

THE GOLDTHWAITE EAGLE.

VOLUME THIRTY-FIVE.

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, FEBRUARY 15, 1929.

NUMBER TWENTY-FOUR

Goldthwaite Business and Industrial Interests Advancing

Enterprises that Are Helpful and Make for Prosperity

It is possible that many people hereabouts have not taken time to catalog the many advancements made in Goldthwaite and throughout the county in the past few years, and to realize the forward movements along several lines. It is, therefore, the pleasure of the Eagle to refer to some of the many beneficial enterprises inaugurated here and call attention to what seems to be the sure foundations of prosperity and community advancement which have been built or improved hereabouts, since the time of the retirement of the writer from editorial management of this paper a few years ago.

One of the more recent enterprises inaugurated here and one that is doing more for the county generally than almost any other enterprise in the county is the cheese factory at Goldthwaite. While this enterprise has only been in operation here three months the business has grown wonderfully, spreading its benefits far beyond the boundaries of this community. The first day the machinery was started in this factory 375 pounds of milk were purchased, while on Monday of this week 6600 pounds of milk were the receipts. This is an indication of the progress of the business and the extension of its benefits. A large number of farmers and householders in this section now have good incomes thru dealings with this cheese factory and the business is destined to grow bigger and bigger, until every section of the county will be benefitted. Unlike many lines of industry in a community, it benefits its patrons without drawing its sustenance from them. While the products of this factory are sold in this town and other towns in the county it is in no wise dependent upon the patronage hereabouts or influenced in its policy by the local receipts. The greater part of the products are sold to wholesalers and disposed of in other markets and the money is brought here and paid out to those who have for sale the raw products in which it deals. It is indeed a most beneficial enterprise and one that should receive the hearty endorsement and support of all the people.

The Texas-Louisiana Power company is having erected a brick building of ample proportions which to house the large and modern plant being installed. The total investment in these improvements here by the company will exceed \$100,000 and will give to Goldthwaite one of the finest systems in all of this section.

The Poultry and Cold Storage business here is another large and beneficial enterprise of this city. The dealers here have prepared themselves with facilities for handling poultry in a way that enables them to not only pay high prices and give efficient service to the poultry raiser, but they have made a splendid market here that is known far and wide and many thousands of dollars are paid out here annually for poultry brought from a distance, as well as that grown in the immediate vicinity. Mighty few lines of business are more helpful to the entire county than the poultry business.

In very few communities the Goldthwaite can boast a laundry, especially one so well equipped as the electric laundry in operation in this city. Many hundreds of dollars have gone out of Goldthwaite and Mills county in the past few months to have laundry work done

BACK HOME

After an absence of nine years from the Eagle's editorial management, I am glad to be able to announce that I am back home and back to stay, having secured control and management through purchase from Dr. Wilson and his sons, who still retain an interest in the business, altho devoting their energies in other lines.

While I would not exchange the experiences of the last nine years and the knowledge I have gained through travel and in business affairs, I return to the duties as manager of the Eagle with genuine pleasure and with the determination to give to the business and its patrons the very best service of which I am capable until the Book of Life shall be finally closed.

In my experience since disposing of my interest in the Eagle, I have lived in various parts of the state and in another state and have traveled in three states, while at intervals I have engaged in the newspaper business at other places, always in larger communities, and I have engaged in other lines of endeavor, but there was a constant harking back to the old home town, where I spent twenty-five of the best years of my life in building what was conceded by many to be one of the best county newspapers in Texas, and one whose patronage extended far beyond the confines of the county. I thought then that I wanted to work in a larger field, where possibilities were greater, but after years of experience in those larger enterprises and lines of endeavor I am not only satisfied but glad to be able to return to my work here and my associations with the splendid citizenship of Mills county.

One of the pleasures of the work undertaken here is the hearty reception received from the people and the many assurances of friendship and good will. I know these expressions, coming voluntarily and from many sections of the county, as well as from a host of friends in Goldthwaite, must be sincere and genuine, and I feel that I can best prove my appreciation for the many kind words and friendly acts by giving the best service of which I am capable to the city and county and to the good people who comprise the citizenship and favor the Eagle with their patronage.

I am proud of the friendship and confidence of Dr. Wilson and his sons, who have retained an interest in the business with me and it is also a matter of pride with me that Mr. W. C. Dew, one of the most progressive and far-sighted business men of this or any other community, has seen fit to invest in stock in the enterprise under my management. These men have all invested their means and pledged their endorsement of the business because of their confidence in my determination to give service to the every interest of the people of the county.

I ask sincerely that the patrons of the paper bear with me for a few weeks until I can again familiarize myself with the business and become accustomed to the duties and environment. It all seems so new and strange to me after my long absence that I find it difficult to adapt myself to the surroundings, but this will all be regulated in a short time and I will be able to acquaint myself with the every detail again.

The Eagle Publishing Co. will be incorporated under the laws of Texas as soon as the proper papers can be filed with the secretary of state in Austin, and we are glad to be able to list as part of the property the ownership of the Mullin Enterprise, which is so ably and efficiently edited and managed by Mrs. R. H. Patterson, whose work is highly appreciated by the Eagle management as well as by the people of her home community.

R. M. THOMPSON.

in other cities, where the operators and the workers spent their earnings in their home towns and little or none of it ever found its way to the channels of trade in Mills county. This laundry is locally owned and the employes are home people who spend their money in Goldthwaite and help to make this one of the best small towns in Texas.

Many other enterprises and lines of industry co-operate to make prosperity in Goldthwaite and Mills county and it is the purpose of the Eagle to refer to them from time to time and urge patronage for them all.

Robert Uhrbach, who is in a sanitarium in Waco and has undergone a minor operation is reported to be doing nicely and friends are glad to know his condition is not so serious as they feared. It is likely he will undergo another more serious operation at a later date, but that is to be determined after he has recovered from the one that was more urgent and we are all hoping for his early recovery and return home.

Wm. Wilcox was here from the Jones Valley section Monday, looking after business matters.

SOME BIG DEALS

A number of property transfers involving considerable finances have been recorded here quite recently. Among them was the purchase by A. T. Pribble from M. E. Archer and W. A. Bayley the building on the north side of the square occupied by the Archer Grocery Co. The purchase was for investment and the Archer Company will continue to occupy the building.

O. H. Yarborough purchased from H. G. Bodkin the building on the north side of the square now occupied by his dry goods business. This is one of the most valuable buildings in town, being two-story and well located.

H. G. Bodkin purchased from L. E. Miller the store building on the west side of Fisher Street, occupied by Long & Berry's grocery store. This purchase was for an investment and Long and Berry will continue to occupy it.

There are a number of other large property transfers of record here recently, but this list is sufficient to show that Goldthwaite is prospering and property here is recognized as the best investment.

A GOOD SUGGESTION

In a communication to the Eagle last week Mr. A. J. Harrison made the suggestion that the name of this city be painted in large letters on the top of one or more buildings in the town, for the guidance and information of aviators passing over. This plan has been adopted by many towns and cities throughout the country and is well worthy of consideration by this community. It shows the town to be progressive and wide awake and is a good recommendation from several standpoints. After writing the communication, Mr. Harrison conferred with E. T. Fairman relative to having the name of Goldthwaite painted on top of the large warehouse and funeral home being erected by the Fairman Co. on Third street, and secured the ready consent of Mr. Fairman to allow the name painted on the building. If the business men and other citizens interested in the advancement of the town will join Mr. Harrison in paying for having the painting done, it will indeed be a credit to the town and prove to be beneficial as well.

TRACK MEET MARCH 29-30

The Brownwood papers published the date of the district meet for the University Inter-scholastic meet as April 12-13. The County Meet for Mills County will, therefore, be held on March 29-30.

The county directors for Mills County are as follows: D. A. Newton, director general; E. D. Stringer, director of athletics; Miss Sybil Guthrie, director of essay; Miss Ruby Cave, director of spelling; Ralph Fisher, director of debate; Miss Petsick, director of declamation; Frazier Henry, director of rural schools; Mrs. Joe A. Palmer, music memory; Willie Wasserman, director of arithmetic. D. A. NEWTON.

A BIG PAYROLL

There is a big payroll in Goldthwaite now, caused by the various building activities and business conditions are greatly improved thereby. When the buildings now under construction are completed others will be started, one of the largest of which will be the new school building, which will be commenced as soon as the school term ends.

ACCIDENTALLY SHOT

C. L. Featherston, son of Mr. Arch Featherston of this city, accidentally shot himself in the calf of the right leg while handling an automatic pistol Tuesday afternoon. He was at the home of Tom Miller on the Ervin ranch in Payne community at the time of the accident and was hurried to this city and carried to the sanitarium at Brownwood, where it was found the injury was quite serious, but it is hoped there will be no permanent results. He is still in the sanitarium and is resting well.

A SURPRISE WEDDING

M. L. Casbeer and Miss Elaine Oquin were married at the Methodist parsonage Wednesday afternoon, Rev. Lambert officiating. They were accompanied to the parsonage by Elton Horton and Miss Lennie Covington, both of South Bennett community, where the young couple will make their home. The bride is a daughter of Mrs. Bina Oquin Lewis and is one of Mills county's most lovable young ladies. The groom is a son of B. R. Casbeer and is a young man of high character and sterling worth. Both of these young people were reared in Mills county and have friends throughout the county and elsewhere who are glad to extend congratulations and good wishes.

AUTO COLLISION

There was an auto collision on the bridge near Ernest Humphrey's residence, a short distance south of this city, Wednesday afternoon, in which two cars were badly damaged, but the occupants of the cars were not painfully hurt. One car was driven by Mrs. Sherwood Ford, who was alone. The other car was driven by Clifford Carroll, who was accompanied by his father, Mr. J. M. Carroll, and Joe Doggett. The bridge on which the accident occurred is too narrow for two cars to pass and is, like all narrow bridges, a menace to the travel.

THE MERRY WIVES CLUB ENTERTAINED

Mr. and Mrs. Roy Rowntree and Mr. and Mrs. Walter Fairman entertained jointly, Thursday, January 31, with a bridge party, honoring the Merry Wives Club.

The Rowntree home was adorned with crystal baskets of red sweet peas, and the tables for the games, a delicious salad course, which was served later in the evening, were smartly appointed in the chosen colors.

Raymond Little was awarded high score as a guest and Mr. and Mrs. Chas. Frizzell as club members.

A BAD ACCIDENT

Mrs. W. H. Thompson of Caradan was badly injured by a fall on the ice at her home the early part of the week. It was at first thought the only injury was to her shoulder, but she continued to suffer and was brought to Dr. Osterhout's sanitarium Wednesday night and it was found her hip had been broken. She is resting as well as could be expected and it is hoped she will fully recover from the injury.

CHURCH OF CHRIST

Bro. N. E. McKillip of Fort Worth will be with us Sunday morning and evening. Every one invited to attend these services.

COMMISSIONERS COURT

The commissioners court has been in session this week and has transacted considerable business. The court is still in session and hopes to complete the business of the term this week.

W. A. Henderson was appointed constable of precinct No. 3, on petition of Dr. R. H. Jones and other citizens.

A bounty of 10 cents was placed on every rattle snake killed in the county on and after Feb. 11. Those who kill the snakes must bring the rattles to the court the first Monday in each month and must make affidavit before the county clerk as to the number of reptiles and the places they were killed.

The court inspected the road running from Hanna Valley road to Pecan Belt highway and known as "Lovers' Lane." It was decided to retain the roadway and make improvements on it later.

The Trent State Bank was designated county depository on a bid of 3 per cent on daily balances.

The county's portion of the money for highway license on automobiles collected since last report was divided as follows: Precinct No. 1, \$1378.85; No. 2, \$27.51; No. 3, \$321.68; No. 4, \$71.44.

Official reports are to be checked, road overseers and election officers appointed and a great deal of other routine business is to be transacted.

A SERIOUS MISTAKE

Mr. D. D. Kemper made the mistake of drinking gasoline Tuesday morning, thinking it water, and as a consequence he suffered for a while and the result might have been serious had he not gotten in communication with a physician immediately. The bucketful of gasoline had been left open on a shelf in the room and Mr. Kemper drank several swallows of it before he discovered his mistake. The prompt application of remedies prevented any considerable suffering or serious inconvenience and Mr. Kemper was soon able to be about his business affairs.

BAPTIST W. M. S.

The Woman's Missionary Society met in the T. E. L. classroom Monday afternoon for an interesting study hour. Mrs. Ivins proved to be very efficient preceptress and we feel like the W. M. S. will from now on function more ably after studying "Things We Should Know."

The circle II will render a program at the church Monday, February 18, at 2:45 p. m. Everybody invited.

AUTO LICENSE REDUCTION

Advice comes from Austin that the auto license fees are sure to be reduced by the present legislature. This reduction would not be demanded or desired by any considerable number of auto owners if more of the money going to the state highway department was put on the roads. Let there be a reduction of office expenses of the highway department and the taxpayers would be willing to continue to pay the present rate.

WONDERS OF RADIO

In Houston this week a man has been giving exhibitions of controlling trolley cars and automobiles, freezing ice cream and performing many other seeming impossible feats by radio. It is so unreasonable as to be unbelievable, but reputable newspapers report his accomplishments.

PLANS CORPUS CHRISTI BROADCASTING STATION

A special to the daily paper from San Angelo under date of Sunday gives information as to plans and arrangement for the broadcasting station to be located at Corpus Christi by Dr. Wilson and his sons. I says: The San Angelo Broadcasting Company announced today the sale of station KGF to the Eagle Broadcasting Company, adding that the plant is to be moved to Corpus Christi. The San Angelo company will maintain station KGKL in San Angelo. The plant is to be increased from 15 watts to 10 watts at Corpus Christi. The Eagle Broadcasting Company, which owns a plant in Brownwood, is composed of E. E. Wilson, his two brothers, Ernest of Brownwood, and C. T. Wilson of San Angelo, and the father, Dr. Em. Wilson of Goldthwaite.

MISSIONARY PROGRAM OF W. M. U. FEB. 17th

Song—The Kingdom Is Coming.

Prayer—That our society may accomplish more for Christ this year than ever in its history.—Mrs. C. L. Stephens.

Devotional—Mrs. Floyd Jackson.

Song—More About Jesus.

Prayer: For the many appreciations of God's great love.—Mrs. E. B. Anderson.

I have redeemed thee—Mrs. Orville Greathouse.

The Acknowledgment God's Ownership—Mrs. G. Ivins.

In a transformed life—Mrs. Barnett.

Life's rich cargo—Mrs. Owe Priddy.

How do we use our time?—Mrs. Otto Simpson.

Song: Take My Life and Let It Be Consecrated Lord.—Mrs. E. B. Anderson and Mrs. Floyd Q. Jackson.

PROGRAM FOR T. E. L. CLASS TUES. FEB. 19th

Subject—The Bible.

Class Song—"My Faith Look Up To Thee."

Devotional—Mrs. Compbe Psalm 119:105,115

Roll Call—Quotations on the Bible.

Prayer for the promotion of the class.—Mrs. C. L. Stephens

Talk on the Bible in the home.—Mrs. L. B. Ashley.

Special Song, "My Mother Bible"—Mrs. W. B. Jackson.

Paper—Mrs. Ivins.

Poem—Mrs. W. E. Miller.

Closing Prayer—Mrs. Priddy.

Business Session.

JUNIOR LEAGUE PROGRAM

Leader—Freeman Moore.

Song.

Scripture Lesson—Matt. 1:28-30.

Prayer.

Song.—Geraldine Hester.

The Psalmist's use of Come.—Ruth Florence Mullan.

Jesus says: "Come"—Gertrude Johnson.

Who Will Come?—Mrs. Lambert.

Song.

Collection.

Benediction.

MUST KNOW THE NAME

The Eagle appreciates communications conveying information of every character which the readers would be interested, but the name of the writer must accompany every article, letter or item. The name will not be published unless desired, but the editor must know the identity of the writer.

POINT

Editor Eagle:
The general health in this community is greatly improved.

Mr. Ed Carter is building a new home for Mrs. J. S. Conner.

Whiz! It surely has been cold enough up this way. Plenty of ice and snow.

Mr. and Mrs. Hick C. Reed of Paint Rock spent the weekend in Mr. and Mrs. Williams' home.

The following visited in the Spinks home Sunday: Mr. Emil Steinman and family, also Mrs. Meyer, Mr. and Mrs. Will farmon, and Mrs. J. S. Conner. Mr. Ed Dennis and family have moved to Mullin.

Miss Vergie Mae Taylor is home for a few days.

Carl Spinks spent Saturday night in the Harmon home.

Miss Gertrude Carrol and Mr. J. Russell of Mullin, surprised their friends by getting married last week.

The scribe has been so cold he couldn't find many crumbs at will try to do better next time.

Dr. Swanger made an automobile trip to Austin the early part of the week.

Misses Garetta Little and Ruby Lee Dickerson, who are students in Southwestern University at Georgetown, spent the last week-end with home folks and friends, returning to their studies Monday.

Judge L. E. Patterson, who spent several weeks in a sanitarium in Temple, came home the week end much improved, to the delight of his host and friends throughout the county. He was able to preside over the commissioners court in its session this week and has been giving his attention to his other fiscal business.

Henry Blackburn, who was citizen of South Bennett community most of his life, has sold his farm and moved to town. He and his good family give a hearty welcome.

Alvis Taylor, representing Blackwell Motor Co. of Brownwood, spent a part of the week here with relatives and friends and looking after business matters for his company.

Mr. and Mrs. T. E. Toland returned Sunday afternoon on an auto trip to Dallas, where they spent several days making purchases for Little company's store.

When you know a local item will confer a favor by telling the Eagle about it. We want local news.

W. D. Clements has been among the patrons of R. F. D. #3 good service as substitute carrier, during the illness of C. Stevens, the regular and efficient carrier.

The Eagle will appreciate your order for job printing, matter how large or small order.

Rev. C. H. Miles of North Bennett was an appreciated speaker at the Eagle office Monday.

V. L. Denison, one of the old farmers of the Center

City section, transacted business in the city Monday.

W. P. Weaver returned Friday from attendance upon the Silver Anniversary of the Farm Extension workers at Houston. Thirty-eight states were represented and the organizer of the work was in the meeting and gave some interesting facts regarding the inception of the movement. Mr. Weaver was delighted with the convention and the inspirational speeches and the royal entertainment of the delegates.

Miss Myrna Miller, formerly a teacher in the Goldthwaite schools and now engaged in the same work in Brownwood, spent the week end with her relatives and friends in this city.

Dr. Em. Wilson spent the first of the week in San Angelo, looking after business matters.

PECAN CULTURE IN WEST TEXAS

A warning to West Texas farmers contemplating pecan planting, that trees which have been bred to high rainfall conditions will not develop properly in West Texas has been issued by Col R. L. Peniek, chairman of the Agricultural Committee of the West Texas Chamber of Commerce.

The West Texas organization, conducting an extensive pecan planting campaign at this time, advises planters to be constantly on their guard against trees which were not developed for comparatively dry climates.

Col. Peniek stated that many West Texas farmers, have been interested in planting pecans to the extent that they have bought a few trees for experimental purposes and were very much disappointed when they died. The failure of the trees to live was because they had been raised in a climate where from 60 to 70 inches of rain fell each year and were planted in a climate which averaged 20 inches of rainfall per year.

The western varieties have smaller leaves, than the eastern varieties and require less water.

Mr. and Mrs. Kelly Saylor spent a part of this week in Dallas, attending the convention of Chevrolet dealers. Mr. Saylor has one of the most progressive agencies in Texas.

REPLACE JUTE WITH COTTON

Congressman Marvin Jones of the Amarillo district has brought some very important facts to the attention of the Ways and Means committee regarding the use of jute to replace cotton, the jute all, or practically all, being imported. In his showing to the committee he says, among other things:

About 900,000,000 pounds of jute is being used in the United States annually, and it is gradually increasing. It is imported principally from India.

About 150,000,000 pounds of jute is used for cotton bagging, but as about one-half of this covering is re woven, about 80,000,000 pounds of new jute is used each year for cotton bagging. In other words, about ten times as much jute is shipped into this country every year as is necessary to cover the entire cotton crop of the United States. The other 90 per cent is used for other purposes, for sacks, bags, wrapping materials, for the body of carpets and linoleum and various other purposes.

If cotton were substituted for all the jute that is now being used for all purposes in the United States, it would occasion the use of more than a million additional bales of cotton, which, according to the estimates of the Department of Agriculture, would very greatly increase the average price of cotton, and thus increase the returns to the cotton growers many millions of dollars.

Just now a decided effort is being made to find new outlets for our surplus cotton. In a great many of these attempted new uses cotton runs into competition with jute, which is manufactured largely by the cheap labor of India. But for this competition cotton would now be channelling into a great many of such additional outlets. The tariff would be of great advantage to the grower in the disposal of surplus cotton.

Mrs. Gabe Garrett of Memphis, Texas, who has been visiting her parents, Dr. and Mrs. Em. Wilson, for several weeks, has returned to her home. Mrs. Garrett was known to many Goldthwaite friends as Miss Flora Wilson.

FORMER POOR BOY IS NOW EXECUTIVE

A few years ago a poor boy, believing that business held a real future for him, went to a banker friend with a request for a loan to put him through Tyler Commercial College, Tyler, Texas. The banker, believing both in the lad and the efficiency of T. C. C. training, advanced him the sum of \$219. Today that former poor boy, as a result of that loan and the course it enabled him to take, is one of the most respected citizens of Austin, Texas, chief executive of a thriving life insurance company, which nets him an income of over \$5,000.00 a year. That young lad was no other than Mr. F. W. Woolsey.

During his course at T. C. C. young Woolsey became interested in banking, and it wasn't long after he graduated until he was occupying a bookkeeping position in a Bay City, Texas, bank. After rising to the position of Assistant Cashier, he accepted a position with the State Banking Department. While in that position he became interested in the insurance business and bought an interest in the Austin Mutual Life Insurance Company. Later, giving up all other interests, he devoted his entire time to this business and built it up from a small business to a prosperous one with a splendid future.

"T. C. C. training gave me a start and has helped me all the way," he says.

Doesn't Mr. Woolsey's story show you that if you

WANT to make your mark in the world, you CAN. If you are interested in attaining an abundant success, clip the coupon printed below and mail it today for the large, free book, "Achieving Success in Business." No obligation, of course. Just clip the coupon and mail it now. (We have no branch schools. We lead; others follow.)

THE MISSING LINK

The relics of a man unknown were found some time ago; some back teeth and an ankle bone, a finger and a toe. The scientists have pondered well upon those remnants grim of that lost man, and now they tell the facts concerning him. He had a large and brawny shape, to withstand stress and strain; he had the visage of an ape and yet a human brain. He lived on nuts and had jaw designed for cracking such; with beef and mutton, roast or raw, he seldom was in touch. In some dark cave he had his lair, among the clay and mould; his frame was covered with thick hair to shield him from the cold. He was a mischievous loving wight, as are all simple folk, and often left his roost at night to play some sprightly joke. He was an expert throwing rocks, he threw with deadly aim, and thus he slew the jabberwocks that tried to climb his frame. And so the scientists describe a man we can not know, who passed away with all his tribe a million years ago. Of old, when reading such a tale, I used to cry, "Gee whiz! How savants follow up a trail! How wondrous science is! These four-eyed scholars see a tooth of prehistoric man and straightway hand us out the truth about the race he ran." But now I say "It's safe to make a guess like that. I know; we can not prove it is a fake, nor can they prove it so. It isn't risky to invent that sort of brash report, now that the prehistoric gent can't bring a suit in court."—Walt Mason.

YOUTH IN CRIME

New York's State Commission for Correction has reached the conclusion that one of the real problems facing the State and social agencies is the uncertain-

ty of what to do with the young criminal. Its opinion is based upon statistics showing that 13.3 per cent of those committed last year to the State's penal institutions were between the ages of 16 and 20.

Since the commission happens to be in possession of the same statistics for six years past, there need be no great worry over percentage of increase. There has been less than one per cent fluctuation in that period, and 1928's figure equalled the high of 1926 after 1927 had recorded a drop.

New York is not the only State with the problem of juvenile delinquency. It is possible that the percentage of youthful commitments is higher there than elsewhere, since in crowded localities young offenders obtain less individual treatment than in centers of not so dense population. Living conditions and temptations may create a greater number of criminals in the huge cities than in smaller ones. But youth the world over is much the same. It is safe to assume that the percentage of New York youngsters, under 20 committed to institutions runs true to the total number in other States.

The gravity of the problem is unquestioned. Yielding to criminal temptation is always tragic, but is more so in the case of the very young whose resistance has not been strengthened by experience.

Impossible as it is to entirely eradicate crime, it is clear that the percentage would be materially decreased if poverty could be eliminated. The temptation to crime arising from real or imagined need is logically stronger in the very young than in the more mature. The close analogy between economic conditions and crime has always supplied the wall over which those who seek to better the world have been unable to climb. Education has not solved the problem, largely because in endeavoring to rise to a given moral standard it has enlarged the enchanting vision of the living standard, too.—Dallas Farm News.

THE STRAIGHT ISSUE

The request the United States makes of Canada is this:

That Canada shall not lawfully ship to the ports of the United States liquor that can never arrive except unlawfully.

As a request from one country to another what is wrong with that?

If Canada is a grown-up and responsible country her interest in such a matter as this is equal to that of any other country. Any day the situation may change. The shoe may be on the other foot.

The main thing is this: A

country has the right to make its own laws, without having them systematically thwarted by a neighbor state. A small country, living beside a big one, should not be argued with to induce it to accept this principle.

All across the United States the people are told and believe that their own government is doing, and will do, its best to enforce the Volstead act and suppress rum running. But they are told and believe that the government of Canada cooperates with the rum-running on the border, licenses shipment of liquor across the border in disregard of United States laws. The people of that country are told and believe that the federal government of Canada issues official permits for the smuggling of liquor into that country. They are tied—and in course of time will believe—that the whole trouble they are having with liquor is the fault of Canada.

It will become a grave matter unless Canada cuts loose from any official share in this lawless business on the border—this armed defiance of the armed federal authority of the United States. Events will go from bad to worse until the exemplary border, so admired of the world, will cease to have anything admirable about it.—Toronto Daily Star.

THE PROOF OF THE PUD- DING IS IN THE EATING

The Famous Byrne Shorthand is the greatest system in use today. It has over 50,000 enthusiastic writers; it holds the world's record for speed in a given time, is the most simple, legible and rapid system in use, as is shown from the following remarks by students who first studied other systems:

"I take great pleasure in telling the public that I first studied Pitman Shorthand 8

months, used it in actual practice for four months. At the end of six weeks study of Byrne Shorthand, I was a better writer than I had ever been with Pitman."

"I have been a Sloan-Duployan stenographer for fifteen years; I found the system inadequate. Then I took Gregg under Mr. Gregg, of Chicago, but found it illegible; I then took up the Byrne Shorthand which I consider the stenographic marvel of the age."

"I first studied Pitman Shorthand, then took up the Byrne. I found the Byrne 35 per cent shorter and the rate could be written at a much higher rate of speed, and read like print."

"I studied Pernin Shorthand almost night and day for six months, but was not competent to hold a position. I then took up the Byrne for three months and find I can hold any kind of a position."

"I graduated in Graham Shorthand, writing 100 words a minute after nine months of study. After studying the Byrne, together with Byrne Bookkeeping, for four months, I could write Byrne much faster and regard it superior to any other system."

"After studying Byrne Shorthand in your school two weeks, I had a more practical working knowledge of shorthand than I did after 27 months study of the Pitman."

"After studying six different Pitman systems, I was unable to hold an ordinary office job, but with five weeks study of Byrne, I went into the District Court and did reporting successfully, and was appointed as an official Court Stenographer."

Why study other systems of shorthand than Byrne, when the Byrne can be learned in half the time or less, read with greater rate of speed which means better salary and position? It does not cost half as much to complete a course in

our school as it does one of the other systems in other schools. We hold the exclusive right to teach Byrne in Texas. Positively no other commercial school is longer permitted to teach it.

Our Byrne Bookkeeping and other text are as far superior to the other systems as the Byrne Shorthand. Fill in for catalogue containing full information.

BAND CONCERT SUNDAY

Henry Cryer, band master and musical instructor, announces that the band under his leadership will give a concert at the band stand on the public square next Sunday afternoon at 4 o'clock, if the

weather is permissible. The citizens generally have a cordial invitation to attend the concert and they can be sure of being well entertained, as well as giving encouragement to the boys, who really have made fine progress in their work, reflecting credit on their teacher as well as themselves.

BLADDER WEAKNESS

If Bladder Weakness, Getting Up Nights, Backache, Burning or Itching Sensation, leg or groin pains make you feel old, tired, peevish, and worn out, why not make the Cystex 48 Hour Test? FARM RELIEF

By W. P. Weaver

The farm problem is not yet solved. While Mills county farmers are bringing in wood, feeding their stock, and cranking the Lizzie for the afternoon rip to town, Hoover and Smith are in sunny Florida, Smith playing golf and swimming; Hoover planning his cabinet and interpreting the scenery in terms of engineering. They met there the other day and laughed together about the late campaign and in parting wished each other the joys of the new year. Still some of our farmers are still so mad about the election that we hardly speak to each other.

We have suffered another defeat. A "farm relief minded" legislator at Austin offered a bill authorizing a 15 million dollar bond issue to take care of the surplus and stabilize the cotton market. But it did not get out of the committee. They need all the money for the Highway Department. So as the farmers that be are not thinking of us at this time and will not remember us until 1932, let us get busy on plans for our own relief.

Consider Dairying.

Five years ago we were told that cheese could not be made in Texas. We were buying 55 million dollars worth of dairy products from other states. We shipped cotton seed to Northern feeders, paying freight both ways.

Now cheese factories are being established in Texas. The modern people are establishing a 2 million dollar plant at Vaeco. The Carnation people had representatives at the Houston meeting looking for a site to establish a mammoth plant. They see possibilities for dairying in Texas.

The time has come for Texas farmers to revise their systems and plans. Dairying should be leading activity on every farm. Not next year, but this year. Get more good cows and have all get some good bulls. The Lord said unto Moses: "Stand still and see the salvation of the Lord." The Texas farmer has stood still till all the opportunities worked out by farmers of other sections through many years, are thrust upon them. Will Texas farmers rise to the opportunity of will Northern dairymen follow these concerns to the South and displace our Texas farmers?

Better Seed.

It is gratifying to the County Agent to receive so many inquiries for better seed: "No farmer can afford to match his labor and money against scrub seed." Get your seed at once. It will soon be planting time.

Fertilizers.

We believe barnyard manure is the best fertilizer for all varieties of Mills county soils. Haul out all that is available at once. A meeting will be called soon that you may pool orders for commercial fertilizer.

The Wool Pool.

The officers and directors of the recently organized Wool and Mohair Association are getting prices on bags and twine and making plans for the pool. Many growers are asking for information and intend to join the association. A general meeting will be announced as soon as plans are matured.

Work is progressing rapidly on repairing the building formerly occupied by Bill's Cafe, which was destroyed or at least badly damaged by fire recently. Will Richards, who was owner of the cafe, has not yet announced his intentions relative to engaging in the business at the same stand.

I have installed the Scherer dry cleaning. Bring your suits overcoats, sweaters and dresses to C. M. BURCH.

OUR APPRECIATION

To the Public:

We take this method of expressing our sincere thanks to the public for their continued patronage and friendship. Words can not express our appreciation for the loyalty of our advertisers and subscribers, which has contributed to the success of the Eagle Publishing Co. We ask a continuance of your patronage to the new organization, of which the management is vested in our friend, Mr. R. M. Thompson, who needs no introduction to the people of Mills county. His former ownership and his connection with the Eagle speaks for his ability to serve to please the public. We believe you will have a better paper by the change.

EM. WILSON
ERNEST E. WILSON
C. T. WILSON,
Former Owners.

BAPTIST CHURCH

Some one will have to happen around and remodel a typewriter before many notes from this section will appear. The originator of this column can not write a legible hand, and his secretary will not take much dictation. I know several other secretaries that will not take much dictation.

We didn't think that a Baptist church could have services without the Pastor and Sunday School Superintendent, but they can. Last Sunday the Pastor and Superintendent were both absent, and services went on just the same. The church can get along with out us, but we have decided that we won't get along without the church. So you can look for both the Pastor and the Superintendent next Sunday.

Go to church Sunday.
—G. C. IVINS.

ROCK SPRINGS

Editor Eagle:

How nice it was to see so many from other communities send in good feeds to the Bird last week. I read everyone of your names. I don't suppose I know any of you writers. Well I guess I would know you if I knew your names. I noticed Center Point either has two scribes or has changed their name. Scallorn failed to give its name. What has become of Dumb Dora? I hope you are not as dumb as the Dumb Dora in the funny paper. Let's help our new editor to put out a good paper by sending in our items.

Oscar Gatlin has gone with Willis Hill to Menard to buy some goats this week.

Mr. Joe Roberts and family of Bull Creek were in our midst Sunday afternoon.

Mrs. John Edlin of Center Point visited Mrs. Eula Nickols last Thursday. Mr. Edlin and Dwight Nickols had business in town.

Mr. J. T. Robertson and wife and Billie and Mrs. Eula Nickols visited in the Self home Sunday afternoon.

Miss Love and Jim Gatlin of Goldthwaite were out Saturday afternoon to see banot the Gatlin ranch.

R. C. Webb went to his farm up near Williams ranch Sunday afternoon.

Mesdames Self and Nickols visited Mrs. R. C. Webb Monday afternoon.

Mrs. E. W. McNutt's mother is better at this writing.

James Nickols spent Friday night with J. A. Stark and J. A. spent Saturday with him. Orby Woody brought Oscar

Gatlin home Sunday afternoon. Miss O'Neta Traylor, who is teaching at Duren, was home for a while Sunday night. Some of her friends were with her.

Miss Oleta Daniel came home Friday from Ridge. Her principal, Mr. Poer, was sick and they turned out school until Monday.

J. T. Stark visited in the Nickols home Tuesday night. Herbert Cooke goes from home to his school. He teaches the Evans school.

Jack Robertson has been breaking one of Jeff Priddy's race colts.

Philip Nickols spent Sunday afternoon with Walter Daniel. Jno. W. Roberts thinks his hand will soon be well.

Sam Self and R. C. Webb had business in town Monday afternoon.

Mrs. E. W. McNutt has spent several days at the Mrs. Dan Westerman home helping to care of her mother, who has been sick but is now better.

Busy Bee visited in the J. C. Stark home Monday afternoon. Everybody out here is wearing a smile since the sun has been shining. BUSY BEE.

Joseph M. Harrison and his mother have moved to Fort Worth, where he is employed with the Fort Worth Tire and Body Co. He was engaged in the garage business here for a long time and has lots of friends in Mills County. His brother, T. E. Harrison, and sister, Mrs. Tins also live in Fort Worth.

Don't neglect your clothes
BURCH.

The many friends of Mr. J. C. Bayley of Pleasant Grove are glad to know his condition has greatly improved since undergoing an operation in a Temple sanitarium and that he expects to be able to come home in the very near future.

R. C. Cravey, a blacksmith, has moved here from Lometa and opened a shop. He and his family occupy a residence on North Parker Street.

R. C. CRAVEY has opened a Blacksmith Shop in the Rudd building on the east side of the square and solicits a share of the public patronage.

We do custom hatching for 3 cents per egg. Mrs. C. M. Burch's Hatchery, Goldthwaite, Texas.

Mrs. L. R. Conro and Miss Lucile have been in Temple several days this week.

Logan Pitts, formerly a citizen and business man of this city and now of Brownwood, transacted business in this city this week.

L. E. Miller drove over to Autin Sunday afternoon and returned Monday, accompanied by Mrs. Miller, who had been in that city several days visiting relatives.

Mrs. A. T. Hoy of Bisbee, Arizona, is in the city visiting in the home of her sister, Mrs. L. E. Miller.

Mrs. J. A. Hester is entertaining the Self Culture Club this afternoon with a Valentine Social, in honor of the birthday of her mother, Mrs. L. B. Walters.

Before ordering your baby chicks see us for prices and quality. Mrs. C. M. Burch's Hatchery, Goldthwaite, Texas.

MERRY WIVES CLUB

The Merry Wives met with Mrs. Walter Fairman February 5th. Mrs. Fairman was lucky for club members and Mrs. Jim Cockrum for guests. Reporter.

Mrs. R. E. Clements left for San Angelo Tuesday morning, to spend a few days visiting with relatives and friends.

We sell Lee's Poultry Wormer and other remedies. Mrs. C. M. Burch's Hatchery, Goldthwaite, Texas.

FELT BAD AFTER EATING

"FOUR YEARS AGO, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good medicine, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems to me the way things I eat. It is a fine family remedy, and I use it when I need something for constipation. I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught."
—Mrs. C. C. Leary, 103 North Alston Ave., Durham, N. C.

Gum-Dipping Shatters ALL Endurance RECORDS

When we say "Gum-Dipping," it's just the same as saying

Firestone

Firestone Gum-Dipped Tires have held first place in every official test of ruggedness, endurance, toughness, and safety. Firestone Gum-Dipped Tires stand the roughest lumps—the constant speed of the fastest motor car trips ever made from coast to coast. They carried the Studebaker Presidents which traveled 30,000 miles in 26,326 minutes. On smooth pavements—Firestone Gum-Dipped Tires have shown themselves the toughest, strongest, most rugged, and safest tires you can put on your car.

RUDD AND JOHNSON

A LITTLE PUSH

Editor Eagle:

I am just recovering from the second spell of la grippe this winter. It is good for one to feel improvement, though the period of convalescence be drawn out to some length.

The past week has been a time to appreciate plenty of good fuel and booming fires. One brought up in the days of the great log fireplace will naturally think wistfully back to those times. The negro men, the mules and ox teams were all important factors in bringing the forest timbers into proper place, as the biting winter began to approach. I remember that the old Southern negro was full of superstition selecting wood as well as many other things. He utterly refused any part of a tree that had been stricken by lightning. He would say "Bad luck! Bad luck boss to use that kind. De old Master has done showed His spite."

But superstition is one thing and the things we hold in mystic memory of bouyant hopeful halcyon days is quite another thing. The memory often makes a sacred connection. "I would give anything," I heard a person say recently. "I would give anything had I preserved those old sacred songs that my mother sang when I was a child. I can recall only a little bit of them and the music people have left them out of their publications long ago. Suppose I can't get them anywhere." So there you are. In our fad for things more important than the old log fire place and one of those things is the best sacred music known to modern generations. Still it is that we have abundant on every hand to enjoy.

SAM SAY.

WE WANT: To show you and talk to you about that new car. Any model in the Dodge, Plymouth or Chrysler. Let us demonstrate.—RUDD MOTOR CO.

Have them pressed by C. M. BURCH.

STAR GLEE CLUB

The pupils of Star High School have organized a Glee Club. There are about twenty members.

The following were elected: Chairman, Juanita Keith; Secretary, Wendell Hamilton; Treasurer, Ruby Knight.

Program Committee: Faye Hill, Cassye Knight and Forest Harper.

They had a good program last Thursday, February 7. The following program was rendered by the Glee Club members.

Duet—"In The Land Where We'll Never Grow Old" by Emma and Mildred Collier.

Song: "A Spanish Cavalier" by Melba Gent, Mary Souls, Valena Boykin, Emma and Mildred Collier.

Joke—Ruby Poer. Quartette—"Hallaluh I'm A Bum" by Juanita Keith, Emma Collier, Ruby and Cassye Knight.

We hope the Glee Club members will have many more good chapel programs.

—BLUE EYES.

We have returned from market, where we made every endeavor to buy you the Biggest and Best Hat Values in the history of our Millinery business. Every hat an exclusive style. Every new color, style and material. —SMITH & HARRISON.

E. L. Dennis was in to see the Eagle Monday and ordered his paper changed from route 2 to Mullin. He is moving to a farm a short distance west of Mullin, but hopes to be a regular visitor to Goldthwaite from time to time.

Walter Brown of Miller Grove was one of the appreciated callers at the Eagle office Monday. He reported a good season in the ground and the outlook good.

Stronger and healthier chicks. You can see what you buy. It is better than buying from a mail order house at Mrs. C. M. Burch's Hatchery, Goldthwaite, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County, Greeting: YOU ARE HEREBY COMMANDED to summon J. W. Horton, W. J. Wagoner and J. B. Nichols, and the unknown heirs, legal representatives and devisees of the said J. W. Horton, W. J. Wagoner, and J. B. Nichols, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be held at the Court House thereof, in Goldthwaite, Texas, on the first Monday in May A. D. 1929, the same being the 6th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 12th day of February, A. D. 1929, in a suit numbered on the docket of said Court No. 2262, wherein W. J. Weatherby and J. E. Evans are Plaintiffs, and J. W. Horton, W. J. Wagoner and J. B. Nichols and the unknown heirs, legal representatives and devisees of the said J. W. Horton, W. J. Wagoner and J. B. Nichols are Defendants, and said petition alleging that this title as for damages, the plaintiffs alleging that they are lawfully seized and possessed of the following described land and premises, lying and being situated in Mills County, Texas, to-wit: The East one-half of Section No. 28, Certificate No. 21-626, of a farm a short distance west of Mullin, but hopes to be a regular visitor to Goldthwaite from time to time.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the seal of said Court, at office in Goldthwaite, Mills County, Texas, this 12th day of February, A. D. 1929. (Seal) JOHN S. CHESSER, Clerk, District Court, Mills Co. By Ollie Lee May, Deputy.

Willard Mosier, one of the good business men of Mullin, transacted business in the city one day this week.

THE full, viscous body of Texaco Motor Oil, no less than its clear, golden purity, accounts for its acceptance among motorists who know and care.

Dispensed throughout the country in grades appropriate to the requirements of all makes of automobiles.

TEXACO
GOLDEN
MOTOR OIL

THE TEXAS COMPANY
TEXACO PETROLEUM PRODUCTS

H. B. JOHNSON, Agent

Don't just ask for "Motor Oil"

"Take-a-chance" oil in the engine sends many a good car to the scrap heap before its time has come.

That's why it is so important to use a full-bodied motor oil—a highly refined oil—like TEXACO, the clean, clear, golden motor oil.

We have the right grade for your car.

TEXACO MOTOR OIL

TEXACO SERVICE STATION

What has gasoline to do with lubrication?

Everything. The new and better Texaco Gasoline forms a Dry Gas. It burns completely. No "heavy ends" are left in the cylinders to dilute the oil film, break the seal, enter the crankcase and destroy the lubricating value of the oil.

The NEW and BETTER
TEXACO GASOLINE

E. M. INGRAM
MULLIN, TEXAS.

You use the vapor—
but you buy the liquid

When you drive up to a filling station you ask for "gas." And correctly, too. It is the gas—the vapor of the gasoline and not the liquid which gives the power.

The better the gasoline—the better it vaporizes—and the more power it produces.

The new and better Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pep"—mileage.

Try Texaco today. There's a difference.

LOUIE KARNES
STAR, TEXAS.

The NEW and BETTER
TEXACO FORMS A DRY GAS

Starts better—
Quicker

Give it an instant's notice—that's enough—and the new and better Texaco meets the spark a dry gas. Smoothly—surely—it starts even in freezing weather.

The NEW and BETTER
TEXACO GASOLINE

FLOYD JACKSON

Is there any real difference in Gasoline?

We have the answer. Just drive up to the Texaco pump. Then notice how much better your engine performs. Better in pick-up, power, mileage and smoothness.

The new Texaco is decidedly different. Stop where you see the Texaco pump—

HIGHWAY GARAGE

HIGH TEST

If you aren't using the new and better Texaco Gasoline now, it's high time you started.

In every particular it is a "high test" gasoline. Starts easily, responds like a flash, and is there with plenty of power.

Best of all, it is easy on the valves and forms a very minimum of carbon.

The NEW and BETTER
TEXACO GASOLINE FORMS A DRY GAS

Weatherby Auto Company

LEGISLATIVE MATTERS

(United Press)
Austin, Texas, Feb. 13—A cure for cancer may be stumbled on at any time, according to Doctor-Senator J. W. Beck, of DeKalb, who is urging the state to establish a state cancer and pellagra hospital. Treatment of incipient cases of cancer, a large proportion of which can be cured, and research, are both subjects of the new bill.

"Do you think a Texas hospital can accomplish more with their large funds?" than the national cancer found. Dr. Beck was asked.

In reply to this he pointed out that more cases that are examined, the quicker the chance of finding a cure. Malaria was cited by Dr. Beck to show what can happen when there is wide research and study.

Cancer is not a disease upon which reports are required. Dr. Beck has gathered figures independently for Texas.

In 56 counties the population of 1,580,496 reports 304 cases of cancer or 19 per 100,000 population. Applied to the whole state, this percentage would make 1,146 cases for Texas.

Pellagra, which unless checked frequently results in insanity, showed an average of 36 cases per 100,000 population. This would figure approximately 2400 for the state.

The Senators reluctantly raised the salaries of several of the calendar clerks. And then in a couple of days they were touched again. But the Senators bucked. Not only did they buck, but they reneged and voted to cut the salaries they had already increased. That put this stocking matter right up to the girls. And the weather is too cold to go without them, the ladies are trying to find other ways of remedying matters.

Putting drapes on their chairs would not be infringing on the masculinity of law-makers' chairs, the girls said. Their chairs would remain unclad.

Bill captions are supposed to notify the public what the bills contain. No bill can become a law without its objects being stated in the caption. Practically the captions show nothing of the sort. For instance, one official caption shows a bill "to provide for the taking of testimony of witnesses in trials." So far as the caption shows, taking the testimony of witnesses at a trial is nothing new. Investigation will likely show that the bill provides for taking depositions under some peculiar conditions. Other bills are captioned "to amend article so and so of chapter so and so of the Revised Statutes of 1925." Search of the statutes will show what the bill affects.

Proposal for a 120 day session of the legislature with half of it given to introducing bills and committee work, is getting favorable comment. It is designed to eliminate the wild scramble to get bills on the calendar as early as possible. In the scramble all sorts of mistakes seep through.

Business Training

THE BEST TRAINING
 Our business school teaches the commercial courses and equips young men and women to fill responsible office positions. Our faculty is composed of experts in the several departments and armed with diplomas our graduates are fully capable of filling the most exacting positions. We are regarding the course you want to take.
AN ANGELO BUSINESS COLLEGE

lature on Sunday movies shows that the Sunday law of 1871, prohibiting Sunday theatres is given little observance. It was passed before the days of the movie. In the state there are 876 movie theatres and 427 of them open on Sunday. Advocates of a bill legalizing Sunday movies point out that any town or city, not wishing Sunday movies, can close them by ordinance, even if the Sunday law passes.

There is lobbyng afoot in the halls of the Capitol at Austin to put skirts on the chairs in the Senate and the House of Representatives. The lobbyists are the women employed on the legislative clerical force. And the chairs concerned are the ones they use. The movement is not the outgrowth of modesty complex but is prompted by economy. Miss Beverly Randolph, of Seguin, secretary to Senator A. J. Wirtz, of Guadalupe county, estimates conservatively that each girl employed as a clerk or stenographer in the legislature is ruining on an average of one and a half pairs of stockings a week. Now that is no small item in the weekly expense account when ladies' hose cost from \$1.95 to \$2.95 a pair, not extra fancy.

The Senators reluctantly raised the salaries of several of the calendar clerks. And then in a couple of days they were touched again. But the Senators bucked. Not only did they buck, but they reneged and voted to cut the salaries they had already increased. That put this stocking matter right up to the girls. And the weather is too cold to go without them, the ladies are trying to find other ways of remedying matters.

Putting drapes on their chairs would not be infringing on the masculinity of law-makers' chairs, the girls said. Their chairs would remain unclad.

JUNIOR CHIOR
 The Junior boys and girls met Monday the fourth, at 4:15 o'clock. There were fourteen girls and eleven boys present. We are very enthusiastic, and if our fathers and mothers will cooperate with us, we hope we

may be of help in the service of God.

We are assigned memory work and each child was eager to learn his part. We will meet once each week with our leaders, and will be graded on our work.

The boys discussed their sports and decided on baseball. The girls have not yet decided just what their sports will be. We were served Hersheys and Baby Ruths.

—Reporter.

ERROR CORRECTED

Mrs. C. H. Black of Center Point community phoned in to say that one of the Eagle's correspondents had by mistake stated that a dance was given at her home, which was entirely erroneous and she wished it corrected. The Eagle gladly makes this correction on its own behalf and that of its correspondent. Errors and mistakes often occur, no matter how hard we strive to avoid them, but the Eagle is always glad to correct where a mistake has been made.

CITATION BY PUBLICATION

THE STATE OF TEXAS
 To the Sheriff or any Constable of Mills County, Greeting:
YOU ARE HEREBY COMMANDED to summon John M. Bryson, John M. Bryson, Patrick and wife, Mrs. Patrick Bryson, William S. Bryson, W. C. Bryson, William C. Bryson, Carrie M. Bryson, Clara M. Bryson, Ella M. Vallentine, Mrs. Ella M. Bryson, Mrs. Francis L. Mullin, Francis L. Mullin, Mahlon Capper and wife, Mary J. Capper, Wellington R. Capper and wife, T. Ellen Capper, T. E. Capper, W. R. Capper, J. Ward Wilson and wife, Helen P. Wilson, Mrs. Etta Beutler, Mrs. Etta Beutler, William G. Hambricht and Charles L. Capper, and the unknown heirs, legatees and devisees of each of the above named persons, alleged to be deceased by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the

District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the first Monday in May, A. D. 1929, the same being the 6th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of February, A. D. 1929, in said Court No. 2261, where, in J. C. Mullin is Plaintiff, and the above named persons are Defendants, and said petition alleging "this action is brought as well to try title as for damages, the plaintiff suing the defendants, and each of them, for the title and possession of the following described land and premises lying and being situated in Mills County, Texas, alleging that he is holding and claiming the same in fee simple and that he is entitled to recover of and from the defendants the title and possession of the said land, because he and those whose estate he has, now has, and has had, peaceable and adverse possession of the said land and premises by actual enclosure, cultivating, using and enjoying the same, for a period of more than ten years after defendants cause of action accrued, and next before the commencement of this suit, and that the nature of the defendants title or claim to said land is unknown to the plaintiff; the said land consisting of 247.9 acres of land out of the John M. Bryson survey, patented to the heirs of John M. Bryson by patent No. 224, Vol. 15, and described by metes and bounds as follows:
 Beginning at the S. E. corner of the said survey; thence North 1097.4 vrs to a corner; thence west 1266.3 vrs to a corner; thence South 1097.4 vrs to a corner; thence east 1266.3 vrs to place of beginning. Plaintiff sues for the title and possession of the said land and that he be quieted in his title thereto, etc., as more fully shown by his petition filed in said suit.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Goldthwaite, Texas,

this the 12th day of February, A. D. 1929.
 (Seal) JOHN S. CHESSER,
 Clerk District Court, Mills Co.

STATE AID REDUCED

A letter from State Supt. Marrs published throughout the amount of state aid for Texas last week announced that public schools had been reduced 20 per cent, on account of the large increase in scholastics, and this announcement caused some alarm over the prospects of shortening the term of the schools. This alarm is unnecessary, for the small reduction in this appropriation will not curtail the school term in any case more than a few days and possibly in no case more than a week. Supt. Marrs promised to send to the various counties a list of the schools receiving state aid, together with the amount of reduction in dollars and cents, but in the absence of such a list the trustees and patrons can easily calculate the amount involved and will find the school term will not be materially shortened.

GROUND HOG LOST CAST

If the notorious if not famous "Ground Hog" ever had any advocates or any that believed in him in this country he has lost out now. If, in truth, he has ever been governed by the condition of the weather or appearance of sunshine on February 2, he certainly double-crossed his supporters completely this season. It is a well known and attested fact that the animal or varmint could not have seen his shadow on the regular anniversary of his coming forth from winter

quarters, since that day was one of the darkest of the entire winter—not a ray of sunshine appearing throughout this section the entire day—yet the coldest weather of the winter and for many winters past has been experienced here since Feb. 2. Sleet and snow commenced falling the night of Feb. 7 and some of it remained on the ground for almost a week and old settlers claim it was the coldest spell of weather since Feb. 11, 1899. This may not be the exact record, but it certainly was cold.

LEE ON THE JOB

A letter to the Eagle from Congressman R. Q. Lee states that he had hoped to visit the various counties in his district prior to his departure for Angelo.

Washington, but pressing business affairs have prevented the visit. He states, however, that he hopes to be able to meet with his constituents prior to the convening of the next congressional term, if the special session does not overlap and that time he will discuss them the various needs and sires for federal legislation.

Charley Wilson and wife returned to their home in Sa Angelo a few days ago, after a visit to relatives and friends in this city. Charley was for a number of years one of the publishers of the Eagle and progressive citizen of this place and now owns a prosperous job printing business in Sa Angelo.

THE NEW NASH '400'
 Leads the World in Motor Car Value

THE ONLY CAR of all the new cars with every new 1929 refinement

YOU will find some of these important new 1929 features on several of the new cars—but the only new car that has all of them is the new Nash "400"!

Each one of these new refinements gives added pleasure to driving a car. And all of them together mean more delightful, carefree, luxurious motoring than you have ever known before.

And when you buy a Nash "400",

you get all these advantages without a penny of extra cost. Every necessary accessory... hydraulic shock absorbers... bumpers front and rear... even tire locks... are installed at the factory—included in the factory price.

Drive a new Nash "400" today. Compare what we say about the car with what the car says to you. You will find that although we make strong statements about the "400"—the facts are even stronger!

POP PASTURE—915 acres all goat fenced with four-room house, good well of water and 1000 ft. of pipe. Sale—Cash hand down cost shearing machine, one corn and cotton planter, one grain drill with tractor hitch, one tandem cutaway disc harrow, tractor hitch. All machinery in good working condition. WALTER FAIRMAN. 3-15-29

MULLIN

From Mullin Enterprise: Mr. and Mrs. Blake Forehand of Miles visited her parents, Mr. and Mrs. B. F. Stbbins, on last Sunday.

It is reported that our friend Tip Eaton has an attack of pneumonia in a hospital in Brownwood.

Mr. and Mrs. D. J. Lockett and Mrs. Lee Roberts went to Zephyr Tuesday and visited J. L. Boland and family.

Miss Annie Laire Petsick, high school principal of Mullin school, spent Monday night at Caradan with her brother.

The first games of the county basketball tournament were played here Monday between Prairie and Mullin teams. The Mullin boys won the first game by a nice margin. The games were full of pep, life and action.

Inclement weather prevented the tournament last Friday and Saturday, as originally planned.

The Enterprise received a nice and interesting letter this week from Jeff Johnson, a former citizen of Duren. He mentioned his appreciation of the good paper and his old friends here. Mr. Johnson's family is well pleased in Eldorado, are boosting their new shell pipe line that is now being built thru his county.

The Woman's Missionary Society met Monday afternoon at the home of Mrs. M. E. Casey. The ladies are always delighted to meet in this hospitable home and Mrs. T. K. Anderson presided over the meeting and gave an interesting interpretation of the lesson studied. Mrs. M. E. Casey served par excellence cake and hot chocolate to the guests.

Miss Ellie Gertrude Sorrell and Mr. J. T. Russell were mar-

ried on the 6th of February. Rev. T. K. Anderson performing the ceremony at the home of the bride's mother, Mrs. E. E. Russworm, of Williams Ranch. The happy young couple will reside on C. B. Vaughns ranch at the house usually known as Mrs. Lizzie White's.

The Enterprise extends best wishes to Mr. and Mrs. Russell and may their lives be blessed with sunshine and happiness.

Mr. R. M. Thompson of Goldthwaite has bought an interest in the Eagle Publishing Company and has now assumed the duties of editor and business manager of the paper.

Mr. Thompson is a veteran newspaper man and is welcomed back into the fields of labor, where he has spent a quarter of a century.

For many months, one with the eyes of an Eagle could see that E. E. Wilson, business manager of the Eagle, was contemplating trying his wings on the air over station KGKB. So with the dawn of the new year Mr. and Mrs. E. E. Wilson and their charming little daughter,

Francis, moved to Brownwood and entered the radio business.

ECONOMY IN GOVERNMENTAL PRACTICE

The California Taxpayers' Association, in a recent article, advocates strongly the legalization of the photographic method of recording deeds and public documents, which is now being considered in that state. This method has been tried in a number of states with uniform success. The common system of recording documents, by manual means, is of necessity slow, expensive, and, because of the human ability to err, not entirely accurate.

The photographic method, on the other hand, is swift, absolutely accurate (as it gives an exact reproduction of the original), permanent, fraud-proof and—perhaps most important—remarkably economical.

Taking the country as a whole, labor is well employed at high wages, which in turn are being used to augment savings accounts, purchase homes, and for better living conditions in general, all of which mean a high purchasing power and prosperous business conditions.

Robt. Robertson of Big Valley, one of the foremost men of that section, was the first to enter his subscription for the Eagle to the new management. It is indeed encouraging to have the confidence and friendship of such good men and the editor will be sure to bend every energy to merit the patronage.

Mrs. Dr. M. C. Brooking of Star was an appreciated caller at the Eagle office Tuesday. She is one of the most successful practitioners in this section and her success in handling the flu situation was remarkable.

When you know a news item tell the Eagle.

MARBLE AND GRANITE MEMORIALS

We are now ordering a new car of the Famous Georgia Marble and would appreciate a chance to figure on any work you may need. We are in a position to save you money on your needs and at the same time to give you strictly first class work both in materials and workmanship.

We will also put in a small stock of granite within the next few weeks. We have one of the best workmen in the South and can give you work in a workman like manner. No job too large or too small to receive our personal attention and best efforts.

33 years in business here and we thank our people for the business given us. I solicit your patronage in the future.

Fisher St. J. N. KEESE & SON Goldthwaite

WELCOME

A hearty welcome is extended to the new management of the Eagle.

We believe that a newspaper is one of the greatest factors in community building and have faith in the Eagle doing its utmost in the interest of Goldthwaite and Mills county.

We extend a hearty welcome to our old-time friend, neighbor and editor, Mr. R. M. Thompson, upon his return to the community and we are glad he is again on the roster of Goldthwaite business men and boosters and pledge him our hearty co-operation in every effort for the benefit of Goldthwaite, Mills county and this part of Texas.

YARBOROUGH'S
