### CHURCH OF CHRIST

We had four good services  
last Sunday, in spite of the  
fact that quite a number of my  
brethren were very sore. That  
is their left arms were very  
sore.

The young people rendered  
a good program at the young  
people's class. Prayer meeting  
was extra good last week. We  
are expecting a fine class at  
prayer meeting this week.

Bible study begins at 10 a.  
m., preaching at 11 a. m. each  
Sunday. Young people's class  
at 6:30 p. m., preaching at 7:30  
p. m. each Sunday. Make spe-  
cial arrangements to be with us  
next Sunday.

E. S. FITZGERALD.

### LEAGUE ORGANIZED

Rev. and Mrs. Moreland went  
to Pleasant Grove last Friday  
night to organize a Senior High  
and Junior League. They will  
have separate time to meet and  
that will give them all a chance  
to have a part. The following  
officers were elected: Mrs. Char-  
lie Berry, president; Mrs. Edith  
Miller, vice president; Mrs. Mar-  
vin Nesbit, secretary and treas-  
urer. Mrs. Nesbit was also ap-  
pointed to superintend the High  
and Junior Leagues. The rest of  
the officers will be elected at their  
first council meeting. Everyone  
seemed to be enthusiastic over  
the work.

LEAGUER.

### CEMETERY MEETING

The Cemetery association  
will meet in the ladies rest  
room in the court house Mon-  
day afternoon at 4 o'clock. All  
interested in the cemetery and  
its care are invited to be pre-  
sent. MRS. E. B. ANDERSON,  
President.

## COUNTY COMMUNITIES WELL REPRESENTED

### PRIDDY

There was English services  
in the St. John's Lutheran  
church Sunday night.

A group of friends and rela-  
tives visited in the home of Mr.  
and Mrs. George Tiemann Sun-  
day afternoon.

Will Schoen's house caught  
fire last Thursday and before  
it could be put out part of the  
kitchen roof and floor were  
burned.

There was a party at the  
home of Mr. and Mrs. Hermon  
Hohertz Sunday night.

Mr. and Mrs. Julius Sommer-  
feld gave a dance Saturday  
night.

Mr. and Mrs. Johnnie Koh-  
ler visited in the John Kohler  
home Sunday.

A group of friends visited  
Mr. and Mrs. George Neimann  
Sunday.

Mr. and Mrs. Will Albright  
and family of Pottsville visited  
Mr. and Mrs. Will Schwartz  
Sunday.

C. A. Gromotzky and family  
were Hamilton visitors Sun-  
day.

Gus Dearson went to Co-  
manche Sunday.

Alice Sommerfeld visited in  
the Otto Naurer home Satur-  
day night.

F. W. Limmer and family  
visited Mrs. Emma Kunkles and  
family Saturday.

Carl W. Hein and Arns G.  
Schultz, students of Seguin  
Lutheran college, spent last  
week-end with Mr. and Mrs. F.  
W. Hein.

Miss Nelda Stegemoller was  
operated on for appendicitis in  
the Hamilton sanitarium Sun-  
day evening. She is recovering  
nicely.

Otto Stegemoller, who was  
operated on last week at Hamil-  
ton, is better and hopes to be  
back home in a few days.

Ed Schrank and his son, Ben  
were Comanche visitors Satur-  
day.

Arthur and Walter Kuklies  
were Comanche visitors Satur-  
day.

A light rain fell here Mon-  
day night. REPORTER.

### STAR CIRCUIT

Before this piece is read, two  
months of 1930 will be gone.  
I wonder how many are still  
keeping the resolution that  
was made the first of the year  
about our church going and  
Bible reading. Some must have  
kept it, judging by the good  
crowds we had in service Sun-  
day, especially China Creek.

We preached to 117 Sunday  
morning and about 70 Sunday  
night. We have been having  
splendid congregations, owing  
to the bad weather, sickness  
and distance some live from  
the church. On going into the  
China Creek church a new pi-  
ano was sitting there, a surprise  
to the pastor and wife, so we  
made music for them as well.  
They have rented 12 acres of  
land to be worked by the com-  
munity and the products go to  
the Lord's work. They met last  
Friday. There were 16 men,  
and a team and plow to each  
man to plow the ground. They  
have given the pastor and fam-  
ily a special invitation to come  
and help work the ground and  
they promise to feed us, so we  
are going.

We will be at Star Sunday,  
so will invite you all who live  
close there to come and work  
the Lord with us.

H. E. MORELAND.

### BIG VALLEY

A number of our singers  
went to the all-day meeting at  
China Creek Sunday.

Dan Long and son, Roy of  
Midland were back in the Val-  
ley last week.

Joy Doak was home Satur-  
day from San Marcos.

Mrs. T. P. Reed visited in  
Mullin Sunday.

Miss Ruth Golding and Pat-  
tie Cockrell were week-end vis-  
itors in the Valley.

Mary Cockrell visited in  
Brownwood Saturday.

Hoyt Cockrell, Ruth Golding  
and Joy Doak drove to Lam-  
pasas Saturday.

Miss Cleola Swim entertain-  
ed the young folks class of the  
Big Valley Sunday school Sat-  
urday night with a Washing-  
ton party. The national colors,  
and flags were used in decora-  
tions. Stunts, button hunt and  
guessing contests made 10:30  
come too soon. Then there was  
salad, cake and hot chocolate  
to top off the evening. All  
voted it a delightful party.

Big Valley has the best pray-  
er meetings every Sunday and  
Wednesday nights. Come and  
get a blessing.

Bedford Renfro has moved  
to his new home in Lower Val-  
ley.

Mr. and Mrs. H. A. Syks ate  
dinner with J. J. Cockrell Sun-  
day. They had turkey instead  
of chicken because it was the  
host's birthday.

Griff McConnell was home  
from Eastland Sunday.

### FARMER.

### MIDWAY

We had a very nice rain  
Friday night and again Mon-  
day night, which the farmers  
all rejoiced over.

Mrs. Beard and Herman Rey-  
nolds are still on the sick list.

Several in our community  
are suffering from the small-  
pox vaccination.

Mrs. W. W. Reynolds was  
sick last week, but is reported  
better.

Spring is almost here. We  
know, because O. O. Lester,  
Bill Anderson and some more  
went fishing and were quite  
successful.

S. E. Wagner and family of  
Jonesboro visited in our com-  
munity over the week-end.

Jim Wagner and wife of  
Jonesboro visited here mother,  
Mrs. C. C. Ellis over the week-  
end.

Most everybody went from  
Sunday school to North Ben-  
nett to church and enjoyed a  
good sermon.

Several from here expect to  
attend the convention Sunday.

REPORTER.

we might learn to make Christ  
the center of our lives.

Song.  
Open meeting for all. Testi-  
mony concerning prayer life.  
Offering.  
League Benediction.

### TRIGGER MOUNTAIN

We have thought for the past  
two weeks that perhaps we  
would have cold weather be-  
fore the next week-end, but  
should one look across the  
grain fields which rival the  
emerald in loveliness, since the  
good shower we had on Friday  
night, he would say spring is  
really here.

T. S. Dellis has been sick  
with the flu for the past week,  
but is improved at this writing.

Mrs. M. H. Vaughn has been  
ill for the past few days.

Mrs. W. C. Dellis has had the  
flu, but is somewhat improved.

Mr. and Mrs. Olen Dellis  
and daughter, Bobbie Nell, of  
Comanche visited his father,  
T. S. Dellis and family this  
week-end.

Mr. and Mrs. Arthur Bryant  
and children of Godthwaite  
spent Saturday night and Sun-  
day in the home of W. S. Cun-  
ningham.

Tommie Graves, who is teach-  
ing school at Indian Gap, spent  
the week-end at home.

Gracie Kennedy and family  
and J. J. Kennedy and R. E.  
Davis and family sat until bed  
time with J. D. Kennedy and  
wife Saturday night.

Mrs. H. T. Vaughn of Gold-  
thwaite spent Saturday with  
Mrs. M. H. Vaughn and the  
girls.

Miss Ola Mae Dellis, who is  
attending school in Temple,  
spent the week-end with her  
mother.

Mr. and Mrs. J. M. Hayes  
visited Mrs. Hayes' mother at  
Indian Gap Sunday.

Mr. and Mrs. Clifford Dellis  
of North Bennett spent Sunday  
with Mr. and Mrs. J. W. Dellis.

Earl Tullos and Miss Irene  
went to Roshelle after Mrs.  
Tullos and baby Saturday and  
came back Sunday.

Misses Addie Mae and Lor-  
aine Fisher of Temple spent  
the week-end with their aunt,  
Mrs. J. W. Dellis.

Hurrah! for the news items  
from other towns. We enjoyed  
them and have heard others ex-  
press themselves likewise.

FARMERS WIFE.

### CENTER POINT

Mr. and Mrs. Tom Waddell  
and sons, Mrs. Bob Geeslin  
and two sons and Mrs. M. E.  
Queen were visitors in the Fal-  
lon home Sunday.

Mrs. Jim Newman and child-  
ren visited Mrs. J. A. Doggett  
Sunday.

Mr. and Mrs. Will Harmon  
visited Mr. and Mrs. Joe  
Spinks Sunday afternoon.

Mr. and Mrs. Emil Stein-  
mann visited Joe Spinks and  
family Monday.

Mary Fallon spent Friday  
night with Mrs. C. H. Black.

Mr. and Mrs. John Edlin and  
Mrs. John Roberts were Brown-  
wood visitors last Wednesday.

Mrs. M. D. Mills is visiting  
her brother, Charlie Smith, at  
Big Valley this week.

Mrs. Hugh Smith spent Sat-  
urday night with Mrs. M. D.  
Mills.

On account of sickness, there  
was no pie supper Saturday  
night, but we will have it Fri-  
day night, Feb. 28.

BLUE BELL.

### APPLICATION FOR LICENSE

County Clerk Porter has re-  
ceived application for marriage  
license for H. G. Carlisle and  
Miss Lucile Bien, both of the  
Zephyr section.

Mrs. W. E. Grisham of San  
Antonio spent Saturday and  
Sunday in the home of her  
daughter, Mrs. M. E. Fairman,  
in this city.

Mrs. L. P. Greer and child-  
ren of Brownwood have been  
in the city this week, visiting  
in the home of her parents,  
Mr. and Mrs. John Potter.

W. C. Barnett will spend  
Saturday in Fort Worth, at-  
tending a convention of Texas-  
Louisiana Power Co. managers,  
to confer on the stock selling  
campaign, to begin soon.

W. E. Grisham of San An-  
tonio has been here several  
days, visiting in the home of  
his daughter, Mrs. M. E. Fair-  
man. He was a merchant in  
this city in years gone by and  
is still remembered kindly by  
many friends hereabouts.

R. E. Bradbury and family  
of Abilene visited in the Claud  
Wilson home in this city this  
week. He was engaged in the  
newspaper business at Mullin  
for a good many years and has  
an extensive acquaintance  
throughout the county.

Prof. Newton went to Waco  
Sunday to be with his daugh-  
ter, Mrs. McNeill, who under-  
went an operation in the san-  
itarium at that place Monday  
morning. The operation was a  
success and Prof. Newton re-  
turned home Tuesday.

J. G. Bachelor, late of Wise  
county, has leased the Oben-  
haus ranch, a few miles east of  
this city, and purchased Mr.  
Obenhaus' stock of sheep and  
goats. He is an experienced  
rancher and is a valued addi-  
tion to the citizenship of the  
county.

The announcement of the  
death of P. C. Jackson at his  
home near Lometa Monday was  
received with sincere regret by  
many Goldthwaite people who  
knew him. He lived in this city  
in the early days of the town  
and was married to Miss Sen-  
terfitt, who survives him. He  
was buried in the old Senter-  
fitt cemetery Tuesday.

Frank McCasland and fam-  
ily of Grady, N. M., are expect-  
ed here next week for a visit  
to his mother and other rela-  
tives at Center City. He left  
here a good many years ago  
and has made good in the west.  
He owns a fine farm and ranch  
at Grady and last year devoted  
1000 acres to wheat, besides  
growing other crops.

D. Albert Trent and wife  
have moved back to Goldth-  
waite, after a protracted stay  
in San Angelo, where he was  
engaged in the automobile  
business. They have doubtless  
learned the same lesson many  
of us have learned, i. e., that  
Goldthwaite is the best town  
in the universe and Mills coun-  
ty the most delightful part of  
the globe.

Have you done to help your  
fellowman? Brother this is a  
question that you do not have  
to answer to this preacher. But  
when your hands will have  
been folded across your breast,  
and your eyes closed in death,  
and your voice can be heard  
no more, and your soul gone  
into the presence of God, you  
will have to answer it. What  
will your answer be? People,  
this pastor pleads, for every  
Christian in this town to give  
God His place in your life. Per-  
sonally, we are looking for  
every member of our church  
and Sunday school to be pre-  
sent Sunday, if they are not  
Providentially hindered. Those  
of you who are not members of  
our church come worship with  
us. Certainly I am pleading  
with those who have no church  
home, and those who are  
not Christians. We extend to  
you all a most cordial welcome.  
PASTOR.

**THE GOLDTHWAITE EAGLE**

About 28,500 acres of land and 400 families will be affected with approval by the Supreme Court of a survey made recently in which the 100th meridian was found to be off its correct course. This gave a strip north and south of the western border of Oklahoma to Texas. Efforts were made to make it possible for Oklahoma to retain the territory under its jurisdiction, but the Texas legislature would not sell the land.

"What is the difference between a live town and a dead town?" and "How does one community earn the reputation of being enterprising while another is called stagnant?" Both towns may look the same and both may have the same natural advantages—yet one has the reputation of being dead and the other alive. As we see it, the difference lies in the attitude of the citizens themselves. A live town is one in which there are plenty of men and women ready to take hold and put down any worthy community enterprise, and a dead town is one in which every man is too selfishly engrossed in his own affairs to spend any time on community matters. —Beeville Magazine.

Suppose that someone had reported to the Spanish Inquisition or to the witch-finders of Salem that a man sitting in a chair in New York had, in the space of forty-five minutes, just talked with a man in London, then sent a message through the air to a point near the South Pole, from which the message was repeated to another man, who was at that moment flying like a bird a hundred miles away and a couple of miles up in the air; that the man in the sky had repeated to the message and the man in New York had received the reply, all in three-quarters of an hour. Witchcraft! Sorcery! Black magic! The powers of the devil in such a manifestation. — Stamford Leader.

Under the terms of a bill introduced by Representative Marvin Jones of Amarillo, Congress has been asked to appropriate \$300,000 to pay the farmers of Andrews, Dawson, Ector, Martin, Midland, Glasscock and Howard counties half the cost of fumigating cottonwood and lint to kill off pink boll worms. The Congressional committee department of agriculture experts as saying that the pest could no longer thrive in these counties. The farmers in these counties under quarantine will not fumigate the lint and seed to protect their own fields, but to protect the fields of their rival producers in other counties and other sections. Many disputed the contention that there were boll-worms in the communities, but the farmers were informed by state and government men that they must fumigate "or else." They fumigated, at great expense to themselves. It is a matter of simple justice to reimburse these farmers. So far the state of Texas has wretched on the deal. It left the farmers quite literally in the sack. —Abilene Reporter.

**ACCIDENT TOLL GROWS**

According to a bulletin issued by one of the largest life insurance companies in the world, "one seeks in vain for a single encouraging element in the automobile accident situation." One-third of all the accidental deaths among policyholders of this company, during the larger part of last year, were caused by the automobile. It is the only form of accidental death now on the increase in this country. During 1929, 31,500 people lost their lives in motor accidents. This was the largest casualty record in history, representing a 13 per cent increase over 1928. Motor vehicle registrations increased but eight per cent during the year. To quote further from the insurance report, among the insured the automobile has caused as many deaths as measles, scarlet fever, diphtheria and whooping cough—the four principal children's diseases—combined. More than two per cent of deaths from all causes are due to automobile accidents. We have been pitifully inadequate in dealing with the careless, irresponsible, drunken or otherwise negligent driver, who leaves death and destruction in his wake. Compulsory insurance laws fail as accident preventatives. Every town and state should modernize its traffic laws and discipline those who disobey them. Such a nation-wide program would decrease the accident rate. This automobile accident menace is every citizen's problem.

**Unauthorized Loquacity.**

A correspondent of the Journal of Commerce complains of what he calls the "unauthorized loquacity" of that member of the Farm Board who is supposed to represent the interests of cotton farmers. The phrase is a happy one because it describes, neatly and caustically, a type of official interference that is peculiarly exasperating and often extremely disturbing to orderly marketing processes. The mere existence of a Farm Board that has at its disposal large sums to lend or otherwise utilize in efforts to "stabilize" prices is calculated to untangle prices, because of the additional element of uncertainty that such an organization inevitably introduces into market estimates of future conditions. When, however, the members of the board go about the country, making reassuring promises to growers, predicting the eventual destruction of trading in futures, or otherwise freely expressing their personal views of Farm Board policy, the evils of such "unauthorized loquacity" are plain.

Apparently the members of the Farm Board make no attempt to confine their statements to matters upon which they all agree or to outlines of policies that they expect to execute. On the contrary, the members not only disagree among themselves—but they contradict one another in their public utterances, thereby introducing a confusion of counsel that has made the Farm Board to date just another unstable price situation.—New York Journal of Commerce.

**CRUEL NEURITIS FINDS ITS FOE IN NEW KONJOLA**

Happy Lady Enthusiastic In Praise Of Famed New Medicine.

MRS. HARRY A. UNRATH

"No words can describe what this great medicine, Konjola, has done for me," said Mrs. Harry A. Unrath, 914 Larky Avenue, St. Louis. "Five bottles of this marvelous remedy put an end to a case of neuritis that I had despaired of ever shaking off. The pain settled in my forearm and fingers and for days at a time I was helpless from the frightful agony and could not move my hands. My kidneys were weak and added to my intolerable misery."

"The first bottle of Konjola indicated what could be expected. I continued the treatment for five weeks and my health troubles were at an end. Every vestige of pain had left my arms and fingers, there is no swelling and no stiffness in either. My kidneys responded weeks before and no back pains or dizziness occur. It is difficult, even now, to realize that one medicine could do all that Konjola did for me."

Konjola is sold in Goldthwaite at Hudson Bros. Drug Store, and by all the best druggists in all towns throughout this section.

**AN UNFAIR PRACTICE**

The demand that is made on candidates for public office in the way of contributions to every imaginable cause, whether such cause is meritorious or not, is unfair and deters many men and women too from offering for office. Be it a ball game, a school house to be painted, a church to be builded, a poor family to be helped or any other cause the candidate is called on for a contribution and feels he must respond, regardless of the fact that he can ill afford it. The candidates are, as a rule, men and women of moderate means and it is not right to levy these assessments upon them and the Eagle can not believe that a vote was ever cast against a man because he refused to respond to one of these calls. Hon. E. G. Senter has an article in the Dallas News of last week that clearly shows what the candidate is "up against." He says in part: "During a service of four years from this district in the State Senate I was called upon to subscribe to almost every enterprise of every character that originated in Dallas or its environments. At that time it was considered suicidal to deny any appeal which might be made, no matter what might be the nature of the enterprise, because custom required the holder of a public office, whether it was remunerative or not, to respond to every call of this nature which might be made upon him. The result was that it required something more than five years after I retired from a non-remunerative office to pay debts which accumulated while I was in the office. I then reached the conclusion that no single factor is connected with our political system which operates more effectively to keep out of office the best qualified men for office than the custom of levying assessments upon candidates and office holders."

**IS IT EFFICIENCY**

We often hear it said that the American farmer is the most efficient producer in the world. Is he? Just the fact that the American farmer manages to produce a surplus cannot of itself be considered sufficient proof of the statement. By use of labor-saving machinery and the cultivation of many acres we manage to produce more than the home demand and oftentimes an excess of the world's demand, profitable prices being considered.

But, would you consider a manufacturer efficient, or even a good business man, if he were to operate his plant at full speed day after day and year after year until it became worn out and almost useless? You would not. You would say that a manufacturer was most efficient in his production methods if he kept his plant in such a condition that it would produce both capacity and quality goods; that he was efficient if he replaced old machines with new if it speeded up production; and if he would strive constantly to improve quality to meet demands of consumers.

Do we find that kind of efficiency general on American farms? Here in the Southwest, as well as in many other sections of the country, we find that the farm plant has been allowed to wear out. Our soils have washed badly and it has become deficient in fertility because of our cropping system. We have taken off every year but put nothing back. True, we purchase modern machinery, but only for the purpose of increasing acreage to make up for lack of production on other lands.

We do not need more production of any major farm commodity, but we are never going to be so efficient that it will not pay us to strive for further improvement.—Farm and Ranch.

PROF. NEWTON**

The Brady Standard has devoted considerable space to the selection of Superintendent Newton by the Brady school board and among other complimentary statements regarding him says:

"Mr. Newton was recommended as a thoro-going school man by State Superintendent S. M. N. Marrs, and in addition has been extolled by citizens who know him as a man of highest ideals, a splendid civic worker and a man in whom the entire community may place implicit confidence and trust. It is felt that the local board is indeed fortunate in having secured so able a man to head the local schools. No other action towards naming faculty members has been taken by the board. Except for the naming of the principals, it is most likely that the naming of teachers will be deferred until after the election of the new board next April.

**THREE IMPORTANT FACTORS  
ENTER INTO THE COST OF  
YOUR AUTOMOBILE**

1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

**THE PURCHASE** of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

**Economy in production**

**THE FORD CAR** is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

**Low dealer charges**

**THE SAME PRINCIPLES** of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

**NOTE THESE LOW PRICES**

Phaeton . . .	\$440	Tudor Sedan	\$500
Coupe . . .	\$500	Sport Coupe	\$530

Three-window Fordor Sedan . . .	\$625

Low charges for time payments through the Universal Credit Company

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

**Low up-keep costs**

**IT IS IMPORTANT** to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

**"Things I Ate Hurt Me"**

"I HAD a severe case of indigestion," says Mrs. Bell Buckheiser, 7 River St., Piedmont, S. C. "So many things that I ate hurt me, I almost quit eating.

"I would burn in my chest. I had severe headache, and such a tight, smothering feeling. I would be obliged to eat a little, then it would hurt me.

"A friend said to me: 'Why don't you take Black-Draught?'

"I was just too weak then to do my work. I began taking small doses after meals, and in just a few weeks I could eat anything I wanted to, then take my small dose of Black-Draught and feel fine. I soon regained my health and strength."

Costs only 1 cent a dose.

Saturday night and Sunday is church time, so let's all try to be present. **BUSY BEE.**

**OUR CANDIDATES**

The campaign is progressing nicely, but very quietly, and the list of candidates has not grown rapidly, especially from a newspaper publisher's standpoint, i. e., the announcements are few and far between. Nevertheless, there are good folks offering for the various offices and the voters can secure an efficient set of officials from the list offered.

In the state campaign, like the county, there has been no rush of candidates and while a number have declared their candidacy for governor, indications are that some of the other state offices will have no contests for nominations to fill them. There are only three or four of the gubernatorial candidates that will be in the running and this will, to some extent, depend upon circumstances.

**E. A. OBENHAUS**

There is no better known man in the county than Mr. E. A. Obenhaus, who offers this week as a candidate for Commissioner for this precinct. He is a farmer and rancher, but his qualifications to fill the office of commissioner commend him to the consideration of the voters. He has never held public office, but he is a close student of public affairs and is a business man of high qualifications, having successfully conducted a farm and ranch for a good many years and made them pay. Personally, he is a courteous and accommodating man and one who gives his best ability to any business entrusted to him. He is a strong believer in good roads and knows how to build them. He recently moved to this city from his ranch, but he has lived in the precinct a good many years.

## Five Years of Progress At Mullin School

Sometimes we do not realize the changes that come and go with old Father Time. It is well to stop occasionally and take an inventory. So it is with all business and often with our public enterprises. We will take stock from memory of a few of the important improvements at Mullin High School, under the regime of Superintendent John M. Scott, for the past five years.

First, is the excellent library and laboratory, which any school of this size would be proud of. Second, a fine well and windmill with an abundance of water and sanitary drinking equipment. Next, is a lighted court, which is dear to the hearts of the athletic young people. The play ground equipment is a blessing to the children in promoting wholesome healthful exercise and a better student body. A pretty new piano, then the stage has been refurbished. The school has been classified and affiliated.

One of the most active Parent Teacher Associations in the county.

The school board recently met and re-elected Superintendent John M. Scott for the year 1930-'31. These are only a few of the results of the past five years. A splendid Board, Faculty and P. T. A. have co-operated. Many boys and girls are doing excellent work and this year the senior class is about thirty strong.

## THE OLD TIME SQUARE DANCE

The Business and Professional Women's Club of Brownwood entertained in that city Thursday night with an old fashioned square dance. No doubt the dance was enjoyed by the younger set as much as their grandparents enjoyed the square dance in the ante bellum days. This club not only derives benefit from the social side of life but sponsors a most worthy Student Loan Fund and since 1924 have assisted 33 girls and have seven girls in school at the present time.

Miss Estelle Duren, formerly of this section, was on the hostess committee Thursday night.

## YOU ARE INVITED TO A CAMPAIGN

Now that a city dump ground is a fact and the city mayor, Dr. R. H. Jones, urges the entire city to clean up the town, it would be a fine thing to get at it. And if a vacant lot is near, it will enhance the value of your property and beautify your home to try to see to that. One case of typhoid will cost you more than a week's clean up campaign. Let's all co-operate with the mayor for a clean up campaign at Mullin.

## BELIEVE IT OR NOT

Mrs. Alec Tackett, who lives in the southeastern part of the city, owns a very valuable hen. It is reported that early one morning last week the hen laid a soft-shelled egg, a few hours later she again sought the nest, possibly ashamed of the soft shell. Anyway, by noon biddie had laid a perfectly good egg. Then just to advertise it to the world, she laid the third egg in the late afternoon, and called it a day's work. No, the hen is not for sale.

George Templin, banker of Austin, was meeting his old friends in this city Saturday. He was celebrating George Washington's birthday.

L. L. Wilson and Superintendent John M. Scott visited the state capital the first of the week.

C. W. Blackman of Anton, has sent in his subscription for the Enterprise.

Mr. and Mrs. T. W. Cryer are home from Temple where she received treatment at the sanitarium. We are indeed glad to report that Mrs. Cryer is improving and very much benefited by the trip.

Mr. and Mrs. Shipman of Indian Gap recently visited her mother, Mrs. Lovelace and Mr. and Mrs. A. H. Daniel.

Mr. and Mrs. Wiley Henry and son, Wayne, recently visited in the homes of G. B. Baskin and R. W. Stephens of Prairie.

Earl C. Wasserman, one of the good citizens of Duren, was looking after business in Mullin Saturday.

Mrs. W. E. Blackman returned home with her daughter, Mrs. Drew Neal and will visit at Anton and other places in the west for several months.

Miss Marie Wallace, an efficient instructor in the Lometa schools, was a week-end guest of her parents, Mr. and Mrs. Will Wallace.

Mr. and Mrs. Lloyd Hancock and children of Gatesville visited Tip Hart and family and W. C. Hancock and family the latter part of the week.

Mrs. T. R. Ivy is convalescing from a recent attack of the flu.

The editor received a letter from Mrs. I. D. Toliver of Stephenville wanting the Enterprise to bring them the news from this section. Mr. and Mrs. Toliver are well pleased with their new home.

Mr. and Mrs. C. D. Green and grandson of Duren visited Mrs. J. B. Applewhite Saturday.

R. M. Hodges of Duren is reported very much improved and his physicians think he will soon be at home again.

Mrs. M. E. Toliver and Mrs. O. B. Fleming of San Saba visited Mr. and Mrs. S. H. Davis and L. T. Reed and family recently.

Mr. and Mrs. Dot Henry and little son, Merle Edwin, of Prairie were in town Saturday meeting friends.

Miss Emma Harvey is recovering from a very severe broken arm. She was pruning a rose bush, when she fell backward on her hand and arm.

Mr. and Mrs. Moody Perkins and Mrs. Davee visited relatives in Zephyr Sunday.

Mr. and Mrs. J. L. Pickens of Lometa came up Sunday in their new Ford and carried Mr. and Mrs. J. J. Canady and Mrs. J. B. Applewhite to Goldthwaite for a drive in the new car.

W. C. Scrivner of Brownwood spent the week-end with his family here. His mother has been ill for several weeks.

Mr. and Mrs. J. H. Raseo are visiting their son, Jess Rasco on the Bayou.

Mrs. Jim Harris of Elgin, has returned to her home after a weeks visit here with her mother, Mrs. J. L. Farmer.

Mr. Sandin, Santa Fe claim agent, visited here Monday.

Mr. and Mrs. Will Truit of Ingram, are visiting her parents, Mr. and Mrs. B. J. White.

Eric Hilliard and friend Roy Carlisle of Swenson, spent the 22nd, with W. M. Hilliard and family.

Mrs. Doeia Chesser recently visited Mr. and Mrs. Marion Williams at Williams' Ranch.

A number of Mullin's prominent business men attended the banquet and chamber of commerce meeting in Brownwood Tuesday night. The personnel of the visitors from here were as follows: C. R. Dudley, E. A. Kemp, Willard Mosier and E. A. Duren. These gentlemen report a pleasant visit in the sister city.

Mrs. L. J. Smith and son are visiting in Rio Vista.

Mr. Wiley Henry went to Temple on Tuesday morning's train and will probably go thru the clinic.

Mr. and Mrs. R. E. Bradbury and little son, R. E. Jr., made visits to Mrs. J. B. Applewhite and in the J. J. Canady home Tuesday. They were enroute to Goldthwaite and Marlin to visit Mrs. C. R. Wilson of Goldthwaite, who is ill at Marlin.

Mr. and Mrs. M. R. Wylie of Brownwood have moved here and have apartments at Mrs. Ben Guthrie's.

The many friends of W. O. Keley will regret to hear that he is very seriously ill with an attack of heart trouble and has been conveyed to the sanitarium in Brownwood.

FULL FASHIONED  
HOSIERY

ALWAYS Humming Bird Hose are to be found in stores of the better class. "Birds of a feather—"

See these fine stockings! Examine their texture, correct style, clever reinforcements, their astonishing length.

This spring Humming Birds are being shown in 37 colors, sponsored by Mme. Julie Bolegard, Paris stylist for the Humming Bird mills. For some of the newer French and American fabrics—difficult to match in hosiery—she has developed colors to be had exclusively in Humming Birds. Come see them today!

THE fastidious woman isn't changing her ideals with her skirt length. She favored Humming Bird Hosiery when all their fineness and richness of color were flaunted full length before the world. She favors them still in their newer role of semi-underthings—daintily fine, smartly colorful as ever.

Tiny stitches, firmly knit, not only create a sheer, even fabric, but also account to a large extent for the remarkable wearing quality of Humming Bird Hosiery.

Mr. Patterson had been in ill health for some time and had suffered a stroke of paralysis but his late illness was of short duration, a complication of pneumonia and other troubles causing his death.

The Millican Produce Company bought 159 rabbits this week which were killed near Lake Victor. In the lot were 118 jack rabbits and 41 cotton tails, which were placed on cold storage and will be shipped out to market. There were a number of the Lake Victor people who participated in the rabbit hunt and they killed over 170 rabbits but some of them were not brought in. This is the first time we have heard of a market for rabbits, but are informed that there is a market for them if they are brought in sufficient quantities to make a shipment.—Leader.

LOMETA

Clyde McAnnelly has returned to Lometa and has opened a general automobile repair shop.

The two-story residence of Mr. and Mrs. C. M. Swinney about one mile south of town was totally destroyed by fire last Thursday at noon.

After deducting the insurance carried upon this property Mr. Swinney sustained a loss of approximately \$2,000. The origin of the blaze has not been determined.

T. E. Lancaster of Winchell, formerly of Scallorn, died at the home of his daughter in Brownwood Feb. 13. Mr. Lancaster was known in this section having owned and operated a ranch at Scallorn for several years. His daughter, Miss Anna, taught school at Lometa. He is survived by a wife and seven children all of whom were present at his funeral.—Reporter.

LAMPASAS

A call meeting of the city council was held Wednesday afternoon and at that time Kyle Oliver was appointed City Secretary and Tax Collector to fill the unexpired term of J. H. H. Berry, deceased.

Mrs. Chas. Barkley and her brother, W. T. Michael of Evant, were called to Round Rock Saturday on account of the death of their brother, Ollie Michael, which occurred in that city at 11:30 a. m. Saturday.

Mrs. J. E. Quid and daughter, Miss Betty Dane Huling, left Tuesday morning for their home in El Paso, after a month's visit here in the home of her sister, Mrs. W. F. Mace and her brothers, Ed and W. R. Young.

Mrs. A. Landers died Tuesday evening at 11:30, at her home in the McCreaville section. She had been sick for several weeks, but her condition was not considered serious until a few days before death came.

BROWNWOOD

Nearly one-half of one million dollars was collected in taxes in Brown county during the month of January, according to a report filed with the state comptroller's department by County Tax Collector W. A. Butler. The exact figures for the month were \$402,999.82.

The recent increase of nine per cent in Brownwood insurance rates by the state fire commission will mean that the people of this city will have to pay at least \$13,500 more on insurance premiums next year than they paid last year, according to J. J. Timmins, former state fire commissioner. Since this change will be ef-

PUT WHOLE SYSTEM IN GOOD ORDER, HE STATES

"Sargon took right hold of my troubles, made me feel 100 per cent better, put my whole system in good order and gave me a gain of seven pounds in weight.

A. J. BUTLER

"I was rundown and nervous and my whole system was 'out of gear.' My appetite was poor, my nerves were so upset I couldn't sleep good and I'd get tired out before the day was half over. Cold weather seemed to go right through me and I took colds easily. Sargon brought back my appetite and thus nourished and strengthened me. I sleep good, go through the day without tiring in the least and I have not had a cold since I started the medicine. Sargon Pills completely ended my constipation and put my liver in fine condition"—A. J. Butler, 1121 E. Jefferson St., Fort Worth.

Sargon may be obtained in Goldthwaite at Clements' Drug and Jewelry Store.

A GOOD REPORT

In commenting on current conditions, Carl R. Gray, president of the Union Pacific System, in a recent interview in Los Angeles, said that unemployment is on the decrease, that much road building and considerable real estate building are in progress and that the farmer is much better off than a few years ago. Bankers in the Middle West told him that savings accounts, instead of being lower in January as is usually the case, showed an increase. His company is going to make details catch up with some of its major developments and continue with the general betterment program all along its route during 1930. Rail passenger service, he said, is "dolling itself up a little" in colors, car appointments and service to meet new public demands. He does not see in airplane travel much competition to regular rail travel at this time, but admitted that he might be old-fashioned in this respect, adding, "A few years ago I was not much impressed by possible competition but now I am in the business myself from Chicago to the Pacific Coast."

fective for three years, the cost to this town will be \$40,500.

A lone bandit robbed Cameron Marshall, dean of music at Howard Payne college, and Robert Mayne, student of that institution, of about \$150 late Thursday night at pistol point while they were in Mr. Marshall's studio at the L. J. Mimms building. The money obtained represented the receipts the box office had received for tickets to The Merry Whirl Minstrel Revue. The boyish bandit, unmasked, entered Mr. Marshall's studio with a pistol in hand and demanded the money which was in a safety deposit box. He took the box, covered it with a blanket and fled. Mr. Marshall fired at the fleeing man with a pistol. However, the gun was loaded with blank cartridges.

A Year For Home Living

During this adjustment period, when there is an overproduction of many farm and manufactured products, the wise farmer will make more than a usual effort to produce for home consumption. It has been many years since conditions called for a live-at-home plan with quite as much force as now. It will take a year, perhaps longer, before the various marketing set-ups sponsored by the Federal Farm Board, show an encouraging measure of success. A revolution in our marketing methods can not be completed in a day or a month. It must come gradually in order that other lines of business may become adjusted to the new way of doing things. Those sponsoring the movement must move with caution else mistakes will be made that will have a vital influence upon this supreme effort to place agriculture on an even basis with other industry.

Therefore, every farmer should provide an abundance of feedstuffs for his livestock and as much food for his own table as it is possible for him to do. Fruits and vegetables should be dried, preserved and canned. Meat animals should be raised for home killing and consumption. There should be a little to sell, if need be, and then, when the major crop is ready for the market there will be cash to pay up old debts, to improve the farm, buy new equipment and do the many other things farmers have planned for and dreamed of, in these many years.—Farm and Ranch.

Parrots, Fires and Accidents

"It is with mixed emotions that one reads of the presidential order for the exclusion of hospitable shores," says the parrots from our previously Portland Oregonian. This action is the result of a disease said to be brought in by parrots and which has caused the death of several persons. While the parrots frighten us into hysterics over a few deaths attributed to them, we go calmly on our various ways unmindful of some 15,000 persons burned to death each year in fires and some 30,000 persons killed in automobile accidents. In other words, nearly 45,000 lives snuffed out annually by causes which are almost wholly preventable, do not move us to corrective action, but a sensational cause arouses our im-

mediate interest. By the same token that it is good judgment to protect the people from needless diseases, it is also good judgment to focus public attention on the lives and property that can be saved annually by a little care in the use of fire and automobiles. If the parrot incident could only call public attention to the incongruousness of the present situation, it would be of lasting benefit to humanity.

The Seven Claims in Conoco's Challenge that Brought this Amazing Public Acceptance of Conoco's Germ-Processed Motor Oil

- 1 Combines with metal surfaces and never leaves bearings and other working parts.
2 Refined from carefully selected paraffin base crudes by patented processes. That means stability.
3 Positively increases gasoline mileage by reducing friction. That means economy.
4 Will not break down under cylinder wall heat. That means less oil consumption.
5 Substantially reduces motor wear in starting because this oil penetrates metal surfaces and stays there. Other oils require 15 to 20 minutes to lubricate all moving parts.
6 Crankcase dilution does not seriously impair its "oiliness" value. That means greater motor protection.
7 Will lubricate efficiently at sub-zero temperatures. That means thoroughly de-waxed oil.

**ASSOCIATION FORMED**

The American Wool and Mohair Co-operative Marketing Association has completed arrangements for handling the product at Goldthwaite, by securing a building for storage purposes, selecting a general manager to weigh in the mohair, look after the handling of sacks and other matters pertaining to the delivery for shipment of mohair.

The fact that the members can draw 35c per pound on their bill of lading the day the mohair is delivered for shipment, and still have title to the mohair should encourage the goat men to consider this Association to handle their mohair. We were informed that the present crop of mohair was to be bought for 35c for old hair and 45c for kid hair. If this is true, every grower ought to consider the new order of selling thru the American Co-operative Association for wool and mohair. Some say that the 35c price or advance is all right if they do not have to pay any of it back. That's an old gag. We, of the Faria Bureau Cotton Association have heard that statement for the past ten years, but you nor any one has ever been able to point to a single party who was called upon to pay back after he had received his advance, and the fact that this organization is backed to the tune of over a million dollars of the Federal money, to pay advances, ought to make it plain to the growers that they will never be called upon to pay back any part of the advance. The only case that may come up would be in case you delivered burry mohair, which is not worth more than the advance. Then you ought to expect to have to pay back, but we hope to deliver only clean mohair and are requesting all members to see to it that their mohair is clean of burrs.

At the meeting last Saturday a committee was appointed to secure a house for storing select a manager and recommend such other arrangements as necessary. This committee was composed of Tom Rahl, chairman, Chas. Smith and R. F. McDermott. All arrangements have been completed and the committee will make their report next Saturday at 2:30.

We invite all goat men to meet with us at this time, as we will be receiving the mohair after this date and can answer your questions and give you all the information required for entering the Association. Let's go.

R. F. McDERMOTT, Secretary.

**BETTER COTTON SEED**

A car-load of Mebane cotton seed has been subscribed for by farmers in the Goldthwaite territory and arrangements made for separate ginning. This is a commendable move and if cotton grown from these seed is kept unmixed at the gin we will have an opportunity to go a long way toward standardization after this year.

But if growers mix this cotton when picked, or allow it to be mixed at the gin, the only advantage derived will be good seed at a reasonable price and the greater benefits of having pure seed for next year's planting and a premium when sold, will be forfeited.

I am suggesting that when these seed are delivered, that a list of purchasers be kept and they be obliged to keep the lint and seed unmixed or at least not to bring mixed cotton to the variety gin.

We hear much about which is the best cotton. The crude experiments reported by our growers only prove that Mebane is better than Mebane or that Mebane is not as good as Mebane. So we must rely upon the experiments made by our Sub-stations for facts.

Plant better seed on fewer acres, well fertilized.

W. P. WEAVER, County Agent.
