Reporters Association Organized For County H. D. Clubs

According to a bulletin from the Extension Service of the A&M College, all reporters need some training, so Miss Emma Scott, Home Demonstration Agent, called the reporters from all Mills county H. D. Clubs to meet in her office last Saturday, to form an association of H. D. Club reporters.
Five reporters responded. Mrs. John Schooler, from the Goldthwaite club was elected chairman and Miss Ruby D. Berry from the Pleasant Grove club was elected secretary.
Miss Scott gave instruction by means of an outline and construction of some recent announcements and reports, then the association adjourned to see the beautiful picture, "Sweethearts" as guests of Miss Anne Coleman, at the Melba.

Drivers License Extended Again

AUSTIN, March 23.—Police administrators of other states were notified today of an indefinite extension period for Texas driver's licenses after April 1, Ralph L. Buell, chief of the licensing bureau, announced.
The bureau head said a measure is pending before the legislature to provide for the reissuance of driving permits which expire April 1, after three years of validity. The new licenses will be issued by the public safety department instead of by tax collectors who distributed them when the law went into effect in 1936.
Chief Buell said temporary licenses will be assigned to drivers who pass examinations for their first permits and will remain valid until the amended statute becomes effective. Chauffeurs' licenses, however, will not be affected by the extension period as they are issued annually.
Newspapers will be advised of plans to renew licenses of drivers at a future date, he said.

Star Route Awards Are Held Up By Congress

Bidders for star route mail routes have been notified from Washington that no awards will be made for 45 days on account of pending legislation in congress.
As the present carriers' contracts do not expire until June 30 of this year, it is not believed that the delay will affect the patrons of the routes.

Highway Cops Nab One-Eyed Cars

Caught completely by surprise were several citizens of Goldthwaite Saturday night when State Highway patrolmen, working quietly and efficiently, made several arrests and issued stern reprimands to others driving automobiles with faulty lighting equipment or other safety measures required by law.

FIRE ALARM
A grass fire at the C. L. Stephens residence called out the fire department yesterday afternoon, but there was fortunately no damage.

Lions Club Will Sponsor Civic Program

At the meeting of the Lions Club in the Methodist Church recreation room Tuesday evening, it was decided for the club to support a program of civic improvements including sidewalks and better streets to the school, a highway west from Goldthwaite to connect near Winchell with the highway between Brady and Brownwood, and an enlarged water system for Goldthwaite.
The club also approved pending legislation to place a bounty on buzzards and rattlesnakes.
Next Tuesday evening the local club will entertain Lions from nearby clubs in a zone meeting.

Methodist Church Pre-Easter Meeting

It has become almost an established practice in many churches, both large and small, to have revivals sometime during the Pre-Easter season. This is true in most of the larger denominations. And it is one of the most appropriate times of the year for a season of spiritual revival and uplift.
Because at Easter time men's thoughts naturally turn to God and to a consideration of the higher things, therefore the Methodist Church will have a Pre-Easter meeting, beginning on April 2, and closing on Easter Sunday. Services will be held at 7:30 each evening. The public is cordially invited to attend all the services.

Methodist Church

Let us keep in mind the Pre-Easter services at our church beginning April 2, and closing Easter Day. We extend a cordial invitation to all to attend regularly.
We will have the regular services Sunday morning and night. But Sunday night we are to be honored with the Grade School Choral Club. The club will compete for honors at the County Meet this week and will sing for us Sunday night for the regular services. Mrs. Davidson is the director. You will want to hear them.
Let us honor our Lord by attending all the services Sunday. Church school, 9:45 a. m. Morning Worship, 10:50 a. m. League Meetings, 6:30 p. m. Evening services, 7:30 p. m. FRED J. BRUCKS, Pastor.

Nazarene Church

Heb. 13: 16—"But to do good and to communicate forget not for with such sacrifices God is well-pleased."
One has said, "It is as much sin to fail to go to church on the Lord's Day, when it is possible, as to plow in the field or work in the store."
So let us remember this and be on hand Sunday morning for: Sunday school, 9:45. Special song, 10:55. Message, 11:00. N. Y. P. S., 6:45. Message, 7:45.
The young people are giving their time to the Junior Missionary Society, who will favor us with a Missionary program. These Juniors under the efficient leadership of Miss Emma Harrison, are doing a good work and we believe their program will be interesting to hear, so don't fail to be here at 6:45 p. m. Sunday, March 26. MRS PEARL KEETON, Pastor

Local C. of C. Plans Easter Egg Hunt

A gigantic easter egg hunt will be held in Goldthwaite Saturday, April 8, sponsored by the Chamber of Commerce. Children and adults alike are expected to join in the search. A standing invitation is being offered everyone.
Fifty gallons of candy easter eggs have been appropriated for the show. The celebration is to become an annual affair in Goldthwaite. T. F. Toland, president of the Chamber of Commerce, said Friday.

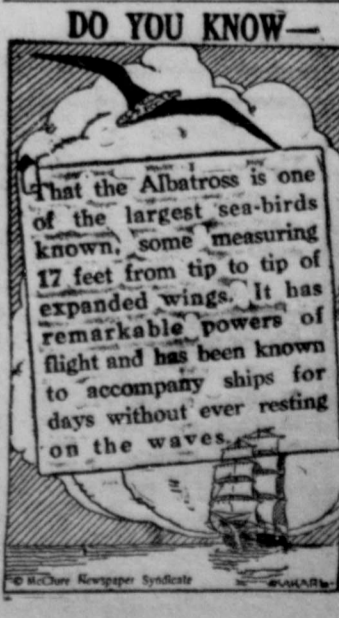

Triple Track Meet To Be Held March 24

BROWNWOOD, March 23.—What will probably be the best track meet ever staged in West Texas is the triple meet to be held at Howard Payne Stadium in Brownwood tonight. Cinder artists from these three school won first places in ten out of thirteen of the events in the college division of this meet. All of these winners are scheduled to appear in the Brownwood meet.

Such track stars as the nation wide famous Rideout twins of North Texas distance specialists, W. H. Hunt of East Texas, conceded to be one of the best high jumpers in Texas, will be featured in the meet.

Are You A Good Driver?

Let's see just what has been happening upon our highways in recent years and surely the facts indicate a necessity of doing something to halt this terrible loss of life and property. From 1900 to 1937 the number of automobiles in the United States increased from 8,000 to 25,000,000. Untold progress and benefits are reflected in such a phenomenal growth of the automotive industry in so short a period. But, tragedy has also reached unreasonable heights. Automobiles cause the death of over 100 Americans each 24 hours and injury to 2,500 more. Since the World War there has been nearly a million "Gold Star" Mothers,

Fathers, Widows and Orphans of motoring. Will anyone contend that this is a necessary evil of civilization? Didn't those victims have a right to live?

When we see from actual figures that more than three out of every five accidents are a result of mistakes of the man behind the wheel then surely the question of "rights" on a public highway has been answered in terms of death and injury. A very retrospective answer—an answer which compels all thinking people to ask themselves, am I capable of handling my car in a manner safe to ALL at ALL TIMES. The other fellow has a right to expect you to drive carefully so he and his family can drive and yet live. Cultivate the habit of safe driving—you'll live longer.

Request Forms for Free Cotton Classing Are Ready

Forms for making request for the free classing of cotton of their 1939 crops are available to one-variety communities and other cotton improvement groups at the Austin classing office of the Division of Cotton Marketing, George E. Miller, who is in charge of the office, announced today.

Representatives of any cotton improvement group may obtain sets of these application forms by applying to the Bureau's office. The address is P. O. Box 1140, Austin, Texas. Group applications may be filed any time after members have planted

their cotton, but early applications will be given preference after allowance is made for the different dates of planting over the Cotton Belt.

The Bureau will supply free cotton market news service again this year to supplement the free classing for the improvement groups. With this service, the groups can have the markets posted several time each day on bulletin boards placed at local gins or other points accessible to their members.

WE'RE Now Selling MANSFIELD Tires!

TIRES FOR EVERY SERVICE

The extra mileage that Mansfield Tire users have received during the past twenty-five years has been responsible for the fact that the Company has grown steadily until it is now one of the six largest producers in the tire industry. Mansfield distributors dot the continent from coast to coast.

● There's a Mansfield Tire built to give extra mileage and extra safety on any make car or truck you drive — on any kind of work, in any season of the year, over all kinds of roads. That's the reason we are stocking them, yes, and selling them to your friends and neighbors who already have had the opportunity to see the extra safety, economy and performance of Mansfield Tires.

THREE WAYS SAFER

Mansfield Tires are three ways safer because they are built three ways differently from other tires. For instance, Cord-Lock construction puts 31% more full weight cord fabric into the sidewalls, reinforcing the tire against flexing strains. The high tensile, steel piano wire beads are seven times as strong as actually needed. Mansfield treads are made of tougher Duro-mix rubber, today still more resistant to high speed wear and pavement "burn" from fast starts and quick stops. Every Mansfield Tire gives you more mileage than you pay for.

PRACTICE TRACK MEET HELD AT MULLIN

Last week the Goldthwaite High track and field team went to Mullin to participate in a practice meet there with several other schools. The results were very satisfactory from the Eagle viewpoint, for out of thirteen events, the GHS teams took 11 first places.

High-point man was Joe Bob Moody of Goldthwaite, who won three first places.

The following events were held with the first place winners in each:

- 100-yard dash, 11 seconds—J. B. Moody.
- 220-yard dash, 26 seconds—J. B. Moody.
- 440-yard run, 55 seconds—Aubrey Smith.
- 880-yard run, 2 minutes 24 seconds—Zephyr High.
- Mile run, 4 min. 49 seconds—F. Simpson.
- High hurdles, 18½ seconds—B. Kuykendall.
- Low hurdles, 29½ seconds—D. Dickerson.
- Pole vault, 9 feet—D. Dickerson-F. McKenzie (tie).
- Broad jump, 18 feet—J. B. Moody.
- High jump, 5 feet 6 inches—Mullin High.
- Mile Relay—Goldthwaite High.
- Shot put, 36 feet 10 inches—Sumter Gerald.
- Discus, 90 feet—B. F. Renfro.

These are results from the track and field team that will represent Goldthwaite High in the County Meet. From the times and distances on the events which Goldthwaite won at Mullin, it should seem that GHS will take first honors at the Meet next Saturday, and then, with some more practice, there should be some District awards hanging on some chests within the next month.

MILLS COUNTY MEET TO BE HELD TODAY AND SATURDAY

The annual Mills County Interscholastic League Meet will be held on the Goldthwaite school grounds today and tomorrow. This is the first year that all of the events, both literary and athletic, will be held on the school grounds. This is possible because of the new GHS Athletic Field, where the track and field meet will be held in front of the bleachers.

Only two events will be held at night; these are the debates and the extemporaneous speeches, which will be held at the Grammar school at 7:00 p. m. tonight.

SENIOR NEWS

The seniors are very busy this week, working on the one-act play, the Senior play, and preparing for the County Meet. There are four casts for the one-act play, so we should be able to get good individuals for each role.

The Senior play is entitled "Going On Seventeen," and we hope that it will prove to be all that we have hoped it to be.

DIDJA KNOW? DIDJA?

Why did Thelma Henry start day-dreaming in English class the other day (of all classes to dream in) when she heard her "heart throb" from Corpus Christi was coming?

Why wasn't Sam Graves with his favorite girl friend Friday night as he said he was going to be?

It has been said that one of our high school bachelors was almost won Thursday night when he found an extra of the opposite sex at "Macbeth." What about it Glenn? Virginia Ruth denies having anything to do with it—but we wonder!

Why was the senior room in such a tumult Friday after dinner? It seems a letter was circulating around. For particulars in this case we refer you to Allen and Dorothy.

One of our star debaters has at last left his partner in the girl problem and finally been seen around with a blue-eyed Junior. What about it, Joe Bailey?

There were several sighs of disgust among the GHS boys when all the "one-eyed" cars were caught by the State Highway Patrol Saturday night.

Seems funny to us, Dave carrying that marriage license around and the strange part about it was that he was showing it to all the senior girls.

We also hear, from an unauthenticated source, that Katherine has already begun planning for a certain school event of the future.

The Seniors will sell candy, cold drinks, peanuts, etc., at the County Meet, and we want every one to trade with us.

AAA Conserves Texas Farm Land

COLLEGE STA.—For every ten acres of Texas farm land dissipated last year by the excessive demands of some soil-depleting crop, almost five acres were conserved or rejuvenated through soil-building practices carried out by farmers who complied with the AAA.

That is the conclusion of a preliminary report on the 1938 farm program showing, among other things, that soil-conserving crops such as legumes, alfalfa and green manure crops were grown on 6,500,000 acres, and that more than 1,500,000 acres in the program last year were farmed on the contour to better utilize moisture and keep land from washing and blowing away.

The report indicated that Texas farmers last year earned \$4,900,000 in soil-building practice payments and that they passed up another four million by failing to take full advantage of their soil-building allowances.

More than 13,000 miles of terracing was done on approximately 141,000 acres; about 2,225,000 acres were contour listed or furrowed; 310,000 acres of permanent pasture were established; 300 acres of forest trees were planted; and 2,225,000 linear feet of pasture ridging was done, by farmers who took part in the program, according to the report.

Value of the soil-saving investments is reflected to some extent in tests showing that contour furrowing increases the annual earning power of an acre by \$2.50, on an average throughout the state, and that terracing is often worth from \$5 to \$8 an acre. In arid sections of the state, contour farming is frequently the difference between a good crop and no crop at all.

The AAA gives each farmer a soil-building allowance, which must be earned by approved conservation practices at specified rates of pay, in addition to payments for holding soil-depleting crops such as cotton, wheat and rice within his soil-depleting acreage allotments.

Well, well it looks as though all that is necessary to be a winner in Texas is the name "O'Daniel," and it makes no difference whether it be man or beast—and this time it happens that Lee O'Daniel was the entry of Obie J. Brownwood

The Owens four-teacher school ten miles north of Brownwood, was destroyed by a fire of mysterious origin early Wednesday with a loss estimated at around \$10,000. Insurance of \$5,750 was carried on the school.

Fire occurred during a high wind at 2:30 a. m. and the building was quickly destroyed.

San Saba

Around 300 school children of the San Saba public schools will join in the birthday celebration here on next Monday, March 20, when E. E. Risien, internationally known pecan-breeder, observes his 86th birthday at his home.

Birthday Shower

Last Friday, March 17, Mrs. Mollie Lowrie was surprised with a birthday shower by a number of her friends on her 80th birthday.
While Mrs. Lowrie was visiting, her friends slipped into her home and decorated it with flowers and upon arrival home she was greeted with a "Happy birthday song."
Many lovely gifts were presented among them a beautiful birthday cake sent from Corpus Christi from Mr. and Mrs. Carroll Lowrie and son which was cut and served to the guests with a cup of hot chocolate.
Miss Erma Harrison and Mrs. Jeff Priddy acted as hostesses.
