FFA AND 4-H SHOW AT PRIDDY SATURDAY

Fine Calves, Sheep and Hogs To Vie for Ribbons and Cash

By DREW PEARSON and ROBERT ALLEN

The recent Republican national committee meeting in Washington gave no indication of a swing to any one G. O. P. presidential candidate, but party chieftains have made up their minds about the man they will have to beat in November.

The G. O. P. high command now is going seriously on the assumption that President Roosevelt will seek a third term and is mapping campaign plans accordingly. This was the keynote of the national committee meeting here, the speaker that haunted every discussion behind closed doors, over luncheon tables, tavern bars and in hotel lobbies.

Omens which have influenced this conclusion in the minds of party leaders are: First—the President's switching of the Thanksgiving date, G. O. P. heavy thinkers argue that in breaking this "sacred" tradition, Roosevelt was "conditioning" the voting public for the overturn of an another.

Second—the "weak sister" type of Democratic candidates being promoted as Roosevelt successors. Some G. O. P.ers believe that Hull, McNutt, et al, are "clay pigeons" candidates put up for purposes of "unflattering comparison" with the President.

Another third term harbinger raised in executive session of the national committee is the "waning hope for peace" in Europe, which plays right into the hands of third term advocates.

When the President makes a speech he keeps his place on the manuscript with two fingers of his left hand. They move from line to line as he reads down the page. He uses his right hand to grasp the rostrum.

Asked to allow her name to be used as sponsor of a Negro concert in Washington, Mrs. Burton K.

IT'S 1940—AND HOW! Mrs. Burt Wheeler emphatic about this being presidential year. That's her daughter with her.

Wheeler, wife of the Montana senator, snapped, "Don't you know better than to ask a thing like that in a presidential year?" and hung up.

In preparation for the forthcoming congressional primaries, the Townsends have set up a special committee to pass on all candidates. Head of the body is Dr. Francis Townsend. Other members are his young son, Robert, and L. W. Jeffery, vice president of the movement.

All state delegations at the Republican national committee meeting voted en bloc during the balloting for a convention city, except South Carolina.

"Tweedle Joe" Tolbert of Ninety Six, S. C., most colorful figure at the meeting, voted for Chicago while his daughter, Julia Tolbert, a national committeewoman, cast her ballot for Philadelphia.

Joe Pew, Pennsylvania's oil magnate G. O. P. boss, was boasting about the advantages the Republican convention will bring to Philadelphia.

"We'd a thousand times rather play dead to the Republicans than the Democrats," he said. "Republican convention delegates are better heeled on the whole than the Democrats and spend three times as much money. Democratic delegates are usually poor boys who have to watch their pocketbooks."

Justice Stone Walks. Supreme Court Justice Harlan F. Stone is determined to get his walk-out every day. At a reception in a downtown hotel, a friend questioned him about this.

"Yes," said Stone, "I'm going to get my exercise today by walking home from this party."

The friend expressed surprise, in view of the distance and the slip-

School Census Supplies Are Ready

School census supplies are ready for distribution in the office of the County Judge. The law requires that a census of scholastics be taken during the month of March in every school district. However, a child's place of residence on April 1, determines where he should be enumerated in the census. It is very important that every child between the ages of six and 17 both inclusive, be enumerated and that every item of information called for on the Family Census Form be supplied, as these seemingly unimportant items of information may be very important child's status which may arise in the Census Division at Austin. No scholastic should be overlooked, as each scholastic draws \$22 for his district.

The annual trustee elections this year fall on April 6. In this election each common school district elects one trustee. Each consolidated common school district with a seven-member board will elect either two or three new members. The election is for the purpose of electing trustees to new terms only. The law does not permit filling of unexpired terms by election. All vacancies in unexpired terms must be filled by appointment from the County Board.

Three County Board terms expire this year and elections for County Trustee will be held in Commissioners Precincts One, Two, and Four. Precinct Three and the county-at-large elected last year.

A new law allows all voters residing within a county line district to vote for county trustee in the county which has jurisdiction over the school district regardless of whether they live in the county of jurisdiction or not.

Petitions to have names of candidate for either local or county trustee may be filed at any time up to March 26. A petition must have five signers to place a name on the ballot. Forms for this purpose may be had for the asking at the office of the County Judge.

R. J. GERALD, County Judge.

Red Cross Asks Your Aid

Mills County Chapter of the American National Red Cross has been assigned a quota of War Relief Work. It is the duty of our Chapter to see that it is done. Many of us can knit or sew beautifully and here is our chance to help suffering mankind. It is not even required of us to furnish our materials—all the Red Cross asks is that we contribute the work. If you are interested and want to help call or see Miss Claudia Carroll at Fairman Co., and she will see that you are given material and patterns.

Mills county's quota includes five men's sweaters with sleeves, 10 women's sweaters with sleeves, 20 children's sweaters with sleeves, 10 women's dresses—heavy weight with long sleeves, 10 children's dresses—heavy weight with long sleeves (2 to 6 years of age), 10 children's dresses—heavy weight with long sleeves (8 to 14 years).

If you are capable of doing this kind of work please help!

ECONOMY STORE HAS ANNIVERSARY

The Economy dry goods store here is this week celebrating its first anniversary under the management of Irving Bornstein. On page seven of this issue of The Eagle is a page announcement of the store's anniversary sale which begins at eight o'clock this morning. Bornstein has expressed his gratitude to Mills county people for business during the past year and invites their continued patronage.

True Sportsmen's Club Organized

On Thursday, Feb. 22, a group of men interested in hunting, fishing, conservation of wildlife and sports in general had a barbecue and general get-together at W. E. Fairman's ranch and organized "Mills County's True Sportsmen's Club." There were about 70 men present with Luther Jernigan acting as chairman. Jim Hamilton was elected secretary-treasurer; Luther Jernigan, Will Rose, and Mack Egger were elected as committeemen to determine when and where the next meet will be held and to act on any matters that may need decisions before the club meets again.

During the day a Hound Judging Contest was held and the following awards were made:

Old dogs class—Nickols' Dempsey was first, Claud Eacott, Sammie was second.

Three year class—Jernigan's, Charlie was first, Nickols, Buck was second.

Pup class—Mack Egger's Prince was first, Nickols' Buster second.

Horn-blowing contest—M. L. Jernigan, first, Glenn Nickols, second.

At sundown the different hounds were assembled in one pack and a trail was soon picked up within about 100-yards of camp. After running several hours the hounds were called in on account of the high wind. In this case one had the privilege of hearing some of the finest hounds in the state run. No more ardent devotees of this sport can be found anywhere than here in Mills county. It is worth a trip anytime to hear the Nickols dogs, the Porter dogs, the Rose dogs, the Egger dogs or the Jernigan dogs run, but when all of the 65 dogs were combined in one pack it was worth a trip of many miles to hear them run.

Priddy NYA Team Wins Championship

Priddy NYA basketball team won the Regional Basketball Tournament of NYA teams at Waco last Saturday.

Teams participating were from Waco, Dublin, Stephenville, Palestine, Evans, Hillsboro, and Priddy.

All players were boys working with the National Youth Administration, who ranged in age from 18 to 24.

The strong Dublin team went into the finals against the Priddy team, and at the third quarter the score was 11 to 13, but the Priddy team put on a rush deal and won out by a good margin.

This places the Priddy NYA team to go into the State Tournament to be held at Inks Dam on Friday and Saturday, March 1st and 2nd.

The Priddy players were: Kunzel, Partin, Tischler, E. Masters, V. Masters, Dunlap, Tiemann, Elkins, Schraders, Wright, Walters, and Lippe.

DALE CARNEGIE LECTURE POSTPONED TO MARCH 15

Dale Carnegie, famous author of "How to Win Friends and Influence People," will speak in Brownwood on Friday, March 15, instead of March 1, as previously announced.

Tickets are now on sale for both the afternoon and evening lectures.

SINGING CONVENTION

Quarterly singing convention will meet at Duren the first Sunday in March.

Bring your basket lunch and spend the day at Duren.

J. H. Carr of Austin will be there and other splendid out-of-county singers. Quartettes arranged for specials.

Help make this a fine day.

Sets Record

Having already set a record of having served longer than any previous school superintendent in Goldthwaite, Superintendent A. H. Smith was re-elected for three more years Saturday at a meeting of the local school board.

Mr. Smith is now completing his seventh year here. He was superintendent at Winters before coming here where he succeeded E. J. Stringer who took his place at Winters.

He has been instrumental in securing many needed improvements and in increasing school attendance by one-third. The seven school busses now in service, the fine, new electric-lighted athletic field, new gymnasium, additions to the grammar school building and improvements to the high school building are concrete examples of his accomplishments. From a very small sum, state aid has now been increased to around \$13,000 per year.

Vocational courses, including agriculture, home economics, and bookkeeping, have been introduced into the curriculum, and the number of affiliation credits has been materially increased. Graduates of the Goldthwaite High School are making excellent records in most of the larger colleges and universities in the state.

Supt. Smith is active in civic and church work. He has been president of the local Lions Club for several years and has championed its program of highway and local improvements.

Poll Tax Payments By Voting Boxes

The following compilation by voting precincts of poll taxes paid and exemption certificates issued for 1939 and for 1938, has been compiled by Sheriff and Tax Collector J. H. Harris.

The 1939 total of 2242 includes 57 exemptions and the 1938 total of 1662 includes 16 exemptions. It will be noted that only two precincts failed to show a sizeable gain over 1938:

Brownwood

Prices failed to represent the true value of cattle here Wednesday when 47 registered polled Herefords in the fourth annual Brown county auction for the very low average of \$132.55, by far the lowest average ever made by the association.

The condition of James C. White, editor and publisher of the Brownwood Banner, confined to Medical Arts Hospital since Wednesday of last week, is slowly improving, hospital attendants announced Thursday.

More than 1,000 persons are employed on the Work Projects Administration assignments in Brown county at the present time.—Banner.

Lometa

Mr. and Mrs. Sam Murphy have moved to Goldthwaite, where he has leased a place.

Mr. and Mrs. Jay Brooks and Bill Brooks were in Goldthwaite Monday where Jay is having Dr. Graves remove his teeth.

A man in Goldthwaite this week asked us if there was a vacant business house on Main Street in Lometa available, and we had to tell him that there was only one vacant, and it was being held for a party.—Reporter

Hamilton

According to Thomas League, project supervisor, the Hamilton Electric Cooperative Association, is looking forward to a very busy month of March. Besides building 41 miles of additional power lines, contractors who built the first lines are here doing "clean-up work."

Announcement was made from Washington, D. C. on February 19, that the new postoffice at Hamilton will be built by the J. O. Boyd Construction Company of Dallas. The Public Building Administration awarded the firm a \$47,290 contract for the work.

The Jones No. 1 oil test being drilled in the McGirk country by A. J. Caldwell, of Pioneer, had reached a depth of over 1,100 feet on Wednesday afternoon of this week.—Herald-Record.

San Saba

The most welcome news that San Saba county folks have received in a long time was that received here yesterday from Division Engineer Leo Ehlinger of Brownwood, just returned from Austin, that "the highway commission has just set aside the money for the paving of Highway 81 (now known as 16) from the Mills county line on the north to the Llano county line on the south." It is also understood that a five-mile strip of paving from Goldthwaite south toward San Saba has been figured in the 1940 projects.—News.

Pleasant Grove

By Miss Lenora Brown

As I write this letter, you can not see the sun because it is so cloudy, and the wind is blowing. It looks as if March is just around the corner.

There were only a few at Sunday school but a large crowd at singing Sunday night.

Mr. and Mrs. Ernest Benningfield and family visited in the home of L. O. Kelly last Wednesday night.

Ruby D. Berry spent Thursday night and Wednesday with Mrs. Berton Leverett at Goldthwaite.

Mr. and Mrs. Weldon Lucas and family visited Brit Berry Sunday.

Lorene Covington spent the week end with Odell Casbeer of Goldthwaite.

Mr. and Mrs. Red Arrowood and family, Mrs. Bert Wright, Mrs. Fred Laughlin and Billy Helen Smith visited in the home of Dude Wilkey Sunday night.

Mr. and Mrs. Sam Miller spent Thursday at the home of Charley Miller.

Rosa Lee Jeffery spent Thursday night with Lorene Covington.

Mrs. Queenie Covington is ill this week.

Dorothy and Joan Jeffery visited their grandmother, Mrs. Will Jeffery last Wednesday.

Mrs. Lola Kelly visited a few days last week in the home of George Brown.

Charley Perry and family, Earlene and Charley Leo Perry of Center Point visited relatives at Pleasant Grove this week end.

Jewel Wilkey spent Thursday night with De Alva Virden.

Lorene Covington spent Tuesday night with Valeria Stacy.

Vernon Kelly and family spent a day or two with Virgil Tubbs of Caradan last week.

Mr. Varnell visited in the home of Dude Wilkey Sunday.

Imaree Covington spent Saturday night with De Alva Virden.

Mrs. I. G. Collier, Miss Ima and Will Collier of Star visited Mrs. L. B. Covington last Thursday.

Those visiting in the home of Charley Miller Sunday were Mr. and Mrs. Tom Miller and three young sons of Goldthwaite, Joe Benningfield, DeAlva Virden, Ruby D. Berry, Irene Baber and Raymond Ray.

Willie Leston Berry and L. C. Covington spent Sunday with Jude Miles of Star.

Mr. and Mrs. O. Z. Berry and Mr. and Mrs. Harvey Jeffery visited in the home of Levi Berry Sunday.

North Bennett

By Mrs. Edker Mikeal.

I haven't seen any news from out this way in quite awhile, so thought I would send in a few lines.

Mr. and Mrs. Hubert Geeslin visited in the Ercher McCasland home one afternoon last week. Mr. Geeslin helped Mr. McCasland on his new barn he is building.

Tom Head and family moved to the North Bennett school house last week.

Ada Margaret Geeslin is entertaining the measles.

Mr. and Mrs. W. L. Lawrence have had the flu.

The farmers are busy out this way. Some are talking corn planting, while others are getting their land ready for planting.

Mrs. M. Booker is up again after quite a siege of flu.

Mr. and Mrs. Lee Kendall visited in the Tom Head home awhile Friday.

Morgan McNeil and family have moved to the place vacated by Tom Head.

Mr. and Mrs. Kendall and Mrs. Morgan McNeil and children visited in the M. W. Wright home Sunday afternoon. Mr. Wright has been real sick for some time, but is able to be up at this writing.

Mrs. R. L. Mikeal spent last week end with her niece, Mrs. Haskel Tubbs at Moline.

BILLIE MARIE MILLER

Miss Billie Marie Miller, 17, of Coleman, who has been chosen to represent her section of the cattle country at the Southwestern Exposition and Fat Stock Show in Fort Worth, March 8-17. Miss Miller, daughter of Mr. and Mrs. J. P. Miller, has been riding since she was three months old. Her ancestry dates back to the early days of the cattle business in Texas.

Rock Springs

By Mrs. Eula Nickols

Sunday was a beautiful day but there weren't many out to church.

Bro. J. C. Wade preached Sunday morning and Sunday night. Bro. Adams from Brownwood preached.

We extend sympathy to Rev. J. D. Long's brother and sisters and other relatives in his passing away.

Also extend sympathy to Mrs. Luther Booker in the going away of her mother, Mrs. Morgan.

Star, I really enjoyed your nice letter last week, also thank you for the day you thought of me. I am proud of our paper and all who try to send in the news. I read everything in it.

I was lucky last Thursday night as my son, Glenn waked me up at mid night, calling me to open the door. He had brought me some of the fine barbecue they had over on the river at their "Dog Convention." They all reported a good time and a big crowd.

Beryl Roberts spent Saturday night in my home and Sunday with his grandfather and grandmother, Mr. and Mrs. John Roberts. Then he spent Sunday night in my home he left Monday. Beryl is doing good work in school. He also met two of his teachers, Smith and Cloninger.

Bro. J. C. Wade and family dined in the Circle home Sunday. Bro. Wade and family and Bro. Adams were supper guests in the Traylor home.

James Nickols and family visited until bed time in the Tyson home in Center Point Sunday night.

Mmes. Daniel and Woody Traylor called on Mrs. Edith McWhorter in town Monday afternoon.

Last Tuesday those who visited in my home were Clem Shirley and wife from Indiana, C. H. Ford and wife and Sara Dell Scott, John Edlin and wife from town, Otis and Besse Hutchings from Center Point and Philip Nickols from Big Valley.

Kathlene Clements and Dwight Nickols from town, V. D. Tyson and family from Center Point visited until bed time with James Nickols and family Saturday night.

Rufus Pierce and wife had company Saturday night.

Mrs. R. E. Collier spent most all last week with her mother in Hamilton.

Rudolph Cooke and family spent Sunday afternoon in the Nickols home.

J. F. Davis and wife and Joe Davis and family spent Sunday afternoon in the Stark home.

Philip Nickols and wife from Big Valley visited until bed time in his mothers home Friday night.

Miss Johnnie Belle Circle left Monday for Coleman where she hopes to get a job.

Regency

By Mary Ellen Moore

Regency was well represented at the all-star basketball tournament held at Indian Creek. Those attending the series of games were Mr. and Mrs. L. D. Egger and son, Hulon, who was one of the players, also Wayne Roberts and Messrs. Otho, G. C. and Guy Calder and their families.

Messrs. J. G. Egger, Monroe Bradley and L. D. Egger were among those who attended the fox hunt and barbecue sponsored by Mr. Fairman of Goldthwaite.

Mrs. White, mother of Mrs. H. L. Egger, is able to be up most of the time.

Mr. and Mrs. Walter Fry and little daughter, Barbara Jo, of Elking visited her father Ben Egger last week.

Mmes. Rowlett and Danner are helping care for their mother, Mrs. Perkins of near Brownwood. She is still in a very critical condition.

Mr. and Mrs. Alton Jones were shopping in the Capitol city Friday.

Miss Mae Skelton has missed several days out of school on account of having flu.

Mr. and Mrs. Geo. Whitley of Spring Creek visited Alton Jones and wife Saturday night and Sunday.

Bro. Welch, student of Howard Payne College, Brownwood, gave an interesting lesson to a very small audience at the Primitive Baptist Church Sunday. He is very anxious to organize a Sunday school and promised to be back March 10. Bro. Welch is a young man doing a good deed, so let's encourage him and attend this next service.

Miss Erma Egger, Brownwood, spent the week end with home folks.

B. I. Lee and family were shopping in Brownwood Saturday.

Mr. and Mrs. J. M. Jones spent Sunday with their daughter, Mrs. Arlie Skelton and family.

Messrs. Edgar Jones and L. D. Egger and families attended the Hereford sale at Brownwood Wednesday.

Mmes. J. M. Lee and J. G. Egger cheered Mrs. S. M. Jones by visiting her during the past week.

Mrs. Jones is able to be up from a long attack of flu.

J. A. Churchwell of San Angelo visited in Alton and Elzie Jones's homes.

Mrs. Elzie Jones is very ill. Those who visited Mrs. S. M. Jones lately are her son, D. J. Jones and grandson of San Saba, Tom Perkins and L. D. Egger and their families.

Cecil Egger and family of Ebony spent Friday night and Saturday in the homes of H. L. and Ben Egger.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

SAYLOR CHEVROLET CO.

LOS ANGELES.—"It may be a long time," Ty Cobb told me the other day, "before anyone breaks up that Yankee pennant march. They still have too much all-around stuff, anywhere and everywhere you look—I mean pitching and catching, infield and outfield, offense and defense, power and speed."

Grantland Rice

"I know there is a feeling here and there that after four years of success a team is sure to start slipping. But it so happens that most of the Yankees are young men and young players—Gordon, DiMaggio, Koffe, Keller, and several of the pitchers—they are a young team."

"It might be different if the Red Sox could dig up better pitching. But few on the outside understand today just how hard it is to find good pitching—to locate any good pitchers not already in big league harness. They are scarcer than they ever were."

Coming On

"In addition to the present Yankee team, everyone knows about the number of star junior Yankees coming up from the Yankee farms. These will be good enough to replace any open gap. Several of them are good enough now."

"The club's hardest job should be replacing Bill Dickey when Bill decides it is time to step out. This will be no easy job, but Bill isn't stepping out yet—and by several years. He has a good aid in Rosar also."

"Why was it that old-time pennant winning clubs began to crack up after two or three good years?" I asked Ty. "The Tigers began fading after three straight. Neither the Cubs nor old Athletics could make it four straight either."

"We had more all-around opposition than," Ty said. "And we never had the younger replacements ready when some of our veterans began slipping. We had no such quantity of talent on hand. You can't find a single weak spot in the Yankees. And maybe they have more ambition, as a team, than some of the others had. From what I understand the Yankees keep in just as good physical shape as any college football team. That helps a lot, when you are headed for any long stretch."

About Young Keller

There is a good chance that young Charlie Keller of the Yankees will be one of the 1940 sensations—out there giving Red-Sox Williams a tough scrap for the sophomore honors.

"I've never seen an athlete work harder or train harder than Keller does," one of his mates from the University of Maryland told me. "Charlie Keller used to get up early

CHARLIE KELLER

and do several miles of road work when he was in college. Nothing could make him break training. He was keen to learn and his natural co-ordination was amazing. We figured he was going a long way."

One of the most unusual features of Keller's ability is the tremendous strength of his hands and forearms. "You almost have to have strong hands and strong forearms," Keller said, "when you start milking 18 cows at the age of eight. There's nothing like milking to build up hand strength."

Keller is now one of the game's most powerful hitters. He may not keep pace with Ted Williams in this respect, but he won't be far away. He can use a little more polishing in his outfield play, but this is sure to come from a young star so willing to learn his trade.

Ambitious Keller

"Any ball club is lucky to pick up a player of the Keller type," Cobb said. "I mean one with that much ambition. For ambition is a big factor in baseball success. You have to love the game and you have to be ready to discipline yourself to get results. It's very true that not every ball player is set up along these lines. Too many of them—players of both yesterday and today—just take the game in their stride, and pay little attention to it when they're no longer on the field."

NEWS NOTES

Friday night, Feb. 23, the sweater awards were made to the football team at a box supper held in the grammar school auditorium. The boxes of food were auctioned off by Julian Evans, netting more than twenty-five dollars. About forty boxes were sold. The money will be used by the Athletic Council.

Sixteen boys were awarded jackets at the supper, and next year's team was introduced to those present. The school has prospects of a good team next year. The jackets awarded the boys are black with gold neck and sleeve bands and a gold G on the side.

SENIOR CLASS REPORT

March 22 is the date set for the Senior play. Try-outs will be held on Monday, March 4. About 25 seniors are trying out for the twelve parts.

The following is a list of those seniors who are eligible for graduation in May: Harriet Kate Allen, Grenetta Bell, Wanda Kate Bledsoe, Wilda Bledsoe, Ella L. Booker, Earl Patrick Chandler, Thomas Rex Collier, Glynn Virden Collier, D. L. Cummings, Lila Odell Casbeer, Oda Lester Daniel, Verna Mae Denton, Darwin Denison, Karl Kimbal Doggett, Mark Fairman, Jr., Opal Altele Faulkner, Lawrence Elmo Fallon, Sam W. Graves, Mary Christine Hill, Sieta Venera Huckabee, Elvin Hulen Head, Annie Laura House, Chester Orville Huffman, Alene Carson Jackson, Jerome Kirby, Joyce Vivian Knight, Mary Magdalene Long, Mary Louise McGirk, Emmitt Cartwright Oglesby, Grover Earl Poer, Edward Eugene Palmer, J. D. Robertson, Jr., Alvin Alton Rose, Georgie Evelyn Sheppard, Morris Yell Sellers, Aubrey Harris Smith, Henry Meredith Stewart, Winnie Lucille Taylor, James Lacy Thompson, Norma Claudine Tyson, Vera Lois Webb, Arancia Ovella Wesson, J. C. Wesson, Raymond D. Wilcox, Weldon Withers, Elvin Oral Wells.

FRESHMAN REPORT

The Freshmen who attended the box supper one week ago tonight say they had a very enjoyable evening and like the program very much. As for the sad news, we get our report cards Monday and do not expect to see many E's on them. It is indeed a terrible thing, but Mr. Crow has threatened to keep order (unheard of word) in the Science class. All of the science students, however, seem to doubt this very much. Flash, we just received the latest news bulletin from China. It says, "Confucius say 'Phooey'."

THREE-ARTS CLUB REPORT

The Three-Arts Club met Friday, Feb. 23. Plans for a picnic to be held some time in the near future were discussed. An interesting program was presented by the executive committee. It consisted of accordion numbers by Aubrey Smith, songs by the High School Trio, and a poem by Lois Webb.

Initiation ceremonies were conducted by Glynn, Alton, and Jerome. The next meeting will be held in Friday, March 8.

FFA CHAPTER REPORT

The FFA boys have been making a number of trips lately in preparation for their judging contest. The latest was a trip to Lampasas where we visited a dairy and judged 2 classes of dairy cattle. Then we went to Mr. Leonard Wittenburg's where we judged several classes of fine wool sheep. In the afternoon we went to the O. J. Ranch. Mr. Frazier, the owner, has, we think, some of the best stock we have seen in the county. We judged five classes of good beef cattle.

DEBATE CLUB REPORT

Last week we were unable to obtain a debate with a neighboring town, but we had several debates between our selves. Thursday night we debated Richland Springs. We think we will be able to arrange a debate with Pottsville some time next week. We will have two good debate teams by county meet time and still intend to win the district this year.

JUNIOR GARDEN CLUB

The Junior Garden Club met last Thursday. The program was made up of several short talks on different birds. After the program, a business meeting was held. The following new officers were elected: president, La Delle Casbeer; vice-president, Lucy Lee Reeves; and secretary, Vernell Chaney.

The former president, Vernell Chaney, who has served us exceptionally well since we organized, appointed Billy Jo Chapman, reporter until the election is completed.

LIGHT THRU A KEYHOLE

Mr. Crow's admiration for Shorty seems to be growing by leaps and bounds. He even tells her in front of the class how cute she is.

Most people enjoy playing "I Spy It." Especially Louise; it's really a lot of fun. We wonder why Glynn stayed at home Friday night—maybe it was because he was broke and maybe it was because he has such a hearty appetite that he doesn't want to pay for everything he eats.

We wonder if it was an accident that "Goat" got Nella Beth's box so that he could accidentally happen to take her home.

We, the students of G. H. S. will probably send a petition to Miss Coleman in the near future. We want no more sad pictures—only Shirley Temple, Mickey Mouse, and Popeye will be shown. This is for the benefit of Miss N. C. S. L. Tyson.

This box supper was hard on a lot of pocket books—even Aubrey had to say, "How about another nickel, Pop?"

Sam Graves and W. Lee O'Daniel have something in common now—they both say, "Please pass the biscuits."

Barbara had just the gr-r-r-riestest time Friday night, sharing her box of goodies with none other than Mr. James H. Collier.

We wonder if Meredith and Omno enjoyed the show; we wonder if they even saw it. Nella B. certainly gets around; Friday night it's with Goat and Saturday night it's "that Gerald boy."

Here's a warning: Mr. Crow, maybe you had better get a uniform. We hear that girls fall for them at first sight.

Picture of the years: Time: 1980 A. D. Place: The Pearly Gates. Act 1 scene 1: "Who's there?" inquired St. Peter. "It is I," was the answer. "Go away. We don't want any more English teachers." —S. S. S.

GRAMMAR SCHOOL CHATTER

Jack wants to know who wrote "Great Day in the Morning." Can anyone help him solve his mystery?

Tom still says "littiest." When will he grow up. There are several girls in the seventh grade who are eligible for membership in the "Gum Chewer's Club."

We used to wonder what T. J. had that made the girls fall for him; and now it's what he needs. We hear Barbara is trying to get in the band on account of a

By Clementine Wilmeth Briley

(Intended for last week)

With continued cold winds and rains, with icy nights and frosty mornings and biting atmosphere, the weather continues to hold a prominent place in our thoughts and feelings. And the long distance weather man says still more bitter cold for the last of February, but, there is a ray of hope, mild days for the first of March.

In spite of heavy rains and slick, muddy roads, nine met at the home of Mrs. Effie Egger Friday afternoon for the H. D. Club. However, the weather played havoc with the main part of our program which was to have been a demonstration by Miss Scott, showing us how to mix the soil for the frame garden. In the first place the roads were so bad Miss Scott could not get there and then it would have been impossible to mix soil from mud. Mrs. Egger had everything in readiness. She had built a nice, large frame, 22 by 5 feet, with can laid for sub-irrigation, and soil piled ready for mixing. An educational program was carried out. Present were Mrs. Effie Egger, Mrs. Lydia Tippen, Mrs. Cloud Mashburn, Wanda Mae Mashburn, Mrs. Dale Reid, Mrs. P. R. Reid, Mrs. Wood Roberts, Mrs. J. R. Wilmeth, and Mrs. J. R. Briley. The next meeting will be Friday, March 15, at the home of Mrs. P. R. Reid.

Mrs. Earl Day left Saturday for Abilene where she will attend lecture week at Abilene Christian College. While there she will be the guest of her daughter, Miss Earlene Day, a junior in the college.

Mrs. Modena Gilstrap and Travis and Patsy Hughes from Hasse are the guests of Mr. and Mrs. Johnnie Egger this week.

Mr. Clare from Woodland Heights drench sheep for Jim Wilmeth and Gene Egger Monday.

Mr. and Mrs. Billie McNurien and baby visited relatives in San Saba county Sunday.

Mrs. S. L. Singleton is reported better this week.

Mr. and Mrs. Wood Roberts visited Mr. and Mrs. Bob Egger Sunday afternoon. They found Mrs. Egger barely able to be up. Miss Dolly Reynolds has been with them for several days.

Mrs. Hubert Reeves and baby, Joe Hubert, have returned from visiting relatives at La Porte, Conroe, and Houston.

Mr. and Mrs. Stanley Reeves have returned from a three weeks visit in the home of their daughter, Mrs. Fred Crawford, in San Antonio. While there they took care of their grandson, Charles Stanley Roberts, while his mother, Mrs. Crawford, accompanied her husband on a two weeks business trip to New York City.

Mr. and Mrs. Jim Wilmeth spent Tuesday with Mr. and Mrs. Ralph Wilmeth at Dulin.

W. T. Lewis, ministerial student of Howard Payne College, preached here Sunday morning to one of the best audiences we have had for a long time. There was also preaching at night. Bro.

certain trumpet player. Eh, Edwin? If you have an instrument of any kind to lend, see Pansy. Huh, Tom?

Lewis expects to be here regularly for each fourth Sunday.

Mr. and Mrs. Will Crowder and Curtis, from near Goldthwaite came over Saturday evening to visit his mother, Mrs. Mary Ivy. They attended church here Sunday.

Mrs. Earl Day, who returned Thursday from attending lecture week at Abilene Christian College, was accompanied home by Mr. and Mrs. Earl McCaleb and Miss Earlene Day, who spent the night at the Day home.

Mrs. Nellie Malone visited with Miss Dolly Reynolds and Mrs. Effie Egger and her mother Wednesday.

Mr. and Mrs. Wood Roberts were host and hostess at a family dinner at their home Sunday. Members of the family present besides Mr. and Mrs. Roberts were Mr. and Mrs. Billie McNurien and children, Norville and Gene, Mrs. P. R. Reid, Mr. and Mrs. Charn Whittenburg and baby, Clint, Mr. and Mrs. Dale Reid, and Darwin Roberts. They also included in their festive circle their friend and neighbor, Mrs. E. O. Dwyer. John Mashburn, Jess Smith, and Mr. and Mrs. Cecil Egger and Ynelle were after dinner visitors.

Mr. and Mrs. Alvin Ketchum and June had dinner with Mr. and Mrs. Eugene Egger Sunday after church.

Mrs. Irene Reeves spent Saturday evening with Mrs. Nellie Malone.

Grandmother Ivy attended church Sunday, and after church enjoyed once more a united family circle around her dinner table. Present were all four of her boys, the twins (Ed and Will), Clifford and Frank. Also present were her daughters-in-law, Mrs. Will Crowder and Mrs. Frank Crowder, and her grandsons, Kenneth, Curtis, and F. L., Jr. Crowder.

Mr. and Mrs. S. L. Singleton are at Goldthwaite staying with their son, Ab Singleton. Mrs. Singleton is reported to be getting along as well as could be expected.

Mrs. Effie Egger and Bill Ketchum went to Doole Saturday afternoon to bring Clayton home for the week end.

Mr. and Mrs. Raleigh Egger and Pat of Brownwood visited Mr. and Mrs. Edward Egger and Mrs. Hattie Whittenburg Sunday afternoon.

Mr. and Mrs. J. R. Briley, Mrs. Nellie Malone, Mr. and Mrs. Stanley Reeves, and Bro. Lewis were guests for dinner at the home of Mr. and Mrs. Hubert Reeves Sunday after church.

Reide Haynes, Jim Wilmeth, and Stanley Reeves attended the Hereford auction sale at Brownwood last week.

Earl Hale has been ill several days this week.

Happy Birthday

On Wednesday, Feb. 21, a large crowd gathered at Johnnie Williamson's to celebrate his birthday.

We played dominoes and 42 and Chinese checkers, until 10 o'clock when we were asked in the dining room. The table was decorated with two big white birthday cakes, and a large bowl of fruit.

Mrs. Stevens cut the cakes and served cake (fruit salad and hot chocolate. Later Miss Florene Simpson passed a box of candy.

Mr. Williamson received several nice presents.

We all had a good time and at a late hour we all wished Mr. Williamson many more happy birthdays and departed for home.

Nazarene Church

We failed to get the news of our revival in the paper last week, but we had a good meeting with 16 professions and five united with the church.

Our Sunday school is increasing steadily and if the absent member had been present last Sunday we would have had 99. So as the weather is warming up we hope to have fewer absent ones, and since I am so deeply interested in the young people's class (being the teacher) I want to say even though we may have to enlarge our borders and change rooms, we want every young person not already enrolled in Sunday school to come for the Booster class.

Church of Christ

Edgar Furr, Minister

The interest at the church is holding nicely during this winter weather. Last Sunday we had the largest attendance we have had this year. Beginning with the first Wednesday night in March we will resume preaching services on Wednesday nights. For March, the young men of the church will have charge of the services. The first half of April, I will be in Yoakum in a meeting, the last half we will have our annual spring meeting, with Brother R. C. Ledbetter of Yoakum doing the preaching. Brother Luther Blackman of Houston will be with us in our summer meeting which will begin June 28th.

Our night services will begin at 7:30 during the month of March. Come worship with us. We are offering to the world plain New Testament Christianity.

Methodist Church

Church school, 9:45 a. m.
 Morning worship, 10:50 a. m.
 Evening worship, 7:30 p. m.
 League, 6:30 p. m.

Sunday afternoon at 2:30 there will be a Youth's Crusade Rally at the San Saba Methodist church. Sunday night at the regular church hour the school orchestra, under the direction of Mr. Onstot, will render a musical program in our church.

Sunday morning at 9:00 o'clock the mens choir composed of W. M. Johnson, Charley Bayley, L. B. Porter, Howard Onstot, Woody Saylor and Ben Patterson will broadcast "Hear Dem Bells" over the church loud speaker.

Everyone is invited to come to any or all of the services.
 M. P. BURTON, Pastor.

J. A. Saylor Dead

J. A. (Add) Saylor died Tuesday at his home at Clovis, N. M. of pneumonia. His brothers, Jake and Kelly Saylor were at his bedside at the time of his death.

He was laid to rest by the side of his wife and son Wednesday at 2:30 p. m. at Clovis.

His brothers attending the funeral from here were: Jacob, Kelly, Claude, Lincoln, Wellie and daughter, Miss Connie and Duke Clements.

REV. J. D. LONG ANSWERS LAST CALL

Rev. John D. Long, 67, died Monday morning at 6:00 o'clock in a Brownwood hospital.

He was a prominent Baptist preacher for the past 30 years and was a favorite among the young people, performing many marriage ceremonies for his wide circle of friends.

He was never married and resided on his good farm in the Center Point community, living alone, until ill health came. Then fine friends and his devoted relatives helped all they could to cheer him and comfort him in his declining health.

He is survived by three sisters and two brothers and many other relatives.

Interment was at North Brown Cemetery.

REV. E. E. DAWSON BREAKS HIS LEG

Rev. E. E. Dawson had the misfortune of falling last Friday at 5:30 p. m. while working in the Educational building at the Baptist Church. He was standing on a two-foot ladder when it slipped and he fell, breaking his left leg just below the hip. He was rushed to the hospital at Brownwood when his leg has been put in a cast and at last report he was doing nicely.

CARD OF THANKS

With deepest gratitude, we offer thanks and appreciation to everyone who so kindly comforted us and made our sorrow easier to bear by your sympathy and kindness during the illness and death of our beloved brother, J. D. Long.

We pray God's richest blessings shall attend you.

Sincerely,
 M. M. Long and family

Two Priddy Boys Are Commended

Stephenville.—Roy B. Mefford, FFA area supervisor, has congratulated two boys of the Priddy chapter and their vocational agriculture teacher, O. L. Burks, for the commendable showing they have made.

The boys who received certificates of merit for achievements in Future Farmer work, were Charlie Schwartz, fitting and showing fat lambs; Tom Frank Priddy, small grains, pork production, eradication and control of poultry diseases, insects and parasites.

Lake Merritt Wins Baseball Games

Thursday, Feb. 15, Lake Merritt girls went to Duren and played the Duren girls in baseball. The scores were 11 and 6 in favor of Lake Merritt.

Thursday, Feb. 22, Duren girls came over to Lake Merritt and played a baseball game. The scores were 16 and 1 in favor of Lake Merritt.

Although Duren were losers in both games they were good sports, and we enjoyed both games.—Floree Massey.

Pleasant Grove H. D. Club

"Teach children that leafy vegetables are essential to their growth," said Mrs. David Waters of the Pleasant Grove Home Demonstration Club which met in the home of Mrs. O. W. Carothers, February 19.

Miss Scott gave a very helpful discussion of vegetables and the vitamins they contain. She gave an illustration with posters, of the diseases a child may contract if they do not get the vitamins contained in vegetables.

We were taught that fresh vegetables are richer in vitamins and that a frame garden would supply our fresh vegetables for many days.

"There is more than one cat in the bag," is the name given our exhibit for the 4-H-FFA Fair. Mrs. David Waters and Miss Ruby D. Berry were appointed to make posters for the exhibit.

Mrs. L. B. Covington was named chairman of a committee to plan a community club fair.

Mrs. S. S. Benningfield was named chairman of a committee to plan a "St. Patrick's" social. Those present were: Mmes. C. N. Berry, O. Z. Berry, L. O. Berry, W. T. Moreland, A. C. Miller, L. B. Covington, David Waters, Ray Berry, G. W. Shady, S. S. Benningfield, L. O. Kelly, A. D. Robbins, J. D. Benningfield, W. A. Bayley, Miss Duby D. Berry and Miss Scott.

The next meeting will be with Mrs. S. S. Benningfield, March 4.—Reporter.

Scallorn H. D. Club

"Emphatically request that vegetables are eaten before the tesseract is served, is a very satisfactory way to train children to eat leafy vegetables," said Mrs. Sam Buttriel, at the Scallorn H. D. Club, which met with Mrs. Will Cox on Thursday, Feb. 22.

Due to unfavorable weather conditions in January, the club was unable to meet, so the very interesting subject of vitamins was discussed by Miss Emma Scott, H. D. Agent. Vitamin A which is found in green and yellow vegetables, tomatoes and dairy products prevents infection of eyes, nose, throat, lungs and bad colds. Also nutritional night blindness which causes highway accidents. Vitamin B, found in fresh leaves, root vegetables and green and dried peas and beans prevents loss of appetite and nervousness. Vitamin C, found in raw leafy vegetables, tomatoes, cabbage, turnips and fresh fruits prevents bleeding gums, loose teeth, sore joints and loss of weight and appetite.

Vegetable varieties for frame gardens were also discussed. Attractive refreshment plates were served to those present.

PIE SUPPER

The Home Economics girls of Big Valley School are having a pie supper March 8, at the school. The proceeds will be used for their trip. The try-outs for declamation and story-telling will also be held that night.

Everyone please be there with a pie.

Center Point Girls 4-H Club

Exercise is a good measure for 4-H Club girls to practice. Amy Hallford told the Center Point 4-H Club girls, at the home of Mrs. R. L. Hale Feb. 21.

We took exercises and talked about the fair at Priddy, March 2. Mrs. Hale served delicious hot chocolate with whipped cream and cake.

Those present at the club were Amy Hallford, Zona and Pansy Perry, Elaine Simpson, Florence Davis, Betty Truitt, Frankie Lee Davee, Jene Hamilton and hostess Mrs. R. L. Hale.

We adjourned until our next meeting with Miss Emma Scott at the Center Point School house March 13.—Reporter.

Mr. and Mrs. Ishmel Long and Sidney Joe visited Mr. and Mrs. Woodrow Long Friday night. Mr. and Mrs. Woodrow Long and Bennie Bob returned the visit Saturday night.

About 20 men and boys worked on the church house Friday. They

put the laths on and started shingling the roof. Bad weather has retarded the work on the building and it is not being completed as rapidly as it was planned.

The Baptist officers and teachers of the Sunday school met in the home of Mr. and Mrs. Floyd Sykes Friday night for the monthly conference. Rev. Roberts began teaching a study course for the Sunday school. Others besides the Sunday school officials are invited to attend.

Tuesday Study Club

Miss Margaret Freeland was hostess to the Tuesday Study Club at the home of Mrs. Walter Weatherby on February 20.

"Country Lawyer" by Bellamy Partridge, was reviewed by Mrs. E. B. Gilliam, Jr. As everyone knows Mrs. Gilliam's father, E. B. Anderson, has practiced law in Mills county for about 50 years and the similarity in the life of the author's father and the life of Mr. Anderson made a very strong appeal to the interest of the audience.

Refreshments were served at the close of the program to club members and Mrs. A. L. Whitaker, Mrs. Mathis of Kingsville, and Miss Doris Hill.

LIVESTOCK REPORT

According to the United States livestock report taken Jan. 1: There were 6,677,000 cattle in Texas. Iowa ranked second with 4,778,000.

Texas had 679,000 horses, ranking next to Iowa which had 752,000.

Texas led in mules over Georgia by 220,000.

Texas lead in sheep, 16,069,000. Wyoming was second with 3086,000.

Iowa lead in hogs and chickens and California in turkeys with Texas second.

Kathleen Norris Says:

This May Be the Means of Saving Your Son's Life

(Bell Syndicate—WNU Service.)

YOUTH AND WAR
Youth won't wait. It is one of the devilish subtleties of war that it wants our sons just when they are old enough to make their own decisions and young enough to love excitement and change.

Don't wait until war propaganda has done its deadly work and the boy in your family comes in and says, "Mom, I just signed up. I go to report Monday."

By KATHLEEN NORRIS

HERE is an organization now in process of formation in America that you ought to join. This organization's name is the Mothers' Legion.

If you are among the millions of us who have been saying since 1919 that you "wish you could do something about war," then this is your chance.

If you don't take this chance then don't complain if we get into the preposterous and unnecessary scrap, that is seething all over Europe, and then one day your boy marches away.

He may never come back. In that case you pack up his sweaters and camera and school pictures and tramping boots, and the fishing pole and tennis racket, and you send them to the Salvation Army and you close the door of his room. And you close a door in your heart, forever.

But of course he may come back. They may bring him very tenderly to the door on a stretcher and he may grope for your hand and say in that dear voice you love best in all the world, "Is that you, mom? They got my eyes and my knee. You and dad knew that?"

And for a few days everyone will be kind. Neighbors, friends old and new will drop in to cheer up that splendid Baker boy who was so badly smashed and is now back at his home again.

Then they'll stop. He'll sit, in his broken, wasted, silent youth, in the sunny front room; he'll have the radio; he'll master Braille. You'll talk to him, as you come and go, and tell him that his old pal Joe Davis has married a lovely girl, and that they are sending Billy Brown to the Australian branch, wonderful chance for Billy! And Sister Kate has a darling baby. Would Keith like to hold his young nephew for a few minutes?

You'll see his face grow more and more sober, as the months go by; you'll see him droop a little. And in 1960, when he's middle-aged, still blind and helpless and idle in his sunny window, and when you're getting to be an old lady, you'll read him a headline. "They're talking of starting another war over in Europe again, Keith."

Because what we Americans cannot understand, and never will understand, is that the war theory is a part of their scheme over there. They believe in war. They believe that the side that kills the greatest number of young men and blows up the greatest number of innocent villages MUST be right. They've believed that since the days of Charlemagne. They're proving again today that they think might is right. If a neighbor believes something that you don't, then you kill him to prove that what you believe is the truth.

Our point of view is different. We know that the ideology we must destroy, and the only ideology we must destroy, is the delusion that might is right. That the most powerful army is the army of God. That war ever accomplishes anything that couldn't be simply and reasonably accomplished without recourse to fighting that war.

If one European nation in these long twenty years since the Armistice was signed, if ONE of them,

even the smallest, had put forth honest peace feelers, had developed a PLAN for peace, we might feel very differently about our response to their appeal for help today. If the churches, instead of reiterating their pious desire for peace, had formulated a PLAN, then there never would have been this war. Instead, injustices, embargoes, blockades, punishments, reprisals went serenely on. Nobody cared about adjusting the pernicious terms of the peace treaties, because everyone was too busy forming plans for the next war.

They Never Have Enough.

This has been going on in Europe for five hundred years. They've had a Hundred Years war, a Thirty Years war, religious wars, civil wars. They've always given high moral reasons for their wars. They've always wanted just one more, "to end all wars." They've always grabbed, separately, everything in the way of spoils that they could get, after the war, and they've never surrendered one inch of what they got.

This Mothers' Legion must mount to a membership of two million to be able to wield the influence we want to have it wield. We're well on our way to that two million already. We probably will make it five million. Five million votes will swing any candidate to victory in 1940; half that number will. We want all our representatives, and especially our Chief Executive, to pledge us their solemn word that under no pressure, under no circumstances, under no threats that "we will be next," will we ever engage again in foreign wars. We want to be so organized that if our people in Washington fail us, and go back on their promises, we can impeach them.

Don't wait, if you want to help. Don't wait until propaganda has done its deadly work, and the bands begin to play, and the service flags begin to mount upon village flag poles, and the boys of your family come in casually to lunch and say, "I'm in, mom. I just signed up. I go to report on Monday."

War Preys on Youth.
Youth won't wait. It is one of the devilish subtleties of war that it wants our sons just when they are a little at loose ends; out of school, plugging along in dull jobs, old enough to make their own decisions, young enough to love excitement and change.

There are no dues in the Mothers' Legion. Its simple purpose is to enlist the power of women everywhere to keep us out of foreign wars; to influence other nations toward peace; to resist un-American activities in our midst; to maintain adequate home defense in the interest of peace, not war. Some of the most prominent men and women in the country are already enthusiastic promoters of it. Churchmen of all denominations, the American Legion, women's clubs and social organizations are with us.

You be with us, too. Watch your paper for notice of the chapter that is shortly to be formed in your town, and then, if someday war does come, at least you can say to the boy you love: "I'm sorry, son. Your father and I did everything we could to keep this terrible thing away from you."

Garden Club To Landscape Court House Lawn

"It is definitely time for us to come to a decision concerning the purchasing of additional shrubs for the landscaping of the court house lawn," stated Mrs. John Berry, Civic project chairman, before the Goldthwaite Garden Club members in its regular meeting at the home of Mrs. E. T. Fairman on Wednesday, Feb. 21.

Plans were made to begin actual landscaping of the lawn this week. Soil has been hauled, shrubs donated by Stallings and Company, and additional shrubs purchased by the club are here ready for planting. A cutting bed is to be started soon.

At the conclusion of the business meeting this program was given:

Lecture, "Trees"—Mrs. M. R. Kessler.

Song, "Trees"—Mrs. Marsh Johnson.

Demonstration on seed bed planting—Emma Scott.

Miss Abbie Ervin won first place on the flower arrangement contest.

Refreshments were served from a beautifully appointed tea table flanked with an arrangement of deep pink snap dragons and carnations, to these guests:

Miss Dera Humphries, Mmes. Kate Page, Bob Steen, Raymond Little, Ed Gilliam, L. J. Gartman. To these members: Mmes. John Berry, R. E. Clements, J. C. Evans, Jim Weatherby, Mac Horton, Marsh Johnson, J. N. Keese, M. R. Kessler, W. K. Marshall, W. E. Miller, L. E. Miller, J. J. Stephen, Fred Stephens, Sam Sullivan, and Misses Ruth and Abbie Ervin, Emma Scott.

Hostesses for this very delightful occasion were: Mmes. E. T. Fairman, J. M. Campbell, Jim Cockrum, W. J. Weatherby.

Self Culture Club

One of the most interesting meetings of the year was held on Wednesday at the Gatlin home, when Miss Love Gatlin and Mrs. W. M. Johnson were hostesses to the Self Culture Club.

After a brief business session, the program leader, Mrs. Malcolm Jernigan, took charge and announced that Mrs. Floyd Blair would give a brief biography of Vardis Fisher, author of the book "Children of God" which won the Harper prize for 1939.

Mrs. McDuffy Kessler held the interest of all while she reviewed this vivid story. Mrs. Kessler is an accomplished speaker and those who heard her were most fortunate.

Delicious refreshments were served to club members and Mmes. Carlos Patterson, Orby Woody, Bert Patterson of Mullin and Mrs. Smith of Temple and Mrs. A. J. Gatlin.

"I hope that the United States will keep out of this war. I believe that it will. And I give you assurances that every effort of your Government will be directed toward that end. As long as it remains within my power to prevent, there will be no blackout of peace in the United States."

—President Roosevelt.
(Address to the Nation, Sept. 3, 1939)

Thinks U. S. Should Enter War Now

The United States could probably shorten the present European war "by three or four years" if it entered the conflict now, in the opinion of H. R. Knickerbocker, European war correspondent. While admitting that it was purely an opinion, Mr. Knickerbocker, a native Texan, told a Town Hall meeting in Washington, D. C., on January 28th, that "I consider it is for the welfare of my country to defend itself on this (present) line and not when the danger gets greater."

The famous correspondent believes the balance of power is so evenly divided that the war may drag on for five or six years. If the Allies appear to be losing, the United States will go in just as it did in the last war, he said. If this country, with a big navy and the volunteer air corps built up during the past year, should declare war on Germany, it would swing the balance of power to the democratic nations.

Other reasons given by Knickerbocker for immediate action included the present plight of Russia. Finland's gallant resistance is making it apparent to Germany that it cannot depend upon the Soviet Government for large supplies of war materials, and any decisive action on the part of this country would increase the already heavy economic pressure on the Reich. Knickerbocker denied this is "just another war" or a "phony war." He is convinced that Hitler's objective is world domination. He warned not to be too hopeful of a revolution in Germany. With Hitler alive and the army undefeated, Knickerbocker said he would stake his reputation that the German people would not revolt. Only a crushing military defeat will oust the Hitler regime.

Meanwhile, recent dispatches from Canada show that Canadian citizens are beginning to ask more and more often, when is the United States coming in? Canadian officials try to keep the undercurrent of civilian opinion from coming out in to the open, as they feel American opinion is already favorable to the Allied cause, and any propaganda campaign would inevitably boomerang.

TOMORROW . . .

- He was going to be all that he wanted to be—
Tomorrow.
- No one should be kinder or braver than he—
Tomorrow.
- A friend who was troubled and weary, he knew—who'd be glad of a lift—and who needed it, too—on him, he would call and see what he could do—
Tomorrow.
- Each morning he stacked up the letters he'd write—
Tomorrow.
- And thoughts of the folks he would fill with delight—
Tomorrow.
- It was too bad, indeed, he was busy today, and hadn't the minute to stop on his way. "More time I will have to give others," he'd say—
Tomorrow.
- The greatest of workers, this man would have been—
Tomorrow.
- The world would have known him had he ever seen—
Tomorrow.
- But, in fact, he passed on, and he faded from view, and all that he left here when living was through, was a mountain of things he intended to do—
Tomorrow.

LOVE AND BUSES.

An Institute of Family Relations has completed a study of romance and discovered that more proposals of marriage are made in automobiles than in the home. But the ones made at home are still the better bet.

Lack of privacy in the home is given as the reason for the triumph of the flapper over the front parlor, but the Institute misses the big point. When a couple do their courting in an auto they are the bosses of their own lighting arrangements.

How the internal combustion engine has speeded up romance!

In the old days it took at least an hour being nice to pop and mom. You had to listen to pop's views on the plans for the new bandstand in Croysey's Park, satisfy mother's explorations into your background and stall around talking about the international situation.

You even had to look over the family photographs!

You and Arabella got along after what seemed years. Every few minutes you had to say in a loud voice, "Yes, the exhibition at the art gallery this year is wonderful," or cough and shout, "Isn't it terrible about the Philippines?"

And then there was the time limit hanging over you, and the signal system, with mother calling, "Arabella, is that you down there?" one of the silliest questions of all time.

A wooer was always in doubt whether he was carrying on a courtship with the girl he loved or attending a mass meeting in the House of a Thousand Squeaks.

A romance took years. Then came the horseless carriage, putting love on tires, equipping affection with a magneto and streamlining sentimental impulses throughout.

Today you call, blow the horn, grab the girl and are through the second red traffic light before pope and mom, standing in the doorway, have been able to determine whether you are the young man who works at the button shop or that boy from the gas works.

You leave the old folks at 45 miles an hour, pass the old-fashioned conventions at 55 and are doing a good 60 before you reach the point or remarking: "Well, honey, I thought I'd run over and see you. Did you expect me?"

In 15 minutes you have proposed, in a half-hour you have set the date and in 45 minutes you have reached the matter of house furniture.

It is a war between the haves and the have-nots, says Herr Hitler. Which explains why it was necessary to crush Poland and Czechoslovakia, which had everything.

District Attorney Dewey says that what is needed at Washington is a new broom. This will

cost him the support of the vacuum-cleaner industry at the outset.

Bob Taft is the first presidential candidate to have his picture taken fishing. All the boys are away behind in the matter of climbing into Indian headgear so far.

The British censor released a few days ago pictures of the sinking of the plane carrier Courageous on September 18, last year. The censors must have come to the conclusion they were official.

YOUNG INVENTOR LEARNS NEW THINGS ABOUT LIGHT

Washington.—If you are a motorist who is sometimes annoyed by the glare of lights from an approaching car at night, you will be especially interested in the work these days of a young scientist in Boston, Mass.

That young man already has built an entirely new industry around some of his discoveries about light, and if the predictions of some engineers are true, it won't be many years before his will be an even greater industry giving invention-created jobs to many thousands of persons.

The young scientist is Edwin H. Land. He has invented—and patented—a method for the control of light rays. The method is known as "polarizing." Windows, movies and night driving are expected to be considerably different in a few years hence because of it. Already his method of "conditioning light" has improved sun glasses and photography.

Mr. Land is only 30 now. His amazing discoveries about light began when he was still in his teens. In those early days he studied methods of "polarizing" light in a rudimentary home laboratory. Later, in Harvard University physics laboratory, Mr. Land could be found several days a week in long after-class discussion with his physics professor. The professor was George Wheelwright, who is now Vice President of the Polaroid Corporation headed by Mr. Land.

The "polarizing" process was first made public in 1935. It appeared then in sunglasses, light filters for cameras and anti-glare auto headlights, windows and three-dimensional movies.

In sunglasses and cameras the result has been that glare has been eliminated, for "polarization" of light means that only straight rays of light pass thru the lens. The best test of polarized sunglasses is on the water, the usual glare on the surface—caused by the irregular rays of light from the water—is eliminated. Fish can be seen—and photographed—under water because of this elimination.

This was dramatized early in the history of the Polaroid Corporation. Young Land, wanting to demonstrate the value of his discovery, asked a representative of a large optical company to see a demonstration. Rather than ask to man to his humble basement laboratory, however, he rented a Boston hotel room for the demonstration. In a window he placed a large goldfish bowl. He placed the bowl in such a position that the sun reflected from its surface. He then asked the representative to look down into the bowl and see if there were any fish in it. The sun's glare, however, prevented the man from seeing into the bowl. Handed a pair of glasses with "polarized" lenses, he was asked again to look into the bowl. That

time he saw the fish, and signed the contract.

Polarized windows can be made that will permit any desired amount of light to enter by simply turning a handle; experiments show that three-dimensional movies can be made, meaning that figures will appear on the screen in life-like fashion.

The experiments with anti-glare automobile headlights are still going on, but they show thus far that it is not "wishful thinking" to vision the time soon when the lights of an approaching car, no matter how powerful will appear to another motorist only as two purple "blobs" on the road.

Safety organizations and insurance companies are especially interested in that part of Mr. Land's experimenting. To them "polarized" automobile headlights and windshields are looked to hopefully as a step toward increased safety in night driving and the saving of many lives.

When this process is perfected, they believe, there will be a great many living tributes to the genius of the young man who began in his teens to learn interesting things about light and ways to control it.

Texas Woman To Survey Aged In New York City

Belton (Spl).—A former Texan, Mrs. Helen Hardy Brunot, who at one time was director of the National Health Inventory for Texas, has undertaken a 3-year informational survey of the group classified sociologically as "the aged" in New York City, Miss Elizabeth La Hines, New York Times special feature writer, reveals in a column recently devoted to Mrs. Brunot and her work. Mrs. Brunot, who was graduated from Mary Hardin Baylor college in 1924, was connected with the Child Welfare department in Austin in 1935.

Out of the study being made by Mrs. Brunot of present facilities for the care of the aged and their preferences will come recommendations which will be humane and soundly scientific, Miss La Hines writes. Mrs. Brunot believes that one of the groups which merits study embraces skilled craftsmen who are slowed down but still capable of making a living. If a method of vocational re-education and replacement could be provided for them, they would probably have years of usefulness. She finds the problem acute in New York City because of the limited accommodations of the apartment house.

IN THE UPPER ROOM

LESSON TEXT—Matthew 26:17-30. GOLDEN TEXT—This do in remembrance of me.—1 Corinthians 11:24.

Men sometimes stand at the crossroads of destiny quite unaware of how much hinges upon their choices and actions. One wonders whether the disciples realized that as the Passover drew to its end and the great memorial feast of the new covenant was established, they were witnessing the end of the old and the beginning of the new. It is certain that Jesus did realize the high import of that hour. He knew He was about to go to the cross, toward which the Passover had pointed throughout the centuries and back to which cross we in the Lord's Supper continue to point as we remember His death until He comes.

We are indeed on holy ground as we go with Him then as He meets His disciples alone in that upper room for a time of fellowship with them as He observes

I. The Last Passover (vv. 17-20). "Here we see the perfecting and the passing of the old economy and the beginning of the new. The Passover was observed, the feast of deliverance from slavery, the feast of the exodus, the feast of hope. Men had kept it faithfully through the long centuries, regularly at first and then occasionally through the age of decadence. The King sat down to keep it as one of the nation and the people. That was its last keeping in the economy of God, because all that it had foreshadowed was fulfilled as He sat at the board, and all that it had pointed to found the ultimate fulfillment in Him. He completed that of which the exodus had but been the preparation. The final exodus came by the way of that cross to which He was going" (Dr. G. Campbell Morgan).

II. The Betrayal Predicted (vv. 21-25). What precious fellowship the twelve and their Lord must have had around that table in the upper room as they celebrated the great feast of their people. Think what a shock came to them as in the midst of this fellowship Jesus quietly and solemnly made the astonishing prediction, "Verily, I say unto you, that one of you shall betray me."

Their joy was changed to exceedingly great sorrow as they asked, "Lord, is it I?" Apparently Judas had maintained such outward conduct as to turn no suspicion in his direction, even though all along he had in his heart the blackest of treachery against his Lord. It is a sad and soul-searching fact which is here revealed, that it is possible for one to make a high profession of faith in Christ and even so to live as to give no cause for criticism, and yet to be unregenerate and in fact the enemy of Christ.

Observe (v. 24) that while Jesus was betrayed and went to the cross in fulfillment of prophecy, that fact did not in the slightest justify His enemies who brought it about (see Acts 2:23, R. V.).

III. The First Communion (vv. 26-30). Taking the unleavened bread and the unfmented wine of the Passover, which had just been observed by Him for the last time, Jesus established a new feast, the Christian feast of remembrance, which we commonly call "communion" or "the Lord's table."

As we have already suggested, it is a feast of remembrance. "For as often as ye eat this bread, and drink this cup ye do show the Lord's death till He come" (1 Cor. 11:26). At the Lord's table His followers find spiritual strength in remembering His death for them, and they also find joy as they remember that He is to come again. In doing so they testify to the world that they believe in and cherish these truths. This feast is also rightly called "communion," for down through the ages and until He does come the saints of God have at His table sweet communion, first of all with Him, and then with one another.

We also note that our Lord spoke of the cup as "my blood of the new testament." The word "testament" means "covenant." The Lord's table therefore speaks of our allegiance to Him, of our loyalty to our Lord, and our devotion to His service. The Christian church therefore speaks of the communion service as a sacrament, a word taken from the Latin sacramentum, meaning "oath," and essentially an oath of allegiance.

His body was broken for us, His blood was shed for the remission of our sins. We are bought with a price, we are not our own. Therefore we are to glorify God with all that we have and are.

Examples Wanted Whether in the home or in the church, exhortation to goodness is about the most idle waste of breath. People do not want exhortations. They want examples.—Rev. Dr. Harry Emerson Fosdick.

GENERAL JOHNSON SAYS:

WASHINGTON.—In spite of their conductor's spirited defense of them, I still don't like Gallup polls except in simple choices of well recognized issues close to the end of a political campaign such as—"Are you going to vote for Mr. Roosevelt or Senator Taft?"

Dr. Gallup's sampling of opinion of infinitesimal groups may indicate trends, but it certainly does not warrant him in saying that "two-thirds of the voters" want to stop buying anything from Japan—any more than he is now justified in intimating that the present general tendency is for an embargo denying the right to any American to sell anything to Japan.

To understand these polls accurately, it is necessary to examine the phrasing of the questions they ask.

In this latest "study" of public opinion on the "embargo," the question asked was: "Do you think our government should forbid the sale of arms, airplanes, gasoline and other war materials to Japan?"

What are "war materials?" It is a highly technical question which few laymen could answer.

We are not selling Japan any direct war materials. There is no law preventing it, but our government has none the less effectively "forbidden" it through a so-called "moral" embargo.

The vice in this form of question is that if the person questioned thinks we ought not to sell weapons and are doing so, he is fooled by

COTTON TO JAPAN

Some of it used in explosives. Its form into an answer which Dr. Gallup has interpreted to mean that he favors an embargo—a very different matter.

On that point, Japan is our third or fourth biggest customer both in imports and exports. The vitally important item in our exports is cotton.

We have recently sold increasing amounts of scrap metal and petroleum products to Japan. Cotton is indirectly and in small quantities used in explosives. Scrap metal is a more important ingredient of munitions, but it is also used for other things and so also is petroleum, but only high octane gasoline is much used in airplanes. To cut off all these exports without discrimination as to their use for war would be an act of economic lunacy.

To embroil ourselves unnecessarily in the Far East would be military and naval as well as economic lunacy.

It would weaken us in the Atlantic and in the defense of the Americas, require at least double the military and naval force we need for the Western hemisphere alone and promises to us no substantial gain whatever.

If the American people polled are given the facts, or even a fair statement of the issue, it is a safe bet that no 75 per cent of them will vote for an embargo against Japan.

ODDS AGAINST FINNS

The only thing that can save the Finns now, or could at any time have saved them, is a fully equipped organized and trained expeditionary force of at least two army corps—50,000 to 60,000 men with a proper complement of fighting planes—at least 1,000.

In the present temper of the American people, we never would have sent such a force, and we couldn't have done so if we would. We haven't got them. In our whole army we haven't even two fully manned and equipped divisions of the necessary type—not half the premium force necessary to save the Finns.

As for Europe, it is clear now that the aid Finland needs is never going to be given to her by any nation unless it feels that its own security is immediately and very dangerously threatened. Both the Allies and all the Scandinavian countries are so threatened in greater or less degree. They apparently have slipped Finland a little bootleg aid through some blind-pig entrants as we propose to do—but, in the only kind of help that will do the trick, they have not acted and now it is getting perilously close to being too late to help.

WHY ALL SECRECY?

All the hush-hush business about the President's fishing trip is hard to understand. You could no more hide the progress of a President to Pensacola than you could hide a bull in a china shop.

It wasn't said, but it was allowed to be inferred, that the reason for the "secrecy" was the presence of hostile submarines in Caribbean waters.

This isn't the first time that phantom German subs have been pulled out of the political hat.

The last week end cold spell arrived as per schedule but with less severity as predicted. We had ice, cold winds, mists, and gloomy days, but not too bad. Mr. Cock Robin spent all those days strutting around in the garden pulling worms, with the least of concern. The weather forecasts are for more cold and gloomy weather, but this Tuesday morning is a lovely sunny spring morning.

Bro. Raymond Sims has been called for half time as pastor of the Baptist church here. He preaches other places between times.

A little daughter was born Sunday morning to Mr. and Mrs. Marshall Childre.

Word has been received of the arrival of a son, Jerry Foster, in the home of Mr. and Mrs. Avery House, of Dallas. Avery is the son of Mr. and Mrs. Charlie House of Star.

Mrs. Ethel Trussell, of Beard, is visiting her sister, Mrs. Jim Hamilton, this week.

The wiring up of Star is about complete now, and those who could barely squeeze out the

price will be on the REA. Mr. Karnes has sold out to the Co-op. Charlie House has been sick the last week with an attack of flu. While sick his pet deer which he has had for the past six months disappeared.

Mrs. Fannie Harding, who has been staying with her sister, Mrs. Mary Soules, left Sunday morning for Southern Texas to visit other relatives.

Last Monday marked the annual birthday celebration for Neal Soules. Dinner was served at the home of Mrs. Mary Soules who is still confined to her bed.

Monday evening in going home, the steering apparatus of the car of Mr. and Mrs. Henry Soules, went haywire in crossing the Slaughter branch on the Moline Road. Mr. Soules applied the brakes and they failed to respond so the car plunked into a good size tree. The car was considerably damaged, but Mr. Soules suffered no injuries, and Mrs. Soules only minor bruises. Such luck! If that had been me I'd have been found under the debris with the car and the tree holding the best end of the deal.

Regency Homemakers

Miss Scott met with the Regency Homemakers' Club Feb. 23, in the home of Mrs. Bruce Moore, only four members were present due to so much sickness in the community.

Miss Scott explained the purpose of the H. D. Club and outlined the year's work. The members present bought their year books.

The club will again meet with Mrs. Moore, March 8th. It is urgent that every member be present, as we will then elect officers, appoint food and clothing demonstrators and organize our club.

At this time Miss Scott will not meet with us, but will meet with us March 22.

The roll call will be answered with, "How May I Train My Child for Greater Health."—Reporter.

Texas has more than 9,000 local civil subdivisions with authority to levy taxes and issue bonds. Included are levee districts, drainage districts, school districts, irrigation districts, flood control districts, road districts and many others.

perly condition of the streets. "But you see," replied the justice, "in my job, I have to sit a good deal, and I need to walk for variety."

Freddy Hale.

Congressman Brewster, who will be elected to the senate almost by default, will inherit the shoes of the famous Sen. "Freddy" Hale of Maine. Freddy is never heard around the senate, and rarely seen. Yet his departure from the senate—he plans to retire this year—will make history.

It will end the longest senatorial reign of one family in the annals of congress. Hale's father and grandfather also were senators, their careers dating back 72 years.
