VOLUME THIRTY-THREE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, SEPTEMBER 10, 1926.

NUMBER ONE.

## GOLDTHWAITE SCHOOLS OPEN NEXT MONDAY

Next Monday morning several hundred of Goldthwaite and adjoining vicinity pupils will begin another lap of the try-outs, training them for the race of life. And fortunate they are this year on account of the exceptionally good corps of trainers under whom they will spend the next nine months. The Goldthwaite schools have been steadily improving for a number of years and they are now reached the equal of any in Texas—Grade A1 schools, with full affiliations.

An opening program has been arranged and it is the wish of the Superintendent, D. A. Newton, his corps of teachers, and the board of trustees that every patron of the school who possibly can do so be at the high school auditorium next Monday and get the school off to a flying start.

### Opening Exercises

Music—Miss Ima D. Chadwick.  
Invocation—Rev. E. P. Neal.  
Music—Mrs. Nora Berry.  
Talk—Supt. D. A. Newton.  
Talk—Judge L. E. Patterson.  
Talk—L. B. Walters, President Mills County Chamber of Commerce.  
Music—Miss Anna Lee Ashley.  
Talk—Judge E. B. Anderson.  
Reading—Mrs. E. A. Walker.  
Talk—Hon. J. C. Darroch.  
Talk—Rev. I. A. Danee.  
Talk—Attorney F. P. Bowman.  
Open House, teachers, trustees and patrons.  
Dr. Em. Wilson, master of ceremonies.

### PARKING ORDER FOR THE SCHOOL GROUND

The school board has ordered markers put on the school grounds designating the west side of the grammar school and the south side of the high school for parking space.

It is against the rules for any one to drive across the school grounds.

Em. Wilson, President.  
Edward Geeslin, Sec.

The foregoing order became necessary on account of several near accidents with one or two minor injuries by cars speeding across the grounds last year.

The board desires to accommodate the public in every way consistent with safety and hopes that the public will cooperate in every way possible in preventing accidents.

### ROCK SPRINGS B. Y. P. U.

The Second Table of the Law.  
Leader—Herbert Cooke.

The Eighth Commandment—Oran Hale.  
The Ninth Commandment—Austin Cooke.  
The Tenth Commandment—Mrs. Eula Nickols.  
Quiz—Mrs. B. D. Forehand.  
Song Collection. Benediction.

Mrs. Lee Yarborough of Austin visited in the home of her brother-in-law, O. H. Yarborough and family. Mrs. Yarborough and sons accompanied her home Monday.

Lee Kelly, who was reared in Goldthwaite, but who for the last few years has been at Fort Worth, visited relatives and friends here last week and returned with Mrs. Kelly, who had been visiting here.

Mrs. John A. Hester and children went to Brownwood this week to visit Mrs. S. A. Hester.

Mrs. A. C. Langlitz and children went to Olden Monday to visit her daughter, Mrs. B. F. Elliott.

Oscar Gatlin spent the week in Brownwood.

## PHYSICAL TRAINING CLASS TO BEGIN SEPTEMBER 13.

Under the auspices of the Wesley Brotherhood, the physical training class will begin again on Monday, September 13th, at 7:45 p. m. at the Methodist Tabernacle. If you are interested, come out and let's get off to a flying start, if you are not interested, come anyway, and you'll get interested.

THE COMMITTEE.

### BIG VALLEY

Our summer vacation being over and all the visitors having come and gone, we are now ready to settle down to our regular routine work, which is gathering corn and picking cotton.

The teachers of this community left Sunday and Monday for different places where they will attend the institutes. Mabel Goode left Sunday evening to attend the institute at Eastland, Laura Nelson will attend the institute at Belton, Mr. and Mrs. E. D. Roberson and Mary Coekrell will attend the Brownwood institute.

Mr. and Mrs. Harry Oglesby of Breckenridge are visiting their friends and relatives here this week.

Mr. and Mrs. J. C. Moreland and family returned home Saturday, after a week's visit in Winters.

Leahmon Knowles has a new roadster automobile.

Misses Oneta Traylor and Wilma Miller left Sunday evening for Brownwood, where they will attend Howard Payne college. We hope they are very successful in their college work.

Every one enjoyed the ice cream supper given by Mr. Blauvelt Saturday night.

The church at Big Valley has called Rev. Newton of Brownwood as our pastor for the coming year.

—GIRLIE.

### TO THE PATRONS OF THE GOLDTHWAITE SCHOOL.

You are invited to attend the opening of the Goldthwaite school next Monday morning at 9:00 o'clock.

Primary and Grammar school children need not report at the Grammar school building until 1 o'clock Monday afternoon—then books will be issued and lessons assigned to them.

D. A. NEWTON,  
Superintendent.

## PIONEER CLUB HOLD OLD SETTLERS MEET

Members of the Pioneer Club and all other old settlers were guests at an all-day picnic at Fair Park here yesterday.

A big crowd attended and enjoyed the especially good program rendered. Last night an old fiddlers' contest and an old fashion square dance was staged. An extended report will appear in this paper next week concerning the happenings of the day and the many old settlers—pioneer citizens of this section—who attended.

### TRIGGER MOUNTAIN

Editor Eagle:

We are glad to say everyone is well. W. S. Cunningham is reported improving. He was able to be taken in his wheel chair to the home of a near neighbor last week. This is the first time he has been able to leave the house in two years. His many friends are glad of his improved condition.

New teachers were elected to our Sunday School Sunday. It is well that we begin the new year with a greater determination to improve our school.

Miss V. C. Malone of Amarillo is visiting in the home of her sister, Mrs. Grady Kennedy.

Mr. and Mrs. J. B. Lively and son, George, are visiting their son and brother, Berley Lively, at Lohn.

Several of our young people attended the party at Norris Crook's Saturday night.

Dan Calloway and Olan Dellis returned home Friday night. They had been away on a cotton pick. Olan will attend the institute at Brownwood this week.

Mrs. W. S. Cunningham is visiting her sister, Mrs. W. B. Hensley, at Lampasas.

Mrs. James Calloway and her daughter of Dallas are visiting relatives in this community.

Mrs. Will Plummer visited in the home of J. A. Plummer last week.

From what we saw in town Saturday it must be close to cotton picking time. Nearly every one we saw had a roll of ducking.—  
THE FARMER'S WIFE

Mr. and Mrs. John W. Roberts left last Sunday night for San Antonio, where Mr. Roberts represents Mills County at the State Democratic convention.

## MILLS COUNTY HUNTING AND FISHING CLUB

For the benefit of the public generally and the stockholders particularly, the board of directors have ordered that the rules and regulations be printed and placed in a conspicuous place at the lake. Thus it is hoped that the membership will become familiar with the rules governing the club. A summary of the more pertinent rules are printed herewith.

No rifle shooting on club premises.

No swimming after 10 p. m.

Lights out off at 10 p. m.

No dancing on club premises.

\$5.00 fee for transferring stock. Fishing only by hand with pole and line permitted. No trot lines, bank hooks or other manner of fishing allowed.

No seating or taking of minners in any manner permitted.

Article XVI requiring all members to pay their dues or have the shares sold and cancelled to pay same will be enforced by October 1, 1926.

To limit the privileges of the club to ministers of the gospel who reside in Mills county and who depend solely on the ministry for a livelihood.

Prohibiting anyone who is not a member of the club or who is not a bonafide guest of a member attending any picnic or party on the lake grounds.

Members who have guests are required to accompany said guests personally to the premises or the club and sign for them. Under no circumstances will the warden accept a guest who has an order or a note from any member of the club.

The membership is requested to comply with all rules and regulations and to assist the warden in enforcing the regulations and to report any infringements to the Grievance Committee. Each member should strive to promote good will among the members, as this club is maintained chiefly for the pleasure and recreation of the members.

DOW HUDSON,  
I. O. HARVEY,

Committee.

### METHODIST CHURCH AN- NOUNCEMENTS

"If every member of my church were just like me, What kind of a church would my church be?"

Is your life counting for God and for righteousness? Are you conscious of victory in the Christian warfare, or are you experiencing a losing fight? Your success is determined largely by your attitude toward the church. We are counting on you next Sunday. You will be missed if you are not there. "If God is for us, who can be against us?" Rom. 8:31 will be the text for the eleven o'clock service.

E. P. NEAL, Pastor.

### TO THE VOTERS OF MILLS COUNTY:

It is again with pleasure that I take this method of trying to express my thanks to you for selecting me by your vote for nominee for candidate on the Democratic ticket for Tax Assessor.

I will again say that I feel unworthy of the large support that I received, but promise you if retained in the general election will do my best to do the work assigned to this office in a way that won't cause you to regret supporting me.

I desire to thank every individual who voted for me and also every effort you put forth in my behalf that was honest and honorable.

The election is over and the dust is settled. If you didn't vote for me you voted for a good man and I happened to get the most votes, so let's be good friends and all pull together for the best interest of our county.

Respectfully,  
I. A. DYCHES.

## ONE OF THE BEST REASONS--

for maintaining a banking connection—from the depositor's standpoint—is the assurance it gives of assistance and co-operation when further accommodation is required.

The man who is honest in the dealings with his bank, and who takes his banker into his confidence, is the one who may depend upon every co-operation from his bank.

It's wise to maintain a bank connection, if for no other reason than the establishment of the bank credit for future needs.

**PREACHER TRADES HOUSE AND LOT FOR AUTO AND FREE FUNERAL TO COME**

Greenville, Texas.—The Rev. J. W. Humphreys, 50, pastor of the Division Street Baptist Church of this city, not only believes what he preaches concerning the injunction, "Be prepared," but he

practices it. In one of the most unusual deals ever recorded here, the Rev. Mr. Humphreys has acquired a second-hand motor car in good running order and his funeral and burial expenses in exchange for a house and lot in Greenville.

The agreement between the preacher and the undertaker was

that the house and lot were to be exchanged at once for the automobile and that when the Rev. Mr. Humphreys dies the undertaker will bury him free of any further charges.

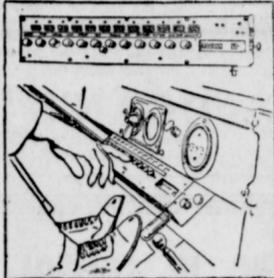

The Rev. Humphreys spoken of above is a cousin of our fellow-townsmen B. B. McBride.

# What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

**Crops Measured by Meter on Auto Dashboard**

For recording the measurements of fields planted in various crops, a meter attached to the dashboard of an autom-

obile has been included in the equipment of the Department of Agriculture. The instrument is operated from the same gearing mechanism used for an ordinary speedometer. Each crop may be recorded on its particular section and the dimensions of the "stands" are shown in feet. At the right of the device is a scale that registers the total distances covered in miles and the number of trips made. As each patch of a certain kind is measured, it is added to the total. Each scale is labeled and has a button which must be pressed to throw it into action. Ten principal crops are provided for as well as idle ground and pasture land.

**Renewing Golf Balls**

A cheap and practical method of renewing old golf balls is to fill the cracks with white rubber cement, which can be obtained at any drug store. After filling the cracks, the entire surface of the ball is painted. By repairing the balls in this way there are no bumps or cracks, which have a tendency to influence the course of the ball, and the whitened surface will

show up well. It is a good idea to wash the balls in cool soapy water before going to the grounds, as this helps to retain the old luster and removes stains.

**Secrets of the Seven Seas Told by "Bottle Papers"**

To learn the speed and direction of ocean currents, government experts use "bottle papers." Accurate knowledge of these drifts is important to navigation, and the safety of hundreds may depend upon it. Small slips, with directions for their return printed in the principal languages, are given to ship captains, to be sealed in flasks and thrown overboard. Months or years later, some return. One floated nearly across the Atlantic and back, and another crossed the widest part of the Pacific in a little over two years. A third, dropped near the Cape of Good Hope, was picked up on the western coast of Australia.

**Sand for Railroads' Safety Costs Millions Yearly**

While big figures are used in telling the cost of safety to the railways, the amazing item to the average person is the amount spent for sand. Four tons are required for every mile of road in the United States, according to the figures of one trunk line with 7,500 miles of track. As this road is in the middle west and south, where mountains are not encountered, the figures given are regarded as conservative. The cost of putting the sand into the engine box is placed at \$2.50 a ton as an average minimum. For all the roads, the yearly cost is estimated at \$2,637,070. For the most part the sand is brought from river bottoms and dried by waste steam at the round house.

Never put an inside patch in a slit tube where the slit is over 1 in. long, because this will weaken the tube. However, when the slit is small, about 1/4 in. long, an inside patch can be used. A slit tube should always be cut on the bias before repairing.

**Magnets Lay Nails Straight in Packing Boxes or Kegs**

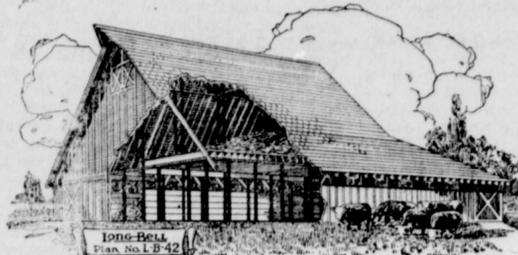

To lay nails straight in containers, a packer equipped with magnets is reported to have been built by a Swiss inventor. The machine is said to be able to fill kegs, boxes, or paper cartons and to handle wire rods, hairpins, knife blades and fishhooks with equal ease. The articles to be boxed up are poured into a huge vibrating hopper in lots of about a thousand pounds and are straightened out on large trays below.

**Inexpensive Sign Hanger**

Substantial and attractive metal signs can readily be made from lengths of pipe and fittings and a piece of sheet metal. The hanger is attached to a building, as shown in the illustration; no guy wires or bracing of any kind are required to support it, still it is so solid that the strongest winds will not loosen it. Two different designs are shown; one for mounting the sign at right angles to the sides of a building and the other for mounting it on a corner so that it can be seen from two streets. The sign itself is a piece of heavy

sheet metal attached to the pipe frame by means of metal clips, passed around the pipe and riveted to the edge of the sheet metal as shown.

**IN MEMORY OF EULA LEE SIMPSON**

"And then fell death's untimely frost, That nipped our flower so early."

At 3:00 a. m. Friday morning, August 27, Miss Eula Lee Simpson, after an illness of twelve days, gently closed her eyes and calmly passed out into the beautiful unknown.

Eula Lee, oldest daughter of Mr. and Mrs. Chralie Simpson of the Live Oak community, was born February 23, 1908. She left on this stage of action a father and a mother, six sisters, two brothers, many more relatives and a countless host of friends, for she was loved by all who know her. She was with us only 17 years, but during this brief period she trusted in One Who walked by her side in life and death and Who led her safely into that land that lies just beyond the grave.

No longer do we hear her gentle voice or light footsteps, but she lives in each of our hearts as a ray of sun shine to brighten our pathway. However, we know that Eula Lee is now waiting in the reception room of Heaven to receive her friends and loved ones in their turn.—MARGIE AND OLIVE MAE FEATHERSTON

**Don't Miss—** "A Trip Through Filmland" **DIXIE THEATRE** September 16-18

It is an instructive and entertaining movie, which tells for the first time how film is made, both for the classics you see on the screen and the snapshots you make with your Kodak.

It's all interesting and you will laugh at the comedy drawings, which enliven the picture, from the pen of the well known cartoonist, Paul M. Felton.

**Keep in Trim!**

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

## THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County—Greeting:  
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mills County, a copy of the following notice:  
THE STATE OF TEXAS  
To all persons interested in the

Estate of David Morris, Deceased, Mrs. Alice B. Morris has filed in the County Court of Mills County, an application for the Probate of the last Will and Testament of said David Morris, Deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the First Monday in September, A. D. 1926, the same being the 6th day of September, A. D. 1926, at the Court House thereof, in Goldthwaite, Texas, at which time all persons interested in said Estate may ap-

pear and contest said application, should they desire to do so.  
Herein fail not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.  
Given under my hand and the seal of said Court, at office in Goldthwaite, Texas, this 14th day of August, A. D. 1926.  
ELVIS MORRIS, Clerk,  
County Court, Mills County, Texas. 9-3.

In our old copybook of school days there was an axiom: "Experience is a dear teacher."  
Right! The only sad part is that it makes us pay as we ride. Some months ago we tried to give a fellow the benefit of our experience with tires. We tried to sell him a Goodrich Silvertown.  
Yesterday he was in and bought two Goodrich Tires. Think how much grief and money he would have saved had he bought them six months ago.  
Thank you!

## It's the Best-Looking Floor on Fisher Street

YOU wouldn't believe your eyes if you knew it was the same old floor! A few days ago it was worn, dingy, shabby. Now it shines to beat the band—and looks and wears like new!  
The secret? Two coats of Cook's Armorcote Varnish, applied by Friend Husband in the evenings, after he got home from work. It has made a worn floor beautiful and serviceable.

That's just a sample of what Cook's Armorcote Varnish will do for floors, furniture, woodwork and all interior household articles. It is durable and lasting.  
Armorcote Varnish will not mar or scratch white. Hot or cold water does not affect it. It is easy flowing—easy to apply. Come in and let us show you how to beautify your home with it.

OUR NEW FALL GOODS ARE HERE---NEW READY-TO-WEAR, MILLINERY, PIECE GOODS, SHOES, CLOTHING, ETC.--PRICED AS USUAL TO FIT YOUR PURSE

## NEW FALL FROCKS

STEP INTO VIEW

The world of fashion has breathlessly awaited the arrival of the first fall models, and these smart Frocks are proof of an ample reward. Both day-time and evening modes are here in our new Fall collection.

### ORIGINALITY IS STRESSED

The tiered skirt is sponsored on many models, and pleats are used in unusual arrangements to achieve new lines. There are numerous styles in silk and wool, moire being particularly popular for every type.

## SCHOOL SUITS

THAT PASS THE GRADE IN EVERY EXAMINATION

They were made the way we ordered them--and that means the best of style, fabrics and tailoring obtainable for the price asked. All these Suits are offered with extra trousers at an extra value.

## CROWNS

REACH NEW HEIGHTS

The Millinery mode for fall pays marked attention to crowns, and by clever blocking and deft folds, achieves smart effects.

### FABRICS ARE VERSATILE

Felt, velvet and moire are all good, and used in sports, tailored and dressy models. Trimmings are simple and brims of varied widths.
