MILLS COUNTY WIDE FAIR ARRANGEMENTS

Lions Club Banquets and Elects Officers

Mason Group Meeting Is Attractive

The Goldthwaite Lions club members and their wives enjoyed a banquet at the Saylor hotel last Friday night, following the election of officers of the club for the ensuing year. The members and ladies assembled at the hotel at 7:30 and the ladies were left to entertain themselves while the club members withdrew to the office of the Saylor Chevrolet Co., where a short business session was held, followed by the election.

Officers for the year are: R. M. Thompson, president; T. F. Toland, first vice-president; Kelly Saylor, second vice-president; E. D. Stringer, third vice-president; W. C. Barnett, secretary-treasurer; Frank Taylor, lion tamer; Joe A. Palmer, tail twister; O. H. Yarborough and Neal Dickerson, hold-over directors. O. H. Yarborough and R. V. Littlepage, directors for two years.

After the election the president announced the committees required by the ritual and others deemed necessary would be named later and published, and, in the intervening time, all committees of the past year will be expected to discharge the duties incumbent upon them.

Returning to the hotel dining room they found an elaborate banquet spread and it was heartily enjoyed by the entire company, after which all became talkative and an hour or more was spent in discussing plans for the future work of the club, looking to the betterment of the town and country. The most emphasis, however, was placed on the play ground equipment planned for the school grounds and some encouraging reports were made on this subject. The committee in charge of that department of work has plans well outlined and it is expected that when the pupils of the school assemble for the fall term of school they will find a considerable amount of playground equipment, such as swings, slides, etc.

At this meeting the delegates to the group meeting held in San Saba the early part of the month announced that the next group meeting was to be held in Mason June 11 and that Goldthwaite Club was to be joint hosts with the Mason club. It was unanimously agreed that the club members and their wives should all attend the Mason meeting.

Other matters of interest to the city and county are in process of formation and the Lions club is in better condition than heretofore to be of service to the community.

ANNOUNCEMENT

To Mills County people who have relatives or friends who were soldiers in some war and whose graves are not marked:

We have been notified by the Government that they will furnish free material for such graves. The ones making application for same are to supply us with the wording to be used on markers.

SCHOOL CLOSING EXERCISES INTERESTING

Beautiful Programs Well Rendered

The 1929-1930 session of the Goldthwaite public schools is now a thing of the past, the final exercises having been held Wednesday night, at which time a fine class received their diplomas and were highly commended by their teachers and the speakers on the program.

This has been one of the most successful terms of school ever taught in Goldthwaite and the school spirit has been fostered and the co-operation and support of the people in educational matters solidified. The school has never had a more conscientious and better qualified faculty than that of the past session, while no more faithful and unselfish school board ever gave service to the Goldthwaite schools than the board in charge of school affairs at this time. No more united spirit has ever dominated the citizens, school patrons and pupils than that spirit making itself felt throughout this term. Goldthwaite is proud of its school spirit, its school board, its school teachers and pupils. Through this united effort we are making great progress and steadily building.

Sunday Program

The program as outlined for the Sunday morning services and published in last week's Eagle was carried out to the letter and was really one of the most interesting services of the kind ever held here. Every church in town suspended services for that hour and all united in making the program a success.

Churches that should attend and participate: Blanket Springs, Duren, Ratler, Lake Merritt, China Creek, Richland Springs, Lometa, San Saba, Star, Pleasant Grove, Center City, Bethel, Mullin and Goldthwaite, and nearby points to any of these churches.

Miss Ruth Featherston and Ethel Tyson are in charge of transport facilities. Anyone of the Goldthwaite Leaguers, who do not have a conveyance, please get in touch with either of these two young ladies and they will see to it that you get there. Let's all put it over with a BANG! Goldthwaite!

Leaguers are to meet in front of the Methodist Parsonage at 12:00 o'clock sharp and we will leave from there at 12:30, no later nor any earlier.

A GOOD SHOW

The Grand tent show has been giving nightly entertainments on the McGirk lots, corner of Reynolds and Fourth streets, and has attracted large crowds. The program has been changed each evening and the audiences have been well pleased with the entertainments. One of the most outstanding features of the show is its freedom from anything objectionable or suggestive. Many people have commended the show and its management on this score, as well as for the entertaining programs.

MISSIONARY MEETING

The Woman's Missionary Society of the Methodist church will meet in regular business session Monday afternoon at 3:00 o'clock at the church.

BLANTON ELECTED

While Mrs. R. Q. Lee carried Mills county in the congressional election for the unexpired term of her husband, it was one of the few counties giving her a majority. The general result was given last week, but the vote by boxes was not available in several cases. The commissioner's court of this county met Monday and certified the returns to the election board in Austin.

Mr. Blanton has already gone to Washington and expected to be accepted as a member of congress on the face of the returns, which is the customary proceedings, where there is not contest or doubt, but the House refused to allow him that courtesy, requiring that he await the certificate of election from the secretary of state at Austin.

The vote by boxes in this county was found to be as follows:

Voting Box	Lee	Blanton
Goldthwaite 1	33	13
Nabors Creek	3	2
Scallorn	0	4
Center City	8	8
Caradan	7	3
Mullin	22	4
Prairie	2	7
Priddy	12	10
Big Valley	3	3
Ratler	4	2
Regency	6	6
Ridge	0	6
Mount Olive	1	6
Goldthwaite 19	41	15
Pompey	4	4
Buffalo	0	6
Star	11	4
Rye Valley	0	6
Rock Springs	13	4
Payne	4	0
Total votes cast	333	
Total votes for Mrs. Lee	182	
Total votes for Blanton	151	
Mrs. Lee's majority	31	

BLANTON ON THE JOB

As soon as the results of the congressional election were known, Mr. W. C. Barnett, secretary of Goldthwaite Lions club, wrote Hon. Thos. L. Blanton requesting that he use his best endeavors to have the postal department establish a mail box at the depot at this place, in order that mail originating after the close of the postoffice in the afternoon may be handled by the night trains. The letter was mailed Monday night and yesterday morning Mr. Barnett received a telegram from Mr. Blanton saying he had already taken the matter up with the post-office department. This prompt action is certainly appreciated by the Lions club and the citizens generally. The application was made several months ago, but owing to the objections of the railway mail clerks it was rejected, notwithstanding Mr. A. J. Harrison, postmaster at this place, joined in the request. Some of Mr. Blanton's supporters are willing to wager odds that we get the mail box at the depot.

CONTROL POULTRY WORMS

The best control for poultry worms is prevention. Tobacco dust fed regularly will prevent worms. Feed in the proportion of 1 part tobacco dust to 50 parts mash for 15 to 20 days, then leave it off for a like period and repeat. If chickens and turkeys are infested a good expellant should be used followed by the tobacco dust method.

COUNTY AGENT

METHODIST CHURCH

Next Sunday will be June first—the opening of the month of brides, the month of roses, vacation month, etc. What you get out of the month is all going to depend upon you. To many it will mean the claiming of a partner for life. To all it should mean the re-kindling of the glowing flames of love that the earth may have more blossoms and sweeter fragrance. Soon there will be about sixty million boys and girls let loose from school. This should result in no great injury. It is one of life's necessities. "All work and no play makes Jack a dull boy." But let us not forget that the closing of school has thrust upon us a great responsibility. During school hours direction was given those mighty forces. A school without such direction is unthinkable. Such direction is not given by the school faculty thruout vacation days nor are those mighty forces dead (far from it). They are very much alive. It is for us to direct. By no manner of means would I suggest making vacation an unrelenting grind. Allow plenty of room for self-expression, relaxation and growth out in God's great-out-of-doors. Hills, valleys, lakes, and rivers, all should contribute to the freedom of life. But that the boats may row upon the bosom of the stream with all the delights of the occasion does not give the suggestion to common sense or conscience that now is the time to throw away the oars and drift over the cataract.

Many, many thousands of adults will soon join the throng of vacationers. Multiplied millions of dollars will be spent, precious lives will be sacrificed on the altars (as the one at San Saba Sunday) to thrill, delight and entertain. Vacation time is the time that tests us as nothing else does. I trust you, my readers, may not be found wanting, but as you get close to nature be not forgetful that His Satanic Majesty never goes on a vacation. If you are planning going away do not forget your religious obligations before you go and while away.

Next Sunday is communion day. Good music and special messages may be expected. Visitors are cordially invited. A few of our members have been staying away. We hope you are not sick. May we see you here Sunday? The loyal ones who have made up our fine audiences at all of our services deserve our praise. If you have not received all from the services which we hope you have, may it be a blessing to you to help our great work along with your presence? Thanks a thousand times to those who have shown interest to the parsonage family in their afflictions. God bless each and all of you.

S. D. LAMBERT

CHURCH OF CHRIST

We were very busy last Sunday. We began our Bible study 15 minutes early in order to get through with worship in time to attend the services at the new school building at 11 a. m. We had by far the largest attendance at Bible study Sunday morning than we had ever had. We thank the Lord and take courage. The afternoon preaching service at Midway was well attended. Good crowd at the evening service here in town.

We had our prayer meeting this week on Thursday night instead of Wednesday night as we did not desire to conflict with the graduation services at the school building Wednesday evening. Remember our services next Sunday. We will be pleased to begin a few minutes early, so we will have time to study an important lesson in the Sunday morning sermon, "The Rich Young Man." Subject Sunday evening, "The Thief On The Cross."

Make it a point to be with us in the morning and evening services next Sunday. Young People's Class at 7:30 p. m. We would like to have a record class of young people next Sunday.

RURAL MAIL BOXES

To the Patrons on All Rural Routes, Eliminating from the Goldthwaite Post Office. You are hereby notified that the Postal Regulations require you to paint your rural mail boxes and the posts supporting them white, to have your name in black letters, not less than one inch in height, placed on each side of your mail box, to so place your mail box that the carrier can get to it without leaving his conveyance or endangering miring in the mud or slipping into the ditches by the side of the road.

Please, everyone, take notice, whose boxes do not meet these requirements and at once comply with these regulations.

A. J. HARRISON, Postmaster.

Finalization of the London... treaty at this session appears certain, but Senate leaders believed the demands of the big navy group for immediate legislation authorizing a building up of the navy to the strength allowed by the pact would go over.

Gov. Dan Moody says that before September, when the schools reopen, he will offer a reward of \$100 for the arrest and conviction of any person selling liquor to college students, whether they attend State, denominational or private educational institutions.

The pastor of the Baptist church at Bastrop started in his car Sunday morning to convey his wife and little son to Waco to attend the funeral of her father. On the way his car struck loose gravel and turned over twice. The minister was not seriously hurt, but his wife was killed and the child badly hurt.

If no new infestation of the Mediterranean fruit fly is found in Florida this summer, it is probable the Federal quarantine against the pest will be speedily lifted. In the meantime the agricultural appropriation bill carries \$1,700,000 immediately available for eradication work and makes available \$1,500,000 additional from general agricultural funds.

Near Gainesville Saturday night Dr. Clarence Moore was killed in a country place to see a patient and while returning after midnight reports that he fell from his car on the roadside and went for a walk. Becoming tired he laid down to rest and a snake bit him while he was asleep. A searching party found him wandering about Sunday and he was given medical attention.

Hearings on various Philippine independence bills before the Senate Territories Committee, were concluded Thursday with the statement from Secretary Stimson that a minimum of thirty years should be set as a period of American occupancy. Mr. Stimson said he favored ultimate independence for the islands if they desired it, but added that he thought it should come only after they had reached economic solvency under American supervision.

Two unmasked white men robbed a grocery store in Dallas last Saturday in the presence of a number of customers, carrying about \$200. They escaped from the store and made their way to Fort Worth, where they repeated the act, securing approximately the same amount of money. They then drove to Waco and on the outskirts of that city were accosted by officers and in the shooting that followed one was shot in the leg and captured, while the other escaped.

The Hamilton - Brown Shoe Company, a \$5,000,000 corporation, and formerly one of the country's largest shoe manufacturing concerns, Saturday agreed to a receivership. The company withdrew its opposition to an application for a receivership, filed by the Continental Illinois Bank and Trust Company of Chicago, a creditor, and joined in the trust company's application in United States District Court at St. Louis.

Texas wastes \$15,000,000 annually in educational expense; under ordinary conditions this State ranks sixth or seventh in education in the galaxy of 48 states; the \$2,000,000 accruing in special taxes levied by the Legislature will not benefit public school system, said S. M. N. Marrs, State Superintendent of Education. The big wastage, he said, is due to the fact every day throughout the State, one-fourth of the students are absent, while maintenance expense continues just the same, the \$15,000,000 representing one-fourth of the total expended yearly by local and state governments.

FOR BETTER PECANS

Congressman J. P. Buchanan has managed to insert in the agricultural appropriations bill an item of \$25,000 for better pecan growing in Texas. It may turn out to be a Federal investment of no small importance to the country.

Pecans are really unmatched for flavor and general edibility in the realm of nuts. Texas has not begun to exploit the possibilities involved, chiefly because there is such a range of types of trees and so much of technical knowledge required to suit the trees to the soil and climate. We are really pretty ignorant on the subject.

To those, however, who have made a deep study of the subject there have been returns in proportion to their care. On account of the fact that a number of years must elapse between the beginning of a pecan project and fruition in profits, our hurry-minded age is averse to engaging in the expansion of the industry, and most Texas pecans are what they are by the providential grace rather than by any care of man.

Mr. Buchanan believes that the pecan crop of the State could be made worth \$200,000,000 a year. No doubt it could. Federal studies of the tree and some such goal—Dallas News.

FIGHTING THE AUTOMOBILE ACCIDENT MENACE

Several states have embarked on intensive campaigns to lower the gigantic annual toll of deaths and injuries caused by automobile. During 1930, Maryland suspended the license applications from 1,262, for such offenses as drunken driving, failing to stop after accidents and driving at extremely high speeds. The New York safety responsibility law not only suspends or revokes the licenses of reckless or incompetent drivers, but provides that before they can be relicensed they must provide proof of their ability to satisfy damages that may accrue from future accidents, either by a cash deposit, bond or insurance policy. Connecticut has adopted a plan by which drivers who have accidents must pay higher rates for insurance than careful drivers. The trend throughout the entire nation is toward modernized, strictly enforced traffic codes, laws making examination of potential drivers necessary, and severe punishments when motorists are inexcusably careless or incompetent. Something is tragically wrong when 30,000 persons are killed and 750,000 seriously injured in a single year by automobiles.

WILL MAKE FOR ACCURACY

A jury in the Federal court at Fort Worth has awarded Mrs. Temple Houston, widow of the son of Sam Houston, hero of San Jacinto, president and later governor of Texas, damages in the amount of \$25,000 following the trial of her libel suit against Liberty magazine in which Mrs. Houston and her children are seeking damages for statements made in an article published in the weekly some time ago.

What the ultimate results will be in all these cases time will tell. But they have a widespread public interest for the reason that their disposition can help to set legal limits to which a publication may go in pursuing the modern day penchant for "realism" in the presentation of biographies. It has become quite the fashion in recent years among certain writers and certain periodicals to hold up to public gaze the intimate details of the private lives of famous characters in history. This school of literature has been known by the rather inelegant name of "debunkers." In England works have appeared in which phases of the life of Gladstone were represented as unsavory. In this country Washington has been the object of the scribbling of a number of the literary scavengers.—Houston Post-Dispatch.

YOUNG SPEAKS HERE

Hon. James Young of Kaufman, one of the leading candidates for Governor, delivered an address in the court house here last Thursday afternoon at 3 o'clock to a large audience. He was introduced by Mr. W. E. Miller, one of his good friends and foremost supporters. Judge Brewster did him the courtesy of adjourning court while he used the court room for the address and those

who heard him were strong in his praise. He spoke like a statesman and one who understood well his subject and was interested in rendering service to his state. He was the first gubernatorial candidate to visit Goldthwaite during this campaign and there is no doubt he added to his strength by this visit and speech.

FEED 'EM ALL SUMMER

It is sometimes said that many cows would starve to death in the summer if the summer were long enough. Heavy producing cows will not come up to capacity on grass alone. Oftentimes summer heat and lack of rain burns out the pastures. Yet, because it is summer many owners of cows expect them to find enough grass to keep them alive and in addition, furnish a supply of milk. Milk is made from water and from what the cow eats. The less it has to eat the less milk there will be. It pays to feed a producing cow a ration of grain even though grass is plentiful. How much greater the necessity during the months when grass is short and dry. A good cow always pays for the feed it consumes and a good dividend on the investment—Farm and Ranch.

BEATS THE WORLD'S RECORD

A unique road building record has been hung up by the people in and about the town of Tremendo in the State of Michoacan, Mexico. The townfolk, Indians and ranchers some 2,000 strong, were summoned by foot messengers, as were their forefathers centuries ago when something important occurred, donated their services and finished a road about 33 miles in length in a single day. The road is a part of the Mexico City-Guadalajara highway, which is now in the course of construction. This building of a road and making it serviceable to traffic, including automobiles, between sunup and sunset is said to be a world's record for such work.

Nurse Tells

How CARDUI Helped Her

Mrs. W. A. Cox, a well-known professional nurse, of Burnside, Ky., writes: "I was in very bad health, and only weighed 110 pounds. I read in the papers about Cardui, and thought I would give it a try-out. After I had taken one bottle, I could see that I was improving. After I had taken it a month or two, I began to gain, and I weigh at present 168, and have weighed that for some time. I am now 55 years old, and can do as much work as the average middle-aged woman can."

"I would advise any woman, who is weakly and in a run-down condition, to try Cardui, but not to expect one bottle to make her well. I take two or three bottles a year, now, and I feel fine."

HAL KEMP

States Supplying Song Themes Now Have Co-veted Representation New York City.—The traditional northern idea of the south as a section of the country where even the social life of the dancing generation is, and always has been, slow and stumbrous, has been shaken by Hal Kemp, who has arrived from North Carolina to become one of New York's most popular orchestra conductors.

"The New Yorker's idea that the girls and boys of the South get up late and go to bed early, is a myth," declares Kemp. "Why, the first thing I noticed on coming East, was the difference in the popular dancing hours. We southerners never think of starting a dance until eleven o'clock, and don't begin to go home until two in the morning."

"In New York, the popular dance hours are between eight and twelve o'clock. At twelve, the energetic hustling, bustling New Yorker is ready to be tucked into bed. Any eastern debutante or poor little working girl who ever spent a social season in the South would never again speak of the slow easy going temperament of Southern boys.

"Then too, the music of the North is different from that of the South. The South has gone collegiate, and hot variety numbers form most of the program, while the North clamors for variety. 'Just Can't Be Bothered With Mo' is typical of the favored music of the South. It's a novelty fox-trot with a corking lyric."

Hal Kemp is the sole representative of the South directing an orchestra in the East. North Carolina, Tennessee, Alabama, all the "Mammy Song" states, so adequately represented by song, have strangely enough, never before had a conductor on Broadway. Kemp's orchestra is composed of Southern lads who have played together in their native state since school-days. They are all college graduates who seem to have guessed correctly that they could make more money in Hal's prize jax orchestra than they could by entering the professional and business fields of their grand daJajas.

50 Years' Use of Black-Draught

"About fifty years ago," says Mr. Lewis G. O'Shields, of Portersville, Ala., "my mother gave me the first dose of Black-Draught, and I have taken it ever since, when I needed a medicine for constipation. I have used this remedy all my married life, in raising my children.

"I have used Black-Draught for heartburn, as I have had spells of this kind, off and on, for years. This follows indigestion, and indigestion comes close on constipation.

"I have found that the best way to head off trouble is to begin taking Black-Draught in time. It relieves me of dizziness, tightness in the chest and backache.

"By getting rid of impurities, Black-Draught helps to keep the system in good order. I always keep it in the home, and have recom- mended it to many people, in my time."

RECORDS TELL THE STORY BUSINESS TREND UPWARD

Farmers who have kept a daily record of their poultry business have found their flocks to be the most profitable when fed a well balanced ration for twelve months in the year. A profit cannot be starved out of hens.

The present day hen is somewhat different from the hen of a hundred years ago. The modern hen can be compared to a modern machine. She must be capable of consuming a large quantity of raw material and converting it into the finished product, the egg. The machine can be efficient only when the proper raw material is fed to it.

Farm flock owners in general have come to appreciate the value of the purebred bird. No longer is the mongrel hen welcome on the up-to-date poultry farm. There are several reasons for the mongrel bird passing on. First, she is lacking in uniform shape, color, and size. Secondly, she was not as high a producer and no one wanted to purchase her offspring, and last, but not least, she is not capable of turning her feed into eggs at the right season of the year.—Farm and Ranch.

CRIME INDUSTRY

Seventy per cent of the crime in this country is committed by an organized industry, and chances for the criminal member to escape are 85 per cent in his favor, Karl Frederick, former amateur pistol champion, told the committee on commerce of the American Bar Association. Mr. Frederick asserted that most organizations seeking to prevent crime spend too much time considering the regulations of pistol sales when, as a matter of fact, only two per cent of pistols are owned by criminals. He urged the committee to consider the other 98 per cent of pistol owners who are law abiding citizens.

Approved by Household Refrigeration Bureau

Maintains temperature much colder than recommended by Bureau of Home Economics, U. S. Department of Agriculture.
FOODEX — Each shelf is clearly labeled to indicate proper place for each food as determined by scientists.

- All these remarkable advantages**
- Prices all can afford. This new ice Refrigerator is made in all sizes to meet every home need at the price you want to pay. Why have an inferior refrigerator when you can just as well have the best?
 - Plenty of ice at all times. This new refrigerator assures a sufficiency of sparkling, crystal clear ice for all home uses. You never need fear running short of wholesome, necessary ice.
 - Keeps inside air pure and sweet. Mixed odors condense on melting ice surface to be carried out. Prevents odor taste in all foods.
 - Ice is wholesome — always ready for use. Keeps milk and food safe beyond any question of doubt. Ice is worry-free refrigeration.
 - Keeps foods fresh. Maintains colder temperature than recommended by Bureau of Home Economics, U. S. Department of Agriculture. Thus meat and other foods retain natural, inviting brightness without drying excessively or shriveling.
 - Low upkeep. A few cents per day assures this perfect refrigeration and a sufficiency of sweet, pure ice for all home uses.

Signature Songs of the Air Make Musical History

KEITH MCLEOD

Keith McLeod Successfully Pioneers New Type of Song

New York City. — America, which has taken the music lead of the world in the last twenty years is now offering as its latest, the signature song of the air. The signature song follows rag-time, jazz, waltz ballads and theme songs. The first two are "Slumber On," by Keith McLeod, of the Slumber Hour over the N.B.C. chain, and "My Reveries," by Keith McLeod, for the Black and Gold Room Orchestra Hour, also as N.B.C. feature.

"Just as the music which went with our pictures was reminiscent

bits and not original compositions telling the story, up until the advent of the theme song "Ramona," explains Mr. McLeod, "so the signature songs of the air have previously been famous melodies of past days."

McLeod, who is a great musician and musical supervisor for the National Broadcasting Company, felt that radio should call forth its own type of music, and worked with this idea in mind for several years until he found what he wanted with "Slumber On." He wrote his next "My Reveries," a waltz ballad in half an hour. Signature songs are the first special and exclusive type of radio music.

Mr. McLeod is a native of Loveland, Colorado.

ROCK SPRINGS

We had Sunday School and
B. Y. P. U. at the usual time,
with a few more present than
common.

The W. M. U. met Monday af-
ternoon with six present. The
meeting was opened with the
song, "He Whispers His Love
To Me." Mrs. McClary led in
prayer, and Mrs. Circle was
leader. Matthew twenty-third
chapter was the lesson.

Saturday night will be church
night. Let's all go and try to
take some one with us.

J. C. Stark and W. A. Cooke
took supper Saturday night
with R. C. Webb and wife.

Last Saturday morning early,
Mr. Beryl Turner from San Saba
slipped into our community and
took away with him Miss Oneta
Traylor. They motored to
Brownwood and were united in
marriage. They slipped in Sat-
urday night as quiet as they slip-
ped off. I want to praise Mr.
Turner as to him selecting his
bride. Miss Oneta is a fine girl.
She is fine in church work and
she taught two very successful
schools at Duren. She will be
missed by those who loved her
and I never knew her to have
an enemy. We think she made
a fine selection, when she told
Mr. Turner she would be his
wife. He has lots of good qual-
ities. He is a school teacher.

This community congrat-
ulates this young couple. We
wish them all kinds of good
luck and happiness and they
are welcome in our midst any
time. We wish them health and
wealth.

Mrs. J. C. Stark and Ray and
Mrs. Joe Davis and son went
to DeLeon Sunday afternoon to
visit Mr. and Mrs. George Ham-
mett, and Monday morning they
went one to Stephenville to the
commencement exercises. Miss
Florence Stark graduates from
John Tarleton.

Our new song books came, so
Sunday afternoon we were in-
vited to Mr. J. M. Traylor's to
sing.

FOR PUBLIC WEIGHER

One of the most deserving
men in the campaign is Mr. W.
G. Brown, who is a candidate
for Public Weigher at Gold-
thwaite, which office represents
precincts No. 1, 2 and 4. Mr.
Brown is an old citizen of the
county and is a man worthy of
the fullest confidence. He en-
gaged in farming in South Ben-
nett community for a number
of years and since moving to
this city has kept actively at
work. Those with whom he has
worked and been associated are
strong in his support and are
enthusiastic in his praise. He
is an upright, Christian man, a
consistent member of the church
and will give the public good
and faithful service if he is
elected to the position of
Weigher.

prospects of another rain, which
would be appreciated.

Mrs. John Denton has return-
ed from her visit with her broth-
er-in-law of West Texas.

Misses Mildred Spinks and
Vera Conner visited in our com-
munity Monday and Tuesday.

We are looking forward to the
Worker's Conference next Mon-
day. Everybody is invited to be
with us.

Most everybody expects to at-
tend the singing convention
Sunday at North Bennett.

Mr. Shipp is still on the sick
list.

B. Y. P. U. and singing was
well attended Sunday evening.

Some of our people enjoyed
services at North Bennett Sun-
day.

A large crowd listened to
Brother Fitzgerald's interesting
sermon Sunday.

Aubra Cline has returned from
Kansas, where he has been
working.

Mrs. W. W. Reynolds and chil-
dren visited her daughter, Mrs.
Floyd Platt and family near
Gatesville, over the week end.

We will present our play Fri-
day night, June 6, if nothing
happens. School is out and the
students are all expecting a good
time during vacation. Some of
them are going to summer

SCALLORN

People have been busy the
last week, while it was so they
could work their crops.

We have had fine rains, but
another rain would help all
vegetation.

It won't be long until you can
hear the buzz of the reapers, as
grain is ripening fast.

at Mullin and is kindly remem-
bered by many friends. This is
her first visit home in eighteen
years.

The ladies prayer meeting is
to be held next Thursday af-
ternoon in the home of Mrs. S.
P. Sullivan with Mrs. E. B. An-
derson leader.

Today is Memorial Day
throughout America and every
citizen should remember with
gratefulness the splendid young
men who gave their lives for the
cause of right and protection of
their country.

Mr. and Mrs. Freeman of Dal-
las are visiting her parents, Eld-
er and Mrs. Fitzgerald, in this
city.

**For Railroad
Commissioner**

Senator Nat Patton of Crockett, Houston County, announces for Railroad Commissioner. He was reared 20 miles east of Crockett; taught school; served as a member of 33rd House of Representatives; served four years as County Judge, Houston County; member of 41st Legislature, representing 5th District in State Senate. From pioneer East Texas Democrats. 47 years of age. Married, four children.

Mr. Patton lived in the Duren
community, near Mullin, dur-
ing his boyhood days and is re-
membered by many of the people
of that community, who are en-
thusiastic in his support.

THE DAIRY MEETING

At the dairy meeting on the
21st, Mr. O. P. Griffin, county
agent, Brown county, who has
done outstanding work testing
herds, told the dairymen that
careful testing was the begin-
ning of success in dairying. He
says that weighing and testing
leads to better milking, better
feeding and the elimination of
unprofitable cows. According to
Mr. Griffin, tests vary for many
reasons. He stated he had ob-
served a difference of 2 per cent
in the test of a cow on succes-
sive days, and if the owner
would carefully test, he would
be more apt to be satisfied with
tests made by milk and cream
buyers.

Mark Buckingham, county
agent, Erath county, told us
that all the fine herds around
Dublin started in a small way
by farmers in debt for their
land and by following age old
principles they improved the
herds by testing and better
bulls. He asserted that none of
those herds had been built by a
man with money to start on.

J. A. Burton, county agent,
Comanche county, told how the
4-H Dairy Clubs had favorably
affected dairying in his coun-
ty.

Mr. Geareld of John Tarle-
ton College gave an interesting
demonstration in selecting a
dairy cow.

Roso Harick discussed feeding.

A HELPFUL SPIRIT

Because you have no children
do you feel that you have no in-
terest in undertakings for the
benefit of children?

Have you schooled yourself to
think that charitable undertak-
ings in your town or village have
no claims on your purse strings?

Because you have provided
enough for your old age by your
own efforts, you think that it is
not up to you to aid those who
are less fortunate?

Do you belong to the class that
believes that everyone who finds
himself or herself unfortified in
unproductive years must have
been a spendthrift, and as such
not deserving of help?

Perhaps you were fortunate
and had parents who gave you
a good education and put you on
your feet financially. At any
rate, they endowed you with
brains and gave you the upward
boost.

Those who have not been so
favored are not necessarily im-
provident.

And if they are lacking in the
money you think should be due
them at their age it may be due
to small wages and misfortune,
not to any fault of their own.

You may have had better oppor-
tunities to make progress
and prosper and it is your duty
to do your utmost to help those
less fortunate.—Houston Chron-
icle.

MULLIN NEWS.

NEWS NOTES CLIPPED FROM THE MULLIN ENTERPRISE

REPRESENTATIVE RAY HOLDER WILL ADDRESS SENIORS THURSDAY NIGHT

This is the last week of school. The seventh grade program and graduation on Wednesday night.

The seniors graduate Thursday night. Representative Ray Holder of Lancaster will address the largest class of graduates Mullin has ever had in the annals of her history.

The citizens of this fair city are indeed proud of the fine young student body who are completing high school and commencing a new life. Many of them will enter college this fall and others go into various lines of life.

SEVENTH GRADE HAS FAREWELL PARTY

On Wednesday evening, May 21, the seventh grade had its farewell party at the home of Superintendent and Mrs. J. M. Scott.

Nearly all the members of the class were present, besides the many invited guests, who were chiefly members of the freshman class.

The hostess had made all arrangements for a lawn party and the front yards of her home was well-lighted and made ready for out-door games.

This class has not yet grown too old nor too sophisticated to enjoy real out-door exercise, so the evening was largely spent in the playing of athletic games such as clap-in and clap-out, flying dutchman, sack-racing and cat and rat. Several contests engaged the guests for a while and prizes of rattles and whistles were given to the winners.

Soon Father Time whispered to the social committee that it was time to serve refreshments. The eats were delicious. They consisted of cherry ice cream and cakes.

The happy boys and girls soon broke up, regretting that this was the last party that the seventh grade would have this school year.

BIRTHDAY PARTY

Rex Ivy entertained a crowd of his friends Saturday afternoon in honor of his eleventh birthday. A number of games were played after which dainty refreshments were served by his aunt, Mrs. Ralph Hull of Pendleton. Those enjoying the occasion were: Mary Lou Preston, Adeline Pyburn, Shirley Guthrie, Cleo Massey Lucille Sanders, Ardenia Gregory, Barbara June Casey, Jack Casey, Vernon Mesier, Norma Lee Mosier, Henry McKeueny, L. L. Fletcher, Wade Ivy, H. G. Smith and Raymond Hamilton.

DR. C. C. WITT OF ABILENE CHRISTIAN COLLEGE GAVE THE BACCALAUREATE ADDRESS ON MAY 25

Sunday at the Baptist church Dr. C. C. Witt preached the baccalaureate sermon.

The seniors in caps and gowns were on the front section and their close relatives in the next tier. A great crowd was present. The subject was Paul's advice to Timothy and is said by many to be one of the best addresses Mullin has heard in years.

Miss Estelle Duren of Brownwood has been elected delegate to the State Convention of Business and Professional Women's Clubs at Harlingen, June 9th.

Misses Minnie and Lily Belle Moore of Graham are guests of Mr. and Mrs. W. T. Fisher.

Mr. and Mrs. Orville Johnson and Joe Johnson, who have been in the Rio Grande Valley all the spring, made a brief visit to Mr. and Mrs. John Neill this week end, as they were en route to cool Colorado for the summer.

Rev. L. J. Vann conducted the funeral of Albert Jordon at Zephyr last Thursday.

George Summy and sister, Mrs. Crider, and daughter of Johnson City visited their father, W. P. Summy, the latter part of the week. Mr. Summy's general health is reported to be improving.

Mrs. W. A. Higgins of Elberta is visiting old friends in this city.

SENIORS HAVE FAREWELL PARTY

Miss Reba Tillman entertained the Senior Class and some invited guests Friday night, May 23, with a farewell party.

The social was fully enjoyed by each one present. Many interesting games were played such as 42, Fling and Carrom.

The personnel of the party were served a delicious plate consisting of sandwiches, olives, potato chips, lettuce, cake and punch.

The out-of-town guests were: Herbert and Horace Cooke, Kathleen Keese of Goldthwaite, and Anis Coffman of Rio Vista.

At a late hour the guests departed, and assured the hosts that they had a most delightful evening. REPORTER

Mr. and Mrs. M. A. Toliver of San Saba attended the baccalaureate sermon at the Baptist church Sunday and were dinner guests of Mr. and Mrs. S. H. Davis.

Miss Lorene Neill is at Goldthwaite this week, looking after the Rosebud Beauty Parlor while Mrs. P. H. Hamilton is in Temple at the bedside of Mr. P. H. Hamilton, who is very sick.

Mrs. Katie Pyburn is assisting the First State Bank this week, during the absence of Miss Birdie Burkett, who is visiting her sister, Mrs. Jackson, at Lubbock and attending the commencement exercises of Tech college. Mrs. Jackson and her daughter both will get their degrees at this time from the Technological college. J. L. Burkett and family of San Saba county accompanied Miss Burkett to Lubbock.

Mr. and Mrs. B. D. Corrigan and Mr. Chesley of Hamilton were among the out-of-town guests who attended the baccalaureate sermon Sunday. Mr. Corrigan favored the audience with a most beautiful solo. Mr. and Mrs. Corrigan, Mr. Chesley and Mr. and Mrs. W. V. Pridley were dinner guests of Mr. and Mrs. W. S. Kemp.

C. E. McCormick of Houston, who is with a development company in Houston, came Monday for a visit with his sister, Mrs. W. S. Kemp.

Mrs. F. E. Forgy and little son, Rollene Forgy, of Hico came over Sunday for a visit in the home of her parents, Rev. and Mrs. L. J. Vann. She returned home Sunday afternoon, but Master Rollene remained for a week's visit here.

METHODIST CHURCH

A question is frequently asked, "What is the matter with the churches today?" Or why do people take so little interest in the church program? I propose to answer that question in this little article. There are not enough people raised from the dead. I have just read the story of Jesus raising Lazarus from the dead, and how that event created so much interest in Jesus. Now Jesus said, "Verily, verily, I say unto you, he that believeth on me, the works that I do shall he do also and greater works than these shall he do; because I go unto my Father." Again we read, "And you hath he quickened, who were dead in trespasses and in sins." We see then that the man without Christ is dead. It is the business of the Church to bring life to these dead souls. We need to convert some of these sinners in our community. If some of these outstanding people were converted, what crowds we would have at the church next Sunday. The people would come to see the new convert. We have a lot of material to work on in our various communities. Friends of mine, my dear Christian friends, let us do our best to have some

converts in our churches this year. A few resurrections would put new life into all of us.

I saw a man digging a pit by his place of business and I asked him what he was doing. Jokingly, he said, I am going to bury the town, it's dead. Physical death is not so bad as spiritual death. I speak of death as separation from God. Jude spoke of some folk who were twice dead, plucked up by the roots. People we need a gracious revival. Pray to that end.

Lord, send the old time power. The Pentecostal power.

Thy flood gates of blessings on us throw open wide!

Lord send the oldtime power the Pentecostal power.

That sinners be converted and Thy name glorified.

Yours for a revival,

THE GOLDTHWAITE EAGLE

Mr. and Mrs. M. Y. Stokes of Lampasas were visitors in the R. M. Thompson home Sunday afternoon.

Miss Frances Page is at home from Daniel Baker college, Brownwood, to the delight of her friends.

Miss Garetta Little is at home from Brownwood, where she spent the past school year in Howard-Payne college.

Rev. and Mrs. Ivins attended the Baptist association at Lometa Tuesday, where he had a place on the program.

Mrs. L. P. Greer and children of Brownwood are visiting in the home of her parents, Mr. and Mrs. John Potter.

Mrs. Gid Watson enjoyed her 82nd birthday with her daughter, Mrs. Walker Berry, at Pleasant Grove last Sunday.

Archer Grocery Co.—Cotton White Flour.

Mrs. Walter Ford of Austin, accompanied by her sister, Mrs. Alley of Seallorn, made the Eagle an appreciated call Monday.

Mrs. Eula Nickols and Mrs. McNutt of Rock Springs community visited in the city Tuesday and made the Eagle a pleasant call.

Mr. and Mrs. H. G. Bodkin visited the enchanted rock in Llano county last Sunday and were delighted with the scenery in that section.

Prof. and Mrs. Arthur Smith are here from Batson, where they are in charge of the public school, and will spend a part of their vacation with relatives hereabouts.

Don't put your winter clothes away dirty. Have them cleaned by Burch and the material will be preserved.

William Glenn Yarborough is at home from Howard-Payne college, where he was a student the past year. His friends hope he will spend a good part of the summer here.

Mrs. E. M. Simpson and daughter, living a few miles east of the city, were pleasant callers at the Eagle office Monday and ordered the paper sent to Mrs. W. E. Randles in Colorado.

Professor and Mrs. Tucker and Miss Beulah Cobb came in from the Rio Grande Valley last week end and will visit relatives here and elsewhere during their vacation. They are guests in the Hez Cobb home.

Eventually Cotton White flour.—Archer Grocery Co.

Householders in Goldthwaite should not forget the Lions club premiums offered for well kept premises and flowers. Of course, those whose neighbors allow their chickens to maraud and destroy can not hope to be awarded one of these premiums.

Rev. Charlie Jackson and family left Tuesday for their home in Russellville, Ky., after spending a couple of weeks here with relatives. They always have a hearty welcome in Goldthwaite and we will all hope for more frequent visits from them.

Joe A. Palmer and his wife and son, accompanied by Mrs. J. W. Kelley, spent Sunday and a part of Monday in Brownwood with relatives. Mrs. Palmer, who is principal of the Goldthwaite Grammar school, has taken a special course in Daniel Baker college and received her A. B. degree in the commencement exercises of that institution Monday.

BAPTIST CHURCH

The pastor will preach at Ratler Sunday afternoon at 3 p. m. Let all the people in that community take notice and be present.

The Commencement Program at the high school auditorium last Sunday was well attended, well rendered and well received. The Superintendent and his teachers are to be congratulated for having taught one of the best schools in the history of our school. Mr. Newton, out superintendent, after having been with us for the past half dozen years, goes to Brady as superintendent of the city schools. Congratulations to the people of Brady. In the person of Mr. Newton you will not only have a man that is capable and efficient in conducting the administrative affairs of a school system, but also a man that is a Christian. He loves the church and at any time he is willing to give his time, money and influence to carry on its work. These qualifications with a co-operant spirit, which he always has, bespeak for him success in his new field of labor.

We wish to congratulate the school board for their selection of a successor to Mr. Newton. Mr. Stringer, who has been with our school for the past two years, deserves the honor that has been bestowed upon him, and we predict for him a successful career at the head of our school, and we are behind him to that end.

Our Sunday school superintendent talked mighty "big" Monday morning, after having more in the Sunday school than he asked for. However, it is perfectly natural for the "generalissimo" to be happy when he says "come on boys" and the boys come. That is exactly what happened, and that is exactly what ought to have happened. That has been the success of our Sunday school and that is why we are going to continue to succeed. Where he leads we will follow. Mr. Toland paid a glowing tribute to the teachers and all Sunday school goers of our church to this pastor this week. No one appreciates the beautiful spirit of co-operation more than our superintendent, and on the other hand no one appreciates their leader more than our Sunday school and church. We are just one big family, every one pulling together for the best interest of all. For the past twelve Sundays we have had an average of 250.7 every Sunday.

Now let every one read, think and later on act. We have just seven more Sundays and our revival meeting will have come and gone, and then vacation time, summer time and many other times will be on us. So let's all look forward to these Sundays, making them the best in the history of our church. If at all possible, plan to be at your post during these Sundays, bring others with you. Don't forget to be on time.
G. C. IVINS, Pastor

DISTRICT COURT

The May term of district court came to a close last Saturday morning, the last case to be tried being that of Carl Sexton, charged with the theft of sheep. He was found guilty by the jury and his punishment assessed at three years in the penitentiary.

Of the cases tried on criminal charges at this term of the court there was 100 per cent convictions.

A number of cases remain on the docket and in order to dispose of the accumulation of business, Judge Brewster ordered a special term of district court to convene Aug. 4. A few cases were set for trial at the extra term and others will be disposed of if witnesses are available at that time and all is in readiness.

Goes to Town Alone First Time in Months

MRS. ALICE BRADLEY

"I don't know what there is in Sargon, but it's the most wonderful medicine I ever took in my life! Today is the first time I've been able to come down town alone in six months and it is due to the wonderful strengthening effects of this remarkable medicine!

"For months my nerves were upset and I was so rundown that I was unable to do any household, and hardly able to get out of the house. I was so weak I spent most of my time in bed. My appetite was poor, the lightest foods disagreed with me and I suffered continually with chronic constipation. I am on my fourth bottle of Sargon, my appetite is splendid, my digestion is perfect, I'm strong and energetic, my nerves are strengthened and my household is really a pleasure. Sargon Pills have rid me of constipation for the first time in years."—Mrs. Alice Bradley, 855 Capp St., San Francisco.

CITIES AND TRANSPORTATION

The steady improvement made in our transportation facilities has had many important "market effects," according to Professor L. C. Sorrell of the University of Chicago. Professor Sorrell points out that the improvement in long distance as well as in short distance transport was largely responsible for the growth of American cities, which must draw food and materials from far distances and dispose of their own products elsewhere. The larger the city, the larger the area it must reach. Improved railroad service, by which food produced in Florida or California is consumed in New York or Wisconsin, has made this possible. It is not uncommon for perishable foods to find a market many thousands of miles away from the place of shipment. No community is self sufficient. At best, it can produce but a small part of what its people need. The rest it must obtain by a process of trade with other communities which may be ten miles distant or on the other side of the continent. This is one of the outstanding contributions of the railroads to the progress of American civilization.

FULL-WIDTH ROADS

Many good roads advocates have believed that it was a good practice to build half of a full-width pavement on farm-to-market roads, and later, when funds were available, build the other half. Experience has proven this to be an expensive method, however, and even a half-width pavement such as is laid on state high ways costs more than it is practical to spend on the average farm-to-market roads. Good surfaces for such roads can be constructed of suitable materials to make them water and dust proof, at an extremely low cost. Asphalt and road oils are playing an indispensable part in this type of construction. All year round farm-to-market roads provide real farm relief and their mileage should be extended in conjunction with every state highway system.

PRIDDY

Everybody seems to be busy in this vicinity.

Crops are looking good since the recent rains. Some are beginning to chop cotton.

Grain is ripening. Soon we will hear the hum of the reaper and thresher.

Priddy school closed May 16th, with five graduates, exercises being held Friday evening, May 16. The address was delivered by Judge E. M. Davis of Brownwood. Music was furnished by Mrs. Williamson and Miss Dearson, also by the Indian Gap Orchestra, directed by Miss Dearson.

Priddy and Indian Gap played ball at Indian Gap Sunday. Indian Gap was victorious.

Albert Schumann carried Walter Dearson to Brownwood Monday afternoon, consulting an eye specialist. He has been suffering for some time with his left eye.

An airplane from Lubbock spent the day at Priddy Sunday, taking up passengers. All passengers reported a thrilling ride. We hope he will soon make Priddy another visit.

English services were held at St. John's church Sunday evening.

Miss Jessie Grayson left Sunday for a visit with her brother.

Mr. and Mrs. Walter Dearson and son, James, spent last week end with Mr. and Mrs. I. A. Dyches of Goldthwaite.

The platform dance Saturday night was enjoyed by an immense crowd.

Misses Lydia and Olga Tieman attended the ball game Sunday.

Miss Lanie Dearson was a Goldthwaite visitor Monday. Arnold Jeske is chopping cotton. Hurrah for Rudolph. SUMMERTIME

A GROWING CROP

The tourist crop is getting to be almost as good as the spinach crop for bringing cash into the community. It long ago passed the turpion crop, the persimmon crop, the chinquapin crop. Since prohibition came in, little or no persimmon beer is being brewed, and this has inflicted a severe hardship on the persimmon producers. So many people, if not quite all the people, are so afraid of violating the Volstead law they the courage to turn edible persimmons into drinkables. Turnips also are faring badly. There are so few calories in turnips the modern housewife is inclined to ignore them. The modern housewife is not like her grandmother. Her grandmother was not scientific in her culinary selections. She liked turnips on account of their fresh taste and on account of being easy to chew, after boiling. Their calory content gave her no concern, inasmuch as she knew as little about calories as she knew about caviar. The tourist crop, as we started to say, is putting money into circulation wherever tourists take a notion to tour to. In France, there is general complaint this spring over tourist scarcity. They have organized a Department of Tourism, and the chief is trying to do away with certain practices practiced by the surveyors of tourist goods. The cover charge, or covert charge, at dine and dance places is one of them. So many Americans have complained of extortion in this, and numerous other stragems, that some Paris authorities are saying their city is being boycotted by foreign travelers.—State Press in Dallas News.

"Musician's Career Is Happiest," Says Leader

B. A. Rolfe

B. A. Rolfe Declares Melody Lulls and Soothes

New York City.—Who gets the most out of life? If everybody answered this question the same way, there would undoubtedly be a rush in one direction. So perhaps it is fortunate that everybody does not think the same as B. A. Rolfe, orchestra leader, who believes the musician is the happiest man in the world. Mr. Rolfe practices what he preaches. At one time he was a partner of Jesse Lasky of Famous Players and rated many times a millionaire. He gave all this up for music. "I have never regretted it, either," he declares. "Business men are always scared they will lose some of the money they have, or an opportunity to make more. They get indigestion and all sorts of ills from this constant anxiety. Music, on the other hand, produces a sort of hypnotic effect that lulls and soothes. You can

lose yourself in music and forget everything that bothers you. Everybody who wishes can give himself up to this kind of enjoyment for music speaks a language that can be universally understood."

Mr. Rolfe believes that the American dance craze marks a rejuvenation of all music. He points out that many great movements start from the gutter. He predicts that composers everywhere will soon begin to turn their attention to writing for jazz bands. "The brasses and reeds will then receive the consideration that was formerly given to the strings," he explains. "Already, the brasses, which I regard as especially important are being catered to by good music like 'There's a Boatman on the Volga.' There will be more." Mr. Rolfe toured Europe as a concert cornetist at 11. He is now leading an orchestra at the Palais D'Or, the most elaborate Chinese restaurant in America and successor to the Palais Royal, made famous by Paul Whiteman

Texaco-Ethyl, the "dry" Ethyl

In the entire history of gasolines there has never been such an immediate and overwhelming approval as has been given to Texaco-Ethyl, the "dry" anti-knock gasoline!

Why? Because Texaco-Ethyl is different. It's a "dry" Ethyl. And what a tremendous difference that makes! Remember—it's the *gasoline* that makes the difference. Ethyl Compound never varies in quality—but *gasolines* do!

Texaco, the finest of straight gasolines, forms a "dry" gas which allows a *complete* and *uniform* diffusion of Ethyl through the manifold into the cylinders. Here's Ethyl at its best! Here's a combination that will put wings on any car, old or new. Drive up today—ask for Texaco-Ethyl, the "dry" Ethyl Gasoline.

IN MEMORY

(By request we are chronicling words concerning J. T. Weems)
The early life of James T. Weems was spent in Mills county. Here it was that he was converted and yielded to the call to carry the good that came into his life to others. In his early life, schools were scarce and rather imperfect, but he used with diligence the opportunities provided. By close study he prepared himself for the ministry and was admitted to the Conference. He served in other sections the first part of his ministry, but it was not long until his services were in demand in his home community. He spent a term of years as pastor of Center City and Star circuit and here he carried the gospel of salvation to many souls that hold him in grateful remembrance. His enthusiastic life was an encouragement to many to help them to a holier and higher way.

After he had served a number of years in the conference his health failed and in consultation with his brethren it was thought best for him to take a needed rest and he engaged in a business venture in Goldthwaite for a number of years. When his health was sufficiently recovered he returned to the active ministry. Among his latest charges in this county he served the Mullin church as pastor. It was during his administration that the church at that place was destroyed by a storm and it was through his leadership the building was restored. The term of his laboring in this county left a holy influence that will be for good through all the future.

Brother Weems then transferred to the Plains country and it was with joy his friends looked forward to his restoration to perfect health in that climate. For several years he served churches in that section of the state, but finally we were saddened with the revelation that he must take another rest. His peculiar illness was stubborn and would not yield to recuperative forces. It was not expected that the end would come so quickly, but before his family realized it, he was gone. We know where he has gone and with all of the resignation we can command we will await our summons to "come up higher." Then all those he helped on the way will meet him in the great beyond. The best of all is that his family will be in the great reunion with the hosts that have gone on before.

WASHINGTON PREACHER'S FIRE RAISED

Under date of May 9, from Washington, D. C., as a special Correspondent from Washington, William S. Abernathy writes to the Christian Century, an interdenominational publication that "Washington ministers arose in angry protest when they read the result of the Literary Digest wet-dry poll so far as it concerned them. According to the published reports in the issue of May 3, 42 ministers of this city voted for enforcement, 38 for modification and 234 for repeal of the eighteenth amendment. So horrified were local pastors that immediate steps were taken to ascertain the facts. Ministers of the Methodist, Baptist, Congregational, Disciples, Episcopal, Lutheran, Reformed, Evangelical, Brethren, Universalists and Unitarian bodies were interviewed. Within four days from the time the indignation meeting had been held, 195 ministers of the city had been heard from. One hundred and seven had received a Literary Digest ballot and 84 had returned it with a vote for enforcement. Where the Literary Digest unearthed the scandalous figures reported remains a dark mystery. That the ministers of the capital city have been grossly libeled is certain. If this publication is endeavoring to reveal the true condition of affairs, it has missed the mark by a wide margin. If this is the best publication available for use in our public schools, teachers when directing discussion of its contents should remind classes that it cannot claim infallibility. S. D. LAMBERT.
