

# THE GOLDTHWAITE EAGLE.

VOLUME THIRTY-FIVE.

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, MAY 31, 1929.

NUMBER TWENTY-NINE.

## Heavy and Continued Rains Delay Small Grain Harvesting

### Grain Damaging In Fields

The rains of the last two weeks have caused streams to flood and the lowland to be inundated, doing considerable damage to crops and delaying harvesting to an alarming extent. The Colorado river and Pecan bayou have reached the flood stage on several days, also they have not gone out of banks at any but the lowest points. Really, there has not been very serious damage reported, but several pretty close calls have been experienced.

The greatest damage threatened at this time is the delay in harvesting, which may cause serious loss. However, most of the volunteer grain has already been cut, but the fact that the main grain crop is late has been a beneficial factor, for had it been planted at the usual time most of it would be dead ripe. A number of farmers have reported that they will suffer very little loss of grain if the rain ceases in time for them to get into the fields with harvesters in the next few days.

### BAPTIST CHURCH

The revival meeting was a success if we did not see the results we looked for. Circumstances were against us from the beginning, and these could not be helped and no one is held responsible. Such is life and no one should worry. We had as good help as could be had by any church. The preacher and the singers proved themselves efficient and worthy of our highest admiration. The beautiful spirit manifested upon the part of the people at the closing services proved this preacher's mind that the meeting was a success, and that all did their work well. We appreciate the co-operation of all the people and assure them that when possible we will lend a helping hand to try to put over any worth while program.

From the response Sunday night it seems that a city tabernacle is assured, and if there is any one thing needed in this town above anything else, this is the one thing needed. Certainly there is not a person in this town so narrow minded that they would utter a word of protest against this project. So begin now to put away some of your pennies for every man in this town will be given a chance to contribute to this movement. I am wondering if we have any one in this town that will volunteer and give the site for such a building. Here is hoping that God will put it into the heart of some one to do just such a thing. We want to talk this movement and begin the operation early next spring.

Remember, Mr. Baptist, that we had 251 in Sunday school last Sunday in spite of the big rain that fell on Saturday night. Now let's not have a let down. Let every teacher try to have every pupil, and let every pupil try to have every teacher present next Sunday. Anything short of such an effort will prove disastrous to the meeting that has just closed. Let us begin at 10:00 o'clock, combine our two services and be at home with our feet under our table by 12:00 o'clock. We are going to run these services on schedule time. No one for us to be late at Sunday school. We are going to begin our preaching service at 10:50 and if humanly possible we will be thru by 11:30. This is our schedule for the summer. All unnecessary preliminaries will be done away with. Our Sunday night service will begin at 8:15.

G. C. IVINS, Pastor.

## LAKE MERRITT IS AGAIN FILLED TO OVERFLOWING

### Lake Again Opened To Club

For the first time in several years Lake Merritt is at flood stage. The water ran over the spillway Sunday and the keeper opened the flood gate to prevent the loss of fish, although a goodly number went over the spillway and some were taken from Browns Creek. The fact that the water was so low caused the Board of Directors of the Mills County Hunting and Fishing club to issue an order forbidding fishing in the lake, but after it filled the order was rescinded and members of the Club will be allowed to fish and swim in the lake on and after June 1. The closing of the place as a pleasure resort was a decided disadvantage and the club members and their friends are mighty glad it can again be opened.

### CHURCH WORK

The Star-Center City Methodist churches have been very active during the past few months, and more activity is being planned in the near future. We give a brief outline of our work:

The pastor will preach at Star next Sunday at 11 and at 8:30 at night. The morning subject will be "The Outcome of Sin." The subject for the evening service will be "The Greatest Question of Life." There will be good singing and cheerful hand-shaking, and let us see your cheerful face again.

Our meeting will be at Center City on July 19 to 28 with Rev. Lambert preaching.

The meeting at Bethel will be July 26 to August 3, with Rev. Geo. Greebon and the pastor preaching.

The Pleasant Grove meeting is to be held from August 9 to 17. Rev. S. D. Lambert preaching.

The date for the South Bennett meeting has not been set. Please keep in mind the following dates:

June 5th—Off to Pastor's School at Georgetown.  
June 16th—Rev. W. L. Barr preaches at Bethel at 11:00 o'clock; 3rd quarterly conference at Goldthwaite in the afternoon and Standard Training Course to begin that afternoon to run four or five days. Admission is free. We are setting our goal at 30 from our circuit. There is nothing denominational about this course. It can be taken by all church folks above the age of 17 or if you are a graduate of a high school. The committee is Mr. W. E. Rose, Ellis Head, Mrs. Viola Chappel, Mrs. J. M. Oglesby, Mrs. Hubert Geeslin, Mrs. J. J. Witty, Miss Vada Rose, Mrs. McClary, Mrs. C. E. Bayley, Mrs. Chas. Berry and Mrs. Paul Horton.  
Llano District Conference convenes at Castell June 25 and 26th.

D. FRANK SMITH, P. C.

### DECORATION DAY

Yesterday was decoration day, as indicated by the many flags floating about town and the post-office remaining closed throughout the day. There was no program planned for the occasion, owing to the continued rains and the muddy condition of the roads and the cemetery grounds. The date was in the minds of the people, however, and had the weather not made the carrying out of a program impossible, mere of the spirit of the occasion would have been displayed in Goldthwaite and throughout the county.

## Program For Baptist Workers Meeting

### FIELD NOTES BY THE MISSIONARY

You will find in this paper the program of the Mills County Workers Meeting, to be held with the Trigger Mountain Baptist church Monday, June 3 1929.

It was voted in one of our conferences that the pastor and deacons should make out a program and that the pastor wherever the meeting is held should moderate the meeting.

We have had some great meetings and I am anxious that they continue, for they are of great value to the Association.

You will notice that at 10:00 o'clock Monday morning I am to speak on my plans for revivals during the summer months. I hope we can all be on time. It is certainly clearly understood that I cannot hold meetings in the rural districts at this time of the year. The people are so busy with their farm work and the weather is so unsettled that we could not get congregations anyway. I have planned for three meetings and will plan for three or four more to be held in the months of July and August. Of course everyone knows that I could not hold eight or nine meetings in two months, but I have some preacher brethren who have agreed to hold meetings at the places I cannot get around to.

Let us remember to be workers together with Him who has called us to the work.

Respectfully,  
W. A. THORNTON,

### PROGRAM

Program of Worker's Meeting of the Mills County Baptist Association, meeting with the Trigger Mountain Baptist church Monday, June 3.

10:00 a. m. Plans for Summer Revivals—W. A. Thornton.

10:20 a. m. The Holy Spirit and Prayer Needed.—Brother Stripling.

10:40 a. m. The W. M. U. and Its Part In Summer Revivals—Pres. W. M. U. Association.

11:00 a. m. The Layman's Responsibility—Jim Hayes.

11:20 a. m. Sermon—A. J. Quinn.

12:00 m. Dinner.

1:30 p. m. Meeting of the Executive Board—W. E. Miller, presiding.

2:00 p. m. Open Discussion of Women's Work—By Women conducted by W. M. U. President.

2:30 p. m. G. C. Ivins.

PRINTING FAIR CATALOG

The Mills County Fair catalog is being printed at the Eagle office and most of the copy is in hand. However, a few advertisers have not yet prepared their copy and delivered it to Mr. McDermott, who is in charge of that part of the work for the Fair association.

Most of the business men of the town have given the association advertising, thereby making it possible for the catalog to be printed and circulated. The Goldthwaite merchants can always be depended upon to do their full share in every laudable movement or undertaking and certainly nothing could be more helpful or deserving than a county fair.

### SALES ROOM MOVED

The Whippet sale, room has been moved from the east side of the square to Brim's garage.

### AN IMPORTANT ROAD

The Eagle is glad to have this letter for publication, for it affords an opportunity to correct an erroneous impression that very evidently has gotten extant, to the effect that Goldthwaite and this part of the county objected to the building of the new highway, known as the Hamilton-Brownwood road. Nothing could be more directly opposite from the facts. Goldthwaite business men especially are enthusiastic over the road, as they realize it will bring a great amount of trade here they have never before gotten. From both east and west on the road and in reach of the road from Hamilton to the mountain westward from Priddy a large trade territory is developed for Goldthwaite. The road from Priddy to this town is one of the best graded roads in this part of Texas and when people of the section traversed by the new road get to Priddy they find easy travel to Goldthwaite. Instead of being antagonistic, the Goldthwaite people are thankful to Commissioner Duren and his helpers, including the Brownwood people, for building this excellent highway.

Zephyr, Texas, 5-28-1929

Editor Eagle:

Sitting around today while it is raining, and feeling a little blue, will write a little about our splendid road, which has been built from Goldthwaite and Brownwood road starting two miles east of Zephyr, and built a distance of about 19 or 22 miles east, to 5 or 6 miles of Priddy. There has been a good deal of criticism around the County Seat about this road, and I don't see why the people of Priddy and the Prairie country shouldn't have an outlet west to the highway, if they were willing, nearly all of them, to give right of way, set their fences back, donate work and money and Brown county loaning us their splendid machinery to do the work. People in this community did not raise a big howl when Goldthwaite was getting the Pecan Belt highway built and it cost Precinct 3 above \$3,000 to help build that road. The two Mr. Dudley's gave \$250 each on this road, besides the time and work they put in. Mr. Duren says if they will give him room and the co-operation on the Comanche and Mullin road that they have on this one that next year he will build them a first class road from the Comanche county line to Mullin.

We people here, unless we went several miles around, had to go through pastures to get any where west of here. We are certainly proud of our splendid road and we will always be thankful to the Chamber of Commerce at Brownwood for helping in this matter.

In conclusion will say, if this letter finds its way to the waste basket I won't feel sore. I am respectfully,

W. A. JOHNSON.

LAKE OPENS JUNE FIRST

The lake will be opened to members for bathing and fishing after June 1st.

All members who are as much as one year in arrears with their dues are suspended and the order to prohibit their use of the lake and privileges is with the lake and privileges.

BOARD OF DIRECTORS  
Mills County Hunting and Fishing Club.

Every one come to church on next Saturday night.

BUSY BEE.

### HEAD-ON COLLISION

Tuesday evening about 8:00 o'clock an auto driven by Cecil Parker and occupied by his sister, Miss Ruth, and himself met in a head-on collision with Barnes & McCullough Lumber Company's truck, driven by Claud Eacott. The accident occurred on the Caradan road, at the culvert a short distance from the Goldthwaite and Star road and was caused by a misunderstanding of the drivers. Mr. Eacott was running slowly on approaching the culvert and young Parker thought the car had stopped, consequently attempted to cross the culvert ahead of the truck. The culvert is not wide enough for two vehicles to pass on it, therefore, a wreck resulted. The young lady was thrown into the windshield and painfully cut about the face and was carried to her home, where she has since been confined to her bed because of the loss of blood. It is not thought the injuries will result in permanent scars on her face, but they are quite painful. No one else was hurt, but the Parker car was pretty badly damaged. At the time of the accident the young people were enroute to Midway school house to join in practice for a school play, while Mr. Eacott was coming to Goldthwaite with the truck loaded with wood. It was one of those unfortunate accidents in which no blame is attached.

### ROCK SPRINGS

We had twenty-five at Sunday school Sunday morning. One teacher was absent.

Saturday night and Sunday is Bro. Sparkman's day to preach for us. We hope to have a good crowd.

The W. M. U. met Monday afternoon with seven present. Mrs. McClary was leader.

Beryl Vann and James Watson Roberts visited their grand mother Nickols Monday night.

Some from here went to Center Point Sunday afternoon. Bro. Bedford Renfro preached. The preaching and singing was fine. Those who missed this service missed a good one.

Earl Hale had family from Goldthwaite and Chas. Simpson and family from Live Oak visited in the Abijah Stark home Sunday.

Mrs. Eula Nickols and two of her sons dined Tuesday with Jo. Roberts and family at Buils creek.

Mr. Sam Self is still having fever; most of the time.

Glenn and Dwight Nickols and Oscar Gatlin hauled Mr. Sam Self a load of wood Monday morning.

Horace Cooke was elected as principal of the Center Point school for another year.

Hardy McClary dined with the Nickols boys Sunday.

A crowd from here attended the school program at Big Valley Monday night.

We have had an awful amount of rain since I wrote my last letter.

Our mail carrier is back on the job this week.

Ray Stark came home from Norton, where he taught school last term. He was re-elected for next term. Ray now sports a nice Chevrolet car.

Edgar McNutt spent Saturday night with James Lester Forehand.

Ben Forehand and family were in our midst Sunday afternoon.

Every one come to church on next Saturday night.

### METHODIST CHURCH

Next Sunday a cordial welcome is extended to you to worship at the Methodist church both morning and night. Our Sunday school is blessed with a corps of teachers and workers and is really doing a worthwhile work. The International Graded series of lessons make possible the doing of a really constructive work. This series is used below the Seniors. With this means and the good fellowship that dominates our gathering we will be happy to serve you or your child in this worthwhile way. Be with us next Sunday. What say you? If you are seeking a church home, you need us; if you are looking for church work, we need you. Let us get together.

### Vacation Bible School

To supply the knowledge needed for the fuller life, we will soon begin a Vacation Religious School. Each day the session will last a little more than an hour. Classes will be formed as necessary with competent and devoted teachers.

The program for each day will be as follows:

A few minutes devotion Catechism (a class of both standard and junior); songs we love; Bible drills, verses and things in and about our Bibles that all should know. Some of these things we will learn from the games we play. We will give a period of the time for supervised recreation.

There is no maximum age limit, but Cradle Rollers will not be able to take the work. All under fifteen years of age should take the Standard Catechism and adults will find that intensely interesting to them.

This school will last about ten days. The faculty will be those who love the work and play of children enough to give of their time to this, the greatest work of the church. School will likely start next week, therefore, enroll Sunday. At the close of the school a certificate will be awarded for all worthwhile work done. Some good business men might give us a treat one day, too.

Come and enjoy the good time that awaits you. Let's play and work and sing and be happy together.

Your Pastor,  
S. D. LAMBERT.

### LAKE MERRITT

The farmers are all wondering how they will find their cotton patch when it gets dry enough to work again.

The hardware men have been doing a lively trade in our community for the last few weeks. Several have bought cookers and sealers and lots of cans. The men say they know there will be no shortage on canned beans this winter.

Misses Irene Featherston and Iva Kemp from Pottsville have been visiting relatives here.

Miss Imogene Grady has gone to Brownwood for a visit with her grandparents.

We are glad to report Travis Long feeling better.

Most everyone went to their storm cellars Saturday evening. Several saw the cyclone that struck Center Point and lost no time in getting into the cellars.

The hail and hard rain did considerable damage. The rain washed the fields so badly that some will have to plant cotton over. The hail knocked off lots of the fruit and split the corn and gardens up some.

We will have Jim Hays and Miss Pauline Dalton as our school teachers another year.

### FEDERAL AID TO RURAL SCHOOLS

(By S. M. N. Marrs)

On May 9, 1929, Hon. Chas. Brand of Ohio introduced H. R. 2570 in Congress appropriating \$100,000,000 from the federal treasury "to aid in the reduction of taxes on farm lands, and to promote elementary education in rural areas of the United States, and to cooperate with the states in the promotion of the objectives." In many sections of the country assessed values are so low that sufficient funds to support good schools cannot be obtained without levying a rate of tax that is almost confiscatory. General relief will be given to the farmer by lowering the school tax. If the state would accept the provisions of this proposed act, in many cases it need not be necessary to levy a local maintenance rate of more than twenty-five cents. In the event the bill becomes a law the state will be called upon to match the federal funds on a 50-50 plan, and the allotment to the various states will be made upon the ratio of the rural population of Texas to the rural population of the United States as determined by the federal census of 1930. An examination of the census discloses the fact that the rural population of Texas was seven and one-half per cent of the total rural population of the United States. This bill proposes to aid all rural schools and those in towns and villages with a population of fewer than 2500. It is probable that this percentage will be slightly reduced in 1930, but perhaps not below seven per cent. This would allocate to Texas from this appropriation \$7,000,000 annually and the state would receive such part of this fund as would be matched by state appropriation.

If recognition by the Federal government would be given to the amount of state available fund now apportioned to rural schools added to the rural appropriation for rural aid, the state would not be required to make additional appropriation to receive the entire amount of \$7,000,000.

It would seem that if the rural schools of Texas can receive this large sum from the federal government without additional appropriation it would be good business for the legislature to accept the provisions if it becomes a law.

The state has matched funds to construct highways; it has accepted the Smith-Lever act, the Sheppard-Towner act, the Smith-Hughes act and recently the act for citizen vocational rehabilitation.

Next Sunday will be our church day again.

Cecil Parker and Ellis Stuck are shearing Mr. Stuck's sheep this week.

Dave Green and Bud Oden were on the jury last week.

Miss Lois Booker has been visiting her grandparents at Center City.

Walter Stuck and family and Douglas Robertson and family ate ice cream in the C. J. Brown home Sunday night.

Raymond Geeslin has gone to Santa Anna to work.

Miss Thelma Long and Charlie Booker were married last Saturday afternoon. He has work at Sweetwater. We wish them much success as they journey thru life.

Miss Edna Sparkman will go to Brownwood in a few days to enter school. She finished high school at Gustine this term.

The lake is quite an attraction since it filled with water. Mr. and Mrs. Travis Long and baby spent Saturday night and Sunday with Mr. and Mrs. Carl Moreland and children.

Everyone come to church at this place next Sunday. PAT.

**THE GOLDTHWAITE EAGLE**

The Texas Gulf Sulphur Co., which owns a big plant in Wharton county, has assessed its property at about \$3,000,000. A great many public-minded citizens of Wharton County feel that the property should have been assessed at a minimum of \$140,000,000. A ruling handed down Thursday by Attorney General Follard in Austin would indicate that these citizens are correct. Mr. Follard held that the county could tax the minerals under the surface of the ground owned by the Texas Gulf Sulphur Co. Some persons estimate that sulphur controlled by this company in Wharton County is worth around a half a billion dollars.

Smaller, faster battleships and cruisers, armed with twelve inch guns, the favorite calibre of pre-war days, may replace some of the huge floating fortresses, such as the "Nelson" and the "Maryland" with their batteries of sixteen inch guns, if the style represented by the new German "surprise" ships is to be followed. These vessels have a speed of twenty-six knots, sufficient to run away from any battleship now built, big enough to sink them, except for four big cruisers in the British navy and four in the Japanese. Other nations have plenty of cruisers fast enough to overtake the new German ships, but they are armed with eleven-inch guns.

One of the most daring bank robberies of modern times, netting \$80,000, occurred in Oklahoma Territory last Saturday. Three bandits, operating with the daring of frontier day in that state, swooped down on a bank messenger, robbed him of money he was taking to the bank, shot him in the arm and escaped after exchanging shots with the police.

Swimmers can carry their own bath-houses with them to beaches that are not equipped with regular facilities for dressing, as a result of an English inventor's idea. He has introduced a portable shelter in the form of a barrel or bell-shaped tent that can be folded into small space, yet is large enough to permit one person to change his clothing. Only the head is exposed when the occupant is in his "house."

**DISTRICT COURT**

The May term of District court came to a close Sunday evening and Judge Brewster and District Attorney Taylor left for their homes to spend a week's vacation, after which they will open court in Belton, to continue possibly two months. The three weeks time allotted Mills County would have ended Saturday, but Judge Brewster continued it until Sunday evening, to await a verdict by the jury in the Bradley Weathers case, where in Weathers was charged with shooting and killing W. H. Hodgett. The case required several days in trial and was given to the jury Saturday morning. No report was had until 6:30 Sunday afternoon, when a verdict was announced, finding Weathers guilty and assessing the penalty at two years in the penitentiary. A request for a new trial was at once made by Judge Darroch of counsel for the defense and upon the refusal of the court to grant the petition, notice was given of an appeal to the court of criminal appeals. Weathers was released on bond, which was reduced from \$10,000 to \$1,500.

Saturday afternoon the case of the State against Lee Simpson, charged with the theft of wool, was taken up by the court and upon a plea of guilty Simpson was given a three years suspended sentence.

Court is to convene here again Sept. 23 and the Calvin Dalton case was set for Sept. 24, the court ordering a special venire from which to select a jury.

This was possibly the most interesting term of court to the general public ever held in Mills county.

**A HEAVY BOND**

The appeal of R. H. Hamilton of Amarillo for release on bond pending his trial on a charge of murder in the shooting to death of his son-in-law, Tom Walton, Jr., in Amarillo was allowed in criminal district court there Saturday morning. His bail was set at \$20,000 and he was released from jail after signers had been found to go bail for him. Ever since the shooting in Hamilton's office May 3, the aged jurist has spent the days and nights in a common cell, contemplating his fate and planning for his defense. His trial is scheduled for June 13.

**FIDELIS CLASS NEWS**

The class will miss the president, who leaves soon for a summer course at college, but we know that she will be with us thru the winter.

The teacher is planning to entertain the class soon in a royal manner. She has given out several hints, so we know it is going to be grand.

The Fidelis class compliments the young men on their organization. We hope they will soon have a large and interesting class.

We have not been able to secure our class pins yet, but we hope to have them soon, and shall display them with pride.

We had two young lady visitors from out of town with us Sunday. We are always glad to have visitors, especially those from out of town.

Our teacher gave us one of the most beneficial and instructive talks Sunday we have ever had.

Line up with the Sunday School. You don't know what you are missing. Reporter.

**CAR IN CREEK**

Mrs. Cummings and her son of Taft, Texas, who were enroute home after a visit to relatives in Brownwood, had a very unpleasant experience at Brown's Creek Saturday evening about dark. They drove into the creek at the crossing on the Mullin road and the flood water being so high it "killed" the engine. They procured assistance and tied the car with a rope to a tree, but the rising water made the current too strong for the rope, which broke and the car, a Dodge sedan, was carried down the stream about a quarter of a mile and badly damaged. After the water receded the car was pulled from the creek, but it was too badly wrecked to run under its own power and Mrs. Cummings and son returned to Brownwood until the necessary repairs could be made on the car.

W. A. Ewing and his son-in-law, C. H. Sanderson, have purchased the Roberts farm north of this city and have moved there from Brownwood. Mr. Ewing was in to have his name added to the Eagle's list Saturday and stated he and his family were very much pleased with their new home and neighbors. Mills county is glad to welcome such good citizens and we all hope for them a long and prosperous stay among us.

Mrs. Bina Oquin and Miss Mary Leigh Lane returned Sunday afternoon from a visit to Forth Worth. Near Dublin, while enroute home, a car driven by an elderly man attempted to pass them and struck their car, doing considerable injury. The old gentleman paid for the repairs and they came home in good spirits.

Wm. Glenn Yarborough and Walters Hester, who attended Howard Payne College the past session, have returned home for the vacation period.

Earl Tate left Sunday for Snyder to visit his parents, Mr. and Mrs. B. S. Tate. His 8-year-old nephew, Milton, son of Mr. and Mrs. D. D. Tate, accompanied him and expects to spend ten days or two weeks in the home of his grandparents.

Judge E. B. Anderson and wife left Monday morning for a trip to Arizona and the Pacific coast. They were joined at Brownwood by their daughter, Mrs. E. B. Gilliam, Jr., who accompanied them as far as Arizona.

Wm. Welteke of the Priddy section had business in this city Monday. He told the Eagle that his son-in-law, Louis Stahne, who recently underwent an operation for appendicitis, was recovering and had returned home from the sanitarium.

Joe Allen of Arkansas, accompanied by his mother, Mrs. J. W. Allen of Waco, visited relatives and friends in this city, the early part of the week. They formerly lived here and have many friends hereabouts.

One of the important statutes adopted by the recent special session of the legislature was an amendment providing that school districts sending high school pupils to another district must first levy a tax of fifty cents on the \$100 valuation, the House finally passed the Love Senate school bill, increasing high school tuition by the State. The bill provides for payments of not more than \$7.50 per month for each pupil who is attending high school out of his district which does not afford such a school. The present law allows payment of not more than \$5.

**Years of service in MODEL T FORDS**

The Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:—

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$3.75 to 4.00
Overhaul carburetor	1.50
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	29.00
Reupholster Runabout	15.00
Reupholster Touring Car	30.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.00

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.

**FORD MOTOR COMPANY**

GOOD news! That's the only kind of news your speedometer records these days if you use Conoco Gasoline. Every click seems to whisper "Extra! Extra!"—and that means extra miles because Conoco Gasoline is packed with them.

The Conoco Gasoline supplied to you today is refined especially for summer driving. Summer is the season of long trips and continuous use of your motor. Consequently you want a fuel which is good in every particular—but with special emphasis on mileage. And that's exactly what Conoco offers you.

Keep your motoring costs down by filling always at the sign of extra miles—Conoco.

**CONTINENTAL OIL COMPANY**

Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming.

**THE STATE CAPITAL**

AUSTIN, Texas, May 29.—(U.P.) A fresh effort to pass a public utility bill will be made at the second called session of the legislature, Governor Dan Moody having announced he will again submit the topic.

The latest bill was prepared by a group of municipal attorneys. It was side-tracked in the first special session of the legislature.

At present this utility bill promises to be the chief point of contention in the second special session. Prison legislation may again hold the stage, but the governor is undecided on the bill that passed the last session.

Copies have been furnished the state prison board members. The Governor said he wanted to hear their views before deciding whether to veto or approve it. If he vetoes it, the subject will again be given to the legislature.

Beside appropriation and revenue measures, the Governor has already announced he will ask the legislature to consider corrective measures in the first called session.

The board of education bill leaves the state school superintendent elective in the bill and makes the office appointive in the caption. Similar errors occurred in the caption of the bills to permit nurses in charitable institutions to work more than nine consecutive hours. The Governor also considers the barber bill defective. He said it does not provide sufficient means for its enforcement. The automobile licensing law and the Confederate pension law also have defects, the Governor said.

Usually he would have to make a choice of whether taking a bill with defects or vetoing it. This time, however, he is not pushed to that extremity. The time limit in which he may approve or disapprove acts of the first called session of the legislature does not expire until a week after the second called session is begun. The Governor can see if the legislature is willing to make changes in the bills before he is required to act.

The "best bill" of the session will become effective as soon as Governor Moody appoints the state auditor-efficiency expert for whom it provides. Based on percentages of saving effected by similar supervision in federal departments, Governor Moody estimated \$100,000 a year can be

**TEXAS AS A DAIRY STATE**

It was not many years ago when those who discussed seriously the question of developing the dairy industry in Texas were open to ridicule. Today the man in Texas who is not favorable to the industry is an exception.

Not very long ago the Borden Milk Company decided that Texas would make a good location for a milk plant, and Waco was selected as the location. Prior to that the Dough-titt Engineering Company, in co-operation with the citizens of Marshall, erected a big plant at Tyler. Now comes the Carnation Milk Company with an announcement that a large milk plant will be erected at Schulenberg, Texas, and later on another plant would be constructed at Sulphur Springs.

In addition to the powdered and condensed milk plants in Texas, hardly a day goes by that some announcement is not made relative to the erection of a creamery or cheese factory. Verily, the dairy industry is making a rapid growth in Texas, the State that some persons thought it was not at all adapted to the production of cheese and butter.—Farm and Ranch.

**TELL THE NEWS**

The best friend a local newspaper has is the one who sends in most local news and helps to make the paper interesting to its readers.

saved in operation of the state's business.

It is even better than civil service, the Governor said. The principal difference in effect is that it does not give office holders anchor on their jobs such as civil service arrangements.

Department heads in Austin never comment waiting to see how it works. The only criticism they voice is that it will take a staff of 25 men to do what the bill specifies. Practically, however, it will operate much like bank examinations. The power will be in the uncertainty when an audit is undertaken, the department auditors are required to cooperate and furnish all their records.

Closing exercises of the University of Texas will open Sunday night with the delivery of the baccalaureate sermon in the Texas Memorial stadium by the Rev. William States Jacobs, pastor of the First Presbyterian church, Houston.

**STATE INCOME TAX**

The American Taxpayers' League, commenting for the benefit of its Texas members upon the legislative proposal for a state income tax, raises an interesting point. It is that the state governments have ceded this source of revenue to the Federal Government, thru ratification of the Sixteenth Amendment, and having done so, a State "has no more right to occupy this field until the Federal Government abandons it than it has to reoccupy any property it has ceded to the Federal Government."

Obviously, this argument is based on a predicate which grants the undesirability of the overlapping of federal and state taxing jurisdictions. It may be said that this principle of avoiding dual levies has been supported by long custom and by written covenants between state and federal governments. The danger of dual levies was recognized by the founders of our government. In debating the adoption of the Federal Constitution, repeated warnings were issued against their use.

The care and preciseness with which the tax fields were originally divided between the two jurisdictions is amply illustrated in the Constitution. Thus the right to levy customs and excise taxes was given to the Federal Government; conversely this right was explicitly denied to the States. On the other hand, when the States received the right to levy direct property taxes, this right was explicitly denied to the Federal Government. The founders did not envision an income tax, but if they had done so it is logical to assume that the grant of this field to the Federal Government would have been accompanied by an explicit denial of the same field to the States.

The States, when they ratified the Sixteenth Amendment, granting to the Federal Government the right of exploitation of the income tax field,

ceded their own claims to this field by implication if not explicitly. The States which fail to live up to this bargain demonstrate that what they meant by their grant to the Federal Government was not that the Federal Government might call on their citizens for an income tax, but that the Federal Government was to be admitted as partner in a double-taxing arrangement which would apply to the citizens of that State.—Star Telegram.

**BUILDING WITH BRICK**

Workmen are making good progress on the new brick residence of Mr. and Mrs. John Berry, Jr. on Fisher Street.

**Badly Run-Down**

"Six years ago, I was very much run-down," says Mrs. Olympia Knight of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health. I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while. It was astonishing how much I picked up. I slept better, my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Cardui until I felt perfectly well. Cardui has been used by women for over 50 years. For sale by all druggists."

(From the Enterprise)

Pretty little Billy Louise Neill is reported on the sick list this week.

Miss Katharine Duren of Duren community was a guest of Mrs. M. E. Casey Monday.

Jess Rasco of the Bayou spent Sunday with his parents, Mr. and Mrs. J. H. Rasco.

E. P. McNeill is having a new sleeping porch added to his home on depot street.

Mr. and Mrs. Joe Ethridge and Miss Fay Smith of Prairie were in town visiting friends Thursday.

Mrs. Charles Hays had a slight attack of ptomaine poison Sunday, caused from drinking canned milk.

Mesdames Cecil Starnes and Woods of Brownwood spent the week-end with their parents, Mr. and Mrs. Jno. Starnes.

Mrs. M. C. Kirkpatrick is having her farm house re-paired and remodeled and a new sleeping porch built.

Miss Beatrice Cooksey expects to leave Monday for Stephenville, where she will enter college and take a commercial course.

Mr. and Mrs. Ernest Hancock of Goldthwaite, accompanied Miss Alma Neill home and visited A. F. Shelton and other relatives here Sunday.

Mrs. J. J. Canady went to Brownwood Saturday to visit her son, R. P. Canady and to have an examination made at a sanitarium. She has been critically ill for several days.

Mrs. A. G. Weston and Miss Mozelle Weston are quite ill from an attack of ptomaine poison. Mr. Weston had a slight attack, but is about recovered from his illness.

Dr. and Mrs. R. H. Jones have returned from a visit to Wichita Falls. They attended the graduation of their son, Vernon, from the high school of that city.

Mrs. A. W. Savoy and Miss Marie Wallace went to Brownwood Friday and M. S. Savoy returned home with them. He is delighted with college life in Daniel Baker.

We glean from the Lometa Reporter that Miss Marie Wallace has been elected to a position in the Lometa school. Miss Wallace is an efficient and lovable teacher, with years of experience in her profession.

Supt. Will Wasserman has been re-elected as superintendent of the Duren school. Miss Lois Fisher is one of his assistants. The editor has not

been informed who the third teacher will be.

O. E. Smith, travelling salesman for a grocery company, is at home in this city on his vacation. He does not have the pleasure of coming home often as his work is so far away, yet there is always a welcome for him by his relatives and his many friends in this section.

Denton Smith of Carlsbad, New Mexico, visited his parents and other relatives here the past week-end. He has a position in the neighbor state and is a progressive young man. While here he added his name to the Mullin Enterprise list of readers.

Mr. and Mrs. A. H. Pickens were guests in the J. S. Smith home in North Brown Sunday.

E. A. Kemp recently bought 80 muttons from F. E. Burkett.

Mr. and Mrs. Tom Cooksey and little sons were Goldthwaite visitors Saturday.

Mr. and Mrs. B. M. Hays have been elected as principal and seventh grade teachers in the Tahoka schools.

Vernon Jones is at home for a vacation from school in Wichita Falls High School, where he made the four years in three terms.

Mrs. W. V. Priddy is in Pendleton to attend the graduating exercises of the school there. Her sister is one of the happy young graduates.

T. F. Eaton received his B. A. degree at the closing term of Daniel Baker college in Brownwood. His many friends are congratulating him.

Mrs. R. W. Hull of Killeen visited her parents, Rev. and

Mrs. L. J. Vann Sunday. She has a host of friends here who are always glad to see her.

Amiel Lovelady of the Weatherford Orphans' home is visiting his uncle, Alden McCrary, in the Duren community.

C. R. Wilson arrived home Tuesday night from Temple. Mr. Wilson is convalescing nicely and is the happiest man in town to be back home again.

Fern Hancock and daughters, Miss Velma Hancock and Mrs. Hy Heck and son of Wilson are making a short visit with relatives and friends here. They resided here a few years ago.

Jim Fisher and family of Zephyr visited Mr. and Mrs. Ernest Fisher recently.

T. W. Cryer bought a bunch of lambs from Matt Wallace.

"WHAT YOU WANT—WHEN YOP WANT IT"

*Which of these*

*is Your Store?*

**W**HICH of these is your store?

Is it the one at the top with its well-lighted windows and shelves that are an invitation to buy—or the one below with its gloomy, depressing interior?

Does your store, with its well-displayed and illuminated merchandise suggest other things to buy . . . or does the lighting in your store make it hard for your customers to find what they came in determined to buy, much less suggesting anything new?

Does your store give newcomers the impression that you are modern, alert and alive to their needs and wants—does its very appearance make them feel that you really want their business—or does your store suggest out-of-date merchandise and methods?

Does your store have well-illuminated corners, which make it impossible for the janitor to miss the dirt that deteriorates stock and drives away customers?

Put yourself in your customer's place. When you go to the "market" to buy for them you demand that everything you buy be in plain view so that you may examine it carefully. Your customers deserve the same privilege in your store, so that they may see that they are getting full value.

In many types of stores good illumination is the only salesman!

Good illumination is a good salesman and an economical one. Put Good Lighting on your service staff! But remember—there is a difference between "just lighting" and illumination.

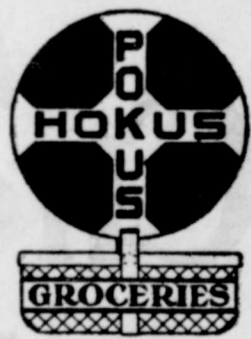

Our local manager will be glad to help you with plans for illuminating your store. It will pay you dollars and cents dividends and help make a better town and better business. Why not call him today?

Those 150 tiny parts in your watch may need oiling, cleaning and adjusting. Your timepiece may seem to run as perfectly as ever, but its mechanism is bound to suffer without proper care. Bring your watch in today and let us go over it for you. Our repair service guarantees you perfect satisfaction.

**Rahl & Son**

Mrs. Ola Howard, Lula Howard and Miss Lois Neal spent last week-end in Dallas.

Mr. and Mrs. J. H. Randolph have returned from a visit to relatives in Bell county.

A. E. Weathers and family have returned to their home in Canyon, after a visit to relatives in this city.

R. E. Watson Ross have moved their feed store from the old location on the west side of the square, to the Anderson building on the east side of the square.

Rev. S. D. Lambert, pastor of the Methodist church in this city, will assist the pastor of the Mullin Methodist church in a revival at that place some time in June.

Rev. C. B. Stovall and wife and sons, Truett and Marcelus, came in from Abilene Wednesday for a visit to Mrs. Stovall's brother, W. P. Weaver, and wife.

The readers are urged to give close attention to the advertisements in this paper. Some important announcements are made and some great bargains are offered. It is a good habit to form to read the advertisements every week, for such valuable information will be gained thereby, as well as many bargains secured.

**BIRTHDAY SHOWERS**  
Mrs. Eli Fairman was the honoree of two birthday showers on Wednesday afternoon, May 29.

One was a handkerchief shower from the Womans Missionary Society, of which she has long been a faithful member. The other was a miscellaneous shower from the Self Culture Club, of which she is a charter member.

A number of the ladies of the club met at Mrs. J. H. Randolph's and called on Mrs. Fairman in a body. Mrs. Randolph presented the gifts and read a beautiful tribute to Mrs. Fairman. Mrs. W. K. Marshall and Mrs. W. C. Dew served delicious punch and cake to the guests.

A GUEST.

**BOY BITTEN BY SNAKE**

From the Mullin Enterprise  
The little eight year old son of Mr. and Mrs. Ashton Huchabee of Center City was bitten by a rattlesnake Thursday afternoon. The child was following his mother as she plowed and the snake bit him on the foot. They rushed the child to Goldthwaite, after giving first aid remedies at home, but failed to find a physician in town. They then rushed him to Mullin, where a local physician administered the serum and treated the case. In a few hours they returned home with the child improving.

PAUL McCULLOUGH, Editor

June is here with the usual crop of college graduates.

W. A. Keath is building a new granary. He believes in saving this year's grain crop if it stops raining.

College education never hurts a fellow if he has sense enough to go ahead and learn something after he graduates.

Mrs. Pearl Holland is building a new wash house. She will be prepared for what ever changes in weather conditions may bring about.

"How did your son get on in college?"

"Must have done pretty well in languages. The bill for this term was \$10 for Latin, \$10 for Greek and \$100 for Scotch."

A Scotchman had rather pay more and get a "Can't Sag Gate." Can't Sag Gates won't sag because they can't sag, and they can't sag because they won't sag.

The reason we never hear of women after dinner speakers is that they can't wait that long to tell it. You may not believe that statement but just ask any married man.

If you have ever used Duo you will not mind telling its good merits.

There's many an elderly man with a young looking figure who wouldn't want his wife to see him with it.

DuPont paint will cover up anything.

If there's any item you want in our paper, just tell us, and we'll see that it's published.

A NEW SIX AT A PRICE WITHIN THE REACH OF MILLIONS

On Saturday, Buick will present the new Marquette—designed by Buick engineers and built in Buick factories. Marketed as an additional member of the Buick family, it will in no way affect Buick itself. Buick will continue to express the policies that made it the leader of the fine car field for the past quarter-century. In the smart, comfortable bodies of the Marquette you will recognize the fine hand of Fisher design. In its balance and poise you will see experienced engineering. And in performance—that final standard by which all cars are judged—you will find the Marquette leading its price class by an impressive margin. Be on hand when this eventful new car is shown Saturday. See what a remarkable new automobile Buick has produced at a price within the reach of millions.

**TREASURER'S REPORT**

the matter of county finances in the hands of Lois Fuller, Treasurer of Mills County, Texas.

Commissioners' Court, Mills County, Texas, in Regular quarterly Session, May Term, 1929.

We, the undersigned, as county Commissioners within and for said County and the Hon. L. E. Patterson, County Judge of said Mills County, constituting the entire Commissioners' Court of said County, and each one of us, do hereby certify that on this, the 20th day of May A. D. 1929, at a regular quarterly term of our said Court, we have compared and examined the quarterly report of Lois Fuller, Treasurer of Mills County, Texas, for the quarter beginning on the 31st day of January A. D. 1929, and ending on the 30th day of April A. D. 1929, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of Mills County, stating in approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and aid out of each fund by said county Treasurer since her last report to this Court, and or and during the time covered by her present report, and the balance of each fund remaining in said Treasurer's hands on the said 20th day of May A. D. 1929, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Article 867, Chapter Title XXV, of the Revised Statutes of Texas, as amended by an Act of the Twenty-fifth Legislature of Texas, at its regular session, approved March 20, 1897.

And we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in hands of said Treasurer belonging to Mills County at the close of the examination of said Treasurer's Report, on this, the 20th day of May A. D. 1929, and find the same to be as follows, to-wit:

Sworn to and subscribed before me, by L. E. Patterson, County Judge, and L. B. Burnham and Wm. Biddle and E. A. Duren and J. H. Burnett, County Commissioners of said Mills County, each representatively, on this 20th day of May A. D. 1929.  
L. B. PORTER,  
County Clerk, Mills Co., Texas.

**LOOK AT THE DATE**

The Eagle does not endorse or practice the policy of "dunning" thru the paper, but a notice of the rules is different. Every subscriber is requested to look at the date on his paper, opposite his name, and if he is in arrears remit the amount as soon as possible. We are not supposed to send a paper to a subscriber who is more than one year in arrears, but in a few cases we have "fudged" on the rule, hoping the violation will not get us in serious trouble. Recently a number who were far in arrears have been dropped from the roll, but if every one will pay attention to the date and then pay the account everything will be lovely.

**NATURE AND HEALTH**

While the sap flows through the trunk of a tree it cannot die. As long as nature's life-giving force floods the tree with health and vitality it blossoms and puts forth new foliage.

In every living thing, nature has provided a power—an innate and inward power—that heals and repairs. Broken bones knit themselves and cuts and bruises heal.

This same principle of health and life is constantly warring against sickness and disease in the human body. This vital force flushes through the nervous system, restoring health and life. When nerves are unnaturally congested by spinal pressure, Chiropractic releases the pressure, thereby re-opening the lines of communication that permits nature to make her own repairs.

The same power that sends new life into apparently dead trees, that same power is ready to heal and cure human ailments after Chiropractic opens the channels of the nervous system to this life-restoring force. Eventually Chiropractic First.

There'll be no regrets.

**FELT  
BAD  
AFTER EATING**

"FOUR YEARS AGO, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation. I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught."  
—Mrs. G. C. Leary, 123 North Alston Ave., Durham, N. C.

**EXTRA VALUES IN NEW FORD  
SIZE TIRES**

The Firestone 4.50-21 Ballon, specially built for new light cars, has the extra strength and longer mileage which comes from Gum-Dipping. Every cord is thoroughly saturated and impregnated with a rubber solution.

Firestone Gum-Dipped Ford size tires are made in a plant built exclusively for this purpose.

Firestone has a corp of engineers who work entirely on the development of 4.50-21 size tires.

Firestone operates a fleet of light cars to test only Ford size tires.

As a result, this tire is designed, constructed and tested to match every performance requirement of the new Ford.

Our price is right. Our service is complete. Come in!

**NASH '400'**  
Leads the World in Motor Car Value

**\$1075.00**

**Delivered**

*Completely Equipped—Nothing More to Buy!*

• **ABROAD**, among foreign makers as well as here at home, Nash engineering is recognized and respected and followed.

The skill and science of the great Nash engineering organization, one of the largest in the industry, created this outstanding motor car of the \$1000 field—the Standard Six 4-Door Sedan.

It is a big, roomy car with full 5-passenger capacity—as richly impressive in appearance and in finish as many very high priced cars.

In performance and in costly car features, it is equally exceptional.

Its great smoothness and power are developed by a big Nash-design, 7-bearing, high compression, full pressure lubricated motor with torsional vibration damper, and genuine Bohemian aluminum alloy pistons, with Invar struts.

The low price, too, is another great attraction—this car comes to you from the factory fully equipped with front and rear bumpers, hydraulic shock absorbers, spare tire lock and tire cover.

These are all included in the factory price. Other cars usually add these features to the factory price and charge you Extra for them.

Just COMPARE the low Nash delivered price with the delivered price of other cars.

Delivered Fully Equipped Price Range of 23 Nash '400' Models, \$965 to \$2855 including Touring, Roadster, Coupe, Cabriolet, Victoria and Sedan Models

**L. B. HUDSON, AGENT**

THE GOLDTHWAITE EAGLE

CLASSIFIED ADS

The members of the Goldthwaite Lions club are making preparation for a great celebration on the night of June 13, when it is likely their District Governor and perhaps other dignitaries will be present, as well as a goodly number of visitors from other cities and clubs.

**SEWING MACHINES**—I am agent for the famous Singer sewing machines, attachments and supplies. See me at the Ed. ... next door to the postoffice—MRS. F. P. BOWMAN, Phone A112.

BOLAND, PETTY

From the Mullin Enterprise Garland Boland and Miss Callie Petty of Zephyr were married in Brownwood on the fifteenth of May.

The bride is a charming daughter of Mr. and Mrs. Smith Petty, now of Zephyr but formerly of this section.

The groom is the oldest son of Mr. and Mrs. Jno. L. Boland and resided in this city all his happy childhood days.

This is a popular young couple and are at home to their many friends at Best, Texas.

SIGN YOUR LETTERS

Again the Eagle states emphatically that we do not publish anonymous communications of any character, nature or kind. It just isn't done. No use to waste postage, stationery and time.

NEED GLASSES?

Dr. Jones, the eye man, will be in Dr. Campbell's office on Saturday, June 8th. See him about your eyes, headaches and glasses.

IF

you put your winter clothes away dirty the spots will be hard to remove next fall. "Burch Will Fix Them Right"

Miss Leona Pass arrived in Goldthwaite Sunday, from visit with relatives at Clyde and Abilene.

Monday Night!

New Location East Side of Square

**The Smart Appearance.**

of FEDERAL tires, enhancing the beauty of the finest cars, is the only Federal feature that can be seen.

But when you drive on these handsome tires you will notice their silent performance, in perfect harmony with the effortless action of the thorough-bred motor car.

And as thousands and thousands of care-free miles pass quietly by, you will appreciate Federal's most outstanding characteristic—exceptional endurance.

Appearance, performance, endurance—in these three ways Federal Tires serve you. For complete tire satisfaction equip your car with Federals, the triple service tires.
