Sharp fighting developed among milling crowds of several thousand Friday as non-striking employes tried to leave the R.C.A. manufacturing company plant. Several were hurt and police, overwhelmed in numbers, were able to do little. The rioting occurred two hours after Supreme Court Justice Frank T. Lloyd demanded more than a half million dollars bail for the release of 101 persons held in connection with Thursday's disorders. Strikers were reinforced by a thousand or more workers from the Camden yards of the New York Shipbuilding Corporation and other sympathizers. Thousands more, merely spectators, jammed the streets and heightened the difficulties of the police.

Two comets now are visible at night to the naked eyes, offering one of the rarest spectacles in astronomy. The comets are the first visible without the use of telescopes since Halley's comet appeared 25 years ago. It is not the first recorded appearance of two comets simultaneously, for in 1852 twin comets were observed less than 2,000,000 miles apart. Few persons other than astronomers have seen the comets. They have come into the range of the naked eye only in the last few days. The brightest of the pair, discovered by Leslie Peltier, amateur astronomer of Delphos, Ohio, can be seen easily in the northeast beginning about 10 p. m.

It is important to read the advertisements in the Eagle. They all carry a profitable message.

Considering how fine this railroad transportation is nowadays, you can't travel any cheaper. Fares lowest in history—substantial savings on round trip tickets. So why not take the train? It's safer. It's more dependable.

You can't beat the improved travel comfort in coaches and sleeping cars. It's a good thing movies don't have such restful seats—most folks would sure fall asleep.

Ever hear about the new Free pick-up-and-delivery of less than carload freight? It's a great convenience to shippers and receivers alike. Western railroads pick up at the door, ship by fast freight, and deliver to door at no extra charge.

Railroad trains are running on faster schedules these days. Seems like the iron horse wants to show these new streamlined diesels that he can step out, too. Both passenger and freight schedules have been speeded up.

What's more, the railroads believe in "safety first." Last year not one passenger was killed in a train accident on western railroads.

Talk to your local railroad agent. He's full of information about traveling and shipping.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

To the Voters of Precinct No. 1

I wish to express my thanks to all my friends who supported me in the last primary.

I also wish to thank those who voted for other candidates, for the kind consideration accorded me during the campaign.

As I was the leading candidate of course I will be in the second primary, but due to an operation, I have had it will be impossible for me to make as strenuous a campaign as I should, but if you elect me I promise you that I will be the same careful conscientious commissioner that I have been.

Yours respectfully,
L. B. BURNHAM.

STAR

You've heard of stars being in collision, "busting," blazing, shooting, falling and the like. Well, our little town of Star hasn't done anything like that, but it has been in a whirl the past few weeks, and a lot of dust has been stirred up making our flower beds look dizzy and desperate. Water will sustain life of course, but the persistent scorching winds will also shrivel the tender leaves. It seems futile to try to have lovely flowers, when scorching winds are abroad. But, all in all, we've had a good July—the nights have been delightfully cool—cool enough for a good heavy blanket over you before daylight. Makes a body think of Wyoming nights where the stars hang low. We had a good shower about ten days ago which helped a lot. June corn and black-eyed peas are coming on nicely.

Irving Wolfe and family of Houston spent the week-end with Mr. Wolfe's daughter, Mrs. Carl Teague, and family. They left Tuesday morning to visit other points in Texas.

Mrs. Sam Williams and daughter, Mrs. De Alva McBurney, of Scottsdale, Ariz., are visiting relatives and friends in Star this week. Mrs. Williams is a former resident of our community, but left our little town of Star some years ago for a more habitual place in the desert.

The shower given by Mrs. Shir Hurst last week, honoring Mrs. Johnnie Soules, was a gay affair. The gifts for the bride were many and refreshments were served to some fifty-two guests.

The Baptist meeting closed Sunday night. Brother De Hart did some earnest preaching, which was enjoyed by all. He was accompanied by his wife and daughter during a part of the meeting. Bro. De Hart has been offered the pastorate here for another year, but is undecided as yet as to whether he will take it.

B. P. Goode and family visited Mr. and Mrs. G. D. Burney of Evant last Sunday afternoon.

Mrs. Luther Teague is spending the week with her son, O. B., who has been confined to a hospital bed in Corpus Christi for several months. O. B. was hurt in a fall some time ago and is reported not doing so well at this writing.

Walter Campbell of Myrtle Creek, Oregon, is visiting his sister, Mrs. Fred Shave, of our community, and a brother, Bob Campbell, of Evant.

A breath of bloom is on the air, the breeze is laughing low, time is gasping in despair to get these items on the go. So long, friends.

MARRIAGE YOWS TAKEN IN BEAUTIFUL CEREMONY

Miss Margie Featherston became the wife of Mr. Floyd Manuel of Houston Sunday morning, July 26, at seven o'clock in a beautiful garden setting. Trees with heavy foliage formed a v-shaped background. Large bowls of wild sunflowers were arranged on either side of the improvised altar.

Proceeding the ceremony, Misses Mae, Fay and Lettie Featherston sang "Believe Me If All Those Endearing Young Charms," and Mrs. Nolan Horton read a poem, "Three Wishes For A Bride And Groom." They wore garden frocks in pastel shades of orange.

The bride arrived at the altar with one attendant, Miss Ruth Featherston, who wore blue seersucker organdy with a blue picture hat. The bride wore pink lace over a lighter shade of pink with a pink picture hat.

She carried a spray of pink gerbera and a Bible bound in white and tied with dainty pink and blue ribbon.

The groom wore a white suit and was attended by his brother, Mr. Mark Manuel, who wore a dark suit.

The bride was given in marriage by her father. The Rev. Liles read the beautiful ring ceremony.

The guests included the immediate families of the bride and groom and a few close friends.

After the ceremony the guests were invited into the living room where the bride cut the beautiful three tier wedding cake. Then wedding cake and punch was served.

Immediately after the reception the bride and groom left for Houston. The bride wore a dress of alpaca sheer accented with green and black accessories.

Mrs. Manuel is the daughter of Mr. and Mrs. C. G. Featherston of Goldthwaite. She attended Southwestern university, North Texas State Teachers'

This sprinter can't win races hampered by this outfit! Cheap, poorly refined motor oils are likewise hampered—by waste material—carbon, gum and sludge-formers—that should be removed by further refining.

Now he's less hampered—but not entirely free. Likewise, most 25c oils are rid of some excess waste material—but not enough. For until Gulf perfected its Multi-sol process, a thoroughly refined 25c oil was not available.

Here's the sprinter "stripped for action"—like GULFLUBE MOTOR OIL. Stripped of all excess waste by Multi-sol refining. Gulflube is the finest 25c oil in America! Actually premium quality oil, "all of it goes to work, none of it goes to waste." Try a filling—at the sign of the Orange Disc.

RESULTS OF THE PRIMARY

The most surprising feature of the primary elections held last Saturday was the large number of ballots cast. Newspapers and candidates alike had predicted that only a small number of votes would be cast.

The fact that this is also a presidential election year has little if anything to do with the number of votes cast in the primaries because few, if any, of the presidential issues have been involved. All down the line, the ins, as usual, made a better showing than the outs who aspired to succeed the former.

Surprisingly little hard feeling has been engendered by the first primary. It is sincerely to be hoped that the voters in the second primary next month will retain a dispassionate attitude and cast their votes in accordance with the record and not by prejudice.

GOVERNOR LANDON ACCEPTS

It is difficult to appraise Governor Landon's speech of acceptance fairly. Certainly it lacks a great deal of being the divine revelation of truth which William Randolph Hearst has called it. Nor is it the weak straddle that it appeared to Jim Farley. It is a clever document well written and accurately timed. It contains all the well-worn political promises of economy in government, lower taxes, adherence to the constitution, and a pledge of peace.

In several important particulars Governor Landon's own official acts present a wide divergence from his platform promises. He extols the civil service and promises to extend it if elected president. Yet as governor of Kansas he has never done one thing in its behalf. He decries the spoils system of politics, yet his election in Kansas was the signal for a complete housecleaning of all state employees who were not Landon men.

One touch of humor enlightened the speech. "Through a vigorous enforcement of the anti-trust laws," the candidate recited, "we must be freed from private monopolistic control." This from the candidate of the Mellons, the Morgans and the DuPonts is just a little too thick. With their campaign contributions still jingling in the Republican war chest, it is difficult to imagine these representative monopolists being very much afraid of what their nominee would do to them.

As a speech, it may be hard to appraise. As political hokum, Governor Landon's speech of acceptance is an outstanding masterpiece.

CHILD PARALYSIS RARE IN TEXAS

Texas is practically free of infantile paralysis while that dread disease and particular foe of young children is reaching epidemic proportions in Alabama and adjoining states. Reports to the state health department disclose only 18 cases from 16 widely separated counties in every geographical section of the state since January 1. Only one case in Texas was reported last week from the entire state. There were 36 cases of the disease in Texas during the first six months of the year.

Children under five are more susceptible to the disease and all children under 12 should be watched for suspicious symptoms. There are important things to do when a child shows symptoms. A physician should be called at once and physicians should report all cases to the health authorities immediately. When the disease occurs all cases should be isolated for 21 days. All milk should be boiled unless it is pasteurized.

Children should not visit homes where the disease exists or there are symptoms of it. Files should be killed and their breeding places destroyed. Promptness in diagnosis of poliomyelitis is important in preventing spread of the disease.

To The Citizenship of Mills County:

Dear Friend:
I want to use the medium of the Eagle to express to you my appreciation for the excellent vote given me on July 25 in my race for state representative.

There are many who did not or could not vote who gave me all the help possible. To you, I am grateful. If I am elected, it will of necessity be through the help of my friends and those who believe in me. I could receive no greater encouragement or inspiration in case I am elected than to feel that my home people have stood by me. You have done that very thing in a big way, and I want you to know that I appreciate it.

To those who for one reason or another could not vote for me in the first primary, I want you

to know that I want and will appreciate your help and vote in the second primary to be held August 22.

From now until August 22 much work will need to be done. The first primary determined the nomination of many state, district, there will be a tendency for voters to lose interest. This may in turn result in a small vote on August 22. Let me suggest, that you now begin planning to go to the polls on August 22.

It may be impossible for me to see you personally due to the limited time, so please consider this a personal solicitation for your continued support.

Again, I appreciate your help and expression of confidence.
TOLBERT PATTERSON.
