NUTRITION COURSES NOW BEING TAUGHT FOR MILLS CO. WOMEN

Mills County Women should take advantage of the Nutrition Courses that are being offered throughout the county. The objectives of the course are to build well-nourished bodies at home and to prepare for any emergency that might call for large quantity cooking. The first reason should attract every homemaker in the county, because from studies that have been made, more than one-fourth of all the families in the nation are below the safety line of health. This situation can be improved with each homemaker having a working knowledge of nutrition.

A course is being taught in Goldthwaite at the present. Those enrolled are as follows: Mrs. Tom Collier, Mrs. Jon Schooler, Mrs. Eric Adams, Mrs. Mamie Palmer, Mrs. T. C. Graves, Mrs. Bessie M. Kirby, Mrs. Kate Marshall, Mrs. Ed Gilliam, Jr., Mrs. R. L. Steen. Our lessons have already been taught but anyone wishing to visit the class is invited to come on Tuesday and Thursday nights at eight o'clock at the high school building.

This same course will be taught at Mullin and at Priddy in the immediate future.

Learning the meaning of good food habits and nutrition and being able to use it in your home is one way of helping win the war.

USO WAR FUND CAMPAIGN

Our County Committee has been informed that Mills County's Quota is \$1,000 for the 1942-43 budget.

If 1,000 Mills County Citizens will give \$1.00 each our QUOTA will be filled.

Our fighting men have the spirit. But loneliness, monotony, and boredom can destroy it.

That is where the USO comes in. For our men's knowledge—through U S O—that the people back home appreciate and care for them has a good deal to do with their spirits.

USO guarantees your fighting men, in their minutes of relaxation, the fun and friendship they deserve. It is Your pledge to your men that you stand behind them.

YOU HELP SOMEONE YOU KNOW . . . WHEN YOU GIVE TO THE USO.

All the Communities of Mills County will be advised of amount of QUOTA in this Campaign by last of this week.

Any and all donations will be received by The TRENT STATE BANK and you and your community given credit for same.

County Chairman.

FIRST BAPTIST CHURCH

E. E. DAWSON, Pastor

One of the big dates on our calendar is the closing of the schools with the Commencement Exercises. Those interesting exercises start next Sunday with the Commencement Sermon and related matters at the evening hour at the School Auditorium, presumably about 8:30 o'clock. Our evening worship service will be cancelled in favor of that service, and we would urge in a neighborly way that all the patrons of the schools and all who love our school system and teachers manifest their faith by attending.

At the morning hour the regular schedule of services will be held with the Sunday school meeting at 10:00 and the worship service following and closing a bit before the noon hour. There is cordial invitation to all to attend and join in the worship and study. You will always be welcome.

The superintendent of our Sunday school is now Mr. G. R. Goosby, by no means a novice in that capacity, having served for years formerly. We bespeak for him the hearty co-operation of all our people.

GRADE LOWERED FOR ARMY AVIATION TESTS

Sgt. William J. Hess, local recruiting sergeant located in the Memorial Hall in Brownwood, announces that the passing grade for Aviation Cadets is now 80 for the AC 10 B test instead of 90 as formerly. That grade has been made retroactive for all applicants having taken the test since April 4, 1942. This means that all Aviation Cadet applicants who made a grade of 80 or more on the test since April 4, 1942, are eligible for appointment.

Sgt. Hess also wishes to state that applications may be accepted from candidates for meteorology training who have not reached their 31st birthdays.

The cross is given by her children, Raymond Little and Mrs. Clyde Weatherly. The pastor will bring a memorial sermon and dedicate the cross. The service will be at 10:45 as all the morning services will be hereafter.

The service of our young people will be held at 7:30, but there will be no preaching at the evening hour as we are going to the school auditorium for the Baccalaureate sermon.

COUNTY RED CROSS DISASTER COMMITTEE

In keeping with the war-time plans for all agencies, both governmental and voluntary, the Red Cross has a county Disaster Committee in every county in the United States, and service on the committee is reckoned as a patriotic obligation that no faithful citizen will shirk. Below is a list of sub-committees of the Disaster Committee of Mills County:

General Chairman, E. E. Dawson, Goldthwaite. Advisory on the committee: Judge Gerald, Rev. D. A. Myers, Bill Woody, Dr. J. M. Campbell.

Sub-committee on Survey, Registration and Information, Fund Raising and Public Information: O. B. Bell, E. G. Letbetter, J. C. Carr, Miss Mary Kemp, Mrs. Eula Nickols, Mr. Fezell (South Bennett Community).

Sub-committee on Rescue, Transportation and Communication: G. R. Goosby, Bill Fox, E. D. Kelley, Bud Harper, Geo. Tieman, Allie Hamilton.

Sub-committee on Medical Aid, Food, Shelter, Clothing, Purchase and Supply: Warren Duren, F. R. Hines, Roy McKinley, Willis Horton, Rev. Warren Ellis, Floyd Sykes.

In counties of large populations many of these compound duties are broken down into many more sub-committees so as not to make the work too heavy for any one, as for example in Dallas County or Harris, or Bexar. But with our smaller population any one of these sub-committees can easily do all the things listed.

In the event of disaster, such as a cyclone, flood, epidemic of illness, bad wreck, or a bombing, the survey committee would instantly visit the scene of the disaster and see just what had to be done, and what committees to call into action. And in the meantime, the members of the committee are to make a survey of the possibilities of disasters and be ready in a moment to go into action. We are in war and no one can foretell what may occur at any moment.

The duties of the other sub-committees are fairly well set out in the title given the committees. The duties as indicated take in everything essential to coping with a disaster that could occur. The recent cyclones in Texas, Oklahoma and Kansas illustrate the need of such a committee being ready to function at any moment.

Members of the sub-committees are urged to notify the general chairman of the committee at once if for any reason they find it impossible to serve. The general chairman is E. E. Dawson, Goldthwaite.

We are in war and every soul must realize it.

SONG OF THE WEEK

ANY BONDS TODAY?

The tall man with the high hat and the whiskers on the chin. Will soon be knocking at your door and you ought to be in. The tall man with the high hat will be coming down your way. Get your savings out when you hear him shout, "An-y bonds to day?"

CHORUS

Any Bonds To-day—Bonds of freedom that's what I'm selling
Any Bonds To-day—
Scrape up the most you can—
Here comes the freedom man—
Asking you to buy a share of freedom today.

Any stamps today—
We'll be blest if we all invest in the U. S. A.
Here comes the freedom man—
Can't make tomorrow's plan—
Not unless you buy a share of freedom to-day.

First came the Czechs and then came the Poles
And then the Norwegians with three million souls;
Then came the Dutch, the Belgians and France,
Then all the Balkans with hardly a chance.
It's all in the Book if only you look—
It's there if you read the text.
They fell ev'ry one at the point of a gun—
A-mer-i-ca mustn't be next.

Any Bonds today—
All you give will be spent to live in the Yankee way—
Scrape up the most you can—
Here comes the freedom man—
Asking you to buy a share of freedom today.

BALANCED FOOD SUPPLY

Success of the Food for Victory program depends upon a balanced production to provide a balanced food supply, B. F. Vance, chairman of the Texas USDA War Board, declared.

"We need more—much more—some commodities such as grains, dairy products, poultry products, and certain meat products," he pointed out. "At the same time, the thinking public and the thinking farmers realize that we have an over-abundance of wheat and an over-supply of the shorter staple length cottons. Certainly, there would be no logic in expanding the production of crops of which we have more than enough."

The board chairman explained that "it's going to take every available acre of good soil to produce the foods needed to win this war without wasting acreage on production which will not contribute to that victory."

Vance cited the two-year supply of American wheat which will be available for use this year as ample evidence that the consumer has no need to worry about "wheat and flour rationing."

Reminding farmers that the urgent full planting of cotton allotments, Vance emphasized, however, that the increased demand is for longer staple length cottons, and that the supply of short staple cotton is adequate to meet the nation's needs.

FARMERS TO SAVE SMALL GRAIN SEED

Texas small grain farmers hard-hit by drouth and greenbugs should plan to salvage all seed possible for fall planting, according to Texas USDA War Board.

Total destruction of grains is prevalent in some parts of the infested area of central and north Texas, but some grain will be harvested, B. F. Vance, chairman of the Board, said.

"This year's oat crop will be the smallest we've had in Texas in years and extra precaution should be followed for preserving good clean seed for fall planting, according to Extension Service methods," he said.

The board also pointed out that many farmers suffering total destruction of oats, barley and wheat are planning for additional acres of grain and forage sorghums in an attempt to off-set feed shortages.

In areas where greenbugs did not destroy crops entirely, recent rains came too late to protect crops from drouth damage but did afford sufficient moisture for planting feed and row crops.

"Oat farmers probably will be using wise procedure if they buy feed to tide them over until crops are harvested instead of dipping into scarce seed supplies this year," Vance said.

CEDAR KNOB

By Mrs. ELMER SCOPY

We have had an abundance of rain and things are growing fine.

Mr. and Mrs. Marion Robertson went to Algerita in San Saba County to move her sister's household goods. She is going to San Antonio, where her husband is employed.

Mrs. Louie Rhode spent the week-end with her mother.

Roth Robertson is at home from Bastrop. He expects to go to work at Brownwood soon.

Mrs. Elmer Scoby and Mrs. Marvin Atnip celebrated their mother's birthday Sunday. Mrs. Sullivan was 82 years of age. Her son-in-law, Marvin Atnip of Dallas, presented the cake to her. She received many beautiful and useful gifts and numerous cards and good wishes from relatives and friends who were unable to attend.

Among the gifts she received was a lovely remembrance from Mrs. G. N. Atkinson of Lubbock, a long-time and valued friend of the family.

MILLS COUNTY LAND USE PLANNING BOARD MEET

The Mills County Land Use Planning Board met Tuesday, May 5, for the purpose of revising the county set-up to conform to instructions from Washington. Every county in the United States this week is setting up an Agricultural Victory Council whose definite program for the present will be winning the war.

Every community in the county will have two victory leaders; a man and a woman. Working under the community victory leaders will be neighborhood leaders, one for each ten or 12 families.

The community leaders will receive instructions from the county chairman, T. B. Graves, or the County Agent or Home Demonstration Agent. The neighborhood leaders will receive this information from the community leaders and will in turn pass such information to their groups. Likewise information of value may be obtained from the neighborhood back to headquarters.

Maps of the county showing the location of each house, the communities, the neighborhoods, and the leaders of each are being prepared by the county agent and the home demonstration agent.

Louise Bryant, Home Management Specialist from A. and M. College, was the visiting speaker for the program.

SCARCITY OF PRESSURE COOKERS FORESEEN

Here's the situation—an almost certain scarcity of pressure cookers plus probable shortage of food containers and of family labor means shifts from canning likely will be necessary. To offset any resulting reduction in the farm food supply, farm families should be encouraged to:

1.—Extend the period when leafy and hardy vegetables are available fresh. This requires protection from frost and good garden management. Mrs. Will Crowder in the Lake Merritt Community is doing this now. She has three acres in garden. Here she has planted onions, cabbage, beans, peas, tomatoes, cucumbers, okra, lettuce, spinach, and many other vegetables. Her garden is well cultivated, and she plans to keep planting so that she will always have fresh vegetables throughout the growing season. If she has more food than her family can use fresh and preserved for the non-growing season, she will divide with her neighbors.

2.—Store large amounts of potatoes, sweet potatoes, onions, and other root vegetables. This can be done in cellars or outdoor mounds.

3.—Make kraut of surplus cabbage and purple topped turnips.

4.—Preserve cured meats in cottonseed oil.

5.—Make less jellies and rich preserves but can more fruits in fruit syrups, pie fruits, and fruit juices. These with dried fruit will help families make adjustments to sugar rationing more easily.

Of course, pressure cookers should be used to can all non-acid vegetables, poultry, and meats.

Every farm family should have a food preservation budget. Families who have never made budgets before should obtain the help of some food supply demonstrators who have been trained by the home demonstration agent.

Families should be urged to prepare for storing food in a variety of ways. If you plan to can food, check shelf space and assure proper ventilation. Plans for making ventilated pantries and storage mounds, as well as drying racks, will soon be available from the home demonstration agent.

HONEY CAN BE USED IN PLACE OF SUGAR

Honey is more than a spread

for bread. It can be used in many recipes in place of sugar.

Learn these basic rules for using honey and then try in your favorite recipe:

1.—Each cup of honey contains about 1-4 cup liquid; therefore reduce 1-4 cup liquid per cup honey used when substituting honey for sugar. In baking products such as cakes or quick breads you may prefer this rule worked out by the Bureau of Home Economics: If you substitute medium thick honey for all the sugar in a cake or quick bread, reduce the liquid in the recipe one-half. If you substitute medium thick honey for half the sugar in a cake or quick bread, reduce the liquid one-fourth.

2.—A cup of honey give approximately the same sweetness as 1 cup of sugar; therefore the same amount can be used to get the desired sweetness.

3.—Use approximately 1-8 to 1-4 teaspoon soda per cup of honey in baked products such as cakes and quick breads.

4.—The temperature should be lower in cooking with honey than when using sugar. Mixtures with honey brown easily. High heat also changes the flavor of honey.

These recipes use honey:

Honey Drizzle—Heat honey over warm water for 10 minutes. Use for sweetening cereals or any fruit. Excellent for sweetening grapefruit.

Honey Custard—3 eggs, 1-2 t. nutmeg, 2 cups milk, 1-8 t. salt, 1-4 cup honey. Heat the milk. Beat eggs lightly. Add honey and salt to eggs and mix. Add hot milk gradually to egg mixture stirring constantly. Finish as a custard pie, boiled custard or baked custard. If baked, pour into buttered custard cups or large mold and sprinkle with nutmeg. Set in pan of hot water and bake in a slow oven, 300 degrees F. until set, 30 or 40 minutes.

Candied Sweet Potatoes or Carrots—Place raw sweet potatoes or carrots in baking dish. Add honey and butter and bake at a low temperature, 325 degrees, until the vegetable is tender. Baste as needed with honey and butter. A small amount of water can be added if needed.

NOW IS TIME TO REPLANT THE BACKYARD GARDEN

Now is the time: The time has come for backyard gardeners to replant short-lived vegetables for the second time, and make the first planting of hot weather vegetables. Leaf lettuce, tendergreen mustard, bush beans and radishes mature rapidly and must be replanted to obtain a continuous supply of young tender vegetables of best quality. If not already planted, squash, cucumber, okra, eggplant, butterbeans, pepper and blackeyed or cream peas should be planted now for summer time production.

Replanting comes first: Lettuce in February is apt to become bitter in May and go to seed in June. Replanting immediately will yield a sweet, tender crop by the time the first one begins to deteriorate. Try the Black Seeded Simpson, Early Curled Simpson, or Grand Rapids varieties. The fresh, crisp quality of mustard is lost when warm weather causes it to become bitter, tough and fibrous.

A second planting of Tendergreen mustard will prolong the season of fresh greens, since this variety is more tolerant of warm weather than others. Three or four weeks should elapse between the first and second planting of beans. If one planting has started into growth, make a second one now. Beans from older plants often are coarse and sometimes stringy. Of the bush variety the stringless Green Pod variety is the most tolerant of heat for summer production. McCaslon is the best pole variety for hot weather.

Plant hot weather vegetables: With warmer soil and passing of frost hazard, vegetables which have a long period of production in spite of hot weather may be planted. Green peppers will

CENTER POINT

By MRS. JEWEL SPINKS

We are all enjoying this pretty weather now. Since the big rains, it seems like a drouth is on by it not raining on Sunday.

The people registered for the sugar ration Monday of last week at the school house. Otis Hutchings, Mr. Fallon, and the two lady school teachers, Miss Phillips and Miss Curb, held the registration.

Mrs. Charlie Perry's sister is spending a while with her.

Miss Betty Lou Truitt has been visiting friends and relatives at different points.

Mr. and Mrs. Verne French had lunch on the river Sunday with her father. As the river was up, no one could fish had they a wish to do so.

Mr. and Mrs. Collier and Maudie have had the pleasure of having Mrs. Collier's sister visit them from Seattle, Wash. The two ladies enjoyed the visit so much. Mrs. Collier has a soldier brother, who fought in the last war. He is now at Bataan, and has not been heard from in some time.

Mrs. Conner's granddaughter, the former Miss Hattie Miller whose husband is a sailor on one of the ships recently sunk by the Japs, escaped capture and drowning with the few others who were saved in a life boat. He was back in the States last report.

Mr. and Mrs. Garland Spinks and Alvin Spinks spent Sunday in the Pompey Community with

produce all summer. Six to 12 plants of the California Wonder variety, a smooth, thick-walled, deep green pepper, will supply the average family's needs. Bush or pole butterbeans may be planted now. Henderson's Bush or Fordhook are small, white tender beans which mature quickly. Florida Speckled is a pole variety which can be planted on the garden fence and produces a heavy crop of brown, mottled beans. This variety will produce all summer with proper moisture.

A dozen squash plants is sufficient for the average family. A second planting may be made in May for later production. It is unwise to overplant, because a surplus which cannot be used fresh may go to waste.

The Florida Highbush variety of eggplant is of excellent quality and resistant to certain diseases which damage other varieties. A dozen plants is sufficient if planted in deep soil which retains rainfall, or where moisture can be supplied.

Cream or black-eyed peas should follow harvesting of English peas, Irish potatoes, cabbage and other vegetables.

A good gardener does not allow idle space in his garden. In this Food for Victory program, let's "keep 'em growing."

After you have had your Pullets on MID-TEX STARTER for 6 or 8 weeks they are ready for MID-TEX GROWING MASH.

The idea that Pullets can be "coasted" along through the growing season on just grain is a bad one. In order for pullets to develop properly, they must have a balanced ration right through the summer. You will reap bigger returns by feeding MID-TEX GROWING MASH.

CLASS WILL OF THE SENIOR CLASS OF 1942

Throughout eternity the end of one thing has always been the beginning of another. So it is with the Senior class of 1942. We face our new life with some trepidation, naturally; but it is with profound pleasure that we shall always remember our life as Seniors of Goldthwaite High School. Much of the pleasure has been derived from our association with Juniors and with our teachers. Therefore it is with pleasure that we bequeath to you the rights and privileges that we have enjoyed.

First we leave with you and your sponsor, Mrs. Campbell Thompson, our grateful appreciation and sincere thanks for such a delightful banquet. Second, we give individually such real and personal property as

may be most beneficial to the receiver.

Billy Ray wills his ability as an actor and to get along with Miss Welch to Joe Taylor.
 Deloyd Benningfield wishes to let Larry McCasland take over his job as square dance caller, also hog caller.
 Susie Bessent, the shyest senior, donates her public speaking voice to Katherine Miller.
 The color-back that was will-ed to Walter Bryant last year is to be left to Nora Wood.
 To Georgia Porter, Mary Lou Brown wants to leave her variety of jokes.
 Jitterbug Evelyn Burns wishes to let Emilee Harris wear her jitterbugging shoes.
 Aubrey Burkes wills his dark wavy hair and those romantic brown eyes to none other than that heart throbbing Lewis Hudson.
 Poor Miss Sivells is in for it now because William Arthur Cline wants to let Jimmy Caraway take his job as her chief trouble maker.
 Harold Cornelius takes pity on Maurice Knight and leaves a portion of his intellectual ability.
 James Cornelius, better known as "baldy", wants to let Nina Beth Robertson carry on as public tease No. 1. Think she can do it?
 Ima V. Covington wishes to will her long finger nails to Horace Brooks. Better luck to him.
 Florine Kemp wishes to leave her ability to pass her courses to her one and only Kenneth Featherston so he may get out of school quickly.
 Buren Crawford and Ira Lynn Griffin leave their ability to woo the girls off their feet to no other than Billy Dennard.
 Norma Arnold receives from Bonnie Fern Doggett her like for Star and Star boys.
 Wilma Bea Rose and Dorothy Eckert leave their San Saba heart throbs to Willadeen Hale.
 The very popular Bobbie Fairman wishes to leave her popularity and knack to keep her good looking boy friend to Lanelle Morris.
 Handsome Leslie Faulkner hopes that Doyle Reid will name his car after his Josephine.
 Kenneth Geeslin wants to leave his ability to make up with his love after quarrels to Mary Nell Epperson and Bobbie Obenhaus.
 Gaylon Geeslin, alias Pete, leaves to Beryl Oglesby about half his height, because as you know, she lacks quite a bit yet coming up to Junior Barrington.
 That vivacious blond, Marjeanne Perryman, whose jaw is always going up and down with a chew of gum, leaves this precious bit of wax to Dorothy Lee

Hanks, so she can chew it in Miss Welch's class.

Wilda Geeslin leaves her Linda Darnell beauty to Adelaide Holland so that she can be prepared to catch Romeo.

Neta Faye Black leaves her blushes and her Center City boy friends to Betty Lou Blackman. For Neta Faye would like to get rid of the blushes, but the boy friend—well.

Theda Faye Grantham leaves her ability to get a diamond engagement ring to Rita McNeill. Being as we had such a lovely May Fete this year, owing to the Senior King and Queen, we think it necessary to let the Graves leave their positions to future Seniors have this honor. Weldon Ware and Frances Adams, who go wonderfully together.

Faye Griffin says she wants to let Wanda Burkett have the pleasure of receiving compliments from the Civics teacher, also her many admirers.

Gordon Henry, Thomas Hyslop and Sammie Smith wish to leave their acting ability and their ways of breaking the hearts of the girls of G. H. S. to Elmer Geeslin. Good luck, Elizabeth Campbell will be glad to know that Janet Jernigan leaves her popularity, slimness and her many boy friends to her.

The ladies man of the class, Shirley Mahan, hopes that Elmer Gray will be grateful to him for letting him have his knack to have quarrels with his teachers and then make up by doing something to make them proud of him.

Precious little Glenda Oglesby leaves to Velma Fox her pleasantness and her desire to be an old maid, and she leaves her black cats and canaries to Barbara Carter.

Eloise Slaughter, president of the Senior class, wishes to leave her ability to make practical jokes and her glamour to Lorena Smith, not that she needs it.

The flash cameras weren't so popular this year, so Ernest Kauh passes it on to Mary Alice Arrowood.

The little Porter girl wants to let Claude Collier have Snow Cave, her little pet goat. Poor Claude. (Poor goat).

Lucille Sheppard and Zelda Stewart leave their ability to ride soldiers' motorcycles to Laffon Horton.

Annette Renfro and Lawanna Wood leave their hobbies of kodaking and horseback riding to Kathleen Jones.

Louise Skipper and Eunice Wrinkle want to leave their nick names, "Chubby" to Wayne Massey. Louise hopes that Anna Bell Wood will take her place at Brownwood. Eunice will her curly hair to Mary Louise Straley in hopes that she won't have to comb her hair so much during her senior year.

To Robert Long—Eli Tully, Cleo Woodard, Cecil Virden, and Clay McNeil leave their ways to be heart breakers and to always get their woman.

In hopes that Mary Henry will be a success next year, Dortha Marie Wolfe leaves her intelligence; Katherine Wright will her her boy friends and Greta Traylor leaves her her tallness.

Billie Jo wants Patsy Shaw to be one of the popular seniors next year so she leaves her beauty and friendliness to her.

Mazine Spinks says she does not have anything to will but she wants Cash Curtis to have those little curls that hang over her eyes so that he can have just one eye to wink at the girls.

Earline Simpson and Valeria Stacy will their sweet disposition to John Soules.

Carrolyn Oglesby wills a share of her interest in the Geeslins to Dorothy Nell Rudd, but she wishes to retain part of it for herself.

Nelma Rhea Perry wills her model of perfection at Camp Blanding, Florida, to that certain little clique of girls who seem to always be stealing each others boy friend. They are really in need of an extra.

Laura Beth Kirby and Jewel Wilkey will their interest in the color "red" to Raymond Sebolt, for wouldn't he look cute flaming a dashing red.

Third, we bequeath to our successors, the Juniors of 1942, all our traditions, social and scholastic, to uphold during their lifetime as seniors.

Fourth, we pass on to the future seniors our sanctuary down

CENTER CITY—

By Mrs. J. M. OGLESBY

It has been several weeks since news from this community was sent in. Springtime, with its extra work, together with the last weeks of school keep us employed.

A dark shadow of gloom passed over our community when the message came that Miss Ruby Nell Head had passed away at her home at North Bennett Saturday morning. She was the oldest child of Mr. and Mrs. Tom Head. She attended school here and graduated at Goldthwaite last year. She had visited her grandparents, Mr. and Mrs. C. M. Head many times and all who knew her loved her. Funeral services were conducted by the pastor, Rev. Sims, Sunday afternoon. An uncle, Rev. W. T. Sparkman, made a very appropriate talk of the beautiful life she had lived as a sweet Christian character. May our Heavenly Father comfort her loved ones through the promises He has given.

She Is Just Away

I cannot say, I will not say, That she is dead—she is just away.

With cherry smile and a wave of the hand She wandered into a heavenly land, And left us dreaming how very fair It needs must be, since she lingers there. And you, ah who the wildest

year
For the old-time step and the glad return,
Think of her faring on as dear
In the love of There as the love of here;
Think of her as the same, I say,
She isn't dead—she is just away.

Garden Club Meets In Lampasas May 6

The Heart of Texas Garden Clubs convened in the First Baptist Church, Lampasas, Wednesday, May 6, for the semi-annual meeting. Mrs. J. C. Abney of Lampasas presiding. Mrs. Brince Witty of Hamilton was recording secretary. Representatives were her from Brownwood, Goldthwaite, De Leon, Mason, San Saba, Lometa, Hamilton, Brady and Lampasas.

The outstanding speaker for the day was Mrs. J. D. O'Neal of Wichita Falls, past president of the Texas Federation of Garden Clubs. She received the Purple Ribbon award last year on her chrysanthemums, and there is only one Purple Ribbon award given in the United States each year. Mrs. O'Neal had moving pictures of her garden and of the chrysanthemums which won the award for her. She inspired all of the ladies present to try to grow bigger and better chrysanthemums.

Each club brought flower arrangements for use in living rooms, formal dinners, halls and breakfast rooms. The following clubs were winners:

Living Room—first, Lometa; second, Lometa; third, Lampasas.

Formal Dinner—first, Lampasas; second, Lampasas; third, DeLeon.

Hall—first, Brady; second, not given; third, Lampasas.

Breakfast Room—first, Lampasas; second, not given; third, Hamilton.

Mrs. R. E. Shelton, hostess at Camp Bowie, thanked the clubs for the part they have in providing cut flowers and shrubs for the camp and suggested that they continue sending flowers and games to the camp.

The meeting next fall will be in Camp Bowie.—Lampasas Record.

Announcement

Mr. and Mrs. Joe A. Palmer received the announcement of the engagement of his niece, Miss Eloise Carter of Tyler, Texas, to Congressman Lindley Beckworth of Washington, D. C., son of O. A. Beckworth of Gilmer, Texas. Miss Carter is in school in Washington. The wedding will take place during the summer in Tyler.

Miss Carter's parents are well known here, having lived in Mills County and Goldthwaite until grown and married. They are Barney Carter and Miss Mattie Palmer.—Ed.

Woman's Defense League In Meeting

Coming to order at the call of Mrs. J. M. Campbell, presiding in the absence of Mrs. John Hester, the Women's National Defense League gave the salute to the United States Flag.

N. E. Stockton, chairman of the USO drive for this year, asked the co-operation of the League in arranging and putting over the drive.

The very able secretary-treasurer, Mrs. Raymond Little, gave her reports and read a report from the waste paper committee saying a big shipment was ready to be sent out, and one from the Bible committee saying twenty Bibles had been given to men entering the service since last report and 108 Bibles had been bought.

Mrs. A. L. Whittaker and Miss Anne Coleman gave reports from the Red Cross meeting they attended in San Antonio. They were proud of the showing Mills County made, but said our work had only begun. All were glad to have the rumor refuted that much Red Cross materials were being lost en route to stations where they are needed.

Actually, less than three percent have been lost in transit. Hope was expressed that better quarters for a sewing room might be secured before the next quota of materials arrive. Mrs. W. P. McCullough will supply all who will knit with yarn. Call her. Importance of more women trained in Home Nursing and First Aid was stressed. These are needed to serve on the home front when our nurses and doctors are called into the service.

Mrs. Jim Weatherby asked that all flowers for Camp Bowie for Mother's Day be left at Fairman's by 1 p. m. Saturday.

Miss Frances Brammer was the speaker for the afternoon. She had just come in from a busy day helping organize the human-chain wherein two victory leaders for each of the 38 communities in the county would contact victory leaders for each neighborhood—one for each five families—so that information can be quickly passed on and our disrupted transportation system overcome as much as possible. She said that as women we were the second line of defense, producing and conserving food. She asked all present to become Victory Demonstrators and passed pledge cards. Then she gave some helpful hints on gardening and gave each a practical booklet on gardening. She said all were welcome to the Red Cross Nutrition classes she and Miss Hoting were conducting at the high school.

Banquets

The Eagle editor has had the happy privilege of attending two splendid banquets the last few days, and words fail to describe them. The Mother-Daughter dinner was a tribute paid to the mothers and was indeed an effort worthy of note. Miss Grey was toastmistress and presided gracefully, and those on the program had well-written papers and good talks. The tables were arranged beautifully and the menu was delicious. Supt. A. H. Smith gave a talk on sugar rationing.

Next came the Junior-Senior banquet in which the Juniors pride themselves in planning something original and clever, and it was indeed a cleverly arranged affair and program. Lewis Townsen Hudson was toastmaster and presided with dignity. A cowboy effect in decorations, place cards and menu with sophomore girls dressed in cowboy attire served. A great deal of merriment was enjoyed by the skits and jokes on the Seniors as well as Juniors. Supt. Smith made the closing address after which they all attended the Melba Theatre.

Piano Tournament

The following piano pupils of Mrs. A. H. Smith will enter the National Piano Playing Tournament at Austin next Tuesday: La Dell Casbeer, Mary Alma Cook, Nancy Collier, James Smith, Janet Soules, Jane Black, Jessie Frank Petsick, Vera Mae Bell and Kathleen Clements. Dr. Stanley Sprenger of Philadelphia will act as judge.

WCS Meeting

The W.C.S. met Monday, May 11, with Mrs. Raymond Little.

The worship was led by Mrs. Neal Dickerson and the educational program by Mrs. T. C. Graves. Both programs were good. Mrs. Little served tea dainties to 12 members.

WCS Meeting

The San Saba Methodist Church was hostess to the annual spring meeting of the Woman's Society of Christian Service, Tuesday, May 12. Goldthwaite, Lometa, San Saba, and Richland Springs were represented at the meeting.

A business session was held in the morning followed by a devotional service led by Rev. Barton of San Saba. Mrs. Cox, the district secretary, also talked.

In the afternoon the following program was rendered with Mrs. Jim Weatherby as leader: Devotional—Mrs. J. A. Hester, Goldthwaite.

Unchanging Standards—Mrs. Raymond Little, Goldthwaite.

Poise in War Time—Mrs. Washington, Lometa.

The Family Altar—Mrs. Harrell, Richland Springs.

The following ladies were present from Goldthwaite: Mesdames J. A. Hester, R. M. Thompson, Neil Dickerson, Jim Weatherby, Henry Myers, and Raymond Little.

Center City H-D Club

The Center City Home Demonstration Club met May 1 with Mrs. Tom Booker in an all-day affair.

Miss Brammer, assisted by a number of club members, prepared a vegetable meal at noon-time. This was very instructive to us since it shows new ways of serving a balanced diet with common vegetables. In the afternoon two Red Cross quilts were tacked and hemmed while merry conversations were heard throughout the time.

Those present were Mesdames Hubert Geeslin, Ercher McCasland, Hollis Hendry, Archie Collier, Freeman Mason, Chester Head, Tom House, J. C. Blackwell, Harry Welch, J. M. Oglesby, Iva Allredge, Nelson Waggoner, John Walton, Stacy McCasland, C. D. Owens, Sherwood Owens, Misses Violet Lee, Nella Beth McCasland, Brammer and the hostess, Mrs. Tom Booker.

Our next meeting will be Friday, May 22, with Mrs. Archie Collier.—Reporter.

Piano Recital

The piano pupils of Mrs. A. H. Smith will present their spring recital in the school auditorium Friday evening, May 15, at 8:30. The public is cordially invited.

PRICE FIXING IS NOT ENOUGH

By GEORGE C. HESTER

The price control recommendations of President Roosevelt came none too soon. America already is well along into the foothills of inflation.

Suffice to say, there are many who entertain grave doubts about the effectiveness of such a program. They contend that the program contains certain vital defects, which in the course of time, will disrupt the whole system of price control unless other far-reaching policies and provisions are included in the general plan.

In the first place, it is doubtful that mere price fixing can prevent inflation. Moreover, it is dangerous to teach people that inflation can be avoided by the device of merely fixing prices.

Let us remember that inflation is caused by a combination of two sets of circumstances. One of these is the supply of goods available for purchase. If the supply is low, prices will tend to rise.

Few people realize the extent to which the virus of inflation has already been injected in our monetary policies during the past several years. The gold purchase policy, for example, has laid the basis for a tremendous expansion in the volume of money and credit.

But the government used no money with which to purchase this gold. It merely deposited gold certificates equivalent to the gold purchased with the Federal Reserve Banks.

Another dangerously inflationary phase of the monetary policy is that of floating most of the newly-created Federal debt in the commercial banks.

The inflationary effects of such a procedure are simple. When the government sells a \$1,000,000 bond to a bank, the bank puts this piece of paper in the vault and opens up credit to the amount of \$1,000,000.

The only alternative to such an inflationary procedure is, of course, to sell the bonds to individual citizens. This is the Treasury plan, but as yet, it is not succeeding.

The fact is fairly certain. It is obvious that present money policies, such as the gold and silver purchase programs, that of floating the national debt in the banks, and similar methods will bring about a ruinous inflation somewhere down the line.

Rigorous price controls may avoid its worse aspects until after the war, but only with increasing difficulties. Another added difficulty is the failure to control wages and farm prices.

In short, we are following two contradictory courses. We are building the dam across the stream in hopes of holding its volume stationary. At the same time, we are turning vast new flood waters into the stream.

It is to be hoped that we can see the real nature of the problem before it is too late.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle Files May 19, 1917)

H. G. Bodkin attended the meeting of the underwriters and embalmers in Dallas this week.

J. J. Virden, one of the prosperous farmers of the Pleasant Grove section, was here this week.

Jake Saylor expects to lay the lower floor in his hotel next week, which will complete the concrete work. Most of the tiling has been put in position and plasterers will be put to work in a few days.

Congress adopted the war or army bill Thursday and it was sent to President Wilson yesterday for his approval. If the bill was signed at once by the President its provisions will become operative as soon as he issues his proclamation calling for the registration of all men between the ages of 21 and 30, except members of law making bodies and other officers and those whose religious organizations have well-known policies opposed to war.

Mrs. Al Dickerson and children went to Coleman Wednesday for a visit to relatives.

E. M. Geeslin, one of the foremost citizens of the eastern portion of the county, had business in the big town Tuesday.

Mrs. Oltroge has purchased the property known as the J. H. Allen place in the western suburbs of the city and moved there to make her home this week.

County Clerk Summy issued marriage license since last report to Herman Storbek and Mrs. Sarah Lelfester, J. S. Skaggs and Miss Lona Francis Casey.

Duke Clements is erecting a dwelling on his property in the eastern suburbs of the city.

State Department Health Notes

"Pre-habilitation is a word with much more meaning than the familiar one 'rehabilitation.'" Dr. George W. Cox, State Health Officer, declared this week in emphasizing the advisability of frequent physical examinations.

Dr. Cox pointed out that young men who expect to enter military service within the near future should go to their family doctor for a check-up, so that any remedial physical defects can be attended to before they are called.

"By possible corrective treatment, many young men can be ready for military service when called, who are not now able to serve," Dr. Cox said.

According to the State Health Officer, not only young men expecting to enter military service, but war workers and their families, students cramming four years' work into much less time and all others caught in the accelerated speed of the business world today should be examined by a doctor at least twice a year.

"It costs less to maintain than to repair," Dr. Cox declared. "Get to know a good doctor before you need repairs."

7-D Roundup

We were all made so sad last Friday when Cecil Lawson, who was working on the ranch, was sawing wood and a tooth broke out of the saw and went into his stomach, causing a very serious operation. Malcolm Jernigan and Skeeter Tully rushed him to Marlin, which was the only place where they could operate at once.

Mr. and Mrs. Jernigan, Louise and Hawley, went to Marlin Sunday to visit Mr. Lawson.

Perry Cloud and his daughter, Daisy, spent the week-end in San Angelo visiting Mr. Cloud's sister.

Forrest Jernigan and family visited homefolks last week. Bob Kerby from near Goldthwaite was on the Jernigan ranch Monday afternoon.

Mr. and Mrs. Lewis McElroy of Dallas spent Mother's Day with Mrs. J. C. Evans. Mrs. Evans accompanied them home for a visit.

SAPP HEAD GETS SOME REPLIES TO ARTICLES PUBLISHED IN EAGLE

The following letters have been received by "Sapp Head" in reply to articles recently published in the Eagle:

FROM SENATOR CONNALLY United States Senate. Committee on Foreign Relation, April 23, 1942.

Mr. Sapp Head, Goldthwaite, Texas. My Dear Constituent:

In reply to your communication in the Goldthwaite Eagle with respect to labor and strikes, I am greatly opposed to strikes in national defense industries. I also favor the suspension for the duration of the war of the forty hours a week. I am opposed to double time for work on holidays or Sundays.

I also favor reduction of non-defense appropriations and have so voted. I am doing everything that I can to stop strikes, to adjust labor relations and to speed up production to aid our gallant men who are in arms. America must win this war and I am prepared to make any personal sacrifice that may contribute to that glorious end.

Sincerely, TOM CONNALLY.

FROM MRS. JOHNSON Congress of the U. S. House of Representatives Washington, D. C. April 24, 1942.

Dear Mr. Sapp Head:

I have just read your commendation of Mr. Johnson and myself in the Goldthwaite Eagle and we are greatly pleased that citizens like you are proud of our efforts to win the war.

Seriously, Mr. Sapp Head, I can't tell you how much Mr. Johnson and I appreciate your kindly attitude toward the efforts we are making in our country's fight for victory.

Though I don't entertain any congressional ambitions for myself, if I ever decide to make the race I don't want anybody but you for my campaign manager.

If your article in the Paper is any indication of the kind of promotion we would have, we would win in a walk.

With best regards, Sincerely yours, MRS. LYNDON JOHNSON.

HEART OF TEXAS

R. E. Clements in the Brownwood Bulletin: Last year there was quite a commotion raised regarding the geographical center of Texas in your paper as well as others. The 1942 question seems to be: "Where is the heart of Texas?" The 1941 question seemed to have settled on your publication of my poem, Williams Ranch. For your consideration, I am enclosing a copy of my poetry on Deep in the Heart of Texas.

The Bulletin, it seems, no longer prints poetry and hence was forced to omit Mr. Clements' rhymed brief in behalf of the claim that Williams Ranch is the heart of Texas. But State Press can assure him without seeing the poem that he is right. The only point to remember is not the only place where the heart of Texas may be examined by the stethoscope. It is not confined to any geographical spot, if Mr. Clements will allow State Press to border on the poetic. The heart of Texas is as big as the state itself and is to be found wherever the loyal and proud sons and daughters of Texas are to be found. On Bataan and in Corregidor, no less than in Brownwood and Dallas, may be located the heart of Texas.—Dallas News.

TUESDAY: THE DAY OF CONFLICT

LESSON TEXT—Matthew 22:41-23:11. GOLDEN TEXT—The stone which the builders rejected is become the head of the corner.—Mark 12:10.

"By what authority doest thou these things? and who gave thee this authority?" Such was the challenge Christ faced when He came into the temple on the last day that He was to be able to teach there. The chief priests and elders (Matt. 21:23) asked it because they knew that they had received their authority with their offices, whether appointive or hereditary.

Jesus held no such position, yet He had just driven the money changers out of what He called "my house"—the temple. They challenged Him, and through the long day He answered and also asked them questions. Here we find a rich store of parables, illustrations, unanswerable arguments, as He met the Pharisees, Sadducees, Herodians—all His enemies who, though they hated each other, made common cause against Jesus. The discussion concludes with His facing of the Pharisees with

I. The Ultimate Question—"What Think Ye of the Christ?" (22:41-46).

The crux of the entire matter was right there for them, as it is for us, though in a somewhat different sense. They were looking for the Messiah—the Christ; but their idea of Him was that He would come as their royal leader, to break the yoke of Roman bondage and set them free. They knew He was to be the son of David, but they did not see in their own Scriptures that this one was to be David's greater son (Matt. 12:42); that in the line of David was to come the one whom David "in the spirit" called "Lord" (Ps. 110:1). They knew about Christ, but they did not know Him, and thus they were like many today. They have heard of Him; they may even admire His character and His teachings, but they do not know Him. What think you, reader, of Christ? Christ then states

II. The Final Test—Doing, Not Just Saying (23:1-4).

Having finally closed their mouths (22:46) Jesus proceeded to a solemn indictment of the scribes and Pharisees. First of all He declared that they failed in the final test of life, which is not words but actions.

Notice that He recognized their authority and their teaching, but in severe condemnation pointed out that they did not live what they professed. That is the criterion by which we shall all be judged. Those who think that because they belong to some church, or subscribe to a creed, or speak a smooth word of testimony they may then live as they please, will find themselves standing with the scribes and Pharisees on the judgment day. Why keep that kind of company? Such men are capable of

III. The Great Hypocrisy—Pride Posing As Piety (23:5-9).

They were, oh, so religious! Interpreting literally and mechanically God's command that they keep His law always near them in action (hand) and in thought (mind) (see Deut. 6:8; 11:18), they made showy leather cases and wore them on wrist and forehead as containers of the written Word. They loved the chief seats and the titles of distinction. And all this was done in the name of religion. What hypocrisy! But wait—are we any better? What about the preacher who is not happy unless he is invited into the pulpit? What about those who take or accept the titles which our Lord expressly forbids? What about those in the pew, as much as in the pulpit (and perhaps more), who want to be recognized as "the masters" of the church? To be sure, they do not always wish it to be so crudely put as that, but they do expect to be recognized as such "or else—" This too, under the name of Christianity. There indeed is the great hypocrisy! We are thankful that our lesson does not close here. Our Lord next revealed

IV. The Right Attitude—Service Not Recognition (23:10, 11).

He that is mastered of Christ is ready to be the servant of all. To exalt Him is to at once do away with self-praise and self-glory. Pride in position, and the desire to be praised and recognized by men, inevitably lead a man into a pitfall in which he is humbled. On the other hand, the one who in humility serves the Lord will, to his own surprise, find that God has exalted him. The way up is down. "Torrey," said a well-known preacher with whom Dr. Torrey was associated in a great conference, "you and I are the most important men in Christian work in this country." Not long afterward God set that man aside. Quite different was the spirit of D. L. Moody, who at the height of his ministry for God would say, "There are better men here behind me on the platform to speak when I am through"—and he really believed it!

'Deep In The Heart of Texas'

This song about Texas has become the nation's number one hit tune. They hum it in Boston, whistle it in Denver, and sing it out loud in Memphis. Texas is a swell place; ask any stranger what he likes most about Texas and his quick answer is, "The friendliness and open hospitality of Texas people."

That same friendliness and warm spirit of helpfulness is a very tangible part of the service we render. We're proud to be known as "Just Folks" who attend strictly to business, but who also take pleasure in applying the Golden Rule of friendship in our business dealings.

STATEMENT

As chairman of the organization that "drafted" and endorsed O. H. Moore for the place on the ticket for Representative, I wish to make this statement:

(1) Mr. Moore had entertained no notion of running and it was at the urgent request of the citizens attending this meeting that he became a candidate. (2) Mr. Howington has been given the customary two terms. (3) Our old people are facing a cut in their pensions on account of the "ceiling" voted into the Omnibus Bill. (4) Mr. Howington voted for this ceiling and did not commit himself to remove it. (5) Mr. Moore is well qualified by education and training to serve in the Legislature.

For these reasons we urge that you concur in this endorsement and help us send Mr. Moore to the Legislature, where we assure you he will lend every effort to improve the pension situation and will be helpful in promoting constructive legislation in our state.

In the Welfare Department, which handles pension applications, they have 953 persons employed at salaries ranging up to \$5,000.00 at a total cost of \$1,788,094.00, and that department has 19,000 applications not acted upon. With such numerous employees and extravagant waste of the funds those who receive pensions are threatened with cuts in their meager allowance. We believe we have a right, as citizens, to seek relief from this deplorable condition and we hope to assist in this by the election of Mr. Moore.
 B. F. CADENHEAD.

ROCK SPRINGS

By MRS. EULA NICKOLS

We extend sympathy to the Geeslin family who lost their daughter by death recently. Also to Earl Tullos and family in the going away of their baby and to Marsh Johnson in the going away of his mother. May you look to your Saviour for help in your trouble.

Bro. Leslie Sparkman filled the pulpit Sunday morning and Sunday night. He and his family went to Brownwood after services Sunday morning to be with his wife's parents.

Mrs. Maggie Traylor had all of her children at home Sunday for Mother's Day but one. That was Mrs. A. D. Kirk.

Mr. and Mrs. Keen were Sunday guests in the Roberts home. Mr. and Mrs. M. R. Circle enjoyed having all their children with them Mother's Day.

Jay Weaver and wife spent the first part of last week with Mrs. Weaver's father, Mr. Cooke, and Rudolph and family.

James Nickols and son visited with Oscar and Jim Gatlin Monday evening.

Those who visited with James Nickols while he was sick were Woodie Traylor and wife and girls, Charley Conrad and wife, W. A. Cooke and Rudolph, Frank Otis and Besse Hutchings Mmes. Robertson and Dunkle, Arthur Wilcox, V. D. Tyson and wife, Mrs. Jack Sanders and his brothers and wives. James enjoyed his company and also the nice flowers.

Thursday morning at three o'clock lightning struck Harvey Dunkle's barn. Charley Campbell lives on the home place. Mr. Campbell saved his harness. Two calves were struck by lightning. He lost his feed. My son and wife and I are all the neighbors who saw the fire. My brother, Duke Clements, at town saw it. It was raining and lightning too hard for us to try to go and give our help. This is the third barn that burned in the community in the last several years. My barn was the first and then Frank Davis' next. We sympathize with Mr. Campbell and Mr. Dunkle in their loss.

Joe Davis and wife and boys visited in the Stark home Sunday afternoon. Alice Ann stayed with her grandparents, Mr. and Mrs. Frank Davis. She had the mumps.

Glenn Nickols and wife dined with James and wife Sunday.

Oscar Gatlin spent Saturday night and Sunday in Brownwood.

Mmes. Robertson and Dunkle spent Sunday in Woodie Traylor's home.

Wesley Nickols went to his grandparents', Mr. and Mrs. V. D. Tyson, Sunday for the day with his uncle and aunt, Mr. and Mrs. Dwight Nickols.

Paul Shipman and wife from Hamilton spent Mother's Day with his mother, Grandmother Shipman, in the Circle home.

I enjoyed a nice dinner with my son, Phillip, and wife in town Mother's day.

Jim Gatlin spent Sunday with his mother, Mrs. Gatlin, and sisters, Mrs. Bowles and Miss Love in town.

Miss Love Gatlin from town made an early trip to the farm Sunday morning.

The commissioners fixed our roads just fine last week and the rain ruined them, so Monday Mr. Egger had his hands back fixing them again, and I'm sure Jess Tullos will do the same.

Mrs. Jack Sanders of Brownwood and Dwight Nickols and wife visited in the Nickols home Friday night.

Mrs. Woodie Traylor spent Monday afternoon in town with her mother, Mrs. Robertson, and her sister, Mrs. Dunkle, while her husband went to auction.

I went to town to church Sunday morning. The service was fine. The songs were pretty, especially the Mothers' songs. I hope all who had a dear mother living got to see her sometime during the day. Just three of my children got to see their mother.

Mmes. Robertson and Dunkle spent Sunday in Woodie Traylor's home.

Wesley Nickols went to his grandparents', Mr. and Mrs. V. D. Tyson, Sunday for the day with his uncle and aunt, Mr. and Mrs. Dwight Nickols.
