

OUR FIRST FAIR

The date for the First Mills County Fair is Wednesday, Thursday and Friday, July 20, 21, and 22, 1926. Eight Community Fairs have already been organized, and more are expected to bring displays to the County Fair, besides the large number of individual exhibits of livestock.

ADVERTISE MILLS COUNTY

When you have finished with this issue, send it to some relative or friend out of the county, requesting him to read "Farm Facts and Fancies," written by our County Agent. These are not daily paper "booster" articles they so often see, but facts about Mills County.

INTERSCHOLASTIC LEAGUE MEET HUGE SUCCESS

The Mills county Interscholastic Meet held at Goldthwaite Friday and Saturday of last week was a huge success from every standpoint. In the matter of attendance, the largest crowds ever attending a meet in this county were here, competition in every line was greater, and consequently, more interest was shown. Credit is due the directors of the meet for their efforts.

Following are the results of the meet:

CEMETERY NOTICE

There will be a cemetery meeting at the court house at Ladies rest room Monday afternoon at 4 o'clock.—Mrs. J. M. CAMPBELL, President.

NOTICE

If I have missed any children in the scholastic age in Goldthwaite Independent District phone me and I will come and get them. This is important.—W. M. Johnston, Enumerator Scholastic Census.

EAGLE RECEIVES ANNOUNCEMENTS

This week the Eagle has been authorized to announce the names of Thos. J. Renfro for re-election as representative of the 104th Representative District, comprising Mills and Comanche counties; and J. E. Renfro, as commissioner of Precinct No. 3. Their names will be found in the announcement column and more extended notices will appear next week.

GOLDTHWAITE SCHOLASTICS FALL OFF THIRTY-SIX

W. M. Johnston who has just completed the census for the Goldthwaite Independent School District states that there are 425 enrolled this year compared with 461 last year, or 36 short. There may be a few whom he has overlooked, he states, but at the best there will be thirty or more short of last year's enrollment.

FREEZE WEDNESDAY RUINS FRUIT CROP

Wednesday morning the thermometer got down to between 27 and 28 and ice was one-half an inch thick. Orchardists state that the peach and apricots are killed. The freeze followed snow and ice throughout the panhandle country, where extremely cold weather for this time of the year was experienced.

ALL DAY SERVICES AT LIVE OAK IN SAN SABA COUNTY

H. E. Moreland has authorized the Eagle to announce that there will be all day services at Live Oak Sunday with dinner on the ground.

Program as follows: Preaching at eleven, Subject: The Risen Lord.

From one until two Easter hunt and children services.

At three the Great Plan of Salvation made clear to the children with chemicals.

Also preaching at night, Subject: The Trial of Jesus. Your presence and prayers will be appreciated.—H. E. Moreland, Pastor.

REPORT OF GRAMMAR SCHOOL INTERSCHOLASTIC MEET

In spite of the crowded condition of our school the results were very favorable. They were in keeping with the splendid work that has been done throughout Grammar school the entire year.

No effort was made to enter the most capable pupils, but as to whom should enter was left to the pleasure of the pupil.

In literary events we won 97 out of a possible 240 for the independent schools of the county. But in athletics we won 37 for very little time is given to special lines in athletics.

Our little girls won second place in debate, defeating Mullin High School girls. Second place for the boys was never determined as Goldthwaite High School and Goldthwaite should have debated to determine who was entitled to the place.

The team in music memory won first, second and third places, scoring high as individuals.

The team in arithmetic won by 200 per cent over the highest scoring contestant and first and second places were won by individual students in Arithmetic.

A sixth grade pupil received the star for first place in essay writing. Three fifth grade pupils received stars, one for first place in music memory; one for first place in sub-Junior spelling and the other for first place in declamation.

13 blue ribbons and 13 red ribbons were won besides the blue ribbon received for the first place on entire exhibit, and red ribbon for charts and maps. Dressed doll, doll dress and candies were awarded first places.

These facts may be better appreciated when the enrollment and condition of the students are understood. We have enrolled for the year 350 pupils, 289 now attending. 93 pupils are accelerate or above normal, 70 pupils are retard or below normal. These standards are due in some instances to the fact that pupils coming from other schools were not up to standard. 165 pupils are in grades 5, 6, and 7. Grades 6 and 7 are divided into two sections each, making it necessary for four teachers to take care of five divisions. By the aid of the new study hall four teachers have been able to do this. Despite these conditions we feel that there has been much accomplished. Through the support and understanding of our efforts by the patrons we shall accomplish much.—Grammar School Teachers.

REV. R. R. CUMBIE LEAVES GOLDTHWAITE

It is with regret that we learn of the going of Rev. R. R. Cumbie and his good wife from the Mills County Association to the Meridian association. It is our loss but their gain. Rev. Cumbie has done a wonderful work in our county. Through his untiring efforts many souls were led to accept our Lord Jesus Christ as their personal savior. Many homes have been blessed by these good people having visited them and rendering what service they could for their Master.

Rev. and Mrs. Cumbie were honorary members of the Athens Bible Class of the First Baptist Church and this class will miss them. On behalf of this class we wish to thank them for their efforts in helping us build the finest class in our church. We will miss the inspiring talks, the merry rings of laughter these good people had for us at our class meetings.

It is our prayer that God will bless them in their new field and we trust that again before many months we will have the pleasure of their attendance at our meetings.

May God's richest blessings go with them.—D. R. Harrison.

THE PRICE OF SATISFACTION

What, in fact, is the price of satisfaction? It is what we spend our money for, work for, amuse ourselves for, are good for.

One of the greatest sources of satisfaction is to know that your money matters are in good shape. It is the business of this bank to help you in this important task.

THAT HIGH SCHOOL QUESTIONNAIRE CONTINUED

Rev. E. A. Hunter

(Editor's note—Following are two of the installments of the articles by Rev. E. A. Hunter. The first article was intended for last week's issue, but was unavoidably omitted.)

PARENTS' HOME AS MODEL

Many of the high school students say they are going to use their parents' home as a model for their homes. That is a fine compliment. And that is as it should be. And many say they will take their father's and mother's lives as examples for their own in the years to come. Perhaps you will be interested in reading some of the things these thinking boys and girls have written.

One boy writes: "I dread for the time to come for me to leave home and go off to school. I am the oldest one in the family. Mother died a few years ago and I have been both big brother and mother to the children since, at least I have tried to be."

This lad goes on to say, "My things I never could have gotten father and mother taught me some anywhere else. They sent me to Sunday School, they taught me to respect others, and not to be rough and tough. They have told me about the ways of the world. Some parents let their children grow up in ignorance of the world. Such children and young people are easily led astray. I can talk to my father about anything. I have known boys who couldn't or wouldn't do that. My dad and I are just like two brothers. We tell each other all our troubles."

From other information I have, the father of his boy has a right to be as proud of the son as the son seems to be of his dad.

Another writes: "I enjoy living at home because it is there that I receive the best treatment. At home I am coaxed to do better things, and praised for the good things I do."

These parents realize that young people need coaxing and they do it. And then they do a proper thing which many fail to do, they praise their children when they do well.

"I enjoy living at home because father and mother are always there, and if I need help in any way they are always ready to give it," writes another.

A very appreciative daughter writes, "If I could ever be one-half as level headed as daddy, and as lovable as mother, I should be glad. It seems they always know what is best for me."

I know this fine girl and feel sure she will never disappoint her parents.

"I can conceive of nothing that would be more pleasant when I have a home of my own than to have one like I now have. I want a beautiful home, with modern conveniences, and lots of flowers and love," writes still another, venturing the expression of a little more sentiment which is all right. You can have a house with all the modern conveniences known, and lots of flowers and things, but you can't have a real sure enough home without love.

Were these fine things written about you? If not, do they apply to you? It may be these very things were written about you by your own son or daughter. If so, how happy you ought to be!

UNHAPPY HOME LIFE

But this questionnaire revealed heart-ache, mis-givings, and dissatisfaction in many homes, perhaps your home.

"I shall use my parents' home only in part," aver several.

"No, not in any way will I use my parents' home as a model. It is not my ideal in any way," writes another with a heavy heart.

A fine young man writes, "I will try to have more influence over my children than my parents have over me."

"I would teach children to work more around the house, and to feel responsibility more than I was taught to do. I feel like a 'social criminal,'" writes a conscientious girl.

"There will be more pleasure and liberty in my home," declare others.

Quite a few complain of "family fusses" which make life almost intolerable.

Another feels that he is entitled to the use of the family car at least one night out of the week.

What are your feelings as you read these mixed and frankly stated evaluations of yourself? If my boy, when he reaches high school age, can say of me some of the kind and loving things sa's

about the parents mentioned in the first group, I think I shall be the happiest man living. If at that period of his life he can truthfully say of me the things that have been said of this group, I think I would want to go off somewhere and die, and yet I would not be fit to die, because I had failed at the biggest job God Almighty ever gave a man, namely that of being a dad to his own son or daughter.

As a father, as a lover of young people, as a worker among them for the past twenty years, may I dare to add a word or two about some of these problems?

ENTITLED TO A GOOD HOME

Young people are full of life and fun. Energy and laughter belong to childhood and youth. You might as well try to dam up the Mississippi River as to try to keep young people from having, or trying to have, a good time. Parents should seek to direct their children in their pursuits after pleasure. Socials and get-together meetings, of one kind and another, should be planned for at the home from time to time, where games and contests may be engaged in to the delight of all. If you do not open your home to the young people of the community, and I have known many who would not for fear they might sear the floor or break some of the furniture, you may rest assured somebody else will. And your children will go. And they will find an outlet for their youthful energies and desires perhaps under improper influences and surroundings.

MORE LIBERTY
Now in regard to more liberty. Young people, as a whole, enjoy greater liberty today than ever before. In fact, there are many parents who exercise no restraint whatsoever upon their children. They make it difficult for those who would. Young people of today, for the most part, go and come when they please and do what they choose. As a result of this unusual freedom, or some other cause, statistics show that crime is on the increase among young people. The father and mother who provide food, shelter, clothing and education for their children have a right to know where son and daughter are and what they are doing. Liberty may become "exorbitant freedom" unless properly safeguarded. "The right to do as I please" will not be demanded by any reasonable child. None of us do that if we have due regard for consequences. "None of us liveth unto himself, and none of us dieth unto himself." Most mothers and fathers are willing however to grant almost unlimited privileges to their children when they indicate and prove their loyalty to the ideals of their home. If you do not have liberty you desire perhaps you "go too far" when you have "the chance," and for that reason the authority of the home must be invoked.

THE AUTOMOBILE QUESTION

The automobile question is a big question. There is a fascination about driving a car. To know you can push a car up to 30, 40, 50, miles an hour proves too great a temptation for many a youth, and he gives way to wild and reckless driving which often ends in wreckage, injury, or death. For this reason parents are reluctant, and wholly justified, in refusing the use of the car to the children. A boy can hardly be trusted to control a car until he has learned to control himself. But the automobile has become a universal mode of conveyance. And a father who denies his son the use of the family car when he wants to go to the show, or to church, or to see his girl, might do well to remember the days of his boyhood when he asked for the family buggy or surrey and the driving horses for similar purposes. If in his young manhood he was entitled to the occasional use of his father's buggy and team surely his son is today entitled to a similar use of the family car.

THAT HIGH SCHOOL QUESTIONNAIRE (Continued)

REV. E. A. HUNTER

Most Staggering Confession

The most staggering confession which comes to my desk as the result of this questionnaire, at least, it was to me the most staggering, came in answer to question nine. "What per cent of the girls in your high school use profane language?" I left it to the student to determine what constituted profane language. I received 46 replies in all to the questionnaires I sent out. Thirty-six of that number confessed to profanity among the girls in their high schools as indicated by the following per centages: 33, 30, 3, 40, 50, 20, 20, 15, 3, 25, 3, 66, 25, 15, 10, 85, 50, 75, 5, 3, 50, 75, 50, 35, 25, 4, 99, 5, 3, 15, 10, 25, 20, 50, 3 and 5 percent. And I am sure I did not receive more than six replies from any one school. According to these figures, which represent the estimates made by "the most studious and serious minded" in their respective schools, 28.6 percent of our girls in high school, on the average, have become addicted to the use of profanity. I must confess I could hardly believe my findings here.

More of the students in replying to my questionnaire, note the swearing among girls than among boys. Only thirty students report on swearing among boys and their percentages run as follows: 66, 50, 40, 20, 99, 75, 90, 25, 100, 80, 100, 50, 15, 85, 75, 80, 50, 90, 75, 95, 85, 25, 10, 90, 75, 80, 66, 75, 5 and 75 percent. These figures indicate that 6.1 per cent of the high school boys are using

profane language.

And yet not a single boy who replied approves of a girl using profanity and only one girl seems not to object seriously to boys swearing. She writes: "I do not seriously object to the boys swearing occasionally, as the girls do likewise." Most of the girls will accept the answer made by one of their number as their own: "I do not like a sissy boy but think swearing unmanly." One boy writes, indicating a strong feeling in which others may join: "I would rather a girl would slap me in the face than use profane language in my presence."

I do not know whether the use of profanity is more widespread among students than formerly or not, I have never before conducted such an inquiry. But whatever the former condition may have been, this lack of reverence for God on the part of high school students is most deplorable.

Profanity is neither cute, smart manly nor womanly. Profanity is an evidence of emptiness and degeneracy.

Lack of Reverence

"Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain" Ex. 20:7.

"Irreverence for sacred things; playing the animal with sanctities; the degeneration of that which is higher than ordinary life and that which should lead men up from lower depths of experience—that is as accursed as it would be to go through a gallery of art and slime the noblest paintings with mud, and deface and destroy the most magnificent marbles. No man would permit that. The whole world would cry out against such desecration of beauty in art under such circumstances. But men think themselves justified in drawing down the sanctities of heaven, those thoughts and feelings which have in them inspiration and elevation—and defiling them; and yet here stands this commandment which covers the whole ground of vulgarizing things that are high, and that are necessary to lift men up from low associations. "Thou shalt not take the name of the Lord thy God in vain" includes the whole latitude and longitude of the realm of thought and feeling in which there is the desecration of whatever is sacred."

When reverence for God is broken down, and profanity is an indication of that very thing, reverence for truth, purity, law, love and authority, inherent characteristics of deity, and the fundamentals of human happiness, will also sooner or later be broken down. When our womanhood becomes destitute of that reverence which for untold generations has characterized her kind, there is occasion for great alarm.

Washington on Profanity

And for the boys I quote General George Washington. "Many

and pointed orders have been issued against the unmeaning and abominable custom of swearing; notwithstanding which, with great regret, the General observes that it prevails, if possible, more than ever. His feelings are continually wounded by the oaths and imprecations of the soldiers, whenever he is in hearing of them. The name of that Being from whose boundless goodness we are permitted to exist and enjoy the comforts of life is incessantly imprecated and profaned in a manner as wanton as it is shocking. For the sake, therefore, of religion, decency and order the General hopes and trusts that officers of every rank will use their influence and authority to check a vice which is as unprofitable as wicked and shameful. If officers would make it an inviolable rule to reprimand, and, if that won't do, punish soldiers for offenses of this kind, it would not fail of having the desired effect."

Washington describes profanity then as "wanton and shocking." He calls it a "vice, wicked and shameful." For the sake of "decency" he opposed it. He declared that those who used it should be reprimanded.

Do you use it?
How can we correct this evil? Let parents be on guard at home. Let the abstain, not only from the use of profanity, but from coarse and vulgar slang. Slang prepares the way for mild swearing, mild swearing for rank profanity. Let them make it an inviolable rule to reprimand their children, that is the word Washington used, when they hear them thus profane God's holy name.

Where the teachers are when this profanity takes place that the students report I do not know. Profanity ought to be prohibited absolutely on all school grounds.

With prayer and Bible reading in the school under ban, or out of date so far as practice is concerned, we are not surprised that profanity and irreverence are entering in. A portion of the Scripture, and a prayer, at the beginning of each day, as of old, will help to remedy this condition.

Then the preacher can help. We

hear much preaching to against "sin." We need to hear more preaching against "sin." The preachers used to name the one by one. And that needs to be done today.

When have you heard a preacher use this text? "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless who taketh his name in vain."

It is a good text. Lampasas, Texas.

How to Stop That Weakening Cough

Why let a heavy, stubborn cough wear you down when you can get speedy relief and often break it up completely in 24 hours through a remarkable new method based on the famous Dr. King's New Discovery for Coughs?

Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing. So with the cause removed the worst cough soon disappears.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

J. H. RANDOLPH & COMPANY

BAPTIST OF MILLS COUNTY

Thru the kindness of the Editor, I am seeking to say a few words to every Baptist in our county. The mission work with us closes in March. I am wondering if we all esteem such work a religious obligation and a privilege among the requirements of the Lord? The County Association was organized mainly for such work and a church entering the Association pledges to cooperate in the County Mission work. This is expected, prayed for and hoped for. The work is dropped at present for the lack of promptness in taking financial care of it. This doesn't sound good—doesn't sound religious and no one knows a reason for discontinuance but indifference.

I am not only suggesting but pleading for some things which

should aid mightily in straightening out and keep things going. First, each church should have such member on Executive Board as will attend the board meetings. These meetings come only from four to six times annually—that is not often—doesn't require much time. Suppose it did require more time? Would one regret the time and prefer to apply it to selfish interests? The object of a representative from each church is aiding in planning the work and also keeping the several churches in touch with the work. If the men of the church don't take to it, elect some child member or some older sister that will attend the Board meetings—some way or some how to take an interest and harness up with a cause demanding the best in any of us.

Then, it is a better plan to require financial responsibility of the board member than for the

pastor to assume it as it now is in some of our churches. Of course, the pastor is expected to assist or cooperate in the matter but he has plenty to do and think of without leading in matters which others have been appointed to. Then too, most of the churches have a period sometimes with no pastor. During such times shall we wait and halt and do nothing? Really the board member should see that an offering is made four to six times a year for County Missions. The more often offering is not so much money at the time but it is easier done and will care for the work in required time.

Brethren, please try out these plans. It all works fine. Some of us have been running on that line joyfully. Have your hearts in it and get some one on the board with a heart in it. If you are doubtful about your board

member's heart, get him up in the amen corner and swear him. May take two or three such swearings but go right on with the good work.

Our esteemed missionaries, Brother and Sister Cumbie, go from here to Bosque County to enter the same class of work. May the blessings of our Heavenly Father attend their labor.

How a Goldthwaite Man Gave His "Lincoln Pup" A "Rolls-Royce" Finish

THE car was battered and bent; but the engine was good for years of service. So this Ford owner, rather than sell his "Lincoln Pup" as a used car, decided to refinish it.

One coat of Armorcote Auto Enamel made the car look like new. The Enamel dried out nice and smooth—and though the owner wasn't an expert painter by any means, the Enamel didn't show brush marks.

You'll be surprised to learn how little time and Enamel are needed to make your car look "spic and span," ready for the road. Come in, pick out a color today, and refinish your car.

A coat of Cook's will help its looks—will give you pride and pleasure in your car's improved appearance—and will increase its trade-in value when you get ready to buy a new car.

Solving Mysteries of Plants to Aid Human Beings

In an interesting laboratory in England, plants are being subjected to a wide variety of tests, while scientists study their growth and how they respond to various lights and different kinds of food, that plant products may be raised more efficiently and, incidentally, that more may be learned of the functions of the human body, for life in plants and in animals is similar in some respects. A geranium with a curved stem is given an electric shock and made to grow in a different direction; certain plants that require light for normal growth are placed in darkness, while others that could do well with little illumination are subjected to baths from colored arc lamps. To discover how plants feed, the experimenters starve them.

Lifeboat Righted by Rails Attached to Keel

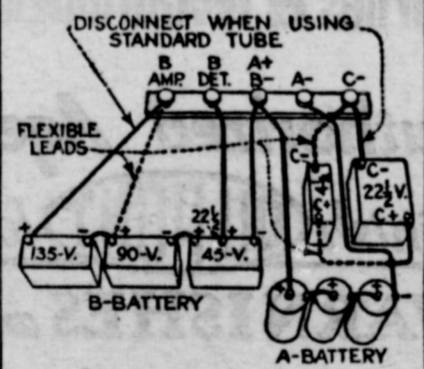

Two long folding rails attached to the keel of the lifeboat have been devised by a British seaman to afford survivors

a secure grip and help them right the boat in case it capsizes. The rails are within easy reach and when not in use lie flat against the keel so that they do not interfere with the position of the boat in the deck racks or davits.

Simple Battery Changes for New Power Tubes

The installation of the new power tubes seems to offer some difficulties to the average experimenter, particularly in sets ordinarily equipped with only one stage

of a.f. amplification, and those which have two stages but will operate the loud speaker only on the last stage, and even then with too little volume to suit the operator on distant stations. On the other hand, the volume on the last stage may be too great for locals, and some simple means for cutting out the power tube when not required is desirable. All this can be handled nicely by the arrangement shown in the diagram.

A socket of the new standard UX-type, which will take the 3-volt and 5-volt tubes as well as the common type, is provided. Inspection of the diagram will reveal a simple but effective method of changing the ordinary C-battery connections, as well as the necessary shift from 135 to 90 volts of B-battery suitable for cutting out the power tube and replacing it with the standard-capacity tube for local reception on the loud speaker. The diagram shows the 22½-volt C-battery used with the 3-volt power tube; if the 5-volt tubes are used with the 135-volt it has been estimated that the change C-battery instead of the 22½-volt unit. The writer estimates that the change from power to standard-capacity tubes can be made with this arrangement in less than three minutes. The power tubes are fine for distant reception but for local work the standard tube will give better

quality of tone. The diagram given is suitable for the small-tube super set now in general use, where one stage of audio amplification is used.

Old X-Ray Plates for Root Cover Greenhouse

Prisoners working in the greenhouse at the penitentiary on Deer Island, Boston, Mass., if so disposed, can study interesting revelations of the human anatomy simply by glancing upward at the roof, for the covering is composed of discarded X-ray plates donated by the city hospital of Boston. Skulls, arms, ribs, hands and fractured bones are included in the unusual canopy.

One-Man Barrel Lifter

One man can easily stand or tip a barrel weighing from 400 to 500 lb. by using the simple lever shown in the drawing. It is merely a pick handle, with steel grips bolted on. Applied as indicated,

the handle allows considerable leverage and makes it comparatively easy to manipulate heavy barrels.

Often applying 3,000 pounds of pressure to the keys in a minute, a pianist in the same time reads 1,500 signs and makes 2,000 finger movements.

stop that CARBON KNOCK

NO-NOX MOTOR FUEL

CARBON KNOCK or motor detonation aside from being annoying greatly reduces power efficiency—combustion taking place before the complete rise of the piston. The mechanical method of correcting such knocks is to retard the spark which again reduces power efficiency. Many gasoline mixtures have been devised which in a way might eliminate the knock but oftentimes the remedy is worse than the ailment. In NO-NOX Motor Fuel we have the remedy without a single harmful feature—it positively takes the carbon knock out of the motor, and any motorist knows that this means easier and quicker acceleration, smoother running motor and More Power, less gear shifts and generally a more satisfactory operation of the car at a lower repair cost.

BIG VALLEY

(Intended for last week)
Farming conditions continue to improve. We have had sufficient rains to give us a fine season in the ground. People are talking of corn ploughing. One neighbor says oats are as fine as can be.

The knocker says there won't be any fruit, possibly so, but at present prospects are fine.

We Mills County farmers count on oats, corn, hay, sorghum, fruit, of all kind except grapefruit and oranges.

Now when we begin to mention eggs, turkeys, wool, cattle, and sheep the West Texas enthusiast finds that old Mills leads all the rest. One thing I forgot to include and that is our delicious honey, so you can readily figure out that we people here in Mills have the old fabled Honey Pond and Fritter tree.

So you West Texas people we would say this: "We love you and wish you well" so when the drouth, or for any other reason you turn your faces toward home remember that in Mills there is plenty and some to spare.

When you return we will kill the fatted calf and give you a feast, with the ring and colak thrown in.

The man who lives in town on a lot 30x40 with just a few vegetables for his old hen to scratch up and with no other room, I surely do feel sorry for him and especially at this time of year when we old Moss backs can just revel in the beauty of nature, garden, hill and dale. Come back my brother, come back to God's richest heritage, the country.

Here I am almost to my limit for space this time and no visiting reported yet. So beg pardon till I sharpen my old pencil, and here goes for our visiting friends.

Homer Sykes, from Ballinger, visited home folks last week. We are very proud of Homer as he is a very fine young man and he is making good.

Mr. and Mrs. Sykes visited in San Saba Sunday with their son, Albert.

Mrs. E. D. Roberson visited her mother at Brownwood Saturday and Sunday.

Clifford Moreland went to Breckenridge in quest of work.

Mr. Pittman from South Texas is in the valley looking out for a location.

Charlie McConnel from West Texas has been visiting his father in the valley this week.

Our little boys as well as our big boys and girls are looking forward to the great Interscholastic meet with great expectation. You will find in every back yard, vaulting poles, hurdles, in fact they run broad jump, hurdle, skin cats and all the performances that are to be done.

I am sure we old hay seeds will all be in our enterprising city, Goldthwaite, Friday and Saturday to see the kids perform.—Farmer.

S. P. JOHNSON DEAD

S. P. Johnson (better known as Paris Johnson) died at his home two miles from San Saba March 13, 1926.

He had been in bad health for several years, suffering with heart trouble, but seemed to be much better the last few weeks. He had been in San Saba that afternoon, talking and laughing with friends. He went home about sundown and ate a hearty supper. After supper the children went to play "42" with a near neighbor leaving their papa feeling well. When they returned home at nine o'clock, the light was burning and the fire uncovered and their papa no where around. They knew something was wrong. The boy rushed to the pig pen, knowing his father always fed the pigs the last thing before retiring, and found him dead at the barn gate.

Mr. Johnson was born in Heart County, Georgia, August 31, 1865. He came to Texas about 40 years ago and settled in Shaw Bend San Saba county, where he continued to reside until about nine years ago, when he moved to the place where he died.

He married Miss Lula Fletcher thirty years ago. She died fifteen years ago and left him with five children, all of whom are still at home but one, Mrs. Erah McConnell of O'donnell.

Mr. Johnson was widely known and loved by all. He was a man who always stood for the right. He joined the Christian church 18 years ago, and lived a devoted life to his God, his family and his fellow man.

Bro. Bradley of Mullin conducted the funeral services at the home Monday, March 26, 1926, after which the I. O. O. F. Lodge

took charge of the remains and buried him beside his wife at the Shaw Bend cemetery.

The large crowd and many pretty flowers following him to his grave tells of the many friends and loved ones he leaves behind. XXX.

W. T. Karnes of Myra, Texas, spent last week here with his parents, Sheriff and Mrs. A. D. Karnes.

Morris Vick spent Monday in Temple.

Mrs. J. R. Eudy of Coleman and Mrs. C. T. Wilson of San Angelo spent the week end here visiting relatives.

Mr. and Mrs. Wm. Guynes and Mr. and Mrs. R. C. Webb visited Mr. and Mrs. E. Goss at Rising Star last Thursday and Friday.

Miss Miram Newman of Center Point visited her uncle and aunt, Mr. and Mrs. R. C. Webb.

OBITUARY

The angels of death entered the home of Harvey Scott at 12 o'clock, March 5, and took from it the loving wife and devoted mother. She had been sick for several days with pneumonia.

Mrs. Mattie Scott was a true Christian, having joined the Baptist church in early girlhood days and being a great helper in the church.

She leaves to mourn her loss, a husband and three dear little children; a father and a mother; three brothers, Virgil, Wiley and Rex Mahan, and two sisters, Mrs. Agnes Smith and Mrs. Ada Cox; and many friends.

She was 29 years of age.

She was laid to rest in a Dallas cemetery, to sleep beneath the flowers.

May God bless the father in rearing the three little ones. X.

TO THE BAPTIST OF THE MILLS COUNTY ASSN

On Saturday evening, March 20, at a called meeting of the executive board of the Mills County Baptist Association, Bro. R. R. Cumbie presented to the board his resignation as associational missionary to take effect April First.

Mills County and especially the Baptist denomination has lost two big-hearted loyal Baptists in the going of Bro. and Sister Cumbie.

Through their unending and tireless efforts, I think, the mission work throughout the county spiritually speaking, is in fine shape.

The board decided not make any effort towards putting another missionary in the field at present, but will take some action at the Fifth Sunday meeting in May at Rock Springs.

Lets not slack up in any line of the work, especially in our missionary work. I would be glad if our preacher brethren will take care of the work that our missionary has under such fine headway.

I speak for myself and am sure this Association regrets Brother and Sister Cumbie's leaving, yet if God will they go, we pray for them God's richest blessings in their new home and work.

F. R. HINES,
Chairman Executive Board

*Clappers Maintain Health
By Careful Weight Control*

It is not the college girl or the flapper who is thoughtlessly or wilfully sacrificing health to the fashionable "boyish form." It is the middle-aged, married woman who ought to have better sense, but who conforms to the nation-wide craze for reducing and subjecting herself to any discomfort, or even danger, in order to achieve slenderness.

Dr. Thomas D. Wood, with thirty-five years' experience in college health activities, and for the last twenty-two years head of the department of physical education of Teachers College and professor of Columbia University, stated before the Adult Weight Conference recently held in the New York Academy of Medicine:

"The college girl usually has too much sense to reduce her weight to the point where it endangers her health. But if she finds that she weighs too much, she has the will-power and the persistence and intelligence to conform to a prescribed course of diet and exercise and regular health habits, which will restore the safe and happy normal."

The Adult Weight Conference, called by officials of the American Medical Association, which was attended by twenty-five of the country's eminent physicians, dietitians, and statisticians, was the outgrowth of the request of Mrs. William Brown Meloney, editor of the Delineator magazine, for medical answers to 26,000 letters received within a few months from women readers, asking how to reduce, or how to combat harmful and anticipated results of this volun-

tary drastic weight reduction. Instructions were issued by officials of the American Medical Association, at the request of the Delineator, Conference members agreed that only the first steps had been taken in this important study of the relation of adult weight to health and decided to continue scientific research until approximately accurate weight scales can be determined, taking into consideration individual variations of height, measurements, racial types, and individual health history.

Hugh S. Cumming, Surgeon-General of the United States Public Health, and one of the Adult Weight Conference members, stated: "The significance of this gathering for the future generally is of far greater importance than the mere question which we have met to discuss great as that is. How broadened our view of public health has become in the last few years! You could hardly have assembled such a gathering as this, thirty or forty years ago, unless you had a cholera epidemic or a smallpox epidemic. Certainly not for the mere discussion of the prevention of disease and the general improvement of health and strength. Here, today, we are trying to teach women not only how to prepare themselves for individual health, but how to become stronger, healthier mothers. I am glad that the American Medical Association to-day is tearing away the veil of mystery that has so long clung to medicine and is trying to teach the people how to keep well and strong, and how to avoid fads that may be detrimental to health."

CITATION BY PUBLICATION

The State of Texas: To the Sheriff or any Constable of Mills County Greeting:

Oath having been made as required by law. You are hereby commanded to summon Homer H. Reeves, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 27th. Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 27th. Judicial District, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite on the First Monday in May A. D. 1926, the same being the 3rd. day of May A. D. 1926, then and there to answer a petition filed in said Court on the 24th. day of March, A. D. 1926 in a suit, numbered on the docket of Said Court No. 2084, wherein Mrs. Irene Reeves is Plaintiff, and Homer H. Reeves is Defendant, and said petition alleging as follows: Now comes Mrs. Irene Reeves who resides in Mills County, Texas, hereinafter called the plaintiff, Complaining of Homer H. Reeves, whose place of residence is unknown to plaintiff hereinafter called the defendant. Plaintiff represents to the Court, that she now is and has been for a period of more than twelve months, next preceding the filing of this suit, that she is an actual bonafide resident of the state of Texas, and that she has resided in Mills County, Texas, for six months next preceding the filing of this suit, Plaintiff alleges that on or about the 13th. day of November, A. D. 1908, in Mills County Texas, Plaintiff was legally married to the defendant, and continued to live with him till on or about the 14th. day of April A. D. 1922, in Mills County, Texas when the defendant voluntarily

abandoned plaintiff for a period of three years continually with the intention of permanent abandonment of Plaintiff, and never returned to her that during the time Plaintiff lived and cohabited with the Defendant there was born to them one girl, named Nell Reeves, now about thirteen years of age, and one boy, J. R. Reeves, now about ten years of age, and since the Defendant abandoned Plaintiff she has had the care and custody of said Children, and supported them her self, and Defendant never contributed anything whatever, and at the time defendant left the plaintiff, he became very angry with plaintiff and her father, and was going to strike him, and the plaintiff walked in between them, and defendant struck her with his fist, and created a very painful wound, and cursed and abused her at this time and then at several other different times, and by the reason of such cruel, excessive treatment, and abandonment that renders plaintiff from living with the defendant again Insupportable.

Wherefore the plaintiff prays the Court that defendant be cited to appear and answer this petition, and for judgment, that said marriage between plaintiff and defendant be dissolved and declared null and void, and that the

GLORIA SWANSON in "HER LOVE STORY"

That's the title of Gloria Swanson's latest Paramount picture, an excellent Dwan production, which opens at the Dixie Theatre next week.

The story is an adaptation by F. Tuttle of Mary Roberts Rinehart's novel and magazine series "Majesty, the Queen." It has the leading man's role as it the star, and others in strong supporting cast including George Fawcett, Echlin Gayer, Mario Majeroni, Sidney Herbert and other big names well known on both stage and screen.

To voice the opinion of the editor of the magazine in which the story appeared, "Mary Roberts Rinehart is one of the most remarkable personalities in this country. If some man wrote all the novels, all the plays and all the perfectly wonderful stories that she's written, we—meaning we men—would all get up on our feet and say, 'here is one who can produce more fine works than any living human being.'

"But doing this—and a lot more—has been only one of Mrs. Rinehart's jobs. She has borne, trained, stimulated and launched five wine sons. And, between times, written "The Man in Lower Ten," "Seven Days," "Bab," "Tish," "The Bat," "Dangerous Days," and so many others that I won't try to recite them all.

"And now she has written the tenderest love story in many a day."

Even that is putting it mildly. "Her Love Story" is said to be the best Swanson picture ever made, and when one recalls "The Humming Bird," "A Society Scandal," "Manhandled" and the others, this must become picture. It's a story of a beautiful young princess, forced against her will to marry the reprobate king of a neighboring country. She is in love with a Captain of the King's guards. There are complications dramatic scenes galore, with a smashing climax that will pull you out of your chair. See it at the Dixie Theatre next Monday and Tuesday, April the 5 and 6th.

RESOLUTIONS

Presbyterian Sunday School Pay Tribut to Mrs. D. M. Hooks.

In appreciation of the life and works of Mrs. D. M. Hooks, wife of the late D. M. Hooks of the Presbyterian Church, are in sorrow because of her recent death. The Sunday School has passed the following resolutions:

Inasmuch as our Heavenly Father has called unto himself our dear friend and co-worker, Mrs. Hooks, our hearts are filled with sorrow. She was one of the organizers of this Church and Sunday school. During the years of its existence her interest was abiding. We shall miss inexpressibly her cheery unobtrusive presence, her wise admonitions, and the influence of her petitions.

Though unseen, the influence of her strong Christian character will abide and we should strive to emulate her example.

Therefore be it resolved: That we express to her beloved Grand daughter and her husband our deep sorrow because of the separation; for theirs is the most poignant suffering, as it was in the home that her beautiful life best demonstrated the power of the living Christ. We commend them to the loving care of the Heavenly Father, who was the source of her strength.

Further be it resolved: That a copy of these resolutions be sent to her Grand daughter, a copy to be spread on the minutes of the Sunday School and a copy published in the Goldthwaite Eagle.

Mrs. W. M. Johnston, Committee; Lewis Hudson, Mrs. Otis Carothers.

FAREWELL PARTY

Last Monday afternoon at the home of Mrs. W. W. Tippen the W. M. U. of the First Baptist Church entertained with a pretty party honoring Mrs. Ira Dance who with her husband, Rev. Dance, will move to Goldthwaite April 1st, and Mrs. H. H. Thomas who is moving to Giddings where Mr. Thomas will continue his serpany.

Invitations were extended to all the women of the church and a few special guests.

The reception rooms were beautiful—with a ribbon of white iris, janyuls and other spring blossoms in crystal vases and wall pockets. Fluffy yellow chicks and snowy bunnies occupied vantage points throughout the reception rooms, ending to mind the approaching Easter season.

Mrs. Tippen was assisted in receiving by Mrs. Robert Weaver, president of the W. M. U.

Each guest was asked to register in two hand decorated memorandum books which were later presented to the honorees.

In the guessing contest Mrs. R. E. Bradbury guessed the exact number of eggs in the bowl and was awarded an Easter token. Then each woman was given a paper containing the letters "Easter" and was asked to write a six word telegram to the departing members. Each word to begin with the given letters. For writing the best telegram Miss Minnie Alexander received the prize.

After playing other games the honorees were seated together each was presented with a huge Easter lily which contained many beautiful handkerchiefs and other remembrances.

Mrs. Dance and Mrs. Thomas expressed their surprise and appreciation of this demonstration of love and esteem shown by their friends.

Refreshment plates carried out the color scheme of yellow and white. Delicious homebaked cake and ice cream was served to about fifty guests.—Lometa Reporter.

IN MEMORY OF J. C. NICHOLS

James Cyrus Nichols died at 6:20 P. M. March 13, 1926, at his home eight miles east of Goldthwaite. He was born in Fort Bend County, Texas, August 19, 1849. He grew to manhood in McLennan county, Texas, where he was married to Nancy Jane Tubbs in 1869. He then lived in Coryell County, Texas, several years and moved to Mills county, in 1879. He has lived continually since on the same place where he died.

He leaves his widow and eight children to mourn his loss. There are two children dead.

He was affectionately known to every one who knew him as Uncle Jim. His exemplary life and devotion to everything noble and good made him well beloved of all his friends and neighbors. His influence will be keenly missed for his life was always upright and just. His life the past year was a shining example that there is beauty in old age and affliction.

For Uncle Jim was sick over a year. There is an elasticity to the human mind capable of bearing much but will not show itself until a certain weight of affliction be put on it. "Fear not the dark-

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Mills County, Greeting:

Oath having been made as required by law:

You are hereby Comanded to summon Percy Russell, by making publication of this Citation once in each for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a news-

ness," saith the Persian proverb, "it conceals perhaps the springs of the water of life." Experience is often bitter but wholesome. Only by its teachings can we learn to suffer and be strong. Character in its highest forms is disciplined by trial and made perfect through suffering. Uncle Jim in his greatest sufferings gathered a richer mead than pleasure ever yielded. He submitted to his illness in a gentle and humble spirit. He realized that time is a runner that brings death to all and he did not care to live longer. He said many times he was anxious to go. His attitude toward death reminds me of these lines of Addison's.

"Why drinks the soul
Back on herself, and strates at
destruction?

'Tis the divinity that stirs within
us;

'Tis Heaven itself that guides
on hereafter.

And intimates eternity to man."

The loss of Uncle Jim will be felt. Even though age and infirmities had incapacitated him from taking an active part in the care of life he was a rallying point for the affection of his children and friends. And, no man ever had more devoted children or loyal friends to mourn his departure. But they should remember sorrow is the noblest of all discipline. Human nature shrinks from it, but it is, none the less, a discipline. "It is a scourge but there is healing in its stripes.

It is a cholera and the draught bitter, but out of the bitterness proceeds health. It is a crown of thorns but it becomes a wreath of light on the brow it has lacerated. It is a cross on which the spirit groans, but every calvary has an Olivet. To every place of crucifixion there is likewise a place of ascension. Christianity itself is a religion of sorrow. It was born of sorrow, in sorrow it was tried and by sorrow it was made perfect. The Author of Christianity was a "man of sorrow and acquainted with grief."

Uncle Jim was a life-long member of the Methodist church, and was laid to rest in Center City Cemetery Sunday afternoon, Mar. 14. Bro. Clark, his pastor, conducted the funeral.—One Who Knew Him.

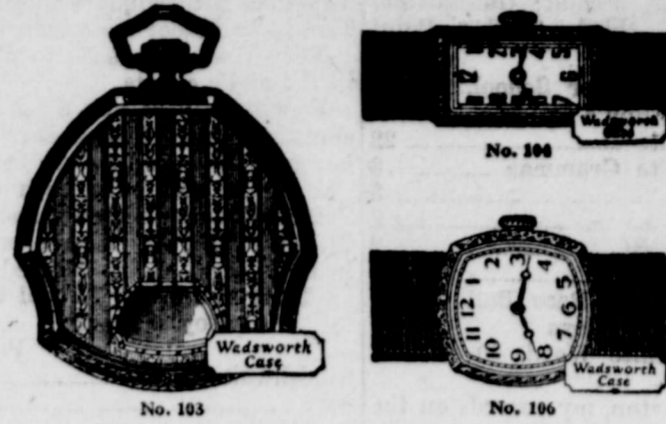

paper published therein, but if not therein any newspaper published in 27th. Judicial District; but if there be no newspaper published in Said Judicial District, then in a newspaper published in the nearest District to said 27th, Judicial District, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, on the first Monday in May A. D. 1926, the same being the 3rd. day of May A. D. 1926, then and there to answer a petition filed in said Court on the 16th. day of March A. D. 1926, in a suit, numbered on the docket of said Court No. 2082, wherein Mrs. Willie Russell is Plaintiff, and Percy Russell is Defendant, and said petition alleging as follows: Now comes Mrs. Willie Russell who resides in Mills County Texas, hereinafter called Plaintiff, complaining of Percy Russell whose place of residence is unknown to Plaintiff, hereinafter called the defendant, Plaintiff represents to the Court that she is and has been for a period of more than 12 months next preceding the filing of this suit that she is an actual bonafide inhabitant of the State of Texas, and that she has resided in Mills County, Texas, for six months next preceding the filing of this suit, Plaintiff alleges that on or about the 7th. day of January, A. D. 1917, in Mills County Texas, was legally married to the Defendant Percy Russell, and continued to live together as his wife until on or about the 25th. day of August A. D. 1919, when by reason of the defendant without cause or provocation voluntarily abandoned Plaintiff, for a period of time of three years continually with the intention of abandonment and has never returned to her. That during the time that she lived with and cohabited with the defendant as his wife, there was born to them, on or about 23rd. day of October, 1917, a girl named Odene Russell, since the time that defendant abandoned plaintiff, she has had the care and custody of said child, and the defendant has never contributed anything in support of her or the said child whatever. Since that time, and by the reason of said abandonment renders her living with the defendant insupportable.

Wherefore the plaintiff prays the Court that defendant be cited to appear and answer this petition, and for Judgement that said marriage between plaintiff and defendant be dissolved and declared null and void, and that the plaintiff have the care and custody and education of said child, and for judgement and all costs of Suit, and for such other or further relief in law or Equity, as in the premises she be justly entitled to.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in

Goldthwaite, Texas, this the 16th. day of March A. D. 1926.

Clerk, District Court, Mills County.
I certify this to be a true copy.

What happened to your watch to-day?

Why, nothing at all, you will say. You didn't drop or jar it, and it kept just as good time as ever.

Yet, something has happened to it. Every twenty-four hours the oil in your watch evaporates just a little more, becomes a bit more gummy; tiny particles of dirt sift into the delicate mechanism, even through the most tightly fitting case, and eventually the timekeeping performance of the watch is impaired.

Be fair to your watch. Have it cleaned, oiled, and adjusted at least once a year and avoid heavier repairs later. Experts in our Service Department will do this for you at moderate cost.

And while you're considering the care of your watch, be sure it's thoroughly up-to-date in style—dressed in one of the celebrated Wadsworth Cases, that set the fashion for watches today.

For Satisfactory Watch Repairing

To The Wool Growers of Mills Co.

I will be glad to have you store your Wool with me until it can be accumulated in car lots, as I think we can find a buyer for Wool in car lots better than in small parcels; and having storage, I will be glad to take care of it for the growers on this plan: I will take the Wool and store it, pay the insurance, mark and weigh it, then use the best efforts I can to find a buyer for it, or will deliver it to the owners any time they call for it. My charges will be 1/2 cent per pound for the first month and 10c per 100 pounds for each succeeding month, charges to be paid when wool is taken out of storage.

I have partial arrangements made where money can be borrowed on the receipts I will give the owner on the Wool left with me, pending the sale of same, and should you need temporary funds until it is sold I can get the money for you.

Mr. Newton, my records on the girl's track and field events were left at Mrs. Barrington's house, hence I am not sending you a com-

plete summary of the girl's work. However, I counted the points for Big Valley and Goldthwaite Friday night. They were as follows:
Track; Goldthwaite..... 17
Big Valley 14
Field; Goldthwaite 27 1-2
Big Valley 22 1-2
This does not include Volley Ball, Tennis, or indoor Base ball.
Very few other schools placed in the girl's events.
I will prepare you a general summary later. This is sufficient however, in awarding the cups.

J. W. ALLEN DEAD
The remains of J. W. (Pap) Allen were brought to Goldthwaite on the Tuesday night Santa Fe. Mr. Allen had died early Tuesday morning at his home in Temple, Texas, after an illness of several months duration. At his request, his remains were placed in the Baptist church Tuesday night, at which place the funeral services were held at 2:00 o'clock Wednesday afternoon. Rev. L. L. Hays conducted the funeral services. Judge E. B. Anderson assisted Rev. Hays. The remains were entered in the Odd Fellows cemetery here immediately after the services. The news of Mr. Allen's death will be received

with regret by his host of friends throughout Mills County and other places. He had lived in Goldthwaite for many years before removing to Temple a few years ago. He was known and liked by most of the people of this county. Mr. Allen was a member—one of the last surviving—of the local camp U. C. V., he having served in the Civil War.
Mr. Allen was 80 years of age at the time of his death. He leaves a wife, and three sons, Joe Jim, and Sam, besides other relatives to mourn his death. All three of his children and their families attended the funeral.
