High Water Damages One Bridge Approach

Prompt Repair Work Saves Big Loss

The recent high water did considerable damage to the approach on the east side of the bridge across Pecan bayou at the Slack crossing. There was a considerable caving of the bank at the abutment of the bridge and a large fill was necessary. Commissioner Burnett and a force of workers, most of whom were volunteers, made the necessary repairs on the approach this week and it is likely a considerable amount of work will be done there before another rainy season.

MRS. WALTER FAIRMAN AND MRS. C. M. BURCH ENTERTAIN

A very pleasant evening was spent in the home of Mr. and Mrs. Walter Fairman on Oct. 21, with Mrs. Fairman and Mrs. Burch hostesses to the members of the Merry Wives Club, their husbands and a few friends.

Bridge offered diversion, in which Mrs. A. F. Kipp of Chicago and Foster Brim scored high for guests and Mrs. Foster Brim for club member. Each received a lovely gift at the close of the game. Supper was served to the following: Misses Adaline Little and Lucille Conro, Messrs. Paul McCullough and Julian Evans; Messdames A. F. Kipp and W. H. Trent, Messrs. and Messdames Earl Summy, Tom Toland, Chas. Frizzell, Mark Fairman, Kelly Saylor, Foster Brim, Roy Rowntree, C. M. Burch and Walter Fairman.

BARNETT PROMOTED
The people of Goldthwaite learned with regret this week that W. C. Barnett, local manager for the Texas-Louisiana Power Company, together with his family, will move from this city within the next few weeks. Mr. Barnett and family have made their home here for about two years and have drawn around them a large circle of friends. Both Mr. and Mrs. Barnett have taken an active part in civic and social matters and their places will be hard to fill. Mr. Barnett has been promoted to the position of assistant to the district manager for his company and will have headquarters at Clifton and while his friends are pleased over his promotion, they sincerely regret the necessity for his moving away from Goldthwaite.

A successor to Mr. Barnett in the local management of the company's business has not yet been announced.

ANOTHER RAIN
Rain has become so common in this section that the exception is for a dry day. The past several Sundays have been dripping wet and a good many days in between. Yesterday morning a real good rain fell here and the ground is now thoroughly soaked. Wheat and oats are doing fine and the pastures are making a fine showing of grass and weeds. The stock are beginning to show the results of the good pasturage and will go into the winter in good shape. This will save a lot of feed, as well as make livestock of all kinds more marketable, which is evidenced by the improved prices as well as the fact that stock is now saleable. The fact is that the good rains have about put this country back to normal.

HALLOWEEN CARNIVAL
There will be a Halloween Carnival at Nabors Creek school house next Thursday night, Oct. 30, at which time booths will be arranged for a community store, popcorn stands and the like. No admission will be charged and those who make purchases can be sure they will get full value for their money. Many articles of merchandise have been contributed by the merchants of Goldthwaite for the sale and store and booths will be well stocked. The receipts from the sales will be used for improving the school house and all interested in the school or the community have a cordial invitation to attend.

VISITORS WED
M. L. Fleming and Miss Lucille Edwards, both of Junction, drove to Goldthwaite last Saturday evening, accompanied by Mrs. J. T. Fleming of Scallorn, and were united in marriage at the Baptist parsonage, Rev. G. C. Ivins officiating. They left immediately for Scallorn to visit relatives and will make their home at Junction.

LOCAL MATTERS AND COMMUNICATIONS

A Call For Support By Citizens

The Badgers of Lampasas picked the Eagles and left their bones to the tune of 59-0. The Eagles flew high the first quarter and played the Badgers to a standstill, but weight and experience soon left the Eagles out-classed.

Albis are not our habits and the following is not an alibi. We are making the following statements to try to make you appreciate our boys and their work, rather than looking at the scores. Our boys are light and young; this fact should be very complimentary in that other schools have age and experience. The compliment lies in the fact that our boys are smart enough to get out of school before they reach good football age. Add to that the fact that our boys go right on through school and do not stay long enough to get to play football until their eligibility plays out, and you will see that we should be proud of our boys.

Light, inexperienced, young boys, who play out of their class, when playing older, heavier and more experienced teams should be backed and encouraged to the last notch, rather than discouraged and unsupported.

Bangs will be down this afternoon to try their luck against the Eagles. We need you down at the Fair Grounds backing us. Can we count on you or are you letting the other fellow carry your part of the load? Your football team reflects the spirit that you show, so you will see yourself and your town reflected in the game. It would do many good if they could see themselves as others see them.

The current answer is, if you need money, come around and we will help make it up. Money is needed, but your presence is needed more. Other towns back their teams en masse, by closing stores, special trains, special rooting sections, traveling with the team and these towns do not have any more than Goldthwaite. What do we do? What are we going to do?

MIDWAY
Sunday was another rainy day and we did not have Sunday school, church or B. Y. P. U.

Lewis Sparkman and family started visiting Sunday and broke the crank shaft in his car near Jess Petsick's home, so they visited there until afternoon and then Mr. Petsick took them home.

Last Friday night Mrs. F. M. Anderson entertained the young people with a birthday party for her son, Joe, and Auba Cline. The young people played interesting games for a long while and then had a clever way of getting partners and went to the dining room, where the table was beautifully decorated with birthday cakes and flowers. The cakes were cut and hot chocolate was served. After everybody had been served, they went home tired, but very happy.

Saturday night Clarence Hill entertained a very large crowd of young people with a party.

Mr. and Mrs. Will Knight and Mrs. F. M. Anderson spent Thursday with Mr. and Mrs. J. M. Petsick.

News is scarce this week, as it has been raining so long that people can't visit so much.

REPORTER.
SCALLORN
Well, we have had another rainy Sunday, rained most all day. Didn't have any Sunday school Sunday morning. Hope next Sunday there will be a large crowd attend.

We still have prayer meeting every Wednesday night. Mrs. Tom Hale is leader for next Wednesday night. Will read the 16th chapter of Acts. Let every one come and take part.

Mr. and Mrs. Clyde Kohler moved to San Angelo Thursday.

ROCK SPRINGS

The fifteenth day of this month God saw fit to call from the home of Mr. and Mrs. Hilliard Dyches of Breckenridge their baby boy, Beryl. His remains were brought to Goldthwaite for burial. Beryl was eleven months old. He stayed in the home long enough to be loved by every one. This community extends their deepest sympathy to Beryl's father and mother, Mr. J. T. Robertson and Rev. I. A. Dyches and families and other relatives in their bereavement.

It was bad again for Sunday school and B. Y. P. U. Sunday. As Sunday was bad there was not very many visited.

Jack Robertson, Oleta and Walton Daniel, Hardy McClary and Philip Nickols went to the show Saturday night.

Marion Robertson and wife from Big Valley and Mrs. Woody Traylor and Mrs. Eula Nickols visited J. T. Robert's home Sunday.

Mrs. Claud Laird came home from the sanitarium last Thursday afternoon.

Earl Hale is back home, after a few weeks away hunting work. Philip and Shirley Nickols visited Oscar and Jim Gatlin Sunday morning.

Jack Robertson spent Saturday with Walton Daniel.

Philip and Shirley Nickols visited Hardy McClary Sunday afternoon in the McDermott home. They enjoyed playing tennis.

I had a letter from our friend Mrs. Sam Self last week. They have bought a home not far from Winters. I hope they do well and their health improves. I hope sometime to visit them during fruit season.

Joe Davis and family visited in J. C. Stark's home Sunday afternoon.

Miss Oleta Daniel spent the week end at home.

Abijah Stark and family enjoyed playing "42" at R. C. Webb's Saturday night.

CENTER CITY

After a prolonged absence, will send a few items to the Eagle readers.

We have had so much rainy weather that little visiting has been done.

Health of our community is good.

Miss Gladys Casbeer, who is recovering from a severe illness is now able to teach school, when the weather permits. Her sister, Miss Lena Mae, teaches on rainy days.

Rev. Mitchell, wife and little son, left Monday for Harlingen, for the annual conference. We are expecting them to return for another year's work.

W. H. Oglesby returned Friday from San Saba, where he visited his daughter, Mrs. W. V. Linn. While gone he accompanied his daughter, Mrs. Agnes Mauldin, as far as San Antonio on her way home to Weslaco, after a visit with relatives in this part of the state.

Miss Pearl Casbeer spent last week end with home folks.

Reports from our school are that pupils are progressing nicely in their studies under the management of Prof. J. W. Patterson. Misses Gladys Casbeer, Lois Keese and Fannie Luckie.

Mr. and Mrs. Alfred Garrett write that they are well pleased with their new home in California.

Another old land mark has been moved. The last original store building is being replaced by a more modern structure. This old building has been in use for many years, being built while Center City was a part of Hamilton county.

Ira Hutchings and Mr. Sanderson were visitors in our community this week.

Ed Lucas of Borger is visiting friends here this week.

G. D. Byrd made a business trip to Goldthwaite Wednesday.

SOUTH BENNETT

It does not look as though we are going to get to have Sunday school anymore, as Sunday was the fourth Sunday that it has rained and kept us from going. Although the rain is fine, we are wanting to get back in our Sunday school. Next Sunday is the fourth Sunday—the day set for Rev. Braswell to preach for us. Let us all try to be there at 3:00.

Webb Hill and wife of Indian Gap and Mrs. B. R. Casbeer helped Willis Hill and wife can a beef last Tuesday.

Bob Blackburn visited in Cleburne and attended the Dallas Fair last week.

Mr. and Mrs. M. L. Casbeer helped J. M. Casbeer can a beef Wednesday.

Dixie Webb hauled a load of wood to Mrs. Handyman at Goldthwaite one day last week.

Mrs. B. R. Casbeer helped Mrs. W. T. Simpson can tomatoes Friday.

Frank Benningfield visited the Blackburn boys Sunday afternoon.

Elton Horton hauled a load of his things to his place at Caradon last Friday.

Floyd Thornbrew and family came in Saturday morning for a visit to Mrs. Thornbrew's parents, Mr. and Mrs. J. M. Casbeer.

Walter Simpson took a bale of cotton to town last Saturday.

Noma Lee Webb spent last week end with homefolks.

Elton Horton has been working for Phil Morris this week.

Mr. and Mrs. Wayne Featherston are visiting in the home of their son, Clyde, for a few days.

ANOTHER MODERN FRONT

A modern front is being built on the George Jackson building, on Fisher street, occupied by the L. J. Gartman Music House and the Horton Barbershop. This improvement adds greatly to that side of the street.

THE GOLDTHWAITE EAGLE

The state board of education, after several days deliberation in their session in Austin, awarded contracts for school books aggregating \$1,250,000.

A farmer near Electra claims to have dug sixteen pounds of sweetpotatoes from one hill on his farm. It sounds mighty like he struck a potato "bank."

A special judge sitting in Dallas, in place of another judge who is sick, dismissed 172 cases in three days, a large majority of which were divorce cases.

The two banks at Santa Anna, one a national bank and the other operated under a state charter, were consolidated a few days ago. They will retain the national charter.

A call has been issued for the twenty-sixth annual meeting of the rivers and harbors congress in Washington, Dec. 9 and 10, to discuss waterway improvement, together with an outline of the progress during the year.

In the trial of a man at Abilene charged with failure to stop and render aid to a man and woman whose vehicle he demolished with his truck, on the highway near Abilene, a jury in district court at Abilene gave him four years in the penitentiary.

Liberty county commissioners court this week awarded a contract for a new court house to cost approximately \$225,000 and occupy the site of the old court house, which has been the seat of government in that county for almost 100 years.

Although the court of criminal appeals refused to decide whether or not a notary public could send to jail a witness, who refused to answer questions, asked to bring out written testimony for a law suit, it held that the statutes granted some such authority, in a case appealed from Houston.

Convicted in Fort Worth in 1929 of the theft of \$45,000 in jewelry from a New York jewelry salesman and given a six-year sentence, Archie Goldstone will be retried on Oct. 27, the case having been reversed by the appellate court. The theft is alleged to have been accomplished by switching trunk locks on the baggage.

A verdict of assault with intent to murder was returned against D. M. Jackson of Thorn Dale, in district court in Cameron, who was charged with killing Mrs. Louise Melde, mother of five children. Jackson was alleged to have struck the woman in the mouth, the blow causing her false teeth to cut her lip. She died of blood poisoning. He was sentenced to five years in prison.

After twenty-three years a letter written Jan. 29, 1907, by the late Tams Bixby, chairman of the Dawes Commission, which had charge of the allotment of lands of the Five Civilized Tribes, was received a few days ago by Mrs. Susie E. Standifer, she said last Thursday. Mrs. Standifer, then lived at Ardmore and now lives at Wapanucka. The letter referred to a claim which Mrs. Standifer and members of her family had filed on a Choctaw allotment. It said the Secretary of the Interior had denied the claim. During the long interval Mrs. Standifer and her family wondered what had become of their claim, and made desultory efforts to find out.

Venerable Citizen Of San Antonio Tells What Konjola Did In His Stubborn Case

MR. WILLIAM DAVIS

"It was nine years ago that I began having trouble with constipation, indigestion, bloating and poor appetite," said Mr. William Davis, 71, of 732 Kayton avenue, Dallas. "I took several kinds of medicine but nothing did me the good that Konjola did. I had to take laxatives daily and gas and indigestion followed practically every meal. At times the pain was so severe that I could scarcely bear it. My entire system was run down."

"I read so much about Konjola that I decided to give it a trial. I noticed an improvement within three days and in three weeks I felt better than I had in years. I am telling all my friends about Konjola and expect to take it until I am free of all ailments."

Konjola has done as much for thousands when taken regularly over a six to eight week period. It is truly a master medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness.

Konjola is sold in Goldthwaite, Texas, at Hudson Bros. Drug Store, and by all the best druggists in all towns throughout this entire section.

NO DYNASTIES IN AMERICA

Miss Frances Perkins, labor commissioner of the state of New York, made a particularly pertinent observation recently on the fact that most great businesses in America are managed not by the sons of the men who founded them, but by newcomers, able officers, who get along far better with the workers than any of the crown princes possibly could.

We have heard much recently of the rulers of America. J. W. Gerard gave the United States a list of the all powerful. But strange as it may seem the men of wealth he named were not usually descendants of wealth. J. P. Morgan and a few others were the exceptions that proved the rule, but the Fishers, Alfred Sloan, Henry Ford, started their own businesses. Their children may inherit the wealth, but unless they have been trained well by their fathers, will not increase it or exercise greater domination in the world of finance.

A generation ago the plutocratic families of Gould, Astor, Vanderbilt were castigated by all soap-box orators as enemies of the people, malefactors of great wealth. Did Mr. Gerard include any of these in his list of financial magnates? He did not. The younger scions of these moneyed clans retain their wealth, it is true, but not the power, the virility, the courage of their ancestors. And it is a good thing for America that this is true.

Occasionally a multimillionaire like Henry Ford or John D. Rockefeller teaches his son his business so well that the boy adds to the family estate. But "shirtsleeves to shirtsleeves," still holds good in the America of today. The United States will never be ruled by an oligarchy of wealth. There will be no dynasties in the America of the future. As in the days of the old Roman republic, the "new men," the former plebians, will push their way up into the aristocracy of American business. —Houston Chronicle.

ELECTION TICKET

In this issue appears a sample of the ballot to be used in the general election on Nov. 4, and every voter should study it carefully, so as to determine how to vote. The party candidates have already been nominated and there is nothing to be determined in that particular, but the amendments at the bottom are decidedly important. Not one of them, in the Eagle's estimation, is worthy of support.

If an amendment is desired to allow taxes to be paid on University lands, there should be an addition to it allowing the tax to be taken out of the revenues from the lands and not from the general taxes.

If it is necessary to require the supreme court to hold a longer session, it should be stipulated, and not leave it to the discretion of the court how long it "may" hold its sessions—one month or twelve. At present the requirement is clear that it "shall" hold a 9-months term. Maybe more time should be required, but certainly the court should not be required to remain in session continuously.

The legislature has often attempted to have its pay increased and the voters have as often refused. However, if the number of representatives should be reduced to two-thirds of the present number and the pay somewhat increased the voters would likely favor such an amendment, but the one under consideration now is by far too expensive to the taxpayers and certainly should not be favored.

The proposal to allow the University regents a free hand in the use of University funds in paying obligations "created by the board" is too absurd to require serious consideration.

The truth is, in the Eagle's opinion, a safe plan would be to SWAT ALL THE AMENDMENTS.

NO LIST FURNISHED

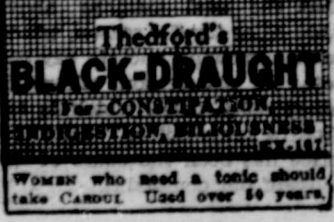

The federal census bureau will furnish no more lists of persons who cannot read and write to states conducting campaigns against illiteracy. Attorney General Mitchell has ruled that it would be illegal for the bureau to furnish such lists because the census act passed by the last congress is worded differently from previous ones. In the past, after each decennial census, the bureau has given states requesting it the information necessary for intensive educational campaigns against illiteracy. However, in the new census act the protection given business men against the exposure of trade secrets by publication of statistics concerning them has been extended to all individuals.

CALL BURCH

When you want a suit, dress or single garment cleaned or pressed, call Burch and he will please you.

constipation

"I had a stubborn case of constipation after a very severe spell of grip," says Mr. John B. Hutchison, of Neosho, Mo. "When I would get constipated, I'd feel so sleepy, tired and worn-out. "When one feels this way, work is much harder to do, especially farm work. I would have dizzy headaches when I could hardly see to work, but after I read of Black-Draught, I began taking it. I did not have the headache any more. "When I have the sluggish, tired feeling, I take a few doses of Black-Draught, and it seems to carry off the poison and I feel just fine. I use Black-Draught at regular intervals. It is easy to take and I know it helps me." This medicine is composed of pure botanical roots and herbs.

FARMS AND MOTORS

It takes money to buy and maintain a motor vehicle. And when we say money we mean money, not Soviet rubles. Pennsylvania, for all its manufacturing and mining is quite a farming state. Some of the prettiest farms in America are Pennsylvanian. Yet Texas is four numbers ahead of Pennsylvania in the number of farm automobiles and trucks in use. The Dutch farmers of Pennsylvania are famed for their beautiful farms and thrifty management. They prosper year after year and almost without regard to general economic conditions. This undoubtedly because they live on what they produce and sell the surplus for bankable cash. The fact that they don't appear to have many motorized vehicles may not be altogether against their good judgment. No good hunter goes squirreling with a gatlin gun. A farmer who could manage right well with a two-wheeled cart doesn't make a grand hit as a manager, when he buys a four-cylinder truck. Likewise, a town gent, who needs only a two-cylinder machine for his personal or family transportation doesn't show himself a financial genius by going into debt for a high stepping barouche. The difference between a man who has \$1000 in the bank and nothing in his garage, and one with \$1000 in his garage and nothing in the bank, is as wide as the gate and as deep as a door. This is not saying that those who are able to own automobiles on independent terms should not own them. They should. The automobile is worth all it costs, and doesn't cost too much for those able to afford it. But the plain fact is that some are able and many are not.—State Press in Dallas News.

COOKERS SAVE FEED

Potatoes too small for market may be profitably cooked and used in the poultry ration for winter egg production, according to the Ohio experiment stations. These should be mashed and mixed while hot with about an equal amount of the laying mash so as to make a moist crumbly mixture. This should be fed as a warm mash at noon or in the evening in the amount the fowls will eat within 15 or 20 minutes. Raw potatoes may cause digestive disorders, but the warm moist potato mash often stimulates egg production and helps to maintain body weight when most needed, reports the research department of the National Association of Farm Equipment Manufacturers. Soybeans when fed to fattening pigs should also be cooked according to an experiment at this same station.

Fire destroyed the main exhibit hall of the San Augustine fair, causing a loss of \$25,000 within twenty-four hours after the fair opened.

This preparation not only make faster gains possible, but results in a saving of 115.7 pounds of feed for each 100 pounds of gain.

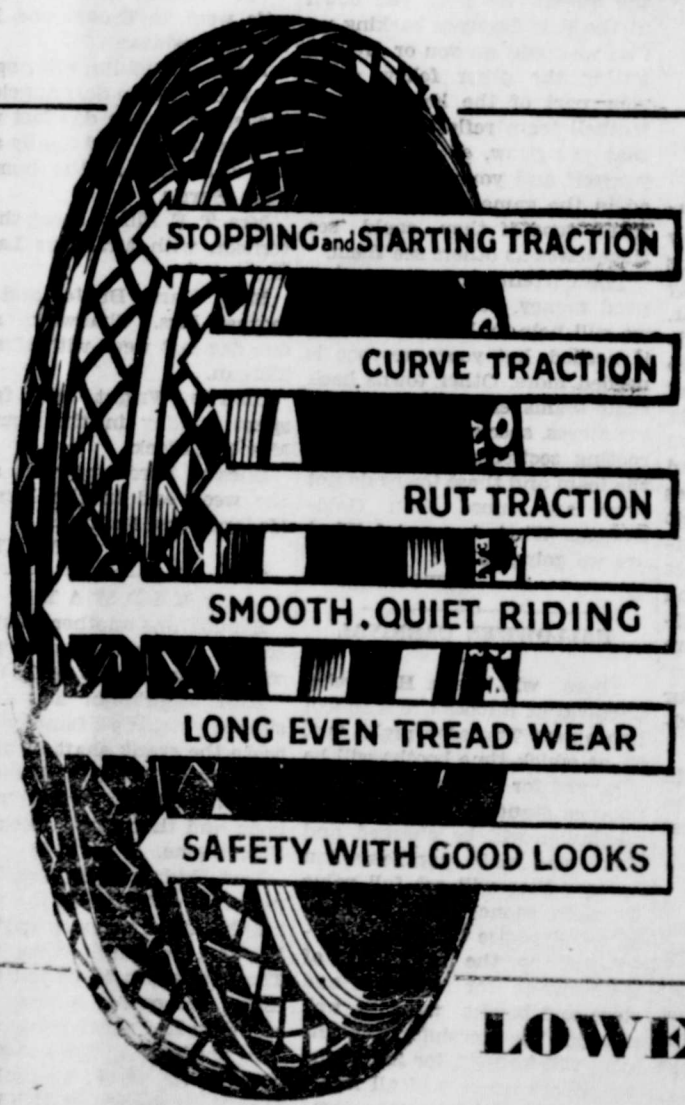

Ninety-one years ago, in Salem, Mass., Banking issued a note in which it was agreed to pay to T. Brown \$5 on demand. The note was just recently paid off by Belden's granddaughter for Belden, who was the son of the bank, and daughters, no mention of the note was made in the note.

SAN SABA

Agent, Carl Bryant, 1,462 bales of cotton in this county prior to 1930, against 5,829 bales same period last year. A little more than the crop for 1929.

Shelby Hawkins of Star and Travis Cole of Dublin, were tarried Wednesday from Gatesville, suffering from injuries sustained when a motorcycle they were riding collided with an automobile at about eight o'clock. Young Hawkins sustained injuries about his head, having been knocked unconscious, and was bruised about the body. Cole's leg was broken and his body severely bruised. Neither knew whether or not the auto was damaged or whether the occupants were hurt.

On Monday morning, Oct. 6, Indian Gap school opened for the 1930-31 session under the capable directorship of Superintendent Armo T. Hedgpeth. A special feature of the short program rendered to the assembled patrons and students was several musical numbers by the orchestra, Miss Doris Oden, instructor in Dramatic Art and in Expression, gave a reading entitled, "Hedge Hog."

C. E. Edmiston, prominent farmer of the county, living in the Tonkawa community west of Hamilton, was hauling cedar posts out at his place near the house, when in some way he fell from the wagon. His feet became entangled in the lines as he fell, causing him to strike the ground on his head. He was knocked unconscious, but was found by Mrs. Edmiston soon after the accident, it is thought. Mr. Edmiston's entire body was paralyzed, but according to latest reports, he is able to move his lower limbs slightly, though his arms and hands are still useless. The back of his head at the base of the brain is where the deepest injury was sustained.—Record.

POINTED PARAGRAPHS

A pretty good slogan for every merchant today is the old one, "Don't pass us—BUY," and it would be good advice for every consumer, for right now is the best time for everybody to "buy something."

How is business anyway—your business? Don't give that old worn out stock answer before you think it over, seriously. When you have thought it out on a fair and square basis, then ask yourself this question, "To what extent am I personally responsible or entitled to credit for it."

The biggest three words in 1930 selling (and everybody is selling you know) are Think, Work and Adaptability.

Never in the life of anyone under fifty has there been the opportunity to "get going to go get it," that there is right now. The wise ones are already on their way.

The lights that control the traffic of business are green. They may look red to you, but remember there are lots of people who are color blind and don't know it. HAMILTON

There were 6,592 bales of cotton, counting round as half bales, ginned in Hamilton county from the crop of 1930, prior to October 1, 1930, as compared with 9,144 bales ginned to October 1, 1929.

Shelby Hawkins of Star and Travis Cole of Dublin, were tarried Wednesday from Gatesville, suffering from injuries sustained when a motorcycle they were riding collided with an automobile at about eight o'clock. Young Hawkins sustained injuries about his head, having been knocked unconscious, and was bruised about the body. Cole's leg was broken and his body severely bruised. Neither knew whether or not the auto was damaged or whether the occupants were hurt.

On Monday morning, Oct. 6, Indian Gap school opened for the 1930-31 session under the capable directorship of Superintendent Armo T. Hedgpeth. A special feature of the short program rendered to the assembled patrons and students was several musical numbers by the orchestra, Miss Doris Oden, instructor in Dramatic Art and in Expression, gave a reading entitled, "Hedge Hog."

C. E. Edmiston, prominent farmer of the county, living in the Tonkawa community west of Hamilton, was hauling cedar posts out at his place near the house, when in some way he fell from the wagon. His feet became entangled in the lines as he fell, causing him to strike the ground on his head. He was knocked unconscious, but was found by Mrs. Edmiston soon after the accident, it is thought. Mr. Edmiston's entire body was paralyzed, but according to latest reports, he is able to move his lower limbs slightly, though his arms and hands are still useless. The back of his head at the base of the brain is where the deepest injury was sustained.—Record.

POINTED PARAGRAPHS

A pretty good slogan for every merchant today is the old one, "Don't pass us—BUY," and it would be good advice for every consumer, for right now is the best time for everybody to "buy something."

How is business anyway—your business? Don't give that old worn out stock answer before you think it over, seriously. When you have thought it out on a fair and square basis, then ask yourself this question, "To what extent am I personally responsible or entitled to credit for it."

The biggest three words in 1930 selling (and everybody is selling you know) are Think, Work and Adaptability.

Never in the life of anyone under fifty has there been the opportunity to "get going to go get it," that there is right now. The wise ones are already on their way.

The lights that control the traffic of business are green. They may look red to you, but remember there are lots of people who are color blind and don't know it. ON THE CONSTITUTIONAL AMENDMENTS

Some sage has remarked, "Never start an argument with an editor, because he buys his ink by the barrel." However, I wish to state that this is not an argument, but is written as an explanation of the amendments discussed in the Eagle under the date of October 17.

As a member of the Legislature, it is my desire to explain the purpose sought to be accomplished by these amendments and not to try to dictate to any group or individual how he or she shall vote upon the same.

No. 1. Provides that the Supreme Court may sit at any time during the year. Our present constitution provides that they must be in vacation from the last Saturday in June until the first Monday in October, a period of more than three months. The purpose of this amendment is to make the Supreme Court open for business at all times of the year. The fact that the word "may" is used does not affect this purpose. It merely opens the matter so that the Legislature may pass legislation requiring the court to sit continuously. It is imperative at the present time that the court continue in session the entire year in order for the proper dispatch of business.

No. 2. Provides for payment of taxes on University lands to the counties wherein said lands are located, said taxes to be paid out of the general revenue, the State Tax Board to fix the valuation of such lands. Seventeen west Texas counties have located within their confines, 2,000,320 acres of University of Texas lands. These counties are entitled to revenue from all lands within their borders to carry on improvements, which benefit and enhance the value of University lands, as they do those privately owned. Without the necessity of meeting tax obligations, University lands have not met the burdens of local government in its public works program, and development of other lands has thus borne a larger share of the burden. The University exists for all counties, not just the seventeen where its holdings lie, and it is, therefore, just that all the counties help bear the cost. Spread over 253 counties in Texas, the amendment means only a minimum amount to each.

No. 3 and 4. Provides for a regular session not to exceed 120 days in lieu of the 60 days now provided, and provides for an increase in pay not to exceed \$10.00 per day in lieu of the \$5.00 per day now provided, and that the mileage now paid each member be cut in half or decreased to that extent, the 120 day provision and the latter provision to be voted on separately. Seventy or more years ago, no doubt, 60 days was sufficient, but in the development of Texas, necessary legislation can no longer be well considered in so short an interval. This is borne out by the fact the last several Legislatures have been in session for at least 150 days and the 41st Legislature for more than 220 days. More than 3000 bills were introduced in the last Legislature for consideration. It would be impossible to read all of them on their merits. As to the increase in the per diem it is doubtful whether it will cost the tax payers one cent additional, because of the fact that while the pay per day is increased, the mileage is cut in half and a session of 120 days is equal to the present regular session and two called sessions and cut in half on the other, and one can realize that this mileage amounts to thousands of dollars each session, when he knows that each member draws 20 cents per mile going and returning for each session. I can tell you from my own experience that \$5 per day now paid is no more than sufficient to meet the bare necessities. My 210 days spent in Austin as a member of the 41st Legislature have cost me more than \$600 over and above what I received. I am not complaining, so do not misunderstand me. My services there have been an education to me and I have endeavored in my feeble way to make my district a real Repre-

What are said to be the smallest disease germs ever view by the human eye were seen in the laboratory of the Westminster hospital in Washington recently. They are so small that they can ooze through the pores of solid porcelain and were discovered after being magnified 1800 times. They are said to be the germs causing creeping paralysis.

The Interstate Commerce Commission investigation of interstate transportation by motor bus and truck, ordered with a view toward recommendations for Federal supervision, begins a month from today. A commission announcement to that effect says a series of hearings, with all the railroads of the country as respondents, is planned throughout the country.

A warning that the ministry is in danger of losing prestige and power was contained in an address Friday night to the international convention in Washington by Dr. Graham Frank of Dallas, pastor of the Central Christian church, executive secretary of the international convention. He declared the danger confronting the ministry today was that too many were failing to give preaching of the gospel first place in their lives. Outlining the difficulties confronting pastors of today, Dr. Frank said they are expected to be "good organizers, financial wizards, social Lord Chesterfields, political prophets and propagandists."

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS, AT SAN ANGELO

In the matter of Albert M. Hunt, Sr., Bankrupt.
No. 514 in Bankruptcy.
San Angelo, Texas, Oct. 18, 1930.
Creditors of Albert M. Hunt, Sr., farmer and bee man of Goldthwaite, Texas, are hereby given notice that on the 15th day of October, 1930, the said Albert M. Hunt, Sr., was duly adjudicated a bankrupt, on his voluntary petition filed herein, and that the first meeting of creditors of the said bankrupt will be held in the office of the Referee in San Angelo, Texas, on the 1st day of November, A. D. 1930, at 2 o'clock p. m., at which time the creditors may attend, prove their claims, elect a trustee and examine the bankrupt and transact such other business as may properly come before said meeting.

Referee in Bankruptcy.

representative. However, I am willing to leave it to those I serve as to that. I have not even requested my personal friends to vote for this or any other amendment, but I merely seek to give you the facts in order that you may exercise your privilege and vote as your conscience dictates.

No. 5. Provides for the investment of the University permanent fund. I am glad that I can agree with the Eagle that this amendment should not be adopted. In my opinion it is entirely too broad in its scope. Such funds should never be invested "in obligations and pledges issued by the University regents." To allow such would in effect do away with the permanent nature of the fund in that the Board of Regents could issue such pledges (in effect a piece of paper) take the money received therefore, and devote the entire permanent fund or any part thereof to the present improvements, where if the same were invested in interest bearing bonds, as now provided, it would bring to the University an income of more than one and one half million a year, which can now be used for improvement, thus guaranteeing to the citizens of Texas a University of the first class for all time to come.

Representative 104th District, Comanche and Mills Counties.

THE PRESENT GENERATION

There never has been a period in history in which there were not some people who were sure the world was going to the dogs. One of the oldest bits of recorded literature is a clay brick from the ruins of Babylon in which an aged official, who lived somewhere around 2000 B. C., laments the passing of the virtues of the "good old days."

A good deal of that is going on now. And while the nation today is far from perfect, it does seem as if we could reassure ourselves and conclude that we are no worse than our immediate ancestors.

These thoughts are called up by a recent newspaper account of a trip a reporter made across America in a luxurious cabined airplane. The reporter flew over historic trails. He crossed the middle west over country in which pioneers had toiled thru dense forests, in danger from starvation, cold and murderous red savages; and he made the trip in a few hours, in perfect comfort. He followed the old Santa Fe trail out of Kansas City, and covered in two hours a stretch of country that the old covered wagons used to take three weeks to cross. He flew over the barren lands of the great southwest, where prospectors and homeseekers in the old days suffered every imaginable hardship to make a progress of a few miles a day.

All in all, his trip made a most striking contrast to the old days. Where the pioneers struggled for long days and weeks, he sailed gaily by in a few hours. The hardships of old are gone forever, and his experience illustrated it.

This was followed, of course, by a number of pessimistic walls. It was set forth by various people that hardships are good for people; that we, living more easily than the early Americans, cannot have as much strength of character as they had; that our modern comforts and refinements have resulted in a deterioration of the national stock. The answer would seem to be—poppycock!

Talk about the enervating effect of modern comforts and luxuries is silly. A little examination of the record ought to make that apparent to anyone. We need not deplore our new inventions. They do not bring softness and decay, despite the doleful head-shakings.

THE GOLDTHWAITE EAGLE

T. F. Elliott of Seallorn transacted business in the city Saturday.

Miss Ollie Lee May returned Monday from visiting friends in Dallas and attending the fair.

Mrs. J. M. Hicks of San Angelo arrived in the city last week end for a visit to relatives.

F. E. Schultze was here from the upper end of the county last Saturday, looking after business matters.

Mr. and Mrs. F. N. Irwin were among the Goldthwaite folk in attendance upon the Dallas fair last week.

Russell Mullan and family and Gaylord Mullan of Dallas visited relatives in this city Saturday night and Sunday.

Those who desire to take advantage of the Eagle's special subscription offer should act promptly, else it may be too late.

Mrs. W. E. Rahl left last week end for a visit to relatives in San Antonio and went from there to Dallas to visit and see the fair.

Don't neglect your watch, if it needs oiling. Take it to L. E. Miller, the Jeweler, where you can get it put in perfect order at a reasonable price.

Rev. S. D. Lambert and Rev. H. E. Moreland left Sunday at noon for Harlingen, to attend the annual session of the West Texas Methodist conference.

Mrs. C. H. Ford was called to Brownwood Monday on the sad mission of attending the funeral of Mrs. John Barber, mother of Ivan Barber, Mrs. Ford's son-in-law.

B. F. Geeslin of Arlington could no longer withstand the pining for the delightful scenes in and about Goldthwaite, so came over last week end to spend a few days and meet with his friends at this place.

O. Z. Cox and Miss Margaret Emdy, both of Star, were united in marriage at the residence of Rev. Jo Frizzell in this city last Friday evening. Rev. Frizzell officiating. Both of the young folks are popular and have many friends in their home community.

Burch has the finest line of samples for suits, pants and top coats he has ever carried, and the price is just right.

Miss Vivian Campbell went to Liberty, Texas, last week end, where she was maid of honor Saturday in the wedding of one of her young lady school mates of the University. Miss Vivian returned home in time to assume her duties in the school here Monday.

BAPTIST CHURCH

We are not a prophet, neither are we a newcomer, or otherwise. But, next Sunday is going to be a pretty day, and how everybody is going to go to Sunday school. It has rained for the last four Sundays and who ever heard of it raining five Sundays in succession in this section of the state? However, if it does, just let it rain, who ever heard of having so much rain in this section of the state? Now, listen folk: You have been crying for rain, rain, rain, and you have it, and a lot of you fellows who live under the shadow of the Baptist church have not been grateful enough to show your gratitude by coming to church during the last four Sundays. Now we are not talking about the fellow that lives a distance from town. We do not blame them for not coming, neither are we talking about the fellow that has been providentially hindered. We are talking about the fellow that can go to town, look after his business every day in the week, rain or shine, and yet, on Sunday just deliberately stays away from Sunday school and church, having no excuse whatsoever. Of course, there are some that have legal excuses, while there are others that have none. However, it is not for this preacher to say whether you have a legal excuse or not, but anyway, we want you to get up Sunday morning and ask this question, "Have I an excuse for not going to Sunday school and church today?" If you have not, then be honest with God and yourself and go to Sunday school, as a token of your appreciation for the good rains, and other things that our Lord has done for you.

The services were not so well attended last Sunday, 178 in Sunday school was not so bad, but let us make it 350 Sunday. Everybody at work with a pretty day, we will have them. So get busy. Some one incidentally said that they wished the Baptist preacher would quit trying folk to come to Sunday school and church through the paper. Well just quit reading what he writes. There is no law in this town to make anyone read what this preacher puts in the paper. But, if you won't do that and you won't, why come on to church, maybe there will be a different article next week.

Several of our Methodist friends worshipped with us Sunday night. We are always glad to have them, and as your preacher is not in town and will not be Sunday, we extend to all an invitation to worship with us, taking part in the service like you would in your own church. Those that sing come right on to the choir and take part, and the rest of you just pay in as usual. Next Sunday is not only catch-up day, as to our average attendance, but it is also pay-up day. So Mr. Methodist, we are not going to be angry when you drop a dollar bill into the collection. So come on.

Now folk, remember the hours, 10 a. m., 10:45 a. m., and 7 p. m. Remember, we want to make our song services at both hours Sunday a specialty. So everyone be on time, so we can begin on the dot. However, whether you are there or not, the services start right on the dot each time, and we get out on the dot. Promptness is largely the success to any service. Begin promptly, putting something into the service every minute that you have allotted for worship means a good service. —PASTOR.

PLAN ENDORSED

The plan of the Retail Merchants association to secure full information as to the merits of any claim for charity, before giving endorsement to solicitation, has met with the universal approval of the business men and citizens generally. The fact that some person or family has been unfortunate in their efforts to make a crop or has suffered loss by fire or flood is not evidence per se that they should be given a donation by the business men and other citizens of the county or the town. Many of the merchants have not made money and some citizens of the town and country did not make expenses during the time of depression thru which we have just passed. Many of the people who have suffered misfortune by fire and flood are still better off than some merchants or citizens of the county who have undergone hardships. There are worthy causes, to be sure, but there are very few cases where a solicitation for alms is justified. The business man or citizen who contributes to one of these solicitations without having an o. k. from the committee representing the Retail Merchants association opens the way for an imposition on himself and his fellows. If the cause is worthy the committee investigating will be prompt in giving approval.

Head and Back Quit Hurting

"A few years ago, I found that I was very weak and nothing I ate seemed to give me any strength," writes Mrs. E. B. Douglas, 704 South Congress St., Jackson, Miss.

"I suffered intense pain in my head and back. At times I would have to hold to something to steady myself, so as to do my little work. I was worried about my condition."

"My mother told me that I should take Gardul. After taking two bottles, I felt stronger, but I kept on taking it until my head and back quit hurting. I took about six bottles in all, and have never quit praising Gardul."

A SMALL ITEM

New force to the statement that gasoline is the "cheapest commodity" is given by statistics recently issued by T. R. Agg and H. S. Carter of Ohio State College.

They estimate that out of every dollar spent for operating an automobile, 20 cents goes for gasoline, three cents for oil, 27 cents for maintenance, 22 cents for depreciation, 10 cents for tires and tubes, seven cents for garage rent, two cents for license and six cents for interest.

Actually, the motorist spends less than 20 cents out of each dollar for gasoline and 33 per cent of his gasoline bill goes to the state in taxes.

NEW RUGGED REAR AXLE

To every man who buys trucks, there are certain features in the new 1½-ton Chevrolet that recommend it especially for modern hauling.

The rear axle is larger, heavier and more durable. The rear brakes are larger, and all four brakes are completely enclosed. Chevrolet's 50-horsepower valve-in-head six-cylinder engine combines modern performance with unexcelled economy.

Dual wheels, along with six truck-type cord tires, are optional equipment at slight extra cost. In addition, the new heavy-duty truck clutch, the 4-speed transmission and the heavier, stronger frame are factors of outstanding importance to the modern truck user.

Come in today and arrange for a demonstration of the new Chevrolet truck!

BUSINESS IS GOOD

Merchandise imports have decreased 41% during August. We are keeping our money at home. Using American made products.

Construction bills increased four hundred million dollars over last year with the first six months of 1930.

September shows a greater improvement in employment than any September for three years. We are coming back.—American Federation of Labor.

Who made the most profit this year? The business which supplies necessities or the business which supplies amusements? Times are not so bad.

In the first six months of 1930 contracts for public works and public utilities totaled \$1,110,000,000, as compared with \$875,000,000, 1929. — Dept. of Commerce.

A decrease of unemployment in the United States of over 1% in September.—American Federation of Labor.

There are ten billions of dollars worth of savings which are now idle.—Babson's Report.

Twenty per cent of the purchases of the United States depend upon how the buyer feels mentally and physically. Let's change the mental attitude. — Babson's Report.

Four hundred million more were spent in construction the first six months of 1930 than the first six months of 1929.—U. S. Secretary of Commerce.

Wheat prices are low, but wheat counts for less than 10% of the nation's agricultural income. The value of live stock alone is five times as much. This will not have a great bearing on the financial conditions. —John A. Bunnell.

At least \$40,000,000 in the United States have been taken out of savings accounts and placed in deposit boxes.—Credit Bureau.

Live stock farmers last year showed an increase over the year before. Reports this year show that there will be a more striking increase. Their dollars will go farther. The live stock industry is a bright spot in the business picture.—John A. Bunnell.

A RECKLESS HABIT

An automobile driver in Massachusetts, was brought into police court the other day on a charge of dangerous driving. And although it was brought out that he had only gone at a rate of five miles an hour, he was found guilty and fined \$50.

His machine was parked at a curb. He got in and, without looking behind, suddenly backed his car so that he could drive away. Two people, starting to cross the street just behind him, were knocked down.

This emphasizes once more that it is not necessarily high speed that makes an automobile dangerous. A driver who does not watch very carefully where he is going can be far more dangerous to others when he travels five miles an hour than a more considerate motorist is when driving at a 40-mile clip.

SENTIMENT IN BUSINESS

Regardless of what may be said to the contrary, sentiment is a big factor in business. Friendship, for example, makes more satisfactory sales, quality and values being equal, than all the cleverness and high-powered sales talks in the world.

You like to trade at a certain store—not because its counters are arranged in an attractive way, but because the folks who serve you are friendly and helpful.

Just that very thing—friendly service—is the power that draws people together in communities like this, where everybody can enjoy the many benefits of neighborly co-operation.

Friendly service and an effort to retain it is the reason why you will find it decidedly to your advantage to trade with Goldthwaite merchants, to buy where your friends will see that you are well satisfied.

There is no need to go to larger trading centers to supply your wants. Our merchants have the goods, the quality, the variety and they give big values.

Your watch must be more than an accurate timepiece. It must be a correct accessory of dress. One watch can not properly serve all purposes. Fashion decrees the pocket watch for formal or semi-formal wear—the strap watch for sports and business.

We're showing right now a wide selection of both types made by the world's most famous makers. Pocket watches in many artistic designs—wrist watches for both men and women. Many authentic styles in cases by Wadsworth—recognized leader in making watches beautiful.

The prices, too, will please you no matter how much or how little you want to spend. Drop in some day soon. You're always welcome just to look around.
