Delegation of Business Men Visit Brownwood

PROMINENT GOLDTHWAITE BUSINESS MEN MEET WITH TRADE BOOSTERS.

A delegation from the Goldthwaite Chamber of Commerce attended a convention at Brownwood Wednesday, the occasion being a visit of the representatives of the San Antonio Chamber of Commerce to that city, accompanied by Mr. Frederick Mann of Devils Lake, N. D., a director of the National Chamber of Commerce, whose phenomenal success as a retail merchant in a small town has made him a national figure in mercantile affairs. Because of his success and the benefits to be derived by other business men from hearing him talk and counseling with him, the San Antonio Chamber of Commerce arranged for him to accompany a party of trade boosters through the portion of this state that can in any way be considered in the trade territory of the Alamo city.

All of the visitors were entertained with a luncheon by the Brownwood Chamber of Commerce at the Southern Hotel in that city and a most magnificent spread was provided. Mr. Mark McGee represented the hosts as toastmaster and his ready wit and pleasant local references kept the company in a good spirit, while a number of the business men responded to his invitations with short speeches. President L. E. Miller of the Goldthwaite Chamber of Commerce represented this city on the program and his remarks, which were well delivered and appropriate, elicited much applause. He informed the San Antonio delegation that they had failed to stop in one of the best and most progressive cities on their route and invited them to visit Goldthwaite on their next itinerary.

When the luncheon was over the visitors were invited to gather on the sidewalk for the purpose of having a group picture made, after which they, together with many of the Brownwood citizens, including a number of ladies, assembled at Mim's Hall at Howard-Payne college, where Mr. Mann delivered a most interesting and beneficial address on business methods and elements of success.

As a basis for his talk he gave a short story of his own business career and gave almost exclusive credit for his wonderful success to newspaper advertising. Beginning as a young man with a stock of merchandise invoicing \$1600, purchased wholly on credit and even the freight money borrowed, his business continued to grow until now it has reached a volume of a half million dollars a year with an investment of \$300,000.00 and the fixtures in his store costing \$30,000.00.

Mr. Mann stated that the newspaper publishers had not incited his talk and he expected no reward from them, but his suggestions as to advertising were made wholly for the good of his hearers and were based upon his own experience as a retailer in a town of 5000 population. He illustrated his speech with sample newspaper advertisements, circulars, circular letters and placards and urged

PHILATHEA CLASS OF M. E. CHURCH HOLDS BUSINESS MEETING ON MONDAY

Mesdames H. G. Bodkin, C. H. Ford, John Little, C. C. Smith, W. K. Marshall, D. K. Newton, L. R. Conro, Al Dickerson, Claud Dickerson, Edward Geeslin, Lee Benningfield, W. E. Pardue, Henry Morris, M. E. Lowrie, Bina Oquin, John Keese, W. T. Moreland, J. C. Mullan, D. T. Bush, F. N. Irwin, D. A. Yates, W. C. Dew and O. H. Yarborough, of the Philathea Sunday School Class had their regular business meeting on Monday eve, Jan. 28, in the home of the class president, Mrs. Edward Geeslin, with Mrs. Geeslin and Mrs. Al Dickerson as joint hostesses.

The interest of those present was manifested by not one being late. Following the opening prayer led by Mrs. Keese, Mrs. Geeslin read the 19th Psalm, after which she conducted the business meeting in such a manner as to remind one of "not slothful in business,

the business men to advertise in a manner creditable to their business and stressed the importance of honesty in advertising. He said he began business with the idea that an advertising solicitor was to be dreaded, but now he looked upon such an agency as a mighty helper. He also urged the wholesaler and the jobber to cooperate with the retailer in drawing attention of the public to their merchandise and characterized the retailer as the agent of the wholesaler. Some of the figures and estimates given by Mr. Mann were also interesting, especially when he stated that a fair average of trade would be that 77 per cent of the wholesale trade goes out of the state and one-third of the business that should go to the local retailer now goes to the mail order houses.

There is no doubt that Mr. Mann's speeches will be of great benefit to interests of San Antonio as a wholesale distributing point and they will also be helpful to the business men who heard him and will profit by his advice and experiences.

Goldthwaite was the only town in this section credited with a delegation at the meeting and there is every reason for taking pride in the showing made and the results obtained.

Those constituting the delegation were: Edward Geeslin, Will H. Trent, J. H. Randolph, L. E. Miller, T. F. Toland, J. A. Gillespie, O. H. Yarborough, J. A. Hester, Joe Palmer, Dow Hudson, Burrell Park and R. M. Thompson.

WORLD'S NEWS IN BRIEF.

Freed.—Corliss Hooven Griffis of Hamilton, Ohio, imprisoned in Baden, Germany, for his part in the attempt to kidnap Grover Cleveland Bergdoll, American draft evader, at Eberbach last summer, was released from prison Wednesday.

37 Men.—Little hope for the rescue alive of 37 men imprisoned in a mine near Johnstown, Pa., when the mine was wrecked by a gas explosion Tuesday, is being entertained by rescuers. The dead body of one man was found about a mile underground from the entrance.

14 Dead.—Fourteen persons are believed to have lost their lives in an explosion and fire in a two-family cottage at Cumberland Hills, Manville, R. I. early Monday. Four others were injured.

Mayfield Battle.—R. B. Creager, Republican national committeeman, and sworn enemy of Earle B. Mayfield, is due in Washington in a few days to carry on the fight to unseat the Texas Senator to the end. Creager has announced he will carry the fight on the Ku Klux Klan to the Republican national convention at Cleveland.

\$100,000.—The House of Representatives in Washington Monday passed and sent to the Senate a resolution to appropriate \$100,000 for employment by the President of special counsel to conduct prosecutions in connection with the leasing of naval oil reserves. The vote was 250 to 1, Thomas L. Blanton casting the negative vote.

Rebels Lose?—A report from Mexico City Monday says following three days of fighting between Llano Grande and Esperanza, on the southeastern battle front, the rebels have been decisively defeated and dispersed.

fervent in spirit, serving the Lord." Quite a lot of business was transacted; 87 visits to sick and shut-ins were reported and the secretary read a synopsis of the work done by the class in 1923. This report was indeed inspiring, for not one, in the helping of doing the things which in a way seemed small, realized that so much was being done. We are happy over our year's work, but mean to strive harder to live up to our motto "Service" in the new year than we did in the year just passed.

After all business had been disposed of, Little Florence Aline Dickerson passed napkins and assisted Mrs. Dickerson and Mrs. Geeslin in serving refreshments of hot chocolate and cake. After some time was spent in conversation and "the performing of stunts" (in which Mrs. Dew, Mrs. J. C. Mullan and Mrs. Annie Little excelled), the meeting was closed by prayer led by Mrs. Irwin. The next meeting will be with Mrs. Dew on Feb. 24.

Free Flying Circus to Be Here Trades Day

\$100 TO BE DISTRIBUTED TO TICKET HOLDERS; FREE AERIAL CIRCUS.

Next Monday will be a busy day in Goldthwaite. While at just this season of the year most of the farmers will be busy preparing land for another crop, Trades Days in Goldthwaite have proven so popular that a large crowd is expected to assemble.

There has been a slight rearrangement of the distribution of the \$100.00 this month, in that the first prize has been cut to \$15.00 and other prizes added. This month the \$100.00 will be distributed as follows:

First Prize	\$15.00
Second Prize	10.00
5 Prizes of \$5 each	25.00
6 Prizes of \$3 each	18.00
10 Prizes of \$2 each	20.00
12 Prizes of \$1 each	12.00
Thirty-five Prizes	\$100.00

Various reports have been circulated that Trades Days in Goldthwaite would cease with the one in January. This is absolutely false. The merchants state that the Trades Days will be continued as long as there is sufficient interest in same to justify them. At the least, thirty or more days notice will be given through this paper, in a conspicuous place, so that there will be little or no danger of any one overlooking it, before regular distribution of premiums will be discontinued.

Big Free Aerial Circus.
As an added attraction next Monday, the merchants have made arrangements with Herbert Kindred's Aerial Circus to perform on that day. This circus consists of three or four aeroplanes driven by former over-seas flyers, all of whom are daredevils and masters of their planes. The program as arranged will include all the stunts known to flying, such as "zooming," tail-spin, landing with dead motor, nose-spin, wing-walking, and the climax of the program will be the parachute drop by Daredevil Armstrong from a plane 5,000 feet in the air, directly over the court house square.

There will be an announcer explaining the various stunts as they are pulled and the program is instructive as well as entertaining. This feature of the Trades Day alone is worth coming many miles to see and then paying an entrance fee, but the Goldthwaite merchants have provided this amusement absolutely free for the people in this trade district.

As usual the leading merchants will offer special inducements

MILLS COUNTY CREEK NAMES.

Pecan Bayou flows across the western part of Mills County and empties into the Colorado River. Excepting the Colorado it is our largest waterway. It drains parts of Taylor, Ruess, Nolan, Callahan, Coleman, Brown and Comanche counties. Its largest western tributary is Jim Ned Creek and its largest eastern is Blanket Creek.

The stream gets its name from the pecan timber which grows in abundance along its banks and the banks of its many tributaries. No finer nuts grow anywhere than along this stream and they constitute quite a source of income to the land owners, who are now giving much attention to the orchards and planting new stock.

The Burkett Pecan was discovered on the Bayou by Mr. J. H. Burkett, formerly of this city, and is now one of the best known nuts of Texas. It is grown and advertised by leading nurseries.

Washboard Creek is in the north east part of the county and empties into Cowhouse Creek. It gets its name from a peculiar rock formation in its bed. The floor of the creek for some distance is of solid rock lying in waves, as though some liquid substance had suddenly petrified.

in the way of bargains for that day, the success of the plan of saving their customer money and increasing their sales, having proven that they are appreciated.

Always remember this when you come to town on Trades Day or any other day to buy goods:

While the man with whom you have been trading may meet any price which some other merchant handling the same line has offered you through advertising, yet, he would have made you pay more for that article, possibly an unusually large profit, had the advertising merchant not compelled him to lower his price. Consequently, it is not safe to depend upon his regular priced goods, but in appreciation to the advertising merchant who has saved you this money, you should carefully consider his claim to a portion of your business, because he has willingly and openly reduced his price, rather than the merchant who was compelled by his competitor to meet it.

MERRY WIVES CLUB ANNUAL

The members of the Merry Wives Club entertained their husbands with a delightful 7 o'clock dinner and 42 party at the Burch home Tuesday evening.

The menu which was served at the cafeteria consisted of fruit cocktail, turkey, cranberry jelly, waldorf salad, potato chips, coffee, tea, heavenly hash and white cake. Though the weather was very inclement it was forgotten on entering the house, for "When the woodfire blazes bright The greatest place on earth Is where good fellows unite Around a cheerful hearth."

After 15 games of 42 it was found that Mr. Gillespie and Mrs. Burch were the favorites of "Lady Luck" and held high score.

EBONY.

Editor Eagle: It has been so long since we have written anything until we hardly know whether we will be allowed space or not.

Now when any one has nothing else to write about then they write about the weather. But now that we are having such lovely days it would not be right to abuse these good days by talking of the unfavorable ones we have had.

And since the weather is so very fine, most of our farmers have begun to plow, preparatory to starting another crop.

The health of our community for the most part continues good.

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

W. T. KEESE

PECAN IMPROVEMENT CAMPAIGN.

By W. P. Weaver, County Agent.

On the 15th inst., an important conference of Extension Specialists, county agents and pecan growers was held at San Saba to plan pecan improvement the coming spring.

The A. & M. College was represented by Arthur L. Smith, district agent, and A. P. Swallow, horticulturist, while Burnet, Llano, Mason, McCullough, Mills, and San Saba counties had representation by their county agents and growers.

Briefly the plan is to place orders for buds, knives and wax with other districts, thereby forming a state wide pool. Each county agent will secure the co-operation of a competent leader in communities where budding is to be done. This leader will enroll those desiring to improve their groves, together with their orders for materials. A meeting of all leaders will be held when they will be instructed in the latest method of budding by the county agent and A. & M. specialists. The county agent will visit each community and assist the leader in teaching the growers to bud. Then on a certain date all leaders and growers will place buds and the goal of 1500 trees for Mills County will be reached if possible.

The county agent will not render assistance to growers who do not join in this campaign. Such growers can find competent men to do their budding from \$5.00 a day up. Our effort and time is due growers who desire to help themselves.

That pecan improvement holds great possibilities for our county no one will question. The exhibit in my office is sufficient proof.

Not only should the splendid trees on the Colorado river be budded or top worked, but thousands along the Bayou and the numerous creeks can be made to yield the best commercial varieties at an early date if improved at a trifling cost.

We hope to have the encouragement of all business interests of the county in this effort.

Rupture

EXPERT COMING TO BROWNWOOD Will Give Free Demonstration MONDAY AND TUESDAY Feb. 11 and 12, at SOUTHERN HOTEL And in Lampasas on Wednesday, Feb. 13, at OSBURN HOTEL From 10 a. m. to 4 p. m. TWO DAYS ONLY

They Come Many Miles to See Him.

On above date C. F. Redlich, the noted rupture appliance expert, will give a free personal demonstration on his latest appliances to relieve ruptures at once and permanently.

Persons with ruptures should not delay, but promptly avail themselves of this chance, because postponement, neglect or an ill-fitting, old style truss always turns a mild and easily relieved case into a troublesome, even dangerous one, necessitating surgical operation.

Large and difficult cases are especially invited and should come at once and be convinced of the immediate relief obtained by the use of these different and superior appliances.

If you have been suffering personal discomfort and are unable to work, do not fail to call. Remember, the demonstration will be free on above date only and that his appliances are different and superior to others. Home Office: 335 Boston Block, Minneapolis, Minn.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.

DeWOLFE SAYLOR.

On January 12, J. H. Saylor and Miss Mable Cecelia DeWolfe were united in marriage at the First Baptist Church at Brownwood. They went from there to Fort Worth, Galveston, New Orleans and other points on a two weeks' honeymoon trip, coming to Goldthwaite Thursday night, where they will make their home.

Mrs. Saylor, who resided at Brownwood, is not unknown to Goldthwaite people, she having visited her brother and family, Mr. and Mrs. Hill DeWolfe, here a couple of years ago and having become acquainted with many Goldthwaite citizens.

Mr. Saylor, who has resided at Goldthwaite for many years, is known and admired by almost every citizen in this county. His sterling honesty and industrious disposition has made for him a name in Goldthwaite of which any man could justly be proud. He is the owner of the Hotel Saylor and other holdings here, but is engaged in the contracting business.

The happy couple have a suite of rooms which were reserved for them at the Hotel Saylor and will reside there, for the present at least.

The Eagle joins their multitude of friends in offering them congratulations and best wishes and in welcoming Mrs. Saylor to Goldthwaite as a permanent citizen.

FISHER WELL LOOKS GOOD, SAY OIL MEN

The Fisher No. 1 was visited Tuesday by oil men from Corsicana and elsewhere, and the prospects for oil were pronounced good.

The well Tuesday was down to a depth of 3080 feet, and the bit had penetrated six feet into black lime, which is the hard formation overlying the oil sands.

The well is being drilled by J. L. Fisher and his sons, Ben, John and Henry, for the Home Oil Company. Work was started on this well on Dec. 3, 1921.

GARTMAN-JONES.

Miss Lillian E. Gartman of this city and Mr. Lawrence M. Jones of Dallas were quietly united in marriage on January 12th at the Trinity Presbyterian Church of Dallas, Dr. Glenn J. Sneed performing the ceremony.

The announcement of their marriage came as a complete surprise to Mrs. Jones' many friends here. She is a daughter of Mrs. Gartman of this city and was reared in Goldthwaite. She is a young lady of refinement and culture and numbers among her friends all who know her.

Mrs. Jones came in the early part of this week for a short visit with homefolks, after which she will be at home with her husband at 2217 Thomas Ave., Dallas, Texas.

The Eagle joins the many friends of Mrs. Jones here in offering to her and her husband the very best of luck throughout life.

A CALOMEL YOU CAN SAFELY TAKE

Harmless of Ordinary Calomel Eliminated in Pepsinated Calomel, New English Calomel Treatment for Torpid Liver.

How many times have you heard that "calomel is the only sure way to reach the liver?" Your grandfather knew it, your mother knew it, your doctor knows it—you know it yourself! Calomel is the certain way to stimulate liver to healthy activity, but ordinary calomel is so harsh in its consequence that you can hardly be blamed for not wanting to take it.

There is no reason to deprive yourself of the fine effects of calomel since the discovery of Pepsinated Calomel. It is the best imported English calomel treated with pepsin. It has all the cleansing power of the English Calomel (recognized as the standard of purity), with the soothing qualities of pepsin so that you get the full benefit of calomel without griping, nausea or discomfort. Pepsinated Calomel is especially fine for children. They willingly take it when they cannot be bribed into taking disagreeable medicine. Hudson Bros. and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—we guarantee you'll feel better tomorrow.
