

THE GOLDTHWAITE EAGLE

Mr. and Mrs. J. A. Hester left Monday for market, to buy goods. They are expected to be away several days.

Sam Weaver of Wellington came over last week-end for a visit to his brother, W. P. Weaver, and family.

Mr. and Mrs. O. H. Yarborough left Monday for market, to buy fall and winter goods. They expect to return this week-end.

Will Lane and Clarence Newcomb made an auto trip to Austin Saturday night, returning Sunday.

R. D. Evans, one of the prominent citizens of Seallorn community, looked after business in this city the early part of the week.

Misses Fannie, Mabel and Elizabeth Baldwin of Dallas, drove over to Goldthwaite last week-end for a visit to Mr. and Mrs. L. E. Miller. They expected to return home yesterday.

W. B. Evans and his son-in-law and daughter, Mr. and Mrs. Olan Thompson, returned to their home in Houston last week-end, after a visit to his brother, J. Everett Evans, and family at Center City.

Mrs. Edward Geeslin and sons came over from Brady last week-end to visit relatives and friends and to attend the Methodist revival. Mr. Geeslin came over Sunday and accompanied them home Monday.

Mrs. M. Y. Stokes, Jr., and sons left Saturday for their home in Houston, after a visit to relatives here. Mr. Stokes came to accompany them home and they stopped with relatives in Lampasas until Sunday, when they went to Austin for a short visit and reached home Sunday night.

W. P. Weaver, our county farm agent, accompanied by his brother, Sam Weaver of Wellington, left the first of the week for an automobile trip to their old home in Arkansas, where they will spend a couple of weeks with relatives and viewing the scenes they knew in former days.

Gus Obenhaus, who was badly injured in an automobile wreck in Fort Worth one night last week, was able to leave the hospital Sunday and came here to spend some time in the home of his parents while recuperating. His arm was broken and he was otherwise badly hurt, but his friends are mighty glad that the accident did not prove more serious.

County Agent W. P. Weaver, and the other delegates to the Farmers Short Course at College Station, returned home on a special train arriving in Goldthwaite at 6 o'clock Sunday morning. They had a fine trip and gained much valuable information from the short course. They made a trip to Galveston and then returned home, all on a special train.

R. V. Leverett and wife of Sweetwater came over Sunday for a visit in the home of his parents, Mr. and Mrs. L. W. Leverett. They have spent a part of the week in Temple, visiting his brother and wife, who are located at that place, where W. D. is in charge of the Scott & White dairy and has recently been given an evidence of appreciation by his employers by a substantial raise in wages. Mr. Leverett accompanied his son and wife on the visit to Temple.

PRAISE FOR BYNUM

Rev. R. W. Bynum was County Missionary for the Baptist Association of this county for a number of years and is now engaged in the same work for the Hamilton county association. The Hamilton Herald-Record says of him:

"Rev. R. W. Bynum, Baptist County Missionary, is one of the hardest working preachers in this section of Texas, and his success in building up the kingdom of God by strengthening the churches makes for his greatest happiness.

"Rev Bynum closed a meeting in the Baptist church at Ohio last Sunday night, which brought the additions to the Baptist churches in Hamilton county under his preaching up to sixty-five. He said, 'I have never seen religious zeal so manifest in Hamilton county before, and am happy in my work.'

"The missionary went from Ohio to Gentry's Mill, where he is to conduct a revival this week. Miss Christine Fewell of Hico is leading the song services.

"On next Sunday evening Rev. Bynum will go to Indian Gap, where he will assist Rev. Clarence Allen Morton, of Hico, in a revival."

NEED GLASSES?

Dr. Jones, the eye man, will be in Dr. Campbell's office on Saturday, August 17th. See him about your eyes, headaches and glasses. (adv.)

NEAL TO MOVE

The friends of Edgar T. Neal in Mills county, as well as those in San Saba county, regret his removal from this section, but we all hope for his unlimited success and the happiness of himself and his family wherever they go. The San Saba News says of his contemplated move: "Mr. and Mrs. Edgar T. Neal have sold their residence property in San Saba to Mr. and Mrs. R. W. Byrd of Lubbock for a consideration of \$4,500.00. They took in exchange on the deal a large residence in Lubbock. They plan to move to their new home in Lubbock some time between now and the first of the year.

Mr. Neal was sheriff of this county for some 16 years in all and is one of the most widely known peace officers in the state. He was a Texas Ranger for several years before being elected sheriff. Mrs. Neal is one of the best writers in the state and the long list of news stories and feature articles appearing in the state papers and magazines from this section during the past few years are from her pen."

SIGN YOUR LETTERS

Again the Eagle states emphatically that we do not publish anonymous communications of any character, nature or kind. It just isn't done. No use to waste postage, stationery and time.

NOTICE IN PROBATE

THE STATE OF TEXAS, To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Mills, State of Texas, and you shall cause said notice to be printed at least once each week for the period of 20 days exclusive of the first day of publication before the return day hereof: The State of Texas,

To all persons interested in the Estate of Mrs. M. C. Henry, deceased. Doran Henry has filed in the County Court of Mills County, an application for probate of the last will of said Mrs. M. C. Henry, deceased, which will be heard at the next term of said Court, commencing the first Monday in September, A. D. 1929, at the Court House threeof, in the City of Goldthwaite, at which time all persons interested in said Estate may appear and contest such application, should they desire to do so.

Herein fail not, but have you then and there before said

Court this writ, with your return thereon endorsed, showing how you have executed the same. L. B. PORTER, Clerk County Court, Mills County, Texas. Given under my hand at the seal of said Court, on this the 3rd day of August, 1929. (Seal) L. B. PORTER, Clerk County Court, Mills County, Texas.

ROUND-UP DATES SET

Dates for Comanche's Second Annual Round-Up are announced as August 14, 15, 16, 17th. Comanche boasts of the Biggest Annual Round-Up between Ft. Worth and Ozona, and all cowboy events including Bronco Riding, Roping and Bulldogging will have contestants.

SPELLS OF BACKACHE

"I HAVE used Cardui at intervals for sixteen years, when I suffered from weakness, and it always helped me," says Mrs. J. W. Jinnright, R. F. D. 2, Troy, Ala. "Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of a way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was. "When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."

EASY PAYMENTS GLADLY ARRANGED

Announcing Two New Models of the CHEVROLET SIX

Broadening the appeal of a line of cars which has already won over 950,000 buyers since January 1st, Chevrolet presents two distinguished new enclosed models of the Chevrolet Six—the Imperial Sedan and the Sport Coupe. With beautiful new Bodies by Fisher available in a variety of striking color combinations and with numerous advanced convenience features—these new models provide, in abundant measure, those elements of distinction ordinarily associated with more expensive automobiles.

you will be impressed by their individuality and completeness. But you cannot fully realize what an achievement they represent until you get behind the wheel and drive! For here are all the qualities of six-cylinder smoothness, power and acceleration which Chevrolet alone provides in the price range of the four—combined with economy of better than twenty miles to the gallon, of gasoline!

When you examine the new Imperial Sedan and Sport Coupe,

Come in today. Learn for yourself the new standards of quality and luxury that Chevrolet has made available in six-cylinder cars—at prices within the reach of all!

The Roadster, \$525; The Phaeton, \$525; The Coupe, \$595; The Coach, \$595; The Sport Coupe, \$645; The Sedan, \$675; The Imperial Sedan, \$695; The Sedan Delivery, \$595; The Light Delivery Chassis, \$400; The 1 1/2 Ton Chassis, \$545; The 1 1/2 Ton Chassis with Cab, \$650. All prices f. o. b. factory, Flint, Mich.

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

TEXAS

A SIX IN THE PRICE RANGE OF THE FOUR

OUR TRIP TO GALVESTON AND A. & M. COLLEGE

Sunday morning, July 28, at 11:30, two girls, Hartal Langford and Lois Blackwell, with five boys, Bill and Lee Hendry, Talmage Head from Center City, Ray Duren and J. B. Lewis from Duren, with the county agent of Mills County, Mr. Weaver, boarded the train for A. and M. College. We ate dinner in Temple at 1:30 and arrived at College Station at 5:30 Sunday afternoon. We were met by cars that carried us to the main building, where we registered and were given a room in one of the many dormitories. Our first duty was to become acquainted with our room mates and the occupants of the dormitory, including chaperones, Miss Casey of Mullin being one of the chaperones for the girls. We next made a tour of the campus, seeing the many beautiful buildings A. & M. College may be

proud to boast of as her own. At 6:15 everyone marched to the mess hall for supper. It was a big sight to see between five and six thousand people seated at the same time; but greatest of all to see enough food placed before people to feed a crowd of such a great number.

Almost everyone attended church Sunday night. Everyone had to be in their rooms by 10 o'clock with the lights out at 10:30.

We ate breakfast at 6:45, ready to attend lectures by 8:00 o'clock.

Monday morning every person marched to Guion Hall for club meeting. A president and secretary was elected for next year. The president is from Lubbock county and the secretary is from Nacogdoches county. Each morning we had club meetings. We had no time for play, because we had to attend different lectures in different buildings from 8 o'clock in the morning until 11 o'clock

and from 2 o'clock in the afternoon until 4:30. Girls were free to go swimming from 4:30 until 5:30; boys from 6:30 until 10:00.

To avoid confusion, each member on a floor would line up outside when they heard their call by so many calls from a whistle. Each girl was numbered, beginning at No. 1. Each time the roll was called and each one must be in their places or take the consequences.

From 7:15 to 10 o'clock came the funniest time. Each boy that had acted right all day and had done his duties well received an OK date card signed by his captain. He gave this card to the chaperone and went down the line and picked out a good looking girl (provided he did not already have a date) and tried to make a date with her. After everyone was ready, they marched to a theatre that would seat about 6,000 people and watched several funny comedies.

The program for each day

was almost the same: Club meeting in the morning, lectures and bathing the rest of the day. We will have to admit we did get kind of tired of going from one building to another to listen to lectures, and we will not say anything about the boys and girls who skipped lectures by slipping away from the chaperone and by playing off sick, but were willing to listen to lengthy lectures when the chaperone told us all who were sick would have to go to a hospital!

We are not able to give the names of the winners in judging, but will say that Texas may well be proud of her 4-H Club boys and girls.

We saw many things of interest in College Station, including the Cotton Factory, where thread and cloth are made; a museum any city would be proud to own; a station where experiments which have proven useful to mankind were made; Agricultural and Mechanical buildings; and

last, but not least, a kitchen where enough food was cooked to serve six or eight thousand people.

The encampment lasted until Friday night. Almost everyone left during the night. The Mills county boys and girls, with the county agent, left for Galveston Saturday morning at 4:30 o'clock. We ate breakfast at Houston and arrived in Galveston at 10 o'clock. Our baggage was checked and left safe in the depot and we were free to see the city. Our first real thrill came when we rode on a steamer 25 miles on the water. We stayed on the water three hours. The ride was given to us by the Chamber of Commerce. It was a grand sight to see a harbor the United States is proud to boast of—let alone Texas! The water was covered with moving vessels, loading and unloading materials—preparing for voyages or other duties. We were disappointed not to take a ride on

one of the speed boats that glided by at 45 miles per hour. We returned to eat a fine fish dinner, which was served to us at reduced rates.

We next went thru the U. S. Steamer The Mohawk, sailing for New York City at 5 o'clock. It was a magnificent ship. All furnishings were finished in oak. Everything for comfort and convenience was there. It was due to arrive in New York City Friday morning, August 9. It carried about 150 passengers and about 3,000,000 bushels of grain and other things.

A trip was made to an old fort to see old antiques, including mostly guns. This trip was followed by a trip to the beach. A swim was enjoyed in the gulf waters.

After a good supper, we boarded the train for home. It was a special train, so no changes were made.

We all left, realizing what a wonderful time we had. We do not know how to thank Mr.

CITY COUNCIL

The city council met in regular monthly session Monday night and transacted considerable routine business in the way of auditing reports, ordering the payment of accounts and discussing matters of general interest.

Several subjects that were discussed were not finally determined, such as opening streets, making improvements within the corporation and other matters.

Evans, the president, for the wonderful time they made it possible for us to have, also the chamber of commerce for the free ride they gave us. We wish to say that we never intend to miss the Short Course again if possible, and hope that we may influence other boys and girls to go next year. LOIS BLACKWELL, Reporter, 4-H Club, Center City.

Mullin News

BITS OF NEWS FROM THE MULLIN ENTERPRISE

J. S. JOHNSON PASSES AWAY

J. S. Johnson, born Jan. 1, 1861, died August 3, 1929, at 11 p. m., after only a few hours of illness. Mr. Johnson was born in Dallas and remained in the state until about 15 years old. He went west and resided in Arizona and California most of his life. He came here fifteen years ago and has been a worthy citizen, a kind neighbor and an upright, honest man.

He leaves four daughters and three grand children, who will miss his counsel as they journey through life. Mrs. Lucretia Rothwell, one of his devoted daughters, resided on the ranch with him and was his constant companion and nurse. The other daughters lived in California and Arizona.

Rev. L. J. Vann conducted the last sad rites at Oak View cemetery Sunday afternoon, where lovely flowers covered his mound.

FIFTY-FIRST FRIENDSHIP ASSOCIATION HELD HERE

The Primitive Baptist Association on the past week-end drew a great concourse of people from all over the state. They assembled on a lovely camp ground at Dripping Springs in a grove of big shade trees. Three services were held daily. Eld. E. P. McNeill was moderator. Many tents were dotted here and there over the camp ground and gladness and happiness radiated over this great throng of people.

The following preachers were present: R. E. Wilson, Midlothian; F. M. Rives, Brownwood; S. N. Redford, Llano; J. Chambers, Adamsville; A. L. Chambers, Adamsville; J. S. Newman, Stockdale; S. W. Short, DeLeon; Geo. White, Gonzales; W. Y. Newman, Killeen; J. B. Aldredge, Lubbock.

BIRTHDAY PARTY

On Wednesday afternoon, July 31st, from 3 to 6, Miss Anita Fletcher and Mrs. M. E. Casey were joint hostesses to a surprise birthday party given in honor of Mrs. George Fletcher.

Mrs. Fletcher arrived from San Saba just a few minutes before the guests assembled.

The Fletcher home was artistically decorated and a feeling of hospitality was prevalent, which was conducive to much merriment and enjoyment.

Many interesting games and contests were enjoyed. In the advertisement contest prizes were awarded to Mrs. G. W. Chancellor and Mrs. H. R. McDonald.

The guests were invited to the spacious dining room where delicious cake and cream were served.

Mrs. Fletcher was the recipient of many useful and beautiful gifts.

The guests were: Mmes. F. E. Leineweber, S. M. Casey, M. E. Casey, W. C. Preston, Virgil Priddy, Homer Lockridge, Bob Willis, F. M. Tillman, S. V. Roberts, C. L. Summy, A. G. Weston, C. C. Hancock, L. J. Smith, W. S. Kemp, G. W. Chancellor, L. W. Wigley, H. R. McDonald, Baskin, Misses Anita Fletcher and Clara Baskin. Out of town guest was Mrs. George Henry of Kirbyville.

The guests departed, hoping that the old adage that "History repeats itself" would prove to be true.

Mr. and Mrs. Jack Daniel have moved to Winters.

Mrs. Mary E. James is at Veribest, a guest of her daughter, Mrs. Lawson.

Mrs. O. L. McFarland and Miss Leta Hancock visited in Blanket last Friday.

Mrs. Virgil Conner of San Angelo is visiting her parents, Mr. and Mrs. Will Spinks.

O. L. McFarland of Luling came in Saturday night for a visit.

Mrs. J. A. Holland and daughter, Reecie, were Goldthwaite visitors Tuesday.

Mr. Johnnie Hallford and Sylvester Curb of Prairie spent Sunday in Mullin.

Mrs. Dudley Allridge spent Tuesday with her parents, Mr. and Mrs. A. H. Pickens.

Mrs. C. L. Summy and children are visiting in Big Lake and Alpine, Texas, this week.

Miss Thelma Casey returned home Sunday from College Station, Texas.

Mr. Walter Campbell is at the Temple hospital for treatment.

Miss Vada Shelton spent Saturday in Brownwood visiting friends.

Mr. and Mrs. Newberry of May attended the funeral of J. S. Johnson here Sunday.

Mrs. M. M. Cox and Mrs. Albert Cox were shopping in Brownwood Saturday.

Mrs. Jesse Williams and Mrs. Calloway of Fort Worth are here attending the Primitive Baptist Association.

Mrs. A. T. Montgomery and charming children of Miles are visiting her parents, Mr. and Mrs. Joe Ratliff.

Mr. and Mrs. Roscoe Holland of Dallas were attendants at the Primitive Baptist Association.

Mesdames F. A. Leineweber and J. H. Brown recently visited the former's sister in San Saba.

Messrs. S. S. Farmer, Jack Perkins, Marks and Seth Farmer have gone to Kinball County on a vacation trip.

Mrs. Addie Henry and Miss Geneva McKinney spent the week-end in Priddy, guests of Mrs. Wertzel.

Mr. and Mrs. Jordon and pretty little daughter of Santa Ann are visiting Mrs. Jordon's sisters, Mmes. J. Davis and F. E. Burkett.

Miss Minnie Joiner of Florence attended the Primitive Baptist association and was a guest of her friend, Miss Mary Kemp, the past week-end.

Mrs. C. L. Summy and children left Sunday morning for San Angelo, where they were joined by Mr. Summy. From San Angelo they are going to Alpine. On their way home they are going to stop over at Big Lake to visit Mrs. D. S. Gentry.

A number of people from this city have been attending the revival at the Methodist tabernacle in Goldthwaite. Rev. Alonzo Monk, an evangelist of note, is a forceful speaker and brings interesting messages full of Bible truths to his great crowd of hearers.

All the thirteen children and a number of grand children of Mr. and Mrs. Will Spinks attended the family reunion Sunday. There were also other guests and friends present to enjoy the exceedingly good dinner. Approximately fifty guests were present.

Miss Jewel Black, who is attending summer school at Howard Payne, spent the week-end at home.

Miss Anna McKinney of Brownwood spent Sunday with her sister, Mrs. Lawrence McKinney.

Mrs. Annie Pickens of Corpus Christi, who has been visiting her son, A. H. Pickens, is visiting in Lometa this week.

Mr. and Mrs. Hensley and children of Kempner attended the funeral of J. S. Johnson Sunday.

Mrs. J. N. Coffey and Mrs. McCutcheon returned home Tuesday, after visiting a few days in the home of A. F. Shelton.

Mr. and Mrs. J. E. Burleson and family of Hico spent Sunday with J. A. Holland and family.

Miss Verna Lee Barker is spending the week in San Saba with her cousin, Miss "Bill" Horton.

Mrs. W. A. Hollingshead returned home Thursday from Gatesville, where she has been visiting her daughter.

Mr. and Mrs. J. R. Holland came over from Dallas Saturday, and their son James returned home with them Sunday.

Mrs. M. E. Casey and children were shopping in Brownwood Saturday.

J. L. Chancellor, Mrs. G. W. Chancellor and children and Joe Henry left Tuesday morning for a few days in Corsicana with Mr. and Mrs. Will Baskin.

Messrs. W. C. Hancock, T. R. Ivy and Jack Cox and Miss Leta Hancock have gone to Oklahoma on a business trip.

Mr. and Mrs. S. J. Casey and children spent Sunday in Goldthwaite and attended the Methodist revival.

J. E. Wright, ex-citizen of Mullin, now of McGregor, is looking after his ranch interests here and meeting his old friends.

Mrs. A. J. Dunlap of Democrat is rebuilding and remodeling her home, purchasing the material from J. H. Randolph.

Mrs. Joe Conner is improving her home in Center Point, buying the lumber from J. H. Randolph.

Misses Lena and Orell Clendenen went to Anson with their uncle, Newton McDonald last Thursday. The girls will go to Abernathy for a visit with their aunt, Mrs. E. G. Harp, and then to Lubbock and Wilson before returning home.

Fred Fletcher has returned to California, after a short visit at home.

Mrs. A. R. Pyburn and son are visiting Mrs. Addie Pyburn at Duren this week.

G. A. Buchanan is contractor to erect a large barn for Jno. W. Roberts at Roek Springs.

Rev. Walter Stripling, student at Simmons College at Abilene, is visiting his father, Rev. J. W. Stripling, of this city.

W. A. Hollis, genial citizen of Ridge was transacting business in town Friday.

Mrs. V. E. Bolten and little great grandson have gone to Kerrville.

Jess Massey of Ridge was visiting and trading in our city recently.

Mrs. J. J. Canady is reported slightly improved in health. She has been quite ill for the past six weeks.

Henry Fisher and sons of Sudan are here visiting relatives and old friends.

Mr. and Mrs. Happy Shelton of Fort Worth spent the week-end here enroute to Corpus Christi on a vacation trip.

Legal McCormick and family and Mrs. G. B. Wallace recently visited Mr. and Mrs. G. Y. Tomlinson in Prairie.

Mrs. M. C. Kirkpatrick has been suffering from an attack of inflammatory rheumatism for the past week.

Mr. and Mrs. Curtis Pyburn announce the arrival of a hale and hearty son on the 5th of August, weight 8 lbs. He has been named for his father, H. C. Pyburn.

Mrs. M. E. Casey, Dorothy and Billy Casey and Mr. J. A. Fletcher visited relatives in Rannels county recently. Mrs. Chester Fowler came home with them for a visit.

R. J. Edmondson has gone to Post in response to a message stating his brother, Bob Edmondson, was dead. The many friends of Mr. Edmondson, join the Enterprise in extending sympathy in this bereavement.

D. B. Lindsey, prosperous ranchman of Ridge, was in town recently.

Will Sanders and sons have gone to South Texas to help gather the fleecy staple.

Mrs. George Talley and children of Whiteland are visiting her sister, Mrs. W. D. Haile, at Prairie.

Miss Alma Neill has returned home from a visit to her brother, Gordon Neill, in Santa Anna.

MY CREED

I believe in that form of Church government that has the Bible as its only law giver and rule of discipline. The Holy Spirit as its only teacher and guide. I believe that all our religious trainings should be under the guide of that Spirit and should be substantiated by two or more Bible proofs. "In the mouth of two or more witnesses every word shall be established." I believe in a Spirit-filled and Spirit-guided ministry, and regardless of friend or foe, he should let the Spirit dictate his messages, and not man. I believe in religious liberty as guaranteed in our national constitution, and that it is of Divine origin. I believe that the rights of religious liberty should be preserved and respected by all lovers of the truth. I believe that the only safeguard of the church and nation is freedom of thought, speech, soul and of the press, and he or she who would muzzle either is not a fair dealer and otherwise not a safe guide. Again, I believe that if the church and pulpit messenger is Spirit-guided, regardless of worldly popularity, it will not escape the criticism of lawyers, doctors, educators, pleasure seekers and many of the twentieth century professors of religion. But like Daniel, David, Gideon and Samson of old, wicked nations and kingdoms of this world will crumble and fall under such Spirit-guided leadership. God give us strong men of unflinching convictions for the right, men who can't be bought over by the popular sentiment of modern times, but men who will stay with the Book at the cost of mortal life. This great nation with all its modern improvements, great churches and great educational institutions, with all its modern inventions will, like people and nations of antiquity, fall to rise no more, unless the Bible and Holy Spirit is given the lead. J. W. STRIPLING, Pastor Mullin Baptist Church

BIRTHDAY PARTY

Complimenting C. R. Wilson, whose birthday was the 4th, Mr. and Mrs. Lawrence J. Smith entertained with a party at their home Friday evening. Ferns and colorful flowers gave a pretty background for the table, which were arranged for "42".

At the conclusion of the games, Mr. Wilson was presented with many nice gifts.

Miss Mary Ruth Hancock presided over the register, which included: Messrs. and Mmes. C. R. Wilson, C. C. Hancock, H. R. McDonald, A. H. Daniel, Geo. M. Fletcher, J. S. Kemp, Rev. and Mrs. Anderson, Mrs. W. V. Priddy, Mrs. E. P. Smith; Misses Norma Scott, Mary Ruth Hancock, Virginia Scott, Marilyn and Hester Smith, Junior McDonald, John Lynn Scott, Lawrence Scott, Kemp Jr. and Robert Anderson, Hugh Charles Hancock, Jimmy Smith, and the host and hostess, Mr. and Mrs. Lawrence J. Smith.

A GUEST

Mrs. Wm. Andrews of Bellville is a guest of Mmes. Mastens and Stark. Mrs. Andrews was, before her marriage, the popular Miss Viola Oxley.

The Will Spinks family, had a re-union Sunday. All the children were there to enjoy themselves and to partake of an excellent dinner.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Mills County, Greeting:
You are hereby commanded to summon C. D. Helms, Mattie Helms, Willie Helms, Woody Helms, Arnold Helms, H. B. Helms, Mrs. Lena York, J. L. Brown, Ellen Brown, and their unknown heirs and legal representatives are Defendants, the nature of the demand set out in said petition being an action by plaintiff, praying for judgment against the defendants for the sum of One Hundred and sixty Nine and Svenety-one Hundredths Dollars, being for the State and County taxes, interest, penalty and costs due on the hereinafter separately described tracts of lands and real property as follows, to-wit: being the north one-half of a tract of land sold to said C. D. Helms by A. T. Roberts and wife, M. V. Roberts by deed dated Feb. 2, 1905, recorded in Val. 44, Page 363, Deed Records of Mills County, Texas, out of the H. Shropshire survey, begins at the N. W. corner A. C.

July, A. D. 1929, in a suit number on the docket of said Court No. 2274, wherein The State of Texas is Plaintiff, and C. D. Helms, Mattie Helms, Willie Helms, Woody Helms, Arnold Helms, H. B. Helms, Mrs. Lena York, J. L. Brown, Ellen Brown, and their unknown heirs and legal representatives are Defendants, the nature of the demand set out in said petition being an action by plaintiff, praying for judgment against the defendants for the sum of One Hundred and sixty Nine and Svenety-one Hundredths Dollars, being for the State and County taxes, interest, penalty and costs due on the hereinafter separately described tracts of lands and real property as follows, to-wit: being the north one-half of a tract of land sold to said C. D. Helms by A. T. Roberts and wife, M. V. Roberts by deed dated Feb. 2, 1905, recorded in Val. 44, Page 363, Deed Records of Mills County, Texas, out of the H. Shropshire survey, begins at the N. W. corner A. C.

Brown tract and out of the aforesaid tract, thence N. 19. W. 614 1/2 vrs, to the N. E. cor of this tract and the original N. E. cor of said Helms tract, thence S. 71 W. 934 vrs to a stand for cor of this tract, thence S. 19 E. 614 1/2 vrs to the place of beginning or S. W. cor of this tract containing 101 1/2 acres of land that the said interest, penalty and costs accrued thereon by reason of the sale of said lands to the State or having been returned delinquent for the years 1919, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928 in accordance with law; that said indebtedness is a lien upon each tract or lot of the said lands; wherefor plaintiff asks for judgment foreclosing its said lien, for an order of sale, a writ of possession, costs of suit and for general and special relief.

HEREIN FAIL NOT, but have you before said Court on the first day of the next term thereof this Writ, with your

COUNTY BOARD MEETS

The County Board of Education met in the court house last Monday and transacted considerable routine business, by way of classifying schools, giving interpretation of rulings and other matters.

The Board decided to have the County Institute held in this county on Thursday and Friday, September 5 and 6.

The various communities are taking interest in their school work and the outlook for the schools for the coming term is decidedly encouraging.

return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Goldthwaite, Texas, this 24th day of July, 1929.

(Seal) JOHN S. CHESSER, Clerk District Court, Mills County, Texas.

By Ollie Lee May, Deputy. 8-16

Sponsored by the Texas-Louisiana Power Co.

AT OUR LOCAL OFFICE
MON. - TUES. - WED.
AUGUST 19, 20 21

YOUR POWER COMPANY has arranged to have a prominent Home Economics expert here to talk to you about your everyday kitchen problems.

She will tell you how to plan interesting, balanced meals. She will teach you many new recipes, and cook them before you on the Westinghouse Electric Range. She will show you how the Westinghouse "Flavor Zone" method, based on the famous old Dutch Oven principle, retains the delicious juices, flavors and healthful natural salts of the foods themselves.

—during the school your old stove is worth \$25.00, taken in exchange as first payment on a Westinghouse "Flavor Zone" electric range; price \$172.50, installed complete, the balance in 13 easy monthly payments, with your electric service bill.

She will show you how you can cook your dinner while miles away, without fear of failure! She will show you how to attain kitchen freedom, and at the same time cook more delicious, more healthful meals!

You will enjoy every minute of every day, we promise you! Be sure to come and bring a friend!

COOL, pleasant sea breezes—refreshing, invigorating mountain zephyrs . . . which will you have?

No need to stifle in discomfort through the summer months and the even more disagreeable "dog days" that follow. Bring a Hunter Fan into your home and make your own weather!

The Hunter people have made nothing but fans since 1886. You will get "full measure value"—and more—in the Hunter Fan. In a variety of colors and sizes, Hunter Fans begin with the popular 9-inch oscillating Fan at \$12.50. Pay a small sum down, the balance in divided payments with your statement for electric service.

Call the office and we'll be glad to deliver a Hunter Fan to your home, or come by the store and see the many models, sizes and types.

In the kitchen the Hunter Fan will prove an all-year convenience. Let your Hunter Fan keep the air circulating both winter and summer . . . forcing the bad air out so healthful fresh air can come in!

Some clothes you've simply got to dry, and looks like nothing but rain for weeks? Use your Hunter Fan!

Want to get the floor dry in a hurry after waxing or mopping? Use your Hunter Fan and the floor is dry in a jiffy!

Rooms stuffy in the winter time? Put your Hunter Fan near the radiator or stove and let it keep the warm air moving!

Is "drying dishes" an unwelcome task? Your Hunter Fan will dry them for you!

NASH '400'
LEADS THE WORLD IN MOTOR CAR VALUE

"400" Advanced Six Ambassador

\$2090

Delivered, Fully Equipped, Nothing More to Buy!

UNQUESTIONED STYLE SUPREMACY
with TWIN-IGNITION POWER

PEOPLE constantly mistake the Nash Ambassador for a car in the \$3000 or \$4000 price class.

That's where its style places it—that's the kind of performance Nash engineering has given it—that's the kind of car it is—in everything but cost.

You've heard a lot about custom design and coachcraft. Here it is, actually and undeniably, in this moderately priced Nash "400"—the same exquisite upholstery as in much more expensive cars—the same luxury of interior decoration—inlaid walnut paneling and folding center arm rest, for instance—the rest quarter enclosed for seclusion and style. Chauffeur or owner driver, the Ambassador outstyles

and outranks other cars at anywhere near the cost.

It is powered by the new Nash Twin-Ignition motor—the power achievement of the year. If you are a driving enthusiast, and most people are, be sure to drive a Twin-Ignition-motored Nash "400" before you decide on your new car.

And, finally, the Ambassador brings to your motoring many other engineering and value achievements, among them, Bijur Centralized Chassis Lubrication, Houdaille double action hydraulic shock absorbers, world's easiest steering and chromium nicked bumpers front and rear, at no extra cost.

Delivered, Fully Equipped Price Range of 23 Nash "400" models \$995-\$2355 includes Touring, Roadster, Coupe, Cabriolet, Victoria and Sedan Models

ROAD MAPS FREE

No matter what the undertaking, merit and service count most in the long run. In case of corporations and individuals catering to the public, merit comes first, but service is a close second. Formerly corporations followed the "public-be-damned" policy. Today those in control know more about psychology. They realize the value of good will and secure it by selling dependable goods along with dependable service. No business ever yet succeeded by cheapening its product in the minds of the public. If they have a service to render it is not made a part of the price of the commodity they have to sell.

To illustrate, we call attention to the fact that oil companies selling dependable goods render a service to the traveling public and to all others who ask by giving away up-to-the-minute road maps in convenient form. If the oil company were to give these maps only to those who purchase 5 gallons of gas or three quarts of oil, one would immediately become suspicious of the quality of the oil and gas. It would serve no good purpose, but by selling the oil and gas at the regular price to all comers and by giving the maps to those who ask, whether they buy or not, a service is rendered which develops good will, and the act is perfectly legitimate. These same service stations will put water in your radiator and air in your tires without demanding that you make a purchase.

Every institution depending upon the public for support must render service. Sometimes that service is far beyond what it should be, and sometimes the public, so accustomed to receiving service, demands so much that it is eventually reflected in the price. Getting something for nothing is a great American game with the odds in favor of the dealer. One frequently pays for the premium and not for the article which he is supposed to be purchasing. More often the premium is worth more than the article with which it is given. Rendering service, however, is an investment, worth considering.—Farm and Ranch.

is a Prescription for COLDS, GRIPPE, FLU, DENGUE, BILIOUS FEVER AND MALARIA. Is the most speedy remedy known.

FEDERAL FARM RELIEF

The consensus of opinion concerning the farm relief measure recently passed by Congress is that its value will depend largely upon the ability of the Farm Relief Board and the stabilizing committees and corporations yet to be organized. Congress followed the usual custom, when it meets a problem it is unable to solve, by appointing a board or a commission to make a study of the subject. The Farm Relief Board is not much more than a committee appointed for the purpose of finding some means of bringing about economic equality for agriculture and kindred industries. It will have \$500,000,000 at its disposal, but cannot spend 1 cent of it. It may loan this money to encourage cooperative marketing. It can loan money to stabilizing corporations yet to be organized, but in itself it cannot dispose of a single penny except through the agencies provided. Stabilizing corporations can be organized through the commodity committees to be appointed. These corporations can buy and sell farm commodities; they will be empowered to build elevators and warehouses or lease storage facilities. When there appears to be a surplus, or when prices drop below cost of production or lower than economic conditions warrant, then these stabilizing corporations can buy and hold off the market quantities of that commodity, or dispose of it in other ways. If prices go up and they get their money back, or if they make a profit, it goes back into the revolving fund. If they lose money, your Uncle Samuel foots the bill.

This, in substance, covers the farm relief bill as it is now understood. Just what will be done, and how, no one knows at this time, not even the members of the board. At any rate, it is an attempt on the part of Congress to keep pre-election pledges by doing something for the farmer. Farmers, however, should not forget that self-help is the best help. Unless those engaged in agriculture continue their efforts towards efficiency in production and in merchandising their products, no Government is strong or rich enough to be of more than temporary service to them.—Farm and Ranch.

BUSINESS CHANGE

Ernest Benningfield and Booster Berry have purchased the Highway Garage from Neal Rose and Tom Miller and will continue the business at the same stand. They are experienced in the work and are well known to the people here, who are glad to note their success and enterprise. They are both Mills county boys and have lots of friends. Their announcement of the change appears in this paper.

A GOOD REPORT

states and sections thru which its lines run, sent out by the Santa Fe railroad system, has the following to say of conditions in Texas:

Texas will harvest 18,500,000 acres of cotton this year, weather permitting. This is a two per cent greater acreage than that of last year. Rain is needed generally for cotton, although no damage on account of weather so far has occurred. Reports of insect activity are numerous, but the damage to date is not heavy. Taking the state as a whole, cotton is in better condition now than this time last year.

A good crop of wheat has been harvested, approximately 40,000,000 bushels. It is estimated that 20 per cent of the yield will be held on the farms and in country elevators for better prices. Reports indicate that the acreage for the 1930 crop will be considerably increased. The main wheat area is in the northwest part of the state.

Corn and grain sorghums are holding up well, although in need of moisture.

A record crop of rice is in prospect. Vegetable and fruit crops have ranged from fair to excellent. Tomatoes in the eastern counties have suffered from excessive moisture, but the quality of the product was high. Melon production was reduced by unfavorable weather conditions.

Grass has dried out, but as there is plenty of it, livestock is in good condition.

Miss Letris Berry of Pleasant Grove is a guest of her sister, Mrs. Dutch McKenzie. Rev. Moreland, Bedford Renfro and Mrs. Grey returned Monday from a meeting at McCreaville, and report great results.

Mrs. Duran Whitt, a sister of Dutch McKenzie, is in the sanitarium at Brownwood, and is getting along nicely. Mr. and Mrs. Carl Featherston came in from the west for a visit with her parents, Mr. and Mrs. Jno. S. Chesser.

Mrs. R. M. Burgess returned to her home in Dallas, after spending several days here with her parents. Mrs. W. L. Harless of Waco is visiting Mrs. Lee Berry.

Raymond Little is attending the fair in Lampasas this week. Mrs. Horton of Hamilton is here for a visit with her sister, Mrs. Frazier.

A NEW SYMBOL OF A GREATER SERVICE

Two old established oil companies join forces better to serve their millions of customers

A STATEMENT

The consolidation of the Marland Companies and the Continental Oil Company has combined the producing, refining and marketing facilities of these widely known manufacturers and distributors of petroleum products.

The high standards of manufacture which have established and maintained the reputation of the high quality products heretofore sold under the Conoco and Red Triangle brands will be strictly maintained.

The same chemists and engineers, the same refineries and, above all, the same policies, will support the new trade mark. "A new symbol of a greater service."

CHIROPRACTIC

What Is It?

It is not my purpose in this short treatise to discuss any explanation is intended to lay down in simple, understandable language the fundamental principle upon which Chiropractic is based, and to show clearly that this premise is in conformity with the known facts of life, which are familiar to everyone.

It should be understood in the beginning that Chiropractic is a new profession only in the sense that it is a new use of principles which have always existed and which, since the beginning of time, have been evidenced in all expressions of life.

Requirements of Life

Life exists in many forms and each living thing must be supplied with certain necessities in order that it may exist. Without these necessities, the living thing undergoes destructive change and finally death. In order for a tree to live and thrive it must receive from the earth in which it rests certain nourishing elements. These are absorbed, drawn up into the growing sapling and changed into wood and bark and sap and leaves. Air is necessary and so is light if this particular form of life is to exist.

Man's Needs

It is equally true that man requires certain material things and must be favored with certain conditions in order that life may be expressed. He requires oxygen, nutrition, water, a reasonable degree of warmth and light. In addition to these there are certain other and intangible factors which, when present, lead to the fullest expression of life. All of these natural things being equal, as Nature requires, Innate Intelligence—that power operating within—can and does transform these material things into blood, serum, flesh and bone, and cause to exist within God's natural laws of physical function.

Intelligence

There is unlimited evidence

which proves that this immaterial force is an intelligent power. It is with us at birth. It is, therefore, inborn and the Chiropractor designates it as the Innate (inborn) Intelligence. This Innate Intelligence may be considered as "the man within." This "man within" does innumerable things which we, with our poor abilities derived through education, could never dream of doing. It is this power within, this innate intelligence, which stays on the job every second of every hour throughout our lives. Waking or sleeping, the Innate Intelligence is alive and active. It is this expression of life which causes the heart to beat 75 times per minute throughout our entire lives. It is this intelligence which causes the foods to be digested; which causes them to be absorbed and transported by the circulation to all parts of the body, where their life-giving energy is needed. It is this intangible thing which heals the wound, which mends the bone and co-ordinates every physical function with every other function. Far beyond all this, it is this expression of life which activates our brains and leads to thought and vision and dreams—that lifts us out of our little sphere and sets us wandering in distant lands. It touches as a whisper, the heart strings of all human things. It is seemingly as unreal as a phantom, and yet it is the only real thing in all the universe. It is God's because He created it. It is a sub-portion of His all-wise intelligence.

Innate's System of Conduction
It is this power, this driving, gigantic, vital energy with which the Chiropractor is concerned. Science has proved, beyond a shadow of doubt, that this vital energy is expressed through the nervous system. If all the nerves leading to the arm should be cut, it would be impossible to move the fingers or the hands. The conduction of force which lead to such movement could not reach the fingers because the lines of communication have been destroyed. The arm would wither.

So far as its harmonious function with the body is concerned, it would be dead.

The Place of Creation
It must be understood that every tissue of the body is supplied with nerve filaments which are, either directly or indirectly, connected with the brain. It is the brain which is the great central power house. From here this Innate force is sent to all parts of the body where the expression of this force is personified, or expressed. It matters not whether we consider the kidneys, the liver, the stomach, the heart or the toes. Each must maintain its contact through the nervous system in order that it may receive its vital energy from the brain. Let any of the lines of communication be destroyed or impaired and the organ supplied by those lines will be deficient in its function. In like proportion, if any of these lines are compressed, or in any way obstructed, the full quota cannot get through and as a result, function is impaired.

Interference
This is exactly what happens when segments of the spinal column become displaced. Pressure is then made on the nerve trunks near the bony segments and their ability to transmit vital energy is impaired. The result may not be evidenced at once. It may require weeks, or even months, before the effect will be noticed, but eventually it will manifest itself. It is the Chiropractor's province to discover just where such interference in nerve transmission occurs. When he has done this it is his further province to correct the condition of the spine which has led to such interference. When this is done, the Innate Intelligence is able to properly express itself and health is the natural result. The expression of Innate Intelligence is the expression of God's intelligence, which is often called Nature, and after all Nature is the one great healer. Knowing this, the Chiropractor seeks by his work to so correct the abnormal conditions of the spine

so that Nature may be fully expressed.

Question
Do you who read this think that some or all power of man's educated intelligence is equal to this Innate Intelligence within? THINK!
Should the reader desire further information on specific diseases, it will be gladly given. We heartily invite honest investigation.

Take Chiropractic First. There'll be no regrets. (Adv.)

Miss Mattie Johnston has returned from a visit to her sister, Mrs. Robert Weaver, in Waco.

MILLS COUNTY BAPTISTS
Dear Brethren and Sisters:
Don't forget that the Mills County Baptist Association will meet with the Scallorn Baptist church at 9:30 next Friday morning, August 16, 1929. It is very desirable that every church in our association be well represented. Beginning with the Goldthwaite Baptist church at the Fifth Sunday meeting last December, we have since had a monthly workers conference of our association with the following churches: Scallorn, Center City, Star, Trigger Mountain, Mullin and North Bennett. Only those who attended these meetings can fully appreciate

the great inspiration and blessings we enjoyed. So be sure to meet us next Friday at Scallorn, where the good people will give us a most cordial welcome.
W. E. MILLER, Moderator

Your clothing lasts longer and look better if you have them Cleaned and Pressed. Burch knows how.

Mrs. Claud Wilson was reported very sick yesterday, and her condition was considered dangerous.
Mrs. H. E. Moreland and boys and Mrs. Gray and children visited Mrs. J. L. Morris, who is in the sanitarium at Brownwood Tuesday. They do not find much hope for Mrs. Morris' early recovery.

Announcement

We have purchased the **HIGHWAY GARAGE** from Neal Rose and Tom Miller and ask a continued patronage of all their customers and friends, and invite the public to give us a visit and see the Splendid Service we are going to give.

We are going to handle a complete line of Tires, Tubes and Accessories, and also the very best Gas and Oils.

We are also going to maintain a First Class Repair Department, and every job will receive the best of attention.

Give Us A trial Yours for Service

TEXAS

Green tobacco is like wet Gasoline!

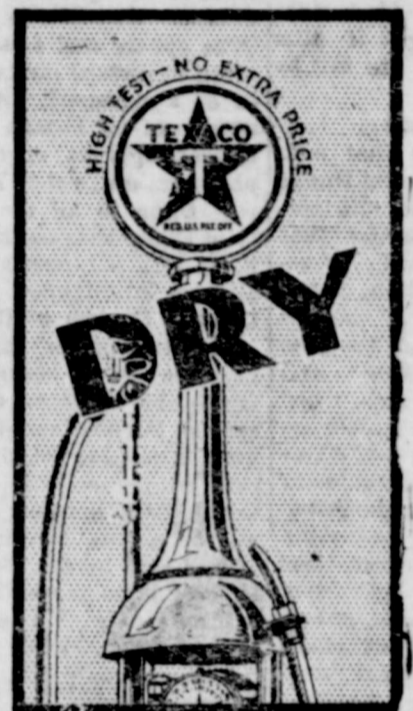

1. A wet gas is an atomized mixture of gasoline vapor in which are suspended drops of raw gasoline.
2. These drops form an uneven mixture which resists the action of the spark.
3. Result: Crankcase dilution, difficult starts, slow acceleration, sluggish power.

1. The new and better Texaco vaporizes so readily that it forms a dry gas—an active mixture of gasoline and air.
2. This pure, dry gas responds instantly to the action of the spark.
3. Result: Lightning starts, rapid acceleration, smooth action, power!

Green tobacco—wet gasoline, both are raw. It takes proper curing to make a sweet smoke. And it takes special, scientific refining to make a dry gasoline.

The new and better Texaco is specially refined to form a pure, dry, high test gasoline. It has a low "boiling" point, a low "end" point and great volatility, which means exactly this:—Texaco will release quickly all its power for useful work in the engine of your car. *It's better because it's dry!*

TEXACO GAS AND OILS WILL PLEASE YOU

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge the unequalled method at the Uthman Hotel, Brownwood, Thursday, August 24th from 10 m. to 4 p. m.

Mr. C. F. Redlich says: The "Perfect Retention Fields" hold the rupture perfectly, no matter what position the body assumes or how heavy the weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is their simplicity. An expertly justed device seals the opening without discomfort or deduction from work. It is practically everlasting, sanitary, comfortable and actually holds the rupture which heretofore were considered uncontrollable.

IF YOU WANT TO HAVE DONE RIGHT—SEE REDLICH.

Dr. J. W. Seaver, for many years in charge of the Physical Education of the students of the College, has recorded 75 percent cures with this system.

Mr. Redlich is international-known and speaks English, Spanish and French.

HOME OFFICE
Boston Block, Minneapolis, Minn.

Wilford Gray and family visited in Gatesville Sunday.

You can save money by fitting yourself with spectacles at Miller's jewelry store.

Mrs. R. L. Armstrong, Mrs. Ernest Wilson and Miss Maadia Wilson made an auto trip to Dallas the first of the week, for a visit to relatives.

Jas. W. Head and family of Lometa came over Sunday to attend the services at the Methodist tabernacle. Mr. and Mrs. Head were reared at Center City.

E. E. Greathouse, who recently bought and overhauled the gin at Burnett, was notified Tuesday morning that a bale of cotton had been brought to the gin and he left at once for that place.

Mr. and Mrs. T. F. Toland went to Glenrose Sunday to attend a reunion of the Toland family. From there they went to Dallas to buy goods for their store and are expected home this week-end.

Dr. Em. Wilson and wife and Misses Adiel and Maadia came in from Corpus Christi Sunday night and have been here this week, visiting in the home of R. L. Armstrong. They will probably remain here until the early part of next week.

Lev. Hopkins, who was reared here, but has been away for several years, was a visitor to this city the early part of the week. He is paralyzed from his waist down and is in a mighty bad physical condition, but is hopeful of having the use of his members restored.

Rev. E. P. Neal and wife, who are spending some time at Kerrville, where he is a teacher in the training school of the church, drove over to Goldthwaite Saturday evening, accompanied by a number of friends, to attend the Methodist revival, but were disappointed in that there was no service that night. Rev. Neal was pastor of the Methodist church here several years ago.

John F. Campbell, who served the Santa Fe as section foreman at Scallorn a long term of years, has been made secretary and treasurer for the Maintenance of Ways association, a Santa Fe employes organization, with headquarters at Topeka, Kansas. He has been in charge of the work for a month and likes it fine. He came home last week-end and moved his family to Topeka, where they will make their home. His appointment is for a term of four years and may be continued indefinitely. He and his family have a great many friends here, who regret to part with them, but wish them the best of fortune in their new location.

A REASONABLE REQUEST

A business man in a neighboring town has given to the church a copy of a letter written him by a customer, to whom he had sent a statement of account.

The Letter

Dear Sir:—Your statement received and I regret I am unable to pay you at this time, but I will do so. I hope you will be good enough to wait on me a short time. If the judgment day was at hand and you were so better prepared to meet your Maker than I am to pay this account you would surely have to go to hell. Hoping you will do this, I am,

Yours truly,
THE DEBTOR.

HUMPHREY LEE RETURNS

The Dallas News announces the return to that city of Dr. Humphrey Lee, who is quite well known and liked here. He is the son of the late Rev. Josephus Lee, who was pastor of the Methodist church here a few years ago. The News says: "Dr. Humphrey Lee, pastor of the Highland Park Methodist Church for the last seven years, will return to Dallas Wednesday after an absence of a year spent in completing work toward his Ph. D. degree in Columbia University of New York and in touring France and England, where study was given to architecture of ancient cathedrals. Dr. Lee will occupy the pulpit of his church at both the morning and evening services Sunday."

C. A. Head of Center City was a visitor to the city Monday.

J. C. Faulkner and family visited in Hamilton the first of the week.

RELIEF that is REFRESHING

"We have used Theford's Black-Draught for years in our family. I can highly recommend it for many ailments. We take it for colds and for constipation. I have four children, and I give it to them. When my little girl gets bilious, or complains of headache, I give her a treatment of Black-Draught, and she is all right in a day or two. Sometimes when I have indigestion from improper eating, I have headache. Then I take Black-Draught. I always feel fresh and have more energy after I have taken it."—Mrs. E. Reich, 2215 East First Street, Austin, Texas.

THEFORD'S Black-Draught
FOR CONSTIPATION, INDIGESTION, BILIOUSNESS
WOMEN who need a tonic should take CARDUL. In use over 50 years.

What Lubrication is to Machinery.. Firestone Gum-Dipping is to tires.....

AS THE film of oil prevents friction of metal parts, so does the film of rubber surrounding every fiber and strand of Firestone cord, protect it against heat and friction within the cord itself due to continual flexing.

thus saturating and insulating the cord fiber with liquid rubber, thousands of additional miles of service have been built into Firestone Tires. This means that you get most mileage for least money—greatest safety, comfort and satisfaction—when you equip your car with Firestones.

THE GOLDTHWAITE EAGLE

Joe Bailey Karnes, Oran Laceywell and Sidney Pass made a business trip to the Bend Wednesday.

Mrs. Carroll Lowry and little son, Jeff, of Waco spent last week with her parents and other relatives.

Mrs. J. N. Weatherby of Brownwood and Mrs. Frank Taylor of this city visited in Temple this week.

Mr. and Mrs. Paul Horton and family of Pleasant Grove visited Mrs. Horton's brother, W. C. Frazier, and family Sunday.

Eugene Dickerson left yesterday for Clifton, Arizona, where he has a fine position, after spending a week with his home folks and friends in Goldthwaite.

Rev. Alonzo Monk drove to Temple Wednesday afternoon and brought Mrs. Monk back with him, she having been there for several days for examination and treatment.

Clarence Mason and family returned Wednesday from an automobile trip to Oklahoma and a visit to relatives near Tulsa. His mother, Mrs. J. W. Mason, remained in Oklahoma for a longer visit with relatives.

Rev. Hugh Moreland and wife were called to Lake Vickor to hold a funeral of a member of the Methodist church, Vernon Spaulding, age 22. Typhoid fever was the cause of his death.

Burch makes a specialty of dry cleaning and pressing all wearing apparel. Phone him and he will call for garments.

E. E. Brown, who served as keeper of buildings and grounds for the Goldthwaite school for several years, has accepted a position to look after the heating system of one of the Houston schools. He has been in that city for several weeks and his family left Sunday for Houston to make their home, carrying with them the good wishes of all who knew them.

CROP CONDITIONS

With even a fair chance for the completion of this year's cotton crop, Texas is assured of unquestionable prosperity. This prediction is backed up not alone by crop reports, but by an extremely optimistic tone of business and by the unquestionable optimism of buyers in the wholesale markets for the past two weeks.

In general crops may be shown as follows: Northwest Texas, including the Panhandle, cotton normal or better and row crops normal to excellent; West Texas, cotton better than normal and feed crops normal to excellent; East Central Texas, all crops spotted with considerable insect damage; North Texas, cotton spotted, oats disappointing but corn and other crops promising; Northeast Texas, cotton promising, row crops in good shape; East Texas, improvement in cotton condition, corn somewhat damaged by rain, splendid tomato crop already harvested; Southeast Texas, general condition normal.

Business conditions in practically every section of the state show much progress. There is a great deal of conservatism in the reports; however, even these reflect a great deal of optimism. Several special conditions are noteworthy. The Rio Grande Valley is jubilant over cotton, which is expected to run from 100,000 to 120,000 bales for the season. An unusual large crop of corn, feed and melons are reported, although the prices for these are somewhat off.

Northern counties in general are in need of rain while exactly the opposite applies to the southern counties. Insect infestation while appearing is likely to be less than last year.

In general the prediction of the June crop report that Texas would enjoy much better than a billion dollar crop is practically a certainty now.

County Clerk Porter issued marriage license since last report to Drurey Smith and Miss Leola Barrington.

CHEROKEES SAID TO BE FIRST INDIAN TRIBE TO PRINT NEWSPAPER

Norman, Okla.—The Cherokees were the first Indian printers, and their original printing press, damaged by fire, is buried in the public square at Tahlequah. This information was given in a special story from Tahlequah in the Tulsa (Okla.) World, June 23. The story states that one hundred and one years ago the first Indian newspaper in the history of the world was issued from an office in the old Cherokee capital, which was known as New Echota or New Town. Seven years earlier Sequoyah, the originator of the Cherokee letters, had proved the utility of his alphabet. The paper, called the Cherokee Phoenix, was printed in both English and Cherokee.—Publishers Auxiliary.

FOOD FOR TURKEYS

A remarkable difference in egg production between turkey hens fed on a balanced ration and those just fed on home grains, has been proved in a test made of two pens and which has been recorded by Frank V. Hurd of the Heart of Texas Turkey Farm, prominent turkey breeder here.

The hens fed on balanced rations started laying 20 days earlier than those fed on home grown grains. While the pen fed on grains averaged only 11 1-2 eggs per hen the pen fed on balanced feed laid 28 eggs per bird.

There was also a much greater percentage of fertile eggs in the balanced ration pen, registering a 94 per cent hatch while the other pen hatched only 57 per cent of its eggs.

"The balanced ration assures not only a greater production of eggs and poult, but also a stronger and healthier bird," Mr. Hurd said.—Brady Standard.

SCHOLASTIC APPORTIONMENT

The State tax on gasoline is now 4c a gallon. This means that 1c of the purchase price of every gallon used in vehicles running on our highways will go to the available school fund. The suggestion is noted in numerous newspapers that possibly some company will refuse to pay the tax and that in such case the Supreme Court will hold the law unconstitutional. The argument is that the bill as passed and signed by the Governor legislates on two separate matters, one the tax on gasoline, the other, license fees on automobiles. The attorney general's office has advised that the law is constitutional. However, in case it should be held unconstitutional we feel certain that the legislature would promptly reenact the law leaving out that part which in the judgment of the court renders it unconstitutional.

It now seems certain that the scholastic apportionment for the ensuing two school years will be not less than \$17 per pupil. This will mean a considerable increase in the financial support of every school in the state. In spite of the delays and disappointments that we have experienced from time to time, we are really and truly making progress in the direction of adequate financial support of the schools of the state of Texas.—Texas Outlook.

SIGN YOUR LETTERS

Again the Eagle states emphatically that we do not publish anonymous communications of any character, nature or kind. It just isn't done. No use to waste postage, stationery and time.

STRAY HORSE—A bay horse, about 15 hands high, slightly flat on top of withers, foretop fresh sheared and shoe on right hind foot when he left. Small scar on inside of left hock, unbranded. Will pay \$5 reward for information that will locate him.—T. R. DEMPSEY, Rt. Goldthwaite.

CLASSIFIED ADS
