HIGH SCHOOL ATHLETICS

The Eagles took a week of rest his past week, but get back in the harness tomorrow afternoon against the scrub team of Daniel Baker. We make no statements in regard to this game, as the Daniel Baker Scrubs are an unknown quantity, capable of great things.

The present record of the Eagles:

Opponents
Eagles—0—Rising Star—19
Eagles—0—San Saba—18
Eagles—13—Brady—0
Eagles—0—Coleman—0
Eagles—14—Lampasas—13

The present conference standing is San Saba, 1st; Lampasas and Goldthwaite tied for 2nd; Brady, 3rd; Richland Springs, 4th; Lometa, 5th.

If Lampasas wins over San Saba on the eleventh, Goldthwaite, San Saba and Lampasas will be tied for first place.

We give our remaining schedule with all games to be played at home.

Saturday, Nov. 7, Daniel Baker Scrubs.

Wednesday, Nov. 11, Lometa.

Friday, Nov. 20, Hamilton.

Thursday, Nov. 26, Bangs.

This schedule is subject to change only in case Lampasas wins over San Saba.

Last year the Lometa Hornets won from the Eagles 19-18; the Hamilton team won 19-0, while the Eagles won from the Bangs Dragons 12-7.

This year the Eagles played Coleman to a 0-0 tie with the Coleman team having a 14 point better team. Bangs won from Coleman 12-7. What will happen on Thanksgiving? We are given the edge over Lometa, an even break with Hamilton, while Bangs has a 21 point better team.

Boost for the Eagle. Do not forget that Moon Shy is presented tonight and that the Eagles and Daniel Baker Scrubs play at the Fair grounds tomorrow afternoon at 3:00 o'clock.

MERRY WIVES CLUB

Among other attractive affairs on last week's calendar was the first of the husband's nights at the Merry Wives club for the fall season, as Mrs. Foster Brim and Mrs. C. M. Burch acted as hostesses in the Archer home.

Upon arrival the eerie spirit of all Hallow's Eve was abroad in the land; black witches astride broom sticks, jack o'lanterns and autumn flowers and fruits carrying 'out motif suggestive both of harvest time and Hallowe'en.

Bridge was played. Mr. and Mrs. Chas. Frizzell scored high as club members and were awarded prizes. Mrs. D. Albert Trent and Bob Steen, Jr., scored low as club members. Miss Ellen Archer scored high as guest. Mrs. Frank Taylor was awarded a real black cat for low guest score.

RELIEF COMMITTEE

More money in banks instead of in hoarding, and, in turn, more liberal lending by banks, is the proposal of a national relief organization committee for luring better times. The committee sees influences "at work giving promise to aid in the upturn." But it urges resumption of normal buying by persons who have jobs and rebukes those uneasy individuals who hide away money which might be mixing freely in trade channels.

An Unpleasant Subject.
All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 25 cents per bottle from

Thedford's BLACK-DRAUGHT
NEXT time you are out of fix as the result of irregular or faulty bowel movement, try Thedford's Black-Draught for the refreshing relief it gives thousands of people who take it. Mr. E. W. Cecil, a construction superintendent in Pulaski, Va., says: "When I get constipated, my head aches, and I have that dull, tired feeling—just not equal to my work. I don't feel hungry and I know that I need something to cleanse my system, so I take Black-Draught. We have found it a great help." Sold in 25-cent packages.

Thedford's BLACK-DRAUGHT
WOMEN who are run-down, or suffer every month, should take Cardul. Used for over 50 years.

DUCO
brings beauty to every room!

FROM the entry hall to the kitchen—there's a place for DUCO in every room. Chair or table, bookcase or cabinet—some-where you'll find articles of furniture that its bright, colorful charm can make more attractive. And you'd never believe till you try it how easy it is to use DUCO! No skill necessary. It dries quickly, too.

This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, L.I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 years old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Hudson Bros. or any drug store in America. If not joyfully satisfied after the first bottle—money back.

CUSTOMS CHANGE

Newspaper customs have changed regarding the matter of saying something complimentary about every person whose name appeared in the paper. The custom now is to give the facts about any news item and not to dwell on the good character or standing of the principal actors in the news item. Writing about this changed attitude of the press an exchange has this to say:

"Once upon a time it was a custom among country newspapers to pay a high tribute to every citizen mentioned in any news article. In the case of a wedding the bride never failed to be 'accomplished, beautiful, popular and talented,' the groom was invariably 'industrious, ambitious and bound to succeed.' When a citizen died, he or she was made out to have virtues none on this earth possess. All of this would have been fine if only the family of those mentioned had read the paper. But things are different now. The publisher who deliberately lies, even if in a good cause, can expect little enthusiasm from the majority of his readers. No matter how deserving of praise an editor may think one of his friends to be, there will be a lot of readers who will give him a horse laugh after said praise is printed. We make enough unintentional mistakes when trying to give facts without bringing our personal opinion into the news. This may explain why some of our stories are as brief as they are."—Marshall News.

son of Mr. and Mrs. Rowland
Windell, received a near-serious
injury Saturday morning

Charles Day was rendered un-

an E-ray examination disclosed
that the fall had fortunately
not caused any serious injury.

HAMILTON

Mrs. Albert Sommerfeld of
Priddy is visiting her sister,
Mrs. J. A. Roberts, and her
mother, Mrs. Ida Sommerfeld,
of the Ohio community.

The tax collector's office has
been busy with a large corps
of clerks the past week com-
pleting the roll of receipts for
the rush, which is expected in
the payment of 1931 taxes.

Morris Hareluk, for many
years a successful business man
of this place, but who is now a
construction engineer of New
York, is here for several weeks
visiting with his mother, broth-
ers and sisters.

Interest in the work on the
courthouse has been increased
this week by the dangerous en-
terprise of placing the steel
girders, which are to be the
supporters of the roof. The
only place where there will be
any wood in the building will
be on the roof, where roofing
material is to be placed.

John I. Mayfield and wife of
Lakewood, N. J., came in Sun-
day, for a visit with old friends
and to look after business. Mr.
Mayfield lived here so long that
he seems to be still a part of
the political forces of the coun-
ty, where he was an enforce-
ment officer for many years. He
served as constable at Evant
for several years and was also
deputy sheriff, and had a coun-
ty wide acquaintance.—News.

HANDLING POULTRY PRODUCTS

Unless eggs are properly
handled and kept in a cool
place, it does not take many
hours to lower the grade from
No. 1 to No. 2. The difference in
price is considerable. Eggs, to
bring the highest market price,
must be large enough to weigh
out at least 22 ounces to the
dozen. They must be clean and
of uniform color and size.
Above all, they must be fresh.

The handling and marketing
of poultry products, to get the
most out of them, requires close
attention to details. In the mar-
keting of broilers or fryers, it
pays to have them fat and of
good appearance. Two scrubs,
undersized and skinny, in a doz-
en fryers, ten of them being all
that the market requires, will
lower the price on all of them.
Better market the ten and dis-
pose of the other two on your
own table than attempt to sell them.

The appetite for fried chick-
en is growing in America. There
is an increasing demand for
good fryers. One meal of the
right kind of fried chicken
creates a demand for another,
but a skinny, undersized chick-
en on a man's plate discourages
another order from him the next
day. Quality stands out in big
letters in the minds of most con-
sumers, and the producer who
pays attention to that fact will
get the cream of the business.—
Farm and Ranch.

A number of Texas towns
have already provided charity
funds for the indigent who ap-
ply during the winter. The fact
that the funds have been pro-
vided makes it sure plenty of
applications will be made. How-
ever, there are times when con-
tributions of food and even
money are absolutely necessary,
but the imposters "working"
the country make it hard on
the real needy.

Organization of a Texas cot-
ton improvement committee,
the purpose of which is to fur-
ther in a systematic way the
introduction and development
of the one variety-to-the-com-
munity idea in cotton growing
in Texas, was brought about at
a conference at A. & M. college,
last week, attended by repre-
sentatives of various state and
national agencies concerned
with the improvement of the
quality of the Texas staple.

BREVITIES

The organization of Texas
Taxpayers into Taxpayers Pro-
tective Leagues is gaining mo-
mentum. The latest trend is to
consolidate for state-wide as
well as county action. And all
of this is good. But already, in
widely separated quarters of
the state, there is being evi-
denced a disposition to use
associations as political weap-
ons; and that is bad. Kept
strictly out of politics, this re-
bellion against waste and ex-
travagance can do much for all
branches of the state govern-
ment; but permitted to become
the tool of politicians, it be-
comes another futile waste of
the people's energy and enthu-
siasm.

Credit Congressman J. J.
Mansfield with the first notable
success in the endeavor to find
new and substantial uses for
the surplus of southern cotton.
Mr. Mansfield has been urging
the post office department to
substitute cotton for the tremen-
dous quantities of hemp twine
customarily used, and last
week his persistence was re-
warded. The department ad-
vertised for bids on 1,300,000
pounds of cotton twine, in the
manufacture of which more
than 2,600 bales of cotton will
be used. This is considered to be
an experimental purchase. If
the department finds the twine
satisfactory, thousands of bales
of cotton will be necessary to
supply its annual requirements,
—and every ounce will repre-
sent new consumption.

The waitress who accepted
\$2,300 from the "Big Springs
business man" is due a little
sympathy along with the con-
demnation that is being meted
out to her. She accepted a pres-
ent from the "big business
man" and he veniged. He may
have been intoxicated, but that
does not absolve him wholly.
There must have been a quid
pro quo in the transaction, and
now the girl will pay some-
more. The man used a lure that
would have tempted any but a
strong and virtuous woman.
The chances are she girl has
paid too much.

She will have a lifetime in
which to ponder that truth.
Meanwhile, the score would be
no more than even were the
man's identity also disclosed to
the world. It is not just that
the woman pay the entire pen-
alty for a mutual indiscretion.

the adoption of children:
"Methods of legally adopting
children of Texas, which had
been in effect for fifty years,
were radically changed under
terms of amendments to the
law adopted at this year's ses-
sion of the legislature. The law
as amended is now in effect.

Formerly the county judge
acted in cases of adoption, and
the procedure was comparative-
ly simple. Formerly the chief
step in adopting minors was the
filing of an instrument in writ-
ing somewhat like a deed trans-
ferring or accepting parental
authority. This was filed with
the county clerk.

"Now all cases of adop-
tion must be heard before a dis-
trict judge, who is required to
determine in advance, by spe-
cial investigators if necessary,
if the adopting parents are fit
persons to have charge of the
minor. In addition no child 14
years old or older can be adopt-
ed against its consent, and must
make written consent in open
court. The consent of any liv-
ing parents must in all cases be
secured before adoption. All
proposals to adopt must now be
filed before the district clerk."

Dangerous Business
Our stomach and digestive systems
are lined with membrane which is
delicate, sensitive and easily injured.
It is dangerous business, then, to use
medicines containing harsh drugs,
salts or minerals, when we are con-
stipated. In addition to the possibility
of injuring the linings of our digestive
system, these medicines give only
temporary relief and may prove habit-
forming. To relieve constipation, take
Herbine. The cathartic that is made
from herbs, and acts in the way na-
ture intended. You can get Herbine at

POSTAGE FLUCTUATES

Peiping is a place where one
bargains with the Chinese post-
office for the best rate in post-
ing parcels or letters. When the
man behind the counter in one
postoffice refuses to accept a
parcel at say, less than 50 cents,
you hautilly step out and take
a ricksha to another branch,
where perhaps you will get your
bundle off to the United States
for 38 cents.

Because of the depreciated
value of Chinese silver dollars,
the postoffice frequently an-
nounces rises in the rates of for-
eign postage so that at the mo-
ment it takes 25 Chinese cents
to carry a letter to New York.
Converted into gold cents, that
is a fraction higher than it costs
to send a letter to China from
New York.

In addition there are the foibles
of the different postmas-
ters to contend with. A manu-
script sent from America for
8 cents on being returned had
to carry nearly twice that much
postage in Chinese stamps. Like-
wise, although the letter rate
abroad is 25 cents, there is no
stamp of that denomination.

A LIBERAL OFFER

The Eagle has again secured
the concession from the Dallas
Semi-Weekly News which enables
us to offer that paper one year,
together with a year's subscrip-
tion to the Eagle for \$1.50. This
applies to new or old subscribers
for either the News or the Eagle.
The regular subscription price of
the News is \$1.00 per year, but
by this arrangement it is given
free, else the subscriber pays the
price for the News and gets the
Eagle for 50 cents. Either way it
saves the subscriber \$1.00. As
this offer is made the Eagle as
a temporary inducement it is
passed out the same way.

"During a critical time in my life I took Cardui for several months. I had hot flashes, I would suddenly get dizzy and seem blind. I would get faint and have no strength. My nerves were on edge. I would not sleep at night. Cardui did wonders for me. I recommend it to all women who are passing through the critical period of change. I have found it a fine medicine."—Mrs. Bettie Murphy, Poplar Bluff, Mo.

MRS. ELLIOTT PASSED AWAY

Mrs. T. F. Elliott died in the sanitarium in Bryan last Thursday afternoon at 2 o'clock and her remains were interred in the cemetery at Iola, Grimes county, Friday afternoon.

Mrs. Elliott was reared in the Center City community and was a daughter of the lamented Mr. C. C. Jones, and a sister of Messrs. Walter, Austin and Paul Jones of this county. In early life she married Mr. Wilcox and went to live at Iola, where she continued to reside for a number of years after his death. In November, 1923, she was married to Mr. Elliott and came back to Mills county to make her home in the Scallorn community. The last few years her health was bad and a week or more before her death Mr. Elliott carried her back to her old home for a visit to her children. Her condition made it necessary for an operation and she was carried to the sanitarium in Bryan and for several days after the operation she appeared to be recovering nicely, but on Thursday her relatives realized that she was not doing well and they wired for Mr. Elliott. He started immediately after receiving the message, but she died an hour before he reached her bedside.

All those who knew Mrs. Elliott and have learned of Mr. Elliott's bereavement sympathize deeply with him and other members of the family.

For several months he had been confined to his bed and suffered intensely at times. He leaves a wife, two sons and two small daughters.
