PETER HEALS THE LAME MAN

Acts 3: 1 to 4: 31

GOLDEN TEXT—In none other is there salvation; for neither is there any other name under heaven, that is given among men, wherein we must be saved. Acts 4: 12.

Lesson Setting and Survey

It was perhaps a few weeks (though some think only a few days) after Pentecost that Peter and John on entering the Temple at the hour of prayer healed the lame beggar at the Gate Beautiful. Following this startling miracle came the second of Peter's recorded discourses, and the first persecution of the church in Jerusalem.

Lesson Text and Outline

Acts 3: 1-10; 4: 8-10

I. THE WORSHIPERS (Acts 3).

Now Peter and John were going up into the ninth temple at the hour of prayer, being the ninth hour.

II. THE BEGGAR (Acts 3).

2 And a certain man that was lame from his mother's womb was carried, whom they laid daily at the door of the temple which is called Beautiful, to ask alms of them that entered into the temple; 3 who seeing Peter and John about to go into the temple, asked to receive an alms.

III. THE MIRACLE (Acts 3).

4 And Peter, fastening his eye upon him, with John, said, Look on us. 5 And he gave heed unto them, expecting to receive something from them. 6 But Peter said, Silver and gold have I none; but what I have, that give I thee. In the name of Jesus Christ of Nazareth, walk. 7 And he took him by the right hand, and raised him up; and immediately his feet and his ankle bones received strength. 8 And leaping up, he stood, and began to walk; and he entered with them into the temple, walking, and limping, and praising God.

IV. THE PEOPLE (Acts 3).

9 And all the people saw him walking and praising God: 10 and they took knowledge of him, that it was he that sat for alms at the Beautiful Gate of the temple; and they were filled with wonder and amazement at that which had happened unto him.

V. THE RULERS (ACTS 4).

8 Then Peter, filled with the Holy Spirit, said unto them, Ye rulers of the people, and elders, 9 if we this day are examined concerning a good deed done to an impotent man, by what means this man is made whole; 10 be it known to you all, and to the people of Israel, that in the name of Jesus Christ of Nazareth, whom ye crucified, whom God raised from the dead, even him doth this man stand here before you whole.

Notes Analytical and Expository

1. THE MINISTERS OF HEALING were Peter and John, probably the oldest and youngest of the Apostles. Intensively active, but not too busy to pray, they now attended service, not in the Upper Room, but in the Temple, probably because there was more room, or because of sacred associations, or because the primitive believers were not ready to withdraw instantly and completely from Judaism. The appointed hour of prayer was 3 P. M., and doubtless many disciples assembled regularly.

2. THE OBJECT OF HEALING was a well-known though unnamed beggar, lame from birth, and now forty years of age. His family or friends brought him daily to the Temple and laid him by the main entrance which was on the eastern side of the structure and called the Gate Beautiful. This gate was seventy-five feet high, made of Corinthian brass, and adorned with silver and gold. Here the lame man was in the best possible position to solicit charity. When he saw Peter and John whom he may have known personally, he asked alms of them. It was only one of a thousand similar requests he made every day.

3. THE ACT OF HEALING involved (1) attention, which must be directed upon his benefactors before the lame man could be prepared for what was to follow; (2) expectation, for he was instantly alert though only for

alms; (3) direction, for Peter was to give him no silver and gold, but something different and better; (4) command, for there was something the lame man could do—trust Christ and walk; (5) assistance, for the unaided faith of the lame man needed Peter's uplifting hand for help, supplanting and inspiring his moral and physical strength; (6) cure, for the invalid's obedience and divine power converged into soundness so that he leaped and walked for the first time in his life; and (7) gratitude, for his first act was an act of worship.

4. THE EFFECT OF HEALING was like an electric bolt. Occurring in the most public spot of the city and at the most public hour of the day, it created a tremendous commotion within a few moments. Everybody who frequented the Temple had long known the lame beggar, and so now a vast throng crowded upon Solomon's Porch around Peter and John to whom their beneficiary still clung in gratitude.

5. THE DEFENSE OF HEALING came not so much when Peter and John was arrested late in the afternoon, or during the night they spent in prison as they were arraigned next morning before the Sanhedrin which included such prominent members as Annas the former high priest, and Caiaphas, the acting high priest, and John and Alexander, who were evidently influential in that supreme council of the Jews. Seated in the midst of the imposing court, Peter and John were asked the secret of the healing of the lame man. Under impulse of the Spirit, Peter replied that the miracle was wrought by Jesus of Nazareth concerning whom he made two statements requiring consummate courage: (1) "Whom ye crucified"—a direct thrust at the court; and (2) "Whom God raised from the dead"—a straight blow at the Sadducees. He also accused the nation of setting at naught the Stone which had become the head of the corner. He declared that the crucified and risen Christ was the world's one and only Savior. Was ever a witness more brave and faithful!

The Lesson of the Lesson

"Help Others"

(1) Devout Help.—"Peter and John were going up into the temple." Praying men are the world's best helpers. Good worshippers are good workers. The spirit of service is often the best

part of it. Is a heartless hand much better than a handless heart?

(2) Instant Help.—"The ninth hour."—The hour of prayer was at hand and the preachers were just entering the church; but here was something more urgent. To delay a good deed is to shill if not to kill it. "Now is the day of service as well as of salvation."

(3) Needed Help.—"A certain man that was lame from his mother's womb." Forty years old and had never walked; assuredly the lame man needed help. And multitudes in the world today are as bad off, in one way or another. Have we eyes to see and hearts to feel and hands to help?

(4) Desired Help.—"Asked to receive alms." It is hard to help those who do not desire it. But the beggar by the Beautiful Gate called for a lesser gift when the larger was in store for him. Is it not often so?

(5) Discriminating Help.—"Silver and gold have I none; but what I have, that I give thee." Could those moneyless ministers do anything for the beggar? They certainly did, for the good reason that, while money has its great place, there is something better.

(6) Co-operative Help.—"In the name of Jesus Christ of Nazareth, walk." Peter did not pau-

perize the lame man. He meant to free him from beggary. He gave him something to do which he could do—believe in Christ, be healed by Christ, stand up for Christ.

(7) Uplifting Help.—"Took him by the right hand and raised him up." The lame man's friends "laid" him by the Beautiful Gate—a kind deed, you say. But Peter "lifted him up," and that was infinitely better. The helping hand is the uplifting hand.

(8) Qualifying Help.—"Leaping up, he stood, and began to walk." Far better than a few coins of charity to a beggar was strength in his ankle bones enabling him to stand on his feet, walk as well as anybody, and earn his own living. Help the help less to help themselves.

(9) Glorifying Help.—"He entered with them into the temple." The new spirit was even better than the new strength. The healed man at once entered the house of God; he praised the name of God; he dedicated himself to the service of God.

(10) Divine Help.—"In the name of Jesus doth this man stand before you whole." The defense of Peter pointed straight heavenward. The power came from God. To God, therefore, belongs the glory. We ought to use for God the help from God.

EAGLES SWAMP HAMILTON IN LAST GAME OF THE SEASON

The Eagles invaded Hamilton last Friday, May 13 with a squad of only nine men and clouted the ball merrily to beat their home talent 18 to 8.

The Eagles were rather dubious at the first with their small squad. After the first inning, however, when they ran in five scores on several errors by the opposition, everything was roses. During the rest of the game the Eagles contested to see who could get the most hits. The Eagles scored every time save one, the fourth inning, when they were set down in order.

Page led in the scoring with 4 runs, Evans, Cave and Ritchie came next with 3 runs each. Page, Linkenhog and Ritchie tied in hitting, each getting 5-hits out of 6 times at bat.

Linkenhog relieved Cave on the mound, not because of lack of effectiveness on the part of Cave, but to divide up the last game of the season between the two pitchers.

LAST EDITION

In this last issue of the "Goldthwaite High Talk" the seniors are bidding good-bye to good old G. H. S. This edition is strictly a senior edition.

SUMMER SCHOOL

Summer school will begin May 23, the Monday following the close of school. This plan is very beneficial to those pupils who have failed in various subjects during the winter term, and also to those seniors who lack one credit, which they must have before they can graduate.

FAREWELL TO G. H. S.

Every high school student envies a senior and well he may, for a senior holds the most enviable position in high school. But every nice thing has its draw backs and a senior is no exception. Chief among these drawbacks is the knowledge that he will never again be a high school senior and, worst of all, that he must part form his beloved school.

It is when this time of parting comes that the passing senior yearns to be a freshman and live his high school life again.

As we, the Senior Class of 1926-'27, come to the end of our days in old G. H. S., we look back over the past four years and sigh as we realize that "it is all over." Although we look forward to a happy future, these past years can never be replaced.

In these years are packed away the memories of all the joys, sor-

rows, and trials that make high school life worth living.

There are the thrilling football games with the score tied and one minute to play. The cheers and yells that thrill up and down the spine of every student. Then with every mouth hushed the team makes that last mad charge and scores the winning touchdown, as pandemonium breaks loose on the sidelines.

There are the cage games when the teams have almost battled to a draw. Finally as the end comes the ball flies in the air, a breathless moment as it totters on the rim, then drops in for the winning point.

There are the track meets when two runners come down the stretch abreast. With a final and great effort, one man spurts and breaks the tape in front.

There are the baseball games where a man gets up and knocks a home run with the bases full. The opposing pitcher blows up, and the batters gallop gleefully around the bases.

There are the parties, receptions and picnics where everyone enjoys himself to the fullest extent and begrudges the passing of every minute.

There are the cruel examinations that daunt the strongest heart, the long English lessons, and the numerous themes. And last of all, there the hours spent in the study hall.

When all of these things return to our memories it is hard to say good bye to G. H. S., within whose walls and under whose care we had these experiences.

Now, as we go out into the world to our different missions, our one prayer is that our school lives have been such that dear G. H. S. and its inmates will say of us—"Gone, but not forgotten."

CLASS PROPHECY

Strange things happen to us sometimes, and mysterious gifts are apt to fall out of the everywhere" into our hands just when we least expect them. I had just said that I would never again be surprised at anything. But when a newspaper dropped into my lap from the very air about me, I was willing to take back the rash vow I had made, for it was certainly a startling occurrence when I read the name and date, "Goldthwaite High Talk—March 30, 1926, I asked, "Where did this come from?"

I was never one to remain long in suspense when the means of gratifying my curiosity were at hand or obtainable, and I opened the paper hastily; and from the records of thirty years yet unborn here are some of the things I read. I only marked those I thought would be of most interest to you.

"News was received here yesterday that a former student of G. H. S., Sam Rahl, alias Jack Dempsey, the Second, would try for the World Championship in the ring at the hands of a foreigner who has been champion for the last ten years."

"Washington, D. C., March 28—Society column—Senator Horace Cooke visited President Hord at the White House yesterday."

"Mr. W. Hester, a prominent farmer of this county, flew to New York yesterday to buy five new planes to carry his truck products to market."

"We read in the New York World where Mina Steen, the famous American singer, will sing on Broadway Tuesday night to an audience of one hundred thousand

people. She will be accompanied on the piano by the world-known musician, Adiel Wilson."

These are the things I found most interesting to me, so I have passed them on to you and share with you this remarkable find of mine that it may answer for you, as it did for me, the all-important question "What is going to become of the members of the Class of 1927."

STAFF EXPRESSES THANKS

The members of the staff of G. H. S., which is made up entirely of seniors, take this opportunity to thank each teacher for the co-operation and help they have given us. Especially do we thank Miss Whatley for her never tiring interest in this work. She deserves credit for helping us pave the way for a real school paper.

We also want to express our thanks to the Eagle Publishing Company for giving us space in "The Goldthwaite Eagle" for our school notes.

BACCALAUREATE SERMON

The baccalaureate sermon of the Senior Class of Goldthwaite High School was preached by Rev. I. A. Dance, pastor of Baptist Church, at the Methodist Tabernacle Sunday morning.

The sermon was very inspiring. The subject he chose was "Meeting the Flood." The seniors were benefited by this speech, as well as every other person present.

Good Health Requires Good Elimination

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging backache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

Every Nash owner notices that he has very little gear shifting to do on hills, no matter how steep the grades may be. Nash is a very powerful motor car. There is nothing half-hearted or sluggish about its response—the motor never "talks back" at you—even though you are climbing mountains. One reason is the more than adequate power designed into every Nash motor car. Nash engineering has provided reserve energy for situations that tax the resources of other cars, and extend their engines to the point of strain. Another reason for the powerful performance of Nash is 7 bearings. 7

bearings in every Nash model, instead of 3 or 4, means that power is not thrown away by crankshaft "whip." Proper bearing support conserves energy that older motor types waste. Quick acceleration—powerful responsiveness—such as Nash provides, is a safety factor you cannot overlook. It is invaluable on the hills, very handy in traffic. When you select your next car, be sure to see how unfavorably the power and pick-up of other cars compare to Nash, before you decide! There are 26 models priced from \$865 to \$2090 f. o. b. factory.

**LOW RATES
for time payments
on these cars**

ANY FAMILY entitled to credit may buy a General Motors car and pay for it while using it, under the GMAC Plan.

When time payments first became an accepted form of car purchase, General Motors organized its own finance company, the General Motors Acceptance Corporation, to make sure that the sale of its cars on time would be in the buyer's interest and that the finance charges would be fair.

GMAC rates have always been low; and the last reduction has saved General Motors' customers more than \$12,000,000.

The General Motors line includes "a car for every purse and purpose"—a suitable model for every income. You can buy it out of income, paying no more than the cash delivered price, plus only the low GMAC financing charge. And the whole transaction is so conducted as to keep your goodwill and satisfaction.

Santa Fe Economy

Increases Capacity—Decreases Costs

Operating results on the Santa Fe for the year 1926 show, on the whole, substantial improvement over the year 1920 following Government control.

Revenue tons per train mile increased in 1926 to 709.70 tons from 569.21 in 1920.

Average daily movement per freight car increased to 37.01 miles from 31.56 miles.

Average revenue per ton mile of freight decreased to 1.203 cents from 1.316 cents.

Two Items of Economy in Operation Deserve Particular Attention:

FIRST is reduction of "loss and damage" freight.

In the year 1920 this totaled \$2,817,596; in 1926, \$1,350,429. If the rate of loss and damage in 1926 had been the same as in 1920 the total would have been \$3,298,302, or 2.44 times as much as was the case. Loss and damage meetings devoted to careful study and instruction, the co-operation of all classes of employees handling freight, and better packing, marking and general co-operation by shippers have accomplished this saving.

SECOND is conservation of fuel.

In 1920 locomotive fuel cost the Santa Fe \$28,372,475; in 1926 the cost was \$22,604,116.

In 1920 the Santa Fe used 185 lbs. of fuel to move 1000 gross tons, excluding the locomotive, one mile in road service, and in 1926 it used 133 lbs., a saving of 52 lbs., or 28.11%.

In 1920 it used 16.4 lbs. to move a passenger car one mile, and in 1926 it used 13.6 lbs., the saving being 2.8 lbs., or 17.07%.

The total fuel saving for the year 1926 is equivalent to 1,756,180 tons, costing \$7,744,754 at 1926 prices.

This conservation of fuel has been accomplished by a carefully worked out policy of

1. Lengthening locomotive runs, so less fuel is used in firing up and less time lost in cooling locomotives.
2. Reducing train delays.
3. Larger locomotives, bigger trains, and heavier carloads in which shippers have rendered very valuable aid.
4. Using the best fuel saving devices.
5. Morescientific firing and handling of locomotives and trains by the men.

We Ask Your Continued Assistance in Meeting These Transportation Problems.

And we promise you our best efforts to render steadily improved service, although the Full Crew and Train Limit laws in some states limit greatly our possibilities for further economies.

The Atchison, Topeka and Santa Fe
Railway System.**

MARRIED

(The Mullin Enterprise) Jack Calaway was married at Belton on the ninth of May, according to a letter recently received by Mrs. F. A. Leineweber.

The lucky lady was Miss Gertrude Garner of Killeen. They will reside at Killeen where Mr. Calaway has a position with the Santa Fe. He was stationed here some time ago and has many friends here.

IN MEMORY

The sad news of the death of little Kenneth Davis Shuffield which occurred at the family home seven miles north of Wintres on Saturday, April the ninth, 1927, came as a shock to the many relatives and friends of the family here, and elsewhere. Deceased was five years, one month, and three days old. He

was born in Mills County March 6, 1922, having moved to Runnels County in December, 1926.

"Little Davis", as we called him, was thoughtful, sympathetic and kind. His going leaves a sad vacancy in the home where a lonely father, mother and two sisters mourn his loss. To them we commit the thought that the Father loved him more than we, and took him to the land beyond the skies to be with Him until that day comes when you can join him, and there will be no parting there.

Little Davis bore his suffering with patience and he suffered long. He suffered death's cold, icy touch, but now his suffering time is o'er, 'tis rest, sweet rest for evermore.

He loved singing very much. When he first took sick he would ask his mother and sisters to sing for him. One night at bed time he asked his father to sing for him. His daddy said, "Son, what do you want me to sing?" His reply was, "Sing about Jesus." How sad, yet so sweet, to think the thoughts of the child would turn to Jesus in the hour of suffering. Oh, that we might learn the value of sacred song and their soothing power in life, and comfort in death. We know not when the death angel will knock at our door, so let's be prepared to answer the call, for God holds the future in His hands.

Many changes may happen to us as the years swiftly vanish, but the little white form inclosed in the pure white coffin resting so silently beneath the tomb in a lonely grave yard at William's Ranch, near the city of Mullin, will always be remembered. Though the tall grass may grow upon the mound, howling storms sweep across it, wintery snows heap upon it; summers' sunlight will have fallen around it and flowers will have bloomed and faded, yet the sleeper will be unawakened till the trumpet angel shall ring.

We think of little Davis like this. It was just a rose bud that was plucked this time among the sweetest of the floral kind, a little soul filled with heavenly bliss; too sweet to live in a world like this.

It was late one evening about the setting of the sun when the little spirit took its flight away to the realms of love to rest in perfect peace and love.

How sad it was to part with him. It saddened many a tender heart, although we have a promise that we will again meet our darling.

Hark the little voice is calling, "Precious loved ones, follow me, for I've cleared the path to heaven, and the way is bright for thee."

Weep not, dear friends, though your loss is great. Little Davis will wait for you and some glad day on yonder shore you shall meet to part no more.

To George, Alma, Wilma and Lylene, too. Let's live a life that's pure and true, so when we're called up higher we'll go where little Davis and other loved ones are.

Run-Down gave out easily

"My health wasn't any account at all," says Mrs. H. L. Cayton of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough. Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength. Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could not believe that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better."

"Two years ago I decided to take it again. It built me up and made me feel like a different person. It is the grandest medicine for women that I know anything about."

BOTTLED carbonated beverages are ap-
propriate anywhere, at any time.
They're not only good, but good for you.

Scientists tell us, you know, that the sugar in
these bracing drinks, by chemical action, becomes
what they term "invert sugar," a nourishing pre-
digested food. That's why they're so instantly
refreshing. The only other ingredients are pure
water and wholesome flavors. Carbonation gives
that wonderful tangy zest and prevents lurking
germs.

Our beverages are all made in a modern sanitary
plant; every bottle sterilized and hermetically
sealed.

Order by the case and keep a few bottles always
on ice.

ROCK SPRINGS

There wasn't any Sunday School Sunday as most all from here went to town to hear the graduating sermon, and it was the finest this scribe has ever heard. Everything was nice from the beginning until the finish. Our community are very proud of our graduates we have from here, Herbert Cooke, May McNutt, Horace Cooke, and O'leta Daniel. We are especially proud of Horace Cooke, who was valedictorian of the class. He got his foundation here in the Rock Springs school some years ago from our good teachers. You will always find Rock Springs right on the front row.

Our school closed last Friday. We had seven months school. There were four who graduated from here to Goldthwaite High. They were Horace McNutt, Rudolph Cooke, James Nickols and Mary Douglas Forehand. We are proud of these four. It was hard for the children to tell their teacher good bye and especially the four who will go to town next year. Mrs. Ben Forehand has taught our school several terms and she will be our teacher for another year.

Mr. Forehand treated the children to bananas Friday afternoon. Mrs. Trustee can also say they were fine.

Mrs. M. R. Circle and Johnnie Belle dined with Mr. and Mrs. Dan Holland Sunday.

Mrs. Jno. W. Roberts took dinner with Mr. and Mrs. E. L. Pass Sunday.

J. T. Robertson, children and their families spent the day Sunday with their parents.

Claude Fallon and family of Big Valley visited in the Robertson home Sunday.

My! Wasn't the rain fine. It was worth lots to our country.

Mrs. Eula Nickols and Nellie D. Cooke took dinner with Mr. and Mrs. Joe Roberts at Bulls Creek Sunday.

Florence and Ray Stark and Celia Wilcox of Ratler went to Gorman Saturday afternoon after Alice Stark, who has been visiting her sister, Mrs. George Hammitt.

Miss Mattie Elliott, who has been teaching school at Wingate Texas, visited her uncle, Sam Self and wife this week.

There was some interesting games of 42 played Saturday night at Woodie Traylor's.

Mesdames Self and Nickols called on the Eagle Office Saturday afternoon. Mrs. Nickols had some dental work done. They also visited Mrs. Lula Gatlin and Miss Love.

Yes, sir! Busy Bee went to Big Valley Mothers' Day and ate some of the Farmer's wives good cooking.

Last Wednesday afternoon our club boys and the chairman, Mr. Davis of the Dairy, and a few others met at Mrs. Nickols to judge her fine Jersey cows. To their sorrow they sit until almost five o'clock, patiently waiting for our Farm Demonstrator, and he hasn't showed up or even called anyone yet. Now if he makes a few more mistakes like that I'm afraid he will lose his good job. Friday is our regular meeting night and we hope he comes by nine and makes an apology, as we are expecting his help in this good work.

Marion Robertson and wife and Charley Robertson went to Wichita Falls last week and brought Mrs. Charley Robertson home with them. Mrs. Robertson has been in the sanitarium there. Her health is lots better.

Ben Forehand, W. A. Daniel

and E. W. McNutt went in to court Monday morning, but they didn't have to stay.

Well they haven't reached China yet at the oil well. If they have they are keeping it real quiet. If they let Busy Bee know it, it would surely be in The Eagle then everybody would know it.

Mr. and Mrs. J. Frank Davis sit until bedtime Tuesday night with Mrs. Nickols and children.

We had a nice program at the B. Y. P. U. Sunday night.

Miss Celia Wilcox attended B. Y. P. U. Sunday night.

Mrs. Harvey Dunkle of Colorado, Texas is visiting her parents, Mr. and Mrs. J. T. Robertson.

Mrs. Eula Nickols went into town to see the Dallas Boosters last week.

Mesdames Roberts and Circle went to town shopping Wednesday morning.

Phillip Nickols helped to shock oats Saturday and Sunday for Joe Morris down the river.

Howard Stevens spent Sunday night with the Nickols boys.

J. C. Stark has been feeling bad here, of late. We hope he will soon be better.

James, and Shirley Nickols worked for the uncle, Duke Clements in Goldthwaite Monday.

Marion Robertson and family visited Arlie Davis and wife Sunday afternoon.

J. Frank Davis and wife visited in the Robertson home Sunday afternoon.

Everybody has a job of some kind since the rain. Watch the weeds grow!

Mesdames Traylor, Nickols and Forehand, and Mary Douglas Forehand visited Mesdames Robertson and Dunkle last Friday afternoon.

Miss Loduska Laceywell visited Elizabeth Nickols last Friday afternoon.

Busy Bee had a friendly visit and chat with the Eagle office force last week so be sure and read the last two items from here as we are having a double-header this week. Then we hope not to get behind any more. It seems that our getting behind couldn't be helped.

There were lots of people out to the oil well Sunday afternoon. The drillers will be glad to give you the information you "need" to know.

Jim Fallon and family visited

J. T. Robertson and family Sunday afternoon.

The Sewing Bees met with Mrs. J. T. Robertson Monday afternoon, you can't tell me this isn't a good place to live.

Austin Whitt and family are living with W. J. Stark at the present.

Mesdames Self and Nickols and Miss Elizabeth were invited to dinner Tuesday in the Mr. and Mrs. Orby Woodie home in Goldthwaite. Those who partook of the feast were: Mrs. Florence Ellison of Killeen, Mrs. Lula Gatlin, Mr. Oscar and Miss Love. The dinner was fine. Everything from pickles to cake and pie was served. We are all convinced that Mrs. Woodie is a first class cook.

Mr. and Mrs. Claude Eacott of Goldthwaite visited in the W. A. Cook and Mrs. Eula Nickols homes Tuesday night.

Phillip Nickols is helping Marion Robertson farm this week.

Tuesday, Mr. and Mrs. Robertson gave a feast to Harvey Dunkle of Colorado, Texas, Mrs. Maggie Stephens of Indiana, Mesdames Charley and J. T. Robertson, Phillip and Shirley Nickols. From all reports, Mrs. Robertson is one among the good cooks of Rock Springs.

Miss Hattie Elliott left Tuesday morning for her home in Eddy, Texas.

James Nickols worked for Albert Donney Tuesday in Big Valley.

Mr. and Mrs. Will Guynes attended the B. Y. P. U. Sunday night.

The walking beam broke Wednesday morning and if J. T. Stark had been a real tall man he would have been hurt. There is always something for which to be thankful.

Marion Robertson is cutting oats for Frank Davis this week. Who can beat this for news for a busy person.—BUSY BEE.

The World's Lowest Priced Cars with Supremely Beautiful FISHER BODIES!

Chevrolet is the only car in its price class offering bodies by Fisher—built as only Fisher can build, and styled as low-priced cars were never styled before!

Bodies by Fisher are everywhere acknowledged to represent the highest order of beauty, luxury, and safety—and never was the superiority of Fisher craftsmanship more evident than in the Most Beautiful Chevrolet.

Despite the lowness of Chevrolet prices, there is not the slightest compromise in design, construction or finish. All embody exactly the principles employed on the highest priced cars—a composite construction of selected hardwood and steel. All are finished in beautiful colors of lustrous, lasting Duco.

Enhancing the beauty of the bodies themselves are numerous features of distinction previously considered exclusive to the costliest cars—features typified by heavy full-crown, one-piece fenders and bullet-type headlamps.

Only the economies of Chevrolet's great volume production make possible such quality at Chevrolet prices—value so outstanding that comparisons cease to exist. Ask for a demonstration!

FOR WORKING PEOPLE
 The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by HUDSON BROTHERS, Druggists
