VOLUME FORTY

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, NOVEMBER 10, 1933.

NUMBER ELEVEN

Immunization Clinic Held

The diphtheria clinic, held in the commissioners court room Friday, November 3, under the direction of the Mills county health committee, was in every respect a success. Seventy-five children were immunized, nine schools in the county were represented. Immunization from diphtheria of children between the ages of six months to 15 years will be in a good percentage of Mills county. Still there are children in every community in the county who do not have this protection. Every parent is urged to take advantage of these clinics. This protection is for life and is very little.

The new, one-dose diphtheria serum, only recently released for commercial market, was used. This serum is much higher in price than the old two-dose type, it has been proven an improvement and is superior in the end.

These clinics will be held at various places in the county during the month of November. Parents, let us take as our motto slogan "No deaths in Mills county this winter from diphtheria."

A SERIOUS ACCIDENT

Ernest Hodges, a young man from Burnet, met with a very serious accident here Tuesday when a truck load of cedar posts fell on him, injuring his back and hurting him otherwise. The young man, together with father, George Hodges, and younger brother, was on the road from Burnet to Stamford when a load of cedar posts, when it reached this place a spin-out one of the axles of the truck was out of order and he was thrown from the truck and was injured. The necessary repairs to the truck were made and the truck was driven to the jack shop and the load fell on him. A number of men hastened to his aid and raised the load and released him. A physician called and gave him first aid. The Fairman Co. supplied an ambulance to carry him to hospital in Brownwood, where he was found his injuries were serious, but he was resting well as could be hoped at reports.

Methodist Notes

The new pastor was greeted by a fine audience at both hours Sunday. The Baptist pastor dismissed his services at the evening hour and most of his congregation attended the service. This is a highly appreciative courtesy, a spirit of brotherliness that is rather common now days. I am sure that our people are always ready to reciprocate this fine spirit. The new pastor preached two well prepared sermons, which were much appreciated by the large audiences. Our people are pleased with the prospect for the incoming year in church activities.

Brother Hammond, the outgoing pastor, left Friday of last week for his new field of labor. The best wishes of our people go with him and his family.

It is the purpose of this Scribe and Pharisee to attend the session of the Central Texas Conference, which meets in Corsicana this week. I shall be on my best behavior, and yet this will be very difficult with one of my temperaments. One of the things awaiting me that is calculated to give me an attack of celebration is the fact that on Thursday evening I am to attend a banquet given by Dr. J. E. Crawford of Nashville, Tenn. But as this is the last attempt I shall make, by force of circumstances, to circulate among the great, and near-great soon, I shall soon come back to earth.

We often hear the remark that there is an exceedingly cold and careless world. That there is a very real lack of the spirit of brotherly kindness. That men live for self, and self alone. This has not been my experience. As a matter of fact, if I were to try to repay the many acts of kindness that have come to me along the way over which I have passed, I should have long since been a sociological bankrupt.

Acts of kindness have always come my way, and in many instances from those who owe me nothing. These things help to keep one in that condition of spirit that enables him to see the sunshine even when to others the skies seem dark.

The canvass for the Red Cross is to begin soon. The enrollment for our town is in the hands of one of our women's clubs. This spells success. You can depend upon these faithful women to do anything that they undertake. The enrollment for the other places of the county is in the hands of people always faithful and true. I anticipate a great enrollment. Why not? The answer to the question is in the fact that the Red Cross has spent hundreds of thousands of dollars among the suffering ones of Texas. Now that the Red Cross needs Texas, Texas will show her appreciation for the things that came to her in her hour of distress. Mills county has been the recipient of the magnanimity of the Red Cross. Many of our poor children are in school today thru the good work of this great organization. In heaven's name help now! If every citizen of the county could spend some time around the Red Cross room at the court house, and feel the heart-throb from some who come there for aid, they would doubtless get a view of conditions that they have never had. People come who are not habitual mendicants. They, many of them, are the victims of conditions with which they had no part in the making. They are simply the victims of conditions that are world wide. Take time out and rub up against conditions sometime, and see, and feel for yourself. You will likely get a new view of life which will be helpful to you.

Turkey School Is Scheduled

Paul Cuyanus, extension poultry specialist, College Station, will conduct a turkey school at Goldthwaite, November 15.

From 10 to 12 o'clock discussions will be had on care and feeding of growing birds. From 1 to 3 o'clock demonstrations in grading turkeys for markets.

All growers are invited and it is suggested that produce dealers get together and plan for the success of the school.

Mr. Cuyanus can help you with your turkey troubles. Come to the meeting.

TURKEY MARKET TO OPEN SATURDAY

The Texas Poultry and Egg convention met in San Antonio Monday and Tuesday of this week, and at the meeting it was decided that all dressing plants were to open Saturday, November 11 and continue operations up to the 18th for the Thanksgiving market.

The buying weight on No. 1 turkeys was fixed at 14 pounds on toms and 8 pounds on hen turkeys. The eastern receivers are advising the producers to sell only the matured turkeys. It is understood through our section of country the crop is short of last year, but the estimate on the United States is only two per cent short of last year.

ENTERTAINS SISTER

One of the most enjoyable occasions of the fall festivities for the younger set was the 7 o'clock dinner and slumber party Nov. 4, given by Mrs. Clarence Cave, in honor of her sister, Miss Elizabeth Fisher, who has just returned from an extended visit with relatives in Uvalde.

The dinner was served to groups of four at each table. The tables were beautifully decorated with fall flowers and it was indeed a happy gathering. The following menu was served: Chicken a la king, Saratoga potatoes, pickles, stuffed prunes, hot dinner rolls, whip supreme, angel cake and hot chocolate.

Games, with gay conversation and music over the radio were enjoyed until a late hour, when the slumber party began. All were loud in their praise of Mrs. Cave and Miss Elizabeth for the delightful affair and expressed the hope that they might come again some time.

The young ladies present were Misses Evelyn Gartman, Gerry Hester, Azilee Berry, Mollie Pitts, Joe Ligon, Lois Berry, Daphane Evans, Ruth Florence Mullin, Reba Dale Cornelius, Geraldine Burnett and Ima Lois Bayley.

Social Events

EVENING BRIDGE

One of the outstanding social functions of the season was the Evening Bridge in the newly decorated home of Mr. and Mrs. Walter Fairman last Friday evening. Mr. and Mrs. Fairman and Mr. and Mrs. Hodges host and hostess to the members of the Merry Wives club, their husbands and a few friends.

The reception rooms were decorated with bouquets of American Beauty and La France roses. All of the ladies wore beautiful dinner frocks. Black bengaline, crepe, faille, brown satin, brown lace, maroon and cerise velvet were in evidence.

In bridge the club prize went to Mrs. Kelly Saylor. Guest prize to Raymond Little and high score prize to T. F. Toland.

At a late hour a two course supper was served to Miss Vivian Campbell and Raymond Little, Mr. and Mrs. John Rowntree of Lampasas, Mr. and Mrs. W. C. Dew, Mr. and Mrs. Kelly Saylor, Mr. and Mrs. T. F. Toland, Mr. and Mrs. W. F. Brim, Mr. and Mrs. C. M. Burch, Mr. and Mrs. Chas. Frizzelle, Mr. and Mrs. Robert Steen, Jr., and Mr. and Mrs. Roy Rowntree.

SUNDAY SCHOOL PARTY

The members of Mrs. Wallace Stroud's class enjoyed to the utmost, a Halloween party at the home of Miss Billie Weatherby.

The guests were met at the door by a ghost, who solemnly shook hands with them. When all had arrived, it was announced that each was to have their fortunes told. After this the guests were divided into six groups, each representing different universities in the country. There were six athletic events in which the different groups entered a person.

The winners of each received a prize. Harold Yarborough won the gastronomic race; Ima Lois Bayley the foot race; Mary Ellen Trent, the bean race; Woody Saylor, the standing broad grin; Willie Faye Gray, the hurdle race, and Harmon Frazier, the discus throw. Other delightful games were also enjoyed.

The guests were served sandwiches, olives, potato chips, hot chocolate and mints.

Each and all express their appreciation to Mrs. Weatherby and Billy for their hospitality.

CENTER CITY SCHOOL NEWS

The school orchestra and Glee Club girls have been invited to Moline tonight. We will render a short musical program. We are doing this in order to help Mr. Richardson organize a music class at Moline.

All of the pupils will be glad to see warm weather again. The basketball boys and girls will be extremely glad, for they are anxious to get back to their games.

Mr. Neighbors' room presented a short chapel program Wednesday morning. The Glee Club girls sang a number and Clara Blackwell gave an amusing reading. Then the school went into a business meeting and elected officers for our school year. The following officers were elected: Clara Blackwell, editor in chief; Eulabel Chappel, assistant editor in chief; James Day, police reporter; Barbara Carter, reporter for Miss Luckie's room; Joe Shelba Langford, reporter for Miss Keese's room; Wilma Lee, reporter for Mr. Kirby's room, and Naverne Lee, reporter for Mr. Neighbors' room. Miss Luckie's room has charge of the next chapel program.

The outsiders are getting up a play for the next P. T. A. meeting. The name of the play is "Bread." This play is one which will appeal to every member of the family. We want our P. T. A. to be one hundred per cent present. Every patron is urged to be present. No admission will be charged. Visitors are also welcome. The date will be on the night of November 17.

There is talk of a box supper in the near future. The date has not yet been set, but will be announced later. The money will be spent for a basket ball for the girls.

MARRIED IN OKLAHOMA

Rev. and Mrs. H. E. Moreland received announcement this week of the marriage of Mrs. I. T. Moreland to J. W. Nobles of Wapanieka, Okla. Mr. Nobles is a stranger to us, but we all know Mrs. Moreland and every one loves her, for she is a lady that you can count on being in her church work and made an ideal house wife. Mr. Nobles made no mistake in securing her as a life companion. Mills county friends are wishing them a lot of happiness.

They will reside in Oklahoma, where Mr. Nobles has a business of his own.

MRS. H. E. McCULLOUGH GAVE PARTY FOR DAUGHTER

Mrs. H. E. McCullough entertained a few of the young friends of her daughter, Mary Ella McCullough, with a Halloween party at their home Tuesday evening from 6:30 until 8:30 o'clock. A weird, feeling fell over the guests as they entered the home decorated in witches, owls, black cats and other spooky Halloween suggestions. Bob for apples and other games in keeping with the occasion were enjoyed, after which star and crescent sandwiches, black cat cookies, orange

Get religion like a Methodist, Experience it like a Baptist, Be sure of it like a Disciple, Stick to it like a Lutheran, Be proud of it like an Episcopalian, Pay for it like a Presbyterian, Propagate it like a Catholic, And enjoy it like a negro, You would have some religion! Sunday morning, 10 o'clock Sunday school, 11 o'clock preaching, "What Christians live by." Sunday evening, 6:15, B. T. S. Let all sponsors and leaders work on their attendance for Sunday night, 7:15, preaching, "And he was clean."

How will you spend this next Sunday? If Christ should come, where would he find you? Would he be pleased in the place he found you? I am wondering where about 800 people in Goldthwaite spend their Sundays. Someone says that everybody goes to Sunday school. I doubt if there is a Sunday when all the churches have as many as half the people of the town in attendance. Some one says, "I am too poor to go to church." I have never seen a person too poor to attend the funeral of a friend or relative. The Bible says that it is the living we are to worry about. Some one says, "I had company and just couldn't come to church and Sunday school." When Christ went back home for a visit it is said, "As his custom was on the Sabbath, he went into the Temple." Some one says "I have just got out of the habit." The writer of Hebrews says that we should not forsake the assembling of ourselves together "Come thou with us and we will do thee good."

NEWS FLASHES

Officials of the world's fair at Chicago decided Saturday to hold the exposition over for 1934.

A gigantic marketing agreement under the farm act, covering the major farm commodities of the Middle West, was proposed Saturday at the conference between the administration and the governors of five states as they sought agreement on an immediate farm price-lifting program.

Repeal or no repeal, the Reed amendment will not allow the post office department to accept liquor advertisements addressed to persons in dry states. The postoffice department has made that clear in a statement based on a ruling of the department of justice. Recent publication of liquor advertisements in expectation of repeal raised the question which resulted in the ruling.

If the ice of Greenland and Antarctica decides to melt and go places, it will be quite advisable for the residents of all seaboard areas to pack up their belongings and move—fast. According to Dr. W. J. Humphreys of the United States weather bureau, enough water would be added to the oceans to raise their levels 150 feet, enough to drown out the great seaports, which include some of the largest and highest population centers.

With the idea of closing promptly the census of re-employment now being taken thru out the country, the NRA has urged employers to rush their replies without further delay. Three and a half million cards were distributed by the post office department to every reachable employer, whether under

PROVIDING FOR TENANTS

The tenant's welfare is to be considered in the new plan for acreage reduction next season, according to dispatches from Washington newspapers. Paul Wooton, Washington correspondent of the New Orleans Times-Picayune, writes in that newspaper as follows: "To prevent an increase in unemployment on farms due to the cotton reduction program, it is probable that the 1934 agreement will require that the same number of tenants and workers be retained. If federal funds are used to increase the income of the owners of farms, it is argued that it is no more than fair that they should be required to utilize the same number of persons in their operations next year as were used this year. More than that, it would throw a much heavier burden upon all of the relief agencies and entail a large amount of human misery if they did not do so."—Texas Weekly.

the NRA or not. Unofficial estimates are that approximately two-thirds of the replies are in, but that a good number of large employers had not yet submitted their reports.

A wedding in which a pretty Cantonese girl married a rooster was solemnized in Canton, China, Sunday. Although her fiancé, Shih Kwang Tung, was living in Singapore, the girl's parents decided her marriage must be performed while they were still alive. Accordingly, a graceful appearing bird from a neighboring poultry farm was selected to act as the bridegroom. All of the elaborate ritual accompanying an old fashioned Chinese marriage was observed, while the beautiful bride, 18 years old, received the congratulations of friends, and the rooster must remain her "husband."

YOUR PUSH

I have just had a talk with a Sunday school superintendent. He gives me a good start in some thinking. Said he, "If the people know how to take care of themselves our attendance would be three or four times larger each Sunday." The best care of one's self is the aim and end of Sunday school.
 The human race, naturally has been a sad misfit in lofty ideals. Blind unbelief as to what life should be and the means by which virtue competent life is made, is the reason for so small per cent of our people in Sunday school. One can, in normal concept get so diseased, as to question the motives of the best people and berate the means ordained to the highest human success. Really, some feel that they deserve credit for honesty in moral blindness. I remember to have been suggesting once to one of such men, when all at once he replied: "I am my plain self. I don't try to cover up anything." Truly, it was much better for his family had a lot of his life been covered up from them.

We will never know how to care for ourselves nor our children until we adopt the moral precepts written in the great Sunday school book. When we think the world has outgrown them we invite disaster. At a time seems to me when our state and nation should have clung close to constructive morals for safety. We have instead, legalized beer and legalized gambling on horse racing. It will be sorrowful when the results are all in. These are examples of moral blindness.

STYLES IN NEW YORK

Individuality the Big Thing in the Mode.
 From the most casual clothes to formal fashions, it's individuality that counts in the mode today. New York shops are displaying not only ready made ensembles in such a variety of styles as to fit almost any personality, but also an array of gorgeous fabrics for individual designing and treatment. There are new wools, silk and rayon fabrics including velvets, satins, failles, crepes, bengalines, moires and velveteens, so rich and varied in weaves and colors they are fairly irresistible in their appeal to almost every one who can handle a needle and thimble. And it's amazing what some of the New York shops are doing in the way of encouraging smart styling and individuality in clothes—even offering facilities to help you 'make your own.' This new interest in home sewing not only makes for greater individuality but enables one to dress with distinction on a carefully balanced clothes budget, which is another thing to be considered these days.

Costume Jewelry Contributes To Individual Mode.

Costume jewelry is doing a lot for smart dress in this season of individuality. One notes a decided trend for jewelry of this type that looks like a part of the costume. One smart shop shows the loveliest wide bracelets made of soutache braid whipped together into bands two or three inches wide, and fastened by three or four loops and marble-like composition balls. They are very effective in the brown with rich amber colored balls, particularly when worn with a beige or brown frock. In these same materials, they are carried out interestingly in black and white, adding a chic touch to a black or white outfit. They are also done in sets—these same little braid and ball gadgets matching the bracelet, to be used for belt or handbag trim. Then there are the barbaric effects in costume jewelry which can be selected to give a dramatic as well as individual touch to a costume. These effects, carried out in gold metal as well as in plastic composition, are noted particularly in the wide bracelets. For the favored velvet ensembles, there is nothing smarter just now than pearl jewelry. And there are all sorts of new ways this season of combining pearls with gold metal in smart antique-looking pieces.

Ornaments and Individual Coiffure.

Combs, clips, bandeaux—single, double and triple—plain for day and often jeweled for evening—are offering limitless possibilities for individual and dramatic accents in the coiffure mode, which, like the apparel mode this season, is nothing if not individual. And we are being reminded by New York's smartest hair stylists that coiffure style is one that should be in constant change. It's surprising how much a change in hair styling can do for one—and how often the addition of a clip, comb or bandeau gives just that needed touch in the achievement of a smart coiffure. For a decidedly dressy evening accent, there are the new jeweled tiaras, including Lanvin's empire tiara—standing high and jeweled.
Millinery Takes Cue From the Coiffure.

The trend in millinery for off-the-face effects follows in the wake of off-the-forehead coiffure styles—hair stylists and millinery designers working hand in hand these days. While the beret is still the favored type in hats, the forward movement with exaggerated dip over the right eye promises to give way to wider side effects and the exposing of more forehead. Faces are also looking out now from quaint little toque bonnets reminiscent of grandmother's day—but with new ways and fabrics that give them a smart modern note. Suedes, soft felts, velvets, satins, failles and ribbed rayon fabrics are all noted in the new hats, and, for dinner wear, there are airy looking malines, chiffons and tissue cloth, which lend themselves particularly well to individual treatment.
Individuality Through Neckline Treatment.

It's to the throat one looks for signs of real fashion—the new high necklines contributing decidedly to the season's interpretation of individuality. There seems no end of these new high

neck versions for all kinds of fashions. They range from convertible types through Chinese buttoned effects and those of clerical influence—monk's cowl and nun's collars—to all sorts of scarf treatments. There is also a trend toward Egyptian influence in collars. The new formal materials such as the new lames lend themselves particularly well to these new smart necklines. The high neckline along with long plain sleeves features the smartest dinner gowns in velvet, satins and the new ribbed and crinkled rayon crepes.

Trend For Satins In Formal Fashions.

While velvets and lames are still going on into the night, there is a decided trend for satins glamorous in new deep dull tones for very formal wear. These as the velvets and lames, are fashioned in the long slim silhouette—many of them as low in the back as they are high under the chin. They are often complemented with luxurious capes that fling back over the shoulder to disclose a contrasting color lining. The black transparent velvet cape lined with vivid red velvet and on long straight lines in Chanel manner is ultra smart. And decidedly new and chic is the shimmering brown satin cape for evening, worn over the brown evening gown of satin, velvet or gold threaded tissue cloth.

Blue Important Color Trend In Interiors.

Blue tones, from the very pale blues to dark deep shades, have taken on a new style importance for interiors, and that applies to living room, dining room, bedroom, kitchen and bath. And that doesn't mean that white—so favored now for several reasons—is out, for one notes these new blues often in close harmony with white. For the more daring, there are new combinations of blue with jade or with emerald green. These are particularly attractive in classic-modern living and dining rooms. On display in a smart New York shop is a delphinium dining room in which shades from grey thru periwinkle to a deep bright blue are combined. Two of the walls are of the periwinkle, and two of a delicate delphinium mauve, which are decidedly effective with the solid color deep blue carpet of the room. The classic-modern furniture and Venetian blinds are off white, with chairs upholstered in a dark blue wool fabric. This same green and blue combination is carried out in the living room adjoining, which features emerald green walls and a deep blue rug.

Style Flashes.

What better time than now to talk about those things American as inspiration in design. New York shops attest this fact by the importance given their displays by American designers. One smart shop is featuring Nav next ten days or two weeks, when on their arts—rug weaving, jewelry making and pottery, which is inspiring a trend for these Indian colors in these items—such as the familiar turquoise blue on wide band bracelets and the deep rich russet and brown tones in rugs and pottery.

Individuality in dress gets a big opportunity this season thru gloves, which have become a part of practically every costume—often thru detachable cuffs matching dress, collar, hat, bag anything you like. There's a new Patou mitt for afternoon and evening, giving the wearer a chance to display well-manicured nails—and these, too, as individual as you please.

CENTER CITY

Bro. Sparkman attended the institute in Goldthwaite Saturday and was not present for the morning service. He preached at night and Sunday morning and night. All who missed hearing these good sermons should try to hear him next church day.

Sunday afternoon was regular singing time and we enjoyed the good singing. We are glad the young folk take interest and keep improving.

The quilting party at Mrs. Robert Lee's Wednesday was enjoyed by the ladies of this community and several visitors were present. Four quilts were almost completed and the dinner served at noon was certainly enjoyed by all. Twenty-nine ladies were present and a number of children. Meses. Austin Jones, Alvin Harper, Willis Horton of Star were among the visitors.

A play is being prepared for Friday night, next week, by the outsiders. It is considered a good one and all players are working hard to act their parts well.

Mrs. Chester Head and little son spent the first of the week in the W. W. Head home.

Mmes. Will Pence and Houston Loudamy of Goldthwaite were callers in the Harvey Morris home Monday.

Mrs. Jesse Geeslin of North Bennett attended the quilting at Mrs. Lee's Wednesday.

Mr. and Mrs. Ira Allredge and children visited Wm. Wilcox and family at Rlier Saturday night.

Misses Oden of Pleasant Grove, Lois Blackwell and Fannie Luckie and Hollis Blackwell were visitors in Brownwood Saturday.

Profs. Neighbors and Kirby and Miss Lois Keese attended teachers institute in Goldthwaite Saturday.

Miss Mary Bowles was a Sunday visitor in the Chas. Welch home.

Misses Eula Belle Chappell and Walter Loraine Robertson visited the Welch home Sunday.

Miss Lucille Welch began teaching in the Goldthwaite school Monday. She is taking the place of Miss Archer, who gave up her work on account of illness.

Mr. Head of Granbury attended singing Sunday. He once taught music here and was helpful in the singing.

Ercher McCasland and family visited Martin McCasland and family at McGirk Sunday.

Bro. and Sister Sparkman ate dinner with Mr. and Mrs. Harry Welch Sunday.

Misses Reta Mae and Martha Eunice Sparkman and Cleda Geeslin and Barbara Carter visited Virginia and Glenda Oglesby Sunday.

Honor Roll

For the honor roll this term the students of our school must make an average of ninety. This six weeks the honor roll is composed of the following:

First grade: Oma Jean Mitchell
Second grade: Reta Mae Johnson, Hugh Forrest Smith.
Fourth grade: Dora Deane Arnold.

Sixth grade: L. E. Dupuy, Charles Peck, Ina Bea Hale.

Story Hour Club

The fourth grade organized the Story Hour Club last Thursday. The following officers were elected: Don Oglesby, president; Roberta Robertson, vice president; Dora Deane Arnold, secretary; Ruth Miller Robertson, treasurer. We will tell stories or write poems one day out of each week. Don Oglesby was awarded first place in story telling this week.

The Longfellow Club

Tuesday, Oct. 30, the fifth grade Longfellow club met and told stories. It was voted that Gerald Peck should have first place in the contest.

Fifth Grade Class Diary

There are four boys and three girls in our class. Jerome, Gerald and I came up in all the grades together. Lacy has been with us since we were in the second grade. Melba Lois Hicks has been with us since we were in the fourth grade. Pauline Cloud has just started in the fifth with us this year and Jerome, Gerald and I have run a race in each subject to see who can make the best grades, and Lacy has done the same since we caught him. Our best subject is arithmetic. We are trying to improve by running races. I hope we stay together until we get to high school.—Cartwright Oglesby.

Miss Piper: Floyd, I'm surprised! Do you know any more jokes like that?

Floyd: Yes, Miss Piper.

Miss Piper: Well, stay after school.

One evening as Dora Deane and Garland were strolling in the fields, they happened across a cow and a calf rubbing noses in the accepted fashion.

"Ah," said Garland, "that sight makes me want to do the same."

"Well, go ahead," replied Dora Deane, encouragingly, "It's your cow."

Campbell: Je t'adore.

Mary: Shut it yourself.

Miss Featherston: Hugh Forrest, can I trust you to take a note home to your father and bring me a reply?

Hugh Forrest: Sure, if mom doesn't see me give it to him.

High School Library

Our old library of last year was not complete in every detail, but Mr. Smith, together with our janitor, Mr. Byrd, the teachers, and librarians, is striving to remodel and modernize the library into up to date style. New shelves have been built around the north and south walls of the library room and the old fence around the books of last year has been taken away. Also a new door with a barred window and desk have been constructed on the side entering into the study hall. We hope that these improvements prove to be the best advantage to everyone. The state library, formerly located in the Texas-Louisiana Power office, has also been moved to the high school library. We shall all strive to make it a worthwhile establishment in the school. The librarians are as follows: Beryle Fulton, Beulah Thompson, Elizabeth Dalton, Mary Louise Fairman, Virginia Mae Bowman, Clara Bowman, Ima Lois Bayley, Robert Elizabeth Littlepage and Izetta Featherston.

There are now approximately 1500 books on file in this library and we hope to be able to accommodate the entire public as well as the school children.

Senior Class Meets

Tuesday, November 7, the senior class met for the purpose of selecting a class flower, colors and motto. The colors selected are blue and white, and the blue-bonnet was selected to go with them. The motto was "Strive for character, not for fame."

An entertainment committee was appointed by the president to plan a Thanksgiving party for the seniors.

The Spanish Club

On November 6, we, Los Despertadores, held our first regular meeting. The first projects finished are a Spanish calendar for November and the Spanish names of the members of the club. Our club flag is now under construction.

The program, today, consisted of oral reports on Spain. We outlined Ancient Spain, beginning with 1660 B. C. and following its development to 1492 A. D.

Football Schedule

Richland Springs, November 10; San Saba, November 17.

Miss Ellen Archer in Sanitarium
One of our favorite grammar school teachers, Miss Ellen Archer, is in Temple for an operation. The teachers and pupils miss Miss Archer so much. We feel that we are very fortunate in having such an able substitute in Miss Lucille Welch, to take Miss Archer's place during her leave of absence.

—Beat Richland Springs—

Choral Club

The Choral Club held its regular business meeting Monday afternoon with Mr. Smith in charge. Discussion of a director during Mrs. Martin's absence was taken up and Mrs. Burgess Rudd of Comanche was elected director. Mrs. Rudd is well known here to the patrons and pupils. At the present she is the director of the choral club in Comanche. She plans to come to Goldthwaite two days each week to work with this club. We feel sure that Mrs. Rudd is capable of directing our club and we are indeed proud to have her come and work with us.

The club sent a miscellaneous shower to Mrs. Martin Monday afternoon to show in just a small way the great appreciation of what she has done for us.

—Beat Richland Springs—

Eagles vs. Coyotes

The Goldthwaite Eagles beat the Lampasas Badgers last Friday afternoon, 26 to 0. The score at the end of the first half was 6 to 0 in favor of the Eagles. It looked as if they were going to let down in the last half like they have always done before, but they came back fighting harder than ever and made 20 more points.

The outstanding players for Goldthwaite, Kirby and Todd Swindle caught a pass from Kirby on the forty yard line and carried it for a touchdown. Kirby carried the ball across the goal for the other touchdowns. Huddleston and Swindle made extra points on passes.

Friday the Eagles will tangle with Richland Springs Coyotes. We need your help on this game. If the Eagles win over the Coyotes it will be that much more help towards beating San Saba Friday week. Remember if the Eagles beat San Saba, they will get another chance at Brady and the score will be far different the next time and not in Brady's favor.

There was a very small crowd at the game last Friday, but we did not expect much of a crowd on account of the weather, but this Friday we are looking forward to the biggest crowd ever seen on this football field. If you would like to see us beat Richland Springs, just be on hand Friday at 3:15 p. m.

CHAPPEL HILL

Mr. and Mrs. Krempin and family, who live near Coryell City, visited Mr. and Mrs. Will Fickle last week.

Mr. and Mrs. Liss Walker and children, Kathleen and M. C., spent Saturday night with their old friends, Mr. and Mrs. Albert Grelle and family at Lampasas. Also their son, Arnold, who is located in the C. C. C. camp at that place.

The party at George Hill's Saturday night was enjoyed by a large crowd.

Orville Evans and Clayton Crook visited in the Eakin home Sunday.

Mr. Fickle, Mr. Krempin and families all visited John Harris and family Sunday.

Miss Ora Clark spent Friday night with Kathleen Walker.

Mr. and Mrs. Brownie Leverett, Mr. and Mrs. Liss Walker, visited in the Fickle home Tuesday evening.

Well, we got a good rain and some hog killing weather with it. Fritz Buffe helped A. Lorenz butcher a nice one Tuesday.

If it's not a process tax it's something else—quite a lot of turkeys in our neighborhood had the blackhead, but that is not bad, for there are lots of people that have the bald head, and some few that are getting red headed.

General School News

Since the weather has not been favorable for ball playing or other out door sports for a number of days, the students are kept in the house as much as possible to avoid colds and sickness. But as all the children rather indulge in outdoor sports than stay in the house, they are longing for favorable weather. During this time the high school pep squad girls have been practicing songs and yells.

Monday morning, when chapel exercises were held, Mr. Grimland informed the students that the report came to him at the teachers institute that the Center City boys had already won the basketball tournament, and the Big Valley girls had won the girls tournament. Perhaps Goldthwaite and the remaining schools of the county would be interested to know this fact, but as far as we have heard the tournament has not been played and the winner will not be announced until the final whistle has blown.

We are all proud to see the good attendance and the large number of students in school. The first grade has fifteen students; the third grade, 13; the fourth grade, 15; the fifth grade, 20; the sixth grade, 12; the seventh grade 17; the eighth grade, 12; the ninth grade, 9; the tenth grade, 12, and the eleventh grade, 9. The total number is 154, and we hope to make arrangements to get the remaining 14 to attend school.

The senior class had its meeting last Friday, November 3, during which time the members ordered their rings, invitations and diplomas.

The Glee Club held its weekly meeting Tuesday, at which the members decided upon its name and costume.

All of the teachers of Priddy high school were present at the teachers institute at Goldthwaite. Officers were elected for the county meet and Mr. Grimland and Mrs. Priddy were given offices.

Sport News

The Priddy indoor baseball teams, boys' and girls', played the Newburg teams at Priddy Friday, November 3. The Priddy girls defeated the Newburg girls, by a score of 15 to 5, and the Newburg boys defeated the Priddy boys by a score of 19 to 16. The games were greatly enjoyed by all the students of Priddy, because they were the first match games to be played on the Priddy grounds this season. During the games the Priddy Pep Squads stood on the sidelines yelling for their teams, while Newburg yelled for their teams.

If the weather does not make it an impossibility, the Prairie boys' basketball team will come to Priddy to play the Priddy boys on November 10.

SOUTH BENNETT

Nineteen were present at Sunday school Sunday and also a good crowd at singing. Our fifth Sunday singing was surely fine. All of you who missed it missed some good singing because there were singers from other communities over the county and they surely did some good singing.

The Hallowe'en party given at the home of Mr. and Mrs. Clyde Featherston Tuesday night, October 31, was well attended by those in the community and surely enjoyed by everyone. Most everyone was dressed as spooks and much fun was derived from guessing who they were. Palmer Hill received the prize for being dressed so well that anyone did not know who he was. Several interesting games were played and a few contests that were amusing were used. Hot chocolate and delicious cake was served to the guests, which was certainly enjoyed. Everyone left hoping we could enjoy another hospitality in this home.

A surprise to the entire community was revealed several weeks ago, when it became known that our teacher, Miss Homan, had been married for several months. On August 26 she and Mr. Palmer Hill, formerly of our community, were married. We all wish this young couple a very happy and prosperous married life.

M. L. Casbeer and family moved again Tuesday of last week to the little house on the Willis Hill place.

Mr. and Mrs. Palmer Hill spent Thursday night with Willis Hill and family. M. L. Casbeer and family sat until bed time in the same home.

Dixie Webb and Mr. Whitt made a trip to Gatesville Thursday, where Mr. Webb closed a deal for a place at Pecan Wells. These folk will be leaving us the first of the year and although we will miss them from amongst us, we wish them happiness and success in their new home.

Mr. and Mrs. Palmer Hill spent the week end with his parents, Mr. and Mrs. Webb Hill, at Star. Mr. and Mrs. Clifford Jones and baby of Pleasant Grove spent Sunday afternoon with Mrs. Anna Jones and children.

Bob Kerby, Travis Griffin and Willis Hill have been working on the highway lately.

Mr. and Mrs. M. L. Casbeer and children visited awhile with Mr. and Mrs. B. R. Casbeer Sunday evening.

Mrs. Willis Hill helped Mrs. M. L. Casbeer paper her house a few days last week. Mrs. Anna Jones visited Mrs. Casbeer Monday morning and helped.

J. M. and Marvin Casbeer and J. M., Jr., spent the week end visiting relatives in this community. They all returned to Anson Sunday.

Fred Laughlin and family moved one day last week. We wish them good luck in their new home.

Travis Griffin and family spent Sunday with her mother, Mrs. Covington, at Pleasant Grove. J. M. Stacy spent Tuesday with Aaron Stacy.

Mrs. Lewis Covington and little daughter and Miss Edith Covington from Pleasant Grove visited Mrs. Travis Griffin and family Wednesday. Mmes. B. R. and M. L. Casbeer were also visitors in that home. Will Horton and M. L. Casbeer and Travis Griffin sawed wood during the day.

The Mountaineer

High School News

We are beginning the Mountaineer, after a delay of five weeks. We hardly realized the time had flown so rapidly until exams came last week.

Pottsville defeated both our boys and girls two weeks ago. They played at Pottsville Friday evening. Pottsville returns the games. Come on everybody. Get behind the teams and let's beat Pottsville.

We have been having quite a bit of fun out of the teachers. They have not been accustomed to black mud and their initiation has not been very pleasant.

Our hands and backs still show the effects of the work we did on the school grounds last week. However, we don't mind, for the grounds look much better.

Community News

W. C. and Curtis Koen from Pampa came home Monday. W. C. came after his intended bride, Miss Mary Hardecastle. We wish to offer congratulations to both. Church at Mount Olive was well attended Sunday.

Mr. Smith and family visited in the home of Mr. Wilcox Sunday.

Jim Conway and family from Rannels county are visiting relatives here.

Marvin Scott, Theron Lawson and Jasper Brown have come home from their cotton picking out west.

Jokes

We were discussing dates one day. Mr. Cooke said he took his best girl to dinner, and while they were eating, a fly dropped into her plate. She called the waiter and asked him to remove the pest. The waiter replied that he would, and immediately kicked Mr. Cooke out of the door.

Elmer went to see his girl Sunday evening. Her little sister was at the door. Elmer told her he would give her a dime if she would run and tell her sister that he was there.

She said: "Can't you give me more than that? The boy she is talking to now gave me a quarter."

Mr. Cooke: Jack can you tell me how to make a match?
Jack: No, but I'd think you'd know how. Ma says you've been trying to make one for 25 years.

LIVE OAK

There was a nice crowd at the preaching services Saturday night, Sunday morning and Sunday night. The young people's meeting was good also. Everyone come next Sunday night and let's make it better than ever.

Mr. and Mrs. J. H. Brown and Mrs. Black and son visited their sister and children in Stephenville Saturday.

Miss Ollie Mae Featherston spent this week end at home.

Riley Lee and family are moving from our community to Mullin. We are very sorry to see them go.

Misses Ruth and Margie Featherston spent Saturday night with Mr. and Mrs. Paul Horton and family and attended the Heart of Texas meeting at Star Sunday.

Mrs. John Duren and children spent Saturday with Roy Simpson and family.

Miss Alta Simpson spent Saturday night with Izetta Featherston.

Miss Olivia Simpson has been visiting in Big Valley.

Miss Mary Bowles visited Miss Lucille Welch Sunday and Sunday night. L.I.F.

KEEPING UP WITH TEXAS

Commissioned by the Turkish government to make a geological survey of the region north of the Black Sea, in search for oil, W. L. Woodson, Jr., University of Texas graduate, has sailed for Turkey.

Eleven school districts of Cameron county are filing applications with the public works administration for loans totaling \$247,350 with which to repair and rebuild school buildings damaged by the September hurricane.

Employment in Texas scored another substantial increase during October, according to the University of Texas bureau of business research. Reports from 949 establishments gave a total of 81,576 workers against 79,392 in September.

The 70-piece Texas Tech band is going to wear uniforms made from cloth woven in the school's own mills. The cloth will be similar to that which was used in suits recently presented to President Roosevelt and Vice President John N. Garner, but it will be dyed in the school's colors, scarlet and black.

BALANCING BUDGETS

Hard times were no strangers to the citizens of a simpler world—and their records show that they suffered acutely from complicating plagues of taxes and office holders.

The life of Urukagina, king of Lagash points a moral. In 2800 B. C. he wrote that he found the common people taxed almost out of existence, the middle class being ruined by forced sales of their mortgaged homes and lands.

Kingdoms decay. The tablets endure. Their meaning invites the conclusion that in any language the problem of balancing a budget signifies a job to test the mettle of the sovereign, whether sovereignty reside in a king or in a people.

TAX DISCOUNT

The city's 4 per cent discount plan on taxes paid prior to Oct. 1 was productive of very satisfactory results, according to N. H. McCulloch, collector. One day's collections early last week approximated several hundred dollars.

Health Hint

NEW DEAL

In speaking of new deals, Dr. John W. Brown, state health officer, suggested that every one should declare a new deal for their health. Many persons over did the annual vacation and instead of relaxing and giving the body a chance to recuperate tried to see how much they could do in the time allotted to them.

In making this statement there is no idea of suggesting that one quit work and do the whole thing over. The point is to give the body a new deal. With the crisp autumn days it would be to everyone's advantage to make the most of them.

It may be advisable to give the stomach a new deal. Not that any starvation diet is being advocated; only that if one has been habitually overeating or undereating, then to return to normalcy. It will be wise to give the body its eight hours of sleep each night of which it has likely been so consistently deprived for a long time.

The beauty of this new deal is that it will not cost any money and at the same time make up for the vitality building opportunity lost during the summer. Such a program is quite worthwhile. Try One.

THE REALM OF SCIENCE

After years of experimenting, the Sangerhausen Rosarium in Germany, now claims to have perfected a perfect black rose.

Dr. Hugh M. Smith, Smithsonian scientist, reports that he has found "Daddy-Long-Legs" in such numbers in the mountains of Northern Siam as to make the surface of the earth seem in motion as they scurry along.

A report from the National Academy of Science says that water from melted ice will freeze three times quicker than water from condensed steam if both are placed in a temperature of five degrees below zero centigrade. No difference is noted at 10 below.

A new device was recently demonstrated to those interested in aviation by which the sound of the propeller is transmitted through microphones to the airport where it causes a light to flash on a ground map, showing the exact location of the plane at all times.

HAD TO KEEP SHIRTS ON

If a recently enacted town law has not been repealed by this time folks in Hugo, Okla., must be wearing some soiled linen. The law in question stipulated that "every person living in or located in the city of Hugo must at all times have on a shirt. Any person who violates this law is subject to arrest and fine."

Under such a law it appears that men, women and children in fair Hugo must bathe and sleep in their shirts, and they couldn't even change them once a week without breaking the law. If a man has to break the law every time he goes to change shirts, you can bet there are no nudist cults in Hugo.

A queen of Spain once made a vow that she would not change her shirt until the city of Granada was taken. It took nearly a year, and she kept her vow. The historic shirt is said to have become a rich coffee color, and this color soon became the fashion all over Europe.—Pathfinder.

EDITORIAL COMMENT

VIEWS OF THE NATION'S PRESS ON TOPICS OF INTEREST AND IMPORTANCE

HELP THAT WOULD RUIN

We wish there was some way in which the government could fix the price of farm products, and secure the desired return for the farmer, but there is no way in which that can be done.

The government can help the farmer—or any other producer—dispose of surpluses. It can help him adjust production to consumption; in short, it can help him control the factors which enter into the operation of the old law of supply and demand.

If prices are fixed by government fiat we will have first a vast effort at evasion, second, a declining consumption, a refusal of buyers to buy as much as they have been buying. Private gardens would spring into existence by the millions; home production of chickens and pigs and milk products would multiply.

The government would be forced to more and more costly and drastic methods of lifting the surpluses off the main markets, to more and more drastic production reduction programs, thrusting more and more farm workers from production.

The course is ruinous. If other courses of relieving agriculture had entirely failed we would not be justified in launching the country on this course which we know, by experience and in all logic, leads to disaster. However, other efforts have not failed. Far from it. They have already secured marked improvement in farm conditions, and we have a right to believe that their effects are just beginning to be felt.

Regrettable as it may be, from some viewpoints, we must stay by the program already adopted. It offers us the best, and seemingly the only, chance of bringing real farm relief.—Houston Chronicle.

TOEING THE TAX MARK

The current issue of the Bond Buyers' Bulletin of the University of Texas reports a fact of real significance to the state in a record payment of state and county delinquent taxes. On this is predicated a belief that the collection of current taxes will also set a new mark. "The taxpayers strike," remarks the Bulletin, "is broken."

Whether the optimism that forecasts the excess of current collections overshadowing the loss from the homestead exemptions is justified remains to be seen. But, if it is borne out, the average taxpayer should be aroused to the extra cost that he has had hitherto to meet because his tax officials have themselves been delinquent in duty. Certainly if so simple a matter as good collection can balance the amount written off by the \$3,000 exemption on every homestead property, it is clear that the amount of delinquencies previously piled up have mulcted the good payers outrageously.

Tax officials who permit cumulative delinquencies may be lenient to harassed property owners but they are lenient with other people's money. It is a simple problem in mathematics. The taxable amount needed is \$100,000, and \$10,000 is delinquent. Then next year, the taxable amount needed is \$110,000, so that this cumulative amount must be prorated in assessment. Consequently the good taxpayer must put up his share on \$10,000 that a vigilant collector should have obtained. Unfortunately he never gets his money back.

Current tax collection is credited by the Bulletin to cotton money to a large extent. When the farmer has money he pays his taxes.—Dallas News.

NO WAR, SAYS JAPAN

Now that Uncle Sam is about to recognize Russia, Japan hastens to inform the world that she isn't going to fight the U. S. S. R. At least she doesn't want a war against a country that is able to buy munitions from the United States. Of course a promise not to wage war doesn't mean so very much when it comes from Japan. The world hasn't forgotten that Japan whipped the face off of China—all the time protesting that there was no war.

THE WEEKLY PAPER

Of late years there has been a growing realization of the permanent value of the community newspaper. Those who read them have always realized their worth. But time was when those who viewed from far were inclined to look with disdain upon the weekly press as compared with the daily, particularly the large city daily.

It cannot be wholly accidental that during the past decade there have been so many articles in the national magazines and so many studies which call attention to the growth, both in size and influence, of the community newspaper.

The great daily newspapers of the cities have been forced to give more and more of their space to national and international affairs. Their readers have demanded this coverage. These dailies have responded to the demand with thoroughness and in intelligence. Today they are printing more and better news of the world at large than ever before in the history of journalism.

But because of this very development the town and country-side news had to be neglected. Side by side with the demand for national or international news is that for knowledge of one's friends, one's acquaintances, one's neighbors. This is the particular field of the community weekly, and it is in the fulfilling of this demand—neglected by the dailies—that it has risen to new heights of achievement.

It is doubtful if the country publishers have availed themselves of their opportunities yet. The community newspaper is destined to enlarge its audience steadily, thereby inevitably increasing its own stability and influence. It is no longer a choice between the city daily and the community weekly. Readers need both.—Herald-Statesman, Columbia, Mo.

AMERICA'S DEVIL ISLAND

Emulating France, America is to have a "Devil's Island" for the safe keeping of desperate criminals. The acquisition of new federal island prison was announced by Attorney General Homer S. Cummings at the National Anti-Crime Conference of the United States Flag association in Washington. No doubt the reader is wondering where this island prison is located. So to relieve the anxiety it is the Alcatraz Prison located on a precipitous island in San Francisco bay, a mile from shore. It was formerly under the jurisdiction of the War Department. Because of its inaccessibility and the fact that it is almost impossible for anyone to escape from the island the justice department made arrangement with the war department to use it as a federal prison.

Alcatraz has 600 secure cells. The precipitous, rocky coast affords little chance for a criminal to escape with his life. According to present plans criminals of the vicious and irredeemable type will be isolated there. Dangerous desperadoes and prison breakers like Harvey Bailey and George Kelly will be incarcerated at Alcatraz. In making this announcement the attorney general said: "A large percentage of the serious crimes are committed by men who have escaped from prison. At large they prey upon the public; confined they plan and encourage outbreaks. Intimidation, bribery and violence are their accustomed methods. The majority of the inmates of our prisons are well behaved, but a few desperate criminals among them present a menace to any penal institution."

At the same time Attorney General Cummings announced an agreement signed by American manufacturers of machine guns with NRA and justice department not to sell such weapons to anyone but law enforcement officers, banks and institutions having police forces. He also denounced the lawyers who are in touch with and regularly employed by criminals as "scavengers of the bar," who must be eliminated.—Pathfinder.

It will be too bad for Russia if Japan decides to suppress banditry in Siberia and points east.—Dallas Journal.

ORGANIZED CRIME

It is estimated that the criminals who have organized the crime of racketeering into profitable business are robbing commerce and industry in the country of a thousand million dollars every year.

These jackals of society, as a preliminary investigation of the department of justice proves, are operating on a large scale.

They are levying tribute on all sorts of honest commercial business enterprises. They are collecting, at the point of a gun, illicit commissions on the transportation and delivery of the very necessities of life—from milk for the baby to food and clothing for the whole family.

What can be done by federal leadership, supported by state and local authorities, has been recently demonstrated in the aggressive warfare that has been waged against kidnapers.

Many kidnaping cases, in recent years in which the assistance of the department of justice has been requested by state or local authorities, has ended in the punishment of the kidnapers by death, life sentence or by long terms of imprisonment.

If racketeers should be tried under martial law, punished promptly and vigorously, branded as public enemies, and repetition of the offense shot in the sun, the enjoyable occupation of racketeering would be immediately.—San Antonio Light.

LAW'S DELAY ENCOURAGES CRIME

Speedy and certain justice would do more to curb crime in this country than death penalties or life sentences. Not that the extreme penalty should not be demanded as occasion seems to justify, but that all cases should be disposed of in our courts with dispatch.

Although crime is encouraged by crooked police officers at city officials who participate in the spoils, our system of procedure and our almost reverence for technicalities defeat the intent of the law and the ends of justice.

The criminal element in the country knows that the percentage is in its favor. First, it knows that it stands only one chance in ten of being arrested. Second, it knows from past experience and the records of our courts that the percentage is still in its favor when brought to trial, and if convicted that there are still loop holes where clever lawyers can pull it through. If, perchance, they are sent to prison they have recourse to pardons or paroles and always there is chance of escape.

Habeas corpus proceedings, straw bonds, postponed trials, new trials and appeals, frequently end in liberating a criminal to prey upon society again, elapsing between conviction in the trial court before the criminal goes to the penitentiary, if he ever gets that far.—Farm and Ranch.

COMPRESSING COTTON

The railroad commission's order saved the interior compresses and perhaps the interior markets from absolute decay. The trucks were taking cotton off the platforms in the market towns and selling of the cotton was gradually drifting to the ports. Since the new ruling and the new rates went into effect, the railroads are carrying most of the cotton, and the compresses are busy again, employing local labor and serving many small localities instead of two or three big ones. The trucks were not restricted to hauling compressed cotton. They, in fact, carried the uncompressed almost altogether. This was starving the compresses in the smaller communities and fattening those on the seacoast. A national prosperity is impossible without a diffused prosperity. Building big ones by destroying little ones is a good way to substitute concentration for diffusion. This applies to big farms as against little ones, big mills against little mills, big hogs against little hogs, big Ikeas against little Ikeas.—State Press in Dallas News.

NEIGHBORING NEWS

ITEMS FROM LOCAL PAPERS OF TOWNS MENTIONED

San Saba

J. W. Warlick of Big Valley was a business visitor here Monday.

Key Johnson, mule buyer of Goldthwaite, was a visitor in San Saba Monday.

R. B. Bagley struck artesian water on his ranch at a depth of 250 feet. The flow is estimated at more than a gallon a minute now and will probably increase its velocity during better seasons.

Mr. and Mrs. C. C. Bledsoe of Goldthwaite visited in San Saba Sunday. Bledsoe has recently returned from a trip to New York and will buy thousands of furs in the southwest this fall.

After much anticipation and prediction as to the date of its letting, the contract for highway 81 was let by the state highway department Monday morning for 5.4 miles of grading, drainage and bridge structures immediately south of San Saba.

No arrests have been made in connection with cracking of safes in the offices of the Santa Fe station and at the Barnes lumber company Thursday night in which \$3 was secured at the former and more than \$40 at the latter.

An enlarged water system to provide for San Saba's increasing needs during the summer months is the project now being worked on as the public works program which will be financed to the extent of 30 per cent by the federal government in the national federal works program.

Possibly one of the oldest stocks of merchandise in the state was offered for sale here last Saturday and will be on sale again next Saturday, when the J. M. Carter estate store was opened at the corner of Commerce and High streets in this city, after having been closed for a period of fifteen or sixteen years. Many of the good being offered for sale fall into the antique period.

Included in the group are brass-toed all leather shoes for small children, red-topped cowboy boots, ladies' bustles, corsets with an 18-inch span, watch keys, hoop skirts, coffee mills of the lap grinder model, buggy whips and other articles which have long been out of date. — Star.

Brownwood

Tentative plans for the Armistice day celebration call for a parade to start marching not later than 10 o'clock. All ex-service men are invited to march in the parade.

Preliminary work on the state park site on the shores of Lake Brownwood will start within the next ten days or two weeks, when a landscape engineer will visit Brownwood to make a survey of the amount of work to be done.

Abigail was selected as the next meeting place for the 17th district American Legion, the meeting to be held in February, 1934. Selection was made at the closing sessions of the district convention, held in Brownwood Saturday and Sunday, October 28 and 29.

Action is expected within the next week or so on the application of the city of Brownwood for more than \$100,000 in direct grants and federal loans for public works projects. This word was brought back to Brownwood Wednesday by Chester Harrison, secretary of the Brownwood chamber of commerce.—Banner.

Lometa

Miss Genevieve Wallace of Mullin spent the week end with her sister, Miss Marie Wallace.

Miss Mattie Kirby, Mrs. V. C. Mosier and Mrs. Ruby Jackson spent Wednesday afternoon in San Saba.

Will Carothers has been real sick for the past few days, but we are glad to report, that he is now on the road to recovery.

Work began Tuesday on the surveying of the highway that we have talked about for quite awhile. The crew left this morning for Goldthwaite and will survey in this direction. Mr. Dillon placed several of the local men to work, and there are two instrument men from out of town. More help will be used when the work gets under way. — Reporter.

Hamilton

Rev. Vernon Shaw was a business visitor in Brownwood Monday.

Nine hundred and forty-three cotton checks have been received in Hamilton county to date.

The Hamilton county fifth Sunday singing convention was held last Sunday at Lamkin.

The people of Indian Gap community met Friday night, Oct. 27, and reorganized the P. T. A. for this year. There was a large number of members present and everyone has hopes of making this the best year of our organization.

Report on comparative ginnings in the county, authorized by the census bureau: Ginned from the crop of 1933 prior to October 18, 12,695 bales; ginned to same date in 1932, 9,428 bales.

A death of tragic portent was discovered early Friday morning, when the body of C. G. Blair, 45 years of age, was found lifeless in the display sales rooms of the Blair Chevrolet Co. of Hico. Severe acid burns were on the mouth and a coroner's report indicated death at the hands of the deceased, occurred some time Thursday night.

Word from Mrs. Lee Jones of Cisco to her sister, Mrs. C. D. Kinley, bears the news that her husband is again confined to his bed, and his condition is not at all promising. Mr. Jones had only recently recuperated from complications of ill health and his present condition is regretted by their many friends here.

A Chevrolet coach driven by Main Brunk was badly damaged Halloween night, when he lost control and ran into the bridge on Henry street. The car struck the steel girder on the south side of the bridge with such force that it bent it and knocked the bridge off its abutment. The accident was caused by defective steering apparatus, the bolt holding the steering rod, having dropped out. Brunk was bruised about the face and his companion, Miss Vivian Billingslea, received a minor cut on her hand. It is remarkable that the accident did not prove more serious to the occupants, judging from the appearance of the car and the bridge. — News.

Comanche

Comanche will observe Armistice day, November 11, with most of the business firms closing for the day.

Jack Cauley, assistant postmaster at Comanche, and a clerk for thirteen years, received notice this week from the post office department at Washington, that he had been appointed a United States postal inspector with headquarters at Chicago.

Twenty-eight felony indictments were returned by the district court grand jury Friday, when they recessed after a ten days session, to meet again on Thursday to resume their work. One felony indictment had been previously returned, bringing the total to date, to 29.

An 84 year old document that never had been recorded was placed on record by County Clerk Bob Haynes Monday. The instrument was a land patent made by Governor George T. Wood on November 5, 1849, to Andrew Crier and gave him title to 320 acres of land on the South Leon River in Milam district (now Comanche county) 88 miles from the three forks of Little river. The deed was executed just four years after Texas had been annexed to the Union and was filed for record Monday by J. R. Eanes.

The four room residence of Mr. and Mrs. Brown Rambo on the I. G. Wyatt farm near Gustine in the Baggett community was destroyed by fire Tuesday of last week. The building and contents were a complete loss with no insurance. The fire happened about nine o'clock in the morning and is believed to have originated from a fire left burning in the cook stove. Mr. and Mrs. Rambo were in the field, when they discovered the fire and it was beyond control when they reached the house.—Chief.

Build Up Health and Pains Go Away

WOMEN who suffer from weaknesses often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 50 years.

Take Cardui to improve the general tone of the system in cases of run-down health and "tired nerves." Women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier.

CARDUI is safe and wholesome for women of all ages. Try it! Sold at the drug store.

Lampasas

Misses Featherston and Guthrie, accompanied Miss Ada Mae Gilbert home Saturday from Kennamer for an all day visit.

It seems from the number of farmers who gathered at the court house Saturday that the people want a county agent. However, the number was not sufficiently large to convince some of the court.

The city council has purchased a new Chevrolet truck. It is the plan of the mayor to have this truck used to haul gravel to do some street work with R.F.C. labor if the project is approved by those who distribute the funds to the state.

November 1, was the birthday of Bro. W. H. McGee. He was 87 years of age. All who know Bro. McGee love him and appreciate the long years of service that he has rendered to this county. Bro. McGee has not only been worth much as a minister, but also as a citizen.

The emergency relief agent, Thurman D. Craddock, who has been here at the expense of the state and nation for the past several months helping the farmers with the plow up program of the government, closed his office Tuesday by order of the extension headquarters. The cotton plowup checks from now on will be distributed from College Station.—Record.

WHAT BECOMES OF THE RED CROSS FUNDS

In view of the misunderstanding that people have regarding the money which they contribute to the Red Cross, I should like to make a very simple statement through your paper.

To enroll as a member of the Red Cross you pay one dollar. Fifty cents of your dollar is sent to National headquarters, while the other fifty cents is kept in our local treasury to aid our people.

If you give as much as five dollars to the contributing fund, fifty cents of this goes to National headquarters and four dollars and fifty cents is kept in our local fund.

If you give ten dollars to the sustaining fund fifty cents goes to the National headquarters, while nine dollars and fifty cents remains in the local treasury.

If you give twenty-five dollars to the supporting fund, twenty-four dollars and fifty cents goes in our local treasury while fifty cents goes to National headquarters.

I sincerely trust that many may give these larger sums as it will give us a much needed sum for the benefit of our poor in the trying times that are to be upon us this winter.

The officers of the local chapter receive nothing for their labor. Their time and labor is freely given to aid our people.

J. S. BOWLES,
Chairman of Enrollment Campaign.

MAKING HIGHWAYS SAFER

Nineteen American states and six Canadian provinces have passed, and are enforcing laws, requiring financial responsibility for all who operate automobiles.

It is the theory of this legislation that all who drive cars should be financially responsible for injuries which they may inflict on innocent persons. Drivers who have no such responsibility, and who, by their records of recklessness, cannot obtain adequate insurance, are denied the right to operate their cars on the public highways.

There is much to be said for such legislation. True, it will cause hardship in a great many instances, but so does every law passed for the protection of the majority.

In most of the states that have passed the financial responsibility law, automobile insurance is not required as long as the driver keeps out of trouble. If he has no accidents, if he drives in a careful manner, he is not molested. But, let him be found guilty of recklessness, or of causing an accident, and his car is immediately locked up until he can produce an insurance policy. If his driving record is so bad, or if his physical or mental equipment is so poor that insurance companies refuse to sell him a policy, then he is prohibited from driving, under penalty of a year in prison.

The law has had the effect of reducing the number of accidents, for the driver who simply cannot keep out of trouble is soon barred from the road, and other drivers, realizing that they, too, may be banished from behind the wheel unless they drive carefully, do not take so many chances.—Dallas Dispatch.

RUPTURE

H. L. Hoffmann, Expert, former associate of C. F. Redlich, Minneapolis, Minn., will demonstrate without charge his "Perfect Retention Shields" in Lampasas, Wachen Hotel, Friday, November 24, and in Brownwood, Southern Hotel, Saturday, November 25, from 10 a. m. to 4 p. m. Please come early. Evenings by appointment.

Any rupture allowed to protrude is dangerous, weakening the whole system. It often causes stomach trouble, gas and back-pains.

My "Perfect Retention Shields" will hold rupture under any condition of work and contract the opening in a short time.

Do not submit to avoidable operations and wear trusses that will enlarge the opening. Many satisfied clients in this community. No mail orders.

day at Mullin visiting Mrs. Reeves' parents, Mr. and Mrs. John Guthrie.

Friends of the Lindsey family were grieved to hear of the death of J. H. Lindsey, who was buried at Regency Tuesday. Mr. Lindsey was one of the oldest pioneers of this part of the country, and one of the most prominent citizens. We extend heartfelt sympathy to the bereaved family.

Rev. Lawrence Hayes of Tahoka will preach in the church at Trigger Mountain Sunday at 11 o'clock. This is his old home church and his friends and former neighbors will be glad to attend the services.

Rev. J. S. Bowles left Wednesday for Corsicana to attend the annual session of the Central Texas Methodist conference. He was an active member of that conference for a good many years and will enjoy spending some time among the ministers and delegates.

Bill will grind your chill meat, sausage and season it just right, or will mix season for you. Prices reasonable.

Brick Chili—made by Bill himself—Bill's Cafe.

Dr. Morris Vick and his bride visited in the home of his aunt, Mrs. J. H. Randolph, a few days recently on their wedding trip. They were married in Clovis, N. M., October 27. His bride was Miss Gladys Hamilton of San Diego, Cal. Dr. Vick is a prosperous young doctor of Loveland, Colo., and at one time lived in Goldthwaite, where he was very popular and numbers his friends by his acquaintances, who all wish him and his bride a prosperous and happy voyage on the sea of matrimony. They will make their home in Loveland, where he has been located for five years.
