55th Anniversary For Mr. and Mrs. Fox

Mr. and Mrs. D. Y. Fox reached their 55th wedding anniversary last Monday, March 1. As both of them have been critically ill for some time, they were not able to celebrate the occasion.

Baptist Reminder

Mills county must be a pretty healthy place to live. In nearly four years, this past Sunday is the only time I have been kept from preaching on account of sickness. I hope this next Sunday that we will be able to bring our attendance back up to what it should be. My subject Sunday morning will be a significant question, "Art Not Thou Also One of This Man's Disciples?" Sunday night my subject will be "Anathema and Grace."

This next week Mrs. Swanner and I will be with the First Baptist church of McGregor, starting Monday night, the 8th, we will lead them in a training revival. Each of us will teach a class and I will bring an inspirational message to the church each night. I would like to remind you again that our spring revival starts Monday night, March 15. It will last five nights. Rev. W. T. Hamor of Winters will preach Monday night; Rev. E. I. Wilson of Comanche Tuesday night; Rev. McDonald of Brady Wednesday night; Rev. J. M. Bradford of Brownwood Thursday, and Rev. J. H. McClain of Balldinger will close the meeting Friday night. We will have an hour of training each night preceding our revival services. Rev. Lonnie Webb of the First Church of McGregor will direct this phase of our services.

—Franklin E. Swanner.

MRS. SPARKS BIGHAM HOSTESS TO STUDY CLUB

Mrs. Sparks Bigham was hostess to the Tuesday Study Club at her home on Fisher street this week.

Miss Love Gatlin, history instructor in the high school, reviewed the novel "Spring Came on Forever" by Bess Streeter Aldrich. The club was very happy to have Miss Gatlin as its guest and especially glad to have her on the program. This book is one of the most interesting ones reviewed this year and as Miss Gatlin is unusually talented in giving reviews none of the beautiful description or detail of the plot was lost in the telling.

Mrs. Raymond Little gave the story of Mrs. Aldrich's life and after having heard the many interesting experiences she had, one easily understands why her books are so entertaining. Delicious refreshments were served to club members and Mrs. Sam Sullivan, T. C. Graves, John K. Beery and Misses Ethelne Adams and Love Gatlin, guests.

Big Farm Meet Held Here Today

Preparations have been completed for a meeting and banquet of 50 members of the Mills county council on community improvement and their guests this (Friday) morning. The meeting will convene at the Baptist church at 10 a.m. with County Agent W. P. Weaver presiding. At noon a banquet will be served in the Sunday School building. In the afternoon a special picture show has been arranged by the Melba Theatre. Plans for community improvement in 1937 will be discussed and specific problems will be taken up at the morning meeting. The enthusiasm with which the program has been begun in the various communities of the county indicates considerable interest in the work.

Methodist Notes

When I wrote the Eagle last I placed no heading to the letter. The editor followed the old caption under which I wrote while at Goldthwaite. So in this note I shall leave it as of old.

As a matter of fact we are more involved in Methodism, and Methodist notes, than in any place we have lived since retiring from the pastorate.

The church that we attend here seems to have as its chief business to look after the interest of Trinity church. I don't know what they do for a living. Most of the people who are active in the church work spend most of their time at the church building. Many times they spend their entire day there, and the woman's missionary society take their meals at the church dining room most of the time. It can be safely said that they are constantly on the job. And what fine times they do have! I have never seen a church any place where the social aid is so emphasized.

Just at this time the entire church is engaged in a campaign to pay off a note on their building. Personally I have had so much of this class of work to do that I have rather caught up on it. But I can not help but admire the spirit with which they are on the job. It does not occur to them that they may fail. As a matter of fact they know they shall not fail.

I am learning that a city pastor is not a gentleman of leisure. If one has any doubt about this let him spend a day with one of these men of ease and comfort. There are the sick to look after, hospital visits to make, funerals to attend and a thousand and

SOIL CONSERVATION CONTINUES TO GROW THROUGHOUT CENTRAL WEST TEXAS.

Potters Celebrate 49th Anniversary

Mr. and Mrs. John H. Potter celebrated their 49th wedding anniversary Wednesday. They were married here in 1888, one year after Mills county was organized, and have lived here continuously ever since.

Soil and Water Are Aided by Terraces

College Station — Terraces were built on 67,255 acres of land and in addition 4079 acres of pastures were protected from soil and water loss by terraces, contour lists and erosion dams in 19 central west Texas counties under the supervision of county agricultural agents during 1936. These figures, according to C. E. Bowles, district agent in charge of agricultural work in these counties, show a great increase over the ones of 1935 due in large part to the participation of 12,332 farmers in the 1936 agricultural conservation program.

County machinery was used by commissioners to construct terraces on 38,815 acres at cost, which is an increase of 168 percent over the acreage terraced with county machinery in 1935. Estimated cost of terraces built up to specifications of the Extension Service—24 to 36 feet wide and at least 18 inches high—was \$1 per acre.

Measurement of the farms listed under work sheets of the agricultural conservation program show that 306,000 acres of land were planted in 1936 to soil building crops which also tend to prevent erosion by wind and water. Included in this total are 64,520 acres of legumes. Trench silos are fast finding favor with farmers as an economical way to store feed where it will be safe from fire, wind, flood, insects and rats. There were only 17 trench silos in this district in 1934. By 1935 the number had increased to 112 and in 1936 there were 211 trench silos filled with sorghum, maize, hegarl, johnson grass, corn and other forage crops.

A total of 1933 farm boys en-

Highway Planning Survey Issues Cards

The car owners of Mills county now have a chance to help in the planning of their own roads by furnishing confidential information to the Highway Planning Survey of the State Highway Department. This information is obtained on post cards that are being handed to automobile owners at the time they pay their 1937 registration fees at the office of J. H. Harris, tax assessor and collector of Mills county. The cards are self-addressed, require no postage, and need not be signed.

The Highway Planning Survey is collecting information on a state-wide basis which is to be used in planning the future construction and maintenance of roads and highways. It is the duty of local citizens to furnish the information which is requested and thus be sure that your county and section of the state receives recognition in this highway planning work.

Santa Fe Buys 52 Passenger Cars

Chicago. — Fifty-two light weight, streamlined, stainless steel passenger cars have been ordered from the Budd Manufacturing Company by the Santa Fe Railroad, Samuel T. Bledsoe, president, announced. The fifty-two cars, embodying the very latest in deluxe passenger equipment, are being constructed in the Budd's Philadelphia plant, which also is constructing the Santa Fe new nine-car Super-Chief train which will be placed in service sometime this spring between Chicago and Los Angeles, offering 39 three-fourths hours service between the two cities. This order makes a total of sixty-one light cars ordered from Budd by the Santa Fe. The Santa Fe also has ordered a new streamlined 3000 horsepower Diesel locomotive, now being built at the LaGrange, Ill., plant of the Electric Motive Corporation. It will be used to haul the new Super-Chief equipment. Included in the order announced by Mr. Bledsoe are thirty deluxe passenger coaches; ten deluxe diners; six club lounge cars and six club baggage cars. Today's purchase announcement is but another step in the Santa Fe's improvement program, which has included new equipment for the Super-Chief; the ordering of 3025 new freight cars and 31 locomotives, and purchase of 155,000 tons of steel rails and fastenings, all within a relatively few months.

After several days of serious illness, death relieved its victim last night (Wednesday) T. S. Gerald, one of Mills county's oldest citizens.

Mr. Gerald would have been 89 years old at his next birthday in May. He served four years in the Confederate army and was the last Confederate veteran in Mills county. Mrs. Gerald has also been critically ill with pneumonia and her life was despaired of yesterday.

T. S. Gerald was born in Amittie county, Miss., May 25, 1848. At an early age he moved to Texas, spending his stay here in Coryell, Hamilton and Mills counties. Since 1913 he has been one of the citizens of this county, one who has been held in the highest esteem. His posterity is maintaining that high standard set by their parents.

He was married to Callie Martha Bateman August 1, 1872, and to this union were born twelve children, two of whom died in infancy. There are the ten children living, 26 grandchildren and 11 great-grandchildren. The children are: Ed and Tom of Canyon, Ray and Poke of Hamilton, Judge R. J. Dewey and Mrs. C. W. Bachelor of Goldthwaite, Mrs. W. D. Hunter of Floresville, Mrs. J. W. Burney of Evans, and Mrs. A. L. Smith of Winters.

He was a member of the church of Christ for about 65 years, to which he was faithful to the end. Like Cornelius he feared God with all his house. The funeral was conducted at the church of Christ building at 3 o'clock, with burial in the I. O. O. F. cemetery. Evangelist O. O. Newton of Pottsville and E. W. Stovall, minister of the church here, officiating.

Pallbearers were: A. H. Smith, J. V. Cockrum, Walter Weatherby, J. R. Parker, Jim Brim and Elmer Horton.

Mrs. Hugh Moreland, who has been seriously ill, is improving.

Charlie Harrison Attending Conference

I am in Texarkana attending a preachers' convention of the Dallas and Arkansas district of the church of the Nazarene. Many preachers are here from more than half a dozen districts. Great messages and stirring addresses are being given the convention. Dr. J. G. Morrison a general superintendent of our church, with other outstanding ministers, are heading the convention.

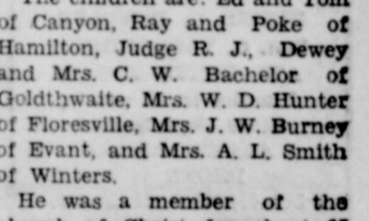

I will return this week-end and will preach at both services next Sunday.

Charlie Harrison.

Called to Waco

Mr. and Mrs. W. H. Linke-hog were called to Waco last week-end to attend the funeral of her nephew, Richard Hadley, who died as a result of an operation performed some days ago in Fort Worth.

Funeral Services for A. Dickerson Held

Albertus Dickerson was born May 30, 1879, in Mills county, and passed away after a brief illness at his home in Goldthwaite Sunday, Feb. 28, 1937, at 10:30 p.m., being near his 58th birthday. His going was peaceful and without a struggle.

On October 20, 1909, he was married to Miss Gladys Grady. To this union two children were born, Eugene Byron and Miss Floyce Aline. Besides his wife and two children, his going leaves three brothers, Ed Dickerson of San Saba, Neal and Claude Dickerson of Goldthwaite and one aunt, Mrs. John Kirby, of Lometa. He was converted and united with the Methodist church about 25 years ago with his wife, and there his membership remained until God's call came to join that great company on the other side.

The greater part of his life was spent in Goldthwaite, and all who knew him in the many relationships of life speak of him in terms of deepest appreciation and love. Such memory shall be cherished as a rich legacy through the years.

May the God of all comfort sustain and keep the loved ones until that day when the meeting again will be in a land where sorrow nor parting ever come.

His circle of friends was as wide as his acquaintance, and we in sympathy and love mingle our tears this day with these loved ones.

Funeral services were conducted at the home at 3 o'clock by the pastor of the Methodist church, Rev. J. K. Beery.

HITLER'S THREE FRIENDS

Among such famous triplicities as the three graces, the three fates, the three musketeers and Job's three comforters, the three friends of Hitler now appear. The fuhrer is providing material for his own legend. He is seeing himself as the heroic theme of an epic poem, or the central figure in an impressive work of mystic art. Some Aryan painter, who has been approved by Dr. Goebbels for "purity of heart and the conviction of a National Socialist," will doubtlessly attempt the masterpiece. It should depict Adolf, with the gaze of far horizons in his eyes, attended by his three familiars—Poverty, Sorrow and Worry. But what can the artist do with the figure of Worry? Nobility and poignancy may be expressed in Poverty and Sorrow. It was Destiny who, without consulting him, bestowed these two friends on Hitler. They came to attend him through lowly birth and the world war. In all the ages the twin have been recognized as virtuous sisters, powerful for the beneficent discipline of the soul.

Boy Scouts to Go To Washington

The Comanche Trail Council expects to send at least one troop of Scouts to the National Jamboree which is to be held in Washington, D. C., June 30 to July 9. There will be between 25,000 and 30,000 Scouts in attendance. Every country that has Boy Scouts will send delegations, and this will be a great experience for the boy who is permitted to go. He will not only get a chance to see Scouts from every part of the United States and its possessions but will mix and mingle with Scouts from Great Britain, Japan, Belgium, France and many other foreign countries.

AN APPRECIATION

The Council wants to thank the many newspapers for their co-operation and the courtesy of placing us on the exchange list. The office has a large scrapbook and all Scout news from each town is placed in this book. Scouts, when you have some news, any news, let's take it to the papers.

that heeds their counsel. But what artist can portray Worry in noble guise? She is a phrenetic hag, the rickety offspring of ambition and fear and no legitimate sister of the two others. She distorts judgment, drives to frantic action and pushes to ward disaster. Yet, of the three friends he names, she is the one whom the house-painter called to his elbow, the only one of his own choosing. "They will never desert me so long as I live," cried Adolf to his people. But Poverty and Sorrow will walk along from Worry. It is she, who was never friend to any man, who clings to his elbow and drones betraying whispers in his ear.—Chicago Daily News.

START STOP RACE CLIMB AND DON'T WORRY

WITH YOUR ENGINE OIL-PLATED

OIL-PLATING differs widely from other forms of lubrication in this plain, understandable way: It remains lastingly fastened to the pistons, bearings and other engine parts, even when they are not in motion. This is made possible by the Germ Process—patented—which gives Conoco Germ Processed oil its strong attraction for metals, so that every working part becomes durably Oil-Plated.

Oil-Plating is not like any lubrication that merely goes on-and-off. Once Germ Processed oil covers the parts it never leaves them bare of Oil-Plating... Never when the pistons are racing thousands of strokes a minute... Never on any hills, despite any load... Never while you park at a dozen different stores.

So it's nothing to you, when engineers blame more than half of all engine wear on so-called "dry starting." Nor need you worry over all the rest of the annual Spring oil scare. Whether your car is new or old, you can make your longer runs... hit your higher speeds... enjoy your hotter sunshine. Oil-Plating can take it like the longest-lasting part of your engine. For Oil-Plating really becomes a long-lasting part of your engine, as you change to long-lasting Conoco Germ Processed oil. Continental Oil Company

Will Rogers' Humorous Story

By WILL ROGERS

SALESMANSHIP is the greatest American art. It takes a genius to sell most stuff. Some guys I know can sell broken lamp chimneys for twice what they cost new, right on Broadway.

A fellow applied for a job selling toothbrushes for a jobber. "I'm the best salesman in the world," he told the jobber.

He was out a month and came back with every tooth brush unsold. "Well," he says, "I guess I ain't the best salesman in the world, exactly. I'm only second best. The guy that sold you these here rickety tooth brushes in the first place is the best in the world." (American News Features, Inc.)

His family were, in kind, devoted to him and in deep grief to them all, in this, their saddest hour, no floral offerings or friendly sympathies, however kind, can give much to the broken hearts that must endure that deep grief that knows no solace, save that sacred promise of the Great Comforter, the Promise that never fails. In this hour of sorrow, we may take this refuge that might help: There is no dream so small but that its slim finger may point to all that life holds best. There is no road through life, however doubtful, but that it leads at last to rest. All Corpus Christi joins the bereaved in mourning the passing of this good and faithful man.

SOUTH BENNETT

I think most of the sick folks in this community are all better, although some are still sick. Among those who have been quite sick are Mr. and Mrs. Walter Simpson, and girls, Dan Covington, Matt Casbeer's family, Jack Montgomery and wife, Mr. and Mrs. Travis Griffin, M. L. Casbeer and three children, Mr. Morgan Stacy. Mrs. Stacy is still ill at this time but is much improved. There are others who have also been sick but have not been confined to their beds as the others were.

Berlin Whitt returned Saturday to help his mother dispose of her feed, stock and household goods and to lease their place for another year. Mrs. Whitt plans to return home with Berlin when he returns. We will miss Mrs. Whitt from among us but are hoping she will be happy in her new home.

Casbeer and children, Mr. and Mrs. Clyde Featherstone and George Wayne, Ruby Kuykendall, Henry Simpson, Virgil Casbeer, J. M. and Ben Casbeer, Aaron Stacy and others.

MARGARET MELVINA HUNTER

Margaret Melvina Hunter was born in Georgia Aug. 20, 1954. She passed away Monday, March 1, 1937, at 8:00 p.m. She reached her 82nd birthday last August. On March 2, 1872, she was happily married to Elias Oden at Union, Miss, this being her 65th anniversary. To this marriage six children were born, all have grown to manhood and womanhood, and are here today. They are Miss Dora Oden, Mrs. Nan Carlton, El Paso; Sam J. Oden, Mrs. Frank Grantham, Brownwood; Mrs. Russie Hendersdorf of Brownwood. There are eight grandchildren and three great-grandchildren, one sister, Mrs. Georgia Whittle of Union, Miss.

She came from Mississippi to Coryell county in their earlier married life and 44 years ago came to Goldthwaite, where she lived until her death. Her husband passed away about 27 years ago, and with unflinching faith in God, she courageously faced the problems of life with her devoted children.

She was converted and united with the Methodist church when 16 years of age and remained a devoted member until the time of her translation to her home in heaven.

To the loved ones whose hearts are heavy and who feel the loss of her going, we commend you to Him who said, "Let not your heart be troubled, ye believe in God, believe also in me." She and was happy in the services as loved the Lord and the church, long as her health would permit her to go. Be true to her, God, and some day in that land of joy and song you shall see her again.

Rev. J. K. Beery conducted the funeral services, assisted by Rev. F. E. Swanner, pastor of the Baptist church.

All of Neighbor Nations Coming To Fair in Texas

Dallas, Texas.—Central American republics, closest neighbors to Texas, already have accepted almost unanimously invitations to take part in the Greater Texas and Pan American Exposition opening at Dallas June 12.

Director General Frank L. McNeny received reports at the Exposition offices in Dallas this week from two flying emissaries as they completed their swing through Mexico and the six Central American Republics, without a refusal at any point.

Mexico's formal acceptance is expected momentarily from President Cardenas, who was out of the capital at time of the visit of Dr. Roscoe R. Hill of Washington and Charles H. Abbott of the Exposition staff. His cabinet members already have signified acceptance.

Guatemala and Nicaragua already have accepted. Unofficially, participation in the exposition has been planned by Honduras and, it is anticipated, by El Salvador, Costa Rica and Panama. This makes the record perfect up to the envoys' entry into the South American continent with first calls at the capitals of Ecuador, then Peru and Chile. Crossing to the Atturn through Argentina, Uruguay, Brazil, Venezuela and Columbia, then across to Cuba to complete their trip about mid-April.

Participation already planned gives strong Latin American flavor to America's only international fair of 1937, which will run a 20 weeks season through October.

Movement Started to Buy Padre Is. Park

South Texas communities headed by Corpus Christi and Brownsville, have started a movement for purchase by the state of Padre Island Park and its use as a state park. The movement has interesting possibilities.

For some years the highway maps have been showing a road running the length of Padre Island. This road has never existed, except as a few tracks in the beach sand at either end of the 120-mile stretch can be called a road. Once there was a causeway connecting the northern end of the island with the mainland just south of Corpus Christi. This bridge was built by private interests. A storm three years ago washed away all save a small section at the mainland end which is now used as a pier to reach boats tied up there. The only way one may take an automobile to Padre Island now is by way of Mustang Island, which boasts a causeway and ferry connecting Port Aransas with the mainland. From the southern tip of this island a rickety ferry will set a light car across the shallow Corpus Christi Pass onto Padre. From the Pass, the venturesome driver may press some 30 miles southward without much trouble other than that afforded by occasional soft spots in the beach. Then a waste of shell and rocks is encountered, and the trip becomes something more than an afternoon drive. It is an exploration and there are few who make it.

On the southern tip, one may get across to Padre Island on a ferry, and from this point also a motor road of sorts runs up the beach. The island is unoccupied save for a few shacks used by fishermen, and a sort of fishing camp for the accommodation of daytime inhabitants, one such being located at each tip of the island.

The state ought to acquire title to the attenuated acres of Padre Island, if for no other reason than that it is the world's outstanding opportunity to obtain waterfront property cheap. The island's 120 miles stretch in one perfect beach from Corpus Christi Pass to Brazos de Santiago Pass, from Corpus Christi to Brownsville. Behind this beach shimmers the long length of the Laguna Madre, one of the most remarkable bodies of water on any continent, and one of the greatest breeding areas for marine life anywhere. The area today is so little molested by man as to retain its every primitive aspect. If it is to be preserved from commercial exploitation, it should be put under the protection of public ownership as quickly as possible.

rolled with the county agricultural agents in 4-H clubs last year. Under the coaching of the agents and the local 4-H club leaders these boys have learned leadership and have carried on practical demonstrations of improved ways to produce crops and care for livestock and poultry. These young farmers grew 550 acres of crops in their demonstrations and produced 5664 chickens and turkeys and completed other useful demonstrations.

Five boys from the district won trips to the national 4-H club congress in Chicago with expenses paid because of the excellence of their work. Gold medals and other honors went to boys in almost every one of the 19 counties in recognition of their accomplishments.

Mrs. J. W. Estep Buried Wednesday

She is survived by two sons and two daughters. Mr. Estep died less than a year ago.

one other things to give attention to. A city pastor, consequently, can hardly claim his life as his own. It looks like they might well become strangers in their small homes.

I saw one of the pastors this morning cry like a baby as he faced some problems that would bring tears to the eyes, so it would appear, of an Egyptian mummy, if such a thing were possible. When we face such problems we ask why it can be possible for a great state, for the mere sake of a little gain in taxes, to give its consent to any business that corrupts morals, breeds poverty and destroys both soul and body of its citizenship.

Someone sent us a copy of the Goldthwaite Methodist church directory. We thank you for it. We have voted it one of the very best, most complete we have seen. We read it from "kiver to kiver," and enjoyed every page. We went over the names, one by one, and tried to locate each one, and for the most part succeeded.

The last of this month Gypsy Smith is booked for a great revival campaign in Fort Worth. We hope to attend this, and trust it may be possible to do so.

Mrs. Bowles has a pretty busy week this. She teaches a class all week in a mission study class, besides sundry other things. Then as a climax she has to read a paper before a negro conference on "Race Relations." I don't know who deserves the greater sympathy, she, the negroes, or myself. O well, I suppose I shall get along; a diet of cheese, crackers and salmon may be good for me. As for her and the negroes, I should not be greatly concerned, I suppose.

J. S. Bowles.
