GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, NOVEMBER 10, 1939.

NUMBER TWELVE

CITY COUNCIL TO PUSH STREET IMPROVEMENTS

Armistice Day Races and Football Game the Attractions Here

Horse racing and other interesting attractions will be offered free at the Armistice Day races. Later in the afternoon the football game will be played on the High School field between Goldthwaite and Richland Springs.

Gustine Football Team Meets Star

The Gustine football club meets the Star Tigers on the Star home field this afternoon at 2:30 in a game which will decide the championship of Conference 22B.

Star, with a record of five consecutive conference victories in which they have amassed 152 points to none against Desdemona, Tolar, Granbury, Alexander and Glenrose, will be favorites to win again this afternoon, although Gustine has lost only one game.

The Star line composed of Hill and Rickel, ends; Miles and Rudolph, tackles; Knight and McCasland, guards, and Soules at center has allowed only eight first downs to be registered against them all year, and have opened huge holes against all opposition through which Langford, Lendon and Gerald Head, Jimmy Lucas, and June Clifton have galloped for 21 touchdowns. Only three of Star's touchdowns have been scored by passes.

With Lendon Head as captain and fullback, Joe Langford as quarterback and Jimmy Lucas, Gerald Head, and June Clifton, alternating at halves, the Star club boasts a backfield equal to that of any class B club in this section, and will be trying to keep their perfect record of not having their goal crossed this season.

Donkey Football and Baseball For Fans

Donkey football, termed the "greatest gridiron burlesque" will be in Goldthwaite Tuesday night, Nov. 14th. Along with the football game there will be a 5 inning donkey baseball game and maybe a polo match.

This event is to be staged by the athletic association and a large attendance is expected.

Donkey baseball is produced with trained donkeys managed by Jack Bartlett the originator of donkey softball and donkey polo. The official rules for six-man football will be used when they do not conflict with the rules set forth by the management for donkey football.

Each team is to be composed of six players each mounted on a specially trained donkey. On passes, laterals, kickoffs and in receiving the ball, the players will make the play then mount the animal and proceed through the play.

Baseball will be handled in the same manner as conducted last year which will be remembered as a very enjoyable event for all in attendance.

Local players consisting of cowboys, high school football players and former players will be the contestants.

New County Agent Has Fine Record

S. E. von Rosenberg, the new County Agent, is a graduate of A&M College, has served three years as AAA Assistant and one year as Assistant County Agent. His last year's service was in Bastland county.

Mr. Rosenberg has always done outstanding work. His dairy-judging team won first in the State contest at College Station last summer and was awarded a trip to the Golden Gate Fair.

Farmers needing assistance, may see Mr. Rosenberg at his home, the office, or in the field.

Red Cross Membership Campaign Opens

PROCLAMATION

The American Red Cross, in facing its greatest peace-time test, this year appeals to the American public for a million more members to support its constant battle against human suffering.

During the past year we have been drawn closer to the Red Cross through its far-flung disaster relief, its aid to the innocent non-combatants of war, as well as through its daily services designed to stamp out misery in the form of disease and the ever-present threat of accidental death.

Those of us who have seen the Red Cross grow in recent years can understand the need for a million more members. The natural phenomena of disaster and the dangers of a mechanized age continue to be the source of suffering and accidental death. We must recognize that the ability of this great organization to serve is directly proportionate to the membership support of the public.

This year's appeal of the Red Cross for your support will be made November 11-30. Our community has never failed to respond to the Red Cross call for assistance; and for this reason, I feel confident that we shall be proud to enroll our share of the million more members.

As Mayor of Goldthwaite, I designate this period as the time all members will have an opportunity to renew their affiliation and to afford those who have not enrolled an opportunity to help the Red Cross help others.

H. G. BODKIN,
Mayor of Goldthwaite, Texas.

Lions Club Has Armistice Meet

The Goldthwaite Lions Club held a patriotic program at the regular meeting Tuesday night in the recreation room of the Methodist church. American flags decorated the tables.

After an appetizing supper, the program committee consisting of J. A. Hester and Sam Sullivan presented Earl Clements and F. P. Bowman in two vocal numbers accompanied by Mrs. Bowman at the piano.

M. Y. Stokes, Jr. then spoke on the significance of Armistice Day this year and gave a resume of the maneuvers of the First Cavalry Division near Balmorhea which he recently attended.

Coach S. E. Cloninger and assistant coach Bill Stephens spoke on the football record of the Goldthwaite school and voiced their appreciation of the Lion's support of the team.

Armistice Day

As an accommodation to patrons, the Goldthwaite post office will be open from 8 to 8:30 a. m. Saturday, Nov. 11, Armistice Day. It will be closed the remainder of the day.

M. Y. STOKES, Jr., Postmaster

P.-T. A. Delegation Presents Petition

RETIREES

W. P. WEAVER

As a farewell to our faithful County Agent, we print the following letters. The first one was written 20 years ago to the papers.

To Farmers of Mills County

I take this method of suggesting some lines of work that we might successfully undertake, notwithstanding the season is far advanced.

The organization of communities for the purpose of improving educational and social conditions and securing better markets for farm products.

The organization of boys and girls clubs.

The terracing of sloping fields and conservation of the fertility of the soil.

As to the production of crops, the farmer needs little assistance. He has long been efficient in raising crops but has left the marketing of his surplus largely to others.

This is your busy season, but we believe we can very profitably take some time to plan for closer cooperation. Therefore, I am calling a meeting of farmers, farm women, boys and girls, at the court house Saturday, June 5, at 3 p. m., for the purpose of organizing a Boys' and Girls' Pig Club and Poultry Club, and also considering the advisability of organizing a Mills County Livestock Association. We hope to meet a large delegation from every community in the county.

Respectfully,

W. P. WEAVER, County Agent.

Valuedictory.

Since my first contribution to your paper, I have served as County Extension Agent for nearly 20 years. Through all of these years my efforts have centered around the suggestions made in my first letter, that is, 4-H Club work, soil and water conservation, and livestock improvement.

Having reached the retirement age, I desire to express my gratitude.

Survey Ordered To Find Cost Of Streets, Walks

Goldthwaite city council at its regular meeting Monday night in the city secretary's office received a petition with hundreds of names in which speedy construction of sidewalks to the school was asked.

A delegation of Parent-Teachers Association members headed by Mrs. L. A. Moon, president, presented the petition and spoke eloquently for it.

Council members present voiced their approval, and a survey was ordered of the streets concerned to determine the most practicable way of securing the improvements.

One plan suggested was to build sidewalks from Fisher street along the south side of the street facing the grammar school and along the north side of the street facing the high school and athletic field. The walks would end at the school. Widening and grading the two streets will also be considered.

San Antonio

Trade Trippers Visit Goldthwaite

A bus load of San Antonio businessmen on a good will trip stopped off in Goldthwaite for thirty minutes Wednesday afternoon. They called on customers here and distributed attractive souvenirs in the form of copper bells. Howell W. Jones, assistant general manager of the San Antonio Chamber of Commerce, was in charge of the trip.

Urbach Sale Monday Attracts Big Crowd

The auction and sale of the stock of the Urbach store which Fairman Co. placed on sale Monday morning attracted capacity crowds all day. Other Trades Day offerings also met with good response from shoppers.

HOW GOOD A DRIVER ARE YOU?

(The following questions are taken from the Handbook for Drivers published by the Department of Public Safety, State of Texas. Answers on editorial page.)

41. What lane of traffic should you be in to make a left turn? A right turn?

42. If your car is already within an intersection when the traffic light changes from green to yellow, what should you do?

48. How serious should an accident be to require a report of it?

4. May you park your car in front of a fire hydrant and go into a store for a minute if you leave the motor running?

45. Is it a violation to leave your motor running when you park your automobile and leave it unattended?

Big Valley 4-H Club

The Big Valley 4-H Club met October 23, 1939. The meeting was called by Mr. Weaver to organize a new club for 1940.

The following officers were elected:

Harold Dee Roberson, president, Ralph Wood, vice-president, and Billy Dennard, secretary-treasurer.

Our sponsors and leaders will be elected later.—Reporter.

Lake Merritt H. D. Club

The woman's club met with Mrs. T. Gunter, Oct. 25.

A large crowd assembled to learn to build different patterns from the foundation pattern.

Samples of different materials and fashion books were passed around to view the new bustle style.

Then we heard the reading of the minutes of the last meeting and Miss Scott began cutting and building patterns.

I'm sure we will be wanting to make and wear a new bustle dress.

Let us all attend the mattress making demonstration by Miss Scott at Mrs. Ira Hutchings Nov. 15.

Each one is invited to come and bring a covered dish.—Reporter.

H. D. Club Social

The Lake Merritt H. D. Club met socially with Mrs. J. W. Dellis, Friday, October 20.

The night was beautiful out under the oak trees where we met and games were played by young and old.

Our neighbors and friends were invited and most everyone in the community was present.

Stew, pop corn and coffee were served to about 100 people.

Everyone, I am sure, enjoyed the event more than anything recently.—Reporter.

Ebony

By Clementine Wilmeth Briley

This community was greatly shocked at the tragic and untimely death of Burl Crowder, which occurred Wednesday, Nov. 1, at Brownwood. Born and reared in this section, he had many friends here. He was courteous, capable, and likeable, and an efficient workman. We lament the circumstances that took him in his youth and kept him from being the man he might have been.

He was buried here Thursday afternoon in the presence of his loved ones and host of sympathetic friends. Austin-Morris funeral home was in charge of arrangements, and Herbert L. Newman, minister of Austin Ave. Church of Christ, Brownwood, was officiating minister.

He is survived by his wife, Mrs. Wilma Crowder, Brownwood; his son, Billie Burl Crowder, San Angelo; his parents, Mr. and Mrs. J. C. Crowder, Brownwood; three sisters, Mrs. Vera Chaillette, Brownwood, Mrs. Carl Lane, Hobbs, N. M., and Mrs. Harry Schurmer, El Paso; one brother, John Franklin Crowder, El Paso; and his grandmother, Mrs. Mary Ivy, Ebony. To the grief-stricken family we extend our deepest sympathy.

Little Norvelle McNurlen had to be taken to Brownwood Sunday afternoon to get the doctor to remove a bad thorn from his knee. He is getting along fine.

Mr. and Mrs. Wood Roberts attended church at Rengency Sunday.

Miss Dolly Reynolds spent the week end with her friend, Mrs. Bob Egger.

Mr. and Mrs. Roscoe Jones and baby Frances from near Goldthwaite visited relatives here Thursday.

Mr. and Mrs. Henry McCarty and little daughter, Betty Jo, of Albuquerque, N. M. are staying with Mrs. McCarty's mother, Mrs. Meek Russell.

Mr. and Mrs. Austin Cawyer of San Angelo spent Saturday night at the Dwyer home. They have bought a home at San Angelo, and are shipping their household goods there this week.

Mr. and Mrs. Orville Egger and baby spent Sunday with Mr. and Mrs. R. V. Beeman.

Mr. and Mrs. Willie Beakley of Pear Valley spent Thursday night at the Wilmeth home.

Granny Hobbs, who spends her time with her two daughters, Mrs. Geo. Jones and Mrs. Bob Egger, is back at the Egger home now.

Mr. and Mrs. Barney Tippen and children from near Brownwood spent Sunday with his parents, Mr. and Mrs. Jim Tippen.

Lillard Wilmeth of Mesquite and his parents, Mr. and Mrs. Jim Wilmeth, spent Sunday with Mr. and Mrs. Ralph Wilmeth at Dulin.

Mrs. Truman Crowder and baby Iris Kay came home from the hospital Sunday, and are now being taken care of at the home of Mr. and Mrs. F. L. Crowder. They are doing fine.

Mr. and Mrs. John Briley were host and hostess at dinner Sunday after church to the following guests: Mr. and Mrs. Stanley Reeves, Mr. and Mrs. Hubert Reeves and baby Joe Hubert, Mr. and Mrs. Austin Cawyer and Edna Beth, and Mr. and Mrs. Oil Dwyer.

The oil rig came in Tuesday, October 31, and spudded in Tuesday night.

The H. D. Club will meet Friday, Nov. 17, with Mrs. Nellie Malone.

Bro. E. L. Green of Owens will preach for us Sunday, and Bro. I. A. Dyches of Goldthwaite will preach the following Sunday.

Blue Bonnet Club

The Blue Bonnet met with Mrs. Minnie Denson, Oct. 10, in an all-day meeting.

There were 12 ladies present. We spent the day in quilting. We quilted two quilts and hemmed one.

At noon, a fine dinner consisting of chicken and dressing and everything that make a good dinner were served.

On Oct. 26, we met with Mrs. Burchel Roberts, with nine members present. We spent the afternoon quilting.

Our hostess, assisted by Mrs. Letha Featherston, served cookies and punch.

Our next meeting will be with Mrs. Jewel Simpson in an all-day meeting, Nov. 14.—Reporter.

Red Cross Warns Home Is More Dangerous Than Highway, Urges Check for Hazards

American Red Cross supplies householders and farmers with a check list of accident hazards in fight against large annual death toll. Hazards shown: top, left, mowers, harrows and other farm machinery, left in gear when making repairs, may result in grave injury to farmer. Top right: pointed shears in the hands of children are as dangerous as matches. Below right: most home accidents are due to falls, and scatter rugs on polished floors should be anchored by use of non-skid lining as shown.

HOME mishaps kill or injure many more persons than motor vehicles, yet the average householder faces traffic with misgiving and relaxes at home.

Each year hazards injure more than 100,000 persons, engaged in farm work, yet the farmer fails to take safety precautions which the factory worker adopts as a matter of course.

Together home and farm work accidents last year killed 25,490 adults and children and injured the staggering number of 4,750,000 persons.

To combat this annual accident scourge the American Red Cross launched a nationwide program in 1935 to acquaint householders and farm workers with the hazards coincident with their work and home life. This year more than 1900 Red Cross chapters are sponsoring this task in the communities they serve.

On October 23 the annual Red Cross campaign will begin through-

out the nation to assist householders to discover and eliminate hazards liable to cause accidents in the home. Members of the American Junior Red Cross and their schoolmates will distribute check lists to parents and assist in examining their own homes and in removing hazards. This Red Cross warning reaches more than 9,000,000 homes and farms each year.

The Red Cross stresses the need of removing hazards which may cause falls, as this type of accident resulted in more than half of last year's home accident fatalities. Among chief causes are poorly lighted stairs, loose railings, small rugs improperly anchored and children's toys left about. Burns and explosions caused the next heaviest loss of life, 5,300 being killed in 1938 by this type of accident, and the Red Cross self-check list points to the danger of scalding liquids in pots and pans left near the edge of

the stove, matches left within reach of children, and fireplaces unguarded by proper screening. Other main causes of accidental death are mechanical suffocation, poison gases and firearms, Red Cross officials said.

Accident prevention is a part of the continuing Red Cross program directed against illness, death and disaster. All Red Cross services are supported by the people who join at the time of the annual Roll Call, this year from November 11-30.

My Trip to Kansas City

By Elvis Hollis

I left Goldthwaite Saturday night, Oct. 14, and at Temple I met the delegate from Lometa, who was to be my room mate in Kansas City. We arrived in Fort Worth at 6:30 a. m. and ate breakfast and left for Kansas City about 7:15 a. m., Oct. 15. We traveled all day and arrived in Kansas City about 9:15 that night.

We took a taxi to our hotel, and there we met our other room mates, one from Cherokee and the other from San Saba.

Next morning we went to the municipal auditorium where the convention was being held. We registered and they gave us a cap and pin and a ticket to the American Royal Show, a ticket for a reserved seat at the Horse Show and a pass for free cookies and milk or coffee.

We attended the convention until lunch and then we went to the American Royal Show. We saw lots of fine livestock and lots of people. After supper we went to the hotel and got ready to go to the Public Speaking contest.

So that was one day gone. Tuesday, the 17th, we went to the convention and stayed until lunch and then went to the American Royal Horse Show. We saw a horse and mule pulling contest and several horse exhibits. We next went to a musical entertainment at the Municipal Auditorium. There were several bands there to play. They called the roll of States and Texas had the largest number of delegates. We stayed there until about 10:30 and then went to a picture show. We retired about 1:00 o'clock.

Wednesday morning we got up about 9:30 and went back to the convention. We went back to the hotel at noon and were getting ready to go to Swift's and get those cookies and coffee when a boy from Richland Springs and another boy from Area IV, came down to our room and got our key. They locked us up and we didn't get to go to Swift's. We had plenty of books and papers so we spent the evening reading. About 4:00 o'clock they let us out. We packed our clothes and took our baggage to the lobby of the hotel. We then went to another picture show.

We left Kansas City about 11:15. We got the brakeman to turn the lights out and we all went to sleep. We all slept till sun-up and then the fun started. We had a real pillow fight. We got to Fort Worth about 1:30 p. m. and had to wait until 11 o'clock. We all slept to Temple where we had to lay over an hour. I got back to Goldthwaite at 5:45 a. m. I had a good time and saw lots of newcountry.

W. P. Weaver Retires

tude to the editors for their cooperation in the extension work and for giving space for my contributions and reports at all times.

And I want to express my obligation to the commissioners' court that made the first appropriation for extension work. Their action gave me the appointment to Mills county and the opportunity for the greatest service of my entire life. That court composed of A. D. Karnes, J. T. Bledsoe, J. F. Henderson, and D. A. Hamilton, commissioners and R. B. Weaver, county judge are an institution to me.

May I now thank the citizens of Mills County for their kindly assistance and close friendship. Their support and cooperation has made possible my long tenure in the county, exceeded only by one other agent in Texas.

Citizens and friends, I commend my successor to you and you to him. The future of the work is assured.

We will continue to live in Goldthwaite, and enjoy the association of our Mills county friends. Every day we thank a kind Providence for having cast our lot with the good people of Mills county.

With a grateful heart, I am, W. P. WEAVER, County Agent Emeritus.

Pecan Growers Meet

College Station, November 9. —The annual meeting of the Texas Pecan Growers' Association was held on November 7th and 8th on the campus of Texas A. & M. College.

The association is composed of pecan producers from every section of the state.

The exhibitor of the best individual pecan will receive the John N. Garner cup. Other classes include best shelling pecan, pecan with highest percentage of kernel to shell, most attractive pecan, and best pound of pecan kernels. A variety naming contest will be held.

"We have long worked with pecan growers, and our county agents have held hundreds of demonstrations in the various lines of pecan production," J. F. Rosborough, extension horticulturist, pointed out.

"This is the first time that A. and M. College has had the privilege of entertaining this group, and every effort will be made to make their stay worth while."

Asking For Trade

The other day a merchant in a nearby town saw a farmer receiving goods at the station from a mail order house. The goods was in his line, and the same he had carried in his store for years. He approached the farmer and said, "I could have sold you every article you have there for less money than you paid that Chicago house, and saved you the freight besides." "Then why on earth didn't you say so?" answered the farmer. "I have taken the local paper for years and have never seen a line about your selling these goods. The Chicago house sent advertising matter to me, asking for my trade and they got it."—Jayhawker Press.

The SNAPSHOT GUIDE FOOTBALL PICTURES

Striking football shots are easy at practice sessions—provided you have a fast shutter; posed action with slower camera. This is the season!

THERE'S drama for your camera in this season's football activities—and, strangely enough, some of the finest, most striking football action pictures are the easiest to take.

Naturally, you'll take your camera to the games, so as to get a record of what happened. But for really dramatic shots, the place to go is the practice sessions, where you'll be more free to move about, and can get closer to the players. If you have a fine camera with fast lens and speedy shutter, of course you can shoot genuine rapid action—such as in the picture above. That leap would call for a shutter speed of at least 1/200 second—if you caught the player at the peak—and preferably 1/400 or 1/500, to be really on the safe side.

But, even if your shutter is too slow for such shooting, don't feel handicapped. In leisurely action, most players will pose for you as if in action poses can be realistic.

Here are two hints. First, hold the camera near the ground, slightly upward. This makes the figures tower tall—and also yields a background. Second, use a filter if you possibly can; a yellow filter will be good to give quality to the out whatever clouds the exposure increase very slight.

If you can't build an album of striking football action, Gridiron shooting splendid camera specialties pictures are distinctly "routine snapshot" class.

By Mrs. Dora Goode

Mrs. Florence Teague left last Saturday for a visit with her son, Hubert, and wife at Houston.

Mrs. C. B. Guice and daughter, Darolyn, left Friday last week for Gladewater to be with her husband, who was hurt in a car accident.

Moving day has come and gone for some of our neighbors. Frankie Soules has bought and moved to the Carl Teague place. Robert Moore has bought the Webb Hill place and moved in. His brother, Walton, took his place, the Barr farm, and will perhaps be through moving for a few years. Webb Hill moved into the place vacated by Walton Moore.

Jim Witty was absent at Sunday school Sunday. You may not think this is news, but it is. It's seldom Mr. Witty misses. Bro. Hester's preaching day, too.

Mr. and Mrs. L. J. Teague had as guests last week their children, Mr. and Mrs. Delbert Cook of Coahoma, and Mr. and Mrs. Connie Walker and children, Clorace and Clinton, of Evans.

Cyrus Woods who has not been very well all summer, was carried to a Temple hospital last week.

Mrs. Mary Soules is still in a serious condition at her home.

Mrs. Leta Perkins attended the Council meeting at Goldthwaite Saturday afternoon.

Aubrey Roe, who is employed on highway work, visited his mother, Mrs. Myrtle Roe, over the week end.

Melvin Witty has enlisted in the army. It is reported.

Pete's cafe has changed hands. It is now operated by Mr. Davis. B. P. Goode and Louie Karnes have been cleaning up their business premises.

Miss Ora Woolsey of Hall is visiting her sister, Mrs. J. W. Roe. Mr. and Mrs. Brownie Moore, of Hamilton, were visitors in our community Sunday.

Tuesday Study Club

The Tuesday Study Club met with Mrs. E. T. Fairman, Tuesday, Nov. 7.

The president, Mrs. Roy Williams, presided at the business meeting.

Mrs. Raymond Little led the discussion on Interior Decoration. The guest room was the study for the afternoon.

Mrs. Fairman served a delicious refreshment plate to fifteen members and Mrs. Alton McClendon, San Pedro, Cal.; Miss Adeline Little, Mrs. John Berry, Mrs. W. E. Fairman, Mrs. Florine Renfro, Mrs. V. C. Bradford and Mrs. Kate Marshall.

Jones Valley News

By Mrs. Geo. D. Brooks

The home of Mr. and Mrs. Dalton Powell burned Saturday evening about 4:00 o'clock. The house belonged to H. Hale of Big Valley. Origin of the fire was unknown, as no one was at home. It was a total loss.

Mr. and Mrs. Frank Blair have a new baby girl at their home.

Mrs. Dollie Langford has leased her home to Luther Jernigan. Her plans are not complete yet as to just what she will do. We will miss her from our community.

Mrs. Dollie Langford and Mrs. Tip Roberts have been spending the day at Mrs. Blair's the past week.

A crowd gathered at the dam Tuesday night for a chili and cracker supper. After supper we all went to Mr. and Mrs. Earl Hale's and enjoyed games.

Mr. and Mrs. Odin Renfro visited Mr. and Mrs. B. F. Renfro in Big Valley Tuesday.

Mr. and Mrs. R. D. Scrivner have been visiting in the W. B. and Arthur Wilcox homes.

Sydney Brooks entertained his little friends with a birthday party Saturday evening. He received a number of nice gifts. Refreshments of hot chocolate, cake and cookies were served to Neta, Earl Hale, Elva Faye Brooks, Billy Bates and Rufus Hanson, Bobby Lee and Wayne Wilcox, Mrs. Arthur Wilcox and Mrs. R. D. Scrivner.

Mr. and Mrs. Earl Hale visited Mr. and Mrs. H. Hale in Big Valley Sunday.

Sunday is church day. Everyone be sure and come.

Book Review

At the regular meeting of the Self Culture Club at the home of Mrs. W. E. Miller, with Mrs. J. A. Palmer co-hostess.

Mrs. Palmer reviewed "The Redlander" by Sigmand Bird. It is a story of rural life in east Texas and under the skillful handling of Mrs. Palmer, each character stood out forcefully.

During the business meeting, Mrs. O. H. Yarborough transferred her membership from the associate list to active work in the club, much to the satisfaction of the entire membership.

A delicious refreshment plate of brick cream, cake, mints, and salted nuts in Hallowe'en colors was served to members and the following guests:

Mmes. Claude Eacott, Jon Schooler, Maston Pribble, Walter Fairman, T. C. Graves, and Mmes. Tom Toland and L. E. Miller, associate members.

FFA and 4-H Club Weiner Roast

Wednesday evening, Nov. 1, some 125 members and visitors of the FFA and 4-H Club Fair Association enjoyed a weiner roast at Lake Merritt. About 40 pounds of weiners, 25 loaves of bread, 20 gallons of punch, 4 pounds of coffee, and one-half bushel of onions were consumed.

After the feast, a business meeting was held. The president, Tolbert Patterson called the meeting to order and gave a brief review of the FFA and 4-H organization. An executive committee was formed, the same as last year, with the exception of Sam E. Rosenberg, the new County Agent, who will replace our General Advisor W. P. Weaver. The executive committee for 1939-40: General Advisor, S. E. Rosenberg; president, Tolbert Patterson; vice-president, O. H. Yarborough; secretary-treasurer, S. E. Cloninger. New committee members were elected: Hobart Priddy, Jim Soules, Lee Tesson, E. D. Robertson, Luther Jernigan, and M. B. Coffee.

The question was asked, do we want to sponsor a FFA and 4-H Club Fair in 1939-40? A. H. Smith made a motion that we sponsor a club fair in 1939-40. The vote carried unanimously. Short talks were made by several W. P. Weaver, a man who has served the farmers of Mills county for 20 years, gave a review of some of the conditions in previous years as compared with our show last year. He went on to say that Mills county had been good to him and that his only regret was that he had not come to Mills county sooner. O. H. Yarborough made a timely talk, complimenting the work done by our out-going county agent. A rising vote of thanks was given W. P. Weaver for his good work. G. R. Goosby, Judge Gerald, Miss Scott and Sam E. Rosenberg, our new County Agent, made short talks. Rosenberg fitted in a good "bull" story.

Supt. White of Priddy, asked the question, "where will the show be held?" And at the same time made an appeal that Priddy should have the fair this year. Supt. A. H. Smith invited the show to come to Goldthwaite, Jack Kirby invited the show to Star. A vote was called. Result of votes: Priddy, 37; Goldthwaite 18; and Star, 6, made unanimous to go to Priddy.

The Chairman appointed two committees. One for the boys division: S. E. Rosenberg, Luther Jernigan, Lee Tesson. Girls division: W. P. Weaver, Miss Scott and Mrs. Baker.

To date, 59 people have paid their membership fee. The fee is \$1.00. The Fair will be financed as last year, through paid memberships. Last year 126 men paid \$1.00, two paid \$2.00, two paid \$5.00, seven paid 50c, one paid 25c, one paid \$10. Business men of Goldthwaite gave \$40 for womens division and the Com-

Texas Tax Bill And Texas Crop Value Compared

Dallas, Nov. 9.—Total amount of taxes paid by the people of Texas during the fiscal year 1938 was equivalent to more than the value of all the field and non-field crops produced in the State that year, plus the value of all the wool and mohair, plus all the cash income from cattle and calves, according to the current issue of The Taxpayers Digest, Dallas.

The new tax publication for Texans, published by The Taxpayers Research Bureau, Dallas, and edited by Peter Molyneux, widely known journalist, author, and economist, with Booth Mooney as associate editor, points out these facts in its first regular issue, dated Nov. 1.

The total tax bill of Texans for the fiscal year ended June 30, 1938, was not less than \$454,000,000. The Taxpayers Digest explains, while the combined value of all State crops, all wool and mohair, and all cash income from cattle and calves amounted in 1938 to \$452,200,000.

"The revenue of the State Government of Texas raised by taxation during that period amounted to \$111,650,527," the paper says, "and that of all the local governments of the State amounted to \$120,283,286. The Taxpayers Research Bureau estimates the Federal taxes paid by the people of Texas during that year as not less than \$221,600,000, an extremely conservative estimate. The total of these figures is \$454,000,000, and certainly the 1938 tax bill of the people of Texas was not below that sum."

Value of all the crops reduced in Texas in 1938 was \$324,400,000, that of all the wool produced that year was \$19,100,000, that of all the mohair was \$6,750,000, and cash income from cattle and calves amounted to \$101,950,000. "The total of these figures," The Taxpayers Digest concludes, "is \$452,200,000. That is \$1,800,000 less than the tax bill paid by Texans during the 1938 fiscal year."

Big Valley H. D. Club

"Using Linnet starch to starch colored clothes makes them smoother and leaves no trace of starch," was a laudering hint given by Mrs. Erie D. Roberson at the Big Valley H. D. Club meeting which met with Mrs. Billie Daniels Thursday, Oct. 26.

Other hints such as, hanging quilts out at night would keep them from circling; soaking clothes overnight makes them wash easier and many other good hints. The club enjoyed a game of right and left spelling.

Mrs. Daniels served delicious chocolate and coffee and cakes to the following: Mmes. Floyd Sykes, Bob Robertson, George Robertson, Chas-

Miller, L. E. Pass, Landy Ellis, Erie D. Roberson, Marion Roberson, Liva Weaver, Harvey Hale, and Homer Weaver.

The club will meet with Mrs. Homer Weaver Thursday, Nov. 9, for an all-day meeting. Miss Scott will make a mattress and those interested should be present. Everyone bring a covered dish, your thimble and come early, as it will take all day to make the mattress.—Reporter.

"I hope that the United States will keep out of this war. I believe that it will. And I give you assurances that every effort of your Government will be directed toward that end. As long as it remains within my power to prevent, there will be no blackout of peace in the United States."

—President Roosevelt. (Address to the Nation, Sept. 3, 1939)

THEY DID NOT DIE IN VAIN

Twenty-one years ago this week the command, "Cease Firing," brought an unexpected silence to the sodden fields of France. There more than two million American men were under arms, comrades of French and English warriors gathered from every continent on the globe.

After months and years of fighting which had bogged down into almost stationary trench warfare, these Americans had provided the impetus that was needed to drive the foe out of his dug-outs and push him doggedly back towards the borders of France.

At last it seemed that the war might be won, but, before a clear-cut victory on the battlefield had been achieved, the Armistice put a stop to the carnage.

America asked for not one cent indemnity for her intervention. Furthermore this country increased her loans to the Allies and even spent millions to feed starving Germans and Russians.

Beneath the marble crosses in France and in graves strewn from coast to coast of the United States there lie buried more than 50,000 American soldiers whose lives were laid down for the principles for which we entered that war. Thousands more now bear on their bodies or in their minds the scars of that conflict.

Their sacrifice was made that war and autocracy might be forever ended, that the principles of democracy might not perish. Yet today the roads of England, of Germany and France once more resound with the tramp of marching feet, and nights are made hideous with the screech and glare of bursting shells.

Did those 50,000 young Americans then die in vain? Was all the sacrifice which that great war entailed entirely needless? Would we, as some loudly proclaim, be better off today had we stayed out of Europe's war in 1917 and 1918?

No, a thousand times no! For though that war failed to settle for long the age-old differences that underlie European strife, it did definitely destroy the sinister threat of German autocracy to overthrow democratic forms of government throughout the world.

The fact that today two new autocracies have arisen to challenge the democratic way of life does not invalidate the benefits which we as a democratic nation have derived from the past two decades of peace, for our nation still enjoys a free government of and for and by its people. The fact that we have undergone trying days of depression does not obscure the most important fact

THE POCKETBOOK OF KNOWLEDGE

that the United States is still the most prosperous country in the world. American families on relief are actually better fed and better housed than the majority of employed workers in most other lands.

The United States is still predominantly a Christian nation although adherents of other faiths or none may live here in peace. Freedom of worship still exists hand in hand with freedom of speech and freedom of the press such as no other country enjoys today.

It is these incalculable benefits we should bear in mind this Armistice Day. To preserve them for us half a hundred thousand khaki-clad American soldiers consecrated their lives.

The question is not whether their sacrifice was warranted. The issue is: Are we who have survived them and who have come after them worthy of their great sacrifice? If so, they have not died in vain.

Sleep on, brave lads, your race is run Your work complete, your laurels won. 'Tis we who follow in your train Who need must prove that not in vain You lived and died, and live again— Your deeds emblazoned in the sun.

BLOW-OUTS

College Station.—Whether the farm house is just being wired for the first time or has had an electric system for years, it's well for every adult member of the family to understand that fuses, or circuit breakers, are the safe-

ty valves in the electrical system, warns M. R. Bentley, agricultural engineer for the A&M College Extension Service. The reason for a fuse blow-out may indicate a short circuit or perhaps too many appliances may have been connected to one circuit, but either bears investigation.

X-Ray Minds

A MAN WITH AN X-RAY MIND would have the power to see into the heart and mind of everyone. Perhaps he would discover that the people he had disliked were not such bad folk after all. He might find that those he had criticized have perfectly good reasons for acting as they do. People to him would be an open book. He would discover, I believe, that the average person means to do the right thing. His X-Ray mind would make him sympathetic, helpful, considerate.

If we all had X-Ray minds, dishonesty would be eliminated; there would be no crime; politicians couldn't tell lies and get away with it; and wars would be impossible.

Of course, we'll never really have X-Ray minds. But understanding, tolerance and common sense are good substitutes. They have X-Ray qualities. They give you power to look under the surface and harmonize human relationships. To settle disputes, they are more effective than the fist or the sword. They enable you to see the good in people. If everyone used them more, this would be a far happier, and more joyous world in which to live.

SUNDAY SCHOOL LESSON

PUTTING GOD'S KINGDOM FIRST

LESSON TEXT—Matthew 6:19-34. GOLDEN TEXT—But seek ye first the kingdom of God, and his righteousness.—Matthew 6:33.

Said the Robin to the Sparrow: "I should really like to know Why these anxious human beings Rush about and worry so."

Said the Sparrow to the Robin: "Friend, I think that it must be That they have no Heavenly Father Such as cares for you and me." —Elizabeth Cheney.

Most men are rushing about madly. Worry presses them down. They wonder whether life is worthwhile, whether somewhere there is not relief from this nervous tension that is destroying mind and body. Well, there is relief and it consists of but one ingredient. Give God His proper place, the first place in your life, and "all these things" (Matt. 6:33) will take their rightful places. Seeking first the kingdom of God will settle every problem about money, about food and clothing, and about the future.

I. Money (vv. 19-24). The word in our text is "treasures," and we know that it has a broader meaning than money, but since in our day men seem to translate all values into dollars, we feel free to use that word "money" to express our thoughts.

The treasure is something that one has placed somewhere in order to keep it for himself. It is not a thing gathered for the purpose of using it to serve others or to serve God, but something put away on the shelf to be kept for one's own enjoyment.

There are two places in which a man can lay up treasure, on earth or in heaven; but it is only as he hoards treasure on earth that he becomes selfish. That which he sends on to heaven by his devotion of life and in service to Christ, by his sacrificial giving to the cause of Christ, by his encouragement of those who are witnessing for Christ, all this is done for the glory of God and without hope of reward. How great will be the surprise of some when they come to heaven and find what they have thus laid up for eternity.

Laying up treasures on this earth, on the other hand, leads to covetousness, to enslavement to one's possessions (be they great or small), and to the evils that follow like a train in the wake of a love of money.

II. Food and Clothing (vv. 25-32). Some who have no great desire to amass riches are nevertheless in constant anxiety about food and raiment for the morrow; in fact, it is true of some who have great riches that they live in fear lest next month or next year or ten years from now they may be in need.

What is the answer of the Lord Jesus? Consider the birds. They are not able to work nor are they able to pray, but God feeds them. Consider the glory of the flowers of the fields, for not even a king can dress himself in such beauty. "Are ye not much better than they?" (v. 26).

"As far as known, no bird ever tried to build more nests than its neighbors; no fox ever fretted because it had only one hole in which to hide; no squirrel ever died of anxiety lest he should not lay up enough nuts for two winters instead of one; and no dog ever lost any sleep over the fact that he did not have enough bones laid aside for his declining years" (Public Health Service).

Proper forethought is good and right for we are intelligent beings, but anxiety about our daily needs is always dishonoring to God.

III. The Future (vv. 33, 34).

Why will we fret ourselves about the future? It is in God's hands, and even if it were in our hands, what could we do about it? Even tomorrow, with its needs and its blessings, with its joy and its sorrows, is not yet here, and when it does come, there will be God's gracious provision for each passing hour.

Unsaved friend, will you not take the Lord Jesus Christ just now as your personal Saviour and let Him solve the problems of your life as you put the kingdom of God first? Christian friend, if you too have been bearing burdens which are not honoring to God, will you not tell Him just now, and put them down at the feet of the Lord Jesus? "Casting all your care upon Him; for he careth for you" (I Pet. 5:7), which might properly be translated, "Casting all your worries (or distractions) on Him, for He worryeth about you."

Be Still Then and Know

Only in the sacredness of inward silence does the soul truly meet the secret, hiding God. The strength of resolve, which afterwards shapes life and mixes itself with action, is the fruit of those sacred, solitary moments when we meet God alone. —F. W. Robertson.

Letter Received By Mrs. J. T. Robertson

Following is a letter received
 by Mrs. J. T. Robertson from
 Ruth Hale:

Terlingua, Texas
 October 16, 1939

Dearest Mrs. Robertson
 and Family:

My heart was made sad today
 when I received word that God
 had opened the gates of heaven
 and let dear Mr. Robertson pass
 through. No one can realize just
 how much he meant to me—he
 who has been a bright and shin-
 ing light to many a weary soul
 as he plodded along the highway
 of life. With always a smile, but
 never a sigh; willing to give his
 life if needs be to help anyone
 who came along his way—such
 was he. But God in all his mercy
 and kindness has taken him
 away from us and left a vacant
 spot that no other human being
 can fill. We realize not the value
 of a Christian soul until it is
 gone.

I would not take anything for
 the eight months I spent in that
 home—your home and his home.
 To you all goes my greatest
 sympathy. Remember, some
 thing loved is never lost. As long
 as God is in heaven; the exam-
 ple of true Christian living that
 Mr. Robertson set upon earth
 will live. The inspiration that
 his life has given me is an inspi-
 ration that cannot be blotted
 out by all the force of evil. It
 will live in my life forever.

He did not have to cross Jordan
 alone. Jesus was there
 waiting to bear him safely over
 to the other shore where angels
 were gathered to welcome him
 home—a good and faithful ser-
 vant.

We miss him greatly, but we
 cannot bring him back. We must
 prepare to meet him in that
 eternal home of the soul. May
 our lives shine on as his did
 while we are yet in the world.
 My greatest love and sym-
 pathy are yours, May God bless
 you and keep you!

Sincerely,
 RUTH HALE

Monday was a big day in town.
 It was the regular Trades Day.
 Then Earl Fairman was the big
 man all through the day. It was
 a very pleasant day. There were
 farmers there from all over the
 county. Mr. Fairman had good
 luck in selling and giving away
 his hardware in the Urbach
 building. He saw that everybody
 had lunch. The barbecue, pick-
 les, onions and coffee were fine.
 Some went to the cafe, but Mrs.
 McGowan and myself ate at Bill's
 new place, which is very nice.
 There were people there who
 were here before this store was
 established. This store will be
 missed by those in the county.

To my surprise, Sunday night,
 three of my sons and their wives
 fixed me a birthday dinner at
 6:00 o'clock in my home. It was
 Dwight and wife, Philip and wife
 and James and wife, also Guy
 Manning and family from Ste-
 phenville. It was a very nice
 dinner which we all enjoyed very
 much. Some people don't have
 birthdays very long. Why not en-
 joy them when they come. I re-
 ceived many nice gifts which I
 appreciate very much.

There will be church and Sun-
 day school Sunday morning and
 church Sunday night. Bro. J. C.
 Wade, the pastor, will do the
 preaching.

I guess we had better go to
 town Friday as the stores will all
 be closed Saturday. Some will
 go back Saturday to see the horse
 races and goat roping. It will be
 another big day for the county.

Beryl Turner and family from

Mrs. Adrian Long prepared a
 birthday dinner Wednesday
 night for her husband and Mrs.

 the same day. I am sure they
 had a good dinner.

Mrs. Claud Holley from Rusk
 spent from Wednesday until Fri-
 day with her mother. Mrs. Nick-
 ols last week. She came with J.

Joe Davis and wife had com-
 pany from Brownwood last Wed-
 nesday. His father and mother
 also dined with the visitors who
 were Mmes. Davis Alley, Nickol-

Ira Dewbre and wife have been
 here visiting in the Daniel home.
 They have work close to Brady.

Mrs. Sam Self is able to be up

Last Tuesday Mmes. Nannie
 Jackson, Buelah Santers from
 town and Mrs. Hendrix and Mrs.

 Mrs. E. D. Roberson spent the
 day in the Pass home quilting.
 Mrs. Ballard joined the noisy
 bunch in the afternoon. One
 quilt was finished and some
 quilted on another one. The
 lunch was delicious everything
 you could wish for was on the
 table. Mrs. Pass served a good
 ice cold drink. We hope to meet
 there again in the future.

Celebrates Birthday

A number of friends of Mrs.
 F. C. Smith gathered at her
 home Wednesday night, Oct. 25,
 after prayer meeting, to help her
 celebrate her 78th birthday.

Mrs. Smith in her pleasant
 manner, gave everyone a cordial
 greeting, and enjoyed every
 moment of the time.

After some pleasant conversa-
 tion, the 78 candles on the birth-
 day cake were lighted for Mrs.
 Smith to blow out. This she did
 quite well. Everyone admired
 the cake, as it represented a
 huge Jack-o-lantern, decorated
 with all the symbols of Hallowe-
 en. It was presented by Mrs.
 Roy Simpson.

Candy, cake and punch were
 served.

Mrs. Smith received many nice
 and useful presents, including
 several beautiful bouquets.

Those who enjoyed this cele-
 bration were: Bro. and Mrs. Furr
 and son Joe Edgar, Mr. and Mrs.
 Joe Curtis, Mrs. L. W. Faulkner,
 Mrs. Tom Cave, Miss Ruby Cave,
 Mrs. Jim Brim, Mrs. Lewis Hud-
 son, Mrs. Dow Hudson, Mr. and

Mrs. Smith was born in Co-
 lumbia, Caldwell Parrish, La.
 She came to Texas in 1873, and
 to Mills county in 1903. It can
 truly be said of her, "To know
 her is to love her." May she
 live to enjoy many more happy
 birthdays.—One Present.

WINTER DISARMED

90-hour threat
 ended by OIL-PLATING
 your engine today

You can probably agree that
 these are certainly conservative
 figures . . .

- 4 or 5 months of nasty weather
 right ahead of you now
- 8 or 10 daily cold starts for your
 car
- 6 to 8 minutes per start, till your
 engine's near-warm

And yet even that can run up
 your engine's cold-weather "start-
 ing-stretch" to right around 90
 hours! . . . The foulest 90 hours
 that Gangster Winter could fire
 at your engine—your battery.
 And don't ever hope to halt him
 with motor oils whose biggest
 brag is "fast flow." That's not
 enough—and it's not your money's
 worth, considering that "fast
 flow" is mighty slow Winter lubri-

cation compared to OIL-PLATING.

OIL-PLATING in your engine
 will lubricate before any oil can
 circulate. That's because the mi-
 nute you start up with patented
 Conoco Germ Processed oil it
 makes OIL-PLATING "magnetize"
 to all inner engine surfaces, so
 that it cannot drain down again.
 It cannot retire to the crankcase
 as you park the car. Like any
 other good plating, OIL-PLATING
 stays right where it's plated by
 Germ Process action—all over the
 working parts. They've "got on"
 their OIL-PLATING all the while
 you're indoors. They never "take
 off" their OIL-PLATING. When
 you come out to start then, your
 OIL-PLATING can't be delayed
 even 90 seconds—or one-ninth of

a second! And away you go. The
 battery hardly knows it was work-
 ing. And it's a good long while
 before the gauge-stick calls for an
 added quart of Germ Processed
 oil. Your Mileage Merchant has

Value Of Trees

College Station, November 9.—Economic value of trees and grass as well as the scenic advantages of nature has been recognized in the government's agricultural conservation program, according to Sadie Hatfield, specialist in landscape gardening for the A. and M. Extension Service.

An opportunity to provide beauty, comfort, and convenience for the rural home is offered by the conservation program which makes grants of money for the planting of trees, grass and cover crops as soil-conserving agencies, she says. By this means the farm home may secure such landscaping materials as forest or post producing trees, grass, stones and fences.

"Never before have rural people had so much encouragement in making plantings and arrangements which help in beautifying their homesteads," the specialist says. Some of the practices which entitle ranchmen to payment under the range part of the conservation program can also be used to improve the landscape and put

beauty around the farm and ranch home, she adds.

The garden and orchard should be near the house and part of the landscape plan. Windbreaks, shade trees, screen plantings, woodlands or woodlots, poultry ranges, livestock pastures, recreational areas, and wildlife production units should be arranged to improve the appearance as well as to increase the economic value of the homestead.

Farmers have until December 31 to carry out soil-building payments. Last year Texas operators failed by approximately 62,913,000 to earn full allowances for these practices. Further information may be obtained from the offices of county home demonstration and county agricultural agents.

Mrs. Willie B. Whitehead of Del Rio, auxiliary president, said here Saturday.

Mrs. Whitehead was in Fort Worth to arrange for the woman's meeting, which will be held at Hotel Texas in conjunction with the sheep and goat raiser's convention.

"No honest reason can be offered in opposition to the passage of a law by Congress, which where possible, will require the manufacturers of cloth to stamp in a clear and understandable manner its fiber and fabric content," Mrs. Whitehead declared.

Health Notes

Austin.—Children brought up according to the three "R's" of mouth health have a very good chance to escape the discomforts and accompanying ill-health that comes from dental disorders, according to the Texas State Department of Health.

This season of the year, when the children are getting adjusted to school routine, is a particularly appropriate time to give special thought to the physical as well as the mental aspects of a child's development. The child who is physically fit makes much better progress in school, than does the boy or girl who is below par. Parents can help to keep their children fit by carefully following the rules of mouth health in bringing up their children.

The three "R's", of course, are not "Reading, 'Riting, and 'Rithmetic, but are "Right" foods, "Real" cleansing, and "Regular" office visits, which are as important to mouth health as the old three "R's" are to mental development.

The teeth and other mouth tissues depend for their original structural strength and their continued resistance to ill-health on the quality and quantity of building materials made available in the food one eats. The first set (baby or foundation) of teeth obtain their materials from the mother before a child's birth. The permanent set may

depend on the diet of mother and the child. Consequently, the diet should be rich in calcium, phosphorus, and in those that seem to affect calcium, with special emphasis on vitamin "D" which, principally in sunshine, oil, and fish. That is, be the "right" food for strong, decay-resistant teeth.

"Real" cleansing means a-day thorough brushing of teeth with effort to reach tooth surface, and flushing equally thorough flushing with some mild antiseptic or saline solution. That play the part of gum destroyers in the known as dental decay or hemorrhage are more active clean mouths. Real cleansing will help to prevent the

But it is unwise to complete dependence on health on the first two "Regular" dental office should be made if only one's self that the healthy. These visits your family dentist to correct when they are damage is done. Natural corrections are much made than those which gone unattended.
