

THE GOLDTHWAITE EAGLE.

VOLUME THIRTY-FIVE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, AUGUST 16, 1929.

NUMBER FORTY.

SOME PARTS OF MILLS COUNTY GET RAIN

A HELP WHERE IT FELL

There was a good rain in the Center City section Monday afternoon and while the area was not great, it helped a lot where it fell.

Again on Tuesday afternoon a fine rain fell in the Big Valley section and reached within three or four miles of Goldthwaite, passing to the south of town below Codar Knob. It did not cover much territory, but was very beneficial to that section.

Rain is really needed in most parts of the county not reached by the rains of Monday and Tuesday.

EPWORTH LEAGUE

August 18, 1929, 7:30. Consecration Service. Leader—Ruth Featherston. Song—"Onward Christian Soldiers."

Prayer—Vera Horton. Solo—Gareta Little. Poem—Pauline Dalton. Song—"Living for Jesus"

League Benediction: "So teach us to number our days that we may apply our hearts unto wisdom."

WOODMEN CIRCLE

Sunshine Grove, Woodmen Circle No. 1793, met in the I. O. O. F. hall in regular session. After the regular order of business had been gone through, Mrs. John B. Garner of Snyder, who is our district deputy and also one of our members, gave us a lecture. Mrs. Garner won the trip with the national drill team and visited Washington and crossed over into Canada and did some shopping there, took the big boat Admiral Peoples at San Francisco and rode on the deep blue sea to Los Angeles. She stopped at Silver City, N. M., to visit her brother whom she had not seen in 21 years. There was a special train for these Sovereigns all the way around.

There is a free trip for all members of the Woodmen Circle who will try for it, to go to Sherman next May to attend the dedication of the administration building for the home for aged members now being built. Those who wish to try for this trip should meet with the Circle on Monday night after the fourth Sunday in August and we will outline the plan for them. REPORTER.

A FAMILY REUNION

There was a family reunion in the home of Mr. J. C. Burdett in the southern portion of this city Tuesday of last week, but the report did not reach the Eagle in time for last issue. This is an annual event with the Burdett family and the attendance is always large. There were 72 present at this gathering, while 108 attended the reunion last year. They were all children, grand children and other relatives of Mr. Burdett, who is one of the pioneers of this section. He located in San Saba county in 1872 and after a few years moved to this county, where he has continued to reside and while he has prospered in a financial way, he has also drawn around him a host of friends and well wishers. He is recognized as one of the best men of the community and one who always stands for the right and best interests of the country. On the occasion of the reunion all of his children were present except one daughter, Mrs. Talmage Palmer of Albany, who was unable to come at this time. Most of those present were from points in Texas and Oklahoma. May they enjoy many more such gatherings.

Commissioners Court Holds Busy Session

MUCH BUSINESS IS TRANSACTED

Commissioners court was in session Monday and transacted a large amount of business, including auditing accounts and examining official reports.

A new election box was established at Pompey Creek. The voting place is to be at Pompey Creek school house and the number will be 20.

Returns of an election held in district No. 50, which is Merrell's Creek, to determine whether or not the school shall consolidate with the McGirk school, were canvassed and show a majority against such consolidation.

Two school districts increased their tax rate: Kelly increased from 25c to 50 cents and Live Oak increased from 50 to \$1.00. Almost all of the school districts in the county have a tax rate of 75c to \$1.00, while a few have a 50c rate and only one now has 25 cent rate.

J. H. Burnett was authorized to sell a small farm building on the southwest corner of the courthouse square, formerly used as an engine house.

The county tax levy was made the same as last year, i. e. 60 cents on the \$100 valuation. The official bond of J. R. Carter, Jr., as justice of the peace of precinct No. 2 was approved.

The highway money collected the past month was divided as follows: Precinct No. 1 was given \$60; No. 2, \$46.10; No. 3, \$66.48; No. 4, \$29.05.

The court is to meet again Saturday to complete the business of the term and look after some special business.

WALTON-PATTERSON NUPTIALS

Miss Leone Patterson and Mr. Claiborne Walton motored to Lampasas Thursday, August 8, and were quietly married.

The bride is the charming young daughter of Mr. and Mrs. W. A. Patterson of the Moline community. She was a student of John Tarleton College the past year.

The groom is the handsome son of Mr. and Mrs. Jim Walton of the Moline community. He is one of our most progressive farmers.

The bride wore a lovely white georgette dress with accessories to harmonize.

Before their friends had time to greet them, they were informed they were off to Florida to spend their honeymoon.

The friends of the young couple wish for them a long and happy married life.

A FRIEND.

FORMER CITIZENS VISIT

C. W. Cosner of Phoenix, Arizona, Miss Elizabeth Cosner of Temple, Arizona, and their nephew, A. W. Austin of Scottsdale, Arizona, were visitors in the city Monday and Tuesday.

The father and grandfather, A. W. Cosner, lived just north of town in 1885, when the railroad was built thru Goldthwaite. The father was injured by a horse falling on him and died in 1887. The family moved away soon afterwards. C. W. Cosner says his most distinct recollection of Goldthwaite is the tragedy at the well on the square, when three men were gassed in the well. These people are traveling by Ford and enjoying a vacation. Miss Elizabeth has taught for some years in the Temple schools. Mr. Austin is also a teacher.

Items Of Interest To Local Folks

Mrs. Guy Rudd spent Tuesday at Energy with relatives.

Miss Eulon Doggett of Comanche was a guest of Mrs. H. E. Moreland last week-end.

Mrs. Alice Taylor of Abbott is visiting her sister, Mrs. C. L. Featherston, in this city.

Carl Featherston and wife left last week-end for a visit to his mother on the plains.

A. L. Myrick of Brownwood spent Wednesday in the home of Mr. and Mrs. D. D. Tate.

Mrs. Minnie and Vera Oltrogge spent the first of the week with their aunt, Mrs. Taff, in Temple.

J. A. Allen of Buffalo Gap was in town yesterday, meeting his friends and visiting his son Harry and family.

October 1 will be an important date at the Eagle office, for on that day the subscription list goes on a cash basis.

Oran Laewell was taken to Temple sanitarium Monday for an operation. He was doing fine when heard from Wednesday.

Mrs. Goldman left Wednesday for her home in Memphis, Tenn., after a visit in the home of her daughter, Mrs. John Potter.

Jack Taff returned to his home in Temple the first of the week, after a visit in the home of his aunt, Mrs. Oltrogge, in this city.

Mr. and Mrs. Ben Walsler of Austin and Mr. and Mrs. Tansy Walker and family of Lampasas spent Tuesday here with A. D. Karnes and family.

Mr. and Mrs. Davidson of McKinney and their daughter, Mrs. V. E. Gotcher, of Winchell visited in the Kemper home last Tuesday and Wednesday.

Mrs. James C. L. Featherston and John Benningfield were called to Hillsboro Tuesday on account of the death of their sister, Mrs. Laura Raferty.

Mrs. Will Burks and niece, Miss Grace Denson, returned to their home in this city Sunday afternoon, after a week's visit with friends in Temple.

Mr. and Mrs. J. D. Hatcher of Plainview, old time friends of Judge and Mrs. E. B. Anderson, spent the first of the week here visiting in the Anderson home.

W. H. G. Chambers of Brownwood, president of the First State Bank of Mullin and owner of a valuable ranch in that section, looked after business in this city last Saturday.

The Lions Club of Lampasas will celebrate their Charter Night Tuesday night and have invited the Goldthwaite Lions to be present. A number have signified their intention to attend.

J. T. Sellers and family of Big Spring visited relatives in Big Valley community this week and met with some of their Goldthwaite friends. They like the west, but still remember their friends and old home in Mills county.

Mrs. Chloe Huddleston of Breckenridge has been here for several days visiting her parents, Mr. and Mrs. Lewis Hudson, and other relatives. She went to Austin the first of the week and brought her son here for a visit, he having been in school in that city.

METHODIST CHURCH

Brothers Monk and Dodge have held their last service for the season, but we shall not say that the Monk and Dodge meeting is gone, for such work as they have done is not soon over, but leaves in its train influences that abide. Now that you have had several days of quiet and good opportunity for meditation we look for you at your post at the service to which you belong. The services of our church will be our efforts to conserve the good work already done and broaden our reach in the service of God and the uplift of humanity. The services for Sunday will be as follows:

9:45 Sunday school—W. A. Bayley, Superintendent.

11:00 Preaching service by the pastor.

11:00 Junior League service—Mrs. W. K. Marshall, leader.

7:30 Hi League in the tabernacle—Mrs. Al Dickerson, leader.

7:30 Senior League in the church auditorium—Mrs. S. P. Sullivan, leader.

8:15 Evening preaching service—"The Woman Who Looked Back," by the pastor.

Thanks are due the Baptists who so regularly attended our revival. Many others of other churches were here often if not regularly. We thank you. We shall be happy to have our visitors with us at any and all services. Of course, Methodists are expected to be at their post. Thus may we grow and encourage the work of the Kingdom.

S. D. LAMBERT, Pastor.

ANNUAL REPORT

Rev. W. A. Thornton, missionary for the Mills County Baptist association, has prepared a report of his work which is interesting and proves he has been busy all of his time. One of the most important portions of the report is the fact that in 120 days he has traveled 3,300 miles and has preached 99 sermons. Rev. Thornton is one of the most highly esteemed preachers in the county. His report to the association follows:

To the Baptist Association of Mills County:

Herewith I submit my annual report:

Miles traveled	3,300
Homes visited	143
Sermons preached	99
Tracts given away	1,150
Books given away	5
Books sold	18
Days labored	120
Collected on county mission	\$70
Received on salary from treasurer	\$325
Total collected and received from treasurer	\$395

It will be remembered that the State Board asked me to report the number of revival meetings held in the county and their results. The best information I have is that there have been about fifteen revival meetings in the county, with about 250 sermons preached in such meetings. There have been about 60 baptisms.

Respectively submitted,

W. A. THORNTON.

APPLICATION FOR LICENSE

Application for marriage license is on file in the county clerk's office for Elzie Ducey and Miss Agnes Waits, of Rattler.

CAR BURNED

Whit Berry's Durant car was badly damaged by fire Tuesday night about 11 o'clock, when fire entered the Ross Garage, where the car was stored. It is evident the fire came under the wall and it would have done a lot of damage had it not been discovered before it had made much headway and the volunteer fire department very rapidly summoned. A number of valuable trucks and several cars were in the building, but were gotten out of the way and the fire extinguished. Very little damage was done beyond the burning of Mr. Berry's car, on which there was no insurance.

JUNIORS MEETING

The Junior Circle, Morning Glory Grove No. 139, met in regular order Wednesday, Aug. 14th, with only five present. We are sure several of the Juniors attended the San Saba Fair on this date. We hope there will be more girls present next meeting day, which will be Aug. 28. We will only have two more meetings before school begins, then we expect to have a large attendance regularly.

Mrs. Janie B. Garner was with the Juniors at this meeting and she made an interesting talk. Mrs. Garner is well pleased with these girls and boys in their work.

All Juniors come Aug. 28th at 4 o'clock. REPORTER.

CENTER POINT

J. T. Robertson and family and Mrs. Jno. W. Roberts at-

CENTER CITY

My, but are we not having some warm weather these days! A little rain fell here Monday afternoon, but everything was so parched and dry it did little good and seemed hotter than ever.

The Baptist meeting conducted by Bro. Quinn of Brownwood, closed here last Sunday. Much interest was shown all through the meeting. Large crowds attended. Five were baptized Sunday afternoon.

A new girl arrived in the Tom House home Saturday.

Mr. and Mrs. Ellis Reid enjoyed the presence of all their children and grandchildren in a family reunion last week. A feast was served to thirty members on Thursday. All enjoyed the affair.

Miss Mary B. Evans of Mexico is here visiting relatives and friends.

Mr. and Mrs. Martin McCasland announced the arrival of a new girl last Saturday.

Much interest is being shown in the school in our community at present. Carpenters are busy adding a new room to the school opening next fall. We will now boast of a four-teacher school. Prof. Ira Neighbors and Miss Fannie Luckey were re-elected to teach. Miss Gladys Casbeer will be one of our teachers, but we have not learned who the other will be.

Talmage Head, Bertram Geeslin and Bill Hendry left early Wednesday morning for Waco, where they hope to find work before time to help gather the crops here.

Casey Owens has returned from a fishing trip to the Llano river. He reports having fine luck and lots of fish.

Z. Karnes and family are now enjoying a new Chevrolet.

J. W. Coffman is in Ranger this week enjoying a visit with his mother and other relatives and friends.

George Johnson and son of Uvalde, Less Johnson and his family of Santa Anna are here visiting and attending to business.

We were glad to see so many from Star attending our meeting last Sunday.

Walter Doggett and family of Mexico are visitors in our community this week.

Bro. D. F. Smith and family made a business trip to Lampasas last week. He is now in a meeting at Pleasant Grove.

Sammie Head returned from a trip to Corpus Christi this week. XX

tended the baptising at Lake Merrett last Thursday morning.

Marvin Cooke and family returned home last week from a trip to Port Arthur.

Mrs. J. C. Stark and Florence and Ray visited George Hammett and wife at De Leon last week. Florence and Ray went on to Stephenville.

Several from here went to North Bennett Monday to the workers' meeting. They report another good meeting. The next one will be with this church at this place. Let's all make it better than any we have yet had.

Dwight Nickols is down at Joe Roberts' at Bulls Creek helping to milk the Jerseys.

Ernest Hogan and family of Hurley, N. M., visited in the Will Stark home last week. They went from here to Burnett to visit Arthur Stark, Will Stark and wife and Mrs. Austin Whitt and children accompanied them to Burnett. They returned Thursday afternoon.

R. C. Webb is having a smoke house built. He must be getting ready for hog killing later.

BUSY BEE.

THE GOLDTHWAITE EAGLE

Rev. H. E. Moreland went to Nix last Friday to begin a revival at that place, to continue a week or longer.

A number of Mills county people attended the Lampasas fair last week-end and report a good fair and some speedy races.

C. E. Strickland and wife of Brady visited in the home of his sister, Mrs. John W. Roberts, at Rock Springs last Sunday and came over to Goldthwaite and met with some of their friends.

George Chesser and family of Stephenson, Washington, have been visiting relatives and friends in Mullin and this city this week. They formerly lived in Mullin, but Mr. Chesser is now county clerk in his home county in Washington.

Mr. and Mrs. J. H. Randolph and Miss Janice Smith returned Friday afternoon from an automobile trip to Oklahoma, including stops at Fort Worth, Wichita Falls, Electra and elsewhere. They visited relatives in Temple, Oklahoma.

Mrs. Pearl Holland has purchased a new electric washer for her laundry and expects to install an electric ironer in the very near future, which will greatly increase the capacity of her laundry.

Maurice Stephens and wife came over from Wichita Falls Friday for a visit in the home of his parents. They returned home Tuesday accompanied by Mr. and Mrs. C. L. Stephens, who will spend a few days visiting them.

C. H. Ford is making good progress on the building for the Electric Laundry on the lot to the rear of his residence and between his home and Doggett Bros. Service Station. The building will face on Second street and will be well located.

Mr. and Mrs. S. P. McPherson and their son-in-law and daughter, Mr. and Mrs. Tannehill, came in the first of the week from Decatur for a visit to R. V. Littlepage and family and to meet with friends. The McPherson family lived here several years ago and are kindly remembered by many friends throughout the county, especially in Big Valley and Goldthwaite.

The Cheese Company sent a truck load of cheese to the wholesalers in Austin the first of the week. A truck load of cheese is also sent each week to Abilene and one to San Angelo, while the amount sent to Brownwood is far in excess of one load a week. All of this cheese is made from milk bought from the people of this immediate section and the fact that the cheese factory is located at this place makes a good market here for cream and milk and puts many thousand dollars in circulation here that could not be secured in any other way.

CENTER CITY CHURCH

We are very grateful to our Goldthwaite pastor, Rev. S. D. Lambert, for coming to Center City to preach to us for over a week. This meeting was well attended. A fine choir was led by Mr. R. E. Head, and Miss Varnell Geeslin playing the piano. The meeting paved the way for future church work and laid a good foundation for the Baptist meeting to follow the coming Friday night. There were three conversions with two additions to the Methodist church.

Our meeting at Pleasant Grove is now running full blast. The pastor was unable to secure a helper as desired, but the crowds are coming and we expect a great refreshing.

Next Monday night, Aug. 19, our meeting starts at Bethel. We hope to have everything in readiness by that time to proceed.

D. FRANK SMITH, Pastor.

A SUCCESSFUL MEETING

The meeting held at the Church of Christ for ten days came to a close Sunday night and Evangelist G. A. Dunn and Song Leader Marion Davis left for Littlefield, where they are to conduct a meeting.

The Goldthwaite meeting was one of the most successful ever held in that church here, there being 22 conversions and baptisms and two received by certificate.

A barbeque dinner was served under the tabernacle Sunday at noon and there was an immense crowd present. A large number came from Lometa and Moline and there were also visitors from other places.

The church voted to have Evangelist Dunn hold their meeting next year.

SUNRISE BREAKFAST

Up with the dawn was the Fidelis clash, together with its teacher, last Thursday morning. They assembled at the park and made preparations for breakfast. One member said that everything was fine until she burned her finger, and that ruined the day.

Our president arrived that morning from a vacation in college! But alas! She was too late for the feast.

If you wish to start your day right eat your breakfast early. FIDELIS REPORTER.

COOKING AN ART

Henry Ford, in a recent talk to young men, said: "A serious attempt to take the drudgery out of a job will develop the brain of any young man and start him to creating something."

The same holds true for home makers. Take the drudgery out of your housework and look upon your home as your own private art gallery. Begin by recognizing the fact that cookery is not drudgery but a combination of art and science. Use your artistic ability to create a proper setting both for preparing and serving meals.

An abundance of fresh flowers and fruits will give color and a feeling of beauty and restfulness. The science of health and food applied to summer menus will take the last bit of summer drudgery out of the kitchen.—Selected.

MEETING CLOSED

The revival meeting held at the Methodist church for two weeks, came to a close Sunday night and at the close of the service Sunday night it was announced that \$655.20 had been raised for the preacher and singer.

Rev. and Mrs. Monk left after the Sunday night's service to go to Gatesville, on account of the illness of his brother.

Mr. C. E. Dodge, the song leader, left on the 9:49 train Sunday night for San Antonio to be ready for a meeting this week with Rev. J. D. Scott some place near San Antonio. Rev. Scott was presiding elder of this district for the Methodist church some years ago.

ESTIMATE CENSUS COST

The cost of the national census taking, which is scheduled to begin next autumn, has been estimated at \$40,000,000, the National Home Study council, Washington, D. C., states.

TEXAS GAME LAW

Few changes were made by the last legislature in the state game law, in either open season or bag limit except that a permanent closed season is declared for turkeys in a few counties in the northern part of the state. Deer regulations remain the same except for black tail deer. The season for these west of the Pecos river is reduced. It will be from Nov. 16 to Nov. 30. The limit will be one buck for the season.

Quail regulations are unchanged and no change is made in the season or bag for duck, geese and other migratory and shore birds.

The principal changes will affect dove hunters.

North and south zone lines for doves remain the same as in previous seasons. The open season in the north zone remains unchanged and is thru September and November. Formerly it was November and

December. A new district is created, however, in the eastern part of the state which will have a dove season opening on Dec. 1 and closing on Jan. 16. There are 64 counties in this district which begins at the Louisiana line and has an irregular western limit.

Squirrel laws are changed for many counties. The general result is to provide a closed season in the eastern part of the state and an open season

in central portions of the state where there is extensive commercial nut industry.

SIX CYLINDER CHEVROLETS

on the road in less than eight months!

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand!

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer

of a low-priced car now has a right to expect for his money.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

Run-Down

"ABOUT seven years ago, I was all run-down, worn-out and never felt good," says Mrs. Henry Cartrell, of Cape Girardeau, Mo. "A chair would be more welcome any time than my work."
"I was so tired when I would arise in the morning, instead of being rested, I felt terrible."
"At last, mother told me to take Cardui, and I did. After the first bottle, I could tell a difference, and when I had taken five bottles the tired feeling was all gone. I felt like a different person, thanks to Cardui. I hope that other mothers will try Cardui. I have been wonderfully benefited by it."

FARM BOARD

The Farm Board is composed of able men, as everybody believes. While it is a pity there is no Southern member, the geography of the thing is perhaps not vitally important. While this may be discouraging to us of the South, who imagined we had many able men, it is not a matter to grow morose over. What we all want from any responsible officer is good results. The Oklahoma member of the Farm Board is expected to take care of the cotton farmer's interest, and no doubt will, if anybody can. The big thing expected from this organization is a sincere effort to influence markets favorably to the farmers. Whether any board or any number of boards can really effect better prices for farm products is not at all sure. Yet there is good ground for the belief that some method may be devised for the control of surpluses which will inhibit reduced quotations on ten bushels when there is one bushel too much, or on ten bales when there is one too many. Surpluses have created havoc in crop markets for a long time. It is time for statesmanship to find a way to keep the little excess from damaging the main bulk. If the Farm Board members are statesmen in the modern sense, men who know practical business as well as political government, then there is hope in them.—State Press in Dallas News.

SAN SABA FAIR

The San Saba Fair is in progress and, judging from reports, it is one of the best fairs yet held in that county. The San Saba county fair has a wide reputation anyway and one of long standing as one of the best county fairs in Texas. Many Mills county people have been over there this week and a good many Mills county exhibits are in evidence. It is said that they have some fast horses on the track and an excellent exhibit of livestock as well as farm and garden products.

TIME THE REVEALER

Since the dawn of history some thirty billion persons have come and gone. Of that great host, less than 5,000 have loomed large against the horizon. About 125,000 have left footprints on the sands of time sufficiently deep to identify them and their deeds.

Think over these figures when you hear some one deploring the fact that the present age is not producing any super-men. Outstanding figures of history have never grown in rows like radishes—genius is sporadic.

About 250 years ago, there was an obscure lense grinder over in Holland, who lived and died in a poorly furnished room, almost friendless, penniless and alone.

After his death they found a bundle of manuscript in a drawer under his work bench. By chance some scholars saw the MSS, and realized that this simple, unpretentious craftsman, named Benedict Spinoza, had written one of the greatest philosophies of life in the world history of mankind.

Spinoza was a genius, but no one knew it until long after he was dead. There are men now living whose names will be lauded in history, though they may be practically unknown today. It requires time to reveal true greatness. Contemporary opinion is usually contemptuous.—Dexter's Xtra.

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Mills, State of Texas, and you shall cause said notice to be printed at least once each week for the period of 20 days exclusive of the first day of publication before the return day hereof: The State of Texas,

To all persons interested in the Estate of Mrs. M. C. Henry, deceased. Doran Henry has filed in the County Court of Mills County, an application for probate of the last will of said Mrs. M. C. Henry, deceased, which will be heard at the next term of said Court, commencing the first Monday in September, A. D. 1929, at the Court House thereof, in the City of Goldthwaite, at which time all persons interested in said Estate may appear and contest such application, should they desire to do so.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.
L. B. PORTER,
Clerk County Court, Mills County, Texas.

Given under my hand and the seal of said Court, on this 3rd day of August, 1929.

(Seal) L. B. PORTER,
Clerk County Court, Mills County, Texas.

MEETING AT NIX

Dear Brother Thompson:—I feel impressed to send the dear old Eagle a few lines: I am holding a union meeting at the Baptist church at Nix and there is a great interest. Brother H. E. Moreland is with me and there are other helpers. There was a good response last night. I spoke on the "Means of Regeneration."

I preached my first sermon in my home church in Big Valley the fourth Sunday in March of this year and, thank God, I have missed only one Sunday since. Will be back at Big Valley on the third Sunday to help Brother Forester hold a meeting at that place.

I had my first call to hold a funeral service last Saturday morning for Brother Serene Patrick Fox, who was born Sept. 5, 1856, and died Aug. 9, 1929, aged 73 years, 11 months and four days. Was married to Miss Arewillia Josie Cook Dec. 31, 1882. Three children were born to them—two girls and one boy. One girl died in infancy and the other two survive him—Mrs. Myrtle Baxter and Denny C. Fox. He was a member of the Missionary Baptist church from his early youth. I had only known him for a short time, but it was his request that I speak the last words over his remains.
B. F. RENFRO.

JORDON-HOWARD

Mr. M. F. Jordon of Lometa and Miss Estella Howard of Moline were married Saturday afternoon at the Baptist parsonage. Mr. Charlie Hall and Miss Cordelia Porter of Moline accompanied them.

A FINE MELON

S. J. Tallos brought to the Eagle office last Friday one of the finest watermelons every displayed at this place. It weighed 56 pounds and was of a delicious variety. Mr. Tallos has grown many wagon loads of these splendid melons this season and on the day he brought the Eagle editor one he sold 100 in the patch and brought two wagon loads to town and sold them. Watermelons do not constitute all of Mr. Tallos' crop, by any means, but he grows lots of them, just the same, and the Eagle editor certainly appreciates the one brought to this office.

If you have any of the following symptoms, we have the remedy, no matter what your trouble has been diagnosed: Nervousness, stomach trouble, loss of weight, loss of sleep, sore mouth, pains in the back and shoulders, peculiar swimming in the head, frothy-like phlegm in throat, passing mucous from the bowels, especially after taking purgative, burning feet, brown, rough, or yellow skin, burning or itching skin, rash on the hands, face and arms resembling scalds, habitual constipation, (sometimes) alternating with diarrhoea, copper or metallic taste, skin sensitive to sunbath, forgetfulness, despondency, and thoughts that you might lose your mind, gums a fiery red and falling away from the teeth, general weakness with loss of energy. If you have these symptoms and have taken all kinds of medicine, and still sick, we especially want you to write for book let.

MR. W. L. MILLER
Mr. W. L. Miller, 103 W. 38th St., Austin, Texas, whose picture appears here, writes: My health had been on the decline for four years; I had not been able to work for nearly two years. I tried five of the best doctors, but continued to get worse. Through the kindness of a lady friend, I was induced to try Dr. Rountree's treatment. I commenced taking the treatment Oct. 9th, 1928, and felt an improvement in one week after I began. I gained 35 pounds in weight in four months. Mrs. Virginia McGirk and daughter, Mary Louise, have been at Pleasant Grove this week, attending the revival meeting and visiting friends.

Mr. and Mrs. Featherston, Homer Chesser and Cap Williams, all formerly of Mullin and now of Borger, left at 1 o'clock Sunday morning for their home, after a visit to Mrs. Featherston's parents, Mr. and Mrs. Jno. S. Chesser, in this city and other relatives and friends in Mullin.

Mrs. Dixon, mother of Mrs. C. L. Stephens, returned to her home in Hico Sunday, after a visit to her daughter and family in this city.

Watson Ross went to Austin the first of the week on business with the railroad commission, in getting a permit for his truck lines. He now runs trucks to Waco and elsewhere and protects his customers by a policy in a bonding company, which is recognized and accepted by the commercial organizations.

WHEN CHILDREN Need a Laxative

"We have used Theodor's Black-Draught in our family for nineteen years. I have found it of great help in raising my family."

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right."

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1206 4th Ave., Decatur, Ala.

HIGHWAY LEGISLATION

The Legislature has passed
the 4-cent gasoline tax bill,
together with a revision of the
registration fee on automobiles.

The 4-cent gasoline tax is the
bill of Representative Leonard
Tillotson, of Sealy, Texas,
which provides for collecting
the tax on those who use gaso-
line in the State, as well as
those who engage in the occu-
pation of selling gasoline at
wholesale. It is estimated that
by placing the tax on the use
of gasoline as well as the sale
it will increase the revenue to
the State from this source by
at least 15 per cent, and collect
the tax on as much as 850,000,
000 gallons of gasoline in 1930,
and this after allowing a deduc-
tion for exempting gasoline
used in farm tractors and for
other purposes.

The Registration Fee Bill is
also by Tillotson, and follows
the general plan of his original
measure, but is amended to re-
duce the fees on passenger or
family cars by 50 per cent in-
stead of 30 per cent from the
present fees, as the bill origi-
nally provided, but leaves the
fees on busses and trucks as
they now are, and divides the
fees between the counties and
the State on the basis of the
first \$50,000 collected to be re-
tained by the county, and an
equal division of the remainder
of the fees above the first \$50,
000, between the state and the
counties, up to a maximum of
any one county of \$175,000 a
year. This legislation follows
the general plan of highway
financing from current reve-
nues supported by Representa-
tive Tillotson, and will, while
providing satisfactorily for the
efficient operation of the State
Highway Department, give to
the great majority of the coun-
ties an increase from registra-
tion fees over their present al-
lotment. Representative Tillot-
son estimates that the new law
will produce for the State in
1930 a minimum of \$28,500,000,
and for the counties at least
\$8,500,000, and that the State
income will increase at a rate
of not less than 10 per cent a
year, and the county income
will increase from 5 to 10 per
cent each year.—Farm and
Ranch.

HIGHWAY BOND ISSUE

The conference or represent-
atives of regional chambers of
commerce, held at Austin, Fri-
day, is reported to have devel-
oped a movement to "make the
highway bond amendment par-
amount in the next Texas gov-
ernatorial campaign." Propon-
ents of the plan, taking alarm
from the recent defeat of the
two amendments, were reported
to be awake to the necessity of
starting early and carrying out
a thorough "educational" cam-
paign for the bonds.

As a matter of fact, the dif-
ficulties in the way of the high-
way bond amendment have not
been increased by the recent de-
feat of two other amendments.
If these difficulties are any
greater now than when the pro-
ject was first put forward, it is
because of the over-enthusiasm
with which the legislature
adopted the tax part of the
bond program, without, how-
ever, favoring the bonds.

It will be remembered that
when the highway commission
and an unofficial advisory
council of highway enthusiasts
prepared the "set-up" for the
bond issue, it submitted two
tax propositions. One was for a
tax of 3 cents a gallon and a 20
per cent license fee reduction,
this contemplating the comple-
tion of hard-surfacing all pri-
mary roads in the state within
15 years and the other was for
a 4-cent tax to do the same
thing in ten years. Both pro-
positions called for decreasing
the gas tax after 12 years and
for complete abandonment of
the license fee for state pur-
poses at the same time. The
legislature couldn't see the
bonds, but it could see the tax,
and what it saw was the high-
est figure. It plastered on the
4-cent tax, with a technical 50
per cent reduction in license
fees which, in respect to all
motor cars including trucks,
will amount to about 35 per
cent.

That's one on that side. But
it was also made possible for
the average citizen to ask what
is the use of borrowing \$175,
000,000 or so and paying inter-
est at the rate of seven or
eight million dollars a year
when, with the 4-cent tax al-
ready fixed, the state's high-
way fund income will be as
large, over the construction

ABOLISH JURY TRIAL

Abolition of the jury system
and the substitution instead a
committee of psychologists,
alienists and other experts is
provided for in a new penal
code to be submitted to Presi-
dent Portes Gil of Mexico. The
code has been approved by the
legislative committee of the de-
partment of the interior, and
the president has until August
31 to expedite it under extra-
ordinary powers recently grant-
ed to him by congress. Felipe
Canales, acting secretary of the
interior, explained the com-
mittee's viewpoint, which is
that juries are not apt to un-
derstand the technical and psy-
chological aspects of a crime
and are inclined to render ver-
dicts based mostly on senti-
ment. A body of experts, acting
as a jury, he pointed out,
would go into all angles of the
case with technical knowledge
to give it the foundation for a
fair findng.

The proposed code also sanc-
tions the death penalty, the
committee holding that it is
necessary, decorous and legal.

Miss Lorene Neill has accepted a position with the Rosebud Beauty Shop in Goldthwaite.

Mr. and Mrs. Henry Hart and mother, Mrs. Savoy of Zephyr, spent one day recently at Tip Hart's.

Jack Anderson, Mrs. Jack Anderson and sister, Miss Berry of Farewell, are visiting Mmes. Jno. Guthrie and W. C. Preston.

Mrs. Ernest Ince received the sad message of the death of her cousin Ernest Wall, who fell dead in Brownwood Monday morning.

Misses Love Gatlin and Louella Patterson of Goldthwaite visited Mesdames O. L. McFarland and R. H. Patterson Saturday.

Mrs. R. F. Williams of Tuscola and Master Doyle Wilson have gone to Tuscola, after a visit in the home of Mrs. J. H. Wilson.

Mrs. W. E. Blackman and Mrs. D. R. Neel and Messrs. C. W. and C. C. Blackman are visiting Mrs. W. E. Blackman's sister in Hamilton county.

Mesdames F. A. Leineweber and J. H. Brown spent the past week-end in San Saba with the former's sister, Mrs. Edwards, who is very seriously ill.

Mrs. Claude Wilson of Goldthwaite, accompanied by Mrs. R. E. Bradbury and Mr. Wilson went to Marlin recently. Mrs. Wilson is very ill. Mesdames McCutcheon and R. F. Williams of Abilene and Tuscola were called to be at Mrs. Wilson's bedside a few days before the party left for Marlin.

Mrs. Ernest Hancock and children are visiting her parents, Mr. and Mrs. A. F. Shelton. Mr. and Mrs. Hancock are planning to move from Gattsville to Mexia at an early date.

Miss Inez Tyson of Brownwood spent the past week-end with her father, Boland Tyson.

Mrs. Bascom Templin is at Peacock, visiting her son, Lewis Templin.

Barney McCurry has accepted a position with Casey & Fisher garage. Barney is an industrious and ambitious young man and we expect him to succeed in his new line of work.

Misses Carrie and Nellie Kirkpatrick of Sweetwater and Brownwood spent the week-end with their mother, Mrs. M. C. Kirkpatrick, who is slightly improved from an attack of rheumatism.

Mrs. W. C. Preston and children attended the graduating exercises of Howard Payne College the past week. LeRoy Preston was among the graduates. He will be principal of the Blanket school for the coming school term.

B. E. Chesser, Henry Williams, Mrs. W. H. Williams, Miss Leta Mae and Rex Williams spent Saturday in Zephyr with Mrs. Felix Johnson. They met their brother, George Chesser, from the state of Washington. He has been gone from Mills county for twenty years. He sees many changes here. The town and community has progressed, but sadness comes to him when he misses so many of the old familiar faces.

BUILDING A WALL

The suggestion that tariff adjustments were in order as a part of the program to place agriculture on an economic basis with other industries has resulted in a wild scramble on the part of manufacturers for greatly increased protection for their products. When it was suggested that a small tariff be placed on hides, manufacturers immediately asked for a large increase in the tariff on leather, shoes, harness, and other leather goods. It was figured that with this compensatory tariff, the farmers would be paying out an average of \$2.65 per year and getting in return the sum of 15 cents.

European countries are very much dissatisfied with the proposed increase in the tariffs of this country and are protesting. In a diplomatic manner they have intimated that unless they can sell in this country they will not buy, therefore our tariff wall, if raised to the height proposed, will injure rather than benefit American industry.

Europe is getting on an industrial basis and adopting American methods of mass production. Many American manufacturers are constructing plants in European countries for the purpose of supplying their foreign demands. Thus we are taking from American labor the opportunity to work, and the tariff, supposed to be for the protection of labor in this country, is back-firing.

If the tariff is a good thing, let us use it moderately and with reason. There is such a thing as taking an overdose of good medicine.—Farm and Ranch.

REVIVAL TO BEGIN

A revival will begin Friday night, August 16th, at Lake Merritt School house. Everybody come. Rev. E. J. Sloan, pastor of the Methodist church at Liberty Hill, Texas, will do the preaching. Bro. Sloan is a very consecrated man and we feel sure no one will be disappointed who hears him.

STOP IT NOW

Discussing the automobile accident problem, the Jacksonville, Florida, Times-Union recently said, in advocating liability legislation on the order of the New York plan: "It is evident that many persons are permitted to operate motor vehicles on streets and highways when there is no justification whatever for such permission to be granted or to be enjoyed. Irresponsible persons are the most numerous causes of accidents, fatal and otherwise."

"The very irresponsibility, as in the matter of paying for damages that result from their recklessness, ought to be sufficient to bar certain motor car drivers from using the public streets and highways. They

are irresponsible, financially, frequently not owning the car or vehicle they operate in public. They laugh when damages, to be paid by them, are mentioned.

"They should be made to understand that they must pay for such accidents as they cause. If they cannot be made to understand this by education, then the teaching should be by way of drastic law, energetically and effectively applied.

"This entire matter of accidents due to the use of motor driven vehicles needs more serious attention than as yet has been given it. Otherwise the slaughter of innocent people will go on and increase in numbers. The general demand should be: Stop it now."

Wet wood will burn... *certainly* so will wet gasoline

... *but* for a quick hot fire there is nothing like dry wood. And for a quick response to the spark there is nothing like dry gasoline.

Such a gasoline is the new and better Texaco. It forms a completely vaporized mixture of gasoline and air, a dry gas, which ignites instantly and burns completely. It releases all the power designed into the engine of your car, yet costs no more than ordinary wet gasoline.

It's better because it's dry!

- 1. A wet gas is an atomized mixture of gasoline vapor in which are suspended drops of raw gasoline.
- 2. These drops of raw gasoline form an uneven mixture which resists the action of the spark.
- 3. Result: Destructive crankcase dilution, difficult starts, slow acceleration, sluggish motor.

- 1. The new and better Texaco vaporizes so readily that it forms a dry gas, an active mixture of gasoline and air.
- 2. This pure, dry gas responds *instantly* to the action of the spark.
- 3. Result: Lightning starts, rapid acceleration, smooth action, power!

FIRES IN GINS

Fires in cotton gins cause a large annual loss in the United States each year, in some seasons amounting to \$1,250,000.

1. Cause of Cotton Gin Fires.—Fires during the ginning process may be due to a number of causes, such as matches in cotton, static electricity, overheated bearings, friction between the saws and cotton stuck in the ribs, and sparks struck by the passage of metal and other foreign material through the equipment.

2. Static Electricity the Principal Cause of Fires.—Static electricity is the principal cause of fires during the ginning process. In seasons when the greatest number of fires have occurred electrostatic charges have been abundant and troublesome. At such times the humidity was low, and the cotton being ginned was particularly dry and dirty, conditions ideal and necessary for the formation of charges of static electricity. These three conditions—low humidity, dry cotton, and dirty cotton—are essential for high electrostatic charges in the gin.

3. How to Eliminate Static Electricity.—Some ginners remove static electricity by hanging wet bagging in the building, some by wetting down the plant and grounds every day, or even twice a day, and others by injecting a little steam into the suction pipe in the direction of the flow of cotton. A few ground the machinery. To the surprise of many ginners, the effective operation of any one of these methods seemed to put an end to their trouble with fire.

4. Thirteen Rules for Preventing Fires in Cotton Gins.—The cotton ginner can render his plant practically immune from destructive fires if he will—

- Thoroughly ground all metal and moving parts of the gin, thus eliminating the static electricity.
- Educate the neighboring farmers and cotton pickers to keep cotton as free as possible from matches and other foreign material.
- Clean the plant thoroughly at least three times a week, thus freeing the premises from lint, through which the fires spread.
- Refuse to gin wet or even damp cotton, which tends to hang in the ribs and to produce friction.
- Keep the huller ribs and in ribs as clean as possible, and the saws sharp.
- Clean out the condenser very night and after all fires.
- Inspect all parts of the plant after closing, lest some of box or smoldering cotton give rise to a fire.
- Use automatic oilers on all bearings, thus preventing oil from the boxes on accumulated line or seed cotton.
- Store no baled cotton on the platform or less than 100 feet from any building.
- Prohibit smoking and carrying matches about the plant.
- Keep all machinery in proper alignment.
- Mark and segregate fire-damaged gin bales.
- Keep ample and efficient fire-fighting apparatus easily available at all times.

BAPTIST CHURCH

When you read these notes the Mills County Baptist Association will be in progress, and if you are not attending, make your plans to attend Saturday.

The meeting at Kelley school house came to a close Saturday night. Owing to the fact that several meetings were in progress nearby, we did not have so many folks in attendance. Bible reading was the main feature of the meeting and approximately 5,000 chapters were read, Miss Alma Kelley leading with 1,455 while Miss Greta Hines was second with 926, and Miss Rachel Varnell was third with 616. There was one thing noticeable about the men at Kelley and that is that they can't read, but they are fortunate enough to have either wives or daughters that can read for them. The sheriff and his family were the only ones that attended the meeting from Goldthwaite. The sheriff knows who to hear when he wants to hear a good sermon. We had a good time, enjoyed the fellowship with the good people at Kelley.

I am writing these notes just before leaving for Lampasas, and if we have our regular crowd next Sunday, and the ones that have called and asked if I was going to preach this Sunday morning at the Baptist church come, the ushers had just as well carry the chairs in, for we will need them.

Now let every one remember that we will have our regular services next Sunday, 11 a. m. and 8 p. m. Be present.

G. C. IVINS, Pastor.

ANNOUNCEMENT OF NEW CIRCUIT BY TELEPHONE CO.

To speed up facilities in telephone work between Brownwood and other cities in the Southwestern States Telephone Company chain, J. H. McKee, manager of this district, announced a number of new circuits to various towns out of Brownwood.

At this time the company is building two copper circuits between this city and Ballinger by way of Coleman at a cost of about \$10,000.

Also two circuits between here and Goldthwaite, giving an outlet through Lampasas south, this at the same cost.

From Brady to Junction, by way of Menard there is being assembled equipment for a new pole line and two circuits at a cost of \$23,000. The exchange at Junction was recently purchased by this company.

These circuits are expected to be working in time for the cotton market season.—Brownwood News.

fire-fighting apparatus easily available at all times.

5. Fire Protection.—Fire protection equipment in the gin may consist of water barrels, tanks, pumps, and pails; hose and standpipe connections to a water-pressure system; chemical extinguishers; and steam jets into gin stands, line flue, cleaner and pneumatic distributor.

6. Practice "Fire Prevention" every day in every way. FIRE INSURANCE COMMISSIONER.

MANNERS FOR MOTORISTS

It is fortunate that there are some things, not costly, nevertheless priceless, which can enhance the joy of living. Life is a complicated business, involving a fair share of grief and unpleasantness, and it is obvious that every opportunity to make existence happier—or less vexatious—should be eagerly taken by mankind. This is especially true of opportunities for more pleasant living which cost nothing in money, little in effort, and which yield vast wealth in self-satisfaction to the taker.

Good manners, for instance. Good manners is a code of personal behavior, arrived at not fortuitously but through ages of experience, which dictates the manner in which an individual may conduct himself with a maximum of gratification and a minimum of offensiveness for his fellow men. The philosophy of good manners is that every person is individualistic, possessing personal rights and dignities for which he demands respect on the part of mankind, and that this individualism should be, and may successfully be, heeded.

It would be indeed difficult, if not impossible, to set forth in detail a code of good manners. It would be useless as well. Almost everybody knows instinctively what he owes to other people in the way of courtesy and politeness. Compliance with good manners costs nothing, but creates happiness for everybody concerned. Disregard of good manners inevitably creates contempt for him who disregards.

Generally speaking, impoliteness results in no physical ill-effects for anybody. In some instances, a black eye or a bloody nose may ensue, but seen under the pattern of eternity, such a

thing is trivial. There is, however, an outstanding field in which good manners may be employed in order to avoid physical injury and death. This field is the public highway.

It were impossible for the police to so patrol the public highways that infraction of traffic laws with impunity would be impossible. Courteous conduct on the road becomes a matter of mutual trust and consequently of good manners. To crowd a motorist into the ditch is as much a personal affront to him as it is an infraction of the law. To dash across a blind corner endangers one's own life and the lives of others.

And it makes these others hot under the collar to have their personal rights to safety so grossly disregarded. Sensible motorists, who drive carefully and considerate, should make it their business as well as the state's business to enforce law and good manners on the highway. If man were to shove you off the sidewalk into the ditch, you would take a healthy punch at him or call a cop.

There is no reason why the same attitude should not prevail among motorists. The man behind the steering wheel should remember that he may still be a gentleman. He should not take advantage of the size and weight of his automobile in order to make it a juggernaut to strike fear into the hearts of his fellow men who have the same rights on the highway as they would have in a drawing room. And he should not take advantage of the speed of his machine in order to escape punishment that is justly his.—Houston Labor Journal.

Your clothing lasts longer and look better if you have them Cleaned and Pressed. Burch knows how.

ASSOCIATIONAL MEETING

The Mills County Baptist association will begin its annual session today at Scallorn, to continue thru tomorrow. This meeting always attracts a large number of members and delegates from all over the county and many from surrounding counties, while frequently there are visitors from a long distance, including some of the higher officials and dignitaries of the church.

The people of Scallorn know how to entertain a gathering of this kind and the Baptists and their friends who attend the meeting of the association may be sure of the arrangements being perfected for one of the best meetings in the history of the association.

Mrs. Tom Meador of Mexia came over last Friday evening for a visit to her parents, Mr. and Mrs. C. L. Stephens, and other relatives. She expects to return home today.

EXPERT HERE

C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge his unequalled method at the Southern Hotel, Brownwood, Saturday, August 24th from 10 a. m. to 4 p. m.

Mr. C. F. Redlich says: The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

"IF YOU WANT TO HAVE IT DONE RIGHT—SEE REDLICH."

Dr. J. W. Seaver, for many years in charge of the Physical Education of the students of Yale College, has recorded 75 per cent cures with this system.

THE GOLDTHWAITE EAGLE

Born to Mr. and Mrs. Steve Reynolds Tuesday a daughter. Miss Mary Frances Llewellyn of Liberty is visiting Miss Vivian Campbell in this city.

Mrs. Homer C. DeWolfe is expected home today from a visit to her sister in Tulsa, Okla.

Miss Sue Williams of Hamilton has been here this week visiting Miss Vivian Campbell.

D. W. Sheldon, one of the prosperous merchants of Star, transacted business in this city Wednesday.

B. F. Mahan of the Center Point section was one of the good men who called at the Eagle office one day this week.

Burch makes a specialty of dry cleaning and pressing all rearing apparel. Phone him and he will call for garments.

Dr. Allen of Bloomberg was a week-end visitor in the home of Rev. G. C. Ivins, and made the Eagle an appreciated call.

Mrs. Stanley Lasaski and children of Tulsa, Okla., are expected here today for a visit to her parents, Mr. and Mrs. J. N. Keese, and other relatives.

Mrs. J. M. Campbell and daughter, Miss Vivian, accompanied by Miss Mary Frances Llewellyn of Liberty, drove over to Fort Worth yesterday to bring Allen Campbell home, after a visit of several weeks duration to friends in that city.

W. D. Johnson and his wife and two children came over from Eltonia last week-end or a visit to Rev. S. D. Lambert and family and to attend the revival services. They looked over the Goldthwaite Cheese factory, the Texas-Louisiana Power company plant and other places of interest in the city. Mr. Johnson is manager of the Light & Power Co. of his home town and is a steward in the Methodist church there, where Rev. Lambert served the church as pastor for five years before coming to Goldthwaite.

Rev. O. O. Moore, formerly of Goldthwaite, is pastor of the church there now.

TRIGGER MOUNTAIN

Glad to report Mrs. James Hayes, who is in a sanitarium at Brownwood, improving.

Brother Leach of Goldthwaite closed a successful meeting last Thursday night. There were a number of conversions and several additions to the church.

Miss Agnes Plummer of McCamey visited home folks last week and returned to her home Sunday.

Mr. and Mrs. J. B. Lively in company with Lige Blackburn of Fort Worth and two nieces of Lampasas, left Monday for an extended visit in Arkansas.

David Shaw and family visited Mr. and Mrs. J. A. Plummer Sunday.

Miss Alice Cunningham went to Houston Monday morning to visit her sister, Mrs. J. W. Roberts.

Mr. and Mrs. R. E. Davis and children attended church at Center City Sunday and took dinner with Mr. and Mrs. Geo. Byrd.

Willie Garner has just finished a car shed and intends to make more improvements.

Mrs. Kittle Dellis and children visited W. C. Dellis and family at Big Valley Thursday and brought Katherine home.

O. J. Brown, Luther Matthews, Ted Lemons and two Donaldson boys visited R. E. Davis Thursday. Jack Davis, who has been visiting here for the past two months, returned to Reagan with them.

THE FARMER'S WIFE.

FORMER CITIZEN DIES HERE

George W. McGuire, age 45, died Wednesday afternoon at the home of his sister, Mrs. Sallie Baker, three miles north of town. His home was in San Saba, but he had been in Temple for treatment. Mrs. Baker met him in Lampasas Wednesday and brought him to her home in an ambulance, but death came a short time after reaching her home.

George was well known here 25 years ago, but for a number of years he lived in Brownwood. He is survived by his wife, two daughters, his mother and two brothers and several sisters.

BEGINNING IN TIME

This question is being answered by the farmers who pause long enough to consider the fact, that the transition of the prosperous lands to that of the less productive is the result of a gradual process of exploitation, which will ultimately create an economic disparity that will sooner or later call for a dire need or reorganization of farm methods and practices. Rather than wait until the land has received a complete "skinning," many farmers are, therefore, employing every factor that will count for stability and permanency in making farm life remunerative for the years ahead as well as for the present. The influence of that pioneer in the Extension Service is being felt in every quarter of the country. His every act and thought continue to carry the weight of the great truth, "that we must conserve the land for the public welfare, in anticipation of the profound civic and social readjustments that the future years will inevitably bring."

This principle is being more and more understood and appreciated and thru the awakened thoughts and actions of many farmers there are significant movements, though not assuming great proportions at first, that indicate a growing interest in soil conservation, soil fertility, and a greater diversity of interests for the farmer.—H. L. Glantz.

STRANGE AFFECTION

Two months of excessive hicoughing had reduced an 18-year-old girl's strength to such a low ebb that physicians entertain doubts of her recovery. Miss Vera Stone, of Memphis, Tenn., began to hicough at her home at Ripley, Tenn., last June. Unalarming then, the malady persisted. Recently she entered a hospital. Hundreds of "cures" suggested by newspaper readers have failed to help the girl. Miss Stone talks freely, but must pause at intervals to hicough. She loses much sleep. The wracking and repeated shocks have numbed her arms and hands.
