## CHURCH OF THE NAZARENE

F. P. SMITH, Pastor

This Sunday we have another good Sunday School lesson and we invite everyone who is not attending elsewhere to come be with us. Ours is a growing Sunday School, and we have some fine godly teachers. My class of boys, age 11, 12 and 13, is growing and we are anticipating some great times together.

Today is Armistice, and before this comes out in the paper it will have passed. At eleven o'clock wife and I stood with bowed heads in remembrance of those brave boys who fought and died in that first World War which was to end all wars.

Strange that while we stood in remembrance of those fallen dead, and celebrate Armistice that our joy should be overshadowed by another world war, more terrible, more brutal, more savage, more bloody, more senseless and just as selfish. Yet, that is not reason to keep us from bowing our heads in remembrance, or cause us to neglect to thank God. We should say Thank God, that back there were men and women who were loyal and brave and true and who were ready and willing to fight and die for principles and homes and ideals and freedom of country. Just as much as we should be ready today. Thank God our country is still at peace.

This month we are urging our people to be more thankful and more appreciative to God for his many, many blessings. We have much to be thankful for as Americans.

Are you thankful? If so, you will try to be out to the house of God somewhere Sunday. Go in time for Sunday School and stay for the worship hour. Lift your own heart in gratitude and thankfulness to God along with others and see if you don't have a sense of being lifted and helped. It will make you a better boy or girl or a better man or woman. Let's make ours a church-going community.

strapped to the fenders of his car. But that's ancient, and not too pleasant. history to be relating, for during succeeding seasons the weather has been too sluggish and the deer wouldn't "run." If it'll brighten your hopes any, however, things point to an early and hard winter this year. Nature, it seems is doing her part to help the sportsmen. It's the weather man's turn now.

Down in the deer and turkey range of South Texas, some sportsmen will be gunning for another splendid game animal, the javelina, or wild hog. The open season is Nov. 16 to Dec. 31, inclusive. The bag limit is two per season.

And finally, over in East Texas, the boys in many counties of the piney woods belt are by this time in the woods gunning for squirrels. The open seasons on squirrels vary a great deal in East Texas, but November 1 marked the opening of the season in many of those counties.

The Game Department wishes good luck to all hunters!

## RED CROSS DRIVE NOW ON OVER COUNTY

'Put Patriotism To Work' Is Slogan For Annual Campaign

Through choice or necessity most of the countries of the world are in opposing armed camps. The war is not primarily one between rival imperialisms. It is a world-wide conflict between opposing ways of life and standards of values.

In America and the Western Hemisphere we believe in the supremacy of the individual.

Truth, justice and tolerance have personal meaning.

And Democracy is more than a form of government. It is a way of life—our way of life, and ours to defend. Passive approval of democratic forms is not enough. We most actively support democratic institutions if they are to survive. In the Red Cross is embodied all those human values we in this country hold most sacred.

On November 11, an army of Red Cross volunteers began asking men and women everywhere in Mills County to join. They know that theirs is an organization chartered by Congress and dedicated to the ideals of freedom of the individual, equality without regard for race, creed, or politics; and a generous helpfulness, impartially administered, for those in need. They ask for membership of all men and women in support of those democratic principles.

Patriotic fellow-citizens are asking you to join in upholding an ideal which is considered the finest flowering of our western civilization. They ask you to join and become a part of this humanitarian army behind the men behind the guns. Put your patriotism to work. Join the Red Cross!

## NORTON COWS WIN PRIZES AT COMANCHE

At the Comanche Texas Dairy Day Show held November 6, the following cattle owned by C. O. Norton of Goldthwaite were awarded prizes: Rush Jolly Peggy No. 1197066, three-year-old cow, was the only cow classified as a blue ribbon cow; Rush Oxford Hattie No. 1311356 was the only blue ribbon heifer under one year of age; and Rush Jolly Peggy had the honor of being awarded the prize as champion female of the show.

Anyone interested in better dairy cattle should take time to attend any classification show they can. In a show of this kind there can be any number of blue ribbon cows if they classify. Every animal is judged on its own merits and points.

Don't fail to attend our own classification show on January 10, in Goldthwaite.

## MAKES IMPROVEMENTS

D. D. Tate, manager of the Mills County Cold Storage Company, has had erected a nice platform for loading and unloading their produce.

## IMPORTANT NOTICE

The Mills County Women's National Defense League meets at 2:30 on Friday, Nov. 14, at the Melba Theatre. Every patriotic woman in the county is urged to be present and hear Mrs. V. C. Bradford's review of Dorothy Thompson's "Political Guide." MRS. EARL FAIRMAN, General Chairman.

## MRS. S. W. SHELDON, 104 YEARS OLD, DIED AT HOME AT STAR ON NOV. 4TH

The angel came Nov. 4th and wafted the beautiful spirit of Mrs. S. W. Sheldon of Star to Gloryland.

Born at Little Rock, Ark., Nov. 16, 1837, Lily Ann Stenbridge moved to Hill County 12 years later, and in a few years married W. H. Partain. In 1862 he was killed in the Civil War, leaving her with four small children. One of the four is now living at Artesia, N. M., Mrs. M. E. Gray.

In 1874 she married L. W. Sheldon and they located at Star. He preceded her in death by a score of years, and three sons blessed this union; one, L. M. Sheldon, dying about 25 years ago. Frank L. and D. W. Sheldon are both residents of the Star area. Mrs. Sheldon made her home at Mr. and Mrs. F. L. Sheldon's.

She was a Christian, a member of the Methodist Church. Bro. Clem Hoover officiated at the funeral Tuesday afternoon at the Hearst Ranch Cemetery. The lovely flowers and im-

mense crowd of friends testified to the high esteem in which she was held. Among the out-of-town relatives from a distance were two granddaughters and a grandson, Mrs. W. S. Billingsley of Rising Star, Mrs. Viola Gross and son of Fort Worth and Gatesville.

Five generations live to bless the memory of the sweetest name, "Mother."

Her philosophy for a happy, long and useful life always seemed to be:

"Dear God, how good you are to me,  
To give me all earth's beauty free;  
The birds to sing through all my life,  
The flowers to bloom on roads of strife.

In hills or field where I can roam  
A sheltered path that leads me home.

The sky of every shade and hue,  
And then, dear Lord, to give me you."

## COMMITTEES VISIT SCHOOLS HERE MONDAY

Framed 'Pledge To The Flag' Presented To County Schools

On Monday afternoon, Nov. 10, a representative group of men and women of Mills County visited every school in the county and simultaneously at 3 o'clock carried out a program which consisted of the singing of "America," a brief prayer, an address by a Mills County citizen, presentation of a pamphlet library, the presentation of framed "Pledges to the Flag" for every school room, the singing of "God Bless America" and the Salute to the Flag. From reports from every part of the county, this program met with most hearty response by both teachers and pupils, and the parents who attended. The program committees felt that their efforts had fulfilled the desires of the Mills County Women's National Defense League, which had been to create a new and deep patriotic feeling in the youth of the county.

The framed "Pledge to the Flag" was a gift from the Defense Organization. Funds were raised by selling to individuals identical "Pledges." Money for the frames was provided from the general funds of the organization. Because this is such a beautiful token of patriotism, the Women's Defense League will keep on hand additional copies to be sold to any individual who desires one for home or office at 55 cents each.

The material for the pamphlet library was secured from the National Society of The Daughters of the American Revolution. Each piece was bound and decorated by the members of the organization and something like 400 pamphlets were made in all. It is the hope of the organization that every school in the county will bind many more pamphlets and that by the end of the school year that there will be hundreds of copies of patriotic literature accessible for every child in the county.

The committees visiting the schools were:

GOLDTHWAITE FRESHMAN AT TEXAS U. HELPS IN NEW SORORITY ORGANIZATION

AUSTIN, Nov. 11.—A motto of "fun for all" has attracted more than 400 University of Texas coeds to membership in the Women's Independent Campus Association, a social club for "independents," or non-sorority members.

Though feeling between the "Greeks" and "independents" on the university campus is not bitter, there has been enough agitation for organization of the independents to make WICA, as the co-ed club is usually called, and MICA, a corresponding group for men, tremendous successes.

Miss Virginia Oglesby, freshman from Goldthwaite, is one of the new WICA members who helped to put the membership drive "over the top." The organization's original goal was only 300.

PRESENTING:  
 "Ott." William Arthur Cline, in reality. "Ott" is very comical at times and very serious at other times. He has many friends, and he likes everyone. "Ott" isn't selfish and is willing to share everything with every- body. He is quite a "whiz" at tennis and other sports. We know all the success possible will be his.  
 Favorite Teacher—Miss Welch.  
 Favorite Amusement—Thea- tre.  
 Secret Ambition — To teach Mr. Peterson how to play tennis.

PRESENTING:  
 A Senior boy who has gone to more schools than one. He has attended the Moline, Mullin, Alexander and Goldthwaite schools. This certain Senior is 5 feet, 10 inches tall, weighs 154 pounds, has a fair complexion, and blond hair (without oil). He loves sports and plays guard on the Goldthwaite High School's football team. Well, if you don't know who it is by now, I guess I'll have to tell you. It is none other than Harold Cor- nelius. I don't think he has a nick-name. Harold is quiet, calm and peaceful. He is a reg- ular country boy and likes west- ern pictures with Gene Autrey.  
 Likes Best—Football.  
 Favorite Drink—Water.  
 Favorite Actor—Gene Autry.  
 Favorite Actress—Bette Davis.  
 Secret Ambition—To be as noisy as Shirley Mahan is at times.

THIS AND THAT!  
 Please don't ask us for your name to be left out of this col- umn. That just incites a desire

to find out what you've been up to and we're bound to try to track you down!

Buren takes a fling at 'em all. That's just as far as he got with Mary Alma though. Or Wilda either.

If anybody wants any sugges- tions, Lorena has lots of "bride" ideas.

Cash seems to be having plenty of heart attacks lately caused by high blond pressure. Eh, Marjeanne.

Madelene, aren't you glad that Mumsie rides Claude's bus? It's so thrilling to go home with Mumsie, for you can be with Claude nearly a whole half hour. Barbara's affections have roamed for quite a while but at last they have settled whole- heartedly on a shy little lad from Center City.

Shame, shame on Naomi and Theda Fay for their actions on the bus. Charles Kirby and Herbert were their latest vic- tims. They've even got 'em wearing lip gooney now.

Peggy Gene's birthday is on the same day as Elroy M. (of Star). What a coincidence!

Wilma Burkes and Willadean H. sure do get around these days. They looked so petite on the arms of those dashing rookies at the show Saturday night.

Ernest, why keep us in the dark? You should have intro- duced the romantic little lady. Elmer was caught in the act of writing Bobbie Jean Gold- sten's name on his desk.

An ideal couple—we hope— Billy Jack and Macalee!!! Cappy and Gilma never come to our football games any more. Could it be because of their sol- diers?

That certainly was an affec- tionate greeting that Burnsie and Stoddard had at the game Friday night! Wanda— Oh, how Dorothy Nell's heart rose when she saw a boy with a uniform on, at her door Satur- day.

Kenneth Croft made a hit with all the girls at Mary's party Saturday night.

Speaking of hits—Mary seems to have scored one with Sam- mie. He said he thought she was the prettiest girl at the party.

Billy Jack, we have made a grave mistake! The "brunette" wasn't Adelaide at all—it was Adelia Ruth.

Jack G. and Billy S. were out "dear" hunting Sunday. Vic- tims were Burnsie and Imahea.

It seems that Faye, Naomi and Nelma Rae like the idea of uni- forms. They all triple-dated with them.

## One Ball of Thread Will Make This Chair Set

IT'S the little things that count in making your home a lovely, livable place. If you crochet, you'll find it easy and inexpensive to create charming accessories that will do as much for your home as a whole new suite of furniture. A crisp, new chair set, like the one which you can crochet, will give a new look to a favorite chair and will cost just 20¢ to make. The charming filet pattern will work up quickly, and when made in mercerized crochet cotton, it will launder perfectly. Only one large ball of thread is required for the chair back and arm rests. Directions for crocheting this chair set may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design #229.

EDUCATION'S RESPONSIBILITY

By GEORGE C. HESTER

The week just closing has been designated as "Education Week" for America. What an opportune time to rededicate ourselves to those things for which America stands and to reappraise their meaning to us in these ominous times.

What lies before us no one knows. Outlined against the horizon of the future, however, certain things are fairly clear. The great world upheaval today is not only a struggle between nations, but also a struggle between values. For two-thirds of the human race, the pillars of liberty have crumbled and fallen. At stake is the future of the free human mind and spirit.

It is trite to say that education is necessary for the preservation of democracy. That fact alone answers nothing. Education, let us remind ourselves, is just as necessary in a dictatorship. In fact, one of the first acts of dictators is to take over the entire educational system.

Moreover, the breaking away of the educational systems from the pursuit of the democratic ideals did much to pave the way for dictators.

For a good many years, something has been happening to the Youth of Europe. That experience should afford a valuable object lesson for America today. Step by step, and over increasing areas of the world youth were swallowed up by the insatiable state. A whole generation was reared to regard itself as mere property of political regimes.

It all depends upon what kind of education we are talking about. Here in America we have the unique opportunity to give democracy a new impetus in a world that has lost much of its vision. Hitler, of course, must be defeated. Beyond that, however, there is still another victory to be won. It is the victory of our American faith over the forces of defeatism. It implies a faith in our traditions, in our system of free enterprises, and the other basic freedoms for which America has always stood. It means renewed devotion to the ideals of Americanism.

I am speaking of self-advertisers and cheap exhibitionists. There is plenty of lip service in defense of democracy. Its defenders leap from behind every bush. But a democratic society is peculiarly a thing of action. As a way of life, it is primarily a matter of habits, dispositions, attitudes and loyalties in which the proper ideals motivate our actions. The loss of such ideals has meant the return of tyrannical systems. Unless American education can rebuild a renewed faith in the spiritual ideals of a free people, where citizens are able and willing to assume their responsibilities, in a society of live and let live, there is little hope that democracy can survive the crisis through which it is passing.

In this great work the public schools can perform a vital role. They must be assisted, however, by the home, the church, the press, the radio, theatre, and the other institutions that educate. The schools alone, which have the child only a few hours each day, cannot perform their true task: it is the other agencies that mold the child's mind and character are working at contradictory purposes.

In a dictatorship, all these agencies are controlled and compelled to work at a common purpose. They cannot work at cross-purposes. In a free society like our own, we must not wait for the compulsion that is characteristic of dictators. The common ideals of Americanism should be enough for a unity of all efforts. That is the democratic way. By no other procedure can democratic institutions be preserved.

POST GRADUATE MEDICAL ASSEMBLY TO MEET DEC. 2

On December 2, 3 and 4, the Post Graduate Medical Assembly of South Texas will hold its 10th annual meeting at the Rice Hotel in Houston. Famous medical men of the United States will be on the program.

Medicine is constantly making progress; new drugs, antitoxins,

and vaccines are being perfected; new operative procedures and diagnostic methods developed; improvements and modifications of old treatments made so that the busy doctor may get away for a short time each year to familiarize himself with these changes. It is for this purpose that the Post Graduate Medical Assembly of South Texas was organized.

Silent Workers

A YOUNG MAN who has done a good job and who had not received the credit and praise he deserved came to me downhearted. I know how he felt—I've felt the same way when my efforts have gone apparently unappreciated. But I've lived long enough to know that those who get their names in the headlines and their pictures in the papers seldom are the great creative workers. The man in the limelight often is but the medium through which a thinker in the wings expresses his ideas.

Those who work quietly, behind the scenes, frequently radiate the most influence and, as Samuel V. Cole points out in one of his little poems, silent workers are in good company:

Why fret in your work because  
The deaf world does not hear and praise?  
Were it so bad, O! workman true,  
To work in silence all your days?  
I hear the traffic in the street,  
But not the white worlds o'er the town;  
I heard the gun at sunset roar,  
I did not hear the sun go down.

Are work and workman greater when  
The trumpet blows their fame abroad?  
Nowhere on earth is found the man  
Who works as silently as God.

—The Silver Lining.

Look upon the present as the  
past of your future.—Allinson.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From the Eagle files of Nov. 18, 1916)

The cold spell the first of the week was quite severe, following as it did an unusually warm season.

J. C. Street and family made an automobile trip to Waco Saturday to see the Cotton Palace. They returned Sunday.

Dr. J. M. Campbell and his wife and little daughter were visitors in Dallas the first of the week.

W. A. Richards has sold the Recall Cafe to J. M. Mills, late of San Saba, who has already taken charge.

For Sale—A stout non-top buggy and a gentle horse suitable for children to drive to school. Will sell cheap for cash or on time.—C. E. Strickland.

Mrs. L. R. Conroy requests all who can save papers and magazines for the Missionary Society to do so, as they expect to ship a car load in the near future and will call for all papers soon.

Grover Dalton and wife are happy in the possession of a new daughter who arrived at their home Thursday evening.

Misses Jarrett, McKnight, Creekmore and Glass were among the visitors from Goldthwaite to the Waco Cotton Palace.

County Clerk Summy issued marriage license since last report to S. M. Watson and Mrs. Matilda Brannon.

Mrs. J. A. Gillespie, president of the Civic League, announces a meeting of the League in the restroom in the courthouse Monday afternoon at 4 o'clock.

Floyd Jackson and family now occupy the Bronham residence in the southern portion of the city.

Mayor Will H. Trent attended the meeting of the district stewards of the Methodist Church at Lampasas Thursday as a representative of the Goldthwaite church. The pastor, Rev. T. J. Kellam, also attended the meeting.

Walter Fairman and wife spent the first of the week in Waco visiting Judge S. H. Allen and family.

Mrs. R. E. Clements and little son returned Tuesday from a visit to her sister, Mrs. Burch, and family at Silsbee.

HERE FROM PRIDDY

Bob Swindle was in from Priddy on business Monday. Mr. Swindle, who was county commissioner from his precinct 25 years ago, has been living in Mills County fifty years this month.

Mrs. Annie Armstrong and Mr. and Mrs. Jack Burns visited the first of the week with Glendon Armstrong at Cuero. They also visited relatives at Corpus Christi and were accompanied home by Mrs. Armstrong's sister, Mrs. Alfreda Smith.

State Department Health Notes

The Texas State Health Department has joined the President in his effort to prevent accidents. The rising accident toll is a menace to our national defense program and, unless checked, can seriously hinder our efforts.

Doctor George W. Cox, state health officer, says that fatal accidents are now one of the ten leading causes of death in Texas. Last year, over 4,600 Texans died as a result of accidents. Thousands more were injured and countless days were lost from work in non-fatal accidents. In times such as these this useless loss of life and time must be stopped.

Motor vehicles lead the list of fatal accidents in Texas, with 1,807 deaths; however, they account for but two-thirds of the accidental death. Other leading causes are: Falls, 675; fires and burns, 496; and drowning, 267. To stop this loss, each person must, of his own accord, make it his responsibility to do all in his power to prevent accidents on the road, in the home, and while at work.

Accident prevention must be practiced all the time to be effective. A person may be careful while at work all day and then relax his caution while driving home and become involved in an automobile tragedy. Be courteous, be cautious, be careful and prevent an accident from happening to you.

STATE NYA PROGRAM TO BE GEARED TO DEFENSE NEEDS

AUSTIN, Nov. 12.—Effective December 1, the operating program of the National Youth Administration in Texas will be geared to better meet the needs of national defense, with increased emphasis to be placed upon NYA defense projects, State NYA Administrator J. C. Kellam announced today. The changes, which will effect a saving in supervisory cost, are based upon the effects of seasonal employment, the shifts of population to defense areas and the present operation of the program, Kellam said.

Approximately 33,580 Texas boys and girls are now participating in the NYA program, Kellam said. At present, 25,000 unemployed, out-of-school Texas youths have filed application for NYA jobs. During the month of September 1,008 young people left NYA projects in Texas for jobs in defense occupations, the placements being made by the Texas State Employment Service.

Mr. and Mrs. Hubert Martin of Port Arthur spent last Thursday with his grandmother, Mrs. W. B. Potter.

PEANUT OIL PLAYING ROLE IN NATIONAL DEFENSE

College Station, Nov. 12.—Texas farmers planning to grow peanuts for oil in 1942 will not only be meeting Food-For-Freedom pledges but should be in position to increase their income, B. F. Vance, chairman of the Texas USDA Defense Board, has announced.

Due to the increasingly important role peanut oil is playing in national defense, fair prices are expected to continue next year, he said.

Peanut growers are being called upon by the Texas USDA Defense Board to increase the acreage of peanuts in the state from 320,000 acres to 623,000 acres, or approximately 100 per cent. Of the increased production, 378,000 acres will be planted to peanuts for oil.

WHEN TO QUIT ADVERTISING

(Western Motor Transport)  
The best time to quit advertising is—When the population ceases to multiply, and the generations that crowd on after you and never heard of you stop coming on.

When you have converted everybody whose life will touch yours that you have better goods and lower prices than they can get anywhere else.

When you can perceive it to be the rule that men who never advertise are outstripping their neighbors in the same line of business.

When every man has become so thoroughly, a creature of habit that he will certainly buy this year where he bought last year.

When younger and fresher houses in your line cease starting up and using newspapers in telling the people how much better they can do for them than you can.

When you would rather have your own way and fall than take advice and win.

All of us want our children to have the best education possible. Most of us look to the public schools for this. Fortunately, Texas has the best public schools in South. Helping to build and operate them is the Texas petroleum industry which pays 24 million dollars a year in tax for school purposes.  
These petroleum taxes pay an average of one-fourth the cost of educating our children. Altogether, they meet entire expense of schooling nearly 400,000 Texas boys and girls.  
In addition, oil has contributed substantially to the million dollar permanent school fund. Oil is also responsible for much of the 30 million dollar permanent university fund, which has made possible the expansion of the University of Texas and A. & M. College.  
Furthermore, taxes on petroleum products add another 11 1/2 million dollars a year for the schools of our State.  
Our children get a better education to because of the Texas petroleum industry.

International LESSON

By HAROLD L. LUNDQUIST, D. D. Dean of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

### Lesson for November 16

#### UNION WITH CHRIST

LESSON TEXT—John 15:1-10. GOLDEN TEXT—Abide in me, and I in you.—John 15:4.

Our lesson presents deep spiritual truths concerning our union with Christ—mystical, but practical; precious, but too often forgotten or neglected.

#### I. The Conditions of Union With Christ.

There is a sense in which union with Christ is entirely unconditional, one is either united with Him by faith or he is not. However, there are conditions for the fulfillment of all that such union carries with it. It is in that sense we use the word.

1. Cleansing (vv. 1-3). Christ is the Vine, and the believer as a true branch is united with Him. There is a oneness here which is difficult to express but delightful to receive and believe. He who is the Vine needs no cleansing, but the branch needs constant, daily purification by "the Word" (v. 3). Are we permitting God's Word to keep us clean? Only if we are reading it, studying it, meditating upon it.

There is moreover a severer type of purging to which the husbandman subjects the vine that it may bear more richly, and that is pruning (v. 2). It may not be pleasant, my brother, but it is profitable, and remember whose loving and sure hand it is that wields the pruning knife (v. 1).

Some branches must be cut away altogether (v. 1) and burned (v. 6). They lack the evidence of life—fruitbearing—and must be destroyed. These words are evidently not written to dishearten true believers, but they are a solemn warning to those who bear a false profession of Christianity.

2. Abiding (vv. 4-8). The branch bears the fruit of the vine. It has no strength or ability of its own to bring forth fruit. The Christian cannot serve Christ without abiding, and if he does abide the life of Christ will show forth in His living and serving. There can be no union without abiding in Christ.

3. Obedience (vv. 9, 10). The hall-mark of character in a child is obedience. That is also true in God's household. There is no use in talking sweetly and piously about abiding in God's love unless we obey His commandments. The Christian who disobeys the teachings of God's Word regarding holy living and does not respond to the leading of the Holy Spirit shuts off the blessing of God in his own life and stops its flow out to others.

#### II. The Results of Union With Christ.

1. Purity of Life (v. 3). "Now ye are clean"—how refreshing our Lord's words sound to us as we live in a wicked and filthy world. We sometimes wonder if there are any pure lives anymore. Yes, there are—those whom the Lord has cleansed by His Word. Would you like to be clean? Turn to Him and to His Word.

2. Prevailing Prayer (v. 7). At first one wonders why our Lord put in that word about prayer, but it is evident that one of the fruits of union and fellowship with Christ must be intelligent prayer according to God's will, in the power of the Spirit, and certain of an answer. Notice that the prayer promise here is absolutely unlimited, but that it follows an "if" which states a closely limited condition. Let us fulfill the condition and claim the promise.

3. Fruitbearing (vv. 2, 4, 5, 8). The fruit a Christian bears is the fruit of Christ who is the Vine, but as the branch he does have the joy of bearing "fruit" (v. 2). "More fruit" (v. 2), and "much fruit" (vv. 5, 8). The Christian's phraseology can be borrowed, the Christian's service imitated, but his fruit produced only by abiding in Christ.

4. Abiding in Love (v. 10). We have been talking about abiding all through our lesson and it may seem strange to list it as one of the results of union with Christ, yet it belongs here. Our Lord said (v. 10) that the cleansed and obedient disciple should abide in His love, even as He obeys the Father and abides in His love.

What a picture that is. Christ, the One who knew no stain of sin (II Cor. 5:21), always perfectly obedient to the Father (Heb. 10:7), who knows complete and perfect fellowship with the Father, reaches out His loving arms and draws the believer into the circle of that blessed union and love.

#### 'Only Thee'

No one can ever become quite solitary, quite poor, quite miserable, who can truly say "Lord, if only I have Thee." That is just the time when God makes his consolation most gratifying and abundant, when we through distress of body and soul have turned from all temporal things to Him, and have learned that things royal, overshadowing "only thee."—Theodore Christlieb.

Capt. M. Y. Stokes, Jr., of Fort Sam Houston and son Melmoth of T. M. I. spent the week-end here, and the Eagle Editor returned with them to San Antonio and spent Monday and Tuesday.

## JUST A PUSH

It was a large pleasure to attend the workers' meeting at Priddy the 7th and renew friendships with a number of friends of other years. The Priddy people more than matched the occasion with cheer and extravagant hospitality.

Probably too hasty, I made promise to help give publicity to these meetings and this is the first effort to do so. However, it is good to fall in the hands of a wise and patient editor.

The next of these meetings is to be held with the Star church and the time is the 10th of December. As you read your Eagle and as the time approaches look in your paper for the program. Think about the occasion, think out loud so the family will want to join you in going. If I understand conditions, our church people should stir themselves to the highest level of zeal and effort. We are in the most feverish and restless world, with raging wars, ignoring the Lord's way by so many of our own people and a decline in spiritual force, I think a real true consecrated Christian life counts more than at any time probably since the Apostolic age. What will we do about it?

SAM SAY.

## FLOWER SHOW

The Flower Show sponsored by the Goldthwaite Garden Club last Saturday in the Ford Show Room, was almost equal to the San Antonio Flower Show at the museum in Brackenridge Park that the Eagle Editor visited with Mrs. Jno. K. Beery on Monday afternoon. Of course, the greater difference was in the size and quantity of flowers, fruits and vegetables, but considering the difference in the cities, Goldthwaite's show was fine.

## MULLIN POSTMASTER RESIGNS

S. S. Dorbandt has been appointed acting postmaster.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## FROM POP AND GRACE TO MICHAEL

We have a little grand. Only two years old; He is our little sunshine. More precious than pure. Darling little sunshine. Little sunshine of ours, Busy as a little bee. Gathering honey from the flowers. He makes sunshine for Mommy, And sunshine for Daddy, And if you ever see him, He'll make sunshine for you. He makes sunshine every day. Makes everybody happy. He makes sunshine for Mommy, Blanche. And sunshine for Pappy, O, precious little sunshine. We all so much adore; May we all meet in heaven for evermore.

## Home Accident Deaths Highest In Five Years

Infections arising from cuts and scratches play major role on the home accident front. Above - The kitchen butcher knife is a poor whittling blade, especially when it is drawn toward the body. Right - Falls last year killed 16,000 Americans in their homes. Never use a chair or other furniture as an improvised ladder.

Washington, D. C. - Carelessness is writing a new stanza to "Home Sweet Home."

According to the American Red Cross, home accidents last year accounted for their greatest fatality toll in five years. Some 33,000 persons lost their lives through falls, burns, poisoning and other hazards of everyday home life. Although less dramatic - consequently less apt to attract public interest - home accident fatalities ran a close second to death on the street and highway, trailing by 1,600 deaths.

With carelessness playing the leading role, more than half of home accident deaths were attributed to falls - occurring on stairs, slippery floors, insecure rugs and use of chairs and other articles of furniture as improvised step-ladders. Burns and accidental poisoning followed in that order.

Injuries causing the loss of 5,000,000 cases involving hospitalization or care of a physician, Red Cross pointed out.

To reduce accidents in the home and on the farm, the Red Cross is launching its annual accident prevention program the last week of October. Throughout the month, schools and through the Junior Cross, some 10,000,000 "check listing accident hazards will be distributed. Household members are urged to conduct a cellar check-up to determine and eliminate hazards.
