OUR FIRST FAIR

The date for the First Mills County Fair is

Wednesday, Thursday and Friday, July 20, 21, and 22, 1926. Eight Community Fairs have already been organized, and more are expected to bring displays to the County Fair, besides the large number of individual exhibits of livestock.

Stubborn Coughs **Quickly Stopped** This New Way

It is often surprising how the most persistent, hacking cough that not only robs you of strength and sleep, but often leads to more serious trouble, yields quickly to a simple but wonderfully effective treatment.

This treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful at bed time and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and conquickly removes the phlegm and con-gestion which are the real cause of night coughing. So with the cause removed, coughing stops quickly, your sleep un-disturbed, and the entire cough conn soon disappears.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

THE WHOLE QUESTION BEFORE YOU IS

IT'S JUST THIS WAY—The present owners bought this stock at a fraction below 60c on the dollar and want to make a quick clean up and a few dollars or even hund-reds, more or less, cuts no figure.

SO JACK LONDON DON'T CARE—It's not his loss. The owners bear all the burden. Hop on a flying machine, a jitney, ox cart, bus or train, and make a profit by The Fair Store's misfortune.—IT'S UP TO YOU!

JACK LONDON, the present Sales manager, says "Farewell to the entire stock at the old stand, and every dollars worth of merchandise must be will and does sell cheaper than anyone else. The reason is plain, read it, profit by it. Just anything you can think of is here for the critical buyers.

Dear sir:

Since the John Tarleton Agricultural College Band has returned from its spring tour, we desire to extend to the good citizens of your town our most sincere and grateful appreciation for the kindness shown Mr. Hunewell and the boys while in your city.

The college has two purposes in mind in sending out the band each year; first, to emphasize the importance of good music under wholesome and efficient training, and second, to extend to the people of the State some information as to the type and quality of work being done by this institution, which belongs to the people of the state.

Again thanking you for your kinnesses and courtesy, I am,

Sincerely yours, J. Thomas Davis,

Eat Less and Live Longer, Says Lawyer

By W. W. O'BRIEN

(Noted Criminal Lawyer of Chicago.) Business and professional men working under high nervous pressure do not

live as long as men whose pur-suits keep them out of doors and active. Examine the records of longevity and you will find that on the average the longest-lived men are soldiers, sailors and farmers, all avocations which tend to

There is no more necessary lesson to be learned by the brain worker than how to keep well and healthy by proper attention to food habits.

Eating Greater Cause of Death Than Drinking

Drink is the second greatest cause of disease and death. Food comes first, then drink. Excluding alcoholic beverages, there are dozens of drinks on the market today whose effect is detrimental, particularly to children.

Milk is the best drink for children. Not only is it drink, but food as wellthe most nearly perfect food known to Milk is an all-the-year-round drink

and for this reason the children often rebel against drinking it. This condition, however, may be overcome by the introduction of the mixed drink Milk or diluted evaporated may be mixed with eggs or used in fruit juices or in some other way which will disguise the fact that the drink contains milk. In the hot summer months when the child naturally drinks more than in cooler weather, it is wise to vary the ways of serving milk, so as not to create a distaste for this important food.

In connection with mixed drinks, the following formulas for milk beverages may aid mothers in serving something

Iced Cocoa

1% cups evap-orated milk diluted with tbsp. cocoa 1½ cups evap-orated milk diluted with Few grains salt 1½ cups water

Scald the diluted milk in a double boller. Mix cocoa, sugar, salt and add the hot water. Cook over a low flame from 10 to 15 minutes, stirring occasionally to prevent burning. Add to the cocoa the scalded milk; return to the double boiler and continue cooking for 10 minutes. Add vanilla, chill before serving. Pour into tall glasses which contain a few small cubes of ice. TRUTH IS SO MIGHTY

The absolute genuineness of this Sale is proven by the sworn affidavit of the Sales Adjuster's statement:

I came here because I was informed that the Fair Store had gone out of business and that the stock was for sale, and that Vernor Hill was trustee, and that we had a very good opportunity of purchasing same, which the present owners did. I advised them immediately to give the Goldthwaite people the benefit of their purchases, which was bought at a fraction less than 60c on the dollar, and as my time is limited, so I must sell fast and realize that price is the mighty power that can and will accomplish the seemingly impossible. It is not a case of profit with me, but of turning the magnificent stock into cash. I am going to place prices upon this merchandise that will positively eclipse any reductions ever made on Wearing Apparel for the whole family in the State of Texas or the world. I don't expect to get even wholesale prices for most of it. DEALERS ARE WELCOMED to buy at any quantities at these prices. It will pay you well to wait and partake of these wonderful bargains. The selling will be Short, Sharp and Decisive. Be there when the doors open, is my advice to all that can do so.

The Mills County Farm Bureau will award

1. A Community Farm Exhibit if thoroughly representative, carefully selected, and tastefully arranged will accomplish more in advertising the community represented, and the county at large, and demonstrating agricultural possibilities than could be done in any other manner. Such an exhibit should be mainly educational in purpose. Every product should be worked out in the exhibit according to the relative value among the other products of the community, and even the casual observer should carry away a mental picture of the type

of farming in that community.

2. Entries for Community Exhibits will

1. Thursday July 1, and all exhibits must be

in place not later than 9 a. m., Monday, July 20.

3. Every exhibit should be carefully and tastefully arranged and installed, as this feature is taken into consideration by the Judges. 4. Exhibitors are requested to read carefully the score card that has been adopted, as awards will be made strictly in accordance

awards will be made strictly in accordance with same. An excess or shortage in the number of samples required will be penalized.

5. All products required in the score card must be placed on the platform of the booth. No part of the exhibit to be judged shall be placed on the wall or background for decorative purposes. Exhibitors wishing to show more specimens or other products than those included in the score card, may do so by assembling same on the wall or background of the booth, or in front of the platform on which entries to be judged are placed. Any violation of this rule will result in that class being penal-

ized as above set forth. Any exhibit on the platform may be made, to better the display or the exhibit, but any expenses incurred by such arrangement must be borne by the exhibitor.
