Methodist Notes

It seems to me that some one spoke some time back about a certain politician who wore a brown derby, as a "happy warrior." Well, that bunch that works around the new Methodist church might well be denominated "the happy workers." I think I have never seen so many men all at work together who seemed in such perfect harmony. All are ready for work, ready for a good joke, ready for a smile when urged to greater activity. If the entire membership of the congregation could catch the spirit of these "happy workers" it would be prophetic of a coming pentecost.

Board Elects Superintendent

The patrons and other friends of the Goldthwaite school system were pleased when they learned Tuesday that the school board, at its meeting Monday night, had re-elected Supt. A. H. Smith to head the school and that it was understood he would accept.

P. T. A. Meets

On Tuesday, February 11, the Parent-Teachers association met in regular session. A very good program was given. Miss Patterson's class gave a playlet on February and its important birthdays. Miss Brummern, assisted by Mrs. Lester Berry at the piano, presented Misses Patsy Stephens, Dorothy Nell Rudd and Natalie Berry in a dance trio. Mrs. Jake Saylor gave the history of this association. It was not only interesting, but also inspiring. Each person resolved to do his part to make it grow in the next twenty-seven years as it has the past twenty-seven. Mrs. L. B. Walters, recently deceased, was responsible for its organization and also was elected first president in the year 1904.

Valentine Recital

The senior pupils in Miss Ruby Lee Dickerson's music class will be presented in recital this (Friday) evening at 7:30 o'clock in the grammar school auditorium. The members of the class taking part in the recital are: Misses Sarah Fairman, Clara Bowman, Elaine Stephens, Florence Woody and Mary Margaret and Earl Harvey. A GUEST.

Delta Han Bridge Club

Mrs. Herman Richard entertained the Delta Han Bridge club Thursday evening, February 6. High score prizes were awarded Mrs. J. A. Teppin and Farest Frazier. A delicious refreshment plate was served to members. XX

Political Campaign

The candidates for public offices are meeting with the voters and laying plans for an interesting campaign before the primary election in July.

Nazarene Remarks

We are greatly pleased with the substantial increase in our various services recently, especially, our young people's services. Our young people are truly taking on the responsibility that is theirs, and doing the job in a great way. We are counting on great things through their efforts. We invite others to attend these services as well as all of our regular services. CHARLES HARRISON.

A Fine Meeting

Credit for one of the most outstanding conventions ever attempted by the Mid-Texas Educational association should go largely to A. H. Smith, superintendent of Goldthwaite schools, out-going president of the organization. He received able assistance in Brady from D. A. Newton, superintendent of schools, and W. E. Whitten, principal of Brady high school, who served as officers under President Smith.—The Brady Standard.

Party Compliments Mrs. C. Weatherby

Honoring Mrs. Clyde Weatherby, a bride of December, Mrs. Sam Sullivan and Mrs. John Berry entertained with a seated tea and program Saturday afternoon, February 1, from 3 to 5 o'clock. Mrs. D. Albert Trent, Mrs. Elsie Stringer of Winters and Miss Nancy Joe Haynes of Amarillo assisted the hostess in receiving sixty or more guests. Others in the house party were Mrs. A. C. Weatherby, Miss Ethelene Adams and Mrs. W. J. Weatherby. Misses Adeline Little, Mary Trent, Billie Weatherby and Lotie Hester presided in the dining room. The tea table was covered with a Normandy lace cloth and centered with huge punch bowl. Tallman rose buds, lillies of the valley and ferns with yellow candles in silver holders decorated the table. A program of songs, dances and piano selections was given. Unfortunately, both the honoree and Mrs. Berry were unable to be present at this lovely party, on account of an eleventh hour case of flu. A GUEST.

Sewerage Disposal Location Secured

Progress has been made slowly on the sewerage system, owing to the necessity for securing a patent to the land on which the disposal plant is to be located. The land has been purchased from J. W. Weathers and the patent secured. This appears to be a completion of the details in preparing for work to start on the plant. It is expected the work will begin in the very near future.

Trades Day

Last Saturday was the last Trades Day occasion provided by the Lions club under the arrangement outlined last fall. No definite announcement has been made for continuing Trades Day, but it can be depended the business men will make it to the advantage of the people to come to Goldthwaite on trades day and every other day.

Supreme Court Severely Criticized

Defending the administration farm bill, Senator George Norris, Republican of Nebraska, Wednesday attacked the supreme court for its AAA decision and said congress could remedy the situation if it had the courage to do it. The 74-year-old independent, in a floor speech, said the tribunal's 6 to 3 ruling cannot stand if our country is to live and prosper. He asserted congress has power to curb the court's jurisdiction. Aside from adopting clarifying committee amendments, the senate took no action on the pending AAA replacement measure. A vote is hoped for Friday when debate will be limited. With biting sarcasm, Norris said, "The court for all practical purposes is a continuous constitutional convention. Norris referred to the Emancipator's criticism of the higher tribunal after the Dred Scott decision and likened his own attitude on the AAA ruling to Lincoln's observation on the celebrated slavery case—that efforts will be made to overrule the court along constitutional lines.

Bridge Party

Mr. and Mrs. T. F. Toland, Mr. and Mrs. D. A. Trent and Miss Adeline Little entertained on last Friday evening with a bridge party, at the home of Mrs. L. H. Little. Two tables of guests were present. The Valentine motif was used in decorations and in the salad course served at the close of the games. Prizes were won by Mrs. Marvin Hodges, Mrs. O. H. Yarborough and Earl Summy. XX

Visiting Preacher

Rev. J. A. Lovell, the radio pastor of Dublin, will be in Goldthwaite Thursday, February 20, at 7:30 in the home of Mr. and Mrs. M. M. Skaggs for prayer and song service. Everyone invited.

Baptist Reminder

We will not have the county-wide meeting in our church Sunday afternoon as planned, but the same meeting will be held at Mullin, at which time Miss Helen Gardner of Dallas will be the principal speaker. I am sure there will be a good representation from all over the county to attend this meeting. Our services were cut a little short Sunday, on account of the weather. It is hoped we will be back in full force this coming Sunday. I would like to call your attention to the fact that our meeting starts on February 26. Rev. J. D. Grey of the First Church, Denton, will be our preacher. I hope you will begin to plan to attend all our services. FRANKLIN E. SWANNER.

W. M. U. Luncheon

Mrs. F. P. Bowman was hostess to a 1 o'clock luncheon given in her home Friday, Feb. 7, for the executive board of the W. M. U. Baptists of Mills County association. Each member was met at the door with a cordial greeting by Mrs. Bowman and John, as we gathered in this lovely mountain home. When all had arrived, we were ushered into the dining room, where a delicious four course luncheon was served. Each course was perfectly lovely and was as attractive as it was good, and owing to the fact that every thing came out of the Bowman garden, either Mr. Bowman or Mrs. Bowman need to be commended. John acted as head waiter on this occasion and he filled his "office" so well the service could not have been excelled. He was very careful indeed, to see that no one went away hungry. After the last course was served we were all led by our hostess to the music room where a big fire was burning brightly in the fireplace. Mrs. Cooper of Mullin, our county president, took charge of the meeting. She discussed in a pleasing manner each phase of the county W. M. U. work. Each chairman felt like the meeting had been a very profitable one as each individual work was explained fully. As Mrs. Cooper takes up the work let each one feel the responsibility too, for without the co-operation of everyone, nothing can be accomplished. As the evening shadows began to gather we realized that the time of parting came all too soon. The beautiful friendship that we had enjoyed together, and learning more about our Master's work inspired us to do greater things than we have ever done. Mrs. Swanner led the closing prayer. Those present were Meses. Cooper, Kemp, Fisher and Chancellor of Mullin, E. B. Anderson, Littlepage, Carl Bledsoe, F. E. Swanner, L. F. Sansom, Flora Jackson and our hostess. We were sorry Mrs. W. E. Miller, Mrs. John Roberts, Mrs. Jim Hays and Mrs. Byler could not be with us. We wish to thank Mrs. Bowman and John again for their lovely hospitality and assure them that every courtesy was appreciated. REPORTER.

Important Arrests Made By Sheriff

Last Sunday morning Sheriff J. H. Harris arrested three strange young men he found to be driving about town in a car that attracted his attention. The men proved to be from San Antonio and in the car were two automatic sawed-off shot guns and the indications are that the sheriff engaged in a very dangerous undertaking when he accosted the men and took them in custody. Sheriff Harris is being commended very highly by those who know of his action in the matter. The San Antonio Light says of the men arrested and their proceedings: Three Fort Worth-Houston military prisoners, who escaped from custody Saturday morning, Monday were back in the toils of the law. They were captured Sunday at Goldthwaite, 190 miles north of San Antonio, when they attempted to trade a spare tire for gasoline. Sheriff J. H. Harris of Mills county made the arrests. Three Bexar county deputies, J. W. Bryant, John Bertetti and Howard Dickens, went to Goldthwaite to return the escaped prisoners to San Antonio. They were booked at the county jail here shortly before midnight Sunday and then were turned over to military authorities on Monday morning. The prisoners are Paul H. Dooley, 20, formerly with the Eighty-third Field artillery, Fort Benning, Ga.; Marion W. Reynolds, 25, Company K, Ninth Infantry, Fort Sam Houston, and Lee Baker, 25, Second Medical regiment, Fort Sam Houston. Military authorities, in reporting the escape Saturday, said that the trio of prisoners had overpowered two guards, taken their guns and fled in an automobile belonging to Lieut. G. E. Mitchell of the Twelfth Field artillery. Recovered Sunday were the car and the guns. The weapons were automatic 12-gauge air-cooled sawed-off shotguns, loaded with buckshot, the deputies reported. The Bexar sheriff's office Monday was advised that the prisoners had obtained six gallons of gasoline at 1:30 a. m. Sunday at Boerne and had left without paying for it.

Merry Wives Entertained

Mrs. T. F. Toland was hostess to the Merry Wives club and a few guests at the home of her mother, Mrs. L. H. Little, Tuesday afternoon. In contract, Mrs. Walter Fairman made high score. In the cuts Mrs. M. Y. Stokes, Mrs. Paul McCullough and Mrs. Bob Steen, jr., were successful, and all received attractive trophies. Those present other than the ones above mentioned were Mesdames Marvin Hodges, Kelly Saylor, Chas. Frizzell, Jno. Schooler, Frank Taylor, Walter Glen Saylor, Gilford Scott and Miss Lucille Conro. XX

The supervisor of the old age pension department for this district was here from Waco on Wednesday and left a supply of applications for the pension in the office of Judge R. J. Gerold. These blanks are accessible to all who are entitled to make the application. It will not be necessary for applicants to make proof of their age at the time of filling out the application, but such proof will be required at a later date. Those who are interested in making application for the pension will be supplied with the necessary blanks at Judge Gerold's office.

TALK ABOUT CLOTHES

Designers furnish interesting blouse information for the many shoppers who are sliding their shoulders into suits these days. They point out that the suit buying public does not approve of the severely tailored blouses, but prefers the frilled or more feminine models to contrast with the masculine tailored woools and suiting used for the popular simple suit. So, with this in mind, we visit the shops and find soft striped silk in stunning color contrasts, made with a chest pocket, turn-over collar and short sleeves. The stripes are about an inch wide and are used vertically. Another big success is the two faced printed silk taffeta blouse. The under side is navy blue, the upper scarlet, and the small design is in reverse on both sides of the silk. A poplum is worn over the skirt, the sleeves are short and the neckline is furnished with the contrasting side of taffeta tied in a large bow under the chin. The girls at Texas State College for Women (CIA) smartly recommend this blouse for a navy suit. Printed silk blouses are especially effective with monotone suits. The soft, mellow designs in cheering bright colors are exquisite, and most of the blouses are made with long fitted sleeves. Hand blocked silks in bright colors against chalk white backgrounds—the kind that have fine details, such as tucked bosoms, tabs for monogramming, short or long sleeves and convertible collars. Crisp white neckwear is an interesting addition to suits. You like the ruffled collars and the exquisitely sheer embroidered organdies with matching cuffs. Be as mannish as you choose in the selection of your suit, but top it with a feminine collar.

MORE G-MEN TO BE ADDED
Plans for increasing considerably the size of the federal police force to insure more effective law enforcement have been completed by the bureau of investigation of the department of justice, and will be put in force as soon as the departmental budget is acted upon by congress. J. Edgar Hoover, chief of the bureau, intends to add 144 G-men to his force, bringing the number to 822. In addition, 174 new fingerprint experts, accountants and clerks will be employed to aid the agents who are able now to examine only 6,000 of the 15,000 cases before them. While a request for an increased personnel was made before the departure of Colonel Charles A. Lindbergh and the subsequent nation wide discussion of the prevalence of crime in this country, officials apparently felt that the general reaction gave assurance of sufficient congressional support for the plan. After Colonel Lindbergh's departure for England, Attorney General Cummings refused to make any comment about the crime situation in the United States, and Mr. Hoover made only one noncommittal statement. Apparently, however, the challenge is to be met with action. Coincidentally, it was learned that the department plans to add five federal jails to the three already in existence. To cost \$2,530,000, these jails would be established in northern Florida, eastern Oklahoma, Kentucky, southern California and Minnesota.

DAMS AID LAND
Beginning 25 years ago, Edgar Pantermuehl, farmer in Comal county began the systematic construction of rock dams across a natural drain through his field of 65 acres. In the course of years, he has constructed eight of these dams, building them about five feet high through the middle of the wash, and about 200 feet long. This work has resulted in all dams filling up with soil off the field, and as Pantermuehl expresses it, "the only decent part of the field is that built-up between these dams." These dams worked into a terracing system whereby terrace lines were run from each end of the dams, leading all water into this center drain and over the dams, according to the county agricultural agent. Fresh oysters, any style or in bulk.—Bill's Cafe.

FARMERS PAY 86% OF INSTALLMENTS WHEN DUE

Farmers' interest payments on land bank commissioners' loans registered another substantial gain during the last quarter of 1935 and at the end of the year total interest collections were more than 86 per cent of all maturities, a new high point, according to the report issued by the Farm Credit Administration February 1. Total interest maturities to the end of 1935 amounted to \$42,500,000, of which \$36,000,000 or 86.3 per cent had been paid, compared with \$32,300,000 matured to September 30, 1935 and \$26,700,000, or 82.9 per cent, paid at that time. Maturities of interest at the end of 1934 amounted to \$8,000,000, of which \$6,000,000 had been paid on December 31 of that year. The first of the commissioners' loans were made in May, 1933 and the total outstanding at the end of 1935 was \$795,000,000.

"Since interest installments on these loans made under the emergency refinancing program began to mature 2 years ago, the collection ratio has climbed upward steadily," Governor W. I. Myers of the FCA stated. "It is very gratifying to find that the overwhelming majority of farmers who obtained these loans—and over half of them were on second mortgage security—are now measuring up to their obligations and making every effort to attain a 100 per cent record for payment of their installments."

PICKING STRINGS

A boy who spends an hour a day picking out the harmonies of Bach and Beethoven is not likely to devote any of the other twenty-three hours to imitating the career of Dillingham. In this belief years of experience have confirmed the directors of the New York Association of Community and Settlement Music schools. Ten of these schools now dot the map from the Bronx to Brooklyn, giving to some 3,000 children from the sidewalks of New York a coveted chance at the joys of musical performance. And many a Mamie O'Rourke, and possibly here and there a Yehudi Menuhin, are getting their first thrills of musical appreciation and accomplishment in violin, piano, clarinet or cornet lessons under the schools' devoted and often extremely expert teachers. "All the schools place chief emphasis on music as an avocation; a means of recreation, of self development, of interesting associations with worth while people," the schools state. "In their class rooms one often finds youths of fifteen different nationalities working together harmoniously. How plainly this brings home to us the fact that music is the one great international bond between peoples."

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right."

CARDUI
Thousands of women testify Cardui benefited them. If it does not benefit YOU, it is not a pill.

SWORDFISH SINKS BOAT IN THE GULF OF ADEN

In the Gulf of Aden recently a giant swordfish rammed an Arabian dhow and sent it, with its cargo, to the bottom. Fortunately, the fifteen men aboard were all saved. Although rarely seen, the monster fish—often fifteen feet long and 300 pounds in weight—is known and feared by the seamen of these waters. When it charges, its sharp and elongated upper jaw easily pierces the flimsy wood of the dhow's, the single-masted coasting vessels with lateen sails which ply the seas around Arabia.

PRESIDENT OF M. T. E. A.

The Fort Worth Star-Telegram of Saturday, February 8, carried our superintendent's picture and the following item:

"A. H. Smith, superintendent of Goldthwaite schools, presided over the twenty-ninth annual session of the Mid-Texas Educational association, which met at Brady February 7 and 8. Some of the foremost educators of Texas appeared on the two-day program."

GLEE CLUB ENJOYS TRIP

The glee club spent last Friday in Brady and Brownwood. The club went to sing at the Mid-Texas Educational association. From all reports, it seems that their singing was successful. The club sang and then listened to the speeches and explored the city of Brady. Only two members of the club were successful enough to secure Mr. Doble's autograph. However, the whole club was privileged to listen to him speak for a few minutes. He is a very wonderful man and, though he does not look like Will Rogers, he speaks in a manner resembling that of the great humorist.

THANK YOU, MR. SMITH

The girls' glee club wishes to express its appreciation to Mr. Smith for the trip he allowed us to take. We especially wish to thank him for allowing us to stop over in Brownwood.

Wee-End Here

Here I lie upon my bed
 My mouth is dry, look! What a head!
 My muscles ache, my feet are sore
 This morning after the day before.
 Can't taste my food, and have no pep,
 Spent all my dough, and lost my rep
 Just let me sleep—cause I sure feel bad
 But, oh, what a marvelous time I had.

NEW SCENIC LAKE ROUTE

Travelers in South America may be divided into two classes; those who prefer the gayety of big cities and fashionable beaches like Vina del Mar in Chile, and Mar del Plata, Argentina, and those who adventure into the byways. The latter are discovering new charms in the lake trip from Buenos Aires on the East Coast, to Osorno, Chile, on the west. Reached only by ox-cart up to a year or so ago, the district may now be explored by a combination rail-steamer-motor route.

RUPTURE

Redlich, Minneapolis, Minn., will demonstrate without charge his "Perfect Retention Shields" in Lampasas, Wachen Hotel, Friday, February 11 and in Brownwood, Southern Hotel, Saturday, February 22. From 10 A. M. to 4 P. M. Please come early. Evenings by appointment.

Old Man Winter has been sashaying around our streets the past week in his latest northern clipper, to the discomfort and inconvenience of comers and goers. Most of us have been staying indoors on a safety lookout. But—it wasn't bad—could have been two feet of snow or ten inches of rain, with mud and slush and ooze and cold you know, with dampness creeping in at every stitch from head to tip of toe.

FRANCE CUTS RAIL RATE

France is offering a 40 per cent rail rate reduction between May and August and is looking forward to a lively summer at its various resorts. Sights in and around Paris, gala nights at Versailles when the great fountains play under colored flood lights, religious festivals in Brittany (such as the blessing of Concarneau's famous blue fishing nets), the Grande Semaine at Longchamps, where fashion and the horse share honors during a brilliant racing week, are part of a diversified program in the making.

Trolley Folly: Fifty-five passengers on a Minneapolis trolley noticed the car took a wrong turn, but the motorman reassured them: "Just keep calm. I'll get out of this." On and on they went. Finally their pilot confessed: "Doggone, I'm lost. Let's call it a day."

So he let his passengers off and then set out for the west side car barn—only to turn up at the East Side shed. Officials explained he was a new man.

What's in a Name? In Detroit, Abraham Saway told the judge he wanted a divorce because his wife wanted to name their youngest son Robert. "What's the matter with Robert?" asked the judge. "It's a perfectly good name, your honor. The only trouble is that I have another son named Robert."

Check Back: A year ago Jean Schoening, San Francisco nurse, loaned a patient \$2.50. Last week when the borrower gave her a check for \$5, Mrs. Shoening insisted on giving her \$2.50 in change. When the check came back from the bank, it was marked: "No account."

Definition: Dr. Ben Reitman of New York clears up a point: "Don't call a hobo a bum or a tramp. He's a citizen afflicted with dignified unemployment."

Smash-up: George J. Seaman couldn't unlock his parked car in Chicago so he called a mechanic who tinkered an hour in vain. Seaman ordered him to break a window. But the ignition key wouldn't work either. Then he found he had the wrong car. When he returned from notifying the police, the damaged car had disappeared.—News Week.

Prompt development of the nation's manganese resources to permit a quick wartime expansion of steel manufacturing was urged before the senate munitions committee Friday as an essential of national safety. If increased collection of taxes indicates improvement in economic conditions, then Texas is in much better shape than nearly all of the other 48 states. The federal commission of internal revenue has just issued a survey on collections up to December 31, 1935, which covers a six-month period, and the first district of Texas has a record exceeded only by one other, the first district of New York. VALENTINE MENUS

Valentine truly calls for a party; something to remind one of the laces and frills of the hooped-skirt days.

If it is for your family alone or for your sub-deb daughter's friends let it still be a party. Don't make the refreshments too elaborate and varied but let them be tasty and dainty.

Menu No. 1

Chicken salad in lettuce cups, heart shaped sandwiches with assorted spreads, radishes, celery curls, olives, marmalade meringues with raspberry ice, hot tea.

Chicken salad: 3 c. cold chicken, 1 1-2 c. celery, 1 t. salt, 2 hard cooked eggs, mayonnaise, 2 t. sweet pickle relish. Chop chicken and celery and combine all ingredients. Mound individual lettuce leaves. Garnish with slice of hard cooked egg and topped with tiny heart cut from pimento.

Marmalade Meringue: 3 egg whites, 1 1-2 t. vinegar, 1-2 c. sugar, orange marmalade. Beat egg whites till foamy, add vinegar and beat until stiff. Gradually add sugar and beat until mixture will stand in smooth, glossy looking peaks. Shape by spoonfuls on lightly greased paper. The center should be shallow with high outer edges, garnish edges with bits of marmalade. Bake twenty minutes in a slow oven (300 f.), turn off heat and let them dry for thirty minutes longer. In using a well insulated oven, open the oven door when turning off the heat.

Menu No. 2

Stir until dissolved. Add the remaining juice and seasonings. When slightly thickened, add celery and pickle. Pour into molds and chill. Turn out on lettuce. Top with mayonnaise.

Peppermint Lime Ice Cream: 1 package lime gelatin, 1 1-2 c. hot water, 2 c. whipped cream, 1-4 c. broken peppermint candy. Dissolve lime flavored gelatin in hot water. When slightly thickened fold in 2 cups whipped cream and the broken peppermint candy. Freeze in refrigerator or in freezer.

HUDSON BROS., DRUGGISTS

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and

heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

UNIVERSITY STUDENTS WORK THEIR WAY

Nearly four thousand of the 7,662 students who attended the University of Texas last year contributed toward their financial upkeep, it is shown by a report of the registrar for 1934-35. A total of 3,940 students earned all or part of their university expenses last year, or 51.42 per cent of the entire enrollment. This was a slight gain in self supporting students over the preceding year, when 3,272 students, or 49.17 per cent of the total enrollment worked to aid in financing their education.

Men students work to pay their school expenses more often than do girls, the registrar's report indicated. Last year 611 women students earned all or part of their university expenses, either before entering or while in school, 24.45 per cent of the girls enrolled, while 64.47 per cent of the men students, or 3,323, worked.

OBITUARY

MRS. L. B. WALTERS

February 14, Valentine day, and with it came memories of one who in her active years was one of Goldthwaite's most progressive and alert minded women. February 14th was her birthday and always was a most happy occasion to her.

Lottie Pptnam Walters was born in Cooke county, Illinois, and at the age of two years she moved with her parents to Missouri, where she lived until coming to Texas.

At the age of eighteen she was converted and united with the church. For several years she taught in the public schools of Missouri. On November 24, 1880, she was married to Loren B. Walters at Nevada, Mo. In 1891 she and her husband and baby came to Texas, locating in Georgetown. Here Mrs. Walters was always active in church work. She was worthy matron of the order of Eastern Star. She helped to organize the first King's Daughters chapter in Georgetown.

In 1904 Mrs. Walters and her family moved to Goldthwaite and it is in this community that she left a decisive influence on all things cultural. She was a devout church member, being an active worker in the Methodist church as long as her health permitted her to serve. She was an ardent student of the Bible and what a solace this proved to her in the last years of her life. In 1905 she organized the Self Culture club, the first study club in Goldthwaite. The activities and membership of this club were ever dear to her heart. In her last years, when she was no longer able to attend the club's meetings, the membership always made of her birthday, Valentine day, a day for sending her messages and tokens of their love. Several years after organizing the Self Culture club, Mrs. Walters helped organize the Parent-Teachers association and served as its first president. Never did her interest wane in anything pertaining to education. Her community was her life and her whole-souled desire was to see it move forward.

Her brave spirit and fortitude in her years of invalidism made Mrs. Walters an inspiration to her family and friends. Her keen sense of humor and her interest in and sympathy for her fellowman, which had served to bolster and cheer many in her younger years served to add color to her own last years.
