

THE GOLDTHWAITE EAGLE

Mrs. J. R. Briley of Ebony was a pleasant caller at the Eagle office last Saturday.

Sam Marler of Bozar and his son-in-law, Neill Wright, made the Eagle a visit Tuesday.

Joe Davis of Rock Springs community was an appreciated caller at the Eagle office last Saturday.

Rev. W. S. Highsmith and family have visited friends and relatives at Hebronville and Killeen this week.

Hill-Top Bread, White Rye, Whole Wheat, Rolls, Buns, received fresh every day — Bill's Cafe.

W. H. Thompson was here from Brownwood last Saturday and Sunday, visiting relatives and meeting his friends.

A. A. Reynolds of Trigger Mountain community was an appreciated business visitor at the Eagle office Saturday.

Better do your Christmas shopping and mailing early. You will get a better selection and save being in a jam and rush.

Mr. and Mrs. O. H. Yarborough spent the first of the week in Dallas, selecting merchandise for their stores at this place.

Give the Eagle your order for N. R. A. cuts for your advertising. We can also order rubber stamps of the same style.

Our much appreciated friend, B. R. Casbeer of South Bennett, sent the Eagle folk a nice supply of delightful sausage last Friday. It was surely appreciated.

Editor C. W. Biggs of the Lometa Reporter was a business visitor to Goldthwaite last Friday afternoon and made the Eagle office a fraternal call.

If your paper stops when the subscription has not been paid, don't take it as an affront, but send in the subscription and all will be well.

Mr. and Mrs. Clyde Faulkner received an announcement last week of the arrival of a grandson born to Mr. and Mrs. Clarence Faulkner at McCamey.

Mr. and Mrs. F. M. Karnes of Center City, accompanied by their daughter, Miss Leila, and a lady friend, made the Eagle office a very pleasant call last Saturday.

Those who desire to renew their subscriptions or to subscribe for any of the daily papers are solicited to leave their subscriptions at this office.

A. M. Hunt left Tuesday on his regular trip into the west with a truck load of honey. He is an expert in handling bees and honey and has few equals in his knowledge of bees.

Ray Fesler was here from Mexia last Saturday visiting his mother and investigating the title to a farm he was planning to purchase in the Zephyr section, in this county.

Mrs. W. E. Rahl sent the Eagle folk some nice fresh pork last Saturday. Her husband brought it in and delivered it, which made us like him better than ever and we also appreciate Mrs. Rahl's kindness very much.

Burch is prepared to clean and press garments for any member of the family and takes orders for made-to-measure garments. See his samples for Fall Clothing.

Mrs. J. C. Blackwell of Center City, accompanied by her son, Howard, made the Eagle a pleasant call Monday. They were en route home from Brownwood, where they had been to have a specialist treat the young man's jaw and teeth. He was in an auto wreck some weeks ago and suffered some severe injuries, but is getting along nicely.

It is to every citizen's interest to patronize the home dealers in his community, for they help to pay taxes to support the schools and government, as well as give assistance to those who need any sort of help.

Just think about it! There were thirty-one at Sunday school Sunday morning.

Bro. Highsmith, the Methodist pastor from town, preached Sunday afternoon. He preached a good sermon so I was told. Bro. Bowles accompanied him.

The B. Y. P. U. program was interesting Sunday night. Bro. Davis made a good talk on the lesson. Our quiz leader taught us a good lesson too.

I hope I won't have to miss writing my letter any more soon, as so many told me how they missed it last week.

Last Wednesday afternoon Mrs. Sowders and Mrs. Ellis gave Mrs. C. Ballard a miscellaneous shower in the Sowder home. Mrs. Ballard will soon be leaving us. She and husband will move to Moran, Texas. Those present were Mmes. C. Ballard, Holley, Doggett, Nickols, Calvin Bush and Miss Nevert Roberts. She received nice gifts, which she was very proud of. Mmes. Ellis and Sowders served two kinds of cake, fruit salad and hot chocolate, which was mighty good.

Louie Ponder from Rabbit Ridge spent the week end in the Webb home.

Daley Sullivan came home Saturday night from Lampasas. He went back Sunday.

Johnnie Belle Circle spent Sunday in the Chadwick home across the bayou.

Cone Sullivan spent Saturday night at home. He is still liking Howard Payne.

Glenn, Phillip and James Nickols butchered a hog for their mother last Wednesday all by themselves. Their mother is real proud of her grown sons. Monday Wick Webb and James butchered a calf to can Mr. and Mrs. Ellis helped can Tuesday.

Mrs. Nolan West and daughters and Miss Vivian Vise from Coleman and Miss Evelyn Gatlin from town visited in Almos McGowan's home Saturday night and Sunday. They also attended the Bible study Saturday night.

Rudolph Cooke and his friend from Lampasas visited his father awhile Saturday.

Little Christine Traylor spent Sunday with Lou Dell Sullivan.

Jake Ford from El Paso, Mrs. Laura Ellps from Snyder and Mr. Garner and wife from Duren spent Wednesday night in the J. T. Robertson home. Thursday Mrs. Robertson went with them to Big Valley to visit their aunt, Mrs. Zona Robertson and cousin, Robert, and George Robertson and families. They made a short visit on their way home in the W. A. Daniel home.

J. R. Davis and wife dined with Woody Traylor and wife Sunday. Abbie Hunt from the city sat until bedtime in the Nickols home Monday night.

Harvey Dunkle thinks the doctor at Comanche has helped him. Joe Davis and family went to town last Friday morning to do their Christmas shopping.

Miss Moore, the health nurse, was with our teacher and pupils Thursday morning. Several of the

patrons and one trustee was in attendance.

Last week seemed to be party week. John Roberts and Woody Traylor and Richard Sowders gave parties.

J. C. Stark and wife spent Sunday afternoon in Joe Davis' home.

J. O. McClary and wife dined with John Roberts and wife Sunday.

Collier Ballard moved to his father and mother's farm this week. He will batch unless he changes his mind.

Mrs. Claud Holley went home Friday afternoon. Her mother, Mrs. Nickols, appreciated her taking her and Mrs. Homer Doggett and daughter and Miss Bess Hutchings to Rhome to visit Joe Roberts and family. Miss Oleta Daniel accompanied them as far as Fort Worth. She visited Bud Willsford and wife.

Will Stark and wife and Abijah Stark and wife and son from Rabbit Ridge spent Sunday with Joe Davis and family.

LIQUOR LAWS ENFORCED

Dashing the hopes of would be liquor dealers and signaling a new drive against bootleggers, federal officials unofficially indicated Monday the government would not permit violations of prohibition laws in Texas.

LARGE CAVE DISCOVERED

Discovery near Cumberland, Md., of a "Noah's Ark of the ice age," a cave with a representative collection of prehistoric animals that lived in North America over a period of 2,000,000 years, was announced this week by the Smithsonian institution.

Take a Pinch of BLACK-DRAUGHT For Distress After Meals

He had suffered distress after meals, but by taking Theodor's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga. "I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Theodor's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order." *Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.*

High School News

Mr. Cooke's room rendered an interesting program for chapel last Thursday morning.

We are decorating our rooms this week for Christmas.

We are going to have a program and Christmas tree Friday

night, December 22, and we invite you to be with us.

The state health nurse, Miss Moore, visited our school Friday afternoon.

We are trying to improve our school house and grounds this week.

Grammar School

Our students are looking forward to Christmas. We have drawn names and are helping to prepare a Christmas program.

The state supervisor visited our school last week and laid out some plans for us to follow. We are going to do our best to follow his advice.

We were also visited by the state nurse. She recommends a few changes for us to make. She had us to change the position of our desks and make other slight changes that look very absurd, but we think that she knows more than we, and therefore, we are going to follow her 100 per cent.

Those who made the honor roll this month were Evelyn Hodges, Violet Weathers, Minnie Inez Abbott, Ruby Brown, Lorene Hodges and Myrl McCarty.

Primary News

We are launching out on the great ocean in our Ship of Health with Miss Moore as captain and Miss Blackwell as pilot. All desks have been re-arranged to furnish more light for the crew. The pilot sits at the back to watch us closer, I suppose. A work wheel

has been made assigning the various jobs to the pupils. Before our journey ends we are going to be an A-1 ship with an A-1 crew. Christmas is almost here. We see many signs of the welcome day already. A tree standing in our sand table, decorated with bells, icicles, snow and holly.

We are preparing a splendid Christmas program, consisting of readings, songs, pantomimes and a few short plays.

We had a number of visitors last week. We are always glad to have anyone visit us, so we extend a hearty invitation to all. Miss Blackwell had her pupils drawing and coloring Santa Claus! She intended to put the best ones on the bulletin board. One of the tiny pupils said, "Miss Blackwell, I hope I get my Santa Claus on the bully board."

The third grade has been writing letters to Santa Claus. Each grade is trying to outdo the other in being good. A great pity Santa isn't a permanent visitor.

WIFE CAN TESTIFY

The federal supreme court, in a decision which may have a bearing upon the economic legislation of the new deal, ruled a wife can testify in behalf of her husband in a federal court criminal case. The court, by a 7 to 2 decision, swept away a rule of the old common law of England and declared the courts must recognize modern trends of thought.

KNOW ANY BIGGER?

Sometimes the lights go out in Cuba, and when they do—but let Sigfrid N. Johnson of Nueva Gerona, Isle of Pines, Cuba, tell what happened to him one night: I was giving a big party at our farm house when suddenly just as the fun was reaching its height the lights went out. As electricity for illumination and running the radio was supplied by a Delco system, I examined the generator, found it burned out and consequently would take time to fix it. Then an idea occurred to me; cats were supposed to have a lot of electricity in them, why not test them out. We had two of the felines on the farm, a male and a female which I proceeded to catch. I used the tomcat's tail as the positive terminal and the female's as the negative. As soon as the cat's heads were tied together with a No. 6 copper wire, the radio sounded better than ever, and the lights not only worked perfectly, but also changed from one color to another just as they sometimes do in a ball room. At five in the morning the party broke up and I went to release the cats, which had saved the situation. Unfortunately, they had given so much service they were now smaller than mice and completely dried up. There seemed but one way to overcome the difficulty so I fixed the generator and at the end of four hours of re-charging, the cats were restored to their natural size, finer looking than they had ever been and were ready to help out again should the Delco fail. — Pathfinder.

HAIL IN WINTER

It never hails in winter. Hail always occurs in summer. This revelation was made by Dr. William J. Humphreys, famous meteorologist of the weather bureau. Hail in summer, Dr. Humphreys explained, is due to a rapidly rising current of air that carries drops of rain up with it into the very cold layers of atmosphere, where they congeal into drops of ice, which in winter are known as sleet and not hail and are composed of frozen rain drops that freeze on their way down. Mrs. W. W. Johnson of Chappel Hill community was an appreciated caller at the Eagle office Tuesday.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui. Mrs. R. L. West, of Huntville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well." Cardui is sold at drug stores here.

AUTOS, TRAINS, EVEN HATS GO STREAMLINE

(Right)—While not completely streamlined, in accord with the more advanced engineering, the new Austro-Daimler car, recently tried out on the Long Island Railroad, made speeds of around 80 miles an hour. Travelling almost twice as fast as the conventional type trains, this car has a much lower operation-cost per passenger.

This car illustrates one of the first definite breaks with the old horse-and-carriage tradition in design.

Design for a sedan representing a complete streamlined revolution. The chassis is re-engineered from the ground up. Notice from the window spacing that passengers no longer sit over the rear wheels—important improvement in riding comfort. The blunt nose is another advance in streamline design.

Engineers are now declaring that every train and automobile of any design familiar to the public is obsolete. Aviation, which has been unhindered by designing conventions because it was developed only in the last 25 years, has benefited by the new engineering progress most rapidly.

But trains and automobiles also are now beginning to show the influence of the laboratory. Reports

now freely predict that the automobile especially is due for swift, radical change and development.

Streamlining of autos, already begun, will continue until the long radiators will disappear; short blunt noses will in the future be the symbol of the new car's power and speed; the front will be broad and the whole car will taper to the rear somewhat like an inverted cone. Such a shape travels through

the air with least resistance. A complete weight redistribution is the car will then be possible, resulting—say experts—in a riding comfort previously unknown. Notice that in the new car model held by the girl that back seat passengers sit in front of the rear wheels—not on top of them. Such rebalancing of the automobile promises a completely new riding experience.

Professional model showing the new winter, 1933 streamlined hat, along with the short nosed car with sweeping tail which inspired the hat designer. The hat is said not to blow off in a wind of 60 miles an hour.

LAKE MERRITT

The Happy Hour club met with Mrs. J. M. Baker Tuesday, Dec. 12. About 9:30 the ladies began to gather in, bringing their dishes of food to provide the lunch. Soon after arriving they went to work on the quilts, which were made for the orphans home. Everyone worked hard and fast until called to lunch; which had been prepared on the table by the girls. The lunch consisted of fried ham and sausage, smothered chicken, potato salad, cream potatoes, beet pickles, macaroni, cheese, mustard greens, candied sweet potatoes, sour pickles, sandwich spread, corn, English peas, beans, boiled pork, plum butter, muffins, caramel pudding, devils food and white cake, hot chocolate and coffee. After dining sufficiently the ladies went back to their quilts and finished one and part of the other before time to go home. The youngest who quilted was 14 and the oldest 84. There were 30 who enjoyed this gathering. We said goodbye to Mrs. Baker about 4 o'clock, hoping we would have another such day soon. The next meeting of the club will be Jan. 2, with Mrs. Hutchings.

The great carnival was held Dec. 9, and was a big success. The ball games, which were played by Priddy and Clifton Junior College, were very interesting. The Priddy girls were defeated by a score of 12-10, and the boys were also defeated.

That night a very interesting program was rendered. It consisted of two numbers by the Glee club, a short play entitled "Under the Spreading Chestnut Tree," the troublesome Ford, a negro minstrel entitled "The Colored Wedding," Donkey Party and the Wringer Singer. After the program, Bingo was played until far into the night.

Monday night the community was entertained by a magician, who performed many interesting tricks, among them, the vanishing princess.

Tuesday night the community was entertained by the Comanche Lion's club.

Saturday, December 16, at 2 o'clock, Pottsville will play Priddy in basketball, both teams and at night they will present a play entitled "Here Comes Charley."

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpass even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this era—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow opening. This

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors. Special colors optional. New enamel finish on

all bodies and fenders has greater wear and more enduring luster.

GREATER RIDING COMFORT increased spring flexibility. The spring newly designed for quieter and easier Shock absorbers are improved. Seat deeper, with new, softer springs. Individual bucket seats provide increased front-seat passenger in the Tudor. Adding to comfort is the new driving 15-to-1 steering gear ratio.

PRICES REMAIN LOW—Tudor Sedan, \$515. Fordor Sedan, \$585. Tudor, \$575. De Luxe Fordor, \$625. Coupe (5 windows), \$555. De Luxe (5 windows), \$555. De Luxe Roadster, Luxe Phaeton, \$550. Cabriolet, \$590. \$610. (All prices f. o. b. Detroit.)

Hamilton

Paul Shipman and Dick Hurley killed out a den of 19 diamond back rattlesnakes Wednesday on Mrs. Glover's place, five miles southwest of Pottsville.

Alton Young, employe of the Tom Davis market, received very painful injuries to his hand Sunday evening. He was riding in the rear seat of a touring car with his hand resting on the door when they sideswiped another car coming in the opposite direction. His hand was caught between the cars and badly lacerated.

According to City Engineer W. E. Collins, the sidewalk project, which is sponsored by the Lion's club and made possible through the co-operation of the city in acting as fiscal agent for the property owners in obtaining free labor from the CWA, is progressing very well. The task of signing up 10,000 feet will be completed within the next few days, it is thought.—News.

Returning recently from a business trip to Goldthwaite, Roy Callaway and George LeGate came into Hamilton county, south of Indian Gap over a little frequented road. They noticed some curious formations of rock and stopped their car to get a specimen for closer examination. Mr. LeGate, being engaged in oil development, has made a study of rock formations and immediately pronounced the specimen a form of water quartz, found in caverns. In their further investigation the two men noticed the peculiar hollow sound of the earth underneath their feet, which indicated a cavernous area below. They spent considerable time walking and as far as they walked in the direction southeast their footsteps created this hollow sound. The hour was growing late and they had no wish to remain until nightfall, because they could gain no further knowledge of the place in the night. Since the discovery Mr. LeGate and Mr. Callaway have had no opportunity to return to search for an opening to what they believe is a mammoth cave or cavern in that locality. As soon as is practical they will return to the spot and start investigations in the hope of making a discovery of a cavern on the line of Mills and Hamilton counties.—Herald-Record.

Lometa

J. W. Head, Brownlo Townsen, Forrest, Kirby, Walter McLean attended singing at Caradan Sunday.

Rev. M. C. Wilson sustained serious injuries Thanksgiving day when he fell from the back porch of his home.

Mrs. Vera Page and daughter, Louise, of Houston spent the Thanksgiving holidays with her parents, Mr. and Mrs. W. J. Her-ring.—Reporter.

Brownwood

Brown county banks December 1, added service charges, outlined under the direction of the code of fair competition for the banking industry.

Plans were announced this week for the organization of a new bank in Brownwood to take over the affairs of the Citizens National bank, which has been operating under restrictions for the past several months.

A reading room, for the benefit of the public, will be opened during the next few days in the Rogers building on Fisk street, across from the city hall, by the Junior Twentieth Century Club. Although registration of automobiles for 1934 started December 1, only twelve Brown county citizens had availed themselves of the opportunity of purchasing the new license plates up to Wednesday night, nearly a week after registration started.

There has been good response to the plea to the tax payers of Brown county, issued through local newspapers last week by the Brown county commissioners court, according to County Judge Courtney Gray. Many taxpayers who formerly have waited until after the first of the year have come in and paid their taxes.

The federal relief administration will buy 78 cutter cows from Brown county farmers, according to word received by County Agent Lehmburg. These cows are to be canned and used for relief work. Canning for this district will be done at Abilene, according to Mr. Lehmburg, and cows must be delivered to the canning plant there.—Banner.

Comanche

The Comanche high school football team returned Monday from Amarillo, where they defeated Amarillo high school Saturday 6 to 0 for the North Texas championship. The game was played in sleet and rain.

Oris Norwood, Hasse youth, was found not guilty by a jury in district court at Comanche Tuesday, on a charge of rape, after a deliberation of about 45 minutes. This was the second acquittal out of about a dozen criminal cases tried this term of court.

An account of the suicide of M. J. Salter, formerly of Hasse, appeared in the Fort Worth Star-Telegram. Mr. Salter shot himself at his home near Stephenville Friday, December 1, after his arrest by Erath county officers. Rather than accompany officers who had searched his home and had a warrant for his arrest on burglary charges, M. J. Salter, 45, paroled convict, shot himself between the eyes Friday and died a few minutes later. Benton Layton, former Sidney Star route mail carrier was given five years in the penitentiary, on a charge of robbery with firearms, by a jury in district court at Comanche Saturday after-

San Saba

Mrs. S. J. Bross returned last week from a visit to her brother, W. L. McKinney, at Mart and relatives in Waco.

Work has actually started on highway 81 and will now proceed with the expenditure of some \$80,000 on this program.

Mrs. David Russell has been elected as an additional primary teacher in the San Saba schools. This was necessary to meet the crowded conditions in this department.

Prof. and Mrs. R. H. Mayfield and Sue Jane came from the University to spend the holidays with their parents, Mr. and Mrs. Jas. M. Walker.

There had been 6246 bales of cotton ginned in San Saba county to Nov. 14, this year, against 7419 bales ginned to the same date last year.

Mmes. Lewis Kirkpatrick of Kimble county and Mr. and Mrs. Bob Alexander of Kimble were guests of Mr. and Mrs. W. F. Luckie Monday night. They had been to visit their sister, Mrs. A. J. Wise, at Moran, who is suffering a long illness.

Wednesday morning about 7 o'clock the residence of Mr. and Mrs. Roy Ragsdale was discovered on fire. Apparently the whole roof was in a flame when discovered. The alarm was turned in, the neighbors and the fire company were soon on the scene doing valiant service, but the fire was under such headway that the building could not be saved. A good part of the furnishings was saved, although a part of the family wearing apparel was lost. The building and furniture were partly covered by insurance.—News.

It was alleged in the testimony of Layman and a male companion entered the house of C. B. Humphrey, aged and wealthy Sipe Springs farmer, after prying the door open between one and two o'clock on the morning of July 1 last. According to the testimony, Mr. Humphrey and his wife were alone at the time. They were awakened and at the point of a gun were forced by two masked men to lie still while the house was searched. The men, who used a flashlight, left the house, after they had found \$3.79 under a pillow. Mr. Humphrey said the money that the men took belonged to Mrs. Humphrey and the robbers failed to locate Mr. Humphrey's money.—Chief.

Lampasas

Dr. J. E. Willerson has returned home from Temple, where he has been confined to a hospital for the past several weeks, recuperating from a serious operation.

CWA workers were paid \$1621 Saturday morning for one week's work. It is expected that in a very short time Lampasas county will have more projects approved and will be able to put more men to work.

Two weddings of great interest to Lampasas people were performed last October 28, and were only announced at Thanksgiving. Miss Louella Rathman and Homer Fariss and Miss Grace Geren and Earl Fields were married October 28 in San Saba by Rev. McCall, pastor of the Presbyterian church of that place.

A deal was closed the past week by Fred Pesler, in which he sold the bakery building and equipment owned by H. V. Campbell to R. O. Hafley of Hamilton. This is the plant formerly operated by the late H. N. Clark. A son and daughter of Mr. Hafley are here and have rooms at the home of Dr. and Mrs. J. G. Townsen.

News was received here Wednesday morning that Dr. J. D. Dorbandt of Llano underwent an operation Monday night at a hospital in San Antonio. Dr. and Mrs. Dorbandt made their home in Lampasas for many years and have a host of friends throughout this section.

G. A. McGregor narrowly escaped injury Wednesday night, when a car coming into Third street struck the back fender of the Ford coupe in which he was riding down Third street. His car turned over on its right side and half way around. One fender was badly damaged and a glass was broken out of one of the doors. The other car only received a slight damage to the bumper. Neither party was injured.—Leader.

PRESIDENT TO CONTINUE CCC President Roosevelt intends asking congress for further funds to continue the civilian conservation corps another year. More than 300,000 men, recruited mainly from the unemployed, have been established in 1500 camps in the task of developing 600,000-700 acres of timberland. The first enlistment was for six months, with re-enlistment permitted at the expiration of that period in order that vacancies could be filled.

DO YOU KNOW

According to latest figures compiled by the State Department American debt and damage claims against Soviet Russia now total \$800,000,000, and half of this represents American property confiscated by the bolsheviks at the time of the revolution.

Last year of 45,489 white rural school teachers in some sections of this country 6180 received less than \$60 a month.

People in this country still marry at the rate of one couple every minute and a half.

If you tilt your eggs in the incubator more of them will hatch live chicks. The small end of the egg containing the air space should be up, but tilted at a 45 degree angle.

In New York City the relative death rate per thousand live births is 4.5 per cent per thousand and babies in the hospital and only 1.9 per thousand when the new arrivals make their debut in this world in the home.

REAL CASH FOR THE TREASURY

Representative Olan R. Van Zandt of Grayson County, and Lieutenant Governor Edgar E. Witt of Waco, standing at the entrance of the state treasurer's office in Austin. They are congratulating each other on the recent decision of the Supreme Court upholding the franchise tax law which puts extra millions into the state treasury. Mr. Van Zandt was the author of the law, passed in 1930, and Witt was in charge of it in the senate. A Secretary of State Health estimates that the law increases franchise taxes (largely on foreign corporations and public utilities) in excess of \$400,000 per year, amounting since its passage to approximately \$2,000,000. This sum has heretofore been held in a suspense account, but will now be turned into the state's general fund.

Delinquent Tax Notice

To all delinquent tax payers of the state and county taxes for the years 1885 including 1933: You are hereby warned to call at the county collector's office and pay the same without delay. This notice is one of three notices of similar import that will appear in all newspapers of general circulation in this county. These taxes, if not paid within thirty (30) days from date of the last publication hereof, will be sued upon in the District Court and attorney's fees and other court costs and penalties added. Pay now if you want to avoid these costs.

HENRY TAYLOR,
District Attorney of
the 27th Judicial District
of Texas.
