PECAN INSTITUTE

On November 15th and 16th there will be a pecan institute at Brownwood sponsored by the Chamber of Commerce.

Substantial prizes are offered for the best individual exhibit, community or county exhibit, best native and named Western varieties, also large prizes are offered for the most profitable tree either native or Western variety. (Entire crop to be shown and affidavit submitted.)

ANNOUNCEMENT

Elder Walter Everett of Lake Victor, will preach at the Church of Christ next Sunday, October 21 at eleven and at seven o'clock. Everybody is invited to be out and hear some real gospel preaching.

Mrs. Harry Parr of Los Angeles, spent last week visiting her mother, Mrs. E. L. Shultz.

Miss Ruby Cobb left last week for San Saba County where she opens her school.

**HOWARD PAYNE BOY
ACCIDENTALLY SHOT**

BROWNWOOD, Oct. 15. —Marion Fields Hines, 17, freshman at Howard Payne College, was accidentally shot late Sunday afternoon by Barman Black, a fellow student, while the two were shooting at targets with small caliber rifles on the Black farm, seven miles from Brownwood in the Ricker community.

A bullet from Black's gun accidentally struck young Hines in the chest, near the heart, and lodged in the back behind a rib. Hines was rushed to a Brownwood hospital and his condition is reported serious. Young Hines is the only son of R. F. Hines, Mills County.

A CORRECTION

Last week the Eagle, in chronicling the account of the district court and incidentally the trial of Bert Mayfield, charged with the murder last summer of Miss Ruby Osborne, stated that a motion was made by the defense that this trial not be broadcast. KGKB had intended broadcasting it. This was an error, according to defense attorney F. P. Bowman. No motion was made and none was contemplated to this effect. The Eagle gladly makes this correction.

C. V. Stephens of Oklaunion, Texas and L. W. Stephens, of Waco, and Otis Stephens of Wichita Falls, brothers of C. L. Stephens of Goldthwaite visited here this week.

Mrs. Jno. Roberts visited her sister, Mrs. Fowler, in Dallas last week-end.

"The New Order."

**"FLAT-HEAD" AND
"SPARKS" ATTEND
THE STATE FAIR**

Gus Oberhaus, radio announcer, and Lea Wilkinson, operator of station KGKB at Goldthwaite, returned Tuesday from Dallas where they claim to have visited the State Fair. Gus proudly announced the fact over KGKB that they were in attendance on Negro Day, and that they enjoyed seeing a negro football game, but from some cause failed to state that they had ringside seats at the dark-skinned bathing girls revue, according to talk that Lee puts on the air.

**KAUFMAN ON JOB
AT CHEESE FACTORY**

The machinery is being installed in the cheese factory. Mr. Kaufman, our manager and cheese maker, is now on the job. He will be glad to have you call on him at the factory and get such information as may be desired as to taking care of your milk, etc. We expect to pay 50c per pound butter fat test for milk delivered fresh at the factory and will be prepared to handle 10,000 pounds of milk daily. We solicit the business of everyone interested in selling milk and will want to line up 100 or more customers who will deliver 100 pounds or more milk each day.

You will find Mr. Kaufman an experienced man in this line of work and a man who will give you fair deals in every way. He will appreciate your coming and in getting acquainted with him, then make arrangements to begin delivering milk the first day the factory starts operation.

Earnestly soliciting the cooperation of the farmers and milk producers of this section, we are sincerely,
MILLS COUNTY CHEESE
AND BUTTER COMPANY

Misses Laura and Lizzie Virden visited the Fair at Dallas last week.

SCALLORN

Editor Eagle: I will send in a few items as I have not seen any news from this community in some time. Everyone has been busy in the cotton fields, and sowing grain. Most all the cotton is out.

School started Monday. Miss Kuykendall is teaching the school again this year.

We are having a good rain this morning (Tuesday) which we were needing on the small grain.

Minea Hall returned Monday from the convention in San Antonio.

Will Fox and family from Lampasas, spent Sunday in the R. D. Evans home.

Ed Evans has been home from the sanitarium some three weeks. He is improving fast and is doing fine.

Frank Hines and family were called to Brownwood Sunday to be with their son, Fields, who was accidentally shot by one of the Black boys. He is in the hospital where his condition is reported serious.

Albert Herford and wife, and daughter, Dorothy, spent Sunday with Mr. and Mrs. R. D. Evans.

**REV. W. E. HAWKINS
TO BROADCAST OVER
KGKB NEXT WEEK**

Rev. W. E. Hawkins, known as "Radio Revival Hawkins", who is conducting a revival meeting at Moline, will give a series of lectures over KGKB from 12:00 to 1:00 o'clock beginning next Tuesday at noon. Rev. Hawkins is conducting services at Moline at the 11:00 o'clock hour and at the 8:00 o'clock hour now.

**CLAUDE HOLLY OF
QUITAQUE BECOMES
SECRETARY C. OF C.**

Claude Holly, son-in-law of Mrs. Eula Nickols, has been employed as secretary of the chamber of commerce and also city secretary at Quitaque, Texas. A photograph of Mr. Holly recently appeared in the Fort Worth Star, Telegram.

C. D. McLean presented the Eagle with several of the biggest peaches we have seen this year. These are the Chinese Cling variety and prove conclusively that good October peaches can be raised in this section.

Watson Ross and Swamper, Homer T. Irvin, and O. R. Ervin and Swamper, Jesse Hunt, spent the week-end in the city of Mullin.

Mrs. Annie Weatherby of Brownwood spent Thursday in Goldthwaite.

Misses Hazel Fulton and May Virden returned home safely Sunday morning from the Big Fair at Dallas. We suppose the girls had a fine time, although their throats appear to be sore from looking up so much.

Mrs. LeRoy Crosley returned last Sunday from a visit with her parents in Valley Mills.

Mrs. Dora Morris was in Dallas the past week visiting the Fair.

**SANTA CLAUS COMES
—TO THE STATE FAIR**

Through the munificence of a philanthropic Dallas citizen, any child attending the State Fair of Texas, October 20, whether accompanied by parents or not, will be passed through the gates for a nickel and will be admitted to the Grand stand, and to any of the shows or rides on the grounds for a nickel each, up to six o'clock p. m., according to Harry Olmstead, president of the State Fair.

"The Desert Song" is not included in the bargain rates.

LAKE MERRITT

We are very proud of the little shower of rain we had Tuesday morning as it will help our "turnip patch."

Burton Leverett returned Tuesday night from the Dallas Fair. He reports a fine time and lots of people there.

Mrs. Baker's mother is spending a few days with her.

Several of the young people of this community enjoyed the birthday party in honor of Gladys Brown and Marie Stuck Saturday night at W. L. Stuck's.

Our school started Monday and we hope to make it the best school in the history of Lake Merritt. Let's all boost it and help the teachers. I know we will have a good school.

Claud Price has been visiting John C. and R. D. Price the last few days.

Miss Gladys Brown spent Saturday evening with Marie and Faye Stuck.

Mrs. J. M. Baker called on Mr. Wallace Leverett Tuesday evening.

Mrs. John Busby of Weesatche, visited relatives here last week.

Miss Pauline Dalton of Howard Payne visited home folks last week-end.

Dr. C. L. Oquin of Weesatche, visited in the Walter Weatherby home.

Miss Velma Barrington of Crosbyton, returned home after visiting here several weeks.

**SCHOOL BOND PLEC-
TION CARRIES BY AL-
MOST THREE TO ONE**

An election for the purpose of authorizing the board of education of the Goldthwaite Independent School District to issue bonds to the amount of \$200,000 for the purpose of constructing a new grammar school building carried last Monday by a vote of 313 for and 109 against, making only nine votes of carrying three to one. When the results were in, proponents became enthusiastic and staged a parade, in which 55 or 60 cars participated.

The present grammar school is inadequate and very dangerous. The tentative plans are for a one-story building of the most modern design costing approximately \$37,000.00.

THE DRUGGIST

Faithful and kind, day after day he stands, A quiet figure in a busy street, His work knows no surcease, His deep eyes greet

Each waking dawn that breaks upon the sands Of ceaseless time. In his steady hands are put the implements that still the fleet and swift retreat of death.

Of pain moves with the power that he commands. An complaining man he leads to give you aid.

Hence in many ways to ailing ones, Cheer to the languish and a new will to live.

New hope where sluggish life's fluid runs, Unmindful of night's leaden feet, he does not swerve From his appointed task. He lives to serve.

This is Pharmacy Week, October 14 to 20th, and recognition is due to the men and women who seem to work all the time behind counters and partitions in the service of a most unappreciative public.

"The drug store is an American institution. All druggists are philanthropists, sometimes of the high school—and small wonder. O. Henry began his life as a drug clerk, and he took the trade later into his work. Other men of leadership have begun the same way. A pharmacist must know everything, from the highly skilled compounding of a vital prescription to the best brand of lipstick. He must have a marvelous memory, or the names of all the proprietary medicines he sells would not be on the tip of his tongue. He knows all the neighborhood gossip, and mostly keeps it to himself.

In a small town he is a figure of influence, known to all. His title of 'Doc' he wears becomingly.

"Drug stores have figured in national life. The Scopes evolution case, that had the world standing on its head for awhile, started in one. Behind more than one prescription partition vast political schemes have been hatched. Lincoln did not disdain to foregather with cronies behind one in Springfield. Soda fountains today dominate the beverage industry and 'soda jerkers' run off with rich widows.

"Drop in and see your druggist this week. He is a good fellow."

Robert Steen, Sr., is visiting with his brother John Steen of Plainview and Isaac Steen of Floydada.

NOTICE

The people of Star will work the cemetery at Hurst Ranch November 12. Pinety of dinner. Don't forget it.

Word received here from Howard Payne College, Brownwood, Texas, states that Miss Eloise Kyle of Goldthwaite has been named on the honor roll for the first month's work of the fall term. At the end of each month, so the report states, a check-up is made on the students, and those meeting certain requirements are placed on the honor roll for the month.

According to the report, 11 Seniors, 10 Juniors, 8 Sophomores, and 15 Freshmen were placed on the honor roll for the first month's work.

Only a certain percent of the students make the honor roll, and it is indeed an honor to have one's name mentioned

as one of those select few. Miss Kyle is a freshman in Howard Payne College, and the report states that she promises to become one of the most popular students in the school. This is just another case of ambitious youth making good.

Are You Overdoing?

Overwork Throws a Heavy Burden on the Kidneys.

OVERWORK, rich foods and stimulating drinks put extra burdens on our kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one languid, tired and aching, with dull headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions.

Use Doan's Pills. Doan's, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor.

DOWN AND OUT is often the fate of the man without proper business training. He might better be a common laborer than a half-instructed aspirant for an office position, at a single course in our commercial school will give him both ambition and confidence, because of the practical knowledge so easily acquired.

Figuring ahead...

...and getting ahead

YOU can save money on your Cow Chow bill this fall and winter by following this plan—

1. Figure ahead how much Cow Chow you will need for the whole winter.
2. Let us give you a price on your winter needs. We can save you money on quantity orders.
3. Arrange to take it off the car as you need it. That will save you what we would otherwise have to charge for handling, hauling and storage.

FIELDS HINES, EX-STUDENT, IS SHOT

News was received here to the effect that Fields Hines had been seriously injured yesterday afternoon, when a small rifle, presumably a 22-calibre, was accidentally discharged, the bullet taking effect in his chest. He was immediately rushed to Central Texas Hospital at Brownwood for treatment. No report has come to us from the hospital.

Fields graduated here last year with high honors, and was one of the foremost and best-liked in the class.

We take this means of expressing our sympathy, and sincerely hope he will soon be well again.

PARTY FOR FOOTBALL BOYS GIVEN FRIDAY

Last Friday night the Pep Squad girls entertained the victorious football boys with a party at Bernadine Rudd's.

On entering the house we were served with delicious punch and entertained with music on the piano and the victrola. Later we assembled in the house and were served with delicious ice cream and cake.

Those enjoying the party were: Lois Keese, Paul Johnson, Eloise Kyle, Millard Evans, Annigene Johnson, Billie Big-ham, J. D. Brim, Chester Head, Talmadge Head, Jack Welch, Kathleen Keese, Maadia Wilson, Belya Obenhaus, Dee Dennis, Doris Oden, Hildagene De Wolfe, Mary Alice Weathers, Myra Nell Johnson, Edward Dalton, Weldon Jones, Beatrice Hendry and Bernadine Rudd.

EAGLES VICTORIOUS OVER LOMETA TEAM

The Goldthwaite High Football Team played the third game of the season last Friday, and won the game with ease, the final score being 20 to 0. This victory over Lometa will surely encourage the Eagles to win the next game which will be played at Fair Park with the same team.

The Eagle line-up for the game last Friday was:

W. Locklear—left end.
C. Head—left tackle.
W. Jones—left guard.
E. Dalton—Center.
E. Smith, C. Ducey—right guard.

J. Welch, T. Head—right tackle.

F. Brown—right end.
H. Ducey—quarter.
H. Blackwell—full.
P. Johnson—left half.
M. Evans—right half.

The game was well played by both teams, and was a hard fight from the beginning.

The big thrill came in the second quarter when Evans broke loose for 65 yards for the first touchdown of the game. Then in the third quarter Johnson received a pass thru the line and ran for a touchdown. He again made a touchdown in the last minute of play. Extra points were added by Evans and Ducey respectively.

Coach Springer is getting the boys in excellent shape and they will be in much better condition for the game Friday. It will be a tight game and all who love the game are expected to be out and see the local boys "do their stuff" on the local field.

SENIOR REPORT

Leota Simpson went to the Dallas Fair last week-end, and visited Frances L. Geeslin and Christine Milton in Arlington.

Frances Page went to San Saba and saw "King of Kings" Wednesday night.

Several of our ex-students visited with us Monday Garetta Little, Ruby Lee Dickerson of Southwestern and Ernest Linkenboger and Jack Locklear of Daniel Baker. We are always glad to have any of our old students to visit with us.

SOPHOMORES

Last week, being fire prevention week, the sophomore class and all others were busy writing themes and making posters. Some of the ninth grade girls have made some really attractiveness. I only wish you could see them. I know you would think more of Fire Prevention afterwards.

It won't be long now until we will be getting our report cards. That reminds me of a joke I read the other day. A college student wired home after mid-term exams, saying: "Failed in all five subjects. Prepare papa." He received the answer: "Papa prepared, prepare yourself."

We hope though, that none of the students will be treated as this young man was.

CHAPEL PROGRAM

The Chapel program Monday morning was conducted by Mrs. John Berry.

Piano Duet—Mrs. John Berry and Lora Horton.

Songs—Mrs. Sam Sullivan.

Piano Trio—Geraldine Hester, Mary Ellen Trent and Aliene Dickerson.

JUNIORS

The Juniors met last week with Mr. Miller and attempted to decide on a class pin. Every member of the class is eager to get the order off.

As you all know, last week was Fire Prevention Week. We have much Fire Prevention work which could be done right here in our own little town. We all know that the grammar school building is nothing more than a fire trap. We are all in favor of the proposed new school building.

FRESHMAN NEWS

All the fish are very eager to have a new school building. Ethel Tyson enrolled this morning and everyone are very much pleased to have her with us, and our roll is now extended to 48 snappy members.

Tessie Swanger attended church at Mullin last Sunday evening.

Lillie Dale Johnson went to the football game last Friday afternoon and reported the game to be an interesting and exciting one.

Ina Mae Hill spent last week end at Trigger Mountain.

Wayne Locklear and Chester Head played in the game at Lometa last Friday and we fish are certainly proud of them.

BASKET BALL GIRLS

The basketball girls are practicing very hard each day at noon. About 18 girls are coming out and we are planning to have two good teams. We are planning to play Lometa Friday, October 19th, here at the high school building. Every body come and boost for the home team.

FOREST FIRES

Fire under control is man's most helpful friend. It provides heat in the winter, cooks food and furnishes power for the industries. When fire is not under control it is man's most harmful enemy. It destroys homes, lives, forests, and is a tagging, uncontrolable enemy.

When bells clang and sirens shriek as the fire-fighting apparatus sweeps through the streets there is excitement and thrill as the engines dash by. But the average fire is practically nothing compared to the roaring sweep of the flames through a forest dried out by the hot summer. In the history of the United States more timber has been destroyed by fire than has ever been put to use.

In the year nineteen twenty-four it is estimated that twenty nine million acres were swept by flames. In the same year there were ninety-two thousand forest fires in the United States. This was at the rate of two hundred and fifty every day. A large percentage of these were caused by carelessness on the part of tourists and campers.

Every year there is an increased call on forests for more wood to replace the millions of dollars' annual loss from fires in the cities. Every year

a great effort is made for better protection to prevent fires. This campaign is at its height during "Fire Prevention Week." In this campaign of education every means man can think of is used. Signs are painted on the sidewalks, school children are enlisted, civic organizations hear speakers, the radio is called into action, in the endeavor to cut down the millions of dollars annual fire loss. The same must be done for Nature's greatest gift, man's greatest friend—the trees.

Thousands of boys and girls in our country are Boy Scouts, Girl Scouts or Campfire girls. They are protectors of the forests. They know its love and realize its value. In many cases the Boy Scouts have fought forest fires.

A forest fire due to carelessness is waste of the worst kind. Forest fire waste affects the corner stone of all industry. Therefore man should help prevent forest fires.

WILSON SISTERS GIVE INTERESTING PARTY

Saturday night, October 13, the Wilson sisters gave a Halloween party. The invitations which were printed on orange cards, requested everyone to come costumed and masked.

Upon arrival the guests began a contest to find out "who was who." Much fun and laughter ensued before all were unmasked. Several games were played upon the lawn, which was very picturesque with its yellow jack-o-lanterns and witches pots.

The host then led the way to the living room, which was beautifully decorated with

yellow and black streamers, pumpkins, skeletons and black cats. A delightful program was enjoyed by all. After the program punch was served to the guests by Frances Elaine, Wilson and Gloria Mignon Armstrong, who were dressed as Colonial coquette and gentleman respectively.

The guests were told to form in line and march into the room of horrors. The room of horrors was filled with inky blackness. Adiel drawled out the story of her old black cat which died and later she passed its remains around, to the horror of all the guests.

The contest of "pinning the cat's tail on" and other contests ensued.

The guests were told to form on the lawn. Everyone had a piece of paper and a cat's tail pinned on his back. A circle was formed and the guests were told to continue to march and at the same time to draw a cat on the back of the one directly in front of him. There was much fun and laughter attached to the contest and after much consideration, the prizes were awarded to Kathleen Cockrum and Jessie Neal who proved to be the best artists present.

A contest was held to determine the ugliest boy and prettiest girl. It fell to Wardel Creamer to be awarded the prize for being the ugliest boy, while Wilma Dennis was proclaimed the prettiest girl.

After many more games and contests the guests were told that the old witch had visited the lawn. The guests made a rush for the lawn where they found the witch's pot filled with chili. Unique cups of chili and crackers were served to about fifty guests.

POULTRY AND ORPHAN CHILDREN

For several years the women of the state have been sending poultry to Buckner's Orphan's Home at this season of the year. Such work has resulted in great benefit to Buckner's Orphan's Home in that the children have chicken dinners just like other folks and in that a great saving in the purchase of meats has been effected.

We have cold storage where we keep such poultry as is sent us in the fall and winter until every dressed fowl contained therein can be wisely and economically used.

The women everywhere over the state are urged to help us as much as they can by sending coops of chickens.

And may heaven richly bless you all!

Yours for the happiness and welfare of orphan children.
Hal F. Buckner.

We plead with every Baptist church in Mills County to help the Buckner's Orphan's Home by contributing a coop of chickens. We expect to ship the chickens on or before Thanksgiving.

Yours truly,
MRS. W. B. JACKSON,
Chairman.

THE CHURCH OF THE NAZARENE

We are glad to report that our special program was a good and successful one. Then our District Superintendent, Rev. O. F. Hatfield of Waco, was with us Sunday morning and preached a good sermon to the delight of all. Sunday evening Sister Hatfield gave an address on India, in which she gave us the difference in the Christian religion, and the Mohammed and Hindu religions. Had you heard this message, you could but appreciate the liberty of our own country, and especially the freedom of the religion of Jesus much better than before.

Our crowds were much larger both morning and evening than usual, notwithstanding the coming of our Superintendent and wife was not known until just when they arrived in time to preach at 11 o'clock.

Monday evening we had the annual meeting of the church, which was presided over by the superintendent. Our showings reveal that we have made some progress during the year, for which we are thankful first to God, and second to the people, both of our congregation and those of our new made friends of the town who have by their material aid, friendship and good will, helped us to be a small blessing to our community and town.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies which attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough movement without forming a habit or even increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

TO THE COLLEGE DROP OUTS

There may be any number of reasons why it was impossible for you to continue your college work this year. If you are one of those who had to drop out for any reason whatever, are you going to hoist the white flag and acknowledge defeat? Not on your life you are not. If you give up now you are defeated.

Why not do this: enroll immediately with us for an all-round business course. We have a very special proposition to offer as many as fifty young men and women if quick action is taken which will enable you to pay for your course with the use of your course. A special plan has been consummated to help young ambitious boys and girls, young men and women through our school. If you should want to go on to the university or some other school of higher learning the work done here in most cases will be recognized, and with your business training you may work your way through the university or if you prefer will be placed by our Employment Department in a position as quickly as you graduate.

You can complete a business course here with a small outlay of money and your success is almost as sure as the rising of the sun. By enrolling immediately you will almost be ready for a nice position by the first of the year.

Write your name on the coupon below and send it to us quick. Our special plan will enable us to accommodate only a limited number.

YOUR DRUGGIST Is More Than a Merchant

TRY THE DRUG STORE FIRST

IN MEDICINES QUALITY IS OF FIRST IMPORTANCE!

Any man should buy as cheaply as he can—there is no denying this fact. and it applies to drugs as well as any other class of merchandise. But the druggist is different from other merchants in this—that he should never sacrifice quality to get a low price. Cheap dress goods, or cheap shoes, fill a real need, but there is no place for cheap drugs. In treating disease the best is none too good. You want to take no chance with human life or health. You have to hit the bull's eye every time—but it takes money to turn out biologicals or pharmaceuticals as they should be turned out. Money and time and equipment must not be spared in an effort to make remedies which can be counted on to render the best possible service in the battle with disease. Nothing is too expensive when human life is at stake.

We invite you to come to our drug store, inspect our labels. You will find our drugs are prepared by the most reliable drug houses in the world—we use only the best. Quality comes first here. Our drugs are properly kept and dispensed by a graduate pharmacist. Our biological line is complete and kept on ice. All drugs are weighed on accurate balances.—Every precaution is taken to protect your health. Your doctor's prescription will get the desired results if filled here.

BIG VALLEY

This has been a rather freakish year for the farmer. Some have had a half bale of cotton per acre, some a third, and some a fourth. The farmers are about through with their cotton now, and can turn their attention to sowing grain and gathering pecans.

Mr. and Mrs. Alfred Johnson from San Saba spent the week-end with her parents, Mr. and Mrs. Charlie Miller.

Miss Esthey Buchanan is on the sick list this week.

Miss Loraine Dewey left Sunday afternoon for McMellon community in San Saba county, where she began her school Monday.

Mrs. Ben Long spent last Wednesday in town visiting her daughter, Mrs. Dee Hartman.

Mr. and Mrs. Dan Long of Midland are visiting relatives and friends in our community this week. They report that they like the west fine. We are certainly glad to have them with us again.

We are glad to report that Grandmother Robertson is doing some better. She doesn't seem to suffer much and we hope she will soon be up again.

Miss Mary Cockrell spent Friday and Saturday with Miss Bess Hutchings.

Miss Norma Lee Webb came back Saturday to attend school here. She is staying with her grandmother, Mrs. F. L. Hartman.

Miss Eloise Kyle, who is attending school at Brownwood, visited her parents, Mr. and Mrs. Matt Kyle, this week.

Mr. and Mrs. J. J. Cockrell and family visited in the T. P. Reed home Sunday.

Mrs. Eric D. Roberson returned to Brownwood Sunday, where she is taking treatments.

School opened Monday with an average attendance. We are hoping for a fine school year. Our teachers for this year are Mrs. E. D. Roberson, Ralph Fisher and Miss Winnie Brown.

Mr. and Mrs. Glenn Johnson spent Sunday with her mother, Mrs. Nath Goode.

Mr. and Mrs. Raymond Watkins of Brownwood were visiting her parents, Mr. and Mrs. Bill Griffin, this week.

Miss Loraine Dewey attended institute at San Saba this last week.

The Weaver boys and Connie Knowles enjoyed the Sunday afternoon at Hue Smith's listening to the radio program over KGKB.

Bill Forehand of Midland is visiting in our midst. We are always glad to have our friends with us again.

A. G. Purdy was visiting in the Valley Sunday.

Mr. and Mrs. Moore of Eastland were visiting her parents, Mr. and Mrs. G. A. Buchanan, this week-end.

OUR TOWN

NOTE—This paper was read to the Self Culture Club by Mrs. John Berry, Jr.

"Breathe there a man with soul so dead who never to himself hath said, 'This is my own, my native land!'"

Have not some of us as we go about our daily tasks, and come in contact with our fellow citizens around us, made mention of the fact, that this is our own town, and that we are

proud to be a citizen of such a prosperous and wide-awake community? If we have not voiced our opinion of our town we have certainly not given consideration to its growth and welfare and we say in our hearts to speed the day when we shall have a town built on a modern scale, that will cause any stranger who passes through our city to stop and exclaim over its wonderful buildings and beautiful surroundings.

But first let us stop and consider what makes a town progressive. Is it money, fame, time, social, political or religious standing? Yes and no, we will answer. The things we mentioned do go to make up for the progressiveness of a town, but the one great factor in the birth of a modern town is the spirit of co-operation.

There are some of us who are very favorable to co-operation as long as others co-operate with us, but we are less than favorable toward it when we are required to co-operate with others. Does our town suffer from the lack of co-operation? Yes. That is one thing that is holding Goldthwaite back today. If we would worked together in the wonderful spirit of co-operation, we could have modern things like other towns of our size already have. There are other things our town needs including new school buildings, churches, a city auditorium, a town library, a better sewerage system, water, paved streets, parks, playgrounds, and many other things that we could mention.

We have a wonderful citizenship in our town, as good or better than you will find anywhere, but the difference is that the people cannot see the needs of our town in the same way.

Our town, though, is coming to the front in the last ten years, and is realizing its needs. A modern cheese factory has been built on the outskirts of the city and will be in operation by November 1st. Goldthwaite boasts of a radio station, the only one in Texas and perhaps in the United States, owned by a weekly newspaper.

We have a court house that cannot be excelled in style or finish anywhere in the southwest. There are many things that I could enumerate that we

have, but time and space forbid.

But in closing my I add that our town does co-operate in the observation of civilized decencies and is fast working up to its need as a modern town.

ATHENS CLASS

The regular business and social meeting of the Athens class was held on Monday evening, October 8th in the class room.

The "Athenites" always enjoy eating so much that due time is allowed for this feature, so refreshments consisting of all kinds of sandwiches imaginable, plenty of them, and delicious punch were served. This puts a group of people in a better and happier frame of mind so that transacting of business is more pleasant. Our teacher brought out the point in the class one Sunday morning so we will put our readers wise to the fact that directly after meal time is when one should go to the First National Bank for a big loan.

The scripture lesson for the evening was read by Mrs. Gartman, after which Mr. Harrison led in prayer. Miss Bernadine Rudd, who was an appreciated visitor, then gave two very interesting readings, which all enjoyed.

With the president, Mrs. Cockrum, in the chair, the business of the hour was carried on in a very creditable manner. Reports from different communities were heard and a summary of everything showed that the year just passed had been a very profitable one, and a very helpful one, not only to class members, but to outsiders, who have received words of cheer and various acts of kindnesses from different ones of our number. We want "our light to shine" by the deeds

we do.

Election of officers was the next in order of business, and Mr. Henderson, as chairman of the nominating committee, made the report and moved its adoption. Motion was seconded and carried, so our officers to carry on another year's work are:

Mrs. Jim Cockrum—President.

Mrs. Walter Fairman—1st Vice President.

Mrs. W. A. Richards—2nd Vice President.

Mrs. D. H. Harrison—3rd Vice President.

Mrs. Otto Simpson—Sec-Treas.

Mrs. Jno. Jackson—Assistant Sec-Treas.

Mrs. Fred Martin—Reporter.

Mrs. Toland and Mrs. Laewell were again elected to be in charge of the "Ever Ready Fund" as they proved to be so efficient at that task last year.

With such a teacher and corps of officers the class can't and won't stand still, but will move forward in a bigger way and do greater things than ever before.

Our president and teacher both made speeches and were really very clever in doing so. They, in a way, seemed to appreciate their re-election as it was revelation to them as to their standing among the members. And, as Mrs. Cockrum intimated in her witty remarks, they expected it. She kept the crowd in continuous laughter, and (as I might say, tears from

having laughed so much). We might look the world over and not find two so well fitted for their respective places.

The Carnation plan was again adopted for a period of three months as a means to create interest among members and to get our absentees back again. It was a regret that every one was not present to enjoy this evening's entertainment. Make your plans to be with us in the class every Sunday morning from now on.

Teacher and President were each presented with a lovely gift as a token of appreciation for their work with us.

In watching Mrs. Cockrum as she goes about her busy life, always doing some little act of thoughtfulness for others, it is the desire of each member to acquire, at least, a bit of this admirable trait and make our lives follow the lines of the poem:

"Have you had a kindness shown,
Pass it on;
'Twas not meant for thee alone
Pass it on;
Let it travel down the years,
Let it wipe another's tears,
Till
Heaven the deed appears—
Pass it on.

Did you hear the loving word?
Pass it on;
Like the singing of a bird?
Pass it on;
Let the music live and grow,
Let it cheer another's woe,
You have reaped what others sow—
Pass it on.

Suffering With SICK HEADACHES

Mr. Charles F. Todd, of Estesburg near Waynesburg, Ky., says:

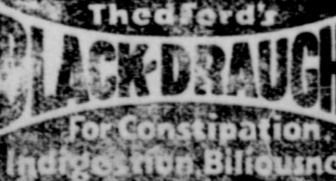

"I was suffering with nervous headaches. About once a week I would have these headaches, and have to quit work, and go to bed for about twenty-four hours. I would have pains in my neck, and right behind my right ear.

"A merchant at Estesburg told me to try taking Black-Draught, which I did.

"It relieved me. From that time on, I would take Black-Draught as soon as I felt like I was going to have one of those headaches—and they would come on.

"Every few weeks, I take three or four doses of Black-Draught, and I feel so well, and do my work, and don't lose any more time with headache."

WHY NOT BELIEVE

When wife or I, and sometimes both of us, had to be up hours and hours every night for nearly ten years with our boy with Asthma, and after trying everything we were advised to do by our Medical Doctors, we found no relief or cure for the Asthma.

Finally we took the boy to the Fakir at Goldthwaite. (That's what the M. D.'s called him, but he calls himself a Chiropractor.) Anyway after the 10th visit we have had over 10 months of peaceful sleep, and so has the boy. It may not be entirely cured but the re-

sults that we have attained we can assure you people of the whole world, we don't regret the time and expense of going to the Chiropractor for three months, and if it ever comes back on him we will have just little enough sense to go back to the Chiropractor.

I had the Sciatica Rheumatism so bad I was drawn stiff at times and the spinal adjustments stopped that too, and my wife got down with the flu and Chiropractic proved to be good for her also.

I repeat gladly, "Take Chiropractic first, and there'll be no regrets."

From experience I haven't had any.

**The Farmer Finds
A Real Champion**

Governor Smith's speech on the farm question at Omaha, has set the western prairies on fire with enthusiasm for the Democratic candidate. That in Governor Smith the farmers have at last found a champion who is jumping into the fight for agricultural justice on their side is the keynote of all unbiased comment coming from the Western states.

Governor Smith went to Omaha, in the heart of America's great farming empire, to tell the farmers that he is prepared immediately on election to take the leadership in getting the kind of agricultural legislation they have been vainly demanding from the Republicans for the past eight years. The response to this offer of friendship and action has been electric.

The people who till the soil and supply the nation with its food are now assured that if Governor Smith is elected they will see the standard of "Equality for Agriculture" hoisted to the flagstaff of the White House. They are expressing their enthusiasm in no uncertain terms.

Especially telling has been the contrast drawn between Governor Smith's pledges for the farmer and Herbert Hoover's policy of evasion. Hoover's hostility to Agriculture has been well known even since his days as war time Food Administrator. Now as Republican candidate he is trying desperately hard to cover up his bad past record, but his heart remains the same as before, and his only plan to solve the problem of the surplus crop is to starve the farmers out until there is no more surplus.

On such cruel and unjust policies, Governor Smith has turned his back. He offers the farmer prosperity and equality through the McNary-Haugen principles and the farmers are showing that they know him now as their best friend and chief hope.

**Your Vote—
And Your Radio**

Your vote will not make you a king. But it will, if used intelligently, give you rights and privileges which you do not now enjoy.

Your vote, with the votes of your fellow citizens, can bring about conditions which will make your home a happier one, it can enable your children to get a better education, a better chance in life. You can use it, with other clear-sighted men and women, to shorten your working hours, to increase your income, to decrease the cost of living. You can make it bring you the full value of your crops.

As a voter, you are today in an advantageous position. By turning the dial on your radio set, you can bring into your own living room the voices—and the opinions and experience—of the Nation's most distinguished speakers, thinkers and legislators. You can hear them discuss the candidates and the campaign issues.

You will want to know why so many eminent business men, educators, social workers, philanthropists, labor leaders and farm experts are breaking party ties to help elect "the most constructive, fearless, honest and human candidate since Lincoln."

You will want to know—and he wants you to know—his record and his pledges on the issues which are of vital importance to you—such issues as farm relief, the tariff, labor legislation, educational reforms, the correction of laws which cannot be enforced.

A gigantic radio hook-up has been arranged to give you that information. From scores of radio stations, six times each week, will come informative talks which will acquaint you fully with the tremendous questions to be determined by this election.

These radio stations are listed below. The schedule will be followed until election day. CUT OUT THE LIST. KEEP IT NEAR YOUR RADIO. BE SURE TO LISTEN IN. Know what you are voting for.

Farmers Endorse Smith, Condemn Hoover

DES MOINES.—Another Western farm organization, the Farmers' Union of Iowa, with 15,000 members, has come out for Gov. Smith. Unqualifiedly endorsing the Corn Belt Committee resolution endorsing the Democratic platform and candidate, despite an earnest plea for Hoover by Senator Brookhart, it adopted a resolution which said: "The nomination of Herbert Hoover, pledged as he is to carry out the Coolidge policy and with his record of injustice to Agriculture, should be resented at the polls by every farmer of the Middle West."

PICTORIAL LIFE OF HERBERT HOOVER No. 5 By Satterfield

1. After the death of Herbert Hoover's mother he went to live with his Aunt Millie in Cedar Rapids, Ia. 2. He was now ten years of age—old enough to assume an important share in all manner of farm work.

3. In winter Herbert and his cousin rode horseback to school two miles away. 4. The future engineer constructed a mowing machine out of an old cross-cut saw, using a heater for power.

**DOES HE BELIEVE IN
ADVERTISING?**
There was a man who said
he did not believe in advertis-
ing.
He is a married man.
When he was young and gay
he had a sweetheart.
She became his wife.
He is happy now.
But how did he get her and
why?
He advertised.
Not in magazines or by join-
ing a "Lonesome Club."
But he advertised just the
same.
He "showed off" at picnics;
did stunts of physical skill
where she could see.
His trousers were always
pressed when he went a-court-
ing.
His tie was the latest hue and
pattern.
He talked big, brave things
in her presence.
He told her of the little home
they could acquire, and how it
could be done on his salary.
By this time she had answer-
ed "Yes". She knew who he

was, where he was, and what
he was worth financially and
morally.
By his "advertising", her at-
tention was directed to him,
she knew all about him, and
she was convinced of his value.
She simply "answered his
ad."
Both are happy now, and
both have profited by the trans-
action.
He simply "let her know
what he had to offer."
Advertising simply letting
the world know what YOU
have to offer.
Newspaper advertising is the
best way to do that.

**WORMS MENACING TEXAS
POULTRY**
When the poultry flock gets
to looking dull and unthrifty
and the combs and wattles be-
come shriveled, rough and
colorless, the flock is more than
likely the victim of worms.
Such infestations have spread
to such an extent that worms
are now considered one of the
greatest handicaps to profit-
able poultry production in
Texas, and E. N. Holmgreen,
Poultry Specialist in the Texas
A. & M. College Extension Ser-
vice has made their eradication
his major project with county
agents this year.
"A severe infestation," he
says, "may altogether stop
egg production, for worms
slowly poison the birds, in-
flame their intestines and some
times completely clog the in-
testinal tract. Worms so lower
the vitality of the flock as to
make it the easy prey of such
ailments as colds, roup and
chicken pox."
Round worms are much more
common than tape worms but
both species are best controlled
by preventative sanitary mea-
sures such as sanitation of the
soil around poultry premises
by plowing at least three times
a year; cleaning dropping
boards weekly and poultry
house floors monthly; and by
avoiding dirty, sloppy water
vessels and wet grounds on the
poultry premises. Feed troughs

should be designed to keep
birds from getting in with
their feet and from standing
where droppings fall in the
feed. Since young stock is
more easily and fatally affect-
ed than mature birds, brooder
houses should be located on
grounds separate from the
rest of the flock and pullets
should be wormed before plac-
ing them in the laying houses
with the older birds.
"While preventative mea-
sures are most effective," Mr.
Holmgreen says, "an infected
flock may be freed from round
worms by mixing two pounds
of pulverized tobacco (1 1/2 to
2 percent nicotine content)
with each 100 pounds of mash,
and feeding this mixture to
the flock for three weeks. The
tobacco should then be stop-
ped for three weeks and then
fed again for the same period.
For tape worms the best rem-
edy is one No. 000 capsule or
tablet of kamala to each fowl.

For chickens under three
months old the dose is reduced
one half and for turkeys two
capsules or tablets are given
for grown birds and one for
poulters."
More detailed information
as to damage, symptoms, pre-
vention and treatment are
contained in C-69 "Common
Worms in Poultry," which may
be obtained by writing the
Extension Service, College
Station, Texas.
The pupils round the High
School are rejoicing over the
kindness shown the Gold-
thwaite Schools by this com-
munity in putting over the
election for a new school build-
ing.
This great majority seems to
be a step toward progress for

BRUCE BLAUVELT DEAD
One of Lampasas' oldest
and most respected citizens who
died October 8, 1928. He was
born July 8, 1848 in Carlton,
Mo. From there he moved to
western Kansas and from there
to Lampasas county, Texas, lo-
cating 5 miles from what is
now Lometa.
He was married to Delila
Augustine Miller on March 9,
1878, who survives him. He is
also survived by seven child-
ren, Mrs. L. W. Benson of Gold-
thwaite, D. C. Blauvelt and

Blauvelt of San Angelo.
About four years ago he
fell and broke his hip and has
been confined to his bed con-
tinuously since that time. All
that loving hands could do had
been done all through these

years, but the grim reaper,
whose call we will all have to
answer, called him on. He
was buried in the Center cem-

WHEREVER Summer traits may lead

Swift, eager miles—smooth, soaring mastery of the hills—all the keen satisfaction of driving a car that fairly out-performs all its past records, is yours with the new and better Texaco Gasoline.

For the new and better Texaco is a true product of modern science—a gasoline formulated and produced to meet exact, scientific specifications, and available everywhere.

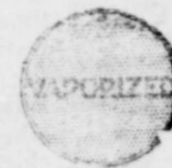

With the new and better Texaco, the action of the carburetor alone is sufficient to vaporize it completely. At all engine-speeds it forms a dry gas, free of every trace of wetness, a perfectly blended mixture of gasoline vapor and air, it flows freely and swiftly from carburetor to spark. Combustion, whatever the compression, is smoothly progressive and complete.

Wherever you are—wherever you go—this summer you can enjoy the advantage of the new and better Texaco Gasoline. It is sold at all pumps displaying the Texaco Red Star with the Green T.

WET
A wet gas is an unburned mixture of gas and liquid with liquid drops of various sizes. These drops, retaining the mass of the spark, make starting difficult and cause an uneven and sluggish power flow.

DRY
The new and better Texaco Gasoline vaporizes completely. It forms a dry gas—no liquid mixture of gasoline vapor and air which would cause unevenness in the spark receiving area of the cylinder.

You buy the LIQUID but you use the VAPOR

Don't just ask for "Motor Oil"

"Take-a-chance" oil in the engine sends many a good car to the scrap heap before its time has come.

That's why it is so important to use a full-bodied motor oil—a highly refined oil—like TEXACO, the clean, clear, golden motor oil. We have the right grade for your car.

GASOLINE

What has gasoline to do with lubrication?

Everything. The new and better Texaco Gasoline forms a Dry Gas. It burns completely. No "heavy ends" are left in the cylinders to dilute the oil film, break the seal, enter the crankcase and destroy the lubricating value of the oil.

Forty-two degrees better in boiling point! Better throughout the whole range of distillation! The result—better engine work. You can't mistake it. The new Texaco will surprise you. Our pumps dispense it.

TEXACO SERVICE STATION
J. D. Brim, Manager

You use the vapor—
but you buy the liquid

When you drive up to a filling station you ask for "gas." And correctly, too. It is the gas—the vapor of the gasoline and not the liquid which gives the power.

The better the gasoline—the better it vaporizes—and the more power it produces.

The new and better Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pop"—mileage.

Try Texaco today. There's a difference.

HIGH TEST

If you aren't using the new and better Texaco Gasoline now, it's high time you started.

In every particular it is a "high test" gasoline. Starts easily, responds like a flash, and is there with plenty of power.

Best of all, it is easy on the valves and forms a very minimum of carbon.

To the Sheriff or Any Constable of Mills County—Greeting:

YOU ARE HEREBY COMMANDED to Cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Mills, State of Texas, and you shall cause such notice to be printed at least once each week for a period of twenty days exclusive of the first day of publication before the return day hereof: **THE STATE OF TEXAS.**

To all persons interested in the Estate of D. J. Reynolds, deceased, R. H. Patterson, administrator of the estate of D. J. Reynolds, deceased, has filed in the County Court of Mills County, an application for an order to sell the following real estate belonging to the said deceased, to-wit:

SOUTH BENNETT

The farmers are rapidly gathering their crops during the present agreeable weather. The recent rains have given us sufficient moisture for the finishing up of fall feed crops; plenty of moisture to secure a good stand of fall grain.

There were a number of appreciated visitors at Sunday School last Sunday. Come again.

Rev. Joe Benningfield will preach for us Sunday morning and evening. Let's give him a large congregation, as it is his last day before the conference year. Joe is one of our boys who made good and preaches the true and tried doctrines of the Bible.

Mr. and Mrs. B. R. Casbeer and son, M. L., visited their son and brother, Lee Casbeer, at Stephenville this week-end.

We regret to report the moving of one of our best neighbors and families, Webb Hill and family. They are mov-

ing about 7 miles north of Friddy. We wish them success in their new home.

School opened October 15th, with Horace Cooke of Rock Springs in the chair. We feel quite optimistic over the prospects for a successful school term.

Mable Lee Blackburn, who has been confined to her bed with fever, is slowing recuperating and hopes to be back in her graduating class of 28-29.

Quite a number of our citizens have been attending the district court the past two weeks.

R. G. Blackburn, Jr. has returned from Yoakum.

Commissioner Burnham has been doing some fine work on our roads the past two weeks, for which we are grateful.

Mr. and Mrs. Omer Wilson of Wichita, Kansas, are visiting Mrs. Wilson's father, J. W. Hill and brother, Willis Hill.

OLD TIMER.

NOTICE TO THE PUBLIC

Elder J. S. Kelley, minister of the Church of Christ, who has recently moved into our little city, will preach three sermons the third Lord's day in this month, October 21, at the Big Valley church.

There will be dinner on the ground, and we are delighted to say that we will have the Newton boys with us. If you want to hear some of the best singing, come.

Bro. Kelley especially invites the people of Goldthwaite to be there.

FIDELIS CLASS

The Fidelis Sunday School class met at the home of Georgia Frizelle October 9th, at 7:30. The house was called to order by President Vera Berry. Mrs. Floyd Jackson read the 93rd Psalm, led by prayer.

The business of the class was discussed and arrangements made for the winter months. Carnations were decided on by the class.

We were served with delicious pecan pie, mints and coffee which all enjoyed.

Several Victrola pieces were played. The time came all too soon to say good bye and go home.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

FORD MOTOR COMPANY

Keep your car running right and get the service you are entitled to get out of it.
