12,000 Soldiers To Pass Through Here Nov. 10

Twelve thousand soldiers of the regular Army in 1600 Army trucks will pass through Goldthwaite next Wednesday night, probably about nine p. m. The troops are traveling from Fort Sam Houston to Mineral Wells. They will leave Monday and spend the night between Fredericksburg and Johnson City. Tuesday night and Wednesday will be spent in bivouac between Rochelle and Lometa. At Goldthwaite the division will divide into two columns, one going via Comanche and the other via Evant and will spend Armistice Day between Stephenville and Walnut Springs. That night the troops will go on into Mineral Wells.

Returning the entire division will leave Mineral Wells Saturday morning and proceed in one day to San Antonio via Highway 66.

The 1600 motor vehicles make a column 42 miles long. They will at times be split into three columns and follow three separate roads. But as many of the cars are equipped with two-way radiophones, the division commander will know where each column is located at all times.

The spectacular march brings to a close a two and one half months period of intensive training and maneuvers on the Leon Springs military reservation near San Antonio.

YARBOROUGH-WILLIAMS ANNOUNCEMENT TEA AT GILMER MONDAY

One of the most important social affairs of the autumn season occurred Monday afternoon when Mrs. P. K. Williams entertained with a tea. The occasion was to announce the engagement and approaching marriage of her daughter, Miss Virginia Williams to William Glen Yarbrough of Austin. The wedding to take place at the First Methodist Church, Gilmer, Friday evening, Nov. 19.

The Williams home was beautifully decorated for the occasion with quantities of autumn flowers and colorful autumn leaves. The living room where the guests were received was adorned with vases and bowls of roses and tall floor baskets of autumn leaves. In the dining room a color scheme of gold and white was followed, with the tea table laid with a handsome Italian cut-work cloth, and the centerpiece formed of gorgeous white chrysanthemums and slender white burning tapers filling a crystal receptacle. Crystal compotes and sandwich trays held the mints of gold and white, salted nuts and sandwiches of gold and white.

On the buffet, tall white cathedral candles formed soft subdued lighting effects, and gold chrysanthemums added to the buffet decoration. Elsewhere in the room were bowls and vases of gold chrysanthemums.

As the guests arrived they were met at the door by Mrs. J. H. Mathis and passed down the receiving line to be greeted by the hostess, Mrs. P. K. Williams; the honoree, Miss Virginia

Thanksgiving Turkey Market Opens Here

With the opening yesterday of the Thanksgiving turkey market, Mills County housewives commenced to cash in on one of the county's best crops. The opening prices of 14c is considerably better than the opening of 10c last year and resulted in a plentiful supply of the big birds being offered.

Last year Goldthwaite shipped eight carloads of turkeys, each car averaging 20,000 pounds. As this is one crop which is rarely mortgaged, the cash derived from it makes a welcome entry into retail trade.

Eagles to Play Burnet Today

Friday night at 8 o'clock the Eagles will meet the Burnet team in a game on Burnet's own new field. The odds are practically even for these two teams have the same percent of games won or lost to their credit. The weight of the players is very nearly the same perhaps a few of the Eagle team outweigh the Burnet boys by 2 or 3 pounds. The strong point of the Burnet team is their passing offense while Goldthwaite outclasses them in the running attack.

The school buses will be used to transport the team to Burnet and the Pep squad and others will accompany them in cars.

AFTERNOON BRIDGE

Miss Lucile Conroe was hostess on Friday for a bridge party at which three tables of players shared in the pleasant diversion.

Electric High Line Offered County

Possibility of Mills County securing an electric high line for its rural homes within a few months was explained this week by J. B. Richey who is conducting a careful survey of the county. Mr. Richey is from the office of Wm. G. Morrison, rural electrification engineer, at the state headquarters in Waco.

All that it takes to get the electric line is an average of 3 customers per mile of line. Many sections of Texas have already taken advantage of the government's offer to finance rural electric lines, and this may be Mills County's last opportunity to secure such service.

In a series of meetings throughout the county, Mr. Richey is explaining the proposition to those interested. Wednesday night he spoke at Priddy; Thursday night he went to Star and tonight (Friday) he will be at the Center Point school for a joint meeting with residents of that and Rock Springs and Lake Merritt communities.

Saturday, all day, Mr. Richey will be in the County Agent's office in the court house to explain the government's plan to those who are interested. Monday night he will talk at Pleasant Grove. Other meetings for next week will be arranged if enough interest is shown.

So many other counties are clamoring for surveys, if Mills County does not file an application at this time, it is doubtful if it will have the opportunity later.

To get the service, Mr. Richey explains, it is not necessary for the citizens to sign a binding agreement to become customers. All that is required of those interested is that they signify whether or not they are in favor of rural electrification in this section. If any signer should change his mind afterwards, he is not obligated to take the service.

Such a liberal offer can not be maintained indefinitely, so all who are interested in securing electric current delivered to their meters at a cost the same as or even lower than that charged in town, are urged to see Mr. Richey at once.

Y. W. A.

On Tuesday, November 2, the Y. W. A. met in the home of Beatrice Bledsoe. The meeting was opened with the Y. W. A. song, "O Zion Haste", Gale Tullios read the devotional, Matt. 28:19-20, Mark 13:10-14 and in the absence of the president, Miss Edna Taylor presided over the meeting. After a brief business session, Mrs. E. Pickard guest speaker of the evening, gave an interesting book review on the inspiring, "Life of Basil Lee Lockett, the beloved physician". This biography was written by the beloved physician's wife and is a wonderful portrayal of the life of that great medical missionary. Mrs. Lockett will speak at the Baptist Church on Wednesday night, December 1. Everyone is invited to hear her.

Those attending this meeting were Jean Goosby, Addie Mae Summy, Lillian Summy, Elizabeth Dalton, Gales Tullios, Beatrice Bledsoe, Jewel Fox, Johnnie Belle Circle, Oleta Henry, Mrs. B. H. Tullios, and Mrs. E. Prichard. The next meeting will be at Jean Goosby's, on November 9, at 7:00 o'clock. After electing the remainder of the officers the association will work on gifts for Buckner's Orphans Home.—Reporter.

A WELCOME VISITOR

C. E. Faulkner of McCamey visited the Eagle last week while spending a part of his delayed vacation here with his parents, Mr. and Mrs. Cyde Faulkner. He inspected the press on which the Eagle is printed and was interested in finding that some work he did on it nine years ago has given satisfaction ever since. He also took occasion to advance his Eagle subscription from 1933 to 1939, thus gaining the distinction of being one of the first to have his paper paid for into 1939.

BUILD WELL WITH LUMBER

The essential qualities of a home, and which determine how it shall be built, are: First, protection from heat and cold; then comfort, convenience and ventilation. Appearance, durability, low first cost and upkeep are factors, too.

Wood is the universal and most accepted home building material. All builders understand building with lumber. It is easiest to work, lowest in first cost, and imparts to the structure a natural, home-like appearance.

Lumber is nature's provision for our comfort. It conducts neither heat nor cold, and an occasional coat of paint will brighten and preserve it indefinitely.

Before you can build well with lumber, a wise selection of design must be made. Examine our many plans of distinctive homes before building.

BUFFET DINNER FOR Y. W. A.

The Y. W. A. girls and prospective members were entertained at a formal buffet dinner given Tuesday evening, at 7.00 by the W. M. S. of the First Baptist Church. The Swanner home was very cleverly decorated.

As the masked guests arrived they were greeted by Janet and Addie Mae who took their wraps, gave each a black and orange cap and asked them to sign in the guest book. The girls made a pretty sight as they mixed and mingled for a few minutes of informality.

At 8:00 o'clock, dinner was served buffet style in the dining room from a table laid with an ecru Czech-Slovakian lace cloth centered with a miniature sheaf of grain surrounded by small jack-o-lanterns on a large oval reflector. As each was served, she returned to the living room, where she found a place at one of the five tables laid with black and orange covers centered with small lighted jack-o-lanterns. Addie Mae Summy, Janet Martin, Gale Tullos, Jewel Fox, Edna Taylor were the hostesses at the tables.

Mrs. Tom Henry, young people's leader of this church, had charge of the after dinner program. Miss Norma Sue Tippen, of the local school system, gave a lovely reading. Roberta Howard, Sophomore of Howard Payne College and formerly of Buckner Orphans Home, brought a most interesting devotional and a few words about Buckner Orphans Home. PEP SQUAD NOTES

The most successful pep rally
of this season was held on the
Court House lawn, Thursday,
before the San Saba game. All
those present seemed to have
more pep and enthusiasm than
ever before—and why not? We
were preparing for the major
game of the season. After a
number of fast songs and yells
led by the pep squad, Mr. John-
son, Mr. Dameron and Mr.
Smith spoke a few boosting
words to the boys and girls. Lat-
ter Miss Coleman allowed the
pep squad to march into the
theater, where we tried to arouse
a football spirit and interest in
the San Saba game. Miss Cole-
man and the pep leaders finally
drew the audience into a yell.

We sincerely appreciate Miss
Coleman's cooperation and in-
terest, shown not for the first
time in the San Saba game, but
in all previous games. She cer-
tainly has a fine football spirit!

PEP RALLY

One of the most enthusiastic
pep rallies of the year or any
year was held in G. H. S. Friday
morning before the San Saba
game. Several of our good friends
from the business houses shared
our program with us.

Miss Annie Coleman first made
us a wonderful pep talk, then
led us in some yells. The old
high school tottered in its founda-
tion as the student body gave
the old familiar "Yea team fight."
Miss Coleman directions were fol-
lowed in drawing that Yea out
about two yards long.

Mr. Smith then introduced
several business men, Julian
Evans, Dumble Hamilton, Kelly
Saylor, Hammond Bodkin, Ray-
mond Little, F. P. Bowman and
Bob Steen, Jr. made inspiring
talks expressing their good wish-
es for the success of the team.

Following their talks the ten
boys who are playing their last
season of football were presented
to the assembly and allowed to
say a few words. These Eagles
who played against San Saba
for the last time Friday night
were, Davis, McKenzie, Hodges,
Harvey, Shaw, Hunt, Armstrong,
Kerby, Hill and McCasland.

We all enjoyed the talks made
by the visitors, and hope that
they will visit us again in the
near future. Their interest in
the school is appreciated by all
the students.

BUILDING PROJECTS

The construction projects of
both buildings are fast nearing
completion. New rooms have
been added, and the interior of
the high school slightly changed.
The plastering has been com-
pleted, the painting is started,
and the carpenter work is being
rushed. The construction will
be finished sometime during
this month.

ARMADILLOS COME OUT
ON TOP

The San Saba Armadillos,
stellar rival of the Goldthwaite
Eagles came out with a 30 to 0
decision over the Eagles in the
annual battle between the two
high school teams. The Eagles
played their best, but were de-
feated by a superior team, as is
proved by the Armadillo's 1937
record of being undefeated and
unscored upon. The Eagles were
the first real opposition the San
Saba team had faced in a con-
ference game, and this is pro-
ved by the fact that the Arma-
dillos made their lowest score
Friday night.

The first half of the game
was San Saba's by six points,
but the Eagle defense held them
at that score. During the last
half, however, San Saba started
her two backfield aces down the
field. D. Bagley and Joe Clark
proved themselves to be top
class football players by their
long gains and punt returns.
Floyd McKenzie, Eagle center
made the best gains on the kick
off returns.

A completed pass from Davis
to Hill in the final period look-
ed as if Goldthwaite was going
to make a scoring threat, but
the remainder was stopped short
of even a first down.

Although the Eagle's failed to
make a penetration or a first
down, they played spectacularly
defensive football. Their next
opponents may feel the wrath
of this defeat so the Burnett
High School team had better
be prepared for a tough, gruel-
ing on Friday night.

APPRECIATION

This is an expression of ap-
preciation to all those who had
any part in the San Saba game,
the Eagles who showed us such
a splendid game, the Pep Squad,
who faithfully cheered the team
on, the citizens who attended
the game, and the loyal friends
who were not able to go to San
Saba.

So far as the score is concern-
ed the game was not successful.
However, it represented some
much more important facts. It
showed that the Eagles can put
up a grand fight against a he-
avier team, it taught San Saba
what a good loser is, and it
showed that the boosters of the
team are still behind the Eagles
and proud of them, even in de-
feat. This is the spirit that is
much more important than vic-
tory. It is the spirit we want to
see among the citizens of Gold-
thwaite.

GLEE CLUB

The Glee Club is now going
along in a fine way and is work-
ing on two beautiful numbers,
which are "O Peaceful Night"
and "In the Luxembourg Gar-
dens." For part practice the
club has decided to meet on
Mondays, Tuesdays, and Wed-
nesdays, after school. We feel
that this will forward our work a
great deal.

NEW SCHOOL BUS

A new school bus was started
on the Scallorn route Monday
to relieve the crowded condition
of the buses driven by Mr. Kelso
and Mr. Bohanon. Some sixty
or seventy students have former-
ly been riding one of the buses
and their discomfort will be les-
ened by the purchase of a sev-
enth bus. J. D. Hodges is the
new driver.

ABSENT FROM SCHOOL

Mrs. Baker was absent from
school Monday. She had been
called Saturday to be with her
husband during an illness due
to influenza.

WELL REPRESENTED

Goldthwaite was well repre-
sented in San Saba Friday even-
ing. A large number of college
students came home to see that
game and we hope they were
not disappointed even though
we did not win. Busses carried
the Pep Squad and other stu-
dents and teachers to San Saba.
That was probably the last game
many of us will see, for only the
Burnett and Llano games remain
to be played, and only those
who are fortunate enough to
find a way other than on the
busses will get to go. But even
if we do not get to go, and even
if we have been defeated by San
Saba and have lost district
championship we of the Pep
Squad are still behind the team
and are still rooting for victory.

JUNIOR PROGRAM

The program presented by the
Junior Class Tuesday morning
was a well planned and well ex-
ecuted one. George Ballard, the
president of the class, acted as
Master of Ceremonies and flav-
ored the program with his jok-
es. The following numbers were
presented:

Piano solos—"Holiday" "The
Merry-go-Round Broke Down,"
Gloria Armstrong.

"Harbor Lights," sung by Al-
lene Ross, Virginia Ruth Rudd,
Katherine Hodges, Helen Reid,
and Laura Helen Saylor.

Piano solo—"The Rosary,"
played by John Bowman.

A string band of three pieces
played one number.

The program was closed by the
singing of the school song by
the student body.

BINGO BOOTHS A SUCCESS

Saturday afternoon and night
a steady stream of customers
poured into the Bingo booth at
the Hallowe'en Carnival. At the
end of the Carnival, results
showed a profit of about \$34.
The Seniors are to be congratu-
lated on their success, and to be
pitted for their sore throats.

They express their sincere ap-
preciation for all the business
houses and individuals who so
kindly donated prizes for the
Bingo stand. There was such a
hearty response to the sollicita-
tions that more than enough
prizes were collected. The re-
maining ones were sold at auc-
tion after the closing of the
booth, with Omar Harvey act-
ing as auctioneer.

The Seniors were successful in
electing Dorothy Hartman, Hal-
lowe'en Queen. They join the
other students and friends in
congratulating Dorothy.

GOOD MORNING CLUB

On October 27, the "Good
Morning Club" of the Senior
Class was formed. There are ten
members, each one paid one
cent on entering the club and
will pay one cent each six
months. The purpose of this
club is to create a more pleas-
ant feeling among the seniors.
Class. The officers are as fol-
lows:

Boyd Hunt, president; Hubert
Shaw, vice president; Duron
Kenley, treasurer; Gladys Ken-
ley, secretary and reporter;
Marvin Hodges, watch dog; Les-
ter Moreland, parliamentarian;
Jean Goosby, mascot.

The other charter members
are Mrs. Delton Barnett, Dale
McCasland and Pat Obenhaus.

An amendment approved by
the officers Monday morning
provided for the addition of
new members, Jeanette Martin
and Catherine Fairman have
been accepted as new members.

GROWING UP

The surprising lack of dis-
turbance about the school Mon-
day morning makes one wonder
if the younger generation is
growing up. From the appear-
ance of things, Halloween might
well be a forgotten holiday.

The Pep Squad wishes to ap-
point Miss Annie Coleman as
honorary pep leader. That cheer
she led the student body in was
enough to strain anybody's ears,
to say nothing of strained vocal
cords.

sar of Fort Worth.

HOW OFTEN
CAN YOU KISS AND
MAKE UP?

FEW husbands can understand
why a wife should turn from a
pleasant companion into a shrew
for one whole week in every month.
You can say "I'm sorry" and
kiss and make up easier before
marriage than after. If you're wise
and if you want to hold your hus-
band, you won't be a three-quarter
wife.

For three generations one woman
has told another how to go "smil-
ing through" with Lydia E. Pink-

helps Nature tone up the system,
thus lessening the discomforts from
the functional disorders which
women must endure in the three
crucial years of life: 1. Turning from

proaching "middle age."

REGENCY

The spring-like days last week were very beneficial to forward the growth of grass, grain and turnips, and a refreshing rain now perchance would considerably lessen the feed bill for livestock the coming winter, as the range would be fairly good by then.

As fall seeding and harvesting is over farmers are turning the remainder of the sod preparing another crop with thoughts in mind of a much better income than the previous one.

Naturally our wants are never satisfied, we are always yearning for something more, but with health our greatest asset we should be thankful with food and raiment. God clothes and feeds the fowls of the air and so will he us if we will do his will.

The Halloween party at the Hanna Valley school building Thursday night departed from prettiness of other party occasions and was carried out in the usual way by playing games with spooks galore.

Mr. J. M. Jones who has been seriously ill the past week is some better.

Webster Newsome who was critically hurt in a car wreck near Stephenville several weeks ago has recovered, and has been with Mr. Jones during his illness also Jent Newsome of San Angelo has been with him.

Joe Anne the little daughter of Mr. and Mrs. Butch Rowlett was hurried to a physician in Brownwood Wednesday afternoon of last week when her parents discovered she had accidentally taken poison. With the exception of a blistered mouth, she is doing fine.

Laughing Around the World

He Should Use a Shotgun

By IRVIN S. COBB

WHEN the circus reached the small Maine town the proprietor feared for awhile that his afternoon performance might lack its chief feature. The star of the aggregation was Zeno, the Mexican Knife Thrower, answering in private life to the name of Hennessy. Twice a day Zeno, dressed in gaudy trappings, would enter the arena accompanied by his wife, a young, plump and pretty woman in pink tights, and followed by a roustabout bearing a basket full of long bowie-knives and shining battle-axes. While the band played an appropriate selection of shivery music the young woman would flatten herself against a background of blue planking which had been erected in the middle of the ring. There she would pose motionless, her arms outstretched and her feet close together. Then Zeno, stationing himself forty feet from her, would fling his knives and axes at her, missing her each time by the narrowest of margins. Presently her form would be completely outlined by the deadly steel, but such was Zeno's marvelous skill that she took no hurt from the sharp blades which pinned her fast.

But on this day Mrs. Zeno had fallen ill and although the circus owner offered a reward for someone who would take her place, he could find no volunteers among the members of his staff. In this emergency the invalid's mother—who by the same token was Zeno's mother-in-law

—and who traveled with the show in the capacity of wardrobe mistress, stepped forward and agreed to serve as a understudy in order that the performance might not be marred.

The hour came. Forth came Zeno, wearing his professional scowl, slightly enhanced. His mother-in-law, skinny and homely, with her hair knotted in a knob on her head and her daughter's fleshings hanging in loose folds upon her bony figure, followed him closely. She plastered herself flat against the wooden background. Zeno gave her a look seemingly fraught with undying hate. He took up his longest, sharpest bowie-knife. He tested its needle-like point upon his thumb. He poised it, aimed it, flung it.

Like a javelin it hurtled on its hissing fling through the air. Striking tip first a scant quarter of an inch from the lobe of the mother-in-law's left ear, it buried itself deep in the tough oaken planking and stood there, the hilt quivering.

The pause which ensued was broken by the astonished voice of a lank native sitting on the lowermost tier of blue seats industriously milking his whiskers:

"By God!—he missed her!"

Cloud Mashburn with his tractor is breaking the Crowder farm preparatory to sowing wheat.

Last week just wound up the cotton pulling in this section. Most of the cotton was badly damaged by insects this year.

Thomas Smith and J. C. Crowder returned Friday night from delivering a load of pecans to dealers in El Paso.

Pecan gathering is still going on. There is a fairly good crop of pecans, but many of the trees are dead from last year's extraordinary overflow.

Mr. and Mrs. Raleigh Egger and their daughter, Pat, of Brownwood attended church here Sunday and visited Mr. and Mrs. Edward Egger.

Mr. and Mrs. Alvin Hanna have leased out their place in the Oakland community, and will live elsewhere next year. It will be like pulling eye teeth to give up Alvin and Olive. They have been such good, faithful attendants at church, and for several years, Alvin has been our efficient song leader.

We were handed quite a surprise when John Holder of Van Horn and Miss Letty Crowder drove to Bro. McDowell's home at Winchell Friday night and were married. Letty is the daughter of Mr. and Mrs. F. L. Crowder and has lived in this and the Oakland communities all her life. We don't know a sweeter or more deserving girl. We congratulate Mr. Holder on his choice of a wife, and we wish them much happiness. They left Saturday for Big Spring, but will probably be here again next week.

Mr. and Mrs. Carl Lane and little daughter, Vivian, of Monahans, spent the week end with Mrs. Lane's parents, Mr. and Mrs. Clifford Crowder.

Mr. and Mrs. Billie McNurlen had a house full of guests thru the week. Mr. McNurlen's sister Mrs. Allen Jamar, Mr. Jamar and two sons from California spent from Friday to Monday with

them. Miss Odene Russell spent the week end. Mr. and Mrs. Ruf Carroll, also of California, spent Sunday night. Mr. and Mrs. Roscoe Jones and baby spent Sunday, and Mr. and Mrs. P. R. Reid called Sunday afternoon.

Grandma Egger was much worse Saturday, but was better Sunday.

Gene Egger is very sick with a throat trouble. Had to have a doctor with him Monday.

Mr. and Mrs. W. M. Clements have bought a business and have located in Brownwood.

Mrs. P. R. Reid spent Monday with her daughter, Mrs. Charm Whittenburg.

Mrs. Clara Wilmeth, Mrs. Nellie Malone, and Mrs. E. O. Dwyer had dinner at the Briley home Sunday after church.

Y. W. A. HAS MEETING

The Y. W. A. met for the third time, last Tuesday evening at the First Baptist Church. Miss Edna Taylor, president, opened the meeting with "O Zion Haste"—the Y. W. A. Song, after which Mildred Sluder led in prayer. Miss Taylor had charge of the business session. The Y. W. A. is to meet each Tuesday evening at 7:00. Instead of meeting in the homes of the members Next Tuesday evening, we meet with Beatrice Bledsoe.

We voted to send pillow cases as our love gift to Buckner Orphan Home for Thanksgiving. Elizabeth Dalton, Gale Tullos, Edna Taylor are on the nominating committee. Oleta Henry was elected reporter.

After the business session, Gale Tullos had charge of a most interesting program: "Teach us to pray."

TRAVEL BRIDGE

(Intended For Last Week)

A most original idea was carried out in the Bridge Party given on Monday evening by Mr. and Mrs. V. C. Bradford and Mr. and Mrs. Walter Hester at the Bradford home.

Invitations had been sent out requesting the guests to join in a bridge tour of the world.

The invitations were decorated with ocean liners as were the "tickets" which the captain issued to each guest upon arrival. Each ticket called for a certain country and tables were designated by maps of the country they represented. Time for the games was called by the hour-watch of the ship.

At the end of the "tour" Mrs. Paul McCullough was found to have visited more different countries and by so doing, had a total score higher than any other lady present, so she was presented with a miniature trunk containing a lovely bottle of perfume. Earl Summy won high for the men, so he received a tiny hatbox containing shaving preparations.

A delicious refreshment course was served to eight tables of players.—A Guest.

Williams; Mrs. O. H. Yarborough of Goldthwaite, mother of the groom; Mrs. Clough Williams of Sulphur Springs, grandmother of the bride-elect; Mrs. J. T. Baird, Jr., and Miss Sarah Lou Cook who will be attendants in the wedding.

Miss Sarah Jo Williams, younger sister of the honoree, passed out the announcement cards that were very clever and original. Miniature law books in black were tied with a gold cord. Inside the booklet was the inscription, "In the case of Yarborough vs. Williams. The verdict will be read Nov. 19, at the Methodist Church."

After the guests had received their announcement cards they repaired to the dining room where they were served refreshments. Misses Ernestine Dedman, Louella Futrell, Natalie Harrison and Marjorie Mulinx served the guests in the dining room.

Mmes. R. H. Lashinger and C. E. Florence presided at the tea table for the first half of the party and Mmes. Edwin Marshall and Alton Huddins during the second hour. Mrs. H. V. Davis assisted in receiving the guests and ushering them in the dining room.

All during the afternoon piano music was furnished by Mrs. John Mack Brooks and Miss Lucille Craddock while Mrs. Ray Locke of Sherman, sang a group of favorite love songs. All ladies of the house party were attired in formal afternoon frocks of autumn shades and wore corsages of rosebuds in colors to harmonize with their gowns.

During the afternoon over one hundred friends of Mrs. Williams and her daughter called and enjoyed this charming hospitality.

The announcement of this November wedding is of particular interest in Gilmer due to the widespread popularity of the bride-elect. Both Mr. and Mrs. P. K. Williams are members of old Upshur County families and Virginia has spent her entire life in Gilmer with the exception of four years she was away at school.

After she had finished Gilmer High School she attended Stephens College at Columbia, Mo., for two years and then went to the University of Texas at Austin where she received her B. A. degree in 1936.

At the University, she was a member of the Kappa Alpha Theta Sorority and took an active part in the social life of the school.

After completing her university work she taught at the Gilmer Ward school one year and proved herself as efficient and capable as a teacher as she was as a student.

The groom-elect is the son of Mr. and Mrs. O. H. Yarborough of Goldthwaite and is a graduate of the University of Texas Law School. He was a member of Pi Kappa Alpha fraternity and took an active part in school affairs while he was at the University.

At present he is associated with Messrs. Gaynor Kendall and Homer DeWolfe in practice of law at Austin.

After their marriage the couple plan to make their home in Austin.—Gilmer Mirror.

He was recently selected a member of the Sophomore committee which will direct the class project for this year.

Newcomers to Baker are Freshmen, Evelyn Mashburn, who is a pledge of the S. O. S. Club and works in the college library, and Grace Edley, a member of the Pep Squad, who lives in the Dormitory; both girls are from Ebony, Texas.

Juanita Sanderson from Goldthwaite is a Freshman in Baker and a pledge of the S. O. S. Club.

We missed Mmes Renfro and Shelton, we hope they can give an account of themselves at next meeting.—XXX

ELY HOOD ROBERTS
Friday, October 15 at noon, God reached fourth his hand and took from our midst our beloved neighbor, Mr. Ely Roberts.

Mr. Ely Hood Roberts was born in Hood County, Texas, Feb. 9, 1885, having reached the age of 52 years, 8 months, and 6 days. He made Lampasas County his home when he moved here with his parents while he was yet a boy. Most of his life has been spent in and around Lometa. He is remembered as a citizen of Center, Chadwick and Long Cove communities.

It was in Long Cove that he met Miss Effie Mae Godwin to whom he was married on Feb. 4, 1906. Five children came into their home to gladden their hearts, two of whom died in infancy.

He gave his heart and life to God in his early manhood and has been a member of the Baptist Church for many years. His Christian hospitality was extended to a great number of friends, who were drawn to him by his cheerfulness and good nature.

Surviving Mr. Roberts are his wife, Mrs. Effie Mae Roberts, 2 children, Leonard of Fort Worth, Miss Erma Lois Roberts and J. A. Roberts of Lometa; his mother, Mrs. A. R. Roberts of Houston and five brothers.

Hearts were made to sorrow, Words were made to cheer, The reunion of tomorrow, Will drive away each tear.

SUDDEN DEATH

Mr. and Mrs. W. W. Fox were called to Bartlett Monday morning to attend the funeral of his cousin Walter W. Fox, who died very suddenly Sunday evening about 7 o'clock of heart failure, while his wife was at the bus station where she had carried her sister to catch a bus. Mr. Fox was editor of the Bartlett Tribune and was a brother of William Fox Representative from Williamson and Burnet counties. He was only 31 years old.

HEALTH NOTES

The increasing number of persons in Texas dying from cancer justifies a warning at this time against quacks and so-called cancer cures, states Dr. Geo. W. Cox, state health officer.

While newspapers, as a rule, do not carry the cancer type of advertising, there are many other ways for misinformation to reach the public. Undoubtedly there are persons who, being thus deceived from seeking proper advice, unnecessarily become cancer victims, while others not having cancer are fleeced out of much money for a cure, Dr. Cox explained.

Miss Fannie Jackson and Miss Hoskins of Baylor-Belton College spent the week end in the C. W. Jackson home. Miss Allen Martin who had been visiting home folks a few days returned to Belton with Miss Jackson Sunday afternoon.

NOTICE

The P.-T. A. of the Goldthwaite School will have its regular meeting Nov. 9. The presence of every one is desired. The following room-mothers will act as hostesses: Mrs. Clifford Burkes, Mrs. Dan Calloway, Mrs. E. B. Gilliam, Mrs. L. B. Porter and Mrs. Truman Vaughn.

I wish to express my thanks to each and every one who helped to make the Halloween Carnival a success. The co-operation was all that could have been desired.

I. I. CLUB

The Industrious Idlers Club met Thursday afternoon, October 28, at the home of Miss Bessie Hutchings. The afternoon was spent in quilting a quilt. After quilting awhile the president called a business meeting in order to elect new officers. The following officers were elected: president, Mrs. E. F. Cunningham; vice president, Mrs. J. N. Smith; secretary, Miss Bessie Hutchings; and reporter, Mrs. Julia Taylor.

A SPLENDID MONUMENT

Dr. John Power, beloved Episcopal minister and educator of Brownwood, died peacefully at his home there on Monday of last week. He was 91 at the time of his death and had reached the mature age of 58 before he moved to Brownwood in 1904. Speaking of his impressive record, the Brownwood Banner says:

Dr. Power was the oldest minister in Brownwood the oldest college professor in the United States; the oldest newspaper columnist in Texas; the first Scoutmaster in Central West Texas. He was an organizer of the first commercial club in Brownwood and of the first charity organization here. He was a member of the first pastor's association in Brown County, formed soon after he came here to become rector of St. John's Episcopal Church in 1904.

Truly such a record is a greater monument than any that could be hewn from marble or fashioned from bronze. In the course of his long and active life, the Parson (as he was affectionately known because for more than 30 years he had written a newspaper column under that head for the Brownwood Bulletin each Saturday) had touched and benefitted thousands of lives. His religion and his philosophy were positive and constructive. He radiated good sense, good taste and good fellowship. This section of Texas is poorer for his passing.

WHERE HIS TREASURE IS

It would be easy to grow gloomy over the prospects for early dissolution and decay that confronts our American civilization whether we look at the threat of war to the East and to the West whether we count the thousands of new criminals that daily clog our courts and fill prisons, whether we ponder the materialistic philosophy that makes men selfish and greedy and cruel, the result is the same—Danger ahead.

We know of course that interest in religious and charitable enterprises has greatly slackened. In the chart published on this page is striking confirmation of how much our interest in them has lagged, and at the same time the channels into which our increased income is being poured are pointed out.

The Mormon Church in Utah has set an excellent example in checking to take its members off of federal and state relief and to care for them in the church. Because the government was forced to step in and help out, too many private citizens have washed their hands of private charity in recent years. Too many former church-members have lost interest in the church and its benevolences and have turned from the straight and narrow path to the broad highway that leads in the opposite direction.

This is a matter too serious to shrug away. How much are we contributing to the institutions that develop better men and women and a greater saner state? Unless we know that we are doing our share to uphold the right, we must accept our part of the responsibility for the threatening situation at home and abroad with which we are faced.

Our hearts will be with our treasure. What are we doing with it?

WINGS OVER WATER

Accounts of the transatlantic flights by American and British planes this summer have given the public the impression that regular passenger and mail service would soon be established. This idea accords with the opinions of the experts. It is also keeping with the news that flying boats are to be built in this country especially for the journeys over the ocean. The test has been made and transatlantic service found to be feasible.

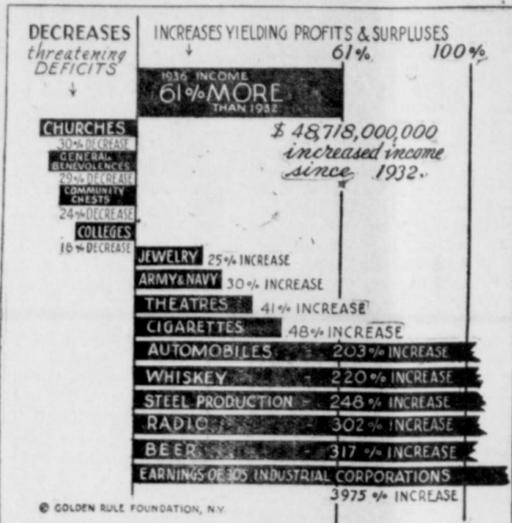

In one aspect of the situation there is an element of irony. The plane flying over the sea can avoid bad weather if it has the means concerning storm centers and their movements. But there are no fixed weather stations out on the Atlantic. Ships, however, may serve the purpose. They may send over the wireless in-

formation that will aid the pilot above the clouds in determining his course. Thus they will conserve. They will aid in the tribute to the success of a rival transportation of passengers and mails over the broad reaches of the air.

Suggestion is offered that shipping on the surface might refuse to co-operate with the ships of the air. The suggestion applies particularly to Great Britain which, it is explained, permits all first-class mail to go by air where and when practicable. But governments have the power in premises because of the subsidies they give to shipping. If the success of service through the air is dependent on weather news from the surface of the sea, it is safe to say that the news will be supplied.—Boston Transcript.

A POSSIBLE CAUSE OF DECLINE

Increases and Decreases from 1932 to 1936

The above chart, compiled by the National Committee for Religion and Welfare Recovery, is a thought-provoking presentation of facts which leads the Committee to ask: "May not these decreases in benevolences—as compared with increases in luxuries—account for the religious and moral decline that has been indicated in other sets of statistics and charts assembled by the Committee?"

For in spite of an increase of more than 61% in our national income for 1936 over that of 1932, and with a cumulative increase of \$48,718,000,000 since 1932, the American public actually gave 30% less to churches, 29% less to general benevolences, 24% less to Community Chests, and 18% less to colleges in 1936 than was given from the smaller incomes of 1932. On the other hand, expenditures for jewelry, theatres, cigarettes, automobiles, army and navy, whiskey, radio and beer increased from 25% to 317%.

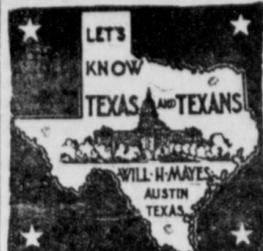

"Where a man's treasure is, there will his heart be also; and where a man's heart is, there will he direct his treasure."
Are we not getting what we pay for?

TAX-EXEMPT INCOME

The Supreme Court will soon rule on the government's contention that contractors on state and federal jobs should not be exempt from taxation on the income from such jobs. On the court's decision will rest the immediate future of the plan to bring under the income tax laws dividends from tax-exempt securities. The case has been argued before the high court once and the present brief before the tribunal was filed at the court's request. This has been taken to mean that the members of the court themselves were seriously inclined to restudy the entire line of decisions by which such securities have been held exempt in the past. Will these decisions be reversed? Dr. Nicholas Murray Butler, president of Columbia University, believes the court will now reverse its former stand, and he has informed the treasury with "becoming bluntness." Dr. Butler, it may be recalled, was active in the submission of the 16th Amendment to the Constitution, and he is of the opinion that the present move to submit an amendment dealing specifically with the question of tax exempt securities would be folly. He said: "There could be no more direct and unqualified grant of power to congress to tax income from whatever source than is contained in the language of the 16th Amendment. To adopt now another amendment definitely specifying that the congress might tax income from sources which have been held exempt by court decisions subsequently to the 16th Amendment would be to make us the laughing stock of the world. The decision of the Supreme Court of the United States that the language of the 16th Amendment did not mean what it said is the

most indefensible and most inexplicable in the whole history of constitutional interpretation. There is but one way out of the dilemma which confronts us. That is to resubmit the question to the Supreme court with a clear and definite argument along the lines which I have just outlined." Complete revision of the income and other revenue laws is slated for next session of congress, which never displays an earnest desire to deal intelligently with the tax situation, will do a thorough job of overhauling the system is problematical. — Mobile Register.

STUDY NOT OBLIGATORY The full duty of German students has just been outlined for them in a Decalogue issued by the leader of the Nazi student organization. It is set down in the new Ten Commandments that a young man's individual life weighs nothing against the interests of the state, that man is born to be a National Socialist, and that honor, character, courage, discipline and comradeship are virtues of the new Ten Commandments makes the point that a student's duty is to study.

There may be a reason why it is no longer considered necessary for a German university student to apply himself to his lessons. For some years now the German people have been told all that is good for them to know by Herr Joseph Goebbels over the radio.—New York Times.

SOCIAL SECURITY BOARD TO PAY CLAIMS DUE

AUSTIN, Oct. 23, 1937.—It was announced today by Jesse C. Carter, acting manager of the Austin office of the Social Security Board, that there are doubtless many individuals in the Austin area who are now entitled to lump-sum payments, but who have not filed claims because they are not familiar with the procedure.

There are two kinds of lump-sum payments: (1) To persons who have become 65 since Jan. 1, 1937; (2) to nearest of kin or estates of deceased workers. Each kind amounts to 3 1-3 per cent of the wages received from covered employment between Jan. 1, 1937, and attainment of age 65 or death.

Carter explained that if a claim is made on attaining age 65, the claimant should give his name, account number, address and the number of employers for whom he has worked since Dec. 31, 1936. If the claim is on behalf of a deceased worker it should show the name and account number of the deceased worker, how many employers he worked for since Dec. 31, 1933, the name and address of the claimants, the relationship of claimant to deceased worker and whether deceased worker left a will or whether administration is to be taken out on the estate. "The Austin office of the Social Security Board is cooperating with claimants by aiding them in every way possible and will assist employers in filing claims for employees who may be eligible for lump-sum payments," Carter said.
