

THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, MAY 21, 1937

NUMBER THIRTY-NINE

GOLDTHWAITE SCHOOLS CLOSE SUCCESSFUL YEAR

Commencement On Thursday Evening to Close School Term

Sunday at 11 o'clock the closing programs for the local public schools this year will begin. At this time the Baccalaureate service will be observed in the school auditorium. Rev. John K. Beery, pastor of the First Methodist church, will preach the sermon. The pastors of all other churches in town will participate in the program. Music for the occasion is under the direction of Mrs. Fred Martin. A special number will be rendered by Mrs. S. E. Cloninger, Misses Mary Ellen Trent, Charline Brim and Floyce Aileen Dickerson.

Wednesday evening, May 26, at 8 o'clock, the grammar school commencement will be observed. County Attorney E. B. Gilliam will be the principal speaker on this program. Music for the occasion will be furnished by the seventh grade class under the direction of Mrs. Doris Carothers, public school teacher. Catheryn Epperson and Floyd Sansom are the honor graduates in the seventh grade. Each will have a place on the program. There are 58 pupils in this class at the present time.

Thursday evening, May 27, at 8 o'clock, the high school commencement will be held in the high school auditorium. Mr. Don Morris, vice-president of Abilene Christian College, will deliver the address on this occasion. Vocal numbers will be rendered by the Glee Club under the direction of Mrs. Sullivan. Louise Ohlenbusch as valedictorian and Louise Gartman as salutatorian will each have a part on the program. Forest Hill is the highest ranking boy in the class.

There are 42 pupils in the senior class at the present time, probably the largest ever to graduate from the local school.

STAR GRAMMAR SCHOOL COMMENCEMENT PROGRAM

The graduation exercises of the Star Grammar School will be held in the school auditorium Thursday evening, May 27, at 8 o'clock. Everybody is invited to attend.

Telephone Company Makes Changes in Personnel Here

The Southwestern States Telephone Company serving this section with splendid service announces a change in the personnel of this office, as follows: Miss Hazel Fulton, capable chief operator for the past several months, was transferred to the Brownwood office of the same company. Mrs. Charles Frizzell, former chief operator here who for the past several months has been living in Kerrville, will again hold the chief operator's position. Miss Louise Smith of Lometa has also accepted employment here as operator.

The Eagle and friends regret the leaving of Miss Fulton, but are happy to have the other two ladies in Goldthwaite.

New Texas Almanac Now Distributed By Dallas News

The 1937 supplement to the Texas Almanac is now being distributed, chock full of news of the Greater Texas and Pan American exposition of which this almanac is named.

There are many major points of interest, a digest of the growth and census of the state and valuable information of the coming exposition.

Priddy Schools to Close This Week

This week closes another year in the Priddy schools under the able management of Supt. Oscar Swindle. The school has been carried on well with a very high ranking in the county both in literary and athletics.

The grade school graduates will have their commencement exercises on Tuesday evening, May 26. The high school commencement exercises will be held Wednesday evening, May 27, in the high school auditorium.

Program
Processional, Hilma E. Hein.
Invocation, Rev. A. T. Kluge.

Presentation of diplomas, Supt. J. Oscar Swindle.
Announcements, Weimar F. Hein.
Benediction, Rev. A. T. Kluge.
Recessional, Hilma E. Hein.

On Wednesday, the day of the commencement exercises, the school has planned an all day picnic with dinner on the ground with a band concert at 2:00 and baseball games afterwards. The public is extended a cordial invitation to attend. The proceeds of the picnic will be given to the Priddy band.

LIONS HONOR LADIES WITH GALA EVENING OF FUN AND FROLIC

The Goldthwaite Lions Club Ladies Night held last Tuesday evening in the spacious dining room of the Methodist church was one of the outstanding affairs of the season.

The Lions dinner given in honor of the ladies of the family was one of the most colorful affairs ever arranged by the Lions, and many compliments are heard on every side.

The program, led by the able master of ceremonies, Raymond Little, was full of life and good will with many stunts, jokes and songs by the Lions and Lionesses and guests. Inspiring music was furnished during the dinner hour by three talented young men, Shultz Faulkner, Mark Fairman and J. D. Berry. George Ballard entertained with a most amusing stunt.

A beautiful trio was given by Misses Mary Trent, Charline Brim and Floyce Aileen Dickerson, and the Lions Quartet gave several numbers.

M. Y. Stokes, Jr., gave an interesting talk on Lionism, which was a treat to all.

The dinner furnished by the Missionary Society of the church was highly complimented by Lions and guests.

Creme paper caps of every hue were worn by all and confetti and colored balloons were tossed and bantered over the entire room.

Burglars Again Enter Goldthwaite Store

Burglars struck again in Goldthwaite, entering the Fairman Company store Monday night.

Burglars entered the store through the upstairs window in the back of the building. A small amount of cash was taken out of the cash register and the drawers to the register were badly torn up. Entrance was not gained to the safe although the vault door was opened and the safe knob and combination were knocked off.

It is reported that burglars entered the Jeske store at Star last week and cash and cigarettes were taken.

The Methodist Church

Our records show a substantial growth in all departments of our work, and we should not allow the summer months to weaken our enthusiasm for the work God has placed in our hands. He requires that we be faithful every day of our life. "Be thou faithful unto death, and I will give thee a crown of life." It is not the fellow who started well and is a has-been, but the one who continues the race and goes under the rope at the end. "Only one obtains the prize."

Sunday school 9:45 a.m. We will be out in good time for the Baccalaureate service at the high school.

At the 11 o'clock service we join with the other churches in the service at the high school. The Epworth Leagues will meet at 7:15 p.m. They have some interesting programs, and there should be a large attendance.

Preaching 8 p.m. Subject "Honor Thy Father and Thy Mother that Thy Days May Be Long Upon the Land Which the Lord Thy God Giveth Thee." Mid-week prayer and Bible study Wednesday at 8 p.m.

You will find a hearty welcome in all the services of the church. You should attend the church of your choice every Sunday, for you will want a good record to face after a while.—John K. Beery, Minister.

Santa Fe Changes Train Schedule Effective May 23

To better serve the people of this section the Santa Fe has announced important, improved train schedule to be made effective May 23.

This change is very much appreciated by the citizenry of Goldthwaite and added patronage of the railroad is assured.

The complete change of the trains may be found on page 7 of The Eagle.

Rev. Harrison Writes Interesting Letter To Friends Here

Habits are hard to break. Some are good habits and should not be broken; some are bad and should never have been acquired. While we would not prefer to classify the habit to which we refer, nevertheless, the habit which we have acquired of writing an article for The Goldthwaite Eagle each week has so fastened on us that we find ourselves prone to sit down each week to the task of writing the article formerly called the "Nazarene Remarks." At least we will say it has been a very pleasant habit for the past few years.

As I have not done so in my recent and concluding articles to The Eagle while I was a Goldthwaite citizen, I would like now to express my appreciation to the management of The Goldthwaite Eagle for all the courtesies shown this writer. It has been a pleasure to serve the Church of the Nazarene at Goldthwaite. Not only because of the pleasant fellowship with the members of the church, but because of the kindness shown us from the citizenship of the town.

We look back with fond memories to the pleasant task of the last few years. However, as we center our minds upon the present task that is ours, we find ourselves enraptured in the service of the Lord. Here we have found an aggressive spirited people that we have already learned to love. We are always thankful to Him who knows best for the pleasant lot that is ours. We are living in a world of changes, but we desire to serve Him who changeth not while we are in this transient world, until we reach that "eternity which hath foundations, whose builder and maker is God." A special object of our prayers is that God's kingdom may be advanced through the various churches of Goldthwaite.—Charlie Harrison, a Former Goldthwaite Pastor.

E. B. Gilliam Resigns A. T. Pribble Named As County Attorney

Commissioners' court has accepted the resignation of County Attorney E. B. Gilliam and has appointed the former county attorney, A. T. Pribble, to fill out the unexpired term.

The court then made a contract with Mr. Gilliam to collect the delinquent taxes of the county, state and common school districts in Mills county.

TRANSFERS MUST BE MADE BEFORE AUG. 1

A supply of forms used in transferring of scholars is now on hand in my office. These forms are prescribed and furnished by the State Department of Education. All parents who wish to make a transfer should, if possible, come in person to my office and make application. Please bear in mind the following in regard to transfers:

1. Transfers may be made any time before Aug. 1.
2. Two copies of every application must be filled out and signed.
3. All the blanks must be filled on the application, such as name, grade, sex, and reason for making transfer.
4. The law requires that every transfer shall be a good faith transfer on the part of the parent. The practice of "soliciting" transfers is, to say the least, poor policy, if not unlawful.

The co-operation of parents and school children in handling transfers correctly and to the best interests of the school children will be greatly appreciated by me.—R. J. Gerald, Executive County Superintendent.

W. P. WEAVER STATES 653 WORK SHEETS IN FOR MILLS COUNTY

County Agent W. P. Weaver reports 653 work sheets signed and 275 applications for ranch inspections. The time for signing expired Saturday, May 15.

Six crews are measuring farms with plane tables and the work should be finished by June 30. Each farmer who signed a work sheet will receive a blueprint map of his farm.

Pastures are being inspected at the rate of from two to five per day. Ranchmen are cutting cedar and pear and destroying mesquite. Many reservoirs will be built.

We see terraces on many farms that will not meet specifications. The height and width for a given slope is clearly specified and may be had at this office.

Mills county has 17 silos and so far as we know all have proven satisfactory. No less than 50 silos should be built this summer. Corn, cane and hegari are excellent silage.

C. C. Collier and W. J. Morris have stored cured meat in cottonseed oil for a demonstration. The meat will be exhibited next fall to prove the efficiency of the method.

The advantages of using refined cottonseed oil are:

It retards mold growth 100 per cent, it reduces evaporation and shrinkage, thus eliminating a hard, dry piece of meat; it eliminates skipper and fly contamination 100 per cent. The oil being liquid makes it possible to use pieces from it and the rest returned to the oil for perfect keeping.

The meat will not become more salty.

The meat will not absorb flavors from the oil.

This method is no experiment. Try it.

E. B. Gilliam Resigns A. T. Pribble Named As County Attorney

Commissioners' court has accepted the resignation of County Attorney E. B. Gilliam and has appointed the former county attorney, A. T. Pribble, to fill out the unexpired term.

The court then made a contract with Mr. Gilliam to collect the delinquent taxes of the county, state and common school districts in Mills county.

Baptist Reminder

"A Choice of Masters" will be the subject of my sermon Sunday evening at 8 o'clock. Remember our open air services. The people are delighted with the change. The seats are new and comfortable. A cordial invitation to all, rich and poor alike. Our choir on Sunday evening is mainly made up of young people. We are to have special music each Sunday evening.

Sunday morning we will meet for our regular Sunday school and then go to the school auditorium for the baccalaureate services. I am sure this service will be enjoyed by all. It is often hard to keep our Sunday school attendance on baccalaureate Sunday. This should not be so. We will dismiss our Sunday school a little early in order to give you ample time to get there. Let every teacher be on time so you can begin your class promptly. Our Sunday school for the past month has averaged around 175. Let's raise this average from Sunday to Sunday.—Franklin E. Swanner.

Doctors Conduct Clinic at Priddy Tuesday, May 18

Priddy school students were given a free examination last Tuesday by the following doctors and nurses: Dr. Bullard, Miss Brown and their technician from Texas Central Hospital at Brownwood; Dr. A. T. Williamson, Indian Gap; Dr. Miller, Priddy; Dr. Campbell, Miss Corine McFarlane and Judge Gerald of Goldthwaite.

Some 250 children were given complete examinations by these fine doctors and much good was done for the students.

A wonderful dinner was served by the Home Economics class, which was thoroughly enjoyed by the doctors and their assistants.

Doctors to Meet in San Angelo May 20 and 21

San Angelo, May 20.—Final meeting in the Fourth Medical District of a series of three post-graduate symposiums on obstetrics and pediatrics will be held in San Angelo on May 20 and 21, according to Dr. Geo. W. Cox state health officer.

Technical lectures for attending doctors will be held each day at the Cactus Hotel, while the lecture for the public will be at 7:30 o'clock on the evening of May 20 at the First Baptist church.

On these two days an exhibit from the State Department of Health with special reference to maternal and child health problems will be on display at 15 West Beauregard Street, and the public is urged to attend this exhibit.

Expert Will Discuss Rural Electricity At Center Point

This (Friday) evening Mr. Christensen of the Rural Electrification Authority office at Fort Worth will address a meeting of rural citizens at the school at Center Point.

Full information will be given on how to secure electricity for farm homes. Everyone who is interested in securing electricity for his home is invited to be present and to ask any questions he would like answered.

S. J. R. NO. 9 A JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas; providing that the Legislature shall authorize the incorporation of banking bodies and provide for the supervision and regulation of same; providing for all of the capital stock to be subscribed and paid for before charter issued; restricting foreign corporations from doing banking business; restricting corporate business to one place.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 16. The Legislature shall by general laws, authorize the incorporation of corporate bodies with banking and discounting privileges, and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

A HOME is as durable as the lumber and construction that builds it. Whether it shall maintain its value only a few years, OR SHALL SERVE, WITHOUT TOO-RAPID DEPRECIATION, FOR A LIFETIME, is a choice that is made in part when the builder selects and buys his lumber. To give the most actual building value for the money put into it, good lumber must come from selected trees and handled right by the manufacturers. There is a great difference in lumber. H. J. R. NO. 26 HOUSE JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section to be known as Section 51-c which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars (\$15) per month each, and providing for payment of such assistance or aid only to actual bona fide citizens of Texas and providing that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to such blind; providing for an election on the question of adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas, as amended, be amended by adding thereto a Section to be known as Article 51-c which shall read as follows:

"Section 51-c. The Legislature shall have the power by General Laws to provide, under such limitations and regulations and restrictions as may be deemed expedient, for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars (\$15) per month per person; such assistance or aid to be granted only to actual bona fide citizens of Texas; provided that no habitual criminal and no inmate of any State supported institution, while such inmate, shall be eligible for such assistance to the needy blind over the age of twenty-one (21) years; provided, further, that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for assistance to the needy blind over the age of twenty-one (21) years; and continuously for one year immediately preceding such application.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for assistance to the needy blind as that Government may offer not inconsistent with the restrictions hereinabove provided."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the fourth Monday of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

SCREW WORMS MUST BE KILLED IN WOUNDS

One of the most familiar of nature's daily miracles is the transformation of caterpillar into moth. Quite similar but less publicized is the evolution of a screw worm into a striped green fly. Unlike the caterpillar, that spins its cocoon or pupal case aboveground, the screw worm buries itself about an inch underground, contracts, and hardens its outer skin to form a shell. In this brown case it rests and, unseen, the maggot evolves into a fly. Only the prying eyes of the scientist have witnessed this phenomenon. The metamorphosis complete, the fly breaks the end of the pupal case, crawls out, pushes up to the surface of the ground, dries, expands its wings and flies away. On a fresh wound it lays its eggs—eggs which in an unbelievably short time hatch into hungry screw worm larvae burrowing into the wound.

Benzol placed in an infested wound kills the worms. Pine tar oil brushed on and around the wound makes the wound unattractive to flies and prevents the blowfly eggs from hatching. These are the only two materials recommended by the United States Department of Agriculture, Bureau of Entomology and Plant Quarantine, for the treatment of screw worm cases.

for assistance to the needy blind over the age of twenty-one (21) years, not to exceed Fifteen Dollars (\$15) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Nine Thousand Dollars (\$9,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

S. J. R. NO. 16 A JOINT RESOLUTION

proposing an amendment to Article III, Section 52, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris County and in road districts therein; providing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 52, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows:

"Section 52d: Upon the vote of a majority of the resident qualified electors owning taxable property therein so authorizing, a county or road district may collect an annual tax for a period not exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any of such fund shall be valid unless, when it is made, money shall be on hand in such fund.

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

"The provisions of this section shall apply only to Harris County.

STUDENTS OF GOLDTHWAITE HIGH SCHOOL

OLD-TIMERS BEAT NEW-COMERS

Wednesday afternoon, May 12, the Old-Timers, who called themselves "Colfax" after the senior play, barely beat the New-Comers of the Goldthwaite high school football team by penetrations and first downs. The Old-Timers had 2 penetrations to the New-Comers' 1, and 10 first downs to the New-Comers' 5. Neither side scored.

The game was very evenly matched and both sides had to fight for every inch gained.

This game ended the spring football practice season for the Eagles and left some students, especially seniors, rejoicing and some gazing dejectedly at the 1937 football season. But with more practice and another look at the new football schedule, things begin to look brighter.

FRESHMAN NOTES

The freshman class, sponsored by Mrs. Baker and Mr. Peterson, enjoyed a very pleasant afternoon on Brown's Creek. We waited at the school house for an hour and then rode a school bus driven by Mr. Peterson.

Games were played for about one hour, at the conclusion of which, punch and sandwiches were served. As guests we had Mmes. Chandler, Gerald and Blodsoe. Also we enjoyed the presence of Mr. and Mrs. Smith, accompanied by their young son, James.

We all enjoyed a delightful evening and voted Mrs. Baker a "Gen-teel" good entertainer.

SOPHOMORE PICNIC

The sophomores are at it again at least they were at it when they went picnicking Tuesday afternoon, May 18. They merrily climbed, or piled, I should say, into one of the school buses and drove out to Brown's Creek where they had a hilarious time playing games, shouting, wading, and—eating.

In fact, they did everything picnickers commonly do. The sophomores are really very ordinary people, in spite of the fact that the seniors think they are so unusual.

Many thanks to all the mothers, aunts, grandmothers and teachers who made this event possible. We had a grand time!

CHATTER

One way of keeping your girl is with gifts. Floyd McKenzie is showering Gloria Dyas with flowers to keep her from Carroll Berry. Nice work, Floyd.

Why has Altruman Langford turned from the Womack house to the Johnson house, and what is Mamie Lou doing about it?

From what we hear Dorothy Morris had a fuss with her Center City boy friend Sunday afternoon. We haven't learned the cause yet but maybe we'll know by next week.

Here's some nice dirty dirt for you gossipers: Virginia Ruth Rudd's dreams came true Saturday night when a certain boy asked her for a date, but were shattered to bits when she found out it was all because of a bet.

Isn't it nice that Voyd Lee had a hurt knee for an excuse Tuesday? Maybe it's all for the best after all.

What does J. D. Berry think he is? He didn't ask anyone about getting that pretty new shirt.

This is getting bad. Al Langford says that he loses three nights' sleep after going with that junior girl. We wonder if that is possible.

Fisherman Wayne Miller claims the fish aren't biting. We suggest using bait, Wayne.

Can it be that the snoops have gone on a strike, too? Or is it the dealers in scandal?

Eureka! At last! The time has come to tell all. Next week the identity of the Snoop will be revealed in this column. We understand Al Carter has brought his knife, and several others are carrying brickbats around, just to be ready. But, honest—it's going to happen.

BACCALAUREATE

The Baccalaureate Services for the graduating class of 1937 will be held Sunday morning at 11 o'clock in the school auditorium. Rev. Beery of the Methodist church, assisted by the other Goldthwaite pastors, will deliver the sermon. All congregations are invited. Music will be in charge of Mrs. Fred Mar-

The processional will consist of the members of the senior class, the faculty members, the board of education and the ministers of the city.

A special section of seats will be reserved for parents of the seniors.

MUSIC RECITAL

(By Charline Brim)
The piano pupils of Miss Mary Ellen Trent and the voice pupils of Mrs. S. P. Sullivan gave their recital at the school auditorium last Friday evening.

The stage was beautifully arranged in black and gold. The background was black. The one ornament on the stage was a gold harp outlined in tiny red roses and with a floodlight on it. The rest of the stage was lighted with blue lights.

We wish to compliment Mrs. Sullivan, Mary Ells and their pupils on the recital being a success.

ATHLETIC FIELD

Progress on the new athletic field has been delayed because of the shortage of WPA funds. Work has been postponed pending an appropriation by Congress of an additional WPA grant. This is expected soon and the athletic field will be among the first projects continued in Mills county.

FUTURE FARMERS WIN

Wednesday, May 12, the Goldthwaite Future Farmer softball team went on a rampage in Cherokee to win 32-5. Every boy starred in the field and at bat. Cherokee's boys could not get started and the game ended after 8 innings.

LIFELIKE MODELS MADE BY DENTIST

"An eye for an eye and a tooth for a tooth might well be applied to my hobby," laughed Dr. M. Sandel, Houston dentist, as he displayed his collection of more than 100 anatomical wax models he has made during the past three years in his small laboratory behind his office, according to the Houston Chronicle.

These life size models represent almost every organ in the human body in their entirety and numerous cross sections and are perfect to the minutest detail. Dr. Sandel used a hard wax for their composition. Paints are thoroughly mixed into the wax and when the model is finished it is given a coat of shellac to preserve it. The shellac also gives to the model a wet appearing finish, making it seem to have been recently removed from the body.

The fashioning of the models requires infinite patience and pains. Dr. Sandel has 12 models of the hand alone, beginning with the entire hand, showing every pore, line and fingerprint. This model is so life like that it appears to have been just severed from the body, with arteries, veins, muscles and bones exposed at the wrist. The next model is of the hand just beneath the skin, showing the capillary action. The next appears to have had a thin slice of flesh removed and so on until the nerve centers of the hand are reached. The nerves are represented by hundreds of fine flax threads, shellacked to give them strength. The fingers are made over metal skewers.

One of the most interesting models is a cross section showing "behind the scenes" of the human head—the brains, nerves, blood vessels, folds of skin about the nose, the tongue, eye and ear.

Dr. Sandel has many models of the human jawbone. These are made of plaster covered with wax, which gives them the identical appearance of bone. He started with the model of a baby's jawbone at birth then added one tooth to the next model, then two, and on up until all the permanent teeth are present. He also has models showing teeth in the first stages of decay down to the jawbone of the aged, showing shrunken, toothless gums.

MINIATURE VILLAGE IS BUILT IN PARK

Canyon.—A miniature village is being built in the scenic Palo Duro Canyon Park, a short distance from Canyon, in preparation for the opening of the annual Palo Duro School of Art, sponsored by the art department of West Texas State Teachers College, which opens June 2 under the direction of Miss Isabel Robinson.

Twenty-five screened cabins with canvas roofs are being constructed on the first level below the lodge to accommodate students. The building program has been authorized by the State Park Board and work is being done by the CCC.

Each cabin accommodates two or three students. Conveniences include running water, electric lights and showers.—Fort Worth Star-Telegram.

RESETTLEMENT HAS SECOND BIRTHDAY

This week marks the end of the second year of the Resettlement Administration, which in Mills county has made 172 loans to the farmers for a total of \$34,571.

G. M. McCracken, county supervisor, announced that this two year period the Resettlement Administration has also made 180 non repayable grants in the county for a total of \$2,455, in addition to the loans. The supervisor said when Resettlement was set up two years ago, its first job was to take over farm families formerly on relief, and to make these families again self supporting. Detailed plans of farm and home management were worked out with each family, and backed by loans for the necessary supplies, livestock and equipment.

"More than 18 per cent of Texas farmers have incomes ranging from \$400 down to less than nothing. A typical member of this group, McCracken said, "on an average spends only five cents a month for medical care." He pointed out that these families can develop, in the aggregate, an enormous purchasing power, if properly financed and supervised.

"Many farmers included in the Resettlement program last year had never before known what it was to grow a garden or to own a cow or chickens," the supervisor said. "Most of them had no team or tools. Resettlement plans worked out last year enabled such families in Texas to buy 26,599 horses and mules and 7,932 cows. These families planted 19,762 gardens and put up more than five million pounds of dried meat and vegetables as

COMMUNITY LETTERS

EBONY

School closed here last Friday. Indian Creek school will close Friday, May 28. In the graduating class there, Neuma Crowder of Oakland, has been elected salutatorian, and Evelyn Mashburn of this community valedictorian. Evelyn won over Neuma by one and one-half points. We feel that both of these young people belong to us, as Neuma attends Sunday school here. We extend to them hearty congratulations.

Miss Bernice Wilmeth spent the week end visiting her cousin, Mrs. Austin Cawyer, at Pasche.

Mr. and Mrs. S. H. Reeves received word from their daughter, Evelyn, who has been visiting in Los Angeles for about a year, that she was married to Albert Hardin of Evant in Phoenix, Ariz., May 1. Mr. and Mrs. Hardin are making their home at Eloy, Ariz., where Mr. Hardin is employed. Evelyn is one of our own girls, having been born and reared in this community. She is a graduate of the Mullin high school. Since she has been in California she has been taking a business course in the Los Angeles night school. She is very talented in music and in drama, and she is noted for her sweet disposition. To know her is to love her. We heartily congratulate Albert on his choice of a wife, and wish for them both a long and happy married life.

Mrs. Roscoe Jones and Baby Frances spent Saturday with Mrs. John Briley.

We are glad to be able to report that Artrur Tippen, who was so low with pneumonia last week, is at home now and doing fine.

Billie Pruitt of Brownwood spent the week end with Gene Wilmeth.

Alvin Mashburn of Port Ar-

thur, who has been spending part of his vacation climbing Pikes Peak in Colorado, arrived at the Clements home Wednesday to spend the rest of the time with his mother, Mrs. W. M. Clements.

Mr. and Mrs. Ben Beach and Frank Dyer of Desdemona, and Mrs. Joe Buchanan of San Antonio spent the week end of last week with Mr. and Mrs. F. L. Cowder.

Mr. and Mrs. Alvin Hanna are to be commended for bringing such a nice group of young people to Sunday school. They are being accompanied by Marie, Ina and Pauline Smith, and Billy May and Norma Jean Sykes, all of Oakland.

Roscoe Jones plowed and Mr. and Mrs. Cecil Crowder hoed for Mrs. Nellie Malone Saturday.

Mr. and Mrs. E. O. Dwyer ate dinner with Mr. and Mrs. J. R. Briley Sunday after church.

Mrs. Nellie Malone who recently visited at Van Horn and Odessa and other points west says that when they lived in Odessa about 1910, her father, the late J. R. Wilmeth, sent her some pecans from his orchard here on the river. A neighbor's pet squirrel often came in the house and got into the pecans. They buried them in the yard. Little pecan trees came up all over the yard. Earnest took one of them up and placed it by the fence where it would be protected. When Mrs. Malone was at Odessa a few days ago, she went to her old home place and saw the pecan tree. It is the largest tree in Odessa. She was told that it bears a fairly good pecan, and never fails to bear.

Mrs. B. F. Renfro called Thursday to have their Eagle changed to Goldthwaite, as they have bought the Burdett home just out from town on the San Saba highway. They have a hearty welcome to Goldthwaite.

ROCK SPRINGS

There were 20 at Sunday school last Sunday.

Oliver Traylor happened to a bad accident at Marion Robertson's in Big Valley last week. He was cutting posts and some way he lost control of his axe and cut his knee mighty bad. He hasn't been able to work.

This place is very much on the map. The cold storage has an ice route out here.

Don't forget to go to Big Valley tonight (Friday) to the Hillbillie Courtship play put on by the outsiders. They will have a lot of good music played by the Hillbillie band.

Last Friday was J. T. Robertson's 75th birthday. To his surprise at 8 o'clock his neighbors and friends began to gather. They came from Goldthwaite, Big Valley, and Brownwood.

Mr. Robertson received lots of nice gifts. At 11 everyone bade him and his wife good-night.

Sunday and Sunday night will be church day, so don't go visiting and forget church.

Arlie Davis and son of Brown county brought his aunt, Mrs. Mary Champion, down Wednesday to visit his father and mother.

Duey Bohanon's mother is visiting him and wife this week.

Mrs. W. A. Daniel went to the Big Valley school picnic Saturday with her daughter and Greta Traylor.

Mrs. E. D. Robertson and Goodloe Miller went to Santa Anna Friday afternoon with Mrs. Marsh Johnson, who lives in town, for an appendicitis operation. We are glad she is improving.

Mrs. Sallie Anderson of North Bennett spent Saturday night with her cousin, Mrs. Mary Champion, in the J. F. Davis home. These two ladies hadn't seen each other for 30 years.

Sunday Mr. Davis and wife took the ladies to Mrs. Anderson's home and spent the day. Mrs. Champion stayed with her cousin for a few days.

Mrs. O. C. Gatlin and son of Brownwood spent Sunday with her husband, in the afternoon they called in the Joe Roberts home.

Believe it or not, Mrs. Nickols helped her daughter, Mrs. Joe Roberts, to finish her snake quilt last week, which she has had up so long.

W. E. Miller and wife from the city were Sunday guests in the John Roberts home.

Horace Cooke of Star spent Sunday in his father's home. They called in the Nickols home on their way to Sunday school. Horace was re-elected at Star for another school term.

J. V. Waldrip and family from Zephyr spent Sunday in the R. E. Collier home.

Marvin Powledge from Lampasas spent Saturday night and Sunday in the Webb home. Sunday afternoon he and R. C. Webb called in Mrs. Gibbon's home.

Those who ate dinner Sunday with Mrs. Nickols and boys were Ira Hutchings and family from Lake Merritt and Otis and Besse Hutchings, Center Point; James Nickols and wife and Duke Clements and Mrs. Glenn Nickols from town. In the afternoon W. A. Cooke and Marvin Spinks and wife joined the crowd.

J. D. Lowe spent Saturday and Sunday with his parents. He was here on business.

C. Ballard and family were glad to have their daughter and children from Moran with them Saturday night and Sunday.

Mrs. Landy Ellis had her mother with her Saturday night and Sunday. Her brother and family from San Saba came for her mother Sunday afternoon.

Mrs. W. A. Daniel and Mrs. Eula Nickols and boys, Landy Ellis and wife visited in the Ballard home Sunday night.

Jacquelin Dennard from Big Valley came home with her aunt Mrs. Daniel and Billie Ruth on Sunday afternoon. They visited in several homes in the Valley.

Mrs. Eula Nickols spent Wednesday with Mrs. Dwight Nickols in town, getting her Mother's Day dresses made.

The WEEKLY CONSTITUTIONAL

Congress Recognizes Court's Power

What authority has the Supreme Court to declare a law unconstitutional?

The Legislative Reference Service of the Library of Congress in a bulletin dated September 12, 1936, points out that while the Constitutional Convention of 1787 rejected the idea that the Supreme Court should decide upon the constitutionality of a law before it is passed, it often must do so when a law is questioned in an actual case brought into court.

jurisdiction to pronounce any statute, either of a State or of the United States, void, because irreconcilable with the Constitution, except as it is called upon to adjudicate

legal rights of litigants in actual controversies." Thus Congress, through its Legislative Reference Service, declares that the Supreme Court necessarily must determine the constitutionality of acts of Congress when a case requiring this is properly brought before the Court by litigants.

"The uniform attitude of the Court was early stated in *Steamship Co. v. Emigration Commissioners* (113 U. S. 33, 39): 'It [the Court] has no

sheared J. F. Davis' sheep Tuesday.

Oscar Gatlin and Marion Jetton visited in the Webb home Sunday night.

Rudolph Cooke and wife spent Sunday afternoon in the Mason home in Lake Merritt.

R. E. Collier kinda got mad one day last week. His wife's pet goat followed him to Mr. Boyd's. He couldn't drive it back and it took all hands and the cook to catch it so he could take it home. If he had just put in Mrs. Boyd's flower beds it wouldn't have been any trouble.

The little Moreland girl from town spent the week end with Maxine Spinks.

J. C. Stark and wife visited Friday afternoon with their children in Center Point. One of their grand daughters came home with them for a visit.

Phillip Nickols harrowed the land on the Nickols farm for Landy Ellis this week.

Loy Long and family of town and Richard Sowders and family spent Sunday in the Ellis home.

J. C. McClary and wife visited Sunday afternoon with Julius Kauhs and family.

Beryl Roberts had a big time at his class picnic Thursday afternoon at Bozar.

Duey Bohanon and wife and Mrs. John Roberts went to Brownwood Tuesday.

Carl Kauhs from Bull's Creek visited with his brother and family and the Nickols boys Sunday morning. He took his brother and family to Brownwood Monday morning.

Mrs. Hillard Dyches and children from Breckenridge spent Saturday and Sunday with her parents, Mr. and Mrs. J. T. Robertson. One of her sons stayed for a longer visit. She took her parents and Mrs. Woody Traylor to Brownwood Saturday morning.

Berylene Turner stayed with Marion Robertson and family in Big Valley Saturday while her parents went to Algeria after their things. They live in town. They have rooms at Mrs. H. B. Johnson's. Mr. Turner is working for W. P. Weaver.

Landy Ellis and wife, Mrs. Johnson and Mrs. Sowders and son dined in Loy Long's home in town Saturday.

We hear that our friend, Kenneth Cockrum, and Miss Miller were happily married Sunday night. We wish them good luck.

Miss Ruth Whitlitt is getting ready for her graduating from grammar school to high school.

We hope our friends who are away in the sanitarium at different places can soon come home and be well.

The wind disfigured the Nickols car shed last week, but it did not hurt their car. Some of their neighbors helped Phillip and James fix it back. The rain was fine if there had been more we would have liked it better.—Busy Bee.

The Eagle is prepared to do lot printing of every kind and always appreciates an opportunity to quote prices on anything in the printing line.

PLEASANT GROVE

Mr. and Mrs. Britt Berry visited her parents, Mr. and Mrs. Hairston of Moline, Sunday.

Wille Leston, Ruby D. Pauline and Novaleen Berry visited Troy Berry Sunday.

Sybil Miller spent a few days last week with Mr. and Mrs. Ben Hurdle of Lometa.

Alvin Irwin and family visited Tom Irwin at Goldthwaite Tuesday night. They had ice cream supper to celebrate his birthday.

Sybil Miller visited Novaleen Berry Monday afternoon.—Fanny Flapper.

LONG COVE

This week end is church week. Everyone should come as we are sure Bro. Scott will have an interesting message for us.

Mrs. Charley Turnbo spent Sunday with Mrs. Ed Grimland.

Mr. and Mrs. Paul Ray of Lometa visited Mr. and Mrs. Tom Elms Sunday.

L. E. Hill of Brownwood visited relatives here the latter part of the week.

Mrs. Will Elmore called on Mrs. Ely Roberts Monday afternoon.

Hoyette Elmore spent the week end at Killen with her uncle and aunt, Mr. and Mrs. John Bruce.

Mr. and Mrs. L. W. Hill visited Mr. and Mrs. Barton Hodges Sunday.

When you have visitors or know any local item of interest tell the Eagle.

SOUTH BENNETT

We are glad to report Mrs. Clyde Featherston able to be up some after a severe case of the flu.

Mrs. Walter Simpson and two girls, Florine and Robbie Gene, visited Mrs. Willis Hill awhile Saturday morning.

Mrs. William Biddle and sons of Center City and Morgan Stacy and family, Odell Casbeer and Gus Wayne Jacobs were guests in the Dan Covington home Sunday.

Morgan Stacy's mother and step-father, Mr. and Mrs. Crouch of San Marcos, visited a few days with the Morgan family last week.

Mr. and Mrs. Bedford Kuykendall are proud parents of a little son, born last Thursday evening. M. and Mrs. Joe Adams are still staying with Mrs. Kuykendall and family. Mrs. Kuykendall's mother, Mrs. Tyson of town spent several days with her; and her sister, Mrs. C. A. Black and children, spent Thursday night and Friday with the Kuykendalls and their new baby. We are glad to report them both doing well.

M. L. Casbeer and family, Mr. and Mrs. J. M. Casbeer and children, Edgar Simpson, Aaron Stacy, Henry Simpson, Marvin and Virgil Casbeer and their families and Morgan Stacy and children attended the play at Kelly Friday night.

Elton Horton and family of Caradan made a visit in the Clyde Featherston home one night last week.

Earline Simpson spent Friday night in the Mohler Oglesby home at Center City.

Mrs. Morgan Stacy, Mrs. M. L. Casbeer and Billie Jean and Evelyn Covington visited while in the D. D. McBride home Saturday afternoon.

Mrs. Kerby is back from her visit to Fort Worth and is visiting her daughter, Mrs. Harve Miles and family.

Willis Hill has started building a new tank on his place. Marvin and Virgil Casbeer have been helping him.

Those of us who got to listen to the program from KNEI at Brady Sunday enjoyed the program, especially getting to hear "George" announce. He makes a mighty good one.

Bina Beth and Sybil Casbeer visited with George Wayne Featherston Saturday afternoon.—Rose Bud.

NO REASON GIVEN FOR YOUTH TAKING HIS LIFE

San Saba.—No reason has been assigned for the suicide at his farm home three miles northeast of here early Wednesday of Robert Ratliff, 16, son of Mr. and Mrs. G. J. Ratliff.

The youth was found dead with a pistol wound in his right temple. A justice of the peace rendered a verdict of suicide.

Will Rogers' Humorous Story

By WILL ROGERS

THESE Scotch stories should be barred by this time, but this one might have happened to anybody so here goes.

McTavish was very proud of his golf. One day he missed a stroke and yelled at his caddie: "Counfound you, boy, you made me miss that putt!"

"I didn't do nothin', sir," replied the frightened caddie.

"Yes, you did; it was all the fault of your hiccup."

"But I didn't hiccup, sir."

"I know you didn't. It's the first time you've missed since we started, and I allowed for it, you idiot!"

SENIORS OF PRIDDY SCHOOL VISITED CARLSBAD CAVERN

During the past week end the Priddy high school seniors of '37 were privileged to realize one of their ambitions by visiting the Carlsbad Cavern. We arrived in New Mexico on Friday evening and found the people and the country rather agreeable but not like Texas and the Texans. On Saturday we went through the caverns. The beauties of the caverns are indescribable and after visiting in the caverns, we indorse the descriptive statement of Will Rogers, when he described the caverns as "The Grand Canyon with a roof over it."

On the day we visited the caverns, there were 882 visitors from 22 states and 2 foreign countries. There were 22 school groups of which 19 were from Texas. The first school to be mentioned on the roll call was Priddy high school. We were very proud of this distinction. The fact that so many school groups were present from Texas may account for the fact that 568 of the 882 visitors that day were from Texas.

Our return trip through the Davis Mountains was pleasant and interesting, especially after we left New Mexico smoking (details furnished upon request). Now our only worry is passing the final examinations with the influences of the trip heavy on our hearts and bodies.

For the information of those who have not visited the caverns and may not know, all school students are issued free passes through the caverns.

Wild Flowers Are Shown at Paris

Paris, Texas.—A wild flower exhibit, one of a series planned by the State Highway Department, was held here Friday for Division 1, of which James E. Pirie is engineer.

Pirie said that 8 to 10 tons of wild flower seeds have been gathered and planted along highways in Texas since the department launched its beautification program in 1933.

This work just now is making veritable flower gardens of many of the state's heavily traveled highways.

It is undertaken in addition to construction and care of roadside parks, removal of unsightly billboards and constant repair and renewal of road signs and markers.

Jac L. Gubbels of Holland and Germany is in charge of highway beautification as landscape engineer.

Pirie said the department has developed in West Texas machines which harvest wild flower seed by suction, as they traverse fields of flowers, and an adequate supply of annual spring dress up of the state's roads is always on hand.

Every division of the highway department is to hold shows similar to that held here this week, although the dates will vary according to the climate.

Simultaneously with the show here, an exhibit of wild flowers was staged in Texarkana for Division 19, with headquarters at Atlanta. Division 10 will hold its show May 28.

It is the policy of the highway department, Pirie said, to transplant flowers, plants and seeds from other section of the state to points where a particular plant or flower is not a native. Last year many such plants were imported into the nine counties—Lamar, Red River, Franklin, Hunt, Delta, Hopkins, Rains, Grayson and Fannin—which make up Division 2. However, many have been destroyed or dug up by collectors.

The majority of Texans do not know it is a violation of the law to take flowers or shrubbery from a state highway.

S. E. Q. CLUB

We met with Mrs. W. D. Levrett at 2 o'clock to begin our afternoon work. We worked on a string quilt. There were five present.

Our visitors were Meses. Mary Johnson, Sid Tullos and C. L. Stephens. Mrs. Tullos joined. We are glad to have her in our club. Mrs. Levrett served lovely punch and cakes. We meet with Mrs. Eula Nickols next time.

SELF CULTURE CLUB

One of the most enjoyable meetings of the entire year was the final meeting of the Self Culture Club with our incoming president, Mrs. Joe A. Palmer.

Beautiful red polyantha roses were used for the decorative touch in both living room and dining room.

After a short business session Mrs. Walters Heister gave an interesting review of Dale Carnegie's book "How to Win Friends and Influence People." As one of our members, Miss Louella Patterson, is to be absent from our midst for a year while she is away at college, a shower of personal gifts had been planned.

Little Miss Jane Ann Steen presented the gifts in a large book satchel. Miss Patterson responded with a clever speech.

The hostess then invited all into the dining room where feed punch and pecan wafers were served.

It was such a delightful meeting that it will be cherished in the heart of every member during the vacation months and will inspire all to do better work next year.

Guests other than club members were: Mrs. L. E. Miller, Mrs. Blair, Mrs. Millard Cookrum, Miss Herndon of Fort Worth, Mrs. J. C. Darroch, Brownwood, Mrs. Will Palmer, Albany, Mrs. P. G. Palmer, Mrs. Bateman, Mrs. Tom Keese, Mrs. W. W. Stephens, Mrs. Raymond Little, Mrs. D. A. Trent, Mrs. R. L. Steen, Jr., and Mrs. J. W. Kelly.

ARLINGTON PICNIC

The ex-residents of Mills county now residing in Dallas and in Tarrant counties held their annual picnic at Arlington park, Arlington, on May 10.

A picnic lunch was served and telling of old times was enjoyed.

Those present were: Mr. and Mrs. John C. Hicks, Mrs. L. O. Hicks, Mr. and Mrs. Lee (Dr.) Kelley, Mr. and Mrs. Waddy Ross and daughter, rs. Meekins, Mrs. J. T. Cross, Mrs. Thula Brown, Mr. Bratton and daughter, Mrs. Alice Wilford, Mr. and Mrs. Staugi and daughter, all of Tarrant county; Mr. and Mrs. Jim Bohannon, son and granddaughter, Mrs. I. L. Allard, Mrs. Mollie Sexton and daughter.

This is an unusual affair, so you Mills county people remember to be present at the Arlington park in Arlington the first Sunday in May next year.

JAMES MURPHY

James Murphy, who had been in Brownwood for a period of only 12 hours, coming here to visit his sister, Mrs. J. Jones of Regency, from California, passed away in a local hospital Saturday, May 15.

Mr. Murphy was born Dec. 10, 1872, in Arkansas. He had been in California for some time and was coming to Brown county to be with his sister for a time, taking seriously ill before the two met.

Funeral services were conducted at 3 o'clock Sunday afternoon in the Regency cemetery where interment was made. Pallbearers were Lewis Perkins, Wallace Perkins, Dude Fry, Alex Martin, Ben and Lem Egger.

He is survived by four children, two boys and two girls, all of whom reside in Canada; one sister, Mrs. J. Jones of Regency, and one brother, Bud Murphy, also of Regency.—Brownwood Bulletin.

RECITAL

The joint recital given by Mrs. S. P. Sullivan and Miss Mary Trent last Friday night was a most enjoyable affair. Every pupil played or sang with perfect poise and correctness, showing the careful training they had received at the hands of their teachers and how the studious pupils had applied themselves.

Mrs. Sullivan and Miss Trent are to be congratulated.

PRIDDY GLEE CLUB PRESENTS CONCERT

The Priddy High School Glee Club is presenting "It Can't Be Done," a musical comedy, on Friday night at the Priddy high school auditorium.

This is a very delightful little comedy, showing the folly of city-bred youngsters and farm-bred cut-ups, making attempts to fool each other about general farm work.

The situations are very humorous and a succession of laughs is bound to be yours if you see the happy group of 14 girls as some of them play boys' parts in the play as well as in the many song "hits," well acted out.

The musical comedy is under the direction of Miss Nita V. Swindie, English teacher, who has so skillfully directed the girls glee club at this place for the past four years.

This entertainment will be the last of the school year of 1937 and it promises to be one of merit on the part of the girls as well as the director.

Come—everybody is invited. Only a small charge.

VIEWES OF THE NATION'S PRESS ON TOPICS OF INTEREST AND IMPORTANCE

TOMORROW'S PLANES AND PORTS

Because of the size of the new planes soon to be put into commercial operation throughout the country, the Bureau of Air Commerce has been forced to re-classify the nation's landing fields.

The new regulations will require that fields equipped with runways in four directions of at least 4,000 feet and diverging from one another by angles of at least 30 degrees.

DEALING WITH RISING PRICES

President Roosevelt, in warning congress against legislation that would further increase the cost of living and in warning the people against speculation, is marshalling two of the available instruments in a fight against rising prices and threatened inflation.

The trend of administration policy is seen in the president's opposition to the Millard Tydings bill to legalize certain price maintenance understandings and in his implied approval of Attorney General Cummings' report that revision of the anti-trust laws is desirable.

There has been a great deal of discussion of NRA revival but the president's words certainly do not point in that direction. The NRA contained price fixing elements and its tendency was to relax the anti-trust laws.

DEALING WITH RISING PRICES

President Roosevelt, in warning congress against legislation that would further increase the cost of living and in warning the people against speculation, is marshalling two of the available instruments in a fight against rising prices and threatened inflation.

To forestall speculation, the federal reserve board has an effective weapon ready for use by raising margin requirements it can cool the ardor of most speculators.

There has been a great deal of discussion of NRA revival but the president's words certainly do not point in that direction. The NRA contained price fixing elements and its tendency was to relax the anti-trust laws.

Senator Tydings' bill which the president disapproved would give interstate commerce sanction to certain price maintenance agreements between manufacturer and retailer.

An anti-discrimination bill, sometimes referred to as a "roper fair trade bill," by Rep. Morris of Greenville, already had been passed by the house. It is so far down on the senate calendar, however, that it probably will not get before the senate at this session.

There is a further objection to such a bill which the Chronicle believes has most merits. It is that such measures tend to destroy the competitive opportunities for merchants and penalize those dealers who, by wisdom and good management, have put themselves in a favorable position as sellers.

Moreover they operate distinctly to increase the cost of living. The president said of the Ty-

LOCAL PAPERS OF TOWNS MENTIONED

San Saba

The San Saba city commission has approved an ordinance granting a natural gas franchise to Thomas Cooke, vice president of the Public Service Corporation of Texas. The plan which calls for distribution system in several towns in this section is being held up, it is understood, awaiting further consideration of the city of Lampasas officials who are expected to join in the group of five towns to be served by the company. The towns are San Saba, Llano, Lampasas, Lometa and Goldthwaite. The plan of acceptance has been approved in all the other towns, according to R. L. McConnell, secretary of the San Saba chamber of Commerce. The gas is to be piped from the fields in Hamilton county to this section provided arrangement are completed for its distribution.

Fifty-seven cars of livestock were shipped from the pens here during the past week, records of the local station show, and 15 truck loads have gone from here in addition to those by rail, making one of the largest shipments from here for a long time.

Last Sunday marked three important events for the family of the late W. T. Linn, early day Texas Ranger, whose widow observed her ninety-first birthday on the preceding day, with the main celebration taking place on Sunday. It was Mother's Day, of course, and all of the eight children with the exception of one son, Will Linn in New Mexico, were present for the occasion, and five generations in this pioneer family were present also. The five generations present were Mrs. Linn, 91; Frank Linn, San Saba, 69; Mrs. Fred Davis, 45, Goldthwaite; Mrs. Clifford Hamond, 18, Goldthwaite, and Lola Lee Hamond, nine months Goldthwaite. The descendants living include the eight sons and daughters, 32 grandchildren and 27 great-grandchildren with the one great-great-grandchild. —News.

Lometa

Mr. and Mrs. Maurice Owen spent Sunday in Goldthwaite with her parents, Mr. and Mrs. J. H. Ervin.—Record.

Brownwood

Milburn McCarty, Eastland attorney, was elected president of the West Texas Chamber of Commerce and Wichita Falls was selected as the next convention city at the final session of the 19th annual convention here Wednesday morning. Wichita Falls was selected for the 1938 convention over Abilene, only other bidder, 1,509 votes to 217. Miss Inez Mayo, Brownwood student attending Texas State College for Women at Denton, was elected "Miss West Texas of 1937" Tuesday night at a colorful pageant at Memorial hall directed by Dr. Mollie W. Armstrong. Miss Mayo was crowned by Attorney General William McCraw. In a resolution passed Tuesday, directors of the WTCC asked that the people of Texas be given an opportunity to vote on the sales tax question. Permanent abandonment of the state ad valorem tax for general fund purposes also was favored. Coleman was winner of first place in the band contest which was a feature of Tuesday's entertainment program. San Angelo was awarded second place and third place went to Howard Payne College band.

Convention for the Mid-Texas Teachers Association for 1938 will be held in Brownwood on April 8-9 according to announcement of the executive committee which met here Saturday. Plans for the program of the two day session were also made at that time. J. D. Bramlette of Comanche was in charge of last Saturday's meeting. Brownwood was chosen as the next convention city at the last meeting of the association held in San Angelo in February.—Banner.

KNOW TEXAS

Thirty foot tales are now in order, since the Texas fishing season has opened. As the yearly trek to the water holes begins, old Isaac Walton should thrill at the variety of fish and fishermen native to the Lone Star State.

Classifying Texas anglers according to the prey they seek, there are the freshwater sportsmen who want a good fighting fish, such as spotted and large-mouthed black bass or the handsome yellow bass. On the coast Silver King, or tarpon, has won the title of "greatest of game fish" and more daring anglers set out every year to find a 30 to 300 pound specimen of him or of a Sheepshead, another popular fighter.

The barefoot boys go after little blue spotted sunfish and the familiar rock bass, both of which are found in ponds, creeks and rivers around patches of vegetation. Other common freshwater varieties out of the 130 represented in this state are the six inch blue and red eared sunfish, the foot-long crappies or white perch, the long, slender, destructive little pickereels in East Texas and the whole family of catfish.

The bad name given to catfish is unfounded, since the blue and spotted varieties caught in the Trinity and San Jacinto rivers are excellent to eat, and caviar is made from the eggs of the spoon bill cat in East Texas. The yellow mud cat, which is more voracious and less cleanly in its

habits, somewhat merits the shady reputation.

Connoisseurs search for Pompano, the royalty of Texas salt water fish so far as taste and price are concerned. Weighing about four pounds it is no more a game fish than members of the weakfish family, so called because they are easily torn in catching. These are known as tenderloin trout to restaurant goers, and rank first in quality and quantity combined, the commercial catch for 1930 being over 1,043,000 pounds.

Money making fishermen also favor the larger salt water species, the Spanish mackerel, averaging eight pounds, the Gulf pike, which sometimes reaches 20 pounds, and the red snappers, those rosy, valuable 30 pound fish that are easily shipped and

Mr. Walter Nelson is making a rapid recovery in a Temple sanitarium from an appendicitis operation and his friends expect to greet him at home next week.

Mr. and Mrs. W. E. Miller attended the commencement at Howard Payne College in Brownwood Thursday. While there Mr. Miller attended the meeting of the Board of Trustees.

Mrs. J. A. Hester and Lottie Belle and Mr. and Mrs. Walters Hester expect to leave Sunday afternoon for South Texas where they will visit until Tuesday with Miss Geraldine, when her school closes, and she will return home with them.

Mrs. Frank C. Smith paid The Eagle office a much appreciated visit on Wednesday afternoon. She is much improved in health and was able to walk from her home to town. Her friends are mighty glad to have her home again.

Mrs. Marsh Johnson, who underwent an emergency operation for appendicitis last Friday afternoon at Sealy Sanitarium in Santa Anna, is making a remarkable recovery and will soon be able to return home to the delight of all her family and friends.

Mr. and Mrs. A. D. Kirk of Crawford Mills were in the city Tuesday night and attended the Lions Club dinner.

L. J. Gartman, W. W. Fox, Thelma Hammon and Charley Tefentiller attended an Electro-lysis school in San Angelo recently.

Ed Morris has been here for some days recuperating in the home of his daughter, Mrs. Howard Hoover. He was for some time in a serious condition in the Brady hospital caused by carbuncles, but is much better.

Mrs. Cap Cave of Graham, Texas, came in Sunday for a visit to relatives. Her little son, Tommy, who has been here two months attending school and visiting his grandparents, Mr. and Mrs. Tom Cave, returned home with her. Mr. and Mrs. Cave have recently moved their variety store from Plainview to Graham and are delighted with their new location.

A letter from Mrs. E. E. Duke of El Campo to The Eagle editor tells of the completion of the new Methodist two-story parsonage at that place and the beautiful furnishings and the liberality of the townspeople in donating and helping the Methodist, so that not a bit of debt is left on the new property. We are sure that the Dukes will enjoy it to the fullest extent.

Mrs. Mallie Sexton sent in her renewal to The Eagle this week and still enjoys the old Home Town Paper.

Mr. and Mrs. A. J. Traut and son, Leslie Shann, of San Saba made a brief visit at The Eagle office Wednesday. They were en route to Lampasas.

O. K. Berry paid The Eagle a very pleasant call Tuesday. He and his wife have moved from Moline Route to the old home place on Texas 2. He set up his cot on The Eagle, for he says he enjoys reading it.

Mrs. Ten "Dwell" of Cooksville, Tenn., visited old friends here Sunday and went on to Brownwood to visit relatives there. Mrs. Sidwell was formerly Miss Elizabeth Fisher and lived here several years with her sister, Mrs. Cap Cave.

Mr. and Mrs. Berwyn Fulton, Misses Hazel and Beryl left Saturday afternoon for Uvalde, where they attended the funeral of Mrs. W. R. Adams, their grandmother, on Sunday afternoon. They returned Sunday night.

Mr. and Mrs. L. B. Porter were called to Lott, Texas, last Friday, as Mrs. Porter's little niece, Frankie Ruth Walker, died suddenly on the operating table of heart failure. Her tonsils had just been removed and she seemed alright but just collapsed. She was the only child of Mr. and Mrs. Frank Walker, and was 8 years old. Mrs. Walker is a sister of Mrs. Porter, and both ladies have the sympathy of the friends of the family.

Mr. and Mrs. Walter Fairman returned Monday night from a trip to Brenham, where they attended the coronation of their brother-in-law, S. H. Allen's little granddaughter Betty Sloan, daughter of Mrs. W. J. Sloan, the former Lois Allen, who was born and reared here. On Saturday they went over to Houston where they visited with the Rountree family until Monday.

Mrs. L. Covington Enjoys Surprise on Mother's Day
On Sunday, May 9, Mrs. L. Covington was delightfully surprised on the occasion of Mother's Day and her 89th birthday. Early her relatives began to arrive. At the noon hour 82 had arrived. Lunch was served under the shade tree from a picnic table decorated with the big birthday cake made by Evelyn Covington. The table was loaded with all kinds of good things to eat and drink. Present for the celebration were four sons, three daughters, nineteen grandchildren, seven great-grandchildren, two brothers, one sister and a host of other relatives and friends. Only a few relatives in the county were unable to attend. Two daughters were unable to come. At the close of the day over 100 guests had registered. Out of county guests were Henry Virden, New Mexico; Mr. and Mrs. Tom Covington, Oklahoma; Bedford McBride and his family, Arlington; Mrs. Lee Hill and son and his family, Rogers. Grandmother received many nice gifts and flowers, and expressed it as being a very happy day. All too soon came time to say good-bye, each wishing her many more happy birthdays.

A FORMER CITIZEN DEPARTS THIS LIFE AT UVALDE
Mrs. W. R. Adams departed this life May 14, 1937. She was born in Goliad county Nov. 14, 1859, married W. R. Adams Feb. 19, 1876. Survivors are two children, W. S. Adams of Houston, and Mrs. G. W. Johnson of Uvalde, where she has made her home lately, and 14 grandchildren.

One daughter, Mrs. John Fulton, preceded her in death just three months and two days, dying with the same affliction, paralysis. Mr. and Mrs. Adams lived in Center City where he was postmaster for many years, and still has old friends in this entire section of the country. He is now 87 years of age, reads without glasses and writes better than some young people. Sympathy of all friends goes out to him in this sad hour.

LOW INTEREST RATES ON FEDERAL FARM LOANS FAVORED BY CONNALLY

Washington, D. C.—Senator Tom Connally declared early this week that he will actively urge the extension of the 3 1-2 per cent interest rate on certain federal land bank farm loans.

House Bill Number 6763, which would extend the 3 1-2 per cent interest rate, has been favorably reported to the house of representatives. Unless this or some similar bill is passed before July 1, the interest rate on such loans will automatically revert to the original higher rate of 4 1-2 to 5 per cent.

Senator Connally's views on the matter are set forth in the following statement:

"I strongly favor and insist upon the passage of a bill to continue and extend the 3 1-2 per cent interest rate on federal land bank farm loans. It would be utterly unwise to increase the interest rate on loans to the federal Land Banks at this time. One of the greatest services the government can render is to make it easy for farmers to become the owners of the land they till. The establishment of farm homes ought to be one of the cardinal policies of the federal government. Those farmers who have purchased homes and have loans on them in the federal land banks are making earnest efforts to complete their payments and become the absolute owners of the land upon which they live.

"The government can afford to continue the 3 1-2 per cent interest rate on such loans. By doing so it may enable farmers to meet interest payments and to also pay a portion of the principal indebtedness. To increase the interest rate at this time would have the opposite effect.

"In the senate I shall advocate strongly the enactment of the bill providing for the extension of the 3 1-2 per cent rate."

FRIDY GIRL SUFFERS WITH BRUISED LEG

Mrs. A. T. Kluge of Fridy called at The Eagle office Saturday and told of her daughter, Miss Erna, having bruised her leg on the school bus some two months ago, and bone became infected and she was taken to Brownwood to a hospital and the limb was operated on. The bone was scraped and for weeks they feared she would lose her leg, but a new treatment was applied and marked improvement has been noticed, so much so she will be moved home this week and all her friends hope she will be entirely recovered in a short time.

Mrs. T. S. Gerald, who has been visiting her daughter, Mrs. Andrew Smith in Winters, returned home Thursday.

Mrs. Eli Fairman continues to improve after a long siege of illness and is now able to walk about the house and grounds.

Miss Virginia Bowman will be among the Mary Harbo-Baylor seniors to receive her diploma at the commencement exercises on next Monday morning at 10 o'clock. During the past year Miss Bowman has been selected as one of the college beauties by McClelland Barclay, noted artist.

Mr. and Mrs. Henry Martin expect to leave the first of next week for a visit with her brothers and sisters in Roosevelt and Junction.

Mr. and Mrs. M. Y. Stokes, Jr., and Mrs. M. Y. Stokes, Sr., of Lampasas visited friends in Randolph Field and Fort Sam Houston Wednesday and Thursday of this week.

Mr. and Mrs. Albert Huckabee of Lubbock returned to their home today after a two-weeks' visit with relatives in Pottsville and Caradan. They stopped by Goldthwaite and visited her sister, Miss Odessa Simmons, a short while.

ANGLERS MUST OBSERVE COUNTLESS RULES

General regulations of the fresh water fishing season include:

The season remains closed on bass and crappie until May 1 in most counties and May 1 in 24 Panhandle counties.

Users of artificial lures are required to have an artificial lure license.

Permitted methods of catching fish include pole and line, setline, trotline, artificial bait and nets of not less than three inches square mesh. A number of counties prohibit seines entirely. Minnow seines up to twenty feet long to be used for minnows only are permitted.

General size limits are: Black bass not less than 11 inches and crappie not less than seven inches in length. Sale of black bass, crappie, or white perch is prohibited.

State bag limit makes it unlawful to take more than 15 bass, 15 crappie or white perch, 35 brim or goggle eye or an aggregate of more than 50 of these on a single day. 71 counties have special laws governing the number of fish caught.

Innumerable special laws applying to counties are on record. A universal fishing license bill which passed the House as a local measure for McClelland county last week came back from the Senate full grown to a general measure which would require a fishing license of \$1.10 of all persons all over the state.

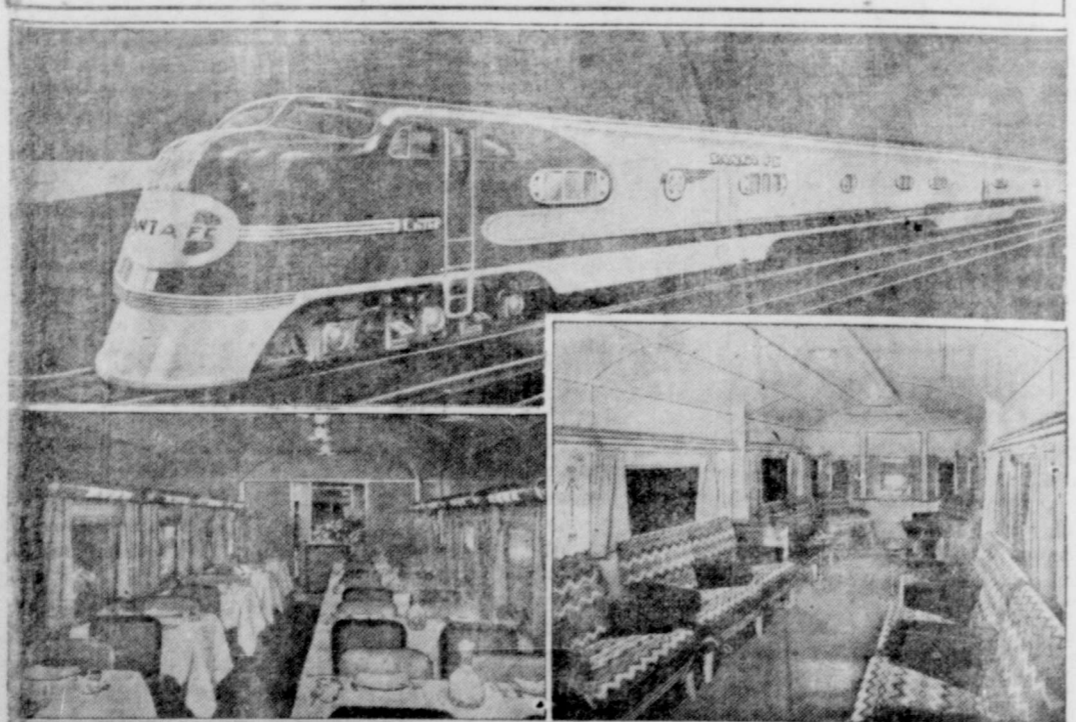

The House however quickly rejected the Senate alterations on a point of order that it had been changed to such an extent that it was no longer germane.

STUDENTS SHOULD APPLY FOR S. S. NUMBERS NOW

Austin.—High school students who plan to enter industrial and commercial employment for the first time this summer should apply now for social security account cards, M. D. Dewberry, field representative of the Social Security Board, said.

Many boys and girls will be finishing school within the next week or two, and will take regular employment. Some not graduating this year will work during the vacation period and others will be employed part time. As monthly retirement benefits, payable at age of 65, are determined solely on the basis of wages received in included employment, it is important that these young men and women apply now for account numbers, so that wage records may be set up for them.

Navajo Craft Designs Used in Super Chief

The New Stainless Steel Super Chief of the Santa Fe, with its Sweeping, Streamline Design. Lower left—The dining car of the new train is unusually large. Its specially designed interior, with silver and china in modernized reproduction of Indian craft, is shown here. Lower right—The colorful observation lounge, in which desert colors of sand, copper and turquoise have been used for decoration, with sand paintings and reproductions of Navajo craft and weaving.

FROM the Navajos of the picturesque southwest, the Santa Fe drew the inspiration for the design of its new stainless steel streamline train, the Super Chief, newest of the luxury trains in the west. The rich colors associated with the country through which the train travels have been used as the background for decorations, faithfully reproducing the art and craft of the Navajo Indians. Sand paintings, silver craft and weaving have been skillfully combined with rare woods and modern design to give the train

all the beauty and color of the desert. The train was built by Edward G. Budd Manufacturing Company of Philadelphia. The locomotive was furnished by the Electro-Motive Corporation of Chicago. Throughout the train, each compartment has its own color scheme and arrangement, and each has been designed so that suites may be formed by use of connecting doors. In the cocktail and observation lounges has been preserved much of the beauty of Navajo life. Sand paintings have been used in the pier

panels to illustrate the characters which occur in the story of Dsiyi Noyani, the "Myth of the Mountain Chant." All of the figures are executed in native colored sands and charcoal. Coverings are reproductions of rare Navajo museum pieces, and lighting fixtures have been adapted from the fourth painting of Dsiyi Noyani. The "Plumed Arrows" have been fashioned into glow lights and a rear table lamp employs the sacrificial knife stem for a base with its shade fashioned of goat skin.
