor.

Like the relief of war-stricken Europe, let us place the need of China on the load of the white

man's burdens and loosen our purse strings, more especially and it is to be hoped more generously, when we remember that China "did her bit" to help win the war.

When we meet the members of the "flying squad" next Saturday let us smile broadly as they tag us, and give as if we appreciated the privilege of being allowed to give.

If you want True Music you must choose

The NEW EDISON
"The Phonograph with a Soul"

CONSIDER your object in buying a phonograph. It is to bring true music to your home—the living performances of great singers and instrumentalists, of great bands and orchestras.

If you buy phonograph records, or player-piano rolls, if you play or sing, you should have a copy of "What Edison Likes in Music." It tells Mr. Edison's 25 favorite tunes, — gives his views on music, — and names 6 selections which he thinks everybody ought to own. Get your copy. It's free for the asking. Use the coupon.

Over five thousand times, before more than five million people, the New Edison has stood side by side with the living artist in a direct comparison test, and no one has been able to distinguish between the living performance and the RE-CREATED performance.

The New Edison is the only phonograph or talking machine that sustains this test. It is the only phonograph that has actually proved beyond question that it gives you true music.

WRITING THEMES.

Themes!

That awful word just haunts me all day long,
It's running thru my fevered brain
In a monstrous, gurgling sort of song—
I simply think I'll go insane,
For we've written 'em so much till now it seems
That this big, wide-world is made up of themes!

Themes!

On every Friday morn, as sure as fate,
With outlines in front of 'em, too,
To get to stay in if it comes in late—
Now what on earth must I do
When I work all night on a theme and find
That I did not observe a margin line?

Themes!

Never learn to get them written right
From the start to end, you see,
'Tis 'tho' I try with all my vim and might
That will use tautology,
And there's forever misspelled words, of course,
And awkward expressions, or lack of force!

Themes!

Underlined titles and lines to skip
That my head is dizzy, dear me!
And to be sure as you're living, I always slip
In that paragraph unity.
You won't wonder at us trying schemes
To get out of writing those awful themes—

Themes!

With many other rules we have to learn
To keep our paper spotless clean,
Or "no themes" every pupil's heart does yearn;
Themes keep the "Freshies" pale and lean
And all night long I have unpleasant dreams,
Having horrid nightmares of horrid themes!

Themes!

That awful word just haunts me all day long;
It's running thru my fevered brain
In a monstrous, gurgling sort of song—
I simply think I'll go insane.
I'm not sure that for this you'll fall—
But Miss Hollurig was the cause of it all!

DENSON-KUYKENDALL.

Thursday morning, May 5, at about 9 o'clock, Cecil Denson and Miss Ira Burkendall were quietly united in the holy bonds of matrimony, at the home of A. D. Karnes, Mr. Karnes performing the ceremony.

Mrs. Denson is a daughter of Mr. and Mrs. Scholar Kuykendall of the Pleasant Grove community and was reared in Mills county. For some time she had held a position with the Rural Telephone Co. here and made for herself many friends on account of her winning personality and cheery good nature.

Mr. Denson is a son of Mrs. W. L. Burks and was reared in Goldthwaite. He is known and well liked by almost all the people in this section on account of his industry and business ability. At present he is connected with the Gulf Refining Co. distributing station here.

The happy young couple will reside in the home of Miss Lura Yarborough.

The heartiest wishes of a host of friends will join those of the Eagle in wishing for this young couple a most happy and prosperous wedded life.

REVIVAL MEETING AT THE METHODIST CHURCH BEGINS ON SUNDAY, MAY 22.

The Goldthwaite Methodist church has arranged for a great revival to begin Sunday morning, May 22, 1921, and continue two weeks. Rev. L. D. Patterson of

Rev. L. J. Patterson.

Alabama, general evangelist for the Methodist church and missionary to China, will do the preaching, while Rev. A. J. Notestine, a singing evangelist of wonderful power, will direct the song service. The preacher and the singer are recommended in the highest form by the general board, the Alabama conference, pastors with whom they have held meetings, the press where they have been and a number of our local people

Rev. A. J. Notestine.

who have been in one of their meetings.

While the meeting is under the direction of the Goldthwaite Methodist church, it is intended to cover a much larger scope than that occupied by the local church. It is hoped the influence and benefits will reach to the utmost bounds of the county and beyond. The people of all denominations are invited to take part in the meeting.

It is not often the people of the smaller cities and communities have an opportunity to hear such a preacher as Rev. L. D. Patterson or enjoy such soul-inspiring song services as those conducted by Rev. A. J. Notestine; therefore, a great meeting is expected.

FARM BUREAU.

Twenty-five years ago, much of the land that is now known as the California orange belt was waste desert, inhabited only by animals like the coyote, and growing only such vegetation as the yucca tree, and the sage and greasewood plants.

There exists an enormous gulf between the present day picture of luscious and wealth producing citrus groves and truck fields and the barren picture of early days. Yet the story of its evolution is a familiar one to farmers. It is a long series of years of the farmers being "spoiled by the Philistines" until they organized into huge co-operative associations and thereby succeeded in "spoiling the Philistines."

Two months ago I was speaking to a farmer of the Lower Rio Grande district. He told me that he got paid six dollars a ton for his cabbage and found out later that his cabbage had been sold for \$140.00 a ton in Oklahoma City.

Further, how many people here or for that matter one hundred miles from the district of the Lower Rio Grande, know that the citrus grown there is every bit the equal of, and in the case of the grapefruit, is purer than the California fruit?

The reason for our great ignorance of the immense products of our State is because the other fellow as well as ourself is unorganized and therefore at every one's mercy. Let's get busy and join the Farm Bureau and thereby discover the truth in the old adage "In unity there is strength."

JIMMIE HENDERSON.

JOE-SENIOR RECEPTION.
Friday evening, May 6, the seniors at the home of Mr. and Mrs. P. Hurdle, with the assistance of Misses Ila and Bessie Marie Crimm. We were bidden to bring a very unique register of gold paper with a blue on it. We were told to register on the "21."
We were ushered to a fully decorated table, where was served by Misses Ila and Bessie Marie Crimm. We entered the living room and each presented with a picture of one of the seniors of the class and told to who it was. This proved difficult, but also interesting.
We were given little made of blue and gold with a vocabulary of twenty words on it, and told to write a paragraph using the words of each Senior between these paragraphs were read, Miss Harris and "Senior" would begin. Our successive games, it and that Miss Zaleme Wil had highest score. For in this game she was pre with a beautiful bouquet and while pansies.
We were asked for certain articles, such as: age are we forbidden to do. The correct answer is Misses Cassye Potter and Edde were found in this game.
Partners were then told to entertain a conversation lasting ten. At the end of the lion an ice course was consisting of orange ice in blue basket, and angel.
By late hour we bade our good-night. We forgot the Juniors and Mrs. Hurdle for this de- ceptless and as we leave wish for them the very best.

Whooping Cough.
This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codine or other opiate is given, is usually cured by giving Chamberlain's Cough Remedy. Most people believe that it will run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take. Sold by L. E. Miller & Son.—Ad.

We can prove it with a dozen NEW EDISONS

We did prove it,—absolutely and conclusively,—with a single New Edison. You know we did,—from the results of the test made April 14 at the Dixie Theatre, when Helen Davis and Sibyl Sanderson Fagan compared their singing and whistling with its RE-CREATION by the New Edison.

We can prove it again,—with any other Official Laboratory Model in our store.

The marvelous exhibition of April 14 was not the achievement of a special New Edison. It was simply a regular performance for any Official Laboratory Model.

Here's a Little Suggestion For the Man who Doesn't Need to Build!

IT IS REMARKABLE HOW A LITTLE LUMBER, A LITTLE PAINT AND A GOOD WORKMAN OR TWO CAN MAKE OVER A PLAIN, OLD-FASHIONED, OUT-OF-STYLE HOUSE INTO A NEAT, ATTRACTIVE HOME. ONE MAN SPENT A FEW HUNDRED DOLLARS AND THE VERY DAY THE SIMPLE IMPROVEMENTS WERE COMPLETED HE WAS OFFERED \$1,400 MORE FOR THE PROPERTY THAN HE HAD EVER BEEN OFFERED BEFORE.

THE IMPROVEMENTS HE HAD MADE WERE BETTER THAN A ONE HUNDRED PER CENT INVESTMENT.

BUT IT ISN'T ALTOGETHER THE MONEY INVESTMENT THAT OUGHT TO BE CONSIDERED. MAYBE MOTHER AND THE GIRLS ARE DISSATISFIED WITH THE PLAIN, OLD HOUSE. THE NEIGHBORHOOD HAS BEEN BEAUTIFYING AND YOUR FOLKS, TOO, MAY LONG FOR THOSE ATTRACTIVE LITTLE FEATURES THAT MAKE THE PASSERBY PAUSE AND SAY: "NOW THERE'S A NEAT LITTLE HOME."

COME IN AND SEE US. WE HAVE SOME INTERESTING SUGGESTIONS FOR ECONOMICAL REMODELING. AND WE CAN SUPPLY THE MATERIALS.

J. H. Randolph

"QUALITY LUMBER."

Telephone Service

A substantial and well built telephone plant coupled with a courteous and attentive operating force should and does, produce a reliable and efficient telephone service.

However, we do not stop even with these two essentials, and to insure a first class service to our patrons a system of reports have been worked out which, together with periodical inspections of our equipment, brings our attention any defects or troubles which may, from time to time, appear and, therefore, enable us to keep plant in good repair, thus reducing interruptions in service to a minimum.

All this is in the interest of first class local and long distance service twenty four hours in the day and three hundred and sixty five days in the year.

GRADUATE SERMON
ON SUNDAY AT BAPTIST CHURCH BY REV. DANIEL
On next Sunday, May 15, 1921, the
graduation sermon for the
Class of the Goldthwaite
school will be preached at
10 a. m. at the Baptist church by
M. F. Daniel of this city.
The different churches of the
city will have Sunday School as
usual and then turn out for the
graduation sermon.
On Friday, May 20, 1921, the
South Grade pupils of the school
will, at 3 to 4 p. m., hold their
exercises in the high school as-
sembly hall, and each pupil passing
will be given a certificate of pro-
motion to the High School. Our
evening of the same day at
7:15 o'clock in the Dixie Theatre
will take place the graduating ex-
ercises of the Goldthwaite High
School. President F. W. Thomp-
son of Daniel Baker College,
Crownwood, is to make the com-
mencement address and the diplo-
mas and eight prizes and medals
are to be awarded.
The general public is cordially
invited to all these exercises.

EPWORTH LEAGUE SPENDS DAY ON RIVER.
Members of the Epworth
League spent a half day on the
river Wednesday, May 8. Mrs.
Hugh Moreland chaperoning.
Fishing, fishing and boating
were the pastimes of the after-
noon and then a bountiful supper
was enjoyed. After an hour of
talks and stories around a camp-
fire came the ride to town
through the moonlight.
Many such outings are being
planned by the League for the
summer months.

WAS SURPRISED AT THE RE- SULTS.
The Most Grateful Man on Earth
Since Tanlac Did So Much for
His Wife.
Another wonderful endorsement
of Tanlac that will be read
with interest by the people of
Arkansas was given by C. O. Far-
abee, of 822 Elm St., Little Rock
Ark.
Mr. Farabee, who is now retired
from active business life, was for-
merly a merchant and stock-bro-
ker, and also holds extensive bal-
loting and farming interests. His
standing and influence are well
known to require further com-
ment.
"It is certainly surpris-
ing," said Mr. Farabee, "that Tanlac
could help my wife as much as it
has, after suffering so long a
time without being able to get
relief. Why, she had been ill
for fifteen years. About
three months ago she had to
undergo an operation for ap-
pendicitis, and being already in a
condition I had fear of her not
being able to survive. She had
no appetite, couldn't digest her
properly and suffered terribly
from palpitation and shortness
of breath. She had no strength
and we could find nothing to
do to build her up.
One of her friends brought
her a box of Tanlac about three
weeks after she got out of the
hospital, and it is certainly won-
derful how she responded to this
medication. She kept taking Tan-
lac and now has a splendid appe-
tite, is looking after her house-
work and her chickens and cov-
ers her bed. She sleeps like a healthy
woman and has more strength and
energy than she had in many
years. I'll tell you I'm the most
grateful man on earth since Tan-
lac did so much for my wife."
Tanlac is sold in Goldthwaite

YOUNGER SET ENTERTAINED

On last Friday evening the younger set was entertained in the hospitable home of Mr. and Mrs. Marvin Brown, honoring their niece, Miss Aylene Lee of Grandbury.

The guests were met at the door by Miss Marguerite Brown, and after being introduced to Miss Lee, were ushered into the dining room, where delicious punch was served.

Games dear to the hearts of the youngsters were indulged in till a late hour, when ice cream and cake were served to the following:

Vivian Campbell, Juanita Mayberry, Gwendolyn Williamson, Fred Webb, Mina Stein, Grace Evans, James Charles Gillespie, Virgie Morris, Kate Hearne, Algic Pass, Dora Bratton, Flora Brim, Ruby Weathers, Clyde Locklear, Opal Philen, Beulah Baker, Lois Keese, Dale Geeslin, John Henry Mayberry, Ina May Keese, Mildred Stevens, Millard Cockruna, Robert Stein, Dorothy Harrison, Glen Nickols, Herbert Brim, S. J. Wells, John Jones, Aylene Lee, Marguerite Brown, J. T. Brown, Roy Crim.

All expressed themselves as being highly appreciative of such gracious hospitality and hoping in the near future to have just such another treat. XX.

TENT MEETING CLOSED.

The tent meeting which was conducted by Elder A. S. Bradley of Mullin, closed last Sunday night, May 8. Quite a stir among Bible students was brought about by some of the doctrines taught and considerable investigation of the Bible was carried on during the meeting.

Elder Bradley consented to hold another meeting here beginning Friday night before the first Sunday in August to continue ten days or more.

Chamberlain's Tablets Are Mild and This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet, and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Adams, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches." Sold by L. E. Miller & Son.

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E 23

A TALK WITH A GOLDTHWAITE MAN.

Mr. D. Y. Fox of Goldthwaite Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Goldthwaite man.

"My kidneys first bothered me by causing me to suffer with my back," says Mr. Fox. "Then I had rheumatic pains in my limbs and arms. My kidneys at times acted irregularly. As these ailments came on me, I used Doan's Kidney Pills, getting them at Clements' Drug Store, and they always relieved the rheumatic pains and backache and corrected the kidney action. As a rule, I have Doan's in my house, for I know I can depend on them." Relies on Doans'.

Mr. Fox gave the above statement April 26, 1915, and on May 20, 1919, he added: "I am a strong believer in Doan's Kidney Pills and am never without a box. When my kidneys feel a little sluggish I always take a few with fine results. I feel the same about Doan's now as I did when I gave my previous statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 5-21
