for the biggest highway contract that has been received in Austin for the 19.305 miles between Goldthwaite and the county line on State highway 7. The cost of the project will be between \$150,000 and \$200,000.

in paving contractors, in the largest in the state, here this week and look over the right of way for making their own paving is being done time of year, competition among the contractors to big job so as to put their name in the work.

According to W. T. Smith, engineer, that no time is being lost in starting work after the contract is let, as the contractor who gets the job will get it completed in time.

Others during the summer months most of the work will be done during construction as route of highway 7 can be completed for a four mile stretch between Mullin and Creek. As the project is being put down several hills are being leveled to the right of way, the highway will be the modern in the state when it is completed.

are Remarks
The fact that the services last received was very small. If we had stayed in from our own school and other affairs, then we might have been able to offer for those not to church on a day like this, but it is not reasonable that those who profess should not be as zealous in spirit serving as they would be in secular matters.

very happy to announce Monday night, January 25, (Uncle Buddie) Robinson will be with us for one service. This is an opportunity that doubt in this community has been missed for many years, and hear Uncle Buddie in many drive a hundred more to hear him. The message of the University of has termed Uncle Buddie greatest philosopher of Surely, he has a philosophy, as he is in person, need to come early to get the house will be filled. Buddie will accompany J. Bracken, president of many Peniel college at Okla. Dr. Bracken will be the school to the congregation showing a series of pictures at will be projected with lantern, depicting the growth and development of the institution from the time it was founded in a black-jack grove. He is invited to attend. Meeting will extend service through Feb. Rev. W. L. French, pastor Church, San Antonio, will conduct the meeting.

ON TRIES TO SKATE BUT UPSIDE DOWN
Johnston, secretary of all Merchants Association from his usual dignified manner on Sunday morning, the streets were all paved with a thick coating of ice. OLD AGE ASSISTANCE INVESTIGATOR HERE

Frank J. Buldain, who represents the Texas Old Age Assistance commission for this district, will be in Judge R. J. Gerald's office in the court house each Friday morning from 8 to 10 a. m. for the purpose of taking applications for old age assistance.

Mr. Buldain states that it is possible a local representative of the commission will be named for Mills county soon. He asks that no one try to see him at his room, but that all calls be made at the office within the hours named.

The Methodist Church

In spite of the unfavorable weather conditions last Sunday there were 63 in the Sunday school; about the same number at the morning church service, and a good number at the evening service. One of our good laymen said he thought when it was too bad for him to go to his business, it was not too bad to go to church. As pastor I heartily commend that philosophy as helpful to the development of our spiritual experience. In spite of the extreme cold the church was comfortable, and we feel sure it will be made so for all the services through the winter; so we trust when it is possible to be present no one will stay away for fear of the church being uncomfortable.

We might well think over the words of Theodore Cuyler: "Any church which forsakes the regular and uniform services for the periodical and spasmodic service of God, is doomed to decay; any church which relies for its spiritual strength and growth entirely upon seasons of 'revival,' will soon have no genuine revival to rely on. Our holy God will not conform His blessings to man's moods and moral caprice. If a church is declining, it may require a 'revival' to restore it; but what need was there of its declining?" D. L. Moody said: "Depend upon it, as long as the church is living so much like the world, we cannot expect our children to be brought into the fold."

Next Sunday: Sunday school 9:45 a. m. Preaching 10:50 The message at this hour will be echoes from the Great Missionary Council recently held at New Orleans. This should be of unusual interest to the entire church.

Epworth Leagues will meet at 2:00 p. m. instead of 1:30 as they have been meeting.

Mid-week prayer and Bible study service Wednesday evening 7:15 o'clock.

Faith makes one a Christian; love proves one a Christian.

You are welcome to all the services of the church. If you fail to attend the church of your choice every Sunday when possible to be there, you lose, the church loses, and the Kingdom of God loses, and the Devil scores another victory.

JOHN K. BEERY, Minister.

LEGISLATURE OPENS AT AUSTIN TUESDAY

The forty-fifth session of the Texas legislature convened at Austin Tuesday at noon to start a four-month legislative program. The house of representatives unanimously elected Bob Calvert of Hillsboro as its speaker—the highest honor it can bestow upon a man, and one of the most important positions in the state government.

Just a few years ago this 31-year-old speaker was running an elevator in the capitol building to earn his way through the University of Texas and just a few years before that he had grown up in an orphanage.

ICY BLIZZARD COVERS LARGE PART OF TEXAS

Goldthwaite is recovering from the effects of the most severe blizzard seen here in several years. Sleds were trailing almost every car that ventured out on the streets on Saturday and Sunday, and the youngsters were hilarious over the unusual sport which included spills as well as thrills. Various types of devices were constructed for sledding and skating purposes. One gentleman of the old school was seen using ice skates to good advantage on the frozen public square.

A more picturesque scene can not easily be imagined than this little city with every tree, shrub, fence and even sprigs of grass, coated heavily with the snow and ice, nestling in the surrounding hills which were blanketed with ice covered trees and snowdrifts.

The severity of the blizzard was felt all over Texas and numerous accidents resulted from the slippery condition of the roads and sidewalks. Neighboring towns were without electricity on account of power lines breaking under their heavy load of ice. Telephone lines in many cases were also out of commission.

P.-T. A. In Regular Meeting January 12

The Parent-Teachers association met in regular session Tuesday, January 12.

The program under the leadership of Miss Adams was as follows:

Skit from operetta, Tom Sawyer.

Duet—Mrs. Sullivan and Miss Mary Ellen Trent.

Reading—Walter Johnson. Piano solo—Lyman Saylor.

In the business meeting, presided over by the president, Mrs. Armstrong, a very satisfactory treasurer's report was given.

W. T. Smith expressed the gratitude of the grammar school to the P.-T. A. for the candy distributed by Santa Claus at the picture show Christmas.

Mr. Cloninger thanked the association for the sweaters given the football boys.

A. H. Smith reported one hundred seats for the auditorium had been bought and will be in place soon. He also invited the P.-T. A. to be present Monday night at "Stunt Night" sponsored by the athletic association.

Mrs. Armstrong insisted all the grades make an effort to have a hundred per cent paid up membership of at least one parent.

The P.-T. A. was glad to welcome Miss Tucker of Waco, the new teacher of the fourth grade, who has come to take the place of Miss Stanley, who was married during Christmas.

The next meeting will be held February 9 and is the regular time for the election of officers and every member is urged to be present.

The sophomores won the prize for having the most mothers present.

At the close of the meeting the sixth and seventh grade mothers served delicious home made candy. REPORTER.

HARD HEAD PAYS

R. L. Steen, sr., slipped on the ice last Sunday while walking to town from his home and was knocked unconscious. It was feared for a time that he was seriously injured, but Tuesday he was able to be in his place of business, which all goes to prove "you can't keep a good man down." He insists, however, that the fact that he struck on his head is what saved him and he now fully appreciates the advantage of being "hard headed."

R. M. Martin of Houston, traveling passenger agent of the Santa Fe, was in Goldthwaite Wednesday. He stated that passenger traffic on the new day trains the Santa Fe started last Sunday has been very gratifying.

BASKETBALL MEET AT CENTER CITY FEB. 5TH

The annual interscholastic league basketball tournament will be held at Center City on February 5 and 6. Date and location were decided at a meeting of Mills county coaches in Judge Gerald's office last week, according to a statement from Superintendent Hollis Blackwell of Center City, athletic director for Mills county.

The double bracket will be used, whereby each team will play two games, win or lose. Seven games will be played Friday, February 5, and three final games Saturday, February 6.

In event of bad weather, the tournament will be postponed until February 12 and 13.

A junior boy's basketball tournament will also be given, but no definite date has been set. All schools having a girl's team please notify the athletic director, and if enough teams enter, a playoff can be arranged.

Mills county teams this year include: Priddy, Prairie, Mullin, Mount Olive, Goldthwaite, Star and Center City.

A nice trophy will be presented to the winning team by the Center City P.-T. A. and business men.

ANOTHER COLD WAVE SAID TO BE ON WAY

With sub-zero weather again gripping the Dakotas, another cold wave for this section of the country is said to be on its way here. Changes in wind currents or barometric pressure may serve to deflect or modify it, and there can be no doubt that everyone hopes that will happen.

On the other hand low temperatures such as experienced here last Saturday, Sunday and Monday serve to kill hibernating insects and put the ground in fine condition for crops.

Personal Mention

Mrs. W. W. Johnson of route 1, and Mrs. H. P. Harris of Caradan were pleasant callers at the Eagle office Thursday afternoon.

Mrs. Lou Higgins of Alpine paid a surprise visit to Mrs. Geo. Smith this week. They were girls in Coryell county and had not seen each other in many years.

Joe E. Peck, who moved from Moline route to Georgetown in September, came in to Goldthwaite Tuesday and told the Eagle reporter that the ice had only melted off the road in strips. Mr. Peck divides his time between his farming interests here and in Georgetown, while Mrs. Peck spends most of her time there, so that the children may have advantage of the schools there.

Out of town relatives and friends attending the funeral for little Joe Bob, son of Mr. and Mrs. Harry Palmer, on Tuesday were Messrs. Talmadge and Will Palmer, Mr. and Mrs. Ed Palmer all of Albany; Marion Bateman of Ibox, Mrs. D. T. Hunt of Blackwell, Lawson Allen, Bob Allen and wife, Mrs. Crockett, Mrs. Ash, Mrs. Turner and Mr. Griggs and Mrs. Stubblefield all of Norton; Barney Carter of Tyler was also here.

Mrs. L. R. Conro and Miss Lucille had as guests recently Roy Conro and daughter, Carmine, Oscar Lee Conro and wife and baby, Janelle, all of Houston.

Herman Ross, traffic manager for United Transit Co., has been transferred from Colbert, Okla., to Joplin, Mo. He writes that the weather up there seems very severe to a Texas boy.

M. L. Jernigan is re-building a house on his place in Ratler community.

Mrs. Jno. O. Beck of McCamey is visiting in the home of her sister, Mrs. J. B. Burnett, and family.

Johnnie Crawford is re-building his home.

COUNTY ALLOTMENT COMMITTEE MEETS

County and community committees met Tuesday in the county agent's office to make the necessary adjustments on applications for benefits under the soil conservation program.

The personnel of the committee; elected early in 1936 are as follows:

County allotment committee—J. H. Burnett, precincts 1 and 4; Vestus Horton, precinct 2; J. H. Priddy, precinct 3.

Community committees—Precincts 1 and 4, Reed M. Hayes, Jim Tullos, J. D. Fallon; Precinct 2, J. M. Geeslin, Jim Soules, C. S. Dellis; Precinct 3, A. A. Moore, C. F. Noack, A. A. Downey.

All adjustments will be made and papers returned to the state board Wednesday. It is expected that final papers will be returned from College Station within a few days. XX

Mills County Singers To Meet January 17

Mills County Singing Convention will hold the regular quarterly all day singing Sunday, January 17 at Caradan. This sing was postponed for the December term on account of bad weather. Everybody invited for a whole day of singing. L. B. PORTER, President.

SCOUT MEN IN ANNUAL MEETING IN BROWNWOOD

Scouters from eight counties will gather in annual conference at Hotel Brownwood, next Tuesday, January 19 at 2 p. m. Expected to attend include O. H. Yarborough, vice-president.

AGRICULTURAL PICTURE COMING TO GOLDTHWAITE

The Melba Theatre will feature an agricultural picture entitled "Science Marches On," January 19-20.

This talkie is based on swine feeding experiments carried out by the experiment station at College Station, Texas. The picture features the most important scientific discovery pertaining to agriculture in recent years.

We are able to present this picture through the courtesy of the management of the Melba Theatre at no additional cost to the patrons.

Men, women, teachers and club members are urged to see this picture. Time, January 19-20. W. P. WEAVER, County Agent.

MILITARY INAUGURATION PLANNED FOR ALLRED

Governor James V. Allred's inauguration will be so military that even the orchestra leader will wear a colonel's uniform.

Paul Whiteman, whose orchestra will play for the inaugural ball, is a colonel on Allred's staff and has reported that he will appear in full dress uniform.

Purely unintentionally, Adj. Gen. Carl Nesbitt and Maj. Gaston Howard, assistant adjutant general, also will wear full dress "blues," the newly designed army uniform for full dress affairs. They point out that they do not intend to take away Col. P. W.'s glory, but just happened to order the new uniforms for the ball.

Giving the affair an army touch will be the presence of 700 national guard and regular army officers, invited for the first time in several years.

Baptist Reminder

A building committee composed of the following brethren was appointed Sunday morning by the pastor:

E. B. Anderson, chairman; W. G. Jackson, Frank Hines, W. P. McCullough, W. E. Miller, Grover Dalton, Frank Bowman, Robert Littlepage, Ed Obenaus, W. P. Weaver, T. F. Sanson, Geo. Gosby, C. L. Stephens, Carl Eledsoe, J. D. D. Berry.

This committee has been asked by our church to secure a plan and cost of a new building.

Sunday morning my theme will be, "Shod for the Road." Sunday night, "Thou Art the Man."

Let's do our best to bring our attendance up again Sunday. When you stay away one Sunday it is always easier to stay away the next.

EAGLE EDITOR ENJOYS NEWORLEANS MEETING

The Eagle editor with Rev. and Mrs. John K. Beery and Mrs. Geo. Winsor left Goldthwaite Sunday midnight, January 3 and reached New Orleans at 7:30 a. m. Having to lay over there all day, Monday was pleasantly spent visiting relatives and friends and at 9:45 Monday night, we were on our way to the General Missionary Council of the Methodist Episcopal Church South in the famous city of romance, New Orleans, which was built more than two centuries ago by French noble men seeking to control the Mississippi and over its waters to find adventure, fame and fortune in the new world.

Arriving in New Orleans about 8 o'clock Tuesday morning with many other delegates, the rain pouring straight down, we drove to a hotel.

The First Methodist church, where the sessions of the Council were to be held, was twelve blocks from the main hotels on St. Charles street. By afternoon we were ready to begin attendance on one of the most inspirational conferences ever held in Methodism with more great speakers from all parts of the United States and some foreign countries than often get together.

In 1901 the greatest of all Missionary Conferences met in this same city. In 1937 history repeated itself with a worthy successor to that first great Missionary Council.

At this meeting every effective bishop of the church was present all with their hearts and souls on fire for the spiritual awakening of the churches over the nation.

The two dominating ideas of this council were, first, it was an occasion of "Great Missionary Preaching," and, second, the bishops formally launched the "Bishops Crusade," a mighty enterprise, now getting underway, will dominate the thinking of the church for two years. This is to be the greatest missionary and spiritual mobilization Methodism has ever known, and must be entered into with whole heartedness and eagerness for the return of the Holy Spirit in our churches by our people or else the church will be lost in chaos.

The brilliant program was composed of such great speakers as Dr. E. Stanley Jones of India; Bishop G. Bromley Oxnam of Omaha; Bishop Charles W. Flint of Atlanta; Dr. Daniel A. Poling of Philadelphia; Dr. Ralph E. Fiffendorfer of New York; Mrs. J. W. Perry of Chattanooga, Tenn., president of the Woman's Missionary Council; Dr. Y. C. Yang, president of Soochow University, Soochow, China; Bishop Hoyt M. Dobbs, Bishop U. V. W. Darlington, Virginia; Bishop W. N. Ainsworth, Bishops John M. Moore, E. D. Mouzon, James Cannon, jr., Sam R. Hay, H. A. Boaz, Arthur J. Moore, Paul B. Kern, A. Frank Smith, Dr. Mange, a physician who has given his life to China; Cesar DaCorso, bishop from Brazil; Dr. W. G. Cram and Dr. Elmer T. Clark of Nashville, with many other laymen too numerous to mention. The messages were soul-stirring and thrilled the hearts of all who packed and crowded the auditorium as they had not been stirred for years.

Many prayers are being offered up that this beginning may spread and increase until not only the Methodist church, but all other denominations may take a part in the great religious awakening that is so needed to restore to the churches that old time passion and missionary zeal that will warm our hearts.

Missionary means demonstration, and we must let people see (not only hear) what we are talking about, and as Bishop Moore emphasized, to share with the least the last and the best man.

We left for home Friday morning, arriving Saturday.

CONSTRUCTIVE PROGRAM FOR TEXAS LEGISLATURE

Meeting for its 120-day regular session, the 45th legislature faces unusual opportunities to serve Texas. Broadly speaking, it may serve best by carrying forward the constructive policies which led the 44th legislature to set up the Texas Planning Board, establish public authorities for soil conservation and flood-control, appropriate 10 million dollars for "educational equalization," enact a (substandard) driver-licensing law, effectuate a social security program.

The new legislature may write a record even more memorable. First, it might assure that Texas will obtain the new capital and industries which the state needs to exploit rich natural resources—if it would adopt a sensible, moderate taxing policy.

That course would mean renouncing the idea of a state income tax (which bobs up at every regular session, to frighten away prospective investors) and declare against further excises,

severance taxes and similar burdens on productive industry.

At the same time the lawmakers might undertake to make over the entire administrative organization of the state government according to a modern, businesslike model. By reducing the running expenses, that step would go far toward solving the perennial revenue problem. Another result would be to increase the yield from existing tax-laws by making them genuinely effective.

For a precedent, Texas lawmakers have the recent achievement by Kentucky—that has a "Governor's cabinet"—and the older, stimulating examples set by Georgia, North Carolina and Virginia. Those Commonwealths reduced expenses, increased service-efficiency and wiped out deficits by doing away with useless departments and bureaus and simplifying and co-ordinating those that remained. That was what any successful business house would do to protect its stockholders and improve service to its customers.

Texas legislators have a plan

already made for them. They should rescue the Graves committee report (1933) from the pigeonholes and adopt its essential proposals.

If that undertaking appears too ambitious or too drastic, let the lawmakers consider the advantages of unifying the taxing agencies. They have the word of such authorities as former State Auditor Moore Lynn, that were the existing tax laws enforced 100 per cent—that is, were all taxes due the state actually collected—each succeeding Legislature need not seek new things to tax in order to make ends meet.

Facing a prospective deficit that may run to 20 million dollars, the lawmakers should be disposed to consider that suggestion.

Other necessary forward steps would be to bring the driver-licensing law up to standard; renew the interstate oil compact; extend the partnership idea to combating crime, as the Southwestern States Probation and Parole Conference (a Texas-sponsored gathering) proposed; set up a State Department of Public Welfare; apply the "educational equalization" principle still further by voting a modest sum for library extension through the established State Library.

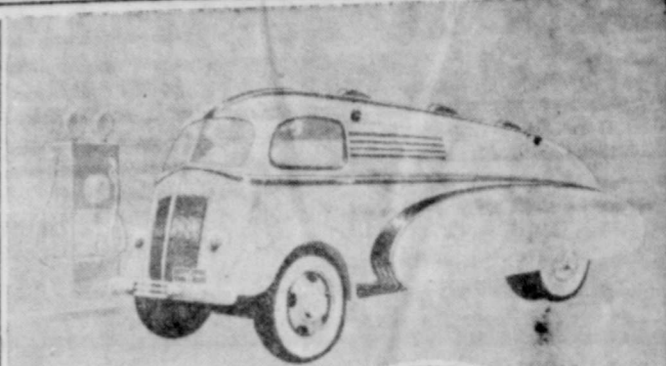

For the most part, the tasks here enumerated are summed up in San Antonio Express' Plank 10:

Give Texas a State Constitution suited to the times. Such an instrument would prohibit the State income tax, grant cities and counties genuine home rule, take the judiciary out of politics, establish the public library on relatively an equal footing with the public school.—San Antonio Express.

CAMERAGRAPHS

TYROLEAN INFLUENCE. The Austrian Alps have given the ladies a new hat style. Helen Hayes, distinguished screen and stage actress, wears one of the new models inspired by the quaint headpieces of the men of the Tyrol. Miss Hayes is appearing in the Broadway hit, "Victory's Regina," and broadcasts Monday nights over the NBC-Blue network in "Bambi," a popular serial drama.

BEAUTY IN TRUCK DESIGN reaches unmatched heights in the streamlined White cab-over-engine tank truck pictured above. It was styled by Count Alexis de Sakhnoffsky, internationally noted authority on streamlining, and is typical of ultra-modern types, embodying new safety features as well as beauty, now in regular production at The White Motor Company, of Cleveland. A far cry, indeed, from the ugly truck designs of a few years ago.

LOVE ME, LOVE MY DOG. Comedian Charles Butterworth gives his canine companion, Fido, a piano lesson. Charley's pet ferrier is a perfect gentleman. He attends his master's broadcasts over NBC with Fred Astaire on Tuesday nights, sits quietly in a corner of the studio and doesn't emit a single bark until the show is over.

STEALING THE SHOW. Little Kate Roosevelt, granddaughter of the President, stole all family attentions the day after election by selecting November 4th as her christening day.

OUTDOING CUPID. Patricia Ellis, young screen attraction, is looking for a likely heart to pierce as she strolls a California beach.

IN LANDLUBBERS BRIG. During the nine hour seamen's strike in New York, two instigators were arrested and toted away in the "Black Maria." This strike caused very little delay in shipping and few cases of violence were registered.

BURNHAM RETIRES FROM COMMISSIONERS OFFICE

L. B. Burnham retired from office as county commissioner for precinct 1 after serving the county in this capacity for sixteen years and one month.

Mr. Burnham states that so far as he knows there are no outstanding obligations against the road fund to be met and there is \$2,959.87 on hand at the close of his term of office. He also turned over the following equipment:

Tools and Oils

1 Diesel 35 tractor; 1 gasoline 30 tractor; 1 superspecial 9-foot grader; 1 Gilbert 12-foot maintainer; 1 Adams 12-foot maintainer; 1 Servis 10-foot maintainer; 1 Many Baker scraper; 4 wheel scrapers; 1 moldboard road plow; 1 steel beam plow; 1 rock plow; 4 steel road drags; 3 frescoes; 3 post hole diggers; 2 barrels lubricating oil; 1-2 barrel transmission oil; 2 barrels of roller grease; 2 power grease guns; 1 oil pump.

Mr. Burnham wishes to thank one and all who have helped to make his years of service successful. He feels that he did his best for his county in giving his time to straightforward faithful service.

Mr. Burnham is a man of high standing and character and is held in great esteem by Mills county citizens.

Miss Bernice Wilmet spent Tuesday night at the home of Mr. and Mrs. S. H. Reeves.

M. L. Jernigan of Crawford Mills was buying cattle in this community Wednesday.

Mr. and Mrs. E. O. Dwyer visited Mr. and Mrs. J. R. Briley Sunday.

Everett Philen, who has been staying with his aunt, Mrs. Effie Egger, left Saturday for Port Arthur.

Don't put up with useless PAIN

Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

Boys! Shame!
Mrs. Whittaker! Dont you trust your children? We admit it was a good way to find out, but we ask you, was it very tactful? And hot coffee is good for hangovers.

Rush line for Gloria Armstrong: Lester Moreland, Pat Obenhaus.
Woman haters: Sumter Ger-ald, Skeeter Tully, Forest Hill, Doyle Horton and Carroll Berry. Go get 'em girls.
An interesting thing has been discovered about our high school girls. They have the faculty of falling gracefully, if nothing else. It was positively rhythmic the way Betty Whittaker and Lorane Eledsee took those nosedives on the ice last Friday and the grand fashion in which Lottie Hester scooted across icy spots was practically unbelievable.

Miss Evelyn Tucker of Waco, has been installed as the fourth grade teacher, taking the place made vacant by the resignation of Miss Martha Jean Stanley. Miss Tucker's home is in Waco. She is a graduate of Baylor university and was an outstanding student in that institution. She is especially prepared for the work she is entering upon. Between the time of Miss Stanley's resignation and Miss Tucker's arrival, Mrs. S. E. Cloninger has been looking after that work.

At the time of this writing, Miss Lily May Ely, the second teacher is confined to her room with illness. It is hoped that she may be back on the job by the time you read this item. During her absence Miss Ruby Cave, the high school librarian is substituting for her.

Tully Lee, the bus driver from Caradan, is wearing a big patch on the side of his face. He says he ran into the clothes line. We wonder whose clothes line it was, and if it was in his own yard, if his wife was chasing him.

MRS. SIMPSON'S EYES

Indicate Personality Color

Capitivating American Makes History As Creator Of A New Fashion Trend

"Her eyes are her personality"

It seems that the fascinating Baltimorean matches the smartness of her costumes to the sophistication of her wit. She favors gowns of extreme classic simplicity at a time when the fashion world is bedecking itself with frills and furrows. Perhaps this is in deference to the King's own taste, for he is noted for his preference for tailored chic in the costumes of his women friends. At any rate it points the way toward high "coronation" fashions in which cut and color predominate as style features.
Speaking in detail, the United Press correspondent describes an afternoon costume of brown wool, with a straight, short skirt worn with a tailored fitted jacket of the same material, and a blue angora blouse which is tailored and fitted on the same lines as the jacket and "matches her eyes".
Wallis Simpson is noted for her vivid blue eyes. Though her distinctive taste may lead her to set a new pace for winter clothes, in choosing colors to flatter her most fascinating feature, she is in line with a trend that both couturiers

Our Fashion Artist sketched this from descriptions of her eye-matched afternoon costume.

and cosmeticians have been promoting with increasing enthusiasm. This trend is based on the belief that the color of a woman's eyes—the color nature gave her—is her true personality color, and to it she should key her clothes and cosmetics.
The new so-called "coronation colors" are off-shades that are difficult to wear. To look well in them, a woman's makeup must not only be faultlessly becoming, but she must be clever enough to set off a difficult shade with some harmonizing tint that is flattering to her own coloring. Mrs. Simpson, for instance, with her black hair and bright blue eyes, would look far less glamorous in her chic, brown suit if she had not ordered a blue blouse to bring the whole ensemble into focus with her own particular type and personality.

HOUSE TOO WARM IS WINTER HAZARD

It is an illogical fact that many people complain about the heat of Texas summers and yet sit indoors during the winter months in a temperature about as high as that about which they complained in the summer season.
If the average person would realize the definite hazard in developing and maintaining an indoor temperature about 70 degrees, or at the most 72 degrees, when the outside thermometer registers around freezing, there would be fewer colds, less bronchial conditions and less pneumonia than there are today, according to the state department of health.
Fresh air is one of the body's

basic needs and no amount of luxury or artificial pleasure can be substituted for it. It may be a comfortable feeling to be warm, especially with the consciousness of the tough weather outdoors, but it is quite another matter to achieve this comfort at the probable cost of health.
Winters in the temperate zone are sufficiently trying upon the human system with their sudden and sharp thermometer changes, without adding to the burden of making a hothouse of one's home. Of course, colds and other respiratory affections can be acquired in many different ways, but one of the easiest methods of becoming victims of such hazards is the overheated house.
To become overheated and perspire, though the latter condition may not be perceived, and

GOLDTHWAITE GIRLS AMONG BELTON COLLEGE BEAUTIES

Misses Clara and Virginia Bowman of Goldthwaite are of the nineteen Mary Hardin-Baylor students nominated for college beauties. Three of the nineteen will be eliminated and from the remaining sixteen nominees McClelland Barclay, originator of the Fisher Body girl, will select the eight beauties, whose pictures will appear in the college annual.
Clara is a freshman and Virginia a senior at the college this year. Announcement of Mr. Barclay's selection will not be made until the college annual appears.

We have had a pleasant winter up until Friday morning when we all got up and found the trees and ground covered with sleet and ice, which is still that way at this writing.
Archie Ketchum spent Saturday night in the Kelso home.
Mr. and Mrs. Houston Curtis and children visited in the Randolph Massey home Sunday.
W. H. Freeman, jr., called on Charles Boatright Sunday afternoon.
D. L. Cummings spent Saturday night with Charles Boatright.

Lee Ola Kelso, Frances Powell and D. L. Cummings called in the Owen Boatright home Saturday night and they all made ice cream and skated on the frozen tanks for entertainment.
Marion Curtis and Edward Boyd called on Misses Cleo and Clovis Massey Saturday.

The wise householder therefore will check up on his artificial heat problem. He will resolve to keep his thermometer within safe limits.

COMMUNITY LETTERS

SOUTH BENNETT

We are all realizing that winter is really here since we have begun having so much ice and freezing weather. We have all been staying close to home fires, so I won't have much news to report this week.

Henry Simpson moved last week from the place he sold Otto Simpson to the house Edgar Simpson bought recently.

Mrs. Marvin Casbeer and little baby have been real sick the past week, but we are glad to report them both doing better now. Mrs. Matt Casbeer has been staying with Marvin and family during his wife's illness.

Mrs. Stanley and baby, who live on the same place with Guy Laughlin and family, have been sick with pneumonia. Several in the community have been visiting with the family and sitting up with the sick folk. We hope she can soon be well.

Harve Miles has decided he had rather stay in the house when there is so much ice and ground. He has also resolved to let the sheep get water the best way they can, as he doesn't want to "try" to carry water to them while the ground is so slick.

Mrs. Clyde Featherston spent one afternoon last week visiting in the Marvin Casbeer home. Mrs. Willis Hill has also been a frequent visitor with Mrs. Casbeer and family.

Otto Simpson and wife were in the community one day last week doing some work on their house which was previously oc-

CRAWFORD MILLS

There was no Sunday school or church last Sunday on account of bad weather, but there will be next Sunday and everybody be sure and come.

Garnet McMullan made a trip to San Angelo the last week.

Mrs. M. L. Jernigan visited in the R. T. Roberts home Monday afternoon.

Mr. and Mrs. Herman Kelsie returned to their home in San Angelo after an extended visit with Mrs. Kelsie's family, R. T. Roberts.

Mrs. Fred Crawford made a trip to Goldthwaite Monday. Mr. and Mrs. W. H. Freeman visited their daughter, Mrs. Jack Anderson, Tuesday.

O. H. Renfro is getting along nicely on his new home.

Luther Jernigan made a business trip to San Saba Wednesday. Ben Egger, Jack Griffin and Frank Blair were visitors in this community Monday.

I am sure there is quite a bit more news, but the weather has been so bad I have not had a chance to get it. REPORTER.

cupled by Henry Simpson and son.

Mrs. Kerby is still visiting her daughter, Mrs. Harve Miles and family.

Mr. and Mrs. M. L. Casbeer and children visited his parents, Mr. and Mrs. B. R. Casbeer, at town one afternoon recently.

As I close my letter it is raining and still cold. I know I have failed to get lots of the news this time. ROSE BUD.

EVANS

Hello, old friends! I am sure glad to be back at my old job. I am sorry I wasn't able to tell you about what a grand Christmas this little lonely community had. I made a new year's resolution that I would try not to miss a week writing to the dear old Eagle.

This community as a whole wants to give Mr. and Mrs. Copeland and family from Zephyr and Mr. and Mrs. Shipman and family from Blanket Creek, a hearty welcome into the community.

Mr. and Mrs. John Plumley have moved to Zephyr. They were real neighbors and we will miss them very much.

Mr. and Mrs. John Evans have moved to Goldthwaite. We will miss them both. They always had a smile for everyone they met.

W. B. Wilcox spent Saturday night in Goldthwaite with his aunt, Mrs. Jeff Wilcox. He says that he is getting tired of batching.

Mrs. King and children have moved to Owens on the other side of Brownwood.

Mrs. W. B. Wilcox returned home Monday from San Angelo where she had been visiting for two weeks with her daughter, Mrs. L. B. Hanson. Little Billy and Rufus returned home with their grandmother, Barney Keating accompanied them home.

Mrs. Copeland and Mrs. Fisher Wigley called on Mrs. A. J. Weathers Monday.

It has been quite difficult for the Copeland and Wigley children to meet the school bus during this bad weather.

Mr. and Mrs. Copeland had visitors from Waco last week. J. R. Slack had all his children home with him Christmas day. CATFISH.

ROCK SPRINGS

As Busy Bee was expected home to write this week and so far has not arrived from her visit to Hopkins county, I fear this letter will be scant this week.

Mrs. Harvey Dunkle started on her way home Tuesday. Hillard Dyches came for her in the Robertson home Tuesday. She will spend several days with her sister and family, Mr. and Mrs. Hillard Dyches, of Breckenridge.

Mrs. Woody Traylor and Mrs. Joe Roberts visit with Mrs. Robertson and Mrs. Dunkle Monday.

We regret to learn of the sudden death of Truett Smith of Baird, Texas. He is a nephew of Mrs. J. M. Traylor, Mr. Goodlow and Charles Miller. We offer sympathy to the bereaved.

Mrs. J. M. Traylor, Mr. and Mrs. E. D. Robertson attended the funeral of Truett Smith in Denton Tuesday.

Mr. and Mrs. James Nickols visited in the Nickols home Sunday. They made a short call in the Joe Roberts' home in the afternoon and Beryl Vann Roberts went home with them in order that he might get to school every day next week.

Mr. and Mrs. Ira Dewbre visited in the W. A. Daniel home Sunday.

Homer Doggett of Coleman came for his wife and baby Sunday afternoon. They have been keeping house for Philip and Shirley Nickols while Mrs. Nickols has been away for a visit.

Mr. and Mrs. John W. Roberts and Ducey Bohanan are much improved from their case of flu.

On account of bad weather, snow, ice, rain and weather in general there was no school Friday. Sorry Clifton Boyd came down and couldn't find anybody to go to school. Hope he suffers no ill effects from his tramp.

Mrs. Eula Nickols visited with Mrs. Thula Brown in Fort Worth last week.

We sympathize very deeply with Mr. and Mrs. Harry Palmer in the loss of their little child.

Busy Bee will give you the low down on the community next week. ASST. BUSY BEE.

P.S. Mrs. Eula Nickols returned home Monday night. She found the highways very treacherous and is glad to be back. The snow, ice and sleet in Fort Worth was much worse than we had. She reports. When she walked in home at 7 o'clock the room was so light and bright she thought she was seeing things, and she really was, for some of the children had papered and hung new drapes in the big room. She will find herself very "uptown" in that new room.

CARD OF APPRECIATION

We wish to thank our neighbors and friends for their kindness and help during the illness and death of our beloved little son, Joseph Robert. All the comforting words and beautiful flowers were greatly appreciated by Mr. and Mrs. HARRY PALMER, HARRY ALLEN PALMER, MARY CATHERINE PALMER, MRS. P. G. PALMER, and Family.

FOR TEXAS HIGHWAYS

Texas' highways, to date, have cost Texas taxpayers approximately seven hundred and fifty millions of dollars.

License fees from motor vehicles have contributed \$202,000,000.

Gasoline taxes have accounted for \$176,000,000.

Federal aid has donated \$91,000,000.

YOUR PROPERTY TAXES HAVE CONTRIBUTED \$281,000,000 - MORE THAN ONE-THIRD OF THE TOTAL.

Large trucks—those weighing more than 8000 pounds loaded—have paid a total of \$27,000,000 in license fees and gasoline taxes, or 3 3/4 per cent of the total cost.

Yet these trucks have been responsible for an additional cost of construction and maintenance amounting to approximately 50 per cent of the total amount far in excess of their contribution. These wider trucks result in 25 per cent increase in pavement costs.

Texas railroads provide and maintain their own rights-of-way; afford employment to 60,000 men and women (who are also taxpayers); pay large taxes in support of city, county, state and federal governments; and, in addition, pay annually more than \$900,000 toward state highway costs. The interest of the railroads in highway regulation is precisely parallel to that of the public.

SOCIAL SECURITY ACT: QUESTIONS & ANSWERS

If a man employs his son on a regular job, are the son's wages subject to the tax?

Services performed by a person under 21 years of age for his father or mother are exempted from the tax.

Does this exemption exist if the father is the head of a corporation?

If the son is the employee of a corporation his services are subject to the tax, regardless of his age or the fact that his father is the head of the company.

When the employer pays an employee otherwise than in cash, how is the amount of the tax determined?

The tax is levied on the total wages paid by the employer to the employee. If these wages are paid in a form other than cash, the fair cash value of this payment determines the amount of the tax. If the employee is given a house to live in, the value of the rent for that house constitutes his wages.

Is the amount deducted from the employee's pay considered as wages?

Yes. The act specifically states that any deduction that the employer is required to make from the employee's pay are to be considered as wages paid to the

file a return with the collector? Unless the employer can show that there is reason for a delay in filing his return with the Collector of Internal Revenue, failure to make the return entails a penalty running from 5 to 25 per cent of the amount of the tax.

What is the penalty for a false return?

If a false return is "willfully" made, the penalty is 50 per cent of the total taxes due for the entire period involved, including any taxes previously paid.

Is the employer notified when the return is due?

There is no notice given of the date when the return is due, but the employer is required to file the return with the collector on or before the last day of the month following that for which the return is made.—United States News.

employee. Thus, if an employee receives \$30 a week, and the employer deducted 30 cents the full \$30 would be considered as the wages paid the employee.

How can an employer correct a mistake in the amount he deducts from an employee's wages?

Errors in the proper amount to be deducted from an employee's wages can be corrected by either decreasing or increasing the amount deducted from the next month wages.

Do such errors have to be reported to the Collector of Internal Revenue when the employer files his monthly return?

If the mistake is discovered before the return is made, it should merely be corrected and the correct amount reported. If the return has been made, however, the error should be reported as an adjustment on the return form.

COMMUNITY LETTERS

SOUTH BENNETT

We are all realizing that winter is really here since we have begun having so much ice and freezing weather. We have all been staying close to home fires, so I won't have much news to report this week.

Henry Simpson moved last week from the place he sold Otto Simpson to the house Edgar Simpson bought recently.

Mrs. Marvin Casbeer and little baby have been real sick the past week, but we are glad to report them both doing better now. Mrs. Matt Casbeer has been staying with Marvin and family during his wife's illness.

Mrs. Stanley and baby, who live on the same place with Guy Laughlin and family, have been sick with pneumonia. Several in the community have been visiting with the family and sitting up with the sick folk. We hope she can soon be well.

Harve Miles has decided he had rather stay in the house when there is so much ice on the ground. He has also resolved to let the sheep get water to them while the ground is so slick.

Mrs. Clyde Featherston spent one afternoon last week visiting in the Marvin Casbeer home. Mrs. Willis Hill has also been a frequent visitor with Mrs. Casbeer and family.

Otto Simpson and wife were in the community one day last week doing some work on their house which was previously oc-

CRAWFORD MILLS

There was no Sunday school or church last Sunday on account of bad weather, but there will be next Sunday and everybody be sure and come.

Garnet McMullan made a trip to San Angelo last week.

Mrs. M. L. Jernigan visited in the R. T. Roberts home Monday afternoon.

Mr. and Mrs. Herman Kelsie returned to their home in San Angelo after an extended visit with Mrs. Kelsie's family, R. T. Roberts.

Mrs. Fred Crawford made a trip to Goldthwaite Monday. Mr. and Mrs. W. H. Freeman visited their daughter, Mrs. Jack Anderson, Tuesday.

O. H. Renfro is getting along nicely on his new home.

Luther Jernigan made a business trip to San Saba Wednesday. Ben Egger, Jack Griffin and Frank Blair were visitors in this community Monday.

I am sure there is quite a bit more news, but the weather has been so bad I have not had a chance to get it. REPORTER.

coupled by Henry Simpson and son.

Mrs. Kerby is still visiting her daughter, Mrs. Harve Miles and family.

Mr. and Mrs. M. L. Casbeer and children visited his parents, Mr. and Mrs. B. R. Casbeer, at town one afternoon recently.

As I close my letter it is raining and still cold. I know I have failed to get lots of the news this time. ROSE BUD.

EVANS

Hello, old friends! I am sure glad to be back at my old job. I am sorry I wasn't able to tell you about what a grand Christmas this little lonely community had. I made a new year's resolution that I would try not to miss a week writing to the dear old Eagle.

This community as a whole wants to give Mr. and Mrs. Copeland and family from Zephyr and Mr. and Mrs. Shipman and family from Blanket Creek, a hearty welcome into the community.

Mr. and Mrs. John Plumley have moved to Zephyr. They were real neighbors and we will miss them very much.

Mr. and Mrs. John Evans have moved to Goldthwaite. We will miss them both. They always had a smile for everyone they met.

W. B. Wilcox spent Saturday night in Goldthwaite with his aunt, Mrs. Jeff Wilcox. He says that he is getting tired of batching.

Mrs. King and children have moved to Owens on the other side of Brownwood.

Mrs. W. B. Wilcox returned home Monday from San Angelo where she had been visiting for two weeks with her daughter, Mrs. L. B. Hanson. Little Billy and Rufus returned home with their grandmother, Barney Keating, accompanied them home.

Mrs. Copeland and Mrs. Fisher Wigley called on Mrs. A. J. Weathers Monday.

It has been quite difficult for the Copeland and Wigley children to meet the school bus during this bad weather.

Mr. and Mrs. Copeland had visitors from Waco last week.

J. R. Slack had all his children home with him Christmas day. CATFISH.

ROCK SPRINGS

As Busy Bee was expected home to write this week and so far has not arrived from her visit to Hopkins county, I fear this letter will be scant this week.

Mrs. Harvey Dunkle started on her way home Tuesday. Hillard Dyches came for her in the Robertson home Tuesday. She will spend several days with her sister and family, Mr. and Mrs. Hillard Dyches, of Breckenridge.

Mrs. Woody Traylor and Mrs. Joe Roberts visited with Mrs. Robertson and Mrs. Dunkle Monday.

We regret to learn of the sudden death of Truett Smith of Baird, Texas. He is a nephew of Mrs. J. M. Traylor, Mr. Goodlow and Charles Miller. We offer sympathy to the bereaved.

Mrs. J. M. Traylor, Mr. and Mrs. E. D. Robertson attended the funeral of Truett Smith in Denton Tuesday.

Mr. and Mrs. James Nickols visited in the Nickols home Sunday. They made a short call in the Joe Roberts' home in the afternoon and Beryl Vann Roberts went home with them in order that he might get to school every day next week.

Mr. and Mrs. Ira Dewbre visited in the W. A. Daniel home Sunday.

Homer Doggett of Coleman came for his wife and baby Sunday afternoon. They have been keeping house for Philip and Shirley Nickols while Mrs. Nickols has been away for a visit.

Mr. and Mrs. John W. Roberts and Dues Bohanan are much improved from their case of flu.

On account of bad weather, snow, ice, rain and weather in general there was no school Friday. Sorry Clifton Boyd came down and couldn't find anybody to go to school. Hope he suffers no ill effects from his tramp.

Mrs. Eula Nickols visited with Mrs. Thula Brown in Fort Worth last week.

We sympathize very deeply with Mr. and Mrs. Harry Palmer in the loss of their little child.

Busy Bee will give you the low down on the community next week. ASS'T. BUSY BEE.

P. S. Mrs. Eula Nickols returned home Monday night. She found the highways very treacherous and is glad to be back. The snow, ice and sleet in Fort Worth was much worse than we had, she reports. When she walked in home at 7 o'clock the room was so light and bright she thought she was seeing things, and she really was, for some of the children had papered and hung new drapes in the big room. She will find herself very "uptown" in that new room.

CARD OF APPRECIATION

We wish to thank our neighbors and friends for their kindness and help during the illness and death of our beloved little son, Joseph Robert. All the comforting words and beautiful flowers were greatly appreciated by

Mr. and Mrs. HARRY PALMER, HARRY ALLEN PALMER, MARY CATHERINE PALMER, MRS. P. G. PALMER, And Family.

Cottonseed cake and "Ranch House" Salt at Henry Stallings and Co.

For much visiting, so news is scarce this week. We hope to see the sun shining soon so people can get out of doors. BOOTS.

LOWER BIG VALLEY

Everyone has been enjoying the fire this week. We know now that winter is here with its sleet, snow and ice. Everyone seems to be glad though to see a good cold spell to rid the land of the insects that can do so much damage to the crops.

There were a few that ventured out to Sunday school Sunday. Some were sick and couldn't attend; others thought it was too cold to come. We hope everyone can meet with us next Sunday.

Mr. and Mrs. Oran Hale and son of Goldthwaite are visiting in the Thompson home this week.

Mr. and Mrs. Alvin Dewbre and family of May spent a few days of last week visiting in the George Knowles home.

Mrs. R. O. Patterson, spent Monday with her daughter, Mrs. Anderson of Rock Springs.

Mr. Bledsoe attended court last week.

Mrs. Oran Hale and Mrs. Scott Thompson visited in the Nelson and Dues homes Monday afternoon.

Mr. Hugh Nelson and Patsy Jean visited in the Knowles home last Tuesday.

Clyde Colvin and family of Coleman were week-end visitors in the Colvin home.

FOR TEXAS HIGHWAYS

Texas' highways, to date, have cost Texas taxpayers approximately seven hundred and fifty millions of dollars. License fees from motor vehicles have contributed \$202,000,000. Gasoline taxes have accounted for \$176,000,000.

Federal aid has donated \$91,000,000. YOUR PROPERTY TAXES HAVE CONTRIBUTED \$281,000,000—MORE THAN ONE-THIRD OF THE TOTAL.

Large trucks—those weighing more than 8000 pounds loaded—have paid a total of \$27,000,000 in license fees and gasoline taxes, or 3 3/4 per cent of the total cost.

Yet these trucks have been responsible for an additional cost of construction and maintenance amounting to approximately 50 per cent of the total—an amount far in excess of their contribution. These wider trucks result in 25 per cent increase in pavement costs.

Their bigger loads have required thicker pavements, costing from 35 to 60 per cent more; their size has made wider and heavier bridges necessary; maintenance costs have increased through their use and abuse of the highways.

Such extra expenditures are almost solely for the benefit of the big trucks and are not necessary for the small trucks and passenger cars. YET THEIR COST IS BORNE BY THE OWNERS OF PASSENGER CARS AND SMALL TRUCKS AND BY THE GENERAL TAXPAYER, WHO MAY NOT EVEN OWN A CAR, WHILE THE BIG TRUCKS THEMSELVES HAVE PAID ONLY 3 3/4 PER CENT.

Any increase in present truck loads size or speed limits will further increase the highway costs which all of us, the people of Texas, must pay.

Texas railroads provide and maintain their own rights-of-way; afford employment to 60,000 men and women (who are also taxpayers); pay large taxes in support of city, county, state and federal governments; and, in addition, pay annually more than \$900,000 toward state highway costs. The interest of the railroads in highway regulation is precisely parallel to that of the public.

SOCIAL SECURITY ACT: QUESTIONS & ANSWERS

If a man employs his son on a regular job, are the son's wages subject to the tax?

Services performed by a person under 21 years of age for his father or mother are exempted from the tax.

Does this exemption exist if the father is the head of a corporation?

If the son is the employee of a corporation his services are subject to the tax, regardless of his age or the fact that his father is the head of the company.

How can an employer correct a mistake in the amount he deducts from an employee's wages?

Errors in the proper amount to be deducted from an employee's wages can be corrected by either decreasing or increasing the amount deducted from the next month's wages.

Do such errors have to be reported to the Collector of Internal Revenue when the employer files his monthly return?

If the mistake is discovered before the return is made, it should merely be corrected and the correct amount reported. If the return has been made, however, the error should be reported as an adjustment on the return form.

Unless the employer can show that there is reason for a delay in filing his return with the Collector of Internal Revenue, failure to make the return entails a penalty running from 5 to 25 per cent of the amount of the tax.

What is the penalty for a false return?

If a false return is "willfully" made, the penalty is 50 per cent of the total taxes due for the entire period involved, including any taxes previously paid.

Is the employer notified when the return is due?

There is no notice given of the date when the return is due, but the employer is required to file the return with the collector on or before the last day of the month following that for which the return is made.—United States News.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at this office.

WE ARE THANKFUL

Mills county has just emerged from the worst blizzard of recent years. The unrelenting cold, the icy streets and walks and roads created hazards that menaced every member of our community.

While many of our neighboring towns suffered also the inconvenience and dangers of darkness because of broken light and power lines, Goldthwaite's efficient electric system functioned without interruption.

This is something we may all justly be proud of, Goldthwaite not only has more dependable electric service than its neighbors—much lower than any of these towns. The great argument put up much lower than any of these towns.

SAFE DRIVERS

Governor Allred, taking cognizance, of the increasing death toll on our highways, has appointed a Safety Committee made of representative men and women from all sections of Texas.

We are not very sanguine that the governor's committee will accomplish anything. Problems such as this are not solved by committees, however capable and earnest the individual members may be.

The greatest trouble about our traffic problem is that no one is ever to blame. Every accident is considered unavoidable and there the responsibility ends.

If every driver of every motor vehicle involved in a fatal accident HAD TO GO TO JAIL, the deaths on our highways would stop almost over night. We look on Mexico as a backward nation. Perhaps it is. One curious idea the Mexicans have is that a man killed by an automobile is just as dead as one killed with a shotgun.

If Texas adopted the same tactics, several thousand incompetent drivers would quit driving. A hundred thousand parents would start checking up on the driving ability of their reckless offspring. And fatal accidents would stop.

Because every accident is preventable. When we reach the stage where we mean to stop them, they can be stopped. Until then, we will continue to take chances, chances with lives.

WOOL AND MOHAIR USED FOR QUILTS

Thoughts of winter turned the attention of many home demonstration club women toward quilts and blankets, as the reports of county home demonstration agents indicate.

"My wool filled quilt certainly comes in fine these cold nights," Mrs. J. F. Steed of Frankell, Stephens county, told a group of women at a recent home demonstration club meeting.

Making blankets from home-grown mohair gives much lighter weight with more warmth, is the experience of Mrs. Turner McClesky, also of Frankell.

Floor warmth has not been forgotten. Old silk hose have a part in making the firm long life crocheted rugs of Mrs. R. B. Kizler of Springtown, Parker county.

And burlap was used to make the attractive window drapes in the home of Mrs. George Bowie, co-operator of the Daffau home demonstration club in Erath county.

MENTAL HEALTH PROVES TO BE MAJOR PROBLEM

Mental health, says Dr. S. S. Ackerly of the University of Louisville, is just as important as any other kind of health.

"Those disposed to pass lightly over the importance of this branch of medicine," declares Dr. Ackerly, should be reminded that over 52 per cent of all hospital beds in this country are occupied by mental cases.

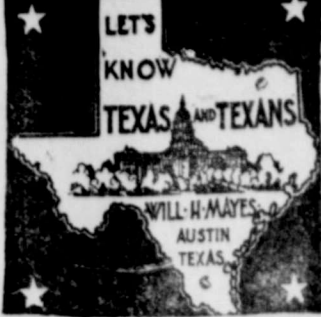

TALK ABOUT CLOTHES

Nothing equals the lure of new neck scarfs. Once an addict or collector the urge never dies, you keep buying and wearing the things. We shopped for new arrivals to wear under dark winter coats, and found a most satisfying assortment for brand new necks.

For instance there are the paper prints—a nice newspaper stunt in off-white soft silk that is especially effective. The scarf is slippery, slim and soft to manage, in double loop or single twist around the neckline of suit, blouse or knitted outfit.

Another printed scarf has bands with the names of famous movie stars in contrasting color; and still others have an international alliance of tiny figures dressed in national costumes printed in an all over design against a clear one color background.

Ascots of silk are blazing with such unusual designs as express labels, tiny reproduction of all the railroad stations in Paris, or some of the famous buildings. These are especially favored by girls at Texas State College for Women (CIA). In addition to the printed scarfs, the novelty crepe scarfs with embroidered initials are rapidly gaining in popularity.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the state and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Was the Santa Fe expedition solely for "trade" purposes, and, if so, why was it outfitted with military equipment? L.L.K.

A. President Lamar proclaimed its purpose to be both to open direct trade with Santa Fe and to induce New Mexico people living within the claimed limits of Texas to unite with Texas and acknowledge its jurisdiction over them.

Q. What was the most influential early newspaper in North Texas? G.H.

A. The Northern Standard, founded in September, 1842, by Col. Charles DeMorse, who came to Texas in 1835, served in the army and navy, was adjutant general to General Rusk and in 1886 was defeated by General L. S. Ross for the Democratic nomination for governor.

Q. When did General Arias Wolf invade Texas and what was the result? P.R.

A. With a force of about 1,200 to 1,500 Mexicans, General Wolf, a Frenchman in the Mexican service surprised Texans by marching into San Antonio about daybreak on September 11, 1842, where he was encountered by a small armed force of civilians who were expecting a band of robbers.

Q. The law of April 6, 1830 was passed by Mexico to keep Texas under better control. What were its provisions? S.R.B.

A. It attempted to provide for (a) military occupation of Texas; (b) imposition of customs duties; (c) exclusion of slavery; (d) prohibition of further immigration from the United States.

EDITORIAL COMMENT

FLOOD CONTROL

Experience and scientific experiments have proved that farming practices that conserve soil and water have a directly beneficial bearing on the control of floods and the alleviation of drought conditions.

The effectiveness of soil and water conservation at flood sources in minimizing floods, he says, is substantiated by several established facts:

- 1. Flood loads are due in large part to rapid surface runoff of rainfall or melting snow and the quick concentration of this water in stream channels. 2. The upland soils of a watershed constitute a storage reservoir capable of absorbing or retaining enough water to prevent, or at least greatly reduce, critical flood crests in the lower drainage ways. 3. Proved and adaptable procedures to hold water in the soil are now available.

To show the effectiveness of soil and water conserving practices in the alleviation of flood and drought conditions, Dr. Bennett cites data obtained by the soil conservation service at its erosion experiment stations throughout the Great Plains.

The field activities of the service were considerably enlarged in the fiscal year, according to the report. The number of demonstration projects was increased from 47 to 143 and the area of privately-owned land under co-operative agreement increased from approximately 4,000,000 to 7,000,000 acres.

From a technical standpoint, the demonstration program of the service remained unchanged during the year, the report declares. It continued the introduction of such beneficial farming practices as strip cropping, contour tillage, and contour furrowing; the construction of terraces, check dams, and water-spreading dikes; woodland and gully plantings, and the retirement of steep slopes and badly eroded areas from cultivation.

More than 430,000 acres in the soil conservation demonstration projects, including the CCC camp areas, have been strip cropped. Almost 200,000 acres have been contour-furrowed, and more than 900,000 acres have been tilled on the contour.

ECONOMIC HIGHLIGHTS

During the year just closed, there has been fulfillment of hopes mixed with a number of disappointments in the industrial field. It is true that production and sales indexes are at the highest levels since depression set in.

As a result, industry looks forward to 1937 with optimism tinged with worry. It is probable that the most favorable outlook of all is held by the retail trade businesses. Last year's December buying totaled more than \$5,000,000,000—as compared with \$4,600,000,000 in December, 1935, and \$3,700,000,000 in December, 1933, which marked the low point.

Electric Utilities: During 1936, this industry spent \$330,000,000 for new capital equipment. This year it will spend more than \$320,000,000 as a result of increasing demand. Principal expenditures will go for expanding generating facilities, which will be more than doubled.

Automobiles: There seems to be almost no limit to the public's appetite for new cars. On the debit side of the ledger is the threat of labor troubles, which have already hit machine tool and accessory makers.

Construction: For the past five years, a major building boom has been anticipated. It has not occurred. However, during 1936 construction was at least 50 per cent better than in 1935, with home building 70 per cent ahead.

Steel: Has just closed the third best year in its history, with production the best since 1929. But this industry also is troubled with potential labor difficulties.

Railroads: Traffic is good, profits are small. Some executives feel that the ICC's refusal to continue the emergency surcharges is a serious blow. ICC says, on the other hand, that the emergency is over, that more freight pick-ups will cover the loss.

Airlines: Seem to be making a steadily increasing appeal to that part of the traveling public which can afford the higher fares. One line reports a 122 per cent jump in business.

Employment: As mentioned above, is still one of the most serious of our internal problems. Unemployment total is hovering around six or seven millions. Business must make big progress in production before this labor surplus is absorbed.

Agriculture: Had the best gross income since 1929 in 1936. Crops were smaller, as a result of drought, but prices were higher in practically all lines.—Industrial Review.

Brownwood

According to a story comparing tax rates of Texas counties for 1929 and 1936 in the December issue of the Texas Tax Journal, the Brown county tax rate is above the average for the state but considerable lower than in many other Texas counties.

Comanche

Postal receipts for the Comanche Post Office for 1936 in round figures amounted to \$14,000, according to Postmaster J. R. Eanes. Postal receipts for this office for 1934 were \$12,800, showing an increase this year of \$1,200 over that of two years ago.

Lometa

One of the best indications of the financial situation is the business done at the postoffice. The quarter ending at the local office, December 31, was the largest gross in several years and has been showing a gradual increase for the last three years.

Manche is a member of the Neurology Committee of the Texas Hardware and Implement Association, which is having its annual convention at the Baker hotel, Dallas, on January 20, 27 and 28 inclusive.

It has been said, "Men are only boys grown tall." This was demonstrated Tuesday evening, December 29, when eight stalwart men met in the office of Hill Huddleston to tell of the experiences of the first football squad of Comanche. Those eight were Oscar Callaway, Coach; Bob Graham, Dave Keith, Prentice Farmer, Gib Callaway, Ben Anthony, Jack Cunningham and Mike Sullivan. Visitors were Hill Huddleston, J. C. Wilkerson and J. B. Johnson.

Marriages in Comanche county showed an increase during 1936 over that of 1935, according to County Clerk Hollis Burton who said there were 222 last year as compared to 206 the preceding year and 195 in 1934.

Rainfall in Comanche during 1936 was all nearly two inches from that of 1935, according to Bob Graham, fire chief and weather recorder. Howard Kilpatrick of Comanche is the actual construction and paving of highway No. 10 from Dublin to Stephenville is to begin in the next few weeks, according to The Dublin Progress. Grading and drainage on the Stephenville end of this section is to be done and paving all the way. Low bid was by the Austin Road Company of Dallas, for the sum of \$219,669.—Chief.

Guests in the home of Mr. and Mrs. Sam T. Taylor for the holidays were their daughter, Miss Louise Taylor, teacher in the Sanderson schools, and her friend, Dayton Casparis of Johnson City.

The September flood in the San Saba river washed many bottom fields badly. On the J. B. Brown field some three miles below town when the flood receded an old grave was exposed. Last Sunday Mr. Brown and J. W. Dalton made a complete examination and found the bones of a human skeleton fairly well preserved. This old grave is unknown to any living person and how and when it came there is a profound mystery. The field has been cultivated by Mr. Brown for the past 35 years and no sign of the grave had ever been noticed.—News.

JOSEPH ROBERT PALMER

Joseph Robert Palmer, son of Mr. and Mrs. Harry Palmer, was born November 18, 1933 in Goldthwaite, Texas. On January 11, 1937 he passed away at the home of his grandmother, Mrs. P. G. Palmer.

Funeral services were held at the home of his grandmother January 12, 1937 at 2 o'clock. Rev. Swanner assisted by Rev. Beery and Rev. Harrison, officiating. Joe Bob was laid to rest in the Goldthwaite cemetery. Pallbearers were his uncles L. T. and E. H. Allen; W. H. and E. F. Palmer. Surviving are his father and mother; one brother, Harry Al-

len; one sister, Mary Katherine and many relatives.

We will miss little Joe Bob in the dreary coming years, but the remembrance of thy beautiful, brief life will linger around us and we shall see thee as "Our Baby" after all other things shall change. We will not forget the bright, dark eyes nor the fair sweet face that filled our hearts with pride and tenderness.

You have one more link dear father and mother in the chain of love that binds man to God. The little bud that bid fair to make your hearts and home so happy here will bloom with all of its beauty in Paradise. Look

up through that mist of tears and see your darling reclining "Safe In The Arms Of Jesus," who has said, "Suffer little children to come unto me, for of such is the kingdom of Heaven."

O' ye weary ones and sad ones, Droop not, faint not by the way; Ye shall join the loved and lost ones In the land of perfect day. Harp strings touched by angel fingers, Murmur in my raptured ear; Evermore their sweet tones linger; We shall know each other there.

1,000 COON HIDES SOLD NEW YORK CONCERN

A San Angelo fur house has sold 1,000 coon hides to a New York City firm that handles about 100,000 coon skins of the 500,000 annual production in the United States. It takes 25 skins to make a coonskin coat, and these coats sell for \$175 each, and are worn chiefly in New England, New York state and in the Northwest.

Bud Morris, operator of the Kerrville Fur Co., Kerrville, said he would handle 25,000 pieces of fur this year, with prices of ring-

tails, skunk and coon 30 per cent above last season.

He was accompanied by Joe Dinker, formerly of the Standard Hide and Fur company of Dallas, now associated with Mr. Morris. Mr. Dinker said Old Mexico, opposite Texas, produces about as many ringtails, coons, gray fox and coyotes as Texas. On these furs is an export tax of about 16 cents each, with the principal ports of entry at Piedras Negras, Laredo and El Paso.

A FIRESIDE REVERIE

By G. A. Knowles, sr., to the Goldthwaite Eagle readers:

The old year died slowly, weighted down with griefs and cares of twelve long and dreary months. Rocking gently, I shake up the embers of memories firelight and in the fleeting gleam I catch the faces and forms of many of those I knew and loved long ago, before sorrow and separation came to replace careless and unconscious youth. I wonder how many of my old time playmates have had their ambitions realized? What marvelous castles we built in the air as to our future careers. Time may be well called the tomb builder, for in the cemeteries in the far off distant lands, lie the faces and forms of many of those who I used to know long ago. It brings back to memory the lines of the old familiar ballad:

Now where are the merry parties, I remembered long ago, Sitting by the Christmas fireside, Brightened by its ruddy glow? Or in summers balmy evening, In the fields upon the bay, They have all dispersed and wandered Far away far away.

Old time friends, where ever you are, where ever you may be, I wish you a tone and happy life and a prosperous new year.

UNITED STATES MARINE CORPS RECRUITING OPEN

Examination of several hundred applicants for entrance in the United States Marine Corps to be held at the district recruiting office, 822 Allen building, Dallas, has commenced. It is announced by Major Peter Conachy, officer in charge.

Young men between 18 and 28 years of age, not less than 66 inches high, in sound physical condition, and with fair education—are eligible to receive the travel, healthy life, experience and educational advantages which makes the complete man, offered by the United States Marines.

The Dallas office considers applicants from the states of Texas and Oklahoma, and is the only Marine Corps office where men in these states are examined, the major stated.

Full information regarding opportunities and life in the United States Marine Corps will be mailed on request, Major Conachy said.

HERE AND THERE

President Roosevelt declared Tuesday the murder of 10-year-old Charles Mattson in Washington state has "shocked the nation," and added every means at the command of the government must be enlisted to capture the perpetrator of "this gasty crime." Simultaneously, Attorney General Cummings offered a \$10,000 reward for the arrest of the kidnapers of the boy.

More than a thousand national guardsmen in nine Michigan cities mobilized Tuesday for possible action in strike-torn Flint, where more than a score lay injured after street fights between striking General Motors Corporation employees and city policemen. Governor Frank Murphy ordered the mobilization, asserting the state will act "for the maintenance of public order."

At Memphis, Tennessee, Leon Reese Roofener, 45 has taken drastic measures to avoid losing his Social Security Act number. He had it tattooed on his left arm. Roofener is chief engineer for a Memphis theatre.

Twenty-two tons of gold, brought from Spain, were landed at Marseilles, France Tuesday from the steamer Tramontane. The gold left Alicante January 9 and will be deposited to the account of the Spanish Socialist government in the Bank of France.
