GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, FEBRUARY 22, 1929.

NUMBER TWENTY-FIVE.

Many Improvements In Goldthwaite Business District

Several Important Changes

There are evidences of progress and prosperity on every hand in Goldthwaite and the statement that Goldthwaite is one of the best towns on the map is being fully vindicated. Not only do these evidences appear in the business part of town, but throughout the community and the surrounding country.

One of the largest buildings ever erected in this city is being built by the E. T. Fairman Hardware and Furniture company and is nearing completion. The building opens on Third street, but will be connected with the company's main building on Fisher street by means of an overhead passage crossing the alley at the rear of the main store. This new building covers a space 40 x 160 and is two stories in height. It will have a brick front and will be an imposing building. A garage for the company's ambulances, trucks and other motor vehicles will be built on the west of the big building and will be conveniently arranged and add to the place.

The Fairman Company is having a plate glass front built in their store fronting on Fisher street and some important and attractive improvements have been made on the interior of the store, such as the building of an office in the rear of the room, where a large fireproof vault has already been prepared. When these improvements are completed the company's heavy stock, including furniture and stoves will be moved to the new building at the rear and one of the main buildings on Fisher street will be vacated and after the interior arrangements of the vacated building have been completed it will be occupied by the Texas-Louisiana Power Co. as an office and display room for the various household necessities handled by that company.

Other improvements are being made about town, including the re-building of the Sullivan store building on the north side of the square, recently damaged by fire. Mr. Sullivan will have a plate glass front built in and make it quite an attractive place. When the building is completed it will be occupied by Mrs. Addie Smith-Bodkin and Miss Myrtle Harrison with their millinery store.

Kelly Saylor's Chevrolet Motor Co. has contracted for the erection of a concrete building 36x120 on the lot adjoining the Saylor hotel on the north, and between the hotel and the Keese marble yard. When this building is completed it will be used for a garage and work shop by the Motor Co. and the first floor of the hotel building, from the Fisher street entrance to the sample room, will be arranged for a display room and office for the Chevrolet Motor Company. This will make one of the finest automobile show rooms in this part of Texas and will be a credit to the town. J. J. Saylor, owner of the hotel property, has already contracted to erect the new building and make the changes necessary for the Chevrolet company and expects to have the buildings ready for occupancy by Sept. 1.

Mr. Saylor will re-arrange the lower story of the hotel building at the rear, making the entrance on Third street, using what is now the sample room of the hotel for the office and lobby. He will build an addition to the hotel on the

JACKSON CROSSING BRIDGE WILL BE REPAIRED BY COMMISSIONERS SOON

COMMISSIONERS COURT

The court did not complete the work of the term last week and was convened in special session Monday to finish up. An inspection was made of the Jackson crossing bridge at this time and some necessary repairs ordered made, as soon as the material can be secured. The work will be under the direction of Commissioners Burnett and Duren.

Road Overseers were appointed and a list will be prepared for next issue.

Official reports were examined and approved and accounts found correct were ordered paid.

Election officers were appointed at this term.

SEVERAL BURGLARIES

A number of burglaries have been committed in Goldthwaite during the last week and officers are on some pretty hot trails.

Robert Uhrbach's room, in the building next door to the Eagle office was entered last Saturday night, by breaking open a window. It is not known what they secured here, as Mr. Uhrbach is in the hospital in Waco and it is, therefore, impossible to ascertain the loss at this time. His dresser drawers were emptied in the floor and some articles of clothing were taken. A trunk was broken open and its contents scattered and some grips were also broken open and emptied. Mr. and Mrs. W. C. Uhrbach and a representative of the sheriff's department made an inspection of the room and found \$40.20 secreted about the place, but it is not known whether this was all the money left there by Mr. Uhrbach.

A lock on Floyd Jackson's gasoline tank was broken Saturday night and about 50 gallons of gasoline taken. Just a week previous to this date the lock on this tank was broken and 150 or 200 gallons of gasoline pumped out.

Sunday night the grain and feed store of R. E. and Watson Ross was entered thru the back door, but the loss can not be determined as the burglar could have taken several sacks of flour or feed without their being missed. Night Watchman Ervin saw a man in the store and went for a flashlight before entering the house. When he returned to the place the intruder was gone.

HORTON-COVINGTON

Elton Horton and Miss Lennie Covington were united in marriage Wednesday afternoon at the Methodist parsonage in this city, Rev. Lambert officiating.

These young people were attendants at the Casbeer-Oquin marriage last week and are the most popular folks of the South Bennett community. The groom is a grandson of Mr. B. R. Casbeer and the bride is a daughter of Mrs. Morgan Stacy. They were both reared in the county, where they have lots of friends, as well as a host of admiring well wishers in other parts of the county and elsewhere.

west, to be used as kitchen and dining room, making of it a modern as well as conveniently arranged hotel. This building is also to be completed by Sept. 1 and will make a substantial and attractive addition to the business section.

WEDDING AND RECEPTION

Homer Denman and Miss Gladys Rose, both of Bethel community, were united in marriage last Saturday afternoon at the Methodist parsonage in this city, Rev. Lambert officiating.

Mr. Denman is a son of George Denman and is a young man of high character and he has the confidence of all who know him. The bride is a daughter of Will Rose and is one of the most popular young ladies of her home community. They were both reared in Mills county and have a host of friends here and elsewhere who join in extending good wishes to them.

On Sunday a large number of the relatives and friends of the young couple were entertained with a reception and dining at the home of the groom's parents, Mr. and Mrs. George Denman.

Appreciated Letters

The Eagle editor received two much appreciated letters of commendation and good wishes this week, one from Leonard Doughty of Austin, formerly a leading lawyer in this city and a man far famed for his knowledge of law and profound literary learning. The other was from Robert Doney, who was in the employ of the Eagle a number of years and is now a trusted and valued employe of the Bastrop vertiser. Both of these gentlemen have many friends here abouts who are glad to hear that they still have plenty of memories of Goldthwaite and think kindly of their former and former associates as well.

A GOOD SEASON

While the weather has been very disagreeable the past month, and there has been a lot of snow, sleet and rain, it has all been to the advantage of farm land, for there is a mighty good season in the ground and the cold has been beneficial to the land.

day, after several days of illness.

I noticed there were only a few letters in the Eagle last week. Let's try to write more often. Busy Bee is always there with a good, newsy letter.

DELAYED ANNOUNCEMENT

Lee Wilkinson and Miss Hazel Faulkner were united in marriage in Brownwood on Sunday, Feb. 10, the Rev. Robert Milam of Howard Payne college being the officiating minister. The young couple kept their marriage a secret for almost a week and then gave the information to their relatives and friends.

The groom is an electrician in the employ of the Eagle Radio Co. of Brownwood. He was with the company prior to its removal and has many friends and well wishers hereabouts. The bride is a daughter of Mr. and Mrs. Clyde Faulkner of this city and is a favorite with a large circle of friends in this city and throughout the county. She is employed in the Bargain Store on the west side of the square, where she is very popular with the patrons of the store as well as with the management.

The young couple spent a few days visiting Mrs. Wilkinson's brother and family at Winters and have now returned to their business duties. They have not yet determined where they will make their home, as it is yet undetermined whether the Radio Co. will transfer "Sparky" to Corpus Christi or retain his services in Brownwood.

A Most Deplorable Tragedy

One of the most deplorable tragedies ever recorded in Mills county occurred Sunday night seven miles east of Goldthwaite when Colbert Jones, aged 14, was shot and killed by Calvin Dalton, a farmer living on the Ben Harris farm, and at the same time Earl Nowell of the same community was shot and slightly wounded in the arm and leg.

The shooting occurred about 8 o'clock Sunday evening at Mr. Dalton's home and immediately after the tragedy he telephoned the sheriff's department and some of his neighbors. The officers and a number of friends of all parties concerned hurried to the place and found young Jones in a dying condition. He was shot in the face and breast and never spoke after he was struck by the charge from the gun. He was placed in an automobile and hurried to the hospital in Brownwood, but he was mortally wounded and died soon after reaching the hospital.

Mr. Dalton came to town with the officers that night and explained to them that he had heard a disturbance among his turkeys that were roosting in a tree near his house. Believing that his turkeys were being stolen, he grabbed his gun and ran out of the house, followed by his wife. They saw two figures near the turkey roost and after calling to the intruders, to know what they were doing there, he fired and young Jones fell, but Nowell ran and was struck by scattering shot. Mr. Dalton was placed under bond to await the result of Jones' wounds and after the death of the young man he returned to town Monday morning and was again admitted to bail in the sum of \$1500 to await the action of the grand jury.

The presence of the boys at the turkey roost gave Mr. Dalton reason to believe his turkeys were being taken, but the Nowell boy says they had no intention of any kind of depredation. That they had started hunting and when they passed under the tree where the turkeys were roosting the fowls created a disturbance, which attracted Mr. Dalton and the shooting followed.

Early in the evening young Jones had left his home to spend the night with Mr. McBeth's two sons. After eating supper in the McBeth home the boys went out to play and walk about in the pasture near the house. There they were joined by young Nowell and all started out hunting. They had not proceeded far until the McBeth boys decided to return to their home and the other boys went down the fence until they reached the Dalton home, where the tragedy occurred.

Colbert Jones was a son of the late Cicero Jones and made his home with his mother. He had a great many friends and all who know the family sympathize with them. His remains were returned from Brownwood Monday and interred in the cemetery at Center City, the sad service being attended by a great many relatives and friends of this and other counties.

Mr. Dalton was reared in the Center City community and bears a good reputation, as does the other members of his family, and his friends all join in expressing regret over the deplorable tragedy.

"KICKING HIM AROUND"

LOCAL AND PERSONAL

Mr. and Mrs. Walter Fairman were visitors in Brownwood last Saturday.

W. W. Saylor, who is making his home in Brownwood, spent Friday in this city meeting with his friends and looking after business matters.

Mrs. J. C. Darroch came over from Brownwood to spend the week end with relatives. Judge Darroch came over Sunday and accompanied her home.

Mrs. J. A. Gillespie of Dallas, who is spending a few weeks visiting Mrs. W. H. Trent in Brownwood, came over to Goldthwaite and spent the week-end with friends.

Miss Annie Chapman called Saturday and ordered the paper sent to her brother, L. C. Chapman, at Winters. Mr. Chapman was reared here and has a great many friends in this section.

C. L. Featherston, who accidentally shot himself thru the leg last week and was carried to the hospital in Brownwood, was brought home the latter part of the week and is reported to be getting along nicely.

Joe Sellers and his wife and daughter came over from the Big Spring country last Saturday and spent a few days visiting his parents and other relatives in Big Valley. They reported all of the Mills county folk in their part of the west getting along nicely.

Wade Crys of Mullin was one of the visitors to the city since last report. He is an old-timer in the county and, like the Eagle editor, has tried leaving Mills county to stay and found it wouldn't work and he agrees with the editor that good old Mills county is the best part of the world.

Mrs. Hugh Carlton of Oklahoma City, arrived Saturday from Brownwood, where she has been for several weeks with relatives, and will remain in Goldthwaite with her sister, Miss Virginia Kerfoot, until the close of the school term. They have an apartment in the R. M. Thompson home.

C. B. Mohler, formerly a prominent business man of this city, writes from Menard, where he is now engaged in the mercantile business, to extend good wishes to the Eagle management and, incidentally, to have his subscription date set forward another year. He and his good family have lots of friends in this section who are always glad to hear from them and to know of their prosperity.

Mrs. G. H. Frizzell received a message Friday bringing the sad news of the death of her brother, Claude Johnson, at his home in Weatherford. He had been in bad health for some time and Mrs. Frizzell spent some time at his bedside and had only returned home Monday before receiving the news of his death. His remains were carried to San Angelo for interment in the cemetery at that place, Saturday. Mr. and Mrs. Frizzell went to San Angelo on Friday night's train to attend the funeral and be with the family.

UNJUST DELAY

The Texas Legislature by resolution requests the Texas delegation in congress to employ every effort to obtain from the federal government reimbursement to Texas farmers for \$115,000 yet remaining of the undischarged cost of the operation of the 1918-20 pink boll worm quarantine of the State and Federal Governments. The state has already paid its share of the expense, amounting to \$439,000, in accordance with the agreement with the federal authorities.

There is small wonder that there should be local opposition to arbitrary quarantine operations of governmental bureaus when such instances of delayed reimbursement are constantly before the farmers. When the farmers in one locality are required by the government to incur losses for the protection of other sections of the country, there should be money on hand and instantly delivered to make up for these losses.—Fort Worth Star Telegram.

MRS. SHOWN DEAD

DeLeon, Texas, Feb. 16, Editor Eagle: I am taking this method of informing our friends of the death of my sister, Mrs. Fannie Harris-Shown, which occurred at her home in Hamilton on Feb. 7 at 8 o'clock. She was buried in the Center Valley cemetery, six miles west of Hamilton. She underwent an operation following an attack of the flu, but never regained her health. She leaves a true and faithful husband, two daughters, two brothers and two sisters, besides other relatives and a host of friends to mourn her loss. She lived a true Christian life and was ready to go when the Lord called her.

Her loving sister,
Mrs. Mattie Merritt.

(Mrs. Shown, nee Fannie Harris, was reared in the Canadian community. She was the daughter of Mr. and Mrs. Reuben Harris and had a large circle of friends in this country. The family moved to Hamilton county a good many years ago, but they are all kindly remembered by many friends in Mills county, who sincerely sympathize with them.)

CENTER POINT

Editor Eagle: Bro. T. K. Anderson filled his regular appointment here Sunday at eleven o'clock.

Mrs. J. N. Newman spent Saturday and Sunday near Eastland visiting her mother. The P. T. A. met last Tuesday afternoon. The crowd was very small. We hope the attendance will be larger next time.

The Valentine box at the school last Tuesday created lots of excitement.

Mrs. Ray Hammond spent last week with her mother, Mrs. Shelton, who has been very sick.

The singing at Joe Spinks' home was attended by a large crowd last Sunday night.

Mrs. Roy Pearson and her charming little daughters, of Austin, spent the first of the week with parents.

Clyde Davee of Clyde, Texas, lately visited in this community.

Miss Ola Belle Williams was carried to Brownwood last week, where she had her tonsils removed.

Mr. and Mrs. A. F. Anderson of Byrd spent the past week-end in this community.

Next Saturday and Sunday will be Bro. Thornton's regular appointment.

—LOST CHICKEN.

W. D. Stewart was one of the good men who had business in the city Monday and called to have his name entered on the Eagle's list of readers.

Prompt service and appreciation at the Magnolia service station.

MISSIONARY SOCIETY MEETING

The Woman's Missionary Society of the Methodist church met at the church at 2:30 for the study of the mission book, "Life of Christ."

Mrs. Harry Allen conducted the lesson. Mrs. John Keese, president, opened the meeting by reading the scripture lesson and then a hymn was sung.

After a very interesting discussion of the chapter studied, some business was attended to.

A letter from the district secretary, Mrs. Cunningham, was read by Mrs. Eli Fairman.

It was decided to have another mission study next Monday, in place of a monthly social meeting.

The attendance was very encouraging and the society is growing in interest and members.

REPORTER.

BELIEVES IN GROUND HOG

The ground hog did not lose all of his friends in this section for the Eagle has found at least one man who takes up for the "varmint" and thinks yet that he is a good weather prophet. Mr. L. R. Hendry "called the Eagle down" about its criticism of the ground hog in last week's issue and said the date for the appearance of the ground hog is in reality Feb. 14 and that the condition of the weather on Feb. 2 has no bearing on the action of the hog. More than this, Mr. Hendry says the hog returns to his hiding place if he sees his shadow on Feb. 14 and remains eight weeks—so there you have the other side.

BACK IN BUSINESS

W. A. Richards is again in business in Goldthwaite, having purchased the cafe business from Bynum & Hereford, next door to Dickerson's meat market. He was formerly in business at that place, later having moved to the north side of the square, next door to the Bakery, where his cafe was destroyed by fire recently. He is a cafe man of long experience with a talent for giving good service and pleasing his patrons. His many friends in the city and throughout this section are glad to know he has again engaged in business, for that makes it certain he has no idea of leaving Goldthwaite, but will continue to be a booster for this city and help to make this one of the best towns on the map.

FORMER POOR BOY IS NOW EXECUTIVE

A few years ago a poor boy, believing that business held a real future for him, went to a banker friend with a request for a loan to put him through Tyler Commercial College, Tyler, Texas. The banker, believing both in the lad and the efficiency of T. C. C. training, advanced him the sum of \$210.

Today that former poor boy, as a result of that loan and the course it enabled him to take, is one of the most respected citizens of Austin, Texas, chief executive of a thriving life insurance company, which nets him an income of over \$5,000.00 a year. That young lad was no other than Mr. F. W. Woolsey.

During his course at T. C. C. young Woolsey became interested in banking, and it wasn't long after he graduated until he was occupying a bookkeeping position in a Bay City, Texas, bank. After rising to the position of Assistant Cashier, he accepted a position with the State Banking Department. While in that position he became interested in the insurance business and bought an interest in the Austin Mutual Life Insurance Company, later giving up all other interests, he devoted his entire time to this business and built it up from a small business to a prosperous one with a steady future.

"T. C. C. training gave me a start and has helped me all the way," he says.

Doesn't Mr. Woolsey's story show you that if you WANT to make your mark on the world, you CAN. OUTLOOK FOR AGRICULTURE IN 1929

After making a careful survey of supplies, the export demand and probable domestic consumption, the Bureau of Agricultural Economics has issued a report on the probable outlook for agriculture in 1929 and calls attention to certain adjustments which seem advisable. This report is of interest to every farmer and can be obtained by addressing the Bureau of Agricultural Economics, Department of Agriculture, Washington, D. C.

A summary of the report, as it affects the Southwest, shows that some expansion in beef cattle is warranted, but farmers are urged to be cautious in going too far and too fast with sheep, dairy cattle, hogs and fruits. This caution, of course, has reference to commercial production and in no way should deter farmers from producing their own supplies. Also, it must be remembered that the report refers to the general and local and district conditions.

The Bureau survey shows that 1929 should be favorable

for the marketing of wheat, but farmers should hesitate to increase spring acreage on account of the probable yield of winter wheat. It emphasizes the fact that the demand for oats has decreased with the advent of the automobile and that high prices cannot be expected. Corn prices may also be lower because of the falling off of the export demand and the large supply now on hand. The outlook for rice is better. Nothing, of course, is said about cotton in this report because our short-sighted politicians had a law passed against giving out such information.

The immediate outlook for cabbage of Southern growth is good, owing to small cold-storage holdings.

There has been an increase in bearing acreage of citrus fruits and a large production is in sight.

A report on water conditions indicates that prices will be low unless the acreage is reduced.

We have called attention to a few important items in the Bureau report for the purpose of creating interest in the report among producers. A careful study of the report should help every farmer to plan his next operations with a view of not overproducing on things which may have a low market. The best way to keep a market up is to have a supply just under the actual demand.—Farm & Ranch.

THE RECORD-BREAKING NEW NASH "400"

from 9th to 4th place in just 6 months!

IN DOLLARS AND CENTS VOLUME, ACCORDING TO OFFICIAL FIGURES (Paid Enclosed)

ON July 1, 1928, Nash stood ninth in dollars and cents volume of sales, exclusive of Ford, according to the official figures for the year ending at that date.

On January 1, 1929, just six months later, according to the same official figures, Nash stood fourth.

In this very brief period the new Nash "400" has completely changed the automobile picture of America.

With unmistakable enthusiasm, motorists everywhere have placed their stamp of approval upon the new Nash—making it, by a tremendous margin, the outstanding motor success of modern automobile history.

Why? Because Nash gives them the Twin-Ignition motor... gives them cars equipped with the Bijur centralized chassis lubrication system... with hydraulic shock absorbers... with bumpers front and rear... spare tire lock... cars completely, luxuriously equipped... at no extra cost.

Fourth place in just six months because the new Nash "400" is the only car of all the new cars with every new and progressive feature!

The New NASH "400"
Leads the World in Motor Car Value

IMPORTANT "400" FEATURES—NO OTHER CAR HAS THEM ALL

Middle Life Troubles

"About twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time. 'I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it'."

DEFENSE COMMITTEE APPOINTMENTS MADE

Announcement has been made by Paul V. McNutt, National Commander of The American Legion, of the appointment of the Legion's National Defense Committee of 1929. The Committee was approved by the National Committee of the Legion as it is charged with the promotion of the Legion's program for adequate defense for the nation. Ever since it has been organized the Legion has urged that this country maintain an army and navy of sufficient strength to give full protection in the event of a National emergency. Eleven appointments were announced by Commander McNutt and include Claude V. Birkhead of San Antonio, Albert L. Cox of Raleigh, N. C. was named chairman. The Legion has given major attention to national defense in recent years because of the bitter attacks that have been made on preparedness measures by radicals and pacifistic organizations. The Legion is anxious that peace be maintained among the nations of the world at all times but it is firmly convinced that this can not be done by weakening our military establishment. The outbreak of the World War in 1917 found America unprepared to meet the emergency and it was many months before we were able to send an army to the front. The American Legion believes that the nation should profit from this costly lesson and never again be found unprepared.

One of the big objectives of the Legion is enactment of a law, proposed by the Legion, which has become known as the Universal Service Act. This law would provide the nation with an adequate national defense and would act as a peace insurance as well. Enactment of this measure, the Legion believes, would be a big step towards a permanent peace.

FORMER CITIZEN DIES IN OKLAHOMA

Mrs. Z. T. Maxwell, a former citizen of Goldthwaite, died at her home in Oklahoma a few days ago. The family moved from here to San Saba county and from there to Oklahoma. The San Saba News says of her: Mrs. Z. T. Maxwell died after a short illness at Guthrie, Oklahoma, on February 1, 1929. Mrs. Maxwell was at the home of her son, Floyd Maxwell, when she was attacked with pneumonia in both lungs. Deceased will be remembered by many San Saba people, especially those living in the Colony, Chappel and Bend sections of the county. Mr. and Mrs. Maxwell lived for a number of years on the Holland Hill farm and made the Maxwell potatoes famous as the best eating potatoes in the world. She leaves the aged husband and nine children surviving, and all were present at the funeral except two of the children. She was a kind, tender Christian mother and friend and was devoutly loved.

STATE FARM NOTES

Prosperity on Worn-Out Farm
Floresville—Three years ago a farmer near here found that his small black-land farm was paying him, his wife and children a combined salary of fifty cents per day growing cotton. He traded it off for a larger worn-out sandy land farm and from it has earned a new house, new barns, chickens and chicken houses, cows and a big car. "It came about," says E. D. Beck, county agent, "because Mr. Uhlmann paid back to the soil its just share of the profits. Here is his method: Peas in corn, followed by oats; peas for hay and peas for green manure; terraces to maintain the soil and conserve the water; every acre grazed by cows at some time during the year; and all lot manure hauled to the land. He also uses all his neighbors' available manure. Hegari and cane are raised after peas have been plowed under, thus supplying roughage to supplant oat pasture in winter and sudan pasture in summer."

Carmen Grapes
Gainesville—Among the thirteen farmers in Cooke county who set out carmen grapes at the instance of county agent L. L. Johnson in 1925 is Will Austin whose one and one half acres brought him \$450 last season. The vines cost \$34.80 and he has been to the expense of cultivating, manuring, and pruning, but the 11,250 pounds of grapes cut from these vines last season represent a good profit on the investment. The vines averaged 25 pounds of grapes each. An effort was made to sell the grapes of these demonstrators by the car but this was finally abandoned in favor of local sales.

Sweet Clover Good Cover Crop for Figs

Galveston—The use of yellow blooming sweet clover as a cover crop for enriching fig orchards in South Texas was tried out by nine farmers here last year with results so outstanding that twenty-three more farmers started the practice last fall. Due to years of county agent work here the idea of using leguminous cover crop in fig orchards has become well established but hitherto the crop used has been burr clover.

Fences Off Field For Turkeys

Dublin—Separating turkeys from chickens is quite necessary in black head control and has been followed out with good results on seven farms in Erath county this year. E. W. Bradley varied the usual procedure of penning chicken and allowing turkeys to range by fencing off about 12 acres in a corner of a field nearest the farmstead and in this enclosure planted milo, corn and peas. The turkeys were turned in here and in the late summer and fall a litter of pigs and several cows as well. According to his statement to Mark Buckingham, county agent, this patch brought the largest return for the least labor of any part of the farm.

TEXAS WOMAN LEADS LARGE UNDERTAKING

From Washington has come report that Mrs. Phebe K. Warner, as chairman of the rural co-operation committee of the General Federation of Women's Clubs, has undertaken the task of organizing the 6,000,000 farm women of the Nation, and quotes this Texas woman as having voiced belief that the power set in motion by such organization "would do more to bring about economic justice and rural prosperity than all the Legislature could ever do," says The Dallas Journal. That is no overestimate of the possibilities. The effort will promise more than the awakening of rural womanhood. It will promise as well an awakening of the women of towns and cities, and the development of an understanding of rural conditions and problems that has not existed heretofore. It is a stupendous undertaking. But if the Nation-wide organization can be effected, this indefatigable and able woman from the Panhandle of Texas is the one person to direct the undertaking successfully. Mrs. Warner has devoted many years of her life to a study of conditions in the rural sections of her part of Texas, and, more recently, in all parts of the Nation. She has given proof of interest and understanding in her writings and addresses, and in her intimate association with rural citizens. She has won national recognition through service, and as a helpful and constructive factor, and with it large opportunity. She may weld a new implement that will rehabilitate and revolutionize agricultural conditions in this country.—Dallas News.

A WRONG DATE

In announcing last week that the Commissioners Court would pay a bounty of 10 cents each for rattlesnakes killed in this county, the Eagle stated the rattles of the snakes must be brought to the court the first Monday in each Monday, when in fact the date for bringing them in is the second Monday in each month. A newspaper always regrets a mistake and is glad to make the necessary correction, for it not only sets things right, but gives the paper something with which to fill its columns.

AGRICULTURING GRADING

Standardization of agricultural products, a development of very recent years, is doing much to aid in the profitable marketing of the farmer's goods. The Department of Agriculture has established a comprehensive set of standards and grades which cover almost every farm product. Not only is this practical in local and national trade, but in international commerce as well. The farmer, as a result, is benefited by an increased demand for graded products, and the fact that grading determines which goods are to be stored for future sale and which immediately marketed.

Firestone SAFETY for EVERYBODY
When we talk about safety we talk from FACTS. Firestone traction protected the fastest trip ever made up Pike's Peak, 200 turns in 12 miles at record speed. Again on a rain-soaked wooden track, the Firestone tread protected the Studebaker which went 30,000 miles in 26,326 minutes. Why does a Firestone give more safety? Because that Firestone tread has more gripping edges than any tire on the road. That's why Firestone Gum-Dipped Tires hold world records for safety. You need this protection. Get rid of worn rubber and get new Firestone Gum-Dipped Tires—the strongest, toughest, most durable tires on the market.

MAN HANGED

This man was feared by wife, envied by men who wished to be feared, a hard man of the community. He got conveniences as a selfish man.

WHY? I'LL TELL YOU WHY

I'm the MAYTAG MAN OF MILLS COUNTY. I asked the wife to let me demonstrate the efficiency, speed, and durable qualities of the MAYTAG ALUMINUM WASHER. She hedged, made excuses, and refused. I bearded this dreaded man. I found he had quick sight, hit hard, shot straight. BUT I survive to tell the story. There is no drudgery days for the wife. The MAYTAG changes wash day to WASH HOUR. How it happens, ask—

FLOWERS FOR THE LIVING

We are indeed thankful to our many friends who signed the petition and wired our representative and senator requesting them to support the Chiropractic Bill No. 604, which is to legalize and regulate Chiropractors by law in Texas, as 38 other states have done.

Another petition is being circulated requesting our senator and representative to kill the anti-Chiropractic bills No. 126 and 127. All those interested in saving tax money spent by the Medical Association trying to put Chiropractic out of the state, call Dr. Swanger by phone or see him and sign the petition. The American Medical Ass'n has caused to be spent over \$95,000 trying to put Chiropractic out, and they are still here. Those of you who desire to have Chiropractic regulated by law so that they can have the liberty to call the doctor of your choice when you are sick, attend to this at once. "There'll Be No Regrets."

POOLING WOOL AND MOHAIR

Wool and Mohair Association Has Completed Plans for Pooling

The directors of the Central Texas Wool and Mohair Association met Friday, February 15, and completed final plans for the pooling of the wool and mohair produced in Mills county.

Once again will that old adage "In union there is strength" be made to bring forth the results not to be obtained by individuals.

Under the able direction of your board of directors composed of J. A. Holland, president, of Mullin, Texas; G. M. Fletcher, also of Mullin, D. G. Barnett and C. R. Wilson of Goldthwaite and C. A. Horton of Pleasant Grove community, you have a body of men who are well qualified to look after your interests and you need have no fear of the final results.

The following plan has been adopted: First a general manager was selected whose duties was to be on hand to receive the wool or mohair, weigh and issue a receipt for same, and this receipt can be used as collateral for securing money on your wool or mohair while waiting for the general pool to be sold.

The directors selected R. F. McDermott to act as the general manager and instructed him to secure a suitable warehouse, order sacks, twine and other necessary supplies. At this writing the warehouse has been secured, the sacks and twine have been ordered and your Central Texas Wool and Mohair Association will be ready for business when you are ready to deliver your clips.

The plan of operation is similar to that of the Keerville pool and others now operating in Texas. A charge of 2 1/2 per cent gross sales will be charged to all parties who wish to pool the wool and mohair, and this will amount to about one cent per pound. Out of this fund will be paid the storage, insurance, grading by licensed grader and selling expenses. There will be no membership charge and no other charge of any kind.

For the information of sheep and goat men in the county we quote you the following prices on sacks and twine:

To those who wish to pool their wool or mohair the price on sacks, 6 ft., 3 lb. new sacks 54c. To those who wish to purchase sacks, but do not wish to pool 58c.

On twine paper fleece 20c per pound to those who pool and 24c to those who wish to buy their twine at a reduced price but do not wish to pool their products.

At the above prices we will have paper fleece twine either in cut lengths or one pound balls, also have hemp twine for sack sewing.

The management invites all sheep and goat men to meet in the court house Saturday, February 23, at 2 p. m. in Chamber of Commerce room, at which

the details of the pooling, grading and selling of your wool will be explained and the plan of operation made plain to you.

The following have signed to deliver their clips to date: G. D. Byrd, W. W. Perkins, B. G. Witt, D. G. Barnett, J. A. Holland, J. F. Davis, C. R. Wilson, A. B. Byrd, C. J. Crawford, C. A. Horton, L. P. Stevens, Jno. W. Hill, W. M. Guyne, D. C. Langford, Clyde Eaton, Jesse Lowe, Willis Hill, J. R. Parker, W. A. Triplett, G. M. Fletcher, W. R. Garner, A. P. Hereford, J. F. Partridge, Roy Simpson, C. H. Horton and E. L. Laughlin.

Be sure to meet with us Saturday, February 23, at 2 p. m. R. F. McDermott, Secretary.

GOLDTHWAITE HATCHERY

We are now ready to receive eggs for custom hatching and take orders for Baby Chicks. Since January 1st, we have bought many thousands of eggs from pure bred flocks over our territory, for which we have paid a nice amount over market price for said eggs. We have shipped these eggs instead of setting them because of the weather conditions, as every one knows, governs Baby Chick Industry. But spring is most here and Baby Chick Season is at hand and we are anxious to talk Baby Chicks and good eggs to you.

We want to say we have a heart full of appreciation for your past patronage and hope we will continue to receive it in the future.

CONSULT YOUR BANKER FIRST

Your banker may not have progressive ideas concerning some phases of agriculture. Some of them haven't because they have been trained to be conservative in the nth degree. But, there is one thing you can rely upon, and that is good advice when it comes to making investments in industrial stocks and bonds.

Not long ago a Texas lady came into possession of quite a fortune in gilt-edge securities. Dividends came with regularity. Some crooked bond dealers heard of her good fortune and cultivated her acquaintance. After establishing themselves as good friends, they induced her to trade her securities for others which they promised would pay twice as much. She later found that her alleged friends had moved to other parts and that she was out her fortune. Had she consulted any banker she would have learned that the securities offered were worthless.

The crooks always read the mortuary columns. Widows are their victims. After a few days have elapsed and she has had time to collect the insurance on her husband, they descend upon her with flattering offers of investment. They are smooth-tongued artists. Many of them stay just within the letter of the law and keep out of jail, but they are succeeding in swindling widows out of millions of dollars annually. A telephone message or a personal call to some good banker would save them from an investment mistake. Why risk when good advice from reliable business men can be had for the asking?—Farm & Ranch.

A number of community letters had to be carried over this week on account of being received late. Please try to get them in the early part of the week.

BAPTIST CHURCH

Our Methodist friends worshipped with us Sunday night. We were very happy to have them. They know just exactly how to fit in, to make a service worth while.

We hope by this time that Bro. Lambert is able to be about his usual routine of work. We wish to express to him our appreciation of his beautiful spirit of co-operation.

Let's go above the 200 mark next Sunday in our Sunday School attendance. We are expecting you to help us reach our desired goal.

The first Sunday in March the church roll will be called. We are expecting to hear every resident member answer when his name is called.

This scribe will preach at Big Valley next Sunday at 2:30 p. m. PASTOR.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County, Greeting:

YOU ARE HEREBY COMMANDED to summon J. W. Horton, W. J. Wagoner and J. B. Nichols, and the unknown heirs, legal representatives and devisees of the said J. W. Horton, W. J. Wagoner, and J. B. Nichols, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the first Monday in May A. D. 1929, the same being the 6th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 12th day of February, A. D. 1929, in a suit numbered on the docket of said Court No. 2252, wherein W. J. Weatherby and J. E. Evans are Plaintiffs, and J. W. Horton, W. J. Wagoner and J. B. Nichols and the unknown heirs, legal representatives and devisees of the said J. W. Horton, W. J. Wagoner and J. B.

Nichols are Defendants, and said petition alleging that this action is brought as well to try title as for damages, the plaintiffs alleging that they are lawfully seized and possessed of the following described land and premises, lying and being situated in Mills County, Texas, to-wit:

The East one-half of Section No. 28, Certificate No. 21-626, H. T. & B. Ry. Company survey, state school land, sold and awarded by the Commissioner of the General Land Office to J. B. Scott, on the 8th day of Sept., A. D. 1885.

And further, that they now have and have had peaceable and adverse possession by actual enclosure of the land and tenements above mentioned, cultivating and using and enjoying the same for a period of more than ten years after the defendants' cause of action accrued, and before the commencement of this suit, and that the nature of the defendants' title or claim to the said land is unknown to them.

Plaintiffs pray for judgment of title and possession of the said land, etc.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the seal of said Court, at office in Goldthwaite, Mills County, Texas, this the 12th day of February, A. D. 1929.

HALT! Get your income tax figures up—or down.

Bruno Sehrank is building a chicken house as warm as most people build their houses. He put siding on the outside and sheetrock on the inside.

Suppose George Washington had been a woman, could we celebrate her birthday?

Carl Neimann is still building goat sheds, sheep sheds and net fences.

Even at that George missed the convenience of having American brand fence around his farm.

Best results are obtained from varnish when used in the interior of homes when applied when the temperature of the room is about 70 degrees Fahrenheit.

Income Tax. Out goes east

Have you heard the new Scotchman's song, "I can't give you anything but love"?

If you keep quiet and listen you may learn a lot from people who talk too much.

"Does your wife pick all your suits?"

"No, just the pockets."

You and I pay out a car that will depreciate \$200.00 the first year, but if we were to put it in a home and it was to depreciate \$50.00 the first year we would fall down and go 'hang'.

Foster Brim says: "Every thing comes to him who orders 'hush'."

See us. We can build you a home.

We can sympathize with February. It's a little short.

Don't just ask for "Motor Oil"

"Take-a-chance" oil in the engine sends many a good car to the scrap heap before its time has come. That's why it is so important to use a full-bodied motor oil—a highly refined oil—like TEXACO, the clean, clear, golden motor oil. We have the right grade for your car.

What has gasoline to do with lubrication?

Everything. The new and better Texaco Gasoline forms a Dry Gas. It burns completely. No "heavy ends" are left in the cylinders to dilute the oil film, break the seal, enter the crankcase and destroy the lubricating value of the oil.

You use the vapor—

When you drive up to a filling station you ask for "gas." And correctly, too. It is the gas—the vapor of the gasoline and not the liquid which gives the power. The better the gasoline—the better it vaporizes—and the more power it produces. The new and better Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pop"—mileage. Is there any real difference in Gasoline?

We have the answer. Just drive up to the Texaco pump. Then notice how much better your engine performs. Better in pick-up, power, mileage and smoothness. The new Texaco is decidedly different. Stop where you see the Texaco pump.

If you aren't using the new and better Texaco Gasoline now, it's high time you started. In every particular it is a "high test" gasoline. Starts easily, responds like a flash, and is there with plenty of power. Best of all, it is easy on the valves and forms a very minimum of carbon.

HOWARD PAYNE HONOR ROLL

Brownwood, Texas, Feb. 21—The honor roll for the second month of the winter term at Howard Payne College here was announced the other day by the Dean of that school, Thomas H. Taylor. The roll this month was somewhat larger than the first month of the term when sickness struck the campus and spared neither students nor faculty.

Among these on the roll is Eloise Kyle of Goldthwaite. Miss Hilda Carruth, Secretary to the Dean, stated that the grades this month were higher in proportion than any other during the entire school year.

Miss Kyle is well liked on the campus and she has stated that she will be back for the spring term, which begins March 4.

It costs no more to have your car serviced at our station and we appreciate the patronage. - A. E. Evans.

THE PROOF OF THE PUD- DING IS IN THE EATING

The Famous Byrne Short-hand is the greatest system in use today. It has over 50,000 enthusiastic writers; it holds the world's record for speed in a given time, is the most simple, legible and rapid system in use, as is shown from the following remarks by students who first studied other systems:

"I take great pleasure in telling the public that I first studied Pitman Shorthand 8 months, used it in actual practice for four months. At the end of six weeks study of Byrne Shorthand, I was a better writer than I had ever been with Pitman."

"I have been a Sloan-Duployan stenographer for fifteen years; I found the system inadequate. Then I took Gregg under Mr. Gregg, of Chicago, but found it illegible; I then took up the Byrne Shorthand which I consider the stenographic marvel of the age."

"I first studied Pitman Short hand, then took up the Byrne. I found the Byrne 35 percent shorter and that it could be written at a much higher rate of speed, and read like print."

"I studied Perain Shorthand almost night and day for six months, but was not competent to hold a position. I then took up the Byrne for three months and find I can hold any kind of a position."

"I graduated in Graham Shorthand, writing 100 words a minute after nine months of study. After studying the Byrne, together with Byrne Bookkeeping, for four months, I could write Byrne much faster and regard it superior to any other system."

"After studying Byrne Short hand in your school two weeks, I had a more practical working knowledge of shorthand than I did after 27 months study of

the Pitman."

"After studying six different Pitmanic systems, I was unable to hold an ordinary office job, but with five weeks study of Byrne, I went into the District Court and did reporting successfully, and was appointed as an official Court Stenographer."

Why study other systems of shorthand than Byrne, when the Byrne can be learned in half the time or less, read with greater rate of speed which means better salary and position? It does not cost half as much to complete a course in our school as it does one of the other systems in other schools. We hold the exclusive right to teach Byrne in Texas. Positive-ly no other commercial school is longer permitted to teach it.

Our Byrne Bookkeeping and other text are as far superior to the other systems as the Byrne Shorthand. Fill in for catalogue containing full information.

A SUGGESTION

So much to do, so little done; so much to win, so little won. We pass our lives in vain regretting, in loud complaint, in idle fretting. Instead of getting down to work, we step aside from cares that irk, and wonder why we don't succeed. Just two swift kicks is what we need. Now, just suppose the pioneers, instead of striving all their years, had stood aside and made complaint with lame excuse and courage faint. This happy land, so glad and free, would not be filled with joy and glee, the blessings that we now enjoy, the raptures pure without alloy, the blessings of free press, free speech, would still be far beyond our reach. We've all of us this thing to learn, we never get unless we earn, we cannot reap unless we sow. The ages' wisdom proves this so. Then let us show that we're alive. Let's study, work and strain and strive, that we may say at set of sun, "So much to do, but something done!"—William T. Card.
