VOLUME FORTY-SEVEN

GOLDTHWAITE, MILLS COUNTY, TEXAS.—FRIDAY, JULY 25, 1941

NUMBER FORTY-NINE

EVERYBODY IN MILLS COUNTY, NOTICE! PICNIC FOR SOLDIERS

MILLS COUNTY MEN AT CAMP BOWIE GUESTS

Saturday night, with the Mills County Women's Defense League sponsoring it, an old-fashioned picnic supper will be spread on the courthouse lawn at sundown, honoring every Mills County soldier stationed at Camp Bowie.

Every family in the county is invited to be here—with plenty of picnic supper for its group and a bit extra. Bring your tablecloth and a cup or glass for free ice water. It's our chance to show our soldiers they count with us. You know what an old-fashioned picnic supper was, so bring the "good eats" and we'll all have a good time together—Cakes, pies, ham, fried chicken, stuffed eggs, sandwiches are a few suggestions.

It is our last chance to put Mills County soldiers at Camp Bowie first with their homefolks. If you have any old aluminum bring it along for the Aluminum Defense Drive. Any time after 5 o'clock you can check your supper basket on the courthouse lawn and we shall all eat after sundown.

Army headquarters asked that it be advertised that all troops will pass in review Saturday morning at ten o'clock at Camp Bowie. Everybody is invited, especially parents of the men.

USO THANKS FROM MR. GERMANY

The following is an excerpt from a letter just received by the Mills County Women's Defense League:

Please accept my sincerest thanks for the part you have played in putting Mills County over the top in the USO campaign. The Women's Defense League is undoubtedly made up of a group of energetic workers, because no single group of which I have been informed in the state has accomplished its drive in such a short time.

The women of Mills County deserve a, and have my, vote of thanks for the work which they have done for the USO. I especially appreciate the effort of each individual solicitor.

Sincerely,
E. B. GERMANY,
General Chairman.

FIRST BAPTIST CHURCH

E. E. DAWSON, Pastor
Next Sunday will see all regular services of the church at normal hours. There is a place for everyone in the Sunday School and in the worship services. There is the warmest invitation given to all to attend. We especially urge all who have recently come into the church fellowship to get into some definite church activity. Those who sincerely work at the religious task strive spiritually, while those who dabble about without religious responsibility remain spiritual dwarfs. The law of life is grow or die.

North Bennett Baptist Church

On account of illness of the pastor, the meeting which was to have started last Friday night will start tonight, July 25. The public is invited to attend all services.

CCC DATE EXTENDED

The local CCC office has received notice that the date for enrolling in the CCC has been extended until July 31. All boys interested in the CCC should contact the local office at once.

PUBLIC INVITED TO CAMP BOWIE ARMY REVIEW SATURDAY

The following invitation to attend the final 36th Division review at Camp Bowie has been received here:

Hdq. 36th Division, Camp Bowie
July 22, 1941.

The 36th Division (Texas' Own) will hold its final Division Review Saturday, July 26, at 9:30 a. m., at Camp Bowie, prior to leaving for Army maneuvers to be held August and September in Louisiana.

Feeling that your interest in this division is the same as my own, I wish to extend to your Chamber of Commerce and through them to all the people of Mills County a hearty invitation to be present at this review. See for yourself how these young Texans have progressed as soldiers—bronzed, hardy and alert. They are about to enter a finishing phase of their training.

Come over and visit your boys. The whole division will welcome and appreciate your presence.

CLAUDE V. BIRKHEAD,
Major General, Army of the United States, Commanding.

36TH DIVISION TO LEAVE SOON FOR MANEUVERS IN LOUISIANA

FINAL REVIEW OF TROOPS TO BE SATURDAY

Major Bringham of the 8th Corps Area Lease and Claims Board, while on maneuvers last Friday, stopped off with his "outfit" in Goldthwaite, and made the Eagle Office an appreciated call. He stated that the 36th Division, which is composed mostly of Texas and Oklahoma National Guardsmen and which has been in training at Camp Bowie, Brownwood, all this year, had received orders to leave for Louisiana soon after the first of August. The 36th will have headquarters near Mansfield, La., and will join with other divisions of the VIII Army in more extensive field maneuvers during August and September.

It is thought by many that the 36th will never return to Camp Bowie, but will be sent elsewhere, while another division will be organized and trained at Bowie.

Division headquarters at Camp Bowie has announced that the third and final review of the 46th Division troops will be held on the Camp Bowie parade grounds Saturday, after which the men will receive a much-needed rest for a few days while preparing to move to the Third Army maneuver areas in East Texas and Louisiana, in the "Big Thicket" country.

Incidentally, Major Bringham, whose home is in Houston, was an adjutant of the 111th Supply Train, 111th Quartermaster Regiment, during the World War. He and the Eagle man, who was in the 111th Ammunition Train, were close together all during the time the 36th Division was on the front in France, but did not know each other until last Friday, when a pleasant time was had talking over the war experiences of 1918.

A county home-coming and picnic for Mills County soldiers at Camp Bowie will be held on the courthouse lawn here late Saturday afternoon.

CHURCH OF CHRIST REVIVAL CLOSES SUN.

The Revival meeting at the Church of Christ Tabernacle continues with much interest.

There have been several conversions and one reclamation. The entire congregation has been strengthened by the Bible messages brought by Bro. Blackmon. Damon Smith, his co-worker, is satisfactorily directing the singing.

Thursday night a troupe of Boles Orphans' Home children from Quinlan entertained a large audience with singing.

If you have not attended the meeting, you have a most cordial invitation to do so.

Won't you come and help make the last services the best services?

SCOUTS GATHER ALUMINUM

Beginning Tuesday morning and carrying on through Thursday noon, the Boy Scouts of Troop 45 in Goldthwaite made a house to house canvas in which they collected old aluminum pots and pans. This aluminum will be shipped to a larger town and then sent by carloads to the smelters where it will be melted and made into new articles. If the Boy Scouts fail to call at your door to accept any old aluminum that you have, please phone the fire station, telephone No. 167, and a boy will come to your house for it.

Commissioners' Court Hires A New Co. Agent

Rosenberg Resigns; Johnny Wright Of Eastland Employed

The Mills County Commissioners' Court met in special session Wednesday for the purpose of conferring with W. I. Glass, district supervisor of county agents, and applicants for the job of county farm agent in Mills County.

The Court employed Johnny Wright of Eastland as the new county agent to take the place of Mills County Agent Sam Rosenberg, beginning September 1. Mr. Wright has been assistant county agent of Eastland County, and comes here well recommended.

County Agent Sam Rosenberg had tendered his resignation to the Court, to accept the county agent's job in Palo Pinto County, at double the salary he had been getting here. Mr. Rosenberg, who has been county agent here for nearly two years, has given universal satisfaction on the job, and has made many friends all over the county who wish him much success in Palo Pinto. He has just returned from A. & M. College Farmers Short Course at College Station.

EARL T. FAIRMAN IS NEW PRESIDENT OF GOLDTHWAITE BANK

The recent announcement that Earl T. Fairman had been elected president of the Trent State Bank of Goldthwaite has been received with approval by patrons of the bank and residents of this section in general and by many of the leading bankers of the state.

The election of Mr. Fairman to succeed his brother, the late Wilbur Fairman, who himself had succeeded their half-brother, the late W. C. Dew, is an outstanding example of maintaining one progressive policy throughout the bank's long history. This policy has been identical with the building up of Mills County, and numerous examples might be cited to show the close co-operation that has existed between the bank and the progress of the community.

Earl Fairman, as owner and manager of the Fairman Co., is undoubtedly the most widely known business man in the

ARMY LEASE CHECKS ARE TO BE DISTRIBUTED IN TEN DAYS

NABORS CREEK REVIVAL

A revival will be begun next Sunday at Nabors Creek and continue throughout Aug. 3. At the same time a Vacation Bible School will be carried on each day starting Monday morning at 8 o'clock and closing each day at 11. All the children and youth of the community are invited to attend. A group of workers will accompany the pastor each day for the work, and it will be intensive for the period. Then every night the revival services will be held. A phonograph concert each night of 15 minutes just preceding each preaching will be given.

DATE WILL BE ANNOUNCED IN ANOTHER WEEK

Major Bringham of the 8th Corps Area Lease and Claims Board has requested the Eagle to notify the lease-holders of Mills County that the Army lease checks will be distributed to them probably within ten days. A definite date will be set and published in the Eagle, probably next week.

Major Bringham stated that tentative plans were to select a central location, probably the corridor of the courthouse at Goldthwaite, notify the 796 Mills County lease-contract holders of the date through the Eagle and ask them all to come in on that day and get their checks for leases on land to the VIII Army for the recent maneuvers covering a period from May 25 to June 30.

During the latter part of June, "bills" from the landowners to the Army were mailed out to each of the lease-holders in this and other counties used in the maneuvers, with the request that these "bills" be signed at once and mailed back to the Army. The Army has to have a bill for every payment made. These bills were sent to headquarters at San Antonio, and Major Bringham expects definite word within the next few days. When this is received he will set a date for the lease-holders to come after their money and notify them through the newspapers.

According to figures released to the Eagle by Lt.-Col. Sidney S. Mason, Camp Bowie, president of the 8th Corps Area Lease and Claims Board, 796 landowners in Mills County owning a total acreage of 290,163 1-3 acres, will receive a total of \$43,524.94, or an average of \$55.38 to each lease-holder. Ninety-one landowners in Comanche County will receive \$6,219 for leasing to the army a total of 41,954 acres. In Brown County the army leased 119,977 acres from 471 landowners and will pay a total of \$17,999.91.

SCRAP METAL IS TO BE GATHERED TODAY AND SAT.

In every voting precinct in Mills County—as well as in every county in the United States—the scrap aluminum drive is in full swing. Reports reaching County Judge R. J. Gerald, Mills County chairman of the aluminum drive committees, are to the effect that committees are working at the drive all over the county, and that a thorough canvas was being made the first of this week to notify people to have their scrap aluminum ready for the pick-up today and tomorrow.

Chairman Gerald last week appointed a chairman for every voting precinct in the county, and these chairmen have appointed committees to help in their precincts. All aluminum will be picked up today and tomorrow and carried to a central location in the precinct to await the county trucks which will on Tuesday and Wednesday of next week—bring it all to Goldthwaite.

A space back of the city fire station has been secured to store the aluminum until the transportation committee can make arrangements to ship it to the smelters, where it will be re-melted and re-made into aluminumware in order that that much newly-mined aluminum may be released to make army airplane parts.

A man has been placed in charge of the aluminum at the fire station to receive it and weigh it. On August 1 the governor will be notified of the amount, in order that he may report the state's collection to the government.

County Chairman Gerald has transportation committee which will take charge of the aluminum after it is all brought to the fire station here: Earl T. Fairman, O. H. Yarbrough, and Y. E. Hoover.

Following are the chairmen of committees from each voting precinct:

Goldthwaite—Dr. T. C. Graves. Mullin—Mayor Z. T. McCowan. Priddy—George Nieman. Star—T. L. Adams. Center City—Mohler Oglesby. Big Valley—Harry Oglesby. Ridge—W. H. Freeman. Regency—Ben Egger. Ebony—P. R. Reid. Jones Valley—A. D. Kirk. Pleasant Grove and Payne Gap—Charley Berry and El Duncan. Caradan—O. O. Lester. Mt. Olive—W. O. Kemp. Scallorn—Mrs. Dutch Smith. Pompey Creek—W. B. Black. Democrat—Ray Duren. Rock Springs—John W. Roberts. Nabors Creek—Lewis Burdette. Rye Valley—L. B. Burnham, Jr.

ONE MORE WEEK FOR SCHOOL TRANSFERS

County Judge R. J. Gerald, ex-officio county school superintendent, stated yesterday that July 31—one more week—will be the last day on which county school transfers from one school district to another can be had, and asks that all citizens wanting to transfer school children do so before the end of the month.

The Board of County Trustees will meet on Friday, Aug. 8, to pass on protested transfers.

We had a nice time the past week-end. It was needed very much to settle the dust.

We had the barbecue here with us again last week-end.

Crops are good in this neck of the woods. Several farmers put up extra corn and beans.

Miss Ella Mae Shelton is on the sick list with pneumonia. It doesn't seem like she is getting better, but still is a very sick girl. We wait for a speedy recovery.

Miss Nancy Churchwell, Lucy Mae Churchwell and Viola Stewart all of San Angelo are visiting their sister and aunt, Mrs. Alice Jones, this week.

Mr. G. E. Whitley and daughter Leavene, Frances and Bernice Whitley ate supper in Alice Jones home last week-end.

Mr. W. L. Egger has been on the sick list the past week.

Mr. Egger is also on the well. Seems to be a lot of sickness at present.

Edna Curtis was in Beggs Monday. Miss Alice Calder and wife from Ridge.

We have to lose one of our neighbors, Jack Atkinson, but hope him across in California, where he will look for work. Jack with other boys from Ridge have finished the aircraft school at Dallas and now hope to build planes for Uncle Sam. We hope them the best of luck.

Let's all furnish some ammunition to help build the planes. Remember, this is the time to hunt your old pipe, gun and all ammunition up. Get it in the air—help our grand old U.S.A.

SCALLORN—

By Mrs. Ora Black

After ten days of a successful revival conducted by Reverends D. K. Smith and B. I. Williams, the meeting closed Sunday night with five additions to the church. We were very thankful to the Long Cove people for dismissing their Sunday School and visiting with us. We came near having a home-coming gathering on Sunday since so many old-timers were present from different parts of the country, even from California. The crowd that gathered for worship Sunday was equal to any old-time picnic, and at the noon hour one of the best feasts was spread we have ever seen.

Those who spent the week-end in the home of Mrs. Cora Ford were J. D. and Hassell Ford and their families from near Brownwood. Renza, the little granddaughter of Mrs. Ford, returned home with her parents after spending several weeks here.

Miss Margaret Willson, a Spanish missionary, attended church Wednesday night.

Leonard Henry of Lampasas visited here Sunday with his mother.

Visitors in the home of Mr. and Mrs. Frank Hines Sunday were Mr. and Mrs. Johnson and Mr. and Mrs. Lee Meeks from San Saba Peak and Miss Doris Fields, a nurse and niece of Mrs. Hines who is located at Camp Bowie.

Chester Henry and family of Lampasas spent Sunday with his parents, Mr. and Mrs. Walter Henry.

Mr. and Mrs. Tom Hufstutler accompanied by two granddaughters, Ladelle Casbeer and Hazel Hufstutler, visited last week in Hamilton with their son Hugh.

Week-end visitors in the home of Mrs. Marvin Laughlin were Mr. and Mrs. Dave Williamson and Rachel Ford of Eldorado. Rachel will spend some time here with her mother.

Mr. and Mrs. Elza Laughlin and Mr. and Mrs. Grady Easley and children of Blanket attended church here Sunday.

Mr. and Mrs. Cecil Haney of California are visiting in the Walter Featherston home.

Mrs. Charlie Wright and daughter Marjorie of Brownwood spent last week with the writer.

Mr. and Mrs. Delma Ford of Lometa came over for church Sunday.

Mr. and Mrs. W. A. Allison and family of Brownwood visited last week with Mr. and Mrs. Fayette Eckert.

Dorothy Eckert, who has been visiting in San Angelo, returned home last Friday.

Mrs. Laurence Johnson and children of Lometa visited over the week-end with Mr. and Mrs. Dutch Smith.

Mr. and Mrs. Allen Johnson of Brady and Mr. and Mrs. A. J. Johnson and Lindon Eckert of Austin were week-end visitors of the Fayette Eckert family.

Mr. and Mrs. John O. Beck of McCamey spent the week-end with her sister, Mrs. J. B. Burnett. They were accompanied by their daughter and husband, Mr. and Mrs. Lemmie Reese and Virginia Lynn.

Mr. and Mrs. George Blunt of Waco spent Sunday in the home of her sister, Mrs. O. A. Carothers.

Mrs. J. L. Norton left for Nacogdoches last Thursday after spending ten days with her sister, Mrs. Charles Rudd, here and at Rochester.

Mr. and Mrs. Walter Weatherby spent last Thursday with her brother, N. J. Oquin, and family at Miles.

CENTER POINT—

By Mrs. J. N. Smith

We are really having some hot weather now. A rain would be fine on late feed.

The meeting closed Sunday night. Bro. Sparkman did some fine preaching in spite of the attendance being small.

The church called Bro. Sparkman as their pastor Sunday morning. We feel sure he is a man that knows the truth and will do some wonderful preaching.

The Sunday School was reorganized Sunday with the following officers and teachers: Superintendent—Mr. Curb; assistant superintendent—J. N. Smith; secretary and treasurer—Miss June Wesson; assistant secretary and treasurer—Mrs. J. N. Smith; adult teacher—Mr. Martin; young people's class—Miss Curb; junior class—Miss Ida Smith; card class—Mrs. Curb. Let's everyone come and bring someone with you, and help make this a good Sunday School.

Mrs. Ellen Speck visited in Brownwood and Bangs the past week-end.

Mrs. Lloyd Allen and children of Houston visited her parents Sunday.

Rube Hammond and wife called on her parents, Mr. and Mrs. Joe Spinks, on Thursday night.

Grandmother Featherston and great-granddaughter from Lometa spent last week with their daughter-in-law and grandmother, Mrs. Arch Featherston.

Claude Bramblett and wife have moved from Miss Humphrie's place to the Carl Perry place.

Miss Ruth Charlene Stark from town spent the first of the week with June Wesson and attended church here.

Mr. and Mrs. Doc Shelton are riding in a Chevrolet car now.

Mrs. Leverett Henry visited her father and brother several days last week before she left for Arkansas where they will make their home.

Mrs. Sam Self spent Tuesday in the Smith home.

J. C. Wesson and Walter Conner had the misfortune of getting his horses cut badly on the wire fence lately.

Wyno Lee French is improving from a case of scarlet fever.

Mr. and Mrs. Johnnie Taylor spent Friday with her mother.

Mr. and Mrs. Gene Shelton spent Sunday in the Amos Shelton home.

Little Peggy Kelley visited her grandmother Davis recently.

We are sorry R. A. Martin is on the sick list.

Mr. Curb spent the week-end with his family. He is working in Brownwood.

The Ivan Spinks children have returned to their home after visiting their grandparents and other relatives.

C. C. Wesson lost a milk cow last week.

There have been several cases of whooping cough in our community.

L. D. Spinks spent the week-end with homefolks.

Arnold Hillhouse and family spent the week-end in Galveston. Some from here attended the Priddy picnic.

Mr. and Mrs. Jess Mays have moved from our community to their farm near Center City which he has recently traded for. Mr. Simpson has moved on the place vacated by Mr. Mays. We regret very much to lose the Mays family, but welcome Mr. Simpson into our community.

L. D. Spinks is visiting in Luders.

Mr. and Mrs. Liz Keley canned corn at his father's one day last week.

Several here have been suffering from summer colds.

Lendon Davis of near Waco spent Saturday night with his mother.

Mrs. Florence Conner spent the week-end with her daughter, Mrs. J. N. Smith.

Mr. and Mrs. Roland Sperry visited Saturday night in the Wesson home.

Otis Hutchings called in the Ira Hutchings home Sunday evening.

Bud and Smith Petty of Zephyr called in the Conner home on Monday.

Everyone remember Sunday School.

For your wedding announcements see the Goldthwaite Eagle.

BIG VALLEY—

By Mrs. W. W. Long

(Intended for last week) Our revival meeting begins tonight at the Baptist Church. Rev. Carl Roberts, brother of our pastor, will be the speaker. Everyone is extended a most cordial invitation to come to these services.

Mrs. Ishmael Long and children and Mr. and Mrs. Robert Long spent Sunday with Mr. and Mrs. Dan Long and Mary Lou of Goldthwaite.

Mary Haggood of Brownwood spent the week-end with her parents, Mr. and Mrs. E. H. Haggood.

Mr. and Mrs. J. A. Stark and Tessie Marie returned to their home at Hurley, N. M., Monday after spending several days with their parents, Mr. and Mrs. Ben Long here and Mr. and Mrs. Abijah Stark at Goldthwaite.

Mrs. Will Dennard is quite ill but seems to be holding her own. Mr. and Mrs. Ira Dewbre are caring for Mr. and Mrs. Dennard.

Miss Flora Weaver of Gonzales came home last Monday to attend the funeral of her uncle, Dan Long of Midland. On Tuesday quite a few Long and Weaver relatives met at Robert Weaver's park and visited with the family of Dan Long.

Mrs. Joy Patterson and children of Austin are here visiting the Cockrell families and Mr. and Mrs. Homer Weaver.

Mr. and Mrs. Floyd Sikes and Laverne visited in the home of Mr. and Mrs. Charlie Miller.

Mr. and Mrs. Adrian Long and Jane of Rock Springs and Mr. and Mrs. R. T. Padgett and son of Goldthwaite called in the home of Mr. and Mrs. Ben Long Sunday afternoon.

To those friends and relatives of Dan Long, we offer our heartfelt sympathy to you. You've lost a good friend, a precious loved one and a great Christian. May God comfort you and guide you in the remainder of your journey, is our prayer.

ROCK SPRINGS—

By Mrs. Eula Nickols

Rev. E. F. Renfro preached out here Sunday night. There was a full house.

I want to thank those who helped me on the USO donation. You can see now what Mills County can do. Our quota was five dollars but we went over the top—so did the county.

Miss Love Gatlin from town was out early Monday morning getting vegetables off the Gatlin farm.

Sunday Mrs. Homer Doggett and James and John Earl Roberts and myself attended church at Duren. We heard a good sermon by Bro. Otis Holliday. We ate dinner in the Downing home.

C. O. Stark from town is helping Walter Robertson bale for several of the neighbors.

Ebert Pierce was home from A&M College. He came Saturday and left Monday.

M. R. Circle worked for Mr. Edwards in town the first of the week.

James Roberts from Winters is visiting his grandparents.

AND CONOCO Nth OIL OIL-PLATES YOUR ENGINE!
Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to engine parts. It can't all quickly drain down—not while you're using Conoco Nth oil. So OIL-PLATING is on guard in advance against wear!... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco Nth oil.

THE SCENE was in torrid Death Valley, where Hollywood makes true desert pictures, and the heat makes records. Condemned to death were 6 new coupes, alike throughout, except that in each crankcase—under lock—was a different big-name motor oil... one 5-quart fill... never any added in any car's lifetime... 57-mile speed kept up under Death Valley's all-consuming sun until each engine went to smash. A strictly impartial, strictly certified test of motor oil life, decided only by 6 cars' death. Which 5-Quart fill lasted all of 13,398 miles?... Certified One oil outlasted the other test oils by 5,683 miles or more... Certified. And the whole lot of them—5 big-name oils—averaged not even half of the 13,398 miles delivered by the new long-lasting oil. You can have it in your engine right now—at popular price—by asking for CONOCO Nth MOTOR OIL. Its mileage and economy come straight from Conoco Nth oil's new synthetic or man-made extra substance—Thialkene inhibitor. (Conoco Patent 2,218,132.) To understand, merely think a moment of Vaccination—the right protective substance put on guard to keep a trouble from starting. Now the trouble aiming to start on motor oils lurks in the normal firing of every engine. Filth is formed that can spoil one drop—then two drops "catch it"—then four—then sixteen—faster, faster, FASTER, till the whole fill weakens and the oil level sinks too fast... but not when the start of this oil-fouling trouble is inhibited—held back—by life-giving Thialkene inhibitor in new Conoco Nth motor oil, on sale today for your car.

You'll never Death-Test your Conoco Nth oil nor repeat other proving-ground tortures. You'll still drain and refill at recommended intervals. But how you'll expect to stretch the distance before you ever add a quart, judging by this big fact: 5 heavily advertised oils in the Certified Death Valley Test were outmiledged 74% to 161% by Conoco Nth oil.

CONOCO Nth MOTOR OIL

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

HONORED NEWLY-WEDS

How thoughtful and sweet of Mr. and Mrs. C. A. Eacott to ask friends to come to their Rock Garden, July 20, 1941, from 7:30 until 10 p. m. to meet Mr. and Mrs. Julian Evans and Mr. and Mrs. Clyde Cockrum, newly-weds of our home town.

At this time the shadows had lengthened and faded into twilight. Beautiful the setting, all so colorfully lighted, and as you came down the decline to the garden you felt and heard the soft cool air push by—filled with gentle breezes singing soft and low. "Come to the land of make-believe," "To fairy-land you go," for that is what the scene expressed.

Just inside the garden gate and at the foot of the steps, Mr. and Mrs. Eacott introduced Mr. and Mrs. Julian Evans, Mr. and Mrs. Clyde Cockrum, and Dr. and Mrs. M. D. Queen, Longview, Texas, nephew of Eacott's.

After meeting with these three much-loved home boys and their charming wives, we were asked to register in the two guest books, Mrs. Jess Cockrum presiding.

Meandering down to the other side of the garden Mrs. W. E. Rahl served delicious punch from a lovely bowl on a beautiful table.

Friends chatted and mingled together and rested on the cozy comfortable seats in the garden until time came to say good-by to all. Each guest again gave words of welcome to Julian and Bonnie; and Clyde and Gladys and expressions of praise to Claude and Douglas. I heard one say to the hostess, "Do it again; do it often; this is beautiful—we like it. This is a place where people's hearts are light."

Then we came out of the land of make-believe or fairy land into the world again to wait the

PRICE CONTROL IN THE OFFING

By GEORGE C. HESTER

One of the dreaded specters of every war is that of run-away prices, the results of which place millions of people in the vise of small or fixed income on the one hand with which to meet the ever mounting living costs on the other. Economists today are watching with wary eyes the rise in price levels as compared with those of World War No. 1. We all remember the silk-shirt era immediately following the first World War that came as a result of the bogus prosperity created by government spending and other factors of a temporary nature.

Looking back over the period we now know that the net results in the long run were tremendously detrimental to both the economy and the morale of this country.

A people learn by experience, however, and the lessons of that war should be valuable guides for us in this one, provided, of course, we heed the danger signals in time.

Here are some of the parallels that indicate present-day trends. Up to the first of July, the present war was twenty-two months old. During that period, wholesale prices in this country have risen about 18 per cent, and are showing definite trends upward. During the first World War, the same price levels rose 20 per cent in the first twenty-two months after war was declared in 1914. It was after that period, however, that prices really began to spiral. By June 1, 1920, the level was 145 per cent above the pre-war level.

Present day conditions offer both parallels and contrasts to those of 1914-16. In those days the Allied governments were doing most of the purchasing, some of it, of course, with American credits. Today our own government is doing the purchasing, and much of it with borrowed money, resulting in an enormously expanded commercial bank credit, which constitutes a further inflationary tendency.

At the same time the contemplated spending program of our government today far exceeds anything in World War No. 1. Our government actually has planned for all phases of defense work, a 60 billion dollar defense program. Of this vast amount, only about 7 billions have been spent to date, of the 36 billions already authorized. In short, a 60 billion defense program planned, of which some 36 billions are authorized and under way, with only 7 billions actually spent to date.

The above plan indicates the enormous spending program ahead. It proves without doubt that we are preparing for a long war, and that preparation is on every front—supplies, loans, munitions, planes, ships, tanks, army camps, equipment, far-flung naval bases, factories, power resources and all other lines of production necessary for a total and all-out war.

Nothing like it was ever planned or formulated in the first World War. The 60 billions planned is twice as much as our total expenditures during the first struggle.

There are several reasons for the vast scale of preparation. We are opposing a nation that not only controls the economy of all Europe, but one that is actually spending 24 billions each year on the war. This is to be compared with England's annual rate of about 12 billions, and to our own rate which is now about 9 billions on an annual basis.

Another factor is that of war costs, which today tremendously exceed those of 1918. Far more machines are required, and far more supplies per soldier are necessary. Weapons and munitions are far more complex and costly. Many more skilled workers per soldier are required, and skilled labor constitutes over two times the relative costs in the production of aircrafts, trucks and other defense materials now as then.

When we consider that skilled labor in Germany receives from 28 to 32 cents per hour compared to the 75 to 90 cents in America, one of the causes for the extra costs is apparent.

In fact, the 36 billion dollar defense program in America would cost Germany only 15 or 16 billions, the difference due chiefly to lower labor costs plus the use of a force of over 1,000,000 semi-slave labor imported from conquered countries.

These conditions foretell further price rises and the necessity of artificial price controls if we are to profit by the lessons of the past. Price control, however, is a complicated, difficult and treacherous course of governmental experimentation.

This column next week will discuss other factors involved in such a policy as the issue will, in all probability, be before Congress in the near future.

Receivers and Givers

THERE ARE many wise failures! Often the failures know more than the successful people do. Often I have wondered about this. Now, I think I have the answer. The failures are receivers only. Into their minds they have poured facts, culture, ideas. Like a sponge, they have soaked-up knowledge. They are not creators but just recorders. Their minds are like phonograph records that never are played.

Successful people, fundamentally, are givers. Their minds act as channels through which ideas pass along to others—not as static storehouses. They do not merely read what others have thought and done—they have thoughts and ideas of their own and carry them into action. They live creatively.

The mass of the people escape the pain and toll of creative effort merely by listening to the radio, watching the movies, reading the magazines and books. The successful people are the creators of these things!

The mass of the people do the routine work, following the well-worn grooves of life. The successful men build the factories, design the products and create the jobs!

Our destiny depends upon whether we are just receivers or givers in life. To which class do you belong?

—The Silver Lining.

My Week
by Eleanor Roosevelt

I was a little late at City hall in New York city one morning because we encountered some pretty heavy showers, which always slow up driving. As soon as I reached City hall, the mayor appeared and we went at once to the council room, where there was a large gathering. I was happy to see my friend, Mr. David Dubinsky, amid a number of familiar faces. The girls who modeled the clothes and the girls who sewed in the labels were all as pretty as could be.

These labels have a real significance. They guarantee that labor conditions are good and tell every woman in the United States that she is wearing a dress designed and manufactured in New York city, which today claims to be the fashion center of the world. Mrs. Dorothy Anderson will be the executive director of the New York Dress Institute and I am sure that she will successfully promote the wearing of these dresses. Those shown us ranged in price from \$1.95 to \$295.

I was interested in the speed with which the girls sewed in the labels, and could see that this day was one of real excitement for them. May it also be a day which inaugurates a program providing more work for many people under better working conditions.

SOLDIERS AND SAILORS

I joined the mayor and drove up to the opening of the Soldiers and Sailors club at 99 Park avenue. This is to be a central bureau of information where any soldier, sailor, marine or aviator can find out what is planned and available in recreation along the lines of his particular interests. The lucky boys, 50 strong, who faced us, were all turned over

One of the "lucky boys" of whom Mrs. Roosevelt speaks in this week's column is introduced by the nation's First Lady to one of the pretty Power's models—his blind date for a day in New York.

to very pretty girls, who drew the names of their partners out of the mayor's hat. They then went off to show their escorts the town.

After lunch, I went to the Hotel Astor to see a collection of women's clothes, which a group of English manufacturers have brought over for sale to our big shops. They certainly have some perfectly delightful materials, which I am sure were made in Scotland. It is extraordinary that, in spite of all they have been through, they can still turn out clothes carefully made and showing no sign of being made under unusual conditions. They presented me with a dress they had made for me and brought over. It is very charming and I know I shall enjoy wearing it.

LETTER FROM ENGLAND

I keep receiving letters from people who head the Women's Institutes in England, an organization which is comparable to our Home Bureaus and which is affiliated with them internationally. The letters tell me what the seeds we sent have meant to them.

I received a letter from a woman with whom I went to school in England and who lives on the coast there. I quote part of her letter:

"It is splendid to feel that your great country realizes so fully what we are up against and there is a lovely feeling of kinship with all the peoples who are banded together to overcome this embodiment of evil. Indeed this is a righteous war and a crusade to save those who are oppressed. We are all sacrificing everything gladly for the sake of freedom and to save goodness, kindness and self-respect. Life here is curious, such an odd sense and a realization of the impermanence of all material things and possessions. One sows seeds, one plants and cultivates with a detached feeling, wondering subconsciously whether one will be there to reap the crops or whether their progress will be hastened by a bomb."

I can hardly realize that the little girl I remember could have written this letter, but it is one worth our considering.

REACTION ON ICELAND

Everyone that I have seen so far is relieved that the United States is taking over in Iceland, and thereby making sure that no enemy will gain a foothold at the northern end of this hemisphere. I am sure we are going to know more about Iceland than we ever have known in the past. I didn't know that it was the oldest democracy in existence, nor did I realize that many of her sons and daughters have come to settle in the United States.

State Department Health Notes

The implication of the word "rest" in "restore" is of great importance to Texans in our present defense program, declares Dr. George W. Cox, State Health Officer. Hot summer weather added to extra-heavy production schedules and strenuous labor places a debilitating load on our population.

At this time adequate rest is of greater importance to all of us than in previous years. Rest is the opportunity the body takes to rebuild and repair the tissues impaired in their efficiency by fatigue. In other words, the sum total of our individual physical fitness is measured by the resiliency of our faculties to return to normal after a depleting day's work.

The means by which we rekindle the ravages of fatigue through rest are several. Complete rest is most easily obtainable by sleep—at least eight or more hours nightly, according to individual needs.

Physical relaxation (rest) is of value to us also. The change from every day labor and worry through participation in sports, games, hobbies, and the like is a recognized principle of good mental hygiene. All of us should get in some sort of physical exercise daily—a brisk walk, if we lack the opportunity for more active sports.

Medical and public health authorities also recognize the need for mental relaxation, apart from physical sports or games which keep the mind keyed to a high pitch. Even when a person's physical apparatus is completely relaxed (resting) the mind may still be plagued with problems and be un-relaxed.

So mental relaxation, valuable as it is, is more evasive than physical relaxation. The simplest form of relaxation is "wakeful rest" whereby the individual gets his mind completely away from himself and lets his mind "idle" by following something not of his personal creation or thought. It is thus possible to rest mentally and physically if the mind is entertained rather than exercised. Numerous diversions are available to us which offer inexpensive opportunities for "wakeful rest."

If we give thought to budgeting time each day so that our work quota is supplemented by physical and mental relaxation and adequate sleep, we will keep our health at par and increase our daily efficiency now when it is needed most for all-out defense method.

NEW WILDLIFE BILLS ENACTED INTO LAW

Not only did the 47th Texas Legislature set a record for longevity by being in session 171 days, it established a record of introducing almost one wildlife bill per day. In all, 141 bills dealing directly or indirectly with wildlife in Texas were introduced. Of those bills, 105 were enacted into law, the largest number ever passed by any Texas Legislature.

Only eight of the 105 new wildlife measures are general in nature, applying to the entire state. All the rest are local laws, some applying to one county, some to several. Many of the local laws extended the life of old laws about to expire. All in all, most of them were protective in purpose.

One of the outstanding local laws passed was one which could foreshadow legislative policy in the matter of game regulation. The law in question grants the Game, Fish and Oyster Commission the power to fix open and closed seasons, determine bag limits, and in other ways husband the fish resources of the huge Possum Kingdom Lake in Palo Pinto, Stephens and Young Counties.

Another general law forbids taking of muskrats on the land of another without the permission of the landowner or leasee, whether or not the land is enclosed or posted. Prairie chickens, so scarce a closed season was placed on them several years ago, were given added protection—until Sept. 1, 1946—under terms of another law. Under another law, all deer, with the exceptions of cut up meat, must be removed from storage by June 5 of each year. A statewide dove bill was passed.

Another law forbids the killing or molesting of carrier pigeons. The author said this was necessary legislation in the present national emergency.

THE PASSING OF THE Boomtown

Oil boomtowns exist today only in the movies. The old-time "gusher" wells are gone forever.

In the early days, as long as oil flowed, the boomtowns flourished. But soon the wells failed and the booms collapsed, carrying with them the income and security of those who had depended on them.

Today, through a sound program of conserving oil and gas, hundreds of Texas communities are enjoying a permanent type of petroleum development. Furthermore, because of conservation, we have the largest oil reserves in the world, one of our greatest assets for National Defense.

Oil now builds stable communities. It provides assured tax revenues and greater ultimate tax returns than were ever possible in boomtown days. And every citizen benefits from the income oil creates.

Conservation not only protects Texas oil resources. It also assures for many years the prosperity which oil brings to every community where it is found.

Dan Long

Marion Dan Long passed away at his home near Midland, Texas, on July 6, 1941.

Dan was born May 22, 1875, in Hopkins County, Texas. Early in life he moved to Mills County. On June 30, 1904, he married Annie Weaver. To this union were born four children: Roy, Rex, Glenn and Katy Belle.

In 1905 Mr. Long accepted Christ as his Savior and united with the Big Valley Baptist Church. It was his modest Christian life and loyal service in doing good that has enlarged his list of friends in Midland as well as in Mills County.

The funeral services were conducted in the Big Valley Baptist Church by an old friend and former pastor, Rev. L. L. Hays. Burial was in the Big Valley cemetery.

He is survived by all his children and their families, and his most devoted wife.

The memory of this man, active in community and church, is a benediction. His faith in mankind and in God live on. A valuable citizen, a helpful friend finishes an earthly career to enter that immortal home, that house not made with hands, eternal in the heavens. Though loved ones and friends mourn the loss, the sublime comfort is to know that God takes care of his own.

May the richest blessings of heaven rest with the bereaved family.—A Friend.

Mrs. Albert Sykes and daughters, Misses Mary Margaret and Lenora of Winters, arrived Friday to spend a few weeks with her parents, Mr. and Mrs. Lewis Hudson, and relatives at Big Valley.

THE HOLY SPIRIT INSPIRES NEW TESTAMENT LETTERS

LESSON TEXT—Galatians 1:11, 12; I Thessalonians 2:13; II Timothy 3:14-17; II Peter 3:14-16; Jude 3.

GOLDEN TEXT—All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness.—II Timothy 3:16.

Letters are usually interesting, frequently very important, and always revealing as to the character and interests of the writer. That is generally true of ordinary daily mail, but how very true it is of the letters of Scripture, the epistles of Peter, Paul, Jude, and John. For in them "holy men of God spake as they were moved by the Holy Ghost" (II Pet. 1:21).

I. The Gospel (Gal. 1:11, 12; I Thess. 2:13).

The good news (for that is the meaning of "gospel") of salvation by grace through faith in Jesus Christ as Saviour has from the very beginning of its proclamation been subject to attack. Men are not content to receive God's way of salvation, but want to add something to it, adjust its requirements to meet new situations, to tinker and twist.

1. A Divine Revelation (Gal. 1:11, 12).

Paul was not presenting something which he or some other man had "worked up," but a message that he had "prayed down." Paul was only delivering that which he had received from God (see I Cor. 15:1-4). He was careful that it should not be confused with or by the teachings of men, so he "conferred not with flesh and blood" (see Gal. 1:15, 16).

We too are privileged to proclaim a divine revelation which has come to us in the inspired Word of God. How delightfully sweet and tremendously powerful is the message which we may thus bring forth. It has no human frailty and weakness, no human error, and no misleading philosophies. It does not need to be revised every year or two. It is God's eternal message of redemption.

2. A Message of Salvation (I Thess. 2:13).

It works in those who believe. Yes, it does—blessed be the name of God! God's Book says so, and the experience of hundreds of thousands of men and women over a period of almost 2,000 years agrees.

Note, however, that to work, the message must not only be "received," but also "accepted" as the Word of God. The message of the Bible may be received as a matter of fact, but for salvation it must be accepted and believed as a matter of faith.

II. The Bible (II Tim. 3:14-17; II Pet. 3:14-16).

Near the end of a life given in utter sacrifice to God's cause, Paul is ready to be used of the Holy Spirit to speak concerning the written Word.

1. It Is God-Inspired (II Tim. 3:14-17).

Be sure to read this passage in the Authorized Version. The Revised has taken liberties with this verse which the finest scholarship does not countenance. It properly reads, "All scripture is given by inspiration of God, and is profitable for doctrine (teaching), for reproof, for correction, for instruction," etc. Other books may claim some kind or measure of human inspiration—this Book is inspired of God. If there were space, proof of the truth of that statement could easily be given. It is available for all who want to believe it.

2. It Is Not to Be Wrested (II Pet. 3:14-16).

If permitted to do so, God's Word will bring peace of heart, make a man spotless and blameless (v. 14). But its salvation (v. 15) is not for those who ignorantly, or because of their ignorance, or because they are not steadfast in their lives, wrest its truth. Let us receive the Word with gladness, not twist it or distort its meaning to our own destruction.

III. The Faith (Jude 3).

1. It Was "Delivered Once for All."

It is a final revelation from God. There is no other gospel, and there never will be another. What assurance that gives us both in believing it and proclaiming it! But the world hates this gospel, and attacks on it are to be expected. Therefore

2. It Is to Be Earnestly Contended For.

No matter how peaceable we may be, how loving and tender-hearted, "if and when attack is made upon the Lordship of Christ, when men make light of sin, and so seem to minimize the vital importance of holiness of life—then, however unpleasant contention and controversy may be to us, it is time we cast our self-regard aside and contend earnestly for the faith once for all delivered to the saints." (J. D. Jones).

Hagan-Huddleston

The marriage of Miss Mary Margaret Hagan, daughter of Mr. and Mrs. Sim Carrico Hagan, 5807 Marquita, to Clark Anderson Huddleston, 6219 Belmont Avenue, formerly of Goldthwaite, took place Saturday evening at the Gaston Avenue Baptist Church.

The Rev. A. M. Rodgers, pastor of the Ross Avenue Baptist Church, read the double ring ceremony. The bride, given in marriage by her brother, George Hagan of Dallas, wore an afternoon dress of summer blue.

John L. Berry, Jr., attended Mr. Huddleston as best man. The ushers were A. M. Neal and T. J. Neal of Dallas. A reception in the church parlors followed the ceremony.

When the couple left on a trip to Galveston and West Texas, the bride was wearing a brown and white printed crepe with white accessories and a corsage of orchids. After the wedding trip the couple will be at home at 5502 Richmond.—Dallas Morning News.

LETTER FROM W. J. MORRIS

Los Angeles, Calif., July 10. To the Eagle, Friends and Relatives:

I take this method of letting you know where I am and where I have been. I have made about 2,000 miles in my own car, including El Paso, Tucson, Phoenix, Los Angeles, and different places in between. After coming to Los Angeles my wife and I made a trip to San Francisco, Northern California, and Oregon, with a nephew, Justus Rouse, who was reared back in beautiful Texas. On our trip we saw many things of interest: deep canyons, pine forests, and many saw mills. In the pine forest we saw a big black bear just outside the highway. We stopped, as did other cars. The bear never became the least bit excited. You can guess whether we did or not. We had to wind our way up the mountain and beside the deep canyon to a height of

U. S. Soldiers Get Fresh Milk For First Time Since 1776

Army fliers at Randolph Field, Texas, are daily milk drinkers.

NEW YORK—U. S. soldiers in the vast army maneuvers now under way will fight their peacetime battles with fresh milk in their daily diet.

More than 350,000 quarts of fresh fluid milk per day will be consumed by the maneuver forces, plus the new trainees in cantonments. Fresh fluid milk has been added to the daily ration to provide America's soldiers with the best possible diet, according to the Milk Industry Foundation.

In addition to fluid milk requirements, over 20 tons of butter, more than 10 tons of cheese and large quantities of other dairy products are consumed daily. This means that more than 1,000,000 quarts of milk from American farms are required every day for pasteurization and distribution or processing into dairy products for the army.

The milk industry has been in close touch with army requirements to see that soldiers receive fresh milk of the same high quality as that delivered daily to consumers' doorsteps.

This milk distribution required building up the supply system in thinly settled areas where fluid

milk demand has been slight, and properly forecasting requirements for thickly populated areas. Without the well organized U. S. milk distributing system it is doubtful if fresh milk could have been so readily supplied.

The army ration, which means food provided for one man for one day specifies among other things 8 oz. of fresh milk, 2 oz. of butter, 1 oz. of evaporated milk and 1/4 oz. of cheese.

In the Revolutionary War the ration called for a pint of milk per soldier per day — the only time fresh milk even appeared on the ration until the present. It is doubtful, however, if Washington's soldiers ever got milk unless they surreptitiously milked cows near the bivouacs.

Army officials believe fresh milk provides health-giving and body-building values of the highest order. Lt. Col. Paul P. Logan, Substantive Office, War Department, recently said:

"All of us in subsistence work are acutely aware of the value of milk and dairy products in the ration. We know that milk solids are indispensable and that milk is the nearest perfect food."

7,500 feet. At times it would be 2,000 feet to the bottom of the canyon. We saw thousands of acres of orchards of different varieties, and the same amount of rice and other grain crops.

We are having the very best time of our lives meeting our

friends and loved ones. We hope to be back in beautiful Texas and in Mills County about Aug. 1. I ask the prayers of our many friends and relatives for our safe return. Love and best wishes to all. W. J. MORRIS.

Mr. and Mrs. Jim Kelly received word that their daughter, Miss Loraine Kelly, and A. E. Ryan were married at Houston last week. They and her sister, Miss Estha Kelly of Houston, will meet their parents, Mr. and Mrs. Jim Kelly and Mr. and Mrs. M. D. Lofton of Brownwood at Austin July 27. Mrs. Kelly will accompany her daughters back to Houston for a few weeks' visit.

The Eagle has a complete line of wedding announcements and all sizes of business and calling cards.

Johnson-Yarborough
 The marriage of Miss Gertrude Johnson and Owen Harold Yarborough on last Saturday evening, July 19, came as quite a surprise to all of their friends.

They motored over to Brownwood and were married in the First Methodist Church, with only a couple of friends who live in Brownwood present.

Both young people are very popular in Goldthwaite, having spent most of their lives here. Both graduated from Goldthwaite High School, and Mrs. Yarborough attended Texas Woman's College, while Mr. Yarborough attended the University of Texas.

All of their friends offer congratulations and best wishes for a very happy wedded life.

Mrs. Yarborough is deputy county clerk, and Mr. Yarborough is a volunteer in Camp Bowie.

FROM PVT. SHIPMAN

Camp Parasco, Prov. Recp. Center, 4th Co., Canal Zone.

Dear Editor:

I have taken a long journey since I last wrote you. I am now down here in Panama. Being the first ride on a transport for most of the boys, there was a poem composed. I am sending it to be published in the Eagle:

OH! THOSE WAVES!
 The days were calm, all was serene,
 The lads enjoyed the voyage.
 They lay back on the deck so gay and free,
 At meals they ate their porridge.
 But came a day when things went wrong;
 The ocean came a chopper.
 It kicked its heels just like a mule,
 And the ship—you couldn't stop her.
 She first went up and then went down,
 She tumbled and she alighted.
 She stood on end, her back did bend,
 And she up and quivered.
 About his time the lads so fine
 Were laying on their tummies
 With faces pale, they ate no kale,
 They sure were feeling rummy.
 O'er to the rail they went in haste
 And heaved with a will.
 First came the soup, then with a whoop
 All victuals they did spill.
 Oh, how they longed to see the land,
 Green grass, and lots of clover;
 To be at home, no more to roam
 and romp with their dog Rover.
 PVT. W. D. SHIPMAN.
 "Let's hear from you."

BIG VALLEY—

By Mrs. W. W. Long

Mrs. F. L. Hartman and Beryl Oglesby left Friday to spend several days with Mrs. Grace Elder at Dallas.

Mr. and Mrs. D. Hartman spent Sunday with Mr. and Mrs. Rainey of Harkeyville.

Mr. and Mrs. Dawson Ward of Breckenridge and Mrs. Hattie Ward of Crane were week-end visitors of Mrs. C. W. Lawson and children. Mrs. Hattie Ward will remain for a longer visit.

Mrs. Vance Cockrell underwent an appendectomy Friday at the Medical Arts Hospital in Brownwood.

Mr. and Mrs. Elmo Smith and children of Luling visited their mother, Mrs. Liva Weaver, during the week-end.

Mr. and Mrs. Hugh Nelson and children of California came for a few days' visit with their parents, Mr. and Mrs. G. A. Knowles and Mr. and Mrs. Walter Nelson, but have returned to their home.

Mr. and Mrs. Walter Nelson have as their guest their granddaughter of Arlington.

Mr. and Mrs. Philip Nickols have as their guest Virginia Manning of Stephenville.

Mrs. Ishmael Long and children, Mr. and Mrs. Woodrow Long were dinner guests of Mr. and Mrs. Walton Daniels and Tommye Clint on Sunday.

Mr. and Mrs. Jake Long and Jerry of Goldthwaite spent Friday with Mr. and Mrs. Ben Long.

We are having a good revival meeting and do hope we can have large crowds.

Pompey—

This community received another rain Saturday morning. Some farmers have begun plowing their stubbleland for fall planting again.

W. M. Carlisle is visiting the dentist at Goldthwaite most every week.

Mr. and Mrs. S. B. Bean and daughter of Comanche were visitors in the T. W. Carlisle home Saturday. Miss Lynn Carlisle went home with her sister to spend the week.

Fred Mosier has drilled a new well and erected a windmill.

Mr. Mosier will soon begin building his new home on the government plan.

M. M. Black reports his son-in-law, Homer Schultz who has been sick in a hospital at Brownwood, has improved so much that they have moved him to his brother's home at Bangs.

W. L. Clark of Brownwood has had his farm house in this community torn down and moved to Brownwood, and has erected a smaller home for his tenants.

Mrs. W. H. Pittman is visiting the dentist in Brownwood.

VISIT FROM GATESVILLE

Mr. and Mrs. Stepling Edwards of Gatesville were welcome visitors to Goldthwaite last Friday. Among friends visited was the Eagle Office, where Mr. Edwards was an employe for several months, and a more efficient or talented newspaper man is seldom found. Come again.

Getting More Wear From Your Hosiery

By Katharine Fisher
 Director, Good Housekeeping Institute

Are you "hard on stockings?" Perhaps it is because you haven't paid enough attention to the buying of what in these days of shorter skirts has been called "the most important third of your costume." Manufacturers have made great strides in recent years in improving their machinery and methods, and you can expect better service from your stockings than before. But, as in the case of many other products, some cooperation is expected from you, both in buying stockings that meet your individual needs, and in caring for them properly.

KATHARINE FISHER
 Director of Good Housekeeping Institute

You may, for example, like the feeling of snugly gartered hose. Yet you know that this often causes runs when you are active. In this case hose with a latex band knitted in above the knee may prove your salvation. The latex band stretches, and alleviates strains that otherwise might cause threads to break and run.

Buying stockings with a highly-twisted thread construction also increases resistance to runs caused by snags, gives greater resiliency, clinging fit, and beauty that lasts longer. "Nonrun" constructions are good, too. In these a broken snag will travel only to the nearest locked stitch. Instead of a run you have only a small hole which is easily mended. Latex-impregnated stockings—an invisible, new finish—resist snags, fit magically, and are very comfortable to wear.

To get that perfect fit, that is so necessary to your sense of being well dressed, buy stockings that are proportioned to your legs. Hosiery is being manufactured today which not only gives you your correct foot size and leg length, but also considers correct leg circumference. It allows for measurements at thigh, knee, calf, and instep. Ask for proportioned hose, and you'll have less worries about bagginess, wrinkling, undue strain, and tightness in the wrong places.

Keep on buying a brand that experience has shown you is satisfactory. This may seem like superfluous advice, but surprisingly enough a recent survey shows that 72 percent of women did not know what brands they were wearing! Hit-and-miss buying can only produce hit-and-miss results. Do a little investigating. Find out what brand best fits your requirements, note its name and adopt it for your own. Some brands carry informative labels that will help you discover hidden qualities. Don't neglect to read such labels, and keep them, if they offer special information on care.

Thanks to research carried on by the U. S. Bureau of Home Economics, under the direction of Ruth O'Brien, many improvements and new styles have been originated in cotton hosiery. If you haven't looked into cotton hosiery lately, you are in for an agreeable surprise. They are no longer ill-fitting, drab-colored and unattractively thick, but smooth, lustrous and sheer and high-twisted. They are knitted on full-fashioned machines, using specially processed high-grade yarns. Some are plain knit with jacquard or stretch tops; others are in attractive allover lace and mesh patterns. Several good-looking tan shades are available. Many are fine for sportswear.

Nylon is still growing in favor, although as yet it is not available in large quantities. Its resistance to rubbing, its small seams, and its clarity of fabric have won it many friends.

LARGE CROWDS AT THE PRIDDY PICNIC

Priddy and community are now ready to go back to their regular routine of work after the three big days of picnic.

The celebration was a treat to everyone that attended, with a good negro baseball game, calf roping rodeo and airplane to entertain the visitors, and on the second day a baseball game between Priddy and the State School at Gatesville, with other entertainment. The third day there was scheduled a baseball game between the 143rd Infantry baseball team of Camp Bowie and the All-Stars of Priddy, Indian Gap and Pottsville. But a heavy rain at Brownwood had the infantry boys believing it too wet to play and they did not come. But a game was arranged and played.

Sgt. Whitten from Brownwood Airport was out Saturday, and was kept very busy taking passengers, and gave the spectators many thrills in zipping up and down and over. A sound system was furnished by the Robin Hood Flour people to boost Sgt. Whitten's airplane rides and announce the ball games and rodeo.

Thursday and Friday nights dances were given with music furnished by the Gouchy and his Famous Cowboy Pioneers, and Saturday night everyone danced by the music of the Singing 143rd Infantry Dance Orchestra. Many of the boys in uniforms were out and from all appearance they were all having a good time, and many have promised to go back to Priddy for more entertainment on their week-end passes. The carnival furnished plenty of entertainment, with the boys from Camp Bowie taking part in shows, as wrestling and boxing.

The co-operation from the people and neighbors at the picnic grounds was really splendid. Another year the Priddy people hope to have a bigger and better Priddy Picnic on July 16, 17 and 18, 1942.

DAIRYING INDUSTRY INCREASING IN TEXAS

FORT WORTH—Those groups in Texas who for the past five years have been working earnestly to promote and improve dairying in the state are highly pleased at the government's request for a six to ten per cent increase in milk production nationally.

In Secretary of Agriculture Wickard's request they see a demand for more and better cows and processing plants operating to capacity. Not only will dairymen be vitally affected but feed and all other allied industries will profit as well.

The demand for increased milk production has come about through America's decision to furnish Great Britain 250,000,000 pounds of cheese and 15,000,000 cases of evaporated milk, plus enormous quantities of powdered milk. These figures represent approximately one-third of the national production of cheese in America and one-fourth of the production of evaporated milk, which must be replaced by increased milk production if our nation is to have its regular requirement of these commodities.

That the call for increased milk production is in effect an order is evidenced by the fact that the U. S. Department of Agriculture has in no uncertain terms advised their agencies—the Extension Service, Farm Security Administration and other agricultural setups—that the increase must be accomplished and that the American farmer who milks cows is now a vital part of national defense.
