GOLDTHWAITE SCHOOL MUST RAISE MORE MONEY; AN ELECTION PROBABLE

It is probable that in the near future an election will be held in the Goldthwaite Independent School District for the purpose of ascertaining whether or not the people will raise the present tax of 75c to \$1.00 on the \$100 valuation for the purpose of school maintenance.

Whether or not the people decide to make this increase will rest the future of Goldthwaite.

For the past several years the tax renditions have been steadily decreasing, owing, no doubt, to the fact that the deflation of property values has crippled the selling price. On the other hand, the Goldthwaite Public Schools have been steadily growing, both in number of pupils and in results accomplished. Consequently, as was to have been foreseen, there is not enough money in sight to run the next term through.

This condition has been brought about partly on account of the increasing number of country children who have completed the courses of their own schools and who are not satisfied with less than a high school education. These pupils come from almost every section of the county, are the cream of the county's children and are entitled to an education. Goldthwaite is in honor bound to take care of them.

Goldthwaite now has a school that classes with any in the state of Texas. Gradually throughout the years this school has been built up until, under the guidance of Supt. D. A. Newton, it has 17 1-2 units of affiliation with the State University, more units than any school in surrounding counties. Should the money not be raised to conduct a nine months school next year, all this will be lost.

While the board of trustees have the authority, while acting as a board of equalization, to increase the tax rendition sufficient to raise the money needed, there will be more justice and less friction in increasing the rate rather than the rendition.

No town can grow without the best schools. A glance over the fast growing towns of Texas today will, without an exception, show towns which have the best schools that money can buy.

The excellent work done by the Parent-Teacher Association last term in raising money for needed equipment enabled the school to teach a full term with sufficient funds to take care of it. This year, however, the rendition has again dropped and around \$3,000 must be raised to take care of the school.

AGRICULTURAL BULLETIN.

The new statistical bulletin, No. 76, issued by the State Department of Agriculture, and sent free to any one desiring it, is the most complete statistical bulletin ever issued by the department. It contains statistics of farm acreages, values, ownership, and tenancy of farms, production of principal crops, and livestock by counties, cotton mills and other industries, resident and non resident ownership, and large holdings of land; also a supplement of governmental statistics giving the name of every department and institution of the state government and the appropriation made by the last legislature for their support. For copy of this bulletin, address Geo. B. Terrell, Commissioner of Agriculture, Austin,

JUDGE MARTIN M. WHITE ANNOUNCES CANDIDACY FOR DISTRICT JUDGE

Judge Martin M. White of Temple, while in Goldthwaite yesterday in the interest of his candidacy, authorized the Eagle to announce him as a candidate for District Judge of this district, composed of Mills, Lampasas and Bell counties, subject to the action of the Democratic Primary election July 26.

Judge White is a man who will need very little introduction to the people of Mills County, he having served as Prosecuting Attorney for this district several years and, consequently, having become acquainted with the people.

Judge White was born in Lampasas County in 1885 and was reared in that county. He studied law and was admitted to the bar in 1897. The next year, or 1898, he was elected County Attorney of Lampasas County and served in that capacity for four years. In 1904 he was elected County Judge of Lampasas County and served for ten years in that important office.

In 1916 Judge White was elected District Attorney for Mills, Lampasas and Bell Counties and served until 1919, when he resigned and removed to Temple to practice law. Since that time he has been engaged in law practice at Temple.

Judge White's record in the courts would argue well for his qualifications for fulfilling the duties incidental to the office of Judge of this District, and he requests the votes and influence of the people of Mills County to help elect him.

The announcement of Judge White will be found in its proper place in the announcement column of next week's Eagle.

CHAMBER OF COMMERCE MET MONDAY NIGHT

Last Monday night was a regular meeting night of the Mills County Chamber of Commerce. A goodly number of members and several visitors were present.

President L. E. Miller gave a short outline of his trip to Mineral Wells, including several good ideas which will, no doubt, be utilized by the body here.

Vice President L. B. Walters, who is President of the Goldthwaite Independent School District Board of Trustees, brought the matter before the body of the shortage of funds for conducting the school here next year. Something in the neighborhood of \$3,000 will be required to finance the school next term. On motion of W. C. Dew, Vice President of the Trent State Bank, the body voted to go on record as endorsing a raise of the present tax rate from 75c to \$1 on the \$100 valuation.

REVIVAL MEETING AT CHURCH OF CHRIST BEGAN LAST NIGHT

The two weeks revival meeting at the Church of Christ tabernacle in this city began with last night's services. Elder Homer Davis, pastor of the church here, conducted the services last night.

Evangelist E. S. Fitzgerald of Weatherford, who has conducted revival meetings here for several years and is one of the strongest and most forceful preachers of the Church of Christ in Texas, will arrive here on the early evening train in time to take charge of the services tonight.

Prof. J. W. Atuff of Grainger, a composer of note and an excellent song leader, will have charge of the choir throughout the meeting.

There will be two services daily—at the morning hour and at 8 o'clock in the evenings.

Large crowds are expected to attend throughout the two weeks. A cordial invitation is extended to every one to be present at all the services.

REVIVAL AT THE METHODIST CHURCH

For Chief Justice Supreme Court—William Clayton Wear, C.

GRASSHOPPERS DOING CONSIDERABLE DAMAGE

Reports from the grasshopper area in the southwestern portion of the county indicate that the hoppers are doing considerable damage in some sections, despite the war being waged against them. The few weeks of dry weather has withered the grass in the pastures considerably with the result that the hoppers are immigrating to the fields. Poisoning, however, is holding the damage down to the minimum and where there are turkeys in sufficient numbers they are being herded around the edges of the fields and are eating the hoppers as fast as they arrive.

Millions of hoppers have been destroyed and it is thought that very little more damage will be done where active means are taken to combat them.

M. Cureton, R. H. Buck.
For Associate Justice Court of Criminal Appeals—O. S. Lattimore.

For District Offices.

For State Senator—J. A. Thomas, Walter C. Woodward.

For Chief Justice Court Civil Appeals, 3rd Sup. Jud. Dist.—James W. McClendon.

**PEAK OF GRASSHOPPER
DANGER WITHIN 2 WEEKS**

The following letter is self-explanatory:

Mr. W. P. Weaver, County Agent,
Goldthwaite, Texas.

Dear Sir:—In conference with Chas. H. Gable, Federal Entomologist, working in cooperation with the Extension Service, who is doing some work in Llano county on grasshopper control, I am pleased to advise of the following developments and recommendations:

1. The grasshopper crisis will in all probability reach its height within the next fifteen days. In Llano county the infestation is reaching its maximum in certain communities now.

2. All farmers, county agents and other cooperating agencies are advised to keep a close check-up on developments.

3. Where the infestation is thick farmers are advised to have a reserve supply of ingredients on hand so that fields may be sown with poison bait in case hoppers migrate in great numbers and start wholesale destruction of crops.

4. When fields are surrounded by pasture grass and weeds and infestation appears to be growing worse, farmers are advised to sow a strip from 75 to 100 yards wide around entire field. When shade is available under weeds or trees these places should be sown as the weather becomes warmer.

5. After sowing strip around fields it is not necessary to put out bait again until the hoppers begin passing over and getting out in crops.

6. Mr. Gable believes that a large per cent of farmers are sowing bait too thick and thereby causing a useless waste of money. County agents are urged to caution farmers in this regard and check up on as many fields as possible especially when only mediocre results are reported.

7. Stick to formulas and do not under any circumstances allow substitutions or changes to be made in so far as it is practicable.

8. The fight must be kept up and it will win.

Trust that the above will be of assistance to you, I am,

Yours very truly,
A. L. SMITH, District Agent.

The Chamber of Commerce has a supply of arsenic at 15c per pound and blackstrap molasses at 35c per gallon.

Read No. 3 carefully and be prepared for emergency.

**TO BROADCAST ROAD
CONDITION REPORTS**

As additional evidence that the State Highway Department is striving to serve the people of Texas to the fullest extent is the announcement that beginning with Monday, June 16, the Texas Highway Bulletin, the official organ of the department, will conduct a road condition report bureau in order to inform those who use the state highways of the exact condition of the roads over the state.

This service will be rendered in two separate forms. First, the report on the highways will be broadcasted every day from the broadcasting station of the Texas Highway Bulletin at Austin; second, inquiries by mail will be answered. The report will be broadcasted twice each day.

**REV. F. A. TIPPEN
REMOVES TO ASPERMONT**

Rev. F. A. Tippen and family left overland the latter part of last week for their new home at Aspermont, Texas, where he immediately took charge of the Baptist Church.

Rev. Tippen in his farewell address just before leaving took occasion to compliment the Eagle greatly on the co-operation he had received in his church work in Mills County and the fairness with which the Eagle opens its columns to all sides of controverted questions.

The Eagle's best wishes for success and happiness to him and his family go with them to their new home.

JOHN F. POLLARD.

In memory of my dear brother, John F. Pollard, who died at Star, Texas, June 13, 1924, and was buried in the Center City cemetery June 14.

He was born in 1856 near Dalton, Georgia. Came with his father's family to Texas when a small boy, and was converted and united with the Baptist Church at the age of 18 years. He was a faithful Christian and was ever ready to help his fellow man.

In 1874 he moved with his father's family to then Hamilton county but now Mills county, near Center City, where he continued to reside for the last 50 years until his death. In 1890 he was married to Miss Philena Parker and three children blessed their union, two of whom are still living, Mrs. M. J. Barnes and Jay Pollard of Star, Texas; and one brother, G. M. Pollard, of Lampasas, Texas.

**H. A. STREET OPENS
GRAIN HEADQUARTERS**

H. A. (Herbert) Street has rented the building next door to J. H. Randolph & Co. on the west side of the square and established his headquarters for buying grain. Mr. Street, in connection with his father, J. C. Street, of Lubbock, will buy grain here and send it to west Texas to furnish feed for making the large cotton crop in that section.

His advertisement, requesting the farmers to see him before selling their grain will be found in another section of this paper.

**"UNCLE JIM" LIVINGSTON

Dr. J. M. Campbell and Claude Eacott carried "Uncle Jim" Livingston to Temple yesterday morning for treatment at a sanitarium. Mr. Livingston took seriously sick yesterday morning and while temporary relief was given him, treatment by a specialist will be necessary.

WORLD'S NEWS IN BRIEF.

Much Balloting.—A New York dispatch says out of town leaders at the Democratic Convention expect to spend considerable time there after its opens Tuesday. A new record in ballots is expected before a candidate for president is nominated. The present record of 46 ballots was set at Baltimore in 1912, when Woodrow Wilson broke a deadlock and won the nomination.

Gas in Senate.—Chlorine gas was let loose in the senate chamber at Providence, R. I., early Thursday, in an effort to force adjournment of the body. Fumes were so strong it was impossible to stay in the room. Four senators were overcome.

Second Divorce.—Evelyn Nesbit former wife of Harry K. Thaw, was divorced in New York Thursday by her second husband, who is an actor and dancer.

TEN YEARS AGO THEY SAID SHE COULDN'T LIVE

BUT MRS. GREER TURNED TO TANLAC AND GOT IMMEDIATE RELIEF.

"After I had suffered for ten years all the tortures stomach trouble and rheumatism can cause a person, my husband did the least expensive and yet the most wonderful thing in all his efforts to save my life when he bought me Tanlac," recently said Mrs. N. M. Greer, 20 West Cole St., McKinney, Tex., in a vivid and impressive account of her experience with the famous medicine.

"As long as ten years ago, I was told I couldn't live and at times since then I have been so low that everyone thought I was gone. I could not eat anything but malted milk and butter-milk and I had starved until I was nothing but a shadow, only weighing 90 lbs. Besides that, I had rheumatism so bad for three years I sat in my chair unable to get up, and I could not lie down for smothering spells. I could hardly bend my back, my arms were so stiff I wasn't able to

lift a cup to my mouth, and my legs were terribly swollen and utterly useless.

"My husband spent thousands of dollars trying to save me and I suffered so I prayed to die, but when Tanlac began helping me, I was one of the happiest women in Texas. In a short time I was eating heartily and after I had taken seven bottles, I hadn't a sign of stomach trouble or rheumatism; I was walking around as well as any one, doing all my housework, and my weight had gone from 90 lbs. to 140 lbs.—a gain of 50 lbs. It has been three years since then and I have now passed my 65th birthday, but I am still feeling fine. All my friends know that what I have said is true and I want the whole world to know that Tanlac saved my life."

Tanlac is for sale by all good druggists. Accept No Substitute. Over 40 Million Bottles Sold.

Tanlac Vegetable Pills are made and recommended by the Manufacturers of TANLAC. — 6-21.

The Bright Side

He thought he'd surely made a hit When for his photograph she prayed; "Out when this calls," she wrote on it, And gave it to the maid.

"I'm sorry, my boy, but I only punish you because I love you." "I'm sorry, dad, that I'm not big enough to return your love."

He—"If you hadn't taken so long getting ready, we should have caught that train."

She—"Yes, and if you hadn't hurried me so, we shouldn't have had so long to wait for the next one."

The inquisitive old lady was bending over the bed of a wounded soldier whose head was swathed with cotton and linen. "Were you wounded in the head, my boy?" she asked.

"No'm," replied a faint voice, "I was shot in the foot and the bandage has slipped up."

An interesting advertisement which appeared in the college paper:

"If the gentleman who took my psychology notes from the cloak-rack will return them before exams, no questions will go unanswered."

She—"I'm sorry I can't accept you, Bill, but circumstances over which I have no control prevent

me." He—"And what are those circumstances?" She—"Your circumstances."

Mrs. West—"The average woman has a vocabulary of only 500 words."

Gordon—"It's a small stock. But think of the turnover."

PURCELL CHIEF WINS LONG FIGHT

Fighting for his health as well as for law and order, Chief of Police M. L. Thomas, of Purcell, Okla., has at last been victorious after an eight years battle.

"It was this new medicine Karnak that finally stopped my troubles and fixed me up with a gain of twelve pounds in weight," says Chief Thomas.

"It made no difference what I ate, everything seemed to settle in a hard mass in my stomach with a knotty, lumpy feeling and then I could hardly get my breath. Although I tried every sort of treatment I finally got so weak and lost so much weight it looked like I would soon have to give up entirely. But I have not had a bit of trouble since I finished the first half bottle of Karnak and three bottles of the medicine has put me back in tip-top health in every way with a gain of twelve pounds in weight and lots of strength and energy. Karnak is all that is claimed for it and I am glad to help others by recommending it publicly."

Karnak is sold in Goldthwaite by R. E. Clements.

MILLS COUNTY LADY SAYS CALIFORNIA IS NO GOOD. COMING BACK HERE SOON

Los Angeles Is "City of Real Estate Agents, Cafes, Filling Stations and Peddlers;" 2 Weeks Enough for Texas People.

(Editor's Note.—For the past several years rumors have come out of California that the land is fast going to the bad and people are moving out of that state in droves, notwithstanding the efforts of real estate agents there. The following letter was received by the Eagle this week from a lady who has lived almost all her life in Mills County. She has been in California since January and is returning here by July, where, she says, "the citizens are far ahead of California's.")

Los Angeles, Calif., June 12. Dear Editor Eagle:

While I sit at my window viewing the wonderful scenery that nature has blessed some parts of California with, I wonder if the Eagle's many readers can imagine its splendor without really seeing it. But don't misunderstand me. Altho it has the name of California as "Land of sunshine and flowers," and Los Angeles the "City of Angels," turn it reverse and you really have its perfect name—Los Angeles, "City of Real Estate Agents, Cafes, Filling Stations and Peddlers."

As you stand in Ascott Speedway tract, located to north of L. A., on one of the surrounding hills you see to the south a solid mass of lights miles and miles away. Ascott Speedway is 9 miles from Seventh and Main street, heart of the city. Then, as you look from Ambassador Hotel south to the beaches, one can see 16 miles of houses all on 30 by 150 foot lots; then as you stand in Ascott, can you wonder at there being a solid mass of lights the distance of 25 miles?

To the west over Willshire and Hollywood, where motion picture studios are located and all the wealthiest people live, can you imagine the number of houses, lights and streets in so large a city?

Los Angeles is surrounded by mountains which are covered with snow the year round. The prettiest of all are Mt. Eubodye, Mt. Lowe, Old Baldy, located on Mt. Rubydoe is one of America's largest Catholic churches. The cross stands to the west and faces the east where the sun rises shining its silver rays on it of Easter mornings. There the crowd flocks by millions to see sunrise Easter program and services. The cross is seen for a distance of 10 miles when it is lit up for Easter night services.

Only one highway to reach the mountain by, known as the Ridge Route, which extends for several hundred miles, in the distance of 120 miles only one cure is found, called "dead man's curve."

Should you ever be in Los An-

geles, you'll never wish for a place to go—anything you can mention. Graman's million dollar metropolis is situated at Third and Broadway with four entrances; is built from foreign material from Egyptian king's palaces. The pillars to support the pipe organ are most attractive of any beside the are light. Have a 110-piece orchestra and 125 ushers. The reception hall has only foreign furnishings which is odd furniture to today's styles.

On Ninth and Broadway is located the "Orphiem," where all the movie stars play in person including Mary Pickford, Douglas Fairbanks, Harold Lloyd, Theda Bara, Pola Negri, Gloria Swanson, Baby Peggy, Palsy Ruth Miller and scores of others. Then the black face comedian Al Jolson plays in person at Mason Temple Hall. Burkans with his 150 girls to fashion the role "Ten Commandments," is taking Main street by storm.

All noted parks are found within one to four blocks of car lines.

One will find very little grains or corn here, mostly truck farms, consisting of acres and acres of lettuce, potatoes, sugar beets, spinach, carrots, cabbage and tomatoes. Then the walnut, orange and lemon groves each containing thirty to forty acres. Fig farms about ten acres.

Imperial Valley Dry.

Near Riverside and Ridge Route highway you'll find the cherries, apricots, peaches and plum orchards; also vineyards as far as one's eye can see. Watermelons, canteloupes and some cherries are all trucked from Imperial Valley; very few this year on account of rain-fall and poor irrigation. No rainfall since 10th of February. Thermometer registers 110 in the shade with "no shade." If a person wants to see a good imitation of purgatory, only visit Imperial Valley.

Then in cooler and moist climates we find miles and miles of wild roses, palms, geraniums, magnolia and orange trees. Geraniums grow wild here and average height and size is that of an arbor vitae in Texas.

The ostrich and alligator farms are found several miles from Los Angeles. When one sees the alligator and seal farms for the first time, it'll make you close your "peepers and yell for help." It's a scary mass of moving flesh to watch hundreds upon hundreds of alligators and seals basking in the sun, and some are of unbelievable size.

Summer resorts are Beaches, Mt. Lowe, Mt. Baldy, Big Bear Lake. America's favorite singer, Mrs. Jona D. Majaske sings in person at the largest park in California, known as Orange County Park, near her farm.

I've mentioned nearly everything I have in mind only the murder and divorce cases of innumerable number. All are given justice by Superior Court, decided by

32 judges.

One thing the "ladies" of L. A. have the men bested in cursing. They can make a man hang his head and say, "Who was the first to say women were too timid to use their tongue in public?" It's all a bad mistake to believe they can't let California have its name "Land of sunshine and flowers, Los Angeles the city of angels." Give Texas the name of "a united honest and upright state." There you have it. Now who wants your share of California? Two weeks will do you.

Good luck to the Eagle and its many readers—A Reader in "City of Angels."

OFFICERS OF BLUE LODGE AND CHAPTER OF MASONS BE INSTALLED THURSDAY

At the regular meeting of the Goldthwaite Lodge A. F. and A. M. Thursday, the following officers were elected for the coming Masonic year:

Neal Dickerson, Worshipful Master.
William K. Cobb, Senior Warden.

F. P. Bowman, Junior Warden.
Jas. Rahl, Treasurer.
Lewis Hudson, Secretary.

The appointive officers will be named by the Worshipful Master next Thursday night.

There will be a called meeting on Thursday night for work in the Masters Degree. The new officers of both the Chapter and Blue Lodge will be jointly installed at this time.

Andy Westerman of Mullin happened to quite a painful accident Tuesday by getting kicked in the eye by a yearling while he was loading it in a truck. It was thought at first that Mr. Weston might lose the sight of his eye, but it is doing nicely now.

SODOM

By THOMAS A. CLARK
Dean of Men, University of Illinois.

"And Lot pitched his tent toward Sodom," the historian wrote when narrating events connected with the early settlers in the Orient. Lot was a good boy who had been well brought up, and Sodom was beautifully situated in a green, fertile valley with a view of the mountains in the distance.

The town had its attractions, and Lot was human. It was, however, what in these modern days we should call a wide-open town. There was no attempt to enforce the Volstead act, traffic laws were loose and the dances were unchaperoned. The young people were friendly and unconventional, the sort that takes pride in the fact that they know how to take care of themselves. The vaudeville shows were snappy; all of the pool halls allowed gambling devices; and it was easy to pick up a female acquaintance on the street. When anything happened the policemen and the mayor were always safely out of the way and employed themselves harmlessly the day following in looking for a clue. There was something doing in Sodom most of the time, and it was, in fact, a very interesting place. Lot found it so.

But he found also, as every man before or since has ultimately found, that you can't play with evil without getting soiled by it. You can't even look on and keep absolutely aloof from it. Finally it touches you. You begin at first to justify it and then to take part in it. Sodom went up in flames consumed by the fire of its own lust for evil pleasure, and though Lot escaped, he was scorched; he carried with him the marks of contact with the low and vulgar and profane. He was not the same man that he was before he had gazed upon the corruptions of Sodom.

That was six thousand years ago, of course, and in a heathen land; but there are still Sodoms—modern, alluring and so cleverly camouflaged as to seem quite harmless—toward which the well-intentioned young fellow, or his sister even, may look with interest or desire, or may pitch his tent. It is easy and often interesting to treat lightly the religious principles which we once followed, to drop into the unconventional, to play a few hands of poker, or to bet on the game, to go gradually from the risqué to the vulgar and finally to the immoral. Lot had no intention of taking up the habits of the Sodomites. He was curious. He simply wanted to see what it was all like. I'm sure he felt that he was quite able to take care of himself, but he was mistaken, and so is everyone who plays with evil or temporizes with sin.

SCALLORN.

Editor Eagle: We are still having hot dry weather and grasshoppers bad; they are eating on corn and maize now.

Every one has their grain cut. The thrasher will be in this community next week.

Mr. F. R. Hines and family spent Sunday in the home of Mrs. Hines mother, Mrs. Fields, near Adamsville.

Mr. Joe Morgan, Earl Blake and Miss Carleta Black spent Sunday in Temple with Mrs. Morgan. Earl, Blake, and Miss Carleta Black returned Sunday night. Mr. Morgan remained for a few days. Mrs. Morgan is doing fine and will be able to come home in a week or so.

Miss Mary Talley is spending the week with her sister, Mrs. Joe Kelly, in the Pleasant Grove community.

Mrs. H. H. Brooks and Mrs. Will Brooks and family spent several days last week at Rising Star with relatives.

Mrs. Minnie Ashley and two daughters of Goldthwaite spent several days last week in the home of her brother, Frank Hines.

Mr. T. F. Elliott and wife, Mr. T. J. Laughlin and family, Fred Laughlin, wife and son, Mr. Ernest Johnson and family spent Sunday on the river.

A few of the young folks met at Mrs. Cora Ford's Sunday evening and sang and played the phonograph.

Mr. Dykes is plowing for Mr. Johnson this week.

Elsie Laughlin's family and Mrs. Elliott are on the sick list this week.

Miss Bill Vonell is spending this week with her sister, Mrs. Fred Laughlin.

Most every one in the community went to Lometa Saturday to be present at the car drawing, but none drew the car. Sherwood Ford got the rocking chair.

Several from here attended the funeral of little Catherine Geddis at Pleasant Grove Wednesday.

BROWN-CORNELIUS.

SMALL—Jake Brown and Miss Ruse. About twenty years ago the late Elbert Hubbard, arriving in Philadelphia on a late train, applied for lodging for the night at a little antiquated inn near Broad Street Station.

A little gray man behind the desk assigned him to a room and tapped a bell. No bell appeared. The little gray man took Hubbard's bag and showed his guest to a room. The little gray man then trotted back again with a pitcher of ice water.

Ryerson W. Jennings was the whole cast in this play. He is today proprietor of one of Philadelphia's big, modern fireproof hotels.

Go back in the life of any man who succeeds and you will find that he was one who never dodged the little things, one to whom no human service ever was too small to be interesting. The fact is so well established as to be no longer ignored; the rewards of this life are for those who serve.—Colliers.

THE TELEPHONE.

The average number of telephone calls in one of our largest cities during 1923 was 3,250,000 daily. That is an average of more than one call for every day of every man, woman and child in this city.

Sometimes statistics are interesting. Think of the enormous number of steps that are saved by telephone calls. Saving all those steps means lessening the wear and tear on thousands of human beings. It also means the accomplishment of an enormous amount of work by young women in various exchanges, who always answer politely when you impatiently demand their immediate attention.

The next time you are about to lose your temper at "Central,"

D. L. Dillingham of Austin has been spending the week in the home of D. E. Miller. Mr. Dillingham calls daily of the first settlers easier for you.

Resolution Adopted by the Ministerial Alliance at Its Last Regular Meeting, May 5th 1924.

We deprecate war, and will use all honorable influence to avoid it. At the same time we approve the action of the United States government in holding Citizens' Military Training Camps for young men between the ages of

to law, and as well as to establish a feeling of comradeship among all the young men of the nation. We therefore commend the movement most heartily to the attention of all the parents of our churches, and would urge them to have their sons take advantage of this great opportunity.—D. A. Dr. M. W. SHERWOOD
As a result of a campaign waged by Dr. M. W. Sherwood of Temple, State Commander of the American Legion, the State Textbook Commission has authorized the teaching of "Flag Etiquette" in the public schools. The standard flag rules are to be made part of the civics textbooks.

Temple, Texas, June 20.—With in another year or so the proud American who wants to be patriotic on July 4 and takes his family out to see the big parade, may find one of his children nudging him and whispering to him to lift his hat with his right hand and place it over his heart as the American flag comes sweeping by in the procession.

That observation was made here on June 14 by Dr. W. M. Sherwood, State Commander of the American Legion, who has been advised that standard flag rules are to be taught in the public schools of Texas as part of the courses in civics. Under the leadership of Commander Sherwood the Texas Department of the Legion carried on the campaign to bring about teaching of the flag etiquette in the schools of Texas.

"It will be a glorious day for Texas," said State Commander Sherwood, "when all of our children learn the accepted rules for draping and paying proper respect to Old Glory on all occasions, and just as soon as they begin their studies of these rules in the public schools they will put their newly acquired information

DR. P. H. CHILTON'S CANDIDACY ENDORSED BY COMANCHE COUNTY VOTERS

Dr. P. H. Chilton of Comanche, candidate for State Representative from Mills and Comanche County, is recommended to the citizens of Mills County by his supporters and friends of Comanche, who ask Mills County people to give him a consideration of their vote, as they feel that he is the man for the place.

Dr. Chilton has resided in Comanche County for a period of forty-nine years and has practiced medicine in that county for thirty years. He has never offered for public office before, but has held valuable assignments under both the State and Federal government, being at one time first assistant superintendent of the Southwest State Insane Asylum at San Antonio, and was connected with the Federal Public Health Service in the capacity of quarantine officer.

Dr. Chilton's supporters feel that his varied experience along these lines, as well as business experience generally, qualifies him well for the office he seeks, and solicit the support of the people based upon his fitness alone and not upon personal prejudices or the possible faults or shortcomings of any opponent.

Dr. Chilton favors the strict enforcement of all laws, and favors the repeal of laws that the courts are negligent in enforcing, from the fact that it teaches the people to disrespect all laws.

JONES-CASEBEER.

Mr. Emmett Jones and Miss Marie Casbeer were quietly married at the bride's home, near Lampasas, Wednesday evening at 2:30 o'clock, Rev. Grady Timmons performing the ceremony.

The bride was attired in a beautiful traveling suit of gray with hat and gloves to match. The groom wore a handsome suit of black in traveling attire. The ring ceremony was used.

The bride is the daughter of Mr. and Mrs. S. C. Casbeer, and has lived in Lampasas a life time. Her friends are numbered by her acquaintances.

The groom was reared in Lometa, having been closely associated with the Barnes Lumber Company for a number of years, and is now manager and co-partner of the Barnes & McCullough Lumber Co. at Liberty Hill and Leander, Texas. Mr. Jones was Mayor of Lometa the past two years, which office he filled with much satisfaction.

The couple left shortly after the ceremony for a trip to Waco, Austin and other points before returning to Liberty Hill, their future home, the trip being made via automobile.

The out of town guests were Miss Josephine McFarlin of Bertram, Texas; Mrs. Nichols, Breckenridge, Texas; Mr. and Mrs. D. L. Jones, Miss Beulah Jones, Mrs. Warren Jones, and Lucius Stephens of Lometa.

CENTER POINT.

Editor Eagle: As I haven't seen anything from Center Point in quite a while, I will send in some of the late happenings.

The thresher has been in the community this week.

Miss Nola Davis has just recovered from an attack of pneumonia.

Grandma Long happened to a very painful accident a few days ago, as she fell out of the door. She has been suffering since then with a broken hip.

Mr. and Mrs. Chas. Kirby of Melvin are visiting his father, who is in ill health.

Mrs. Chas. Law of Elgin is at the bedside of her mother, Grandma Long.

Mr. Geo. Sheffield and family spent Sunday with Mr. Pate Seaborn.

Bro. Walker filled his regular appointment here last Sunday.

Mrs. Pat Fallon is on the sick list this week.

Mr. and Mrs. M. C. Collier visited her parents, Mr. and Mrs. Parks McWhorter, last Sunday.

Mr. and Mrs. Joe Benningfield spent Sunday in our community.

Mr. and Mrs. L. W. Hill of Long Cove visited her aunt, Mrs. J. A. Perry, Sunday.

Uncle Bud Smith visited in the home of W. G. Brown last Sunday.

Mr. and Mrs. Fred Davee spent Sunday with Mr. J. T. Davee.

Mrs. B. F. Mahan was called to the bedside of her daughter, Mrs. Roseo Smith, of Blanket, one day last week.

Mr. and Mrs. E. F. White visited her mother, Mrs. J. A. Perry, last Sunday.

Mr. Rex Mahan of Breckenridge has returned home for a vacation. Bro. Vann of Mullin will preach at Center Point Sunday.—C. P.

Born—to Mr. and Mrs. Burlin Whitt last Tuesday, June 17, a baby girl.

BROWN-CORNELIUS.

Mr. Jake Brown and Miss Russic Cornelius were united in marriage at the home of the bride's parents, Mr. and Mrs. E. F. Cornelius, in the Ridge community Sunday afternoon at 3:30 o'clock. Rev. Hugh Moreland, pastor of the Goldthwaite circuit, was the officiating minister, and the ceremony was witnessed by the immediate relatives of the bride and a few close friends.

Miss Russic is one of the loveliest girls of the Ridge community, while the groom is a progressive farmer of the Lake Merritt community. They will make their home in that community. The many friends of this young couple join in extending congratulations to Mr. and Mrs. Brown.

15TH ANNUAL FARMERS' SHORT COURSE JULY 28

Messrs. S. C. Hoyle, editor of Extension Service, A. and M. College, publications, and M. E. Wallace, a publisher of Bryan, made the Eagle an appreciated visit on Friday afternoon of last week, passing through this city on their way overland to the Texas Press Association meeting at Amarillo.

They told us about the fifteenth annual Farmers Short Course at College Station, and urged Mills County people interested to combine business and pleasure—make July 28 to Aug. 2 a vacation period—and visit your State Agricultural College and learn how they are prepared to assist you in solving your farm and home problems—time well spent in a profitable investment.

The fifteenth annual Farmers' Short Course will be held at the Agricultural and Mechanical College, at College Station, Texas, July 28 to August 2, 1924.

The Short Course is open to any man, woman, boy or girl who desires to study and learn more about the solution of their farm and home problems. It is planned to meet the needs of men, women, boys and girls who desire to make farm life more profitable, comfortable, and attractive.

Agriculture.—Work will be offered in the following departments: Animal Husbandry, Dairy Husbandry, Poultry Husbandry, Agronomy, Horticulture, Entomology, Plant Diseases, Rural Sociology, Agricultural Economics, and Agricultural Engineering.

There will be an exhibit of the most modern farm machinery and home equipment on the grounds.

Home Demonstration Work.—Several courses in Home Demonstration Work especially adapted to the needs of girls and women from rural communities will be given. The work will consist of lectures and demonstrations in health work, in meal planning and table service, clothing, home improvement, and poultry.

Contests.—Boys: A special feature of the course will be a poultry judging contest, a grain judging contest for the Cameron Lumber Company loving cup, and a live stock judging contest for the Progressive Farmer loving cup. Women and Girls: All State Contests for Home Demonstration Club girls and women will be held at this time.

The evening programs will be devoted almost entirely to instructive lectures and entertainment. In addition some time during the day will be devoted to special forms of entertainment. Insofar as possible the entertainment will be of an educational value.

All persons attending the Short Course will be charged only the actual cost of meals and lodging. Lodging 25 cents per day; 3 meals \$1.25 by purchase of tickets.

The railroads have agreed to make a special rate of one and one-fourth fare for the round trip.

Those who contemplate attending the Short Course should begin now to organize automobile parties. Everything possible will be done for the convenience of those coming in cars and wagons. They will be given the privilege of securing lodging in the dormitories and board at the mess hall on the same terms as all others. A special location between the campus and college park has been set aside for those desiring to camp. Arrangements have been made whereby groceries, vegetables, ice and the like will be delivered at the camp. On account of the extremely low rates for lodging, persons who come overland may find it more satisfactory to secure rooms in the dormitories.

The misery and depression caused by a bilious and constipated condition of the system can be quickly removed by using Herbine. It purifies, strengthens and invigorates. Price, 60c. Sold by Hudson Bros.

Good Times With Your Gulbransen

It's your night to entertain! Your home is the place, and everybody's coming! Here's where you even up with those friends for all the good times they've shown you!

Gulbransen music—a whole delightful program of it—arranged concert style. There's an idea for you! What more enjoyable entertainment could you offer—what better fun could anybody ask—than to hear you play a well-chosen, well-rendered group of Gulbransen selections as the big feature of your party!

To help you conduct these and other affairs, to aid you in planning your programs, you should have our new 64-page de luxe book, "Good Times With Your Gulbransen." This, in one compact volume, is a complete digest of just what rolls to use for every purpose. It lists and classifies over 1,000 different compositions—selected by musical authorities and artists—each according to its fitness for the particular occasion.

"Good Times With Your Gulbransen" is a text-book on musical enjoyment and entertainment. A veritable gold mine of information for the music lover. It is one of the most interesting and valuable books on music ever issued. Every present and prospective owner of a Gulbransen Registering Piano—every one owning or about to own an ordinary player-piano—should have it and study it and keep it. A copy is yours for the asking. Send for it—now. Gulbransen-Dickinson Company, Chicago.

MIX GRASSHOPPER POISON CORRECTLY FOR RESULTS

By R. R. Reppert, Entomologist.

While the poison mash advised for grasshoppers is obtaining generally good results, we have several complaints that it was ineffective. In every one of these instances, we have found that directions in mixing and applying in some respect or other had not been carefully carried out. In one case the farmer had allowed the druggist to convince him that calcium arsenate would do as a poison instead of the white arsenic. Be sure what you get is "white arsenic" or Paris Green.

In another instance the bran mash had been put out in piles over a small part of the field. The poison mash we have advised has been used for many years in many states and under all conditions and insures the best results when sown thinly and evenly over the entire infested area. Don't think that you have unusual conditions that require a departure from our recommendations.

In still another instance water taken from a barrel formerly containing creosote stock dip was used to mix the mash. The odor of creosote in this water was so pronounced as to repel the grasshoppers. Lemons are used to attract the insects to the bait, and the use of such water serves to neutralize this attraction.

Other mistakes are doubtless being made on various farms. The above instances will give point to our statement, expressed in our former letter to "Mix and apply the bran mash exactly as directed, leaving out no part." We may add "and putting nothing else in."

Another thing to be said in connection with this formula is that results, as indicated by dead grasshoppers, should not be expected too soon. Very few grasshoppers die from the effects of the poison the first twenty-four hours, and it will not be until the second day that a great many dead grasshoppers are found. They will continue to die from the effects of the poisoning for a week or more.

MAY PROVE FATAL.

When Will Goldthwaite People Learn the Importance of It?

Mrs. G. Womack says: "I suffered with my back and at times the aches and pains extended into my shoulders and in the back of my neck. My feet and ankles were also badly swollen, and frequently I noticed specks fluttering before my eyes. A person recommended Doan's Pills to me, so I got a box. In a short time my back was stronger and the other troubles were lessened."

Over four years later, Mrs. Womack said: "Although I haven't had need for a kidney medicine, my opinion of Doan's Pills is the same as ever."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Womack had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—6-21.

PYORRHEA.

There are many so-called cures for pyorrhea on the market, many of them almost if not entirely worthless—guaranteed to cure cases without other aid. The public should be very careful in selecting their mouth lotions, pastes, etc. Consult your Dentist and follow his instructions and you will be better off both from the standpoint of health and finance.

Advanced stages of pyorrhea can not be cured without extracting the teeth, and often times it becomes necessary to correct the sockets in order to effect a cure. Therefore it is necessary to consult your Dentist in its earlier stages if you expect to save your teeth.

Do Not Consider Fruit Trees A Luxury, But A Good Investment And A Necessity

FRUIT IS THE ONLY PRODUCT OF THE SOIL THAT HAS NOT FALLEN IN PRICE DURING THE LAST THREE YEARS. THERE ARE NOT HALF AS MANY FRUIT TREES IN THE SOUTHWEST TODAY AS THERE WERE TEN YEARS AGO. WHEN COTTON WAS HIGH, FARMERS FORGOT ALMOST EVERYTHING BUT COTTON. THE POPULATION AND DEMAND FOR FRUIT HAVE INCREASED, WHILE THE NUMBER OF BEARING ORCHARD TREES HAS DECREASED. FRUIT HAS, THEREFORE, NECESSARILY BROUGHT HIGHER PRICES AND PAID ENORMOUS RETURNS, AND WILL CONTINUE TO DO SO FOR MANY YEARS.

A ONE-CROP COUNTRY WILL ALWAYS SUFFER. A FARM THAT PRODUCES MANY CROPS, INCLUDING FRUIT, RAISES POULTRY, WITH OTHER LIVE STOCK IS ALWAYS PROSPEROUS.

DIFFICULTY RESULTS IN SERIOUS STABBING OF LUTHER JERNNIGAN

Last Monday morning at about 8 o'clock during a scuffle resulting from a difficulty with Roy Byrd, Luther Jernnigan was seriously injured by being cut and stabbed with a pocket knife.

Mr. Byrd had been in the employ of Mr. Jernnigan for some time and it seems that the trouble arose from a misunderstanding over settlement.

It is reported that Roy and Frank Byrd, brothers, and Lloyd Windham, accompanied by Elmer McCoy, met Mr. Jernnigan about half way between the Jernnigan and the McCoy residences in the Ridge community, following a telephone conversation. There the scuffle which resulted in the stabbing was enacted.

Mr. Jernnigan received 14 cuts, two of which were very dangerous—one over the right kidney and one through the right lung. He was rushed to a sanitarium at Brownwood. The last reports from there state that, while his condition is very serious, there are hopes of his recovery.

Messrs. Roy and Frank Byrd and Lloyd Windham surrendered to the officers late Monday night and are now in the county jail.

Mr. and Mrs. Marvin Weatherby of San Saba spent last Sunday here with his mother, Mrs. Weatherby, and her parents, Mr. and Mrs. John H. Burnett.

Itching diseases can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Hudson Bros.

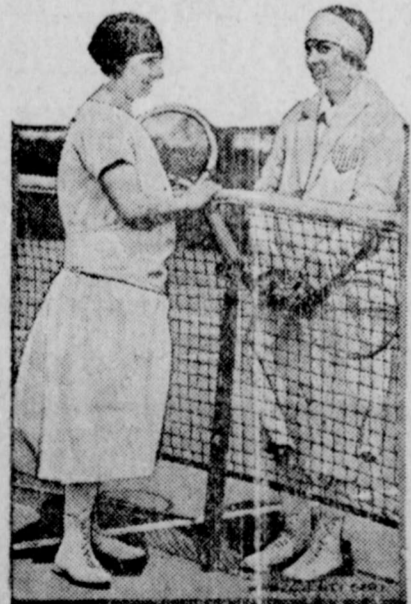

We sell and recommend Sunset Coffee.—Joe Palmre.

Smart Blouse Vogue Approves Inset Vest

The latest blouse mode calls for the inset vest or vest. In tailored models this "tuck-in vestee" almost resembles a man's shirt bosom, as far as the length and general cut is concerned. The picture illustrates also the clever use of novelty tucks for collar, cuffs and pocket.

FIVE-YEAR-OLD GIRL DIES AS A RESULT OF RATTLESNAKE BITE

Little Kathilene Margurite Geddis, the five-year-old daughter of Mr. and Mrs. Roy Geddis, passed away at the family home in the Pleasant Grove community Wednesday morning at about seven o'clock, after having been bitten by a huge rattlesnake.

The little girl, early Monday morning, stepped out to the field where her father was running a binder. She placed one foot on the side of the binder and stepped on the rattlesnake with the other one. The snake bit her three times. She became unconscious the next morning, and while everything possible was done for her, she never regained consciousness.

Her remains were laid to rest in the Pleasant Grove cemetery Wednesday afternoon at 3 o'clock, Rev. Shaw, pastor of the Methodist Church there, conducting the services.

Little Kathilene Margurite was 5 years, 3 months and 4 days old at the time of her death.

The Eagle joins the many friends of the Geddis family in offering them sincere sympathy in this sad hour of their great loss.

Little Miss Joyeland Frizzell returned home Sunday from a month's visit in the home of W. M. Johnson at Weatherford. She was accompanied home by Mr. Hudson, the postmaster at Weatherford, and wife who will spend this week on the San Saba river.

WORLD'S NEWS IN BRIEF.

Mail Loot.—A mud-covered touring car loaded with 25 pouches of registered mail, believed to be a part of the loot of the \$3,000,000 mail robbery at Rondout, Ill., was found Tuesday on a farm south of Joliet, Ill. The sacks are believed to contain about \$3,000,000 in securities and \$70,000 in cash.

Taird Party?—Speakers at the national farm-labor progressive convention in St. Paul, Minn., this week, expressed a purpose to organize a new national political party.

Japanese Exclusion.—The American reply to Japan's protest against exclusion of Japanese from the United States is marked by a spirit of friendliness, according to a Tokio dispatch, and will be examined in the same spirit. The Japanese government has not decided on its further action regarding the exclusion issue.

Quicksand.—While his wife and children looked on helplessly, rescuers tried in vain to save Anthony Antanartis as he sank slowly in quicksand in the rear of his home near Wilkesbarre, Pa., Wednesday. For two hours neighbors with shovels kept pace with him as his body was drawn into the sand, when finally the quicksand covered his head, smothering him.

Break With Mexico.—Great Britain has broken off all diplomatic relations with Mexico as a result of the refusal of the Mexican government to rescind its order expelling Herbert C. Cummins, British agent. The American Embassy has taken over the British Legation.

34 Lives.—Because she wanted the girl inmates of the Hope Development School near Los Angeles, Cal., to be free "so they could have a good time like other girls," one of the inmates, 14 years old, set fire to the building May 31 which resulted in the loss of 34 lives.

Deputy Sheriff.—Joe Morgan, 50, deputy sheriff of Muskogee, Okla., was shot to death 7 o'clock Monday night 15 miles southwest of Fort Worth by one of two youthful prisoners he was returning to Muskogee from Sanderson, Texas, charged with automobile

theft. The prisoners escaped.

Dr. P. H. Chilton was here from Comanche Tuesday in the interest of his candidacy for State Representative and made the Eagle an appreciated business call.

Mrs. G. S. Schwartz and little daughter spent last week in Winters visiting her brother, O. R. Jackson.

Mrs. Frenchel Barnett of Cleburne spent Thursday night here with Mrs. John Philen.

Miss Mabel Featherstone returned home Wednesday from Waco, where she has been visiting her brother.

Misses Myrtle and Gladys Harrison have been in Temple this week, where Miss Myrtle underwent an operation Wednesday morning at a sanitarium. Her friends will be pleased to know she is getting along fine, and will be able to return home, it is thought, by the middle of next week.

Mrs. D. H. Trent and two granddaughters, Mary Ellen and Constance, left Thursday night of last week for a visit in El Paso.

Mrs. Andy Weston and Mrs. Dan Westerman spent this week in Llano.
