### Editor's Daughter Wins On Editorial

Carolyn Craig, only daughter of R. T. Craig, editor of *The Athens Review*, won the William Thompson award for editorial writing at Southern Methodist University. Subject was "The Pan American Exposition." Editorials were judged by Charles Ferguson, associate editor of *Reader's Digest*, J. C. Butts, editor of *The Hillsboro Mirror*, and Wayne Gard, editorial writer on *The Dallas News*.

### Pan-Am Exposition Opened at Dallas

Accepting the very cordial invitation of the Dallas Pan-American Exposition officials to the members of the Texas Press Association to be the exposition's guests at its opening, the Eagle family journeyed to Dallas Saturday, June 12. We arrived just in time to locate comfortable rooms through the kindly assistance of Mrs. Mary Melton, the efficient chief of the exposition's busy press booth, and to reach the new Cavalcade on time.

This year, following the Pan-American theme of the exposition, it is "Cavalcade of the Americas," instead of Texas. It is located in the same place and the huge grandstand was crowded with the first night audience which included notables. One of these, Senator Tom Connally, made a brief speech at the conclusion of the program.

Leaving here for a stroll about the brilliantly illuminated grounds, our party found splashes of color everywhere instead of the solid white walls of last year. Red, green and blue are the most popular colors, and they make the exposition grounds a brilliant sight by either day or night. There are quite a few changes in the exhibits this year, enough, in fact, to keep your visit interesting.

The magnificent Texas State building, which still looks fine though the Dallas folks say some mighty hard things about it, houses some interesting Aztec and Mayan relics. The entire Ford building is given over to exhibits from Mexico and the Central and South American republics.

The Hall of Religion has become the Hostess House with headquarters for the various women's clubs of the state. Streets of Paris is now the Road to Rio. Ripley's Odditorium is still doing business at the old stand, but its crop of circus freaks seems to have suffered from the drought. An interesting new show on the Midway—now called La Ramba—is "The World a Million Years Ago." It is lifelike giant-size figures of dinosaurs and the like, the foxlike Mesohippus, which was the ancestor of our horse, and even the shovel-jawed elephants which look like somebody's bad dream. The baby incubator was closed.

### Split Taxes Due Before July 1

Taxpayers of Mills county who took advantage of the split tax law to pay half their state and county taxes last November will have to pay the remaining half this month if they would avoid penalties and interest. The period for paying the second half closes Wednesday, June 30.

### Rev. Joe M. Tyson To Deliver Special Sermon to Nazarenes

The Church of the Nazarene is looking forward to a great day over Sunday. Last Sunday proved to be a red letter day in every respect, from the Sunday school hour until the closing service at night. A splendid crowd greeted the pastor at both services.

Every member of the church will be expected to be present and in his place for both services. Don't stay away because it rains. That would not keep you away from your business. Don't stay away because company comes. Bring them with you. Don't stay away because you don't need the church; it isn't so. If you must look at the dirt six days, take one to examine the clouds. Don't stay away because of the children; the boy and girl who eat at your table should sit next to you in the church. And bring the babies with you. Our pastor likes 'em.

The pastor is bringing a special sermon for the children at the morning hour. "Showing them something that they have never seen." The children will have charge of the singing also. You will enjoy these choruses by the children, sung with their own child-like enthusiasm until you catch the spirit of the singing and you will be glad you are living.

At the evening hour the pastor will use as his theme "The Failure of Misplaced Confidence" (Isa. 28:20.) Come and bring your friends and worship with us for an hour.—XXX.

### Hamilton Herald-Record Wins Prize

At the Texas State Press meeting held in Brownwood last week the Herald-Record received recognition that is significant, encouraging and founded on a basis that is soundly permanent.

In view of the fact that there are over 600 weekly papers in Texas, and possibly 75 per cent of them published in or near Hamilton's population class, the public will readily recognize the distinctive place given this publication by professional newspaper men of the state, who arrived at the decision by the effective construction of the advertisements appearing in the four issues submitted.—Hamilton Herald-Record.

The Eagle takes this opportunity of congratulating the Herald-Record on its success in capturing the much coveted prize and honor.

### 4-H Club Picnic

Friday night, June 18, the Big Valley 4-H club met and had a picnic on the Colorado river at the Haggood place. There were 12 members and several parents present. Several games were played, then ice cream was served. We were looking for Mr. Weaver, but he didn't show up. He certainly missed a good time, although we will have another one in the near future.

### Extends Invitation to Fort Worth

In real Western regalia, Miss Fay Kirkwood is visiting a number of Texas cities to extend an invitation to the Fort Worth Frontier Fiesta, which opens June 26. She not only looks the part but Miss Kirkwood can ride as shown by the fact that she won a blue ribbon at the Cleburne horse show recently.

### Brady Boosters Visit Goldthwaite

A large motorecade from Brady visited this city Thursday in the interests of the Brady July Jubilee on July 5 to 7. Cordial invitations were extended to local people by the visitors to attend their celebration. A snappy brass band furnished the music for the delegation.

### D. A. Newton Praised

D. A. Newton, superintendent of Brady school system for the past seven years, has been named head of the Textbook Depository of the State Department of Education at Austin, assuming his new duties there the past week, after having been released from his contract at Brady, which had two weeks to run.

Under the direction of Superintendent D. A. Newton the Brady schools showed a phenomenal growth the past seven years, until it now ranks alongside the best systems of its class in the state. The high school now boasts of more than 30 credits of affiliation, with several credits having been added this year. A junior high system was added the past year, and though it was housed in the Brady high school building, pending completion and acceptance of the junior high structure, it was a separate and distinct part from the high school. Many other modern ideas were introduced in the Brady system during Mr. Newton's tenure here since 1930. He was head of the Goldthwaite schools eight years before coming to Brady.

Although still owning their residence here, Mr. and Mrs. Newton will make their home in Austin.—Brady Standard.

### In Kerrville

Aubrey Smith and Lawrence Stokes are in Kerrville this week attending the Methodist young people's assembly. Mr. and Mrs. A. H. Smith and son, James, accompanied them to Kerrville last Monday and returned that night. The boys write that they are enjoying the camp very much.

### Post Office Inspector Views Offered Sites

A. S. Page, post office inspector from Fort Worth, was due in Goldthwaite last night to inspect the buildings in Goldthwaite on which bids have been made to the government for the location of the post office for a period of five or ten years. Besides the owner of the present post office building, G. W. Jackson, four or five other property owners have offered buildings to the government.

Whether the office remains where it has been located for the past 40 years or is moved to another location, it will be enlarged and modernized to a certain extent in keeping with the increase in business that has taken place since it was first installed at its present site.

It is understood that the selection of a building for the post office is not solely a matter of the lowest bid submitted, but that the convenience of the patrons and general suitability and location of the various buildings are also considered.

### Blue Bonnet Club

The Blue Bonnet Club met with Mrs. Claud Smith June 6. We spent the afternoon in the jolly old way, quilting on the Lone Star of Bethlehem quilt. We had eight members present, and one new member and one visitor, Mrs. Harve Miles. Visitors are always welcome.

After the business meeting we decided to have a picnic July 4, on the river. At 4 o'clock our hostess was assisted by Mrs. M. L. Casbeer and Evelyn Covington, serving cake and punch with California cherries. If you want to know about California cherries, just ask Mmes. Stacy and Covington.—Reporter.

### National Youth Work

At the exposition grounds at Fort Worth, National Youth Administration youths have placed 11,337 shrubs and 762 trees, prepared 335,000 square feet of shrub and flower beds, cut and laid 118 cubic yards of stone and sodded 2,500 square feet of the park area, in addition to draining the creek.

## DALLAS OIL MEN HAVE SECURED BLOCK FOR TEST

### Stores to Close On July 5

The Retail Merchants Association announces that the Goldthwaite merchants belonging to the association will close their stores on Monday, July 5 as the Fourth comes on Sunday. The post office will also be closed all day Monday, July 5.

### Prospects Bright For River Survey

News that an appropriation for surveying the upper reaches of the Colorado river of Texas, including Mills county, had already passed the House of Representatives in Washington cheered the flood control meeting at Menard Wednesday. Members of the executive committee of the Central West Texas Conservation and Flood Control Association were told that approval of the appropriation by the House made it practically certain that the measure would also pass the Senate.

### Baptist Reminder

We rejoice with the Methodist people in the good revival they are having. Dr. Fisher is a good preacher and will be a blessing to our community. We are having a fine time at our encampment. The crowd is large and the inspiration is great. We will have our regular services Sunday morning and in the evening we will have our BTU and dismiss our preaching hour for the revival at the Methodist church.—Franklin E. Swanner.

### Card from Miss Lambert

A card received by the Eagle editor this week from Miss Virginia Lambert desires us to thank all of their Goldthwaite friends for the telegrams, inquiries and the tribute of love in the flowers sent to her mother's funeral. The family deeply appreciates all of these kind acts and want all of their friends to know they are appreciated. She states that they arrived at Marathon last Friday and although Bro. Lambert suffered a great deal of pain, he stood the trip very well, but will have to remain in bed a month, so his doctor orders. The prayers and best wishes of all their Goldthwaite friends are with them in this, their saddest hour of life.

C. M. Smith and daughter, Miss Oma, and Rev. Roger Smith were dinner guests of Mr. and Mrs. J. W. Edlin Sunday.

Mills county within 90 days will see the spudding in of a real well in a determined search for oil. F. G. Boyd and Gordon Balyeat, both experienced oil men of Dallas, were here this week and secured a large block of land east of Pecan Bayou upon which they have contracted to sink a well, the work to begin within 90 days.

This section of Mills county has frequently been favored as a likely site for drilling, and it is believed that the test that is to be sunk at this time will definitely prove the field. Other interests are planning to drill a well near Mullin where a test two years ago made a very favorable showing before drilling was discontinued.

### Goldthwaite-Mills Picnic at Arlington

The meeting place for this organization was at Meadowbrook park, Arlington. Time, Sunday, June 20, and the following former citizens of Mills county were present: Miss Elizabeth Cook, Mrs. Jno. J. Cox, Judge Shelby Cox, Miss Viva Cox, daughter of the late John J. Cox, and Elmer and Dixie Ann Harris, grandchildren of Mrs. Cox, and P. D. Yarborough and wife, all of Dallas; J. T. Sanders, wife and daughter, Jean Ann, Mr. and Mrs. O. L. Bohannon and children, Yvonne, Beverly and David, Mr. and Mrs. B. B. McBride and children, Elizabeth and John, Mrs. W. R. Milton and daughters, Misses Madge and Queen Kathryn, Mrs. R. O. Brandenburg and daughters, Misses Nan and Martha, all of Arlington; Miss Martha Adair, Harmon Adair and Lester Adair, Garland; Arthur Yarborough of Los Angeles, Calif., Bennie Small of Terrell, and D. D. McBride of Goldthwaite, Mr. and Mrs. J. S. Bowles, Mr. and Mrs. John C. Hicks, Mr. and Mrs. L. C. Weatherby and their son, Charles, all of Fort Worth. Among the visitors, not former Mills county citizens, were Mrs. Frances Cook, formerly Miss Hart of San Saba, and her son, Dick, and Will F. Blessing, all of Fort Worth.

At noon a most welcome and sumptuous luncheon was served and some time was most pleasantly spent in an informal exchange of experiences of the old days. Informal talks were made by J. S. Bowles, Shelby Cox, P. D. Yarborough, M. C. Sanders, Mrs. Milton, and others.

The next meeting will be held at Arlington, June 12, 1938. Mrs. Alice Bratton Willsford of Fort Worth was elected president for next year with B. B. McBride, John C. Hicks and O. L. Bohannon as assistants.

All went home feeling that we had an enjoyable reunion.—J. S. Bowles.

(Left from last week.)

Everybody is busy after the fine rains of last week. Crops promise good yields. Most of the grain is cut so threshers will soon be running.

There was no preaching last Sunday and as a result many were absent from the Sunday schools. Supt. J. T. Owens gave plans for a picnic for the Sunday schools and the date will be announced soon. Mrs. Chappell took a collection for new curtains for the banisters at the church, which will add much to the appearance.

Last Wednesday evening at 4:30 Alvin Horton and Miss Oleta Fay Shave of Star were united in marriage at the parsonage here by Bro. Ryan. They are popular young people of that community and have our very best wishes for a long and happy wedded life.

Prof and Mrs. Kerby have moved to the place owned by Joe Langford just south of the business section. They are making quite a lot of improvements there.

Mrs. Hubert Geeslin took her brother, Forest Venable, to Santa Anna Monday for treatment. He did not undergo an operation as was reported in my last letter. He is still quite ill yet improving slowly and will prob-

ably be confined to his bed another two weeks.

Bro. and Sister Ryan were at Bethel Sunday. They visited in the Will Rose home at the noon hour and spent the night with Mr. and Mrs. Coley Sevier.

Miss Lucy Lee Reeves of Dallas is here visiting relatives.

Miss Clara Blackwell visited her sister, Mrs. Aubra Hudson, Saturday night and Sunday.

Mrs. Harrison and her daughter, Mrs. Mattie Tims, and two little children of Fort Worth visited in the Oglesby home last week end.

Mrs. Emma Casbeer is slowly improving from a severe illness. Many friends and relatives visited her during the last two weeks.

Wm. and Clarence Langford have moved to the Duncan place near Payne Gap.

Mr. and Mrs. Raymond Reid and little son, Sammie Gall, visited relatives last week end.

Mrs. Ryan visited with Mrs. J. M. Geeslin and helped her can vegetables Monday.

Mr. and Mrs. Sheldon of Star visited her brother, Luther Arnold, and family Sunday. Brock McCasland and family also visited in that home that day.

Education is not always measured in college credits.

**RATS DO DAMAGE**

Austin.—Texas sustained a fifteen million dollar loss last year on account of rats, declared Dr. Geo. W. Cox, state health officer. The figure is a very low estimate based upon the probable number of rats in the state, two for each person. No doubt many suffer losses that would pay their taxes, and this does not take into consideration the losses from diseases, time and money caused by the rat.

Typhus fever is on the increase in Texas, said Dr. Cox, and the rat is the cause of its spread. Old World typhus fever was a high death rate while the type we have in Texas sometimes called Brill's Disease, has a low death rate. It occurs among persons who work or live in rat infested buildings. It was the observation of this fact that led to the discovery that rats are carriers or transmitters of the disease. It appears that the rat suffers attacks of this form of typhus fever and that the fleas harbored by the sick rat bite man and thus human infection results.

Although this disease is not commonly fatal, it cannot be considered lightly. The illness lasts about two weeks.

The control of typhus is very difficult and it depends upon the extermination of rats and this

is no easy matter. Trapping and poisoning help, but the best results are obtained by starving the rats. This is done by having all buildings where food is stored ratproofed. The State Department of Agriculture will be glad to assist communities in their program for the extermination of this pest.

**YOU SAVE CONTINUALLY**  
*because it operates in*  
**SILENCE!**

**SERVEL ELECTROLUX**  
has no moving parts

*This simplicity means:*

- MORE YEARS OF DEPENDABLE SERVICE
- NO MOVING PARTS TO WEAR
- PERMANENT SILENCE
- SAME LOW OPERATING COST
- CONSTANT, PERFECT FOOD PROTECTION
- SAVINGS THAT PAY FOR IT

*And you get as well:*

- Every Modern Convenience
- Streamlined Beauty of Design
- Extra Roominess
- Greater Ice Cube Capacity

WHEN you see the new 1937 Servel Electrolux, here's something to remember! This is the refrigerator that a million happy families say is the biggest money-saver of them all. And this year it brings you even greater economy and convenience. Be sure to note its extra spaciousness, its wealth of time- and labor-saving features, its smart modern beauty. But *even more* important are the advantages you *cannot* see—advantages which result from the silent, different operation of Servel Electrolux. A tiny gas flame takes the place of all moving, wearing parts. This assures you of longer, more satisfying service . . . worthwhile savings year after year! Stop in today and get the whole story!

A two-column 11-inch ad finally appeared.

In October 1874, according to the story, Well convinced the editor that a full-page ad would not ruin the reputation of the paper.

It was run on October 3.

In contrast, the story says, the same store has contracted for 43 pages this year just to advertise its spring sales.

Attendance was fair at all the church services the past week end. The Baptist meeting will start on Wednesday night, Aug. 11, with Bro. McCullough from Mullin doing the preaching.

Johnnie Taylor and wife from Mullin visited her mother, Mrs. Conner, Sunday.

Those who visited in the G. T. Perry home Sunday were: J. D. Falon and wife, O. T. McGowan and family, Clifford and Rube Hammond and Jim Tullos.

Mrs. George Hammond and children, also Zona Lee Perry, spent Tuesday evening on the Bayou.

Friends of Lyndon Davis are glad to report that he is back at home after an extended stay in Oregon.

Jack Leverett and wife visited with her parents, Mr. and Mrs. Joe Spinks Sunday.

Mr. and Mrs. Gene Shelton were week end guests of her parents at Thrifty.

Willard Mosier and wife from Mullin called on Craig Wesson and family Sunday evening.

Mrs. Kate Shelton spent Saturday night with Mrs. Julia Taylor and children.

Bro. Roger Smith spent Saturday and Sunday night with Bud Smith and daughter, Miss Oma.

Ollie Shelton and wife from Goldthwaite visited in the G. T. Perry home Saturday night.

Gladys, Eammon and Sherman Perry and the Fallon boys played 42 in the C. O. Stark home Friday night.

Mrs. Conner and Mrs. Calvert Hallford canned beans in the home of J. N. Smith Tuesday.

The club did not meet this last week, but will meet with Mrs. Carl Perry next Thursday.

Mrs. Norman McWhorter and daughter from Brownwood, also Mrs. Ruth Lawson were Thursday evening callers on Mrs. C. O. Stark.

Bro. Roger Smith, Bud Smith and Mis Oma took dinner Sunday with Mr. and Mrs. John Edlin.

Miss Inez Spinks has been visiting her parents, Joe Spinks and family.—Blue Birds.

**ROCK SPRINGS**

There was quite a bit of visiting Sunday and some had company.

We extend sympathy to Mrs. Jack Robertson in the death of her father. His death was a shock to everyone.

Sunday will be church day. Bro. J. C. Wade will be on time if nothing happens. We hope his wife is well by now.

The thresher passed through last week. They didn't get through in this community.

John Roberts went to Comanche county to the big singing convention Sunday with W. P. Weaver. We hope they both got to sing.

J. O. McClary and wife spent Sunday in Gorman visiting relatives. Hardy and wife took care of their things.

Ernest Strickland from Brady spent the week end with his sister and husband, Mr. and Mrs. John Roberts.

Mrs. Joe Roberts and daughter visited in the McClary home one afternoon last week. They ate supper with them.

Sunday Joe Roberts and family, Mrs. Glenn Nickols, Mrs. Herman Doggett and Janee and Mrs. Eula Nickols enjoyed the day with A. A. Downey and family at Duren. It was their 23rd anniversary. Mrs. Downey had prepared a very good dinner, which everyone enjoyed.

Loy Long and wife from town, W. A. Daniel and family and Richard Sowers enjoyed a fish dinner in the Landy Ellis home. He also treated his parents to a fish dinner.

Hillard Dyches and family of Breckenridge spent Sunday night with J. T. Robertson and wife.

Mmes. Joe Roberts, McClary and John Roberts visited in the Wade home in town one afternoon last week.

Several from here have been attending the Methodist meeting. Those who failed to hear the men sing missed a treat. The male quartet was fine Sunday night.

Mmes. Nickols and Doggett and Janee were dinner guests with Joe Roberts and family on

Monday. Mrs. Doggett and Janee spent the night.

Shirley Nickols helped Daniel, Robertson and Ellis thresh Friday and Saturday.

Mrs. Glenn Nickols spent Saturday night in the Nickols home.

Rudolph Cooke and wife visited her parents, Mr. and Mrs. Mason, Saturday night and Sunday.

Julius Kauhs has been making hay while the sun shines this week, while his wife and his daughters can peas.

Mrs. Woody Traylor spent Monday and Tuesday with Jack Robertson and wife at South Bennett.

Mr. Boyd spent most all of last week down on the river trying to get through with his grain.

R. E. Collier had a fine Jersey cow to die last week.

Oscar Gatlin spent Saturday night and Sunday with his wife and son in Brownwood.

Mmes. John Roberts and McClary and W. A. Cooke visited in Martha Westerman's home in town Friday afternoon with Grandmother Redford.

Joe Roberts was called to Big Valley Monday morning to help get John Skipper back to town with his car, which was broken down.

R. C. Webb wasn't feeling so good in town Saturday afternoon. James Nickols brought him and wife home while Wick drove the team home. We are glad to say Mr. Webb was feeling able to play dominoes Saturday night. Collier Ballard was one of the players.

James Roberts helped Shirley Nickols to pick beans Monday afternoon. He also ate supper and enjoyed ice cream made in the Superflex.

Beryl Roberts spent one night last week with his grandparents, Mr. and Mrs. Joe Roberts.

Mrs. Eula Nickols spent part of Saturday afternoon in Martha Westerman's home in town visiting with her mother, Mrs. Redford.

Richard Sowers finished plowing on the Nickols farm this week for a while.

Philip and Shirley Nickols had the veterinary, Danford and Holland Frizzell to doctor their colt that was snake bitten last week. The colt is getting well. From all indications, we believe John Roberts and wife are fixing to purchase a brand new V-8. We wish for them good luck in their buying.

It is time we are getting another fine rain like we got not long ago. The corn needs rain badly.—Busy Bee.

**EVANS**

We of this community want to express our deepest sympathy to Mr. and Mrs. C. J. Crawford in the loss of his brother, Coy Crawford, at Plainview. They attended the funeral Thursday.

It has been a long time since I have sent a piece to the good old Eagle. I am very proud to be back with my old Eagle friends. I hope they haven't missed my letters as much as I have enjoyed theirs.

Mrs. J. B. F. Wigley, Mrs. Mollie Hines, sister of Mrs. Wigley, Theda Fay Grantham of Caradan and Helen Wigley of Mullin enjoyed Friday in the Weathers home.

so we supposed they were waiting for them to hatch. The Showboat is back with "Murder in the Old Red Barn," and that just about calls the roll of the Midwestern attractions at this time. With the exception, of course, of many rides and penny pitching booths.

The thing that impressed us most forcibly this year, the same as last, was that most of the people we saw seemed to be more interested in the really worth while exhibits than in the peep shows and gambling devices. The Federal building was thronged, and a tremendous crowd sat through a long program by the Marine Band while all of us have heard over the radio. It played a full selection of music varying from the Organ Grinder's Swing to Elgar's majestic march "Pomp and Circumstance" with a few delightful operatic numbers thrown in, and the crowd certainly liked it.

This year the exposition is banking on two big attractions: a mighty Pan-American sports program that will last off and on all summer, and a whopping big night club and musical show, the Casino. This latter is located in the auditorium where General Motors exhibited last year.

The Eagle has previously published several articles about the Casino, so about all that remains is to say that it costs \$1.65 to get in and \$1.25 for dinner, including tips and incidentals, and is worth it. The lavish floor show is one of the most gorgeously staged and costumed theatrical spectacles we have ever seen, and the music is adequate. There were some 1495 other spectators besides our party, and we didn't see anybody who didn't seem to be enjoying the entire performance.

**WATCH YOUR MONEY**

The Eagle is in receipt of a series of five articles written by D. Leon Harp, Securities Commissioner of Texas. Each one carries a specific warning against investing money carelessly. Boiled down, it is sufficient to say that no one should buy stocks or securities from a stranger. Probably no one is in better position to advise a would-be purchaser of securities than his local banker. If everyone would do that first, there would be fewer destitute old people, there would be fewer widows and orphans with only a handful of colored scraps of paper left from a once respectable nest egg, there would be more money left in the country and fewer heartaches and bankruptcies.

Investing money properly requires more skill, more information and more experience than most other professions. Amateurs had best seek impartial, competent advice before practicing it.

**OVER THE TOP OF THE WORLD**

Over the North Pole a giant airplane has come winging its way from Moscow to California. After successfully battling the stormy elements that rage within the Arctic circle, the great bird was brought safely to rest at Vancouver, just short of the American boundary and 80 miles from its announced goal of Oakland, Calif. The plane was landed because of poor visibility due to fog, but the real reason was undoubtedly the physical exhaustion of the three airmen who had been aloft without rest for more than 63 hours.

What does the flight signify? Nothing in particular except that Russia has developed aviators as skilful and as daring as those in the rest of the world. The flight over the North Pole has no particular significance. If you will stretch a thread from Moscow to Vancouver on a globe, you will see at once that a shorter, more direct route was possible. Longer flights than this have already been made—one of them by this same Russia trio.

The flight was a stunt, pure and simple. While we honor the three men—Bellakoff, Baibukoff and Chekaloff—who accomplished it, there is no cause for either envy or alarm on the part of the air minded citizenry of the United States.

**INVESTIGATE OLD AGE PENSIONS**

Monday of this week the Texas house of representatives voted to investigate the old age pension situation in Texas. Whether the legislature's investigation will develop any important facts or will do any good remains to be seen, but there is something wrong somewhere.

According to somebody's statistics, Texas has more poor old folks than any other state in the nation, not excepting the much larger states of New York and Pennsylvania. Before the pensions were started, it was estimated that there would be 80,000 in Texas. Actually there are 120,000 and possibly as many more applications that have never been approved.

The campaign that secured the adoption of the old age pension plan in Texas was characterized by misstatements and deceit. It was freely promised then that every man and woman 65 or over would be eligible for a pension. Now it is claimed that only those who would actually go hungry or shelterless without a pension are entitled to receive it. This is working a great and unnecessary hardship on deserving citizens.

On the one hand pensions are being given to some far in excess of their past earning power and actually in excess of their needs as based on their previous standard of living. On the other deserving men and women who have managed to buy a home to shelter them are being told that as long as they own a home they are not entitled to a pension. The investigators who have been sent to Mills county to determine who should get a pension and who should not, have been, in our estimation, well intentioned, conscientious men. But the rules under which they work, and the information or misinformation they have received have not enabled them to do a fair and impartial job.

In the county clerk's office in every court house there is filed a complete list of all in that county who are receiving an old age pension. This list is open to the general public. Perhaps if more people looked at it and expressed themselves, the investigators would be able to do a better job.

As the condition exists today, one-third of the old men and women of Mills county who have been receiving an old age pension are being cut off the list this month. Over the state of Texas this means that 30,000 are being dropped. The legislators propose to find out something about the whys and wherefores of this drastic reduction. If what they find makes it possible to distribute these pensions with more fairness and less politics, the time they take and the money they spend will be worthwhile.

**L**AST fall a hand-picked group of American bankers went to France to study financial and economic conditions. Naturally, they were entertained as soon as they touched shore at Bordeaux, practically without cessation for more than a fortnight.

Now, one of the group from the States was a native son of the far West. Through his life he had been an imbiber but an exceedingly moderate one. However, if his gorge rose and his palate grew jaded because of the irrigating facilities constantly provided by his hospitable French friends, he gave no sign, for he was a polite man.

At length the expedition arrived in Paris, after a tour of what seemed to the Westerner, all the vineyards in France—a tour during which, as nearly as he could recall, only wines had appeared upon the table. On the day of his arrival he met an old acquaintance now residing abroad.

"Say," declared his friend, "this reunion calls for a celebration. I haven't forgotten how fond you used to be of good grub. Judging from your present figure, you haven't lost the habit, either. You've got to dine with me tonight at the Golden Snail. I'll order some food there that'll make your eyes bulge out."

"As a further inducement, I might add that the Golden Snail restaurant has as good a cellar as there is in this town. You can have whatever you want to drink and as much of it as you can hold. Now, there's a Burgundy—"

"Hold on!" said the Californian. "Do you mean that? Can I really have what I crave most in the world?"

"Certainly. You name the brand and I'll engage to find it."

"Alright, then. You look up a good reliable bootlegger and see if you can get me about two quarts of drinking water."

Administrator of the Estate of Frank M. Soules, Deceased.

**START THE FIGHT AGAINST MOSQUITOES**

Mosquitoes pass through four stages: (1) the egg (2) the larva, wiggletail (3) pupa, and (4) grown up winged adult. The first, second and third are the water stages, and here is where the fish get in their work. There is a special kind of fish that feeds on mosquito eggs and larvae. And these are gambusia affinis, or the common top minnow. Mosquitoes do not breed in damp grass or wet weeds or bushes, but no pool of stagnant water is too small for them to breed in. The female Anopheles is the malaria mosquito, but she has to bite a person who has malaria before she carries malaria germs to another person. But the thing that interests us is how to avoid all mosquitoes:

1. Screen.
2. Break up breeding places. Get rid of anything around the place that will hold a spoonful of water for as long as a week. If there is a good reason to have such water, cover it over with a cloth, wire or oil.
3. Cut all underbrush near the house where mosquitoes can harbor during the day. Spray oil on ditch banks near the house, if such ditches hold puddles of water.
4. Use a dip cup of oil on flowing ditches or branches near the house, suspending a half-gallon bucket of crude oil over the ditch so that a drop will fall about every half-minute.
5. If mosquitoes get into the house, close all doors and windows tight and burn a pound or two of sulphur. Use a pot to burn it in and set the pot in a tub of water. Use a spoonful of coal oil to begin the fire.
6. If you have an open well, exchange it for a pump with the well top closed. Mosquitoes breed in open wells.

## Brownwood

With attendance expected to exceed 10,000—a mark set at former events, the third annual Lake Brownwood Regatta will be held Sunday, July 25, and will draw boat racers from Texas and many surrounding states.

Physicians and their wives of a dozen counties of Central and West Texas attended the annual outing and fellowship meeting of the Brown-Mills county Medical Society Monday night at Ed Hall's cottage at Lake Brownwood dam. Dinner was served at 7 o'clock.

Coming as a distinct surprise to farmers and farm organizations over the state was Gov. Allred's veto of the state-wide soil conservation bill sponsored by Sen. E. M. Davis of Brownwood. The double objection of a tax remission and defects pointed out by the Secretary of Agriculture was cited by the governor in disapproving the soil conservation act, which was put through the legislature during the closing days after a bitter fight.

Miss Eva Faye Boland returned to her home at Goldthwaite after visiting the past two weeks with her brother, Garland Boland, of Zephyr.

Homer Chesser of Grand Falls has returned home after spending a week visiting with his sister, Mrs. H. F. Casey, and other relatives.

Mrs. Carl Featherston and children of Goldthwaite have returned to their home after visiting with relatives here and at Bangs.

Mrs. R. T. Vaughn of Mullin has undergone minor surgery in Central Texas hospital.

A tea and shower honored a recent bride, Mrs. Lon L. Evans, Jr., the former Miss Nonette Brumagem of Kansas City, when Mrs. F. W. Crenshaw, assisted by Mrs. Lon Smith, Dave Knobler, W. D. Cunningham, Ernest Cadenhead and Ned Snyder, entertained in the Crenshaw home on Sixth Street Wednesday afternoon.

A resolution thanking Mrs. W. H. Thompson for entertaining a party of Brownwood firemen in Brenham June 7 was passed by Brownwood Volunteer Fire Department at a meeting last night. The entertainment was reported in the Brenham Banner-Press June 7 as follows: "About 20 delegates en route from Brownwood to the State Firemen's and Fire Marshals' association convention at Port Arthur stopped here today and were served a barbecue lunch on the lawn of Mrs. W. H. Thompson's home. Mayor Thompson of Brownwood, former Brenhamite, was among those who were welcomed here by many old friends."

Double funeral services for Leo Newby, 35, and Herschel Mills, 31, who drowned in Lake Brownwood Sunday night when their boat sank near the Jim Ned bridge, were held from White & London Funeral Chapel at 3 o'clock Tuesday afternoon.

Offices of District 14 Works Progress Administration headquarters, located on the eighth floor of the Brownwood Hotel since July 1935, were closed this week as final preparations for

## Comanche

Plans for what is hoped to be the most successful meeting of the Comanche County Old Settlers Reunion within years were made at Comanche Tuesday when a committee met to lay plans for the one day's gathering which is to be held at Lake Eanes July 22. Last year the meeting was held at Comanche for the first time in 20 years and it was pronounced a grand success.

Lee Perdue, who had been a resident of the Beatie community for the past 50 years, died Friday morning, June 11, at his home from gunshot wounds. A discharged shotgun was found near his body. Mr. Perdue had been in ill health for the past few years and is reported to have been critically ill recently, from low blood pressure and other ailments. He was 66 years of age.

Comanche, famed already this year for its cherry and cabbage crop, has another home grown product of which to boast—the fig. That the fig crop must be unusually good is evidenced by the fact that four different persons brought specimens to the Chief office.

J. D. Parson, 51, Sidney farmer and school board member, was accidentally killed about ten o'clock Sunday morning while cutting grain in his field when his team became frightened and ran away. Mr. Parson, who was driving the binder, attempted to jump from the machine, but his feet became caught in the lines and he was thrown to the ground and the binder passed over him, the bull-wheel crushing his waist and causing internal injuries. R. Q. George, who was operating the binder, jumped to safety and he and the two young Parson boys, Percy, 16, and Grady, 13, who were also working in the field, lifted the binder off of Mr. Parson's body, but death came within a few minutes.

Tire thieves were again active in Comanche Monday night when a loss of property amounting to \$200 was reported by C. E. Straley, manager of Clay Building Material Company. Mr. Straley said the thieves pried the lock off the company's garage door, entered and took off and carried away eight dual wheels and tires.—Chief.

The district's consolidation with the San Angelo district were completed. San Angelo is headquarters for District 19.—Banner.

## Hamilton

The dates for the Eighth Annual Invitation Golf Tournament at Perry County Club have not yet been definitely set, but will in all probability be announced for the latter part of July, so as to not conflict with the tournaments of other clubs in this section of Texas.

Substantial increases in local bank deposits and postal receipts as of May 31, 1937, over May 31, 1936, reflect the gradual upturn in business as far as Hamilton and surrounding area are concerned.

Bill Marwitz and family of Atlanta, Ga., arrived last week for a visit with Edwin Marwitz and family near Evant, and other relatives and friends in Ireland, Indian Gap and Hamilton and other points in the county. The Marwitz family has hosts of friends in the old home section of Texas and are cordially welcomed wherever they visit.—Herald-Record.

J. F. Garvey, formerly of Dallas has been made manager of the Gartman Maytag Shop in Hamilton. He and Mrs. Garvey have moved to Hamilton and have an apartment in the home of Mrs. Maggie Scoggins. Gatesville and Goldthwaite in the very near future, according to engineering plans on file in the State Highway Department. A detailed report shows the following amounts to be spent:

From Gatesville to Evant, \$440,000.  
From Evant to Star, \$185,000.  
Lampasas River Bridge, \$26,000.

Star to Goldthwaite, \$98,000. At the present time there is not a mile of paved road in Hamilton county, outside the city limits of Hamilton and Hico.

D. J. Wood, who has charge of securing material for the big bridge to be built across the Lampasas river on Highway No. 7, was in the office of County Judge J. C. Barrow Wednesday afternoon, and stated to a News representative that the construction work would start this

week. He also stated that between fifty and sixty employees would be used and these would be selected from Hamilton county citizens as far as practicable.

Mr. and Mrs. David Harelik and children and Mrs. Max Harelik spent Sunday at Goldthwaite Lake.—News.

The tourist business ranks second to oil in Texas, according to statistics compiled by the Texas Planning Board, which show that oil last year enriched the state \$450,000,000; tourists, \$446,000,000; agricultural crops \$384,000,000; and cotton, \$210,000,000.

### NATURE

You miss a lot of nature By not livin' on a hill! There's a lot to be observed If you only will.

The birds a passin' over In their migratory flight— The stars an' moon a shinin' Throughout the cloudless night.

You can hear the whippoorwill A whistlin' down the cove An' the hoot owl a hootin' Sorter makes you want to rove.

You can see the fog a formin' Like a ribbon long the creek An' a thousand other things But not a single freak; For all her works are perfect Though movable or still.

You miss a lot of nature By not livin' on a hill. —ROG.

Greatness abhors ostentation as much as it loves simplicity.

You can always do without what you can't get.

A pleasing disposition is more convincing than argument.

### "Vacation in Texas"

As the summer wanderlust gains force and friend wife begins to make helpful vacation hints about "How lovely the Riviera must be!" triumphant husband can gleefully reply, "But let's go see the Riviera of Texas!" a name often attached to the gulf coast region.

Truly Texas offers countless vacation opportunities. Not even native Texans have realized how varied the attractions of the Lone Star State are. Take for instance the gulf coast. By circling the "hug-the-coast" highway and investigating the coastal towns, one will find sights and diversions to satisfy the most exacting tastes.

Beginning in Houston, Texas' largest city, history lovers can browse around San Jacinto battlefield, and pleasure seekers can hie themselves to Sylvan Beach. Or if the traveler is in need of more seabreeze, he can go from there straight down to Galveston, where white sands, crisp breakers, fresh seafood, plentiful tourist accommodations, all kind of fishing and varied entertainment are combined in one island resort.

Tarpon and other large salt water fishing is the ruling sport at the next coastwise stop, Freeport, which is also the center of the world's largest sulphur industry. For inspection near West Columbia, where the republic's first capital was located, are several well preserved southern plantations which are guaranteed to arouse dreamy pre-Civil War reflections.

Heading southwest through the old fishing village of Matagorda and the popular angling spots of Port Aransas and Port Lavaca, the highway comes finally to Corpus Christi. This year-round playground, besides being an important port, is the home of the famous "tarpon rodeo." Boating is another sport eagerly pursued there, and swimming enthusiasts crowd the long shore line from spring to autumn.

### AN UNUSUAL WILL

A relative of Mrs. R. J. Gerald, wife of County Judge R. J. Gerald, passed away recently in Hartford, Conn., and left a very unusual will, in which two of Mrs. Gerald's cousins were the beneficiaries.

The will reads as follows. William Gillette, famous actor, who died last week, expressed a wish that his big stone house towering above the Connecticut river at Hadlyme and his three-mile railroad on the extensive grounds be prevented from falling into the hands of "some blithering saphead."

In his will, Gillette directed that the bulk of his estate be divided equally among Mrs. Florence G. Nichols of New York, a niece; Hall Cowan of Hadlyme, his late wife's nephew, and Miss Elizabeth Ives Gillette of Des Moines, Iowa, a niece.

The will includes several specific bequests and cancellations of indebtedness, but the outstanding parts of the document are concerned with his wish for the disposition of his estate, which had been his home for the last 15 years, and the establishment of a trust for Y. Osaki, one of his Japanese servants. The servant is given the life use of a piece of property near the river with explicit instructions on how to use and how not to use it.

The celebrated actor, who died in Hartford, expressedly stated in his will although he said, without legally binding the executors in any way:

"I would consider it more than unfortunate for me—should I find myself doomed, after death, to a continued consciousness of the behavior of mankind on this planet—to discover that the stone walls and towers and fireplaces of my home . . . and many other things of like nature should reveal themselves as in the possession of some blithering saphead who had no conception of where he is or with what surrounded.

For this reason I am hoping that my executors, in disposing of this property, as they will be obliged to do, will exercise discrimination in carrying out my earnest wish."

Will Marshall is having some improvement done on his home.
