

# THE GOLDTHWAITE EAGLE.

VOLUME THIRTY-FIVE.

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, MARCH 8, 1929.

NUMBER TWENTY-SEVEN

## RETAIL MERCHANTS BANQUET

### Some Good Speaking Heard On This Occasion

The Retail Merchants Association of Goldthwaite enjoyed a get-together meeting and oyster supper at the Royal Cafe Tuesday night, and the occasion was enjoyed by about forty members, together with the secretary, Miss Mattie Johnston.

The members who attended assembled at the Chamber of Commerce hall in the court house and marched to the cafe, where they found everything in readiness and as soon as they were gathered about the tables President O. H. Yarborough called the meeting to order and requested Rev. Ivins, pastor of the Baptist church, to return thanks for Divine grace, after which the supper was given very careful attention for some time. After the menu had been thoroughly enjoyed, President Yarborough again requested the attention of the assembly and introduced R. M. Thompson, Editor of the Eagle, who had been designated to serve as toastmaster.

A number of interesting topics were discussed with enthusiasm and every speaker was given close attention and heartily applauded. The discussions gave evidence of careful thought by those assigned to a place on the program and proved that the organization has as an actuating motive the betterment of business conditions and the advancement of the interests of the whole people, as well as the various enterprises and industries of the town and county.

A proof that the program was interesting and beneficial can be had by an inspection of it.

#### Program

Should a customer be judged by his rating of years ago; is it safe to disregard such rating—O. H. Yarborough. How a good payer may become a poor payer and how a bad payer may be reformed into a good payer—J. A. Palmer. Profitableness of good competition and the evils of unfair competition—J. A. Hester. How the Retail Merchants Association can co-operate with the schools—Floyd Henderson. The benefits of co-operation between Retail Merchants Association and public Utilities.—W. C. Barnett. Co-operation of the members with the Secretary—some inside dope in confidence.—W. M. Johnston.

#### MILLER GROVE MARRIAGE

Amos Shelton and Miss Ellis Glee Perry were married last Sunday morning at the residence of Rev. J. D. Long at Miller Grove with Rev. Long officiating. They were accompanied by Miss Virgie Mae Taylor, one of their close friends, who was present to witness the ceremony. The popular young people were reared in the Miller Grove community and have many friends there and elsewhere. They will make their home in Goldthwaite.

#### MERRY WIVES CLUB

Mrs. Mark Fairman was hostess to the Merry Wives Club on Tuesday, March 5, with a lovely "Blarney Bridge Party." The color scheme of green and white was carried out even to the refreshments Mrs. Seaborn Allen of San Saba was high for guests and Mrs. Foster Brim for club members.

## INTERSCHOLASTIC LEAGUE MEET TO BE HELD HERE ON MARCH 22 and 23

Miss Vivian Campbell of Austin spent the week-end with her parents.

L. B. Hudson made a business trip to Breckenridge Wednesday of this week.

Mr. and Mrs. D. D. Kemper and Mrs. Grover Dalton spent Monday in Brownwood.

Mrs. W. H. Trent expects to leave today for Temple and Beaumont to visit relatives.

Mr. and Mrs. O. H. Yarborough expect to leave for market today, to buy new spring goods.

Mr. and Mrs. L. L. Walton and Miss May Nichols of Bangs spent Sunday with Mr. and Mrs. E. L. Pass.

Mrs. E. L. Schultz returned home Saturday, after spending several weeks with her daughter in San Antonio.

W. A. Richards has had improvements made on the front of his cafe building which adds much to the appearance of the place.

J. J. Cockrell, one of the leading citizens of the Big Valley section, transacted business in the city Tuesday and called on the Eagle.

W. Karnes of Greenville and Mrs. Dan York of Fort Worth spent the week-end with their parents, Mr. and Mrs. A. D. Karnes, and other relatives and friends.

Mrs. W. A. Bayley called at the office this week to have the address of her son Clyde's paper changed from Pharr to San Bonito, in the Rio Grande valley.

Floyd Frazier of Brownwood, son of Chester Frazier of this city, was able to return to his home Wednesday, after spending some time in the sanitarium in his home town.

Mrs. Simmie Harris of Temple, Joe Wheeler Harris and wife and son of the same city, accompanied by their friend, Mrs. Cole of Waco visited relatives in this city this week.

Mr. and Mrs. Marvin Atnip of Dallas spent the week-end here with relatives. They came down from Brownwood, where Mr. Atnip is engaged in a sale for Kings Dry Goods Co.

Miss Mina Steen, student in college at Brownwood, delighted all who know her by a return visit to this city last week-end. Miss Mina is well pleased with her studies in Brownwood.

Joe Bailey Karnes was carried to the sanitarium in Temple the early part of the week in a serious condition, with locked bowels. He was given relief without an operation and is now well on the way to recovery and will be home right away.

Mr. and Mrs. Percy Forbes of Fort Worth spent the week-end in the home of G. H. Frizzell in this city. Mr. Forbes is adjutant for the American Legion and his division has been enlarged to include all of the southern states and his headquarters will be New Orleans.

F. P. Young, one of the Eagle editor's friends of many years standing, was in town from his Hanna Valley ranch Tuesday and called at the Eagle office. The editor was out and consequently did not meet him, but will expect him to come back right away.

P. T. A.  
The Parent-Teachers Association will meet in the High School Building at 4 o'clock Tuesday, March 12th. Members and interested school patrons are invited to attend.

### NEW OFFICERS OF CLUB ARE HONORED

On Thursday afternoon of last week the members of the Self Culture Club entertained with an elaborate tea honoring their new officers at the home of Mrs. Dow Hudson.

The Hudson home was an ideal setting for this affair. The spacious living room was decorated with tall baskets of flowers, ferns and vases of pink carnations. Mrs. E. B. Anderson greeted the guests at the door. In the receiving line were president, Mrs. J. A. Hester, and the incoming president, Mrs. J. C. Evans, and her assistants for another year—Mrs. W. K. Marshall, vice-president; Mrs. Earl Clements, recording secretary; Mrs. J. M. Campbell, treasurer; and Mrs. Dow Hudson, corresponding secretary. Other club members who assisted in the living room were Meses. W. E. Miller, R. M. Thompson, Claude Saylor, F. N. Irwin, G. C. Ivins, L. B. Walters and Jno. Berry.

The dining room presented a very attractive scene. A soft rose glow suffused the room while violets, the club flower, were the flowers chosen. The table was laid in lace, the center decoration being a gorgeous array of pink tulips. Green tapers in silver candlesticks added grace to the table. Meses. Eli Fairman and J. H. Randolph, in a most gracious manner, poured tea and coffee throughout the hours. The other "tea dainties" were served by Meses. O. H. Yarborough, Foster Brim, E. D. Stringer, Floyd Ligon, J. H. Saylor, Floyd Jackson and E. T. Fairman.

In the music room, sheltered behind a screen of ferns, Henry Cryef's orchestra furnished music during the hours, adding greatly to the enjoyment of both hostesses and guests.

The hours for calling were from four until six and about one hundred and fifty guests honored the Self Culture Club with their presence. Reporter.

### A GOOD SHOW

The Ray Howell Players have been entertaining the people of Goldthwaite this week with some mighty nice plays, in their tented theatre on the Star wagon yard lot. The programs have been well rendered, the players are well chosen for their parts and there has been no objectionable or questionable acts. It is one of the nicest aggregations of show people ever visiting the town and it is a pleasure to recommend such people. They will continue with their entertainments each evening this week and will give a matinee Saturday afternoon.

### BASKET BALL TOURNAMENT

Several of the basket ball teams were in contest last Saturday and the championship was won Saturday night by the Mullin Hi team.

During the day there was a contest between the teams of Mullin and Center City, in which Mullin was victorious. The Goldthwaite and Star teams and the Goldthwaite and the Prairie teams contested during the day and the final contest for the county championship was played at Mullin Saturday night.

### JUNIOR ART AND CIVIC CLUB

The Junior Art and Civic Club met with Mrs. Mark Fairman Friday, February 22. A well-rendered program was enjoyed by all.

### PLANNING FOR THE FAIR

The directors and several stockholders of the Mills County Fair association assembled in the court house Wednesday afternoon, in response to a call by the president, Dr. J. M. Campbell, to discuss matters relative to the coming fair and elect officers.

In the absence of Dr. Campbell the meeting was called to order by T. F. Toland, vice-president, who presided over the session.

The date for the fair, as previously arranged, was announced for July 18, 19, 20, and there was an optimistic spirit demonstrated throughout the meeting.

A committee composed of Luther Rudd, Joe A. Curtis and S. P. Rahl was appointed to make plans and ascertain the cost of a barn or tabernacle sufficient for the care of livestock and poultry during the fair.

It was determined to employ the Goldthwaite band to furnish music for the fair and the plan of making a circuit with the band advertising the fair, at some time prior to the date for the fair was heartily endorsed by the meeting. Joe A. Palmer was elected a committee of one on transportation, to arrange for conveyances for the band for the circuit.

The directors for the ensuing year, which includes the required five new members, were selected. They are: Dr. J. M. Campbell, T. F. Toland, R. P. McDermott, A. E. Evans, J. H. Burnett, O. H. Yarborough, E. T. Fairman, J. A. Palmer, G. H. Frizzell, R. E. Clements, Dow Hudson, L. B. Burnham, S. P. Rahl, Joe A. Curtis, Luther Rudd.

The directors then elected officers of the association for the year, who are: Dr. J. M. Campbell, president; R. M. Thompson, vice-president; R. L. Steen, secretary; J. A. Palmer, treasurer. These officers together with O. H. Yarborough and W. P. Weaver constitute the executive committee.

The heads of the various departments were also named, as follows:

Joe A. Curtis, grounds; T. F. Toland, grand stand; R. E. Clements, old soldiers and pioneers; W. P. Weaver, agricultural exhibits; S. P. Rahl, livestock; Dr. Campbell and G. H. Frizzell, races; Mrs. Roy Rowntree, women's work; R. M. Thompson, advertising; Other department heads and committees will be named later.

### JUNIOR CHOR

The Junior Chior met Monday, March 4, at 4:00. There were 23 present. We spent an hour singing and practicing on our harps. We had our first written test Monday evening. The highest grade made was 99 and the lowest was 80. We were served ice cream and Baby Ruths.

The girls went on their picnic last Saturday. We went to Bulls Creek. We had a nice time and hope we will get to go again. REPORTER.

### MRS. BIGHAM ENTERTAINS

Mrs. Sparks Bigham entertained the members of the Junior Art and Civic Club and a few guests Friday, February 8. After the games were over, Mrs. Mark Fairman was found to have scored high.

### INTERSCHOLASTIC LEAGUE MEET MARCH 22-23

The Mills County Interscholastic meet will be held on Friday and Saturday, March 22 and 23. A change in date has recently been made on account of Friday, March 29th's being Good Friday, which is observed by some communities as a religious festival day.

Everything seems to indicate that we are to have an interesting and unusually good meet this year, medals for place winners have already been ordered and should be here in due time.

The schools in many instances have always been loyal in supporting the meet financially and otherwise. This the committee appreciates. Big Valley, Star, Duren, Center City, Mullin and other schools have always paid to the support of the meet. This year the schools will not be asked to contribute. Goldthwaite will pay the expenses of the "meet" proper, while Mullin has paid for the basketball tournaments.

We invite everybody interested in the advancement of the Interscholastic League to be in attendance on March 22 and 23, regardless as to whether his school belongs to the League this year or not. Everybody will be welcomed to this important school exhibition.

By unanimous vote of the directors the meet will be held in Goldthwaite this year. The directors are as follows: Athletics, E. D. Stringer; Essay, Miss Sybil Guthrie; Spelling, Miss Ruby Cave; Debate, Mr. Ralph Fisher; Declamation, Miss Laura Petsick; Music Memory, Mrs. Joe A. Palmer; Rural Schools, Frazier Henry; Arithmetic, Willie Wasserman. Programs will be published next week.

Respectfully submitted,  
D. A. NEWTON, D. G.

### JUNIOR LEAGUE PROGRAM

Leader—Mary Ellen Trent.  
Song.  
Scripture—Ex. 32:26.  
Prayer.  
Song.  
Talk—Mrs. Lambert.  
1. On the Lord's Side—Azalea Berry.  
2. Workers in the Church—Geneva Greathouse.  
3. Those Who Study To Serve—Lester Lee Moreland.  
4. A Grocer Who Served—Floyce Allen Dickerson.  
Reading—Florine Woody.  
Music—Lottie Bell Hester.  
Discussion.  
Benediction.

### SCHOOL ON SATURDAYS

The school board has decided that it is necessary for the public schools in this city to be taught six days a week for the remainder of the term, in order to complete the work of the term as soon as possible and allow the contractors to begin work on the new school building. Obviously, the construction work could not be carried on while the children were in the buildings or on the grounds so the board determined it to be best to have the school work carried on Saturdays, to shorten the term as much as possible, for otherwise the work of the builders would be delayed to such an extent that the opening of the fall term would be mighty late.

By continuing the school work for six days a week, instead of the customary five days, the term will end May 11, which will be two weeks earlier than it would close without the Saturday sessions.

### NOTICE SCHOOL PEOPLE OF MILLS COUNTY

The movement is on in Mills county to create the office of County Superintendent of Schools.

If you are interested in the schools of the county, seriously consider this movement. It will pay you not to act rashly nor hastily with regard to this movement.

You should support this movement for:

1. The rural schools need closer supervision and administration of their affairs.
2. A more accurate and permanent record of finances of rural districts in the county is needed.
3. The schools need a more economical distribution and handling of free text books.
4. The rural schools would be visited regularly by a county superintendent and he would give his full time to actual supervision of schools as now provided by law. He would give the teachers definite aid and suggestions on classroom instruction and class room management, where as now there is no co-ordinated supervision of the 50 or more teachers all over the county.
5. Taxes will not be raised, although the erroneous statement has been made that they will be. Texas has already amply provided for the financing of her schools, and the office of County Superintendent of Schools will be paid for by the county board from the State Available Fund as is done in every county where there is a superintendent. In other words, the office will be paid for by the schools that it serves, out of its own funds as provided for by the State of Texas.
6. The independent districts will derive benefits from the creation of such an office by having a more scientific classification of rural schools, by better coordination of school work all over the county, and by rural schools producing a better class of graduates who will ultimately go into the high schools of the county. These independent districts will also profit by a more prompt and accurate functioning of the high school tuition law.
7. The rural schools deserve an equal opportunity with independent schools and this can only be done thru the work of a County Superintendent giving his full time to the work. The rural children have suffered while the greatest attention has been given to the children in the independent districts. Build up the rural schools, with a skilled school person as the director of school affairs, and you will build up the school spirit all over the county, rather than centralizing your school system in one or two favored places.
8. The creation of the office of County Superintendent will not in any way affect the County Judge's office other than remove from him the burdensome task for which he receives not more than \$300 per year for traveling expenses.
9. The school business in Mills county is one of the largest businesses in the county and probably has more employees than any one business. It spends approximately \$100,000 per year, excluding bonded indebtedness. Certainly it is large enough in its proportions to have some one who can give his entire time to the proper work.
10. The county commissioners courts of many counties in Texas, including Mills, have considered the agricultural in-

terests of the various counties so important that they have employed farm demonstration agents to direct the agricultural affairs of the county. There are none of us who do not realize that this agricultural work has been beneficial to every county where an agent has been employed. Mills county has such an agent who has made admirable progress in the supervision of Mills county agricultural interests. But our county has no distinct office of county superintendent where by the school affairs can receive the undivided attention and direct supervision of one person. Do we of Mills county consider our agricultural interests to soil culture, stock raising, orcharding, canning, dairying, and poultry raising more important than the educational interests of our children? Surely, if agricultural interests are important enough to demand the employment of a supervisor, then the educational interests are important enough to employ a county superintendent, who shall give all his time to the advancement of the educational agencies of the county.

11. There are some who contend that a separate office of county superintendent is not needed. Those who say that are contradicting the statements of the Mills County School Board and the majority of rural school trustees who have already expressed a desire for the creation of the office of County Superintendent. Who is more capable of knowing the needs of the county? A few persons who know little of the local school needs, or the county school board and the rural school trustees who are intimately and daily in touch and concerned about their own needs? An answer to that question will prove a demand for the office of County Superintendent.

12. There will be a mass meeting of all persons interested in the movement. The meeting will be held at a convenient location, presided over by an impartial chairman, and an opportunity will be given every one to hear the pro and con of the question. Prepare to come to this mass meeting if you're interested in the welfare of every child in Mills county. Watch for date and place of meeting!

If you favor this movement, drop in at your school building and sign the petition.  
ANNIE LAURIE PETSICK,  
Chairman of the Movement

### W. M. U. NOTICE

The Mills County W. M. U. are called to meet at the First Baptist church in Goldthwaite at 2:30 p. m., March 13, for the purpose of electing officers and transacting any other business. All the members are requested to be present.

MRS. W. E. MILLER,  
President.

### MOLINE COUPLE WED

C. O. Allen and Miss Cynthia Duncan of the Moline community were married at the Baptist parsonage last Thursday, Rev. Ivins officiating. They are fine young folks and have many friends and well wishers.

### BANK BUILDING IMPROVED

Some improvements have been made this week in the front of the First National bank building. Two windows have been built in, taking the place of two of the doors, and the change adds to the appearance as well as the convenience of the building. Some interior decoration in the bank adds to its appearance.

**CLASS SOCIAL**

On the evening of Feb. 26 the Fidelis class was royally entertained in the home of Mr. and Mrs. Ira Harvey, Misses Lilla Harvey and Mildred Stephens acting as joint hostesses.

The guests were ushered into the reception suite. When all had assembled our esteemed teacher, Mrs. Jackson, led in prayer, after which she read the devotional from one of the Lord's parables, about the talents.

Appropriate to this followed a round table discussion in which each member was asked to offer suggestions for the advancement of the class. A number were offered which were very good, and it is the intention of the class to carry them out in the near future.

After the business, old and new, had been disposed of, tally cards were passed and the interesting game of "42" was assigned to tables for the evening.

At the close of this the hostesses served a delicious refreshment course consisting of nut salad in lettuce cups, sandwiches, potato chips, hot chocolate and individual cakes.

We had as special guests, Miss Mattie Johnston and Mrs. John Ross.

Soon it was time to depart and each gave expression to the enjoyment of the occasion. We bade our hostesses good night and we hope this charming hospitality will be granted us again in the near future.

FIDELIS REPORTER.

**DAIRY OUTLOOK FOR 1929**

At a gathering of some fifty or more students of agriculture in Washington during the last week in January these men, who in a more or less personal manner covered all the agricultural areas, pooled their opinion, checked it, and cross checked it and then in black and white wrote down their conclusions as to just what, in their judgment, the farmer can afford to do in planning the year's program of production. Concerning dairying they say: "As for the South, there is very little need to worry about overdoing the dairy business for a long time to come. The thing to do here in the South is to get rid of poor cows, replace them with fine ones, grow lots of feed, and drive on. In dairying the South likes a lot of being there yet."

**THE NAZARENE CHURCH**

A memorial service in memory of Esther Carson Winans will be conducted at the Nazarene church at 7:30 Tuesday evening, March 12th.

The program will include much of the life story of Mrs. Winans, with her thrilling deeds and self-sacrificing death in far off Peru. This program promises to be the greatest yet ever rendered by our young people and the W. F. M. S. in Goldthwaite. Don't fail to be present and hear the program and learn something of our work in foreign lands. Everybody invited. Remember the date, Tuesday, March 12, at 7:30 p. m.

Take Chiropractic first. There'll be no regrets.

**Business Training**

**THE BEST TRAINING**

Our business school teaches all the commercial courses and graduates young men and women to fill responsible office positions. Our faculty is composed of experts in the several departments and armed with one of our diplomas our graduates are fully capable of filling the most exacting positions. See us regarding the course you want to take.

SAN ANGELO BUSINESS COLLEGE

**BLOW FOR GREYNA GREEN**

The Governor has approved the so-called "gin marriage" bill. Henceforth Gretna Green weddings will have to be staged across various state lines, and young folks who marry in haste to repent at leisure will have to translate hurry into such speed as a three-day delay between notice and license can accommodate.

The Senate's ten-day notice would have automatically transferred to other states a large percentage of the marriage business. Although most states require an extended residence period to qualify for divorce, the marrying Parson or Justice does not have to ask embarrassing questions along the same line. By cutting the period before wedding license can be issued to three days, the House succeeded in saving the Parsons and Justices many a fee. Ambitious couples close to the border may prefer marriage in another state, but toward the interior of Texas they will elect to wait.

This is a measure designed entirely for the immature. The House considers that a woman of 21 and a man of 25 ought to know their own minds, but the adopted amendment eliminating application to persons of those ages may have intended to compliment the ladies on earlier achievement of discretion or it may have reasoned that the hasty marriage is usually between young people of the same age. Anyway the sheik must give three days' notice before he can get a license to wed a girl of 21.

The bill does not provide that the County Clerk must appear on the courthouse steps and announce the bans for three consecutive days as the parish priest one, did for consecutive Sundays. But the lawmakers seem to have overlooked a bit here. It was a picturesque custom and it would serve to warn irate fathers and more ambitious mothers. Perhaps the lawmakers can not be accused of faith in Rae's proverb, "Better be half-hanged than ill-wed," but they are determined to keep the lagging couples in suspense.—Dallas News.

**ALL STUFFED UP**

Poor elimination from the bowels, Pills, Pink powders What you think, Chiropractic removes the cause. There'll be no regrets.

W. E. Garner of Trigger Mountain community was a visitor to the city a few days ago.

Joe A. Palmer and family visited in Brownwood Sunday.

**POSSIBILITIES OF LIFE**

A Norwegian youth in a strange land, a new language to be learned and a career to carve out with only a mind and a body as tools. The body was small, a physique that offered no temptation to ambitious football captains, but a mind that was determined, patient, and painstaking. Working five hours a day at 10 cents an hour while attending college, he is said to have been the first student in Texas A. & M. to have thus won his way to graduation.

In one capacity or another he remained in the service of his alma mater the remainder of his life, and not content with what the average youth calls an education, mastered seven languages in order that he might follow the work of every nation in his chosen field of botany.

Unassuming, better content to plumb the depths of plant knowledge than to seek the limelight, he was not as well known among the people he served as his long and valuable service could have made him. His studies and experiments continued throughout his life, and future generations will profit by them without a thought of the frail little "professor" who worked his way through college.

Such was the life of M. Ness, recently deceased. It stands as another refutation of the idea that education is out of reach for any who approach it with a determination and a willingness to give themselves to higher achievements which are not measured in Dollars.—Farm & Ranch.

**GET IT**

Relief is attained and health regained, even when others refrain. Like the proverb "Pools walk where angels feared to tread, but they communicated with their God." Chiropractic can and does affect a cure. There'll be no regrets.

W. H. Wigley and family of Wichita Falls spent awhile in this city yesterday, while enroute home from a visit to the coast country. Mr. Wigley is a son of J. B. F. Wigley of Mullin and grew to manhood in this county. He is now engaged in the drug business in Wichita Falls.

Every citizen interested in the progress and prosperity of the county should make preparations to assist in making the coming Fair the best of any heretofore held. One way to help is to place exhibits on the grounds to prove the advantages of Mills county.

**CITATION BY PUBLICATION**

**THE STATE OF TEXAS**

To the Sheriff or any Constable of Mills County, Greeting:

YOU ARE HEREBY COMMANDED to summon J. W. Horton, W. J. Wagoner and J. B. Nichols, and the unknown heirs, legal representatives and devisees of the said J. W. Horton, W. J. Wagoner, and J. B. Nichols, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the first Monday in May A. D. 1929, the same being the 6th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 12th day of February, A. D. 1929, in a suit numbered on the docket of said Court No. 2262, wherein W. J. Weatherly and J. E. Evans are Plaintiffs, and J. W. Horton, W. J. Wagoner and J. B. Nichols are Defendants, and said petition alleging that this action is brought as well to try title as for damages, the plaintiffs alleging that they are lawfully seized and possessed of the following described land and premises, lying and being situated in Mills County, Texas, to-wit:

The East one-half of Section No. 28, Certificate No. 21-626, H. T. & B. Ry. Company survey, state school land, sold and awarded by the Commissioner of the General Land Office to J. B. Scott, on the 8th day of Sept., A. D. 1885.

And further, that they now have and have had peaceable and adverse possession by actual enclosure of the land and tenements above mentioned, cultivating and using and enjoying the same for a period of more than ten years after the defendants' cause of action accrued, and before the commencement of this suit, and that the nature of the defendants' title or claim to the said land is unknown to them.

Plaintiffs pray for judgment of title and possession of the said land, etc.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the seal of said Court, at office in Goldthwaite, Mills County, Texas, this the 12th day of February, A. D. 1929.

(Seal) JOHN S. CHESSER, Clerk, District Court, Mills Co. By Ollie Lee May, Deputy. 3-8-29

H. T. & B. Ry. Company survey, state school land, sold and awarded by the Commissioner of the General Land Office to J. B. Scott, on the 8th day of Sept., A. D. 1885.

**A REASONABLE CHARGE**

The Eagle makes a charge for cards of thanks, resolutions of respect and other articles that are not of general interest. Announcements of entertainments and programs where a charge is made for admission or any other financial benefit is derived also come under the head of advertising. This is not a new rule in the newspaper business, but is enforced almost universally. The charge is usually 5 cents per line.

**WHAT DID IT...**

What keeps one well when he is well? Think. With it you have health, without it you have dis-ease. Chiropractic supplies that which is lacking. There'll be no regrets.

**NEED GLASSES?**

Dr. Jones, the eye man, will be in Dr. Campbell's office on Saturday, March 16th. See him about your eyes, headaches and glasses.

**Steady Work**

AS SOON as the cotton gets big enough—and as far into the season as you can drive a mule down the rows—it's steady work.

Cultivating is a long grind. Feed your mules on Purina Omolene to make them stand up under it. Omolene is a balanced ration that keeps the flesh on them. Even if your mules started in poor condition, they will carry through and finish the season in wonderful shape on Omolene.

Ask the Purina man for names of your neighbors who are using it.

For sale at the Store with the Checkerboard Sign.

**Tires for the new Ford are specially made to give long wear**

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and the Houdaille shock absorbers.

Though the Ford tires are designated as 30 x 4.50, they have the resiliency and air space of much larger tires because of the drop center rim of the steel-spoke wheels.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the sidewalls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent premature wear.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

**SAN SABA EDITOR QUOTES SCRIPTURE**

Our good friend Billie Smith, editor of the San Saba News, whose pen name is Sun-of-a-Gun, issues a hearty welcome to the Eagle editor upon his return to the work and his good spirit is greatly appreciated. He works in some scripture in his article, with the evident intention of making the readers believe he knows a lot, when if the truth was known it is probably the only one he could make and chances are he couldn't tell off-hand whether it was taken from the Old or New Testament. However, he is a good fellow and publishes a very excellent paper. He says:

"Sun-of-a-Gun salutes Bob Thompson. After nine years of wandering up and down the earth, browsing in green pastures and resting by the still waters, he is back home and his name again floats proudly from the masthead of the Goldthwaite Eagle. In his salutation Editor Thompson came 'purty' near quoting the Bible. No doubt he did his best at it, for no man ever had better, warmer friends than Bob Thompson has in the old Mills county home. Here is the way the Good Book expresses it: 'Treat me not to leave thee (again); for whither thou goest, I will go; and where thou lodgest, I will lodge; thy people shall be my people and thy God my God; where thou diest, I will die, and there will I be buried.' The Wilson boys gave the town of Goldthwaite a good newspaper and made a lot of money and S. G. wishes for them a big fortune in the radio broadcasting business. And the glad hand is extended to Editor Thompson.

**THE RIGHT IDEA**

The Waco News-Tribune states the matter clearly when it says those who voluntarily violate the laws of the country and disregard the rights and even the lives of others, should be made to pay the penalty. There is no place for maudlin sentiment in this matter, for as long as tears are shed for criminals and they are lionized by sentimentalists and are kept in the lime light of publicity as suffering heroes the crime wave will continue. The paper quoted says:

Thomas Benjamin Aldridge of Dallas is on his way to the electric chair. He was sentenced to death for criminal assault on a 17-year-old school girl on the fringe of Dallas on the night of December 9. His jury deliberated only 30 minutes. Leroy Merriman, his companion in crime, it is predicted, will be sent to trial without delay and a jury will return a verdict of guilty and sentence him to death in the electric chair.

There has been a wave of crime in the city of Dallas. Murderers and hijackers and ravishers of women are behind the bars. Public opinion demands drastic punishment for these outlaws. There has been an excellent start. There should be a dramatic finish.

Life should be protected under the skies of Texas; property rights should be protected. Those who trample the laws of society under foot, who rob and slay and ravish without remorse of conscience should be made to pay the penalty.

Miss Hazel Fulton was a Brownwood visitor Sunday.

Now is the time to look after your leaky roof with a guaranteed Asbestos Liquid coating. Ask your neighbor who used our material on his roof.

Sold Exclusively by **R. E. & WATSON ROSS**

Goldthwaite, Texas

**LOCAL AND PERSONAL**

Walters Hester, who is a student in college at Brownwood, spent the week-end with his home folks and friends in this city.

The Eagle appreciates local items written or phoned to the office, for in that way the paper is made more interesting for the readers.

William Glenn Yarborough, who is a student in College at Brownwood, came home for a week-end visit to his home folks and friends.

W. W. Ward of Progresso, N. M., was a caller at the Eagle office while here visiting relatives and viewing the scenes he knew long ago. He likes New Mexico and believes that section has a great future, but he still remembers kindly his friends and former associations in Mills county.

Rev. R. W. Bynum was here from Indian Gap Friday, meeting with some of his friends and looking after business matters. He spent a good many years in Mills county and is universally esteemed by the people here, for they know he is not only a good preacher, but a consecrated man and a fine fellow as well. Those who don't know Bro. Bynum have missed a lot.

Every reader can help in making a good local paper and one that will reflect credit on the county. Just send in the local news, especially items that record progress and improvement. There are developments in every community which would, if known, make a fine showing. The only requirement in sending in items is to let the editor know the identity of the informant and that should be easy.

Subscribers asking for a change in address, please state where the paper has been going as well as giving the new address. The Eagle has fifteen hundred names on its list and the paper goes to every post-office and on every route in the county, as well as to many postoffices in adjoining counties, to almost every state in the United States and to one foreign country. From this it can be seen that a request to change a paper to some address without saying where it has been addressed works a hardship.

**SIMPLEX BROODER STOVE**

Brooder Stove in Brown, Comanche and Mills counties. Write or phone me your needs; also for catalog.

S. E. STEWART, Blanket, Texas. 3-8

**WHO'S TO BLAME?**

Why suffer with that pain in the back which is the after effects of the flu. Maybe pneumonia. Chiropractic removes the cause.

There'll be no regrets.

**PAINS In Side and Back**

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My household work went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

**CARDUI Helps Women To Health**

Take Theford's Black-Drain for Constipation, Indigestion, Biliousness. Costs only 1 cent a dose. 25-125

**WONDERS OF SCIENCE**

There have been many wonderful developments in this country and yet we are forced to the belief that the development in the beginning and that more wonders will be shown in future than have ever been imagined. The telephone and the radio, the electric light and all the other wonderful inventions are destined to become common, if science is to be believed. In truth many advancements have been made that would have seemed impossible a few years ago. When the fingerprint system of detection of crime was first evolved it was marvelous, but the matter of crime detection has passed far beyond the fingerprint stage. There are, according to the governor of N. Y., "men who can, with the aid of the microscope, accurately determine whether any particular bullet has been fired from any particular weapon; \* \* \* the story told by every motor tire track has been carefully studied; the preservation and identification of footprints, a hundred different tell-tale signs, which would mean nothing to the layman, stand as clear as a trail before the eyes of these specially trained investigators. "That such facilities should be put at the disposal of our county sheriffs has seemed to be becoming increasingly important, owing to the growing disposition of the murderer in the large city to carry away the body of his victim by automobile to some sparsely settled and desolate locality where it is left in the hope that the local authorities will be unable to trace even the identity of the victim."

Governor Roosevelt's suggestion is in line with the very successful English method where every community has at its disposal the experts of the famous Scotland Yard. It goes at crime from the right angle, that what we need are better police methods and enforcement of the laws we now have.

**FOR YOUR EDIFICATION**

Ask the Chiropractor for Chiropractic information. He it is, that knows Chiropractic.

Miss Ellen Archer, student in State University at Austin, pleased her many friends in Goldthwaite by returning home for the week-end.

**EXCLUSIVE DEMOCRACY**

According to press reports, we have a majority in the Senate at Austin who put through that body, last week, a law authorizing any democratic county organization to exclude from democratic primaries any or all voters who bolted the National Democratic nominee in last fall's election. The intention of this law must evidently be to preserve the organization bearing the Democratic label.

But what does such a law and such attitude do to what we call Democracy? We have looked upon Democracy from the time of its first use in designating political standards as being the synonym of freedom of political thought, freely expressed — a sacred principle that is the essential foundation of a people attempting to govern itself, this expressing fully, freely and frankly its personal views with regard to its fundamental laws and enactments thereunder. These expressions are always represented by ballots cast at election in which principles and sometimes personalities contest for supremacy. This is evidently a political measure intended to punish men and women for voting for what they wanted instead of voting for something they did not want. But what kind of Democracy do we call this that legislates to punish free citizens for voting for what they wanted? It would seem that such an attitude is extremely hostile to every principle of Democracy.

In this connection there is nothing wrong in reminding such legislative bodies that the citizens of our common country, whether North or South, still retain the freedom to support such men and measures as represent their ideals of laws and government and every attempt to punish them for so doing is a slap in the face of real Democracy. Democracy is more than a label. It's a vital principle of self-government that has been the terror of tyrants for over a hundred years. That such measures are strongly impregnated with political tyranny is not hard to see, and that they should be enacted in the name of Democracy is hard to understand. If Democracy is only a label that may be applied to any kind of political doctrine, then we

should have a new definition for it.

We are always finding something new, however, and probably our state Senate has discovered what it intends to present as Exclusive Democracy. To say the least of it, it is evidently the policy of its originators to make it very exclusive.

But listen. Last week Prof. Einstein explained Relativity to us and the Senate at Austin also discovered Exclusive Democracy. Two hard nuts cracked the same week, neither of which is supposed to be understood by common folks.

But say, while we think of it, "The world do move." A. J. HARRISON.

**OBITUARY**

Mrs. C. C. Kirby of the Big Valley community died very suddenly last Friday. Funeral services were conducted by the pastor of the Goldthwaite Baptist church Saturday, and burial was in the Big Valley cemetery. She leaves a husband, two children, a mother, three sisters, and three brothers. We extend to the bereaved our deepest sympathy.

Mrs. Hugh Carlten and Miss Virginia Kerfoot spent the week-end with friends and relatives in Brownwood.

**YOU WOULD BE SURPRISED**

To have something done for your health when other methods have failed. Chiropractic

can do it. Investigate. There'll be no regrets.

Mr. and Mrs. E. T. Fairman visited in Waco the early part of the week.

**What TWIN IGNITION Does**

THE New Nash Twin-Ignition motor has two big aircraft spark plugs for each cylinder, instead of the ordinary single plug, as you can see in the simplified diagram above.

Both plugs fire simultaneously. The gas vapor is ignited at two points instead of the usual one. One effect is quicker combustion, which produces more power, more speed, much faster acceleration.

Another result is, more uniform combustion, which helps to create the very noticeable smoothness and rhythm of Nash motor performance.

And still another result of Twin Ignition is more efficient combustion, which prevents wasted fuel.

With Twin Ignition, instead of single ignition, higher compression is practical, and the same Nash motor produces 9 1/2 more horsepower, 5 miles an hour more speed, and 2 extra miles from every gallon of gasoline you buy.

**The New NASH '400'**

Leads the World in Motor Car Value

- IMPORTANT "400" FEATURES—NO OTHER CAR HAS THEM ALL**
- Twin-ignition motor
  - 12 Aircraft-type spark plugs
  - High compression
  - Houdaille and Lovejoy shock absorbers (exclusive Nash mounting)
  - Aluminum alloy pistons (lower Struts)
  - New double drop frame
  - Torsional vibration damper
  - World's easiest steering
  - 7-bearing crankshaft (believe crank only)
  - Bijur centralized chassis lubrication
  - Electric clocks
  - Exterior metalware chrome plated over nickel
  - Short radius
  - Longer wheelbases
  - One-piece Saloon fenders
  - Clear vision front pillar posts

# Come to the Free Cooking School

SPONSORED BY THE TEXAS-LOUISIANA POWER COMPANY

In every city in which these schools have been held the talks on menu planning, balanced diets and other interesting home economics problems, have attracted large crowds.

Actually preparing these dishes in plain view before you, on the Hot-point Electric Range, the Home Economist will show you how you can cook better, tastier meals and save your health and time while doing it!

Every minute of time will be well spent and interesting. Make your plans to be there every single day, for there will be something new every time you attend!

SOUVENIRS FOR YOU EVERY DAY!

HOT POINT WAFFLE IRON

## FREE

for some lucky woman. Every woman attending is eligible for the prize, which will be presented on the last day of the school!

You are cordially invited—be sure to come!

YOU WILL ENJOY EVERY MINUTE, WE PROMISE YOU! COME AND BRING A FRIEND!

## The HOTPOINT Automatic Electric Range for MODERN MOTHERS

The modern home-maker of today requires a modern kitchen. No longer is it necessary to spend a large portion of your day "tied to your kitchen" in preparing meals. Neither do you need to contenance dirt, smoke, soot and inconvenience of old fashioned and unreliable methods. The Automatic Hotpoint Electric Range is the answer to the Modern Mother's Cooking requirements. The automatic features free her from the kitchen and assure better cooked food with less work and worry.

The Automatic Hotpoint Electric Range has many advantages over other cooking methods. Meals cooked on a Hotpoint are unusually delicious—its perfect uniform heat gives a delectable flavor to the food and perfect results are assured every time. A whole meal can be placed in the

automatic oven and forgotten until serving time—when it's perfectly done to a king's taste. This means golden, carefree hours of leisure and freedom from kitchen worries.

**THRIFT COOKER**—This fireless type cooker fits in place of one of the surface units. It will boil potatoes and other vegetables, cook cereals, make soup or pot roasts and a host of other things. For economy it has no equal.

**CALROD HEATING UNIT**—Only Hotpoint has the dependable Calrod enclosed unit, in which the heating element is cast inside from solid iron, making it most efficient and practically indestructible.

**AUTOMATIC ELECTRIC TIMER**—This device is electrically operated and can be set to start and stop the cooking operation automatically at any predetermined time. Just a few seconds spent in setting this timer saves hours of watching and worry.

**AUTOMATIC HEAT CONTROL**—This simple device is a combined automatic temperature control and thermometer. A turn of the knob sets the pointer to the temperature desired. The thermometer pointer then indicates exact heat in the oven.

**OVERSIZE RUSTLESS OVEN**—Hotpoint oven is lined with pebbled-blue porcelain enamel or rust-proof metal. It is easy to keep it clean as a china plate. The shelf type door is a great convenience when the piping hot meal is taken from the oven.

**HOTPOINT SPEED UNITS**—Hotpoint service units both open and closed are made the right size to fit the great majority of cooking utensils. The 6-inch and 8-inch size combine speed with economy current consumption.

### BEAUTIFUL HOTPOINT ELECTRIC RANGE

\$5.00 DOWN 18 MONTHS TO PAY

The comfort—Convenience—Economy and Happiness of cooking on a Hotpoint Electric Range is yours now on the easiest terms ever offered

Our special offer of only \$5.00 and the balance in 18 monthly payments added to your light bill will be in effect a short time only. No installation charge.

Take advantage of this offer today. Come in and let our electric cookery expert tell you about the advantages of this wonderful Hotpoint Electric Range.

## Texas-Louisiana Power Company

**BAPTIST CHURCH**

We find from the roll call last Sunday that we have a membership of approximately 250 and a number of these are not resident members; while a number are resident members who would not know their pastor if they should meet him on the street. Just one member present Sunday that was in the organization of the church.

Our annual revival will begin on the second Sunday in May. This is "Mother's Day," we ought to have a fine meeting. Mr. John Gary and wife will have charge of the music and the organization of our forces, while Mrs. Fred Martin will be at the piano. We do not know at this time who will do the preaching, but we are anxious to get a man that no one in this county has ever heard, and if it is in our power that kind of a man will be secured, and in the securing of this man we expect to have one of the best preachers in Texas.

We are expecting everybody in town and out of town to line up with us for the greatest soul winning campaign this community has ever had. Some may think that this is a little early for a revival, but we have selected a time when there will be no other revival in progress in the county. This will be an opportunity for people to hear some of the best singing, as well as one of the best preachers our denomination has if we don't know at this time who the preacher is.

Let's don't forget what our Sunday School Superintendent said last Sunday. Let's have him to hand us a bouquet next Sunday by going over the 200 mark.

The workers conference met at Seallorn last Monday, and to say that it was one of the best meetings of its kind that this pastor has ever been privileged to attend is putting it in a mild way. Every speaker was at his best, showing thorough preparation. Two of our old soldiers of the cross were present, Bro. Miles and Bro. Hayes, and they added

much to the pleasure of all. The Seallorn people know just how to entertain a workers' conference in order that people may feel perfectly easy, and free.

I like to have forgotten, our good Methodist pastor, Bro. Lambert, has one of the best combination men I have ever seen. He is a Steward, Sunday School Superintendent, banker, bookkeeper, and serves as a mechanic on Sunday for the Baptist pastor. I used to have a member in east Texas I would like to "swap" for just such a man.

Everybody go to church Sunday.

G. C. IVINS, Pastor.

TEXAS

# Instinctively

.. they demand the best

Their chauffeurs are the smartest, their motors the finest. Experience . . . the world they live in . . . has taught them to demand the best . . . instinctively.

It is significant that at almost every favored resort there has developed an overwhelming preference for Texaco Motor Oil.

But this tendency, however marked, is not surprising. It merely serves to indicate a growing realization that no engine, regardless of price, is ever superior to its motor oil; that no motor oil is really fine unless it can insure constant, trouble-free service. *And this golden Texaco can, and does.*

Whatever car you drive . . . whatever its type of engine . . . there is a grade of Texaco Golden Motor Oil authorized for it, at the Texaco Red Star with the Green T.

**Local News**

Miss Hildagene DeWolfe accompanied Maadia Wilson to Brownwood Sunday.

Miss Vivian Baskin of San Saba spent the week-end with Mrs. H. E. Moreland and family in this city.

Miss Eloise Kyle of Howard Payne College visited her parents and friends in this city Saturday.

T. F. Elliott of Scallora was one of the Eagle editor's good friends who made the office an appreciated call Saturday.

Tom Clark Graves, who is attending the University at Austin, spent the week-end in Goldthwaite with home folks.

Mr. J. W. Smith of San Saba county visited her daughter, Mrs. Floyd Ligon, and family in this city the first of the week.

Miss Euna V. Brim, who is attending school at Brownwood, spent the week-end in this city visiting home folks and friends.

Mr. and Mrs. O. H. Yarborough and Mr. and Mrs. Neal Dickerson were Brownwood visitors Sunday and paid KGKB a call.

Martin McCasland of McGirk was here Saturday, looking after business matters. He is one of the Eagle editor's most appreciated friends.

Dr. Em Wilson of this city and Ernest Wilson of Brownwood have been in Corpus Christi this week, looking after their radio business.

F. E. Schulz of the Prairie community, who is one of our most appreciated friends, made his office a pleasant call Saturday. He formerly lived in his part of the county and has many friends hereabouts.

Mr. and Mrs. W. C. Uhrbach and Dr. Swanger made an automobile trip to Waco Sunday to see Robert Uhrbach, who is in a sanitarium in that city. They found him doing nicely and expected he will soon be able to come home.

Prof. and Mrs. D. A. Newton accompanied their daughter, Mrs. John A. McNeill to her home in Valley Mills last Saturday, she having been here for several days visiting them. Newton returned home Sunday evening, but Mrs. Newton remained for a longer visit Valley Mills.

Mrs. Dr. M. C. Brooking of Ar was one of the appreciative callers at the Eagle office Tuesday. She reports very little sickness in her district and everything moving along nicely. She contemplates visiting her old home in New York this coming summer and will make the trip in her car. F. B. McCasland of Center city, one of the Eagle editor's friends, was in town Saturday, accompanied by his wife. He brought his little in for an examination, the fellow having badly lamed his foot in jumping from the top of a shed that morning. The injury is not thought to be serious.

Edward Geeslin and family Brady spent Saturday night Sunday with relatives and friends in this city. Mr. Geeslin is manager of the water and business for the city of Goldthwaite and has made some wonderful improvements in the service taking charge of it, and his wife and sons have many friends in this city who always glad to see them.

**RESPECT FOR LAWS?**

Respect for law, as a general thing, we have nix. We are a nation of law-makers and law-breakers.

We set up laws much after the manner of the man who sets up the pins in a bowling alley, and then we knock them down.

Take our automobile laws, for instance—we have lots of them. One clause says we must have two lights but sometimes we run without any.

Then we have a law which says our automobile lights must not be so as to blind the driver of an approaching car. Some of us try to see how bright we can make them. Why should we be worried about the fellow approaching us? He is not even going our way.

Again the law has something in it about going around another car on a hill—we all do it especially if the car ahead of us is having trouble getting over the hill, and even if it is going at a good clip we go around. Why just to show up his old boat—we don't even think of the law, even if we did know it, and would not obey it.

We have another road pest who has everything on the road hog, at times and that is the fellow who will persist in going around the car in front of him, at the same time knowing that he is taking a desperate chance, for he sees another car approaching, and knows too, that the car is coming his way has the right over him. In spite of all that he will make the attempt—just like a baseball player trying to steal a base, he will take the chance. If he knocks the man coming toward him in the ditch, what matters. The fool ought not to have been running so fast, is his mental observation, as far as he is mentally able to have a thought.

The queer thing about this particular species of road pest is he is never going anywhere especially. He is not going after the doctor; nobody is sick, there is no fire anywhere. He has no special engagement. He is just a surplus nut in an automobile menace to any highway on which he practices his insane desire to pass people, just when somebody else is coming.—Bonham Favorite.

**SCRUB MEN AND SCRUB STOCK**

"It very often follows that the man who keeps scrub stock is a scrub farmer." That sentence in a discussion of livestock breeding catches our eye. It is not a new thought, and we all know that there is much truth in it. The only value in it is that it may stir some fellow whose stock looks pretty bad to try to do better. Some folks say there is no place for scrub stock, and can't understand why it is produced in a civilized country. But we never will be rid of it. There always will be scrub stock, and scrub farmers, and scrub doctors, and lawyers and yes, even newspapermen! Efficiency can never be standardized. Always some will do better than others.—Sioux City Livestock Record.

**REMOVE THE CAUSE**

Have stomach healthy. Chiropractic will do it. Why suffer? There'll be no regrets.

**THE PUBLIC CRIB**

The United Press gives out some statistics on state government affairs that are interesting, as shown by this list:

There has not been an Attorney-General within the last twenty years who failed for re-election.

There has not been a Railroad Commissioner within the last twenty years who failed for re-election.

There has not been a Commissioner of Agriculture within the last twenty years who failed for re-election. There have been but three, two voluntarily quit and the other is still serving.

There has been but one Land Commissioner within the last twenty years, under election.

On the other hand, under appointment, there has not been a Board of Control that has survived the political changes in the governor's office.

There has not been a highway commission appointed by one governor that has been retained by the next governor.

There have been, within the last fifteen years, six game Commissioners, under appointment.

There have been, within the last twenty years, four presidents of A. & M. College and five Directors of Extension, under appointment.

There have been fourteen Banking Commissioners during the last twenty years.

During the last twelve years there have been nine Chief Engineers in the appointed Highway Commission, while there have been but three Chief Engineers within twenty-one years in the elected Railroad Commission.

From 1914 to 1925, at which time the Department of Markets and Warehouses was merged with the Department of Agriculture, six different men served as Commissioners of Markets and Warehouses. This is twice the number, under appointment, in eleven years as Commissioners of Agriculture in twenty years, under election.

Twenty-one years ago the Department of Agriculture was created and made elective. Twenty years ago the Department of Labor was created and made appointive. Within the twenty years, the Labor Department has existed, there have been nine commissioners of Labor under appointment; this, against three Commissioners of Agriculture, under election.

In J. C. Mullen is Plaintiff, and the above named persons are Defendants, and said petition alleging "this action is brought as well to try title as for damages, the plaintiff suing the defendants, and each of them, for the title and possession of the following described land and premises lying and being situated in Mills County, Texas, alleging that he is holding and claiming the same in fee simple and that he is entitled to recover of and from the defendants the title and possession of the said land, because he and those whose estate he has, now has, and has had, peaceable and adverse possession of the said land and premises by actual enclosure, cultivating, using and enjoying the same, for a period of more than ten years after defendants cause of action accrued, and next before the commencement of this suit and that the nature of the defendants title or claim to said land is unknown to the plaintiff; the said land consisting of 247.9 acres of land out of the John M. Bryson survey patented to the heirs of John

M. Bryson by patent No. 224, Vol. 15, and described by metes and bounds as follows:

Beginning at the S. E. corner of the said survey; thence North 1097.4 vrs to a corner; thence west 1266.3 vrs. to a corner; thence South 1097.4 vrs to a corner; thence east 1266.3 vrs to place of beginning. Plaintiff sues for the title and possession of the said land and that he be quieted in his title thereto, etc., as more fully shown by his petition filed in said suit.

HEREIN FAIL NOT, but have before said Court, at its

aforsaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Goldthwaite, Texas, this the 12th day of February, A. D. 1929.

(Seal) JOHN S. CHESSER, Clerk District Court, Mills Co.

# Firestone

Read the records—they tell you what tire to buy. The most powerful road-gripping tread ever put on a tire is put on a Firestone.

—with the foundation of Firestone Gum-Dipping beneath. The result is a tire that is giving longer service—standing more hard driving—delivering greater mileage than tires ever gave before. No wonder we urge you to buy Firestone Gum-Dipped Tires and get most miles per dollar.

**RUDD AND JOHNSON**

**A little foresight will mean a finer garden**

THERE is a surprise when you first taste the melting sweetness of Ferry's sweet corn. It is not ordinary sweet corn by any means. Nor is a plump, red, smooth-skinned Ferry tomato like an ordinary tomato. Nor are the Ferry's Seeds that grow these like ordinary seeds. Remember that when you buy Ferry's purebred Seeds, you buy inherited quality. Quality is bred into the seeds. A careful up-breeding of vegetables and flowers has been going on in the Ferry trial gardens for 51 years. This means that the Ferry's Seeds you can plant today came from parent plants and grandparent plants that were themselves purebred. Sixty thousand tests are made annually in the Ferry gardens for germination. Thousands of other trials are made for size, form, color, resistance to disease. So far as is humanly possible, we determine that every crop will meet the Ferry standards.

Ferry's Seeds are easy for amateurs to make grow well, and are naturally the choice of professional gardeners. They are fresh for planting now, at the "store around the corner." No packet of Ferry's Seeds is ever carried over by the dealer for sale the second season. Send for the Ferry's Seed Annual. It is more than a catalog. Address D. M. Ferry & Co., Dept. H, Detroit, Michigan.

Your garden will have the best possible start with Ferry's purebred seeds.

**Ready to Grow!**

WHEN you feed your chicks Purina Chick Startena expect them to live... expect 15 to 20% greater growth than ever before... expect them to reach maturity earlier... at a lower cost per chick.

Purina has the chemists and biological laboratory to test and prove what's good for chicks. Purina has the experimental farm to test Poultry Chows practically. Purina has the machinery to mix Poultry Chows uniformly. Purina has 35 years of feed manufacturing experience.

That's why we join more than 2,500 hatcheries in saying, "Start your chicks on Purina... keep them on Purina all the way through." They'll live... they'll grow... and lay early. Get your Purina today.

Pure-bred baby chicks: Reds,  
White Leghorns, Barred Rocks  
Brown Leghorns.—Mrs. C. M.  
Burch's Hatchery.

**FIELD NOTES BY  
THE MISSIONARY**

We had our worker's confer-  
ence at the Seallorn Baptist  
church Monday, March 4th. I  
am very much encouraged by  
the good spirit that was shown.

Our Moderator and leaders  
of the Association feel that a  
new day is coming to Mills  
county Baptists.

We had representatives from  
most all parts of the county.  
The people seem to be deter-  
mined to strengthen the stakes,  
lengthen the cords, and go on  
with the Kingdom's work.

The board voted to ask that  
all churches in the county elect  
a news reporter to report the  
activities of their church each  
Sunday and send it in to the  
Missionary as early in the week  
as possible. They voted also  
for the Missionary to lead in  
a county-wide Bible plan of  
financing our work and to car-  
ry the program to any church  
that may invite us.

The next worker's confer-  
ence will be with the Center  
City church Monday, April 8.  
Respectively,  
W. A. Thornton, Missionary

**MISSIONARY SOCIETY**

The Missionary Society met  
at the Methodist church Mon-  
day afternoon with the presi-  
dent, Mrs. Jno. Keese, presid-  
ing. A very profitable meeting  
was held and much interest in  
the business of the society was  
manifested. After the close of  
the business session a short  
program was led by Mrs. Harry  
Allen on The Social Conditions  
of Young People of the Pres-  
ent Day.

The Society will meet Mon-  
day at 2:30 for mission study.  
REPORTER.

**FENCE NOW**

I am booking orders for an-  
other car of fence. Any one de-  
siring fence in this car should  
book their orders with me at an  
early date.

JNO. W. ROBERTS  
At Rural Telephone office.

W. T. Little of San Saba on his way to Hamilton to look  
passed thru the city yesterday after business matters.

**WHY SELL YOUR CREAM FOR  
LESS when you can get 50c per  
pound for your butter fat. Patronize  
a home industry and keep a stable  
market for your milk. We want and  
can take care of 100 more customers.**

PAUL McCULLOUGH, Editor

The next thing we have to  
worry about is spring clean-  
ing.

We handle DuPONT and  
DUCO paints. If there is a  
better paint for the money in  
the United States, we would  
appreciate the information.

A girl with a vocabulary of  
800 words can tell more things  
than a professor with 18,000.  
While he spent his time acquir-  
ing a large stock of words, she  
has been devoting hers to us-  
ing those she has already ac-  
quired.

However, it don't take many  
words to tell you that DuPont  
paint excels.

Lots of people mistake stingi-  
ness for economy.

One gallon of DuPont paint  
will cover 500 square feet. It  
is economical.

Some fellows who used to  
drink like a fish, have to drink  
what a fish drinks now.

Mr. Walter Weatherby has  
been doing some improving out  
on the Taylor place which he  
recently purchased. He is using  
American fencing.

When each player gets four  
of a kind, it's a great deal.

The First National Bank has  
made an attractive front in  
their building. The interior of  
the building is finished with  
DuPont paint.

"Honesty is the best policy"  
is an old axiom, says Duke  
Clements, "but we have poli-  
cies that are better than the  
best."

Stop by Emil Schuster's place  
and see his grape vineyard. He  
is using our materials.

You can lead a horse to  
water, but you must fill  
fountain pen.
