## CHURCHES

### Good Friday at Methodist

Friday evening at 7:45 p. m. the Methodist Church will observe Good Friday Service with a "Cross Service" which will bring to remembrance the meaning of the cross. This service will be devoted to the public is cordially invited to attend this service.

### Methodist Church

The coming of Easter always brings to mind a unique way of Christian heritage. We see that Christ made it possible for us to know the Heavenly Father. He made it possible for us to know Him who did so much for us.

Every Christian who can will attend church somewhere. And all who want to worship and invite all our friends to worship on Easter Sunday. All will be especially appreciated for Easter. And returns for meeting starts at 7:30 p. m.

J. BRUCKS, Pastor

Workers Party

Forty members of the Workers class of the Sunday School enjoyed a party Monday evening in the recreation room of the "Forty-Two" was the theme of the evening. High score was made for by Bern Harris Hamilton.

Refreshments of apple, strawberry whip punch were served. A business meeting, it was held to hold a party hereafter on the evening of Monday of each month.

Assisting Mrs. John Furr, chairman of the entertainment committee, were Messrs. G. Blackburn, R. H. Harris, and R. C. Harris.

### First Baptist Church

E. E. DAWSON, Pastor

Next Sunday is Easter and the whole world is looking again at the fact of the resurrection. In keeping with the season and the universal idea, the morning service will have the Easter motif. A special program of music and a message on the resurrection will be given. Everybody is invited to attend. The evening service will be cancelled on account of the revival that Pastor Brucks and his brethren are holding.

Almost a score have taken the Sunday school course last week and this and the eyes of the church are being focused on a Standard Sunday School. Help toward that high attainment by linking yourself up with it. There is a place that fits every soul. It meets every Sunday morning at 10:00 o'clock.

### Y. W. A.

Addie Mae Summy was hostess to the Y. W. A. Tuesday night.

Mrs. T. F. Samson, W. M. U. president, gave a very interesting devotional. Each member made a tea towel to send to the Mission school at Bastrop, Texas.

The Y. W. A. will go to Frank Hines for an all-day picnic Saturday.

The next meeting will be a missionary program, and will meet with Jewell Fox.—Reporter

### Kluge—Clendening

On Friday, April 1 at high noon, the lives of Miss Wanda Kluge and Richey Clendening were linked together for life in a marriage ceremony pronounced by her father, Rev. A. T. Kluge in the library of the Kluge home, using the ring ceremony.

Miss Wanda was lovely in a pink wool traveling ensemble, with beige accessories.

Only her immediate family and two intimate friends were present.

The happy couple left immediately for a wedding trip to various South Texas points and New Orleans.

They are at home now in Aransas Pass, where Mr. Clendening is a junior member of Clendening Pioneer Mercantile Co., Inc.

He is a highly respected young man, deacon in his church and president of the Epworth League.

Miss Wanda as all her friends and acquaintances know is an ardent church worker and stands very highly in her home community. She was a freshman in Howard Payne College and always stood at the head of her classes. She will be greatly missed in her family home for she was a standby and motherly little helper, when Mrs. Kluge had to be absent.

The Eagle wishes Bon Voyage to the happy couple.

### SINGER

ROBERT J. KENNEDY

Robert J. Kennedy of Beville will arrive Monday and will direct the singing during the meeting at the Methodist Church.

The meeting begins Easter Sunday and all are cordially invited to attend and to help in any way possible.

Mr. Kennedy will also conduct services for the children.

### Detour Established On Highway 74-A

Detour signs have been placed on State Highway 74-a on the hill three miles south of Goldthwaite, just south of the old 3-mile railroad crossing, directing traffic towards Lometa over the old Lometa road west of the railroad tracks. Paving of the new highway from the Mills County line into Lampasas is making the detour necessary.

It is reported that the section of highway in Mills County from the Lampasas County line north to Goldthwaite will receive an oil preservative for protection during the dusty summer months but no work order has been issued on it yet, according to John G. Berry, state highway foreman for Mills County.

### Farmers to Plant One-Variety Cotton

Cotton growers of Star, Priddy, and Goldthwaite gin communities are to plant a sufficient amount of one variety of cotton to secure separate ginnings. This is commendable and should appeal to every planter in these communities. Less than half the cotton ginned in Mills County last year was tenderable. Farmers cannot afford to grow low grade cotton.

At Star T. L. Adams will get Watson seed for his patrons. Already more than half this section grow Watson. Many more will plant that variety this year.

About 70 per cent of the Goldthwaite gin patrons will plant Bagley cotton. This should be made unanimous.

We are informed that Priddy farmers will plant Mebane cotton to a large extent. Why not all plant the selected variety and secure separate ginnings.

All farmers in the Star, Priddy and Goldthwaite territory should plant the adopted variety.

W. P. WEAVER, County Agent

### Letter From Old Age Investigator

Dear Judge Gerald:

Due to the fact that I have been called to Waco, I will not be able to have Intake in Goldthwaite on Wednesday of next week. Will you please have the papers put in notice to this effect and have them state that I will be there on Friday of that week instead? I believe the day will be April 22. I will also be in Goldthwaite the following Tuesday, Wednesday and Thursday (last week in April) for office interviews by appointment from District office.

MRS. GRACE BARBER, Investigator

### Ten Years Ago It Snowed Easter

Earl Clements has preserved a copy of the Goldthwaite Eagle of April 13, 1928 which tells of the unprecedented snow that fell April 7 and 8 that year, the latter date being Easter Sunday. It was estimated that the snow would have been 18 inches deep if it had not melted as it fell. As the thermometer stayed above freezing, there was no damage to crops, but there was a heavy loss of sheep and goats. Like last week's cold weather, it all confirms the old saying that "anything can happen in Texas."

### Range Program Ready

Ranchmen are advised that the County Agent's office is now ready to take applications for the range program. Ranches inspected last year do not have to be inspected again.

Applications should be made at once. Cedar and pear cutting and ridgeing may be done now and checked when the work is finished.

Reservoir sites must be inspected and accepted before the work is done.

G. R. Goosby and W. P. Weaver, were called to College Station Sunday to work with the State AAA office on Mills County cotton quotas.

Mr. Weaver returned Wednesday and Mr. Goosby will stay until quotas are worked out.

Mr. Weaver reports that 29 counties have been finished and 40 counties are now being worked on while 150 counties are to come.

The County Committee has fixed the dates for re-seeding by deferred grazing from April 15th to September 15th.

### More FFA and 4-H Club Members

Eleven members have been added to the FFA and 4-H Club the past week. This brings the total membership up to 61.

New members are as follows: Arthur Byrd, R. L. Steen, Rellis E. Worley, F. P. Bowman, L. B. Porter, Anne Coleman, Earl Clements, Claude Dickerson, Long and Berry, Earl Fairman, Howard Hoover.

### Proclamation

To All To Whom These Presents Shall Come:

WHEREAS, the President of the United States has proclaimed the first day of May as Child Health Day in the nation; and

WHEREAS, May Day has become an officially recognized part of the community and state health programs throughout the country; and

WHEREAS, this observance has become an incentive for communities to organize permanent public health committees to study the needs of the community and to enter into year round campaigns for the betterment of the health and welfare of the children of our nation.

NOW, THEREFORE, I JAMES V. ALLRED, Governor of the State of Texas, do hereby proclaim May 1 as CHILD HEALTH DAY and urge all agencies, public and private, concerned with the health and welfare of children, on this day to co-operate in the plans of Federal, State and local agencies in promoting the health and security of the mothers and the children of Texas to the end that health and happiness may be brought to the children of "Blue Bonnet Land."

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin, this 7th day of April, A. D., 1938.

JAMES V. ALLRED, Governor of Texas

### Jurors Announced For District Court

Monday, May 2, District Court will convene in Goldthwaite for the first time since last October. By a special bill introduced at the last session of the Legislature Mills County now has only two terms of district court each year instead of four, the January and July terms being dropped.

Although it has been six months since the last term of court, the dockets are light. The first week will be devoted to civil cases and the second week to criminal cases. A case of forgery is the only important criminal case that seems sure of being called, although, of course, the grand jury may return other indictments.

The following citizens are summoned for jury service:

### Lions Fish Fry Is Called Off

Inclement weather made it necessary to postpone indefinitely the Lions Club's outing set for yesterday at Crawford Mills. A fish fry and picnic supper honoring the ladies were being prepared for the occasion.

### Santa Fe Transfers Employees

Darrell High, of Miles, displaces E. A. Kline at the Santa Fe Depot this week, and Mr. Kline displaces Oscar Burns on the night shift. Mr. Burns will go to Lometa for the present.

The local train which was discontinued in December, has been re-established, giving daily local freight service.

### Flower Show Is Postponed

The State Highway department's flower show which was announced for April 22 and 23 has been indefinitely postponed. The recent blizzard eliminated all of the exhibits.

## Damage from Blizzard Now Considered Less Than First Estimated

### Chain Letters Are Unavailable

A ruling of the Post Office department that postal cards of the chain letter type asking for a handkerchief, apron or cup towel are unavailable under the lottery laws, will blight the hopes of many enthusiastic card writers who have been holding visions of a deluge of gifts.

Post office regulations require that the cards be returned to senders, if known, and if not that they be forwarded to the Dead Letter Office for disposal. A prayer chain, which is in circulation seems also likely to be ruled out.

Although such schemes would net the government much additional postal revenue, they are not knowingly admitted to the mails and postal employees are instructed to inform inquirers of their illegality.

### Work Commenced On New Cut-off

Construction of the new highway between down-town Goldthwaite and State Highway No. 7 was started Tuesday. The work is being done by the State Highway department. R. C. Fryer, who formerly lived here, has been transferred from Brownwood to take charge of the work which is estimated will cost around \$7,000. There are ten men on the job now and it will run to as high as 25.

Beginning at the bank corner on Fisher street the cut-off will follow Fourth street to the Larsky corner and will turn again between W. E. Miller and Duke Clements to connect with Highway 7. The right-of-way is from 80 to 100 feet wide and a 20-foot strip down the center will be paved.

As the cut-off is only about one-half mile long, it will provide a shorter and much easier connection between the Waco road and the San Saba and Lampasas highways. W. W. Wilkerson, resident engineer of the Highway department, states that the work will be completed sometime this summer. Construction of the highway to Star by Hannah Construction Company is running ahead of schedule, he says, and he estimates it will be completed about the middle of June.

### Golf Links Planned For Goldthwaite

A number of enthusiastic golfers and would-be golfers here are interested in a proposal by D. Albert Trent to construct a modern nine-hole golf course on 200 acres of his place on the San Saba highway.

A golf professional from Brownwood inspected the land recently and was enthusiastic over the possibilities of building a sporting course with natural hazards. Another attractive feature is the closeness of the land to town.

### Named Assistant Attorney General

SAN SABA, April 14.—With the naming of Judge R. E. Gray to assistant attorney General of Texas, Attorney General William McGraw has placed a Central West Texas man on the staff of this office for the first time in a number of years and San Sabans are inclined to believe that Gray can as ably fill the place as any man from this section or any other part of the State. He will enter his duties in this capacity the first of the coming month.

### High School Eagles Have Big Week

This week has been and will be one of the biggest weeks of this year for the Goldthwaite High School Eagles. Monday, April 11, spring football training began; Wednesday, April 13, the track team met Brownwood High in a practice tournament; and Saturday, April 16, the track team will journey to Brownwood to compete in the District Meet.

At the first meeting of the football squad, twenty-one boys started out for next fall's team; and after the District Meet, six more are expected out. This is a fine number of players for the spring practice period, and there will probably be more out next fall, when the 1938 gridiron season officially opens. There are four practice games scheduled between now and the time for school to dismiss next May.

In the practice track meet Wednesday afternoon, the Brownwood Lions barely won with a total of 58 points, Goldthwaite having 51 points. In the track events, the two teams almost split even, as the Lions had one more second place than the Eagles, the first places going four each. In the field events, however, Brownwood took four firsts to Goldthwaite's two, but only two seconds to the Eagles four, thus giving them the seven points by which they won.

The District Meet is to be held in Brownwood on Saturday, April 16. From all the reports on the teams which are to participate in the meet, this year will provide plenty of tight competition, which, of course, is the thing that makes a track meet interesting. The Eagles have one of the strongest track teams in the last several years, and as they took their share of the honors in last year's district meet, they are expected to do so again.

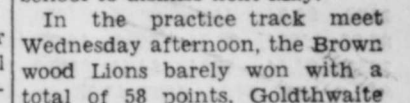

### Rainbow Colored Easter Chicks

A novelty that is attracting considerable attention here is a display of live baby chicks in all colors of the rainbow.

The Easter chickens are in Gerald-Worley's show window. The owners refuse to say whether or not they were hatched from colored Easter eggs.

### EASTER PICTURES

Daughter's new Easter Rabbit—an intimate, revealing close-up. A portrait attachment lets you get close-ups like this. Note the sketch below.

IT WON'T be long now before the Easter Rabbit is prowling around the corners of the backyard, tucking brightly colored eggs and baskets of candy into snug, concealed spots. Shortly we will be seeing the annual Spring fashion parade to church, and yellow bonnets will be nodding in every breeze.

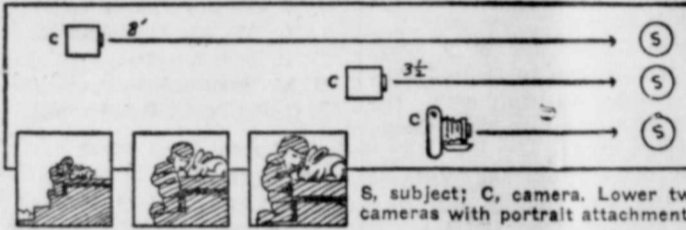

April 17 is Easter, and the question now is—have you your camera polished up and loaded, ready to memorialize that eventful day in pictures that you will treasure in later years?

There are dozens of pictures that can be made on occasions like this, and each one has memory value. You probably need new snapshots of members of the family—and will they pose enthusiastically when they

have new Spring outfits to display! The children's Easter fun should be fittingly recorded—in intimate close-ups (a portrait attachment helps there) showing them with Easter baskets and the brown or fluffy white Easter bunnies they receive.

Make sure that you get an "off to church" picture, a snap of Mother picking or arranging the first bouquet of Easter flowers. Let your camera write the day's history. Don't include too much in each picture—keep your camera close, and get the little, interesting details that make a picture live! And when you put the pictures in your album, date each one. A memo of day and year gives added value to the family's picture-history book.

John van Guilder

With many cameras, you must be six to eight feet from your subject to get a picture. But slip a portrait attachment on the lens—and you get pictures at three feet six inches, or even nearer with some cameras. Result: big images of little subjects, and better pictures.

### Scallorn

By Mrs. Cora Ford

Saturday night and Sunday will be long remembered by this community. The Life Service Band from Brownwood came and rendered a fine program, which was enjoyed. Each service had a large attendance. There was a nice dinner served at the church and was enjoyed. Bro. Pertilier will be back with us again Saturday night before the fourth Sunday.

Rev. and Mrs. Dawson and several others from Goldthwaite attended the afternoon services.

Earl Blake and wife from Mullin spent the week with Mrs. Ora Black and attended church. Mr. and Mrs. Dave Williamson and Rachel Ford from Eldorado, spent the week end with their mother, Mrs. Marvin Laughlin.

Homer Eckert and family took supper Sunday night with Mrs. Cora Ford and attended church.

Fred Laughlin and family spent Thursday in Mr. and Mrs. Varnell's home.

Several from here paid their last respects to Mrs. Adams who passed away Monday morning. The bereaved ones have our sympathy in their sad hour.

Miss Greeda Hines spent last week with her sister, Mrs. Freda Todd in Santa Anna.

Mrs. Barney Laughlin carried her son to the doctor Friday. He is suffering with bronchial trouble.

### Business

Despite the sharp decline in stock and commodity markets last week there is a growing feeling among impartial observers that business generally will show marked improvement by late summer or early fall. Reports from Detroit indicate that sales of new cars, which began to pick up ten days ago, were exceeding earlier expectations. Rayon manufacturers believe that priced dresses and underwear are increasing. Steel operations were up to 35.7 per cent of capacity last week, largely because of purchases of steel by manufacturers of stoves, refrigerators air conditioning equipment and farm implements.

### Wonderful Texas

The following interesting facts about Texas, the Lone Star state have been compiled by O. B. King of Fort Worth.

To begin with, the capital building at Austin is the largest of the state capitols and is second only to the U. S. Capitol at Washington. It is seven feet higher than that building. It was the seventh largest building in the world when erected and cost the state three million acres of land in near the Panhandle that would perhaps sell now for many hundred millions of dollars counting oil, gas and farm products.

If the nation were divided into twelve equal parts, Texas would be larger than either part. It is more than 240 times the size of Rhode Island; and if spread out the equator entirely around the earth it would make a strip more than ten miles wide. If divided out to farmers, a quarter section to each, and placed end to end the farms would make a strip around the world twenty one times.

The capitol building at Austin contains 258 rooms, 900 windows, 500 doors, 7 miles of wainscoting, cover 3 acres of ground and has 18 acres of floor space.

There are approximately 780 newspapers in Texas.

The largest county in the United States is Brewster County, Texas with an area of 5,935 square miles, almost six times as large as Rhode Island. Five Texas counties are larger than that state.

If the population of Brewster County were as dense as that of Rhode Island the county would have more than four million people. The county now has 6,600 residents.

The 17,000 miles of railroad found in Texas is more than found in any state. Only eight nations of the world have more than the state has and only two of those nations have twice what Texas has.

The governor of Texas rules an area larger than France, Italy Germany, Spain. The United

Kingdom or any other European country except Russia. He receives only \$10,000 per year while the King of England with very little responsibility receives something like \$1,500,000. Japan is also smaller than Texas.

If the state were as thickly populated as the United Kingdom we would have a total of 135,000,000 people within our borders. Even with that enormous population we could produce a greater abundance of food and clothing from our soil than the people of The United Kingdom could produce within their borders.

More big league ball players go out from the Texas League to the big leagues of America than go out from any other baseball organization on earth.

More than half the cans made and sold in the United States for home canning purposes are sold and used in Texas. The large crops of fruits and vegetables throughout the state each year account for such enormous consumption. I am sure we can safely say that this record beats that of any other section of the world for tins used for home canning purposes only.

The total of the products of Texas that may be used for food for clothing and for warmth is larger than that produced in any other like political division of the world.

Texas is first in total crop valuation in America on the average and is the raw material center of the world, furnishing a large part of the cotton, mohair, wool, cattle, sheep, feed crops and many other articles that together make more unfinished products here than are found in any other like single political division on the face of the earth.

Though Texas is not first in corn production our annual average corn patch is approximately 5,000,000 acres, an equal area to about three times the combined areas of Delaware and Rhode Island.

The African ostrich sometimes reaches a height of eight feet and weight of more than 250 pounds.

### Radio

While scientists in laboratories strive to precision and bring the man's pocketbook, the use of radio sets increased port recently issued by International Broadcasting in Geneva, Switzerland that there were 65,000 sets in use at the end of compared with 43,000 end of 1936. ## Rock Springs By Mrs. Eula Nickols

Bro. J. C. Wade delivered two good sermons Sunday. There was a large attendance at each service.

There will be an Easter egg hunt for the children after Sunday school Sunday. I was informed there wouldn't be church or singing Sunday.

We extend our sympathy to the Mason children and grandchildren in the loss of their mother and grandmother.

Of course everybody realized we had lots of very bad weather most all last week. We needed the fine rain but not the freeze. I'm guessing there will be lots of garden seed planted this week, as well as other seeds. There was some stock died last week from the freezing weather as well as lots of wood burned.

Wiley Mahan and wife and sons spent Sunday in Brent Daves home across the bayou on their way home they called in the Nickols home.

Bill Alexander and wife and Meryl and Oleta from Center City, Mr. West from Louisiana, Mr. Hornsby from San Angelo, Web Davis and wife and Herman Boenica from Brownwood, J. T. Stark and mother and Joe Davis and family were visitors in J. F. Davis's home Sunday.

Crawford Cooper from Sudan, Texas spent a few hours with Mrs. Eula Nickols and Philip Friday night he is a cousin of the Nickols children. Dwight brought him out in the evening. It had been 34 years since he visited here.

J. W. Weaver, Wichita, Kansas and Miss Nellie Dee Cooke, Winters, Texas, were married Saturday, April 2 at 8:30 p. m. in the home of J. H. Pierce, 1637 Park Place in a ring ceremony performed by the Rev. Dawe, pastor of St. Paul's M. E. Church. Weaver is employed in the material department of the Phillips Petroleum Company. Mrs. Weaver taught school in Winters.

Attendants were Mr. and Mrs. R. G. Moss.

We wish for this couple a long and happy wedded life. Most everyone knows Nellie Dee as she lived here until she began to teach school. She spent some of her vacation on the farm with her father and brothers. As to the young man, we haven't known him as long as we have Nellie Dee, but he has chosen a mighty fine mate to journey through life with him. I hope she has made just as good a selection for herself.

The club is making a quilt to be given away soon.

## Jones Valley By Mrs. Geo. D. Brooks

Mrs. S. A. Richardson of Ridge visited Mrs. Dalton Powell Monday. Master Samuel Powell returned home with her for a visit.

We had lots of bad weather this week. Most of the gardens were killed. I think part of the fruit got by.

We have been so busy moving that I haven't time to collect much news. We got the house on skids when the norther, rain and hail hit so we had to live up in the air for several days, but now we are sitting on the ground again in our new location.

Raymond Wilcox took dinner with Horace Brooks Sunday.

Mrs. O. B. Bell, Grenetta and Vera Mae visited relatives in De Leon Sunday.

Mr. and Mrs. Harry Boyd visited his father at Rock Springs Sunday.

Sydney Brooks spent Wednesday night with Wayne Wilcox.

Mr. and Mrs. W. B. Wilcox brought the boys down Saturday evening to see the house moving.

Mrs. Earl Hale and Neta Earl Mrs. Otto Singleton and children visited Mrs. Kirk Sunday.

Mrs. Kirk and Mrs. Shirley Nickols visited with Mr. and Mrs. Geo. Brooks Saturday night.

The illusion of depth is cheated by building bookcases on either side of a wide doorway leading from living room to dining room.

## Ebony By Clementine Wilmeth Briley

Remember that next Sunday afternoon at 2:30, Bro. Edgar Furr of Goldthwaite will preach for us at the school house. Everybody is cordially invited to be present.

April, usually the month of sunshine and showers, turned Old Man Winter on us last week, bringing us a stiff norther which blew three days accompanied by rain, ice, snow, and heavy frost.

The cattle shivered in the cold. Tomato plants were killed. Most gardens will have to be replanted. The corn and maize looks dead, though some think they will come out all right. The leaves on the trees look scorched.

The peach leaves look curled and dry. We wonder if any fruit will survive. Even violets and chrysanthemums, plants that grow all winter, seem to be scorched and damaged.

Gene Egger killed another big rattlesnake last week. It had fourteen rattles.

Mr. and Mrs. Pleas McNurlin of San Saba spent Sunday with Mr. and Mrs. Billie McNurlin.

Mrs. Hard Hobbs of Cross Cut visited with Mrs. Bob Egger last week.

Mr. and Mrs. Jack Williams of Oakland spent Friday night with Mr. and Mrs. Charm Whitteburg.

Mrs. J. W. Roberts went to Brownwood Saturday to visit Aunt T. Purcell. Aunt T, has been sick, but is better.

Sunday after church, Mr. and Mrs. W. A. Whittenburg, Mr. and Mrs. Charm Whittenburg and Baby Clint and Mr. and Mrs. Ed ward Egger went to Oakland, where they had dinner with Mr. and Mrs. Jack Williams.

Mr. and Mrs. Ralph Wimbleth and baby Lucy Gale of Spring Creek School, San Saba County spent the week end at the Wilmeth home.

Mr. and Mrs. Jess Egger and Mr. and Mrs. P. R. Reid visited Mr. and Mrs. Wood Roberts Sunday afternoon.

Mrs. Charles Roberts went to see her doctor at Santa Anna last week. He said she was just getting along fine.

Mrs. Nellie Malone, Mrs. Blue Thompson, and Mrs. John Briley visited Mrs. S. L. Singleton Monday afternoon. They found her out in her back yard gathering roses for everybody off of her thrifty rose bushes.

Mrs. Hubert Reeves and Miss Bernice Wilmeth attended the Mid-Texas Teachers' Association at Brownwood Saturday.

Mr. and Mrs. J. R. Briley had dinner with Mr. and Mrs. J. C. Crowder Sunday after church.

Mose Smith, who came home from Midland as soon as he received news of the arrival of his little daughter, returned to his job Tuesday. Mrs. Smith and Patsy Faye are staying with his mother, Mrs. Henry Smith.

Mr. and Mrs. Mack Chesnut from near Cross Cut spent Sunday with Mr. and Mrs. R. M. Haynes.

Misses Juanita Estes, Maurine White, and Marie Smith of Oakland attended church here Sunday.

Austin Caywer and his brother F. E. Caywer visited at the Dwyer home and attended church here Sunday.

W. L. Wharton, Jr., lately of Brownwood, but now of Plainview, will hold our meeting here this summer including the third and fourth Sundays in July.

## Long-Lockhart

The marriage of Miss Inez Long daughter of Mrs. Henry Ezell, to Mr. Thurnal E. Lockhart was solemnized at 9:30 a. m., Sunday April 10, by Rev. Sam Taylor of San Saba.

The bride wore a two-piece bolera dress of A'paca sheer in rust and beige, with rust accessories.

Miss Long has been employed for several years as a clerk by O. H. Yarborough.

The groom, son of Mr. and Mrs. Edward Lockhart, of Lampasas, is at present, employed at the Marshal Ford Dam.

Only a few close friends attended the wedding.

### HOME ECONOMICS

The mothers were entertained with a banquet given by the Home Makers Club on March 31. Easter decorations made the banquet hall beautiful. Small baskets filled with jelly beans topped by small rabbits were the favors.

Blue Bonnets and roses were in all of the windows.

A very nice program was given by the following girls and teachers:

Invocation — Miss McClanahan; welcome, Mamie Simms; response, Mrs. Phillips; creed, Mary Etta Shepard; Home Makers History, Marjorie Bratton; What We are Doing in Home Economics, Cleora Schrank; Benefits of Home Economics, Dorothy Shepard, and best of all, was Mr. Robinson's toast to the Home.

When no one was speaking we were eating and listening to music furnished by Victor Schrank, Miss Hilma Hein, Miss Ruth Hein, and Alvin Seigmond.

Another district meeting will be held at Winters next week end 22 and 23. Those attending from Priddy are: Ida Lubke, and Elvera Schrank. Miss McClanahan will take them in her car.

### SENIOR CLASS

The seniors are looking forward to the last few weeks of school with pleasure. Why not? We have our trip. A senior week and final examinations, and everything else that is nice.

Last Tuesday night, April 5, the seniors had a wiener and marshmallow roast. We really had fun, too. Everyone of the seniors were present except Rec-tor Shultz, who has the mumps.

### GENERAL

There will be several Easter egg hunts in Grammar school, Thursday. A few of the high school girls are anxious to hide the eggs! We wonder if all of them will be found?

The grammar school is scheduled to give a program on the 29th of April.

The juniors are beginning a play to defray expenses of the annual Junior-Senior Banquet.

As two of the seniors are going to Daniel Baker to college next year, the entire class has been invited to a "prom" there on the 29th.—Reporter.

### MORE CLOTHES FOR TEXAS

In one short year the number of clothing factories in Texas has increased ninety per cent. There were 52 establishments in 1936 producing men's clothing and 28 for women, not including millinery. Now 150 are operating, which at least seems an indication that Texas' manufacturing aspirations are well founded.

**Convenient Cottage Planned For Family of Small Income**

THERE is a touch of old England in this home, supplied by the massive chimney and the deep slanting roof, as well as the timber effect around the entrance, and yet the house has been laid out with typical American efficiency so its compactness means economy both in erecting and in use.

The living room is large. The bedrooms have ample closet space and are conveniently near the bathroom. A dinette replaces the dining room and adjoins a carefully designed kitchen.

Most useful feature, however, is the utility room between the garage and the kitchen. In it are the household washing machine and ironer, the set-tubs and the heater. Here, convenient to the kitchen operations and with excellent cross-ventilation, the home laundering operations are done easily and speedily. And there is added economy in the fact that the utility room eliminates the expense of basement excavation.

Such utility rooms are growing steadily in popularity. Sometimes they are in the basement. Far more often they are being placed on the ground floor, even built into unused space in rambling old houses.

**P.-T. A. Report**

The sixth grade presented a very interesting program using as their theme "Texas." As a special feature, Miss Edna Taylor gave a chalk talk while the sixth grade sang, "I'm Coming Back to You, My Texas." Preceding the program and business meeting, the freshmen and sophomore mothers served delicious refreshments to those present.

**S. E. Q. Club**

The club met Tuesday afternoon, April 5, with Mrs. W. D. Leverett. We quilted on a Dresden quilt. All were present except Mrs. Cole and son. Mrs. Claude Eacott and her mother, Mrs. Fox were our visitors.

Mrs. Leverett served sandwiches, fruit cake and dates with pecans and ice tea. It was Mrs. Shelton's birthday, so we gave her, her gift, which was a nickles worth of print.

On Tuesday, April 12, we met with Mrs. Eula Nickols in her country home. Everyone had a good time and all enjoyed a fine dinner.

There were five and one visitor, Mrs. B. F. Renfro present for dinner. After dinner two more members came.

We quilted on a log cabin quilt and it was finished. Mrs. Nickols served stick candy and ice tea.

We meet next time with Mrs. Glenn Nickols.

**FORMER MILLS COUNTY CITIZENS TO HOLD ANNUAL PICNIC**

Former Mills County citizens who live in Dallas and Tarrant Counties will hold their third Annual Picnic at the Meadow Brook Park in Arlington, Texas, the first Sunday in May at 10 a. m. to 5 p. m.

Everybody come and bring well filled baskets. Bring your old friends.

This invitation should be accepted by many.

The Eagle Editor returned, Monday from a visit to San Antonio and Corpus Christi.

Rachel Ford won first place in the Junior Girls' Declamation and in tennis singles in the 4-county meet at Sonora.

Mr. and Mrs. W. E. Miller returned last Monday afternoon from a visit with relatives and friends in north Texas, Arkansas, Mississippi and Tennessee. Mr. Miller stated that his happiest day of the trip was on the 20th of March, when the Collinsville Baptist Church and friends gave an all-day celebration in his honor. Mr. and Mrs. Miller returned to Goldthwaite in their new Hudson 8 auto.

**Junior-Senior Banquet Held**

Thursday night, April 7, a gala group of Juniors and Seniors convened in the basement of the Methodist Church for the annual Junior-Senior Banquet.

The banquet was a burlesque political rally, based on the idea that each senior will be a candidate for election to some position after graduation, and that the teachers have been their campaign managers.

The decorations followed the political motif, with red, white, and blue as the colors. Crystal candelabra holding candles of these colors were used alternately on the table with white bowls of bluebonnets. The program booklets which served as place cards, were large white hats bearing the words, "I throw my hat in the Ring."

The food was exceptionally delicious. It consisted of fruit of legislation, "taxpayers' teardrops," "baked politicians," "ballyhoo brew," "firecracker salad," "party beats," party painters, and "congressmen's loaf." The serving was done by the future politicians, the Sophomore girls.

George Ballard, Junior President, acting as toastmaster, started the program off with a nifty welcome address. Rev. F. J. Brucks pronounced the invocation. Oleta Henry gave a splendid response to the welcome address. Aubrey Smith then gave his interpretation of election music. Several juniors proceeded to give a hilarious political skit—a skit, by the way, which was written by Thelma Henry, Fay Boland, John Bowman, and Lawrence Stokes, four juniors. They really have talent. After the skit, dynamic little Luther Tyson gave the Senior prophecy, which was received Catherine Fairman then read, very entertainingly, too—the Senior Will—more roars. Our superintendent, A. H. Smith, gave the principal address of the evening. He gave many helpful ideas and plenty of good advice. After Mr. Smith's address, the audience sang Robt. Burns' grand old song, "Auld Lang Syne."

The Juniors very graciously took the Seniors downtown after the banquet, and the gorgeous technicolor picture "Ebb Tide" was viewed and enjoyed immensely by everyone present.

**Art and Civic Club**

A delightful afternoon was spent in the home of Mrs. W. P. McCullough on Thursday, April 7, when she was hostess to the Art and Civic Club. This date had been designated as "Health Day" with "Modern Hygiene" as the subject of study.

Mrs. A. L. Whittaker, sponsor of the program, led in a discussion of ideas pertaining to health then read a very interesting article on, "What it Means to Be a Doctor's Daughter," which was written by her cousin, who, like herself, is the daughter of a doctor.

As a special feature, Mrs. Whittaker had secured the services of Mrs. Zo Austin Jones, district health nurse, who lectured on "Communicable Diseases," a matter of common concern.

Mrs. McCullough served a lovely salad course to members and the following guests: Mmes. R. E. Clements, J. M. Campbell, Raymond Little, E. B. Anderson, J. J. Stephen, Owen Clements, Duke Clements and Robert Littlepage. —Reporter

**Profit Making... PULLETS**

The one aim of the poultryman when he purchases his baby chicks is to make a profit from them. Well-grown pullets appear like good property for this fall. But its not MUSHROOM GROWTH that counts. Sturdy, healthy, big framed birds that have been properly developed lay the most eggs and make the most money. You can have pullets that will be real profit-makers by properly feeding them right on to the laying season. Our MID-TEX Starter and Growing Mash will make real layers out of your chicks.

# The Rocketship Soars—At New York World's Fair

NEW YORK — (Special)—The dream of the mechanical age and perhaps the commonplace event of the World of Tomorrow—a trip to Mars in a rocketship—will be produced in tangible form in steel and glass when a model working rocketport is placed into operation at the New York World's Fair 1939.

Now being constructed by Raymond Loewy, industrial designer, the operating planet-line will be part of a free, focal exhibit in the

transportation section of the Fair. More than a thousand visitors will be able to see the show at one time. After an interesting, activated display of transportation from the day of the cave man to the present, illumination in the auditorium will be shifted to spotlight the rocketport.

Airplanes, liners, railroad trains and taxicabs of futuristic design will bring passengers and twinkling elevators will begin loading the rocketship's cargo. When the

time comes for departure, sirens will sound, machinery will hum, a giant crane will lift the rocketship and place it in the breach of the gun and a brilliant flash and an explosion will indicate that the world-folk are off on a visit to another planet.

By means of an ingenious invention resembling the shutter of a camera, placed in the sky-ceiling, the audience will seem to see the rocketship vanish into the vast reaches of space.

## Lampasas

George Gartman, Jr., student in the University of Texas, Austin, spent the week end here with his parents and with friends.

Mrs. Tom Bell is very ill at her home here. Wednesday Dr. Joe Townsen of Goldthwaite was called to see her.

Quite a nice group of kindred spirits met at the residence of Mrs. J. W. Townsen Thursday evening following the Litany service in compliment to Rev. W. A. Reimann, former rector of St. Mary's Episcopal church. Miss Elizabeth Townsen and Rev. Chas. A. Woodward greeted the guests at the door, after which all enjoyed an hour or so informally.

Chas. Bailey, George Taylor and Jordan Wolf are freshmen students in Texas A&M College this year from Lampasas. A report from the college a few days ago showed that these three young men all made grades during the first semester placing them with the first 25 per cent of the students of the college.—Record.

The Wednesday Study Club met in regular session April 6, in the home of Mrs. Dennis Black, with Mrs. Brown Mayes as co-hostess.

The program, Current Plays was led by Mrs. Jack Adams.

Mrs. R. B. Senterfitt, Miss Pauline Senterfitt, Mrs. May Singletary and Mrs. Harriet Manuel visited Tuesday in Temple.—Leader.

## 153 FORGOTTEN GHOSTS

Humble sacrifices to a growing civilization are the 153 ghost towns listed by the Texas Almanac. Killed by the failure of an industry or the changing of a train track, these villages started life as optimistically as some of our larger cities today. Their names, Duck Creek, Gertrude, Parson's Seminary (famed for its female school) and others, seem still alive, even though the inhabitants and buildings are gone forever.

## Santa Fe Offers Educational Awards

Recognizing the importance of Texas as an agricultural state, its immense size and the large number of schools interested in the study of vocational agriculture, the Santa Fe Railway will offer two educational awards to Future Farmer stock judging teams in the Lone Star State this year.

Conditions of the offer provide that the winning teams must represent a Santa Fe town or community. In giving two awards to Texas, it is stipulated that one team will be chosen in Territory served by the Gulf, Colorado and Santa Fe and the other from territory of the Panhandle and Santa Fe.

In all cases, the winning teams are selected in state-wide contests sponsored by the vocational authorities. These contests are usually held in April and May.

Towns from Missouri, Kansas, Colorado, Oklahoma, New Mexico and California won Santa Fe awards last year.

## ARE YOU ONLY A 3/4 WIFE?

MEN because they are men can never understand a three-quarter wife—a wife who is all love and kindness for three weeks of the month—but a hell-cat the fourth. And make up your mind men never will understand. There are certain things a woman has to put up with and be a good sport. No matter how loudly your nerves scream—don't take it out on your husband.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood into womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife. Take Lydia E. Pinkham's Vegetable Compound and go "smiling through." Over a million women have written in reporting benefit. Why not give this world-famous medicine a chance to help YOU?

## San Saba

Judge and Mrs. R. E. Gray are receiving congratulations from their many friends on his appointment as assistant attorney general. The appointment will become effective on May 1st.

According to W. T. Terry, assessor and collector, a total of 1,481 auto license have been sold in San Saba County up to April 1.

A library here, sponsored by the San Saba Study Club, is to become a WPA project. If present plans of the commissioners' court go forward. A librarian from WPA rolls would be in charge of the library and the reading room it is understood. Purchase and selection of books would still be in charge of the Study Club.

Rev. and Mrs. Grady Pricer spent part of last week in the home of Dr. and Mrs. Colvin of Goldthwaite.

J. K. Rector, who celebrated his 89th birthday on April 1. He has seen a great deal of development in San Saba since he came here in the 1889's and is still actively engaged in commercial law and in the real estate business.

Mr. and Mrs. Joe M. Parker had as week end guests their children, Mr. and Mrs. Willis Parker of Cisco, and Mr. and Mrs. Lucion Brooks of Moran. Mr. and Mrs. W. T. Kirby of Goldthwaite were Sunday visitors.

A new Tri-County Baseball League is to be formed here this Thursday evening at a meeting representatives of seven towns coming for the occasion to map

out the season's schedule.

Mrs. L. A. Skaggs entertained a number of ladies from San Saba at her home in Brady on Tuesday. A delicious luncheon was served at one o'clock.—News

## HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress. Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.

You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

### Junior-Senior Is Success

Thursday night a large group was in attendance at the Annual Junior-Senior Banquet at the school auditorium, despite the fact old man winter was reigning over this area.

The estimable Home Economic teacher, her class and a group of willing mothers assisted in making the banquet a brilliant one.

The Sophomore girls also added to the success and were lovely in white and purple.

**Elaborate Decorations**  
The tables in design of a large E was in Easter decorations and the Easter motif was carried out in all decorations.

Place cards were daintily attached to a tiny basket and Mr. Rabbit was standing at attention all in gold, though he was miniature in size.

The varied-colored candles all burning brightly lent a glow of gladness and cheer to all at the festal board.

### Juniors and Seniors in Gala Attire

The Junior and Senior girls were lovely in evening creations of the latest vogue and style.

The young men were attractive and all dressed up for the happy occasion.

Parents, teachers and friends felt proud of these fine young people, and anticipated for them the best gifts of life, as they stood at the door of independence, truly a commencement of a new life and new responsibilities.

### Interesting Program

A Toast to the Seniors, "Things That Endure," by Barbara June Casey.

Response by Seniors—"Affection's Tear," by Jack Cooksey.

### Local Boy Honored

A letter from the Dean of School of Arts and Sciences at A&M College to Alvin Caraway of this place, bestowing an honor upon him, was received this week.

The Eagle is glad to print such nice things about our Goldthwaite boys.

The letter follows:  
Cadet Prentice A. Caraway  
College Station, Texas  
Dear Sir:

It is with great delight that I find your name in the fall semester list of distinguished students, as reported by the Registrar. I wish to congratulate you and your family on the honor you have won. Students who achieve such records are undoubtedly justifying the expenditures made on them, both in money by the State and in interest and assistance by the Faculty.

Sincerely,  
T. D. BROOKS, Dean  
School of Arts and Sciences.

Brief talks were made by M. Y. Stokes, Jr., Goldthwaite; Dr. R. H. Jones, Miss Sybil Guthrie, Mrs. Eula Harkey, Mr. and Mrs. R. H. Patterson.

Introduction of teachers, trustees, wives and visitors.

Special song quartet, Juanelle Burkett, Jenevieve Miller, Wayne Clendenan and Norman Duren. Miss Catherine Baring at the piano.

The principal address was given by District Supervisor H. E. Robinson of Brownwood. His subject was "The Home."

This program was interspersed by music by a trio from Daniel Baker College, directed by Miss Mae Brannon.

### Local Girls Appeared In Operetta

STEPHENVILLE.—Two Goldthwaite girls, Tarleton students, appeared in the cast of "H. M. S. Pinafore," Gilbert and Sullivan operetta presented at the John Tarleton College auditorium by the combined Tarleton Chorus and Tarleton Orchestra.

R. Berton Coffin, Professor of voice and theory at Tarleton, and director of ensemble singing, directed the operetta. He was assisted by Mrs. Coffin.

The Goldthwaite girls will appear again when "Pinafore" is presented for the second time Tuesday night, April 12, at the Tarleton auditorium.

Lorane Bledsoe, daughter of Mr. and Mrs. Carl D. Bledsoe, will sing the role of Josephine, Captain Corcoran's daughter who loves a sailor but is supposed to marry Sir Joseph Porter, K. C. B. Betty Jo Whittaker, contralto, sang the part of Sir Joseph's "sisters and his cousins and his aunts." Miss Whittaker, daughter of Mr. and Mrs. A. L. Whittaker, is a member of the Tarleton Chorus and girls' sextette and belongs to the J. A. P. S. Club. Both she and Miss Bledsoe are juniors at Tarleton, and are expecting to visit their parents in Goldthwaite during Tarleton's spring holidays next week.

French girls, wishing to avoid being "old maids," pay prices ranging from \$25 to \$3,500 to men in temporary marriages so that they may add Madame to their names. French courts are doing a rushing business granting divorces to these women.

### Teeth Are Clue to Birthplace, Dentist Claims

VANCOUVER, WASH.—A man's teeth often reveal what part of the United States was his birthplace, according to Lieut. E. A. Waterman, CCC dentist.

His theory about such matters is based on information acquired during a nine-month period in which he examined the teeth of 1400 CCC enrollees from 45 states and 11 foreign countries.

The best teeth (natural) in the country, he thinks, are those of Arkansas and Tennessee residents.

The worst come from New York, New Jersey and various New England cities.

Diet, work and water, Lieut. Waterman said, probably accounts for the excellence of Southerner's teeth. He explained the "quiet life" of the South leaves residents free to think about and enjoy their food. As a result, they masticate it thoroughly. Water from the Cumberland Range and the Ozarks, also help in building strong teeth because it's hard water, containing the necessary minerals.

In the Eastern cities, by contrast, life is apt to be keyed on a higher speed, leaving residents in such a mental condition that they eat only because it's necessary for life. The foods also are different—soft and lacking fresh vegetables. Lack of exercise and fresh air is another drawback to good teeth in the East.

In the thefts of motor cars police records indicate that men between the ages of 18 and 25 are the greatest offenders.

### Want-Ad Gets More Than 10 Million Circulation

RICE LAKE, WIS.—A 55-cent want-ad published in the Rice Lake Chronotype March 9 established what is believed a record when its circulation ran into the millions and it was broadcast over several stations. The ad follows:

"Wanted: a maid for general house work. Seven children, lots of noise, nothing to eat. Husband an alderman; another business on the side, late for noon lunch as often as six times a week. Position offers splendid opportunity for one wishing to gain experience as to management of private restaurant or small hotel or possibly a Day Nursery. Wages. If still interested, call 4822."

W. D. Leary, publisher of the Chronotype, purposely refrained from making any special mention of the ad in the paper, just to gain the public's reaction. Friday the ad was carried on the front page of the Milwaukee Journal and the Chicago Tribune. Most of the Twin City papers carried it as did many papers in the Midwest.

It was put on the Associated Press wire and sent all over the country. Several radio stations used it in their news broadcasts.

The ad was printed in papers of more than two millions circulation that are seen here. One answer to the ad came from Memphis, Tenn., from a middle-aged woman who said she could handle "Men, beasts and children and could shoot like h—." At the close of the letter she added, "How am I doing?"

Newspaper men estimate that the ad eventually reached a circulation of well in excess of ten million. Mr. Leary said that it was the biggest want-ad in history.

### Building Costs

Reports from various sections of the country indicate that building costs are now 20 to 30 per cent under a year ago. Most of the decline has been in material costs and there have been very few wage scale reductions in the building trades. Prospects for a greatly expanded residential building boom during the spring and summer appear especially bright according to Stewart McDonald, Federal Housing Administrator.

### Will Rogers' Humorous Story

By WILL ROGERS

THE doctors often have very weird tales to tell about the guys that come in to see them. Also they sometimes have very funny ones to tell about the patients that

they have or heard about. Old Doc Sawbones up in New York State was the friend of the entire community and people always came to him for advice as well as treatment.

One day Hiram Jones came slowly sauntering up to his office and sitting in the easy chair started to stretch and yawn.

The Doc spied him and said, "Well Hi, what can I do for you?" "Oh, not much," said Hi, "but I was wondering if you would do me a favor."

"Sure thing, Hi. Just tell me what's on your mind." "Well, you see, my wife fell down last night and broke her jaw, and if it ain't too much trouble, I wish you'd drop around some time next week and look her over."
