GAS LINE SURVEYOR VISITS THIS CITY

Gas Supply Expected By Winter

A representative of the Lone Star Gas Co., one of the main gas companies of Texas, was here this week looking over the situation preparatory to making a survey for a pipe line from Brownwood to Lampasas. This is the second company seeking the right to pipe gas to Goldthwaite and the indications are encouraging for getting the gas here by next winter.

METHODIST CHURCH

Wonderful crowds were in attendance at all the services Sunday at the Methodist church in Goldthwaite. Spring is in the air. All nature is putting on new life. Why not the things of the spirit. The special services at our church are attracting the folks. We are expecting a gracious revival for Easter. The pastor will continue to do his own preaching and all sermons to Easter will be connected with the last week of our Lord's life.

Our Mayor has proclaimed a clean-up week to get rid of brush, weeds and rubbish, and this is highly commendable. But would it not be as well for each of us to proclaim a clean up season when there shall be cast out of our hearts all malice, prejudice, evil thinking, doubt, indifference and all the enemies of God and goodness in our lives and have a heart fit for the abode of the spirit of Christ.

Great crowds are expected at Sunday school and all the services next Sunday. The morning message will be "The questioners quizzed" and at night "A big deposit in the bank of Heaven."

You are cordially welcomed at all the services.

S. D. LAMBERT.

CHURCH OF CHRIST

Last Sunday was a busy day with some of us. The writer preached at Star last Sunday morning and afternoon to large and attentive crowds. Some fifteen of our members here in Goldthwaite attended the afternoon service at Star. This was a pleasant surprise to me.

There was a large crowd at the morning service here Sunday morning. The writer met the Young People's Class last Sunday evening and at the regular hour Sunday evening spoke to a large crowd on "Paul's Missionary Journeys." From all appearance the work is moving along fairly well here in Goldthwaite.

We are having good crowds. However we are not trying to arrange any kind of entertainment to draw people. Just soul stirring songs and humble gospel preaching, with courtesy always extended to the people, who attend.

We had sixty-eight at prayer meeting last Wednesday night and an interesting study of the Word. Brother, Sister, don't forget we need your hearty cooperation in all our undertakings. If you will give the cause you will surely grow. If you do not you and you alone may be the cause of its falling short of what it should be.

Be with us next Sunday. Subject for Sunday night: "Salvation by Grace."

E. S. FITZGERALD, Pastor

CLEANUP WEEK NOW BEING OBSERVED

Citizens Interested In the Work

Those who have forgotten to co-operate in clean up week exercises are reminded that they have the remainder of the week to place trash and rubbish in containers at the side of the street and have it hauled free by the city wagons. Those who fail to make an effort toward cleaning up their premises may expect a notice from the sanitary officer soon and then they will have to bear the expense of hauling away the trash.

CLUB ENTERTAINED

Mrs. Foster Brim entertained Friday evening, March 14, with a dinner party honoring the Merry Wives Club.

A three course turkey dinner was served to twenty-four guests at the Royal Cafe. A color scheme of lavender and pink being used in the center table decorations as well as the place cards.

The party was concluded in the Toland home, with bridge favors going to Mrs. Walter Fairman, Kelly Saylor, Mrs. Mark Fairman and Charles Frizzelle.—Reporter

BIRTHDAY DINNER

Talmage Palmer of Albany for the past few days has been visiting in Goldthwaite, the old home town of his boyhood days. He spent most of his time with his mother, Mrs. P. G. Palmer, where on the second of April, Mrs. Harry Palmer and Mrs. J. M. Bateman surprised him with a real birthday dinner.

Those two ladies are adept in the culinary department of home keeping. Every one pronounced the dinner first class in every particular. We were glad as a guest to be present and enjoy the company of one of Mills County's best men. Mr. Palmer, while in the city visited his father-in-law, Mr. Burdett, in his suburban home and was delighted to find him improved in health. The guests at dinner invited Mr. Palmer to return and join a fishing party to the Colorado river in June. We are looking forward to his visit at that time with pleasure. We also decided to include Claud Burch to go with us nad direct the frying of the fish.

A GUEST.

out of it, and for the blessings that others will get, and for the glory of God. My prayer is that every member in my church will be loyal, that they will put their church first, that they will love God, and love each other, and work together as never before. If we will do this, there is a new day for us and some things that we have prayed for and looked for will come to pass. The favor of God will come if we do our part. Be on time Sunday with a smile.

THE GOLDTHWAITE EAGLE

Fort Stockton has had two murder mysteries lately. The first was a middle aged woman and a girl found in the river, near that place, their bodies gave ample evidence of having been murdered. Neither have ever been identified. A few days ago a man, who has been identified as having spent some time at a hotel in Fort Worth, was found murdered. His body was nude and had been in the river for several days.

Chairman Legge of the Federal Farm Board says that information received by the board indicated farmers are reducing spring acreage to a greater extent than was shown by earlier reports to the Department of Agriculture on intention to plant. The chairman said the reports of growers on which the department had based its estimate probably were made in many cases as long ago as the middle of February. Since that time, he added, the board's reduction program had gained considerable impetus.

Prohibition Commissioner Doran announced Friday that bootleggers who sold a concoction of creosote or crude carbolic acid flavored with ginger were responsible for the several hundred cases of paralysis in the South and Southwest sections of the country. The Commissioner said the concoction, which he termed "sheep dip," had been tested and found to be poisonous. Hundreds of samples, he continued, had been examined and were discovered to be either creosote or crude carbolic acid flavored with ginger.

Settlement of a suit with the British Government whereby approximately \$12,500,000 in stocks attached during the World War will be returned to German owners has been announced by Howard Sutherland, alien property custodian. Under the agreement, the United States paid about \$250,000 to cover the cost of litigation over the securities. In return, Great Britain, through its trustees, returned title to \$17,000,000 worth of stock to the alien property custodian, who will receive about 80 per cent to the original owners in the near future.

The first of five libel suits in Federal Court in Fort Worth against the Liberty Magazine, which it must face for publication of an article on Gen Sam Houston having resulted in a jury awarding \$25,000 damages to Mrs. Temple Houston, widow of his son, Liberty Magazine will have until next fall to appeal the decision and prepare for the other four cases. Attorneys for the magazine announced immediately after the verdict was read that they will give notice of appeal to a higher court, as a matter of course. They indicated, also, that they probably will not make settlement with four children of Temple Houston, who with their mother are seeking a total of \$600,000 damages for the magazine article, but will face the charges of libel in United States District Court. In this case, the suits will be heard at the fall term of United States District Court.

MR. COBB'S LETTER

Christmas Gift, Bro. Bob and all the rest. If you don't like this kind of weather, I mean the kind you are having at this writing, just take a spin down to Corpus and see the cotton by the thousands of acres up and ready to plow, with all of us bragging. Sunny South folk doing the something unusual (of course) wrapped up in our over coats, cloaks, gloves and hunting for fire; all of course to try to realize how people in localities north of us get by, when a cold snap strikes them about the last of March, 1930. The writer really believes it would embarrass us to see you come driving in this a. m. to spend a few days with us where the balmy Zephyrs have taken their departure to capture, if possible, something preparatory to counteracting influence over the excessively warm weather of last summer (which of course was something unusual for a climate like this) to mix with similar ingredients the coming summer (should such come our way, which would be very unusual) taking time by the forelock to have, if possible, something in keeping with what we advertise, to induce people from other less pleasant surroundings to come to see us.

Much more might be said, but for fear our letter might shock the nerves of some who might have been in the top stories of some of our sky-scrapers looking out for a cool breeze when this rollicking spell came swooping down from the north. If you have a surplus of any more such weather the good people up in Iowa might more readily accept and appreciate it than would our big hearted people, who think they know when they have enough. What do you think about it. Brother Sam Say.

We are having all sorts of things going on beside, unusual cold snaps and warm spells, which might be of so much interest to you as to cause you to look over and beyond a little spell like this, so if you have been thinking of visiting one of the prettiest, growing little cities in Texas, you need not pass us by. We are sure if you were here 50 years ago, you would not begin to be able to locate yourself. So as to know where you are, should you be so fortunate as to be dropped out of your air plane on top of our 14 story Plaza hotel. You can risk it once, as very few of us travel that way, hence the majority will be out looking for you if you will advertise your coming a few days in advance. You know the learned ones, especially the financiers, tell us it pays to advertise. That reminds your scribe that his failing to advertise his 81st birthday next Monday, March 31, may knock him out of the pleasure of reading a congratulatory card about that time. Well, such is life and yet advertisements are nothing new to people in this beautiful world, for we find nearly two years back down the ages there was a book started which is still in existence advertising a city, not made with hands, and provided with everything good for a final home for every man, woman and child who will accept it. There are conditions by which we can be beneficiaries by meeting these conditions, just like the conditions in any other honest, legal advertisement and just as reasonable or more so, which will bring larger and more lasting returns. Isn't it strange, with these facts staring us in the face, with no doubts as to fulfillment, that so many of us who profess to believe the

On Sunday, March 30, 1930, the marriage ceremony of Miss Irene French to Mr. Roy Braswell was solemnized in the home of the bride's parents, Rev. and Mrs. L. W. French, by the bride's father. There were a few of their friends as guests. Mr. Braswell is not a resident of this county, but he has made quite a few friends here. Mrs. Braswell was reared here and has many friends here. whole story for good and its warnings will go around trying to put our heads in every halter the Devil is holding out to catch, trap and lead us off after all his questionable tricks to cause us to lose our inheritance? Did you notice we said questionable tricks? Have you discovered any of them? Would you think it proper to read one big advertisement in the Book, "Go deny yourself, take up your cross and follow me" then go to one of the Devil's dances or one of the dirty picture shows, with those halters about your head, with a good long stout hitch rope to it, sufficient strong to keep you for two hours or more, with no complaint, and then twist and squirm at a 40 minutes service in our Father's house. Oh, consistency, where have you led us?

GRADE CROSSING MENACE

In spite of the great safety of the railroads, which has been successful in almost every phase of operation, grade crossing accidents continue to increase. The lines are conducting a constant campaign to educate the public to the dangers of carelessness at grade crossings and to secure co-operation. That motorists have failed to respond is not the fault of the railroads. A number of court decisions, including the Supreme Court, have held that the burden of responsibility at grade crossings is on the motorist, and not the railway company. Those who fail to take reasonable precautions must take the consequences. A survey once determined that the average train consumes but seven seconds in passing a given point. Yet thousands of people are killed and injured each year in a vain attempt to 'save' this infinitesimal bit of time. Perhaps the most telling commentary on grade crossing accidents is that a large percentage of them occur when automobiles hit trains, instead of trains hitting automobiles! And the constantly increasing number of deaths from such accidents affords a terrible example of the truth of "Stop, Look and Listen."

DALLAS LADY GLAD TO PRAISE FAMED KONJOLA

Neuritis And Stomach Troubles Soon Banished By Power Of New Medicine.

MRS. E. M. FITZGERALD

"I never had the least idea Konjola would help me as it did," said Mrs. E. M. Fitzgerald, 4533 Worth street, Dallas. "My stomach gave me a great deal of pain and trouble. Gas accumulated in my stomach after meals and the pressure against the heart cavity caused that organ to beat wildly. Neuritis attacked my side and my right arm and shoulder. These pains were often so severe that I could not do my housework. I did not sleep at night and became very nervous.

"Konjola is fast bringing me back to health again. My stomach is in excellent shape and I can eat almost anything without distress. The neuritis pains are gone, my sleep is normal once again, and my nervous condition has greatly improved. I shall always recommend Konjola to anyone suffering as I did."

Konjola works with the important functionary organs of the body, drives the poisons from the system and regulates the organs of digestion and elimination. In this way glorious and abundant relief is brought about. It is recommended that Konjola be taken from six to eight weeks for the best results.

Konjola is sold in Goldthwaite, Texas, at Hudson Bros. Drug Store, and by all the best druggists in all towns throughout this section.

MUSHROOMS AND FIRE

If a few people become ill or die from eating poisonous mushrooms, public opinion is aroused and manifests itself in demand for mushroom inspection, prohibition or whatnot. Yet if a hundred people are burned to death in a fire which could have been easily prevented, the nation hardly gives it a second thought. It is a parallel case to the old newspaper dictum: "If a dog bites a man, that's not news; but if a man bites a dog that is news." In the one instance the public is appalled mainly because of the death. We have come to regard unusualness of the agency of fire, to the contrary, as being usual and unavoidable. This is a tragic situation. Every year thousands of people lose their lives, to say nothing of the hundreds of millions of dollars worth of property destroyed, because of carelessness or ignorance. Fire is a menace to every citizen. If the death of a person from poisoned food causes a nine-days' wonder, the death of thousands every year from fires should create a great public movement to remove the danger.

Musician Popularizes Dance as Quickly as Prince of Wales

The Prince of Wales danced the new blues rhythm—"Yale Blues," at the Park Lane Hotel in London. Bearing this stamp of approval the dance immediately became the craze of the day. Its tune and steps both being of English origin added to its popularity until it almost became a national mania.

In New York, Bernie Cummins, orchestra director at the Hotel Biltmore, and musical arbiter of many Greek letter fraternities, heard tales of this English fidget and cabled for copies of it. Within the week he started playing it and fraternity men returning to their colleges from Christmas holidays in New York, introduced it on the campus. Within two weeks the "Yale Blues" was known all over our country. Now Bernie Cummins is wondering whether the Prince of Wales or he can start a dance quicker.—Here it is:
Forward Step—Gentlemen R. F. forward (S) L. F. forward (S) open change to right side (QQ) close L. F. to R. F. (S) and brush through (S)
1st Side Step—Open change to side (QQ) step on L. F. and

bend knee (S) bend right knee regaining direction for another movement (S)
2d Side Step—Side Walk L. F. (S) Side Walk R. F. (S) followed by L. R. (QQ) step on L and bend knee (S) bend right knee and regain line of dance.
Outside Tilt—Step outside of partner L. F. (S) R. F. (S) Swing L. F. forward with slight rise on R. F. (Q) pass L. F. behind right (Q) step to right with R. F. (Q) bring L. F. to right and brush through (S)
Reverse Cross Turn—L. F. forward 3/4 reverse turn (Q) Step back on R. F. 3/4 turn (Q) draw L. F. over R. F. (S). Step back on R. F. (Q) balance forward (Q) balance backwards making a 1/4 turn (S) bring L. F. to side of R. F. and make 1/4 turn on right heel (S) step to side with L. F. (S) step back with R. F. (Q) close L. F. to R. F. (Q) changing feet with slight spring, the R. F. taking long step forward (S).
Tempo, 34 bars per minute. Time, common. (S) represents two beats. (Q) represents one beat. R. F. (right foot), L. F. (left foot). Walking steps should be dragged. Side movements performed with a slight sway from knees.
S denotes a slow step, Q a quick step and QQ two quick steps coming together.

WILL DEFEAT AIMS OF FARM BOARD

When legislation creating a Federal Farm Board passed Congress it was not intended that an effort be made to repeal the law of supply and demand, or in any manner to interfere with its free operation. On the contrary, it was the intention of Congress to make possible a general co-operative movement on the part of farmers which would enable them to properly distribute their products and merchandise them to an advantage, the price depending upon the supply and other economic conditions influencing the demand. It was also thought that farmers, when bound together in co-operative enterprises, would become better informed regarding the world's probable needs of any commodity and would regulate the supply as nearly as possible.

If farmers refuse to co-operate, and if they pay no attention to the warnings regarding over-production, the Farm Board will be helpless. The money appropriated for its use might as well be turned back into the treasury of the United States.

At the present time we are facing a condition in the wheat market that will test the powers of the Board. The wheat elevators in the United States and Canada are almost full of un-moved grain from last year's crop. We are approaching another bumper crop. The crops of wheat in other sections of the world have been abundant and it is not likely that the foreign demand will make much room for the new grain. What will the producers do with it? Will we see wheat piled upon the ground in great mounds to be damaged by weather? Will we find that wheat is so cheap that it can be used for livestock instead of for bread? It looks as though that very condition will make itself felt within another three months. — Farm and Ranch.

A STAMP COLLECTION

When you buy a 2-cent stamp at the postoffice, it may be worth \$6, according to Dr. J. Laurence Whitman, professor of chemistry at Texas Christian University, who has a hobby of collecting stamps. Uncle Sam has issued no less than eight varieties of 2-cent stamps of the current issue. "A specimen of one variety is worth \$6," Dr. Whitman says. He began collecting American stamps when he was 8 years old. He collects foreign stamps also, but his chief interest is in his United States collection. He has a specimen of every stamp issued by the government since 1900, and some of his stamps date back to 1851, the year Uncle Sam began using stamps. He values his collection at one thousand dollars. "Those who are not stamp collectors always asks what makes an old stamp valuable," he says. "The value of a stamp depends upon supply and demand. The rarer the stamp, the more it is worth. For instance, when the first air mail stamps were issued, in 1918, the bureau of engraving, by mistake, printed several hundred of them with the airplane plate upside down. One of these misprint stamps recently sold for \$2,300.

The Highway Commission with its departmental engineers will make an inspection trip of the roads bordering the Gulf Coast and throughout the lower Rio Grande Valley up to San Antonio, this week, Highway Engineer Gibb Gilchrist, reports.

The Colton bill authorizing appropriation of \$30,000,000 for Federal highway aid in the fiscal years 1931, 1932 and 1933, has been approved by the House Public Boards Committee. Under the measure \$5,000,000 would be added to the sum already provided for 1931, while the remainder would be expended during the next two years.

Hundreds of thousands are dead of hunger and cold and children face starvation before June in the province of Shensi, China, is claimed by reports from missionaries in China. "An unusually severe winter has wiped out hundreds of thousands of persons, whose starved condition, lack of fires and clothing prevented them from surviving," the reports said. "The worst famine section is in the Wei River valley in Shensi. A year ago the population was 6,000,000. Two million died during 1929. Two million more are doomed by June.

D. 1930, in a suit, numbered on the docket of said Court No. 2302, where J. W. Crawford is Plaintiff, and Josie Crawford is Defendant, and said petition alleging:

Now comes J. W. Crawford, who resides in Mills County, Texas, hereinafter called the plaintiff, complaining of Josie Crawford whose place of residence is unknown, hereinafter called the defendant. The plaintiff represents to the court that he is an actual bona fide inhabitant of the State of Texas for a period of time of more than 12 months, before the filing of this petition, and has resided in Mills County for six months next preceding the filing of this suit. Plaintiff alleges that he was legally married to the defendant in Erath County, Texas, on or about the 20th day of December, A. D. 1887, and they continued to live together until on or about the 4th day of January, A. D. 1929, in Lubbock County, Texas, when he was forced to abandon the defendant on account of excessive cruel treatment. Defendant often cursed and abused the plaintiff and applied to him the vilest and most opprobrious epithets, without cause or provocation whatever on part of plaintiff.

Plaintiff alleges that the defendant's action and conduct toward him generally are of such nature as to render their further living together as husband and wife insupportable.

Wherefore, the plaintiff prays the court that defendant be cited to answer this petition and upon final hearing hereof the plaintiff prays for judgment against the defendant dissolving the marriage relation between the plaintiff and defendant be held null and void and for costs of suit and for such and further relief that he may be justly entitled to in law or equity.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Goldthwaite, Texas, this 17th day of March, A. D. 1930.

(Seal) JOHN S. CHESSEY, Clerk, District Court, Mills Co. A true copy I certify.

C. D. BLEDSOE, Sheriff of Mills County.

AN OPTIMIST

In a late address before the Lions Club at Colorado, Texas, Fred B. Whipkey, publisher of the Colorado Record, and a former publisher at West, McLennan county, told what constitutes an optimist by relating the following story:

A fellow in the town was bitten by a dog. In a few days he became sick; the doctor came and told him they had found the dog to be mad. The fellow, who was in bed instantly jumped up, grabbed his tablet and pencil and began to write rapidly. The doctor said, "Hold on, you may not have rabies; I may be able to cure you. You need not make out your will yet. The fellow stopped his writing, looked at the doctor, and said: "Will the dickens! I am not writing a will; I'm writing down the names of the people in this town that I'm going to bite when I go mad." That man was a true optimist.—Waco News-Tribune.

ROCKEFELLER PARKS

John D. Rockefeller gets his fun out of his money now by spending it. Some time ago he became interested in forests. He saw that the trees are giving way before the invasion of man, and thought something ought to be done about it.

He has spent thus far about \$8,000,000 on the purchase of beautiful wooded parks, which are presented to the public for park purposes. He had provided North Carolina and Tennessee with about \$5,000,000 worth of land to add to the Great Smoky Mountain National Park, and appropriated \$3,000,000 of his funds to the payment for lands in the Yosemite district, to be attached to the Yosemite National Park.—Dallas News.

Radio is Opportunity for American Singers

Native Art Finds Appreciative Audiences On the Air

New York City.—America has been a long time appreciating American art, especially singing. But radio has given American singers a real opportunity to show their talents. This is the collective opinion of the Silver-town quartette, one of the most famous musical groups now on the air.

Cyril Pitts from Richmond, Indiana, Thomas Muir from Towanda, Pennsylvania, George Miller from Nebraska, and James Phillips from Boone, Iowa, are the members of the all-American quartette.

Pitts was a school teacher. George Miller studied music at Washington College, Washington, D. C. James Phillips rode freights to Chicago from Iowa, hungry to hear good music. Thomas Muir studied opera in Milan, Italy. The four typical American six footers, driven by a common desire to sing, finally met at a radio station here and formed a musical combine.

"Since the popularity of radio, a good American singer now has a chance as a good doctor or lawyer," says Pitts, who having taught school, is usually chosen spokesman. "The radio has let Americans know that we have some pretty good material at home and that one doesn't have to be Italian, Russian, Bohemian or Hungarian to sing."

"We get letters from all over the country every time we go on the air, telling us how surprised people are to learn that real Americans have such beautiful voices, and that American musicians have written such beautiful songs. This good material has been here all these years, but for some unexplainable reason we have thought good music had to be foreign music."

"'Lazy weather,' by the writers of 'Muddy Waters,' is an American as any tune can be. It is a melody of the South and a story of the South, and as lovely as anything we could sing from any other country. In fact other countries will probably adopt it as a classic. Yet we know that but for radio, we should not be able to sing it and still be considered serious concert singers."

"In Europe our best jam is treated with positive reverence. We ourselves are just beginning to get enough musical knowledge to realize the beauty of these tunes."

IN MEMORY OF MR. NESBIT

Another Mills County pioneer passed on to the Promised Land of the New Jerusalem on Wednesday morning, Mar. 19. Mr. J. Nesbit fell asleep in Jesus at his home in Pleasant Grove Community. Many friends and acquaintances will read with affectionate interest the following brief sketch of the good husband and father. Fourty-four years his life was beautifully exemplary of all the Christian characters. He was kind and was loved and wanted peaceful. He was such a loyal husband and devoted father. Because of his passing out they mourn not as those without hope, for they know he still lives, in that home not made with hands. His last three years of life were spent in great sufferings. No one realized it but the one that watched over him from time to time. But he always met you with a smile and had something to say about God and his church work.

There was very little complaining of his condition. We had known him for years. We can truly say, we all loved him. While we will see him no more here, we expect to meet him up yonder.

May this dispensation of Gods Providence mean an unbroken family in the Glory Land.

His Pastor and wife, Rev. and Mrs. H. E. Moreland.

CARD OF THANKS I desire to thank my friends and acquaintances for their heart free, thoughtful and gracious assistance and sympathy extended to me in my recent bereavement. The ranks of the old time friends is fast fading but the fewer they become the more precious they are. With best wishes for all.—MRS. LULA B. PORTER, Mountainair, New Mexico.

A CARD SYSTEM The Eagle management has adopted the plan of notifying subscribers by a card system at time their subscriptions will or have expired. This plan was made necessary by some of our friends objecting to having their names dropped from the Eagle subscription list without notice. Under the new plan, two weeks will be given between the mailing of the card and dropping the name. The card asks if the paper is wanted and it would seem reasonable that a subscriber ignoring the notice does not want the paper. It is sincerely hoped that every one receiving a card notice will at once renew their subscription. Incidentally, there is only a few more days of the special offer of the Eagle and Semi-Weekly News for \$1.75.

HOME TOWN THOUGHTS

Community life is called a partnership. To draw dividends of progress, invest time and effort in home town causes.

Our home town gives most of us our prosperity. Look out how you injure that prosperity. A public movement, to accomplish its ends, has to tell the people about its efforts through the newspapers. Also if a business is to grow, it needs to tell the people about its goods through advertising.

Backward Neighborhoods

Ambitious folks don't like to live amid disorder. It would depress them. They get busy, and ash-heaps and piles of litter vanish as the damps of night disappear before the morning sun.

Careless neighbors see the contrast, and it makes them uncomfortable. Before long you see them agitating rake and spade. They may not alter their habits as the result of argument, but they are moved to action when they see a neighbor outshine them.

Which illustrates the recent remark of the head of the Ohio Building and Loan associations, that "when you put a progressive family on a backward street, you raise the level of living on the whole street." Many of our folks in sight of improvements made by Mullin would admit that their neighbors had induced them to beautify their own home.

News comes from Miss Ruth Martin of Maverick that she has entered a business college in Abilene and is delighted with her environment and college.

Mr. and Mrs. Willie J. Edmondson announce the arrival of a new daughter on the 2nd of April, 1930.

Mr. and Mrs. A. L. Carrol were in town from their ranch with a fine bunch of chickens. Their incubator is running all the time.

Mr. and Mrs. S. J. Casey, Jack and June Casey visited Mrs. Mary Vann in Goldthwaite recently.

Miss Annie Laurie Petsick spent the week-end in Caradan with relatives.

Mrs. Lee Masters of San Sabe visited her sister, Mrs. C. R. Wilson, the past week-end.

Mr. and Mrs. W. O. Kemp of Brownwood visited G. W. Chancellor and family recently.

Fred Perkins of Palmdale, California, and Mrs. Wm. M. Andrews and W. R. Johnston of Bellville, were among the out of town people who attended the funeral services of Mrs. Hugh Starks Saturday.

Rev. J. L. Hallford Jr., of Prairie was in town Saturday.

Mr. and Mrs. W. H. Carlisle, Mrs. John Carlisle and daughter, Miss Ruby, visited Mr. and Mrs. George Absher Saturday and report a delightful day in this hospitable home.

Mrs. A. R. Pyburn is visiting relatives at Eola this week.

Mr. and Mrs. Jeff Davis were called here Saturday to attend the funeral of her sister, Mrs. Hugh Starks.

Rev. J. W. Stripling is in Kerrville visiting a niece and while in that city preached for the good people there on the 5th Sunday in March.

Mrs. Harry Hennesdorf of Brownwood, formerly Miss Russie Oden of Mullin, visited a number of old friends here Friday. She spent the week in Goldthwaite with her sick mother, Mrs. E. Oden, whom we are glad to report seems very much improved.

Mr. and Mrs. E. P. Hanks of Zephyr visited Mr. and Mrs. T. J. Clendenen Sunday.

Howard McCormick of Los Angeles, California, was a recent guest of Mr. and Mrs. W. S. Kemp.

Mr. and Mrs. Lloyd Hancock of Gatesville spent Sunday visiting Tip Hart and family and other relatives here.

O. L. McFarland of Temple is at the home of his parents, Mr. and Mrs. W. H. McFarland quite ill with an attack of sciatica rheumatism.

Mr. and Mrs. T. D. Goodwin of Blanket have returned home after a pleasant visit here with the families of Perry Goodwin, Willard Mosier and Mrs. J. L. Burkett.

Judge L. E. Patterson and sons, Bert and Ben, visited Mr. and Mrs. R. H. Patterson recently.

Mrs. T. J. Clendenen and Miss Lena Clendenen visited friends in Brownwood Saturday.

Mrs. Davee visited her daughter, Mrs. Murphy Petty, in Zephyr Sunday.

E. A. Tyson, tax assessor, was in Mullin Monday looking after business.

Mr. and Mrs. T. W. Cryer spent Sunday in Zephyr, the guests of Mrs. Felix Johnson and family.

Mr. and Mrs. J. M. Scott were Hamilton visitors the past Sunday.

W. M. Hilliard and family have moved from their farm east of town to the dwelling of Mrs. E. J. Kings in this city.

THE GOLDTHWAITE EAGLE

Prof and Mrs. Newton and L. E. Miller and wife visited Brownwood Sunday.

B. A. Howington of the Wash-board section had business in the city one day this week.

You should see the stylish samples of spring suits Burch is showing.

S. M. Bleeker of Caradan looked after business in this city the early part of the week.

F. R. Hines was here from the Antelope Gap section Monday, looking after business matters.

J. M. Dalton came over from Center City the first of the week to look after business matters.

These cold days, nothing tastes better than Hot Chili.—Bill's Cafe. One pound bricks.

Wilbur Smith, assistant postmaster at Brownwood, was a visitor to Goldthwaite the first of the week.

Mrs. Bert Galloway returned Thursday night from a visit to relatives in Weatherford and in that section.

Mrs. John Schooler, nee Addie Hudson, was here from San Angelo last week, visiting her parents and other relatives.

Bring kodak films at 9-00, get them at 6-00. Studio west side of square.

This is cleanup week and every citizen should take pride in helping to make of this one of the most sanitary towns and one of the most sightly on earth.

Mr. and Mrs. Skipper have moved from the Webb residence on Reynolds street, to the dwelling known as the Driskill place, in the western suburbs.

Phone us your order for Bill's famous Brick Chili—Bill's Cafe.

Many of the home owners in Goldthwaite have announced the prizes offered by the Lions determination to compete for club in the yard and flower bed contest.

If you owe Archer Grocery Co. pay them.

If you own chickens and have no enclosure to restrain them from depreddating on your neighbors' garden or flower beds, just do away with said chickens. You can not afford to lose the good will of your neighbors over a few chickens.

Be sure to call for Bill's famous Brick Chili. The only original. Bill's Cafe.

Louis Needling, who was a citizen of the Big Valley section in early days, when Holland Frizzell, J. H. Burnett and T. Robertson were school boys, was here from San Antonio last week-end and spent a few days viewing the scenes of his childhood. He lives in San Antonio, but has visited many sections of country since his residence here.

Mrs. S. P. Sullivan's Sunday school class and a number of invited friends enjoyed a fish fry at the river bridge last Saturday night. The fish had been provided in advance and the young folks were allowed to participate in the cooking. A great time was reported by those so fortunate as to attend.

For early or late planting you will find good seed corn, known as the Bayley corn, at Kesse's Feed Store.

It is here suggested that every reader give careful attention to the article in this issue taken from the Star-Telegram and headed "Dogs and Chickens." The warnings therein contained are so applicable to Goldthwaite that it could easily be made a local article. Read it and see what you think of the menace of dogs and chickens wandering and marauding at will over the city, then join in the protests that is being made to the officers.

GAS FRANCHISE GRANTED

The City Council recently granted a franchise to the Consumers Gas company, whose home office is located at Brady to furnish the city of Lampasas with natural gas. The franchise was granted with a sixty days option for the above company to accept or reject it, and, should the franchise be accepted, the company will make bond guaranteeing the consumers in Lampasas gas ready for use by November 1st.

The Consumers Gas Company is now operating in Brady and also in Big Spring and the proposed line now under consideration by them will bring gas from the Brown county field to Lampasas, including the towns of Mullin, Zephyr, San Saba, Goldthwaite, Lometa and then to Lampasas. All of these towns have already granted franchises and with Lampasas falling in line, definite plans can be formulated by the company. — Lampasas Leader.

LISS LISTS A KICK

Priddy, March 31, 1930.
Dear Old Eagle:
My case reminds me of what I heard a preacher say. He said he lay sick one hundred and forty days in the long month of August. This is the eighty-eighth day I have been down in March and I want you to know I have enjoyed every visit of the old Bird. But I do wish you would quit listing all of those good edibles, as I am not allowed to eat anything but eggs and milk. Dr. Campbell is trying to convert a drug store into a dairy and I believe he is going to succeed. Dan Moody has played the dickens with me by setting aside this as Milk Week, for I have already been on it two weeks and have another to go. However, I am improving and hope it won't be long until I am able to hunt the old Bird's nest.

Yours truly,
LISS WALKER.

LITTLE BIG MEN

The Governorship of Texas is more important today than it ever was before. There is more at stake than ever before. Yet it probably is correct to say that Governors, in Texas and all the other States, are less eminent in the eyes of the people now than in former times. This is because politics offered practically the only opportunity for personal distinction in the bygone days. High office meant high fame for the incumbent when the only conspicuous men were those successful in politics. Even a King amounted to ten times as much 200 years ago as one amounts to today. Even so, a king of yore had to make a few wars and get credit for winning a lot of battles before the people and historians thought very kindly of him. Of course, an occasional king who didn't go in strongly for war could win a certain amount of popularity by beheading his wife or having his brother assassinated but the rule was that a warlike king was most beloved and most magnified in his office. As for the present Texas campaign, the weather is against it. No candidate or 'fluence man can get up a perspiration when the wind blows coldly across the hustings. Just you wait until the ides of June. There is in every regular voter a latent animosity which chooses its own time to express itself, and there will be enough animosity in this year's politics to suit the most animose.—State Press in Dallas News.

JACK PORTER BURIED

The remains of Jack Porter, who died in Mountaineer, N. M., last week, reached Goldthwaite Friday night and were interred in the cemetery at this place Saturday afternoon at 4 o'clock, after funeral services were held at the home of W. D. Clements. His mother, Mrs. L. B. Porter, and his sister-in-law, Mrs. Lon Porter, accompanied the remains to this place and a great many of the family's friends met with them and extended sympathy. Mrs. Porter and her sons lived here in the long ago and she is remembered as having been employed a good many years in B. A. Harris' dry goods store.

NUMBERS HELP

The census enumeration is in progress throughout the nation and every community is endeavoring to make a good showing. It is important from many viewpoints to have every human being listed in the district and those who happen to be away from home when the enumerator calls should be sure they are listed, if it is necessary to call on the enumerator. In the county and the town alike the greater population we can show the better. This census taking is once in ten years and those who are not enumerated now will have another ten years to wait before being enrolled as citizens of the town or county. To be sure the scholastic census is taken every year, but it is about as important for the children to be enumerated in that census as it is for all people, old and young, to be listed in the federal census, which is now being taken.

DOGS AND CHICKENS

The ownership of dogs and chickens anywhere within the city limits of Fort Worth is a liability that rests directly on the owner. Within the neighborhood relationship, both are easily nuisances and one—the dog—may become a menace. Dogs which are allowed to run at large in the neighborhood track with mud, walks, porches and steps. They dig up flower beds and they keep the neighbors awake nights. A person has a right to own a dog. But the neighbors have equal rights of being free from damage and danger. The problem is a very delicate one.

Dogs should be vaccinated against rabies. That applies to every dog, everywhere. Particularly is it true of dogs in cities. Children of any neighborhood are entitled, first, to safety. An unvaccinated dog in the block will deprive them of that right. Anyone owning a dog should regard the necessity of removing its presence as both a menace and a nuisance as paramount. If he does not do so, he should not be permitted to own one.

The ownership of chickens carries the obligations of a chicken-proof fence and sanitation. There is no excuse for chickens being permitted to damage flower beds. They will do so unless they are securely fenced in by their owners. Unsanitary chicken yards are a menace to the health of the neighborhood.

Responsibility for chickens and dogs should be placed squarely up to the owners. They have but precarious places at best in the metropolitanism of a city of the Fort Worth class. That they should be insisted upon by the authorities and the community-at-large.—Star Telegram.

Quite a sensation was sprung in Lampasas Saturday when Claud Strickland, until recently manager for the Texas Power and Light company at that place, was arrested charged with the murder of his wife, whose dead body was found in the family home two weeks ago. While the evidence in possession of the officers has not been made public, it is known that the district attorney was there investigating the case and that Strickland was released on a \$10,000 bond. When Mrs. Strickland was found in the family bath room with her throat cut and a bad gash in her side extending to the abdomen the coroner rendered a verdict of suicide. Her remains were carried to her old home at Weatherford for burial.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to summon Geo. E. Gray by making publication of this Citation once in each week for four successive weeks previous to the return day here of, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be holden at the Court House thereof, in Goldthwaite, Texas, on the 1st Monday in May, A. D. 1930, the same being the 5th day of May, A. D. 1930, then and there to answer a petition filed in said Court on the 10th day of March, A. D. 1930, in a suit, numbered on the docket of said Court No. 2300, wherein Ethel Gray is Plaintiff, and Geo. E. Gray is Defendant, and said petition alleging:

Now comes Ethel Gray, who resides in Mills County, Texas, hereinafter called the plaintiff, complaining of Geo. E. Gray, whose place of residence is unknown, hereinafter called the defendant; plaintiff represents to the court that she is an actual bona fide inhabitant of the State of Texas, for a period of time of more than 12 months before the filing of this petition and that she has resided in Mills County six months next preceding the filing of this suit. Plaintiff alleges that on or about the 24th day of December, A. D. 1923, in Mills County, Texas, she was legally married to the defendant and that during the time she lived with defendant there was born to them two children, Adella Gray, a girl, age 5 years, and Elmer Gray, a boy, age 4 years, and that the defendant without cause or provocation voluntarily left and abandoned the plaintiff for a period of time of three years, to wit on or about the first day of January, A. D. 1927, with the intention of permanent abandonment. The plaintiff prays the court that the defendant be cited to appear and answer this petition and upon final hearing hereof plaintiff prays for judgment against the defendant, that said marriage between the plaintiff and the defendant be dissolved and held null and void, and that she have the care and custody of the children aforesaid, and for such other and further relief that she may be justly entitled to in law or equity.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given Under My Hand and the Seal of said Court, at office in Goldthwaite, Texas, this 10th day of March, A. D. 1930.
(Seal) JOHN S. CHESSER, Clerk, District Court, Mills Co.
A true copy I certify.
C. D. BLEDSOE, Sheriff of Mills County.
By E. O. PRIDDY, Deputy.

Nurse Tells How CARDUI Helped Her

Mrs. W. A. Cox, a well-known professional nurse, of Burnside, Ky., writes: "I was in very bad health, and only weighed 110 pounds. I read in the papers about Cardui, and thought I would give it a try-out. After I had taken one bottle, I could see that I was improving. After I had taken it a month or two, I began to gain, and I weigh at present 168, and have weighed that for some time. I am now 55 years old, and can do as much work as the average middle-aged woman can. I would advise any woman, who is weakly and in a run-down condition, to try Cardui, but not to expect one bottle to make her well. I take two or three bottles a year, now, and I feel fine."

Even the Hostess Enjoys These 2-Course Luncheons

By JOSEPHINE B. GIBSON, Director, Home Economics Dept., U. S. Home Agency

THESE long winter months, with the children safely in school, offer an excellent opportunity for delightful entertaining. And instead of large dinners, or parties that tire you with preparations, it's much nicer to invite only a few friends for luncheon and pass the afternoon at cards or simple games.

The friends you entertain in this informal way do not expect an elaborate, heavy meal, though naturally you will wish to serve something exceptionally good, and a bit out of the ordinary. The answer is a two-course meal: one substantial dish, such as a salad, or a casserole of meat, fish, cheese or vegetables; and then an appetizing fruit salad, with cookies or plain cake for dessert. This is exactly the type of luncheon that any woman enjoys, and it may be served for any number of guests without inconvenience or worry.

Here are the menus for two such meals. When you see how simple they are to prepare and serve, you will want to have a "party" immediately!

Menu I
Baked Oysters, Mexican Style
Fluffy Rice Flake Muffins
Sweet Dill Pickles Sliced
Apple Butter Custard Pie
Coffee

Menu II
Chow Mein with Rice
Fresh Cucumber Relish
Hot Rolls
Pineapple, Prune and Marshmallow Salad
Cookies
Coffee

Baked Oysters, Mexican Style—To 1/2 cup tomato ketchup add 1 teaspoon Worcestershire sauce, 1/2 teaspoon salt, and a dash of pepper. Place one quart large oysters in a buttered casserole or baking dish, cover with the ketchup mixture, sprinkle with 1/2 cup grated American cheese, and dot over with 1 tablespoon butter. Bake in a moderate oven until the cheese is melted, and serve very hot with generous slices of sweet dill pickle.

Apple Butter Custard Pie—Line a pan with pie crust. Beat 2 eggs thoroughly, add 6 tablespoons sugar, and 1 cup apple butter. Then add 1 cup milk, mix thoroughly, and pour into the pan lined with crust. Bake in a moderate oven until the custard is firm.

Rice Flake Muffins—1 cup rice flakes, 1/2 teaspoon salt, 2 teaspoons baking powder, 1 egg, 1 cup flour, 1/2 cup water, 1/2 cup milk, 1 tablespoon melted butter.

Sift flour, salt, baking powder, and sugar. Add rice flakes, which have been crushed with rolling pin. Add milk to beaten egg, and mix into dry ingredients with a fork. Add melted butter and bake for fifteen minutes in moderate oven in well buttered muffin

BROWNWOOD

As a result of a large piece of a gasoline engine falling on his hand, Tom J. Reynolds, 901 Vincent street, Tuesday afternoon lost the index finger on his left hand.

Elmo Reasoner, about 22 years old, was found guilty of burglary in 35th judicial district court late Wednesday by a jury and assessed two years in state prison. Reasoner was charged with having stolen a pistol from Richardson and Son.

Lloyd Champion, charged in 35th judicial district court with robbery with firearms in connection with the robbery of the First National bank of \$8,000, will seek a change of venue when his case comes to trial before Judge E. J. Miller here on April 7.

Another attempt by prisoners to make a break for liberty at the Brown county jail was frustrated late Tuesday afternoon, following a tip received by the sheriff's department. On searching the jail the officers found 13 files hidden in various places about the large cell on the north side of the building. Several of the files were found behind a mirror, between the glass and the pasteboard. The saws were obtained by the prisoners from an outside accomplice who tied them onto a string for those inside the jail to pull through a window, according to the tip received by Sheriff Denman.—News.

HAMILTON

J. H. Ainsworth, late of New Mexico, and D. L. Lane, of Sweetwater, Texas, bought the stock and fixtures of the Spink Grocery.

Mrs. Belle Gilliam, wife of Rev. J. P. Gilliam, and mother of Paul Gilliam, of this city, died at the family home in Carlton, on Sunday, March 23, following ten days of serious illness.

There were some transeendantly beautiful scenes in Hamilton on Thursday morning when the snow hung like long wreaths of flowers on the young green of the twigs and boughs of trees, hedges and shrubbery about the city, and lay in a soft, white carpet on the grassy lawns.

According to the latest report of H. C. Simpson, ginner's stacion for Hamilton county for the department of commerce bureau of the census, there were 12,861 bales of cotton, counting round as half bales, ginned and to be ginned in Hamilton county from the crop of 1929 as compared with 19,675 bales from the crop of 1928.

Recent rains have put an entirely different face on the crop outlook in this section of Texas. Aside from small grain the dry weather was doing but little damage but the time was rapidly approaching when rain would be needed badly. Farmers may now go forward with their work with the assurance that there is ample moisture to bring up crops planted this month.

The Lions are working out several propositions at present which when materialized will mean great forward movements in Hamilton and the surrounding territory. However, the major projects which are at present being proposed by the Lions Club of Hamilton include a milk ordinance, regulating the quality and cleanliness of milk offered for sale in Hamilton; also, the cleaning up of the town and keeping it clean.—Record.

COMANCHE

R. F. Hooker, agent for the Cotton Belt at Comanche for the past two years, has been appointed agent for that company at Lufkin.

The total number of bales of cotton ginned in Comanche county during the season just closed was 6049 as compared to 8184 the preceding season.

Sixteen census enumerators have been named for Comanche county according to the announcement of T. J. Burdett of Hillsboro, District Census Supervisor.

Joe Baker, Government trapper, was exhibiting another large wolf in Comanche Saturday. The wolf was caught near Bibb and Mr. Baker thinks this will clean up that immediate community.

John R. Smoot died at the home of his son, Rev. J. D. Smoot in Comanche, Thursday night, March 20, at 11:10 p. m., following a three months illness which became more acute following a fall which he suffered on Saturday preceding his death.

Two hundred and fifty dollars in money, a number of money orders and twenty dollars in stamps was taken by yeggs Wednesday night when the Hasse Post Office was entered and the safe carried off and broken open, and left under a culvert, a mile from town on the Proctor road.—Chief.

LOMETA

Lester Weatherly spent the week-end in Lometa with home folks and friends.

W. W. Tippen is this week shipping the first car of the 1930 wool clip from this point.

Edgar Philen of Goldthwaite arrived in Lometa first of the week and has accepted a position with the Lometa Dry Goods Co.

Mrs. Wm. Hartley and children left last Thursday morning to make their home with her sister and husband near Los Angeles, California.

Ed, Jr., 15-months-old son of Mr. and Mrs. Ed Isaacs is recovering from illness brought about by drinking an unknown amount of kerosene from a jar last Friday morning.

The relatives and friend and all those interested in the upkeep of the "City of the Dead" are asked to come help clean up old Senterfitt Cemetery on April 5th.

Friends and acquaintances are interested to read of the wedding last Friday night of Miss Sammie Medart and Mr. Clarence E. Babo at Fort Stockton. Miss Medart left here Friday morning in company with three sisters, Mrs. Myrt Beall, Mrs. Luke Beall and Miss Jewel Medart. Immediately upon their arrival in Ft. Stockton, Mr. Bobo met them and the couple were joined in holy wedlock.—Reporter.

Gains Ten Pounds In Less Than a Month

MISS DOROTHY HENNING

"When I started taking Sargon, less than a month ago, I only weighed 88 pounds. Now I weigh 98—an actual gain of ten pounds, and I'm still gaining."

"I suffered terribly from indigestion and constipation. My appetite fell off to almost nothing now, and my complexion is clear and healthy looking. Sargon Soft Mass Pills have entirely overcome my constipation. My friends marvel at my wonderful improvement."

Miss Dorothy Henning, 1422 Grant St., Denver, Colorado.

Modern American Composers Indebted to Early Spanish Settlers

DOLORES DEL RIO

Many of Our Dance Rhythms Are of Early California Flavor

New York City.—One of the most unique theme songs ever heard with a motion picture is the song written for "Ramona," just filmed by Dolores Del Rio. Miss Wayne who wrote the song "Ramona," has combined in it strains of pure Spanish of the days of forty-nine and the Indian and Spanish which is the idiom of the picture. It is one of the few original theme songs ever written for a picture which is at the same time a popular tune. Miss Wayne spent several months research on this music, and each theme tells its own story. "To me, an American rhythm of a Spanish idea is one of the most

delightful melodies to write," declares Miss Wayne. "How much these Spanish tunes have done for our modern American composers no one will ever know, for the more research I do, the more I find we are indebted to the early Spaniards. "Miss Del Rio is of my opinion. In fact, it was because she heard my 'In a Little Spanish Town' at a dance in Mexico City, that she insisted on my writing 'Ramona'. Being of Spanish descent, born on the American continent, she has the feeling for American rhythms. And because of this very feeling, I would say she is the perfect actress to do 'Ramona.' "Of all the sources from which jazz is supposed to spring, I give most credence to that of being the Indian's interpretation of these early Spanish songs rather than its descent from the slave songs of the South."

TRIPLE TESTED

STARTING
ACCELERATION
POWER

CONOCO Gasoline is actually tested dozens of times in the process of refining—but it is called Triple Tested Gasoline because of all of these tests converged into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. An easy starting, swift acceleration, are mere snares if they are not backed up with power for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

IN MEMORY

Sister Mammie Stark died in Los Angeles, Calif., March 25. Her remains were shipped to Mullin and laid to rest in the Mullin Cemetery, March 29, with a large crowd in attendance.

She was a daughter of Mr. John Perkins of this County, who preceded her in death several years. She was married to Brother Hugh Stark in September of 1914.

To this union was born three children, two boys and one girl. Sister Stark obeyed the gospel a number of years ago and had lived a devoted Christian life. Her last request to her husband was to raise her children to be Christians.

May God bless, strengthen and help her husband to carry out this request and bless those children.

She also leaves a mother and two brothers and ten sisters to mourn her loss, besides other relatives and hosts of friends.

Our life is as a vapor that appeareth for a little while and then vanisheth away.

Let us lay up treasure above, where thieves do not break through and steal. Let's do the Lord's commandments, and then we will have a right to the tree of life, and enter into that city whose builder and maker is God.—I. A. DYCHES

Mr. William Cline is quite ill from a severe attack of stomach trouble.

Sunday school was dismissed Sunday on account of the program given at North Bennett by the Howard Payne students.

We did not have B. Y. P. U. Sunday evening but will have a program next Sunday. We have received some of the literature.

The people of this community were very sorry to learn of the death of Jimmie McNeil and extend their deepest sympathy to the bereaved ones.

Mrs. Anderson and her son, Joe, spent the week in Mason County and Joe got him a job there and returned Sunday.

Mr. Jess Stewart and family spent the week-end in Brown County visiting relatives and friends.—REPORTER.

SCHOOL DEBATE

There will be a debate between Lampasas and Goldthwaite High school boys and girls teams, at the Junior High School auditorium tonight (Friday) at 7:30.

You should see the stylish samples of spring suits Burch is showing.

The Parent-Teacher Association will meet in the auditorium at 4 p.m. April 8th.—Mrs. FAIRMAN, President.

Mrs. J. C. Mullin daughter, Ruth, will be married to Mrs. J. D. Pribble morning for Dallas relatives.

FAMOUS SLANG

"You're all wet"! said Noah to those who failed to get aboard the ark.

And if April turns out to be a wet month it will just be a good chance for us to get in some good advertising on Iowa Brand Red Cedar Shingles.

Correct this sentence: "He laughs loudly at his own jokes but listeners never yearn to kill him."

R. Bufe (who lives in the Priddy community) is building a brooder house. Yes, he is going to line it with Sheet Rock.
