GOLDTHWAITE, MILLS COUNTY, TEXAS, SATURDAY, AUGUST 30, 1924.

No. FIFTY-TWO.

MIRIAM A. FERGUSON NOMINATED AS TEXAS GOVERNOR BY BIG VOTE

MRS. MIRIAM A. FERGUSON
First Woman Governor in U. S.

In the run-off primary election last Saturday, Mrs. Miriam A. Ferguson of Temple was nominated for Governor of Texas by a majority of around 100,000 votes. Mrs. Ferguson, wife of ex-Governor James E. Ferguson, ran for the office for vindication of the Ferguson name and on account of the fact that her husband's name was barred off the ticket.

Contrary to the expectations of most of the "dopsters," the heaviest vote ever polled in Texas—over 800,000—were voted last Saturday. In Mills County Mrs. Ferguson got 1428 votes and Mr. Robertson 601, according to unofficial returns. Practically every anti-klan candidate received a majority vote in Mills County, and practically every anti-klan candidate received a majority vote in Texas.

For Representative 104th district, Thomas J. Renfro—Mills County's candidate—won over J. R. Carroll, Comanche county's candidate, by about 400 votes.

The issue in the race throughout Texas was klan and anti-klan.

All counties surrounding Mills gave Mrs. Ferguson over a two-to-one majority, with the exception of Lampasas and Brown counties, where she received a large majority.

The San Saba county vote was: Mrs. Ferguson, 1736; Felix D. Robertson, 753.

Brown county: Ferguson, 2981; Robertson, 1700.

The complete Mills County returns will be found on another page in this paper.

PRESBYTERIAN S. S. PICNIC.

The Presbyterian Sunday school enjoyed their annual picnic on the river, Wednesday, Aug. 27.

Every one went and carried well filled baskets. The Methodists, I believe, are noted for their fried chicken, but I am sure the Presbyterians can beat them eating roasted weenies, pickles and ice cream.

Games were played and it was found that a couple of the elders had to wash dishes, which was very amusing, but we had some doubts about the cleanliness of our plates and cups.

Dark cloud came up and the thunder roared, but the good Presbyterians were not alarmed. The young folks all went in swimming to keep from getting

and rode gaily home on freshly sprinkled roads.—X.

CENTER POINT.

Annual election of officers.

E. A. OBENHAUS, Pres.

AT METHODIST CHURCH.

Presiding Elder Rev. E. A. Hunter will hold his fourth quarterly conference at the Methodist Church Saturday night and will preach there Sunday morning at 11 o'clock. Everybody is invited.

PECAN WELLS.

Editor Eagle: I thought I would drop a few lines to the Old Bird this warm evening. Everybody is feeling fine over the nice rain we had today. Most everybody began picking cotton Monday, but the rain caused them to get to rest this evening.

We are glad to report that all the sick folks are better at this writing. Miss Ann Harris is greatly improved. She is able to go visiting now.

We had quite a crowd at Sunday school Sunday eve. There were several visitors from North Bennett and also some visitors from Center City. We were sure glad to have them come, and hope that they all come again soon.

The meeting at Pecan Wells was put off on account of everybody being so busy picking cotton.

Mr. W. J. Sparkman and family have just returned from a visit to Jones county to see Mrs. Sparkman's brother and report a nice time.

Mr. and Mrs. Jesse Stewart visited J. Maynard Roberts Sunday.

Misses Ruby and Janie Eppler visited Mr. Lon Harris and family Sunday, and reported a nice time.

Mr. John Merrel and Mr. Henry Adcocks and families visited Silas Havens Sunday eve.

Well, as there has been no weddings this week or any big dinners, news is scarce, so I will ring off for this week and maybe there'll be some news for next week; so I'll bid you all adieu.—Red Wing.

DOVE SEASON OPENS.

Next Monday the dove hunting season begins and it would not be inappropriate now to warn the hunters to be very careful where and when they shoot. There is never a season passes in which a few men and considerable livestock are not killed. Last year in Mills County several serious accidents were barely averted. So let's all look before we shoot.

BIG VALLEY.

Editor Eagle: We are all relieved because the drouth was broken here Wednesday. We had just a small shower but as it still looks cloudy maybe we will have some more rain soon. The drouth here lasted for almost 3 months.

It is very remarkable that nearly all the Valley have good cotton and corn crops, as it has been so dry. Most all the corn has been gathered and the cotton is being picked as fast as it opens. Several bales have been sold already. This is rather early to begin picking cotton here.

Bro. Fuller (our pastor) is conducting a revival meeting here with the help of Mr. Barrett, an evangelist singer. We are having some good services, and I am sure any one who cared to would be benefited by coming. At this writing there have been two joined the church but no conversions yet.

Mrs. T. P. Reed has been at Temple having her eyes treated. She returned home Friday evening. We hope her eyes will soon be better.

Mr. J. C. Moreland, wife, daughter and little son returned home last week from a week's visit with relatives at Winters. They reported having a most enjoyable time. Mrs. Moreland brought her sister, Miss Minnie Marks, home with her for an extended visit.

Mr. Dan Long has been out west prospecting. He reported seeing some fine country and crops out there.

Mrs. Jim Sykes and family made a short visit with relatives this week.

Mrs. Will Dennard left Saturday night for Fort Worth, where she will visit her daughter.

Miss Zola Miller, from McMellen, has been visiting Miss Zay Long this week.

Mrs. Woods, who used to live here, is now back visiting her friends and attending to business. We are always glad to have our friends come back to see us. Mrs. Woods now lives in Fort Worth.

The Intermediate Sunday school class enjoyed a picnic on the river last Thursday with their teacher, Mr. E. D. Roberson.

Floyd Sykes returned from Winters Thursday, where he had been visiting relatives.

Ella Bardett is visiting here this week.

Every one enjoyed a party at Mrs. Ben Forehand's Friday night. We hope she will give us another in the near future.—Whimpy.

GOLDTHWAITE PUBLIC SCHOOLS TO START IN TWO WEEKS, SEPT. 15TH

L. B. WALTERS
President School Board.

The date for the opening of the Goldthwaite Public Schools has been set for September 15th, two weeks from Monday. Superintendent D. A. Newton has been whipping his organization into shape for the past few weeks and will have everything in readiness to begin school in earnest on that date.

The recent school tax election—increasing the tax rate from 75c to \$1.00—having carried, there should be no shortage of funds this year, and a full nine-months school will be conducted.

One more full-time teacher, in place of a part-time teacher last year, has been elected and it will be possible to adequately take care of the pupils.

The school has been strengthened in several particulars—teachers and methods of instruction—and Goldthwaite will see the best school term this year of its history.

While no special effort is being made to get country children who have completed the work in their home schools to finish in the Goldthwaite High School, they are welcome here. And should they decide to attend, they are assured of as good a school as there is in Texas—and better than any in central Texas—and that the cost of attending in Goldthwaite will be more economical than if they attended other schools.

The following is the faculty:
L. B. Walters, President.
Neal Dickerson, Secretary.
J. E. Greathouse.
G. H. Frizzell.
Dr. E. M. Wilson.
J. N. Keese.

Richard (Dick) Thomas, one of the pioneer settlers of Mis County, died at his home near the school buildings at about three o'clock yesterday morning. Burial was at Williams Ranch—his old home—yesterday afternoon at 3 o'clock.

Mr. Thomas had been an invalid for several years, and his death came as a blessing to him. He will be remembered by most of the old timers of Mills county, having been one of the first to move to Goldthwaite.

He is survived by a sister, Mary Thomas, to whom the Eagle offers sympathy on account of her loss.

**TEXAS COTTON REPORT,
FOR AUG. 16—61 PER CT.**

Division of Crop Estimates, U. S. Dept. of Agriculture, August 16 Cotton report for Texas:

The condition of the Texas cotton crop on August 16 was estimated at 61 per cent of normal, or 5 points below the condition on Aug. 1. On July 25, 1923, the figure was 66 per cent, but had fallen to 55 per cent on Aug. 25. Since it is unusual for the crop to show a reduction of 10 to 12 points during August, a further drop of around 6 points during the remainder of the month is possible without materially lowering the number of bales indicated at this date.

Based upon the 61 per cent condition, a total production of 4,433,000 bales is forecast for Texas. The U. S. condition is 64.9 per cent and 12,956,000 bales are indicated. The census report shows 148,645 running bales ginned from the crop of 1924 prior to August 16.

T. J. Harrison, who estimates the Mills County crop for the department, sent in this county's percentage as 60, based on an average of three bolls to the stalk and generally small bolls. The condition this year is .06 per cent better than at the same time last year, with ten per cent more average. However, a general rain fell on Aug. 26 last year which added many bales to the crop.

With one of the most noted Cotton Breeders in the United States and also one from the noted cotton Country of India in charge of our breeding work, you can feel assured of getting seed bred up to the very highest degree of perfection, and in many cases, will more than double your income. Painstaking efforts have been used in increasing our seed from the selected bolls to the thousands of acres, all of which is carefully rogued of any off type plants that may happen to appear. We own and operate a gin at each of our Breeding Stations for the exclusive ginning of the seed we supply our customers, preventing any possibility of mixture. All seed are re-cleaned and culled before shipping. If you want PEDIGREED MEBANE SEED, direct from the scientific breeders of the famous Mebane cotton, that will greatly increase your profits in dollars and cents, leave your order with our representative, Ross & Edwards, of Goldthwaite, Tex. A FAMILY REUNION.

Of the C. H. Miles family, on Aug. 21.

At the home of J. L. Ellis of Democrat was the scene of a family reunion that will be long remembered by every one there. At about ten o'clock the cars began to arrive and by 11 o'clock 17 cars were parked around the yard. It was the occasion of Jo Ellis' 50th birthday and everybody was in a mood to celebrate. We found him busy over a pit where the fatted calf had been placed, and where he proved himself an expert in the art of cooking meat.

By 12 o'clock a table had been arranged under the shade of a spreading live oak. Dinner was announced. With Bro. Miles at

the head of the table, just 100 guests came forward to partake of the feast of barbecue and pickles, and then some cakes and pies, until we cried for joy, and with all came tubful after tubful of lemonade and ice tea.

Bro. Miles' children were all there together with 43 grandchildren and 9 great grandchildren. Also Luther Harmon of Ireland, Texas.

After dinner singing and conversation was the order until time to leave, when we all wished our host many more birthdays.—One Who Was There.

WHERE ARE WE GOING?

And where will we land? I mean the people of this great American commonwealth. The most skeptical can not deny this being the greatest day of evil that history has ever recorded. We read in the daily news and journals of the multiplicity of the blackest crimes that were ever charged to a civilized nation—homicides, suicides, marticides, particides, fratricides, infanticides, abductions seductions, incest, divorces, adulteries, fornications, drunkenness, rape, robberies, thefts, and every other diabolical crime that ever disgraced the records of a world.

We boast of being a civilized nation; we pride ourselves of being a Christian people; but where are the evidences? Will our records justify such claims? Is it not a fact that our young people are daily plunging into the open gorges of sin and disgrace being led and encouraged by the intensity of the evil environments by which they are daily surrounded? And, corresponding as our sons and daughters are being plunged headlong into the vortex of sin and disgrace, the audible retort from the fallen victim will rebound unto us with the sensitive computation of conscience: father, mother, why did you allow this?

And it is an astonishing fact that notwithstanding the millions and billions of dollars being annually expended to educate and Christianize the world for Christ, debauchery and crime are correspondingly increasing. This is certainly the greatest day of infidelity that the heavens ever shadowed. But the more astonishing feature of this great panorama of time is that those above enumerated crimes are gendered in the milder forms of innocent sports—the moving picture shows, the bathing pools, the dancing halls, the football, baseball and the rooks and crooks, and the many funny books, the outs and scouts and the Christian runabouts. These things are the hot-beds of vice and sin, in which the microbes of modesty and virtue are hidden, and they readily germinate the carnal indulgence of the innocent and unsuspecting lads and lassies of society, who never realize the gravity of their situation till they, like the trout of the sea, are caught in the meshes of destruction. Fathers and mothers, we appeal to you—it is your child that is being led to ruin; call a halt, lest you one day dampen the sod of a dissipated boy's grave with tears, or look upon the shrouded form of a fallen daughter with regret. Don't depend on the preachers and teachers of this day and time, for

many of them are leading your children into these things. We regret to say, but it is worse to know, that the children of today are leading their parents, instead of the parents them. Even grandparents are following after the ways and styles of their grandchildren.

The High Society Girl.

"Granny," get your hair cut; Paint your face and shine; "Granny," get your hair cut, Short like mine. If you want to kick high And have a big time, "Granny," get your dress cut Short like mine. Come to the club With paint on your nose; Don't mind your dress, So you wear silk hose. Come to the dance, Like the gray mule pitches; Cut a big shine In granddad's breeches. Stand on your head, "Granny," And kick at the moon, Like we girls do when We want to marry soon; Don't be ashamed, Nor think you are fast, For modesty and virtue Are things of the past. We'll go to the ball-ground, Where the boys play bat, And we'll go to the park, Where the girls skin the cat. We'll ride the gray mule,

Without skirt or saddle, For now the men walk And the women ride a-straddle. Come to the bathing-pool, Granny, And dive like a shad, Like we girls do when we Hide with the boys, from dad. Come to the movies, Where all silly women come, For that which was once vulgar Is now only fun. Then "Granny" get your hair cut Cap and shine, "Granny" get your dress cut, Short, like mine. XX.

GRAVE OF DYER REID HAS BEEN LOCATED

Brady, Tex., Aug. 24, 1924. Editor Eagle: Dear Sir: A short time back a party of people was here trying to locate the grave of Dyer Reid, who died Oct. 26, 1904. They failed to locate it and asked me to notify them thru the paper in case I found out for sure the location, offering to bear the expense. I have talked to one of the men who helped to dig the grave and he has located it for me. I have forgotten the address of the people, and would greatly appreciate it if you would try to notify them thru your paper. Respectfully, A. J. CLOUD, Sexton. Face Creams.—Hudson Bros.

MRS. P. H. CLEMENTS DEAD.

Mrs. P. H. Clements died at the
family home on Parker street in
Goldthwaite at 8:45 a. m. last
Monday morning, after an illness
extending over several years. She
became unconscious Saturday
night and gradually became worse
until the end.

Burial was at the Odd Fellows
Cemetery here at 8:30 Tuesday
morning, Rev. Josephus Lee, pas-
tor of the Methodist Church here,
assisted by Rev. R. R. Cumbie,
county missionary, conducting the
funeral services. The host of
friends and the abundance of
flowers at the last sad rites testi-
fied in no uncertain terms to the
esteem in which she was held by
her friends and acquaintances.

Mrs. Clements, formerly Miss
Mary Emma Goodwin, was born
at Moersfield, Kentucky, Nov. 3,
1858. She moved with her parents
to Lebanon, Indiana, in 1863,
where she was married to P. H.
Clements June 27, 1887. They
came to Mills County October of
the same year; thus they had re-
sided in Mills County almost 47
years.

Mrs. Clements was a member of
the Baptist Church—she being a
charter member of the Gold-
thwaite church—and was, until
physically unable, one of the
ceaseless workers for the cause of
Christ.

Surviving are her husband, P.
H. Clements; two sons, Earl and
Duke; one daughter, Mrs. Eula
Nickols; nine grand sons, four
grand daughters and two great

AS WE GROW OLD.

The Kidneys Should Receive Help. Goldthwaite People Recommend Doan's Kidney Pills.

The constant strain of busy life. Is hard on the kidneys, and in later years

The kidneys call for help. Old backs often ache, day in, day out;

Urinary ills frequently add their weight of woe.

Give the help the kidneys need. Aid the kidneys with Doan's Kidney Pills.

Goldthwaite people endorse this remedy. Ask your neighbor!

Mrs. Wm. Taylor, Goldthwaite, says: "My kidneys were inactive and annoyed me badly and I also suffered from spells of back-ache. I found Doan's Pills regulated my kidneys and relieved the discomfort in my back. I have every reason to believe Doan's are as represented."

OVER FOUR YEARS LATER, Mrs. Taylor said: "I still recommend Doan's Pills as highly as I did before for I think they are fine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Taylor had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—9-6.

RAIN AT LAST.

Mullin Enterprise

Tuesday morning about five o'clock it began to rain in Mullin and lasted for about an hour; again about 10 o'clock it began and lasted until we had got about 2 inches of rain.

On the 27th day of August last year we got our first rain, which lasted for six hours and measured about 6 inches.

Tuesday's rain was the first rainfall Mullin has had since June 2, except a few local showers. This will at least give us relief from the extreme heat we have been suffering for the past week; also start the fall crops of feed and grass, which is very badly needed.
