RURAL SCHOOL AID LAW DECREED UNCONSTITUTIONAL

Restoration Necessary to Restore Law

The rural school aid law has been declared unconstitutional by the Supreme Court. The law was passed by the legislature in 1927 and has been in effect since that time. It provided for the payment of salaries to rural school teachers and for the purchase of textbooks and other supplies. The law was challenged by the State Board of Education, which claimed that it was unconstitutional because it violated the equal protection clause of the Fourteenth Amendment. The Supreme Court, in a decision handed down last week, agreed with the board and declared the law unconstitutional. The board has now filed a petition with the state court to have the law restored to its former status. It is believed that the law will be restored within a few days.

Special

Texas, Jan. 27—The state board of education has announced that it will take steps to correct the situation in the rural aid law. The board has decided to distribute \$100,000 to the weaker schools to help them meet their needs. The board also has decided to hold a conference with the state board of education to discuss the situation. The board has also decided to hold a conference with the state board of education to discuss the situation. Mohair Marketing Association

All wool and mohair growers should consider thoroughly the marketing association now being set up in co-operation with the Federal Farm Board. Co-operative marketing backed by the Farm Board, now has greater possibilities than heretofore. Now the Farm Board will strive to get for the grower a price for wool and mohair equal to the foreign market, plus the tariff. Heretofore, the grower has received a sum about equal to the foreign price and the middlemen have appropriated the tariff.

GOOD LOCAL LETTERS BY GOOD WRITERS

CENTER POINT

There were several out for Sunday school Sunday. Perhaps everyone will go when the weather gets warmer. Remember Rev. J. W. Benningfield will fill his appointment Sunday and singing—Sunday afternoon. Mrs. Joe Conner and daughters, Thelma and Vera, Mildred Spinks, Mrs. R. V. Leverett, Rosa Spinks, Eva and Mary Fallon and Bill Toliver were visitors at school Friday afternoon. The school girls came home from town Thursday afternoon as they finished their mid-term examinations that day. Miss Bill Toliver from Stephenville visited Miss Mary Fallon a part of last week. Mr. Manford Anderson and family attended church at Mullin Saturday and Sunday. Miss Leona Newman spent Friday night with Mrs. Henry Simpson. Mrs. Lizzie White and son, Alton Rannels and family and Nona Vee Rannels of Burnett visited friends and relatives here Saturday night and Sunday. Mrs. Ruth Lawson of Brownwood visited her mother, Mrs. Edith McWhorter, the past week-end. Ray Hammond and family, Rube and Dee Hammond, Amos Shelton and wife spent the day Sunday with Mrs. Kate Shelton and children. Ray Davis and family of Big Valley spent Sunday with Joe Spinks and family. Mr. and Mrs. Eddy Bryan visited Mr. and Mrs. Ed Davis Sunday. C. H. Ford and wife from Goldthwaite took dinner with Besse and Otis Hutchings Sunday. Circle of Rock Springs sawed wood for John Edlin and Otis Hutchings Tuesday and Wednesday. Johnnie Taylor helped Craig (Continued on Page 4)

MIDWAY

We can still report cold weather in our part of the country. Mr. Henry is not doing as well as he could at present. Mrs. Beard has been sick this week. Will Denton is on the sick list this time. Very few were at Sunday school Sunday, so we hurried with our discussion and everybody went to North Bennett to church. Services at Bethel were enjoyed by the people of our community. Some of the Midway young people went to a party at Tom Head's Friday night. Singing was not well attended Sunday night. Ollie Mae Featherston surprised homefolks with a visit over the week-end. There will be a box supper at Bethel Friday night week. We are all expecting to go. Bernice Wicker has returned from a Brownwood hospital, where he underwent an operation, greatly improved. Homer Denman, who did the same thing, was expected home the first of the week, but the cold weather prevented him coming. Last Friday afternoon Midway ball team went to Lake Merritt and enjoyed an interesting ball game, coming home as champions. Several of the people from here went to the Zander-Gump Wedding at Goldthwaite Friday night and reported fine entertainment.

BIG VALLEY

Winter has relaxed his grip sufficient for me to be warm enough to tell you that—Uncle Billie Oglesby has returned from a visit to relatives in Ballinger. Norma Lee Robertson and Evelyn Nelson were at home yesterday from S. W. U. at Georgetown. I number of our good people attend service at China Creek San Saba county Sunday. Ruth Golding and Pattie Cockrell of the Bethel school were in the Valley Sunday. Clell Reed dined with Hoyt Cockrell Sunday. Mrs. F. L. Hartman stayed away from Sunday school and served dinner to Alvin and Harry Oglesby and families, Dee Hartman and family. I was not invited but am sure it was a pleasant occasion. There was a party at G. A. Knowles' last week. Norma Lee Webb visited her grandmother, Mrs. Hartman, Sunday. Uncle Billie Oglesby ate dinner with B. J. Ship Sunday. Mr. and Mrs. Shepard gave the young folks a party Friday night. Bedford Renfro is moving to his farm in Lower Valley. We are sorry he is leaving us. A telephone meeting was called Tuesday at the Oglesby filling station, to discuss matters pertaining to the service. Some day spring and sunshine will come, birds will sing and we will forget the cold bad days. FARMER.

METHODIST CHURCH

Song Scene Sunday Night Our attendance at our Mission study classes has been very good in spite of the sickness that prevails. We are grateful to God and to the loyal ones for their faithfulness. Our Wednesday night service and choir practice was good. The attendance characteristic of our good folks. But watch us grow as the weather releases it's "grippe." We are proud of our Sunday school and force of workers. They seem to appreciate and love their great task. The Sunday school will open at 9:45. Preaching at 10:50 and 7:00 o'clock. Hi-League at 1:30 Junior League at 10:50 in the church basement. Senior League will give its program to the study of the special Mission study book, "The Church and the World Parish." All the class in this study are to meet at 6:00 o'clock. The lesson being our work in Europe and Africa. Program for morning hour. Prelude. Love Divine.—No. 22. Apostles' Creed. Prayer. I am Coming Lord—No. 86. Psalm. New Testament Reading. Announcements and Offertory. Special song.—Lead Kindly Light—Miss Myrna Miller and Mrs. S. P. Sullivan. Sermon. Holy Communion.—Singing Majestic Sweetness, No. 95. At the evening worship the male quartet consisting of W. D. Clements, C. E. Bayley, W. C. Frazier and Claude Dickerson will sing two numbers, "The Sinner and the Song" and "Sweeter as the years go by." We will also at this hour have three hymns thrown on the screen as we sing them. "I Gave My Life for Thee" scene Christ on the Cross. My Jesus I Love Thee, scene, Throned Christ. Nearer My God to Thee, scene, Jacob at Bethel. You are invited to come to these services. S. D. LAMBERT.

BAPTIST CHURCH

By the time you will have read these notes, January will have come and gone. The weather conditions, as you know, have not been very favorable during January, but our church services have held up remarkably well—175 were in Sunday school last Sunday, and a splendid congregation at the morning service. Not so good Sunday night, but taking everything into consideration, all of our services during last month have gone far beyond our expectations. Just remember that the bitter always comes before the sweet. Weather conditions will improve, our health will improve and we will be back to our standard, in just a few more Sundays.

On last Friday we buried Mr. W. M. Taylor, one of the former citizens of Mills county. He was a man of untold value to his community and many of us imbibed his traits of character and let our lives be more useful, because of having known Brother Taylor.

While writing these notes word comes from the hospitals that W. B. Jackson is not expected to live, and that W. K. Marshall is not in any immediate danger, yet he is not improving as rapidly as we had hoped for. These two men are among the outstanding citizens of our county, and both are loved by all who know them. To verify the above statement, dozens of people from all parts of the county have called this preacher asking him to keep them informed as to their condition. We are always glad to answer any inquiry about any of our people who may be ill. The praying people of our city are constantly praying for all of these who are ill, and may the Lord hear, and if it be His will, answer their prayers.

THE GOLDTHWAITE EAGLE

Phone us your order for Bill's famous Brick Chili—Bill's Cafe.

Better get your highway license tag or your car before Feb. 1, otherwise it may cost more.

W. H. Thompson and wife of Brownwood spent Saturday night and Sunday with relatives in this city.

G. D. Byrd, one of the popular citizens of Center City, was an appreciated caller at the Eagle office Saturday.

C. L. Swanger has returned to his home at Tulsa, Okla., after a visit to his brother, Dr. R. A. Swanger, in this city.

J. G. Jones, one of the Eagle's good and appreciated friends of Center City, transacted business in the metropolis Saturday.

If you want used furniture, see Cryer, west side of square. He has bargains. 10-11-1f

Your poll tax receipt will not entitle you to vote in any of the elections this year, unless it is dated prior to February first.

D. D. Henry, one of the pleasant and popular young men of the Star section, looked after business in the big town Saturday.

Be sure to call for Bill's famous Brick Chili. The only original. Bill's Cafe.

O. C. Schultze was here from Zephyr country Saturday and reported that the cold weather had badly damaged his small grain crop.

Dr. Baker, the Dentist, will be in his Goldthwaite office every Wednesday and Saturday, rain or shine, hot or cold.

Cryer has bargains in all kinds of used furniture, west side of square. 10-11-1f

Eark McCasland was in town Saturday and his face still bore evidence of the injury received when he fell on the ice last week. The hurt was quite painful, but nothing permanent.

Dr. Baker, the Dentist, will be in his Goldthwaite office every Wednesday and Saturday, rain or shine, hot or cold.

J. D. Ryan, one of the county's best men, was in from the Chappel Hill community Saturday and reported that the cold weather had kept him housed up for several weeks, but he was looking and feeling well.

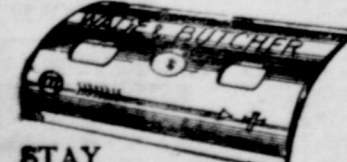

These cold days, nothing tastes better than Hot Chili—Bill's Cafe. One pound bricks.

T. E. Hamilton, the Star banker was here Saturday to have his shoulder set, having dislocated it by a fall on the ice in his home town. The injury was quite painful, but he was in his usual jolly mood and did not complain.

Dr. Baker, the Dentist, will be in his Goldthwaite office every Wednesday and Saturday, rain or shine, hot or cold.

Mrs. J. M. Geeslin of Center City returned a few days ago from a visit to her daughter, Miss Varnell, who is a student in John Tarleton college at Stephenville. The young lady is making fine progress in her studies and has been chosen as a member of the Jolie Glee Club which is soon to begin a tour of the state.

MR. COBB'S LETTER

Boom! Hurrah! Attention! Present Arms! I hardly know what else to say and how to say it. The old Eagle swooped down on me like the visit of an old friend, and sure enough there was my letter followed by that complimentary compliment of Brother Bob, which almost turned my head and had I not known him so well, it would have been hard for me to retain my equilibrium sufficiently to balance back to normal, but here I am. How can I help it? Who's to blame but Brother Bob? Do you suppose I could stand that send off and not say something in return? If it wasn't so cold and sloppy I might have excused myself for a later date.

Enough of this ego or igo to say something along another line. That pretty spring-like weather I spoke of in my last letter, got a slap in the face by the coldest spell and the most ice in 30 years, convincing us that weather as well as people do change, from bad to worse. While broad acres of vegetables, so common here at this time of year, is frozen and perhaps a total loss, the papers stated this a.m., the fruit on trees in the valley will retain its market value, unless a colder spell should come this way. Those who lost their vegetables have plenty of time to plant over and still give the people something to eat. This is a wonderful world that the Father of light and all that's good gives us, as we go this way but once.

Both the winds and the waves our Commander controls. Nothing can baffle His skill. And His voice the thundering hurricane roars,

Can make the loud tempest be still.

Then let the hurricane roar, It will the sooner be o'er.

We'll weather the blast and land at last,

Safe, safe, on the evergreen shore.

Let the high heaving billows and mountainous wave, Fearfully overhead break

There's one by our side who can comfort and save,

There's one who will never forsake.

The howling winds and drifting clouds can't always hide the silver linings which sooner or later will fringe the awful storm clouds, making way for the lovely rays of sunshine to call the sleeping vegetation to life again and we'll be gliding down the pathway of time with roses and other beautiful flowers on every hand, with now and then a hand of greeting from some new-made friend, with words of cheer to let us know we are not altogether strangers in a strange land. Hurrah for that! If you don't think it passable cut it out and let up on your criticisms. I hear the shrill whistle of the ambulance of one of our undertakers, which may be announcing another collision or ear wreck of some kind, or perhaps a death call, as people here leave these mundane shores quite frequently.

Just read our morning paper announcing a nightmare of some other kind of a critter entering the home of James Ferguson, jerked him out of bed, smashing his collar bone, disabling him from manual labor, etc. Such is life. All the crooked places haven't yet been straightened out nor made smooth. About the time Jimmie's mare was cutting her capers your scribe took a dream walk out on the highway in company with another fellow of equal noodle capacity and the first thing we knew we were going down a wash-out in the road where some kind of a vehicle had passed and the further we went the worse it got until we could proceed no further, and as I suggested retracing our steps I looked up and to my surprise the washout was at least 60 feet deep and liable to close in on us at any minute, when one of them kind of mares got me and I presume I will never know how I got out, but I am here today without any broken bones and if I had to be hung or tell what became of my friend who was with me I would have to hang. I lost two or three hours sleep over the

affair and would give a dollar to see that road just as it appeared to me in my sleep if I could, without that thing they call a nightmare. I get this consolation out of this little experience; I had my mare the same night an ex-Governor had his and I am wondering if all the big men in Texas had similar trouble that night. Will this sound any worse in print than many other items we have been furnished with since last we met? It's up to you, Bro. Bob, to say whether or not it's a go.

I sympathize with Brother J. A. Childers in the loss of his good wife. May the Good Lord be his stay and support as he journeys toward the end which according to the allotted time of man, can't be very far in the distant.

It is my desire in concluding this rambling letter to express my sincere wishes to all who read, for a successful, happy New Year. I think I am fair and honest in saying, I hold no malice toward any living soul.

Very truly, H. C. COBB.

GOVERNOR IS RIGHT

To deter people from committing crimes, certainty of suitable punishment is more effective than all the moral and psychopathic treatment that penologists can prescribe. The belief of Governor Theodore Christianson of Minnesota, for example, the so-called potential criminal element could be rid of the idea that escape from punishment was 90 per cent certain through pardon, parole and legal red tape generally, it is safe to say that a 75 per cent reduction in crime would be noticeable almost over night. As long as laws are not enforced and punishment is considered only as a hazy probability, crime will continue to flourish as one of the biggest industries in the country today, costing legitimate business and law-abiding individuals millions of dollars annually, to say nothing of a countless number of human lives. And the best remedy that many law-makers can suggest is "more laws" for the criminals to "obey." What a joke! They merely restrict law-abiding citizens.

MAGIC OF PAYROLLS

This is an expression of magical power and a favorite slogan for a newspaper on which to build a city. The expression means a great deal for the community when coupled with the aspiration to be a home newspaper. How can a citizen or even a modest local newspaper do more than to aspire to this ideal on which to build the community? It means a great deal to help build a city on payroll or industrial lines. A regular weekly salary brings cheer and stability to the family and the individual drawing it regularly. Nothing brings that little touch of pride to man, woman or young person that goes with the regular pay check. This newspaper desires to help build the community on these lines of consistent encouragement of payrolls. What gives a greater sense of pleasure to a city and its population than consistent encouragement of payrolls?

NOTICE TO CREDITORS

The State of Texas, County of Mills. To those indebted to, or holding claims against the estate of Mrs. Lorena Langford, deceased, the undersigned having been duly appointed temporary administrator of the estate of Mrs. Lorena Langford, deceased, late of Mills County, Texas, by the Honorable L. E. Patterson, Judge of the County Court of said County, on the 9th day of January, A. D., 1930 during a regular term thereof, hereby notifies all persons indebted to the said estate to come forward and make settlement, and those having claims against the said estate to present them to him, or his attorney, E. B. Anderson, at Goldthwaite, Texas, within the time prescribed by law, this the 11th day of January, A. D. 1930. A. G. LANGFORD, Administrator of the estate of Mrs. Lorena Langford deceased.

CITY ORDINANCE CHAPTER 65

An ordinance to be a part of the code of ordinances of the city of Goldthwaite, Texas, prohibiting running water on the streets and alleys of said city, obstructing streets, drains and ditches, obstructing side walks, and providing a penalty.

Be it ordained by the city council of the city of Goldthwaite, Texas:—

Sec. 1. It shall be unlawful for any person or persons to pour or drain any water or other liquid substance of any kind whatever, in or upon any alley or street of the City of Goldthwaite, Texas, or permit the same to be done off their premises.

Sec. 2. It shall be unlawful for any person or persons to deposit any substance of any kind on the streets or alleys of the City of Goldthwaite, Texas, that will or does create any mud, guano, slime or filth of any kind.

Sec. 3. It shall be unlawful for any person or persons to keep or operate on their premises, or premises over which they have control in the city of Goldthwaite, Texas, any wash-racks, wash-stands, or platforms for washing automobiles or motor vehicles, where the water used therefor shall or does run upon or into any of the streets or alleys of the city of Goldthwaite, Texas.

Sec. 4. It shall be unlawful for any person or persons to throw, pump or drain any water, slop or liquid substance of any kind from any cess-pool, septic-tank, commode, drain-tank or sink upon the streets or alleys of the city of Goldthwaite, or release said water or substance where it can or will flow upon said streets or alleys, or permit the same to be done.

Sec. 5. It shall be unlawful for any person or persons to cause any water or liquid substance to flow over, upon, or in front of the property or premises of another in such a manner as to become a nuisance.

Sec. 6. It shall be unlawful for any person or persons to stop or obstruct any drain, ditch, or gutter on the streets or alleys of the city of Goldthwaite, or in any way to prevent the free flow of natural drainage thereon, and the street committee is authorized to immediately remove any such obstructions.

Sec. 7. It shall be unlawful any person or persons to drive or leave any cars or motor vehicles upon any of the sidewalks in the city of Goldthwaite, Texas in such a manner as to obstruct the same.

Sec. 8. Each day that any of the above provisions from Sec. 1 to 7 inclusive are violated, shall be deemed a separate and distinct offense.

Sec. 9. Any person violating any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor, and on conviction shall be punished by fine of not less than \$1.00 and not more than \$25.00.

It appearing that an imperative public necessity exists that a law be passed, prohibiting the offenses herein prescribed, and that the rule requiring ordinances to be read at three separate meetings should be suspended, the same is on motion by unanimous vote, suspended, and this ordinance passed to third and last reading, and passed by unanimous vote of the city council, all present and voting.

Approved this Jan. 7th, 1930. (Seal) H. G. BODKIN, Mayor. Attest: F. P. BOWMAN, Secretary.

WATCH THE DATES

Every Eagle subscriber's expiration date is printed on the paper opposite the name of the person addressed and every subscriber can know at any time just how the record shows at this office. The pay in advance rule is being enforced as nearly as possible, while some dates have been allowed to lapse, where the publisher has a reason to believe the paper is desired by the subscriber and the account will be paid. A few have complained that their names have been dropped without notice, which is a true statement, yet it has been the experience of the Eagle management that subscription statements result in a loss of postage. However, a plan has been evolved to make the notice clear and without expense. An X will be marked on the paper opposite the subscription date and the subscriber will then know that a renewal is requested. The Eagle management appreciates the patronage of the subscribers and trusts they will all renew, without the necessity of dropping a name from the list, but if they do not desire the paper continued to their address, the management has no desire to force their patronage.

Advertisement for Penetrative Lubricity MEANS 1. Freedom from Friction. 2. A "Carry-Over" Film by Metal Penetration. TO lubricate, an oil must decrease friction between metal surfaces. A motor oil does this by separating the metal surfaces, and theoretically keeping them separated under all operating conditions. It may amaze you to know that many oils frequently fail to do this. Think how this "separation" of moving parts is accomplished. The oil forms a wall or "film" between opposing surfaces... and it is upon this film that the reputation of every oil must rest. The film is thin, of course, for it must ride in the tight crevices of bearings, cylinder-walls, etc. But it must also be of extraordinary strength... it must cling tenaciously... or the pressure of your motor will squeeze and hurl it from the vital points that must be kept separated. Penetrative Lubricity... The New Gauge of Motor Oil Merit Penetrative Lubricity is the outstanding characteristic of the new Conoco Germ-Processed Motor Oils. This characteristic is the direct result of Germ-Processing. You must know this story of Germ-Process. Briefly, it is the patented result of 16 years' experimentation by the British scientists, Wells and Southcombe. Back in 1914, when everything of fundamental importance was known about the refining of mineral oils... these two scientists foresaw that additional improvements must be made, in order to keep lubricants abreast of the future development of the "gasoline buggy." They knew that animal and vegetable oils were "oilier" than mineral oils could ever be, but were impractical for use in internal combustion motors which operated at high temperatures. Finally the Germ-Essence, containing "oil" property lacking in mineral oils, was isolated. And a method was devised for combining this essence with highly refined mineral oils. Only Conoco Oils Are Germ-Processed... This Gives Them Penetrative Lubricity Continental Oil Company now owns the exclusive right to Germ-Processing for North America. Only with these new oils can you secure a fracture-proof film which penetrates the metal surfaces of your motor. What does this mean? It means that all important film no longer may be squeezed and squeezed from moving parts. The Germ-Essence carries the oil into every crevice... into the very metal itself. There it clings—clings when the heat of speeds seeks to scorch and drive it away. It clings, too, when you stop your motor. This is most important... for the oils you now using drain away as the motor stops. require 5 to 15 minutes to resume their protective film when you next treat on the starter. Why 40% to 60% of your motor wear occurs in those first minutes of operation. Save your motor by the use of this new Introduce it to Conoco Germ-Processed today at the sign of the Red Triangle.

GILL-McNUTT WEDDING

Of course when Miss May McNutt was ready to marry she was supposed to want me to tie the knot or knots and pronounce her a wife, for she was reared in our community and when a small girl we could occasionally prevail on her to spend several days and nights at a time in our home. I tell her jokingly that one reason she married so well is because Mrs. Hays and I helped to rear her. Miss May is an admirable daughter of Mr. and Mrs. Edgar McNutt, now of Rock Springs community. Mr. Glenn Gill of near Santa Anna motored to our home Sunday with Miss May and they were married at two p. m.

Some of our boys, while in Howard Payne college, formed acquaintance with Mr. Gill during his senior year there, where he taught some classes in the academic department and later taught in Brownwood high school. Our boys esteem Mr. Gill highly, as a clean, high-minded, worthy Christian gentleman and what they say must go.

He is also said to be a dependable, helpful deacon in his home church, the rather young for such responsibilities. At present, with his father and brother, he operates large live stock interests and farms in Coleman county, where the young couple are to make their future home.

After the wedding, as a bridal tour, they turned toward south Texas, but refused to state where, when or how long. Blessings on them, wherever they go and blessings on all their kind. L. L. HAYS.

FEEDSTUFFS YEARS ARE PROSPEROUS

It has been the history of the Southwest that the years when an abundance of feedstuffs has been produced there is above the average prosperity. There is a good season in the ground in nearly all sections of this great area. There is plenty of moisture in practically all of Oklahoma, Arkansas, Louisiana and Texas. In many sections, of course, fall grains have been killed, but it would be folly to put this land all in cotton. There are various kinds of feedstuffs that should take the place of killed fall grain. Cotton is not the only substitute by a long way.

The new interest in livestock on the farms is going to require more feed if these animals make a profit. An abundance of feedstuffs encourages liberal feeding, and this is what produces growth and weight gains. Dairy farmers, especially should be prepared to supplement their pastures by liberal feeding during July and August, should their pastures become burned and dry.

If the farmers of the Southwest will plant liberally of feed stuffs, planting cotton only in such soil as gives promise of making a good yield, they need not fear the approach of next winter. Now is the time to make your plans. Time is becoming more and more an important factor. —Farm and Branch.

Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borozone, to kill the germs, and then dust it with Borozone Powder, to hasten the healing. Liquid Borozone costs 30 cents, 60 cents, \$1.20 and \$1.50; Borozone Powder, 30 cents and 60 cents, and can be had at

OUR CANDIDATES

The campaign has grown older since last issue of this paper, but very little more interest has been manifested. A few more candidates have announced their desire to serve the people and there has been more or less "still hunting" by those who expect to fill the offices the next two years. However, this may all change before the end of the campaign and even the coming of clear weather may bring about some more interest in the local campaign.

A. T. PRIBBLE

No county in Texas has a more faithful county attorney than has Mills county, and certainly no county attorney in Texas is more conversant with his official duties or can give a better account of his official conduct than can Mr. Pribble, who has given a good many years to the service of the people in this capacity. He has spent most of his life in Mills county and is known to everybody and all have perfect confidence in his integrity and fidelity of purpose. His knowledge of the conditions and people here makes his assistance to the district attorney and the court of inestimable benefit. They know he is honorable, fair, conscientious and

therefore, they can depend upon him under all conditions. The records of the courts wherein he represents the state will show that he has taken care of his part of the business exceptionally well. In fact we are glad to know he offers his services for another term in the county attorney's office.

W. L. BURKS

The friends of W. L. Burks are glad to know he has decided to offer his services to the public as a candidate for Tax Assessor. He is one of the best known men in the county and no man holds a higher place in the estimation of the public as an honorable, fairminded official. He has served several terms as public weigher at Goldthwaite and those who have had business with his office fully realize that he is actuated by high principle and a desire to do right at all times. His dealings with the public have proven to everybody that he is a safe man under all circumstances while his long residence in the county and his extensive acquaintance with the people help to fit him to discharge the duties of the office to which he aspires. His time and means have always been at the disposal of those who needed his help and he is popular in all parts of the county.

Mrs. Vinnie McDonnald has returned to her home in Independence, Kas., after a visit to her brother, F. D. Webb, and family in this city. She thought it very cold here, but when she reached home she found real winter.

ASSOCIATION FORMED

A local organization of Wool and Mohair association was formed Saturday, Jan. 25th, at 10 a. m., with a large representative gathering of sheep and goat men present from all parts of the county. The meeting was called to order by W. P. Weaver, county agent, stating the reason for meeting, then the meeting was turned over to R. F. McDermott, secretary of Farm Bureau, who introduced the speakers of the day, who were Roy J. Davenport, president of the American Wool and Mohair Producers Co-operative Association, who outlined the causes for the present organization and the necessary steps to make it a success. He in turn was followed by F. O. Laundrum, director of the Association and member of the Advisory Committee of the Wool and Mohair Association. Mr. Laundrum made the matter clear as to how to secure the pre-shearing advance and also answered questions. Oscar Calaway of Comanche also gave an interesting talk and brought out the thought clearly that the wool and mohair growers must have relief and have it at once.

Then followed the signing of the co-operative agreement and the following have signed to date—J. D. Bryan, J. F. Burdette, T. H. Peek, A. Wagner, C. J. Crawford, C. C. Smith, L. L. Hays, Geo. M. Fletcher, T. H. Rahl, A. W. Savoy, W. C. G. Chambers, Jno. Geddes, T. S. Gerald, Rex Mahan, R. F. McDermott. These men were duly qualified voters and the following officers were elected, Geo. M. Fletcher, president; R. F. McDermott, secretary.

It was voted to nominate Oscar Calaway as director from the district composed of Mills, Lampasas, Comanche and San Saba counties, he to be the director on the Federal board.

Upon motion and second we meet next Saturday at 2 p. m. for the purpose of completing the organization and to attend to such other business as may properly come before the meeting.

R. F. McDERMOTT, Secretary.

CARD OF THANKS

To the many friends in Brownwood, Goldthwaite and Mills county who gave assistance and condolence at the time of the death of our dear father, Mr. W. M. Taylor, as well as during his illness, we desire to express our heartfelt thanks. We are also grateful for the flowers and the many courtesies to us and to his memory. May our Heavenly Father reward them all. HIS CHILDREN.

Everett Chambers Dead

Mr. E. E. Chambers died in the sanitarium in Santa Anna Tuesday afternoon, after a short illness which culminated in pneumonia. While he had not been strong for some time, his immediate illness was not thought serious until pneumonia developed. Mr. Chambers was a resident of Goldthwaite for several years and made many friends here. He was married in this city to Miss Ruth Ford, daughter of Mr. and Mrs. C. H. Ford, and she and three children survive him. At the time of his death and for several years previous he had been engaged in the variety store business in Santa Anna, where he had prospered. He was a likeable, popular man and the news of his death was received with sorrow by all who knew him. His remains were interred in the cemetery at Santa Anna Wednesday afternoon.

Zander-Gump Wedding

The comedy entertainment presented at the High school auditorium last Friday night, entitled the Zander-Gump wedding and making representation of a large number of the characters in the "funny" papers, was all that could have been desired. The house was well filled and the audience thoroughly enjoyed every part of the performance. The characters were well chosen and each carried thru their part admirably. The attendance and receipts must have been decidedly pleasing to the Athletic association of the school, under whose auspices the play was staged. The universal expression was that the entertainment was well worth the money.

NEW CAFE

I have opened a New Cafe in the building joining Kelly's meat market and solicit a share of the public patronage. My place will at all times be kept neat and clean and supplied with the best market affords. A nice place for ladies as well as gentlemen.

MULLIN NEWS

NEWS NOTES CLIPPED FROM THE MULLIN ENTERPRISE

DEMOCRACY OF THE BAPTIST CHURCH

I love and cherish with fondest memories the primitive democracy of the Missionary Baptist church. Her unbroken chain of martyrdom bloodshed, through which our name can be traced back to the cross of Calvary in defense of the blood bought liberties, and victory given us through Jesus Christ, our Lord. We are no longer the slaves in Egypt under task masters, and bosses. I love the primitive democracy of the church. If there are any folks in this world that should feel free and at liberty to worship God in the way their conscience dictates, it is the saved folks and I have always tried to enjoy that blood bought liberty, and never allow anyone to dictate my policies.

I have always been a supporter of our great state and Southern Baptist convention system. God be praised for the millions of souls saved under that system for the sending out of missionaries into every heathen land under heaven, the establishing of churches and schools in every nation on the earth and for all our great leaders. I am for the system, and for all the worthy objects fostered by the system. But listen to me Baptist folks, I am positively not in favor of surrendering this democracy to any man or set of men who are out to dictate the policies of any Baptist preacher, Baptist church, association or convention. Such leadership destroys the liberties and democracy of the church and places the kingdom work under the bondage of bosses and task masters. Such leadership will never insure the support and co-operation of real Baptists. Our supreme trouble in Texas and throughout the Southland, is that we have too many bosses, instead of servants of Jesus Christ. The heavy debts hanging over our denomination will continue unless the organized bosses are removed, and their vacancies are filled in with true servants of Jesus Christ. If I wanted to be a religious boss I would never unite with a Baptist church. When the voice of a missionary Baptist church decides a matter, it is final, and there are no courts of appeal, so why should I unite with them? Their decision is always final. Each missionary Baptist church has no supremacy or sovereignty except the Trinity, and why should the church be given any policies except those contained in God's word? A Baptist church may, and can exist without pastor or deacon or without being a member of an associational or conventional body, but it is far better to have these additional helps, provided that it can be done without bosses and task masters. A Baptist pastor, if he is anything, he is the Lord's servant and not His boss. He has no dictatorial rights over Christ's church. Should he dictate what the church should or should not do then he oversteps his rights. A church who would maintain and support that type of pastor is blind indeed. I positively will not support a boss pastor. "Give me liberty or give me death" and most especially I must have religious liberty, for the price has been paid. "In the multitude of councilors there is safety."

The stopping of the illegal... of aliens as a means of... unemployment was... landed in the lower house... congress on Saturday, coincident with the introduction of a bill proposing to bring about rigid enforcement of the immigration laws through compulsory registration annually of all aliens.

Eunice Pringle, co-ed dancer, filed suit in Superior Court in Los Angeles Friday against Alexander Pantages, theatre multimillionaire, asking \$1,000,000 damage for the criminal attack she alleged was made upon her by the showman last August 9. The plaintiff cited the alleged attack, of which Pantages was convicted and which occurred in a secret conference room of the multimillionaire's theatre building in Los Angeles. Pantages is in jail awaiting the outcome of his appeal against a one to fifty-year prison sentence.

The American farmer will be asked to answer 202 questions about his farm operation which will be in addition to the usual questions bearing upon nativity, etc. The census will be taken beginning April, and in order to make the farm feature of the enumeration more complete than possibly ever before the Bureau of the Census has a list of the questions about the farming section and to individual farmers will be asked to fill answers and hand to the enumerator when he calls for other information.

An adverse report has been filed by the Board of Pardons and Paroles with Gov. Moody on the application for the pardon of James Duke, serving a twenty-five year sentence for criminal assault in Navarro County. The action was taken despite the filing of a retraction of the testimony given by Viola Duke, on which her father was convicted. Efforts to secure the release of Duke began after a letter was written by the girl from Memphis, Tenn., her relative in Houston, asserting that a boy and not her father was guilty. Recently she went to Texas and swore to a formal retraction, which was presented to the board. Evidently nobody believes the girl's statement.

The Demas-Spearman branch of the Santa Fe's proposed 280-mile reconstruction program was approved Friday at the Interstate Commerce Commission hearing in Amarillo, after Examiner T. F. Sullivan, conducting the hearing, ruled that additional testimony in support of the other two lines was unnecessary. Strident objection to construction of a fifty-mile branch from Demas to Spearman was made by the Rock Island, and all witnesses from the Spearman territory were cross-examined lengthily. Rock Island officials contend that the extension would invade territory now served by the Amarillo-Liberal line of the Rock Island, and would also parallel a Rock Island route from Dalhart to Morse, now being constructed.

TRIGGER MOUNTAIN

I didn't aim to miss writing to the Eagle, for really we have an excellent county paper and every bit of news one sends in is perhaps of interest to someone.

I notice the editor made considerable mention of the fact that some correspondents fail to sign their names. Now folks, its nothing to be ashamed of and don't be afraid the editor will print your name for he won't. I have written to three county papers, off and on, for fifteen years and I have never yet had one to print my name.

The cold weather has kept most of us near the fire, so I haven't been able to hear much news.

Mrs. W. S. Cuninghame spent the past week in Goldthwaite, visiting her daughter, Mrs. Arthur Bryant.

Lewis Eubanks spent Wednesday and Thursday in a hospital at Brownwood, where he is being treated.

R. C. and Earl Davis helped J. B. Lively kill bugs Thursday.

Mr. and Mrs. Mat Wallace and baby of Blanket Springs spent Sunday in the home of H. M. Weston.

Mr. and Mrs. Truman Vaughn of Goldthwaite spent Saturday night in the H. M. Vaughn home.

Mr. and Mrs. George Lively and J. B. Lively visited in Brady last week.

Sunday was our regular preaching day, but owing to the bad weather the pastor failed to come. Sunday school and B. Y. P. U. were well attended considering such bad weather.

CREDIT A DANGER

Too easy credit is bad for creditor and debtor alike. Offering desirable things on future payments is an easy way to make sales, but a hard way to make money. Most people are easily blaseed by salesmen offering luxuries on so-called easy terms. It requires more strength to resist overbuying than to withstand real need.

Those of philosophic mind deny themselves a thousand things which those of eager temperament can not be happy without. The true measure of personal and public prosperity is not in the number of articles the people possess, but in the amount of debt they owe. Little or no debt and few luxuries would bespeak a higher standard of living than many luxuries and large indebtedness. We are too accustomed to imagine a high standard of living to consist of numerous visible tokens of wealth. A general error. The highest standard of living comprehends ease of mind as well as rich food and rich furnishings. We live with our minds more intimately than with our beds or automobile bibles, and a debt-free citizen inhales a more tonic atmosphere than does his brother with a superfluity of gilded appointments, and a mind that dwells on delinquent obligations. To complain of the slowness in paying of those who were persuaded to overbuy is to exculpate the creditor at the expense of the debtor when in fact the blame is upon both. —State Press in Dallas News.

It was noted from Austin that Rev. R. J. Forbes, member of the House of Representatives from Weatherford, declined to go with other members of the Legislature to inspect the prison system because it involved traveling on Sunday.

New Jobs As Organists Open to Modern Women

ANN LEAF

Radio Star Advises Sister Musicians to Look About Them

New York City.—Thousands of professional feminine organists, many of whom now earn pitifully small salaries playing the organ in small town churches, are unaware of a splendid new field open to women with the capabilities possessed by these organists. It is Ann Leaf, famous radio organist, who sends out a passionately sincere appeal to her sister organists not to neglect this new opportunity. There are now, at this moment, some five thousand positions open in the larger theatres of the country for organists, she asserts. "Women should be able to fill the greater number of these positions, could fill them, if they would only open their eyes to the opportunities awaiting them as successful organists. Any woman who can play popular music is a potential organist. The organ has probably done more than any other instrument to musicize the only just. It can interpret the modern type of music perfectly. The Church Organ The Hill's' a feature song for which I get many requests, could not have been played on the old organ with any degree of beauty, but with a modern organ, it sounds magnificent. It is hard for many women to bridge the gap between the choir organ and the modern console, but experience has taught me that the best dance music can be gotten from this new instrument. The commercial job of what Miss Leaf speaks, pay from one hundred and fifty to two hundred dollars a week. Miss Leaf shatters the tradition that only a husky person can play the organ. She is four feet eleven inches tall and weighs less than a hundred pounds. She got her training as a church organist in Omaha, and has held some of the highest-paid musical jobs in the United States.

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge his unequalled method at the Southern Hotel, Brownwood on Monday, February 10, from 10 a. m. to 4 p. m.

Mr. C. F. Redlich says: The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time. The secret of their success is in their simplicity. An Expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

IF YOU WANT TO HAVE IT DONE RIGHT-SEE REDLICH

Doctor J. W. Seaver, for many years in charge of the Physical Education of the students of Yale College, has recorded 75 per cent cures with this system. Mr. Redlich is internationally known and speaks English, German and Spanish.

CHANGING STYLE

Nobody thinks very highly of the long skirt—not meaning any sort of pun. It is all right for dancing, provided it is of thin material and does not cumber the active members of the wearer. But outside the ballroom the long skirt has been scantily praised. Some fair cynics have even said it was being propagated by certain ladies whose ankles were not designed for the short skirt mode. Whether that is true or untrue—and State Press does not believe it—the fact is that the trailer has been coldly received by young and old alike, and positively repulsed by the lookers-on in Venice, so to speak. This is the automobile age and the airplane age. Also the silk stocking age. Surplus textiles are abominated by those who drive cars and un- welcome in the crowded quarters of the airplane cabin. Moreover, it has been discovered that silk stockings are more dressy than long dresses, and whatever adds to looks adds to the wearer's determination. This is to be regretted by the friends of cotton growers, one of whom is S. P. His solution of the problem is this: Let the short skirt and the silk stocking remain, but let it be ordered that the old-fashioned cotton pantalette be returned to use. The pantalette, according to Godey's Ladies' Book, was in vogue fifty or sixty years ago. A pair of cotton pantalettes for every pair of silk hose would add five cents a pound to the cotton crop. Let our Legislature look into the pantalette proposition.—State Press in Dallas News.

WEAK SPELLS

"I WAS SO weak," says Mrs. Josephine Cockcroft, of Baldock, S. C., "that I was not able to do anything. At certain times, I suffered dreadfully with pains in my back and sides. My head would hurt—felt like it would split open. Spells of weakness would last for weeks. I read of Cardui. I sent for a bottle and began taking it. My case was stubborn, and at times I almost lost hope, but I could see a little improvement. At last I began to feel much better. Then I improved rapidly. For the last year I have been in better health than I ever have been before. I give the credit to Cardui, for after I had given it a thorough trial, I got well."

It is the opinion of Attorney General R. L. Bobbitt that under the present law the State Board of Education is without power to administer the public school lands along the lines followed by the board of regents of the University of Texas. Mr. Bobbitt told a special committee of the Board of Education which conferred with him that legislation must be enacted to give it authority to put into effect its desired method of collecting oil royalties. The trial of Mrs. Rosa Wayburn, 44, charged with the murder of her husband, W. W. Wayburn, 50, Smithville railroad worker, ended Sunday at Georgetown with a verdict of acquittal. In a former trial at Bastrop she was given 45 years in the penitentiary.

Three men were arrested by police officers at Oklahoma City Saturday morning who are believed to be those who swindled Mrs. Esther Segal of Temple by use of fake diamonds as collateral for \$2,500. The arrests were made on information furnished by the Bell county Sheriff's force, who traced three men, believed to be the culprits, to Oklahoma City.

After 53 years, Timothy Grant, aged negro, has been paid for teaching school in Anderson County, S. C. Grant recently filed a claim check for \$2.76. School records of 1876 showed that it never had been paid and the teacher received a check.

Warning against a new \$10 bill counterfeit bearing the name of the federal reserve bank of Chicago, was made recently by the post office department. The bill has many mistakes, the warning says, and should not deceive the careful handler of currency. The counterfeit is printed from photo engraved plates on one sheet of poor paper, and plates being about a fifth of an inch short. Both face and back lack the luster of the genuine, and the treasury seal, which should appear in green, appears partly in black. The back of the bill is a drab green, decidedly off color.

New Beauty for the New Ford

THE NEW FORD TOWN SEDAN

In the Town Sedan you see a distinguished example of the unbroken sweep of line which adds so much charm to all the new, roomy Ford bodies. Radiator, hood, cowl, lower roof line, fenders, wheels—every point of design reflects the new style and beauty that have been placed within the means of every one. All of the new Ford cars are finished in a variety of colors.

ANOTHER STEP FORWARD

THE introduction of the new Ford bodies has set a high standard of motor car value.

From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of line—a flowing grace of contour gaining added charm from the rich and attractive colors.

You will take a real pride in the smart style and fresh new beauty of the Ford just as you will find an ever-growing satisfaction in its safety, comfort, speed, acceleration, ease of control, reliability and economy. In appearance, as in mechanical construction, craftsmanship has been put into mass production. New beauty has been added to outstanding performance.

A feature of unusual interest is the use of Rustless Steel for the radiator shell, head lamps, cowl finish strip, hub caps, tail lamp and other exposed metal parts. This steel will not rust, corrode or tarnish and will retain its bright brilliance for the life of the car. Here, as in so many other important details, you see evidence of the enduring quality that has been built into the new Ford.

THE GOLDTHWAITE EAGLE

Miss Ruby White of Temple spent last week-end in this city visiting Miss Grace Venson.

Mr. and Mrs. C. H. Ford have been in Santa Anna a part of this week, having been called there by the illness and death of their son-in-law, E. E. Chambers.

W. K. Marshall was carried to the sanitarium at Temple last Friday, suffering with stomach trouble and other complications. Mrs. Marshall accompanied him and they are still in Temple. It is sincerely hoped that his condition will rapidly improve and he will soon be able to come home.

Good cedar posts for sale.—Rudd & Johnson.

Mrs. Robert Weaver, who has been in the sanitarium in Temple for several weeks, is not improving as rapidly as it was hoped, altho she is somewhat improved in the last week or so.

The name of Miss Leota Simpson appears on the honor roll at Southwestern University at Georgetown, as one who made an average of 90 or better in grades.

Mrs. Holland has just returned from market, where she bought a beautiful line of Spring Millinery, which will be on display at her new location next to Steen & Son's store. The ladies are invited to inspect her stock and see what attractive prices she is making.

Wilbur Fairman spent Wednesday in Temple, visiting W. K. Marshall.

There were only 19 at Sunday school Sunday, and only a few at B. Y. P. U., but the weather has gotten warmer and we expect a large crowd Sunday.

We will have a new preacher with us, so let's have a full audience.

SMALL THINGS

We were sitting talking a friend and I—when the conversation turned about a man we both knew and my friend said: "I never knew him very well but never see him that my hand does not go to my hat. The day my father was buried was one of the worst days I ever saw. It had snowed and sleeted and thawed and frozen, and ice was everywhere. Not many persons came to the funeral but when I came out of the house with my mother on my arm as we followed the casket, the first man I saw was that man standing there, hat in hand, in the inclement air. I can never forget that." Ah, how we love those who were kind to us when those we loved "cross over the river to rest under the shade of the trees!" It may be a small favor shown, just a simple little kindness, but how at such times our hearts warm to the giver. In my life a little child was taken to the grave one day and those who loved her could not go, for the fearful yellow flag floated from the gate. Strangers to the child were to perform the last sad rites and no one who loved her could touch the casket, for we must protect the living. No words were said about "I am the resurrection and the life," for no minister was allowed to enter the home. But behind the wagon bearing the white box walked a man with downcast head and wet eyes. Sadly and silent he walked down the middle of the street while others hastened away. Years, many of them, have gone since then, but think you that the father and mother, sitting childless, have forgotten? Ah, my friend, life is made up of small things. The world will be better when you and I have learned the lesson of being kind in small things.—Homer M. Price in the Marshall Morning News.
