VOLUME THIRTY-NINE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JUNE 2, 1933.

NUMBER FORTY.

Methodist Notes

The closing of school with all the entertainments connected with it had right of way the past week and has interfered somewhat with the church work. This, however, was to be expected and no one complains of it. The school work has its proper place in our lives, and in the rebuilding of the town, and is so recognized by our people as it should be. We shall now have an opportunity to get back to normal.

The Methodist church dismissed its services Sunday evening to extend the glad hand to the new pastor, Rev. F. E. Swanner, at the Baptist church. The service and fellowship were fine and all left the service at its close, feeling that the sermon, the singing and all was of a high order. Bro. Swanner announced he would be absent in a revival meeting the next two weeks and that his pulpit would be filled by one of the Professors from Howard Payne college next Sunday morning.

The Methodist folk who attended the missionary meeting at Waco last week reported a great time, and as an evidence of their joy in such meetings are to have one here this week. This is written before they are to hold the meeting, Wednesday, but knowing these Goldthwaite ladies as I do I feel perfectly safe in saying that they will have a meeting up to now in point of interest. I feel that this is not feeling anything that approaches dangerous futures.

We are glad to report that young Robert Hammond, the young man of the Methodist parsonage, is rapidly recovering from a rather serious operation on his hand, and bids fair to suffer no serious or permanent danger from his trip to the hospital.

It will be of interest to the Methodist folk to know that Rev. E. Lovett, our presiding elder, will preach for us next Sunday evening and will, at the close of the service, hold the third quarterly conference. Bro. Lovett should have a full attendance of the membership of the church.

Miss Ruby Lee Dickerson and her music class should have a capacity audience in her recital at the Methodist church Friday night. These recitals are always good and worthy of the appreciation of all music lovers. If this recital measures up to the standard already set by the class of Mrs. Fred Martin, in the recital which she gave last week and the one sponsored by Mrs. Martin—the Misses Robert Elizabeth Littlepage and Alleen Martin—it will most certainly be worthy of a large attendance. We may all feel sure that it will be of the very best.

The revival fires, we trust, are about to begin to burn. The Church of Christ is now in a series of services. This will be followed by a meeting early in July by the Methodist people. If I am rightly informed, the Rev. Mr. Mason of McKinley Ave, San Antonio, will preach for the Methodists. Soon after the close of the Methodist meeting the Baptist brethren will have a meeting. We trust that these services may all be well attended, and that gracious results may be achieved.

CIRCLE NO. ONE

Mrs. Jeff Priddy was hostess to Circle No. 1 of the W.M.S. last Monday afternoon.

After the business session Mrs. Carlos Patterson read the devotional from Proverbs.

There were 19 present. We studied the book of Proverbs, which tells us how to pattern our lives, from youth to old age, and if we would only follow the teachings of this book, we would live much higher and nobler lives.

After the lesson Mrs. Priddy served iced punch and cake.

We will meet with Mrs. Kaufman next Monday week.

Supplies Sent Storm Sufferers

Cash collected here for the storm sufferers at Ebony amounted to \$115. Mrs. Nora Berry, secretary of the local Red Cross chapter, announced yesterday. Every cent of this money has gone directly to the storm sufferers, she stated, and none of the money raised in this county for the victims of the storm has gone to the Red Cross itself or anywhere else except in the purchase of supplies for the Ebony people who needed them. Expenses of the Red Cross worker who was sent to Brownwood and Ebony by the national organization were paid from the treasury of the national Red Cross and not by the local chapter.

Earl Fairman sent a truck load of furniture and supplies that had been bought with the Red Cross funds or donated by citizens of the county through the churches and other agencies. The load was valued at more than \$200.

Relief funds allotted by the Mills county relief committee have been disbursed in Ebony by Reed M. Haynes.

All of those who have visited the stricken community report that much hardship has resulted from the tornado, but they praise the spirit of the people of the stricken community in their efforts to build back again.

QUARTERLY CONFERENCE

The second quarterly conference for the Methodist charges of Mullin, Pleasant Grove, Bethel, Center City and Star will be held with Star church next Sunday, June 4. The elder will preach at 11 a. m. Dinner will be provided for all. Quarterly conference at 2 p. m. All stewards be there with good collections. All trustees and Y. P. D. presidents be there. Remember the date and be present.
LEON D. BROWN, Pastor.

Goldthwaite Swamps Priddy

Priddy baseball team played a return game at Fair Park Sunday and went home with the short end of a 9 to 2 score. It was a better ball game than the score would indicate, however.

There was several sparkling fielding plays made and some hard hitting done by both teams.

Goldthwaite made 12 hits and Priddy 9. Goldthwaite made 3 errors, while Priddy made 5 misplays.

Gill, Weaver and McLean did the hurling for Goldthwaite in order. Gill going two innings, then John Weaver toiled 5—McLean finishing. Young Nauert started for Priddy, but found the going too tough in the second inning and was removed for the Schrank, who pitched a creditable game from thereon. Burton, shortstop from Priddy, played a very good game in the field—making several nice plays of hard balls and getting one hit.

Joel Grimland caught a nice game for Priddy and made the Goldthwaite boys respect his throwing arm to the bases.

For the locals, Fuzzy Heath was the batting star of the game. He caught one to his liking in the second inning and sent it deep left underneath the cullvert on the race track. The next time up he doubled to the same field. The fielding gem of the afternoon was offered by Cecil Bradley in left field, making a great one-handed catch of a hard chance with men on bases.

Priddy is to be complimented for the ball team, and their team for good sportsmanlike play. They are assured the hospitality of Goldthwaite any time they come to town. A fair crowd attended the game last Sunday and more are expected out this Sunday when Goldthwaite plays the fast Dr. Pepper team from Brownwood at 3:30 in Fair Park.

Armour Buys Cheese Factory

One of the largest business deals consummated here in some time and one of far reaching interest was the sale of the Goldthwaite cheese factory this week to Armour & Co. who it is understood will make additions to the business and possibly increase the output of the factory.

The Goldthwaite cheese factory was built here a good many years ago with local capital and has been owned and operated by local people. Mr. Kaufman, the manager, is one of the most expert cheese makers to be found anywhere and under his management the cheese manufactured here has a reputation far and near for excellence. Armour & Co. have contracted for the entire output of the factory for a number of years and the factory has purchased all the milk offered. A number of milk routes are in operation through this and adjoining counties and the business is in a flourishing condition. Mr. Kaufman remains with the factory as manager and the public can be sure of securing from him the same fair and courteous treatment he has always accorded those having business with him.

The cheese factory is of great importance to the people of this section and it is hoped it will be as beneficial to the town under the new ownership as heretofore.

Red Cross Flour To Be Distributed

Another shipment of Red Cross flour has been received by the local chapter and Mrs. Nora Berry, secretary, states that it will be given out at the court house in Goldthwaite from 10 to 3 each Saturday and Monday only.

Work Progresses On Highway 81

Highway 81 from here to the Colorado river is about fifty per cent cleared and grubbed, John Berry, county foreman of the highway department, said this week. Another \$500 allotment has been made by the department for this work, making a total of \$1000 received so far.

There are now 10 men at work grubbing this right of way. If the work proceeds without interruption this month, it is considered likely that the right of way will be ready for construction to start in July.

CIRCLE NO. THREE

Mrs. F. P. Bowman entertained the ladies of Circle No. 3 last Monday afternoon in her home. She also read the devotional, after which we were favored with two lovely numbers played by the Bowman children. Mrs. Sims led in prayer.

Our own Mrs. Anderson taught our Bible lesson, which was very interesting.

Mrs. W. E. Miller from Circle No. 2 was our guest. We were indeed glad to have her, as she brought out so many beautiful thoughts from the book of Proverbs.

We were also glad to have our new member with us, Mrs. Dennis. Mrs. Bowman served punch, cake and sandwiches, buffet style, which was delicious.
We will meet at the church next Monday afternoon for a missionary program with Circle No. 3 in charge.

Man Is Jailed In Priddy Case

A young man giving the name of Glenn Bogle was brought here from Cleburne Wednesday night by Texas rangers and placed in jail, charged with being an accomplice in the robbery of the Priddy bank on March 31. The arrest was made on information received from Los Angeles, Cal., where three men charged with the robbery are being held in jail. The young man made a statement to Justice of the Peace Jas. Rahl and County Attorney A. T. Pribble yesterday morning and was granted bail to await the next term of district court. He had not been able to furnish the bond up to the time the Eagle was put to press.

ZONE MEETING

The Zone Meeting of the Woman's Missionary Society of the Methodist church, held with the Goldthwaite church Wednesday of this week, was a splendid success in regard to attendance, program and other details.

The towns represented by a goodly number of delegates were San Saba, Lampasas, Lometa, and Mullin, Richland Springs, and Cherokee failed to have delegates present.

A splendid luncheon was served at the noon hour at the Methodist parsonage, served in cafeteria style, and as each one passed around the large dining table, filling their plates with the good things thereon, they passed to small tables placed about the large living room, seated themselves and enjoyed the repast.

A splendid program for morning and afternoon had been prepared by our Zone Leader, Mrs. W. W. Allen of Lometa, Mrs. H. T. Cunningham of Keerville, our Llano district chairman, was present and gave a splendid address on the work of the societies.

The next meeting will be with the Lampasas church in August.

Three Counties In Highway Meet

A highway meeting of good roads advocates from Burnet, Lampasas and Mills counties will be held at Lometa this afternoon at 3 o'clock. The purpose of the meeting will be to make plans for the three counties to co-operate in speeding up federal highway construction in this section. J. R. Key of Lampasas said here Wednesday, Mr. Key has recently conferred with the highway commission in Austin on a plan to relocate the Lampasas-Austin road to run via Bertram, reducing the mileage 16 miles. This highway will be connected with Brownwood by a new hard-surface road to run through Lometa and Goldthwaite, if the necessary right of way can be secured from Lampasas to this city.

Such a road would draw considerable traffic from Abilene, and other points to the north and west of here, that now goes by way of Mason and Johnson City. Although no contracts have been let in Texas recently on federal aided highways, the commission has stated that such lettings will begin shortly. As soon as Mills county can secure a clear title to the right of way through Mullin, highway 7 will be ready to advertise for bids, highway officials state. Continuation of this paving to Lometa over highway 74A would place Mills county on an important federal thoroughfare.

A number of Goldthwaite business men are planning to attend the meeting at Lometa today.

Will Increase Veterans' Pay

Senator Byrnes (Dem.), South Carolina, told the senate Tuesday the administration would announce in a few days an increase in the compensation to veterans with service connected disabilities.

Byrnes made the statement after several senators had criticized the administration for the cuts already made under the economy act. The subject came up for discussion of the independent offices appropriation bill which carries funds for the veterans for Spanish-American War veterans had been cut from \$124,000,000 for the expiring fiscal year to \$41,000,000 for the coming year, a reduction of approximately \$67,000,000.

ART AND CIVIC CLUB

The Art and Civic club held its last meeting of the year on last Thursday afternoon at the home of Mrs. J. C. Schooler.

The program on "Health" was led by Mrs. Marvin Hodges. Roll call was responded to by "health suggestions." Mrs. W. P. McCullough gave a paper on "The Art of Living." Mrs. Jacob Saylor read an article on health by Dr. Crane.

An interesting report of the sixth district convention, which met at Midland was given by Mrs. Roy Rowntree, who was the club's delegate.

The hostess served an ice course to the club members and a few guests.

TAX PENALTY BILL IS SIGNED

Gov. Miriam A. Ferguson has signed a number of bills and resolutions, including proposals to release interest and penalties on delinquent taxes if paid by certain periods.

A penalty of delinquencies ranging from 1 per cent to 4 per cent would be charged according to date of payment.

Other bills and resolutions signed included:

Appropriating \$221,750 for support of summer schools in 1933.

Appropriating \$1,620,041 rural school aid deficiency.

Concerning formation of corporations to deal in agricultural commodities, poultry, dairy products and livestock.

Repealing San Antonio river canal and conservancy district.

Providing additional purposes for which corporations may be formed.

Providing means and methods of taking and possessing fish from fresh water streams in certain counties.

Resolution to have country roads included among the designated projects in Texas for expenditure of federal unemployment money allotments.

Objecting to approval of a treaty between the United States and Canada to permit construction of the St. Lawrence waterway.

Concerning the record in causes where a plea of privilege is sustained.

Relating to the manner of discharging convicts from the penitentiary.

Authorizing the manufacture of automobile license plates in the penitentiary.

Abolishing office of district attorney of the thirtieth judicial district.

Making it the policy of the state to provide for standardization of citrus fruits.

Providing for rural school supervisors in certain counties.

THE TAX EVASION LAW WORKS

The state's doughty little tax collector, Comptroller George H. Sheppard, is setting an excellent example of industry and vigilance.

Hardly was the ink of the governor's signature dry on the new gasoline tax bill, which for the first time gave the comptroller funds for an adequate enforcement personnel.

He is armed with a shining sword in the form of the new law which makes gas tax evasion a felony.

If the people will help, the comptroller says, he will recover \$4,000,000 a year in stolen gas taxes.

Because he is no blusterer, but a gentle and kindly soul, Mr. Sheppard is arresting no violator on the first visit of his men.

"We don't want prisoners," he says. "We want tax money."

STYLES IN NEW YORK

The Vogue of the "Kitchen Ensemble."

The new lacquered fabrics have brought in the latest vogue of the decorators, which is the "kitchen ensemble." We have all heard of the variations of the ensembles as applied to dress, but the entire color ranges with hues and shades matching or contrasting are being urged on the smart woman as the thing for this year in the kitchen. Some of the ensembles, as shown by those who are constantly searching for the new and appealing things in this line, include table coverings, shelf coverings, chair pads, window drapes, trims for the cupboard shelves, and other kitchen accessories, done in pastel colors or in colors to match the walls. One of the smartest kitchen ensembles seen featured checked gingham patterns in red and white, blue and white, green and white, and yellow and white. The effect is certainly striking and freshening. It makes an old kitchen look like new and adds color and liveliness to everything in the room. The color psychologists tell us that it is to take away the idea of the curse of work and make the kitchen look like a playroom.

Importance of Fabrics in the Mode

That fabric is the important thing in the mode is voiced by leading couturiers in Paris and America, who are demonstrating his season, as never before, innumerable style possibilities in the new woolsens, silks, rayons and cottons in various combinations with each other. There are cottons allied with silks and rayons, cottons with woolsens, rayons with woolsens and linsens, and ensembles in which woolsens, cottons and synthetic materials are all combined.

Schlaparelli, whose influence in the international mode has always been for clothes that are practical and, at the same time, fresh and full of life, features new ways with fabrics in her unshushable linen tweeds and laces combined with soft woolsens and new rayon fabrics, and her smart lacquered satins combined with linsens and cottons.

Charles LeMaître, outstanding among American designers for clothes both on and off the stage, says, "Fabric is the big thing in the mode today—fabrics in their gorgeous new textures and colors, and which have been aided tremendously in their smartness and versatility through the new chemical arts."

This young American couturier, who has designed more stage costumes than any man in America, and who combines the

originality of stage effects in smart and practical off-the-stage clothes for a discriminating clientele, features in his current collection such interesting combinations, for example, as that of organdie with velvet, and linen with velvet or rough silk and rayon crepes—one notable example of the former being an evening gown in dark brown organdie with a little hip-length jacket of crystelle velvet in that cellucious new yellow shade known as Mimosa, and this smart combination further accented by bracelet and necklace in composition featuring the same yellow shade in a striking flower motif.

"There cannot be anything so very new so far as lines in fashion are concerned," says LeMaître. "For about everything that can be done in dress shapes has been done. We just do it over again. Fashion is like a wheel revolving round and round. But with the new fabrics that are constantly being developed and their clear bright colors, the mode can never be uninteresting—but through these fabrics and colors and new ways with them style is constantly stimulated."

Black Becomes a Sport Color

A sensation of the past week was the launching by several of the smart shops of sportswear in black and dark colors. This is a novelty which bids fair to attain greater popularity. Black is an exceedingly becoming accent for the sun-tanned skin, and is obviously practical as well. It is used exactly as lighter colors have been in making sports clothes, and is worn with fabric hats and gloves in black or pastel colors. The vogue started with soft beachwear and has since spread to include tennis and golf frocks and spectator sports costumes, where it is usually worn in combination with some lighter color. Light coats are worn over dark dresses, and vice versa, the effect being very dashing and original. Black bathing suits have a prominent place on smart beaches.

Costume Jewelry High Fashion

Costume jewelry plays an important part in fashion, and particularly now with the trend toward simplicity of background. The vogue for apparel accents in vivid colors, dots, stripes and checks is carried out in some of the smart new composition jewelry—and still further through matching cigarette and vanity cases, these often matching wide bracelets in the same checked, striped or dotted design. White bracelets, rings and necklaces are featured with the new black linen, and linen-like-textured frocks. It is smart to wear white jewelry with white gloves, white clip on hat, white bracelet and white necklace—these white accents with the dark costume.

CENTER CITY (Too late for last week)

School closed Friday and an all day program was held at the school. Prof. Richardson and his pupils furnished orchestra music. All are delighted with the progress the pupils are making and we are proud of them all. A number of his pupils from Indian Gap were present. They joined our group and we certainly did have the music. We enjoyed it very much and extend a welcome to come every time they can.

Mr. Weaver visited school Friday and made a fine speech. He seems to enjoy being with Center City people and we enjoy his visits.

Walter Robertson's two sisters visited in his home last week and attended the program Friday.

Heart O' Texas League met here Sunday. On account of the program at Goldthwaite and at Mullin the attendance was light. However, Prof. Horton of Star made a fine leader and an interesting program was rendered in the afternoon. A number from Goldthwaite were here for the afternoon with Mrs. Virginia McGirk and Miss Bowles on the program. Come again. The next meeting will be at Bethel.

W. V. Linn and family of San Saba made a short visit in the Oglesby home Sunday afternoon.

The play, "Midnight Rose" by the outsiders was enjoyed by a well filled house Saturday night.

Mrs. Will Taylor presented a large framed picture of President McKinley to the school Saturday night. It was kind of her to do this and we hope all the pupils will appreciate it as well as the teachers and others who know more of McKinley's life.

Miss Keese took two school plays to Star Tuesday night of this week, and from all reports they did well. The purpose of it was to help Mr. Richardson meet with the Star people, that he might get a class there also. He and his orchestra furnished the music.

GOLDTHWAITE SENDS TRUCK LOAD OF GOATS

The people of the Goldthwaite church and Sunday school sent to the Orphans Home 154 goats and one kid to be put on the 1400 acre ranch that the Orphans Home is now operating near Waco. This is the first load of goats that we have received for the ranch. Other places have expressed their intentions of sending in goats and sheep and other livestock. We are in need of several hundred sheep, some more goats and some cattle. One of our boys, Mr. Will Horton, who now lives near Goldthwaite on the farm was one of the great influences in securing this load of goats and the people of the Goldthwaite church wish to give him credit for his good work.—Sunshine Monthly.

CONDITIONS IN TEXAS

The Santa Fe railroad bulletin on conditions in Texas says: Agricultural conditions over the greater portion of Texas were improved by beneficial rains during mid-May. Prior to this time lack of moisture, except in eastern sections, where the supply was over abundant, has retarded reasonable activity and plant growth to the extent that crops generally were two to four weeks late.

Cotton over much of the state is from poor to fair. South and coastal areas are beginning to suffer severely because of dry weather. Premature blooming is occurring in south Texas. In eastern and northeastern sections excessive moisture has caused plants to become spindly and much replanting is necessary. Plantings are complete in central sections and practically so in the northern and northwestern areas. Because of the generally dry weather little acreage on the part of the boll weevil so far has been noticeable, although with the advent of showers this pest could become seriously injurious.

Lack of moisture in the range area has severely injured the range lands and immediate rains are needed. There were practically no losses of cattle during the winter and at present they are in good condition, excepting that dry weather is commencing to show some ill effects on fresh-ranged cows. A record clip of wool is now moving to strong and strengthening markets.

Movement of potatoes from the Eagle Lake-Glen Flora section has become brisk, but because of dry weather the volume has not reached proportions expected. Immediate rains would result in considerable increased production.

Condition of tomatoes in east Texas continues good, although worms are making their appearance. Movement has started and will reach peak proportions by mid-June, and will show little, if any, decrease, as compared with last year, despite a 30 per cent reduction in acreage.

SINGING CONVENTION

The Mills County Singing Convention will be held at Center Point the first Saturday night and Sunday of June. Everyone is invited to attend this singing. We are expecting lots of visiting singers and some special quartettes. Now, if you want to hear them sing, be present. Please bring your lunch baskets. This is a self-supported singing convention. CARL SPINKS, President.

CARD OF THANKS

We want our neighbors in Big Valley and our friends everywhere, as well as the friends of Dr. A. D. Nelson at Richland Springs and elsewhere, to know how much we appreciate their great kindness to us at the time of his funeral services at Richland Springs and the burial services in Big Valley. Beautiful flowers were provided for the funeral and the cemetery. Kind hands were ever ready to render any help possible and a number of the ladies of our home community prepared a nice lunch for the family and visitors on the day of the funeral. All of this was thoughtful and kind and we want them all to know that we appreciate every act and every word of sympathy. Words can scarcely express the gratitude we feel for it all.

Black-Draught Clears Up Sluggish, Dull Feeling

"I have used Theford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for apoplexy caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.

DENVER WOMAN IS TRAPPED IN BATH

Trapped in a bathtub four days, Mrs. Mary Benson, 67 years old and rather stout, was rescued by police and firemen in Denver. Mrs. Benson, who lives alone, said she became weak while bathing Sunday and was unable to lift herself from the tub. In her efforts to free herself, she became wedged under the faucets.

Mrs. F. A. Jones, a neighbor, discovered her plight and finally obtained help that night after narrowly escaping arrest. She called the fire department, but in her excitement gave the wrong address. The next time she called, the switchboard operator told her it was a funny story, but not to bother him again or he would turn her over to the police.

Mrs. Jones telephoned a third time from a drug store but gave no name. A police car was sent and the officers invited her to headquarters for observation. However, she induced them to visit Mrs. Benson's home. The victim was found in the tub. Firemen then responded.

Throwing a blanket over the unfortunate woman, the rescuers gave her nourishment before prying her out of the tub.

A police surgeon treated Mrs. Benson for bruises and lacerations. He said she was suffering from high blood pressure and lack of food.

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit to towns in Ohio or Indiana or Michigan to make delivery.

There were no good roads in those days, and the people where I drove had never seen a motor car before.

My first really enthusiastic customers were Country Doctors. They were the first to realize the value of dependable transportation to a widely scattered practice.

Even today I occasionally hear from some of those first Ford users.

We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our transaction with our customer — it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers who handle it.

The present Ford V-8 is the peak of our 30 years experience.

We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is economical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.

THE GOLDTHWAITE EAGLE

SOUTH BENNETT

There were 44 present at Sunday school Sunday. We decided, that on account of so many wanting to attend the singing convention at Center Point next Sunday, we would not have Sunday school and all try to go to the convention. But let's all be in Sunday school Sunday week.

Mr. and Mrs. Clyde Featherston visited Mr. and Mrs. M. L. Casbeer Thursday. Mmes. Casbeer and Featherston and children also made a short visit in the J. M. Casbeer home.

J. M. Stacy and family spent Friday night with Mrs. Elton Horton and family at Caradon.

Mr. and Mrs. Claude Smith and Bob Blackburn ate ice cream and cake in the Dan Covington home Saturday night.

A baby girl was born to Mr. and Mrs. Roy Tyson Friday night.

Virgil Terry spent Saturday night and Sunday with Mr. and Mrs. Dixie Webb.

Evelyn Covington spent Saturday night with Charline Warren.

Mr. and Mrs. Hammond Bodkin were visiting relatives Sunday afternoon.

Mr. and Mrs. Dan Covington visited Walter Simpson and family Sunday.

Mr. and Mrs. M. L. Casbeer and babies and Will Horton, Odell and J. M. Casbeer visited in the Willis Hill home Thursday night.

Evelyn Covington, Charline Warren, Frank Benningfield and Ben Casbeer were guests of Clyde Featherston and family Sunday.

Willis Hill and family visited relatives at Star Sunday.

Jim Elder and family spent Saturday night with Ernest Wade and family and Ernest and family spent Sunday with Jim.

Bob Blackburn visited Dick Griffin and family Sunday.

Mrs. M. L. Casbeer and children visited Mrs. J. M. Stacy and Evelyn Saturday afternoon. Travis Griffin and M. L. Casbeer went to saw wood, but decided that playing in water tanks was much easier, even if they did get water poured on them and scared them into the house.

Mrs. Anna Jones and children visited in the Webb Hill home at Star Sunday.

Dixie Webb and family went visiting Sunday afternoon, but I didn't learn where they went.

Mrs. M. L. Casbeer and babies visited Mrs. Clyde Featherston Friday afternoon and also a little while Saturday morning.

Mrs. Walter Simpson and children and her father visited in the Smith home one afternoon last week.

Slick Blackburn and Ruth Griffin visited in the Clyde Featherston home before Sunday school Sunday morning. Slick was driving a new car.

Houston Kuykendall and Joe Adams attended to J. M. Stacy's things while they were gone Friday night. Ask them if they know what cows to milk.

Charley Featherston and his father, Mr. Wayne Featherston, Mrs. Longley and children of San Saba and Mr. and Mrs. J. M. Casbeer visited their son and brother, Clyde Featherston Sunday. Mr. Wayne Featherston and Mrs. Longley will be visiting relatives here several days.

Mrs. Walter Simpson made a short trip to town the first of last week.

Mrs. M. L. Casbeer and children spent Monday with Mrs. J. M. Casbeer and family.

We are wondering how well Frank Evelyn, Charline and Ben like to slip Mrs. Clyde Featherston's grape juice out of her cellar? Just ask them and see.

Mr. and Mrs. Claude Smith attended singing at Rock Springs Sunday and report a real good program.

Mrs. M. L. Casbeer and children visited Mrs. Willis Hill Wednesday.

ROSEBUD.

ROCK SPRINGS

We had good-sized crowds from Saturday night until Sunday night last week end. The house was packed Sunday afternoon to hear the singing.

We had the Carr trio from Waco with us Sunday—J. H. Carr, his son, Eldridge, and Clyde Moody. Mr. Carr, bass singer, was away, but has joined the trio by now. Everyone enjoyed their singing. Gerald Doggett of Comanche was with the trio.

Monday was Mrs. J. C. Stark's birthday, so J. F. Davis and wife and Joe Davis and family, Mrs. Homer Doggett and Janee, W. A. Cooke and children, Mrs. Eula Nickols and boys, Fred McClary and James Watson Roberts, gave her a surprise party. Everyone enjoyed the cream. We hope her many more birthdays.

We extend our sympathy to the McGowan and Davis families at Rabbit Ridge in the loss of their loved one. Also to Mr. and Mrs. Nolan West at Coleman. May God's richest blessings rest on all.

The trio singers enjoyed a good dinner in the J. F. Davis home Sunday.

Mrs. Joe Huffman and son and Miss Eva Cook helped Mrs. Joe Roberts and son from town get their house on the Roberts' place in shape to move in. These ladies had six o'clock dinner in the Nickols home.

John Roberts and his son, Joe, from town went to Star Sunday to put in a switchboard this week.

W. A. Daniel and wife and daughter went to Fort Worth Monday afternoon with a load of cattle.

J. F. Davis and wife and Mrs. Joe Davis and son, and Mrs. Eula Nickols and boys picked berries on Ashley Weather's farm Monday morning. It was very warm, but they said Mr. Davis got warmer than the rest when he sat down on a burning match.

Miss Oleta Daniel and Walton rushed over to the big town of San Saba Saturday to purchase some riding boots.

James Nickols helped Otis Hutchings at Center Point build fence this week.

Mrs. John Roberts helped Mrs. John Edlin at Center Point can beans one day last week.

J. C. Stark is the only man I know in this community who is really making money. He has another new milk customer, Mrs. Kate Sullivan.

Harvey Dunkel, Marvin Jetton, Gus Roush, Jr., and J. T. Robertson and wife enjoyed a big fish dinner with Douglas Robertson at Lake Merritt Sunday.

J. T. Robertson and Marion Jetton had a run away Saturday. Their team ran away with a load of wood. The wagon was damaged some, but no one hurt.

Cone Sullivan spent this week in San Antonio seeing the sights and visiting.

Gus Roush and wife from town and Mrs. Harvey Dunkel ate supper in the Daniel home Sunday night.

Mrs. J. T. Robertson spent Monday afternoon in the Nickols home.

Ray Stark and wife have come back home for the summer. We are always glad for them to be here. He taught a very successful school close to Winters.

Little Evelyn Janee Doggett celebrated her first birthday in the home of her uncle, Joe Roberts, in town last Tuesday. She had a good time.

Mrs. Dwight Nickols and Junee Tyson spent last Friday in the Nickols home.

Mmes. Gatlin and Woody from town spent Sunday afternoon on the Gatlin farm.

Well, Farmer's Wife, we can't please everybody. I am not in too good a humor with you, because I was in your community the twenty-first, and I didn't see my name in your letter. Do you like to see your name in print? I do, and so do others.

We had visitors from Duren, Goldthwaite, Center Point, Big Valley, Rabbit Ridge and Ratler to the singing Sunday afternoon. Come again.

Our boys and Rabbit Ridge boys got beat in the ball game Sunday afternoon. They played Nabors creek.

Mrs. Eula Nickols made a pop call in Holland Frizzell's home in town last Tuesday afternoon.

The Hale boys from Big Valley and Scallorn sheared Duke Clements' sheep last Saturday on the Nickols farm.

Don't forget to go to Center Point Saturday night and Sunday to the singing convention.

BUSY BEE

CENTER POINT

Sunday school was pretty well attended Sunday. However, the crowd was not as large as it should have been.

There was not any league Sunday night. A few gathered at the school house and sang awhile.

Bro. W. T. Sparkman filled his regular fourth Sunday appointment at Cherokee last week end.

Mmes. R. J. Hallford, Ida Smith, Henry Speck and Eulis Stevens and Miss Lillie Conner dined in the Calvert Hallford home Sunday.

Mrs. W. C. Brady left for a trip to Burnet Saturday.

Mrs. McWhorter and Mrs. Milton Collier of Goldthwaite called at her home place one afternoon last week.

Everyone remember that the county singing convention meets here Saturday night and Sunday and that you are invited to come and bring your lunch baskets well filled.

BO-PEEP

EBONY

Miss Evelyn Reeves, who was in the graduating class of the Mullin high school, returned home Sunday afternoon. Evelyn completed the tenth grade here last year and entered the senior class at Mullin last September. She won several honors during the year. We are very proud of Evelyn.

Mrs. L. M. Haley and Mrs. M. O. Eildson of Brownwood visited Mrs. Dewey Smith Monday.

Mrs. J. R. Wilmeth, Mrs. J. R. Briley, Mrs. W. M. Clements, Mrs. Allen Lovelace, Mrs. Dewey Smith, and Mrs. Jack Cloud met at Mrs. Bob Egger's Tuesday afternoon and assisted in distributing the things sent by the Church of Christ at Goldthwaite to the storm sufferers.

Homer Reeves was looking after business here this week. He returned home Saturday.

J. M. Orr and family attended church at Indian Creek Sunday.

Clayton Egger, who finished the tenth grade here this year has entered the tenth grade at Lometa in order to take the examinations and be ready to enter the senior class of an accredited high school next year. He has been one of the best all-round pupils of the Ebony school during all his school years.

In mentioning the houses blown away by the recent storm at Ebony, Miss Dollie Reynolds was omitted from the list. Miss Reynolds lived just across the Indian Creek road from the store. Her house was the only one that was completely wrecked right in the village of Ebony. She hopes to erect some kind of a little habitation out of the ruins.

The house occupied by Tillman Smith on Earl Day's place, was also blown away. Mr. and Mrs. Smith have three small children.

We have just recently learned that the home of Wallace Perkins near the Beeman home was wrecked. Their cook stove was demolished and most of their things were ruined. They have one child.

Mr. and Mrs. W. H. Reeves attended the Mullin high school graduation exercises during the week end and brought Miss Evelyn Reeves Sunday afternoon.

Mr. and Mrs. Charlie Roberts and Mrs. Maud Newbury spent Sunday at the Stanley Reeves home.

A good audience attended Bible school and communion service at the school house Sunday morning.

Alvin Hanna and Frank Crowder of Oakland, because it was too wet to work, came down and worked on the tabernacle Friday. We appreciate this and feel that they set us a good example.

Mr. and Mrs. S. L. Singleton, Gladys Griffin, Charles Henry Griffin, Mr. and Mrs. J. R. Wilmeth and Mrs. J. R. Briley visited at the Reeves home Sunday afternoon.

TEXAS LEGISLATURE STANDS ADJOURNED

The regular session of the Forty-third Texas legislature was adjourned sine die at 4:42 yesterday. The session started January 10, Thursday was the one hundred and forty-third day of the meeting, the longest that a Texas legislature ever has been in continuous session. The session originally was scheduled to end at noon, but the two houses were delayed in gathering up the loose ends of legislation and placing their affairs in shape for final adjournment.

BRAN DROP COOKIES

One and one-half cups sifted flour, 2 teaspoons combination baking powder, 1-2 teaspoon salt, 1-2 cup butter or other shortening, 3-4 cup brown sugar, firmly packed, 2 eggs, well beaten, 1-2 teaspoon almond extract, 1-2 teaspoon vanilla, 1 cup nut meats, broken, 1 cup raisins, 1 cup whole bran or bran flakes, with other parts of wheat.

Sift flour once, measure, add baking powder and salt, and sift again. Cream butter; add sugar gradually. Add eggs and beat well. Add flour, flavoring, nuts, and raisins. Add bran and blend. Drop on greased baking sheet. Bake in hot oven (400 degrees F.) 10 minutes. Makes 4 dozen cookies.

Mrs. J. S. Bowles, Miss Love Gatlin and Mr. and Mrs. C. L. Patterson of Goldthwaite were guests in the home of the editor and wife Sunday. Many were the pleasant memories brought to mind by the senior members of the party, who were classmates in the Mills County Institute of Goldthwaite, an institution of learning that few people of this day know ever existed.

LIVE OAK

Did you see the sunset Sunday afternoon? It was truly beautiful. The best description I can give is that it looked as though the Great Painter of the Universe had spilled his colors upon the Western horizon and they merged into one supreme color, with blue and pink dominating. Sometimes we feel that in order to be happy we must travel and see the beautiful in other parts of the world, but if we cannot appreciate the beautiful which we see every day we could not be happy seeing the beautiful elsewhere.

Saturday night part of the young people of this community enjoyed a well delivered play at Midway, while the remaining few enjoyed a picnic at Virginia Simpson's.

Mrs. Leon Longly and three little sons, with her father, Mr. W. M. Featherston, visited in the home of their brother and son, C. G. Featherston, Saturday night.

Mrs. Roy Simpson and Mrs. O. U. Tumlison spent the week end in Briggs. Mrs. Simpson has returned but Mrs. Tumlison plans to spend a few days longer.

Mr. and Mrs. S. L. Harwell and daughter, Juanita, spent the week end in Andice.

SUNSHINE BAND ORGANIZED

The young people of the Bethel community met last Thursday night at the C. G. Featherston home and organized their Sunday school class. The officers elected are as follows: President, Ila Fay Featherston; vice president, Norman Smith; secretary, Virginia Simpson; treasurer, Alfred Parker; reporter, Glenn Featherston. We then proceeded to select the name, Sunshine Band, for the class, the motto, "All for Christ"; the flower, the little white daisy; which grows in abundance near Bethel, and the colors, gold and white.

We were greatly pleased by the large attendance of 21, who were present the first Sunday after the class was organized.

A SAD MESSAGE

The information reached relatives in this county yesterday that the little son of Mr. and Mrs. Steve Ezzell died at the family home in Graham at 5 o'clock a. m. The parents formerly lived here and have the deep sympathy of a host of friends, as does the grandmother, Mrs. Sena Ezzell of Big Valley, who was called to Graham several days ago on account of the serious illness of the child. The remains will be brought to Big Valley for burial in the lower Big Valley cemetery. The funeral will take place at 2 o'clock this afternoon.

RADIO COMPLAINTS TO BE GIVEN JURY

Assertions that more than 25 west Texas radio broadcasting stations have operated without licenses from the Federal Radio commission, will be made to a federal court grand jury when it convenes June 26 in Lubbock, United States Attorney Johnson said Saturday.

He will seek indictments against the companies on charges of operating unlicensed stations.

Johnson declared there was a

network of unlicensed stations in operation and that they clogged the assigned channels of properly licensed stations, rendering good radio reception impossible.

TRIGGER MOUNTAIN

Those who were ill with the measles in our community have entirely recovered, with no new cases developed.

Mr. and Mrs. H. T. Vaughan and children spent Sunday in the home of W. S. Cunningham.

Misses Inez and Loraine Caloway ate supper with Mr. and Mrs. H. G. Kennedy Saturday night, and went on a wagon with several other young people to a play at Duren. It was a real good play and they enjoyed it very much.

Don and Dale Dyches of Mullin worked for Mr. Allen the past week.

Earl Nix came in Saturday evening, bringing his lovely bride with him. They were married at Waco Saturday. Mrs. Nix was formerly Miss Pearl Bagley of Moorville. She is not known to us here, but Early is one of the home boys, having lived here most of his life and we welcome his bride and may many good things and few sorrows come their way in life.

Fred Reynolds, another home boy, was united in marriage Sunday to Miss Opal Baber of Stephenville. Mrs. Reynolds is well known to us, having taught a successful term of school here. Mr. Reynolds is a farmer and is also a well known watch repairer. Our very best wishes are extended these young people.

THE HOUSE OF MORGAN

What is back of the Senate's investigation of J. P. Morgan & Co., internationally famed private bankers? The results of last week's examination of Mr. Morgan and several of his partners did not point to anything very new or important...

The Bank of United States of New York was under the immediate supervision of the New York banking department, yet it failed and brought hundreds of thousands of depositors and stockholders to ruin. The National City Bank and the Harriman National Bank were under the supervision and control of both the comptroller of the currency and the federal reserve system...

It has been disclosed that J. P. Morgan paid income tax to the English government the last three years and did not pay to the United States. But the reason is obvious: England has different, much more stringent laws. It would have been unusual indeed if Morgan had sought to pay a tax for which he was not liable.

Then there has been the publication of the names of prominent men who were on the "Morgan list" and were offered stocks at prices below the market price. Only the most ignorant could be surprised at this information. It is a practice of all investment houses, and is fundamentally no more dishonest than that of a grocer selling one customer sugar for a few cents less than another.

The last sensation was the extent to which the Morgan partners influenced the conduct of American industrial affairs through their directorships in countless corporations. This was all common knowledge long ago. There is nothing secret about the names of any corporation's directors, and the extent to which the house of Morgan was represented on the boards of many leaders of American industry has been the subject of much comment long before this investigation was initiated.

There have been innumerable petty details of the Morgan banking business which have been brought out in Washington, and some major matters, such as its volume of deposits and loans, have been made public for the first time. From a strictly banking standpoint, however, all such disclosures have added to the reputation of the house of Morgan for practicing sound, conservative banking.

In one respect the public has been agreeably surprised: Ever since the stock market debacle of 1929, there have been rumors that J. P. Morgan & Co. were making immense profits on the bear side of stock market operations. The investigation has proved these allegations to be false. Morgan, like thousands of other investors, took huge losses on the stock exchange, and his short sales are conspicuous by their absence from the trading transactions made public.

This paper holds no brief for the house of Morgan. If any illegal operations had been developed by the investigation so far, we should have no hesitancy in pointing them out. If any good could be expected from the inquiry and its glare of publicity, we should like to declare them. But the most that we can say is that the very failure of the investigators to uncover anything rotten is reassuring. Whether it is for the public interest for any banker group of financiers to wield as much power as do the Morgan partners is beside the point. That is an issue to be decided separately and on its merits and in conjunction with a consideration of the Rockefeller group of banks as well as the Morgan interests.

Like the voluminous banking inquiry conducted by the senate several years ago, a great deal is now being talked. But the probabilities are that no more will be done as a result of the Morgan inquiry than was done after the banking investigation which showed that national banks were conducting their affairs in practically the same manner that the house of Morgan operates, with the advantage of closer adherence to sound banking principles on the side of Morgan. If the comptroller of the currency and the federal reserve system are impotent to control the banks which are legally under their jurisdiction—as the banking debacle of recent months has so conclusively demonstrated—it is idle to believe that bringing J. P. Morgan & Co. under the same federal supervision and restrictions could result in any public good.

THE VOICE OF THE SOUTHWEST

One of the most significant indications of the growing appreciation of the Southwest's autochthonic culture is the widespread recognition that has been accorded the SOUTHWEST REVIEW. This stimulating quarterly had its origin in the "Texas Review," which was founded at the University of Texas in 1915. Southern Methodist University took the publication in charge in 1924, and three years later Professor John H. McGinnis was made its editor.

The selection of Professor McGinnis was decidedly fortunate. Although not a native of the Southwest, he has a knowledge of Southwestern history and literature exceeded by few of her native sons. Twenty-five years ago he came to Texas as a youthful English instructor, but crowded into a few preceding years were a variety of experiences in America and in Europe that prepared him keenly to appreciate the lore of the Southwest and its peculiar cultural heritage.

He is best known to the general reader as the editor of the Sunday book page in the Dallas News. This department is so characterized by genuine catholicity of taste, lively discussion and scholarly (not pedantic) reviews of meritorious books, that it ranks with the half-dozen best book pages of the country. Professor McGinnis has also an established reputation as an English scholar and teacher and has done some notable original work in Shakespeare, but it is as a friendly critic of aspiring writers that he has achieved the highest recognition. Frank Dobie, author of "Coronado's Children" and other volumes whose themes are derived from the history of the Southwest, is one of those who has profited from his counsel and friendship. Captain John W. Thomasson, whose books and sketches of the world war and whose life of J. E. B. Stuart are classics, received his first instruction in the art of writing from McGinnis. Many other writers, who are today doing sound, constructive work, are free in their acknowledgement of the stimulating effect of their association with him.

It is no wonder then that under the direction of Professor McGinnis the SOUTHWEST REVIEW should have assumed an importance in literary circles out of all proportion to its age and circulation. Now comes the news that its sponsorship is to be extended to include Louisiana State University with the consequent enriching of its field with the engaging legends and life of the Louisiana "Cajon." A still brighter future is evidently ahead.

THE REALM OF SCIENCE

HUGE TELESCOPE COMING TO TEXAS

A telescope nearly seven feet in diameter, the second largest in the world, is to start sweeping the southern skies from a mountain more than a mile above the Texas plains some time within the next five years.

The instrument will be located at the new McDonald Observatory to be established on Mount Locke, 6790 feet high, in the Davis Mountains of southwest Texas as a co-operative enterprise of the University of Chicago and the University of Texas. The former institution will provide the staff for the observatory, while the latter will build the telescope and buildings from a bequest of W. J. McDonald of Paris, Texas.

The Mount Locke site is believed to offer the best conditions for observations by astronomers in the United States, says Dr. Otto Struve, director of Yerkes Observatory of the University of Chicago at Williams Bay, Wis. The farther south an observatory is located the better the observing conditions, because more than nine-tenths of the stars and great nebulae or star clouds interesting to astronomers are south of the equator.

Atmospheric conditions are much better in the Davis mountains than in northern latitudes. The nights are uniformly clear and the stars twice as bright as when seen from Chicago, for example. Mount Locke is higher than Mount Wilson, California, where is located the 100-inch telescope of Carnegie Institution of Washington, the world's largest. It is not quite as high as the Lowell Observatory near Flagstaff, Ariz., but will have a much larger instrument.

The telescope at the McDonald Observatory will have a concave mirror eighty inches in diameter and will be twenty-seven feet long.

Health Hint

TYPHUS FEVER

Typhus fever or fourteen day fever is quite prevalent in Texas, according to Dr. John W. Brown, state health officer. He stated, "Typhus fever is of two forms, the epidemic and endemic. It is the latter form that is most commonly found in Texas and it differs from the epidemic form in that it has a low mortality. The disease is often confused with others and for that reason many cases are not reported as such; it is also called rat fever and mouse fever."

"The symptoms of typhus fever are that the onset is usually sudden with chills, fever, headache, prostration and body pains, the fever rises rapidly and reaches its maximum on the fifth to eighth day. This usually terminates on the tenth to fourteenth day by crisis and the recovery is rapid thereafter. An eruption accompanies this disease, starting on the chest and lower neck and becoming general in a few days. Bronchitis and the hacking cough are present in most cases and tend to confuse the diagnosis with respiratory infection or influenza."

"The rat flea which feeds on the rat sick with typhus fever transmits the disease to humans, therefore, rats and mice should be exterminated as the most important control measure in the prevention of this disease. Bodylice and rat mites may transmit typhus fever. Persons that are sick should be isolated during their illness. All cases should be reported promptly to the health authorities in order that control measures may be started at once."

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 3.

Be it resolved by the Legislature of the State of Texas: Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there is a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in consonance affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto."

"(3) a. A Charter hereunder may provide: The continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, re-organization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution) and Justices of the Peace be compensated upon a salary basis in lieu of the jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a Probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such charter shall provide for altering the jurisdiction or procedure of any court. The duties of District Attorney and, or County Attorney may be confined to representing the State

in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the constitution or by statute, define the duties thereof, fix the compensation for service therein, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards thereof be not lower than those fixed by the General Laws of the State.

"(6). A subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and, or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of

people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified voters cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits as now are, or hereafter may be provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorportated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revision and amendment thereof, subject only to the requirements that there must be a favorable majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purposes hereof. Further, the Legislature

shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate an elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitution Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. NO. 30.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another section, Section 51-1, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollar bearing interest at a rate not to exceed Four and one-half (4 1/2%) per centum per annum and payable serially or otherwise not more than Ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used for furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from an employment, but to be fairly distributed over the State and upon such terms and conditions as may be provided by law and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to ten years from and after the adoption of this grant of power to the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The foregoing Constitutional amendment shall be submitted to the qualified voters of the State on the Twentieth day of August, A. D. 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds". Those voters opposing said amendment shall write or have printed on their ballots the words, "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds".

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Comanche

Miss Johnnie Cunningham, who has been teaching at Stephenville, has returned to Comanche to spend the summer with her parents, Mr. and Mrs. John Cunningham.

Voters at Gustine refused to reduce the school tax in that district from \$1.075c to a special election held there May 13, by a vote of nearly 10 to 1. The vote was 14 for the tax reduction and 135 against the tax reduction.

Eighteen thousand dollars will be paid to the schools of Comanche county out of an emergency appropriation made by legislature last week when \$1,300,000 was voted to take care of delinquent payments for high school tuition and bus transportation.

One of the biggest land deals made within several years in Comanche county was closed this week when Marion Wilkerson, administrator for the Ellen E. Bryson estate made a sale of 784.9 acres of land belonging to the estate for a cash consideration of \$17,849. Misses Emma and Susie McGinnis of Brownwood purchased 1005 acres beginning at the city limits of Comanche and lying along the Mercer Gap road, known as the Shropshire place.

An unknown or forgotten bank account for Comanche county with the Hanover National Bank of New York City was uncovered last week by an outside auditor, who is checking over Comanche county books and accounts. The balance had accumulated in the New York bank from 1924 to 1932 in connection with Comanche county bonds which were made payable at that bank.

The Cotton Belt Railway System has made application to the Interstate Commerce Commission to take up their track and abandon their railway property in Comanche county, according to an official letter received this week from K. M. Post, president of the system, by Carroll Black, local agent. It is also proposed by the road to abandon the line operated by them from Hamilton to Stephenville. The line from Waco to Hamilton would remain in operation. Should the road be abandoned it would leave a large part of Comanche, Hamilton and Erath counties without railroad facilities.—Chief.

Hamilton

Miss Naomi Langford of Goldthwaite is an attractive guest in the home of her cousin, Mrs. Tom Davis, and family and is visiting with other relatives in his city.

A worthy compliment to the Hamilton high school seniors was the elaborate banquet given by the ladies of the various churches in town on Thursday evening of last week in the dining hall of the Methodist church.

Mr. and Mrs. Joe Bailey Allen were awakened at about 4:30 o'clock on Wednesday morning by the roaring of the flames in the roof of their home, and barely escaped with their little children from the holocaust, some portions of the ceiling having been falling in when the fire was discovered.

Thirteen Hamilton county boys left Monday morning, May 22, and two on last April 27, making a total of fifteen out of the quota of 28 young men allowed to Hamilton county, who registered recently for reforestation work in President Roosevelt's civilian corps.

J. A. Lee, prominent farmer of Indian Gap, was fatally injured Monday, May 15, by the fall of a horse he was attempting to mount. The horse, unused to the saddle, reared straight up when Mr. Lee mounted and falling backwards, the saddle horn struck him in the chest, causing injuries from which he died three hours later.

During the progress of a baseball game on Friday afternoon, May 19, at the Springdale school closing celebration, Charles Rabbe, jr., 12-years of age, son of Mr. and Mrs. Charles Rabbe of Shive, was critically injured when accidentally struck by a flying baseball bat. The boy suffered the loss of several teeth broken out and fractures of both jaw bones on the right side of his face.—Record-Herald.

Brownwood

The Cameron Company's lumber office was entered Tuesday night, entrance to the office building being made through a rear window. Twenty-three gallons of paint and about fifty paint brushes comprised the loot taken.

Brown county commissioners court and the Chamber of Commerce are backing District Engineer Leo Ehlinger, if he needs any backing up, officials state, in his recommendation to the state highway department for a change in the route of highway No. 191 that would bring the highway from Baird through Cross Plains to Brownwood, instead of from Baird to Coleman.

Looking forward to a general Baptist denominational campaign for the support of Howard Payne college along with Baylor University, the board of trustees of Howard Payne in annual meeting Wednesday afternoon appointed a special committee to meet with the executive board of the Baptist General Convention in Dallas on June 6.

Some other cities in Texas may be allowing 3.2 beer to be sold openly, but as far as local officers are concerned it is still just as much a violation to sell this beer, legal in some states, as it is to sell any other kind of beer or whiskey. Officers interviewed said they will continue to make arrests for the sale or possession of any kind of beer—3.2 or otherwise—until the state law is changed.

The commissioners court of Brown county, sitting as a board of equalization, Monday passed a resolution to the effect that no reductions in renditions from 1932 would be allowed, except in cases where a given rendition was clearly too high as compared with property of similar value in that particular locality. In no event will a reduction be granted except on a vote of the full board.—Banner Bulletin.

San Saba

Dr. Ira O. Stone has moved his office equipment and established himself at Richland Springs during the past week.

Plans were made for rally day on June 20 by the San Saba County Home Demonstration Council in regular meeting at the court house Saturday.

A fine Rhode Island Red hen having her eggs in a nest some 10 feet up a large live oak tree was discovered at the I. W. Keece home near Chapel last week.

Mrs. Clinton DeWolfe spent Sunday at the Temple hospital with Mr. DeWolfe, who she reports convalescing, but will be several days yet before he can come home.

Jack Barker and Cecil Young bought 750 head of fine goats from John Brandon of Lampasas county last week. These goats passed through town Saturday en route to the Barker ranch on Cherokee creek.

Mr. and Mrs. Mark Halsey of Lubbock, passed through San Saba Friday en route home from an automobile trip to Galveston, where they attended the state druggists convention. Mrs. R. S. Crain accompanied them home for a visit.

The salary of the city marshal has been eliminated and unless there is a change there will be no city marshal after this month. This is purely in the interest of economy.

The close of the Live Oak public school week before last was featured with an all day event, a community rodeo, ball game and an old time dinner spread. Doc McNeil now lives at Mullin, but it appears that his boyhood days were spent in this community. He was a visitor back to the old home, at the time of the picnic.—News.

Lometa

Miss Maggie and L. C. Mathis returned home with their parents from Sonora the first of the week. They report a most delightful school year there, having graduated from Sonora high school.

Mrs. Willard Schumann, formerly Miss Norene Allen, of Rowena, was the guest of Miss Pearl Casbeer last week end.

The Lampasas broadcasting station BYC at Hancock Park, operating on 950 kilocycles and owned and operated by A. J. Ricks, jr. and Paul Brown, had its initial program Sunday morning.

The Chamber of Commerce directors met Tuesday morning and a committee was appointed to investigate and get such data as is necessary for the making of an application for federal aid in building and equipping a hospital for Lampasas.

Mr. and Mrs. C. D. Richards and family arrived Wednesday from Goldthwaite and will make Lampasas their future home. Mr. Richards is in charge of Humble products in this district. They are located at the G. W. Clements place on Chestnut and Second street.

The home of Mr. and Mrs. J. M. Long, in north Lampasas, was a complete loss in the fire there early Monday morning. The only articles taken from the fire were a bed, electric stove and electric refrigerator. The origin of the blaze is not known, but is thought to have started in the bath room. Mr. Long had gone to work and Mrs. Long was taking an early morning walk when the fire started. There was some insurance on the home and furniture but not enough to care for the loss.—Leader.

350,000 TONS OF ORE BROKEN IN SINGLE BLAST OF DYNAMITE

Mining engineers at Leadville, Colo., estimate it will take several years to remove all the ore broken in a dynamite blast which powder experts described as the largest underground shot in mining history.

Sixty thousand tons of the explosive last week broke down about 350,000 tons of molybdenum ore and cracked, say the engineers, possibly 500,000 additional tons, which will easily cave down later.

Officials of the Climax Molybdenum company, sponsor of the blast, estimated the cost at \$150,000 and said preparations for it had begun last January. Dynamite alone cost \$15,000. Two hundred miners were laid off for the day to avoid possibility of accidents.

As a spectacle, the blast was a failure. The only outward sign which followed an electric current set-off was sudden movement of snow over an area of about an acre, then smoke curling from tunnels into Bartlett Mountain.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

Last Saturday afternoon late, while at work in her garden, Mrs. Sam Tackett, who lives in the McCann community, was bitten by a rattlesnake. A local physician was called, and on arriving found that first aid had been ably demonstrated. Later two of the men, went to the garden and found the rattler that inflicted his poisonous fangs, and killed it. On returning to the house they killed another almost a third larger than the first. Our last report is that Mrs. Tackett is getting along as well as possible.—Reporter.

NEW TEXAS ROAD MAP OFFERED TO TOURISTS

A new map of Texas highways is just off the press. It gives up-to-date information on Texas roads, showing the different types of road surfaces so the motorist can select his route with a better knowledge of road conditions.

Three thousand miles of concrete highways are shown—the Travelax Route. The new map is being distributed free, on request, to Texas motorists by the Portland Cement association. Coming out as it does just ahead of the big summer motoring season, there is already an active demand for this new kind of road map.

Motorists who may be planning trips for the immediate or near future—(and who isn't?)—may secure this new highway map free by writing to Portland Cement association at their office, 1306 Athletic Club, Dallas, or by applying at the Eagle office.

The Biggest News Since Fresh Gas...

That Good Gulf Gasoline is now lubricated!

Gulf stations from Maine to Mexico are now offering a motor fuel that surpasses everything that has gone before.

This great fuel is new in everything but name. It actually gives greater mileage and cuts repair costs—because it lubricates the upper cylinder and valves.

The new lubricating Good Gulf Gasoline contains an upper cylinder lubricant made by an exclusive Gulf process. This lubricant—correctly blended with that Good Gulf Gasoline, the famous fresh gas

—makes today's greatest non-premium fuel for modern motors!

It lubricates the intake valves, prevents sticking, and forms little or no carbon!

If you want to get more and lower cost miles out of a gallon of gas, try the new Good Gulf Gasoline today. It doesn't cost a penny more.

Crops are pretty in our community after the big rains that have fallen.

Everybody in our community has certainly been busy working in their crops every time the sun shined out. There were just 22 at Sunday school. I guess some were just too tired and stayed at home to rest. We hope there will be more out for Sunday school Sunday.

Mr. Hill of near Center City was visiting in our community Sunday.

Mrs. Bachelor and daughter, who were visiting at Center City Sunday afternoon.

Mr. and Mrs. Tex Miles and daughter, Altha, were visiting in the home of Mr. and Mrs. Ben Nix Sunday afternoon. Mr. and Mrs. Newton and children visited in the Nix home the same afternoon.

PASSING OF TWO GOOD MEN

The newspaper profession lost two of its outstanding members this week. J. H. Lowrey of the Honey Grove Signal and J. H. Abney, senior editor of the Lampasas Leader, both passed to their rewards after living useful lives. The Eagle editor had known these two gentlemen a long time of years and esteemed them both highly. Mr. Lowrey spent a day in Goldthwaite a year or more ago and it was a pleasure to renew our acquaintance with him.

Mr. Abney was at one time the business competitor of the Eagle editor, who was engaged in the newspaper work in Lampasas in the early twenties. Both of these gentlemen were of the highest class and their going is sincerely mourned by the members of the newspaper fraternity as well as the people in their home communities. Their influence was for good and the world is better because they lived in it.

Miss Kiddo Ashley left yesterday for Arlington to visit her sister, Mrs. J. T. Sanders, and attend summer school.

Miss Elvera Cobb, who has been a student in the state university at Austin the past term, has returned home for the vacation.

Not more, after crops are laid by.

It was certainly a surprise to this community to hear of our county treasurer getting married, but here is wishing her lots of happiness. BLUE JAY.
