

THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, FEBRUARY 26, 1937

NUMBER TWENTY-SEVEN

GIRLS ESCAPE

Two girls and several boys of the Goldthwaite club missed their train Wednesday morning at Waco. They were returning to Goldthwaite when the car turned over on its nose and the occupants were thrown out without overbalancing. The girls received a gash on their heads and Miss Snow was badly about the neck. The girls escaped with only minor injuries.

A new Ford V-8, was the worst damaged after the wreck. The volunteer wreckers are trying to right the car, caving in one place.

HOW FARMERS

Richard Weaver, the 4-H club member, every year for the wife and children is a guest of the past month. Friday, March 5, improve the community.

Remarks

The balance was very small in February services last Sunday. We are advancing our congregation with flu. While very seriously ill, others are beginning to get over. This writer is sick on the list with flu again.

BUSINESS UP

The trend in railroad reflected in figures today by M. J. Colburn, purchasing agent for the Santa Fe and Texas and Oklahoma, which Santa Fe's per cent were 44.5 per cent in 1935. Total purchase 1936 amounted to \$20,000,000 purchase for the preceding year. The gain of 44.5 per cent figures do not include \$20,000,000 purchase Santa Fe of November when contracts for passenger equipment and fastening rail and fasteners were placed.

COAST TO COAST

Monday and Friday of March 4 and 5, the sponsor a musical from Coast to Coast.

WORK ON HIGHWAY PROGRESSING WELL

Only one cut remained to be made this week on highway 7 between Goldthwaite and the Brown county line. This is the high hill just this side of the county line where as much as eight feet of rock is being blasted out to give a smoother grade and better vision of the road. As soon as this part of the work has been finished, work will start on plating the highway with caliche from the Brown county line back to Goldthwaite. Actual paving will not begin until warm weather.

C. A. WOMACK NAMED OLDAGE INVESTIGATOR

For the first time since the Texas old age pension law became effective, Goldthwaite citizens who have applied for pensions will be investigated by a local man. C. A. Womack has been named to this place and has taken over his duties with an office in the district court room. Mr. Womack has a farm on Bulls Creek and has taught school for several years at Center City and has a wide acquaintance in all sections of Mills county. Frank J. Buldain of Waco who has been looking after the pensioners one or two days a week will not be here anymore, it was reported at the court house.

EMERGENCY CROP AND FEED LOAN APPLICATIONS OPEN

Application for emergency crop and feed loans for 1937 are now being received at Goldthwaite by D. H. Harrison, field supervisor of the emergency crop and feed loan section of the FCA. These loans will be made only to farmers who cannot obtain credit from any other source, as provided by regulations issued by the governor of the FCA. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1937 crops or for the purchase of feed for livestock and in no instance may exceed \$400. Farmers are not eligible for these loans if they can borrow from an individual, production credit association, bank, or other concern. Emergency crop and feed loans will not be made by the FCA to standard rehabilitation clients of the resettlement administration whose current needs are provided for by resettlement. As in the past, the security for these loans will consist of a first lien on the crop financed if the loan is for the production of crops, and if for the purchase of feed for livestock, then a first lien on the livestock to be fed. Landlords, or others having an interest in the crops or the livestock to be fed, will be required to waive their claims in favor of the lien to the governor of the FCA until the loan is repaid. Checks in payment of the approved loans will be issued by the regional emergency crop and feed loan office at Dallas.

MISS GARTMAN HONORED

According to information furnished The Eagle by the University of Texas News Service, Miss Evelyn Gartman of Goldthwaite has been elected secretary-treasurer for the "pledges" of Gamma Phi Beta, social sorority, at the University of Texas. Miss Gartman is a junior in the school of education and belongs to the Curtin club and to the Christian Science club. Before coming to the University last fall, she attended Texas State College for Women where she was a member of the Kindergarten club. In Goldthwaite high school she was president of the Press club, a staff member of the high school paper and a participant in the interscholastic league spelling and essay contests. She is the daughter of Mr. and Mrs. L. J. Gartman.

NEW 1937 CAR TAGS NOW BEING ISSUED

The new 1937 tags for motor vehicles are now being issued and must be on by April 1st, according to J. H. Harris, sheriff, tax assessor and collector. If your vehicle was registered in Mills county for 1936 it will be necessary for you to bring your 1936 receipt or number off of your highway plate. If registered in some other county or state you will be required to furnish either your 1936 registration receipt or the highway number and engine number together with your model and make of car. The above instructions are given in order that the public may understand what to do. Mr. Harris asks that you please comply so that the registration officers will not have to take time to hunt for your number when you call for your tags. Mr. Harris will thank you for this co-operation.

The Methodist Church

Some one has recently said that there is a growing tendency on the part of a great many people and even church members to shift the responsibility for the improvement of life in the community from their shoulders onto the shoulders of others, and from the church to other agencies. The church with its message of Christ is absolutely indispensable to highest and best life of any community. There can be no civilization worth the name that is not built on this foundation. "Other foundation can no man lay, than that which is laid; Jesus Christ the corner stone." Why should any man who claims to love God and home be indifferent to the opportunities open to him or ignore his personal responsibilities? Each community is divided into two classes, the WORKERS and SHIRKERS. The first group expresses its spirit as those who will. The other group with the spirit of the won't and the can't. Those who will, do everything, while the won'ts and can'ts can never be depended upon for anything. It might be interesting to ask the question to what extent can the highest and only essential interests of the community depend on me. If you have only one talent the development of that one is as important as if you had five talents. Our present and future good and happiness depends on what we do with our talents. There are many sick in our community, and it is our earnest prayer that through all this we may be drawn nearer to God, and this epidemic soon pass away.

HIGHER TRUCK LOAD LIMIT MEETS MUCH OPPOSITION

Austin, Tex., Feb. 22.—Lifting the legal lid off truck load weights would fit in with the national traffic safety movement about as appropriately as six-shooters and Bowie knives would fit in with nursery equipment, in the opinion of John Wood, senior member of the state highway commission. Mr. Wood was emphatic in his views on the subject. "Repealing or increasing the truck load would be a distinct backward move with respect to safety," he declared. "In fact, I think trucks are loaded too heavily now, as well as too big." Two measures are pending in the legislature to raise the load limit. One, by Representative Ed Loggins of Goodrich, provides for a graduated scale of weights, depending upon the kind of tires, ranging as high as 18,000 pounds—more than two and one-half times as much as the present limit of 7,000 pounds. The other, by Herman Jones of Decatur, would permit loads of 12,000 with power brakes. The present load limit law was passed in 1931, following an alarming wave of traffic accidents. "I am unalterably opposed to a higher load limit," declared Highway Commissioner Wood. "All America is stirred up over the appalling traffic toll, and newspapers, civic organizations, law enforcement forces and all sorts of safety groups are preaching and teaching safety measures. It certainly would be a startling spectacle, contrary to public sentiment, to turn the trucks loose to hurtle down our highways with 30 barrels of cotton or other enormous loads, as they were doing before this law was passed." Mr. Wood said there is no question that a heavier load makes a vehicle more dangerous than a lighter one. "The driver has less control, the truck is more apt to break down, and it takes up more of the road," he pointed out, adding: "and a heavier loaded truck is unsafe not only to traffic, but to our highways and bridges."

FRED PARKER DENIED BOND

Brady, Texas, Feb. 23.—Fred Parker, 26, farmer-athlete charged with slaying his 42-year-old wife January 22, was remanded to jail today without bond by Peace Justice W. B. Douglass. Parker yesterday waived examining trial. He admitted to officers in a written statement that he killed his wife, a former Fort Worth school teacher, with a fence rail.

METHODIST PEOPLE ENJOY GOOD TALKS

A most inspiring and enjoyable evening was experienced at the Methodist church last Monday evening. It was the occasion of the coming of Bishop H. A. Boaz of Fort Worth in the interest of the University of San Antonio, San Antonio, Texas. With him were Rev. John B. Horton, presiding elder of the Llano district, Dr. W. W. Jackson, president of the University of San Antonio and the following pastors and laymen from their churches: Rev. Olin W. Nail, Lampasas; Rev. Val L. Sherman, San Saba; Rev. W. I. Belcher, Lometa; Rev. F. A. Banks, Richland Springs; Rev. T. L. Cox, Marble Falls and Rev. George L. Ryan, Center City. The ladies of the Missionary Society served a most delightful fellowship supper in the basement of the church at 7:00 o'clock, after which all went up stairs to hear the message from Dr. Jackson and Bishop Boaz. The bishop was at his best, and those who heard his great message at the dedication of the church last year, said it was even better than his message at that time. This was a truly great opportunity for the people of Goldthwaite, and it was a profound regret that so many were kept away because of illness. Those who were fortunate enough to hear this message will never forget it. Bishop Boaz is truly one of the great leaders in the Christian world.

WILBUR FAIRMAN BUYS YOUNG BROS. RANCH

The Young ranch of 5,000 acres sold at Regency the first of the week to Wilbur E. Fairman of Goldthwaite at ten dollars per acre. The ranch belonged to the following Young heirs: Joe Young of Crews, Frank Jenkins of Uvalde. This was one of the largest ranch sales made in this county in 1936 or 1937 and Mr. G. M. Fletcher is commended for his sales ability. The ranch is a very desirable investment and a valuable piece of property, known far and wide as the Young Brothers Ranch.—Mullin Enterprise.

ANNUAL INTERSCHOLASTIC MUSIC MEET APRIL 9 AND 10

The annual interscholastic music meet for high school girls will be held at Mary Hardin-Baylor April 9 and 10. It has been announced, but definite plans for the meet have not yet been made. Contest will be held in choral club singing, solos in voice, piano and violin. The Waco high school won two first places in the meet last year. Clara Bowman of Goldthwaite, a freshman at Mary Hardin-Baylor this year, won first place in piano contests.

DON'T LET "GEORGE" DO IT

The Cemetery Association held a sale of drinks and eats in town Saturday and received a splendid patronage and could have sold several more cakes and pies, but sold out. Demand was greater than the supply. A few ladies are working so hard to keep the cemetery clean and they would appreciate more help and more interest. Turn a helping hand and don't let "George" do it all for you. There are a few slackers who could exhibit a willing spirit and helping hand and not drop it on a few fine loyal women.—Mullin Enterprise.

PLEASE READ

Notices of church or school entertainments where a charge of admission is made, obituaries, cards of thanks, resolutions of respect and all matters not news, will be charged for at the regular rates.

EXTENSION EXPERT TO SPEAK SATURDAY

E. A. Miller, Extension Agronomist, will address Mills county farmers at the courthouse, Saturday, February 27 at 2:00 p. m. He will discuss fertilizers, treatment of planting seed, soils and varieties of staple crops. All farmers are cordially invited. W. P. WEAVER, County Agent.

MOHAIR PRICES AGAIN BREAK LONG RECORD

For the second time in a week mohair price records for the last decade were broken by J. M. Lea of San Angelo, buyer for Draper & Co. of Boston, when he purchased, at 70 and 80 cents a pound, 10,000 pounds of mohair from John and Husie Galloway and the Miers Ranch through the Producers Wool and Mohair Company at Del Rio. At the week-end Lea had bought a larger quantity of mohair at Ricksprings at 68½ cents for the grown hair and 78½ cents for the kid hair. With virtually all of the 7,000,000-pound spring clip now being shorn either contracted or optioned, the tail end of the mohair clip has been getting a major play from the buyers. The demand for mohair also has resulted in the contracting of approximately 250,000 pounds of Fall of 1937 mohair at 55 and 60 cents.—Fort Worth Star-Telegram.

FLU EPIDEMIC CONTINUES BAD

Practically one-half of the residents of Mills county recently have had or now have the flu according to reports to Dr. J. M. Campbell, county health officer. The crest of the epidemic seems to have passed, but a number of very sick people are reported in all sections of the county.

Church Of Christ

We are hearing much this week about the brotherhood of man. In fact it has been declared "brotherhood week." This week the Catholic, Jew, and Protestant are trying to establish more friendly relationship, and a greater appreciation for each other. Indeed this is a wonderful step if it is carried far enough. We know that there is far too much prejudice existing between these religious bodies. This should be erased. Man should hold no prejudice against any man or set of men, race, or nation. It is a sad day in the history of a man, school, state, or nation when it is ruled by prejudice. This renders the proper consideration of the other man impossible. It is nothing more than right that we consider the brotherhood of man, regardless of his race or nation. Whence came the idea that one race or nation is more acceptable in the sight of God than another? Paul declared that God has made of one blood all nations. All possible chance for personal, class, national or racial superiority was abolished when the Lord was crucified. Paul said he, Christ, "abolished the enmity" and "so making peace." But why all the drive now for brotherhood, when the drive should have been all along through the past 2,000 years? The answer is, to baffle the present attempt of Communism and Fascism to destroy religion. The recent moves in Russia, Germany and Italy against religion bid fair to repeat in other countries, and even to affect America. It is indeed alarming when we think of the condition, but why do we have to get together to do the job? Dr. E. Stanley Jones gives a good answer in his speech to the Methodist people of February 17: "Our denominationalism simply cannot do the task." That is true. Denominationalism has served as an inroad for sin and corruption. Had man heeded the instruction of the Lord there would not have to be all the talk of brotherhood that is being made today, for he said, "that they may all be one." I fear that neither Catholicism, Judaism, or Protestantism has the real answer for brotherhood, and Christian unity. The only answer is found in God's appointed way—the Bible way. By laying aside human creeds and opinions and taking the Bible this work may be done. E. W. STOVALL, Minister

RANGE IMPROVEMENTS MADE BY RANCHMEN

Earl E. Day, Ebony, has under way the most extensive range improvement program yet started in the county. On this ranch of 2,265 acres Mr. Day will kill 500 acres of mesquite using the kerosene method, will cut off a large acreage of post oak timber, and contour 300 acres. Some of the contour acreage will be planted to Bermuda grass for permanent pasture. W. J. Weatherby has cut the cedar on his ranch west of town. D. G. Barnett plans to contour his pasture land. Other ranchmen that have contoured grass land and will kill mesquite this spring are: J. E. Smith, C. A. Smith, J. D. Calaway, E. A. Duren, R. C. Duren, D. B. Eaton, T. B. Graves, J. F. Soules, W. L. Steinman, W. A. Baley and C. M. Hill.

NEW LEASE SOUGHT FOR POST OFFICE

Proposals are solicited by Post Office Inspector A. S. Page at Fort Worth for quarters suitable for the post office at Goldthwaite for a term of either five or ten years from July 1, 1937 according to an announcement furnished The Eagle. Floor space of about 1,500 square feet is desired, which is approximately 50 per cent more space than in the present post office. An extra parcel window is to be provided and an increase in the number of boxes is also called for. Bids will be accepted up to and including March 15, 1937 after which the inspector has announced that he will come to Goldthwaite and make a personal inspection of the building offered. Considerable interest is being taken in the possibility of the post office being moved, and several bids are expected. The office has been in the present quarters for about 40 years with practically no change in equipment, although the postal revenues have increased greatly during that time.

Baptist Reminder

Our crowds were greatly affected Sunday by so much sickness. I don't think I have ever seen so much sickness in our church since coming to Goldthwaite. I would like to remind you again of our spring revival which will be held the week of March 16, running through the 19th. I hope you make your plans to attend. The pastors from Winters, Ballinger, Brownwood, Brady and Comanche will speak to us that week. One of the greatest movements ever launched by Baptists in this state will be in progress this year. Our state secretary, Dr. A. C. Campbell is challenging us to win 100,000 people to Christ. We have 615,000 white Baptists in this state. An average of 8 per cent, if 6 people will win one person we can easily meet the challenge. Mills county Baptists should win at least 200. How can we do it?

MERRY WIVES CLUB

The D. A. Trent home was a beautiful setting for a bridge party Tuesday afternoon when Mrs. Trent was hostess to the Merry Wives club and a few other friends. In the battle of wits Mrs. Kelly Saylor, as club member, and Miss Velma Cockrum, as guest, received attractive trophies for their success. Guests other than the above mentioned were Mesdames Marvin Hodges, Bob Steen, jr., J. Raymond Little, Paul McCullough, T. F. Toland, Walter Fairman, A. H. Smith, W. G. Saylor, W. W. Stevens and Miss Mary Cockrum. REPORTER.

FLU EPIDEMIC CONTINUES BAD

Practically one-half of the residents of Mills county recently have had or now have the flu according to reports to Dr. J. M. Campbell, county health officer. The crest of the epidemic seems to have passed, but a number of very sick people are reported in all sections of the county.

TWAS ME OWN FATHER THAT TOLD ME - LOVE IS A BUSHEL OF KISSES - MARRIAGE FOUR PECKS!

SHAMROCKS

MANY TEXANS LOSE LIVES IN FIRES DURING 1936

During the year 1936 more than 450 men, women and children lost their lives from fire (exact number of deaths in 1936 not yet available), and since 1923 to 1936, inclusive, more than 4,990 men, women and children have lost their lives from fire. The contributing causes of deaths from fire during 1936 were as follows:

- Kerosene, starting or quickening fire with, 40.
- Kerosene, explosion of lamps, lanterns and stoves, 10.
- Gasoline, starting or quickening fire with, 15.
- Gasoline, cleaning clothes, floors, etc., with, 20.
- Gasoline, explosion of barrels, bottles, etc., 10.
- Clothing, ignited strapping too close to stove or open fire, 50.
- Gas, explosion of, 15.
- Automobiles, burned in wrecks and collisions, 15.
- Explosions, crude oil, boilers, etc., 12.
- Trapped in buildings, 45.
- Scalds, children falling into boiling water, 10.
- Matches, children playing with, 5.
- Smoking in bed, 3.

Most of the fires that occur in the home are from simple and easily preventable causes. Likewise, most of the deaths that occur from fires are from simple and easily preventable causes. Deaths from fire can be greatly reduced by putting into practice the following simple rules:

JAPANESE OIL
 Made in U. S. A.
FOR HAIR AND SCALP
 Different from Ordinary Hair Tonics
 IT'S A SCALP MEDICINE!
 50c & \$1. FEEL IT WORK! At All Drugists
 Write for FREE Booklet "The Truth About The Hair." National Remedy Co., New York

Keep children and fire safely apart. Children can be taught the dangers of fire. Keep matches out of the way of children.

Do not throw away cigars, cigarettes and matches without first extinguishing them. A careless smoker is as bad as an electric storm to burn the buildings.

Keep chimneys and stovepipes clean with all joints and connections tight. Provide separate metal cans for ashes and for rubbish. Nixer mix.

Avoid the filling of lighted lamps. Avoid the use of kerosene to light or quicken fire. The application of heat to kerosene results in the generation of gases which are very explosive.

Do not use gasoline, naphtha, or benzene for cleaning. Use some of the safer solutions now obtainable and these, in any considerable quantity, out of doors and during the day.

Avoid toy wax candles. Each year a number of deaths of children due to placing of candles on Christmas trees produces a sad ending for an otherwise joyful season.

Never leave babies alone in the house—not even a minute where there is a lighted lamp or open fires.

This is an age of electricity—let's learn to use it with safety. Permit only experienced persons to install or repair electrical fittings and appliances. There are definite rules for wiring, which if known and observed will prevent electrical fires. Keep a supply of fuses on hand. Do not use a penny for a fuse. When a fuse burns out replace it with a new one.

Turn the current off on an electrical appliance before leaving it.

Two good safety points: (A) Make it a point to know how to get out of every building you enter. (B) Never sit in a closed

DIYERS MATTERS

For diversity of little-publicized items, the religious field last week offered a generous assortment of reports from all parts of the world. Among the more interesting ones were these:

In London, the Archbishop of York asserted: "It can be a Christian duty to kill." Simultaneously, the Bishop of London said: "The real dangers to peace are pacifists."

In Kendallville, Indiana, Lawson Brickley, owner of a lunch car, announced that he gave no free food to beggars unless they were able to repeat the Lord's Prayer. He said he had fed over 8,000 homeless men in the last five years and that each paid for his meal by reciting the prayer.

In Germany, religious instructors in the public schools of the Province of Anhalt were instructed by Nazi officials to teach that Jesus Christ was not a Jew.

In Fort Worth, Texas, delegates to the Southwest Baptist Church Music Conference were told to avoid "whooper-up" songs in church worship. I. E. Reynolds, conference head, said: "It is a travesty to develop ministers to high point and have a knock-down, drag-out musical program."

In Brooklyn, N. Y., St. Marks Methodist Episcopal church arranged to pay off \$50,000 indebtedness by borrowing from parishioners. In return for the loans, the parishioners will receive life insurance policies on the 20-payment plan. At the end of 20 years, the policies will each have a cash value equal to the amount of the individual's loan.—Pathfinder.

When you have visitors of whom any other local item tell the Eagle.

room or office. Always ventilate with fresh air. These two precautions may mean the saving of your life and of others in case of fire.

HEART OF TEXAS GARDEN ORGANIZED IN BROWNWOOD

At ten o'clock Thursday in Hotel Brownwood, another project set out for the year 1937 by the Brownwood Garden club took on form and became another accomplishment to go down in the history of this organization.

Besides meeting Mrs. Ben G. O'Neal of Wichita Falls, president of the State Federation of Garden clubs, and with the help of the women in Garden clubs in Brady, Santa Anna, San Saba, Coleman, Mullin, Lampasas, Hamilton, Mason and Goldthwaite, members of the local club played a prominent part in the perfection of the organization of a Heart of Texas District Association of Garden Clubs. Through this organization it will be possible to carry on plans of wider scope and should prove of great benefit to all members and their home cities.

Miss Mayesie Malone, county home demonstration agent, was present in the meeting and spoke encouragingly concerning the organization of a Heart of Texas Garden club, stating that with its co-operation people in the rural districts will be inspired to work for the beautification of their own homes.

Mrs. D. L. Connally, president of the hostess club presided in the organization of the new club and officers were elected as follows: President, Mrs. John G. Berry of Goldthwaite; first vice-president, Mrs. Dee Bratton, Hamilton; second vice-president, Mrs. Lawrence Hamrick, San Saba; third vice-president, Mrs. George Fletcher, Mullin; recording secretary, Mrs. Joe Palmer, Goldthwaite; corresponding secretary, Mrs. D. L. Connally, Brownwood; treasurer, Mrs. Robert P. Campbell, Lampasas; publicity chairman, Mrs. J. W. White, Mason; parliamentarian, Mrs. L. T. Gober, Coleman; flower show judge, Mrs. Mack Yates, San Saba; Junior Garden club counselor, Miss Emma Young, Brady, and unified program chairman to be selected by the president, Mrs. Berry of Goldthwaite.—Brownwood Bulletin.

GOOD TO EAT

The condition of one's mouth is a good indication as to whether the diet of that person is what it should be. Studies have shown that a mild inflammation of the gums is a very common condition and it is surely a sign of ill health. A liberal diet which contains all the essentials for health is an important factor in overcoming a tendency toward dental cares.

Candies, sugar, crackers, pastries, bread and cake all decay the teeth if allowed to remain on their surfaces, therefore, the teeth must be clean and free from food before going to bed, as most of the decay takes place while sleeping.

Food that calls for proper mastication is an advantage in that it uses the muscles which are necessary for the proper development of the jaw and face. The American diet today is often times too concentrated and refined.

Salmon Loaf: 1c minced cooked celery, 1c red salmon, 3c soft bread crumbs, 3T water, 1-2tsalt, 1t poultry seasoning, 1t onion juice, 2t melted fat, 1c hot milk, 2T butter, 1-2c hot water, 1c hot thin white sauce, and dash of cayenne. Mash the celery. Moisten crumbs with hot water, mix all ingredients except butter, water and sauce. Shape into loaf, using crumbs enough for the

purpose. (A soft mixture is good scalloped). Grease baking pan. Moderate oven 1 hour. Baste several times with butter melted in the water. Pour hot white sauce around. This may be garnished with parsley.

Scalloped Corn With Bacon: Cut corn off cob or use canned corn. Make white sauce allowing 1c for every c of vegetables. Arrange in greased baking dish layer of corn, layer of broiled bacon and chopped green peppers, layer of white sauce. Repeat until all is used. Cover with bread crumbs. Moderate oven until brown. Always watch a scalloped dish to see that it does not get too dry. Hot water, hot milk, or melted fat may be added when necessary, to prevent this.

Egg And Olive Sandwiches: Cut 4 hard-cooked eggs through sieve or ricer and mix with 1-3c finely chopped stuffed olives and 5T French dressing and mayonnaise.

Save to Build Build

C. G. Holland says, "It is worth a life win for ourselves and our children a will enrich them and us while life lasts. Children need the influence of a real build, and own. It is their birthright of growing up all too quickly," this is one of immediate concern.

To assist you to make a wise choice avoid costly errors, we invite you to plans and pictures of the many prepared to show you, without obligation. We are interested in helping you home for your needs and means.

ORCHESTRA SPONSORS "All American Chump"

On Thursday night the Goldthwaite high school orchestra sponsored a show for the purpose of raising money to meet music and sundry other bills. The show was an excellent one, full of laughs and hilarious entertainment. The orchestra presented several new numbers, including "Don Juan," featuring Mark Fairman; and "Empty Saddles," featuring Catharine Fairman and Billy Saylor. The Glee club, under the direction of Mrs. Sullivan, presented several numbers.

The orchestra wishes to express its appreciation to those persons who supported it by attending the show Thursday night.

FLU EPIDEMIC

At the time of this writing, Tuesday, thirty per cent of the student body are victims of flu, or something else that is keeping them out of school. The absent list last Friday ran to thirty-six per cent, but showed improvement yesterday and is still better today. We sincerely trust that by the time you read this the epidemic will be past and all will be in place again.

Bus Drivers Sick

Last week Mr. Schulze was absent from his bus two days on account of the flu. He is going regularly this week. George Chapmon substituted for him. Also George Bohannon has been absent from his route for the past ten days. He expects to be back at his post soon. W. T. Smith is substituting for him.

Teachers Sick

Today, Tuesday, Mrs. Barnett is nursing a case of flu. We hope she will be back before you read this. She is the only teacher to drop out thus far. Judging from the disposition of some others they may have had it.

ELECT FOOTBALL CAPTAINS

Last week, with the beginning of spring training, the football boys met to elect captains for next fall's football season. In view of their past loyalty and excellent work, Clark Davis, as captain, and Floyd McKenzie, as co-captain were elected. Great things are expected of the team next year with these two able players leading it.

GRAMMAR SCHOOL GOSSIP

An interesting "Mother Goose and all her family" was presented in chapel last Wednesday by the second grade. The only difference, however, was that the rhymes were changed about and made into health rules.

We are glad to announce that Aggie Forehand has come back to stay with us. She moved to Galveston several months ago, but has now, we hope, come back to stay.

FUTURE FARMERS

Last Friday the Future Farmers broadcast a musical program from the Brady station. Today the live stock judging team is in Mason attending a live stock show there. A more extended account of both will be given later.

CHATTER COLUMN

What is Mr. R. L. Peterson's second name? We hear people inquiring daily about it. What is the significance? We wonder if he will tell us?

Why is J. D. McKenzie wearing such a long face lately? Some one said it was heart trouble. We want to know whose car J. D. has been driving here of late? Buck up J. D., you'll get over it (maybe).

For some reason Naomi Childress seems to be losing her grip. The black coupe hasn't been seen going to and from school so much lately. Get busy Naomi, and good luck!

We can't get to the inside of this, but it seems that the Coca Cola building has a special significance to certain high school students—since Monday night, the fifteenth.

Who is the guilty person? Some one gave Walter Carrol a splendid manicure last Sunday, that is why he has been sitting on his hands. Is that the cause for his frequent visits to Lometta?

Scandalous?? What's this we hear about redheads? Is it true that G.H.S. girls are going to dye their hair red? And is the reason really that Clark Davis has gone in for redheads (that is, a redhead) in a big way?

Some of the juniors would like to give the geometry teachers a little advice. The only way to get along with Jean Hargett, the giggler; Jean Gooseby, the baby talker; and independent Snow Johnson, is to just lop them one or knock them cold. Go to it teachers, it's the best solution.

Floyd McKenzie has been looking sad and disillusioned of late.

TREASURY TO SELL OLD POSTOFFICE AT DALLAS

The treasury announced last week it would sell the old postoffice and court house at Dallas, Texas.

J. Y. Dreisonstok, assistant procurement director, said bids would be asked soon for the building site and fronting 200 feet on Ervay and 120 feet on Commerce streets.

Dallas citizens have asked that the old building be torn down. The structure was erected at a cost of \$129,205 and was first occupied in 1888. Later, a \$150,000 addition was built.

us from Mexia where she has attended high school the past three years. We are always glad to have new members, and we sincerely hope that she finds our school as pleasant as the one she has just left.

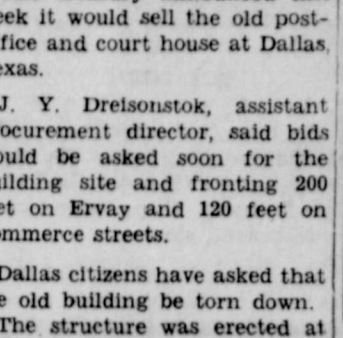

When You Need a Laxative

Thousands of men and women know how wise it is to take Black-Draught at the first sign of constipation. They like the refreshing relief it brings. They know its timely use may save them from feeling badly and possibly losing time at work from sickness brought on by constipation.

If you have to take a laxative occasionally, you can rely on **BLACK-DRAUGHT** A GOOD LAXATIVE

When you have visitors or know any local item of interest tell the Eagle.

PROTECT THAT HIGH-PRICED SEED CORN

SEMESAN JR.

seed treatment reduces seed rotting and seedling blight—increases corn yields—for 1½¢ an acre

This year—with good seed corn scarce and expensive—seed treatment with SEMESAN JR. amounts to real crop insurance. All it costs is 1½¢ an acre—an investment generally returned almost at once by the improved stand, and repaid many times over when the crop matures.

SEMESAN JR. reduces seed rotting, seedling blight, root and stalk rots—gives your corn the healthy start necessary for a big yield. In nine-year Iowa tests, seed corn treatment increased the average yield 4 bushels an acre. Circular 444, Illinois—where the average increase has been about 3 bushels an acre—says SEMESAN JR. is "one of the best disinfectants for seed corn now on the market."

SEMESAN JR. is easy to use—just dusted on the seed. Will not clog the planter. Four oz., 35¢; 1 lb., \$1.00; 5 lbs., \$4.75. Ask us for free Corn Pamphlet containing plans for making your own rotary planter.

 TREAT SEED EVERY YEAR -IT PAYS

MODERN CITY REFRIGERATION

FOR YOU - ON YOUR FARM - NOW!

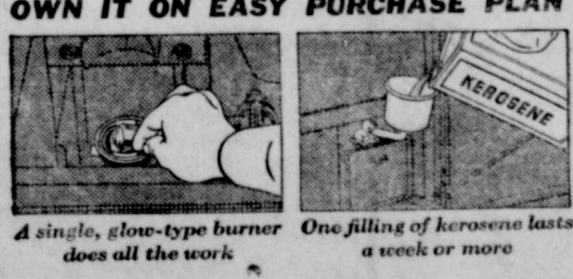

SERVEL ELECTROLUX RUNS ON KEROSENE (oil) FOR A FEW CENTS A DAY

- Keeps food fresh for days
- Freezes ice cubes—desserts
- Saves steps, work, money
- Needs no daily attention
- No water or electricity
- Has no machinery to wear

WHEN you choose a Servel Electrolux for your home, you are choosing a modern kerosene refrigerator that is identical in all important respects with the famous Gas Refrigerator which has been serving hundreds of thousands of fine city homes and apartments during the past ten years! That's why farm women are so enthusiastic about Servel Electrolux . . . and why it's going into more kitchens every month!

This ideal refrigerator for homes beyond the power lines assures plenty of ice cubes at all times . . . protects food perfectly year-round . . . enables you to make new dishes and more interesting meals . . . makes your work easier every day you have it. And the cost to run a Servel Electrolux is only a few cents a day. Owners will tell you it actually saves enough to pay for itself. Send for free literature.

OWN IT ON EASY PURCHASE PLAN

MAIL THIS COUPON

Gentlemen: Please send me, without obligation, complete information about Servel Electrolux, the Kerosene Refrigerator.

GOLDTHWAITE'S BEST CHOICE IN LOW-COST CARS RIGHT AT YOUR FORD DEALER'S!

NEW THRIFTY '60' FORD V-8

Owners report 22 to 27 miles per gallon. Most economical car of its size ever built!

USED CARS ALL MAKES

With written money-back guarantee. Used cars as safe to buy as new ones!

still less, we have R&G used cars—many makes and models including '35 and '36 V-8's—carefully renewed to specifications laid down by the Ford Motor Company and guaranteed in writing, on a money-back basis. Why settle on anything until you've seen everything at your price? Come in and see several different cars, side by side. Then put your money into the particular kind of value that will mean greatest satisfaction for the months to come.

Built in Texas by Texas Labor

to you for the MOST for your money . . . see Your Ford Dealer FIRST this year!

BILIOUS

Condition Needs Double Action Treatment

Stimulation of liver bile flow is not enough for complete relief, but combined with intestinal stimulation that relieves temporary constipation, quick, soothing results are certain. Herbine, a combination of herbs, combines BOTH actions and so those dizzy, headachy, indigestions, gas, rundown feelings get relieved when both liver and bowels return to normal action. Get your bottle of Herbine from druggists.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

COMMUNITY LETTERS

McGIRK

It is drying up considerably the past few days and the farmers have been working hard, fixing the land for another year. We have also had rather a few dust storms recently, and we hope they are over for a few days.

Mr. and Mrs. Cook of this community are the proud parents of a new baby boy, which they named J. D.

About one o'clock Saturday afternoon the bad news was heard that the store at McGirk which is owned by the Ball family, had burned. At the time of the burning there was no one there but the lady who kept the store. Men from far and near rushed to the fire and prevented further spreading, but they could not save the store or much of the household goods. On account of the wind the store was burned almost instantly. We are in deepest sympathy with the Ball family in the loss of almost everything they possessed.

Mr. and Mrs. N. N. Newton spent the day Sunday in the home of his brother, Clarence Newton.

Mr. and Mrs. Paul Ising ate birthday dinner in the home of their daughter, Mrs. Currant Landua at Shive.

Mr. and Mrs. Nary Newton have recently bought a new car.

Mr. and Mrs. Aaron Newton were Sunday visitors in the home of Mr. and Mrs. Martin McCasland.

Mr. and Mrs. Jerry Newton and family visited their Grandmother Havens, who lives at Pecan Wells Sunday. She has recently broken her arm.

Mr. and Mrs. Eddy Williams are staying at Hico with his parents while they are sick.

Everyone remember singing every second and fourth Sunday night. OLD MAID.

When you have visitors or know any local item of interest tell the Eagle.

SCALLORN

We have had some real dust storms the last week. We can sympathize with those that are living where they have sure enough sand storms.

Mrs. John Crawford and son Garland of Stephenville spent the week-end with her mother, Mrs. R. D. Evans and family.

Mrs. Coleta Blake of Mullin spent a week with her mother, Mrs. Ora Black, who has been down with the flu.

Several cases of flu are reported in the neighborhood. Homer Eckert and all his children have been down with flu, also Pate Eckert's family. Several of the school children have had to be out of school.

Fleming Ford and wife spent the week-end with his brother, Chester, in Belton.

Lloyd Laughlin and wife spent Friday night and Saturday with relatives in Goldthwaite.

Dutch Smith and family and Velma Gage, wife and son, Billie, spent Sunday in Homer Eckert's home.

Mrs. Earl Johnson spent last week with Ernest Johnson and family. She returned Monday with Earl to his work near Georgetown.

Webb Laughlin, wife and two sons, Elton and Orville, spent Sunday in Lloyd Laughlin's home.

Sherwood Ford and wife spent Sunday with his mother.

Miss Cecil Joe Kuykendall spent the week-end with her parents, Mr. and Mrs. John Kuykendall.

Mrs. Willie Casbeer spent a while Monday in Mrs. Barney Laughlin's home.

Mr. Shaw and his men are putting in some culverts on the branches near John Kuykendall's house and one near the school house, which has needed one for some time.

Mr. and Mrs. Gus Kirby's little girl from Goldthwaite spent Saturday night with Billie Helen Smith. REPORTER.

ROCK SPRINGS

The faithful few went to Sunday school and church Sunday morning. B. F. Renfro was to preach, but he failed to come.

This community extends sympathy to Mmes. Smith and Fitzzell in the loss of their brother-in-law, Albert Driskill. Also to Mrs. John Smith in the loss of her mother.

I was sorry I missed the radio program put on by the Goldthwaite high school youngsters Friday afternoon at Brady. Next time, I hope they advertise their program.

There is a new case of flu out here every day.

E. D. Roberson and family are sick with the flu this week.

Mrs. Landy Ellis is still on her job across the river taking care of sick folks.

Shirley Nickols sold his turkeys this week to V. D. Tyson.

Marvin Powledge from Lampasas spent Saturday night in the Webb home. Sunday he took Mr. and Mrs. Webb to V. D. Tyson's at Center Point for dinner.

Mrs. Eula Nickols hasn't suffered with a stiff neck this week.

Adrian Long has been breaking land, and others too, but Adrian has a tractor and it can be heard and that is how we know just what he is doing.

Mrs. Eula Nickols and Philip enjoyed the Sunday dinner in the Tyson home in Center Point.

V. D. Tyson, James Nickols and J. C. and J. T. Stark played 42 in the Webb home Saturday night.

Mrs. L. B. Porter visited with Duke Clements and family in town last week. She also visited other friends, Mrs. Nannie Jackson and Mr. and Mrs. D. Y. Fox in the Escott home.

Friday afternoon Mmes. John and Joe Roberts and Nickols and W. A. Cooke attended Albert Driskill's funeral at Zephyr.

Mrs. Fred McClary visited in the Dewbre home Thursday afternoon.

A. R. Kauhs and family spent Friday in the McClary home. James Nickols and wife spent most all last week in the Nickols home. They spent Friday night with Joe Roberts and family.

Dwight Nickols and wife from town visited with his mother a while Monday night.

Fayette Collier and family from town visited with R. E. Collier and wife Thursday night.

Mmes. Porter and Nickols enjoyed Monday with Joe Roberts and family.

Mrs. W. A. Daniel took Billie Ruth and Greta Taylor to school Monday.

Miss Nealle Moore from Brownwood and Sherrill Roberson and wife from Big Valley spent the week-end with E. D. Roberson and family.

O. C. Gatlin is counting on a good crop this year, he is getting his land in shape, his hired hand is doing the work.

Marvin Spinks and wife and James Nickols and wife visited in the Webb home Wednesday night.

Duey Bohanan and wife cared for his brother, George, and family in town last week. They both have the flu at this writing.

Mrs. Dwight Nickols from town visited in the Nickols home Wednesday afternoon.

Mr. Boyd is farming some of J. O. McClary's land this year. Philip Nickols plowed for Richard Sowers Friday afternoon. He seems to like the tractor. He broke his mother's garden Saturday mornin'.

Mrs. A. D. Kirk from Crawford Mill, Marion Robertson and wife from Big Valley went to Brownwood with Misses Myrna and Bernice Traylor Saturday.

J. T. Robertson, Milton Jetton, Mrs. Traylor, daughter and son and Mrs. Eula Nickols attended Grandmother Stewart's funeral Sunday afternoon.

Shirley Nickols is home since James is able to be back at work. R. C. Webb and James Nickols traded some sheep this week.

Here is hoping we don't have any more high wind like we witnessed Saturday. BUSY BEE.

Will Rogers' Humorous Story

By WILL ROGERS

A LADY gave her husband's year-before-last coat to the woman that scrubbed for her. She told her it was a perfectly good coat, but a little out of date, and that maybe the scrub-lady's husband wouldn't mind wearing it this winter. She handed it to the woman on a coat-hanger made out of wood. That night she bragged to her husband about being charitable. "I even gave her the coat-hanger, so her man can keep kind of tidy," she said.

But when the woman that gave away the coat asked her scrub-lady some time later about how it fit and everything, the scrub-lady said, "Well it's all right now, but my man just had to take the wooden part out of the shoulders. He says them things ain't for a man that stoops at his work, and it nigh killed him the first day he wore it."

(American News Features, Inc.)

LOWER BIG VALLEY

The average crowd was at Sunday school Sunday. There were a few visitors. We hope more will come net Sunday.

Mrs. Alvin Oglesby and Mrs. Sena Ezzell called on Mrs. Vogel one day last week.

Mrs. B. F. Bledsoe is suffering from another light stroke this week. We hope Grandmother Bledsoe will soon be up again.

Roy Bynum made a business trip over the other side of Goldthwaite last Friday.

Obe Sheppard and Earl Faulks of Gustine were weekend visitors of Garland Patterson.

Hugh Smith has been on the sick list. He is able to be up and around now and is visiting others who are sick.

Tom King and family and Grandpa King all of San Saba visited in the Ezzell and Trowbridge homes Sunday. They all enjoyed a birthday dinner cooked for Grandpa King.

Uncle Bill Trowbridge is trying to get ahead of everyone this year. Last Saturday morning he went to the river fishing and while he was baiting his lines he heard a big "splash" and when he came up, he discovered it was caused from him suddenly hitting the water. We don't know whether his desire to go swimming was so great he couldn't resist or whether his feet automatically flew out from under him, but anyway Uncle Bill beat all the boys going swimming this season. Nevertheless Uncle Bill brought in a 3-pound fish and we know how he enjoyed it after his early morning swim.

There were several who called on Hugh Smith last week while he was ill, but I didn't learn all their names.

The Lower Big Valley softball players had a nice game at McMillin last Sunday afternoon. Although they lost by one score, they had a good game and expect to play again this Sunday afternoon at Big Valley school.

Mrs. Raymond Wilson has been on the sick list this week, but is able to be up now.

Roe and Duke Mauldin spent one day this week in the Nelson home. They were out looking over their old home place and the scenes of their childhood days.

Mr. and Mrs. Walter Nelson visited in the Johnson home near San Saba one night last week.

Everybody come be with us next Sunday at Sunday school. The more that come, the better the meeting. So everyone try to be with us at ten o'clock.

CRAWFORD MILLS

Mrs. Earl Hale and daughter, Neta Earl, have come back home from Goldthwaite where they have been for about a month. We are very glad to have them back in our community.

Mr. and Mrs. Selgorn Jernigan of Lampasas spent the day in the Luther Jernigan home Thursday.

Mr. and Mrs. Ralph Wilmett from the Neal community in San Saba county ate lunch in the Jernigan home Saturday.

Mr. and Mrs. Tas Renfro of Goldthwaite ate lunch in the O. H. Renfro home Sunday.

Mr. and Mrs. S. R. Stewart of Ozona and Worth Stewart of Quemado, visited in this community Sunday and Monday.

M. L. Jernigan made a business trip to Ebony Monday.

This community is made very sad over the death of our good friend and neighbor, Mrs. Jim Stewart. She has always lived a true Christian life and her influence for good and the right was like the perfume from an orange blossom that went out to do its good and to make everyone happy. We loved Mrs. Stewart and we feel so lost and lonely without her and our hearts go out to her loved ones in this sad hour. We pray God's love and kindness will hover over and comfort them. We as neighbors extend our sympathy to Mr. and Mrs. John Smith and all the family. REPORTER.

CARADAN

There were not many out to Sunday school Sunday morning. Let us all try and come next Sunday morning. There will be preaching too. Bro. Dalton has a regular appointment the fourth Saturday and Sunday of each month.

Mr. and Mrs. Watts Wright visited their son, Deward, and wife at Oglesby this week. Deward and wife have a new baby boy.

Will Knight and family spent Sunday with Deward Reynolds and family.

There is quite a bit of sickness in our community. Not many families have escaped the current flu epidemic. We are hop-

ing they all soon are well.

Deward Reynolds with his mother and father attended the funeral of Lanny Harrell Wednesday of last week at Florence. It made us all sad to hear of this accident. Lanny lived here several years ago. We extend sincere sympathy to the bereaved loved ones.

The stork visited Mr. and Mrs. Jack Leverett and left them a brand new baby girl. Mrs. Leverett and baby are doing nicely.

Mrs. Joe Anderson is staying with Mrs. Jack Leverett. Audra Reynolds spent Saturday night with Deward Reynolds and family and attended the birthday party at Will Knights. The party was in honor of Miss Joyce Knight and Miss Mavis Black. All had a wonderful time and we are all wishing these young ladies many more happy birthdays and that they celebrate this way each year. REPORTER.

CENTER POINT

A large crowd was at the Sunday night organization last Sunday. Anderson Shelton read an article from a book and then the program was turned into singing. The program committee for Sunday night is Cammon Perry, Arlie Taylor and Merlene Stark.

Church services were held Saturday and Sunday morning. Bro. Roger Smith has had the flu the past week and was not able to be out for the night services.

The community club met last Friday night with a large crowd attending. A very nice school program was presented. Instead of having a program for the next meeting which will be March 12, they have decided to have a picnic supper.

Mrs. Gari Perry has been sitting up with her grandmother, Mrs. Estep, of Goldthwaite, who has been real sick the past week.

C. C. Wesson and family visited with Mr. and Mrs. George Hammond Sunday evening.

Dorothea Davis spent Sunday with Arlie Taylor.

Merlene Stark was a Tuesday evening visitor of Gladys Perry.

Mrs. Johnnie Taylor has had a case of the flu the past week. Ollie Henry spent Saturday night with Doris Davis. Doris accompanied to Henry Simpson's for a while Sunday.

Deward and Johnnie Fallon,

HEALTH DEPARTMENT
AND ACTIVITIES
 A new Texas health department is being organized with the cooperation of "equal opportunities" and young, adequate provision for all. Inez Spang, W. Cox, and others are working on Child Health Commission. The state department of health are designed for the expansion of activities with the current day. A new social order. Bro. Rupp is a purchasable the E. T. R. behoves us to Mrs. E. T. R. money in a way that the sick must health for the Mrs. J. M. R. trained specialists. (2) To establish health districts to cover these counties and towns which do not now have any health service. (3) To continue to cooperate with existing health departments in various counties and cities. Through the creation and maintenance of these new health districts the health department hopes to standardize health procedures throughout the state so that the following objectives may be approximate: Better supervision and enforcement of our health laws; adequate teachings of health in our public schools; providing at least some health service for the vast area now without protection; development of local health services; facilities to meet emergencies and epidemics; and development of a well balanced program on maternal and child health protection.

PLEASE
 Every copy of The Eagle mailed with a wrong address is returned to us by Uncle Sam at the rate of 2c each. During the course of a few months time this runs into money and we are requesting our readers to immediately notify us of any change in their address. It will prevent you from missing a copy of the paper and will save us 2c for each copy we send to the wrong address.

PASSING OF MRS. A. B. PORTER

February 23 the Death Angel spread the shadow of his sombre wings over the home of L. B. Porter taking the beloved mother who was visiting in this home.

Mrs. Bettie Frances Barlow Porter, who was born October 20 in Dallas county, Alabama, orphaned at an early age, she came to Texas with her brothers and one sister. In 1894 she was married to A. B. Porter of Rupre, Falls county, Texas. In 1885 they came to Caradan Mills county, Texas where she has resided since.

She will be sadly missed in the home, in the community and by all who knew her. She was loved by one and all for her un-falling devotion to family and friends. While her face was seamed with the heat of many summers; her hair silvered by the frost of many winters, her step had grown slow with the passing of the milestones along the highway. In the morning of life she walked joyously along the path of life. The shadows spreading far ahead. In the noon day the shadows were trampled under foot. Then came the afternoon when the ever lengthening shadows were falling far to the rear. She walked fearlessly on into the sunset and out, out of the shadows into the everlasting light of life.

She leaves her husband, A. B. Porter, two sons, L. B. Porter of Goldthwaite, O. H. Porter of Caradan; two daughters, Mrs. S. R. Kerby of Caradan, Mrs. R. A. McDonald of Gustine. Another daughter, Lizzie Porter, passed on several years ago. She was a consistent member of the Primitive Baptist church. She is also survived by 19 grandchildren, 5 great-grandchildren. All her children were at her bedside. She was a faithful wife, a devoted mother.

Her splendid son once remarked to me, "My mother never gave one of her children a short deal." With that wonderful tribute what more can be said by—
 A FRIEND.

NEW STYLES IN HATS

It takes wizardry, super-imagination, color sense to the nth degree, and enthusiasm to make hats that lift any and all out of mid-season slump. But it's been done! Some of the most exciting models we've seen are in the shops ready for immediate wear. Everyone of the new hats achieve flattery. Each is daringly individual and not a single creation is anything but rhythm, inimitable color combination, and the last word in wickedly French accented smartness. For instance, the silk turbans are noteworthy examples of what undertaking hatmakers have done for a dark day in town. These are brilliantly colored and, deftly tied in new headlines to cause appreciative glances from the spectators.

Vivid reds with greens and yellows, a reddish orange splashed with jade green and beige mixups, are the outstanding color combinations. These patterns dramatize all kinds of headlines, to say nothing of assuring a vivid accent for coats or suits. They also come in soft crepes as well as the smooth silks.

Variations of the Mary Stuart hat are seen in great numbers along the boulevard, and these interesting little models are special favorites with girls at Texas State College for Women (CIA). They're youthful, flattering to the face, and can be worn with a variety of frocks.

While driving his automobile last summer through a German military reservation—a forbidden area—Harry C. Lassen of San Jose, California was surprised when his car came to a sudden halt. A guard immediately appeared and explained that an invisible electric ray, transmitted from a machine manipulated by very alert guards, had paralyzed the generator field and rendered the car helpless. Assuring the authorities that he was an American citizen vacationing in Europe, he started the car without difficulty as soon as the ray was turned off.

S. L. Harper, who has been dangerously sick with pneumonia, in a Brownwood hospital, is reported some better.

YOU MAY NOT OWN A DISTILLERY, BUT??

An activity with which few have contact, but which benefits fire insurance industry, through us all, is carried on by the stock the national board of fire underwriters' committee on fire prevention and engineering standards.

This committee periodically studies and reports on fire hazards and their elimination in various industries. For example, a late bulletin has to do with the soft coal industry, and shows how the risks of fire may be reduced by proper storage of coal in mines, prevention of air movement through piled coal, careful handling to avoid breakage, etc. Similar bulletins have been issued on motion picture theatres, distilling plants, and a long list of other businesses where peculiar hazards are encountered.

You may not have a coal mine, a distillery, a theatre, an office building or anything else of the kind—but these authoritative reports indirectly help your pocket book. They do that by holding down fire loss—loss which is felt by everyone in one way or another. Our current loss is disgracefully high—but it would be far greater were it not for fire prevention activities of this kind. And, infinitely more important, so would loss of life due to fire.

What the experts do for industry, you can do for your own home and place of business. A little knowledge, a little time, a little effort will eliminate most hazards—at an untold saving in lives and dollars.

CANADA NEUTRAL?

The Canadian House of Commons, after wrestling with a bill which declared for permanent and complete neutrality in the event of war, defeated the measure by an overwhelming vote. The gist of the argument against the bill, as it was discussed by Minister of Justice Lapointe, was that if Canada declared itself unalterably neutral, it would have to leave not only the League of Nations, but also the British Empire. In as much as it has no intention of doing either, the Woodworth bill, proposed by a Winnipeg member, who made an impassioned appeal to French-Canadians, was voted down. Of interest to us, is the obvious assumption by our neighbor that the British Empire will inevitably become involved in war. Heated debate in parliament was on the premise that the armed clash in Europe is certain to come, and when it does England will be in the midst of it. The question was whether, under such circumstances, Canada, with no immediate interest in the war, should maintain a neutral attitude and allow the mother county to muddle through as best she may, or should the dominion offer her all to the empire as she did in 1914. The majority argument was that it was inconceivable that Canada could remain neutral in time of stress, legally permitted as a neutral even to sell munitions and supplies to England's enemy if she desired. —St. Louis Globe-Democrat.

'HAWK BRAND PROGRAM'

LITTLE & SONS

"Goldthwaite's Greatest Store Since 1898"

MULLIN NEWS (From The Enterprise)

Miss Mary Lou Preston of Brownwood spent the week-end with home folks.

Bascom Templin and family visited their daughter, Mrs. Lee Masters, Sunday.

Mr. and Mrs. W. S. Lowe and family spent the week-end in Sa Saba.

Mr. and Mrs. Glynn Kittle of Goldthwaite visited relatives here Sunday afternoon.

Friends of Mrs. Charlie Masters are glad to know she is greatly improved in health.

Mr. and Mrs. J. L. Pickens of Lometa spent Sunday with her mother, Mrs. J. J. Cannady. Mr. Pickens reports the loss by theft of 50 fine sheep recently. He could see the wol on the fence where the thief loaded them.

Mr. and Mrs. Roy Witt of Abilene spent the first of the week here with her parents, Mr. and Mrs. Wiley Henry.

Mrs. Eula Harkey, efficient home economics instructor in our school, spent the week-end with her parents, at Katemey.

Miss Wyno Rose Tillman, the winsome daughter of Mrs. F. M. Tillman, is at home from Howard Payne college for a few days, entertained by the chicken pox.

Mr. and Mrs. R. W. Hull of Brownwood were guests of Rev. and Mrs. L. J. Vann Friday.

Miss Sybil Guthrie of Lockhart spent Washingtons birthday here with her parents, Mr. and Mrs. John Guthrie.

George Childers of Breckenridge visited here the latter part of the week.

Mr. and Mrs. Floyd Fox of Goldthwaite were guests of her parents, Mr. and Mrs. Charles Hays, Sunday.

Mr. and Mrs. A. A. Downey and children, Mr. and Mrs. Marvin Becant of Democrat, Mr. and Mrs. R. H. Patterson visited in the home of Mr. and Mrs. Milton Stanley Sunday afternoon. The editor enjoyed a visit to the poultry farm. Such fine Narangett turkeys. They have shipped to almost every state in the union. They shipped a fine gobbler to New York Monday.

Eddie Ragsdale of San Saba visited his mother, Mrs. Carrie McCowen, and Z. T. McCowen and family Sunday. His mother, Mrs. Carrie McCowen, has been quite ill the past few days.

Billie Sue McCoy has been ill for some time and was carried to a Brownwood hospital Sunday.

Mr. and Mrs. Will Jones of Dublin spent Sunday with Mr. and Mrs. H. M. Barnett.

U. S. MARINE CORPS SCHOOLS HAS NUMBER OF VACANCIES

The United States Marine Corps Recruiting Station located in Dallas has been informed that the Marine Corps Schools, Quantico, Virginia, desires services of men who have had some experience as draftsmen, linotype operators, monotype operators and lithographers; also, men who have had some experience in mechanical drawings.

Practices which will entitle ranchmen to payment under the range conservation program include deferred grazing from seeding ranges, contour listing, construction of terrace ridges, spreader terraces, spreader dams, earthen tanks, and reservoirs; establishment of fire guards; eradication of prairie dogs and kangaroo rats; and rescuing range land from prickley pear, cactus, cedar, mesquite and lechugilla.

UNEMPLOYMENT FIGURE LOWER

The number of persons unemployed in the United States in December dropped below the 10,000,000 mark for the first time since the recovery movement started, according to a reliable source. The actual figure was 9,412,000 as against 10,029,000 in November and 11,346,000 in December 1935. The December 1936 figure represented a decrease of 7,237,000 from the unemployment peak of 16,649,000 in March 1933.

The number of persons employed rose to 41,817,000 in December 1936, 41,170,000 in November and from 39,523,000 in December 1935. Thus 2,294,000 persons found positions during 1936. There were 8,552,000 more persons employed at the end of 1936 than at the low for the depression in March 1933 when only 33,265,000 persons were employed. Unemployment was not reduced by a corresponding amount because of the increase in the supply of workers which resulted from the gain in population.

In December 1936, only 3,677,000 fewer persons were employed than at the predepression peak in September 1929 when 45,494,000 persons were employed. At that time, however, there were 2,651,000 persons unemployed and since then 2,784,000 persons have been added to the supply of workers. This is why there were 3,672,000 persons unemployed in December 1936 when employment showed a decrease of only 3,677,000 from the pre-depression peak.

TRAILERS

In the United States today, there is a relatively new business—manufacture and sale of trailers.

Although familiar to most Americans, the growth of this industry has been so fast and lusty since 1935 that few realize how really large it has become or how it has created new and striking problems.

Figures available last week indicated that there would be a probable output of 200,000 trailers in 1937. This estimate is far greater than the approximate total of 60,000 manufactured last year and 30,000 the year before. Altogether, between 200 and 300 companies are engaged in making these homes on wheels.

Ranging in prices from \$400 to as high as \$3,500 a piece (Pathfinder, September 12), trailers have turned out to be something of a business phenomenon. They have appealed especially to two groups—old people retired on modest incomes and young seasonal workers who move about from one section of the country to another.

According to the American Automobile Association, trailers now serve as homes for 1,600,000 persons for all or part of the year. At present there are 250,000 such mobile homes registered, and some observers of the trend predict that 1,000,000 will eventually be on the road. In line with this, several statisticians have made the remarkable estimate that within the next 20 or 30 years, 50 per cent of the nation's homes will be homes on wheels.

Although experts do not regard the trailers as an ideal home arrangement, they recognize it as a fairly comfortable housing for small families. Most trailers are made with up-to-date kitchen equipment for the "trailer wife," suitable eating and sleeping quarters, and numerous "living-room" conveniences.

Moving gypsy-like across the nation, "trailerites" drive south in the winter, north in the summer, and from city to city the year around. At this time, thousands of them have set themselves up in trailer camps in southern climes, notably Florida and California. Having no legal residences, they have created a problem for municipal authorities. A few states, such as Florida, have set up special residential trailer taxes, and others require special licenses.

From a legal standpoint, however, because the trailer trend is new, these questions remain to be answered: Where does a trailerite live? Where shall he vote? Where pay taxes? Where send his children to school? How be assessed for school costs? The taxation question has been teted only twice. In one case, a court decided trailers could be taxed only as automobiles or tangible personal property, not as houses. In the other case, a court said they could be taxed as houses.

Other problems involve regulation of trailer camps by city ordinances, and control of hygiene and sanitation in trailer communities. Some cities have already acted to forbid parking of trailers except in tourist camps. Other cities, like Miami, Fla., have established their own trailer sites, charging small parking fees. In such instances, merchants have reported increased business from purchases made by incoming visitors.

Real estate operators, seeing their business endangered by homes on wheels, have voiced opposition to trailers. Hotels have shown some opposition, although their business in resort sections does not seem to have been affected by tourists who travel with their own sleeping and eating accommodations. Meanwhile, the business of manufacturing trailers is experiencing a substantial boom.—Pathfinder.

Laughing Around the World

With IRVIN S. COBB

Not the Order of the Bath

By IRVIN S. COBB

NO DOUBT the reader is familiar with the old classic of the professor in a certain theological college who did not hold by the maxim that cleanliness is next to godliness. In fact, within the cloistered precincts of the institution which he served, he had the reputation of being the untidiest among all known living men. One morning on the campus a student hailed a companion:

"Did you hear the news? Old Prexy Smith took a bath this morning."

"Well," said the second student, "he may have taken one but I'll bet by now he's put it back."

I hasten to couple with the above a kindred yarn which I know to have been based upon an actual happening. In a small city which we will not name, there lived a maiden lady who, for convenience, shall here be called Miss Henrietta Blank. She was of an old family and she was prominent in club life. In fact, so constantly was she engaged by her communal activities that, according to local rumor, she rarely found time for applying soap and water to her neck and ears.

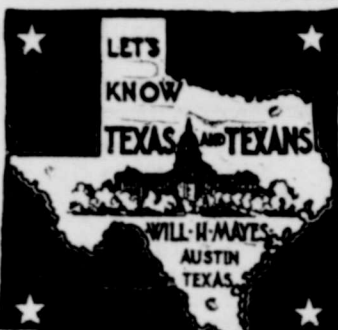

On a certain occasion a patriotic organization, of which she was a member was holding a session. Miss Blank was not present. The presiding officer, a lady civilly celebrated for her ready wit, was delegated to choose the members for a special committee, whose duty it would be to look after some detail or other, newly arisen.

After deliberation she made this announcement: "For the members of this committee I shall name Mrs. Major Jones, Mrs. Dr. Robinson and Miss Henrietta Blank."

"Oh, Madam Chairman," put in a member, "I'm sure I do not wish to be unkind, but this is really a very important matter where decision is needed and prompt action. Don't you think you should substitute someone else for dear Miss Henrietta—she's so wishy-washy!"

The presiding officer's retort was instantaneously delivered: "The person in question may be wishy," she said, "but the Lord in Heaven knows she is not washy!"

(American News Features, Inc.)

and do you know the history of the bell?

A. The church was wrecked in a storm in 1859. The bell was cracked and sent to New Orleans to be used in making Confederate cannon. It was seized there by General B. F. Butler as contraband of war and sent to Boston.

Q. What became of Jean LaFitte?

A. When he established himself on Galveston Island, he had orders not to interfere with American cargoes, but his men and vessels grew so troublesome that a United States brig was sent, in 1821, to notify him to leave the island. When he found the order was imperative, he paid off his men, and with 100 men sailed out of the harbor on his favorite ship, the Pride. He died at Silan, near Merida, Yucatan, in 1826.

SONGS TEXANS SING

Know the songs that Texans sing—songs of the Texas ranches, the Texas trails, the Texas fire-sides, the state song, the University song, the song, "Will You Come to the Bower?" that inspired the heroes of San Jacinto, negro spirituals.

The TEXAS SONG BOOK contains 32 pages of specially selected songs for Texas people, Texas homes, Texas schools, all chosen by a committee of Texas musicians as popular songs of the state that all should know. Mailed postpaid for only 25 cents.

Will H. Mayes, 2610 Salado Street, Austin, Texas

I enclose 25 cents in coin, securely wrapped, for a copy of "Centennial Song Book."

EDITORIAL COMMENT

VIEW OF THE NATION'S PRESS ON TOPICS OF INTEREST AND IMPORTANCE

A NATIONAL LESSON IN TEXAS FLOOD-CONTROL WORKS

Among the lastingly significant events in which Harold L. Ickes, secretary of the interior, lately participated during his visit to Texas was the formal breaking of ground for the Marshal Ford Dam in the Colorado river, 18 miles above Austin. That enterprise will be the second and the largest unit in the Colorado Valley Authority program, which taken as a whole, tops "any other flood-control power and reclamation project in the southwest."

The Austin dam—planned ultimately to cost 10 million dollars—thus will outrank even the Buchanan Dam, near Burnet, which will be completed well before the scheduled date (July 1, next). The two improvements together—as Secretary Ickes pointed out—will harness the Colorado and render improbable a repetition of such disastrous floods as swept down the lower valley in June, 1935, destroying crops, drowning livestock, driving townspeople from their homes and taking lives.

To be sure, when the two big dams shall be finished, the upstream problem—which the San Angelo floods last September emphasized—will remain; but that problem also is being attacked.

By its handling of the Colorado river, Texas is setting a stimulating example to sister-states, and particularly to valley-dwellers, all over the country. Mr. Ickes had that influence in mind when he said that the dam to be reared above Austin was nationally significant. As he remarked, practically every community has its water problems.

The truth is that if 125 million people are to continue living in this country, and the population normally should increase steadily—and get a living from the soil, they must conserve the water-resources. As the duststorms have warned, the land is turning into desert; let alone, that process will continue. Unfortunately, heavy rains in the upper Mississippi and Ohio basins do not offset the effects of drought on the Western plains. Science cannot control rainfall, but engineering can control the water after it reaches the ground.

That is the encouraging lesson which the Colorado Valley Authority has for the nation. The methods being applied on the Colorado will work on the Ohio and its tributaries. By like means the Connecticut, the Delaware, the Missouri, the Colorado of the West and even the mighty Mississippi may be harnessed and their vast energies, now vent in destruction, put to work for the people's benefit.

The lesson is having effect here in Texas, also. That is evidenced by the Brazos, Trinity, Sabine-Neches, Guadalupe-Blanco and the Nueces-Frio flood-control programs. Those proposals promise to take definite shape.

All over the county—as Secretary Ickes said—the people are waking up to the necessity of doing something about the rivers. —San Antonio Express.

AS FAR AS WE SHOULD GO

Senator Oneal's bill for prohibiting the importation and sale in Texas of good manufactured by child labor in other states, coupled with this state's own laws which effectually prevent exploitation of child labor in our own manufactures, meets fully, so far as Texas is concerned, the demands of the present situation. The bill will come up in the upper house of the legislature Monday. Its enactment will eliminate the last reasonable ground for urging Texas' ratification of the so-called child labor amendment to the federal constitution.

If the whole desire of the proponents of the federal amendment consists of ending exploitation of children in sweatshops and factories, then there is no reason for asking in any state anything further than Texas will have granted when the Oneal bill is enacted. If, on the other hand, the desire of the proponents of the federal amendment includes also a wish to set up federal supervision over the lives of young persons going beyond that which might be called for by actual exploitation of their labor to the detriment of their health and morals, then the Oneal bill will not satisfy them.

But if the desire of the proponents of the amendment go so far there is no reason why Texas should wish to satisfy them. On the other hand, there is every reason why Texas should refuse. The federal amendment is so strangely phrased that one may well doubt any such limitations in its purpose.

In the first place, the amendment covers young persons until they are 18, an age which plainly in some circumstances would be beyond the "child labor" mark. Then, it uses the word "labor" instead of "employment." If it had been "employment" the power to "regulate and prohibit" would have extended only to labor for hire. It is employment when a 17-year-old works in a factory, store or office. It is labor when a 17-year-old mows the grass, runs an errand for his mother, or drives a team hitched to a cultivator on his father's farm. Under this amendment congress might prohibit the latter as surely as the former.

They tell us that it is "ridiculous" to imagine congress would go so far. But it is an axiom of popular government, learned through great cost in the history of political liberty, that powers the people do not wish to be used by government should be kept in their own hands.

Let us prohibit the unwholesome and criminal exploitation of the labor of little children. But, in doing so, let us not make the mistake of turning over to the federal government—or to any government—the powers embraced in the so-called child labor amendment. To do so would be to surrender all rights of the home and of parentage—to nationalize our children—Fort Worth Star-Telegram.

STRANGEST OF ALL

Yes, those who live in trailers see strange new lands, but you can do that by trying to pass one.—Cleveland Plain Dealer.

THE CLANCY KIDS Sooky is Wide Awake.

YOU KNOW— More than 3,500 tons of hair has been cut from the heads of American women during the bob era. It is estimated. There are 100,000,000 bobbed heads in the United States and about half this number spend \$15,000,000 a year for waves.

NOT GOING TO YOU S' ALTER

NEIGHBORING NEWS

FROM LOCAL PAPERS OF TOWNS MENTIONED

Hamilton

Hamilton, Dallas, chairman of the traffic committee, has been named as the director of the National Council and a member of the Dallas Citizens Safety Commission.

Brownwood

Continuing a bitter fight against the passage of House Bill 11, which proposes to establish a public utilities commission, Mayor W. H. Thompson of Brownwood and Mayor E. P. Scarborough of Coleman appeared before the house committee on Municipal and Private Corporations in Austin to speak against the bill last Monday.

Mayor Thompson has been active in advocating opposition to the bill for the past two weeks, visiting city officials in Coleman, Santa Anna, Goldthwaite, Comanche, Brady and other towns in the area, and inviting them to join in the opposition to the proposal.

Several letters by city officials and chambers of commerce already have been written to Senator E. M. Davis of Brownwood and Representative Ross Prescott of Santa Anna, asking them to fight the legislation. Brownwood Civic Advisory council has written a similar letter to the representatives of this district in Austin.

In discussing the legislation Mayor Thompson stated:

"This bill is a monstrosity and would take every vestige of control or regulation of the big utility concerns out of the hands of local authorities and vests it in those at Austin, who of course, could not know or understand local conditions and who would not have any interest in the affairs of the various cities and towns of the state. If these utility commissioners could be 'got ten to' by the big money powers—which in nine cases out of ten they can—the people would be helpless.

"The bill, though adroitly drawn, reeks with objectionable features carefully concealed. While ostensibly for the protection of the people it really takes every protection from them and gives the 'big boys' a free hand if they can get men on the commission who will do their bidding, which they always can do. "The bill is the 'voice of Jacob but the hand of Esau. Under it we would kiss our municipal gas plant, and the Mathews electric plant, which the people voted in favor of, goodbye. The city officials of the state will fight it to the last ditch. Our representative and senator are being importuned by city officials, cham-

Comanche

J. D. Bramlette, superintendent of the Comanche public schools for the past two years, was unanimously re-elected at a meeting of the school board Tuesday night.

J. D. Bramlette, superintendent of the Comanche schools, was elected president of the Mid-Texas Teachers Association at the annual convention of that body held at San Angelo last week-end.

The City of Comanche was given a 15 per cent fire insurance credit by the state fire insurance department at Austin this week as the result of the good fire prevention record maintained here over a period of the last three years.

E. A. Atchley, farmer of south of Hamilton says that literally thousands of crows are swarming over his fields and picking up oats that are being sown. He has made a plea to farmers to poison these birds. And he is fearful that if they are not destroyed there will be no corn crop. "Corn soaked in strychnine and scattered where the crows congregate will do the work," said Mr. Atchley.

Miss Annie Coleman of Goldthwaite spent the week-end in Comanche with her parents, Mr. and Mrs. M. Coleman.

The marriage of Miss Beatrice Phillips and T. A. McDonald, Jr., was solemnized at 12 o'clock noon Sunday at the Harmony church.

A wedding of interest to many people here and of Newburg was solemnized at the Church of Christ Sunday morning, February 14, at 8 o'clock when Miss Maureen Boykin became the bride of J. R. Schlenker of Freona, Texas.

Mrs. Tom Reid, 44, died at her home in Comanche February 9 following a month's illness. Funeral services were held the following afternoon at Mercer Gap with Rev. Edwin Wilson, pastor of the Comanche Baptist church officiating.—Chief.

Members of commerce and civic organizations in this section to oppose the bill."

A unanimous vote at the closing session of the 1937 convention of the Mid-Texas Teachers' association made Brownwood the site for the 1938 meeting. The 1937 convention opened in San Angelo Friday and closed Saturday. Superintendent J. D. Bramlette of Comanche was elected president, succeeding H. C. Brady of Brady. Teachers from 19 counties comprise the association.—Banner.

San Saba

The San Saba Garden club entertained a Valentine tea at the home of Mrs. Mack Yates last Saturday afternoon from 3 to 6 o'clock. About two hundred guests from San Saba and the neighboring towns called during the afternoon. Among the out-of-town guests at the Garden club tea: From Goldthwaite—Mrs. R. L. Steen, Jr., Mrs. Paul McCullough, Mrs. W. J. Weatherly, Miss Mary Ellen Trent, Mrs. W. E. Miller, Mrs. John Berry, Mrs. L. E. Miller, Mrs. Earl Fairman, Mrs. Wilbur Fairman, Mrs. Henry Martin, Mrs. J. C. Evans, Mrs. John A. Hester, Mrs. John K. Beery, Mrs. Earl Clements, Mrs. J. M. Campbell, Mrs. Joe A. Palmer, Mrs. R. M. Thompson, Mrs. C. M. Thompson, Zephyr; Mrs. Melmoth Stokes, Jr.

San Saba schools have passed the 1,000 mark again for the second successive year, according to Superintendent W. M. Campbell. Public schools of San Saba continue to draw pupils from many outlying parts of the county. Registration at the University of Texas has past the 9,000 mark and many higher educational institutions are reaching the peaks of their enrollments.

Miss Nina Verser, who has been teaching at San Saba high school four years, has accepted a position as teacher of Spanish in the Van Horn high school and Miss Mary Belle Fagg, daughter of Mr. and Mrs. E. E. Fagg of San Saba, has been appointed to substitute in the faculty.

H. C. Wilson, supervisor of crippled children division, state department of education, Austin, met with a small group of San Saba citizens on the evening of February 10, and as a result of this meeting the San Saba County Society for Crippled Children was organized. Rev. R. K. McCall was unanimously chosen to head the society.—Star.

Sheriff Doran is in receipt of a letter warning him and the merchants of San Saba to look out for a fraudulent solicitor. This party is supposed to be soliciting advance business for a Joint Stock Company. If you just have to buy advertising from a coming show and want to pay in advance, you had better wait until the show actually comes before paying the bill. Others have been caught with the bag to hold.

The Texas Press association, meeting in Austin last week, took a bold and defiant stand against the attempt that is being made, largely, it is claimed, by the mail order houses of the north, to prohibit the public utility concerns in Texas from engaging in sales and service of gas and electric appliances. There is no good reason why the people should be denied the service of these concerns when they can do the job, do it satisfactorily and for the convenience and comfort of their patrons. The people want this service and they are entitled to it.—News.

Lometa

Due to the fact that something like 60 pupils were confined at home on account of sickness and three teachers were not able to teach it was deemed best to dismiss school for this week. Prof. Conradt and Mr. and Mrs. Hines were unable to appear for duty Monday.

S. L. Harwell was called to Florence Tuesday on account of the death of his youngest brother, Lonnie. He is survived by his wife and two children, besides other relatives.

Eck Madison and Mrs. Milford Parker and little son of Evant Thursday. Eck says they are all well pleased with their new home but still enjoy a trip back to Lometa.

Mr. and Mrs. Norman Wright and son of Goldthwaite, were Sunday guests of Mr. and Mrs. W. J. Hendrick.

Mr. and Mrs. Ben Hurdle were called to Brenham Wednesday to be at the bedside of their son, who underwent an appendectomy.—Reporter.

STOP THAT ITCHING

If you are bothered by the itching of Athlete's Foot, Eczema, Itch or Ringworm, Hudson Bros. will sell you a jar of Black Hawk Ointment on a guarantee

Lampasas

Mrs. M. E. Page, 78, died at her home on Tuesday, February 16 at 12:20 after an illness of several months. She had been in failing health for some time, but her condition became serious Sunday night and she passed away Tuesday at noon. Mrs. Page is survived by her daughter, Miss Bessie Page, of Lampasas, one sister, Mrs. Fernando Miller of Somester, and one brother, E. J. Noyes, of Lampasas.

Announcement has been made of the wedding of Miss Faye Kelly and Frank Cox, February 4 at the Methodist parsonage in Richmond. The impressive ring ceremony was read by the Rev. R. E. Moore of that city.

Mrs. Juanita Standard and Browning Field were married Saturday night at 9:30 in Hico. The ceremony was performed by the Methodist minister at Hico at the parsonage.

Dr. H. B. Rollins received a message Saturday that his father, W. W. Rollins, had died early Saturday morning. Dr. Rollins left Saturday for Pineville, Ky., to attend the funeral services.

A deal was completed this week in which Mr. White of Breckenridge bought the City bakery. He plans to take charge of the bakery soon and make any repairs needed. The bakery will be in operation at an early date.

The Cottage bakery, under the new management of Mr. and Mrs. Joe H. Wegener of Menard, will open Friday for business.—Leader.

TIP FROM CANADA

The Canadian government is getting rid of tax-exempt bonds. That should encourage this country who object to tax-free provisions of our government bonds. Canada believes that tax-preference is necessary to get public financing. The United States will, it may be supposed, eventually come to the same belief. Those who favor the present system in this country argue that, if there were no preferential treatment for government bonds, governments would have to pay a higher rate to get the money. It may mean certain that this would be the case, but, even so, this was the cost would not be prohibitive.—Milwaukee Journal.

Mrs. J. H. Randolph was called to Houston Saturday morning to be with her brother, Ben Vick, who is seriously ill at the hospital there.

Miss Annie Louise Coleman spent Monday with her parents in Comanche.

GO ONE!—THE HIGH COST OF STOMACH TROUBLE

Don't pay \$2.50 to \$5.00 for relief from stomach pains, indigestion, hyperacidity. Try Dr. Emil's Adla Tablets—3 weeks' treatment only \$1.25. Relief or your money back.—Hudson Bros.

Don't put up with useless PAIN Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

HOW LONG CAN A THREE-QUARTER WIFE HOLD HER HUSBAND?

YOU have to work at marriage to make a success of it. Men may be selfish, unsympathetic, but that's the way they're made and you might as well realize it. When your back aches and your nerves scream, don't take it out on your husband. He can't possibly know how you feel. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

FOR A LIMITED TIME ONLY \$100 FOR YOUR OLD IRON on the purchase of this new time and labor-saving HOTPOINT Automatic IRON Regular Price \$6.95, Less \$1.00 for Old Iron \$5.95 Terms: Only 95c Down and \$1.00 per Month PATENTED THUMB REST relieves arm, wrist and shoulder strain—makes ironing easier, less fatiguing. PERSONAL PARAGRAPHS

Mrs. G. L. Meares of Lott, Falls county visited in the home of her daughter, Mrs. L. B. Porter several days this week. Mrs. Meares lived in Goldthwaite with her aunt and uncle, Mr. and Mrs. Baxter Curtis, many years ago. She will be remembered as Miss Arkie Jackson by many old friends, who are always glad to welcome her back home.

J. D. Berry, son of Mr. and Mrs. Elmer Berry, was seriously ill Wednesday and a trained nurse from Temple was summoned. He is reported resting better today (Friday).

Mr. T. S. Gerald is critically ill at his home here. Mrs. J. H. Randolph writes from Houston that her brother, Dr. Ben Vick, is very ill in the S. P. hospital there and she will not return home for a while yet. Arthur Bryant and family spent Sunday with friends on the river.

Mr. and Mrs. Floyd Sansom and son, Floyd, Jr., visited relatives in Brownwood Sunday.

Joe B. Karnes, wife and son of Richland Springs spent the week-end with his mother.

Mr. and Mrs. Lester Moon made a business trip to Brownwood Monday.

Mr. and Mrs. D. D. Tate had as their guest Sunday, his brother and family and her sister of Brownwood.

Miss Gladys Casbeer of Center City visited in the Ray Blackburn home Tuesday.

Mr. and Mrs. Raymond Bledsoe moved into the J. B. Karnes residence.

Ernest Fisher and family visited his father in Brownwood Sunday.

Mr. and Mrs. Jess Davee visited Jim Burdette and wife Sunday. Mrs. Estep is very sick with flu and is threatened with pneumonia.

Claude Dickerson suffered a relapse of flu Thursday and is quite sick today.

Al Dickerson, who was reported very ill yesterday is some better today (Friday).

Mr. and Mrs. Frank Taylor of Hamilton who have had their baby at Temple under a specialist, returned by way of Goldthwaite Wednesday afternoon and visited with her parents, Mr. and Mrs. J. D. D. Berry, and other relatives. The baby daughter is recovering nicely.

Weldon Hill left Wednesday morning for San Antonio where he will enter the Lewis Barber college. His wife and baby accompanied him as far as Austin where they will visit a few days with his sisters, Miss Elsie Hill and Mrs. C. J. Anderson.

T. Denton, genial citizen out on route two, was in the Eagle office Wednesday and ordered the Eagle to his address for another year.

Mrs. Florine Hillen of New Laguna, New Mexico is visiting her father, T. J. Elliott this week.

Mr. and Mrs. Jack Brunberg of Waco spent the week-end with Mr. and Mrs. W. W. Stevens.

Mrs. T. J. Elliott has returned from Santa Anna where she spent a month in the Sealy hospital, being treated. She is improving nicely since her return home.

Mrs. V. C. Bradford returned home Tuesday from a visit to her mother at Gatesville.

John Burnett attended A. B. Driskill's funeral at Zephyr Friday afternoon.

A letter from Mrs. Leonard Doughty of Los Angeles, California, brings news that they are doing nicely, although she and John are just getting over the flu, and while Mr. Doughty was quite sick in the fall he is much better now. They enjoyed a visit from Leonard, Jr. who stayed in Bremerton, Washington for three months attending the overhauling of the U. S. S. Mississippi in the navy yards. In April he will go on a cruise to Honolulu. She says Texas would look mighty good to her now and they may return home this fall.

Mayor W. H. Thompson and son, W. T., visited relatives here Sunday afternoon.

Mrs. E. Oden is reported very sick at her home north of town. Miss Jerry Hester came home for a visit last week-end, and has been sick with the flu, so she will not return to Langtry until this week-end.

Dr. Em Wilson, who is dangerously ill at his home in Corpus Christi, is reported a little better. He suffered another paralytic stroke on last Sunday night. Three specialists were in attendance on him through the week, and his condition was announced some better Thursday.

SARAH JANE STEWART

Sarah Jane Porter was born June 4, 1849 in Mississippi. She passed from this world after a brief illness, from her home in San Saba county, Texas, Saturday, February 20, 1937, at 2:00 p. m., being not far from her 89th birthday.

She came to Texas with her parents when a very small child, and settled in Florence where her grandfather became the first merchant. On January 20, 1889 she was happily married to J. V. Stewart, in Karnes county, Texas. In 1878 they moved to Llano, Texas, and remained there until 1892 when they moved to their home in San Saba county where she spent the remainder of her life.

This home was blessed with the coming of eight children. Four of these with her husband preceded her to the other world, two of the children in infancy, and Mrs. W. G. Miller, and Mrs. A. J. Willis. Those surviving are Mrs. J. W. Smith, San Saba county, Mrs. R. J. Maudine, Donna, Texas; G. T. Stewart, Quemado, Texas, and J. W. Stewart, Miles, Texas. All are here except the son at Quemado, Texas who could not be present because of illness. Together with her children she leaves 36 grandchildren, 39 great-grandchildren, a host of other relatives and friends to feel the loss of her going.

Mrs. Stewart was converted when a small child and united with the Methodist church and lived all these years to love God and be in faithful service in the church. The memory of such a life is blessed indeed. This is not a time of defeat, but her Coronation Day, as she enters upon the larger and fuller life, that shall go on forever and ever.

SURPRISE WEDDING

A. M. Hunt, Jr., of this city and Miss Hazel Henderson of Lampasas were quietly married Saturday afternoon, February 20 at Lampasas.

Mr. Hunt is an employee of the local post office, having held the position of clerk until three years ago when he was made assistant postmaster which position he held until recently. He is the oldest son of Mr. and Mrs. A. M. Hunt, sr.

The bride comes to Goldthwaite as a comparative stranger, however her mother lived here for a number of months, having come here as a nurse and housekeeper in the J. J. Stephen home. The wedding came as a complete surprise to Mr. Hunt's many friends here. They have an apartment with Mrs. Matt Kyle.

AN APPRECIATION

To all our friends and neighbors who have so tenderly expressed their sympathy in both word and deed during the death of our darling husband and daddy, we wish to express our heartfelt gratitude.

MRS. JOHN SMALLWOOD, And Children.

PIONEER OF RIDGE CALLED BY GRIM REAPER

I. A. Hollis, prominent pioneer of Ridge, answered the roll call Tuesday night. He had passed his three score years and ten and was known as a man of integrity and industry. He had a wide circle of friends and will be greatly missed in the family circle.

He is survived by his wife and two children, Flatt Hollis and Mrs. Charlie Kite and several grandchildren. Interment was at Ridge Wednesday afternoon with a large crowd of old friends present typifying their respect, and high esteem for the departed.

RICHARD N. CHAPMAN

Mr. R. N. Chapman passed away at his home in San Saba on last Thursday, February 18, and was laid away in Goldthwaite in the I. O. O. F. cemetery on Friday afternoon at 2:30 o'clock.

Mr. Chapman and his wife moved to San Saba from Goldthwaite in 1928 and resided there until the time of his death.

He was a faithful and consistent member of the Baptist church here for many years and at San Saba after moving there. His pastor, Rev. Sam Taylor, officiated at his funeral and through a misunderstanding about the hour of the funeral and also the number of sick people in town, Goldthwaite was not as well represented at the funeral as his old friends would have liked.

He is survived by his wife, Mrs. Fannie Chapman, one brother, Ben, and sister, Miss Annie, besides other relatives.

Mr. Chapman was an upright, conscientious, God-fearing man. He was a friend to all, and all who knew him called him friend.

A SAD ACCIDENT

Last Tuesday morning Lanny Harrell ran into the house and hurriedly taking his automatic from behind the radio where he usually kept it, to shoot varmints that were catching his sheep. The gun was struck against the radio in a way that caused the gun to fire a bullet that entered Harrell's eye, coming out the back of his head. He only lived three hours and twenty-five minutes after the fatal accident.

Lanny lived in Caradan in his early years and will be remembered as the youngest son of Mr. and Mrs. Lee Harrell. He moved from here to Florence, Texas where he lived at the time of his death. He leaves a wife and two sweet children, his mother, five brothers and three sisters to mourn his going, besides other relatives.

Indeed his going was sad, but not as those without hope. He was a faithful devoted Christian. We can't understand. It seems like looking through a glass from afar. Some sweet day we will know and understand just how all things work together for good to those that love the Lord.

Funeral services were held in the Baptist church at Florence. Amid tears and flowers we laid him to rest in the Florence cemetery to await the resurrection morn.

ONE WHO LOVED HIM.

TRAGIC ACCIDENT

John Smallwood, 25, foreman of the Smith ranch in Lampasas county, was instantly killed in a head-on collision between his light coupe and a heavy truck driven by Orval Huffman Saturday night about 10 o'clock, on the Lometa highway, 14 miles south of Goldthwaite.

Smallwood leaves a wife and two small children, all of whom were slightly injured in the wreck. Young Huffman and a girl companion escaped injury. Friends of the Kirby family and relatives deeply sympathize with them in this sad hour.

The funeral took place in Chapel community at 3 o'clock Tuesday afternoon. A large number of relatives and friends were present.

Miss Bobbie Littlepage is at home from Baylor college, Waco. She is recuperating from a seige of the flu.

Mrs. Eli Fairman remains quite ill at her home here.
