VOLUME FORTY-SEVEN

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, DECEMBER 27, 1940

NUMBER TWENTY

## CCC Wants 3000 Boys

The State Department of Public Welfare has been advised it will be necessary to have 5000 new boys available for enrollment in January to bring all camps up to full strength.

These replacements are needed due to the great number returning home, having served their full 18 month period and others to accept private employment.

"Young men between the ages of 17 and 23 1-2 years of age, of good character, unemployed and in need of work, regardless of their financial condition, are now eligible for the CCC," stated J. S. Murchison, Executive Director of the Department. "Recent changes in regulations allow a member of the Corps to save \$7 each month when he has dependents, and if he has none, the entire \$22 is put aside, as in the past. \$8 will be paid each man in the camp to take care of incidental expenses, dependents receiving \$15."

The members of the Corps are now being intensively trained so they may easily find private employment when leaving camp. Automotive repair shops are being centrally located where theory and practical experience meet on common ground, and hundreds of mechanically inclined boys are being afforded exceptional opportunities to become expert repair men on all types of equipment. Radio classes are the most popular of all the training activities, although it is surprising how many boys are interested in becoming good cooks and bakers.

The January enrollment is set for the 15th and 16th and all boys wishing to become members of the Corps and serve at least a six month period should make application with their county welfare worker as quickly as possible.

## Freight Trains Increase Speed

The average speed of freight trains in the United States was 62 per cent faster in 1939 than in 1920. In 1939 the average distance traveled per train in each 24-hour period was 400 miles, compared with 247 miles in 1920. These figures represent the average time required for the movement of all freight between terminals, including all stops and delays enroute.

## DALLAS COUPLE HONORED ON 25TH ANNIVERSARY

Mr. and Mrs. Claud Cochran assisted by Miss Doris Charles and Ira Allard, entertained Mr. and Mrs. I. L. Allard at their home, 729 S. Willomet, Dallas, with a miscellaneous shower. The occasion was Mr. and Mrs. Allard's 25th wedding anniversary.

Miss Mariann Sexton, niece of Mr. and Mrs. Allard, presided at the guest book.

Games were played by the 70 guests attending.

Mr. and Mrs. Allard are both former residents of Goldthwaite. Their marriage was performed here 25 years ago at the Baptist parsonage by the Rev. Smith.

## EBONY HOME DEMONSTRATION CLUB HOLDS MEETING

At a business meeting presided over by the new president, Mrs. Wallace Perkins, Mrs. Dale Field was elected bedroom demonstrator and Mrs. P. R. Reid grains and baking demonstrator. Mrs. Dewey Smith and Mrs. Eugene Egger were appointed program committee. At the admonition of our president we agreed to meet twice each month in 1941 instead of once a month as heretofore. Our president also insisted that we conduct our meetings more in accordance with parliamentary law. Next meeting will be the third Friday in January at the home of Mrs. Cecil Egger.

## U. S. Orders 100,000 Tons of South American Copper

New York, Dec. 24.—The United States government stepped into the copper market this week to avert a threatened shortage with an order for 100,000 tons of South American metal.

The industry on the whole viewed the move with approval. Visible stocks of copper have shrunk to around two months supplies despite a rise in November production to the highest level in years.

Accumulation of the South American copper, observers declared eliminated for the time being the possibility the government would be forced to install a system of priorities because of heavy demands of the national defense program and British armament needs.

In the marketplace, meanwhile, the trading accent shifted to foreign outlets, Russia, Japan, Brazil and Spain, dealers reported, had inquiries out for a total of around 10,000 tons.

## Turkey Market Is Better Than Usual

The Christmas turkey market which closed last Saturday was one of the most profitable in recent years. Prices forged up to 14 and 16c. The quality of the turkeys marketed as well as the quantity topped all recent seasons, according to D. D. Tate, manager of the Mills County Cold Storage and Produce Co., one of the active turkey buyers.

## Prominent Men at Flag Pole Dedication

Belton. — Brigadier General Richard Donovan, commander of the Eighth Corps area of the United States Army has accepted an invitation to attend the dedication of the American Legion flagpole unit at Mary-Hardin-Baylor College, January 8. He will be accompanied by his aide, Lieut. E. D. Massey. Principal speaker for the occasion, which will bring together state and national American Legion officials will be the national commander, Milo J. Warner of Toledo, Ohio, who will be accompanied by his aide, J. S. Deuschle of Ohio. General William George Gilks, national chaplain of the American Legion of Dallas, will attend and give the prayer of dedication. Other prominent persons have accepted invitations to be present.

The flag pole unit, which is being donated by the Temple post of the American Legion, cost approximately \$2000. The flag pole rests on a 15x20 foot base, extending through a block of pink granite 4 1-2x6 feet, on which the inscription and two bronze eagles will be placed.

## President Opposes Release of Foreign Owned Ships

Washington, Dec. 21. — Britain's pressing need for cargo ships has set officials here to studying the possibility of making available some of the 140-odd foreign flag vessels tied up in American ports because of the war.

The question of whether this can be done, it was learned, is being explored as part of a general survey of the American shipping situation which has as its objective finding merchant tonnage to release to Britain.

A bid for the Axis ships in American harbors was made Friday by Ronald Cross, British minister of shipping, who said in London that he was casting a "covetous eye" on them. Among these vessels are two German, 27 Italian and 37 Danish, all of which are classed by the British as of "enemy character."

There was no comment from officials here on Cross' statement, although it was known that the problem was under study. It was indicated that no immediate action was probable, and that any plan approved probably would call for legislative action.

At President Roosevelt's press conference, a reporter said there was a report that 30 Danish ships would be turned over to Britain and the chief executive replied that was a new one to him.

Britain already has purchased most of the old ships of the maritime commission's laid-up fleet. The commission will open bids January 7 on 24 of these vessels, the last to be sold.

## Livestock Auction To Be Resumed Here Monday, Dec. 30

The Goldthwaite Live Stock Auction which has been held here regularly each Monday for the past several months until recently, when it was temporarily discontinued on the account of the serious illness of Graham Wall, one of its promoters, will be resumed again next Monday, December 30, according to Key Johnson.

The resuming of operation of the livestock auction will meet with the approval of many stock raisers in this and adjoining counties. Heretofore this auction has been a market paying top prices for local livestock, which has proven a money maker for stock raisers.

## Lost Battalion Pictures Secured

Austin. — The dramatic story of the "Lost Battalion"—heroic 308th Infantry in World War I—has been pictorially memorialized in a collection of slides prepared by the University of Texas Visual Institution Bureau. For loan purposes to Texas schools and civic organizations, the slide set is accompanied by an original script based on the book, "Memories That Will Live Forever," by Private John W. Nell, a survivor of the harassed battalion lost under constant shellfire for seven days.

Pictures used were picked from over 150 U. S. Army Signal Corps photographs, and vividly portray the odds against which the men struggled. The pictures were rephotographed, reproduced on glass, then bound at the bureau. Mrs. Charles Joe Moore, bureau chief, explained.

## Many New Names Are Added to The Eagle List

Since our last report a large number of Mills county citizens have taken the advantage of the exceptionally low rates offered for The Goldthwaite Eagle in combination with other state papers, both daily and weekly, and paid their subscriptions. ## Defense Courses Start at U. of T.

Austin, December 24. — Five "engineering defense" short courses to train immediately at least 100 experts for specialized national defense jobs will be opened by the University of Texas next month. W. R. Woolrich, engineering dean, has announced.

The courses offered here will include engineering drawing, material inspection and for both civil and mechanical engineers, foundation engineering and structural drawing. Woolrich said the University seeking federal government approval for short courses in mine and aeronautical engineering as well.

## SHERIFF HARRIS BRINGS IN TWO SOLDIERS CHARGED WITH RECKLESS DRIVING

Saturday about noon Sheriff Harris' office was notified of a collision of an automobile and a two horse vehicle near Mullin. As a result Sheriff Harris landed two Brownwood soldiers in the custody of the law and notified military authorities. Brownwood, who immediately took them in charge turned them to Brownwood.

**MERRY CHRISTMAS**

May the gladness that brightens childish laughter and the understanding that is tempered by the years unite to make this Christmas one that will linger always as one of your happiest memories. This is the Christmas wish of the editor and publisher and employees of

## College Students Make Solo Flights

Despite rough flying weather most of the 20 student pilots training for Uncle Sam at the North Texas State Teachers College are up and at the controls by 7:30 these cool autumn mornings and already, in their fourth week of training, know of manipulating stick and rudder, feeling the controls.

Ground school nets for an hour each day so that students may be initiated into the mysteries of weather in meteorology; systems of pilotage, dead reckoning and use of radio aids, navigation instruments and map reading in navigation; Civil Air Regulations, aircraft engines, flight maneuvers, aerodynamics, instruments maintenance, and parachutes, in aircraft operation.

With 72 hours of ground school and from 35 to 45 flying hours to complete before January 15, student pilots follow a rigorous schedule which class for a minimum of about four flying hours a week. Instructors fly an average of six hours a day.

Tests are government given and so there can be only one "blowing out" of examinations. A daily report on each boy and each flight he makes is filed so that the Civil Aeronautics Authority officials may know the exact progress every student is making.

The class-selected uniforms are forest green coveralls with "North Texas State" in gold letters on the backs, and the student's name over one pocket and a pair of wings in gold over the other, to add to the pride of the boys in learning this new art of using wings.

Another hint to the wise for adults eating at the same table with a small child is to eat all foods—even spinach—and to do so with a pleasant expression. Food is never discussed at the Nursery School luncheon table, but is taken for granted. Those children refusing to eat are out separate tables, and such social disapproval usually has the desired effect. No deserts are forthcoming if the main course has not been eaten.

In order to develop tastes for foods, small servings are given at first. Nursery school supervisors find that when the children are allowed to pour their own milk from individual pitchers they usually drink more milk. A simple table service is used, including a plate, placed on an attractive doilie, a glass napkin, fork and spoon. Only affirmative suggestions are made in regard to the child's table etiquette.

A glance at a month's menus planned for the Nursery School children, suggests the following as enticing food for the young child: Meat loaf with vegetable sauce; celery strips; bacon strips; creamed liver with bacon; rice and tomato with meat; chopped carrot, apple, cabbage or celery or lettuce sandwiches on white or whole wheat bread; buttered rice; stuffed eggs; creamed eggs on toast; spinach with bacon. Toast strips instead of bread and the chopped vegetable sandwiches are popular with the nursery school children. The menus of course contain the routine baked potatoes, green beans, buttered carrots, prunes, bananas, rice and other fruit puddings.

## Encourage Child To Eat Right Foods

Is your child a "food-quibbler?" If so, then you'll be interested in hearing how children in the Mary Hardin-Baylor College nursery school are encouraged to eat those things which make up a well-balanced diet. The nursery school, which is conducted by the home economics department as a part of the practical training given students, boasts that each of the children enrolled in nursery school this fall have gained weight.

Students find that well-cooked food, served in an attractive manner, with an eye to color combinations and color variety plays an important part. Green foods, such as spinach or string beans, carrots and beets and other healthful foods may be used in colorful combinations to interest the child. Foods which are often disliked are disguised. An effective disguise for liver is to grind liver and cook it in tomato sauce.

Another hint to the wise for adults eating at the same table with a small child is to eat all foods—even spinach—and to do so with a pleasant expression. Food is never discussed at the Nursery School luncheon table, but is taken for granted. Those children refusing to eat are out separate tables, and such social disapproval usually has the desired effect. No deserts are forthcoming if the main course has not been eaten.

## Most People Must Now File Income Reports for 1940

With the United States defense program underway, most of the citizens of the nation are subject to an income tax report under the new law and failure to make such report subjects them to a penalty according to C. W. Dreschel, Deputy Collector of Ft. Worth who handed in the following article for publication:

### Changed Basis for Filing Individual Federal Income Tax Return.

The Revenue Act of 1940 has made important changes with respect to the liability of individuals for the filing of income tax returns. Individuals under the following circumstances are required to file returns covering the calendar year 1940.

Single individuals, or married individuals not living with husband or wife, having a gross income of \$800 or more.

Married individuals living together having a combined gross income of \$2,000 or more.

The net income is no longer to be used in determining the liability for the filing of a Federal income tax return. The liability of a citizen or a resident of the United States to file a return is dependent upon his status as a married or single person, and the amount of his gross income. Therefore every citizen or resident of the United States will be required to file a return for the taxable year 1940 if his gross income in 1940, regardless of his net income comes within the amount specified above for his particular status. A return must be filed even though, by reason of allowable deductions from gross income and of allowable credits against next income, it develops that no tax is due.

Form 1040A should be used for gross income of not more than \$5,000 derived from salaries, wages, interests, dividends, and annuities. Form 1940 should be used for gross income from salaries, wages, interest, dividends, and annuities of more than \$5,000; or if any part of your income is derived from other than salaries, wages, interest, dividends, or annuities, Form 1040 should be used regardless of the amount of your income. While returns must be filed on or before March 15, 1941, with the collector of internal revenue for the district in which you reside, it is urged that they be filed as soon as possible after January 1.

If in doubt as to your liability for the filing of a return and if your employer has no blank return forms available, make request of the collector of internal revenue for the district in which you reside or of any deputy collector stationed in your vicinity for the 1940 individual income tax return and the printed instructions accompanying the form.

Failure of individuals, under the circumstances outlined above to file returns will subject them to the imposition of the penalties prescribed by law.

### THE CHRISTMAS BELLS

I heard the bells on Christmas Day  
Their old familiar carols play,  
And wild and sweet the words repeat,  
Of peace on earth, good will to men.

And in despair I bowed my head;  
"There is no peace on earth," I said,  
"For hate is strong and mocks the song  
Of peace on earth, good will to men."

Then pealed the bells more loud and deep:  
"God is not dead, nor doth He sleep;  
The wrong shall fall, the right prevail,  
With peace on earth, good will to men."

—From "I Heard the Bells on Christmas Day," by Henry W. Longfellow.

Based on conditions prevailing last September, the United States Department of Agriculture has estimated this year's cotton crop at 12,772,000 bales. Production last year 11,817,000 bales.

## GOOD CHEER

During 1940 much work has been done in improving agricultural conditions. In a time when says Sam von Rosenberg, county agent. This fine work has been possible only through the fine cooperation and willingness of the many farm and ranch people of the county and the aid and technical assistance so freely given by cooperating Agricultural Agencies and the business men of the county.

During 1941 more work will be done in improving our Agricultural conditions. In a time when much of the world is in a program of ruthless destruction of lives of many good people and of the property and improvements that have required hundreds of years to make, let us continue to improve, to construct, and to build a better Agriculture and home life for all of us. The same fine spirit of cooperation and willingness of all of us working together on problems which concern all of us will give us a better life with greater happiness.

In closing this year's work, Rosenberg expresses to all people of the county the wish for a very Merry Christmas and a prosperous and cooperative New Year, which is possible for all of us in this, our country, where we are blessed with freedom, good health and happiness by the richest blessings of the One whose birth gave rise to the expression, "Glory be to God in the Highest, on Earth, Peace, Good Will Toward Men."

on Wednesday, December 18,  
with twelve members and one  
visitor present. The roll call was  
answered by everyone giving  
what they wanted most for  
Christmas. Games were played  
in which Mrs. Melvin Pafford  
was winner in the contest  
games. Names were drawn and  
gifts exchanged from the tree.  
Everyone enjoyed the refresh-  
ments of fruit salad, cookies and  
hot chocolate. The next meeting  
will be with Lora Ashton some  
time in January, the date to be  
decided on.

NABORS CREEK H. D. CLUB  
HAS SHORT MEETING

The Home Demonstration club  
met December 20 with Mrs. C. T.  
Wrinkle.

Because of the flu only four  
were present so no regular pro-  
gram was carried out.

The club will meet Friday,  
January 3, 1941 at the Nabors  
Creek school house. We hope to  
have all the members present.

STAR H. D. CLUB

The Star Home Demonstration  
Club met December 19, with Mrs.  
W. L. McCamey. Five visitors  
and nine members were present.

There was no official business  
so entertainment was presented  
with all participating in the  
singing of Christmas carols,  
readings and poems of Yule-  
tide spirit. Gifts were exchanged  
from a lovely Christmas tree.

Visitors present were Mrs.  
Dora Goode, Mrs. Vera Cox, Will  
Rickel, Mrs. Fritz Schultz, and  
Mrs. Otto Doggett. Members  
present were Mrs. Charles Ste-  
phens, Mrs. Fred Shave, Mrs.  
Luther Teague, Mrs. J. C. Cox,  
Mrs. D. B. Thompson, Mrs.  
Oleta Wall, Mrs. Melford Lee,  
Mrs. H. R. Churchwell and Mrs.  
McCamey.

The next meeting will be held  
at Mrs. Homer McCaslands in  
the North Bennett community.

What lovely Christmas weath-  
er we are having, and the weath-  
er man predicts more of the  
same for the holidays. The  
nights are a little cool and dews  
rest heavily under morning suns  
but chill and dampness vanish  
soon leaving quiet warmth and  
sunshine. It is even warm  
enough for sultanas to sleep out  
nights without the slightest  
sign of injury. Greens, onions,  
lettuce and the like are grow-  
ing luxuriantly out in the open.  
Hardy carnations and yellow  
daisies are still blooming and  
winter grasses spread emerald  
carpets over our yards. How  
thankful we are that our land  
is not bomb-blasted and smoke-  
stained.

Indeed it is nice weather for  
those going and coming.

Sunday, Mr. and Mrs. Lake  
McCarry and Mr. and Mrs. L.  
J. Teague went to the State Or-  
phanage at Waco. Mr. and Mrs.  
McCarry brought two boys of 12  
years, Charles Moody and Jolce  
Ware to spend the holidays. Mr.  
and Mrs. McCarry have a pretty  
location in the country and the  
boys will surely enjoy their  
visit.

Mrs. Gype and father of Moody  
were visitors in our community  
Sunday.

Mrs. Florence Teague left last  
Saturday for a holiday visit with  
her son, Hubert and family of  
Houston.

Mr. and Mrs. Nate Gent of  
Madisonville, are visiting his  
parents, Mr. and Mrs. Will Gent.  
Vernon Perkins and family of  
Marshall-Ford Dam, are visiting  
homefolks over the Christmas  
season.

Bro. Sims and wife have gone  
to Gatesville to spend the holi-  
days with homefolks.

Luther Piper and family spent  
the week end with homefolks.  
Christmas dinners were spread  
Sunday at the homes of Mrs. T.  
E. Hamilton and Mrs. Vera Cox.

It is reported at this writing  
that Graham Wall at Temple  
and Mrs. John Witty at Lam-  
pasas are still very ill.

Mr. and Mrs. Fred Langford  
and family are spending the  
Christmas holidays with Mrs.  
Langford's mother, Mrs. Myrtle  
Roe of the Locker community.

Mr. and Mrs. Twalby have  
gone to visit homefolks at Jones-  
boro.

Bro. J. Cooke was through Star  
Sunday on his way to Bethel for  
service and quarterly confer-  
ence.

Mr. and Mrs. Webb Hill have  
moved to Mt. Olive community.  
Mr. and Mrs. C. G. Guice are  
making an addition to their  
school cafe.

Merry Christmas everybody!  
And best wishes for the New  
Year!

Ridge

By Mrs. Herman Boyd

There were 32 present and two  
visitors at Sunday School Sun-  
day.

We had our church commu-  
nity Christmas tree Sunday night  
having an interesting program  
by the small children. Mr. Jones  
made a talk on the Birth of  
Christ which was enjoyed. Bro.  
Renfro preached an interesting  
sermon, then old Santa deliv-  
ered the gifts.

There was a large crowd  
present, 14 from Camp Bowie,  
Brownwood. We were glad to  
have these people with us and  
welcome them back at all times.

There have been a lot of colds  
and flu in this community.

Mrs. Annie Curtis and Beulah  
Lois Pafford returned home Sat-  
urday from Sweetwater. Mrs.  
Curtis reported her daughter-in-  
law, Mrs. C. E. Boyd, in a ser-  
ious condition.

Mr. and Mrs. Bob Cummings  
are the happy parents of a baby  
boy. He has been named Lonzo  
Leroy.

Mr. and Mrs. Erston Boatright  
and children of Baytown, spent  
the week end with his parents,  
Mr. and Mrs. O. J. Boatright.

Mrs. C. F. Cornelius called on  
Mrs. Herman Boyd Saturday  
morning.

Mr. and Mrs. Everett Cug-  
mings and son of Crowell, are  
visiting his mother, Mrs. J. E.  
Cuhmings and family.

Next Sunday is time for our  
fifth Sunday meeting. Everyone  
is invited to attend. There will  
be services all day and lunch on  
the grounds. We are expecting  
Mr. and Mrs. Boyd.

Former Fliers Are  
To Be Given Training

Washington, Dec. 22. — The  
army air corps announced Sat-  
urday that it would train hun-  
dreds of former fliers, engineers  
and other qualified civilians to  
serve the expanding air forces  
on the ground as squadron en-  
gineering officers.

First classes of 50 students  
each will enter New York and  
Purdue Universities next month,  
and others will follow at three-  
month intervals. After 12 weeks  
of study, six months' additional  
training will be given at Cha-  
nute Field, Ill.

Later qualified college gradu-  
ates will be trained as squadron  
armament communication and  
photographic officers.

H. D. CLUB ENTERTAINED

Mrs. Lee Dyas entertained the  
Goldthwaite Home Demonstra-  
tion Club in her home. Decem-  
ber 20th.

The house was beautifully de-  
corated with holly and mistle-  
toe, and other Christmas decora-  
tions. In the living room was  
the Christmas tree all aglitter and  
gleaming with different colored  
lights. Each guest brought a gift  
and the tree was loaded down  
with gifts, some of the guests  
came dressed like children which  
caused lots of fun and merrim-  
ent. Mrs. Mayme Winsor  
gave a very funny  
Round Rosy dance. We sang  
Christmas carols. Silent Night,  
O Little Town of Bethlehem,  
then the presents were distrib-  
uted. Most of them were hand-  
made.

The hostess served delicious  
hot chocolate and cake assisted  
by her daughter, Gloria. Partici-  
pating were Mmes. Oscar Burns,  
Abbie and Ruth Irwin, Kate  
Marshall, Mack Horton, Mayme  
Winsor, Bula Sauter, Wellie Say-  
lor, Weems Weathers, Joe Long,  
Fred Reynolds, Mrs. Edlin, Mrs.  
Moon, Mrs. Hunt and Mrs. Byrd.

CHRISTMAS RECITAL  
Mrs. A. H. Smith presented  
her piano pupils in late after-  
noon recital last Thursday at  
her home on Parker street.

Lighted candles and a brightly  
lighted Christmas tree were the  
decorations used in the living  
room.

At the close of the recital  
punch and dainty confections  
were served to the pupils and  
their guests.

The following program was  
given.

Jingle Bells, Celia Ann Simp-  
son.

MULLIN COUPLE  
MARRIED HERE

Monday evening at 6:15 p. m.,  
Miss Virginia Harding and E. M.  
Curtis, both of Mullin, were mar-  
ried at the Baptist parsonage  
in Goldthwaite. They were ac-  
companied by Miss Gladys Sad-  
ler, sister of the bride and  
Mrs. Curtis.

J. K. Rector, 91, Dies  
At Home in San Saba

San Saba, Dec. 17 — James  
Knight Rector, 91, native of  
Bastrop county, died after a  
short illness here Tuesday morn-  
ing. He had been active in the  
practice of law and in the real  
estate business until stricken  
last Wednesday with intestinal  
influenza. Mr. Rector was a ne-  
phew of James Knight, who set-  
tled in Fort Bend county in the  
early forties.

Mr. Rector was unmarried and  
the oldest attendant of the First  
Methodist Church. A number of  
nieces and nephews survive.

On December 21, at 4 p. m.,  
Miss Omino Young, daughter of  
Ule Young and Ruben Lawson,  
son of R. L. Lawson, were mar-  
ried in the Baptist parsonage at  
Goldthwaite. Mrs. E. E. Dawson  
witnessed the rites.

PRIDDY F. F. A.

Most of the boys in the first  
and third year classes of voca-  
tional agriculture have their  
animals for the show on feed  
now. There are several boys  
feeding lambs, hogs and calves.  
We plan to begin blocking  
lambs for the show soon and  
train them to lead and stand.

On Saturday, December 14,  
George Lippe, and Wilford  
Schuster went to Stephenville  
with the Goldthwaite boys to  
judge milk. We did not place in  
the individuals in the high ten.  
Mr. Burk was judge for Junior  
Chapter conducting at Stephen-  
ville.

NOTICE

Elder John L. Norris of Men-  
ard will preach for the Church  
of Christ here Sunday morning  
and night. Each one is urged to  
attend and hear Bro. Norris.

**CARELESS FIRES  
ENDANGER HOMES**

Careless fires caused by an increase of fire hazards about the home during the winter season are more numerous than any other time of the year. Marvin Hail, state fire insurance commissioner, said as he warned home owners to exercise great care in the installation and use of the various types of heating stoves.

The commissioner listed the common heating stove as one of the leading causes of fires in Texas over a long period of years, and called attention to the fact that during the past 10 years the average annual property loss has been approximately one-half million dollars.

The most important fire prevention measures to be adhered to in the installation of stoves and pipes are:

1. Some protection should be provided in the form of asbestos board, sheet iron or tin to guard walls.
2. The floor beneath the stove should be protected with metal at least 12 inches on each side.
3. All smokepipes should connect directly into a chimney. They should not pass through walls and partitions. Where they do, the pipes should be separated from the wall by means of a special kind of metal box called a "thimble," and it should be made of galvanized iron, double-walled and ventilated.

4. Smokepipes should not be permitted to pass through floors, closets or other concealed spaces. Where this faulty construction exists and cannot be altered, the pipe should be surrounded, the pipe should be surrounded a radial thickness of at least three inches. It must extend through the floor and should project about one foot above its upper surface.

5. Stoves should be protected with screen guards to prevent children from getting to close.
6. Clothing should never be hung on or near stoves to dry.
7. Always dispose of ashes in a metal can, never in a wooden box or barrel.

The Horse and Mule Association of America has set the date for its annual horse pulling contest to fall with the National Dairy Show at Harrisburg Pennsylvania.

**Clever Ideas For Christmas Cooks**

A PAN of fudge, a batch of fancy cookies, and wrapping and trimmings of "Cellophane" cellulose film provide the makings for these distinctive and toothsome Christmas gifts.

Candy lovers will be delighted with the formalized Christmas tree design which the young lady in the picture is just finishing. To make it, arrange pieces of fudge on a triangle of cardboard, wrap in a plain transparent sheet, and edge with a blue and silver garland of slit film and tinsel. Wrap again, bind the edges with silver Scotch Tape, and top with a pompon of the garland.

The frilly candy package also has a cardboard base and clear

wrapping. To decorate, lay a piece of amber film under a larger Christmas sheet, place package in center, and pleat the extending corners. A new transparent wrapping, with applied red holly design, is used here. Red and silver ribbon of the film ties the package.

An amusing idea for a child's gift is the cookie cart with a red band under the wheels and a clear-color overwrap. The "pull" of red transparent drinking straws has a triangular handle of printed Scotch Tape. The little packages of cookies in star, crescent and oval shapes are for tree decoration and can be saved for Christmas nibblers when the tree is stripped.

**Chevrolet Uses  
More Newspaper Ads**

Detroit. — Eighty dealers representing Chevrolet's retail selling organization the country over met in Detroit December 16 and 17 as a Dealers' Advertising Council to discuss Chevrolet advertising and correlated subjects. The Council as an allied activity stems from the Dealer Committee System, whose delegates meet regularly in Detroit

and through which all Chevrolet retail operators are represented.

The two-day conference covered a variety of subjects, prime among which are the dealer co-operative advertising plan and newspaper advertising in general. Value of newspaper advertising, was forcibly demonstrated throughout 1940, when Chevrolet dealers individually, and the division itself employed more advertising space in newspapers than in any other medium.

**Rock Springs**

By Mrs. Eula Nickols

We extend sympathy to James Hill and children in the passing away of his wife and their mother. Also to Mrs. Hill's parents, and her brothers and sisters.

Last week wasn't a very pretty week, as it rained most all the time. We need some sunshine. Jack Frost made his appearance Monday morning.

I failed to tell about my trip to Pampa last month. I enjoyed it very much. We spent two nights with Hillard Dyches and family at Breckenridge. It was a pleasant visit. Mrs. J. T. Robertson, Mr. and Mrs. Dinkle and Mrs. Dyches enjoyed their visit at Phillips with Charley Robertson and family. That is a pretty country. We saw some of the damage the ice did. It wasn't as bad at Pampa as it was at Amarillo.

We can see the pretty Christmas lights that are on the court house. We can also see the blinking light. We are five miles from town.

We have had a farm sold. Adrain Long sold his farm to Earl Fairman and Rudolph Cooke last week. Mr. Fairman got the east side and Rudolph got the west side and the brick house. Mr. Long and family will move back to Big Valley. We wish them all good luck.

Glenn Nickols and wife from town ate dinner with his mother Sunday, and Philip and wife and Shirley and wife ate supper.

Oliver Traylor has been sick for over a week with the flu.

Mrs. Gordon Salters has had the flu for several days.

Mrs. August Kauhs spent last Tuesday in the Nickols home.

There were several hogs killed Monday. Those who helped Mrs. Robertson and Harvey Dunkle were Walter Robertson and wife from Live Oak, Woody Traylor and wife and myself. James Nickols helped Otis Hutchings at Center Point and James Roberts, J. T. and C. O. Stark helped J. F. and Joe Davis. We are enjoying the meat and sausage.

Richard Sanders and family, Otis Hutchings and Mrs. Dick Lewis and Dorothy Tyson from Center Point visited Tuesday.

Miss Myrna Traylor has the night in the Nickols home. Flu this week.

James Nickols and family visited in the Tyson home Monday night.

James Roberts is doing quite a bit of hunting lately. He is having pretty good luck.

Mrs. Shirley Nickols will have a Christmas tree Friday afternoon for her pupils and neighbors. She will also have a program.

If the weather is pretty the twenty sixth, there will be a musical here at my house. All who care to play bring your instrument. The J. D. Berry hill billy band will be here ready to make the Christmas spirit ring. Come early so we can hear lots of good music.

**DOUBLE KILLING  
FOLLOWS MEETING  
OF ESTRANGED PAIR**

Bryan, Dec. 16. — Cecil F. Heard, apiary inspector for the entomology department of the Texas agricultural experiment station, and his wife, were found shot to death Monday at the home of a relative in the Grabb community.

Both were 45. Justice of the Peace A. D. Bosse of Old Washington said in an inquest verdict that Heard shot his wife as she lay asleep, then killed himself.

The two had been living apart. Mr. Heard at Bryan, and his wife at Fort Worth. They had come to the home of Heard's brother, Walter, for a visit.

Dr. F. L. Thomas, head of the entomology department, who went to Navasota where the bodies of the two were taken, said Heard's last connection with the department began in 1925.

Mr. Heard was well known to bee raisers in this part of Texas and had visited here in Goldthwaite often, remaining here over a period of several months at one time.

**10 Best Stories  
In 1940 News**

Fort Worth. — When students in the department of journalism at Texas Christian University were asked to name the "10 best news stories of 1940", they compiled a list in which eight of the 10 were war stories.

One exception — election of President Roosevelt to a third term — might be included without too much bickering concerning classification.

Roosevelt's third-term election rated first place in 1940 news stories by a wide margin.

The next three stories can be ranked in any order preferred, so close did the final balloting place them. They are listed in order: Fall of France, Seige of England and U. S. Peace-Time Conscription.

These three, and the remaining six of the "Best 10", are here listed in their order of their rank by the T. C. U. journalism students, with typical comment:

2. Fall of France. The almost unbelievable event of World War II which shocked everyone but Hitler. The highly-touted Maginot Line could stand only so much, and internal traitors were not among the things it was built to withstand. But the cry of "Liberty, Fraternity, Equality" is still cautiously heard.

3. Seige of England. The British "muddle through" an unending hail of German bombs. The eyes of the world are focused on England, declared to be the front line of western hemisphere defense. The outcome is unknown, but the white chalk cliffs of Dover still stand.

4. U. S. Peace-Time conscription. A great protective step taken by a great nation is certainly great news. The war is brought home to everyone. And another "first" in our history, along with the third term.

5. U. S. Aid to England. The U. S. enters the war as a non-belligerent. And much discussion pro and con, this country has embarked upon a policy of giving England all possible aid "short of war."

6. Italo-Greecian War. After much bragging and boasting, Mussolini finally invaded Greece. U. S. sympathies being instinctively with the under dog (to say nothing of its anti-Axis leanings), his episode of the Greeks' pushing Mussolini's "crack" troops around may have been overplayed. But it's tops as a news story.

7. British Retreat from Dunkerque. One of the most disastrous defeats in England's history yet at the same time one of her most amazing accomplishments. Heroes are news and this miraculous event had thousands of them.

8. U. S. Rearmament Program. Billions of dollars and millions of men are involved as a sleeping giant bestirs himself. We muster our muskets and prepare for the worst that we may retain the best.

9. Japan Joins the Axis. For the benefit of the U. S., a threat is designed of making the war

a two-ocean conflict. 10. Mexican Presidential Election. Involved are U. S.-Mexican relations as well as important phases of the hemisphere defense program. All of the speculation about revolution kept the story alive for weeks.

**Wife Under Bail  
In Fatal Shooting**

Hamilton, Dec. 18. — Margaret Gray, about 37, was liberty under \$5,000 bail Monday in the fatal shooting Friday her husband, Arthur Gray, Gray was found dead at home in the extreme east part of Hamilton county. The body was about 125 steps from the house. He apparently bled to death, a rifle bullet having cut an artery in his arm.

Bail for Mrs. Gray was fixed after an examining trial.

Gray had no children. Mrs. Gray had four children by a former marriage.
