GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, NOVEMBER 13, 1936

NUMBER TWELVE

PASTORS NAMED AT CONFERENCES

J. K. Beery was named pastor of the Methodist church at Goldthwaite by the West conference at Houston last night. Rev. Beery and wife arrived here yesterday and were welcomed with an old-fashioned Methodist pounding of the pot. They come to Goldthwaite where his work is much favored. Rev. Beery is a talented worker, formerly of the First Methodist church at Goldthwaite. They will both find a warm welcome from citizens and a reception in their homes. The Women's society, which is holding the reception has invited to all members and friends of the church to be present.

Rev. E. Duke and Mrs. Duke arrived here yesterday for his new assignment at Eagle Lake. Rev. Duke is one of the best of the conference in the state. He and Mrs. Duke are good wishes of a host of friends.

Nazarene Remarks

Last Sunday we began our third year's pastorate here. It has been with great pleasure we have served the church here two years, as well as the delight which has been afforded us through fellowship and association of the congenial spirited people of Goldthwaite. We have come to feel at home among these fine people. While these two years have been of marked progress for the local church, yet we trust no one will sit idly by and satisfied with the attainments which we have reached, but will face this new assembly year with a determination to be of greater service to the church and the community in which we live than we have been in the past.

Our regular services are as follows: Sunday school, 9:45 a. m.; morning worship, 11:00 a. m.; N. Y. P. S., 6:00 p. m.; preaching at 7:00 p. m.; prayer service, Wednesday 7:00 p. m. The message Sunday morning will be on Stewardship. We invite you to worship with us.
CHARLIE HARRISON, Pastor.

FEWER FAILURES NOW

Only seven commercial failures occurred in Texas during October according to the University of Texas bureau of business research. Failures last month decreased both in comparison with the preceding month and the like month last year, and liabilities of the bankrupt firms also declined sharply, the bureau has announced.

According to reports from Dun and Bradstreet, Inc., the seven failures in October contrasted with nine in September and eleven during October, 1935, the bureau's statement pointed out. Liabilities of the bankrupt firms totaled only \$62,000, a decline of 45.5 per cent from the preceding month and 61.2 per cent from the corresponding month last year.

TEXAS DEMOCRATS GO OVER QUOTA

Contributions of Texas Democrats to the Roosevelt-Garnett campaign fund exceeded those of any other state in the nation with the exception of New York. State Campaign Director Roy Miller announced this week.

With this state's contributions already approximately \$275,000, or \$25,000 in excess of the quarter-million-dollar quota fixed by the Democratic national committee, each mail delivery brings more funds from rural sections of the state.

But a national party deficit of approximately \$500,000 exists. Mr. Miller was notified by national headquarters in New York, and Texas Democrats will be asked to do their share by helping to balance the Democratic party books.

"I have yet not been notified of the exact amount this state will be expected to raise, but I am certain that we shall have little trouble in raising it. If our campaign is as successful as the pre-election drive for funds," Mr. Miller declared.

The Texas campaign fund this year was made up of the largest number of individual contributions ever made to any political campaign in the history of the state, Mr. Miller said. He estimated that more than 20,000 individual donations to the party's "war chest" were received from Texas Democrats.

Fifteen thousand postcards, used to acknowledge contributions of one dollar or less, were mailed to contributors from state headquarters. Some of the contributions were as low as six cents.

Officials and employees at Austin headquarters were busy this week preparing a tabulated report showing the amount of contributions received from each congressional district in the state and from each county in the state. While no official statement has been made it is expected that the contributions made by each county will be taken into consideration when requests for federal grants are made.

Church Of Christ

The question is sometimes asked, "What Would Jesus Do Were He In Our Place?" This would leave the inference that he did not have to face temptation as we, but the Bible says he was "tempted in all points like as we." Human nature does not change. Our Lord was not hedged around so he could not be tempted. He was human as well as divine. There are only three avenues of approach in temptation: "The lust of the flesh, the lust of the eye and the pride of life." Our Lord was tempted from these avenues, but was able to say in each temptation, "It is written." Were he here today, he would still be able to say, "It is written." He left us an example that we should walk in his steps. The question is no longer, what would he do, but what will I do? Do I know His truth? Do I love His truth? Will I follow His example.

All Christians are interested in these questions being answered affirmatively. You will find a welcome at the Church of Christ, and an opportunity will be given you to study what Jesus and his apostles taught on the great issue of life.
E. W. STOVALL, Minister.

ALL LETTERS MUST BE SIGNED

The Eagle received this week a nicely written letter from a nearby school which it would have been glad to publish but for the fact that no name was signed. All letters and other communications must be signed or we cannot publish them. The signature will be omitted from the paper, however, if the writer so requests.

DYNAMITE AND OIL

Atchison, Kan.—Trapped in the crushed cab of their truck and showered with ignited gasoline, two drivers were burned to death, when colliding with another transport loaded with dynamite five miles southwest of here. What is left of it after the fire is in the foreground of the picture. It is such disasters as this, endangering the lives of the mounting public generally, that induced the National Safety Council to consider rigid legislative measures for safety. This includes maximum hours of service by drivers, inspection of the vehicle, particularly as to the carrying capacity of the body in relation to the amount, inspection of brakes, lights and tires.

METHODIST MEET A GREAT EVENT

Celebrating one hundred years of Methodism in Texas, the five Texas conferences of the Methodist Episcopal Church, South and the southern conference of the Methodist Episcopal church met together for the first time in history in a joint session in Houston last week.

Mrs. R. M. Thompson, publisher of the Eagle, attended this great meeting and returned Tuesday with an enthusiastic report of the proceedings.

Each morning the business sessions of the various conferences were held at different churches. In the afternoon the delegates met at the First Methodist church for devotional meetings which were conducted by the bishops or by returned missionaries. Each night a general assembly was held in the municipal auditorium where fully one thousand stood although seats were provided for 5,000 and many were turned away for lack of room.

Sunday afternoon stereoscopic pictures were shown illustrating the history of Texas Methodism from the crude log cabins of pioneer days to the beautiful churches of the present day. Having attended services in most of the newer churches shown, Mrs. Thompson was especially interested in this part of the program.

The highlight of the week, she said, was the ordination Sunday afternoon in the city auditorium of 75 young preachers. One third of the lower floor was reserved for young people, and this section was crowded with interested young men and women who witnessed the impressive occasion. Each bishop ordained the ministers from his conference and Bishop Mead of Kansas City preached the sermon.

Another interesting occasion was the great Sunrise Prayer-meeting in Miller Memorial outdoor theatre in Hermann Park where thousands braved the inclement weather in a solemn service of prayer and thanksgiving and heard Dr. Charles S. Seaman, president of Southern Methodist University, deliver a centennial message.

Senator Morris Sheppard, a self-addressed Texas under-flags and Texas Methodism. Dr. Roy L. Smith, a leading preacher from California, gave one of the finest sermons of the conference.

Several significant resolutions were passed by the assembled conferences. The most important was one favoring the re-uniting of the northern and southern branches of the Methodist church which divided in 1844 over the question of negro slavery. They also approved the omission of the word "Episcopal" from the church name, leaving it simply "Methodist Church." Separate and distinct conferences for negro members will be established if the plans for unification are adopted by the respective general conferences.

Houston residents did everything possible to make the stay of the 1,200 visiting preachers and 9,000 other delegates and visitors pleasant.

BIBLE STUDY

Circle No. 1 of the Baptist church, met with Mrs. Lindsey Ashley Monday afternoon with 16 members present. Mrs. Lindehoger brought an interesting devotional reading of the 163rd Psalm. We sang an old song, our fathers and mothers used to sing. Mrs. Bowman gave a splendid talk honoring Armistice Day. Mrs. Sanson taught our Bible study, "From Adam to Moses." The lesson was on the chapters telling of Isaac, Esau and Jacob and she made it very interesting. We sang, "Blest Be the Tie that Binds Our Hearts in Christian Love."

R. T. U. BRIEFS

The senior R. T. U. of the Goldthwaite Baptist church met 6:15 o'clock Thursday night for their monthly social which was a Wiener roast. A splendid time was enjoyed by a great crowd. The R. T. U. meets each Sunday night in the church at 6:00 p. m.

PRIVATE SOLDIERS TRY FOR WEST POINT

The road to commission in the regular army is not an easy one as thousands of West Point graduates, cadets, and young men who hope to enter West Point will attest.

Nor is the road to West Point a flowery path. Witnesses to this latter fact are those hundreds of young men in all parts of the United States who are busily engaged in poring over textbooks in preparation for the final entrance examinations for West Point to be held next March. But every encouragement is given by the army to promising industrious young men who aspire to become the nation's future army officers.

In line of promotion of incentive as evidenced by the interest the young men who in the military service, the army follows a policy of permitting them to enlist for a year with a view to securing appointments to the United States Military Academy.

In the eighth corps area now, for instance, there are four West Point preparatory schools being operated under the direction of Major General H. J. Brees, commanding general of the eighth corps area. These schools are operated for the benefit of the men who have enlisted for a year.

The largest of the four preparatory schools is maintained at Camp Bulls, Texas, some 18 miles north of San Antonio, Texas. The other schools are located at Fort Sill, Oklahoma, Fort Bliss, Texas, and Fort Francis E. Warren, Wyoming.

At the present time 52 young men are living and working toward a common goal, admission to West Point. The fact that only

the fittest survive is evidenced by the drop in enrollment. The school started last September with 91 hopefuls.

The corps of prep school cadets is divided into two sections. Each section occupies separate barracks building. While one section is in the class-room, the other section is in the barracks at study—a study hall supervised by a commissioned Army officer. These men are enrolled in six subjects, namely mathematics, algebra, and plane geometry; history—Ancient and U. S.; English—grammar, composition and literature, English and American.

They spend three hours a day in class recitation and two hours a day in supervised study hall. Each man is also required to participate for an hour and a half each day in some sport.

The material covered during the three month's course at the Prep School is equal to that ordinarily covered in a year's academic course elsewhere.

To prepare the students for the strict discipline of the military academy, Lieutenant Stewart requires the barracks quarters to be kept immaculate and orderly.

There is a place for everything and everything must be kept in its place. Daily inspections are made. Bunks must be made up before classes start each morning. Demerits are given for infractions of the rules and an accumulation of demerits means the loss of a week-end pass.

Every student now is working toward the decisive preliminary examinations to be held on December 2, for upon that exam depends the fate of this year's cadre of enlisted men toward West Point.

From the entire corps area, the four prep schools, 13 men will be selected to continue their studies beginning on January 1, working toward the entrance examinations in March, 1937. The high 13 of the corps will come to Fort Sam Houston for the final three months instruction period.

Of the 1,960 cadets to be admitted to the military academy each year, 180 are enlisted men of the Regular Army and the National Guard, approximately 90 from each.

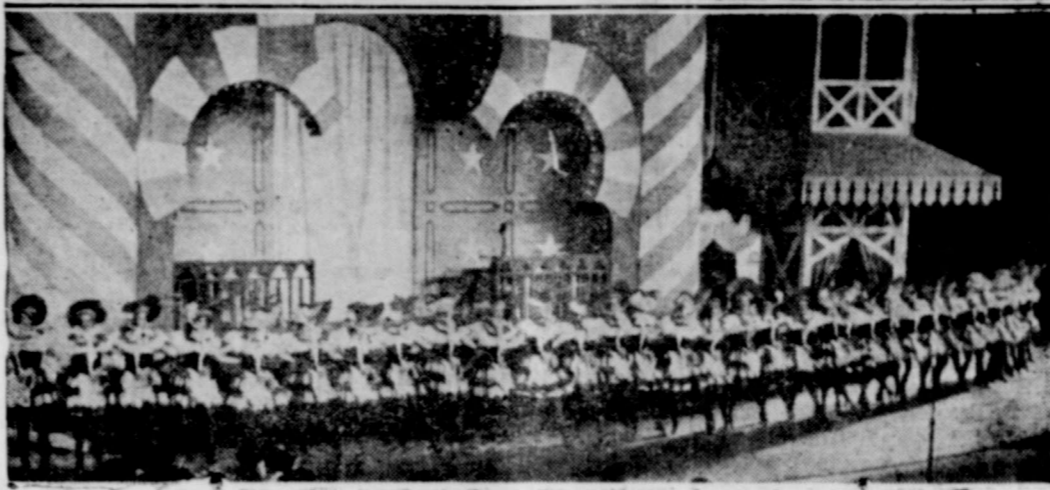

Section as one of the Regular Army's 90 to be taken from the entire United States is the usual goal of each of the enlisted men now attending the Eighth Corps Area Prep Schools.

But admission to the academy is even assured when one of the students is selected as one of the 13 Eighth Corps Area candidates, for he must pass successfully the entrance examinations for West Point before he is accepted as a cadet.

The roll of those students enrolled in the Camp Bulls Prep School includes 44 from Texas, 3 from Oklahoma and 5 from other states.

PLENTY OF ACTION IN FORT WORTH

The above pictures are unusual action scenes of two Fort Worth amusements—below is one of the chorus scenes in the Casa Manana revue at the Fort Worth frontier centennial, and (above) closes soon, while the Arlington Downs races are now in progress and will continue through November 28.

Casa Manana Closes Tomorrow Night

Texans still have a few days in which to witness both the Fort Worth frontier centennial and Arlington Downs races at the same time. The frontier centennial closes November 14, while the Arlington Downs races continue from now until November 28.

New acts have been inserted in the Casa Manana revue at the Fort Worth frontier show and those who have seen the revised edition say this sensational show is even better now than the summer edition. With the recent closing of Jumbo and the Last Frontier wild west show, Casa Manana and the west Texas building remain as the feature attractions of the Fort Worth centennial. Over 600,000 people have visited the free Will Rogers memorial exhibit which is located in the west Texas building at Fort Worth.

More than \$200,000.00 in purses will be distributed at Arlington Downs to owners of the nation's best thoroughbreds. Eight races will be run each day except Sunday, with the \$15,000.00 Waggoner Memorial Handicap scheduled for November 14. Located midway between Fort Worth and Dallas, Arlington Down makes it possible for visitors to attend the races and see both the Fort Worth and Dallas centennial exhibitions in one trip.

SIDEWALKS

This time it is not the "Side-
 walks of New York," but it is the
 sidewalks in Goldthwaite in
 which the student body is inter-
 ested. Of the news items released
 lately the one last week saying
 that the city council planned to
 build a walk to school carried
 with the most joy. Even though
 many of the pupils ride to school
 either on busses or in private
 cars all of them have occasion to
 walk to town often. The middle
 of the street is a bad place to
 walk over next to the fence
 where the sidewalk should be,
 but in reality where it is, a mud
 puddle is not much better. Come
 on city council. The entire stu-
 dent body is with you on the
 proposition.

EAGLES FLY OVER COYOTES

The Goldthwaite Eagles beat
 the Richland Springs Coyotes
 12 to 6 in the closest game the
 Eagles have played this season.
 The two teams were very evenly
 matched, but the Eagles showed
 that they had plenty of fight.

The starting line-ups for both
 teams were as follows:

Eagles	Position	Coyotes
Cauftman	1s.	Rushing
Berry	1f.	Mays
S. Faulkner	lg.	Howard
F. McKenzie	c.	Martin
Armstrong	rg.	McDonald
Miller	rl.	Miller
Faulkner	re.	Roper
Gray	qb.	Connor
Davis	lh.	Neeper
J.D. McKenzie	rh.	Whitehead
Langford	fb.	Holland

The most spectacular play of
 the game came when the Eagles,
 in the last three minutes of play,
 completed a forward pass from
 their own 45-yard line and Geo.

Ballard ran 55 yards down the
 field for the second touchdown.
 The Eagles made a total of 12
 first downs to the Coyotes 7. The
 Eagles gained 336 yards and the
 Coyotes gained 134 yards, and
 both teams made 3 penetrations.
 The next game for the Eagles
 is with Mason high school at
 Mason today (Friday). It prom-
 ises plenty of passing and punt-
 ing.

VOCATIONAL AGRICULTURE

On Tuesday, October 27, the of-
 ficers of the Goldthwaite chapter
 of Future Farmers of America
 went to Brownwood to the dis-
 trict meeting. Regular business
 was carried on, and afterward a
 band from Bangs played three
 numbers. The district chapter is
 going to have a band, and our
 president turned in a list of our
 members who could play band
 instruments.

Our class has been studying
 cattle showing, sheep, hogs and
 other stock. We are well into the
 course and our farm record book
 will be here in a few days. Our
 projects will be started on De-
 cember 1.

HOME ECONOMICS CLUB

The Home Economics club is
 sponsoring the skating rink Mon-
 day night, November 16. The
 money made will be used for re-
 decorating the home economics
 room. Everyone is urged to come
 and bring your friends. (and a
 quarter.)

GRAMMAR SCHOOL GOSSIP

Mrs. A. H. Smith brought her
 orchestra over to the grammar
 school and rendered a very en-
 joyable chapel program on Wed-
 nesday, November 4.

The seventh grade organized a
 citizenship club which will meet
 in English class every Friday,
 (thank goodness!) Fred Mc-
 Kenzie was elected president,
 Joe Boland, vice president; and
 Gloria Shaw, secretary. Differ-
 ent committees will have charge
 of the program each week in
 turn. These consist of the Safety
 First committee, the Foreign
 Lands committee, the Fire Pre-
 vention committee, the Good
 Manners committee, and the
 Current Events committee. We
 all think that this will be a plea-
 sant recreation as well as help-
 ful.

FRESHMEN COUNSEL

Someone is looking forward to
 a cheerful word, or friendly nod
 from you. Someone believes and
 trusts in you. Why not return
 this obligation? Don't choose
 your companions by their looks
 or spending money. There are
 goods spots in everyone. Try to
 bring out and cultivate these,
 instead of shunning or avoiding
 the person. Behind each word
 spoken by anyone lies a thought.
 Let no one deceive you by mere
 words. Look deeper into a per-
 son's heart and soul. Good
 friends are few and far between.

TIP FROM THE SOPHOMORES

We could get along a lot better
 in this world if we had a few
 less know-it-alls. Of course, we
 are always eager to learn new
 things and we do not mind being
 corrected when we are among

Less Monthly Discomfort

Many women, who formerly
 suffered from a weak, run-
 down condition as a result of
 poor assimilation of food, say
 they benefited by taking CAR-
 DUL, a special medicine for
 women. They found it helped
 to increase the appetite and
 improve digestion, thereby
 bringing them more strength
 from their food.

Naturally there is less dis-
 comfort at monthly periods
 when the system has been
 strengthened and the various
 functions restored and regu-
 lated.

Cardul, praised by thousands of
 women, is well worth trying. Of
 course, if not benefited, consult a
 physician.

intimate associates, but it steps
 on our toes just a little when
 someone sings out a correction
 of our speech in public. About
 the only thing we can do in
 such a case is to politely thank
 our Good Samaritan friend and
 just hope he will learn better
 some day.

FOOTBALL

Just at present the Gold-
 thwaite Eagles stand two thirds
 of the way to the top in the per-
 centage column. There are only
 three teams in the district with a
 higher rating, while there are six
 in the low end of the column.
 Three more games remain to be
 played. This (Friday) afternoon
 the team is in Mason. The sea-
 sons record thus far for both
 teams indicate that the Eagles
 should have the edge on this
 game. Of course the handicaps of
 a long trip and an unfamiliar
 field must be overcome. Friday,
 November 29 the Eagles play
 Burnet. This game will likely be
 played in Burnet Tuesday, No-
 vember 24 the locals will jour-
 ney to San Saba to play the
 game that was postponed two
 weeks ago. Our neighbors to the
 west have one of the best equip-
 ped fields in the district and a
 good strong team. Even though
 it is not a home game it is so
 close to home, and a night game
 too, that it will afford an excel-
 lent opportunity for our home
 folks to see the Eagles in action.
 In the minds of many, this year's
 team is the best that has been
 turned out in the local school for
 several years. Lets plan to go to
 San Sabs.

and sue you, sometime?"
 Here is something we are so
 much in the dark about as you
 are—maybe more so. Is Mr. Ste-
 phens in his second childhood?
 Letters to Santa Claus, it seems,
 are his present obsession. Don't
 anyone disillusion him!

Such impulsive girls there are
 in H.S.! Even the boys looked
 slightly aghast when several love-
 ly ladies hugged them heartily
 immediately after the Richland
 Springs game. But don't mistake
 us—we think the girls had the
 right idea!

We particularly like: The
 Richland Springs game. These
 persons who whole-heartedly
 support anything pertaining to
 the welfare of the school, wheth-
 er it be for their own enjoyment
 or not. The idea of the girls
 washing the football boys' sweat-
 shirts before the Mason game.
 We understand that their avow-

CHATTER COLUMN

Alack-a-day! Why doesn't
 something happen around this
 institution of learning? Assistant
 snoops, .000, .001, and .002 are
 on the verge of nervous break-
 downs from over keyholing, and
 still they insist nothing goes on
 behind those doors. Oh, if people
 only knew with what labor, what
 back-breaking toil this mud-
 puddle is compiled.

RICHLAND SPRINGS TAKEN IN

The majority of the pep squad
 will forever mourn the fact that
 it was impossible for them to go
 to Richland Springs last Friday.
 The time of the game prevented

the taking of the buses. But the
 minority of the pep squad have
 another story to tell. Some four-
 teen girls managed to find ways
 to make the trip, and they cer-
 tainly upheld the spirit of Gold-
 thwaite high school in a grand
 and glorious way. They quite out-
 yelled any competition offered
 them and managed to convey to
 the boys the fact that they rep-
 resented the entire pep squad
 and student body which were
 hoping mightily that we might
 win.

The score at the end of the
 game sent those who were not
 already hysterical into hysterics.
 But we assure you that it was not
 hysterics which made us grab
 those tired but happy boys and
 tell them how proud we were of
 them, how we knew they could
 do it, and glad we were to have
 our faith justified. It made this
 observer think of a time when
 those same gallant girls, though
 of the losing side, could say to
 the team, "that's all right, boys,
 you played a swell game. We
 will show them yet." That is the
 kind of girls the Goldthwaite
 high school football team has be-
 hind them—good losers and just
 as good winners.

 Ernest Fisher and family of Goldthwaite spent Sunday with Mr. and Mrs. Pickens Chancellor.
 Mrs. G. M. Fletcher and her daughter, Mrs. S. W. Isham, of San Saba went to Brownwood Sunday to see Wilbur Baskin who is in the hospital.
 Doris Patterson, student in T. C. U., at Wort Worth, spent the latter part of the week here with Tolbert Paterson and sister, Mrs. Leone Walton.
 John Carlisle is remodeling his home and making extensive improvements. Fred Mosier and L. T. Reid are the carpenters at work on the job.
 Friends here of J. A. Childers will regret to hear he was thrown from his horse several days ago and received a rib injury and

minor bruises. At last report he was resting well.
 Wilbur Baskin underwent a major operation in Brownwood Friday and is reported very ill, but holding his own well and a good chance for recovery. His parents, Mr. and Mrs. G. O. Baskin, are at his bedside.
 Mrs. J. L. Pettit visited with her friend, Mrs. D. J. Lockett, Saturday while Mr. and Mrs. Bert Lockett attended trades day in town. Mrs. Pettit has many interesting reminiscences about the Indians in the long ago, and once Mr. Pettit killed a bear in his own yard and the family grew tired of bear meat.
 Miss Opal Hamilton of Dallas is at home for a two weeks vacation, to the delight of her many friends and equally as pleasing to Miss Hamilton, for there is no place like home and the cheery fireside with the family circle unbroken and its great to have the young people back on frequent visits.
 We are indebted to a friend, Mrs. Wm. M. Andreas of Bellville, for a believe it or not item. Dave Eaton of Mullin, age 77, has been a barber for 54 years and can cut a man's hair in seven minutes and do a good job of it. He is also a genial friend, good neighbor and citizen and regular advertiser of his shop in the Enterprise.
 Mrs. Arthur Shelton is at Lometa with her father who is ill. Mrs. Barney McCurry of Smithville has written relatives of a pleasant and profitable trip to Houston where she attended the Methodist general conference.

Mr. and Mrs. S. H. Davis returned home from Brownwood the first of the week, where they had been with Mrs. Ernest Ingram who is convalescing from a recent illness.
 C. C. Hancock received a telegram Saturday asking him to come to Harlingen and accept a splendid clerical position in the Madison hotel in that city. Mr. Hancock has gone to accept the position and while he is away Miss Carrie Kirkpatrick will assist Mrs. Hancock in keeping the home fires burning and the variety store moving along nicely.
 Mr. and Mrs. Sam Neill and daughter, Mrs. Guy Harris, of Quitaque made a recent visit to his brother, J. H. Neill, and family. Mrs. Sam Neill will be remembered at Trigger Mountain and Brown's Creek school as Miss Mollie Ard. It has been about twenty years since she has been back here and could see many improvements, especially in roads and good farms.
 Mr. and Mrs. J. P. Lockridge and sons enjoyed a trip to Fort Worth the past week. Mrs. Lockridge was enthusiastic over the lovely fur coat on exhibit in one of the windows that has been so extensively advertised recently. The coat has created much admiration and many window shoppers for a number of days. Yes it pays to advertise, so says this successful store.
 Ray Duren and family of Brownwood spent the week-end with their parents at Duren and Prairie. Mr. Duren expects to get his degree at Howard Payne in May. He is well and happy and hard at work. It is a fine move for him to go on to college and complete the course he had looked forward to for several years.

MURDER WILL OUT
 The petty thievery that has struck this town along with a few of the neighboring towns is like an epidemic to be regretted.
 Friday night several automobiles were drained of gas and robbed of accessories, one tire swiped. Its lamentable when thieves slip in and steal from honest and deserving people and get off with their loot. For the quicker they are caught and made to pay, the better it is for all concerned. If it happens to be a youth, he could probably be awakened to his wrong doing.
 Be sure your sins will find you out and eventually the thieves will be caught and will pay.
 Perhaps Dillinger felt safe and wise when he first appeared to get by with petty offenses. No he did not really get by, he paid for his crimes and paid dearly with his life.

P-T-A. HOLDS MEETING
 The local P-T-A. held its regular meeting on Thursday afternoon, November 5, with Mrs. E. J. Casey presiding.
 An interesting program was presented which reads as follows:
 Song: "He Leadeth Me," led by Miss Fisher, accompanied at the piano by Miss Hall.
 Prayer—Mr. Perry.
 "Teaching Honesty in the School," Miss Fisher.
 Prayer—Mrs. J. D. Giles.
 At the conclusion of the program a short business session was held. A report was given on the hallowe'en carnival by Mrs. Casey. Mr. Patterson gave the report of the project committee. Miss Summy, Mrs. Pyburn and Mr. Parker were named as a committee to prepare a year book.
 The next meeting will be on November 19 at which time a Thanksgiving program will be given. We extend a most cordial invitation to all members and friends to be with us at that time.

TEXAS FILM SCHEDULED
 "The Texas Rangers," King Vidor's historical epic of the men who molded a state from the territory of Texas, comes to the Meiba theatre November 14-16.
 The picture features an all star cast headed by Fred MacMurray and Jack Oakie, and including among its headliners Jean Parker, Lloyd Nolan, Edward Ellis, Bennie Bartlett and a score of others.
 Filmed on location in Texas and New Mexico by a company of several thousand persons, with the assistance of officials of both states, "The Texas Rangers" combines a fast-moving, action and thrill-filled story and a panoramic view of the unfolding of the history of the Lone Star State.
 Banded together under an oath to drive out hostile Indians, stop feuds, destroy cattle and horse thieves, gangs of stage and train robbers, kill or capture murderers, and make Texas a reasonably safe place in which to live, the Rangers contributed much to the color of the state's early days. Both MacMurray and Oakie join the fearless band in the course of the motion picture.
 Encounters of Ranger companies with bands of marauding Indians and with stage coach robbers are a part of the plot development. Miss Parker remembered for her sincere interpretations of important roles in "Squanto" and "Little Woman," is cast as the daughter of the head of a Ranger unit.
 Mr. and Mrs. Jim Kelly spent the week-end in Gatesville with Mr. and Mrs. Chas. Burns.
 Miss Elaine Stephens returned Sunday from a delightful visit with Mr. and Mrs. L. A. Stephens of Coleman.

THE KING'S ENGLISH

King Edward VIII of England shocked his subjects the other day in pronouncing "broadcast" in the American manner and not in the English fashion of "broadcahst." Can it be that the little American friend of his majesty is influencing his speech? If so, we may yet find that the "King's English" may turn out to be the "Queen's American."

SIGNS OF PROGRESS

The decision of the city council, as reported last week, to construct sidewalks from the center of town to the public schools deserves commendation. With cars so common, just about the only people who walk regularly nowadays are the school children. For those who live in the country, school busses are provided. Those who live in town for the most part walk. And what a walk!

By remedying this condition, the city fathers will earn the gratitude of fathers and mothers as well as of the children themselves.

AFTER THE ELECTION

It was interesting to note how the markets surged upward after the election was over. In 1932 President Hoover predicted that the year would grow in the streets of our cities if he were not re-elected. This year Governor Landon pictured equally dire results to business if the New Deal were continued.

The New Deal was continued by an enthusiastic majority and what happened? Stocks went up, cotton went up, and everything, in fact, that could be bought and sold showed that more people wanted to buy than wanted to sell.

All of which shows that the people of the United States are pretty level headed after all and realize that a competent government is in charge of the nation, and competent president is in command of the government.

There is a lesson in this advance in prices, and that is, do not wait too long to purchase your needs. Every indication points to a continuance of a seller's market, and that means if you buy now, you will save money. And that goes for a suit of clothes, a tractor or an automobile.

GOOD FARMS AT SEA

There are some mighty good farms near Bay City, according to the Texas planning board. The soil is 13 feet deep and as rich as could be desired. Although they have been there two years nobody is farming them. The trouble is they are at the bottom of the Gulf of Mexico along the shores of Matagorda county. In the past two years the Colorado river has washed enough silt out to sea to raise the Gulf floor at this point 13 feet.

Some of this soil came from Mills county. It is a certainty that it can never be brought back. So, as it is foolish to cry over spilt milk, what we should do is to develop preventative measures to keep our wandering silt at home on the farms where it is needed.

The Mills county conservation and flood control association has just such an aim. Under the able guidance of an experienced engineer, A. D. Kirk, and W. P. Weaver, county agent, and an interested membership who have expressed themselves as desiring to co-operate with the government's flood control program, there is every reason to believe that we may find a way to save our soil. Every landowner in Mills county should join this association and give it his active support.

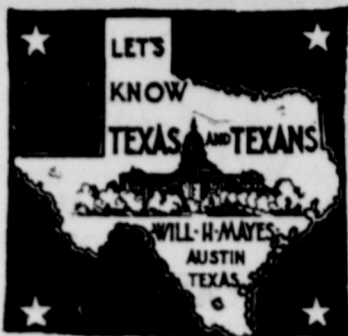

AFTER ARMISTICE DAY

Last Wednesday was Armistice Day. Eighteen years have elapsed since the command "Cease Firing!" electrified the world. It has been so long ago that there are many qualified voters in this year's elections who were too young to understand what Armistice Day was all about.

Another reminder of how long it has been, comes in General Mallin Craig's suggestion that the United States army be allowed to build up a reserve of enlisted men. For many years after the world war, the general said, there were enough trained veterans to make the United States reasonably safe. Now but few of these veterans could stand the rigors of an active campaign. Although only middle aged, they are already too old for good soldiers. And the regular army of the United States—which ranks along with those of Portugal and Greece—is entirely too small to defend a nation so large and vulnerable as the United States. It is, in fact, too small to provide an adequate number of instructors to train and drill the recruits who would be enlisted in case of war.

For a long time, the isolation of the United States made it possible for us to pare our army to the bone and still feel relatively secure, because by the time a large attacking force could be assembled on our shores, we could assemble and train a defensive army. Our geographic position is still an advantage in this respect, but day by day the world grows smaller, and year by year we are brought just so much closer to the avaricious dictators of Europe and Asia. Some day, unless we make adequate provisions for our national defense, we may awaken to find an invader at our door and no time left to mobilize against him.

In the war of 1812, let us remember, although we eventually had half a million men under arms—a tremendous number considering the population of the nation at that time—a handful of Red Coats was able to brush our militiamen aside, march on to Washington and lay in ashes the young capital of our nation. Eventually we defeated them, but not without the expenditure of many lives that might otherwise have been spared. It is far wiser to have an army that does not have to fight than to have a fight without an adequate army. General Craig's suggestion for a reserve, if adopted, may be the means of postponing or averting another war which might not terminate with an armistice.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the state and its people. Address inquiries to Will H. Mayes, Austin, Texas

How many and what were the Texas "municipalities" in 1836? H. H.

A. There were 18 "municipalities" (governmental districts) in Texas in 1836, as follows: San Felipe de Austin, Bexar (San Antonio), Brazoria, Goliad, Gonzales, Matagorda, Mina (Bastrop), Nacogdoches, San Augustine, San Patricio, Harrisburg, Jasper, Liberty, Milam, Refugio, Shelby (Tenaha), Victoria and Washington.

Who was Dr. James Grant and what was his part in early Texas history? E. D. T.

A. He was a native of Scotland who became a naturalized citizen of Mexico and large holder near Parras, Coahuila. In 1835 he secured a grant to settle 800 families between the Rio Grande and the Neuces. He became embittered toward Mexico and with 40 men joined Milam in the capture of San Antonio in 1835. On March 2, 1836, while encamped with about 40 men on the Agua Dulce, 20 miles west of San Patricio, the Texans were surprised by several hundred Mexicans under Gen. Urrea, and Grant and most of his men were killed.

Q. What was Dr. Grant's attitude toward the independence of Texas, E. D. T.

A. He opposed it and his attempted expedition to Mexico at the time he was killed was with a view to forcing reestablishment of the constitution of 1824, rather than resort to separation of Texas from that country.

Q. What position did Ellis P. Bean hold in Nolan's "trading expedition" to Texas, G. S.

A. Bean was second in command and when Nolan was killed took command and strongly opposed surrender, but yielded to pleadings of his men when the Spaniards agreed to take them to Natchez and release them, instead of which they were chained and taken to Mexican prisons.

CONDITIONS IN TEXAS

The following report is taken from a circular issued by the agricultural development department of the Atchison, Topeka and Santa Fe Railway company:

Heavy rains over a large part of Texas during the latter part of September and in October came too late materially to benefit crops. However, these rains improved pasture and range conditions, and prospects for winter grazing now are good. With a few exceptions the October 1 crop estimates stand.

Grain sorghum prospects have improved, but other field crops no more than held their own, with indicated yields being lower than a month ago in several instances. Some mature crops were lost as a result of river bottom floods.

October weather has dried out the rice fields of the Gulf territory, and threshing is progressing rapidly.

The October cotton forecast places the yield at 2,915,000 bales, approximately 131,000 bales less than the October estimate.

A crop of 63,939,000 bushels of corn is forecast for Texas for 1936, which compares to 89,368,000 bushels last year, and a

five year average production of 80,575,000 bushels.

Weather conditions have been favorable toward continued improvement of the turkey crop. Feed shortages have decreased the number of turkeys that possibly would have been fed for market, but the quality and weight of those being furnished for market will make up some of the loss in tonnage that decreased numbers brought about. The turkey movement for the Thanksgiving market will begin about November 6. The Christmas movement will begin about December 6.

Approximately 5,000,000 acres of wheat have been planted in Texas to date, according to unofficial estimates, compared to 4,648,000 acres last year. The early wheat is making pasturage.

RAMONA LIVES AND LOVES AGAIN

The current outstanding event in the film world is the presentation of Helen Hunt Jackson's immortal love idyll, "Ramona," produced by 20th Century-Fox in the new perfected Technicolor, coming November 19-20 only, to the Melba theatre. The cast of thousands featuring Loretta Young and Don Ameche, includes such brilliant players as Kent Taylor, Pauline Frederick, Jane Darwell, Katherine DeMille, Victor Kilian and John Carradine. Darryl F. Zanuck, Twentieth Century-Fox studio production chief, spent nearly an entire year in search of the perfect Romano. He has found the right Ramona when he selected Loretta Young. Scores of eligible players were tested for the role of Alessandro. Ramona's great love, and it finally went to Don Ameche.

Zanuck and Sol M. Wurtzel, executive producer, conferred with Technicolor photographer William Skall and other members of the organization's color staff and decided to "shoot" "Ramona" during the summer season of the year, thus utilizing the natural rainbow beauty of California as a setting.

"Ramona" was filmed in the beautiful San Jacinto mountain meadow land of Southern California, the actual spots where Ramona and Alessandro lived and loved many years ago, as described in the story. The main location was a 55,000-acre ranch in the Mesa Grande area, about 140 miles southeast of Los Angeles. The site is an almost endless succession of green expanses rolling toward the dusty purple of the far-off mountains, every shade and tint defined perfectly to the new Technicolor photography.
