Goldthwaite Ladies Attend Garden Club Meet At Mason

Last Wednesday the ladies of Goldthwaite attended a District meeting of the Garden Club at Mason. About 115 attended this affair. Among those from Goldthwaite were: Mmes. Earl Fairman, Wilbur Fairman, L. E. Miller, Floyd Blair, John Berry, Mamie Winsor, Walter Weatherby, Jim Weatherby and Robert Edgar.

Mrs. Ruel Slaughter Injured in Wreck

Dr. and Mrs. Ruel Slaughter had a serious accident Sunday night, this side of Breckenridge. They were on the way home, after a stay in Dallas, when the steering pin broke causing their car to roll over several times. Mrs. Slaughter was seriously injured and is in the hospital at Breckenridge. Dr. Slaughter was badly bruised, but was able to return to Goldthwaite Tuesday.

Likes Hollywood

A letter to the Eagle from D. Albert Trent, who is now living in Beverly Hills, states that he and Mrs. Trent are enjoying California and that he likes his work with Geo. Burns and Gracie Allen of radio and movie fame. They enjoy the weekly visits of the Eagle and "fight to see who will read it first."

School Census Is Expected to Show Increase

School census figures for Mills county are expected to show a slight increase as compared with those for last year, it was stated yesterday. The enumerators finished taking the census March 31, but have until April 30 to turn in their reports.

Their principal difficulty was to obtain enumeration of children who are now under school age, but who will be eligible for school next year, and to secure those who plan to leave the county before next year. All of these should be included. Those who have been missed by the enumerator or who have recently moved into the district are asked to telephone 222, Judge Gerald's office, and leave their names and addresses in order that the enumerator may call.

Every child left out of the census means a loss of \$22 to the school system, as the state apportionment payments are based on the number of scholastics shown by the census.

Enumerators throughout the county can supplement reports already submitted with the names of any additional scholastics they may be able to find.

Mills County Bill Passes Senate

Monday, April 3, the Senate reconsidered the vote by which it failed to engross the proposal to put a sales tax into the constitution, and on Thursday by a vote of 21-6 engrossed it. If it receives the same vote on final passage, it will go to the House for consideration. The House probably will not pass it, inasmuch as it has already taken decisive action against a similar proposal, and it seems that the sentiment is increasing against loading down the constitution with matters which the Legislature already has ample constitutional authority to handle by statute.

The Senate passed the bill to liberalize the present old age set-up, placing all cases in two classes and providing that all those in each class would receive the same amount, and providing that the Commissioners' Courts administer it.

The Senate also passed the State Bar Bill and the State Barber Bill, and a number of local and uncontested bills. Among the latter were two of my local bills, one validating an election dealing with school districts of Mills County, and the other authorizing the Commissioners' Court of McCulloch County to fund bridge bonds and warrants; also, a series of four bills which I introduced and which are designed to secure a better collection of our present tax on crude oil, natural and casinghead gas; and a bill granting free tuition to a limited number of students from other American nations in our state colleges.

On Monday the Senate killed a bill which would have permitted the issuance of special truck permits, at small cost, for the transportation of perishable fruits, vegetables, livestock and livestock feed stuffs. This bill was introduced by Senator Kelley of Hidalgo county, and would have helped our section, but it was defeated by a vote of 11-15.

Attend Water Meet

Dr. T. C. Graves and Lucy Thompson attended the spring meeting of the Second District, Texas Public Health Association at Temple last Friday. City water supply was the topic of the all-day session. Dr. Graves, who is a newly elected alderman, found much of interest in the meeting as he is concerned with increasing the city water supply here.

Sunrise Service Easter Morning

About 100 churchmembers of Goldthwaite attended the Easter sunrise service on the hill known as Cryer's Mountain just south of town on the Lometa highway. All of the local churches were represented and the pastors of each took part in the service.

The program included several beautiful Easter hymns, the invocation, scripture reading, an Easter message, and benediction. The beauty and solemnity of the occasion made a deep impression on the worshippers, and it is expected that the service will become an annual event.

Methodist Choir Gives Oratorio

The choir of the Methodist Church rendered the Easter oratorio of George Frederick Handel's great oratorio Sunday night. Led by Mrs. S. P. Sullivan and accompanied by Mrs. J. G. Berry at the organ, the cantata furnished a fitting climax to the Easter celebration.

Mrs. Mary Ellen Schulze played two beautiful organ numbers for the prelude and offertory.

After the cantata, the ladies of the church served punch at a short social period in the basement of the church. During this time, Mr. and Mrs. J. G. Berry were presented a quilt bearing the names of two hundred members of the church. The quilt was presented by the ladies of the church. In an eloquent presentation speech, Mrs. J. A. Palmer explained that the gift was in recognition of their valuable and loyal service to the church.

Methodist Church

We appreciated the fine attendance of the past few Sundays. Last Sunday we established a record for this year. Let us keep up this fine work. There is no reason why we should not continue having a large attendance every Sunday from now on right through the spring and summer. And we can if everyone will do his part.

We will have all the regular services Sunday. Come and worship with us. There is always a welcome to all.

Birthday Celebration

Last Sunday the children and grandchildren of Mrs. L. W. Faulkner gathered at the home of her daughter, Mrs. J. H. Brown to celebrate her 83rd birthday. All the children were present except two sons, Harry and Fred who were unable to attend.

About ten o'clock the guests began to arrive, others came after church services.

A splendid dinner was prepared by the children, and the day was pleasantly spent.

The beautiful birthday cake carried out the Easter motif together with the 83 candles. This honor is due Mrs. Roy Simpson, who decorated it.

There was a number of relatives and friends present at this affair.

ATTEND CONFERENCE

Rev. F. J. Brucks and Rev. J. W. Kelly, Mrs. Tom Collier and Mrs. Henry Martin left Wednesday morning for Mason to attend the Llano District Conference which met there Wednesday and Thursday. They were joined Wednesday afternoon by Mr. and Mrs. O. H. Yarborough and Mrs. W. C. Dew. This was the first conference in this district in which churches of the M. E. Church joined with those of the M. E. Church, South. Actual union of the churches does not take place until May 1.

Boy Scouts to Hold Court of Honor At Richland Springs

The largest and finest Court of Honor that has ever been held for the South District, of the Comanche Trail Council, which is composed of Mills, San Saba and Lampasas counties, will be held in Richland Springs, at the High School ground, May 4, 7:30 p. m.

The program will start off with the Court of Honor under the leadership of Rev. Geo. Steinman, District Court of Honor Chairman. Following the Court of Honor, contests in Firemans Drag, Life Line Contests, Blanket Stretcher Race, O'Grady Drill, Patrol Standing Jump Relay, Flint and Steel Fire-making, and Verbal Relay Race will take place, under the direction of the Executive and Scoutmasters. Following the above, a moving picture of Scouting Activities will be shown. In addition to the films that are being ordered the film in colors of Camp Billy Gibbons will be shown, under the supervision of Supt. Noble Prentiss, of the Richland Springs School.

Many Scouts from Goldthwaite will receive their badges for advancement according to their rank.

Scouts receiving their awards will march down the avenue of Flags and take their stations according to their rank. The grounds are being lighted under the direction of Mr. Carns, Troop Committeeman. Scoutmaster L. C. Burns and his Scouts will act as hosts and have charge of the opening ceremony. The public is expected to attend.

Local Troop News.

The Goldthwaite Boy Scout Troop is still growing, more boys are joining every week. Our troop will soon be full. A great interest is being manifested in the Boy Scout movement.

The Art and Civic Club has agreed to help by giving a boy work in order for him to buy a suit or go to the summer camp. Anyone interested in the Boy Scouts and if you have any yard or other work you want done if you will report the same to the Scoutmaster he will send a boy to your home. The Troop will clean up the Barbecue Grounds Friday afternoon.

Easter Houseparty At Fairman Ranch

Misses Sarah and Catherine Fairman, who spent the Easter vacation here with their parents, Mr. and Mrs. Wilbur Fairman, entertained the following guests, all of whom are S. M. U. students:

Misses Betty England and Dorothy Dorman of Dallas, Billie Marie Gilbert of Irving, Phyllis and Jane Lesh of Nocona, Jack Hayes and Johnnie Pace of Dallas, John L. Sullivan of Amarillo, Chelsea Crouch (captain of Mustang football team for 1939) of Plano, Will Mullenweg of Amarillo.

They were entertained during their visit at the Wilbur Fairman Ranch at Regency and at Lake Merritt.

Marine Corps Wants Men

Post master M. Y. Stokes, Jr., of Goldthwaite, announces that information has been received from the Dallas office of the United States Marine Corps that the Marines are making preparation to accept a considerable number of young men into their service during the coming summer months.

As heretofore young men between 18 and 25 years of age and who have had high school training are eligible to make application. Application blanks and literature may be obtained at the post office or by writing to the U. S. Marine Corps Recruiting Office, Dallas, Texas.

Goldthwaite, Texas

Scallorn

By Mrs. Cora Ford

We have had two days of real cold weather but no ice. Have had high winds the last week.

Chester Ford and wife spent from Saturday week to Monday with home folks. Mrs. Cora Ford accompanied them to Llano where they visited Mrs. Chester Ford's mother. J. D. Ford met them there and moved their household goods back to Belton.

Mr. and Mrs. John Allen Todd and son of Santa Anna spent Sunday week in Mr. and Mrs. Frank Hines home.

Field Hines and wife also spent the day with his parents.

Floyd Johnson went one day last week to see his brother at Temple. His father returned home with him. He reported Alva doing nicely.

Mr. and Mrs. Frank Hines, Mrs. Cora Ford, Mrs. Ida Stevenson, Alva Ford, Mrs. Ora Black and son Billie and Mrs. Earl Blake attended the Association at Lometa Friday. They report that they heard some fine sermons from pastors of other churches.

Marvin Laughlin and wife, Mmes. Fred and Webb Laughlin visited Alva Johnson and his mother Friday.

Mr. and Mrs. Fero Chadwick and baby, Mr. and Mrs. Alvin

Forehand and girl from Chadwick community attended Sunday school and church here Sunday. Also, Herman Morgan, Garland Crawford and Miss Doris Hereford from Goldthwaite attended church here Sunday morning.

Miss Greda Hines visited her brother and wife in Lometa Friday and Saturday.

Miss Eveline McClain of Brownwood spent the week end with Cecil Joe Kuykendall in her parents home.

Bro. and sister Patillo filled his regular appointment Saturday and Sunday. There was a large crowd out for the 11:00 o'clock service, Sunday.

Marvin Alley and wife and daughter, Billie of Gustine attended church Sunday and took dinner with Marvin Laughlin and wife and then motored to San Saba to see their sister, Mrs. Frank Russell.

Foster Alley and family of Hamilton attended church and went with his father and others to San Saba.

Ed Evans and wife took Mrs. Evan's sister home Sunday, after a two week's visit with them.

Dennis Wright and sister Margie and June Black spent Sunday with their grandmother, Mrs. Ora Black and attended church and the egg hunt held after church.

Rayford Davis spent Sunday with his son, Pat, in Mrs. Black's home.

Miss Earnest Strayley of Lometa attend church Saturday night.

Marvin Ally and wife and Billie and Foster Ally and wife and son visited Sunday night and Monday in Mrs. D. Laughlin and Mrs. Cora Ford's homes.

University President Finds Texas Youth Need Attention

The State's most profitable resource is its million and a quarter young boys and girls, Dr. Homer Price Rainey, president-elect of the University of Texas, declared before radio listeners in his address over Station WFAA, Dallas, last week.

For four years director of the American Youth Commission, he painted in dark colors the picture of Texas youth.

Forty per cent of Texas youth of high school age are not in school, he declared. Only one Texas youth in three is graduating from high school. Texas spends 25 per cent less per pupil than the national average.

Particularly urgent are the educational needs of rural youth, representing 56 per cent of Texas youth.

Of the 150,000 unemployed Texas youth, 40,000 are either in CCC Camps, or on NYA or WPA projects—an average of less than one in four, Dr. Rainey pointed out.

"From 90 to 100 thousand Texas youth come upon the labor market every year," he continued. "The majority of them face periods of unemployment of from six to eighteen months." Such experiences "place a heavy strain upon morale and may seriously impair a youth's employability."

He projected a three-fold community service for Texas youth, involving: a good program of educational and vocational guidance; appropriate and adequate vocational training; and a placement service.

Recreation is sadly lacking for Texas youth, the commission found. In the field of health, you conditions are far from satisfactory.

"Almost any effort we can make would be justified if it contributed toward the removal of the employment hazard from the lives of our young people," he said.

Regency

By Mrs. Alvin Brown

A good crowd attended the community Easter egg hunt, held on the Colorado River last Sunday. Ernestine, Lou Wanna, Nora, and Anna Belle Wood, Preston and G. C. Calder, W. H. Freeman, and Francis Powell from Ridge; Allene and Geraldine Weathers of Pecan Valley; Florence, Raymond and Edwin Perkins, of Ebony, were welcome visitors.

Mr. and Mrs. Ben Egger and Wade Ann Harbour visited relatives at Cherokee last Sunday.

Mrs. Alton Jones, who has been caring for Aunt Mattie Lindsay, became very sick with the flu. At this writing, she is some better.

Mrs. Tom Perkins and children spent Sunday with Mrs. S. M. Jones.

Mmes. Claud Rowlett and Merl Danner, and Tom Perkins, visited grandmother Perkins at Woodland Heights, Brownwood, Sunday.

Dave Lee spent the week end at Ridge.

The quick wit of little 5-year-old Marjorie Nelle Dennis saved a younger sister, Norma Jeanne, from being fatally burned last Thursday. Norma Jeanne struck a match and holding it downward, accidentally got it too close to her knee. As her clothing flamed, Marjorie Nelle very quickly undressed her, stamped out the clothing and match, then called her mother. Norma Jeanne escaped with a badly burned left knee. A quick treatment of tannipaste helped to allay the pain.

Messrs. and Mmes. Alvin Brown Albert Reid and children, Tom Dennis and children, enjoyed a fish fry on the Colorado River Sunday. The children enjoyed an Easter egg hunt in the afternoon.

Texas A&M College is conceded to be the largest military school in the world.

Long Cove

By Mrs. Bill Manning

Our hearts were made sad Saturday morning when word was received of the passing of T. F. Davenport, formerly of this community, at the home of his daughter near Plainview. Mr. Davenport was sick only a few days when the end came. He was 82 years old and had been a member of the Methodist Church for many years. Mr. Davenport had made his home with his children since Mrs. Davenport's death three years ago. He is survived by two sons and two daughters: Robert of Rising Star and Willie of Plainview; Mrs. Coyle of Oakland, California and Mrs. Cora Edleman of Plainview. The remains were brought overland Saturday and laid to rest by the side of his wife in the Lometa cemetery at 5:00 o'clock that afternoon. Bro. Wiemer, pastor of the Methodist Church conducted the services. We sincerely sympathize with the children in the loss of their father. May God comfort them.

Mr. and Mrs. J. D. Brown spent Sunday with her parents, Mr. and Mrs. Enoch Godwin.

Mr. and Mrs. Lonnie Hill and Mr. and Mrs. Willis Bain called on Mr. and Mrs. Onnie Hood Friday night awhile.

Mr. and Mrs. Bud Stone and son of Kingsland visited her parents, Mr. and Mrs. Wilson Burns, this week week end.

Mr. and Mrs. Robert Davenport and children of Rising Star spent Saturday night and Sunday here with friends.

Mr. and Mrs. Paul Thompson and sons were Sunday visitors in the Edward Smith home.

Lampasas to Hold Stampede Rodeo

LAMPASAS, April 13.—Bucking horses from the Eastham Prison Farm, or "Convict Horses" as they are commonly called, are now being put through their paces at the Lampasas Rodeo Grounds in preparation for this town's first Stampede Rodeo, which is to be staged April 21 and 22.

Twenty-one of these famously "bad" horses, which have gained their reputation through several successful rodeos at the Huntsville State Prison are now awaiting the world's best cowboys' try at conquering. Many people from this section of the State have seen these horses in action and will remember them when their names are called. Among these bad actors will be remembered the white tail mare, "Tickle Toe" and her lifetime escort, "Playboy," and of course "Clyde Barrow," a big 1200-pounder, a real outlaw, who got his name from being a killer and a man-hater. There are many more famous rodeo horses here

and others are later—too many to list in this story.

Attractive prizes offered in each round and third prize will be offered to the cowboy champion riding, cowboy calf roping and scored contest dollar purse, which will be divided among the boys.

Girls will be in parade and accompany gala and ride.

Two performances daily, one in the afternoon and one at night. E. H. (Black) had much to do in the past two seasons and live of the direction of the Stampede. He is the finest actor in the Southwest, being made to more proficiency of the top by bleachers, which is by off total seating capacity of 5,000.

As a et, however, most of damage can be avoid- the right methods

Hardin-Baylor Girls to Opera

BELTON—Reservations have already been made by over 60 Mary Hardin-Baylor College students to attend the Metropolitan Opera when it comes to Dallas after the Easter holidays. Miss Clara Bowman, daughter of Mr. and Mrs. F. P. Bowman of Goldthwaite, who is a junior at the college, is one of the 60 planning to attend.

The majority of the students plan to see Wagner's "Tannhauser" on April 12, starring Lawritz Melchior and Elizabeth Rethberg; however, a number will remain in Dallas that evening to also see Puccini's "La Boheme," with Grace Moore, John Brownlee, and Charles Kullman.

Trade at Home

ready with the guns and the ammunition to battle the bugs, just as we are with the weed-killing implements.

Sulphur and calcium arsenate are the two effective materials for a complete pest-control program from early flea-hopper time to late leaf-worm time. Sometimes a little extra arsenical is needed, but the two materials separately or in combination and the same dusting machine, will handle all four pests.

Successful and economical control of these pests depends on doing the right thing at the right time, as well as on having the right implement and the right materials. If we wait until the bugs get busy before seeing whether our merchants have the machinery and the materials in stock, part of the damage will be done before we can get "hitched up" for the job.

The flea hopper is the early bird of this pest quartette, and does more damage than many people are aware of because the insect is hard to find, and its presence is not easily perceptible. Its attacks cause the early fruit buds to fall before they become "squares," and we say "the cotton is not setting a bottom crop." It's a pretty safe guess that flea hoppers are responsible, and dusting with prepared sulphur is the remedy.

(TOO LATE FOR LAST WEEK)

Attendance has been very poor lately. Probably due to spring work. We only have another month of school and so far we have had good attendance and hope our good record will continue through the rest of the school term.

Center Point was well represented at the track meet all three days.

The volley ball girls are very proud of their pennant. This pennant makes four volley ball pennants we've won.

The high school students have started work on a three-act play entitled, "The Leopards Paw" which will be presented at the close of school. Watch for the date.

Melba Raye Conner, and Angelina and Jeanette Lovell spent Thursday evening with Verna Joy Hallford.

We were very sorry to lose one of our best students, Pauline Shipman, who has gone to stay with her sister near Hamilton.

Doyle Wright visited school last Thursday morning.

The work which will be most suitable for the high school students in future life has been selected as follows:

- Amy Hallford, pianist.
- Zona Perry—Beauty Operator.
- Florence Davis—Model.
- Carl Lansford—Comedian.
- Pansy Perry—Time Keeper.
- Sherman Perry—Radio Announcer.
- Juanita Wright—dancer.
- Oran Stark—Taxi Driver.
- Tommy Cunningham—Artist.

(FOR THIS WEEK)
Attendance has not been very good the past week. Probably due to home work and weather.

Juanita Wright has been absent from school several days. She is helping care for her small brother.

An Easter Egg Hunt will be held here today for the Primary and Intermediate rooms, if the weather permits.

School was not held in the high school room last Friday, as Mr. Cunningham and Sherman Perry went to the track meet at Brownwood. Mr. Shelton and Howard Spinks will attend the meet Saturday.

Amy Hallford spent Wednesday evening in the Lake Merritt community visiting with friends.

Center City By Mrs. J. M. Oglesby

Easter Sunday was a fine day and services of Sunday school were observed at both churches, with quite a few present.

Rev. Hester, of Star, has been visiting in our community this week.

Our sincere sympathy is extended Mr. and Mrs. Oscar Hill in the loss by death of his mother, Mrs. Burr Hill, near Star last Thursday morning. Mrs. Hill had been in failing health for sometime. However, her condition was not considered alarming at the time. She quietly passed away in her sleep shortly before dawn. Funeral services and burial were at Hearst Ranch, east of Star.

J. P. Booker of North Bennett was a business visitor Tuesday.

The children of both churches enjoyed an egg hunt at the home of Mr. and Mrs. Wilbur Waggoner Sunday afternoon.

All the children of Mr. and Mrs. C. S. Welch except Miss Lucille were with their parents, Easter Sunday.

A full house listened to Bro. Green's sermon on the "Resurrection" Sunday. A full house at church is inspiring, and we remember with gladness of the Psalmist, "I was glad when they said unto me, let us go into the house of the Lord."

Bro. Green did not leave an appointment for next month. He said he would have to wait until he could have his car fixed or get another one. He has been a faithful worker among us for the past several months, and we shall miss him.

Rufus Strickland and Bennie Hargraves, ministerial students of Howard Payne College, will preach here next Sunday morning and at night. Our summer meeting is scheduled to begin here Friday night, July 14, with Edgar Furr of Goldthwaite doing the preaching.

"All the world loves a lover," so we were quite happily surprised when the newly wedded couple, Paul McClung and Lucille Wilmethe, arrived in our midst Sunday morning in time for Sunday school. They had come from Abilene. None of us had been advised of the wedding which took place Friday night, April 7, at Midland. Lucille is teaching at Cotton Flat near Midland, and Paul is taking his degree from Abilene Christian College this June. After church Sunday they visited with home folks at the Wilmethe home until time to leave to go back to their respective work. Our best wishes follow them.

Mr. and Mrs. J. F. Bateman and sons, Joe and John Robert, of Fort Worth spent from Wednesday to Saturday with Mrs.

Mrs. Dan Waggoner Sunday.

Nelson Waggoner returned from a visit to Fort Worth, Abilene and other points west, Monday.

A number from here attended the funeral of Mrs. Hill at Hearst Ranch Friday.

Misses Wilma Lee, Hulda Carter, Al Truman Langford and Fayne Coffman enjoyed Easter holidays with home folks.

Miss Auriel Tullos Making Good Record

Miss Auriel Tullos has been elected secretary-treasurer of the Future Teacher's Association of John Brown University at Siloam Springs, Ark. One of the trips planned by the association is a visit to the University of Arkansas.

Auriel is working for a double major in English and Spanish. She is now grading Freshman College English papers.

In the absence of her teacher, Auriel has had complete charge of the Spanish class for several days. Her Spanish teacher says that she has never had such a brilliant Spanish student as Auriel.

Auriel, who is a scholarship student, has been making the University honor roll. She is an active member of the Christian Fellowship organization and goes with a group of students each Sunday to hold services in community churches and schools in Arkansas and Oklahoma. She is also a member of the university Glee Club which recently broadcasted over the university station K. U. O. A. on University hill campus.

Dr. Brown, founder and president of John Brown University preaches every morning at 6:30, and gives a Sunday afternoon radio lecture at 5:30.

Pleasant Grove H. D. Club

"You can change the apparent shape of your face, minimize poor features, and emphasize good ones by using your make-up effectively," said Sylvia Blythe in an article entitled "If Your Skin Has Violet Light," which was placed on the bulletin board at the Pleasant Grove H. D. Club meeting which was held in the home of Mrs. C. N. Berry Tuesday afternoon, April 4.

We discussed entering the canning contest and decided to enter it.

There were eleven members present. We enjoyed having Mrs. W. A. Bayley and Miss Ona Newton as visitors.

H. D. Club Meeting

Twelve ladies met with Miss Scott in her office Tuesday afternoon in a regular bi-monthly meeting of the local H. D. Club and, proceed at once to the business in hand, checking foundation patterns.

Before the close of the meeting a short business session was held. The ladies were asked to volunteer their help for the celebration at the opening of the Colorado bridge on April 18. All did.

The next meeting will be with the Misses Abbie and Ruth Ervin Tuesday, April 24, at 2:30 p. m. Instructions on cutting a slip will be given.

Center City H. D. Club

The Center City H. D. Club met in the home of Mrs. Joe Langford Monday afternoon.

In the business meeting Mrs. Wilbur Waggoner was elected reporter, after the resignation of Mrs. Sherwood Owens.

Miss Scott was present and cut foundation waist patterns while other members cut foundation skirt patterns.

The next meeting will be with Mrs. J. M. Oglesby, Monday afternoon, April 24. All who desire foundation patterns bring material as the time will be spent in this work.

Eleven members were present and enjoyed two courses of refreshments consisting of cold drink and delicious ice cream and cake.

Mrs. Dan Waggoner drew the penny and will furnish the cake for our next meeting.—Reporter

Art and Civic Club

The Art and Civic Club met in the home of Mrs. John Schooler on Thursday afternoon.

The home was made attractive with the use of cut flowers.

Following the business meeting, Mrs. A. H. Smith led the program on China, with the following numbers of interest being given:

"The Great Sights of Peking," Mrs. Owen Clements; "Hong Kong and Canton," Mrs. W. G. Saylor; "Social Life in China," Mrs. A. L. Whittaker.

During the social hour which followed the hostess served a delicious refreshment plate to all club members present and to the following guests: Mmes. W. E. Miller, R. E. Clements, L. E. Miller, E. B. Anderson, and Misses Dera Humphries and Lillian Martin.

MISS DOROTHEA TODD AND JOHN E. SMITH WED IN SANTA ANNA

Thursday evening, April 6, at six o'clock, Miss Dorothea Todd became the bride of Mr. John E. Smith, with Rev. C. W. Hoover, pastor of the Church of Christ, Brady, reading the vows at his home.

The bride wore a dusky pink crepe dress with navy blue accessories for her wedding.

Mrs. Smith, daughter of Mrs. J. E. Greathouse of Goldthwaite, has lived in Santa Anna several years, having received her nurse's training from the Sealy Hospital. Since her graduation she has had employment with the hospital.

The groom is the son of W. E. Smith. He is a graduate of the Santa Anna High School and has attended Texas Technological College. He is now employed by the Gunn Drilling Company of Odessa.

Since their wedding the couple have been visiting in the city but they will make their home in Nebraska after April fifteenth.—Santa Anna News.

SANTA FE OFFERING PRIZES IN LIVESTOCK JUDGING

GALVESTON.—In recognition of the vocational movement is doing in behalf of agriculture, the Santa Fe Railway will again offer prizes to outstanding livestock judging teams in its territory, according to an announcement made today by E. J. Engel, president of the company.

"Students studying vocational agriculture are preparing themselves for the future and we wish to encourage them in their work," President Engel said, "and our sole interest in offering these awards is to promote a better system of agriculture in our territory."

The Santa Fe's offer will be made in nine states. Winning teams will be chosen in state-wide contests conducted under the supervision of the Department of Education. Winners, representing a school in a Santa Fe town or community, will be enabled to attend the 1939 National Congress of Vocational Agricultural Students in Kansas City with all expenses paid.

Championship livestock judging teams from all parts of the country compete at this convention which is held in the fall simultaneously with the American Royal Livestock Show.

In Texas, where there are several thousand vocational schools, one award will go to the best team in the Eastern part of the state and the other to the western champion. Each team will consist of three boys an alternate and a coach.

Mrs. Willie Mae Snelgrove and son Jimmie Wayne of San Angelo are visiting in the home of Mr. and Mrs. Barton Keese for a few days. Mrs. Snelgrove and Mrs. Keese were girlhood chums when they both lived in Birmingham, Ala.

Mr. and Mrs. Fairman Marshall and son, William Kay of Houston spent Sunday with relatives here.

Miss Billie Weatherby of Brady was home Saturday and Sunday with her parents, Mr. and Mrs. W. J. Weatherby.

HOUSE OF REPRESENTATIVES

By Howington

A number of bills have been passed or defeated in the past week. Among those defeated was the Race Horse Bill legalizing horse races and their mutual betting in Texas. The Bill carried with it a local option measure and was supposed to have an income of about one and one-half million dollars, but was defeated by a small majority. The Legislature previously adopted a resolution to investigate the prison system, but Governor W. Lee O'Daniel vetoed it because it did not carry out recommendation for a businessmen's committee.

The House last week refused to over-ride the veto. A resolution offered by J. E. Winfree of Houston, which would permit the Governor to appoint three men, the Lieutenant Governor three men, and the Speaker of the House three, was defeated, but another resolution permitting the speaker to appoint seven members of the House to make the investigation passed the House.

A bill, known as the Hot Check Law Number 190 passed the House; it seeks to amend the Hot Check law to the extent that conviction would be much easier and the penalty more severe. House Joint Resolution Number One, which seeks to extend the term of all offices of state and county to a term of four years failed to pass the House.

Another House Joint Resolution that exempts household furniture from a forced sale passed the House. It seeks to protect household goods from the loan sharks and places them with the homestead. Senate Bill 135, known as Mutual Life Insurance Bill, has passed the House and the Senate; it seeks to furnish the policy holder with full protection and makes the insurance companies liable for face value of the policy; it also seeks to place restrictions on funeral and burial associations.

Bill Number 419, known as Boiler Bill, which seeks to exempt all small boilers from inspection has passed the House. House Joint Resolution giving women the right to serve on juries was killed in the Senate. House Bill Number 9, known as the Vacancy Land Bill has passed the House with amendments which seek to protect the school interests and the land owners. The vacant land seekers in the past have made a racket out of the present law. This law seeks to correct this mistake and places the jurisdiction in the county where the vacant land is located.

Some of the bills of appropriation have been printed. Most of them seem very conservative. House Bill Number 933, the Rural Aid Appropriation Bill, is about the same as it was two years ago. It appropriates \$5,630,000 for the year 1940 and the same amount for 1941, which is \$11,260,000 for the biennium. It provides that a sufficient amount of these funds be allocated for the payment of high school tuition, not to exceed \$7.50 per pupil per month and in no instance should more than five months tuition be paid for any one pupil in one year.

Any citizen please feel free to call on me for any information desired.

Rattlesnake Rattlers

"You can count a rattler's rattles till you're black in the face," Texas Memorial Museum curators contend, "and you still can't tell its exact age."

"For every three rattles, add a year to the reptile's age," argues Texas tradition.

The issue came when the recently-opened museum, on the University of Texas campus, launched its first exhibit in a projected "wild-life" display, placing a live four-foot, diamondback rattlesnake in a museum display case.

"Shortly after the snake's birth," Carl Chelf, anthropology curator, explained, "a horny button appears on the tip of its tail. That's followed by approximately three rattles each year. But the rattles and even the button itself are often knocked off in the tail's violent agitation—which produces the 'rattling.'"

If you find the button missing, as you often do, Chelf contended, then you have no gauge of the snake's age at all.

Mrs. R. M. Thompson returned yesterday afternoon from Temple where she spent the first of the week.

Advice Necessary In Modernization

The services of an expert should generally be used when an old house is bought with the intention of modernizing it, according to Federal Housing Administration officials.

The layman may, however, make a certain amount of interior inspection. Conditions and items particularly to be sought with the object of proper modernization include: Leaky faucets, clogged drains, sticking doors and windows, broken sash cords, and weatherstripping. The prospective purchaser should see if the baseboards have shrunk or if they fit snugly to the floor. Creaking floors should be checked. The plaster, especially at the top of door frames, should be especially checked, and all exposed wires should be examined to determine whether or not they are properly insulated.

IT WOULD SAVE MONEY

Ordinarily this paper opposes legislation which is designed to increase the cost of government. Such a bill passed the house of representatives at Austin last week; it would increase the pay of state representatives and senators to \$3,000 a year and make them subject to call without extra pay at any time. But this bill, with one essential amendment, has our hearty endorsement.

No one who has followed the erratic course of the state legislature during the present session can believe that it is composed of statesmen. There are individual exceptions, of course, and the majority of the legislators are unquestionably honest and sincere. But judged by the stern criterion of business, their previous personal accomplishments at home are no more impressive than their legislative activities.

The main reason for this, we are convinced, is because the present rate of pay is too small and uncertain to attract competent men unless they have a private income. The average annual remuneration of a state legislator is too small to enable him to live on it alone. He must perform have another source of income or be of very mediocre ability. Due to the uncertainty of the legislature's sessions, this outside income cannot be derived from ordinary professions or business.

Lawyers are the only class who can readily adapt their private business to the demands made on their time by the legislature. Partly as a result, the legislature, and particularly the upper house, is overburdened with lawyers. It is obvious that no one profession or interest should so preponderate. A legislature composed largely of doctors, bankers, farmers or even newspaper men would find it just as difficult to render impartial public service.

This leads up to the amendment we believe is necessary for the pay increase bill. While the increase in salary will eventually attract men of all occupations, the law will continue to supply the greatest number from a single profession. These lawyers should be positively prohibited from engaging in practice involving any state department. Likewise the employment of any member of the legislature, whether a lawyer or not, by any corporation with a capital of one million dollars or more should immediately require the resignation of the legislator.

With these safeguards in force, the State of Texas should in the secure legislators better qualified to serve the entire citizenship of the state. The increase in salaries paid would be saved many times over by economies in the cost of government, and there would no longer be the incentive to special sessions that now exists.

UP A TREE

Each new crisis that arises in Europe drives home to us in America the important fact that we must be united in reality as well as in name.

If Europe, as at this time seems unavoidable, ends up in a general war, Uncle Samuel is going to have a busy time keeping the representatives of the warring nations out of mischief here.

The Dies committee has pretty well treed the worst offenders. Others have disclosed their whereabouts by their activities. This country has no need for the ghentry that would remake our government with a hand-me-down imitation of some European dictatorship. In the event of a world war, they would not be merely a nuisance, but would constitute a still graver menace to our government and our ideals of freedom.

Now while they are up a tree is the time to put them in the bag and send them back home where their patriotism, if it be such, will not conflict with ours.

SHOULD BE ASHAMED

When a federal judge sentenced a well known radio comedian to pay a \$10,000 fine for smuggling, he told the culprit that he ought to be ashamed. We think so too, but we are afraid he will only be ashamed ten thousand dollars' worth.

For one of us, that would be a real fortune tantamount to life imprisonment, but as the man in question is reputed to earn \$15,000 a week, his fine is much less than the minimum fine of \$1 and costs imposed by a justice court in Goldthwaite upon a common laborer.

The learned judge stated that he saw no good that could be accomplished by sentencing him to prison. Perhaps not, but it would have given other rich offenders far more to worry about than a mere fine of four days' pay.

A BETTER PLAN

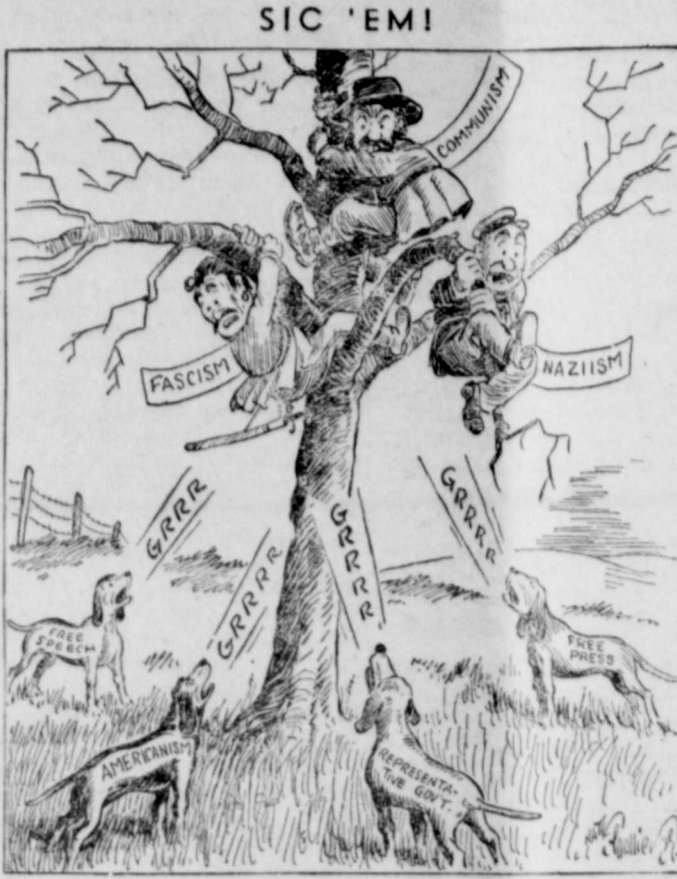

The indignation which has arisen against the mis-called county judges plan of re-distribution of surplus highway funds appears to have served its purpose. This disgraceful plan which would have poured nearly thirteen and one-half million dollars into the purses of the holders of depreciated road bonds of one county alone—Hidalgo—seems sure to be replaced by a better bill. This new bill will distribute the highway surplus to the counties according to their population, area and road mileage. Mills county, for example, will be given \$600,000 under the new plan, whereas under the discredited one, it would have received a paltry \$34,000.

The power of publicity is still great.

RESERVES NEEDED

A recent national poll discloses the alarming fact that more than half the employed workers of America feel that they would be forced to turn to charity or relief within six months if they should lose their jobs today.

Our government has tried manfully to provide social security for all, but the surest security is that which springs from a man's own industry and thrift. That is the security towards which we all should strive.

Dry Holes Cost One Billion Dollars

DALLAS.—In the constant search for oil and gas in Texas, over one billion dollars has been lost in drilling dry holes, according to facts recently compiled by the Texas Mid-Continent Oil and Gas Association.

Within the past 49 years the oil and gas industry has drilled 176,000 wells in Texas, of which 50,000 wells proved to be dry holes.

While these facts show that an average of one-third of all the wells thus far drilled in the State have been dry, it is also a well-known fact within the industry that 9 out of every 10 wildcat wells drilled result in dry holes.

While the Texas Oil and Gas industry's official records show the completion of over 126,000 oil and gas wells during this period of years, Texas Railroad Commission figures as of January 1, 1939, reveal that 88,000 wells producing oil and gas in the State. Thus, in addition to dry holes, the oil and gas industry sustained the loss of 38,000 originally productive wells through abandonments enforced either by physical or economic factors.

It is significant to find that the Texas Oil and Gas industry has actually drilled twice as many wells as now producing oil and gas throughout the State. This emphasizes the extent to which high operating costs including taxes, in combination with curtailment of production under State Conservation laws, has in recent years forced premature abandonment of producing wells.

Dry holes are a hazard which must necessarily be anticipated in the risk of capital brought into the State for the development of oil and gas production. As the facts show, however, capital risks become increasingly greater when unfavorable economic circumstances force the abandonment of producing oil and gas wells.

The world's tallest tree on record is the Founders tree, a redwood 364 feet high, in California.

Where Will the Next Holocaust Strike?

"Vast sections of many U. S. cities are potential deathtraps, built by man," says Fortune "Long overdue in one of these cities is a holocaust, and it will come without fail. It may be another ghastly mass cremation like the Triangle Waist sweatshop fire in New York, wherein 145 persons, nearly all of them girls, perished in 1911 because the owners refused to spend the paltry amount of money necessary to give even a fair degree of safety. It may be another conflagration such as burned Paris, Texas, to the ground in 1916; such as swept through Salem, Massachusetts, in 1914—

"It is appalling to contemplate the certainty of the recurring ruination of life or property on such a vast scale; but any realistic approach to the U. S. fire problem must do so. To the fire specialist, the syllogism is obvious: (1) Past conflagrations were the effects of specific known causes. (2) Identical causes still exist in a great many places. Therefore, just as sure as God blows dry winds over wooden roofs, fire will blacken cities again.

"Clearly there is an important variable in the pat logic. The variable concerns the matter of fire causes. If the causes can be controlled, even partially, then the next conflagration can at least be postponed."

That puts the issue squarely where it belongs—up to all the communities of America, and all the people who live in them. Up-to-date building codes, the elimination of fire traps, scientific inspections of property to discover and eliminate hazards, unremitting education of both children and adults—here are fire's most potent enemies. If they are used to the full, it may be that the next horrible holocaust of which Fortune speaks will not only be postponed, but prevented.—Industrial News Review.

Auto License Plates Planned With Care

Now that we have all bought our 1939 Motor Vehicle License Plates and put them on, we sigh and say, "That's taken care of for another year," and proceed to forget about it. But in the Highway Department at Austin, their work begins all over again. The 1940 plates must be designed, ordered, manufactured, and delivered to County Tax Collectors by February 1, 1940. The order must be placed early so the Prison system at Huntsville, where the plates are manufactured, may buy the steel and paint used in making the plates. All the forms used in registering motor vehicles must be ordered and delivered to the counties; and shipping lists revised annually for movement of oil field traffic from one field to another, causes changes in the number of plates sent each county.

The white background paint of 1938 did not prove durable and many plates rusted. So the department's paint chemist who has had years of experience with paint for center striping, equipment, guard fence, bridges, etc., was called on to write complete specifications governing the manufacture and application of paint. An inspector representing the Department was present at the factory while the paint was manufactured, and at the prison while the plates were being made. This procedure was started with the 1939 plates and will be continued.

Sample plates of other states are checked and often a color or style used by another state is adopted. Several color combinations are necessary to take care of the various classes of license plates that make up the million and three quarter pairs ordered annually. Some colors provide contrast and better visibility than others, and are used to aid enforcement officers in easily reading license plates. Flat paints that will not glare in the strong Texas sunlight are used, and designs that will add strength to the plate, as well as aid in visibility, are adopted. The cost of license plates, determined by the State Board of Control and taken from the State Highway Fund, was \$0.75 per pair for the 1938 plates.

A Matter of Duty

In an able editorial, the Bucyrus, Ohio, Telegraph-Forum says: "Congress will not have recognized one of its current obligations if the present session adjourns before the railroad problem is settled. Through the mad rush of the last few years to appropriate great sums of money for federal handouts, past Congresses have failed to give this problem the consideration it deserves. Buy this failure the Congresses have contributed heavily to the present-day reason for handouts by failing to recognize that there can be no lasting national prosperity until the basic industries which make prosperity by employment can operate at a profit sufficient to employ labor, maintain property and pay tax impositions."

The Telegraph-Forum then goes on to point out that Congress can no longer use the alibi that it has no definite program on which to work as a reason for dodging a vital issue. The Association of American Railroads, says the paper, has offered an exact and comprehensive program, which is in practically complete accord with that other excellent program prepared by the special committee of six appointed by the President. The Association's program advocates such fair and simple things as requiring all commercial transportation, highway and water as well as rail, to pay its own way; revision of the obsolete rate-making rule, which often prevents the railroads from establishing rates which would enable them to compete with other carriers; discontinuance of the federal barge lines, which have caused the taxpayers millions in deficits over a 14-year period; a consolidation law which will permit the rails to work out practical consolidation plans, subject to the approval or disapproval of public regulatory authorities such as the Interstate Commerce Commission. And on March 8 Representative Lea introduced a bill in Congress proposing sweeping reform in our transportation policy.

"Gee—I'm Sorry to Bother You . . ."

The following "canned" approach was given to a boy who applied for a job selling magazines for a subscription agency. The copy read:

SMILE! SMILE! SMILE! Remember you are looking for an order, not an argument—everything you say in your interview should be said with feeling! Canvas:

"Hello. Gee, I am sorry to bother you, I am Mrs. _____'s boy from down the street here. I believe you are acquainted with mother. (Most people will say no, give description as follows): Mother is sort of a stout woman, you often see her walk by here.

"Well, I am speaking to all my neighbors in regard to the junior aviation contest, to compete for a free course. They are trying to make a 'Lindberg' out of me. Fly the ocean upside down or something like that. (Show credential card here).

"Here is my card to show you I have been a good boy (always get the prospect to hold the card)—I have got to get the names and addresses of 800 of my neighbors, and what we are doing each week to thank you for your name, we are making up a little paper with fun, jokes and stories."

The talk went on to indicate that a school magazine was being sold, when in fact it was a commercial publication. The agent said the magazines were free, but requested 2-cents a week "postage," paid a year in advance.

Such misleading practices have been protested.—Better Business Bulletin.

What Size Farm Is Best?

COLLEGE STA.—If a farmer or ranchman knew ahead of time the ideal amount of land to operate, lots of trouble would be avoided. It would take a photoplane to choose the correct size, but this is one of the questions farm men and women are trying to settle through county land use planning committees.

W. E. Morgan, economist in agricultural planning with the Texas A&M College, who is directing the land use planning work now underway in all counties in the state, says that there are many factors other than the number of acres that influence the success of a farm.

The profitable size is influenced by rainfall, soils, climate, type of enterprise, managerial ability of the operator, and labor available, so that what might be a whopping big farm in East Texas would be a very uneconomical sized farm unit in another part of the state.

Morgan believes that until there is some way of foreseeing prices for years ahead, there is not going to be any one correct answer to the question, "What is the best size for a farm in this locality?" Then, he points out, if prices could be foretold there would be more profit in playing the market than in operating any farm regardless of size.

Nevertheless, the recommendations of the county planning groups, made on the basis of experience and long time observation of local conditions, are going to be lots of help in the future, the economist says.

Real Propaganda

(From The Baltimore Sun)

Twice, recently, ships loaded with refugees from Germany have touched at Baltimore on their way to other ports. On both occasions the same thing has happened. The passengers, given shore leave, have rushed to the Baltimore restaurants to eat butter. The reason is that at home most of them had not seen butter for months, or years, so when they found that any amount was available here they went wild.

The speeches of the statesmen, the charts and graphs of economists, and the statistics of the military experts are sometimes hard for the ordinary man to understand, so frequently he disregards them and misses their implications altogether. But tell him that under Nazi rule ordinary folk are not allowed to have butter, and you have told him something significant, something that he understands, something that gives him a solid, tangible reason for opposing Nazi rule. Absence of butter is propaganda that works.

RESULTS OF DISTRICT MEET

Although not carrying off as many places and ribbons as was expected, the Goldthwaite High representatives in the District last week end, took several places. Only two places in the literary events were won. Lee Ola Kelso tied for second in extemporaneous speaking and Sybil Miller won third in the junior high school girl's declamation. In the athletic events, however, one more place was won than in the literary events. B. F. Renfro won fourth in the discus throw and Bailey Kuykendall, who was high point Goldthwaite man for the meet, won second in the high hurdles and third in the low hurdles. The students who participated in the meet are to be complimented for their work, for although they did not win first place and several of them did not win any place, they worked hard to go to the District Meet. Although they did not get blue ribbons, they gained much more in the work they did and in the competition they took part in, so not one of them really lost anything.

DIDJA KNOW? DIDJA?

Why didn't the writer of a certain Special Delivery Letter from Austin show up Saturday night? The Senior players would like to know what has happened to David's eyesight. What has happened to a certain romance? Was it "nipped in the bud" so to speak? Why didn't Louise order her invitations Friday night? Could it be a certain Star Mountaineer? Mystery of the week—Who was Wilda with Saturday night? Allene and John want to know. Where did Darwin and Bookie go last Friday night? We thought that the old-fashioned things were coming back in style. Now we know it! The other night we saw an old-fashioned Indian war dance with a bonfire and all the trimmings. We won't tell who was doing it.

DEBATE

The debaters of Goldthwaite seem to have lost their rabbit's foot last Friday at the District Meet. Both the girls and boys lost. The girls were defeated by Brownwood high school. The boys were defeated by Richland Springs. The debaters obtained some valuable experience whether they were always winners or not. This was the first time that either team had lost, but we must remember that "it is not they won or lost, but how they played the game." There seems to be no regrets because all have done their best.

The Lampasas Stampede Rodeo will be the largest affair ever staged in this part of the state and preparations are being made to take care of the thousands of visitors who will be here April 21 and 22. The Post Office Department announces the probational appointment of Gus Word to the position of fireman-laborer at the new Federal building in Lampasas.

1,349 rattlesnakes have been killed in Lampasas county from the middle of August, 1938 to April 3, 1939, according to the number of bounties that have been paid from the County Judge's office. The bounty given for each rattler brought in is 20 cents. Monday, Jess Standridge brought in 33 rattlers which was the largest number brought in by one person that day. Part of the flesh of the snake must be cut off with the rattler in order to collect the bounty. Mr. and Mrs. Mark Alexander spent Sunday in Goldthwaite in the home of Dr. and Mrs. Joe B. Towson.

Hamilton

The Heart O' Texas District Garden Club, an organization of recent years, and composed of Garden Clubs of Hamilton, Goldthwaite, San Saba, Lampasas, Brownwood, Coleman, Mason, Brady and other towns of the section, met in annual federation at Mason on Wednesday of this week. Robert L. Webb, vice-president of the Central Texas Singers Association, and R. O. McDermitt, president of the Hamilton County Singers Association, are working hand in hand to perfect arrangement for the big Central Texas Singers Convention, which will be held at Fair Park in Hamilton on Saturday and Sunday, April 15 and 16. Mr. and Mrs. Bob Collier, of Goldthwaite, were week end guests of her mother, Mrs. R. A. Adams and family. They returned to their home on Monday.—Herald-Record.

A total of 93 men will be taken off the WPA rolls of this area to meet the National reduction order, according to statement of W. W. Stevens, Area supervisor. Hamilton county will lose 10, Coryell 50, Lampasas 8, Erath 12, and Mills 13. None will be taken from Comanche, as that county will drop 17 farmers in a few days.—News.

Lometa

The city election passed off very quietly, Tuesday, with less than one hundred votes cast. But one of the oddest facts of the election was the fact that there were two ties out of five races. H. E. Cone and Elzie O'Neal tied for Alderman's place in their ward, and Elzie Cass and Tom Frank Scott tied for Alderman of their ward. And the Alderman at large was almost as close, which was contested between Joe Hill and Buddy Jackson, with Jackson winning by three votes. Other officers elected were: L. M. Stephens, Mayor; J. A. Fulton and Hugh Crouch as Aldermen. Sheriff Gholson and his deputies arrested two out of county men last week, one in Goldthwaite Sunday night, and one in Hamilton county Wednesday night. They were lodged in the Lampasas county jail, charged with a felony, theft of turkeys at night, on the Blackwell Ranch, and other places. Machinery was unloaded Wednesday afternoon for a test well for oil which will be made on the Alf Smith place, nine miles west of Lometa, and about a mile this side of the river. On the 2nd day of April death came to Paul Andrew Kempky, after several weeks of suffering to one of our oldest citizens. A man who came to Old Senterfitt in the early 80's, and was a fearless driver of the stage between Senterfitt, San Saba, Goldthwaite, the old Williams Ranch, and Brownwood. Being on the stage one night when the stage was held up near old Red Wells, between San Saba and Senterfitt. Later helping to run a livery stable in Goldthwaite, which did a thriving business at that time carrying passengers to distant points.—Reporter.

San Saba

The biennial city election of San Saba, held Tuesday, brought out 243 voters to the polls, resulting in the election of Houston D. Chadwick, cashier of the City National Bank, as mayor, succeeding J. T. McConnell, who has served the city in that capacity the past six years. W. H. Kimbrough, present city commissioner, was re-elected for another two-year term, and M. W. Trusell, News publisher, was elected commissioner, succeeding Clay Kuykendall, who was not a candidate to succeed himself. The election for school trustees in San Saba Ind. School District held last Saturday resulted in the re-election of Dr. W. S. Pence and B. J. Park. L. C. Ward is president of the school board, Dr. F. W. Farley, vice-president; Dr. C. M. Oliver, secretary. Roy Ragsdale and W. T. Little complete the board. Senator Nelson of Lubbock, Ed and Goddard Edwards of Austin spent Friday and Saturday fishing with Coach A. F. Locklear, Ted Hall and George Smithhart. They had fine luck, catching 230 pounds of big yellow cat. The senator helped catch them! Mrs. W. T. Little is undergoing a medical examination at the Scott and White Clinic in Temple.—News.

The San Saba city school attendance is the highest in the history of the city with a total of 1,112 students enrolled to date for the present term, according to Supt. W. M. Campbell. While Mrs. H. H. Taylor was visiting here last week, she received the sad news of her nephew's death that of Pat Cook of Houston. She left Thursday for Temple, where Mrs. C. B. Smith joined her to attend the funeral of Mr. Cook in Houston. Mr. and Mrs. R. S. Crain left Wednesday for El Dorado to visit their son, R. Terry Crain, and will go on to visit her brother, James Campbell, at Winters. Atty. and Mrs. J. Mitch Johnson Tuesday received word from their younger son, Dr. John Mitch Johnson, Jr., that he had just been appointed as chief resident surgeon of the three and one-half million dollar Jefferson Davis Charity Hospital at Houston, for a year.—News.

Twin Thoroughbreds Foaled in Texas

DENTON—Wayne and Blaine are getting a lot of attention these days. Stiff-legged, they gambol over the turf out at R. R. Greenlee's Green Acres Stock Farm Arlington. They're not even considering going to the Penna relays, or any other relays, for that matter. Perhaps they are too busy waiting for news reel cameramen. Or perhaps the truth of the matter in that Wayne and Blaine being only new-born colts, have to wait some months before they go racing. And when they do, it won't be on a college cinder track. Temporary namesakes for Wayne and Blaine Rideout, the famous track twins at the North Texas State Teachers College at Denton, the two colts are out of Her Gold, one of Greenlee's best brood mares, and were sired by an excellent stallion, Liberty Limited, according to a story carried in a recent issue of the Fort Worth Star-Telegram. Twin thoroughbred colts are said to be about as rare as human quadruplets; and horsemen say the chances for equine twins range from 1 on 5,000 to 1 in 20,468, and that the odds for their survival are even higher. Hence there is much horsey excitement about the two little bays born last week near Arlington. Greenlee has not named the colts officially, but until he does, he says he is calling them Wayne and Blaine. Should Wayne and Blaine live to go to the races, they would be about as unique in horserland as a set of human quads. The only twin thoroughbreds campaigning are said to be Goldman and Duemiss, racing at the New Orleans Fair Grounds. Recently an Arabian mare in California gave birth to twins, but these are not yet old enough to go a-racing.

Piano Contest April 21

DENTON—The annual piano contest sponsored by the State Federation of Music Clubs for high school graduates who have not attended college will be held in Austin, Friday, April 21, at 10:30 a. m. Winner will receive the Louise Pace King scholarship of one year (1939-40) of piano study with Elizabeth Leake at the Texas State College for Women. Contestants may choose their own selections, three in number, and must play them by memory. Applications to the contest should be sent to the president of the Federation, Mrs. R. T. Craig, Park Highland, Athens, Texas. Your temperature sense is not as good as you may think. You can touch a block of frozen mercury and a red hot iron without being able to tell which is which.

CARD OF THANKS

We wish to express our thanks and appreciation to our many friends for their kindness in our sorrow in the death of our beloved mother, wife, and grandmother, Mrs. I. B. Hill. We especially want to thank Bro. Newton for the words of consolation also the ones who rendered the song services and the nice dinner served by our many friends. Also the floral offerings. May God's blessings rest on each and everyone. I. B. HILL and Family.

CENSUS COMING

It might be well for Mr. and Mrs. Citizen to brush up a bit on personal history in the next few months. Reason is that the census takers will be around before long with a set of questions that are likely to put a heavy strain on most people's memory.

It is not going to be a job of just counting noses, etc. This year the government wants to know what each citizen was doing 10 years ago; where he lived 10 years ago; what his earnings were, and any number of other memory puzzlers.

Mrs. J. C. Wimberly of Lampasas was a guest of Mrs. Will Burks, Tuesday.

Mrs. Hazel Wilkerson and little son, Kenneth, of Dallas and Cecil Faulkner of McCamey spent the week end with their parents, Mr. and Mrs. C. A. Faulkner.

Claude Eacott made a business trip to Waco Tuesday.
