Infant Baptism: I have been requested to preach on the subject of infant baptism and I will use this subject Sunday morning, at the morning hour. I will say nothing in that sermon to offend any one. Abuse is not preaching. I was reading in my paper where a preacher said last Sunday that the "Body of Christ did not rise." Well, the reason he believes as he does, some other man said it and he believes the other fellow. I would not dodge a Bible truth to believe any doctrine. Come out and hear why I believe infants should be baptized. Some one says: "I have never found infant baptism in the Bible." Well, what of that? Some years ago I lived in Brown county, and I never found oil in Brown county. Does that prove that oil is not there? No, it only proves I was not hunting for oil. I will tell you Sunday.

Last Sunday was a great day. I am sorry we cannot make room for all who want to attend our church, but come on, and you may crowd us into a bigger church some day.

JOSEPHUS LEE, Pastor.

Notice—Revival Is On.

Services every night at the Nazarene Church. Evangelist Rev. S. C. Bozarth is to arrive Friday night. Be sure and attend services and hear the good singing and real old gospel preaching, also burning testimonies.

W. S. HILL, Pastor.

Goldthwaite Baptist Church.

Last Sunday was a high day at the Baptist Church. The people came in large numbers. The ushers could not seat all the crowd in the main auditorium, and had to resort to the balcony. Brethren Stephens and Pitts are on the job from now on; they will see that you get a seat. Our Sunday School has laid aside her winter wraps, and is growing by hustling for new members. We want all the boys and girls to help us push the Sunday School up the track. Let the boys be hustlers and the girls be rustlers. The terms boys and girls include all ages. We want to hustle up and rustle up at least 200 for Sunday School tomorrow. Then we shall see who has the larger attendance, the hustlers or the rustlers.

The pastor will preach on the following themes: "KADESH-BARNEA" and "The Second Coming of Christ No. 2." One of our faithful members says that the pastor preaches better at the evening hour than he does at the morning hour. Attend both services tomorrow, and see if your conclusion is the same. The pastor and every member should boost the church. After the sermon last Sunday morning the church observed the Lord's Supper in a very impressive manner. After the supper we sang a hymn and went to our homes feeling that we had been in the presence of God. Again we urge all of the Lord's people to meet the conditions for a great revival. We believe that the greatest evangelistic opportunity of many of our lives will be during our series of meetings that will begin May 20. We can estimate the value of this meeting to our community? Get ready as reapers, for the harvest is plentiful, and must be reaped or go down to destruction. Come to prayer meeting, and help get ready for this mighty conflict of righteousness against sin. Heaven and hell are interested; surely we should be.

Sunday School at 9:45, preaching at 11 and 7:45, Sunbeams at 1:45, B. Y. P. U. at 6:45, prayer meeting Wednesday at 7:45, choir practice at 8:45 and Winning to Christ Friday at 7:45. You have the same hearty welcome to attend our services.

WORLD'S NEWS IN BRIEF.

Auto Accidents.—Two persons were killed in Albion, Mich., and two in Cornelius, Ga., Sunday by passenger trains striking their automobiles. One other death on that day resulted from a pedestrian being struck by an automobile.

Executed.—Monsignor Constantine Butchkevich, vicar general of the Roman Catholic Church in Russia, condemned to death for wilfully opposing the Soviet government in teaching religion to children, has been executed by a firing squad, according to press reports. The execution has caused a storm of indignation in European capitals.

Arrest Oil Promoters.—Thirteen oil promoters, charged with using the mails to defraud in the sale of stock and other securities, were arrested in the government round up Monday. Thirteen others are wanted. The government men have been investigating in Texas for over a year. Dr. Frederick A. Cook, Arctic explorer and oil promoter, surrendered to officers Tuesday. He made \$25,000 bond after pleading not guilty to the charge.

Kill Inspectors.—Entering the hotel lobby at Seminole, Gaines county, immediately after her husband and a fellow cattle association inspector were killed, Mrs. H. L. Robertson of Midland county opened fire and wounded both Tom Ross and Milt Good, now in jail charged with the fatal shooting of the cattle inspectors, according to newspaper dispatches Monday. The inspectors were in Gaines county making an investigation of the theft of cattle in which Ross and Good are alleged to be implicated.

Noted Outlaw.—Albert Conner, noted Kansas and Oklahoma outlaw, died in the city jail at Coffeyville, Kansas, Tuesday morning from bullet wounds received in an attempted robbery there March 24.

School Money.—The State Board of Education Monday made an apportionment of \$6.50 per capita, based on 1,297,239 scholastics, for a grand total of \$8,432,048. This is the largest apportionment ever made in the history of the state. The money will be distributed to the various schools within the next few weeks.

Fire.—Fire originating in the kitchen of a cafe in Cross Plains Monday morning completely destroyed a half block of the main business district, with an estimated loss of \$50,000.

Western Thrace.—A new reign of terror exists in Western Thrace where the Greek army is driving out the Bulgarian population, according to statements issued by the Bulgarian government, which has sent a note of protest to the allies. It is claimed that thousands of Bulgars are being driven from their homes.

Missionary's Monthly Report.

March was a very blustry month but in many respects the weather was favorable for missionary work. Brother George J. Mason spent a week with us, and was favorably heard at most all the churches in the association on the Laymen's Movement. His visit was of untold value, and we trust that the laymen of our country will soon perfect an organization. We have been planning to have rallies with some of our churches for some time. The first rally was held with the Big Valley Church. It was a decided success. Their pastor, Bro. R. C. Walker, got out a good program, and the local church attended the services in large numbers. Big Valley is a live community. They have a good church, a busy enthusiastic pastor and this community will soon have their stone school house completed which will do credit to a much larger community. We are expecting greater things from Big Valley. We hope the rally at Ebony was a success. On the account of the condition of the roads the missionary failed to get there.

Mills county is indeed a mission field. We visit regularly from ten to twelve communities that have no preaching only as the missionary tries to break the bread of life to them. There are at least 2000 people living in these communities. Many of them would never have the opportunity of hearing any kind of preaching if it were not for the efforts of the Mills County Baptist Association, and the co-operation of the State Board, in keeping a missionary in the field.

Bro. Roger Smith has resigned as pastor at Pompey Creek. This is a weak struggling church in a large community. They must have the Gospel. There is not a place in Mills county that needs a good strong church more than Pompey. They have the people, all they need is the line up for righteousness. This church will be supplied by the missionary.

During the month of March the missionary made 81 religious visits, traveled 520 miles, distributed 3000 pages of religious literature, secured seven subscriptions for the Baptist Standard, delivered 18 sermons and addresses, and held religious services in 14 different communities. The spirit of the work is fine. We have lots of work to do, and could easily keep three men busy. There are calls for meetings and training institutes to be conducted in all parts of the county. Prospects were never brighter for a sweeping revival over the entire association. We can win a great victory for righteousness with the right co-operation and earnest praying on the part of the Lord's people. Do not forget to pray for us as we try to carry the message of life to the destitute fields.

R. W. BYNUM, Missionary.

The Weather

It thundered Feb. 8. Watch out for cold spell Sunday. Today and Sunday, cold wave. First part of next week, cool. Latter part of week, fair.

BARNYARD CACKLINGS.

By the Hen Man.

"More chickens and better chickens" is the slogan of the Mills County Breeders Association. This Association will hold another show Dec. 6, 7 and 8. Plans are in the making for the best show ever seen here. This association is going forward by leaps and bounds. It amuses the members to hear some one say the poultry business is being overdone. It is gratifying to see the recent improvement in breeding stock and equipment. More attention to feeding rations and pest control is evident.

The business men are giving us much encouragement. Mr. L. E. Miller will give a gold watch for the grand champion pen in the club show. Mr. Earl Clements will give a \$1.00 Eversharp Pencil to every prize winner.

Now comes Mr. T. F. Toland offering a handsome 16x16 rug to the champion prize winner in the breeders show. These offerings may be seen at any time. Call and see them.

If all this cooperation means anything, it means that we shall see the greatest aggregation of standard bred chickens next December ever assembled in this section. All poultry lovers should lend a hand to make this a startling success. Farmers are no longer satisfied with "just chickens."

There are actually more new incubators in Mills county than old ones. The number has doubled this year. Yet we need a 10,000 egg incubator to do custom hatching. Such a plant would have meant thousands more early chickens.

An effort will be made to organize egg circles. It is likely that a premium will be offered for infertile eggs and a rooster day be pulled about May 15. Poultry growers are progressing along other lines, why not take up the infertile egg project? It will pay well if no premium is paid for the eggs. But we will get the premium. We will get a good price for the males on Rooster Day. Get behind the move.

PLENTY OF MONEY TO LOAN

GOLDTHWAITE NATIONAL BANK

The STRONG BANK of Mills County.

SOCIETY and Club

Mr. and Mrs. Will H. Trent Honored.

One of the hospitalities arranged in compliment to Mr. and Mrs. Will H. Trent, who are leaving soon for California was a banquet given Tuesday evening March 27 at 7 p. m. at the Hotel Saylor, by the most esteemed Merry Husbands.

The table appointments suggested the evening given over to the little god of love, which formed the center-adornment arranged in a beautiful silver vase. Down the length of the board amid the fern fronds were red tapers glowing in slender silver candlesticks with fluff of red tulle adornment and low bowls of tulips and sweet peas. The red and green proclaimed the true warmth and the everlasting affection we have for the Trents and it remains to be seen whether the organization can stand without them.

A veritable feast of stuffed celery, cream potatoes, french peas, sliced tomatoes, stuffed eggs, sliced turkey, dressing, gravy, cranberry jelly, hot rolls, olives, coffee, ice tea, milk, and pie a la mode was served in three courses.

Mr. J. A. Gillespie made an ideal toastmaster. Mr. L. E. Miller in a few well-chosen words told just how much Mr. and Mrs. Trent had meant to the club. They were charter members of this organization and by their faithfulness through the years made this occasion possible. Next, Mr. C. M. Burch, the gifted story-teller, related one of his most interesting ones, ending with an original toast to the honorees. Then Mrs. Edward Geeslin spoke on "Good-fellows." Being one herself, the subject was well placed. "Friends" by Mrs. J. A. Gillespie spoke the sentiment of the entire membership. Mr. O. H. Yarborough in his informal, good-natured way, bade them "Good-bye" after which Mr. L. E. Miller in behalf of the club husbands presented a beautiful leather bound book decorated with one large sunflower of twenty-two petals and two others dropping off represented the twenty-four members with "Friends" done in gold across it, with twenty-four wishes on the twenty-four pages of the book.

Mr. Trent then thanked the Much Esteemed Husbands in behalf of Mrs. Trent and himself for the courtesy and pleasant relation all through the years and his love for each and every "Merry wife" assuring the company they would be back again this fall.

Mrs. Trent in her own sweet way expressed thanks for the book of love messages that she would feast her eyes on many times in the years to come.

After a specially arranged program at the Dixie Theatre the honorees and Merry wives all declared this the end of a perfectly planned evening by a perfectly grand bunch of Most Esteemed Husbands.

The personnel included Messrs. and Mesdames Will H. Trent, T. F. Toland, C. M. Burch, Edward Geeslin, D. A. Trent, O. H. Yarborough, L. E. Miller, J. A. Gillespie, M. H. Fletcher, Neal Dickerson, and Walter Fairman.

After a business and social hour delicious refreshments were served to the following members: Mesdames J. V. Cockrum, Bowman Faulkner, W. B. Jackson, Omer Weatherby, D. H. Harrison, Walter Weatherby, Luther Rudd, R. E. Clements, J. M. Campbell and Marvin Rudd.—Reporter.

Mesdames Clements and Campbell Entertain.

After a short business session in which Mrs. George Gartman was welcomed as a member, the Central Embroidery Club and a number of guests were handsomely entertained at the home of Mrs. Earl Clements, on Friday afternoon March 23, with Mesdames Clements and Campbell as hostesses. The house was beautifully decorated with cut flowers and pot plants.

A social half hour, with music from the Edison as a diversion, was enjoyed, after which tables were placed for progressive "42."

Eight spirited games were played, during which delicious nut candies were served at each table. At the close it was found that Mrs. Walter Fairman and Mrs. W. B. Jackson had tied for high score. Mrs. Jackson drawing the lucky number was awarded a handsome bouquet of Easter lilies.

Delicious refreshments consisting of banana cream and cake, harmonizing with the other decorations, in the club colors of white and gold were served to the club members and the following guests: Mesdames George Gartman, John Hester Newel Atkinson, O. H. Yarborough, L. E. Miller, Will Trent, Kelly Saylor, Walter Fairman, Tom Toland, Fred Martin, D. A. Trent, Mark Leverett, John Beck, Hudson Hamilton, Claude Dickerson, R. L. Entre Nous Club.

The Entre Nous Club met Wednesday, March 23, with Mrs. E. A. Walker as hostess.

The cordial greeting given by the hostess on our arrival, not only made us feel at home, but more than welcome to all the pleasures of the afternoon.

Score cards decorated with pretty little girls, dressed in pink and lavender were passed and soon each one had found their places at the 42 tables.

In the game Miss Ruby Webb score high as guest and Mrs. D. H. Harrison as club member, each was awarded a dainty vanity box.

The hostess, assisted by Mrs. Charles Frizzell served a delicious refreshment plate consisting of sandwich salad, aslmon croquette, pickles, coffee and fruit whip.

Pretty little faces, some frowning, some laughing, but all wearing cute little hats in pink and lavender were used as plate favors.

Those present to enjoy the hospitality were: Mesdames D. H. Harrison, Charles Frizzell, Frank Taylor, John M. Beck, Howard Morris, Foster Brim, D. Albert Trent, Walter Fairman, Fred Martin, W. E. Cantrell, Misses Ruby Webb, Bonnie Frizzell and Mrs. Dr. Taylor of San Saba. Mrs. John M. Beck will be the

next club hostess.—X X

Merry Wives Club.

A very pretty and pleasant culmination of the weeks social affairs was given in the J. A. Gillespie home, Friday evening March 23, when Mrs. Will H. Trent and Mrs. Gillespie entertained the Merry Wives Club and their husbands. Spacious living room which seems perfect on all occasions was made more attractive by the artistic arrangement of numerous pots of pink bergonia.

Hostesses received their guests in a happy informal way and conducted them to the cloak room, after which they repaired to the living room, where some time was spent in conversation. Tables were next set, Easter score cards passed and fourteen merry games of "42" engaged in. Mrs. T. F. Toland was winner of high score among the ladies her reward was a beautiful box of stationery. Mr. Will Trent received a pretty tie pin for his success, while Mrs. Edward Geeslin was presented with a tiny box of dominoes for having left her luck at home.

Dainty hand-made covers for tables and unusually pretty napkins preceded the refreshment plate of fresh strawberry ice cream and cake with the plate favors decorated with an Easter chick, for the men and the ladies received vari colored Easter bonnets containing delicious candies. Then all drank to the health of Mr and Mrs. Will Trent as they are leaving soon for California and other points.

Just before "good-byes" were said Auld Lang Syne was sung by the entire company, trusting it stimulated these much esteemed members to find it to their interest to again come this way.

Mr. and Mrs. John Berry were the only guests.

Easter Party.

Mrs. Claude Dickerson and Mrs. Luther Oquin entertained in a delightful manner members of the Congenial Club and their husbands with a few additional friends in the Dickerson home Thursday evening March 23.

A color scheme of yellow and white was used throughout the reception suite. With Easter rabbits, chickens and lilies, potted plants added much to the beauty of the rooms.

After the guests had arrived we were ushered into the dining room where each one found their partner by drawing an egg from a beautiful Easter nest arranged in the center of the dining table. And attached to these by yellow and white ribbons were the lovely score cards carrying out the Easter motif.

Tables were then arranged and soon all were busy trying to score high in the ever pleasing game of "42". At the close of fifteen jolly games Mrs. W. E. Cantrell scored high among the ladies, and Mr. Mark Leverett among the men, each were awarded a lovely handkerchief for their efficiency.

Pretty hand-made table covers and napkins decorated with Easter rabbits and chickens were then arranged on the tables. Mrs. Dickerson and Oquin were assisted by Mrs. Claude Eacott in hostess duties.

The refreshment plate again emphasized the chosen color motif in ice cream molded as Easter rabbits decorated with tiny white chickens.

Those enjoying the delightful evening were: Messrs and Mesdames George Gartman, Mark Leverett, Floyd Mullan, Roy Conroy, John Beck, Claude Smith, W. E. Cantrell, Claude Dickerson, W. H. Trent, Luther Oquin, W. E. Miller, Al Dickerson, Claude Eacott, J. M. Campbell, Walter Fairman, John Hester, O. H. Yarborough, and Mrs. Cleo Hudsonston and Miss Bertha Archer.—Reporter.

Big Gain Made by Mrs. Bowers

Reduced to 90 Pounds by Dengue Fever, She Goes to 130 Upon Taking Tanlac.

Mrs. Cora E. Bowers, 3001 North Houston Street, Fort Worth, is another high esteemed Texas woman to speak out in praise of the Tanlac treatment. While discussing Tanlac, which has been so beneficial to her, Mrs. Bowers said:

"Tanlac is such a grand, good medicine and has done so much for me that I am glad to make a statement to be used in letting others know about it.

"Last October, I had a spell of dengue fever, which left me in such an awful nervous, weakened condition I couldn't walk without staggering. What little I would eat made me miserable with indigestion and sleep was almost out of the question with me.

"After taking three or four bottles of Tanlac, my appetite was better than it ever had been. My troubles all left me and I went up from only ninety pounds to one hundred and thirty. In fact, Tanlac restored me to the best of health and my gratitude is unbounded."

Tanlac is for sale at all good druggists. Accept no substitute. Over 37—million bottles sold.

A Twice-Told Tale

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of Goldthwaite man is confirmed after four years.

D. Y. Fox says: "My kidneys bothered me and caused me to suffer with my back. I had rheumatic in my limbs and arms. My kidneys acted irregularly. I used Doan's Kidney Pills, getting them at Clements' Drug Store, and they relieved the rheumatic pains and backache and corrected the kidney action. I kept Doan's in my house for I know I can depend on them."

Relies on Doan's.

Mr. Fox gave the above statement April 26, 1915 and on May 20, 1919 he added: "I am a strong believer in Doan's Kidney Pills and am never without a box. When I feel sluggish, I always take a few with fine results."

A HARDING REPUBLICAN PRAYER.

(Sent in by Mrs. A. M. Whitt of Albuquerque—New Mexico.)

Lord I am only a nestor, a New Mexico dry farmer. Thou knowest that when wheat was \$2.00 per bushel and I had flour and sugar in the house and cake and pie every time I wanted it, I was not satisfied and voted for a change. Thou knowest that I wore a Harding badge and a Bursombutton and was faithful in all things to the G. O. P. even so, Thou knowest that I believed in the Dawn of a new day and that I would advance in price, that I would get \$3.00 for wheat, sixteen cents per pound for beef and twenty cents per pound for pork.

Lord two years have gone never to return and I am to poor for my Henry but I still wear my Harding badge, but now it is on the seat of my overalls. Lord I am thankful for one thing that is that Harding has been able to make jack rabbits taste good in the summer time. Lord I pray Thee that Thou will keep them replenished so that I shall not want. Likewise Lord, Thou knowest that I have always believed A. B. Fall to be the greatest statesman that ever owned sheep in New Mexico and owned mines in the domains of Pancho Villa. He was my friend and the friend of Rockefeller even unto the Wyoming oil fields. I am glad O Lord that thou has prospered the railroads and they have been able to keep up their freight rates when my corn would not pay the expense of gathering. An I pray Thee that Thou will continue to uphold Treasurer Strong and the State Auditor may be enable to collect interest for many years on the state funds for his own bank accounts for it is in a righteous cause.

Teach me to pray:
Our father who art in Washington, Harding be Thy name: His Kingdom come, His will be done, even in keeping the soldiers out of a bonus. Give us this day our daily cornbread that Wilson tried for two years to make useat and that Harding had us eating in three months; and lead us no into temptation to vote for a democrat, and Harding's be all the power and Mellon's be all the money and Rockefeller's all the oil forever and ever, and mine the patched trousers. Amen.

This Weak Little Woman Is Now Well and Strong

ANOTHER DALLAS RESIDENT TESTIFIES TO THE REMARKABLE EFFICIENCY OF STELLA VITAE IN TREATING FEMALE TROUBLES.

"If the weak and ailing women of this city only realized what Stella Vitae will do for them there wouldn't be a bottle of it left in the drug stores by this time tomorrow," recently declared Mrs. D. Bennett, who lives at 209 Melba Street, Dallas, Texas.

"The reason I say what I do is because I have tested it and found it to be the best strengthening for weak and run-down women I have ever taken. After my baby it looked like I just couldn't get back my strength and could hardly nurse the child.

"I had no appetite and fell off to a shadow. I suffered from dull, lingering headaches and often my back would nearly kill me it hurt so bad. There were awful pains all through my stomach and I would get so dizzy at times as to almost fall. My nerves were in such wretched state that it would excite me dreadfully to hear people talking and noise in the street would get me so wrought up that I could hardly contain myself.

"I had tried various other medicines without getting any better, and when Stella Vitae was recommended I just thought it would be a waste of time and money to experiment with it. But I finally gave in to the advice of my friend and started taking it. It was not long before I began to feel stronger and those aches and pains gradually began to leave me. My appetite picked up and I would relish my food and it seemed to me good, for I felt I was getting

stronger every day and soon I was able to look after my baby and attend to my household duties without getting all tired out like I did before.

Note—Stella Vitae may be obtained from any druggist and is sold upon the positive guarantee that the purchase price will be refunded if it fails to bring relief.

TELL-TALE PUSH.

Most of us in childhood pulled the glade old horse's tail and the kind old cow's tail out of a feeling of kindness. We did it tho' with more or less caution. The old family creatures were like good people in that they showed no disposition to kick. I am saying this much because some of the persons to whom I shall refer are still living and I am handling their stories with kindly feeling.

Once very recently I became much interested in the account a friend gave me of his trip among the mountains of New Mexico. He spent some months hunting, trapping, outing and reveling generally in nature's rugged solitude. His memory called back some very exciting exploits and joyful feats which he had with cougar, panther, foxes and other habitants of those wilds. I confess it was exciting to one whose place had always been in older and developed countries where nature has been assisted and overhauled by the hand of industry. Nevertheless, his stories were sufficient to set one's mind to prowling. I at once thought of Richard Jefferies, said to have been one of the world's greatest naturalists. His unbounded love for wild animals and wild fowls, his capacity to discover hundreds of different lives peeping up from the flowery hillside; his ability to hear a thousand charming voices, silently calling to him from out

the trackless forests. I felt as though I wanted to read something about nature, so I got some volumes in my hands which treats of the elements and nature of life, dwelling at length on the origin of organic life in a reputed scientific way. I found the doctrine of Professors Thomas, Pfluger, Huxley and some others so dreamy and hair-lifting. I remember too that the recent legislature of Texas had a bill pending which somewhat disagreed with these disputers of biology.

I finally picked out a book whose writer lived long years before the above named scholarly teachers. The first name I observed was that of a man who also was a lover of nature and also a successful hunter. At one time he caught and collected three hundred foxes. That was some lively success. He was an odd character and sometimes possessed strange ideas. Rather than take the skin off the foxes and barter out the fur, he tied fire to each tail and let them go. He had very much fun. It was a dry time and one can imagine the smoke and fire throughout his community. The story does not say what finally became of those foxes—whether they perished from effects of fire or ran until air friction extinguish it. However, theirs is like other bad tales—somehow live on by the repetition of gossip.

But this particular hunter did not regard the fox-fun the primary fun. His leading fun was the fire-fun. So he is worthy to be classed with the successful. He or any one who can make a spree of fun serve an important purpose will succeed whether or not they are scientific in biology.

81 YEARS OLD GAINS 21 POUNDS

Pioneer Citizen Has Remarkable Experience in Regaining Lost Health; Now "Sleeps Like a Kid."

Mr. J. E. Selby, proprietor Selby Supply Co., Marthaville, La., says, "I am 81 years old. Enjoyed phenomenal health from 1872 until last May. I began to lose flesh, indigestion was manifested, appetite variable, complicated with insomnia. My weight was reduced to 144 pounds; I became so weak I staggered—was barely able to walk 200 yards from my home to my store. Thinking I might be deficient in iron and vitamins, I began taking Ironized Yeast. In less than 30 days I had regained my customary weight (165), gaining 21 pounds in that time, can now eat and enjoy three hearty meals per day and sleep like a 'kid.' The gain is solid flesh, and I feel as able to attend to my business as I was ten years ago."

The principle of Ironized Yeast is endorsed by the world's greatest chemists. It supplies the very elements you must have to maintain health. It is guaranteed to bring back your old time, vigorous health. Do not confuse Ironized Yeast with yeast cakes. It is a concentrated extract of brewer's yeast, the kind doctors recommend for use in medicine. If you are weak, underweight, nervous, run down, profit by Mr. Selby's experience. Get a package of Ironized Yeast from your druggist—a ten day treatment costs only a dollar and your money will be refunded unless you are delighted with results. Ironized Yeast Co., Atlanta, Ga.

MILLS COUNTY CHAMBER OF COMMERCE NOW IN PERMANENT ORGANIZATION

Constitution and By-Laws Adopted—First Monday Made Regular Trades Day—Business.

Last Monday night the business men of the city who had first met and temporarily organized a Chamber of Commerce, with about 25 other business men and farmers who had not been able to be there before, assembled in the Chamber of Commerce room in the basement of the court house and put into permanent form the Mills County Chamber of Commerce, with L. E. Miller president; T. F. Toland, Vice-President; C. M. Burch, Treasurer, and J. A. Gillespie, Secretary. At this meeting the name of L. B. Burnham was added to the list of directors.

Matters of importance were taken up, including reports of different committees, among which was the report of the Trades Day committee. It was adopted. Briefly it was as follows:

The first Monday of each month was designated as Trades Day for Goldthwaite. On that day three or more valuable prizes are to be distributed to the holders of lucky tickets, the tickets to be issued with purchases for the preceding two weeks. In other words with each purchase amounting to one dollar from any merchant belonging to this organization a ticket will be issued. The holder will then write his name and address on the ticket and place it in a sealed receptacle. On Trades Day drawings will be held, the first person whose ticket is drawn, if he or she is present, will receive the first prize, and so on until all the prizes are given.

While details of the plan have not been thoroughly worked out, it is thought that the tickets will be issued beginning Monday, April 21, and extending up to and including Trades Day, Monday, May 7.

Addresses were made by W. H. Linkenhoger and L. B. Burnham concerning the road proposition of the county, but no definite plan for improving them were adopted.

Upon motion of J. H. Randolph which was seconded, the name of the organization was officially designated "The Mills County Chamber of Commerce."

L. B. Walters, chairman of the Constitution and By-Laws committee, read his report, which was

unanimously adopted. A list of those belonging to the organization follows:

The dance at Coleman Burnham's was enjoyed by a large crowd Saturday night.

SOUTH BENNETT.

Editor Eagle:

Mrs. G. Ball received last week a letter from her daughter, Mrs. Frank Hill, New Mexico, that her husband had pneumonia and soon will return here. We'll gladly welcome them.

Sunday School Easter Sunday, 10 a. m., was a pleasing resurrection. J. J. Casbeer, Superintendent. Rev. W. Joe Benningfield

filled the pulpit at 11 a. m. and 3 p. m. acceptably to the large audience. J. T. Morris, wife and pretty daughter of Goldthwaite came out too.

Mrs. P. J. Simpson of Goldthwaite visited her bachelor sons, Edgar and Rob, and attended services Sunday.

Mr. D. O. Simpson, wife and children of Goldthwaite visited his father-in-law, B. R. Casbeer, also enjoyed the Methodist preaching.

Walter Simpson and wife of Live Oak made us glad as visitors Sunday.

Misses Laura and Ruth Featherston of Bethel attended church and dined with Mr. and Mrs. Henry Simpson.

Miss Virgie Morris and Leslie Stevens of Goldthwaite visited friends and sang in the choir.

Edgar Simpson auto-motored over to Scallorn Sunday (April's fool day) with Misses Maggie and Bill Casbeer; attended church there.

Dilk Brister caught a dear last Sunday in his automobile. Lucky boy you are, Dick.

Jesse Langford with Hubert Carpenter gave their jolly handshakes and enjoyed the Sunday services with their South Bennet friends.

Mr. and Mrs. John Whitt went to see friend Thompson's new babe on J. D. D. Berry's farm Sunday.

Singing at Joe Casbeer's residence on the Wheat farm Sunday night was a pleasure to many there.

Professor R. L. Fortune and wife, teachers of Pompey Creek school, visited Garfield Ball's home Sunday before last. Miss Gilmer returned to Pompey for a week's visit. Miss Gilmer Ball is studying diligently preparing herself for a teacher. Success to you Gilmer.

Mr. A. Anderson of McGregor

visited his friend, T. J. Harrison, this week. We sure enjoyed talking of many acquaintances and friends over there; also about Coryell church folks. X.

MIDWAY.

Editor Eagle:

Last Friday was the last day of our school this year. Miss Anna Cline, teacher of the primary room, rendered a very successful and interesting program Friday night, which was enjoyed by a very large crowd. True indeed, Miss Anna has taught us a perfect satisfactory school. We do not feel like we can ever pay her for the pure unselfish Christian examples that she set before the little folks the entire school. Every child loved her and she will ever be remembered in those young hearts as well as those parents. We do hope they will ever one make her feel proud of her untiring efforts in being what she tried to teach them to be.

Mr. Jess Petsick, who has been on the sick list, is reported better.

Quite a lot of our young people went to Goldthwaite last Saturday.

Brother Hays filled his regular appointment last Sunday.

Brother Davis was among us and attended church also.

The Midway community closed

a deal with Gartman Bros. for a piano, and had it delivered Tuesday. All enjoyed a fine singing Tuesday night. We give these singers a warm welcome back again.

The Easter egg hunt at the school house after Sunday School Sunday evening was enjoyed by all present.

There will be preaching at Midway Sunday morning at 11 a. m. and Brother Bynum preaches for us Sunday night.

We have Sunday School every Sunday evening. Everybody come. It is not wrong to meet and study God's word a little while and try in our feeble unworthy way to teach it to those little boys and girls God has placed in our care and gave us the charge to raise them up in the nourishment and admonition of the Lord. Are we as a community doing our duty in this?

On last Monday a fine girl arrived at Mr. and Mrs. Floyd Flat's assuring them that it had come to make its home with them.

Some of our young folks attended singing at Muriel Creek Sunday night.

There will be a singing concert at Midway next Tuesday night. Everybody is invited to come.

WANTS HOME AGENT FOR MILLS COUNTY.

Having recently noticed numerous reports from various sections of the State concerning the successful works of the Home Agents in the counties which employ them, the writer takes this means of suggesting that Mills County should have a home agent.

Only a few of our boys and girls have the opportunity of going to college to learn the fundamental principles of successful country life, and with few exceptions they never return to the farm. The result is that the world looks on an educated man or woman as being out of place on the farm. The day is past when a man is a success on the farm by accident, that is he farm simply because he is not fitted to do something else.

This brings home the fact that we will have to educate for farming. This of course pertains to the woman as much, or perhaps more than to the men on the farm.

Realizing that only a few of our future home makers are reached by the colleges it occurs to me that the Home Agent coming with messages of thrift, economy, and stimulating interest in home making fulfills a long felt want.

Civilization and good government is built on the home. Yet strange to note very little is taught along that line and one has only to look about to see that very little system is used. System and methods have been successfully introduced into our industries. Is it not about time to introduce system and methods in home making? But how can our girls be better home makers unless they be taught? And how can they desire to be home makers unless it is attractive, dignified and pleasurable?

Is home making an art? Or is it drudgery. If you say it is an art existing conditions in many places would contradict you. If you say drudgery, then we can't blame them from escaping it. Yet America can not do without homes.

Home demonstration work in

Texas was organized in 1915; re-organized in 1917. The figures quoted below were compiled from the annual report of this period but represents largely the work of the last three years. The report is made up of actual records kept by county home demonstration agents and by women and girls working under their supervision.

Thousands of country girls and women who could not otherwise have received instruction in home economics have been directly taught by county home demonstration agents under the supervision of state, and district agents (1) to produce poultry, rabbits, and other live stock; (2) to produce vegetables and fruit; (3) to can, preserve, dry, and brine all surplus products; (4) to cook; (5) to sew; (6) and to earn money.

Hundreds of girls not only have been given home economic instruction by trained women but through demonstration work have been influenced to continue in school, and to go on to college, and have been enabled to do so by the winning of Home Demonstration scholarships and the earning of money with which to defray all or a part of their expense.

The total tangible savings of Extension Service activities in Texas for the past year, ending January 1, 1921, as shown by reports and records on file in the Extension Service A. and M. College of Texas (including Farm Demonstration Work, Home Demonstration Work and Boys' and Girls' Agricultural Clubs) are \$14,421,805.23.

This statement of values from increases due to Extension activities for one year reveals the fact that the Extension Service is not only self-supporting, but is actually yielding a dividend to the state in taxable values, while the farmers and farm women of Texas have over fourteen million dollars to their credit, which represents the extent to which they have profited through the assistance given them by representatives of

the service. The state tax rate of 62 cents on the one hundred dollars and a county tax rate of 66 cents on each one hundred dollars when applied to this sum would yield the state and counties a total sum of \$179,318.70 in taxes, while the appropriations from the state for the conduct of this work in 1920 was only \$155,868.55 which leaves a surplus of \$23,450 over the amount invested from funds appropriated out of the state treasury.
