

THE GOLDTHWAITE EAGLE.

VOLUME THIRTY-FIVE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, SEPTEMBER 20, 1929.

NUMBER FORTY-FIVE.

Goldthwaite Schools Will Open Monday With Ceremonies

A Full Faculty Now In Readiness

Faculty, High School, Senior.
D. A. Newton, Supt.
E. D. Stringer, Principal and Science.
Miss Love Gatlin, History.
Miss Ella Pearl Harrell, Latin.
Miss Virginia Kerfoot, Mathematics.
Mrs. E. D. Stringer, English.
Miss Vivian Campbell, English.
High School, Junior—
D. A. Newton, Supt.
Mrs. J. A. Palmer, Principal, English.
F. E. Henry, Mathematics.
Miss Ellen Archer—Social Science.
Elementary School—
Mrs. Sparks Bigham, 5th grade.
Miss Lou Ella Patterson, 4th grade.
Mrs. Claude Saylor, 3rd grade.
Miss Vera Berry, 2nd grade.
Miss Erma Harrison, 1st grade.
The Goldthwaite public schools have grown in numbers enrolled in the different departments, during the past 5 years, at a rapid rate. Not only as our school grown in numbers enrolled, but its standards of instruction have been raised, credits of affiliation with the department of education have been increased from time to time.
Our high schools has at present nineteen units of affiliation as follows: Eng. 4, Plane Geometry 1, Solid Geometry 1-2, Trigonometry 1-2, Advance Arithmetic 1-2, Latin 3, physics 1, Biology 1, Physiology 1-2, Physiography 1-2, Eng. History 1, American History 1, Ancient History 1, Modern History 1, Civics 1-2.
The great need of our own school, now, is the incorporation into our school curricula some vocational subjects. Manual training and domestic science should be taught in our school as soon as conditions will permit.
Let us make 1929-1930 our best and most harmonious year.
Sincerely,
D. A. NEWTON.

The Art and Civic club was entertained yesterday afternoon in the home of Mrs. Fred Martin.

FALL TERM OF DISTRICT COURT CONVENES MONDAY

A Very Light Docket In Prospect

District court will open here Monday morning at 10 o'clock and it will continue three weeks. There is not an unusually heavy docket and it is not expected that the court will be very busy, unless the grand jury develops more business than is anticipated by the public.
All citizens summoned as jurors are expected to be present and on time. There was an order some years ago forbidding the publication of the names of jurors in advance and as it isn't known what Judge Brewster's attitude would be on the order, the Eagle does not publish the list. It is hoped that he will allow the publication and in that case the lists will appear in advance hereafter, in order that those who are summoned may be fully informed and all parties interested notified.

CLASS MEETING

The Fidelis class met with Miss Mildred Stephens last Tuesday evening.
Most of the time was spent in general plans for the class throughout the fall and winter. It was decided to divide the class into two sections, and group captains were selected. Misses Mary Pence and Grace Weems were selected as captains. At the end of the month the group that wins will be entertained by the defeated group.
At the conclusion of class affairs, Miss Mildred assisted by Miss Alene Martin served delicious refreshments.

Ollie Shelton left Sunday morning for San Marcos where he will attend school.
Mr. Manford Anderson and family visited Mr. and Mrs. Oliver Green at Duren Saturday night.
Craig Wesson and family and his mother, Mrs. J. S. Wesson, visited Mr. and Mrs. J. P. Goodwin in Mullin Sunday.
Albert Spinks ate dinner with Johnnie Taylor Sunday.
Walter Brown is moving from our community to Houston. We all hate to give them up but we wish them the best of success at Houston.
Virgie Mae Taylor visited Alta and Leona Dennis of Mullin Sunday.
Lessie Shelton spent Saturday night with Mary Lou Shelton.
Mrs. Ray Hammond and Mrs. Kate Shelton visited in the Taylor home Sunday afternoon.
Mark Fallon attended the church at Mt. Olive Sunday.
BLUE BELL.

BIG VALLEY

The mist on the river, the glow of the sunset, the cool morning air—remind us that harvest time is here. Do our lives yield as much fruit in deeds as do our fields, orchards and gardens, of their kind.
Floyd Sykes and wife of Ballinger are visiting their parents, Mr. and Mrs. Long and Mr. and Mrs. Sykes.
Clifford Moreland and wife of Waco spent last week in the home of J. C. Moreland.
Robert Weaver and wife of Waco visited his brother, I. M. Weaver, last week. They have recently returned from an extended trip to points of interest in the east.
Norma Lee Robertson has gone to Georgetown University. She is a senior there this year.
Joy Doak left Monday for Teachers' College at San Marcos.
Lou Ella Patterson visited in the home of Mr. and Mrs. T. P. Reid last week.
A number of Big Valley young people attended a party in Rock Springs last week.
Bro. Forrister filled his regular appointment here Sunday. He preached three good sermons.
Sunday was our "Singing Day" at Big Valley. Were you there?
Mrs. Bedford Renfro, who was numbered with the sick last week, is out again.
Evelyn Nelson has gone to Georgetown to attend the University again this year.
Mrs. Ruby Hartman and daughter Dorothy, visited in Big Valley Sunday.
Mr. and Mrs. H. A. Sykes visited in the Cockrell home last week.
This is enough news to prove that Big Valley is alive and working. So Long,
FARMER.

ROCK SPRINGS

Our Sunday School is getting better in every way. All the teachers and superintendents were present. All reported a good lesson.
J. T. Robertson and family dined with Woody Traylor's family Sunday. In the afternoon the two families and Mrs. Eula Nickols and boys visited Sam Self and wife.
Mrs. E. W. McNutt and Miss Mae called at J. M. Traylor's home last Friday afternoon.
Mrs. Emma Whitt of Waco, visited her daughter, Mrs. Abijah Stark last week.
J. O. McClary sold Mrs. Nickols some shoats for this winter.
Lucian Brooks from Bull Creek spent Saturday night with Jack Robertson.
John W. Roberts bought the Self farm last week. He has also gone into the race horse business.
Last Friday night the young people enjoyed a surprise shower party at the home of Mr. and Mrs. Sam Self. Everyone reported a nice time. Mr. Self and wife are moving to West Texas for Mr. Self's health. They have just been with us long enough for us to learn to love them. We wish for them good health and lots of wealth.
Mesdames McClary and Roberts visited Mrs. J. Stark one afternoon last week.
Ray Davis and family from Big Valley spent Sunday with J. C. Stark and family.

METHODIST CHURCH

A few months ago, in one of our cities two men were talking, one said, "If I believed what the Roman Catholics believe, I would always be at church." When pressed to explain himself, he answered, "The Roman Catholics believe that God is actually present in the church services." How many Protestants actually believe that God is really present in Church services? Most Catholics are amazed at the indifference of Protestants toward their services in their churches. What has the church meant in the history of the world? What has it meant to nations (our nation), to individuals? What does it mean to you? What advance or blessing has come to mankind without its support and leadership? Without its influence how long would this fair land of ours be a fit place in which to raise a family or live a bachelor or a maid? I question very seriously, if a decent man, woman, boy or girl would care to remain in Goldthwaite five years without church influence. It is reported that something like 32 per cent of church members never go to church... I hardly believe the percentage that high in Goldthwaite but wish to say with emphasis that it is far too high. Members are expected to be at their church when its doors are open for services. Excuses are about as good as they are to the good wife for missing your dinner. You folks who drive all day Sunday, you folks who loaf the streets Sunday, have gratitude in your hearts for God who gives you home and all blessings. Come to church next Sunday. A hearty welcome awaits you at the Methodist church. The last quarterly Conference of the year will be held on the night of Sept. 29. Bro. Barr will be with us. Now for the home run. Let's finish the year in a way of which we may justly be proud. Its not too late. Everybody to their task? Easy, isn't it? God bless you.
Yours in His service,
S. D. LAMBERT, Pastor.

DEMPSEY LAIRD

C. R. Dempsey and Miss Viola Laird were united in marriage Tuesday night, at the home of Rev. J. D. Long, in Center Point community, Rev. Long officiating. The young people were accompanied by Mrs. Claud Laird and Miss Dempsey, who witnessed the ceremony. The groom is a son of Mr. and Mrs. T. R. Dempsey, formerly in the hotel business in this city and now living in the Cedar Knob community. The bride is a daughter of Mr. and Mrs. Laird of this city. They both have many friends who wish them every happiness this life can give.

HELP THE SCOUTS

Your old Magazines, Newspapers and Books are useless to you but are worth money to the Boy Scouts. They have not quit collecting and will be glad to get yours. So have them on the front gallery ready next Saturday morning, Sept. 21. This will help them and at the same time rid you of a nuisance.

Harry Allen and family visited relatives in Brownwood Sunday.

Mayor H. G. Bodkin made a business visit to Hamilton the first of the week.

Mrs. J. C. Mullin returned Tuesday night from a visit to her sons in Dallas.

Miss Lena Henderson of Lamasa is a guest in the home of her brother, F. F. Henderson.

Dutch McKinzie and wife and Miss Letris Berry visited in Brownwood one day this week.

Mr. and Mrs. Morris Nesbitt of Pleasant Grove, visited in the Dutch McKinzie home Wednesday.

Rev. J. D. Long, the Eagle's good friend from Center Point had business in the city Wednesday.

R. L. Armstrong and family are spending a few days in San Angelo, visiting relatives and attending the fair.

Mrs. J. T. Morris is improving wonderfully, according to reports, and her friends hope for her early recovery.

Mr. and Mrs. R. E. Ross were called to Regency this week on account of death of a friend, Mrs. Lee.

Mr. and Mrs. Joe Spradling of Lake Victor were guests of Rev. H. E. Moreland and family Tuesday.

Miss Letris Berry of Pleasant Grove was a guest in the home of her sister, Mrs. Dutch McKinzie, this week.

Keneth Shaw is still confined to his room. His many sympathetic friends are hoping to see him well again soon.

Mr. and Mrs. Ed Thompson of Lake Victor are moving to this city. They have rooms at Mrs. C. L. Featherston's on South Parker.

Mrs. E. T. Fairman and Mrs. Wilbur Fairman and children have been in Waco and Marlin this week, visiting relatives.

Mr. and Mrs. Neal Dickerson went to Georgetown Monday to place their daughter, Miss Ruby, in Southwestern University. The young lady attended the same University last session.

Freddie Baskin, the 2 year old race mare of Rahl & Woody, won the \$200 purse for her age in the race at San Angelo fair Wednesday. There were thirteen entries in the race.

Sheriff Bledsoe conveyed Miss Willie James of Mullin to the home for feeble minded in Austin the first of the week. Dr. Herrington of Mullin and the lady's two sisters, Mrs. Inloe and Mrs. Gladys Eaton accompanied them to care for her.

W. D. Denton, one of the good citizens of the Caradan community, was an appreciated caller at the Eagle office one day this week. He reported across short, but the country in pretty good shape. He has spent most of his life in Mills county and he knows it is the best part of the world.

Mr. and Mrs. G. H. Frizzell, Mr. and Mrs. Walter Fairman, Mr. and Mrs. Kelly Saylor and Miss Georgia Frizzell joined a party of friends for an all day outing at Glen Rose last Sunday. James Frizzell of Fort Worth and Mr. Forbes, head of American Legion and others were in the party and the day was spent most pleasantly.

There was a pretty bad automobile accident last Sunday afternoon on the Lometa road, near San Saba Peak. There were four men in one car, one of whom was pretty badly cut in the face by being thrown through the windshield, and other occupants of the car were shaken up and bruised. The driver of the other car was not hurt. The cause of the accident was meeting on a sharp curve.

THE GOLDTHWAITE EAGLE

Howard K. Brooks, 75, for fifteen years vice president of the American Express Company, died Sunday at his apartment in New York.

Morris Hillquit of New York Sunday was elected as chairman of the Socialist national committee to succeed the late Victor Berger of Milwaukee, Wis.

Superior Judge Carlos S. Hardy, presiding at the second degree murder trial of Mrs. Alexander Pantages, in Los Angeles, issued a subpoena at the opening of court for the Rev. Robert P. Shuler, ordering him to appear to explain his statement that the jury in the case was "hung." Mr. Shuler broadcasted the statement by radio.

Judge Thomas F. Turner, 65, for years a prominent attorney in the Panhandle, died Sunday at his home in Amarillo, of injuries received in the collision of his automobile with that of C. F. Collier, head of the Great Southern Insurance Company. Mr. Collier is recovering from a slight brain concussion. Judge Turner was one of the Eagle editor's most appreciated friends and his untimely death brings sorrow to this editor, who deeply sympathizes with his devoted wife.

A deal for the manufacture and sale through a mail order house of a "baby" auto was to be arranged in Washington Thursday, it was understood in financial circles. The inventor, James V. Martin, was said to have obtained the support of a syndicate headed by William B. Leeds, the DuPonts and Sears Roebuck and Company, and final details alone remained to be worked out at Washington. The car, which has a wheel base of only 60 inches, no running boards and no springs, is expected to retail for \$200 or less.

A committee of 30 bankers from over the state at Houston Monday approved a plan for co-operating with the federal farm relief board and getting for Texas cotton growers their part of the \$500,000,000 farm relief fund. Favorable action was taken only after the farm relief bill and some of its principal provisions had been denounced vigorously by some of the bankers. Others, while not committing themselves as wholly favorable to the bill said it now is in existence, and pleaded with their associates to accept this fact and give their cooperation.

Gene Price, charged with rape on the person of Mrs. Isla Cox at Sipe Springs, Saturday night, September 7th, was refused bail by Justice of Peace D. C. Dingus at Comanche Monday. Price was arrested Wednesday night by Constable Cull Platt of Sipe Springs and Deputy Sheriff L. C. Bills at De Leon and placed in jail at Comanche. According to the statement of Mrs. Cox, who is a widow, Price came to her home about 9 p. m. and questioned her as to doing some washing. Following this conversation, Mrs. Cox alleges Price entered a room adjoining hers in which her children were sleeping and coming into her room placed a pistol against her, threatening to kill her if she did not yield to him, and forcing the children to remain in the other room by threats. Mrs. Cox is the mother of seven children and has lived in Comanche county practically all her life.

Adults Contract Children's Diseases
Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restlessness, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults. White's Cream Vermifuge, which you can get at HUDSON BROS., Druggists

BAPTIST CHURCH

If Tom Toland makes many more speeches like he did last Sunday, some church will call him as preacher. I have known for some time that the Superintendent was a pretty good general, or you might say boss, and no one knows that any better than his wife, but I did know that he was a speech maker.

The Baptist Church has recently launched a campaign for a charity fund. Brother W. E. Miller started this fund by giving one hundred dollars. This is religion actually put into practice and if there is any one thing that we want to do at the Baptist Church it is to show our faith by our works. What men say does not amount to so much, but it is what men do. This fund has been started for no other reason than to help humanity. If you are interested in a fund of this kind and have faith in it, go by the First National Bank and leave your contribution. Not one penny of this money will be paid out until the committee has made a thorough investigation as to the object to which it goes. On the other hand, no one, regardless of who it is, will be turned down if they are found to be worthy of help.

One of our fellow townsmen reported to the pastor that he killed three wolves last Sunday morning just before Sunday school hour. This gentleman is no other than Mr. Mark Fairman, of the Fairman Hardware Company. On making inquiry into Mr. Fairman's general reputation for truthfulness, Mr. Burch, the tailor, says that Mark always shades the truth and that he killed all three of those wolves at one shot and he is on a trade for the gun to kill quail with this winter. Anyway, Mr. Fairman is entitled to three hundred dollars and here is hoping that it will be paid to him at once, and that he will give the Baptist Church one hundred dollars, and that he will happen to the same good fortune as often as possible.

Mr. Luther Rudd and family have moved to Ballinger, Texas, to spend the winter. Our church will miss them while they are away on their stay, for they were among our best church goers, as well as some of the best citizens of our town. The pastor of the Ballinger church is being notified of their church loyalty and it won't be long until they will have a place in that good church.

Splendid congregations at church Sunday. We are expecting to have the largest congregation during the fall and winter months that we have had. Especially as we are trying to build our evening crowd to equal our morning crowd. This can be done if every member will be a "booster" for our Sunday night services. Our services will begin at 7:30 and will be brief and interesting. We have three kinds of Christians in almost every community. The Rowboat Christians, they have to be propelled wherever they go. Sailboat Christians, these always go with the wind, and then there is the Steamboat Christian. These make up their minds where they ought to go, and go regardless of how the wind blows. Now let every Baptist be a Steamboat Christian, and if you will, you will be a booster and a pusher, and

TIME DRAWS NEAR

On October 1st, the Eagle management expects to drop from the subscription list the names of all who are not paid up to the current year. This rule will be strictly observed in the future, as protection to the subscribers as well as the paper. No subscription will be carried beyond a year in arrears. No statements will be sent out, as experience has taught us that we do not get enough in response to pay the postage. The date of expiration is clearly printed on each paper and those who wish to know their standing need only refer to the date opposite their address on the paper. Where a name is dropped because of non-payment the amount due must be paid before the same name or the name of any member of the immediate family will be restored to the list, which means that where one or more years subscription is shown to be due and the subscription discontinued, another member of the same family can not have the paper sent to them without payment of the amount due. The management hopes that no names will have to be dropped, for the subscribers are sincerely appreciated and earnestly solicited to continue. It is simply a matter of business.

PATERNALISM

Has paternalism departed from the home? It has not. Has it usurped the governmental scepter? It has not. The people of no other country are freer of political paternalism than the people of the United States. The families of no other nation are as affectionately fathered than the families of the United States. We have numerous laws forbidding this, that and the other. But they are not paternalistic in the objectionable sense. They are only regulatory in the protective sense. We have, in our 120,000,000 population, many indifferent fathers, casual parents. But, by the other count, we have millions of devoted, hard-working, good-providing fathers. No country affords fathers more self-sacrificing than America affords. Consider the American schools—maintained at enormous expense. For whom are the schools provided? Not for the parents, but the children. By whom are they provided? Not by the children, but the parents. Consider the automobile. Who buys it? Not the child, but the father. Who sweats to meet the installment payments on the household furniture, the home, the car, the radio—not the son, but the dad, good old dad. He may grumble, and righteously. He may go about in a semidaze, he may toss sleeplessly on the nocturnal hay, but dad does not flee the post of duty. He stays put and stands up against adversity, not for flattery of himself, but for the welfare of his family. A great and brave and unfailing institution—Dad.—State Press in Dallas News.

DATE FIXED

Oct. 1 is the date fixed for placing the Eagle's subscription list on a cash basis.

that kind of work will put over a great program for God. Will you help? If so, be at church Sunday morning and evening.

JUDGE LOGAN MARRIED

San Benito, Sept. 9.—Judge A. V. Logan, Cameron county commissioner of the San Benito precinct, and Mrs. Mary Griffin of Los Indios were married at 9 a. m. Sunday at the Logan home here, County Judge O. C. Dancy performing the ceremony.

Witnesses of the ceremony were Mr. and Mrs. Middleton, Mr. Sims, Mrs. Otis Adams and daughters and W. O. Washington, county engineer.

The bride is the widow of Levi Giffin, prominent Los Indios farmer, who died two years ago. Mrs. Logan has been dead about the same length of time.

Judge Logan has two children, Tom Logan of San Benito and Mrs. B. F. Newton of El Paso.

Judge Logan is now serving his fifth term as commissioner from the San Benito precinct. He came from the Valley in 1914 and before coming here was county judge of Mills county, Texas. After coming to the Valley he practiced law at San Benito.

The Griffins came to the Valley from Wyoming several years ago.—Special to The Brownsville Herald.

Judge Logan made his home in Mills county a number of years and was county judge here two terms. He is kindly remembered here by many friends.

GINNERS' REPORT

Mr. W. H. Oglesby, reporter in Mills county for the department of commerce, reports 327 bales of cotton of the 1929 crop, ginned in this county prior to Sept. 1, as compared with 218 bales ginned up to the same date last year.

ACCIDENT LEGISLATION

On August 14 a new automobile casualty insurance law went into effect in California, which seems to be an intelligent model for this sort of legislation. No motorist is compelled to carry insurance, but in case of an accident he must pay all damages and provide future insurance before he can drive again. This is not compulsory insurance in the Massachusetts sense. It places the expense and responsibility where it belongs—on drivers responsible for serious accidents. The careful driver has nothing to fear. The increasing toll of deaths and injuries caused by the automobile has made it apparent that steps must be taken to curb the irresponsible. Unconditional compulsory insurance has been found an impractical and expensive failure. Several states have passed acts similar to the California law. A fair liability law, coupled with rigid enforcement of adequate driving rules, should do much to prevent accidents and indemnify the injured. Reckless drivers are a menace to the public safety. But legislation which places a burden on the careful and competent is unfair and foredoomed to failure.

A mighty good plan is to have all metal flues examined before putting up the stove for winter. This will prevent many a fire scare and possibly heavy losses.

Austin Jones and family were here from Star last Saturday and he made the Eagle an appreciated call.

**Encourage Child Talent
— Advises Famous Singer**

EVELYN WILSON

Each bird on the wing has a love song to sing, just for you, — My Dear.

Evelyn Wilson Denies That Prodigies Are Unhappy

New York City.—"It is never too early to begin encouraging talented children," declares Evelyn Wilson, well-known singer and dancer. Miss Wilson scoffs at the theory that infant prodigies should be discouraged until they have enjoyed a "happy, normal childhood."
"I know that many modern child psychologists believe that children should be made to take an equal interest in everything, that their health and welfare are imperiled if they are permitted to begin developing natural talent in music or the arts at too early an age," she admits.
"Well, I hate to think of what my chance for a 'happy normal childhood' would have been if my

parents had accepted this theory. I know that I wanted to sing as soon as I began to make noises of any kind. Recognizing what talent I had, my mother and father encouraged it. At five, I appeared on the stage of a nickelodeon in Chicago. But I did not, despite the theorists, from that moment become a spoiled, precocious child.
"This childish glimpse of the use to which I could put my talent, this sight of the pleasures it might give others, was an inspiration for hard study.
"Talented children of today are fortunate in that modern American songs provide themes suitable for singers of all ages. There are plenty of gay, rollicksome songs that any parent would endorse wholeheartedly, for instance, 'My Dear,' a waltz ballad which is really good music with well written lyrics, yet very popular. The field of songs is now so broad that one can get a good song any day."

PAINFUL INDIGESTION

"I suffered from indigestion; everything I ate gave me heartburn," says Mrs. Mattie Mullins, of Pound, Va. "For months, I did not see a well day. I worried along, but never felt well."
"I got a package of Thedford's Black-Draught at the store and began taking it—a dose every night before going to bed. I had been having an awful pain. After I had taken Black-Draught, this pain entirely stopped. I began to gain weight, and rested well at night. In a few months I was feeling fine. My health was better than it had been in years."

"I keep Black-Draught in our home, and we all take it for constipation and upset stomach."

BROWNWOOD NEWS SOLD

The Brownwood Semi-Weekly News, with the publication of which the editor of the Eagle was connected a few years ago and in which Mr. W. C. Dew of this city was a stockholder, until the business was sold to Messrs Jackson & Jones of Coleman, has again changed hands, as announced in that paper last week. The announcement says:

"Sale of The Brownwood News by H. M. Jones, publisher, Brownwood, and H. H. Jackson, Coleman, president, to A. B. O'Flaherty, Cisco, former publisher of the Cisco American and the Cisco Daily News was announced by the contracting parties."

Mr. O'Flaherty, is to take charge of the editorial page and handle the business management of the paper on September 14. Mr. Jones is to retain part of the printing equipment and continue in the printing business in the same building. The paper is to remain a semi-weekly.

H. M. Jones and H. H. Jackson purchased the Brownwood News from Peck & Thompson some five year ago. The newspaper is almost forty years old, although it has not been known by its present title that length of time."

BACK TO SCHOOL

Schools already have opened in many rural districts. In the cities preparations are made for opening, and these usually include the assignment of teaching staffs so as to take care of additional teachers and additional schools arising from yearly expansions. Also this stage of preparation includes the annual "back to school" drive, which is intended to bring as large a proportion of eligibles as possible into attendance.

This annual drive is as nearly free of the ordinary color of civic boosting as anything may be. As a matter of fact, the more pupils attend a school in any district the poorer, financially, is that school district's condition. The state aid, which all schools receive, is based on the number of scholastics in the district, and is paid whether all or only a few scholastics actually appear as students, while each added student in a school necessitates more expense in operation. But, nevertheless, school officials and all others are found urging boys and girls to enter school, and urging parents to see that their children enter.

This is a highly satisfactory state of affairs. Our schools have established themselves as the foremost agency in helping shape character, citizenship and in stimulating and solidifying individual intelligence. The large sums of money which come out of the public purse for equipment and maintenance of schools are regretted by none. There is everywhere a desire to make such expenditure as large as the need may be. It is a healthy public attitude, and one which, constant as it is, appears unusually active at this time when the annual session of the schools is about to begin.—Fort Worth Star Telegram.

THE MISSING DRINKERS

I walk around the village streets, and meet the citizens in droves, and few of them buy liquid treat, and few chew lemon peel or say "Good day" they don't suggest the Demon rum or Barlecorn, in any way. I walk from Tripe Street down to Punk, then back to my own barn and byre, and do not meet a single drunk or anyone whose breath's afire. I'm always hearing horrid tales of boozing parties there and here, of men consuming gins and ales, and poison brands of needled beer. They tell me frightful anecdotes of children packing pocket flasks, of lovely dames who lose their goats by sipping rum from kegs and casks. They tell me drinking now is worse than in the days of licensed joints; and frantic people rave and curse the law that fails and disappoints. But as I take my daily stroll I meet a thousand sober wights; if people hit the flowing bowl, they're not among the public sights. I meet the working man on his way to dig a ditch of build a fence, and he is prosperous and gay, no drinks disturb his common sense. I see the tailor selling cloth, the druggist selling purple dye; they do not pause to blow froth from schooners fourteen inches high. I see all sorts of delegates, all busy on their divers chores, and not pursuing other skates within grogshop swinging doors. If there are children drinking booze, if there are male and female stews, they don't encounter me, I wot. I fail to shudder in my shoes when people tell their frightful tales how all the world is drinking booze and filling up the morgues and jails.—Walt Mason.

NOT SO WILD

Moving pictures and novels in the last few years have delighted in picturing modern college students as a gay, uproarious and somewhat self-indulgent crew. We have heard many wild tales of "petting," drinking and what-not on the campus.

Good Housekeeping magazine recently decided to investigate. It sent Rita S. Halle out to look into the matter at first hand. Miss Halle, having investigated thoroughly, reports as follows:

There is far less drinking in the colleges now than there was a decade ago. Not more than a tenth of 1 per cent of the co-eds of the country are guilty of improper conduct. All but an insignificant minority of students both men and women, are in college to study, and have neither time nor the inclination to dissipate.

You might bear that in mind the next time some one regales you with wild stories of flaming college youth. — Houston Press.

KILLED THREE WOLVES

Early Sunday morning Mr. Mark Fairman killed three grown wolves in Mrs. Chas. Rudd's pasture a few miles south of town. He had started to the W. D. Marshall ranch, in Neighbors Creek community, and soon after passing thru the gate into the Rudd pasture he spied the wolves and fortunately had his shotgun with him and was able to kill all of them. Not only was he fortunate in ridding the country of the predatory animals, but there is a bounty of \$50 each on their scalps, paid by the county and a like amount by the Sheep and Goat men, making a total of \$300 he receives for killing the three of them.

AUTO ACCIDENT LAW

There are objections to a general compulsory insurance law for automobiles. Yet the ever-increasing number of accidents in which people are killed or injured and much property destroyed increases the demand for protection against improvidence and driver. Under present lack of regulatory laws on this subject in the Southwest, one may have his car smashed without a possible chance of recovering damages even though he was entirely without fault. One may be injured or a member of the family killed without receiving a cent of compensation because the party at fault is without insurance and not responsible in any other way.

On September 1, in the State of New York, a new law covering this subject went into effect. It might be worth while copying by other States.

In the first place, every driver of a motor car is licensed. When a licensed driver is found guilty of reckless driving, he is required to give proof of his ability to satisfy any judgment that may be lodged against him up to \$10,000 and \$1,000 property damage. Failing to provide this, his license to drive is taken away from him and the registration of his car is cancelled. Under this statute if a motorist loses a civil suit growing out of an automobile accident, even though he has committed none of the violations enumerated, his license is suspended until he meets the judgment and gives proof thru a bond or cash or insurance policy, that he will be financially responsible for any future accident in which he may figure.—Farm and Ranch.

IODINE IN FRUIT

Science teaches that fruits and vegetables are essential to a diet that is to maintain health and normal well being. The idea of analyzing foods to determine their iodine content was instigated in Bamber County, S. C., and much interest has been aroused through the discovery that fruits and vegetables raised in that state contain enormously greater quantities of iodine than do those from northern and inland states.

Diseases due to lack of iodine are more or less prevalent in all parts of the United States north and west of South Carolina except for a narrow strip along the Atlantic coast. It has been estimated that 30 million people in the United States are today suffering from a deficiency of iodine.

SHARING THE SPOILS

Although women have had the ballot not quite a decade, they have made rapid strides in political office-holding, both elective and appointive. Their achievements in this direction are set forth in a survey prepared by the National League of Woman Voters. They have had two Governors and six Secretaries of State, but no woman yet has been chosen Lieutenant Governor or Attorney General.

The largest salary paid a woman officeholder is being received by Miss Annie Matthews, who is registrar of New York County. She receives \$14,000. Next to her comes Miss Genevieve Cline, judge of the United States Customs Court of Ohio, whose pay is \$10,000, but she has a life commission.

Thirteen women have sat in Congress and there are now 149 female members of State Legislatures. Several cities have women mayors, and women are to be found in many minor offices. They have begun to enter foreign service, five having completed State Department examinations. Three women are representing the Department of Commerce as trade commissioners in foreign lands. Many hold important Federal appointments in Washington.

Whether the fair sex are guided in their voting by standards and principles different from those that actuate men may be a debatable question, but in going after the spoils of politics they are showing an energy comparable to that of their brothers. — Charleston (W. Va.) Daily Mail.

Mrs. P. G. Palmer has been in Ranger this week, visiting her daughter, Mrs. Barney Carter, and family.

Walter Brown, who owns a farm north of the city, has sold his stock and leased his farm with the view of moving with his family to Houston, for school and other advantages. This good family has a great many friends here who regret the move but wish them the best of fortune.

S. P. Sullivan and wife and Mrs. Annie Little attended the funeral of Mr. Riley Trent in Sweetwater Monday. Mr. Trent was a brother of the late Major Trent and known to many of the old settlers in this section. He was a rancher and made his home at Eskota for many years and the town of Trent, on the T. & P. road was named in his honor. He was the last of five brothers and two sisters, who were all well known citizens of this section.

O. H. Yarborough and family visited in Copperas Cove last Sunday.

Harry Palmer and wife spent Sunday with relatives in Gatesville.

Unintentional Suicide
Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later disease will conquer their weakened bodies.
If you have dizzy spells, headaches, excited tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasant relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from

CITY ORDINANCE CHAPTER 66

An ordinance, to be a part of the code of ordinances of the city of Goldthwaite, Texas, prohibiting the playing of base ball, basket ball, and foot ball or any game played with a ball or other substance, and prohibiting the throwing of a ball or other substance, on or across any street or alley in the city of Goldthwaite, Texas, or onto or across any vacant lot, or public property in said city of Goldthwaite, Texas, without the consent of the person in charge or causing the same to be done; and providing a penalty for its violation.

Be it ordained by the City Council of the City of Goldthwaite, Texas,

Art. 1. That it shall be unlawful for any person or persons to play at any game of base ball, basket ball, foot ball, or any other game played with a ball or any other thing or substance, thrown into the air or rolled on the ground, on any street or alley in city of Goldthwaite, Texas, or to throw or pitch, directly or indirectly, any ball or stone or substance of any kind, across or onto any street or alley in said City of Goldthwaite, Texas, or cause the same to be done.

Art. 2. That it shall be unlawful for any person or persons to play base-ball, basket ball or football or any game played with a ball or any hard substance, or to throw or pitch a ball or substance onto or across any vacant lot in the City of Goldthwaite, Texas, or cause the same to be done, without the consent of the owner thereof or the person in charge.

Art. 3. That it shall be unlawful for any person or persons to play at any game played with a ball of any kind, or to thrown or pitch any ball or other hard substance onto or across the court house lawn or onto or across any church property, or other public property whatsoever in the city of Goldthwaite, Texas, without the consent or permission of the person or persons in charge.

Art. 4. Any person or ordinance, from Article 1 to 3 inclusive, shall be deemed guilty of a misdemeanor, and on conviction, shall be fined in any sum not less than \$1.00 nor more than \$25.00.

An imperative public necessity exists that the rule requiring ordinances to be read at three several meetings be suspended, and the same is hereby suspended, and this ordinance is passed to its third and last reading, and finally passed and adopted by unanimous vote of the City Council, on this the 19th day of September, A. D., 1929.

Passed September 19, A. D., 1929.

Approved September 19, A. D., 1929.

H. G. BODKIN, Mayor of the City of Goldthwaite, Texas.

F. P. BOWMAN, Secretary.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restlessness, itching of the nose and anus, and a general feeling of uneasiness. And, the same medicine that surely and harmlessly expels worms from children will do the same for adults. Hudson's Cream Vermifuge, which you can get at HUDSON BROS., Druggists

CURRENT SPLASHES FOR THE EAGLE

Much editorial comment on two billion and a half of American capital going abroad to engage in manufacturing.

This is something unusual and calls for both study and comment. Is the continuous demand of organized labor for higher and higher wages driving capital to cheaper labor? Would capital rather operate in a foreign country, transport its products to the United States, pay tariff and transportation charges than longer meet the demands of organized labor?

What effect will such operations have on our tariff system?

And again, we might ask, is organized labor about to kill the goose that has been laying the golden egg for it?

If American capital is really abroad in quest of cheaper labor, it is time organized labor was giving this question some thought.

Through a lawsuit filed by a gentleman by the name of Shearer, it seems the National administration is about to uncover something that will look almost as bad as the oil scandal. Let the good work go on. Turn the lights on the crooks and propogandists from every angle. Shearer seems to have been in the employ of certain ship building corporations, who, it appears, were interested in the defeat of the Coolidge naval reduction plans in 1927. The President seems to have the dope on this bunch or is in a fair way to get it.

From press reports it seems that Russia and China are going to pull off their war anyhow, regardless of the Kellogg Treaty. Experience is a dear teacher, but nations like individuals, is seems, will learn from no other.

Had you thought of it? Look the world over and see if any but the Christian nations have made any progress during the last one thousand years. There may have been some progress among some of the semi-barbarous nations but it seems to be those only who have been in touch with the Christian nations. Japan and China seem to be waking up but they were at a standstill for, possibly, a thousand years before the missionaries went to them.

If the nations in the late World War had spent the hundred billion dollars on highways that they spent killing each other what a wonderful world we would have, and

Mrs. G. B. Wallace was carried back to the hospital the latter part of the past week, she was at the home of her daughter, Mrs. A. B. Couch, in Brownwood, however, at last report she was improving.

Saturday night as Howard Wilson and Buster Kettle were returning from Brownwood a passing car crowded the Wilson car and caused it to turn over, bruising and injuring Mr. Wilson. One hand was badly injured according to the last report from the hospital in Brownwood, where he was rushed after the accident. Mr. Kettle was fortunate in not being hurt. It is hoped that Howard will be able to return home soon.

Most of the children were glad to be back in school for the term of 1929 and 1930. A few are returning reluctantly. To some it means the end of their high school days, while to others it is only the beginning on the long road of the education. The young boys and girls in our schools today who comprise the student body will be the men and women of tomorrow. Education is essential to every one in every walk of life and it is the duty of every boy and girl to equip themselves at least with a high school education.

TWO BILLION ROBBERY

A statistician for a large insurance company recently estimated that Americans lose at least \$2,000,000,000 a year through fraudulent investment schemes. Thousands of our citizens are defrauded of a life savings, because they fail to take the simplest precautions necessary to successful investing. The lure of tremendous returns and glittering prospects is an almost "sure" bait for many otherwise intelligent people. They succumb without resistance to the blandishments of the high pressure salesmen of questionable stocks.

There is but one safeguard against this—knowledge. Few people understand the ramifications of modern finance. The great body of investors must depend on advice. In America we have a great number of responsible bankers whose pleasure it is to discuss with investors securities. Investment keeps the wheels of modern industry in motion. But the intelligent citizen, investing money outside his own business buys on the advice of established brokers or bankers.

FOREIGN COTTON THREATENS SOUTH'S STAPLE CROP

"One American manufacturer uses 80 per cent Egyptian cotton because he cannot get as fine or as long cotton in this country. There is no blinking the facts as they exist. American cotton supremacy is not only threatened but is slowly being undermined," writes Arthur Coleman in the current issue of Holland's Magazine.

Amazing as it may sound to Southern people who look upon cotton, the bulwark of our very existence, as a matter of course and a never ending source of revenue, much of the cotton now grown is absolutely useless in the manufacture of anything made in this country except the shoddiest of material. Nearly fifteen per cent of the 1928 crop was untenderable on contract because of short staple, and more of this class is grown each year.

Mr. Coleman says, "For many years American short cotton has been shipped to Japan and Europe where it is used in the manufacture of underwear, blankets, cheap rope, twine and other commodities. In those countries it is forced to compete in price with cotton from China and India. Cotton grown with the cheapest of cheap native labor 'Coolie' cotton, it has come to be called. In order to compete with this cheap cotton, American cotton must be cheaper.

"Particularly it must be cheaper than Indian cotton, for India raises a short cotton that is the best for the uses to which it is put to be had. There are mills in America where domestic short cotton could not supplant Indian cotton if the American cotton was given away. India's cotton is stronger and better than American short cotton. China's cotton is better. This is not my opinion. It is a statement of a cotton goods manufacturer who operates one of the largest concerns of its kind in the country and whose product is nationally known as one of the best."

Mr. Coleman points out how and why short staple, untenderable cotton is becoming more popular with Southern farmers; how this affects the price of cotton; what this means to Southern business and many other facts which most Southerners who have seen cotton all their lives know little about.

CELEBRATED BIRTHDAY

A surprise birthday dinner was given Mrs. J. M. Boler, Sunday to celebrate her seventy-first birthday. The dinner was given at her home, 503 Fifth Street. Assembled were her children, grand children and one great-grand child, all of whom showered her with very dainty gifts. A large birthday cake with seventy-one tiny candles centered the dining table.

Those present besides Mr. and Mrs. Boler were: Mr. and Mrs. W. F. Swindle and daughters, Nina and Florene; Mr. and Mrs. Bernard Swindle and baby; Mr. and Mrs. Alvin Boler and children, John and Pat; Mr. and Mrs. Oscar Swindle and children, Nita V. Margorie and Boler; Mr. and Mrs. Howard Hamilton, Willie Maude, Edd and Jewell Frances Boler; Mr. and Mrs. A. K. Brannan and children, Marie and Wayland and J. Mark Boler of Bangs. — Brownwood Bulletin

The Boler family lived in this county, near Indian Gap, for a long time and still have many friends in that section as well as in this city and elsewhere.

MOTHER AND DAUGHTER BENEFITTED BY ORGATONE

"I Feel One Hundred Per Cent Better And My Daughter Feels Fine," Says Waco Mother

"Yes, I feel one hundred per cent better and I have only taken one bottle of Orgatone," said Mrs. Ysabel Ortez of 624 South First Street, Waco, Texas, while talking with the Orgatone representative regarding the merits of the medicine.

"I am more than glad to let other people know of the benefits I have derived from Orgatone," she continued. "I was in a general run-down condition, and had indigestion so bad at times my whole body would ache, and I would have sharp, severe pains in the small of my back. I had to watch my food, and eat only the lightest of foods, and then it would disagree with me. I was nervous and restless and had gas on my stomach and bloating spells. I was going down hill rapidly and got to where I wasn't able to do my own house work.

"My daughter was in a run down condition and needed a good building up. We heard so much about Orgatone, and decided to try it. We both feel fine now, and I'm not bothered with indigestion, as I was, and eat just anything I care to. I am very much stronger now, and can do all of my own house work. I feel fine over the wonderful results I have obtained. I have tried many different kinds of medicines and treatments, and none did me any good until I got hold of Orgatone. Orgatone has done so much for my daughter and myself, I am telling all my friends about it, and hope that other people will profit by my experience."

Genuine Orgatone may be bought in Goldthwaite at Hudson Bros. Drug Store.

FARM HOMES

Attractive farm homes spell good rural citizenship, and that sort of citizenship spells thrift and contentment. Farmers used to take pride in their home surroundings. It used to be a reflection on a farmer's culture for his domicile and dooryard to look sloppy and forlorn. Can it be possible that one reason why boys and girls are leaving the farm because they have absorbed the notion that a pretty home is impossible in the country? Youth responds as much to beauty as to money, and all the young who leave the farms are not enticed by the hope of increasing prosperity. Many are urged not only by the wish to have a better fortune, but better home conditions. Perhaps the lack of money accounts for many of the run-down farmsteads one sees. But lack of care and attention accounts for some of it. Travel up and down any cottage-lined city street on a summer afternoon before dusk and you will observe the home owners sprinkling grass and cultivating their lawns, moving their shrubs and flowers. They work at the business of improving their homes, and if they did not work at it themselves they wouldn't have the improvements, for hired labor costs more money in town than in the country. All this means that attractive homes may be had in the farming regions as well as in the suburban precincts if reasonable industry is applied. A neatly tended farm home looks more restful to the traveler than a town home of the same value. Any home that looks like it shelters people who care, people who give tone to the community, attracts other people of similar type. It does. —State Press in Dallas News.

WEAK SPELLS

"I was so weak," says Mrs. Josephine Cockcroft, of Baldock, S. C., "that I was not able to do anything."

"At certain times, I suffered dreadfully with pains in my back and sides. My head would hurt —felt like it would split open. Spells of weakness would last for weeks."

"I read of Cardui. I sent for a bottle and began taking it. My case was stubborn, and at times I almost lost hope, but I could see a little improvement. At last I began to feel much better. Then I improved rapidly. For the last year I have been in better health than I ever have been before."

"I give the credit to Cardui, for after I had given it a thorough trial, I got well."

Drive a Chevrolet Six!

—so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

—so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

—so Durable and Dependable!

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

RETURNS ON HENS

A return in one month of 27 cents per hen from 51 hens properly fed and cared for has been obtained by Mrs. Bennie Kidd, owner of one of the nine Fisher county home demonstration poultry flocks. A neighbor received but eight cents per hen from a flock of 50 that gets no food except that around the stacks. Mrs. Kidd's hens laid an average of more than 16 eggs, while the other flock laid half that number. A net profit above feed cost of more than 30 cents per hen was made by another poultry demonstrator, Mrs. Muriel Cunningham, who has a flock of 166 birds.

Jazz Is Chief Export Of American Business

LEO FEIST

Leo Feist Finds World Listening to Tunes of U. S. A.

New York City.—For the first time in history an international music exists. America is the manufacturer of this music, and it is our greatest commercial commodity. So says Leo Feist, head of the largest music publishing company in the world, and he backs his statement up with facts. "To speak in business terms, there is no other commodity of American manufacturers that reaches such far corners of the world," he points out. "Modern

American music, put up in records, is used for barter among African tribes in the French Sudan. The Dutch have introduced it in the far Ball Islands of the Dutch East Indies. The Esquimaux in Greenland treasure American records. They call them "canned white man." You'll find American records being played in the jungles of South America. "Even Japan and China, though both countries possess an entirely different national musical ear from America, import our music. "This wide distribution of American music has changed the whole music map of the world. Many countries have played each other's music, but never before have we all played one type of music. Today the whole world plays modern American jazz."
