

# THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, AUGUST 8, 1930.

NUMBER THIRTY-NINE

## GOOD RAINS HAVE COME TO MILLS COUNTY

### School Opening Being Planned For Sept. 8

#### Plans Being Outlined For the Session

Superintendent E. D. Stringer and members of the Faculty of the Goldthwaite Public Schools, co-operating with the School Board, are getting everything in readiness for the opening of school and are planning for one of the most successful terms in the history of the school.

While the date for the opening has not been definitely set by the Board, it is an open secret that Sept. 8 will be designated as the opening date. The Board will meet in regular session next Tuesday night and at this meeting definite information will be given out.

The Faculty has been filled by the Board, which includes an additional teacher above last session or, in fact, any previous term, but the enrollment requires the enlargement of the faculty, in order that the best results may be obtained and the pupils give the advantage of full instruction and full time.

At a meeting of the Faculty members, together with Supt. Stringer, held in the home of Mrs. Joe Palmer, principal of the Goldthwaite Grammar school Monday afternoon there was every evidence of enthusiasm and hearty co-operation. While all of the faculty members were not in the city at the time, only three or four were absent and the absentees are known to be loyal and desirous of bending every effort in the interest of school, so they were counted as agreeing to everything the Faculty decided. Among the plans; it was decided that the Teachers Institute would not be held until later in the season, in order that the teachers might get into the work and ascertain the problems needed to be discussed and the plans for the school year might be better understood. The patrons of the school and the friends of education generally are ready and willing to co-operate with the Board and the Faculty and are expecting a steady advancement in school affairs.

#### CITY COUNCIL

The city council met in regular monthly session Monday night with Mayor Bodkin presiding.

Routine business was given attention, including the auditing of reports and accounts and other details.

The resignation of J. H. Ervin as night watchman was received and accepted and P. A. Burks was elected to the position, effective instantly.

Dan Yates was appointed collector for the sanitary department, with instructions to make collections of back dues as rapidly as possible and to collect the dues regularly.

#### FAMILY REUNION

Last Sunday Mr. and Mrs. Henry Morris and son, Boyd, Mr. and Mrs. Hud Hamilton and son, Wayne, attended a family reunion of the Hamilton family at Jonesboro. There were about 400 persons present, many of them relatives or members of the Hamilton family. This is an annual event with the family and is always thoroughly enjoyed. Mrs. T. J. Hamilton and her brother, Mr. Yoels of Gatesville, and two sisters are all of the original family now living in this section. They were all present and enjoyed the occasion with the younger members of the family.

### SPECIAL TERM OF DISTRICT COURT IS HELD

#### Grand Jury Adjourns Two Cases Tried

District court convened in special session in this city Monday, to dispose of some of the cases on the docket and give attention to cases wherein arrests had been made on information and complaint, since the adjournment of the last grand jury.

A petit jury was summoned for Tuesday and Wednesday, the grand jury was summoned for Wednesday and a special venire of 125 men was ordered for Thursday and then changed to Friday, at which time the Fowler case was expected to go on trial.

The grand jury was composed of S. P. Rahl, foreman; C. B. Ashton, M. H. Fletcher, Robert Robertson, S. J. Casey, A. G. Langford, J. D. Calloway, Joe Peck, G. M. Fletcher, John Guthrie, J. A. Holland and R. F. Swindle.

The suit of Mrs. Letha Evans vs. G. A. Spruell, administrator of the estate of W. C. Spruell, for \$1000 was tried Tuesday and resulted in a verdict for plaintiff for the amount claimed.

Suit of C. N. Berry vs. Clarence Langford for nineteen turkeys resulted in a verdict for defendant.

Judge Brewster adjourned court Wednesday afternoon until this morning, on account of the death of his father-in-law, Mr. Robt. Kilpatrick, which occurred in Galveston Wednesday and his funeral was to take place Thursday in Temple. Mr. Kilpatrick was formerly a conductor on the Santa Fe and at one time made his home in Goldthwaite. He was a visitor at the reunion here two years ago and is kindly remembered by many Mills county people. The grand jury adjourned Wednesday afternoon, having returned three indictments charging felonies. No bills were returned against Charlie Bohannon and Tillman May, both of who were held in jail here, and they were released from custody.

Another special venire of 125 men has been ordered for next Monday, August 11, when another Fowler case is expected to be tried.

#### A NEW FIRM

O. H. Shaw and Arch Featherston have taken charge of the service station and garage at the northwest corner of the square, on Parker street, known as the Hiway Garage. They have had the interior of the building thoroughly overhauled and made convenient for the workmen and their customers. They are both experienced in that line of business and have lots of friends in the town and country who are glad to know they are again in business and will be pleased to share their patronage with them. They are good men and deserve to do well in business.

#### METHODIST CHURCH

The yo yo is almost forgotten. Miniature golf may last a bit longer. Styles come and go with exceeding rapidity. The church and its influences continue. Many customs may change. We may have needs that have come because of practice or custom. The one inherent need, the one custom that remains is man's search for God. Man is incurably religious. He has within him that kinship to the divine, which will not be satisfied otherwise. Our one task is to help you rightly relate yourself to your task and your God and the world in which you live. Every service has this for its end.

Come to Sunday school and learn of the "chart and compass." Come to the Leagues and get the opportunity at self expression and fellowship that is cheerfully needed. Come to the preaching service to lead you to higher fellowship with the Infinite. We cannot speak with too great emphasis when we say you are welcome to these services each and all of them and may they be helpful to you.

Good music, good fellowship, devout worship with a worthy goal. May we expect you next Sunday and on Wednesday at our prayer services.

Yours in His service,  
S. DE LAMBERT

#### COUNTY SCHOOL BOARD

The county school board was in session Monday for the purpose of considering several applications for transfer of territory from one school district to another, but in each case the application was rejected. No changes were allowed in any of the districts.

#### MARRIAGE LICENSE

H. E. Carlisle and Miss Mirtelle Aldredge, both of Pompey community, were granted marriage license the past week.

#### IMPROVING PHONE SYSTEM

The Southwestern States Telephone Co. has had a large force at work on the telephone system here for some time, putting in new cables, erecting new poles and overhauling the system generally. It is expected the work will be completed by Sept. 1, at which time the new rates will become effective. It was understood at the time the company purchased the Rural system and consolidated it with their own that the change in rates would be made as soon as the improvements contemplated were completed. The new rate is no more, and in some cases not as much, as the combined rate of the two systems heretofore operated here, and there is no change in the rates for the rural exchanges and lines. The new rate to become effective on Sept. 1 appears in full on another page in this paper.

#### BAPTIST ASSOCIATION

Outline of program for Mills County Baptist Association: Every chairman of each report is requested to have report ready for the first day of meeting. Let's have everything in readiness to go right to work, and if the chairman will have his report ready there will be no time lost, and immediately after the organization we will be ready to go into the discussion of reports.

Missions, including all kinds—Rev. J. W. Stripling. Co-operative Program—W. E. Miller. Benevolence—L. L. Hays. Christian Education—Judge Anderson. Layman's Work—W. P. Weaver. Women's Work—Mrs. Frank Hines. Christian Service—Mrs. W. E. Miller. The moderator pleads for all reports to be ready and that all churches be represented.

G. C. IVINS.

#### TERRACING UNDERWAY

Monday the County Agent located terracing lines for H. P. Beard and John Philen, Caradon. Several farmers were present and assisted with the work. Andrew Anderson and Harold Beard operated the level part of time and over 90 acres were laid out.

Lines were laid out for D. J. Lockett, Mullin, on Tuesday. The County Agent suggests that this month is the logical time to lay off lines on stubble lands so the demand later in the year can be met.

Terracing has passed the experimental stage and farmers realize the benefits of conserving the moisture.

#### STATE CANDIDATE HERE

Charley Lockhart of Austin, one of the candidates for state treasurer in the run-off primary, was a visitor to the city the first of the week and made many votes by his visit. Mr. Lockhart has been connected with the state treasury for a good many years and understands the work. He is crippled in the feet and legs, but not in the head, and the fact that he is making his way and willing to work is certainly commendable. The Eagle believes he will be given a strong support wherever he is known or visits. He is a real statesman and is recommended by former citizens of Mills county now living in Austin.

#### CENTER CITY

We certainly hope fine rains have fallen over the entire county. A good one fell here Tuesday afternoon. We have needed rain for a long time. Light showers fell last week, but soon dried away.

Brother Mayfield is holding his meeting this week and those who miss attending are certainly missing some mighty good sermons. We are glad his wife and little son are with him and are such help in his work.

Chas Evans and family left Monday for their home in Mexico. Her father, Jno. Carter, Sr., stayed for a longer visit.

Ollie Hamilton and family are visiting relatives here.

Albert Mason and family are visiting relatives and friends here and in Goldthwaite.

A. N. Oglesby and family of Big Valley visited his brother, Mohler, Sunday. They attended Sunday school and church.

Raymond and Wilma Jo Williams are visiting their sister in Dallas.

Marion Karnes of San Antonio is here for a visit.

J. M. and Hubert Geestlin were business visitors in Goldthwaite Monday.

Misses Lena Mae Casbeer and Hartal Langford are visiting friends in Lometa.

Gordon Langford, who has been in Arizona for some time, is now at home.

Hugh Carroll and family from Lockney are visiting in the Ellis Reid home.

Mrs. Jno. Walton and children visited Mrs. Ed Reeves Tuesday. Bill Lucas and family visited his sister, Mrs. Wesley Head Monday.

Mr. Huggins of Brownwood was here Sunday night and helped in the singing. He is a good singer and we always enjoy his visits.

Mrs. B. M. Muse and children visited Mrs. J. W. Coffman and family Tuesday.

Ira Lee and family and Hugh Beck and family are expected to arrive this week from Arizona for a visit.

Workers were busy Tuesday putting telephone lines in first class condition.

#### MIDWAY

We are all rejoicing over the fine rain we had. The time for the meeting is almost here. Everybody is invited to attend the first service, which is Friday night, as well as all the other services.

Watson Wright and family visited relatives in Hamilton and his mother returned home with them for a visit.

Aubra Cline and Joe Anderson, who have been working in Nebraska, came home on a visit this week, but are planning to return soon.

Mr. William Cline, who is in Mineral Wells for treatment, is reported to be improving in health very fast.

Mr. and Mrs. Lloyd Reynolds are the proud parents of a fine son. We had a very good B. Y. P. U. program Sunday night.

Mr. Eugene Gray visited Mrs. Anderson and Andrew over the week end.

Mrs. J. M. Fetsick spent Wednesday with her sister, Mrs. De-ward Reynolds.

Durward Wright has been on the sick list this week.

REPORTER.

#### BAPTIST CHURCH

Let's all go to Star to the association next Friday, August 15. They have extended an invitation to all Baptists in the county to this annual meeting, and let's take advantage of it and all Baptists go. It does not make any difference if you are not elected as a delegate, go any way, and enjoy the fellowship. The good people at Star know just how to entertain a meeting of this kind and they will be disappointed if we don't go. Elsewhere in this paper you will see the program. We are going to have some outstanding men of our denomination with us, not to take a collection, but to tell us about the Baptist affairs in Texas and also about our work around the world. As members of the association, let me urge every church to be well represented, and let's make this the biggest association that Mills county Baptists have ever had as to attendance and fellowship.

Last Sunday was a good day with the Baptist church, although we did not reach our standard in Sunday school, lacking fifty or more. The superintendent, pastor and teachers are wondering when we are going to get up with our visiting, or rather, when will the vacation days be over? Oh well, we are going to visit and have visitors until the first of September, then we are going to throw away the old record, get us a new one and keep it straight. Just remember that we are not complaining. We are happy. All previous records as to Sunday school attendance for a year have been broken—the fellowship among our people was never better.

The splendid congregation that greeted this preacher last Sunday night, as hot as it was, with a number of our regular churchgoers out of town, is an indication that everything is going in great fashion. Our prediction is that during our next associational year we will have more in Sunday school and more to attend our regular preaching services than we have in the past two years, and in order that this is accomplished, not only the pastor, but every loyal member must do just a little more persuading, and a little more going, and a little more praying. And those that are not quite so loyal will have to strengthen their loyalty, by just praying a little more and getting their own hearts tuned with God's program. If some people could understand that the program that we are trying to carry out belongs to the church and not to any individual, or set of individuals, and that this pastor appreciates what they do, and that the majority of our members do, and that the church is the place where the rich and the poor, the learned and the unlearned meet on a common level for no other purpose than to help and to be helped; there is no question but what our church would continue to grow. To this end this pastor is pleading, working and praying. Some people think that they are a little more talented; that they are a little more prominent, and that they ought to be "petted" and looked up "to" just a little. But as a matter of fact, in the sight of God and in the sight of man these people are just humans, having their weaknesses, just like the rest of us and they will pass through death's door on a common level with the rest. Doubtless some who are reading these lines will pass through the door before long, and why not all of us be loyal to God and to His church, loving each other, and working for each other's interest.

Will greet you at the Baptist church Sunday.

G. C. IVINS, Pastor.

Eventually Cotton White flour.—Archer Grocery Co.

T. L. Adams of Star had business in the city last Saturday.

Mr. Evert, wife and boy from Odonnell visited C. W. Mason and family last week end.

Will Allen and wife of Sumpton, Ariz., have been visiting in the J. M. Adams home at Star.

Dr. Baker at his Dental Office here every Tuesday and Saturday.

Albert Greele and family of Coleman were week end visitors in the home of Liss Walker at Priddy.

J. W. Dalton from Mineral Wells visited his sisters, Mrs. C. W. Mason and Mrs. Ella Dalton, last week.

J. A. Doggett, one of the Eagle's good friends of many years, was an appreciated caller at this office Saturday.

Dr. and Mrs. Garrett Townsend of Lampasas passed thru the city Saturday en route to Abilene, to attend a reunion.

Mrs. Clarence Mason and family left Sunday morning for a week's stay at Glenrose and will visit her sister, Mrs. Huldah Doggett, at Cisco.

Mrs. Avis Renfro and children came in from Rock Springs last week for a visit to her parents, Mr. and Mrs. S. T. Weathers, and other relatives.

Archer Grocery Co.—Cotton White Flour.

Liss Walker was here from Priddy the first of the week, meeting his friends, who regretted to know that his health was not good and that he had received no benefits from his recent health-seeking trips.

Miss Lois Sullivan has as her guests Mrs. Marvin Atnip of Dallas, Mrs. J. S. Jolly and little daughter of Sherman, Miss Ethel Scott of Staton. They will visit other relatives and friends in this section before returning to their homes.

Mrs. J. N. Keese has returned from a protracted stay in Tulsa, Okla., where she visited in the home of her daughter, Mrs. Stanley Lasarsky, who together with her four children accompanied Mrs. Keese home for a visit.

H. R. Collier and family, C. W. Mason and family, Jim Mason and family, Mrs. Louie Carnes and children, Herbert Simpson, Georgebert Mason, Mrs. J. W. Mason, Bert Mason and family of Avant, Okla., had a three day's family reunion at the river at Mr. Timberlake's ranch near Glen Rose. All reported a good time and plenty of fish.

Burch has the finest line of samples for suits, pants and top coats he has ever carried, and the price is just right.

Bill Aiken and family have returned to their home at Priddy, after spending some time in San Antonio at the bedside of his son, Denver, who was dangerously injured some weeks ago by a telephone pole falling on him. The family remained with him until he regained consciousness and was apparently improving.

Ike Cobb, Miss Lula Cordell, Ted Cordell and Pierce Carson, Jr., of Mercedes, were visitors in the Hez Cobb home last week end. They were all former residents of good old Mills county, but this is their first visit here since leaving eighteen years ago. The Eagle reporter has not interviewed them, but guarantees they think this is a much better country than they considered it when they left here for the Rio Grande valley. We would all be glad to have them located here again.

**A DELIGHTFUL OCCASION**

The members of the Wesley Workers Sunday school class of the Methodist church celebrated the formal opening of their pleasure park, in the northern suburbs of the city, last Thursday night by inviting a large number of guests, both from their own church and some of the other churches of the city. Committees were appointed to look after the pleasure of the guests and to see that everything possible was done for their entertainment. There were games of golf, basket ball, volley ball, indoor base ball, croquet, horse-shoe pitching and other modes of entertainment for the older folk, while swings, merry-go-rounds, seesaws and games were prepared for the little folk. The park was well lighted and decorated tastefully, making it a scene of gaiety and attractiveness. There was a large response to the invitation and the park was well filled with friends and well-wishers as well as members of the class.

Mrs. S. P. Sullivan, the popular teacher of the class, was given assistance by many of the members and nothing was left undone that would add pleasure to the occasion. Large bowls of punch attracted the crowds all the while and the ladies appointed from the class served frequently and liberally all who appeared about the tables. The peals of laughter and the good fellowship in all parts of the grounds gave full evidence that the occasion was a perfect success and that Mrs. Sullivan and her class had added to their popularity, personally and as an organization, by arranging this delightful entertainment.

Dr. Baker at his Dental Office here every Tuesday and Saturday.

**HUGE ARMY OF 15,000 DEMAND SARGON DAILY**

Vast Growing Army of Sargon Users, Marching Single File Would Encircle Globe in Only Few Years Time

(By Richard L. Simms)

Atlanta, Ga. — More like a tale from the Arabian Nights of old than a record of modern business achievement reads the story of the marvelous growth and development of Sargon, the New Scientific Compound which has become the sensation of the drug trade thruout the United States, Canada and other countries.

The old illustration of the pebble dropped into the pool best describes the phenomenal and unprecedented demand and its fame is rapidly spreading over the entire American Continent like a great tidal wave.

Recently compiled figures reveal that approximately 15,000 men and women are marching into drug stores daily for Sargon and Sargon Soft Mass Pills, the marvelous new treatment that is restoring health to countless thousands by new and remarkable methods undreamed of only a few years ago.

Already more than 5,000,000 suffering men and women have put it to the test and have told other millions what it has done for them.

Marching in regulation U. S. Army fashion—single file—this vast army of Sargon users would reach from New York to San Francisco and at the present rate of sale—would, in a few years time, encircle the globe.

The only explanation of Sargon's triumph in the Medical world is Sargon's true worth. Back of its triumph in the drug stores is its triumph in the homes and it is the grateful endorsements of its millions of users that has made it the most widely talked of medicine in the world today.

Sargon is extensively advertised, it is true, but no preparation, no matter how extensively advertised, could possibly meet with such phenomenal success unless it possessed absolute merit and extraordinary powers as a medicine.

There can be but one possible explanation for Sargon's amazing success and it can be told in one word—MERIT!

**SCALLORN**

(Too late for last week.)

We are still having hot weather.

The meeting closed Sunday night. We had good attendance, and lot of interest, but only one gave their heart to God. Had three additions to the church. Two by letter and one was baptized Sunday evening at the river. Brother Mayfield will start a meeting Friday night at Center City, then from there to Long Cove.

Mrs. R. D. Evans returned home Sunday with her daughter, Mrs. Eva Fox, of Lampasas. Mrs. Fox was able to be moved up to her mother's.

Mrs. Lila Crawford and son, Garland, of Topeka, Kan., are visiting her sister and parents, Mr. and Mrs. R. D. Evans.

Mrs. Lou Burks of Goldthwaite spent the week end with her brother, John Kuykendall, and attended church.

Billie Johnson spent last week with his aunt, Mrs. Cora Ford.

Mrs. Ben Kay of Vernon spent two weeks with her parents, Mr. and Mrs. Marvin Alley, and returned home Saturday.

Brother Strayley is real sick at his home.

R. D. Jones' wife, who is sick, was moved over to his father's Saturday. She is some better.

Sherwood Ford and wife, Chester Ford and wife and Fleming Ford and Lloyd Laughlin returned Saturday, after spending ten days with their sister and aunt, Mrs. Ora Malone. While there, they caught a fish out of the Rio Grande river that weighed 47 pounds.

Mr. and Mrs. Grady Easley and two children and Leslie Mance and wife and son spent two weeks with their parents, Mr. and Mrs. Elzie Laughlin.

Marvin Alley and family spent Tuesday in San Saba.

Mr. Eckhart's barn on the Brooks place burned Wednesday night. He lost all his feed stuff and other things.

**S. J. R. No. 2 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.**

Be it resolved by the Legislature of the State of Texas, that Article V of the Constitution of Texas shall be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. The Supreme Court may sit at any time during the year at the seat of Government for the transaction of business and each term thereof shall begin and end with each calendar year."

Section 2. That Section 3 of Article V of the Constitution of Texas shall be amended by repealing the sentence of said section which reads: "The Supreme Court shall sit for the transaction of business from the first Monday of October in each year until the last Saturday in June of the next year, inclusive, at the Capitol of the State."

Section 3. If the Constitution shall not have been previously amended so as to provide that the Supreme Court shall be open at all times, then, in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.

**NEW TELEPHONE RATES FOR GOLDTHWAITE**

EFFECTIVE SEPTEMBER 1ST, 1930

Goldthwaite now has one telephone system—the former competitive telephone systems have been merged. New central office equipment has been added. New and additional cable facilities have been strung in various parts of the city.

In accordance with an agreement made prior to the beginning of this improvement program the following schedule of rates will become effective in Goldthwaite on September 1, 1930:

Individual Line — Business (wall or desk)	\$3.50
Extension — Business (wall or desk)	1.00
Individual Line — Residence (wall)	2.00
Two Party Line — Residence (wall)	1.75
Extension — Residence (wall)	.75
* 25 cents additional charge for desk equipment	

All discounts formerly allowed will be discontinued as of the effective date of the new schedule of rates. The present rates charged rural subscribers or those subscribers who now own and maintain their lines will not be affected by the above schedule of rates.

**AN OBLIGATION OF MANAGEMENT**

There is imposed on the management an unusual obligation to the public to see that the service shall be adequate, dependable and satisfactory to the users. Earnings must be sufficient to assure the best possible telephone service at all times, and to assure the continued financial integrity of the business.

**MRS. J. D. RHYNE**

There is a reason why Konjola is America's best known medicine, and that reason can be summed up in just three words—Konjola makes good, even when all else tried has failed. Consider, as a typical example of Konjola's 32 ingredients at work, the case of Mrs. J. D. Rhyne, 616 East Eleventh street, Amarillo, who says:

"I was in a terrible condition for many years, with constipation, nervousness, indigestion and kidney and liver ills. It seemed no use to try medicines and treatments further, for I kept growing worse right along. I lost weight and had headaches and dizzy spells and bilious attacks. Food caused indigestion, and many a night I lay awake until two or three o'clock. But words can not express my surprise over what Konjola did for me. All of my ills have vanished and now I am giving Konjola to my children, and my husband is about to start the treatment. Konjola is a medicine for all the family; old and young. That is why Konjola is a household word in tens of thousands of American homes. Konjola is sold in Goldthwaite, Texas, at Hudson Bros. Drug Store, and by all the best druggists in all towns throughout this entire section.

**S. J. R. No. 7  
"PROPOSING A CONSTITUTIONAL  
AMENDMENT TO BE  
VOTED ON NOVEMBER 4, 1930.**

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 11 of Article VII of the Constitution of the State of Texas be amended so as to read as follows:

Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury), shall be invested in bonds of the United States, the State of Texas, or counties of said State, or in school bonds of municipalities, or in bonds of any city of this State, or in obligations and pledges, for the construction of dormitories and other buildings for the use of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto; and the interest accruing thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing section; provided, that the one-tenth of the alternate sections of land granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1858, entitled, "An Act to establish the University of Texas," shall not be included in, or constitute a part of, the permanent university fund."

Sec. 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

**TEXAS WOMAN HEADS  
NEW SCHOOL**

Sulphur Springs, Ark., Aug. 1.—The Julia A. Brown School for Children, Sulphur Springs, Ark., of which John E. Brown is founder and president, opens September 15, 1930, with Mrs. Flora G. Bowles of Texas as Superintendent. Mrs. Bowles comes to the new school with teacher's diploma of Sam Houston State Teacher's College; B. A. Texas Woman's College; Graduate of University of Colorado; M. A. University of Texas.

According to an interview today, Mrs. Bowles stated that the new school will be strongly pre-vocational. All activities will be conducted as a scientific experiment in modern psychology based on the development of the pupils according to age groups. The age group will be utilized with pupils grouped under house mothers featuring the ideals of a Christian family in the home. The discipline will be of the highest order in that it will develop the pupils mentally, morally and physically. The school will be accredited under the state department of Arkansas.

Goldthwaite and Mills county folk are interested in the above communication, as it refers to Mrs. Bowles, who as Miss Flora Gatlin was reared here and is highly esteemed by everybody. She taught in Goldthwaite High school and in other High schools in this section. She was married to Rev. J. S. Bowles, while he was pastor of the Methodist church in San Saba. The entire family has the friendship and admiration of a host of friends hereabouts.

The use of wheat for live stock feeding was urged Monday by Chairman Legge of the Farm Board as a means of disposing of the large visible supply of wheat, which has been a depressing influence on the market.

**EDUCATION REDUCES  
ACCIDENTS**

A primary reason for the steadily increasing toll of automobile accidents is that we have attempted to meet changed conditions with old, inadequate laws.

In many states traffic laws have not been revised to any extent since the ox-cart days. More and more cars throng the highways. Congestion increases. Speed ranges rise. The chance of accident grows constantly greater. And until traffic laws are modernized and standardized, the accident problem will increase.

Last year our laxity resulted in the deaths of 31,000 persons and untold property damage. Only a few states make it necessary for a driver, before using the public highways, to learn how to operate his car and understand the rules of the road. In the others anyone, irrespective of his competence, is allowed to drive a high-powered, potentially deadly vehicle on crowded highways, where he is a menace to the lives and property of all other motorists.

The bright spot in the traffic situation is the condition respecting children. The adoption of safety teaching by progressive schools throughout the nation has resulted in an amazing decrease in accidents to children. Such a demonstration should encourage more intensive efforts in the future.

Accident prevention has been greatly aided by casualty insurance companies. The public should join wholeheartedly in efforts to reduce uncalculated-for accidents.

Jones and sister had made the 1200 mile trip from here in two days; and reached their mother's bedside a few hours before she died. They were recognized by their mother, but in a short time after greeting her daughters lapsed into unconsciousness and passed across the river of death.

Mr. and Mrs. J. B. Barnett and sons, J. B., Jr., and Malcolm, Mesdames M. M. Miller and M. A. Greene of Holly Springs, Miss., returned to their home Thursday, after a visit in the home of the editor. Mr. Barnett was favorably impressed with the cool breezes that were so pleasant each night and almost every day in Texas. The little boys carried back mule ears from the mule-eared jackrabbits and horned frogs for souvenirs of their trip to the Lone Star State.

Wednesday morning finds the temperature much cooler than usual, as a result of the showers that fell over the various parts of the county Tuesday. Slight showers fell around Mullin, and a rain fall of one and a half inches was reported in Goldthwaite. There are still clouds hanging around making us hope for a more beneficial rain. These rains will be a help to fall gardens and pasturage as well as in keeping down dust and heat.

Miss Lou Ella Patterson of Goldthwaite spent the first of the week with her uncle, R. H. Patterson, and wife.

Mrs. W. A. Shannon and daughters of San Antonio are visiting Mesdames R. A. Martin and W. O. Keley.

A motorist near Victoria had a most unpleasant accident a few days ago, when he struck two mares necked together on the highway. Both animals were killed and the head of one was cut entirely off and fell into the motorist's lap, as his car went into the ditch a total wreck.

Papers in a suit for injunction to restrain enforcement of the franchise tax law were filed Monday for service on the Secretary of State, State Treasurer and Attorney General. Fourteen Dallas corporations, twelve domestic and two foreign—were complainants in the original bill, filed Aug. 1, in Federal Court at El Paso. The corporations claim the present franchise tax fee constitutes discriminatory taxation.

The War Department announced Thursday eight vacancies at the United States Military Academy at West Point for which members of Congress from Texas have been requested to nominate candidates for examination on the first Tuesday in March with a view to submission to the academy on July 1, 1931. The law requires that each person appointed to the military academy shall be an "actual resident" of the state from which appointed. One of these appointments must be made by Hon. Thos. L. Stanton from the seventeenth district.

A wreck of a passenger train on the Fort Worth and Denver road, near Vernon, occurred Saturday night when the engine and several cars went over an embankment, the engineer and fireman were killed and a number of passengers were injured. The wreck was caused by the track being torn away above an underpass roadway, when a man handling a boiler on a truck endeavored to pass under the track, his load was too high to pass and the truck was torn up just as the passenger train arrived and he was not able to give warning. This was likely the only accident of the kind on record.

Several major industrial plants, including the Ford Motor company, resumed operations Monday in the Detroit area, after shutdowns, which were announced as for the joint purpose of giving simultaneous vacations, and of taking inventories. Estimates of the number of men returning to work varied from 100,000 to nearly twice that figure. A statement from the Ford company said that 100,000 men were returning to the Ford plant at Dearborn and that operations are starting on the basis of 8,000 units a day and a four-day week. The Ford plant in Canada likewise resumed operations.

The Western Sahara Desert, where caravan trails cross "the land of thirst and fear," was swept Sunday by a wind of death, carrying torture to travelers caught in the most severe heat wave of a decade. A temperature of 152 degrees Fahrenheit, and burning, sand-laden winds were fatal even to some of the most experienced native travelers in the vast stretch of sand south of Morocco. Travelers reaching outposts from the desert region reported many deaths among the Arabs and Moors due to heat and sandstorms carrying clouds of scorpions and hairy spiders. Witnesses said many of the fatalities were due to the break-up of caravans in the intense heat, which caused camels to dash madly across the sands until they fell dead.

**IGNORANCE CAUSES ACCIDENTS**

The campaign to reduce automobile accidents, supported by the casualty insurance industry and other private and public organizations, can achieve its object only with the aid of two things—public interest and co-operation and modernization of our traffic laws.

So long as the inexperienced or incompetent are allowed to drive automobiles, accidents will continue to rise. So long as our traffic regulations are inadequate and unenforced, we will be powerless to cope with the problem. Too many drivers regard traffic laws as something to be evaded. Not enough of them are interested in having their officials change out-moded laws in favor of codes that are adequate to deal with the modern congested, high-speed traffic.

In the words of one authority, "There has been much effort to better traffic conditions, but the accident rate, nevertheless, continues to rise because the increasing volume of traffic outruns our efforts." In the past ten years millions of new cars, capable of great speeds, have appeared on the highways, while our regulatory machinery has remained practically unchanged.

If the present trend continues, automobile accidents will soon cost us a billion dollars a year and will take 35,000 or more lives annually. That is a terrible price to pay for our laxity or ignorance in handling traffic. A united, active public consciousness is necessary to reduce the increasing toll of deaths and injuries.

**BUYING AND SELLING**

The new tariff bill recently signed gives evidence of having boomerang qualities. Italy, France and other European countries have either increased the duties on American products or are making plans to do so. Being more nearly self-supporting than just after the war, Europe can easily build a wall against American goods without materially raising prices to the consumer. Such a tariff will encourage the production and consumption of European goods.

Practically every country in Europe is deeply indebted to the United States or to American banks. Protests to the effect that the increase in tariff will keep their goods out of our market and thus make it impossible to pay these debts has gone unheeded by Congress and the President. Our Congressmen apparently do not realize that trade means both buying and selling, and that if Europe cannot sell to us, she cannot buy, either.

Recently Secretary Hyde, of the Department of Agriculture came out with a long statement in defense of the tariff. He tried to show that agricultural products had been given greater protection than they ever before enjoyed. He neglected to state, however, that much of the alleged protection referred to cannot possibly have any appreciable effect on the price that producers receive, or that every time a few cents were added to the tariff on a farm product, many times the amount was added in protection of manufactured articles which farmers use.—Farm and Ranch.

**FARM MARKETS**

There is no doubt that the introduction of motor power in our cities has greatly reduced the market for grains and other feedstuffs. As a matter of fact, prohibition has had a similar influence on the market for barley and rye, but the Nation has adjusted itself to this change. As to the influence of the tractor and other power machinery on the farm, on the market for feedstuffs, we find varied opinions. We have published a number of letters from readers, all of which assert that the introduction of gasoline and oil power on the farm has been detrimental in that it reduced the demand for oats, corn and hay.

In answer to this fore of argument, Farm and Ranch expresses the opinion that if tractor power prepares the ground, plants, cultivates and harvests the crop, or performs any one of these acts more efficiently and cheaper than horsepower, then tractors have the advantage over horses and mules. If, on the other hand, one can keep horses and mules, grow feed for their consumption and do the work at a less cost per acre production than he can with tractors, by all means, use them. The fact that horses and mules consume feedstuffs, a farm product of the farms, and tractors use gasoline, has nothing to do with the cost of operation, which is the thing to be considered. Fifty cent corn is just as palatable to a mule as dollar corn. If it costs more to grow corn and oats than it does to buy gasoline and pay for repairs, costs being based on performance, then the tractor is the most economical and the contrary is equally true. It is all a question of the cost of power plus performance.

Undoubtedly horses and mules have a proper place on many farms. It is also true that tractors are efficient and economical on other farms.—Farm and Ranch.

**BETTER FARMING**

Summer colds in poultry flocks have been reported in many counties, due largely to excessive heat combined with poorly ventilated houses. In demonstration flocks county and home demonstration agents have been getting owners in many instances to open more doors and windows and to remove a board across the rear side for better ventilation.

Several thousand capons will be marketed next spring by farmers and club members, the county agents think. Interest in the subject was aroused by last year's experience which resulted profitably to those who adopted the capon route to turn surplus cockerels and feed into cash. Feed was short last year and capons low in price, but fair profits were made in spite of this.

Commercial fertilizer is paying this year, according to a preliminary report of the county agents, who add that "about all the corn that will be made this year is where every other row is in peas and the corn fertilized.

It has cost farmers only one cent to kill a rabbit, using strychnine and salt bait prepared under direction of the county agents, whereas some counties are paying bounties of five and ten cents per rabbit killed. Farmers report that one pound of bait is killing 27 rabbits.

**SAN SABA**

Dr. Harp, who recently came to San Saba, has decided to go back to the great plains country.

The City Council has appointed Nath Sellman city marshal during the illness of Carl Bryant, incumbent.

Friends of Dr. H. H. Taylor will be glad to know that he is still improving in health and confidently expects to be back on the job in two or three weeks.

Dr. F. W. Farley, who has been with the Scott & White Hospital in Temple for some years, has formed a partnership with Dr. H. H. Taylor and is arriving in San Saba today to practice his profession and make this his home.

Monday night while Sheriff Graves was out of town working on a burglarly case at Cherokee, three prisoners escaped from the jail in San Saba. Those making their escape were Ervin Grant, Tyke Crain and George Thornton. It appears these men had been allowed the use of the run-around and had, in some way, dug a rock from the rock wall under a window. Through this hole they crawled to liberty. Bloodhounds were brought from Llano, but no trace of the escaped prisoners was found.—News.

**LAMPASAS**

Judge and Mrs. W. H. Brown and daughter, Mrs. F. J. Matthews, returned home Friday night from a trip to California.

The revival meeting at Briggs, under the auspices of the Baptist church, came to a very successful close Sunday night. There were 15 additions by baptism and 7 by letter.

A guest at the Keystone hotel was reported to have lost a sum of money amounting to about \$35 from his room in the early part of the evening Wednesday.

The remains of J. L. King, a former Lampasas young man, passed through Lampasas Friday evening en route from Winters to Florence, where interment was made Saturday afternoon.

A Chevrolet coach, the property of R. E. Bristol, was stolen from in front of the Baptist church here Wednesday evening. Mrs. Bristol parked the automobile there about 8:00 p. m. and when the prayer service was over the car was missed.

The first bale of this season's cotton was brought in Wednesday afternoon, July 30, and ginned at the Thomas Gin. The bale was grown by S. M. Faulkenberry on the Dan Taylor place, about three miles from Lampasas on the Belton road.—Leader.

cells of land, had had and held, peaceable and adverse possession of same, cultivating, using, and enjoying the same, for a period of more than ten years, next before the commencement of this suit.

Plaintiff alleges in his petition that the defendants are asserting some kind of title to, or lien on or against, said tracts and parcels of land, the nature and character of which, are unknown to plaintiff; that defendants have no valid claim to, or lien on or against said tracts and parcels of land, and have no right, title or interest therein, or right to the possession thereof, but are naked trespassers.

Plaintiff asks judgment for the title to, and possession of, said tracts or land, and for a writ of possession to same; that all claims or liens asserted against same by defendants, or either of them, be cancelled and declared of no effect, and that all clouds cast upon plaintiff's title to said tracts and parcels of land, by reason of defendants' said claims, and asserted liens, be removed.

Herein Fall Not, but have you before said court, at its aforesaid regular term, this writ, with your return thereon, showing how you have executed the same.

Witness: John S. Chesser, Clerk of the District Court of Mills County, Texas.

Given under my hand and seal of office, this the... day of July, A. D., 1930.

**COMANCHE**

Mrs. R. E. King of Mullin spent the week end in Comanche with her parents, Mr. and Mrs. D. Dingwall.

The Comanche Public Schools will open Monday, September the first, according to W. G. Barrett, superintendent.

Mrs. W. L. Bryant died at her home at Sidney, Friday evening, July 25, at 8:15 following a month's illness. Funeral services were held at the Baptist tabernacle at Sidney Saturday afternoon at 5:00 p. m.

Four run-offs were made possible in Saturday's election when Bob Haynes and J. W. Littlejohn were high men for County Clerk, Henry Gore and Frank Howington for District Clerk, F. O. Jaye and Y. W. Holmes for County Attorney, Dwight Brightman and W. G. Kimble for Sheriff.—Chief.

**LOMETA**

Rev. and Mrs. L. C. Matthis have just closed a ten-day meeting at Ogle.

Mrs. W. J. Medart is in Kings Daughters Hospital recovering from an operation, which was performed on her mouth.

A wound in the left side, sustained Sunday night when a shotgun was discharged, proved fatal 10 hours later to Chester Brister of Lometa. The gun was fired when it fell from the top of bed clothing, which Brister removed from a closet at the home of his brother, R. A. Brister, in San Angelo. Chester Brister was born near Lometa August 15, 1911.

W. C. Egger of San Saba, district deputy of the State Game, Fish and Oyster Department, was in Lometa Wednesday en route to the Colorado river, where he will supervise the removal of several thousand pounds of fish from the sloughs near the river to the main body of the stream. The foundation stock of these fish was trapped in the slough about 12 years ago when the high water receded, after a big rise, leaving them cut off from the river. Until this year, there had been sufficient water in this slough to sustain the fish, but the long dry spell of this summer has caused the water to become stagnant and the fish have begun to die.—Reporter

**BLAME IT ON THE HEAT**

Of all the absurd fads which have swept this country in recent years, the prize for the most insane seems to go without further argument to this endurance craze which has culminated in children staging tree-sitting "flights."

The stunt offers many possibilities for accidents and it is undeniably harmful to the health of the child, but aside from these grounds for opposition to it, steps should be taken to stop the practice if for no other reason than it is about the most senseless means of wasting time that could be devised.

It is hard to see how many smart youngsters could derive any pleasure out of the sport, if sport it could be called. Of course, there is the big element of competition, but today the average youth has opportunities to take part in almost any number of games and sports that call for a great deal more than tree-sitting and which would seem to offer more entertainment.

But even if young Willie can achieve happiness in no other way than sitting in a tree longer than the mythical boy in Kansas did, it seems as if parents would have some rather forceful words to say on the subject. It wouldn't take much imagination for most of us to picture what would have happened when we were 13 if we had sent word home that we wouldn't be at the parental mansion at night because we were clinging to a tree somewhere.

We hate to think that a wave of insanity is sweeping the nation. We'd rather believe that people just aren't themselves this weather and anything at all is likely to happen.—San Angelo Morning Times.

**MR. COBB'S LETTER**

Life with all its charms and apparently sweeping victories often runs up against a secretly hidden enemy that has no respect for charms nor victories, making the strongest, the most determined seekers and possessors of success and apparent happiness, bow to its commands, and what a scene the change has wrought. This not only happens in morals, highest state of learning, physically, socially and politically, but religiously. Therefore, the great Biblical warning; "Watch that ye be not taken unawares," is a signal which all alike may take and consider. We are not our own, but have been bought with a price, which places all on an equality as we individually and collectively consider the real worth of the price with which we are bought. To make sure that we understand; the purchaser has been used the very simplest words human lips can try that we can read as we run, "Shun the very appearance of evil." This does not say evil, but the appearance of evil, that none will be mistaken. The one who paid the price, which was so, excruciatingly painful in the hour of death said, "Father, if it be possible, let this cup pass from me. Not my will, but thine be done," also said, To all who professed to love Him, "Follow me." We will, therefore, use these two words, "Follow me" and these only as a basis for the remainder of our letter at this writing. It does seem like we could not find a more lovely, humble, upright, forbearing, sympathetic, do good to all mankind, in all the history of mankind in the past, than the one who said, "Follow me."

No one can follow Him and not be upright in all his walks and dealings with his fellow man, as well as duly considering the many questionable sayings and doings so common at almost every step in life. If the Book had not said, "Deny yourself, and take up your cross and follow me" there might be found some loop-holes through which we might justify ourselves in squeezing through and come out with a clean record, but when we can't find any place on record where He went to the dance, the bull and chicken fight, the picture shows, the gambling dens, places where profanity, drinking and a general tendency to immorality lead to a pulling away from purity of thought and act. If we were actually following Him and on passing places of this kind, would we invite Him to be our guest and follow us into such dens of iniquity, where His name was being taken in vain, where drunkenness and barbarism was being indulged in, where gambling and all kinds of wickedness was at high tide by both sexes? Have you been there since your name was placed on the church record? Please let the question

**NEED GLASSES**

sink with due weight into your innermost thinking and let your answer be yes or no, as one who must answer before Him who said, "Follow me." If none of the above mentioned acts in our lives are to be denied, pray, tell us what denying ourselves, taking up our cross and following Him meant, who are outside of the fold. We are not questioning those (don't be deceived, they are questioning us), but we are questioning those who took up on themselves the most remarkable, the most far reaching obligations ever taken by man. If we are members of the church we are the ones to whom He said, "Follow me," and we answered, "Where He leads me, I will follow." We will drop the subject for our more thoughtful consideration, with the asking of one more question. Did He who said, "Follow me" mean anything more than fill in space and did we honestly mean anything when we said, "We will follow all the way?" Did He lead through the dancing halls, to the card tables, where gambling is indulged in, to the picture shows the majority of which you admitted were rotten, vulgar and sinful? We are not going to blame the young people and children for going, when the parents, officials in the church and we understand preachers, their wives and families, who have said to their flocks, "Follow us," as Jesus says to us, "Follow me." Was Jesus there when the great crowds were being taught from the screen how to hold up and rob trains, wrecking cars, blowing up safes, scaling the walls, murdering the bank employes or locking them in the vaults and getting away with the honest earned money of innocent people, where all modesty, purity of speech and self denial has been discarded? As the crowd applauded, roared with laughter and went off in ecstasies of delight, do you suppose any consistent Follow me Christian could have looked up and said, Dear Master, are we not having a great time, do not our hearts burn within us as we talk and laugh by the way, wilt Thou not prepare our hearts for the next service of the church, is there not some poor sinner here tonight in the gall of bitterness and bonds of iniquity, who might not be influenced to seek Thy face, sorrowing by having seen us here in the show "Alas! Alas! There was no Lord there to answer. The church members were commanded to try the spirits which they might have done, but they had followed the wrong spirit. What about it? The testing time is coming. H. C. COBB.

**APPRECIATES VOTERS**

I certainly appreciate the very liberal support given me in the July primary for public weigher, and I am especially grateful that so many of the good people voted for me that a second primary for this office will not be necessary. I shall endeavor to prove my appreciation by giving to the office my best attention, and to the public careful and prompt service at all times.

Yours respectfully,  
JAKE KIRBY.
