Mills Co. Farmers Have Two-Fold Job To Aid In War

Production Of Food And Feed, Rubber, Metal Conservation

Production of food and feed and conservation of metals, rubber and other materials needed for guns, tanks, ships and planes, is the double war responsibility Mills County farmers have this year, J. M. Geeslin, vice-chairman Mills County USDA War Board, said this week.

Materials used in manufacture of new machinery is being directed at food for victory goals, he said. At the same time output of equipment needed in turning out farm products under 1942 goals is being stepped up, equipment for products less essential to the war program is going down.

For example, Mr. Geeslin explains, quotas of metal and rubber for use in manufacture of dairy machinery and equipment range up to 213 per cent of the materials used for similar purposes in 1940, since a large increase is being called for in dairy products.

In contrast, materials necessary for making one-horse, single-row corn planters are limited to 35 per cent of the 1940 level. For combination corn and cotton planters of the same type, which can be used in two crops instead of one, the quota is 66 per cent of the 1940 level.

Farmers need not secure priorities on most types of equipment but may purchase up to availability of dealer supplies. Priorities must be established in securing equipment such as crawler-type tractors, large electric motors, bull-dozers and drag lines.

Mr. Geeslin pointed out that in all groups of equipment, attachments and parts, expressed in total weight of all metals and rubber, are considerably above the 1940 level.

MILLS COUNTY EDUCATIONAL ASSOCIATION HOLDS BANQUET

On Wednesday, March 4, at 8:30 the Mills County Educational Association held its second meeting of the current school year in the form of a banquet at the Methodist Church in Goldthwaite.

The banquet room was artistically decorated with winter berries of red, combined with green foliage. The tables were arranged to form a large V. The delectable food was prepared by the Woman's Society of the church.

Superintendent Tolbert Patterson of Star, president of the association, presided at the meeting. An interesting program had been prepared and was presented in a most entertaining way. The program read as follows:

Solos: Remember Pearl Harbor and You're a Sap, Mr. Jap—Miss Ruth Hein, accompanied by Antilids Nieman, both of

ing: At the Ball Park—Law on Big Valley.

Miss Stinne, Goldthwaite, accompanied by Mrs. A. H. Smith. Cornet Solo: James Smith, accompanied by Mrs. A. H. Smith.

The speaker of the evening was Hon. James K. Everts of Belton, district attorney. His subject was "Teachers Work During the Emergency." This subject was handled most ably by Mr. Everts and was indeed an inspiration to those present.

Following the program a short business session was held. Introduction of the new teachers

Word has been received that Voyd Lee Doggett and Raymond Summy, who are in the Navy Air Base at Norfolk, Va., are doing nicely and are interested in their work.

of the county were made. Judge Gerald made several announcements of interest to all teachers. Mr. Smith, superintendent of the Goldthwaite Schools, spoke welcome words to all present. Superintendents and teachers of the county discussed the Inter-scholastic Meet, which is to be held in Goldthwaite on March 27 and 28. The following were elected as delegates to the Mid-Texas State Teachers' Meeting, which is to be held in San Angelo the 19th and 20th of March: Superintendent Tolbert Patterson of Star and Superintendent A. H. Smith of Goldthwaite. Miss Marsalete Summy of Mullin was elected to serve as secretary of the organization.

Peanuts Among Needs In Food For Victory Planting

Downey Points Out Increase In Peanut Acreage Is Needed

One of the biggest Food for Victory goals this year is peanuts and it's going to be one of the hardest to meet, A. A. Downey, chairman Mills County USDA War Board, said this week.

Peanut acreage has been more than doubled to make up for loss of vegetable-oil imported from the Far East, and for manufacture of many new plastic materials. Peanut oil is also used as a substitute in many cases for petroleum products, the chairman pointed out.

The goal for peanuts in Mills County is 375 acres for nuts, or the same as in 1941, and 1,304 acres for oil, as compared with last year's 350 acres.

"One of the first steps in preparing to meet goals is to get all machinery in top-notch shape," the chairman pointed out. Every individual piece of equipment must be put in first-class condition since it may become increasingly difficult later to obtain parts as well as new machinery.

Use of metals and other critical materials for manufacture of new farm machinery is already restricted to an average of about 83 per cent of the materials used for similar purposes in 1940, Mr. Downey explains, while use of materials for repair parts is permitted at an average of about 150 per cent for the same period, he said.

Allocations of materials for manufacture of machinery, attachments, and parts used in the production of peanuts follow:

Planting and fertilizing machinery: from 83 to 88 per cent of 1940 level, except garden planters, 104 to 121 per cent; attachments and parts, 140 per cent; plows and listers, from 52 to 82 per cent; harrows, rollers and pulverizers, from 61 to 78 per cent; attachments and parts, 120 per cent; cultivators and weeders, from 48 to 80 per cent; attachments and parts, 150 per cent; harvesting machinery, 99 per cent, attachments and parts, 160 per cent; machines for preparing crop for market or use, peanut pickers, 208 per cent; attachments and parts, 140 per cent; tractors, from 59 to 81 per cent; attachments and parts, 160 per cent; and farm wagons and trucks (not motor trucks), from 75 to 99 per cent; attachments and parts, 140 per cent.

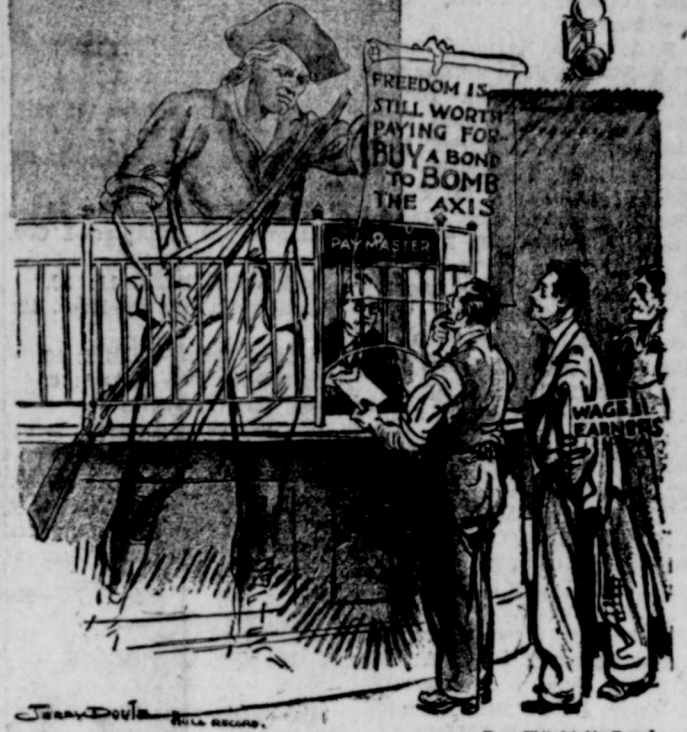

MONDAY IS DEADLINE INCOME TAX FILING

Monday midnight, March 16, is the deadline for filing of federal income taxes. It is estimated by Secretary of the Treasury Henry Morgenthau, Jr., in a letter to newspaper editors of the nation, that six million Americans will this year file their first income taxes, and a similar number will actually make their initial contributions to the government through this medium of federal taxation.

Reports reaching the Treasury Department from all collection districts indicate that our people have cheerfully assumed the additional tax burden which is one of the inevitable consequences of total war.

While these reports offer testimony to the fact that a new spirit pervades the nation's taxpayers, it is still imperative that the public be reminded—again and again—of the need for prompt payment of their tax liabilities.

DO IT EVERY PAY DAY!

Goldthwaite SONG OF THE WEEK

Goldthwaite's a city Nestling in the hills, Near Texas' center, County seat of Mills.

Beautiful village, Climate unsurpassed, By some great evils People not harassed.

Water a plenty, By nature bestowed, Confined under ground And not overflowed.

Natural beauties A liberal share, And some seasons blossoms Just as rich and fair.

For religious thought Not up to letter, Like other places, It could be better.

People congenial American stock, Old-time pioneers Back most of the flock.

Travels not streamlined—Average, I'll say, Over good highways And old Santa Fe.

More information, Should you care to know, Contact the Lions—They'll be all aglow.

—Mary Marshall Weaver.

THE SONG OF THE MARINES

There's gotta be pork, there's gotta be beans,

In order to fill up and fatten the fighting Marines—

The mighty Marines. We carry all our vitamins inside a little can,

For corned beef is a delicacy in China or Japan,—

And so,—we're ready to go wherever we go,

We know that we go prepared To fight the foe or see that we keep 'em scared.—

On land we always land a bit of femininity,—

And then we hear the bugle blow,

And where the heck are we?

CHORUS:

Over the sea let's go, men!— We're shovin' right off, we're shovin' right off again—

Nobody knows where or when,— We're shovin' right off, we're shovin' right off again.

It may be Shanghai,— Farewell and goodbye,— Sally and Sue, don't be blue, We'll just be gone for years and years and then—

We're shovin' right off for home again!

THE GREEN BUG IN OATS

By JOHN A. WRIGHT County Agent

The green bug has been most prevalent in Kansas and Oklahoma, and the information given below is taken from a Kansas Experiment Station. Texas has done no work on the green bug, therefore they are under Kansas recommendations. The information listed below is not as definite as I would like to obtain but it is all I have been able to get hold of up to the present time.

Every year the green bug is present and injures wheat and oats, especially in the southern Great Plains, but only under certain special weather conditions does the destructiveness mentioned above occur. A mild winter, followed by a cool, late spring is especially favorable for the rapid development of green bugs. This insect is able to reproduce at a low temperature when most insects, particularly the parasites and predators of the green bug are dormant. Under normal weather conditions the natural enemies of the green bug, especially lady bird beetles and a small wasp-like parasite, are able to reproduce as fast as the green bug and thus prevent its destructiveness. The green bug can bring forth its living young at about 40 degrees F. while its

parasites and predators do not lay eggs until the daily temperature reaches about 65 degrees F.

CONTROL SUGGESTIONS:

While the patches of green bug infested oats and wheat are still small, it is possible to stop the spread by scattering straw on the green bug covered wheat or oat plants around the edges on the spots and burn the insects along with the straw. Where the wheat and oats have not been killed by the green bugs, it will recover after the burning. This method is effective only if done promptly while the spots are small. If, as sometimes happens, the green bugs fly in from the south, there is no known method of control. Evidently this has happened in Mills County this year.

This insect does not attack alfalfa or soy beans and rarely injures corn or sorghums. These crops may be planted in fields destroyed by green bugs, without danger of injury by this insect.

The most effective and important measure for the prevention of outbreaks of the green bug is the destruction of all volunteer grain, especially wheat and oats, during the summer and fall. To be most effective neighboring growers must cooperate in this destruction of volunteer grain.

CECIL EGGER IN RACE FOR COMMISSIONER OF PRECINCT FOUR

To my many friends and voters of Precinct No. 4, I am announcing my candidacy for Commissioner.

I am 31 years old, was born and reared in Mills County, and am a nephew of your present Commissioner.

I fully understand that this office is one among the most important offices in the county. I feel that I am qualified to fill this office, and give you my full co-operation at any and all times.

I hope to see each and every one of you before July 25th primary. I solicit your vote and influence.

CECIL EGGER.

PRICE CEILING IS PUT ON FERTILIZER

Price control action designed to aid the American farmer in his all-out food production campaign was taken this week by Price Administrator Leon Henderson in the form of a "freeze" of fertilizer prices—a major item of cost to farmers—the eve of spring planting.

By his order—Temporary Maximum Price Regulation No. 1—the price administrator forbids the retail sale of mixed fertilizer, superphosphate, and potash on and after Feb. 27 at prices above those at which any seller of fertilizer at retail did business during the five-day period from Feb. 15-20, inclusive. This temporary regulation has a life of 60 days from its effective date, but on or before its expiration will be supplanted by permanent regulation.

In announcing the ceiling, Mr. Henderson disclosed that action to bring about stable prices for nitrate of soda, sulphate of ammonia, and cyanamide, other leading fertilizers, will be taken within the next few days. This will be done by setting seasonal ceilings on seller's margins in a permanent price regulation.

"Fertilizer prices have advanced considerably as compared with a year ago," Mr. Henderson stated. "Our farmers are being called upon to produce as never before the vital commodities and foodstuffs that will play so important a part in winning this war. In making this effort, farmers have a right to expect that supplies of fertilizer shall be placed at their disposal at uninflated prices. Higher fertilizer prices at this time can only serve to hinder our national food production program."

MILLS COUNTY 'GOES OVER TOP' AGAIN

Tuesday, March 10, the Mills County Red Cross shipped 1,027 finished garments to the Mid-western Depot at St. Louis.

The local chapter is very proud of the co-operation of the people of the county.

Rural women and the women of Star, Center City and Priddy as well as Goldthwaite made an "all-out" effort.

We received today 1,900 yards of material for children's dresses. Cutting starts Monday; we hope you will continue to serve on your pledged days both for the cutting and sewing. Room opens at 8:30 a. m.

22 More Men Leave March 22 For Army Service

14 More Examined At Abilene Station On March Fifth

Twenty men from Mills County and two transfers will leave here on Sunday, March 22, for Camp Wolters at Mineral Wells to be inducted into the United States Army, according to Clerk Omar Shaw of the Mills County Selective Service Board. These men passed their final army physical examinations at the Abilene Examination Station on February 17, when 30 Mills County men and one transfer were examined. Ten were rejected out of the 30.

The men to leave for service on March 22 are:

- John Forehand Kirby.
- Jack Locklear.
- Charlie Albert Seider.
- Herbert Tiemann.
- Robert Gwin Slagle.
- Victor Schrank.
- Alvin Aubrey Roe.
- Randolph Jennings Garrett.
- Ernest Loyd Gameson.
- Calvin Little Weathers.
- Henry Julius Nauert.
- James William Harris.
- Wilton Woodroe Hamilton.
- Walter Willis Hollingshead.
- Vergil Lee Carroll.
- William Earl Fisher.
- Walter Olen A. Maston.
- Raymond Solomon Ford.
- Jimmie Lee Huffman.
- Arville L. Layton.
- Ernest Fred Barton. (Transferred here from San Juan County, N. M.)
- Robert C. Weaver. (Transferred here from Hale County.)

MORE EXAMINED

On Thursday, March 4, 14 Mills County men were examined at the Abilene Station. Of these, six were turned down. It is expected that the ones who passed will be called to the colors around April 5. These men are: Cecil Cloyce Huckabee, Richard Bailey Eaton, Gorman T. Perry, Ray Miller Duncan, Alfred Allan Carter, Harold Glynn Smith, Charlie Hancock Johnson, Ira Wilkey, Cruz Corona, Grady Alonzo Hancock, George Abe Roberts, Roland Boyd Hunt, Garland D. Ethridge, Ira Charles Townsend.

This is the last bunch from this county to get their examinations ahead of time—with a month back at home to get ready for service—as the Army will go back to the old system from now on of taking the men immediately into service after they have been examined and passed.

READY FOR MORE

The master drawing for the men who registered in the February 16 registration will be held at Washington next Tuesday to place order numbers for each man. At a meeting of the Mills County Selective Service Board held Monday of this week, serial numbers were drawn and placed on the cards of the 433 Mills County men who registered on February 15.

The Eagle will publish a complete list of registrants with serial and order numbers as soon as the serial numbers are available.

SINGING CONVENTION

The 7-County Singing Convention will be held at Mossie school in Coleman County the third Sunday in this month.

GRADY COLVIN, Sec.

All Mills County singers are invited to a convention to be held in the Mossie court house next Sunday, March 15. We're looking forward to a big time. GRADY COLVIN, Sec.

WINNERS IN MULLIN LIVESTOCK SHOW LISTED, WITH MEMBERS

Mills County F.F.A. and 4-H Club boys are \$2,370 better off than they were before their livestock show which was held at Mullin. The boys competed for approximately \$170 and immediately after winning this prize money most of them shipped their livestock to Fort Worth. Twenty-three head of hogs, 18 calves and 73 lambs comprised the shipment, which was consigned to the Nored-Hutchens Commission Company.

These boys proved that quality livestock given good care will yield dividends, as they topped the market in all classes of livestock at the time of shipment. The top calf, which was fed by Elmer Geeslin, brought 13 1-2 cents per pound with the bulk going at 12 1-2 and 12 cents. The lambs sold for 11 1-2 cents a pound, and the hogs set a new high at that time at 13 cents per pound.

The boys were given free lodging at the Stockyards Hotel by Nored - Hutchens Commission Company, and on Wednesday noon were given a lunch by Swift & Company. Immediately after lunch a guide carried all the boys through the packing plant.

Listed below are the winners in the Livestock Show and the 1942 membership in the Livestock Raisers' Association. This association is extremely grateful to all who have helped sponsor their shows.

CHEVROLET DEALERS IN SERIES OF MEETS

A comprehensive picture of the retail automotive business in its "duration dress," presenting a cross-section of Chevrolet dealers' thinking on problems common to all auto dealers will result from a series of 94 zone, regional and national dealer committee meetings beginning Feb. 24 and concluding with a two-day final session in Detroit on March 16-17, William E. Holler, Chevrolet general sales manager, announced this week.

In the face of stringent restrictions applying to the auto manufacturing business as the first war-time commercial "casualty," these meetings are expected to develop a compilation of immediate needs foreseen by the retailers so that they may remain the servant of the motorist.

In 37 zones throughout the country, 76 dealer meetings will be held. Selected delegates from these meetings convened in Chevrolet's eight regional headquarters points March 3 to prepare a more inclusive report for their representatives to take to Detroit for the final sessions.

"Since early in 1937, regular dealer committee sessions have served as important liaison role linking Central Office with the more than 8,000 dealers," Mr. Holler said. "The continuity of this program has afforded us the most complete cumulative picture of retail problems and procedures in the industry. At no time in the history of the program have dealers faced such rigorous conditions as confront them today, and thus it follows that never before has Chevrolet had a chance to serve dealers at time when its support and counsel are more necessary."

HANNA VALLEY

By JEWEL JONES

We are having West Texas rain lately—a lot of wind and sand but no moisture. It is too dry to plant corn or gardens either. Guess all are ready for that much-needed million dollar rain.

Edgar Jones and family made a business trip to Goldthwaite Saturday.

Week-end visitors in the Alton Jones and J. M. Jones home—gosh, what a bunch! Mrs. E. B. Shaw and Mrs. Clayton Shaw of Locker, Mrs. M. R. Stuard, Miss Viola Stuard, Billie and Bennie Stuard, Miss Lucy Mae Churchwell, Mary Lee Newsom, Harold Boatright and a Mr. Cunningham, all of San Angelo; also Mrs. Idell Jones and baby Patsy.

Mr. and Mrs. Jesse Whitely of Ratler, Frank Whitely and Clifton Phillips, Luther Phillips and wife of San Saba. When it rains it pours.

Clayton Shaw reports planting some corn. We hope to get some early roasting ears from Clayton.

Mr. and Mrs. Andy Rowlett are having bad luck so far with their turkey hatch, having set several settings and getting a small hatch.

Butch Rowlett has bought a new tractor.

Several in this part will plant peanuts this year to help our old Uncle out and also to help us out. We hope for a thrasher in here this fall. Counting our chicks before hatching.

A shower for the newly weds next Friday, 13th, Mr. and Mrs. Leon Beaver. Let's all do as well for these fine young folks as was done at the last shower. Treat 'em all alike.

Another candidate out for commissioner in this precinct. Who'll be next? There are just five so far.

Mrs. T. C. Emdy of Star visited Friday in the home of her sister, Mrs. Henry Ezzell.

NABORS CREEK

By MRS. SAM SELF

Monday was a beautiful spring day. We hope for many more such sunny days.

Mrs. Sam Self visited Mrs. Rena Smith Monday evening. Robble and Homer Smith went to the auction Monday. Robble Smith went to Fort Worth one day last week.

There was no Red Cross sewing in our community last week.

Mrs. P. K. Caraway spent Wednesday evening with Mrs. Rena Smith and Arthur.

Mrs. Rena Smith received a letter from her son, Billy, stating he was awaiting orders to embark for overseas service. We are sure Billy will have much of interest to tell of our neighboring countries when he returns.

Mrs. Self has not heard from her nephew who was stationed in Java. We sure hope he escapes capture by the yellow invaders.

Mr. and Mrs. Grady Carrothers of Boston and Mr. and Mrs. Leonard Warren and three children of Lometa spent Sunday in Mr. and Mrs. Sam Self's home.

Mrs. Self attended the delegate's council of Home Demonstration Clubs in town last Saturday evening. She reports a very interesting meeting.

Robert Smith visited Mr. and Mrs. Self Monday morning.

Mr. and Mrs. Jesse F. Smith of Brownwood spent Sunday evening with her sister, Mrs. Rena Smith, and her family.

SOPHOMORE REPORT

Report cards came this afternoon and Mr. Smith says they are bad. There are about two depressing parts to each month. One is the week we have exams and the other is the Monday we get our report cards.

Mr. Dewey is out of school because of illness now, but we hope he will be back with us soon. Meanwhile Mrs. Little is keeping his class.

If our cards are discouraging, let's make the best of it and come back this next six weeks with better grades.

JUNIOR CLASS

The majority of the Junior Class will smile when they look at their report cards, but a few will put them in a book and try to forget about it. But we are glad to say that there aren't many like that in the Junior Class.

We were very sorry that Mr. Cox left last Wednesday.

DEBATE CLUB REPORT

Our club may be said to be decreasing in quantity, but it is likewise increasing in quality. Since we have restricted our debating to the Interscholastic League question, we have only eight debate club members actively engaged in regular study and daily debating. The boys' team has already been selected. It is John Soules and Billy Ray Armstrong. The girls' team is getting much competition. Still in the race for representatives of our school are Glenda Oglesby, Wilda Geeslin, Madeline Porter, Eloise Slaughter, Frances Adams, and Louise Skipper. Every debater studies our school system and the various methods of supporting it. We dream of presenting our plan to congress in the hope of getting federal aid for G.H.S. We can dream, can't we?

MEET THE FACULTY

Mr. Duey is the newest addition to our little group of teachers. He is the math professor and, from all reports, is one of the best along this line. Mr. Duey originally came from the neighboring community of Big Valley, so should feel right at home. His sincere attitude and earnest endeavor has already made him a favorite among all us "chillun." We regret that he has been ill recently, for we sincerely miss him.

Mrs. Thompson is the darling combination history-English teacher of Goldthwaite High. She's so sweet that I don't think we need to worry about a sugar shortage. A lovely crop of curly brown hair that is always in perfect waves and ringlets sets off a gorgeous peaches-and-cream complexion. Mrs. Thompson always has a warm smile for everybody, and is so willing and ready to lend a helping hand. She has only been teaching here a little more than a year, but she has surely made a big hit. The Juniors have made her their choice and she is doing excellent as their sponsor.

PRESENTING:

A charming blonde with blue eyes and the song bird of the Senior Class. You seldom see her when she is no' trilling away on the latest song hit. She has gone to "dear old Goldthwaite" to get all her education. We all know her as "Dinky" and she has been one of the pep leaders for the last two years; in fact, there isn't much that "Dinky" can't do. Her real name is Janet Jernigan and a favorite of all the boys and girls of G.H.S. Her hair is one of her astounding features—it has never been clipped and is always kept neatly braided, with a cute little bow to top it off. When she finishes this year she plans to attend

college at Bethany, Oklahoma, and major in business.

Likes best—Good music.
 Dislikes—School.
 Favorite pastime—I-dear-liz-ing.
 Favorite sport—Dancing.
 In-a-word description: "Dinky."

One of the foremost pigskin chasers in G.H.S. is Ernest Kauh. This blonde-haired, blue-eyed hero made a startling record in football—lettered one year and made second all-district team. But not all of his qualities are footballistic—he can tackle an English book as well as an "Armadillo." Ernest is five feet 11 inches in height, and every inch of him is just chock full of vim, vigor and vitality. It will be very difficult for him to leave Goldthwaite, as he has attended school here all his life. Nevertheless, he plans to enter John Tarleton College and he wants to be an aviator some day.

Likes best—Tra-la-la music.
 Dislikes—Trying to get a permit.

Secret ambition—To invent a use for discarded chewing gum.
 In-a-word description—Impulsive.

Next comes that dynamic celebrity from Scallorn, Billye Helen Smith. She just loves practical jokes and always looks on the jolly side of life. One of our youngest Seniors, she is a born entertainer—always having on hand a thrilling tale of one of her "unique experiences," and the way she slowly brings out her words and does that something to her eyes—well, you just have to listen. Nearly all of our outside activities have had "Dutch" as a member at some time or other, band, pep squad, glee club, H. E. Club, etc. She sails thru her studies without too much work and is pal to everybody. "Dutch" (this name seems to run in the family) has blond hair, with all the accessories; and divides her affection between a couple of goats, a poodle and Jess.

Likes best—Cakes.
 Dislikes—Worms, snakes and eels.

Hobby—Collecting post cards.
 Favorite actor—John Garfield.
 Favorite actress—Alice Faye.

Well, look who is here—it is none other than Sammie Smith who has light hair and blue-green eyes. He is one of the most active boys in school—he plays the trumpet, plays football and tennis, went to district in tennis during his sophomore year, and last year won first in district and went to regional. Sammie is a likeable person and has many friends in the Senior and other classes. He seems to be just an all-around boy who likes to have fun and enjoy life. His mind is in the air, that is, he is interested mostly in airplanes. Sammie plans to enter A. & M. and major in aeronautical engineering. Keep 'em flying, Sammie!

Likes best—To tantalize.
 Dislikes—To blush (and boy, can he!).
 Hobby—Aeroplane models.
 In-a-word description—Positively liquifying.

INSIDE STUFF

After having several different people take pot shots at us, it seems we'd learn that even our few friends have forsaken us. But it's for the sake of unadulterated (?) journalism, and we are honored that you take time to read the stuff. It's plain to see that the only reason you put up with this tripe is to see your name ever so often. Not that we care if your name appears here or not, but if it does, take it out on someone unbeknown to us.

PLEASANT GROVE

By EDITH COVINGTON

Several warm days were certainly enjoyed, but the March wind continues to blow.

Mr. and Mrs. Will Moreland spent Sunday afternoon with Mr. and Mrs. David Watters.

Mrs. Covington and family, Mr. and Mrs. L. B. Covington and Lynn spent Sunday with Dan Covington and family.

Miss Lewis from San Angelo visited with Mr. and Mrs. Geo. Shady over the week-end.

Valeria Stacy spent Sunday night with Lorene Covington.

Mrs. Bert Wright and children and Mrs. Jack Laughlin from town visited their sister, Mrs. W. B. Wilky, and family Sunday.

The children of Mr. and Mrs. Pete Miles are on the sick list. Several of the children in the community are having a siege of whooping cough.

Mr. and Mrs. S. F. Miller and Charley spent Tuesday in Temple.

W. F. Virden and family visited Mrs. Collier and family near Star Sunday afternoon.

Ima V. Covington spent Saturday night with Faye Griffin.

US CIVIL SERVICE JOBS TO BE FILLED

Radio inspectors and addressograph operators are being sought through civil-service examinations just announced by the U. S. Civil Service Commission. Pay ranges from \$2,000 to \$2,600 per year.

Also wanted are men to fill safety instructor positions in the Bureau of Mines, \$1,800; physicians for service in the Panama Canal, \$4,000 a year; inspector of hulls and inspector boilers, \$3,200 a year; men or women to be trainees at from \$900 to \$1,020 per year, with promotions to be made upon completion of a three-months' training course to jobs paying from \$1,260 to \$1,620 a year.

Junior stenographers at \$120 per month, with promotion later to senior stenographer at \$135 per month. Motor transport instructors with salaries ranging from \$2,600 to \$4,600 a year.

Information can be obtained from the post office.

that he gave Dorothy "permission" to go with Herschell, which leads us to surmise that we underrated him. Maybe there's life in the old boy yet!

Hey, wait a minute, isn't Lewis supposed to escort Katherine home instead of Eli?

Well, well, looks as if Norris is letting Calvin S. beat his time. What about it, Mary Elaine?

Macalee, how did Billy Jack's face get so red. It wasn't lipstick, was it? He couldn't have been blushing.

Mary Ann, who was that handsome guy with an A. & M. uniform on, you were cruising around with Friday night?

Strange coincidence: Wanda Burkett was so happy Saturday night and Stoddard wasn't home either. Must be spring!

Carl, Oma, Wanda R., Don Martin, and a few more really wasted no time while the moon shone Saturday night. For further details go to Big Valley.

Joe Massey, why are you jealous, and of whom? Ask Patsy Shaw.

Bobby, why downhearted. I can guess! Roth hasn't been home lately.

Orpha, did you and Charles K. know—you get books at the library, not deliver notes.

Adelaide, Walter isn't an information bureau concerning Fred, or is he? He's asked enough questions.

ROCK SPRINGS

By MRS. EULA NICKOLS

We extend our sympathy to Mrs. Will Kelso in the going away of her father, Mr. Jones; also to Sparks Bigham in the going away of his mother. May the Lord comfort you.

Bro. Leslie Sparkman preached two good sermons Sunday and Sunday night. He accepted the call. He will preach each second and fourth Sundays.

Several of the men met at the school house Monday night to discuss the observation post. They decided to have the post at the school building.

Mmes. Robertson and Dunkle from town spent Thursday night with Woodie Traylor and family. Friday they spent the day in my home.

Mrs. Pearl McClary and Dorothy Salters are spending the last two weeks at the Lake.

Oscar Gatlin hauled wood to his mother in town Monday.

Mrs. Pierce visited in my home Monday night while Mr. Pierce went to the observation meeting.

John Roberts and wife heard from their grandson, James Roberts, who is in Hawaii. He is still doing fine. He is book-keeper in the ammunition office.

Mrs. Mariah Stark is taking her vacation. She is visiting George Hammett and family in Munday, Texas.

Mrs. Earline Roberts and children from Winters spent Saturday night with her brother, Dwight Nickols, and wife in town. Sunday they dined in the Roberts home and Sunday night they spent the night in my home.

Mrs. W. A. Daniel went to Stephenville Sunday morning with Phillip Nickols and wife. She visited with her daughter, Billie Ruth.

Sunday afternoon Mmes. Roberts and Pierce and Earline Roberts and children visited with Mrs. McClary and Dorothy Salters at the Lake.

I went with my son, Shirley, and wife as far as Landy Ellis Saturday morning and stayed until Sunday afternoon. I came back with Phillip and wife. Shirley and wife are going to Dallas to go to the aircraft school.

Monday afternoon Mrs. James Nickols and son and myself walked over to Rudolph Cook's.

Bro. Leslie Sparkman ate dinner at the Roberts home Sunday.

Jim Gatlin and mother spent one afternoon last week on the farm.

Rufus Pierce and wife visited in the Roberts home Sunday afternoon.

Shirley Nickols and wife spent Friday night in Mrs. Maggie Traylor's home.

Friday night V. D. Tyson, J. T. Stark, Dwight, Shirley and James Nickols enjoyed a 42 game in the Nickols home.

Mr. and Mrs. Pierce spent Monday in Brownwood. Mrs. Pierce's niece is real sick in the hospital.

CARD OF THANKS

We wish to take this method of offering to our friends and neighbors our heartfelt thanks for their sympathy so beautifully and comfortingly expressed to us during the illness and death of our father. We also wish to express our appreciation for the beautiful flowers sent and the delicious lunch prepared for us.

Your Scrap Metal is Needed Now for VICTORY!

A CRITICAL SHORTAGE of scrap metal now exists in United States War Industry. Unless more scrap is forthcoming at once, war production will slow down and months, even years will be added to this fearful battle.

It is of the utmost importance that every pound of scrap metal on your farm start moving now toward America's steel mills and foundries to make more war materials.

To help you get your scrap moving, this store will cooperate in every way possible. Canvass your farm from the attic to the farthest fence corner. Gather every bit of old metal into a conveniently located pile and drop a

post card to this store telling us approximately how many pounds you have collected.

Your card will be turned over to a scrap dealer who prepares scrap for the mills. His truck will be routed past your farm to pick up your scrap soon and get it started toward the fighting front.

This store collects this information and passes it along as a patriotic service without commission or profit of any kind. Our work in this campaign and the cost of this advertising is our contribution to victory.

It is your patriotic duty to collect your scrap and notify this store at once.

and Mr. and Mrs. J. R. Briley were guests for a fried chicken dinner Sunday after church at the home of Mrs. Edna Dwyer.

We overheard an Ebony mother say that she told her son that she did not want him to try to evade the draft because of dependents. That when it came time for his class to go, she and his father would take care of his wife and children.

Sgt. Lillard Wilmeth from his post on the Pacific coast writes his mother not to worry about him. That he is all right, and he and his comrades are certainly going to see this war through.

Mrs. P. R. Reid, Mrs. R. V. Beeman, Mrs. Alvin Ketchum, Mrs. J. R. Briley, Mrs. Perry Day, and Mrs. Gable met for the H. D. Club at the home of Mrs. Wallace Perkins Friday afternoon.

Miss Brammer was present. After admonishing us that it was vitally necessary for us to raise bigger and better gardens, she exhibited beautiful samples of curtain draperies and floor coverings. She also exhibited a chair which she had refinished. She then took one of Mrs. Perkins' chairs and proceeded to remove the old finish preparatory to refinishing. Our hostess served delicious pecan cake and coffee to all present. The next meeting will be a pressure cooker clinic. It is to be held at Mrs. Perry Day's. The date is to be announced later. Bring your cooker and sealer if you want them tested.

The SNAPSHOT GUILD
PHOTOGRAPHIC PARTIES

For a new kind of party, conduct a photographic scavenger hunt. It's lots of fun—winter or summer.

HAVE you ever heard of photographic parties? The chances are you have. But have you ever given one? It's a guaranteed method of having a good time.

How can you give a snapshot party? Well, let's take the case of the photographic scavenger hunt. First, I'd suggest that you invite all your camera-owning friends to meet at your house sometime in the afternoon—say at 2:30 on Saturday. Then it's up to you to prepare several general assignments for everybody to work on—for the idea of a scavenger hunt is to give people picture-making assignments, send them out to fill them, and then fix a time limit by which all pictures must be handed in.

For instance, one of your general assignments might be:—"Illustrate the phrase, 'a bad egg.'" That would leave quite a bit of leeway in interpretation. One participant might choose to photograph a tough-looking, gangster-type model. Another player might show a person looking at a broken hen's egg and holding

his nose. And somebody else, by setting up a still-life study, could create a tough-looking little man out of a hardboiled egg by the use of a few props and a paint brush.

Or another assignment might be to picture a young goat, as above. Just use your ingenuity and you won't have any difficulty getting a long list of suggestions, but hold yourself down to three or four assignments. And whatever you decide upon, place a deadline on the picture-making—a time by which everybody must have their prints in if they are to compete for the prizes. If you wish you can set that time for later that evening, or you can arrange a second party for the print judging later in the week.

As for judging prints, the best idea is to let everybody vote and decide the winners by popular acclaim. You can give small photographic merchandise prizes for the best picture of the day, another for the first man back with all of his prints, and a third for the most original work.

230,000 ACRES OF SCHOOL LAND ON SALE

Bascom Giles, Commissioner of the General Land Office, states that the Public Free School Fund which now amounts to approximately seventy-three million dollars, will be considerably increased by the selling of a large part of the 230,000 acres of land that is now being offered for sale. This money will be very much needed since the revenue to the school fund will be considerably reduced by the loss of revenue from the gasoline tax which has been brought about by the rationing of tires.

When this land is sold and put into private domestic use it will be placed upon the tax rolls, thereby increasing the revenue not only for the Public Free School Fund and school districts but for state and county taxes as well.

Commissioner Giles further points out that these lands are sold on one-fifth down payment, together with a note on the remaining four-fifths of the principal bearing 5 per cent interest on 40 years' time, the payments on the principal being deposited to the Permanent School Fund; whereas, the interest payments are payable to the available school fund for immediate use. The state retains one-sixteenth free royalty in all oil or gas that may be found on these lands.

Commissioner Giles also states that these lands offered for sale are of varying types and are located in 120 different counties of the state. A purchaser of said land is not required to live upon it.

Anyone interested in the purchase of these lands may secure, free of charge, lists giving complete description and location, together with application blanks by writing Bascom Giles, Commissioner of the General Land Office, Austin, Texas.

OVER SIXTY MILLION IN RED CROSS FUND

WASHINGTON, March 11.—In an effort to relieve in some measure the increasing burden on men and women in all communities who are engaged in money-raising efforts during wartime, the American Red Cross has decided to postpone its regular 1942 Fall Membership Roll Call and hold it simultaneously with its next War Fund Campaign early in 1943, Chairman Norman H. Davis announced today. Authority for the chairman to plan this combination was voted by the Central Committee at its meeting on March 2.

"For 25 years," Chairman Davis said, "the Red Cross traditionally has held its Membership Roll Calls in the fall months, to finance the normal operations of the organization, and to build up its membership which is the largest of any non-governmental organization in the country. Today we are engaged in a bitter war requiring Red Cross operations which will cost much more than the Roll Calls can provide. This makes necessary the larger War Fund Appeals. To conserve the man power of the Red Cross and its millions of citizen volunteers for their operating duties, the Red Cross has decided, barring unforeseen emergencies, to combine its 1942 Roll Call with next War Fund Campaign which is expected to be launched early in 1943."

Chairman Davis said that the current War Fund Campaign was nearing a successful conclusion. Having recently asked for a generous oversubscription of the original minimum goal of \$50,000,000, Chairman Davis revealed that chapters now report a total of \$61,172,000. It is expected that at least \$65,000,000 will be reached during the month of March.

Mr. and Mrs. O. L. McFarland of West Texas are guests of his mother, Mrs. W. H. McFarland.

Mr. and Mrs. Bo Musgrove and children of Coleman were Sunday guests of her mother, Mrs. W. W. Mosier, and family.

T. J. Clendenen and son Jack accompanied Mrs. Tom Majors and sons to their home at Plainview Saturday. Mrs. Majors and children have been visiting here for several days and while here helped her parents, Mr. and Mrs. T. J. Clendenen, can a beef. Mr. Clendenen said trips to the west were enjoyable, but he always came home with deeper admiration for good old Mills County.

Mrs. Burrows of Corpus Christi is a guest of her sister, Mrs. Milton Stanley, and her family and her brother, D. V. Westerman, and family.

Mr. and Mrs. Green Buchanan and daughter of Bryan, Mr. and Mrs. Ernest Obenhaus and children of Belton were guests of Mrs. Maggie Tolliver and family over the week-end.

Mr. and Mrs. Floyd Hart and pretty little daughter, Sandra Gale, of San Fernando, Calif., returned here the latter part of the week and plan to reside in Texas. They are visiting Mr. and Mrs. Tip Hart and other relatives at the present. Floyd said it "really was looking like war out in California."

Miss Mollie Lou Sanders of San Antonio writes that she and her sister, Miss Lula Belle Sanders, enjoy each copy of the Enterprise. She also states that her brother, Walter Sanders, has a splendid position in Panama and well pleased with the beautiful country and blooming flowers.

M. R. Wylie and W. L. Smith spent the first of the week in Corpus Christi.

Miss Lucille Sanders spent the past week in Bastrop visiting her brothers and their families. Irving Fisher, E. M. Davis and N. J. Tyson are among the citizens from here in Bastrop at the new camp.

G. M. Fletcher was called to Winters Thursday to be with his brother, Bert Fletcher, who had submitted to a major operation and was quite ill.

Mrs. T. L. Spivey and Patsy have been visiting Sgt. and Mrs. N. C. Kelly and Clyde, Jr., in Victoria, Texas, the past week. Clyde, Jr., has eight grandparents living to adore him: Grandfather and Grandmother Kelly, Grandmother Spivey, Grandfather and Grandmother Swinney of Mullin, Grandfather and Grandmother Skiles of Dallas, and Great-grandmother Mrs. S. E. Keffer of Clovis, N. M.

Mr. and Mrs. G. M. Fletcher had the following visitors Thursday: Mr. and Mrs. Mark Baskin, Mrs. Knight Carter and son of San Saba, Mrs. John Garney and two children, Mrs. Torrence Walker of Richmond, Calif., Miss Lillian Baskin of Prairie, Mrs. Ralph Legrande of Selma, Calif., and Mrs. H. F. Shulze of Aspermont completed the house party of relatives.

B. I. Lawson has received news that his oldest sister is ill in a Kentucky hospital.

Mrs. Garland Coleman and children of Pettit were week-end visitors of Mrs. J. T. Coleman and son, H. T. Coleman.

Walker Wigley, a prosperous ranchman of Pleasant Grove, was here Friday meeting old friends and transacting business. He and his splendid family are well pleased with their location and environments.

Jno. McGary is receiving the Enterprise as a birthday gift from his mother, Mrs. J. T. Coleman.

Mrs. W. S. Kemp of Edingburg is visiting and looking after business here. Ma Kemp, as she is widely known, has a wide circle of friends here who are always glad to see her.

Roy Crockett has been placed at Fort Bliss with the army boys. He is the youngest son of Mr. and Mrs. J. N. Crockett. Their oldest son, Cap, saw service in the first World War.

Mr. and Mrs. Claibourne Walton of Moline were dinner guests of Mrs. Eula Harkey and Mrs. Kate Pyburn Sunday.

Mr. and Mrs. K. B. Henry and son Dale of Paris spent the week-end here and at Duren with relatives and friends.

D. A. Hamilton and family and Mrs. D. Joiner, his sister, were guests of Mr. and Mrs. W. W. Perkins Sunday.

Roy Lovelace has as his guest his brother, Earl Lovelace, of Brownwood.

Mr. and Mrs. J. N. Crockett had the following guests Sunday: Mr. and Mrs. W. L. Clark, Mr. and Mrs. Darrell Shelton, Mrs. B. McCurry of Brownwood and Turner Vaughn of Duren.

Miss Hattie Evelyn Hirsch of Gatesville is visiting her uncle and aunt, Mr. and Mrs. I. McCurry.

Mrs. Ray Ratliff and baby son of San Angelo are visiting Mr. and Mrs. C. L. Summy and Mr. and Mrs. J. W. Ratliff.

Mr. and Mrs. Chas. Hays have moved to Goldthwaite, and Mr. and Mrs. W. E. Runnels are located in the Hays home.

Miss Carrie Kirkpatrick of Brownwood was a Sunday guest of Mrs. Ralph Legrande. Jesse S. Skaggs, Jr., 23-year-old graduate of Classen high school and former student at Oklahoma City University and the University of Oklahoma, is another Oklahoman making a good record in the air corps.

The marriage of Miss Alta B. Johnson, daughter of Mr. and Mrs. Fred Johnson of Democrat, and Alton Rose, son of Mrs. Neal Rose of Goldthwaite, took place last Saturday evening at the home of Mr. and Mrs. Bob Boykin, 1718 Seavers Avenue, Dallas.

It was a perfect night in the peaceful Alamo City. Deep in the heart of the famous Braekneridge Park, on the banks of the San Antonio River, a group of happy young folks gathered around a huge camp fire. The air was snappy and everyone was invigorated with fun and frolic.

LET GEORGE DO IT

War time is not a wise date to put work off on George. It's time to be up and doing the essential war work and not wait for others.

There always has been and always will be according to his-

tory people who wait for George to do it. Slackers so to speak, who postpone buying bonds, paying taxes, yet loudly cry for others to be up and doing.

Now that income taxes are about to pass on for another year's headache and worry, see to your taxes here at home, get as busy on home taxes.

Then there are a few profiteers who have advanced on second and third hand tires, advanced double or more. Is that patriotic? Don't go beyond reason. This war is ours—it has been thrust upon us. Folks we are on a crowded track. We must go forward—we can't go back. Forward, march.

NO TIME FOR DEFEATIST THINKING

By GEORGE C. HESTER

As we look into the future, it naturally divides itself into two parts: There is the immediate foreground. In that foreground the primary concern is war, and victory the absolute objective. To that end all energies must be directed.

The other part is the background—that time that lies beyond. We can see that future only in terms of general possibilities. Those possibilities loom like massive mountains across the pathway ahead. We can see them only dimly, as in the twilight of discernible things. The details are not visible. We can see the great possibility of a new international order, for example, after the post-war world. The details and machinery by which we can give life and reality to the great ideals of the four freedoms or Atlantic Charter, are almost beyond our present thinking. Again, we can see the possible problems of post-war readjustments in our own country to a peace-time economy. These are problems that challenge the imagination.

While we cannot now comprehend the exact nature of those problems, we can do much to prepare ourselves for them. We must inform ourselves now, or we may fall then. We can steel ourselves now with the moral courage that will be necessary to make the sacrifices ahead. We can disabuse our minds of the illusions that there will be some easy way out, that these problems can be solved by some political hokus-pokus, or of the other defeatist psychology.

An example of the defeatist thinking is the general assumption that we must have a post-war depression. If there were no real reasons for such a depression, such thinking would surely bring one.

No depression is inevitable. By right moves now we can do it. By right moves I do not mean panaceas, Utopian money schemes, or dismal regimentation. If we have the intelligence enough and the goodwill enough, the post-war can be man's greatest period of progress. We have every potential means to make it so. If we muddle along in confusion, anything can happen.

A few things we are fairly certain of. If we CANNOT save democratic institutions at home, if we do not have the intellectual foresight and moral stamina to fortify ourselves against inevitable hazards ahead, it is useless to talk of total victory. It would be a travesty indeed to win on the military front and lose on the home front, by failing to establish more firmly than ever those values and principles of free enterprise and personal freedom under an economic order where the springs of democratic liberties can flow again and the creative energies of men and women are again released. Anything less than that would not be a total victory.

Democracies cannot muddle along in the days ahead. They must plan with intelligence and foresight. That must be done now. It may be too late tomorrow.

Financial preparedness is a vital phase of that program. There may be a way to avoid some of the pains of transition, but we can prevent profiteering, unsound, and unwise policies, the elimination of our small business, and other errors that can only serve to destroy the fighting to save.

WAR DEBT? There is not encouraging. No program of new tax bills of seven billions, we are not only financing our own war but that of others also. There is no other way.

War will leave us a public debt in excess of \$7,000 for each family. The answer is emphatically "yes." The charge would be about five billions annually. Whether that debt will be a reasonable burden or an insuperable one depend largely upon the condition of our business economy.

Confidence, not fear, should rule us. The loose talk about devaluation should cease. People little realize what such a devaluation would mean. All our savings, our insurance policies, our security reserves, all fixed incomes and salaries of the organized majority, would be wiped out.

It would mean revolution pure and simple. Moreover, it would destroy public morality and faith in our government, which in the final analysis would be the greatest disaster. With the sad and tragic experiences of repudiation or devaluation in the past—that in ancient Rome, in the French Revolution, in our own American Revolution and immediately after—it is hard to imagine that anyone would entertain such thoughts. It is a collapse that led to the Nazi Revolution in Germany. French politicians wallowed around almost a decade before, from which public and civic morality of the nation never recovered.

REAL PANACEAS? Face realities in public finance. I am not speaking of DEFEATISM, necessarily. We are facing an era of easy money, advocating stability in our monetary policies, which will give confidence of our people, their faith in government, and another. Devaluation will penalize the patriot, and reward the speculator. It will impoverish the masses.

It can be avoided only by sound and sensible financial management. Generally must invest in the public debt. Bankruptcy is a necessary. The placing of governmental securities in banks would lead to the monetization of the public debt, which would be disastrous. The only alternative is for the government to take his share of the debt. He should do it. He may have to be forced to do it.

Of course, will be a necessary supplement to the program. It may require a much more effective program of financial plans, and all schemes that tell you to get out. Keep your feet on the ground. The very democratic institutions may ultimately be at stake. Now plan our fiscal program.

Short Lessons In FIRST AID

By DR. L. M. THOMPSON

7.—BREAKS AND BURNS

Fractures and burns are the most prevalent forms of serious accidental injury; which is to say they require a proportionate amount of First Aid attention.

The two leading causes of fractures are automobile accidents and falls, and it is significant that by far the greatest percentage of falls occur in the home. Burns also are most frequent in the home. In fact, it is surprising but true that two-thirds of all fatal burns and falls take place in the home, and that burns and falls are responsible for two-thirds of all home accident deaths.

The conclusion is inescapable that the "security of the home" is seriously menaced by these two types of accident, and that ability to render First Aid in case of burns and fractures will prove invaluable in the home, as elsewhere. Particularly is this true of homes in which there are elderly persons or children.

Adequate knowledge and skill in this connection can be had only through competent instruction in First Aid, such as that made available by Red Cross chapters throughout the country. But there is a certain amount of information concerning the nature and care of such injuries, which is fundamental and generally interesting.

For practical purposes, fractures can be classified as simple and compound. In a simple fracture the bone is broken but there is no connecting wound from the break in the bone to the skin. In a compound fracture the bone is broken and there is also a wound extending from the break to the surface of the skin.

Regardless of the type of fracture, a physician or ambulance should be summoned immediately, if that is possible. The main objectives of First Aid care, pending medical treatment, are:

1. To Prevent Further Damage—Do not move victim unless that is necessary, and do not attempt to set the bone. If the fracture is compound and the bone is protruding, do not try to push it back into the tissues.

If the fracture is simple, improper handling may cause the sharp ends of the bone to injure nerves, cut through blood vessels, or even pierce the skin, thus producing a compound fracture.

If it is necessary to move the injured limb only slightly make sure that the injured part does not bend at the point of break and that the broken ends are not pushed together. To prevent this latter contingency, a firm pull may be continuously applied to keep the broken ends apart. This pull must not be released until proper splints are in place.

Instruction in the use of the splint is important. But it is sufficient to remark here that the first-aiders does not apply a splint unless the victim is to be moved, and that the victim should never be moved until a splint has been applied.

2. To make the victim comfortable—The injured person will usually be made more comfortable if the broken bone is supported by a pillow, folded coats, or other suitable material, although this must be attempted only with great care and in line with the previous instructions.

If a physician cannot be secured within the hour or there is evidence of bleeding, the clothing should be removed or cut away to determine whether there is a compound fracture. Outer clothing should be ripped or cut on a seam if possible, and underclothing should be cut or gently torn. In case of injury to the foot or ankle, the shoe should be cut off, if it is necessary to remove it.

3. To treat any shock that may be present and prevent more from developing. This is accomplished by keeping the injured person in a comfortable lying condition, keeping him warm, and giving him stimulants if needed. (Shock is the subject of the next article of this series.)

Burns, regardless of cause, are classified according to the degree or depth of injury of the body tissues, as follows:

PARACHUTE TROOPS WANTED BY ARMY

Sgt. William J. Hess, local Army recruiter whose office is located in the Memorial Hall in Brownwood, said today that the Army is calling for hundreds of volunteers for army parachute duty. Sgt. Hess said that all parachute organizations are made up of men who have volunteered for this type of training and no men are placed in this branch of the service who do not want it.

Young men between the ages of 18 and 30, who are in good physical condition, are eligible for this service. Young men who enlist for this service will be given 13 weeks of basic training and will be transferred to some unit of the parachute troops for further training in the use of parachutes. They will also be trained to use almost every type of small arms used by the Army. These men will also receive additional pay in the way of a bonus of \$50 per month.

Any young men who are interested in this branch of the service should call on Sergeant Hess at his office in the Memorial Hall in Brownwood.

State Department Health Notes

The general opinion prevails in America that home is about the safest place there is. However, the facts prove that, far from being the safest, it is often quite the opposite. A keener realization of this fact, plus amending the carelessness responsible for most of the home accidents, is a goal that can not be over-emphasized at this time when health and physical efficiency mean so much to the nation at large.

In commenting on this urgent need for the protection of life and limb in the American home, Doctor George W. Cox, State Health Officer, has declared that accidents in the home are the cause of more deaths than diphtheria, scarlet fever, whooping cough and measles combined; of more than appendicitis; of nearly as many as diabetes; of two-thirds as many as automobile accidents; and of over a third as many deaths as tuberculosis.

"Slippery floor surfaces, lack of handrails on cellar steps, absence of protective gates at the top of stairs in homes where there are small children, toys left on stairs, un-anchored small rugs on polished floors, poisons in medicine cabinets accessible to children, and the careless storage of sharp tools and firearms are some of the more prominent hazards resulting in home accidents," Dr. Cox said.

"However," he added, "in the last analysis the problem boils down to one of reasonable individual caution. We can not view complacently the more than 30,000 deaths annually due to home accidents. These deaths, chargeable to remediable carelessness, can and should be reduced."

Doctor Cox declared that such a needless and profitless loss of life should be deplored at any time, but to permit such a condition to persist in 1942, in view of our national crisis, is a neglect that can not be condoned.

SOCIETY

J. C. STREETS HAVE ANNIVERSARY

Over 100 guests called between 7:30 and 10 o'clock. They were greeted by Dr. Standerfer and Mrs. George Langford and presented to the hostesses, Mrs. Frank Cave of Plainview, Mr. Pope and Sam J. McFarland.

A golden motif was featured in all details. Bowls of yellow jonquils and snapdragons were placed about the entertaining suite and a huge gold embossed wedding cake on a reflector centered the refreshment table. Streamers of satin ribbon extended from the cake to edges of the table.

Members of the house party wore corsages of carnations that came from Mrs. Pope's garden.

Mrs. McFarland presided at the cake and Mrs. Dorothy Loman poured coffee. They were assisted in serving these refreshments with yellow mints and sandwiches by Miss Lula Mae Cravens, Mrs. Boyce Gregory of Plainview, Mrs. Elliott Taylor and Mrs. Walter Patterson of Hale Center.

Miss Dorothy Sue Standerfer presided at the guest book which was placed in the library.

Out-of-town guests included Mrs. Street's sister, Mrs. John J. Mills of Stanton, and Mr. Patterson.

Mr. and Mrs. Street were hosts at dinner at their home Wednesday noon. Their guests were their daughters, Dr. and Mrs. Standerfer, and Mrs. McFarland and Mrs. Mills.

son, Dr. Alvin M. Street of York City, was unable to be for the celebration.

Dr. Standerfer was married in Goldthwaite Feb. 3, 1892. They lived here since 1924. Mrs. Street is the former Miss Nettie.

Pleasant Grove Club

The Pleasant Grove Home Demonstration Club met at the community school house Tuesday, March 3.

Miss Brammer, county home demonstration agent, gave an interesting discussion on the essentials of a good bedroom, use of color in bed rooms, arrangement of furniture, bedroom curtains and rugs, etc. Samples of curtain materials, upholstery, and rugs were shown the club members.

Miss Brammer then gave a practical demonstration on refinishing furniture. She explained the process as she worked on a small piece of furniture belonging to a club member. A slip of paper containing complete instructions for the refinishing process was given to each member.

Those present were the following: Mesdames W. A. Bayley, C. N. Berry, R. C. Berry, O. Z. Berry, Minnie Crawford, A. C. Miller, W. T. Moreland, George Shady, David Watters, Walker Wigley, and Pete Miles.

The next meeting will be at the school house, March 24th, at the same place. The program has been planned for the same time. The subject that will be discussed is "Most Common Diseases of Poultry," and should be of special interest at this time because of the important part eggs are playing in the nourishment of underfed people in our nation and elsewhere.

Miss Ruth Witherspoon of Weatherford made a short visit in the Bob Steen home Sunday afternoon.

Art And Civic Club

The Art and Civic Club met Thursday, March the fifth, with Mrs. W. P. McCullough as hostess. During the business hour the finance chairman reported that the Davis Floral Company would furnish flowers and plants for the annual pre-Easter sale.

The crippled children seals which this club sells will be offered for sale soon and each one was urged to help in this worthy cause.

An interesting program was enjoyed with roll call on monthly questions. Miss Anne Coleman gave a talk on "Activities in National Defense in Mills County," and Mrs. Maston Pribble a paper on "Americanism."—Reporter.

Jones Valley H-D Club Meets

The Jones Valley Home Demonstration Club met March 5 with Mrs. Harvey Hale, with the chairman, Mrs. A. B. Bell, presiding. The roll call was answered with "One Piece of Furniture I want to Refinish."

Miss Brammer, the home demonstration agent, met with the club and gave some very interesting discussions on gardens, comfortable and sanitary bedrooms and refinishing furniture, and showed some samples of rugs of various kinds and curtain material for every room in the home. Then she removed the paint from a stand table and got it ready to varnish.

The following members were present: Mesdames O. B. Bell, Geo. Brooks, Tip Roberts, Harvey Hale, and Miss Inez Ferguson.

The club meets with Mrs. O. B. Bell March 26 at 2 o'clock next war time. Let's all go and make our club one of the best in the county. If you don't want to become a member, visitors are always welcome.—Reporter.

Woman's Society Of Christian Service Meetings

On Monday, March 2, the Society met with Mrs. Jim Weatherby at 4 o'clock. A most interesting meeting was had, with Mrs. Raymond Little as leader of a splendid lesson from the Bible study, the last chapter in the book, which was given in such a manner as to make you feel and see the events. Mrs. Weatherby served light refreshments.

On Monday, March 9, another meeting was held in the home of Mrs. Walter Weatherby. After a short business session, the program from the World Outlook on "Healing" was led by Mrs. Kate Marshall. After singing a hymn, Mrs. Phil Ford read a scripture lesson from John 5:1-15. Mrs. Bayley read a lovely meditation and Mrs. Marshall gave an account of a woman who did not approve of sending help to India, but was finally convinced. After the program, a playlet was enacted by several of the members. Mesdames Malcolm Jernigan, Jim Weatherby, Raymond Little, Neal Dickerson, Al Dickerson, and B. A. Myers showing the dire need of Medical service in India. Mrs. Weatherby served candy to those present.

Tuesday Study Club

The Tuesday Study Club met in the home of Mrs. D. H. Barnett, with Mrs. Delton Barnett as hostess, on March 3, 1942.

During the business meeting, the constitution was read. Mrs. V. C. Bradford, the president for next year, appointed the following year book committee: Mrs. Bob Steen, Mrs. Julian Evans, and Mrs. Clyde Cockrum.

The program was taken from "Reader's Digest" and was as follows:

"Education for Death"—Mrs. Sylvian Cloninger.

"American Town Goes to School"—Miss Evelyn Hoting.

"An Unforgettable Life"—Mrs. T. C. Graves.

A delicious salad plate was served to fourteen club members, Mrs. Fanny Brim, and Mrs. D. G. Barnett.

Writes Of Recent California Alarms

The following is taken from a letter written by Mrs. Medford Langford to her parents, Mr. and Mrs. Robert E. Lee: Long Beach, Calif.

Dear Mother:

Of course you know by now about our excitement over the airplane raid. Stimson said this morning that there were 15 enemy commercial planes, but none shot down and no bombs dropped. Here is how we saw it. I was awake at 2:30 a. m. and heard the alarm. In about an hour the guns began firing. I waked Medford and we watched from our back door. There were several land beams on so we could see the red burst of shells. They were close enough to shake our house and rattle the windows. Soon they cut the beams off and we went back to bed hoping it was over. In a few minutes Joe Shelby Langford came in from the airplane plant where he works. He was leaving the plant when the planes came over. He had parked his car and waited until they passed over.

In a few minutes the guns began firing again. We dressed and went out in the yard. The planes were coming in sight I suppose from the direction of the beams. There were 10 or 12 of those powerful rays crossed and criss-crossed on one spot and they moved as the planes moved, which was very slowly. They seemed to pass directly over us and could be seen quite distinctly. The guns were firing very fast—much faster than at first. We could see the red burst of fire high in the sky but lower than the planes.

Our neighbors were out looking too. I know you are surprised to stay indoors during a raid but we wanted to see what was going on. I don't mind telling you I was on the frightened side and not the only one.

Well, when the planes were finally out of sight (we never could hear them, they were too high, and the guns made an incessant noise) we went back to bed, thinking they might come again. When I arose at 6 thinking the all-clear had sounded while I was asleep, I turned the light on in the kitchen. In a few minutes the door bell rang and an air-raid warden notified me I was showing too much light. By the light of the gas jets on the cook stove and a few matches, I cooked breakfast and we ate. The men left for work having to drive without lights and were stopped by air-raid wardens, which made them late. The all-clear sounded at 7:30, followed by the all-alert.

Everyone thinks the planes came from an aircraft carrier from somewhere in the ocean.

The radio news men say these were locating plants, oil tanks, etc., for the enemy. All in all, this was quite an experience. Love, Naven.

Mrs. C. T. Wilson, Misses Abbie and Ruth Ervin and Allen Ross spent last Thursday in Ranger visiting their nephew, Don Ervin, whose condition from burns received several months ago has been worse, but at last report he was a little better.

Improved Uniform International SUNDAY SCHOOL LESSON

THE MIGHTY WORKS OF JESUS

LESSON TEXT—Matthew 8:23-34. GOLDEN TEXT—What manner of man is this, that even the winds and the sea obey him!—Matthew 8:27.

The mighty works of Jesus declared Him to be the Son of God—yes, yes, God Himself. Unbelieving men who would discredit the Word of God and deny the Godhood of the Son are at much labor and trouble to explain away the miracles, but without any success.

In our lesson for today we have Christ showing His divine power over the forces of nature, and over the demons of the evil spirit world. We find the disciples in the storm—

I. Fearful—but Not in Danger (vv. 23-27).

The Son of God—who had become Son of man—showed His true humanity by that weariness which made Him sleep through a tempestuous storm such as often came upon Lake Galilee. "Like a general in time of war Jesus slept when He could."

As He calmly slept, fear of destruction laid its deadly grip upon the hearts of the disciples. For the moment they saw only the angry waves, the smallness of their craft, the hopelessness of their situation, apparently forgetting that with Christ in the boat they were in no danger, in spite of the fearfulness of their surroundings and circumstances.

Is this not clearly a lesson for us in this day so full of alarms and fears? If we think of circumstances and conditions round about us, we shall be overcome with fear—and well we may, if we do not have Christ with us in the boat of life. But if He is there—if we are His in the kinship of regenerating grace—we are in no danger. Shall we not accept the tender rebuke, "Why are ye fearful, O ye of little faith?" (v. 26).

The majestic scene of Christ stilling the tempest, reminds us not only that He can control any force of nature, but also that there is no storm of heart or mind or life to which He cannot authoritatively say, "Peace, be still" (Mark 4:39). Will you trust Him with your problem?

On the other side of the lake Christ met another kind of need—and cared for it. He there delivered two men who were—

II. Demon-dominated, but Not Hopeless (vv. 28-34).

There is only one devil, but he has many demons who do his bidding. The evidence is clear that these demons were able to enter into the personality of a human being and take control of the life. This was not insanity or a sickness of the body, but devil domination.

These two men (Mark and Luke speak only of one—perhaps the more violent of the two) were so strong and wicked because of the demon in them, that their relatives and friends had sent them up as hopeless and had given them up to live in the wilderness.

How horrible is the power of the devil in the life of any man or woman. But let us never forget that while no man can control such a situation (Mark 5:4), God is able. "With God all things are possible" (Matt. 19:26). We have not done all we can for our devil dominated friends and relatives until we have brought them to Jesus.

Notice that the demons recognized Christ as the Son of God (v. 29). They knew that He had the power to control them and that the day was to come when He would judge them.

The men were completely cured (Mark 5:15) as the demons were permitted to enter the herd of swine. Those poor beasts, apparently not content to harbor the evil spirits, cast themselves into the sea.

When the people of the land heard what had taken place they asked Jesus to leave. They evidently weighed the relative value of two men in their right mind over against a herd of swine and decided that they could not afford to have men delivered from the devil at such expense.

Unfortunately the "descendants" of those people seem to be in some of our churches today. They can afford anything in the way of luxury for themselves, but they are sure it costs too much to keep the church open—or to provide a preacher—or suitable equipment for the Lord's work. How unspeakably sad!

Perseverance

Soldiers must break step in marching over a bridge, for the vibration caused by their marching in step would shake down the most solid structure. And so it is with the spiritual obstacle you may meet: steady tramping, the plodding doing of your duty day after day, will in time tumble it over. In any task to which God sets you perseverance is all the power you need.

San Saba

Louis Bryan has been assigned as construction engineer by the Federal Works Agency to look after construction projects now under way and to be built in Brownwood.

Richland Springs, March 2.—More than \$45 worth of waste paper was sold by the local Red Cross Chapter last week, and a carload of scrap iron is to be shipped soon.

Mrs. Lewis Smithwick, chief operator, and Miss Eunice Brown of the United Telephone Company, attend a district meeting of all employees of the company in Llano the last of the week, where instructions were given on defense work for the company.

A total of 17,000 acres of peanuts are to be planted in this county under AAA supervision, states Ben H. Ray, administrative supervisor, who estimates that one-third of that amount was planted in this county last year; however, only about 2,750 acres were harvested, due to bad weather during harvesting season.

Approximately 20 members of the Volunteer Fire Department here, together with Sheriff Will H. Doran and Deputy Huts Owen of this place have completed a 24-hour American Red Cross First Aid course.

Miss Bettie Carter, an honor graduate of the San Saba High School, has been named a typist in the AAA offices here, according to Ben H. Ray, secretary of the San Saba County AAA. She was formerly employed in the Brownwood FSA offices.

We have met with good success and enthusiastic response in our Red Cross effort during the past two months. Up to the present time we have raised: War Relief fund, \$1,815.16; Penny A Day Club, \$163.51; other donations, about \$300.—Star.

Hamilton

Drs. R. A. Martin and Martha Swanger left Hamilton, their home for the last five years, this week for Wichita Falls, where they are establishing a clinic.

Dr. and Mrs. R. A. Kookan have had as guests this week her mother, Mrs. Fred Cox of Ferris, and Mrs. W. H. Linkenhoger and little daughter, Linda, of Eastland. Mrs. Linkenhoger and little daughter returned home Thursday after visiting Mr. and Mrs. Ellis Brooks during their stay here.

Pneumonia and a failing heart brought death last Saturday night about 11 o'clock to J. C. Ray, 62, owner of a local monument works and the man who built Hamilton County's new courthouse. Both Mr. Ray's feet and legs were crushed last week when a huge slab of granite fell on him as he was working among the stones.

Judge J. B. Keith, one of Stephenville's most prominent and best known residents, died there Sunday, Feb. 22, at 12:45 p. m., at his home on West Green Street, where he had lived for more than 40 years.—Herald-Record.

Will Huggins, 62, died suddenly Wednesday evening, March 4, about 8 o'clock.

He had been at work on the Goodrich Ranch, had eaten supper and shortly after died unexpectedly, not having been ill or complaining.

Beginning with the opening of the new egg powdering plant at the Producers Produce Co. on Feb. 11, up to and including March 3, there were broke and powdered 21,074 cases of eggs. The amount of money paid by the company for these eggs was \$175,609.95, J. H. Clark, manager, said Wednesday.

Mrs. M. H. Greenwood returned home from a week-end stay in Goldthwaite, San Saba and Brady. She was guest of Mrs. R. M. Thompson while in Goldthwaite.—Record.

Comanche

Comanche County has gone over the top in its Red Cross War Goal of \$2,400, according to Clarence L. Huett, Roll Call Chairman. This makes a total of \$3,300 raised in Comanche County for the Red Cross within the last few months, the \$900 roll call goal in November having been oversubscribed.

Mrs. D. F. Franks, 74, resident of Comanche since 1924, died at her home in East Comanche Sunday, following an illness.

Miss Jennie Lou Dewitt was elected secretary of the Comanche Chamber of Commerce at a meeting of the board of directors Tuesday. She had been assistant secretary under Secretary-Manager Hilton Burks who is retiring at his own request.

Lawrence Bethel Hancock passed away Friday, Feb. 27, at the home of his father, T. B. Hancock, near Proctor, where he and his family had resided for several years.

CHAPPELL HILL By MRS. J. N. CROOK

This March weather is cold
 and windy instead of the rain
 we so badly need.

We have some new neighbors.
 Mr. Hertz and family from
 Priddy have recently moved in
 the house vacated by Mr. and
 Mrs. E. E. Eakin.

Mr. and Mrs. Mack Humphries
 and daughter were Brownwood
 visitors last Saturday.

Mr. and Mrs. Omer Hill and
 family from Winters visited re-
 latives in our community last
 week-end.

Clayton Crook visited with
 homefolks last week while wait-
 ing for his call from the Navy
 Department. He got his notice
 to be in Houston Monday morn-
 ing, from where he will be sent
 to some place for naval medi-
 cal training. He expects to be
 sent to Chicago.

Attends 6th District Meet Of TFWC

Mrs. J. H. Saylor was in Men-
 ard last week for the Sixth Dis-
 trict convention of Texas Fed-
 erated Woman's Clubs.

The theme of the convention
 was "Strive for Victory and Per-
 manent Peace" and each de-
 partment presented the reports
 and plans of federated women
 to bring victory.

The retiring president, Mrs.
 Mark Leverett, formerly of
 Goldthwaite, had such a suc-
 cessful administration that an-
 other former Goldthwaite citi-
 zen, Mrs. C. D. Bruce, was elect-
 ed president for the next two
 years.

Spray To Control Insects On Plum And Peach Trees

County Agent Lists Sprays Needed To Make No. 1 Fruit

By JOHN A. WRIGHT
Mills County Agent

Spray No. 1 (Winter or Dor-
 mant Sprays should already be
 applied for control of San Jose
 Scale and Peach Leaf Curl).

Spray No. 2. (Apply when
 most of the blossoms have shed).
 To control curculio (worms) in
 peaches and plums, mix two
 pounds of zinc sulphate, 4
 pounds hydrated lime, 1 pound
 arsenate of lead to fifty gallons
 of water. This is the normal
 mixture used in areas with more
 than thirty inches of rainfall.

Our average rainfall is from 28
 to 30 inches, and in most years
 we would want to omit the lead
 arsenate and mix the zinc sul-
 phate and lime as prescribed
 above.

Spray No. 3 (Shuck Spray).
 About ten days after the blos-
 soms have shed, and the shucks
 of the blossoms are in evidence
 at the base of the tiny peaches
 or plums, repeat Spray No. 2.

Spray No. 4 (Two weeks after
 shuck spray). Same as 2. This
 spray is directed against brown
 rot and curculio. Therefore to
 control brown rot, add 3 pounds
 of wettable sulphur to spray No.
 2. IMPORTANT: In making
 spray No. 2, dissolve the zinc in
 the spray tank first and add
 the lime as a thin creamy paste,
 and in this case we would add
 the wettable sulphur last. (If
 either No. 3 or 4 is omitted, No.
 3 should be omitted.)

Spray No. 5. (Two weeks after
 No. 4 Spray). Spray with three
 pounds of wettable sulphur to 50
 gallons of water. This is to pro-
 tect early fruit against brown
 rot and scab.

Spray No. 6. (For mid-season
 and late ripening varieties).
 Spray with 3 pounds wettable
 sulphur to 50 gallons of water.
 This is approximately 30 days
 before the fruit ripens.

Spray No. 7. (Just before or
 during harvest). Spray with 5
 pounds of wettable to 50 gallons
 of water. This is to protect fruit
 that is to be held or shipped
 against rot.

The above schedule insures
 disease free fruit, and was given
 so that everyone could produce
 number one fruit. I have never
 heard of any orchard man hav-
 ing trouble of disposing of num-
 ber one fruit at a good price; it
 is always the number two and
 down that is hard to sell.

METHODIST NOTICE

We are now coming to the
 Easter occasion. Easter is the
 time when we celebrate the res-
 urrection of our Lord. The res-
 urrection of our Lord is the one
 ray of hope in the hour of death.
 If Christ be not risen then the
 dead rise not, and we are of all
 men most miserable. But there
 is one thing that we should never
 forget and that is that the
 resurrection followed the cruci-
 fixation. There was a cross be-
 fore Easter, a crucifixion before
 the resurrection. Therefore, if
 we are to live with Christ we
 must die to self and the world.
 No death, no resurrection.

No one can celebrate Easter
 until he has first surrendered to
 Christ. Therefore your pastor is
 calling upon every member of
 the church to seek to enter into
 the real spiritual life of our Lord
 and Christ these days.

Beginning Sunday morning
 your pastor will seek to bring
 messages that will prepare us for
 Easter. Brethren in Christ, will
 you not give the Lord a chance
 to bless you by coming to the
 services? Christ himself can-
 not help one who will not hear
 Him. It was no idle word the
 Apostle spoke when he said,
 "Forsake not the assembling of
 yourselves together as the man-
 ner of some is." That was a
 command to be heeded. It is
 utter folly for one to say he is
 trying to follow his Lord when
 he steadfastly refuses to heed
 His commandments. The Chris-
 tian can say truly, "I was glad
 when they said, let us go up to
 the house of the Lord." When
 we do not find it in our hearts
 to worship in the holy temple,
 we need to examine our hearts,
 and ask ourselves the question,
 "When did I lose my Lord?"

Many are like Sampson when it
 was said of him that he wist
 not that the Lord had departed
 from him. Men have lost God
 and do not seem to realize it. To
 lose God is bad but to lose Him
 and not know it is tragedy be-
 yond repair.

In these days of death and
 destruction we need to find
 something that will stand when
 all around gives way. And that
 something is God, and spiritual
 truth and life.

"O come and let us go up to
 the house of the Lord together."
 Our services are as follows:
 Church school, 10:45.
 Preaching, 10:50 a. m. and
 8:30 p. m.
 Prayer meeting Wednesday,
 8:30 p. m.

STOCK FARM SOLD

Although details can not yet
 be made public, a stock-farm in
 the edge of Mills and Hamilton
 Counties was sold this week for
 a cash consideration of near
 \$22,000. The farm contained less
 than a thousand acres. This deal
 was handled by Arthur Cline,

 lege of attending.

MOVING OUT OF ARTILLERY FIRING RANGE

A number of Mills Count-
 yens living in their homes
 near the Artillery Firing
 Range have received notice to
 vacate the land by March 15.
 The result is been quite
 scramble to locate homes where
 they can move.

The continuous rumble of the
 guns of a larger calibre is evi-
 dent day and night. Evidently
 the new division is making use
 of the firing range and of this
 to prepare the army for service.

It is hard to see our citizen-
 ship have to leave their homes
 of lifetime but to be are at war
 we have had a number say
 that if they by moving could
 help win the war they would
 move without a complaint. Yet
 they are 100 per cent American.

For A Cheerful Change!

These are times that
 try the hearts of men.

And so much of the news that
 comes to all of us, from day to
 day, is not what you could call
 conducive to smiles and happi-
 nesses.

So just for a cheerful change
 we're making a little announce-
 ment. And even if it does not
 add a bit of pleasure, surely it
 will not depress you. Here it is—

CURLEE'S SPRINGTIME CLOTHES HAVE ARRIVED!

You'd be surprised how many
 men have waited for that an-
 nouncement, year after year.
 And as always before, they lead
 the field of fashion. This year
 they carry the spirit of courage
 and confidence. In colors and
 materials that actually bolster
 the morale of men.

We don't expect you to drop
 everything and rush right in.
 But, as soon as you can, make
 it a point to see these SUITS.
 'Twill mean . . . satisfied you
 and happy us!

Cheerfully yours,

New Shoes, New Dresses and the Nicest Selection of Piece
 Goods ever shown in our Store. We have a nice stock of
 Ladies' Nylon and Silk Hosiery and can care for your wants
 for month of March.

FIRST BAPTIST CHURCH

E. E. DAWSON, Pastor

March came in like a lion and
 the first two Sundays proved
 pretty severe on the church-go-
 ers. Maybe now it will act like
 the proverbial lamb. Let's hope
 so. At any rate make plans for
 attending Bible study and wor-
 ship next Sunday. We'll be look-
 ing for you, and there is an in-
 viting place for you, and a genu-
 ine, though not effusive, wel-
 come will await you. So, come.
 Sunday school at 10:00 war
 time, and the worship follows at
 the regular time. In the even-
 ing, worship at 8:15 war time.

SOUTH BENNETT SERVICE

Our all-day service at South
 Bennett will be held next Sun-
 day according to schedule. Come
 by 11:00 war time and at the
 noon period we will put our
 lunches together and enjoy a
 fraternal meal. Then after
 lunch we will have another ses-
 sion of worship with preaching,
 and then consideration of the
 matter of organizing a church.
 Come be with us, all of you.

Mrs. W. M. Johnston and her
 sister, Mrs. Bettie Murrell, left
 here last Saturday and visited
 relatives and friends in Waco,
 Lexington and Austin. They re-
 turned home Wednesday after-
 noon.
